

Sunday, April 1, 2007: (Palm Sunday, Passion Sunday)

Jesus said: "My people, this vision is all about the great chastisement that will fall upon the earth when the earth will be purified with fire. In today's Gospel reading I spoke of the hour of evil that was allowed to crucify Me on the cross as a salvation of all the souls of mankind. There will be another hour of evil allowed when the Antichrist will be permitted control of the earth for a short time of the tribulation. When I resurrected from the tomb, I was victorious over sin, death, and Satan's power. When I come again to cleanse the earth in My victory by fire, you will see all of the evil ones suffer a living hell on earth physically as they will burn without being consumed. This will be the three days of darkness when My faithful ones will be shielded from this punishment. The evil ones will then be sent to hell as the gates of hell will not prevail over My Church in My faithful remnant. I will then renew the earth and bring about My Era of Peace which will be the new heavens and the new earth."

Monday, April 2, 2007: (Angela Z. Funeral)

Jesus said: "My people, Angie was a very dedicated worker for her family business and for My Church. Many admired her as a great organizer, but she will love My great organization of everything in heaven. When people have great faith, it is a joy to work with them in this life. She loves Me and all of her family, despite any differences. She will continue to pray for peace in her family. This life is too short to live with grudges and hurt feelings. I have shown you many times that any unforgiveness will need to be purged in purgatory. So it is better to make amends before you die, and you will have less time to suffer in purgatory. Rejoice in the gift of Angela's life for every life that she touched."

Jesus said: "My people, in this message I want you to see the parallels in how you take care of your car, your body, and your soul. When you care for your car, you make sure it is in the best working order with all of the proper fluids, fuel, and good tires. You keep it clean and care that the brakes and shocks are working properly. In your body you also need fluids in water and fuel in food. You take care of your eyes, ears, and the other organs of your body. You also keep it clean with proper hygiene. Your soul as well requires it be kept clean from sin by renewing your grace in Confession and Holy Communion as food. Deciding the motives of your actions should be directed by a proper conscience of knowing right from wrong. Love is a core virtue that should drive your actions in loving Me and loving your neighbor. As you examine the workings of cars, bodies, and souls, you can understand better what is most

important in your lives to keep each in proper working order. All of these involve My creation and the plan or order that I have for each part of your physical and spiritual life."

Tuesday, April 3, 2007:

Jesus said: "My people, this vision of a small light and some water are considered the major symbols for the coming Easter celebration. At Baptism you have the water of purification where people are immersed in the water as a symbol of cleansing their sins. The baptized are also given a lighted candle from the Paschal Candle to light their way through the darkness of their sin. These gifts of faith are not a guarantee that you will not sin again, but cleansing your sins will help you to see more clearly with the eyes of faith. Even two of My apostles in today's Gospel are about to deny Me in the weakness of their humanity. But each of them have a different response to their denials. Judas was driven by greed for money and a search for a political Messiah. He felt that he was too unworthy to be forgiven, and he hanged himself. St. Peter denied Me in a moment of pride and fear for his life. He later said that he loved Me three times when he was given a chance to repent of his denials. This is a lesson in seeing the need to seek My forgiveness after your sins, instead of wallowing in despair and self-pity. So come into My Light and grace in My Baptism and Confession so your souls can see My Light and be saved."

Jesus said: "My people, life in living human beings is precious in My sight and should not be slighted in anyway. You have My Commandment that you shall not kill, but this means no taking of life in murder, abortion, euthanasia, or even unjust wars. There are some in your society that differ greatly over the abortion issue, but every abortion results in the death of a child in its early development. The taking of life violates My plan for that person, and I am the only author and taker of life, and not man. These serious sins can be confessed in Confession and I will forgive that person, but they will still have to make reparation for their actions. Life is a gift to each person and it should not be taken lightly. This is why violent programs of killing on TV and in movies are corrupting the morals of your people. Killing in wars is another violence that is difficult to see continuously every night on your TV. You know that I am against all of these forms of killing because I teach love and peace instead of the war and hate of Satan. Seek to be peacemakers and pray for peace in avoiding all of these forms of killing. You know how precious life is to yourself, so do not deny this gift to another as well."

Wednesday, April 4, 2007:

Jesus said: "My people, you have read the betrayal of Judas from St. Matthew and St. John right before the coming Triduum of My suffering. How many times do you tie up My hands to help you when you would rather indulge yourself in sinful behavior than please Me? It was because of your sins that I had to suffer for each one of you. You all are sinners and are in need of My forgiveness. Every sin, that you commit, adds to My suffering on the cross. Lent is a time of penance and reparation for your sins. You have only a few more days of your own penances before Easter Sunday, so try to finish this week with a little more thought as to how you could live a better spiritual life in pleasing Me, instead of offending Me with your sins."

Jesus said: "My people, there are some greedy people in your world that would even kill to get someone's money. Some know that it is not right to kill or steal, but they disregard moral law for their own physical gain. This is why you have law and order to keep this greed from getting out of control. If nations start taking other nations to gain wealth, then there needs to be some ruling authority to keep this from happening. When this controlling authority is controlled by the monied one world people, then you have the power of the world in the hands of a few. This is going on in the United Nations and other groups that are trying to exert their influence for power and money. There will be a coming evil when the Antichrist will control things for a short time, but then I will defeat him to bring about a new Era of Peace. Trust in Me and I will provide for all of My faithful as I will protect you from the evil ones at My refuges."

Thursday, April 5, 2007: (Holy Thursday)

Jesus said: "My people, even as I was being arrested, I did not want St. Peter fighting in My defense. Instead I told him: (Matt. 26:52) 'Put back thy sword into its place; for all those, who take the sword, will perish by the sword.' I came to die for all of mankind, so I did not want people to prevent Me from accomplishing the task that I was sent to do. This passage is also a message against man's wars that make things worse for all involved. Many are killed in wars, and this is a ploy by Satan to destroy man than accomplish any good. Wars are fought over pride, anger, and greed. Wars are encouraged by the rich who profit from wars in the armaments and the war debts. I am a God of love and I want all of mankind to live in harmony than be involved with constant wars. So if you do not take up arms in war, then you will not perish from these arms."

Friday, April 6, 2007: (Good Friday)

God the Father said: "I AM says, 'This is My beloved Son, listen to Him. I have sent My only begotten Son to man so all of your sins can be forgiven by His blood sacrifice. My Son has spoken My words through His tongue so you would know that My Son and I are One. Why do you test My Son and doubt that He is the Son of God? Why do you doubt that He is even fully Present in every consecrated Host? Our Presence is among you in many ways, and We know and permit everything that happens. Trust that what I do in each of your lives is meant for your salvation. It is up to you to accept Me as Lord of your life, or your pride can lead you on the broad road to hell. You have seen and heard witnesses that have died and returned from hell in near death experiences. It is a real place meant for the demons, and people are tormented there forever. Follow Me and do not be misled by Satan to follow the world and his lies. Live with Me in the glory of heaven where I want all of you to share your love with Me."

Saturday, April 7, 2007: (Easter Vigil)

Jesus said: "My people, you are celebrating My Resurrection as I first came forth from the tomb in a dazzling light that put all the soldiers into a deep sleep as if they were dead. It was this brilliant burst of energy that placed My image on the Shroud of Turin. Death could not hold the Son of God and it has lost its sting. I am the Resurrection and the Life, even as I declared this before I raised Lazarus from the dead. (John 11:25,26) 'I am the Resurrection and the Life; he who believes in Me, even if he die, shall live; and whoever lives and believes in Me, shall never die.' I told My apostles that I would rise from the dead in three days, but they could not comprehend anyone rising from the dead on their own. That is why they could not believe the women when they said that I talked to them. St. Peter and St. John went to the tomb and they saw, and believed in My Resurrection. Later, I appeared to My apostles as a man who could eat fish and they saw the wounds in My hands. So believe in the Good News, that I have defeated sin and death by My death on the cross and My Resurrection on Easter Sunday."

Sunday, April 8, 2007: (Easter Sunday)

Jesus said: "My people, the empty tomb mentioned in the homily is indeed a revelation to My believers, and it made many more believers in My powers as God the Son. Rising from the dead is a crowning touch on My coming to the earth to save all of humanity from their sins. But it was My sacrifice of Blood that paid the price for everyone's salvation. Rejoice that I was willing to give My life up for all of you. The vision of

drugs and drink reminds you that I even died for those who have chemical or alcoholic addictions. They need your prayers and encouragement to deal with rehabilitation in getting rid of their habits. Everyone needs a purpose in life in following My plan, but it takes a personal commitment to love Me and give Me your will to be one with Me. I love all of you and I want to share My graces with you, but you need to take a forward step to ask Me to come into your life. I do not force Myself on you, but I wait patiently for you to come to Me."

Monday, April 9, 2007:

Jesus said: "My people, you are familiar with this charism of levitation as a gift for some saintly people in life. As the time of tribulation grows near, My faithful remnant will be fewer in number. Because you will be facing more and more persecution, I have told you before that healing gifts of My chosen ones will grow even stronger. Many other gifts will be given to My faithful as well, and this gift of levitation is one of them. This gift is an expression of joy in loving Me and even now as you celebrate this Easter Season. It comes from a deep union with Me in prayer, even as your body is in strong harmony with the joy of your soul. Be thankful to Me for every gift that I bestow upon you, and continue to keep close to Me in your daily prayers."

Jesus said: "My people, I came to save man from the flames of hell and all of the temptations of the devil. Through My grace you may be able to minimize your sins, but you will never gain heaven on your own. It is by My Blood that you will be saved, so you are totally dependent on Me to bring you to heaven, as I will open the gates for you. You must follow My Will and obey My Commandments if you are to be with Me forever in heaven. Those, who refuse to love Me and serve Me, are on the broad road to hell in the flames of the vision. Celebrate My Good News of salvation with everyone who desires My love and wants to be saved. You love Me so much and you are so full of joy to have My peace. How much happier you could be if you could share this joy of My love with others. Once they see My Light and come to know My love, they will be ever grateful to you for saving them from hell, and giving them My eternal rest. Go out and preach My Good News to all the nations as you celebrate the alleluia of My Resurrection."

Tuesday, April 10, 2007:

Jesus said: "My people, this mist of water from a waterfalls is one of the Easter symbols of water for Baptism. The sunlight shining through the mist is another Easter symbol of My Light dispersing the darkness of sin in the world. Many

people, that lived before My coming, longed for My day, and when they saw it, they were glad. This was especially true of the good souls that were waiting to come to heaven once I opened the gates with My Blood sacrifice. Even today there is joy in heaven over one sinner who repents of their sins. Those, who love Me, experience My peace and rest as a reward for their being faithful to Me, and believing in My message of the Good News of salvation. Suffering through the trials of life is difficult enough with My help, but it is even harder on your own. I pray that people see the Light of My message that I am everyone's Redeemer and Savior of their sins."

Jesus said: "My people, this vision of the Roman soldier has to do with how they were paid by the Jewish leaders to say that My disciples carried off My Body. (Matt. 28:11-15) These same leaders wanted to kill Lazarus because I raised him from the dead. If My true Resurrection was believed, these same leaders feared losing their authority over the people. They were waiting for the promised Messiah, but they could not accept that I was the Son of God and the Messiah born of My Blessed Mother. These leaders were not aware of the virgin birth and My conception by the Holy Spirit. But it is true that I am a God-man and I came to offer My life to save all of mankind from their sins. Men can lie and think what they want, but you have My revealed truth in the New Testament of the four evangelists. The Bible is the inspired Word of the Holy Spirit. The Holy Spirit also helps you to remember and write down My messages. He also helps you in your talks to spread My Word. My Resurrection is a promise to all of My faithful that one day you will be resurrected body and soul. I have given you My words to live by so you can imitate My holiness. Follow Me and follow the plan that I have given everyone that will lead you to heaven. You all have unique gifts, and a unique mission that only you are meant to accomplish."

Wednesday, April 11, 2007:

Jesus said: "My people, I truly am the caring groom for My beloved Church as My bride. After My Resurrection, I nurtured My Church in its beginning days. In today's Gospel I related all of the prophecies in the Old Testament that had to do with My suffering as I walked to Emmaus with some of My disciples. (Luke 24:13-35) I made them aware of how all of these Old Testament prophecies had to be fulfilled because My Word in the Scriptures is true. Even now the prophecies of the end times will also have to be fulfilled as well. I also assured all of My disciples that the gates of hell would not prevail over My Church. My disciples had to wait in the upper room to receive the Holy Spirit so they could then have the gifts they needed to

go out and evangelize all of the nations. As I nurtured My early Church, I am still watching over and protecting My Church even today."

Wednesday, April 11, 2007:

Jesus said: "My people, I was sent to the world to free everyone of their sins by My death on the cross. So when you are free of the bonds of your sins, then you truly will be free. I spoke these truths openly before everyone of My time, but they did not believe that they were captives of their sins. (John 8:31-36) 'Jesus said to the Jews who had come to believe in him, "if you abide in My Word, you shall be My disciples indeed, and you shall know the truth, and the truth will set you free. Amen, amen, I say to you, everyone who commits sin is a slave of sin. If the Son makes you free, you will be free indeed." I have paid the ransom for your sins and you can come to Me for the forgiveness of your sins. I have given you My sacrament of Reconciliation so you can come to the priest in Confession and I will forgive you through the priest's absolution. I have given you many messages about Confession, but this sacrament cleanses your sins, renews My grace in your soul, and sets you free of the bonds of your sins. In the beginning of your faith you need to follow My Commandments to guide your actions. When you are free of sin and in deep love with Me, you will avoid sin more because you love Me enough not to offend Me with sin. It is your love that I seek more than just the fear of punishment. Follow Me out of love and you will experience a freedom that will keep you constantly focused on Me."

Thursday, April 12, 2007:

Jesus said: "My people, you are celebrating My Resurrection as you read the accounts of My appearances to My apostles as a living man, and not just in spirit. They could see the wounds of the nails still in My hands, and St. Thomas actually placed his hands in My wounds. I talked with My disciples and I ate with them to show them that I was a real man of flesh and bones and not a ghost. The other gift that I left for everyone is My Real Presence of My Body and Blood in the consecrated bread and wine at every Mass. You receive Me into your soul at Holy Communion, and I bestow My grace upon you as well for this sacrament. When you come before My Blessed Sacrament in My tabernacle, you can worship and praise your Lord at any time. I am here to help you in prayerful discernment of your daily trials, and I can offer you My protection from the evil one. You can voice your petition to Me and if you can listen with your heart, you may even receive an acknowledgment of My mission for you in what I want you to do. When you humbly put your life

in My hands, I will lead you to what is best for your soul to gain heaven. Everytime that you make a special visit to be with Me in My tabernacle, I will grant you My graces for your deep faith in My Real Presence."

Prayer Group:

Jesus said: "My people, your diocese has been blessed to have such a beautiful Conference that displayed My miracles of the Eucharist that have occurred all over the world. Some of these miracles were meant as a witness to My Real Presence for those who do not believe in My Real Presence in My Eucharist. Whether or not people wish to believe in My Real Presence in My consecrated Hosts is up to their better judgment. But the truth is that you are receiving My Body and Blood at Communion time. Rejoice in My transubstantiation at the Mass, and I thank all of you for worshiping Me at your Adoration services."

Jesus said: "My people, there was a great celebration when the people cheered My entry into Jerusalem with palms and glory. After My Resurrection, My disciples were also incredulous with joy, but the people were confused about these events and how they were reported. For those, who believed in My Resurrection, no explanation was needed because it was self-evident. For those, who did not want to believe in My Resurrection, no explanation would be accepted."

Jesus said: "My people, even though I have resurrected to heaven from the grave, I still want you to keep My crucifixes on My altars so you can appreciate how much I love you, and how much I suffered for you. The Good Friday service lasts but one day, but My people suffer through this life over many days of their lives. Keep focused on Me and offer up your pain and sufferings to Me as you make them a part of My suffering on the cross. You all are called to pick up your own crosses on your way to your own Good Friday on Calvary."

Jesus said: "My people, be grateful for all the blessings of your food and do not waste any of it, since many are starving and do not even have food to eat. You take your food for granted, but America is blessed to produce its own food and share it with the needy. Remember to share food with your local food shelves who provide food for the poor who have need of something to eat. You can also send charity donations to help feed the hungry overseas in poor countries."

Jesus said: "My people, as you see more people attending Mass on Easter Sunday, you wonder where are these people on Sunday the rest of the year. There is much needed evangelization even among your own Catholic people for those who are weak in faith and have fallen away from their former beliefs. I also have asked My people to go out and preach My Good News of salvation to all the nations even as I have sent My

apostles out in the same way."

Jesus said: "My people, you know of My promises of Divine Mercy that have been given you through My servant St. Faustina. I have given you My mercy to make amends for the reparation due for your sins. Follow the prayers of this promise and you will reduce your suffering in purgatory. This novena is celebrated in many countries all over the world."

Jesus said: "My people, I love all of you so very much and this crown of thorns around My Heart represents the heart ache that I have for all of those who refuse to love Me. I will keep pursuing every soul to their dying day in My attempt to save every one. But each soul can make their life suffering much easier if they would come to Me in love. Every soul, who gives their life over to Me, will receive a reward beyond their imagination that awaits them in heaven. Your joy with Me will know no bounds, even as you experience My love in My sacraments on earth. Rejoice in every blessing that I share with My faithful."

Friday, April 13, 2007: (Robert Noll Funeral-Valerie's son)

Jesus said: "My people, Robert's death was sudden and unexpected from an infection in the shunt of his dialysis equipment. His family was shaken and taken back that someone of his age should pass this soon. It is always difficult to accept someone's passing, but it is the Easter promise of this Season that gives hope of a better life to come in heaven. In the vision you see Me welcoming Robert as he is brought to My altar. At death everyone has to come to Me in judgment. As you come to this funeral celebration, remember to pray for this soul as you should for everyone who passes from this life."

Jesus said: "My people, this vision of turning pages at the corners has two meanings. The one represents the turning pages of salvation history that led up to My coming to earth so that I could die for all of mankind's sins. The other meaning represents the corner of My Church as Myself as the cornerstone. Truly I was the cornerstone rejected by the builders in the church leaders of My time. Yet My plans for My Church were carried out despite the plans of the devil and man's plans. Since the time of the first sin, I have been planning man's salvation and the restoration of man's love with Me. When you have your sins cleansed by My Blood and My forgiveness in Confession, then My grace is again present, and our love relationship is restored. All of the Old Testament prophets wrote prophecies how I would suffer and free man from his sins. I reminded My disciples of these Scripture passages on the road to Emmaus. You can see how this plan was foretold and fulfilled in My coming. I also am the cornerstone of My Church because

everyone who comes to heaven, must come through Me. In life I will give everyone a chance to know and love Me. I am your only Savior, because it was My Divine Sacrifice that is only worthy enough to save you. My words in the Bible are available to everyone, and even on your death bed, you will be given a chance to accept Me or reject Me. My faithful will be rewarded in heaven, but those, who refuse to love Me and refuse to accept Me, will be sent to hell with the demons to torment them. Rejoice in My Easter message of love and joy because I await the day when you can join Me in the splendor and peace of heaven."

Saturday, April 14, 2007:

Jesus said: "My people, before My disciples were given the blessing of the Holy Spirit, their faith was still a little weak in understanding how I had to die for man's sins, and be raised up in three days. Even when the rest of My apostles had heard testimonies of My Resurrection, they were still skeptical. You remember how St. Thomas had to put his hands into My wounds before he would believe. Once I appeared in person, My apostles believed, but I said to them, blessed are those who did not see Me and still they believe in Me. Faith in My words, My death and Resurrection, and My sacraments is a gift of God and an acknowledgment of your will to be united with My Divine Will. When you contemplate how much I love you that I died for each person, My endless love touches your heart. I love everyone, even the most grievous of sinners. My love is unconditional and it does not discriminate. It is this all encompassing love that I desire of every soul to love Me, and all of your neighbors, even those that you consider your enemies. So do not doubt as St. Thomas did, but believe in My Good News and shout it from the rooftops for all to hear and take to heart."

Jesus said: "My people, fewer of My people are coming to Confession which explains why fewer are coming to Mass on Sunday. If your sense of sin is being lost, then some will think that they do not have to go to Confession. Having a strong faith means that frequent Confession is needed to keep your soul clean. When you do not go to Confession often, then your faith becomes weak and you rationalize your serious sins as venial sins. This spiritual laziness can then lead to avoiding Sunday Mass and these souls start losing their love for Me. In today's Gospel there is a mention of retaining sins and forgiving sins. (John 20:23) You understand how the priest gives absolution to forgive sins, but not giving absolution or retaining sins is a little more confusing. Some priests may choose not to give absolution in cases as living together in fornication where there is no seeming intent to stop their sinful lifestyle. This means that to stop such sins, there

needs to be a dramatic conversion of not living in the same house, or getting married. Some sins get repeated, but you need to avoid the near occasion of sin and make a firm amendment to not commit the same sin. I love My people and I want to see My faithful stay strong in their faith by working hard to keep holy."

Sunday, April 15, 2007: (Divine Mercy Sunday)

Jesus said: "My people, I am showing you in this vision the contrast of how your body receives all of My earthly gifts, and then how your soul receives all of My heavenly gifts. You see all the beauty of My creation as it blossoms every spring. You all see the rain that moistens the soil and allows things to grow. The sunlight also shines down on your crops to provide warmth and the light for photosynthesis. You are sent many earthly gifts which give you joy in this life. In the spiritual life of your souls your eyes of faith look upon Me as I shower each one of you with My graces, blessings, and mercy. You look upon the miraculous picture of St. Faustina and you can understand the beauty of these heavenly gifts. My mercy is available to forgive all of your sins in Confession. I also hear your petitions to send My mercy and grace upon the hearts of all of your friends and relatives. I will touch these souls so that they will be more disposed to My love. You have heard in today's homily and have read My Word in the Bible that you can only come to heaven through Me, your Savior. I pray that all souls will come to know and love Me in faith. Trust in Me for everything you do. I call all of My faithful to evangelize souls by your teaching and good example. Continue your prayers to save souls every day. Remember the saying on this picture: 'Jesus, I trust in you.'"

Monday, April 16, 2007:

Jesus said: "My people, today's Gospel speaks about how everyone must be born again of water and the Spirit in order to enter the kingdom of heaven. This vision shows you how I left My throne in heaven to bring My kingdom of heaven upon you. When you have Me with you, especially in Holy Communion, you are experiencing My kingdom. I call everyone to come to Me in Baptism and to remain with Me in grace through Confession when you need to cleanse your sins. Be prepared in grace so when you die, I can take you into heaven. You see Me coming back to My throne where I await the day to receive you at your death. I have shown you many visions of heaven personally, so you know your goal is to only be with Me. The glory, peace, and love of heaven awaits all of you when you will experience heaven in My beatific vision. One day all of My faithful will be resurrected

in body and soul at the last judgment. Keep focused on My kingdom because experiencing My love is your life's most yearning desire."

Tuesday, April 17, 2007:

Jesus said: "My people, you have seen this beautiful basilica and all of the beautiful statues and pictures. This is the church of the strong faith where people were willing to donate large amounts of money for the honor and glory of God. In today's new churches the architects are glorifying themselves instead of Me. There is coming a time of persecution when My faithful remnant church will have to go underground into hiding from being killed by the evil ones who will be following the Antichrist. This vision of a rustic place for Mass will be at My refuges of protection. I will watch over My Church and protect My faithful from harm while providing for all of your needs. Rejoice while you can still find a priest for Mass and the opportunity to receive Me in Holy Communion. You take Mass for granted, but during this coming persecution, you will be fortunate to find a proper Mass. You can still have Communion because My angels will bring Me to you. Be patient, My little ones, for soon I will come in victory to restore the earth and bring about My Era of Peace."

Jesus said: "My people, you have the greatest gift of Myself given to you in My Most Blessed Sacrament. These consecrated Hosts allow Me to come into your heart and soul so I can share My love with you in a spiritually intimate way. My angels of Light are always around My Blessed Sacrament giving Me praise and glory as they sing to Me in Adoration. When you sing My Adoration hymns, you are joining in with My angels. Give Me praise and thanksgiving every time that you receive Me in Holy Communion, and thank Me for My many gifts every time that you come to adore My Blessed Sacrament in Adoration or in My tabernacle. My Eucharist feeds you My heavenly Bread and My grace sustains you in temptations and heals the wounds of your sins. Keep close to Me in all that you do so you can grow in your holiness."

Wednesday, April 18, 2007:

Jesus said: "My people, in the vision you have seen the letters or epistles of St. Paul that he sent out to many of the Early Churches in the New Testament. St. Paul and the apostles wrote many teachings to help evangelize the Early Christians, and even now many can be converted by reading these writings of how to live a Christian life. I have called many prophets and messengers to witness to My Word throughout the ages. Even now in these end times I am sending you even more prophets to wake

the people up spiritually and prepare for the coming tribulation. Discern the words given that they conform with My teachings to My apostles, but listen to My call to conversion even in these days. I do not leave you orphans without any direction, but I give you My prophets to follow in every age. Give thanks to Me for all of My messengers that are given My words of encouragement in My love and peace which you can have in My sacraments. As you see My apostles speaking out bravely among their persecutors, you also must be able to witness to those around you in standing up against abortion, euthanasia, and homosexual acts and marriages in your day. You see pornography, 'R' movies, and people living together without marriage which you also must speak out against, even if it means that you may be persecuted. If you remain silent on these issues, it is as if you are condoning them. You must give good example to your friends and relatives by voicing your protests against the evils of your day."

Jesus said: "My people, you have an earthly side in the body and a spiritual side in your soul. In the spiritual world you have a battle between good and evil. There is the side of the Light where I am with the good angels and the saints. There is also the dark side of the demon angels and the condemned souls. The Light side has its strength in Me in churches, My Blessed Sacrament, holy relics, holy water, blessed salt, and blessed objects. The dark side has its strength in the demons, witchcraft, the occult, potions, and cursed objects. The best way to avoid the evil influences is to avoid delving into witchcraft and cursed things, evil movies, and occult books. People can bring on obsessions and possessions by using amulets, voodoo objects, crystals, and occult games and objects. You pray to Me for protection from the evil ones, but some worship the demons and make pacts for wealth with the devil. The demons are very devious and they can use earthly things and desires to control people and distract them away from Me so they have no prayer time or time for Mass. When you desire something because it pleases your senses, it can begin to control your time. Soon your desire for something can be turned into an obsession that controls more of your time. There are demons attached to these addictions and the more you allow something to control you, the stronger you are making these demons in your life. Seek out the Light so I can dispel the dark side. With a strong prayer life, the demons will not be able to gain a foothold in your life. Seek Me in everything that you do so I can direct you to what is best for your soul. When you love Me deeper, the evil ones will lose their hold on you in everything."

Thursday, April 19, 2007:

Jesus said: "My people, everything that man does is imperfect by his weak fallen nature as a consequence of original sin. In man's artwork, his speech, and even his actions, man is not perfect in many ways. There is perfection in everything that was first created, but man has tarnished much of My creation by his mischief in DNA manipulation of your medicines and your food. In the spiritual world also, sin has corrupted mankind's souls by the influence of the devil and his demons. Only Myself and My Blessed Mother are without sin and we lived totally in the Divine Will of God. Many saints have come close to this perfection of the giving of their will over to My Divine Will. I have told all of you that I desire that you become perfect as My heavenly Father is perfect. You cannot do this on your own, but you need My help in My sacraments to stay close to Me. In order to enter heaven, you must be perfected by suffering on earth or in purgatory until you are saints. This does not happen quickly and it is a lifelong work with My help and direction. When you have Me with you, I have told you that the kingdom of God is upon you. When you experience Me in Holy Communion, you have a little sense of the eternal now inside your soul. You know that heaven is not restricted by time, aging, or any other earthly restriction of dimensions. When people experience near death events, they are outside of their bodies, and this will be what people will experience in their Warning Illumination. Once you die, you have your particular judgment and you are sent by your life's choices to either heaven, hell, or purgatory. Those in purgatory need to have their earthly desires purged along with any reparation due to their sins. Some souls are purged on earth and they can go directly to heaven, but these are few in number. Once you have been perfected to the level of a saint, only then can you enter the eternal now of heaven. This is the eternal life that one can have only through Me."

Prayer Group:

Jesus said: "My people, you have just witnessed your Supreme Court decision to uphold the partial birth abortion law which forbids this kind of abortion with severe penalties. Your country's support for abortion on demand is waning as Right to Life groups have struggled for years to stop the largest massacre of unborn babies in your history. When you compare the millions of abortions to the latest killings in Virginia and even to all of your wars together, the abortion massacre is far more damaging and the main reason that your nation is facing judgment for these killings. This upheld law is just one small protection for a few babies, but it is a first step in ridding abortion from your land."

Jesus said: "My people, this tragedy in this college has

shocked many with the extent of violence that was carried out by this lone gunman. The way the killings were done, and the media tape that was sent to your TV station, shows how badly this young student was out of his mind or brainwashed with anger. Many families are grieving the loss of their loved ones as they question the why of these senseless killings. The effect of seeing daily killings in Iraq, violence on your TV and movies, and your abortions can all lessen the preciousness of life to some young minds. Pray that the young adults in school now do not seek this same publicity."

Jesus said: "My people, many people are debating if this latest surge of troops is helping to win the conflict in Iraq or not. This is not a conventional war, but it is like a constant wave of suicide bombers and planned roadside bombs. Unless the bombs and the saboteurs are found and removed, this conflict will only continue with more innocent lives taken. There are some questioning whether it is worth the lives of your troops and the billions of dollars to try and stop such a civil insurrection that is being aided by other terrorists from neighboring countries. Pray that this conflict is brought to a close soon before more killings could continue. War, abortions, and school killings are causing you to take a long look at the causes of all of these killings."

Jesus said: "My people, one distorted killing shown many days on your media is losing any attention when you have so many other killings going on all over the world. With such a constant barrage of this kind of news about such violence, is it any wonder how it is affecting the minds of your children in such a violent society? The more attention that is given to such violence, the more violence this will breed. Your media needs to focus more on helping people, and showing love and compassion instead of drumming up more anger for future wars."

Jesus said: "My people, your world is so violent today because the people have lost their sense of sin against Me. The Fifth Commandment says: 'Thou shalt not kill.' Ever since Cain killed Abel, there has been many killings throughout man's history. The devil and the one world people have been trumping up wars for many reasons, but the devil is focused on killing man whom he hates. Just wars are for defense only when attacked and wars should not be used to exploit money, oil, or any other gain. The evil of this world has become so great that you are seeing the reason why I will be coming soon to defeat the evil ones. Pray for My coming soon because My wrath is rising against all of those who are promoting today's killings."

Jesus said: "My people, it is unfortunate but America's industrial defense complex supplies more arms for wars than any other nation. Weapons of war are big business in your country

and the one world bankers are profiting from your constant wars. Instead of making arms and starting senseless wars, your people need to take back control of your government from the central bankers who are controlling your lives. Continue to pray for peace and stop the funds for all of your trumped up wars."

Jesus said: "My people, I want you to put aside all of your petty fighting and complaining, and focus on My ways and My peace instead of man's ways of greed and man's peace which is only a lull between wars. My desire is for you to live in peace and harmony with each other while recognizing each other's rights and needs. Pray in earnest that My peace will come over your world, without any more wars of greed. A time is truly coming for My Era of Peace when you will share My real peace without the devil's influence."

Friday, April 20, 2007:

Jesus said: "My people, I spoke to the people of My time in parables and I performed many miracles which the people did not always understand. To the apostles I explained the meaning of My parables. Many of My miracles were explained later by the Holy Spirit inspiring the evangelists to understand the deeper meanings as this miracle of multiplying the loaves and fish to feed the five thousand and the four thousand. At the Last Supper I instituted My Eucharist in the first Mass, and the bread and wine is now consecrated into My Body and Blood at every Mass. At Mass I am again multiplying the bread, but I am also placing Myself in each Host as heavenly Bread for all who receive it worthily. If someone has mortal sin on their soul, I cannot enter that soul because I can only come into holy places. This is why I also commissioned My apostles and their successors to have the power to forgive sins through Me in the sacrament of Reconciliation. By seeking My forgiveness in Confession, then your souls can be cleansed and made holy again so you can receive Me properly in Holy Communion. When you read the accounts of My parables and miracles in the Gospels, now you will see how blessed you are to have a better understanding of My words than the people of My day. Even so, there were many who were given the grace to become Christians even while Christians were being killed by the Romans."

Jesus said: "My people, there will be a large media event put forward by the one world people that will try to get the people to accept the North American Union. Keeping more of your troops tied down in Iraq will help these evil ones when they make an attempt at a national takeover. They will deploy the many foreign troops at your detention centers to implement the coming martial law declaration. Such a takeover will prepare the way for the Antichrist's declaration of power in his taking

over the world. The one world people are uniting several continental unions under one head for the Antichrist. This next step into the North American Union has been planned for many years. The evil ones had to wait until they could control your debts and your military. They are ready to unleash their plan very soon. This declaration of martial law will be the signal for My faithful to leave quickly for My refuges before they place you in the death camps. Call on Me and I will have your guardian angels lead you to the nearest refuge of protection. Have no fear as I will give you what to say to your persecutors."

Saturday, April 21, 2007: (St. Anselm)

Jesus said: "My people, you are seeing some preparations being made for a major Vatican announcement. That is why you are seeing this Cardinal in the vision presenting a gold document. I am only telling you at this time that this announcement will be about an organizational change in the Church. As the time of the tribulation grows closer, you will see many such changes that will eventually lead up to a split in My Church between a schismatic element and My faithful remnant. The schismatic church will start denying many of the facts of the faith relating to the sexual sins, as well as bringing in New Age teachings into its services. My faithful remnant will split from this schismatic church, as the faithful remnant will keep all of My apostolic teachings. Beware of this schismatic church because they will eventually even support the Antichrist."

Jesus said: "My people, this single tree may seem lonely, but there are a forest of trees around it. So it is sometimes in your lives when you seem all alone when your spouse dies or when you are living alone. But you are not alone because you have many friends and relatives around you. You always can call on Me to love you at any time that you are feeling lonely. I am your best friend because I will always love you despite your sins and failings. You cannot always depend on friends, but you can always depend on My love that is here for you every day. Every time you pray or come to Mass, you are in My Presence. When you reach out to love your neighbor, you may be comforting them in their loneliness. Think of some old friends in nursing homes or assisted living places and make some time to visit them so they do not seem forgotten. Every time you make an effort to comfort someone, you are gaining some treasure in heaven."

Sunday, April 22, 2007:

Jesus said: "My people, each of My apostles had certain qualities and talents that I would use for spreading My Word.

This is also true of all of those whom I bring into this world. You all have a certain mission or plan for your life that I have given you from the moment of your conception. This is why when you kill someone, as in Virginia, or abort someone, you are committing a grave sin against Me for denying the purpose of these lives. You all are important and special to Me and I love all of you for who you are. By understanding the value of life through My eyes, now you can see why I want you to love your neighbors and work with them in harmony. By helping each other, you all can fulfill your individual missions with less difficulty. At times I want you to think of how many things you do for Me and how many you do for yourself. The more you do things to please Me instead of yourself, the more you are preparing yourself for heaven. Analyze the motives for your actions so you can bring your actions in closer conformity to serving Me. In heaven you will be serving Me all of the time, so your life here is a training for how you will be living with Me in heaven. I do not force you to serve Me, but I want you to desire My service out of love by your own free will."

Monday, April 23, 2007:

Jesus said: "My people, the Easter Candle represents new life in the Spirit as you dwell on the rejoicing of the Resurrection. In nature you are seeing new life come forth in the tree buds and all of the spring flowers. The season of Easter is even more joyful than Christmas because you are now witnessing in My Resurrection and death the whole purpose for why I became a God-man for you. It is all about the joy that your sins have been forgiven and the gates of heaven are now open to receive My faithful servants. During the year it is possible that your faith could have gotten a little laid back in your daily routines, but with this Easter Season, it should be a time of renewal in what your faith means to you and what you truly believe. It is refreshing and uplifting to think of your own death and resurrection because it is more desirable to think of living in the next life than living in this passing earthly life. There is more to life in the Spirit than just what you see in this valley of tears. Your whole spiritual life should be focused on being with Me one day in heaven. Your reward in heaven is more than worth all that you can offer Me in your good deeds and service for Me. I have freely given you a life to love Me and your neighbors."

Jesus said: "My people, I am showing you one of the detention death camps that will be used for public executions and gassing for those meant to be killed. The red lights are for those religious and patriots that are captured before martial law starts. The blue lights are for those who will not follow the new world order after martial law is declared. The

one world people want to make slaves out of their subjects for financial gain. They will use fear tactics of performing public executions for those who will not obey their rules of taking chips in the body. These embedded chips in the body will be used to control people's minds as robots. It will be at this time that I will lead My faithful to refuges of protection. My angels will protect you from the evil ones by making you appear invisible. My angels will do all of the fighting for you with superior spiritual weapons. There will be a battle between the good and the bad at Armageddon at the time of the Antichrist's brief reign. Trust in Me and you will see My victory over the evil ones. I love you all, but this evil will be used to test your faith during an earthly purgatory."

Tuesday, April 24, 2007: (St. Fidelis, martyr)

Jesus said: "My people, this kind of killing in gas chambers will be repeated again in the tribulation because you will have the same diabolical influences that affected Hitler in his dealing with the occult. The evil one world people also worship Satan in the high ranks. This is why they have promoted killings in abortions, wars, euthanasia, and man-made diseases as AIDS and ebola to control population growth. Life has little meaning to them and they will sacrifice thousands of lives for their goals. In the coming tribulation those who do not take chips in the body and worship the Antichrist will be put to death in the death camps, even as Hitler had many exterminated as well for his purposes. I told you that you will see an evil more severe than you have ever seen before, and there will be demon inspired people carrying out these killings. Be consoled that I will protect My faithful at My refuges where all of your needs will be provided for. There will be many martyrs for the faith, even as there were at the time of the Early Christians."

Jesus said: "My people, you have read of the temptations of the devil with Me in the desert, and My trial in the Agony in the Garden. Temptations will be with you until your dying day because of man's weaknesses, and the devil who roams this earth seeking the ruin of souls. In this world you have free will to do either good deeds or evil deeds. Temptations are usually associated with comforts and pleasures for the body. Sometimes as with sexual sins there are desires outside of marriage which need to be controlled until it is proper in marriage. Sometimes you are tempted to eat too much or the less healthy foods. For the most part people know what is good and bad, but you may give in to your bodily desires. Your actions should be in accord with My laws, but also you should be directing your actions for My purposes and not your own selfish needs. You know which sins you commit most frequently and how you are tempted to commit these sins. It is My faithful people's need to find ways to not

give in to these sinful desires. You know that you can come to Me in Confession to confess your sins when you fall into sin. It is this ladder and steps in the vision that you can use to pull yourself out of your sinful habits. Try to learn from your mistakes so you have less times that you fall into sin. Your goal with My help is to curb your earthly desires for sin, so you can keep your love relationship with Me closer."

Wednesday, April 25, 2007: (St. Mark)

Jesus said: "My people, at times My faithful need to recollect their conscience in reviewing those sins that you have committed but have not confessed in Confession. This vision of a rapids in a river gives you the feeling or desire in your soul to be cleansed of any wrongdoing so you can be freed from the bonds of that sin. The more you hang on to your sins and do not forgive yourself, the more power you are giving to Satan to use this against you. You know of My mercy and My willingness to forgive all of your sins. So do not have any fear that your darkest sins may be spread in Confession because the priest is sworn to secrecy in this matter. By releasing these sins in Confession, you can truly be clean and freed from any sin. Do not let anything earthly control you, and you will be improving your holiness. Some souls are spiritually lazy and do not want to give up their sinful pleasures. I assure you, if you continue to hold onto your sins, they will weigh you down in improving your faith, and they could possibly drag you down into hell by not letting them go. Seek Me in all of My love, and My peace will be enough for you. Continue to cleanse yourself in frequent Confession and you will be prepared for the day when I come to take you home to Me."

Wednesday, April 25, 2007:

Jesus said: "My people, the people of the Middle East are poor compared to America and they live very simply on a lot less food and water. Their one major resource is oil, but it is being exploited by many international oil companies. These people may be somewhat grateful in Iraq to be free of Saddam, but now they see your troops as an occupying force. It is hard to look at the Iraqi side and understand how they are used to tribal ways and dictators running their lives. They do not even fully understand what a democracy is instead of an Islamic nation. Many ethnic and religious groups are vying to control Iraq in what appears to be a civil war. America has tried to force democracy on these people who only have seen war and torture for many years. The Iraqi people want peace from the indiscriminate killing that is going on. America may need to hold back the reins and let the people breathe their freedom and choose their own form of government. There is concern in high levels of your government about what would happen to Iraq after

your withdrawal, but it is impossible to afford staying there much longer. My people need to have empathy for these people so they can run their own government. Pray for peace in this region that has seen too many years of violence and killing."

Thursday, April 26, 2007:

Jesus said: "My people, this vision is taking you back twenty or thirty years when the faith among the people was much stronger. There has always been My faithful remnant prayer warriors, but in the past more people came to Sunday Mass and made time for their prayer lives. In today's world you are being interrupted by people's cell phones and there are many more worldly distractions that take you away from your prayer time. People of today are too wrapped up in their constant shopping and entertainment activities. If you focused more of your life on doing things for Me, you would find the needed time for your prayer life, and helping your neighbor in charitable deeds. The material world is passing away and all of the latest fashions and modern technology will become outdated or obsolete in a short time, making you desire new things. So do not be so taken up with this passing material world, but concern yourself more with your soul's eternal destination by taking care of your spiritual life first. I am the only One to be worshiped, not your movies, sports, or the latest fashions and electrical devices. This is why you have a hard time to pray when you are quiet, because the many voices of the world are being allowed to drown out My call to your soul. You cannot have true love for material things that are cold. You can only find true peace and satisfaction in your soul by loving Me. You need to find quiet time in front of My Blessed Sacrament so you can shut out the outside world and listen to Me talk to your heart. Quiet meditation or contemplation of Me will give you a renewed spiritual experience that will enable you to follow Me in enduring the trials of today's life."

Prayer Group:

Jesus said: "My people, this vision of Egyptian gods of the occult is where the Antichrist will visit to get his blessing just as the prophets were anointed by My holy people. Everything that I did and represented will be mocked by the evil one whom I will allow to declare himself as ruler of the world at the proper hour. Thus the Antichrist will come out of Egypt as a man of peace just as I came from there, but I did not seek these occult gods."

Jesus said: "My people, it will be by My authority that the hour of the Antichrist will be announced and I will allow his brief reign. This beast will be working with the one world people to gain gradual control of all of the government unions

that govern each corner of the earth. He will come at first as a man of peace, but he will soon become a tyrant leader as he will replace all of the leaders of the nations with his own people. When you see this declaration and enthronement, My faithful should be at My refuges or on their way to one. Fear not these evil ones for I will soon come in victory to defeat them."

Jesus said: "My people, this vision of Egyptian crocodiles represents the occult influence where evil people and demons will go out to capture souls, even to mock how I sent My apostles out to evangelize souls to My Gospel. The evil ones will use their own Satanic verses to call up demons to attack those who are faithful to Me as well as those without any faith. My power is greater than the Antichrist and the demons, and My angels will fight to protect My faithful from these evil ones. Call on My Name to cast these demons to the foot of My cross."

Jesus said: "My people, you are aware of covens and ritual services honoring the gods of the underworld. This vision is honoring Molloc, a real god, where many of your government officials attend such services. They perform mock killings, but soon they will seek out My people for sacrifices. The demons are worshiped by your high ranking officials and that is how they have been given their positions, money, and power. These evil officials will have to give their souls to Satan for all of their powers. Do not fear this evil time, but trust in My protection of your souls. This evil will only reign for a short time before My victory."

Jesus said: "My people, the evil ones are moving ahead with mandatory chips in your driver's licenses, and passports as a first step to the eventual mandatory chips in the body. Without these chips you will have no access to banks, airplanes, and buying and selling in the stores. Do not take these chips in the body, even if they threaten to kill you because they will be designed to control your actions and encourage you to worship the Antichrist. Come to My refuges with your guardian angels before they start sending dissenters to the death camps that I have warned you about in previous messages."

Jesus said: "My people, time is growing short for when you will need to prepare in haste to leave for My refuges. I have warned you already to have what you could carry in your backpacks for when you are to leave for My refuges. In the Old Exodus they left in haste for the desert. In this coming Modern Exodus you will want to leave in haste also so the evil ones will not find you at your homes. Those, who are too late to leave, may be martyred in the detention center death camps for not taking chips in the body and not worshiping the Antichrist. Follow Me and you will have My protection from My angels."

Jesus said: "My people, those, who are captured by the new world order people, will see documented evidence of their religious affiliation at their mock trials before they are sent to the gas chambers. You have seen before how certain dictators have massacred all of their enemies. This will be a major spiritual battle with some martyred for their faith and others protected at My refuges. Trust in My Name and My power to protect your souls from all the evil in the coming tribulation."

Friday, April 27, 2007:

Jesus said: "My people, the importance of My Real Presence in My Blessed Sacrament of the consecrated Host cannot be overemphasized. This single quotation from St. John embodies your faith in Me and your eternal destination with Me in heaven when you are resurrected. (John 6:54) 'Amen, amen, I say to you, unless you eat the flesh of the Son of Man, and drink His Blood, you shall not have life in you. He who eats My Flesh and drinks My Blood, has life everlasting and I will raise him up on the last day. This is as clear an act of faith that can be expressed in words. Those, who believe in My Real Presence in My Eucharist and receive Me in Holy Communion worthily, will have eternal life. The Eucharist is a gift of My very Self to everyone who believes in this transubstantiation of the bread and wine into My Body and Blood. These species do not change in physical appearance, but spiritually they are transformed. In every consecrated Host you can worship and adore your Lord at Adoration. Some may not believe that I am truly Present, but I am still there in spiritual reality. This is again why it is important to give reverence to My Real Presence, and why My tabernacle should be in a place of prominence and not in back rooms. It is also why it is important only to receive Me in Holy Communion in the state of grace without any mortal sin, or you commit a sin of sacrilege against Me. I have given you My sacrament of Reconciliation so you can purify your souls in order to receive your Lord and Master into your heart and soul in Holy Communion. In this quotation My faithful, who receive Me in My Eucharist, will be resurrected body and soul on the last day or at the final judgment. This is the most glorious promise that you could receive, to be with Me in heaven in a glorified body forever and ever. Give praise and glory to your God who invites you to be with Me in heaven, and even to share some heavenly moments on earth when you receive My Real Presence in the Host of My Blessed Sacrament."

Jesus said: "My people, there have been many different scientists look at the subject of global warming, but people are very skeptical of the reasons why it is being researched. The

government and businesses do not want to change their ways of doing business if it would cost them to be compliant with new regulations. Rather than debate the truth or verify the scientific findings, the first reactions are to be critical so businesses do not have to lose money. Much of the melting glaciers and ice shelves have been documented at an alarming rate. But the environmentalists also need to be verified that their numbers and projections are not exaggerated. If there were independent sides producing the statistics, then they may be more believable. The truth is that man has violated My creation in many ways that are changing My balance of nature. The earth is large, but its resources are finite, and the fish and currents can be disturbed by over fishing or fresh water dilution. In some areas pollution is getting out of control, but it is hard to get countries to change their ways. When enough people come to an agreement on what needs to be done, only then will it be possible to curb the worst offenders that are worsening the problem. Pray that man makes some dramatic changes soon before you have some dramatic weather changes."

Saturday, April 28, 2007: (St. Louis Mary de Montfort)

Jesus said: "My people, in today's Gospel there was a split in My followers because some could not believe that I would give them My Body to eat and My Blood to drink. There has been a difficulty in believing this doctrine of My Real Presence in My Blessed Sacrament even until today. This takes a deeper faith, but the gift of My very Presence is how I said that I would remain with you until the end of time. I then asked My disciples if they would leave Me too, and this was St. Peter's response. (John 6:69,70) 'Lord, to whom shall we go? Thou hast words of everlasting life, and we have come to believe and to know that Thou art the Christ, the Son of God.' This is the second time that St. Peter acknowledged Me as the Second Person of the Blessed Trinity and the Messiah promised by the prophets. Every word that I have given you in the Gospels is true, for My words live on forever. When you believe in Me, you must follow all of My teachings, even the hard ones of loving your enemies and My Real Presence in the Host. These words of eternal life are what your soul craves the most, because My faithful are promised to be with Me even as I saved the thief on the cross."

(Baptism of Margaret Mary Kateri Shine) Jesus said: "My people, bringing forth new life is always a time of celebration. Bringing a new soul into the faith is even more of a celebration for everyone in heaven, as well as the family. This child will need physical nourishment, but also spiritual nourishment in a proper upbringing in the faith. Today the god-parents are affirming the belief in the faith, but once this child grows up,

she will need to make a personal commitment to the faith. Grace is bestowed upon each soul when you receive a sacrament. So when the water, the chrism, and the lighted candle are presented, you receive a blessing from all Three Persons of the Blessed Trinity. Rejoice in this newly baptized child and the mission that is given to this child. Just as I was presented in the Temple to be consecrated to God the Father, so every child is consecrated to God at Baptism. Original sin of this child is removed and this soul is now pure and white in My grace."

Sunday, April 29, 2007:

Jesus said: "My people, you know how My saints and angels are constantly praising Me in song. So in your Easter celebration you cannot praise Me enough for My gifts to you of life in the Spirit. Every day you can consecrate everything to Me and all that you do will be as a prayer to Me. In this way you truly are constantly praising Me. The joy of the Easter Season fits in with the new life of the flowers and the trees. Through My death on the cross I have brought you salvation from your sins. Now you can appreciate My victory in the love of My Eucharist and My forgiveness in Confession. I have opened the gates of heaven and I wait for each of you to graduate into the next life with Me in heaven. While you are praying with Me after Holy Communion, you can give Me thanks for all that you have been given in physical and spiritual gifts. I love all of My people and I seek your love as well. Relish this celebration of My Resurrection because it is a relatively short time in your yearly calendar, but the effects of My Resurrection last for a lifetime."

(60th Anniversary of Shrine and apparitions) Jesus said: "My people, My Blessed Mother and I want to thank you for this rosary and your faithfulness to coming to this Shrine even through all kinds of weather over the years. You remember how they placed a sign on My cross saying that I was 'King of the Jews'. But as My apostles taught all nations, I am truly King of all nations. You, personally, have seen Me sitting on My throne as King in heaven. I want to thank all of you for celebrating My Kingship here on these grounds for 60 years since the apparitions were given here. Rejoice in this celebration and this is a tribute to your faithfulness at this Shrine. I love all of you so very much and I thank you for giving your King all the praise and glory that is worthy of My Kingship. I thank all of those people who have been responsible for promoting this Shrine in honor of My Kingship."

Monday, April 30, 2007: (Maffie's 91st birthday)

Jesus said: "My people, over the years you gather many

memories with your friends, and whenever you have reunions whether it be from school, church, or family, it is always a joyous occasion. There is a love that you develop with your friends that unites your hearts with My love. You like to remember people's service with a beautiful sign of your appreciation. Even as you gathered today to celebrate Maffie's life with you, this was a great tribute to share it at Mass with Me. No matter how you may be separated at times, it is always a great feeling in your heart and soul to be a member of a loving parish family. This is why when you come together to offer up the Mass, you can share My intimate love in your hearts in Holy Communion. I never stop loving you over the years, even if your bodies age. The life of your soul never ages, so you are truly young in spirit all of your life."

Jesus said: "My people, you have seen hurricanes Katrina and Rita devastate New Orleans in a year with a record number of hurricanes and record temperatures in the world and in the oceans. America was spared last year from hurricanes because of the El Nino in the Pacific Ocean. Your weather continues to become more violent as the heat of your planet increases. Your same weather forecasters who were so wrong the year before, are forecasting a usual number of storms for this coming season. Many of your Southern coastal cities are finding it hard to even get affordable insurance for storm damage because of the staggering losses from past years. Even many areas damaged by previous hurricanes are still in ruins. It would take an enormous amount of money to be able to restore all of the lost homes. Individual owners have abandoned many properties because of insufficient funds to rebuild. Some of these people suffered My wrath for the sins in these areas, but some of this problem has come indirectly from man's abuse of the earth with all of your pollution and destruction of My balance of nature. There have been some attempts to change your bad pollution habits, but not enough concern has been generated among the countries of the worst pollution offenders. Until all countries address this same issue of a cleaner environment, you could see a continued rejection in bad storms from the nature that you are destroying."
