

Friday, April 1, 2005:

Jesus said: "My people, this image of Me receiving St. Peter represents him as leading My Church and those who are converted to the faith. St. Peter represents the first pope and even now My pope son John Paul II needs your prayers in the hour of his need. In the first reading you are seeing how all souls have to be saved through Me. I died on the cross to redeem all souls no matter what each soul believes. My Word in the Bible is available to everyone to hear the Good News of salvation. In the coming Warning everyone in the world will see Me personally and they will know that salvation can come only through Me. Then there will be no excuse because everyone will either accept Me or reject Me. Those, who know who I am and still reject Me, are going down the broad road to hell. Those, who accept Me as Savior, ask My forgiveness of their sins, and follow My ways, will receive eternal life in heaven."

Sunday, April 3, 2005: (Mercy Sunday)

Jesus said: "My people, I am showing you this kneeler in front of My tabernacle because this is where you can pray and re-charge your spiritual batteries so you can endure the struggles with evil in your life. Some of you have electronic devices to take pictures or movies and you need to re-charge the batteries so they can continue to operate. In your spiritual life you are battling sin and temptations to sin. The more you sin, the more you deplete the graces in your soul. If you commit mortal sin or enough venial sins, you can empty yourself of all grace and you become spiritually dead. It is when you are low on grace, that you can come to Confession and have your sins forgiven. Once you have received absolution from the priest, then I will renew your graces and your soul will be vibrant. When you pray and when you receive Me worthily in Holy Communion, you can also gain graces to keep your spiritual strength up to full power. When you are at full strength, I can use you more powerfully in bringing souls to conversion, and you will be strong in your actions to give witness of My love to others. When you find yourself down or weak in your faith, this is the time to gain your grace back in prayer and My sacraments. By keeping your soul pure with full grace, you also will be ready when I will call you home to your judgment before Me."

Monday, April 4, 2005: (Annunciation)

Jesus said: "My people, this belated celebration of My Blessed Mother's Annunciation highlights her acceptance of being My Mother for fulfilling her mission in life. She was created without sin and was faithful in following the will of God in the Commandments and her mission. My Blessed Mother has cooperated

with Me in fulfilling My planned mission of salvation when I died on the cross for all of mankind's sins. As you give Me praise and glory on My Resurrection, remember also to thank My Blessed Mother for her role in salvation history. This feast day is placed on this date because it points to My birth that you celebrate on December 25th. My Blessed Mother was faithful in following Me, even at My very death on the cross. I gave her to be your mother in St. John the apostle. She will always be faithful to her children as well when you petition her with your rosaries."

Tuesday, April 5, 2005:

Jesus said: "My people, you are born again in the Spirit at Baptism when you become a member of My Church. You are truly a resurrected people when you believe in My death and Resurrection. My suffering and death on the cross was a worthy sacrificial offering to redeem all of mankind from their sins. I have paid the price for your sins, but you must come to Me as a repentant sinner and accept Me as your Savior so I can forgive your sins. Every time that you come to Confession and receive absolution from the priest, you are born again in the Spirit with grace just as at your Baptism. Just as you have witnessed the Easter readings in My appearances to My disciples, so My faithful will also be raised up in your glorified bodies at the final judgment. Rejoice in the Spirit when My graces are bestowed on you as you receive My sacraments."

Wednesday, April 6, 2005:

Jesus said: "My people, I am the cornerstone rejected by the builders in the Pharisees and Sadducees. I brought a new teaching of love that was a fulfillment of the old law. But the religious leaders of My time felt threatened by My miracles and My teaching in authority. They did not want to accept Me because I was a threat to their power. Also, today there are some religious who also see their authority threatened by those receiving apparitions and locutions. My Word and My death on the cross are My gifts to all of My faithful believers. Those, who believe in My message of love and redemption, have a Christian responsibility to share My message of Good News with those in all the nations. I appointed St. Peter as the head of My Church, and all of My apostles were sent out as missionaries with the power of the Holy Spirit. They went into many lands to convert the people into believing in My Good News of salvation. Even though I left My apostles so I could go back to My Father, they were inspired by the gifts of the Holy Spirit to spread My Gospel of love. All of My disciples of today also have been gifted with the Holy Spirit in Confirmation. You also are

called to go out and spread My Good News to all the nations."

Thursday, April 7, 2005:

Jesus said: "My people, in the first reading My apostles were chastised verbally and later whipped for speaking in My Name and healing a cripple. It was My disciples that I sent out two by two to spread My Word of the Gospel, but they spoke out even though they would be persecuted and later even martyred for their faith. My disciples of today are also called to go forth and speak out in My Name against all of the immoralities going on in your society. Even at the risk of persecution, you must speak out against abortion, homosexual acts, fornication, adultery, masturbation, and birth control. These killings of the unborn and the sins of the flesh are bringing down America and calling down My wrath upon you in chastisements. There will come a time when speaking out in My Name may even endanger your life in martyrdom. Do not be fearful in these days of persecution, for I will protect your souls and give you what to say. Those, who are martyred, will also be instant saints that are accepted directly into heaven."

Prayer Group:

Jesus said: "My people, many people have talked highly of My pope son John Paul II. He has accomplished much in his younger years by his many trips. Soon all eyes will be focused on the new choice for pope. Not only is there focus on who the next pope is, but focus will also be on his teachings and pronouncements. Pray for My Church so it has good leadership of the faithful."

Jesus said: "My people, many times you take air, water, and food for granted, but those become hard to acquire, especially in poorer countries. If water is not filtered and purified, you can have many waterborne diseases. If your air becomes so polluted with smoke from manufacturing and power plants, you can develop lung diseases. Chemicals leached into your water also have caused cancers. Your foods also have become tainted with hybrid plants and DNA manipulated crops. Work to improve your environment and your food to cut down on so much cancer and other diseases."

Jesus said: "My people, the price of your gasoline will continue to rise, but these high prices will affect many parts of your economy. Some of the price is due to the instability of terrorism in many Middle Eastern countries. That is why many are trying to get oil from other parts of the world. Better gas mileage on your vehicles will also influence new research. Man has many opportunities to change fuels, but oil companies will be influencing any options. Much of your traveling may be curtailed by price as it becomes more expensive."

Jesus said: "My people, the latest fight in your war on

terrorism has moved your people to develop security that requires smart cards in your licenses and passports. Your passports will soon require digital pictures, iris scans, or voice signals. It will start first with your borders in passports and move to license Ids for airplanes and state borders. In an attempt to control terrorists, you have given up some individual freedoms that will allow your government leaders to control your buying and selling. Avoid using smart cards because they will lead to chips in the body."

Jesus said: "My people, you are always seeking to be entertained by TV and vacations. You have a lot of leisure time, but you are spending most of your time on worldly concerns that will not help you get to heaven. If eternal life with Me is your goal after your death, then seeking heavenly things of love of God and neighbor should be your main concern. Prayer and good works will gain you more for your soul because these things store up heavenly treasure instead of your temporary earthly goals."

Jesus said: "My people, if you are to shun your earthly desires to gain heaven, then you should hear Me when I tell you to come to Me as a little child. The little child has much more trust in Me than adults who worry about having the necessities of life. Teaching the children the faith with enough desire to carry it throughout life is very important. You see very few young people at your prayer groups because they are not being taught the traditional values that you received. Reach out more to your youth to attract them to be closer to Me. Teach them to focus more on eternal life than on the pleasures of this life."

Jesus said: "My people, your defense industry spends many useless billions on research for the next weapons program. You spend money on stopping missiles, killing machines, and bombs that kill more people instead of trying to provide food and health for your own people. If you reduced this defense spending in half and stopped your constant wars, you would not have to worry about enough money to support the retirement and health plans that are running out of money. Focus more on life in helping people survive than on your death culture of abortions, wars, and man-made diseases for population control. It is better to love and help your neighbor than killing them."

Friday, April 8, 2005:

Jesus said: "My people, when you become sick or are dying, you are sharing in My suffering on the cross. Just as My sacrifice of pain and agony brought everyone redemption, so you can offer up your suffering for reparation of your sins or the sins of others. When you are well, you do not think of how vulnerable you are to sickness and death. But when you are

sick, you realize very quickly how your condition can change in your physical weakness. This happens also in your spiritual life. When you are free of sin after Confession, you think that you can stand up to the temptations of sin or you do not even realize that you are a sinner. Remember that you have a mortal nature subject to sickness and death. You also are weak to sin because of Adam's sin. So you should call on My help daily in giving you good health physically and strength spiritually to defend against sin. You cannot avoid sin on your own, but you need My sacramental grace. With Me all things are possible and you can trust in My love for you and that I will protect you from the evil ones."

Jesus said: "My people, this life line of buoys in the water represents how I am reaching out to save as many souls as possible in the coming tribulation. I have given each of you a gift of faith and it is up to you whether you wish to nourish your faith or refuse to accept My safety line for your spiritual life. My sacraments, especially Confession, are the spiritual life preservers. You must discern what is being taught by calling on the Holy Spirit to inspire you. Follow My teachings of the Gospel and what My apostles have given you. There are truly two choices. The one is to follow the narrow road which may result in persecution and criticism. The other is where most will follow the broad road to hell which is the easy way out of not obeying My Commandments. Do not use the excuse that everyone is committing sins of the flesh because they all are being led by Satan to hell. Those, who follow Me, are called the faithful remnant because they will be fewer in number that will gain heaven. Each of you choose the road that you travel by your own actions. If you want to be saved, you know that you will be judged on how you love Me and your neighbor."

Saturday, April 9, 2005:

Jesus said: "My people, during the tribulation My faithful will be taken to refuges by your guardian angels. This vision of a large cave is an example of such a place of protection from the evil ones who will be trying to kill you. The gleaming crystals will reflect light back into the cave. Many in the Bible sought refuges in caves for protection. There will also be springs of healing water in the caves to heal any disease or infirmity. This water will be for drinking and I will provide food for you as well. There is not much comfort in caves so you may have to make something to sit on or bring a sleeping bag with you. Also bring some warm clothing because they are cool and damp. You will not have to spend a long time in hiding before I will come and defeat the Antichrist and his supporters.

Then I will renew the earth in preparation for the Era of Peace. Rejoice when this happens, for then you will see a new heavens and a new earth."

Jesus said: "My people, I am warning you to be aware and avoid the snares of the devil. Look at his weapons as he tried to test Me in the desert. The first temptation was for Me to change rocks into bread or a test of pleasures that can test you with gluttony and lust. His second temptation was that the devil would give Me the kingdoms of the earth if I would bow down to him. This was a test of greed for fame and power. The third temptation was for Me to throw Myself over a ledge so the angels would save Me. This was a test of pride in showing My powers. Remember these temptations of the devil for he is cunning and dresses these sins up to be appealing to your earthly weaknesses. If you keep your focus on Me and avoid sin because you do not want to offend Me, then you will not be giving in to your weaknesses to sin. It takes a strong person in faith and grace to avoid succumbing to temptations. Even as a temptation is at the door, you can turn away from entertaining that thought. It is harder to fight off habitual sin, but you can avoid the occasions that lead you to that sin. There is a battle going on for each soul and both Myself and the devil are working to capture you until your dying breath. You will have to keep your guard up against sin at all times because the devil is looking for the least let down to strike. Even if you should fall into sin, you can still be cleansed in Confession. Many souls are lost because they are too lazy or proud to ask My forgiveness in Confession. The sacrament of Reconciliation is your greatest weapon against Satan and sin because it brings your soul back to grace. Take advantage of this sacrament by coming frequently to Confession where I wish to receive you back into My loving arms as did the father of the Prodigal Son."

Sunday, April 10, 2005: (Mass honoring Pope John Paul II)

Jesus said: "My people, My pope son, John Paul II, has had many accomplishments in his Pontificate and he followed My Blessed Mother's leading in his devotions to her. Early on he was instrumental in promoting Perpetual Adoration of Me in My Blessed Sacrament. He reached out a welcome hand to all faiths, especially the Eastern Christian Rites. He traveled to more countries to spread the Gospel than any previous pope. He beatified and sanctified many beautiful souls for the faithful to imitate. He reached out to all ages, especially the youth in many countries. He even asked forgiveness from various faiths, and he forgave in prison the man who shot him. His writings and teachings also supported Christian principles even when they were unpopular with this evil world. He spoke out against war

and promoted life issues out of love for everyone. All of the traits of this great pope are an inspiration for all of My faithful to carry your own crosses in life."

Monday, April 11, 2005:

Jesus said: "My people, this vision of a crib scene means that you have come full circle from My birth until My death. My life on earth was very short, but My mission on earth was to save all of mankind by My sacrifice on the cross. My mission of suffering is an example to all of My faithful to have trust and hope in My help throughout all of your lives. Your lives also are short and this life is a test and preparation for your eternal life. Do not fall in love with the pleasures of this life, because you are here to give glory to Me in your actions. In order to enter heaven you need to deny yourself in all of your earthly desires because it is heavenly things and treasures that will bring you to Me. My sacraments of grace are always available to you, so wake up out of your spiritual slumber and follow Me even through persecution and suffering."

Jesus said: "My people, you heard the witness of St. Stephen in the first reading of how he defended My Name even against the religious authorities of his day. They could not debate him, so they brought false witnesses against him, just as they brought against Me. In the end they stoned him to death as they crucified Me also. If you have joy in this life, know that it is fleeting because this is a life of tears and suffering. When you proclaim My Word in public, you can expect to be persecuted and criticized for My Name's sake. But if you remain silent in cowardice, how am I to know the sincerity of your love? So if you truly love Me, I call you to share your faith and love with all of those around you. All, that you suffer for Me, will be rewarded after this life. Have hope and trust in Me that you will not be fearful of any punishment or trials here in this life. Even St. Stephen saw Me coming for him as he was being stoned to death. Many saints suffered martyrdom for My sake, but they are with Me now in heaven. Give praise and glory to Me every day of your life and soon you will share Paradise with Me as the good thief did."

Tuesday, April 12, 2005:

Jesus said: "My people, as a part of your Easter celebration, you display the Easter Candle on the altar representing My Light that shines down on everyone. This Easter Light of Mine is also present for the sick and the dying. Every time that you come to a Catholic funeral, you see the Easter Candle in front of the casket. When you were baptized, you received the candle of Light from the Easter Candle to light

your way. Then at your death you are given the same Light of the Easter Candle to light your way to Me at your judgment. You are trying to follow Me, but My Light is always following your soul because I give you the spark of life that keeps you alive in this world. When you see that your very life has to be sustained by Me, how can you refuse to love Me or refuse to follow My Commandments? All life is too precious to waste, so you can appreciate more why life is so worthy to defend in all of its forms. Anything, that is alive, has been given its life by Me. That is why any sin against life in killing or abuse in its creation becomes a serious mortal sin. Rejoice when you unite with Me in marriage as you bring new life into this world with your children. Babies are the joy of your life at any age. The light that you see in these little ones is the light of life that I share with all of humanity."

Jesus said: "My people, natural disasters are increasing and many will suffer from these problems as a consequence of their sins. There are some very devoted faithful who by their prayers have postponed many events that could have happened before now. Some are critical that the events of the end days are not happening soon enough. These events have been minimized for the sake of the elect because you could not tolerate a long time of suffering. My refuges will be places of help for all, but do not be concerned about the time or place where they are. Be thankful that I go to prepare a place for you both here on earth and in heaven. I love all of you and I will provide for your every need."

Wednesday, April 13, 2005:

Jesus said: "My people, I have asked you many times to have faith in Me as a little child does, because it is a simple love without conditions. In the vision children can have fun with the things of this life as adults have fun with their own toys of this world. But do not become so occupied with the things of this world that you leave no time for Me in your life. Your time on earth is short and precious. The more you direct your time to fulfilling My mission for your life, the closer you will come to having your reward in heaven. If you only want to serve yourself instead of Me, then it will be hard for Me to use you for My plan. You need My grace for purpose in your life, but you must open your heart and soul so I can come in and be a part of your life. I want you to love Me and be in harmony with love for your neighbor. Stay close to Me in your daily prayer life, and you will be able to ward off any selfishness to control your own desires and time. Being in control of your life could lead you on the broad road to hell. Let Me be in control of your life and you will be on the narrow road to heaven."

Thursday, April 14, 2005:

Jesus said: "My people, your Homeland Security is the vehicle that the one world people will use to force smart card chips on everyone. They will use terrorists, illegal aliens, and a rash of staged identity thefts to get the people to encourage mandatory smart cards. This will not help any problem because smart cards can be manipulated anyway, but this will enable control which the men dressed in black will enforce. You will see the thieves and terrorists running free as the men in black will be more focused on patriots and religious for hate crimes against abortions and homosexual people. Once the smart cards are in place, then mandatory chips in the body will follow. This will closely be followed by martial law to remove those who are against the new world order. I have called My faithful to go to My refuges before these men in black try to force chips on you at your homes. If you refuse, you will be taken to detention centers. All of these events about world famine, divisions in My Church, and forced chips in the body are all coming to fruition. I will protect My people at My refuges, but many will have to leave their homes or face martyrdom for your faith. The end time signs are all around you. All that you have to do is open your eyes of faith, and you will see that the tribulation is almost upon you."

Prayer Group:

Jesus said: "My people, you have seen two major earthquakes in Indonesia with hundreds of thousands killed from the tsunami and falling buildings. Recently, you are now seeing volcanoes in this area triggered by all of this earthquake activity. I told you that these plates are very unstable and continued activity could lead to more serious earthquakes and volcanic activity. This area has a high population in dangerous areas that could cause more deaths. See that all of these earthquakes are continuing signs of the end times."

Jesus said: "My people, fresh water will be increasingly hard to find as more people with an increasing population are putting strains on your available water supplies. All of your wells need to be ready, especially at your refuges for the people to drink. Volcanoes and various natural disasters could poison or destroy your present fresh water supplies. I have asked you to store some water and food so I could multiply it in the coming tribulation. My miracles will be needed to provide for My faithful."

Jesus said: "My people, your oil and gasoline prices have been at historically high prices not because of supply, but more from increased demand from countries like China in addition to America. More people are using vehicles that consume more fuel

than in previous years. Demands for cars, heating homes, and running businesses are pushing up fuel prices. People and countries need to start conserving their usage, or inflated prices for all commodities could cause inflation in many industrial countries. It is America's fuel consumption that has provided your high standard of living, but it will soon be decreasing because of cost and a loss of manufacturing jobs."

Jesus said: "My people, look at how evil your movies and TV programs have become. Many are living together without marriage both in heterosexual and homosexual relationships. Together with your abortions, euthanasia, and cloning, your actions are crying out for My judgment. America needs to wake up and change its immoral ways before you will see natural disasters and martial law take over your country. You have only a short time to repent before the evil ones will take over your country. You forget how precious your freedoms are until you will be persecuted for My Name's sake. Leave at that time for My refuges and you will be saved."

Jesus said: "My people, there have been ongoing wars all over that are resisting America's occupation of Iraq and Afghanistan. America's troops are stretched thin in many countries in the world and you are vulnerable to more wars. Many countries are angry at America for forcing its ways on other peoples. America needs to use diplomacy more than war to settle disagreements. Seek peace first and not war at any price."

Jesus said: "My people, many of your problems with nature occur because of where you choose to live. People near mountains do not realize the potential problems from floods and mud slides that could kill many. Those located along your Southern coasts are very vulnerable to hurricanes and tornadoes. You saw many killed from the tsunami near the water as well. With so many natural disasters on the increase, it might be better to choose to build your homes out of harm's way in safer terrain. Many of the latest killings from nature show you that these things are just waiting to happen, so be far away from them or pay the consequences."

Friday, April 15, 2005:

Jesus said: "My people, these New Age symbols of pentagrams in star shapes, crystals, and all their gods and goddesses are being brought into My Church by curiosity and modernism. Many do not understand that this one world religion worship is straight from Satan and it is his plan to destroy My Church. He will not be successful because My faithful remnant will live on as I told you that the gates of hell will not prevail over My Church. The masons in My Church will be stripping your churches

of all that is holy to replace them with the evil influence of New Age teachings of Eastern meditation. When the words of Consecration are not said properly, there will be an invalid Mass and I will not be present in that church. When you see this or New Age teachings and symbols brought into churches, then leave these churches to avoid the evil influences. My faithful remnant will be forced out of the current churches into proper Masses in the homes. This will begin the division in My Church and I am warning you to prepare spiritually for these attacks. Some already are saving blessed rosaries, Benedictine crosses, and those things needed for Mass with a holy priest. As evil progresses to the time of tribulation, you will be leaving for My refuges of protection. I am giving you these warnings to save your souls from the evil ones. Do not have fear, even when things look hopeless, but trust that My victory will come soon after the Antichrist comes to full power. Stay close to Me in prayer and My sacraments, for you will only be saved by calling on My power and grace over evil."

Jesus said: "My people, it is not going to be a safe time to live during the tribulation. The choice will be almost sure death at a detention center, or some safety once you reach a refuge. The one world people are building more detention centers as well as crematoriums to dispose of the bodies. These people are very callous as they want to dispose of their opposition as quickly as possible. They see patriots and religious people as their enemies and the first to go that will not give up and they will not change their ways. Since it will be difficult to control so many people, martial law will not be declared until they have secretly captured most of the leaders of these groups. Many will lose their lives for My sake, but you must trust in My help for your souls to be saved. As you see all the signs around you, know that My coming in victory is not far off also."

Saturday, April 16, 2005:

Jesus said: "My people, many Roman Catholics and other faiths have found it hard to believe that My Body and Blood are fully present in My consecrated bread and wine. Even many of My disciples fell away when I called them to eat My Flesh and drink My Blood. For those, who do not look beyond the physical into the spiritual, it is hard to comprehend this belief in My Real Presence in My Blessed Sacrament. I have told you that I will be present among you even until the end of time. I will be present to you in My tabernacles, and even protected among My faithful remnant when you will have to protect My hosts from desecration. Even Satan and the evil ones know My Presence as powerful because they use My Hosts to desecrate at their black

masses. Satan's attacks are strongest against My priests who consecrate, and in his attempts to remove My Eucharist from the churches. As in My day, there are fewer today who believe in My Real Presence. Those, who do believe and treasure My gift of Myself to you, embrace Me with love at daily Mass in Holy Communion, and at Adoration of My Blessed Sacrament. Come to visit Me in My tabernacle and give Me praise and glory as you will do in heaven. My Eucharist is a taste of heaven, so you are prepared to praise Me every day as My angels and saints do. Everything that you do should be for My greater glory and praising Me should be your joy to share your love with Me."

Sunday, April 17, 2005:

Jesus said: "My people, you are seeing the beauty of creation as I have made it, and not as how man views it in your Darwin Theory which has never been proven. You have only one God in Me and I am the only One worthy of your praise and worship. Do not follow the New Age view of creation which worships created things instead of the Creator. Man wants to develop his own thoughts of how the universe was formed and not the words of Holy Scripture. This picture of light and darkness shows you the contrast between good and evil. This battle will be coming to a head as the tribulation is at hand. My faithful need spiritual confidence in My power and you need to build up your spiritual stamina with prayer and My sacraments. Wear blessed sacramentals as protection against the evil ones. Now is the time to put on your spiritual armor and speak out courageously with the power of the Holy Spirit."

Jesus said: "My people, you are blessed to have coal, oil, and natural gas in plentiful supplies. It is the oil that you need to import that is causing a large drain of money to leave your country. With the high price of oil, other alternatives such as wind, hydrogen, and oil shale are becoming more feasible. Even alcohol from your grains could give you added industry and a source of energy. Until your government removes the strangle hold of your oil companies, it will be difficult to have a viable energy source beyond oil. Other fuels are available, but you may have to build new vehicle engines to adapt to these alternatives. Technology can help you, if your companies had a free hand to do this development. Your standard of living has relied on cheap available fuels, but it will be lowering because newer energy sources will be more expensive. America will become less of an influence in the world as your economy lessens and your military becomes weaker. Trust in My help to provide for your needs and do not depend on your transitory wealth."

Monday, April 18, 2005:

Jesus said: "My people, I am the Good Shepherd of many flocks and not just the Jews and Catholics. I died for all of mankind and not just a few, so My mission is to call everyone to salvation out of love for all of you. So do not think that any of you are more worthy to be saved than anyone else. In My eyes of love all of you are equal. So when I call you to evangelize souls, do not just stop with fallen away Catholics, but reach out to save souls of all faiths, all languages, and all ethnic groups. In the early Church St. Paul and later even St. Peter were instructed to evangelize even the Gentiles. Some of you are more comfortable speaking about religion to those of your own faith. But I am telling you to reach out with My Good News to those of all faiths because their souls are just as valuable to be saved. In every case all sinners need to repent of their sins and accept Me as their Savior. Some religions may not want to accept Me now, but after they have their Warning experience, they will see that salvation can only come through My redemption on the cross. Trust and have hope in Me and I will bring your soul to heaven."

Tuesday, April 19, 2005:

Jesus said: "My people, these missing candles represent how the structure of My Church will be changing because of the reduction in the numbers of priests. You are seeing more churches and schools closing than new ones opening. Only where the faith is strong with Adoration of My Blessed Sacrament is My Church thriving. The other areas where faith is weak, My Church is dying on the vine. Many vocations are being turned away because of the effects of modernism and homosexual problems in My Church. Bankruptcies are closing some churches, and financial problems due to priests being sued have threatened other dioceses. Where the morals have deteriorated, My Church is in a state of decline. Where nations lose their faith in Me, these countries will fall in importance and financial disaster. Now is the time to revitalize your faith and lift up My Church, or you will lose all of your freedoms and be forced to worship Me in secret. Many countries like America are becoming infected with affluence and a loss of morals. This will lead your country into oblivion because you are turning your back to Me and you are losing your faith."

Wednesday, April 20, 2005:

Jesus said: "My people, some of My faithful will be called to hide in caves for protection from the evil ones in the time of tribulation. My Light in the darkness of evil will be needed to light your way in the dark caves. You will need warm clothes

in the caves, but they will provide a place to stay where I will provide you with healing water and food to survive. At My refuges you will be protected by My angels from evil men searching for you and you will be protected from any wild animals and snakes. Learn to trust Me in the most hopeless cases and you will see how My protection goes before you as I protected My people in the Exodus from the Egyptian Army."

Jesus said: "My people, I have given you in Scripture at My agony in the garden of how I was tempted not to drink of the cup of crucifixion. But then I said that I would do the will of My Father in heaven. I talked also of how the devil would have his hour with Me. (Matt. 26:45, Mk. 14:41) Up to that time I walked through those that wanted to capture Me and kill Me. It was only at the appointed time that I allowed My betrayal and My crucifixion. I am showing you this vision of Stonehenge because it also indicates special times of special events. I have given you that the tribulation leading up to the time of the Antichrist would not start until after everyone has witnessed their Warning experience. The events of a world famine, division in My Church, and forced chips in the body are all in position to happen. These events will not come together until this appointed time after the Warning. Just as Satan was given an hour to crucify Me, so he will again be given his hour to test My faithful remnant to try and destroy My Church. I will protect My remnant at My refuges, but many will be killed and some of My people martyred for My Name's sake. Trust in My power for I will bring victory over Satan, the Antichrist, and the false prophet. Then you will see the earth and the heavens renewed and My Era of Peace brought about."

Thursday, April 21, 2005:

Jesus said: "My people, every time that you come to Mass, you are given the grace of My Eucharist to go forth and share My Gospel of Good News with everyone. It is not easy to preach My Word to those who are not listening, but you can always be a witness of My love in your daily actions. Do not be afraid to pray your rosary in public or to say your prayers before meals when you are in a restaurant. Your children should be nurtured in the faith so that you give them good example in daily prayer, Mass, and frequent Confession. You need My help to strengthen you in your daily battle with the evil one's temptations. To be a good soldier in faith you must be constantly armed with blessed sacramentals, a rosary, and My Blessed Mother's scapular. By being focused on family prayer and keeping your focus on Me, you can be an evangelist even in your own little way of carrying My cross."

Prayer Group:

Jesus said: "My people, I have prepared My faithful remnant with My messages about the coming tribulation time. You will witness an internal division in My Church, and then you will face the authoritarian rule of the Antichrist when he will close today's churches for worshipping Me. You are seeing a partial Host at Adoration as an indication how you will have to protect My consecrated Hosts from desecration by the evil ones. Some may even suffer martyrdom to protect My Hosts. Enjoy the proper Mass while you still can because you will have to go underground to preserve My Church."

Jesus said: "My people, the United Nations and many one world organizations, such as the World Health Organization (WHO) are trying to flaunt their authority over all national laws. Many of your government leaders are giving up their authority to go along with all of these one world edicts. A current proposal is to put all of your herbs and vitamins under control of WHO and your FDA that would control these substances as drugs and raise their prices by ten to twenty times your current prices. This is just the beginning of how the one world order will control you."

Jesus said: "My people, mandatory smart cards in your passports have been delayed briefly to have time to implement this change. This will force everyone to have biometric images in chips for your identity on your passports. If you refuse to use these chips, then your travel to other nations will be limited. The next attack will be on having chips in your driver's licenses because of terrorists and aliens coming into your country. These will eventually be needed to cross state borders and fly on airplanes. Again your travel will be limited without using these smart card Ids. Then your buying and selling will be controlled and this will follow into mandatory chips in your body. As your lives become threatened by these chips in the body, you will have to call on My help and leave for My refuges. Trust in Me and I will help you to endure this tribulation."

Jesus said: "My people, without using smart cards you may lose all of your money. You would not be condemned for using smart cards, but I am warning you not to take chips in your body, even if they threaten to kill you because these chips could control your mind. Those, who knowingly take chips in their bodies and worship the Antichrist, will assuredly be condemned to hell by your own choosing. Do not take chips in your body and warn your friends and relatives also to avoid these chips. Many souls are at stake and it is the duty of My faithful to protect people from being controlled by Satan. Pray for My protection of your souls and do not be concerned if you must die for your faith. Better to be in heaven as a martyr

than in hell as your condemnation."

Jesus said: "My people, I have told you to put aside some food that I will multiply in your time of need during a world famine. Natural disasters will reduce your food supplies so that many will be starving. Buying and selling of food will then be controlled by smart cards and chips in the body. If you do not have these chips, you will not be able to buy food. This will be the time to seek My refuges for food and water. Everything that I have warned you about is coming true so you can witness to the truth of My Word. Act now to provide for this time to help yourself and your friends and relatives."

Jesus said: "My people of America, you have been blessed with plentiful food, while many nations have a high percentage of their people that are starving in the third world. America has never suffered from starvation, but during the world famine many will be killing for food. This is why I have asked you to call on Me and I will have your angels lead you to interim and final refuges for food and water. My faithful should not fear because as in the Exodus, I will provide for both your spiritual and physical needs. This will be a time of full trust and deep prayer for protection from the evil ones. Rejoice when you see these events because you know that I will soon conquer all evil and you will see the new heavens and a new earth in My Era of Peace."

Friday, April 22, 2005:

Jesus said: "My people, on the surface in the physical world things may appear calm to you. In the spiritual world you could see the flames of hell all around you as in the vision where evil is running rampant. The flames of the evil ones are a warning that you are in a battle with evil in the principalities and powers of the demon angels. This will only worsen as the Antichrist will be allowed his hour. You cannot fight this evil by yourself, because you will need My graces and My angels' power to defend your souls. Even as this family is protected from the flames, I will be with you so you will not be tested beyond your endurance. The most important warning is that all of My faithful need to realize that you are in the midst of this battle for souls between the good and evil forces. You cannot afford to be lax in your spiritual life because there are more distractions and temptations to leave Me than ever before. You must keep your spiritual strength up with constant prayer and work to save as many souls as you can. You are dealing with a life and death battle in the spirit world. Hold fast to Me even more as you are approaching the days of tribulation and an evil that you have yet to experience. Have total trust in My power over Satan, and you will have no fear

even amidst the flames of evil."

Jesus said: "My people, all along the Pacific Rim of fire you are seeing continuous earthquakes and even multiple volcanoes going off in Indonesia. Much of this new volcanic activity is putting a lot of ash into the atmosphere that could begin to affect your weather. I have mentioned to you before that demons are being unleashed from volcanoes going off. These latest large earthquakes that caused the tsunami are more warning signs of the coming tribulation. The morals are worsening in the world and they can be described as similar to the evil as in the time of Noah and the flood when evil was also rampant. These increasing signs of the end times should bring you more to prayer in preparation for My return in judgment of the earth."

Saturday, April 23, 2005:

Jesus said: "My people, you have been basking in the sun of My Light from My Resurrection in your Easter Season. You have come out of the darkness of My tomb just as this train came out of a dark tunnel. Now that winter's cold and snow has melted away, you are witnessing the new growth of spring in the flowers and the budding trees. This new life should be an inspiration to improve your spiritual life as well. Much of your increased prayer life in Lent could be carried out through the rest of the year. Just because Easter and Lent have passed, do not become lax in your spiritual life. You constantly are in a battle with the devil's temptations, so always be on your guard to protect your soul by asking for My help. Those, who cannot keep swimming upstream against sin, will be swept away by your sins and addictions to this world's desires. Stand up and carry your cross boldly and do not waiver from your focus on Me and your goal to be with Me in heaven."

Jesus said: "My people, this trip traveling up an escalator represents your lifetime as you age through life. No matter how long your earthly life lasts, it is a very short time until you meet Me at your judgment. This is why it is so important not to waste your time on frivolous selfish interests, when you could be following My mission for your life to give Me all the glory. As you love Me and your neighbor every day, let your actions give praise to Me in your prayer and good deeds in helping others. You do not know how long you have to live here, so your life should be a constant preparation for your death. Live to please Me by following My mission for you, and you will receive your reward in heaven."

Sunday, April 24, 2005:

Jesus said: "My people, you are seeing in the vision many

evil demons walking among your people in America. It is no wonder that evil lurks in your cities with drugs, crime, and prostitution. In the rest of your society you are dealing with abortions, sexual sins and homosexual marriages. Your food and science have been perverted in cloning and misuse of manipulated DNA. The evil of Sodom and Gomorrah is no less than what is going on in your country. That is why you have been given so many warnings to repent and change your ways before I will bring My wrath against America for your many sins. You have seen some natural disasters as chastisements, but worse things will befall you because you still do not admit your sins and see the need for repentance. Your time for change is running out and you will be facing hard times as you are floundering by your own bad decisions. You all will face the consequences of your individual actions, but even more your sins as a nation will also exact My retribution. You have seen the destruction of Sodom and Gomorrah described in Scripture from My justice, so you will also see destruction facing America for its evil ways."

Monday, April 25, 2005: (Rose Polizzi's funeral Mass)

Rose said: "I am so happy to have all of my family and friends here to say one final good-bye. I want to thank all of my care givers in my last days, even if my memory was failing. I truly enjoyed life, and sharing my life with others was my greatest joy. I want to thank you, John, and your beautiful prayer group. I always looked forward to our meetings and our sharing in prayer and sharing our life's experiences. Your group truly helped me through my dear husband Tony's passing. Thank you for sharing my gift of life with you."

Jesus said: "My people, the first design that I showed you represents the perfection of My creation. The darkness represents how man's manipulation of nature is destroying it. Man in his pride thinks that he can improve on My perfection, but he is sadly mistaken. You are imperfect, so everything that comes from your hands only will be imperfect also. The only way, that you could ever come to perfection to enter heaven, is through My help and My graces. You desire to heal people through medical discovery, but using fetal tissues for this purpose in stem cell research and cloning will not be allowed to be successful. Your manipulations of DNA are for man's idea of a better plant or human cells, but you do not take into account the balance of nature, or natural processes. Be satisfied with My creation of things and you will not have to worry about side effects. Man has so distorted My creation that when I come, I will have to make a new heavens and a new earth to put things in their rightful place."

Tuesday, April 26, 2005:

Jesus said: "My people, peace and joy in this life are very limited in your vacations, a new baby, or one of your children graduating or getting married. You also have to deal with the everyday struggles of life in sickness and death. You have some spiritual joys and peace in your life also in your prayer life, receiving My sacraments and time with Me in front of My Blessed Sacrament. Your ultimate peace, that will last forever, is your goal to be with Me in heaven. It is your need for spiritual peace and rest that can only be found in Me. You rest in sleep and you get a break on vacations, but your real rest and respite from life's trials comes from prayer and receiving Me in Holy Communion. When you can go on retreat for a weekend or contemplation, this is a better rest than the world can offer. Life's trials are difficult to handle on your own, so seek your true rest in Me and I will lighten your earthly burdens."

Jesus said: "My people, loving relationships in marriage are beautiful expressions of devotion for both spouses. Those marriages that have lasted many years require true love and giving of each spouse to the other. A good prayer love of similar faiths also is helpful in binding a marriage with Me in the middle. The love for the spouses is magnified in their love for Me and a desire to love others as well. Love is contagious because it cannot be contained, but must be shared. There should also be a commitment by each spouse to strive to live by the vows that you shared on your wedding day. Each spouse by keeping your vocation to your marriage can also be a means of salvation for the other. I have called each person to their own mission and their own vocation. Some are called to marriage, some to the religious life, and some to the single life. Whatever is your calling, strive to be faithful to your vows that you have made before Me and you will find your reward in heaven."

Wednesday, April 27, 2005:

Jesus said: "My people, life in many ways can be considered as a race to the finish line at death. St. Paul the Apostle gave this testimony near his death. (Timothy 4:6-8) "As for me, I am already being poured out in sacrifice, and the time of my deliverance is at hand. I have fought the good fight. I have finished the course. I have kept the faith. For the rest, there is laid up for me a crown of justice, which the Lord, the just Judge, will give me in that day; yet not to me only, but also to those who love His coming." St. Paul is an example to everyone as one of My greatest missionaries. All of you are called forth to share My Good News in the Gospel with all of

those who will listen and be converted. The same reward in heaven awaits all souls who have fought the good fight against evil throughout their lives. Every soul that you bring to Me in conversion is a witness of My glory in your work to spread the faith. Every day of your life is a struggle, but you are led by My grace to endure your trials and give Me praise and glory in all that you do. Then when your life draws to a close, you will be able to repeat the words of St. Paul in the previous quotation."

Wednesday, April 27, 2005:

Jesus said: "My people, you have seen terrorist plots to assassinate certain heads of state or lesser officers in Islamic states. This will be an attempt on a world renowned head of state. If the attempt is successful, that country will have a severe setback and it could even influence the finances of that country. Pray for your leaders and their physical protection in a world where sacrificing one's life for a cause is strong enough to cause suicide attacks. Pray also for peace in your world where radical elements want to control those in authority."

Thursday, April 28, 2005:

Jesus said: "My people, you do not want to gamble or take chances with either your physical life nor your spiritual life. In this life some gamble with their lives in taking excessive drugs, alcohol, or cigarette smoking. Others abuse their bodies with eating too much fast food or desserts causing problems with diabetes or cholesterol. Some also avoid seeing a doctor or a dentist for long times. It is against the Fifth Commandment to abuse your body that would endanger your life. You also have only one soul and you should not gamble with your spiritual life either. You can endanger your soul with mortal sin, habitual sin, or bad addictions. Living in sinful heterosexual relationships without marriage, or homosexual relationships are also death to your soul. Just as staying away from doctors is bad for your physical health, staying away from the priest in Confession is also bad for your spiritual health in your soul. It is your Christian responsibility to take care of your bodily health and your spiritual health in your soul. These are two areas of your life that you cannot afford to gamble with because it could cause the death of your body or the loss of your soul to hell."

Prayer Group:

Jesus said: "My people, it is in the breaking of the bread that the disciples recognized My resurrected Body. It is in the raising of the Bread at the Mass that you recognize the Real

Presence of My Eucharist. This table against the wall of a dining room represents how you will have to share the Mass underground in the homes. Be joyful that I will be with you even during the tribulation."

Jesus said: "My people, many are being called by the Holy Spirit to set up refuges in rural areas. Some have the finances to maintain a decent home in the wilderness. Some are only fortunate to have the land and dilapidated wood cabins that need repair. Now is the time to discern about preparing places of refuge by repairing whatever homes that you can fix up. My faithful will be protected at My refuges by My angels as you are provided for in your needs."

Jesus said: "My people, the sun setting represents time running out before the time of the tribulation is at hand. The pictures are reflecting My Light and it is entering the hearts of the faithful. Some are working hard to set up viable refuges so the faithful will have a place to stay in hiding out in the country. Those, who have discerned to start refuges, have been given the right land and finances to carry it out. Rejoice that I have gone before you to prepare these refuges to provide shelter for My remnant. My angels will also bring you food, water, and healings as well."

Jesus said: "My people, springs of water will be necessary for survival at all of My refuges. In addition to providing water to drink, these springs will contain healing waters for all diseases. You will see many miracles of multiplication to provide enough food for all the faithful that will be led to these places of protection. The evil ones will not be able to detect these refuges, even with all of their sophisticated technical tools. Just as I provided for the Israelites in the Exodus, so I will be providing for all the needs of My faithful remnant."

Jesus said: "My people, there are many concerns to provide security for airplane flights after the hijacked planes destroyed your buildings. These steps indicate how much to do is being made over the need for a National Identification smart card to be able to identify suspected terrorists. Much of these efforts will not deter terrorists from still making fake documents and many Americans will have their identities compromised by these smart cards. Trust in Me and I will see to all of your cares."

Jesus said: "My people, the disciples were afraid of the Romans and the religious leaders, so they hid in the upper room. Until they received the Holy Spirit on Pentecost, they did not have the courage to speak out about Me. It is this grace of the tongues of fire that gave them their grace of speech in foreign tongues that helped spread the Good News all over many nations.

It is this same Holy Spirit today that also inspires missionaries to spread the Word of God to all the nations. Continue to rejoice in this mission for all of you to bring souls to salvation."

Friday, April 29, 2005: (St. Catherine of Sienna)

Jesus said: "My people, many times I have given you messages to express My deep love for every soul that I created. This vision of a joyous time of a wedding to confirm the love of a marriage of a husband and wife is likened to the love I have for My Church and all of its members. You also know of the love of a mother for all of her children. There is a deeper love for all of you because you are the souls that I have created. I represent the new Adam because My death on the cross has freed you from your sins. I paid the price with My Blood for all of you. This is how much I love each of you that I gave up My life for you. You still have sickness and death as a result of Adam's sin, but once you are resurrected in your glorified bodies, there will be no effects of Adam's sin on you. To enter heaven you must be purified by My grace and your suffering either on earth or in purgatory. You have a choice to love Me or not because I have given you free will and I do not force My love on you. If you truly love Me and you want to thank Me for My love and your creation, then you must show Me in your actions. You can share your love with Me in prayer, good deeds in loving others, and seeking My forgiveness of your sins in Confession. Just as in a marriage there is mutual love for each spouse, so your love can be mutual with Me. I love everyone without any conditions, so it is always your choice to love Me."

Jesus said: "My people, I am showing you the stadiums where the Antichrist or his predecessor will be gaining in popularity as a man of peace. By traveling all over the world he will begin to control the minds of the people that watch and listen to him. He will perform miracles or magic that will entice people to believe in him. As his time draws close to declare himself as a world leader, his powers of suggestion and mind control will grow stronger. Once he declares himself in authority, just looking at his eyes will hypnotize people to worship him. It will be at that time that you will go to My refuges of protection, so do not look at him or listen to his words. He will have demonic powers and will be heavily influenced by Satan himself. Once the Antichrist comes to full power, this is when I will come to defeat all the demons and the evil ones as they will be swept into hell and chained. Have faith and trust in My power as I will then make a new heavens and a new earth. Rejoice when you see this figure come on the scene because it is a sign that My coming is not far away."

Saturday, April 30, 2005:

Jesus said: "My people, these stains on the wall represent the stains of sin on your souls. The sacrament of Reconciliation is where you can come to Me in the priest to have these stains removed and your soul will be renewed in My grace. When you come to make a good confession, you prepare yourselves in prayer to remember your sins and to seek My forgiveness of your sins. When you sin, you also offend Me because you are following your ways instead of My ways. In order to stay on your path to heaven, you should focus on following My Will for your life. When you follow My Commandments and My laws, your life will be in harmony with the mission that I have given you. It is when you deviate from My plan that you fall into sin. But your sins can be forgiven in Confession that puts grace back in your soul and puts you back on your right path toward heaven. When you do things out of love for Me, you will be more focused on Me and less likely to fall into sin. I love all of My people and I want you to love Me in return and keep your souls free of sin by your good actions and frequent Confession."

Mary said: "My dear children, I thank you for all of your rosaries and intentions which I send on to My Son, Jesus. I am here blessing all of you for your work to spread My Son's Gospel and help to evangelize souls to be saved. You really are in a battle against evil and only through heaven's help can you be protected. Pray to Me and My Son daily for the spiritual strength to endure this battle. My mantle of protection is around all of My children so your souls will be protected. Your scapulars, rosaries, and blessed sacramentals are your weapons for this battle."
