

Sunday, August 1, 2004:

Jesus said: "My people, this beautiful feeling of love and peace comes over you when you enter into My Real Presence at a church with My Blessed Sacrament. Your most heavenly experience is to receive Me worthily in Holy Communion at the Mass. I have told you often that if you do not eat My Body and drink My Blood, you cannot have eternal life within you. You are brought into this life to know, love, and serve Me, and you follow My Will by consecrating everything over to Me. This joy in your heart, when I am with you, lifts your spirits and in Holy Communion you are joined with My Mystical Body in all the saints and angels. It is when you serve Me in worship and helping your neighbor in hospitality that you store heavenly treasures in heaven. It is your gift of sharing all of your life with Me and your neighbors that will give you your reward both on earth and in heaven. The readings warn you to not seek this world's possessions for their own sake and not to be vain in pursuing earthly things that will pass away. If you seek only this world's gifts, you will never be satisfied, because your soul will only be satisfied in Me. So use the things of the world only for your basic needs of survival and do not make idols of them before Me. It is worship of Me that is primary in your life as you follow My First Commandment. When you seek Me first, all of the things that you need in this life will be granted to you."

Monday, August 2, 2004:

Jesus said: "My people, I am showing you this fork in the road where you must choose between Me and the temptations of earthly desires. My Blessed Mother leads you to Me, but the narrow road to heaven means you must be willing to take up your cross each day. The other road is broad to hell and it attracts you to new cars, money, gold objects, and even to sinful desires with young women or young men. This is not just a one time choice, but you are faced with this decision every time the devil tempts you with sin every day of your life. Therefore, you must be strong in your faith to avoid these temptations. Keep your focus on Me in My Blessed Sacrament and I will help you to avoid these temptations. When these thoughts of sin enter your mind, do not entertain them, but put them out of your mind. Call on Me in My Name to take away any evil thoughts so they would not lead you into acting out any sin. Analyze every day at night time how you may have offended Me that day and pray your Act of Contrition before you go to sleep. Remember these offenses or write them down so you can confess your sins to the priest in Confession. Do not be afraid to tell the priest your sins because it is Me in the priest that you are asking for

forgiveness. Go to frequent Confession so your soul can always be pure and ready for your judgment when one day I will call you home to Myself."

Tuesday, August 3, 2004:

Jesus said: "My people, I desire that you only use My cross with My suffering Body on it. You also should have the cross with My Corpus displayed prominently on My altar in My churches. The plain cross and the Resurrection crosses do not convey My suffering which I want you to imitate in your life. Display My crucifixes in your home in many rooms as well. Carry My crucifix also on your person so people can identify you as My suffering disciples. If your workplace does not allow you to display your crucifix, then find another job that will accept you. When your society prohibits you from displaying holy objects by law, then you know how close it is to the time of tribulation. Man's laws are increasingly becoming against My laws and they do not have to be obeyed when they counter My laws. Better to obey Me than man, and if you must suffer to obey Me, then this is what you must follow. They have persecuted Me and they will persecute you as well when you follow My ways. All those, who are faithful to Me, will receive your reward in heaven for displaying My cross and obeying My laws."

Jesus said: "My people, I lift all of My souls up to My Father as I offered up My life on the cross for all of mankind. Without Me you are nothing and it takes the eyes of faith to realize that you cannot be saved without Me. You must accept Me as Master of your lives and come to Me for the forgiveness of your sins. When you give Me your life and soul in full commitment to My Will, then you will be close to Me on your path to heaven. When you consecrate everything over to Me, you will see that your life will be much easier to bear. Give praise and glory to your Lord and call on Me to heal you in your spiritual and earthly needs. When you have lived your life on this earth and have made atonement for your sins, I will lift you up to heaven in Paradise with Me."

Wednesday, August 4, 2004:

At St. Anthony's Church, Robstown, Texas after Communion I could see many Spanish speaking people that had a strong devotion to the Blessed Virgin Mary. Jesus said: "My people, this is a special message for the Spanish speaking people of this area. These people have a strong love for Me and My Blessed Mother. Their devotion in prayer is innocent and beautiful. No matter how other people view them in your society, they are special to Me. Just as St. Mary, the sister

of St. Martha, had chosen the better part of loving Me, so My Spanish speaking friends have also chosen the better part of Me and My Blessed Mother and they will not be denied extra graces. Let them flock to My churches and My Blessed Mother's shrines and they will receive heavenly graces and treasure in heaven. If all other peoples loved us so much, you would have much more love and peace in your world."

Thursday, August 5, 2004: (Dedication of the Basilica of St. Mary Major)

Jesus said: "My people, My Blessed Mother fed Me and cared for Me in My upbringing at Nazareth. Our two hearts are one as she was in harmony with My Divine Will throughout her whole life. Even now when you pray for her intercession, she will bring your intentions to Me. She is your Blessed Mother and she cares for you as she did for Me. Give thanks in honoring My Blessed Mother for all she does for her children. As you travel from city to city, you are seeing how My Blessed Mother is visiting many of her children with messages and miracles of healing and weeping pictures, and statues. This is her way of comforting her children and giving you hope that heaven is looking out for My faithful people. Continue to pray her rosaries and give praise and glory to your Lord."

Friday, August 6, 2004: (Feast of the Transfiguration)

Jesus said: "My people, My Transfiguration was a preview of how I looked in My glorified Body after I was resurrected from the dead. This cup full of wine is the cup full of My Precious Blood that I shed for all of mankind. This is My ransom to My Father out of love that is offered at every Mass for the forgiveness of your sins. My heavenly Father called down: 'Listen to My Divine Son in whom I am well pleased.' This whole happening occurred on Mount Tabor when I often went into the mountains to pray and restore My spiritual strength in My earthly Body. I am always in union with My heavenly Father, but I showed you how to pray as an example in the 'Our Father'. Remember to pray to My heavenly Father, for He will grant you all that you need in this life. This feast should also remind you that at your own resurrection after the final judgment, you too, will be raised up in your glorified body with your soul."

Saturday, August 7, 2004:

Jesus said: "My people, you see this wheat harvest, but it is knocked over because the weather has made it difficult to collect in certain areas. Many crops all over the world are also being threatened by floods and bad weather. Problems with finding enough food for everyone will get worse with time as the

world famine is starting. This food problem is just one of many signs. The broken fencepost is another representation that war and terrorism will continue to cause a disruption in America and other economies of the world. The ongoing strife in Iraq and Afghanistan will continue to drain billions of dollars from your country in deficit budgets. Even though there are signs of an improving economy in America, you will continue to see difficulties in your job markets for the middle and lower classes of your society. Sin is rampant all over America and unless you repent of your sins, you will harvest more financial problems and disasters."

Jesus said: "My people, the terrorists have planted some significant bombs in several major Western cities. They have some important date to them coming that will trigger these devices. There are some demands that could be met to stop their plan, but the demands will not be agreed to. Depending on how many are killed, it will determine any measured reprisals. Prayer also can mitigate these explosions. The evil ones behind this devastation will use such terrorist threats to control people and even evacuate suspected targets. If the reprisals also kill many people, then a major world war could ensue between the East and the West. If major devastation occurs, it may be difficult to even feed those surviving any war. Pray that weapons of mass destruction are not used because of the physical repercussions that could ensue. The madness of killing so many innocent people could only come from the devil himself. Evil people will be in a great battle with good people, but I will be the victor, no matter what anyone does."

Sunday, August 8, 2004:

Jesus said: "My people, My son, you are witnessing this latest swarm of locusts in Africa, as you have seen earlier in the Mideast and Australia. Many crops and trees are being stripped by such swarms. This is just one more sign of the many pestilence events afflicting mankind before the coming of the Son of Man. I have given you this mission to prepare the people for My return in judgment. There are many signs in wars, earthquakes, famine, and pestilence all over the earth. But it takes the eyes of faith to read the signs of the times. Getting people to repent of their sins is the best preparation for the coming tribulation. I have also asked you to warn the people not to take the mark of the beast or computer chips in the body, and not to worship the beast or the Antichrist. Worship and give praise only to Me and I will protect you from the evil ones. Continue to spread My Word of love, faith, and hope to all the nations."

Jesus said: "My people, there is an earthly attraction to

desire fame and wealth that every soul is tested with in this life. Whatever money that you come by in life is not something to trust in or idolize. Riches and fame are fleeting and they will pass away. Money is needed for the basic needs, but not just to have luxuries for their own sake. Sharing whatever you have with others should be a part of your neighborly help to the poor. Depend on Me for whatever you need and you will be satisfied. Depending on your money will never give you love or stability. Money can be stolen or taken from you by the authorities. As the tribulation comes, your money will not do you any good unless you take the mark of the beast and sell your soul. Your soul is more valuable than any amount of money and being in heaven means you must give up any attachments to earthly desires and riches. Search for everlasting life in heaven with heavenly treasure and deny your earthly treasure which only leads down the broad road to hell. Love Me and you will have everything for being faithful."

Monday, August 9, 2004:

Jesus said: "My people, in today's Gospel I had St. Peter pay the temple tax as an example to My disciples that everyone is obliged to give financial support to My churches. You should tithe ten per cent of your income to charity and a share of that should go to support your local church. Along with your financial support of My Church, you should also offer your time to spread My Word, and support and pray for your priests at that church. Your church is where you have My Blessed Sacrament in My tabernacle and where My priest sons give you My sacraments. Your faith community gathers around My Eucharist at the Mass and that is why you should share a substantial donation to keep that church vibrant and ongoing."

Note: The chief commandments, or laws, of the Church are these six:

- 1) To assist at Mass on all Sundays and holydays of obligation.
- 2) To fast and to abstain on the days appointed.
- 3) To confess our sins at least once a year.
- 4) To receive Holy Communion during the Easter time.
- 5) To contribute to the support of the Church.
- 6) to observe the laws of the Church concerning marriage.

Jesus said: "My people, you are seeing more and more earthquakes that are taking their toll on innocent victims all over the world. Even volcanic activity has been associated with smaller earthquakes. Where these deaths are occurring, there is much sin going on. As earthquakes start occurring more in populated areas, you will see more deaths associated with them.

You have seen some major buildings destroyed by terrorism and now you will see more destruction by earthquakes. Any life that is lost is a great loss to that family, but when large numbers are lost, it is a great loss to that country. Prepare your souls with Confession, My people, because some serious events are about to take place. You have had lulls before the storm, and soon destruction will fall upon you because of your unrepentant sins."

Tuesday, August 10, 2004:

Jesus said: "My people, I am the corner stone of My Church and I have set St. Peter up as a rock to head My Church through his successors. My Word is the seed that I plant in the hearts of mankind. Some are like the seed that falls on the rocks that hear the Word with delight, but leave quickly in trials because they have no roots. Some are like the seed that falls among thorns, that grow up in the world and their faith is choked by the pleasures and concerns of everyday life. Then there are those who are like the seed that falls on good ground, and they yield thirty, sixty, and one hundred fold. It is good to look at your own life in faith to see which of these people that you would be like. There are more distractions and temptations in the world today than ever before. You have so many things that put demands on your time, but if you are to be really fruitful, you must make priorities in your time for Me to work and follow My mission for your life. Those, that yield good fruit, are My faithful that listen to My Word and carry it out in their daily actions. My kingdom of heaven awaits My disciples."

Jesus said: "My people, your weather patterns are creating floods, pestilence, and famine just as My prophets have told you how things will be when I come again to purify the earth. Every day brings you news of more destruction in storms, earthquakes, wars, and even locust infestations. Even now terrorism and alerts threaten your peace and many are uneasy even in your financial markets. No matter how unsettled you may be of your current events, you can always find peace and rest in My Presence. If your people were more focused on Me and not committing so much sin, you would have more hope in your lives getting better. As it is, your people are not repenting and are relying more on your money and work than relying on My help. I cannot reward a stiff necked people and instead My wrath will raise up even more serious chastisements until you are brought to your knees and your pride is humbled. Civilizations before you have destroyed themselves by their lack of morals, and America is walking down this same path to destruction. Wake up, America, before it is too late and you will be lost forever."

Wednesday, August 11, 2004: (St. Clare)

Jesus said: "My people, St. Francis and St. Clare gave up their wealth to live in total surrender to My Will and denouncing the riches of the world. These saints wanted to live in total dependence on Me so they could imitate My life of love and simple living. People of the world today would find it very difficult to give up their wealth to live this simple life in poverty. Money and possessions control people's lives more than they are willing to admit and they are becoming actual idols in place of Me. You need some money to provide shelter and food to eat, but some see money as a means to happiness and pleasures. Look at your life style to see how much riches and possessions control you and you will see what earthly desires that you need to detach yourself from. Money should only be used for your basic necessities and not as a means to an end in itself. When the coming tribulation arrives, you will see everything that you have stripped from you. So be ready to go to My refuges of protection. While you have money, be willing to share it with others, so your charity can store treasures in heaven. Whatever your situation is, do not let your money become an idol that controls how you live."

Jesus said: "My people, this building shrinking back represents the fear of your people that terrorists are planning attacks against your financial buildings in various cities. The terrorists are looking into various ways of delivering explosives to these targets. They could use planes, helicopters, missiles, or trucks. Another means that I was showing you is digging large long underground tunnels beneath the Capitol, the White House or the Pentagon. Your security people know the suspected targets and they are on the watch for any suspicious behavior. No matter how much America prepares for these attacks, it will be impossible to guard all of these targets from some determined suicide attackers. If any large numbers are killed again, you could see mandatory smart cards forced on everyone and even a plan to chip everybody in their body that will go along with the government. Many of the events that I have warned you about are about to be fulfilled that will lead up to the declaration of the Antichrist. Be prepared physically and spiritually for the coming tribulation as everything is in place for this to happen."

Thursday, August 12, 2004:

Jesus said: "My people, there are some people who are very meticulous about keeping track of their billings and the paying off of their debts for services rendered. You are very careful to pay your debts in a timely manner so you do not incur late fees or endanger your credit rating. Even some, who are owed

debts, try to extract their money through legal liens or garnishes on wages. Many even sue people for the least little offense. Even as you are selfish about hoarding your money, you also are unforgiving with financial or physical harm debts. Look at all of the litigation going on in your courts and you will see how mean spirited your people are about money. Forgiving debts and hurts of others is a very difficult request of anyone today. Yet, if you are true to your belief in the 'Our Father' or today's Gospel on forgiving debts, you need to rethink your reaction to those who have hurt you in any way. Instead of trying to exact revenge, I call you out of love to pray for your enemies that their souls could be saved. This is a hard request for those influenced by the world, but if you are striving for perfection, you must struggle to not have grudges and forgive your enemies or those who have hurt you. By loving everyone despite what they have done to you, then you will be on the right path to heaven and receive your heavenly reward."

Thursday, August 12, 2004:

Prayer Group:

Jesus said: "My people, you have seen a great mystic (Maria Esperanza) pass from your presence, but she is safe in My kingdom. You were concerned that she was suffering for My pope son, but do not worry because she continues to pray for his health and his work. Her passing is a sign even as she foretold a great sign for this year. My people, I keep telling you that your time is short before the final events will begin. Pray much and go frequently to Confession to keep your spiritual strength for what you are about to bear."

Jesus said: "My people, you are seeing in this vision how famine will be spreading all over the world. In your current plenty there is much waste at your stores, in restaurants, and on cruise ships. As food will become harder to find, food will be rationed out and your restaurants will indeed be empty. Many in the rich nations do not know what it is like to go to bed hungry, but soon everyone will be suffering. My people will find food and water at My refuges, but do not take anything from the evil ones who will try and control the distribution of food. These evil ones will demand chips in the body for their food, but do not give in to them. Better to starve to death than to worship the beast of the Antichrist."

Jesus said: "My people, there have been many courageous religious and laity that have given up their lives in martyrdom than deny their beliefs in Me. In the coming years of tribulation many more will die as martyrs to witness their love for Me and follow My laws before man's laws that are corrupt. Those, who are able to die for Me will be given the grace to

endure their suffering. The remaining faithful will be miraculously protected at My refuges."

Jesus said: "My people, you are seeing the first storms that are taking aim at your country. Even as you prepare for this storm, you will see a parade of storms that will test your endurance. Insurance companies will find it hard to keep up with the ensuing destruction. Violent weather will continue to test America along with other natural disasters. Man thinks that he can control the damage from nature, but this year will test your endurance to the last bit of your strength."

Jesus said: "My people, man has expanded his knowledge of the universe in your probes that have looked at Mars, Jupiter, Saturn, and now Mercury. Even as you have witnessed strides in your science in space, you still need to learn how to love one another. You are killing each other in needless wars, abortion, and euthanasia, and you need to work on making peace among your fellow men. Repent of your sins and follow My mission instead of just satisfying your own desire for more knowledge."

Jesus said: "My people, war, disease, and poverty are killing many parents and their children are filling many orphanages. I want My faithful to reach out to help these orphans in many places all over the world. You may be able to adopt them or send donations to feed them. They need your love and care, and those, who look out for My little ones, will receive treasure in heaven that will help you at your judgment."

Jesus said: "My people, many of your food items, as beef, are seeing changing prices due to problems in the cost of bringing these animals to market. This is just one symptom of many in your coming food shortages. I have asked people to set aside a small amount of extra food so I can multiply it for My faithful and those who come to your house. I will watch over My flock even during this coming famine, but you must have faith in My Word that I will supply your needs without help from the evil ones. Ask for My help at any time because I am at your side always ready to answer your prayers."

Friday, August 13, 2004:

Jesus said: "My people, in today's reading of the Gospel I speak to you about divorce and I emphasize your focus should be more about love and total commitment than on having a way out of a marriage. If you enter a marriage only half heartedly and thinking that you can leave if it does not work out, then your dedication in love to each other could be upset by the least little disagreement. This whole theme of love and the permanence of a relationship is paralleled in marriage with My relationship with every soul. I will always love everyone because you are My creations. It is only by man's free will

that you either accept or reject My love. I have died for each of you and your sins, and I always await your return to Me from anything that comes between us. Our relationship is not terminated as in a divorce, but I am always seeking your love to your dying day. See that I want a permanent love relationship with every soul and I will never take no for a final answer. My teaching on living a marriage until death is a difficult calling and it is for those willing to accept this teaching. In cases where immorality or the threatening of one's life is present, some have sought annulments in My Church. There are problems with incompatibility between spouses and there are needs for separations. The problems occur when a spouse wants to marry again and this is where discussions with My priests or counselors are needed. Even though there are divorces, it does not mean that this is My accepted norm for how to live. I want everyone to live in love and not hate caused by any differences in a marriage. Work at your marriage to make it work by loving each other than letting selfish reasons break it. By working to help each other out of love, your spouse can be your help mate to your eternal salvation with Me."

Jesus said: "My people, I have given you messages comparing the Exodus of the Old Testament to the coming modern day Exodus. Even as I tested the Egyptians with many plagues, so in the tribulation My angels will again bring plagues of destruction against the evil ones who will take the mark of the beast. This vision of destruction will be the living hell that those who worship the beast will suffer. My faithful will be protected at My refuges, and any diseases or biological weapons used against My people will not be effective. They will be healed by looking on My luminous cross and by drinking the healing waters of the springs at My refuges. Fear not these evil ones for My angels will do battle for you and you will not need any weapons but your prayers. In the end all evil will be vanquished from the earth and I will make a new heavens and a new earth for all My faithful to share in My Era of Peace."

Saturday, August 14, 2004: (Maximillian Kolbe)

Jesus said: "My people, you are seeing the continuing devastation of the first hurricanes to strike America this year. It will be some time before the total amount of damage and deaths will be assessed, but there is no doubt that this was a serious blow to Florida and its economy. I have told you earlier that you will know the meaning of natural disasters this year and your country will taste still more. In the past some storms have slowed down in speed before landfall, but this time it speeded up beyond what forecasters were expecting. Many other problems with oil prices, deficits from imports, and

employment numbers continue to test your fragile economy. You are still facing problems in Iraq and Afghanistan as well as possible terrorist attacks before the election. You will see a continuation of events that will harass your country because you are not repenting of your sins. Only by prayer and fasting can these events be mitigated. Give praise to Me and obey My laws, or you will suffer the consequences of your actions."

Jesus said: "My people, you know of or have seen messages of many concentration camps all over your country as at old army bases. These are the detention centers for keeping those people who will not go along with the new world order. The evil ones will be seeking out those strong in their faith that will resist worshiping the beast. They also will be seeking out those who are patriotic to your country and desire freedom from forced chips in the body. By removing those who most object to their takeover plans, they feel the rest will submit without a fight to following the beast if money is at stake. You will be faced with the evil ones trying to force everyone to worship the beast instead of Me. You will need strong faith to resist these evil ones because they will control the food, the money and the jobs. Regardless of the danger to the body, do not submit to these evil ones, but let Me feed you and protect you at My refuges. Protect your soul by worshiping only Me and not taking any chip in your body or on your person. Some will risk martyrdom to defy the authorities, but it is better to suffer a little here than eternal suffering in hell if you follow the evil ones."

Sunday, August 15, 2004: (Assumption of Mary)

Mary said: "My dear children, the first reading speaks of a woman dressed in the sun and my image on the tilma in Guadeloupe is that image. The image on the tilma is a miracle in itself as you have witnessed other images on the bank windows in Clearwater, Florida. The darkened image of Our Lady of Guadeloupe was because of the breaking of the windows on my image in Clearwater. This attack by the recent hurricane Charley was diverted from this area, but the damage to Florida is because of much sin in this state. You witnessed this same image on the plywood in Robstown, Texas and another miracle of the bleeding cross that was touched to the traveling image of the tilma. This image is my miracle of protection for all the Americas, but you are seeing tears on my statues and my Son's pictures because we are so sad over your sins of abortion and your sins of the flesh. My image of Guadeloupe is of my pregnancy with Jesus and the readings of the day in the Gospel are about Elizabeth calling me blessed and my response in my Magnificat. I want my children to pray for the stoppage of abortion in your country and all the Americas because this

destruction of my Son's little ones most offends Him. I have tried to hold back my Son's wrath on your country for these sins, but his justice must be meted out, and you will be seeing many chastisements as these storms because abortion is not being stopped."

Monday, August 16, 2004:

Jesus said: "My people, your life in your society is upside down in your morals and laws compared to the normal life of a holy person. What is normal for Me and normal for man are the differences between My ways and man's ways. In today's Gospel I recited My Commandments in not killing, not stealing, and not committing adultery. My law also speaks of loving your neighbor as yourself. Look at man who has laws allowing the killing of the unborn in abortion, laws allowing gay marriages, amnesty laws for many thefts, and man's worship of things and pleasures in place of Me. Even in My Church evil masons are bringing in homosexuality, New Age influences, and only lip service to My laws. It is becoming illegal to wear holy objects as crosses in the workplace, and there is worship of materialism and the taking of My Name off your money, and the removal of the Ten Commandments from buildings. 'Under God' in your pledge of allegiance to the flag is under attack, as well as removing Nativity scenes from public places at Christmas. Those, who turn their backs on Me and refuse to follow My laws, are the lukewarm, who know better, that I will spew from My mouth. I call everyone to love Me and seek the perfection of a holy life, but even the rich man turned away from Me sad because he had many possessions that he did not want to give up."

Jesus said: "My people, you are seeing the contrast how some seek wealth, as these gold coins, for themselves, while others seek beautiful vessels to share with others for Masses. You have heard Me preach many Gospels of how hard it is for the rich to enter heaven. But you can use your wealth in a loving way by sharing it in charity and in this vision by buying vessels for Mass for poor parishes in the missions who have only the bare necessities. There are many ways to share by donating clothes, food, or money. The more beautiful way to share is to pray for someone or have a Mass said for them, or even fasting and giving up your pains for another. Many times you give charity, but do not be looking for something in return. If you are repaid here, you will have less treasure in heaven. When you give of yourself for another's aid or sustenance, you have a better feeling of sharing love than any other pleasure or enjoyment from spending money on yourself. Learn the value of true charity in life and you will not desire wealth just for yourself."

Tuesday, August 17, 2004:

Jesus said: "My people, you may be living in comfort today, but in the tribulation you will be humbled to live depending on Me for everything. In the first reading Ezechiel told the ruler, who thought he was like God, that he would be killed by barbarians. Any wealth or power that you have today is only temporary and could be lost tomorrow. Live a life of humility in sharing what you have with others, and do not be boastful of your possessions or haughty in your pride. You are only a steward of your possessions and talents and you will be accountable for how you used them or abused them. Prepare to be humbled in your trials of tomorrow and you will not be disappointed or in despair when things will be taken away from you."

Jesus said: "My people, man's curiosity about life on other planets has inspired many probes to be sent to Mars, Jupiter, Saturn, and soon Mercury. Your latest discoveries on Mars have pointed to mineral formation as on earth, but there have been no fossils or other signs of life. Your recent probe to Saturn was curious about a moon with some features like earth. Even new discoveries of new moons and planets on distant stars have intrigued your scientists, but still no direct communication or signs of life have been seen. Even with all of your modern day technology, you are only scratching the surface of the knowledge of the universe. Once you come to heaven, you will be aware of this knowledge, but for now you are very limited in your space travel to learn of these mysteries. Some of your research has actually offended Me in your determination to order nature by your manipulation of DNA in cloning and changing plants and animals. Your research on black holes and nuclear weapons also are life threatening to your lives on earth. Man's quest for knowledge is understandable, but to abuse My creation means you are following your pride and listening to the devil's temptations. Follow the perfection of life as I created it, and stop your abuses of My gifts and talents."

Wednesday, August 18, 2004:

Jesus said: "My people, today's reading about Ezechiel chastising the shepherds or leaders of his day (Ezech. 34:1-11) has meaning for many of the bishops of your day. The Israelite leaders were being criticized for enjoying the prestige and comfort of their office, but they did not lift a finger to help the people under them. In your day also there are bishops enjoying their power and riches, but are not standing up for the morals that I set before them in My Gospels. They are more concerned with being more politically correct than speaking out

against abortion, living together in sin, or political Catholic candidates not denouncing abortion. These bishops are weak and do not want to make waves, but it is their responsibility to lead and protect the flock of the faithful under their care. It is important to pray for your bishops and priests because of their human weaknesses. This elevator going down represents these lukewarm bishops who are failing in their jobs and letting souls be lost, but in the end they will be held accountable, even in hell for some."

Jesus said: "My people, today you can breathe the air without any protection. Only in highly polluted cities is it difficult to breathe the air. You have added much pollution to your air by burning fossil fuels for cars and power plants. Given this continued pollution and some volcanoes going off, it is conceivable that your air will be hard to breathe without some filtration. Sheltered cities for breathing and non-polluting cars may be your coming means to survive. Your uses of energy sources may have to be tailored to be atmosphere friendly as well as your means of transportation. Now is the best time to make plans for reducing your pollution so you can preserve the air you breathe and the water you drink, not only for yourself, but for your children and grandchildren."

Thursday, August 19, 2004:

Jesus said: "My people, in the Gospel reading you see the parable of the king who invited guests to come to his feast. They killed and abused his messengers, so he had his troops kill them and burned down their city. He then had people drawn off the streets to fill his banquet table, but those without the proper wedding garments were tied and thrown out into the street. Many are called, but few are chosen. This is true today that I call everyone to salvation, but some reject Me and others are not spiritually prepared to enter heaven. My faithful are given the proper garments of My sacraments, but if you live in sin without coming to forgiveness in Confession, then your garments will be unfit for My banquet. In the vision you see a large long ladder that represents the many difficult steps you will need to take to enter My kingdom. These steps include taking up your own cross and following the mission that I have given you. It means making a daily consecration of everything to Me and depending on Me for all that you have. By accepting Me as your Master and seeking Me to have your sins forgiven, I will help you in each step of the way to reach your goal in heaven. Have the child like trust in Me and you will be given all that you need both on earth and in heaven."

Thursday, August 19, 2004:

Prayer Group:

Jesus said: "My people, you have seen the population in the West of America expand and yet many fires and occasional floods are causing problems among the people there. I have told you that natural disasters occur where there is much sin. The West is seeing times of flood, times of lost homes in fires, and earthquakes up and down the coast. Water is still a difficult resource to find and share with so many needing it for survival and making a living. Many disasters are even occurring all over your country as in Florida's recovery from Hurricane Charley. America needs to repent of its sins before you fall in ruin."

Jesus said: "My people, America has been doing well (Olympics), but many are disappointed in some not winning as they thought would happen. Every sports event is open to anyone in the contest to win and it is not automatic that your country will win many gold medals. Other countries feel your country is a little arrogant at times when you want to dominate everything. Time will show who are the better athletes. There is good will between countries and each nation can enter on an even playing field."

Jesus said: "My people, seeing both men and women competing in similar games gives more equality to even gender in an equal opportunity to display skills in these games. Many heroes are made among men and women in their skills and talents demonstrated in their sports. Exercise and skill help to develop your bodies in good health. Using your gifts is more witness to My greater glory in rewarding your work."

Jesus said: "My people,(Charley) your first concern is for the people who lost their lives and their homes. As more reports come in, you can see considerable damage also to the citrus fruit industry with this storm. Some food shortages may temporarily cause higher prices and less commodities available to share with the rest of your country. The economy problems in Florida will be spread among your states and insurance losses. See these trials as another example of the result of your sin. By prayer and repentance you could lessen the severity of these tests."

Jesus said: "My people, the longer this war drags on between various factions, it becomes difficult to see an exit strategy for your troops. Your president is starting to pull back troops in many cold war countries because your forces are being spread too thin in the rest of the world's trouble spots. You are continuing to see a very difficult problem in dealing with terrorism because it is hard to protect every vulnerable target."

Jesus said: "My people, your Shuttle program has shown you

that manned flights are still dangerous and safety can never be assumed, but it must be an ongoing concern. Many scientific advances have resulted from your space programs, and you are learning much about other planets even without manned missions. Use your technology for good purposes and not to change nature as I created it. If you work with Me in your quest for knowledge, you will see peace. But when you turn nature against My laws, you will reap a whirlwind of destruction."

Jesus said: "My people, the earth has a finite amount of resources that must be shared by all. No one nation should grow rich at the expense of other nations. Plans to use your land properly all over the world should keep renewal of the nutrients high in your priorities for land preservation. By sharing proper farming techniques with third world countries, then they too can preserve their lands without deserts growing so rapidly. Pray for My help and be willing to share your gifts and resources without hoarding them for yourselves."

Friday, August 20, 2004: (St. Bernard)

Jesus said: "My people, you have seen schism in My Church back at the time of the Reformation when division came in many Protestant Denominations. Today, there are many informal schisms going on with disobedience to what My pope son is teaching in upholding My Church laws and My Commandments. You will see a formalized schism coming in My Church as a sign of the tribulation taking place. There will be another division in My Church between a schismatic church and My faithful remnant. Those, who will remain faithful to Me, will be in the minority. I will describe the schismatic church so that you will be able to recognize it when it happens. There are three main tenets that will be upheld in the schismatic church. First, they will be supporting a New Age religion which worships the earth, the moon, and many gods and goddesses of the earth. Second, they will teach that fornication, adultery, and masturbation are not mortal sins. That is they will teach that living together heterosexually or homosexually without proper marriage is not sinful. Third, this evil church will take away all reverence for My Blessed Sacrament and say the bread is only a symbol and not My Real Presence. I am describing this schism because you are already seeing these signs coming into your churches and you should know that this is an evil influence led by the masons in My Church. Pray for your priests, bishops, and cardinals that they remain faithful to My teachings as the apostles taught, and not as some are misinterpreting the Gospels to their own liking. My people need to be strong in your faith by daily prayer and frequent Confession, and visits to My Blessed Sacrament. This evil age will test everyone dearly in what you truly believe."

Jesus said: "My people, your fighting in Iraq and Afghanistan is becoming more futile and it questions why you are trying to force your way on these people. The terrorists are taking their time and only attacking vulnerable targets whether civilian or military. They are fighting for their own land and to remove your occupation forces. Bringing terrorism on America will come from those already in your country or those that are coming through your loosely guarded borders. Causing destruction among many civilian targets is a lot easier than winning on a military battlefield where they are outnumbered and outgunned. This determination to cause destruction of American targets is a never ending battle that will always be shadowing your people. I want only love and peace to be among you, but the Islamic terrorists are seeking only hate and revenge that will never be satisfied. Pray for all sinners and even those who hate you."

Saturday, August 21, 2004: (St. Pius X)

Jesus said: "My people, it is one thing to perform good deeds for helping people, but it is another if they are being done just to show off for one's own glory before men. I ask My disciples to perform your good works for Me and I, who see you in secret and know your heart's intentions, will reward you. He, who exalts himself, will be humbled, and he, who humbles himself, will be exalted. Those, who are searching for honors and fame in men's eyes, will find this human glory fleeting and gone tomorrow. Those, who are seeking to please Me only by love of Me and their neighbor, will do it for My greater glory and you will have My reward in everlasting eternity in heaven. I read the intentions in your heart for every action and this is what you will be judged on, and not just by mere appearances. You may fool some by your outward actions, but you cannot fool Me. So perform all of your actions while you are focused on Me, and I will direct you what to say and do. Remember the parable about the good tree and the bad tree. A good tree can only bear good fruit, while a bad tree can only bear bad fruit. So it is by your fruits that I will know whether you are doing them for Me or yourself."

Jesus said: "My people, as thoughts of going back to school come to mind, many are getting their books and supplies ready. Some are focused on what courses to take in secular subjects. But parents should also feel a responsibility to have their children educated in the faith as well. Just as you struggle to learn more about your subjects to advance in school, so you also need to know about your Lord so your knowledge of your faith keeps up with the level of your secular knowledge. You can always improve in your spiritual life if you ask My help and

follow My mission for your life. Some are called to teach the children in religion class to pass your gift of faith on to the next generation. As parents you may be called to supplement what your children are being taught about the faith. Your example in your actions speaks volumes of what you believe to your children. By seeing you pray, go to Mass, and help people, you are practicing what you preach and your children will see this. See that schooling in religion is just as important a priority to learning as the secular subjects."

Sunday, August 22, 2004:

Jesus said: "My people, life on earth is very temporary and any desires for the things on earth are wasted effort when this age will pass away. Life in heaven on the other hand, is eternal and beautiful in My presence. When I say to enter by the narrow road, I am asking you to seek that which is everlasting over that which is passing away. The darkness of this life in the vision represents the evil that is present in this age. While the bright lighted room represents the Light of My grace in heaven. The narrow road that you must follow is one of blind faith and obedience to Me in following My laws and My Divine Will instead of your will. I give each of you free will to love Me and serve Me.

It is giving up your control of your life that will set your soul free. Only by praising and worshiping your Lord first can you gain heaven. I must be primary and first in all of your thoughts. By total dedication and total commitment to following Me, you will be open to My saving grace so I can mold you into the holy life that is worthy of entering heaven. By severing all of your earthly desires, you can be perfected enough to be one of My disciples in heaven. Trust in Me always and follow My Light to your salvation."

Monday, August 23, 2004: (St. Rose of Lima)

Jesus said: "My people, your accomplishments and awards in this life are like winning medals in the Olympics. Even though you may have worked long and hard for these things, the glory or reward for your work is done and soon forgotten. This is true of most events in your life that are only temporary as new challenges soon take their place. Many are consumed by seeking glory for themselves in the eyes of others. Fame and riches are short in duration, but they are worldly desires because many seek them for selfish reasons. It is better to seek a holy life for My greater glory than any glory of your own. You may seek fame and riches and be disappointed because you could not reach such a goal. Even if you do achieve these things, you are not satisfied with them for very long. It is the heavenly treasures

for helping people that will satisfy you more, because these are everlasting. Look at your whole life as a work in progress that you are offering up to Me for My greater glory. Then one day I will receive you at your death and you will become a part of My glory in heaven."

Jesus said: "My people, this large anchor tied to a stone represents the strong faith that I want each of you to have amidst the storms in the sea of life. At times when you are detoured from your path to Me, you can drift away from Me in your unrepentant sins. But when you are anchored with faith in Me, you can choose to be close to Me in all of your actions. I have given you many gifts in life itself, salvation of your soul by My suffering on the cross, and My sacraments of grace in Baptism, Confession, and Holy Communion. By consecrating everything to Me in following My Will and My Commandments, you are on the right path to heaven. By forming a proper conscience to know right from wrong, you will be warned about sin that offends Me. You have been given a gift of faith by your education from school and your parents. Keep this anchor of faith with you and never sever My life line of grace to you. It is by your eyes of faith that I lead you through life's trials and your prayers are your strength to fall back on in hard times. Share your faith with your families and evangelize others so they can have this anchor of stability in their lives with Me. Give praise, glory, and thanks to Me for all these gifts that you have."

Tuesday, August 24, 2004: (St. Bartholomew)

Jesus said: "My people, My first disciples in My apostles had the gift of hearing My very words throughout the three years of My public ministry. They did not know how much responsibility would fall on them to spread My Gospel to all the nations. I had taught them, but they did not realize that I would be setting up a new Church based on My Gospel of love. After I died and was resurrected, I brought the power of the Holy Spirit in to them to give them courage, gifts of different languages, healing and speaking gifts. This vision of Mass in a cave is how many early Christians had to hold their services in secret. Breaking bread at Mass is still the focus of today's Mass, but you are not as persecuted now. A time is coming during the coming tribulation when again you may have to meet in secret. Be prepared spiritually each day as this time of persecution will return in an age of evil that you have never seen before."

Jesus said: "My people, you take time to trim your yards and take care of your bushes. Just as you want your house and yard to look presentable, you need to make your souls

presentable to Me as well. By coming to frequent Confession with contrite and humble hearts, I will forgive you of your sins, and your soul will be wiped clean of the filth of your sins. Keep your souls pure at all times so you will be ready when I call you home. Have your soul always pure when you receive Me in Holy Communion. I also await your visits to Me in My Blessed Sacrament at Adoration or in My tabernacle. Your friends and relatives need this advice to keep their souls pure. Do not be afraid to warn them of the dangers of sin and give them your example of going to Confession to a priest. This is difficult to admit your sins, but it is humbling for you to acknowledge your imperfections and that you will strive to not repeat the same mistakes. Habitual sin is the hardest to break because you have grown accustomed to some sin controlling you. Call on My help in a special prayer so you can break this hold that a certain sin may have on you. Recognize this weakness and do everything to avoid any near occasions of desire that could lead you into this sin. By shutting it out of your mind at the first hint of a temptation, then you can say 'Jesus help me.' or 'In the Name of Jesus, take this temptation away.' By fighting off these temptations before they can get a foothold, then you can ward off this sin. I will recognize and reward you every time you refuse to be controlled by your sins. I love all of you and I want to see you with pure souls ready to come to heaven."

Wednesday, August 25, 2004: (St. Louis of France)

Jesus said: "My people of America, you have seen many killed in Spain before on train explosions before an election. Now, again there are two suspicious planes downed in Russia right before another election. I have warned you in America of a strong attempt to upset your elections by terrorist activity. Even though there are many working on your security, it will be difficult to prevent determined terrorists from attacking so many potential targets. Because of your support for Israel and the fighting in Iraq and Afghanistan, you have angered many Arab factions against you. That is why after September 11th your world will never be the same. You are in the midst of a battle both politically and religiously that will continue into the time of tribulation. Do not let down your guard because the Islamic terrorists will not be satisfied with peace treaties or cease fires. Their goal is to destroy you any way they can, and they will not stop their attacks until this is accomplished. I have shown you the Antichrist as an Arab, so this is a sign of your downfall and who will have a brief reign. I detest war and all killing, but this is your future and see how it will come about. I will be the victor in the end, so have faith and trust

in Me to find protection and save your soul."

Jesus said: "My people, this vision is a sign that the terrorists are still looking for various ways to destroy your tall skyscrapers. The roaming spotlight on this building is an attempt to locate a vulnerable spot to attack. At night there could be terrorists breaking in to bring heavy amounts of plastic explosives to a large building to destroy it, much like the planes accomplished. They will pick vulnerable targets that are least guarded and could cause a large amount of casualties during working hours. If enough serious attacks occur, you could see large Muslim populations placed in your detention centers much like the Japanese and German citizens of this country were interned in World War II. Hate from more killings will drive more divisions between the East and the West that even could result in a stoppage of Arab oil to the Western Nations. Many nations will be held hostage to an access to energy supplies because of the rifts against Arab terrorists. The oil money will be more openly used to finance Arab terrorism all over the world. As war and depressions will take their toll on all countries, you will see the world ripe for takeover by the Antichrist amidst much unrest. Nations will applaud the Antichrist as a man of peace, but he will soon demand allegiance and power to control the world's finances through chips in the body. At this time you will go to My refuges for food and protection from the evil ones. Trust in Me and I will bring an end to all evil all over the earth. My victory will bring a renewal of the earth in the Era of Peace."

Thursday, August 26, 2004:

Jesus said: "My people, what does it take for one person to take the life of another? Ever since Cain killed Abel, man has been dealing with this side of his nature that is tempted by the evil one. It is this inner hate that develops in a person that so blinds their rational conscience. Normally, committing such an atrocity would be unthinkable. Hate can come from several sources as a jealous lover, revenge for another killing or insult, or even over drugs and money. Managing anger or hate in one's life is very important so it will not lead you to such irrational behavior. If you had love for everyone, then hate would not have any foundation. If you treasured life as too precious to kill, again there would be no consideration of killing someone. This love for each other is what is missing in your society and among your nations. Some with wealth and power lord it over others for their own benefit. This arrogance and open aggression stirs up envy, jealousy, and even hatred between countries. Wars are stirred up over dictators, or control of a country's resources. In other cases there is a passive hate or

a desire for one's freedom when a woman kills her own child in abortion. Either to avoid embarrassment or the expense or inconvenience of caring for a child, some mothers are shirking their responsibility to have their own children. All killing starts with a decision in the heart to act out their aggression against an innocent life. Taking a life violates My plan for that life and that is why this is a mortal sin and most offends Me. It is because of America's disregard for life in abortions, homicides, and even killing in war that you are calling down My wrath on your country. Pray for peace and to stop your abortions or your country will cease to exist as you know it."

Thursday, August 26, 2004:

Prayer Group:

Jesus said: "My people, the Spanish speaking portion of America is growing every year and they are bringing more religious people into your churches. There are many troubles in your country as your election is showing up. It is time for your people to repent of your sins and spend more time praying for peace, poor sinners, and the stoppage of abortion. If enough people were praying for your country, you would have less trials to deal with. Give thanks to Me for all the gifts that your country has received."

Jesus said: "My people, your low interest rates have been encouraging an increasing number of new homes to be built. This is a good sign for your struggling economy, but it puts more strain on making new jobs and providing the utilities needed for each new home. The freshness of a new home should also inspire My people to have freshly cleansed souls from frequent Confession. Cleanse the inside as much as you cleanse the outside. Choose good prayer habits to keep your focus on Me and not on worldly desires."

Jesus said: "My people, you are so used to driving and walking that it is hard to live with limited freedom in your mobility. Some have difficulty seeing, some have problems with walking, and others are not able to drive a car any longer. As you have to deal with your aging disabilities, be thankful that you have people around you willing to assist you. If someone offers you help, be generous to allow them to assist you, even though your pride may be hurt. People are sincere in helping the disabled and it is one of your corporal works of mercy. Those, who have gained in their years, need to be thankful for your long life and the experiences that you have shared with others."

Jesus said: "My people, you are seeing dying older patients and terminal young people dying from cancer and other diseases. It is difficult to watch a family member deteriorate over time

in a stroke or lapses of memory. There is some solace in that they had a full life and are now being called home. Seeing younger people dying of terminal illnesses is a lot harder on spouses and parents because they did not enjoy that many years of life. You all know that you can die at any time, but it is harder to accept when it is your life coming to a close. At times it may be difficult for a loved one to let their friend or relative pass. You have enjoyed their life for a while and it is hard to face separation. Yet, you cannot deny someone to pass into the next life where all of you will come one day. Pray for each soul that passes that they may be saved, even if they suffer some time in purgatory."

Jesus said: "My people, as you see someone pass away, you are struck by how mortal you are, and how short your life is here on earth. This should help you to focus on how precious your time is in this life. It should help you also to set your priorities more focused on heavenly things than just being entertained. You are here to show Me how much you love Me and those around you. Prepare your lives with prayer and good deeds in your hands so when you come to your judgment, you will not have empty hands. When I recognize My disciples, I will claim you as 'mine' forever. The devil will claim those who have rejected Me and served only themselves."

Jesus said: "My people, do not be so concerned with your financial success and status in this life because it will not bring you closer to heaven. The more possessions you own, the more distractions there will be to lead you away from Me. Leading a simpler life is how the saints desired to live so they were less compromised by worldly concerns. The accomplishments that I am looking for is how you helped others with the right intention in your hearts of not looking for any gain for yourselves. Think of this test of love of Me and love of your neighbor and you will truly be ready to live a good Christian life."

Jesus said: "My people, without a beacon or good star, or satellite readings, it would be difficult to find your way in fog, clouds, or night. That is why you must have your spiritual beacons to navigate life as well. Whenever you are in trouble, you can call on My gifts and My Light to lead you. You can pray to the Holy Spirit for discernment in what job or profession to take. You can rely on My grace in Confession to remove any guilt of your sins. You can find My love and help at any tabernacle to strengthen you in handling your daily trials. Look to Me for your direction, and I will lead you home to heaven."

Friday, August 27, 2004: (St. Monica)

Jesus said: "My son, this message of preparation about the five wise virgins and the five foolish virgins is all about your mission. I have given you the title of your book: 'Prepare for the Great Tribulation and the Era of Peace.' This message is all about spiritual preparation of your soul to be pure at the end of this age or at your death, whichever comes first. There is a time of waiting before the groom invited the guests to come in. It is during this time that you should take care to go to frequent Confession and pray your daily prayers. Just because you may think that you have many years before your death, do not fall asleep spiritually by putting off your conversion or putting off making your confession. You may die suddenly without any time to purify your soul. If you are not faithful to Me, and you go about in your sins unrepentant, and you know I am coming, how can you be saved? You will find the gates of heaven locked as with the five foolish virgins and you will not be able to enter because I do not know you. If you truly love Me and want to enter heaven, then be like the five wise virgins and put grace into your soul as they put extra oil into their lamps. I am always waiting until your dying breath for you to repent of your sins and ask My forgiveness. Do not put off this spiritual preparation or you may not enter heaven. Strive in your evangelization of souls with prayer and fasting because you are struggling to save souls from the clutches of the devil and he will not give up without a fight for each soul. When you reach heaven, you will give Me praise and glory that you were allowed the grace of being saved."

Jesus said: "My people, your government has built several underground cities and caves to house armies and protect some in case of a dramatic problem on the surface of the earth. They are prepared for a massive biological attack, a nuclear attack, an asteroid or comet striking, or a massive volcanic disturbance. Some have also prepared at refuges some food and water for those who will be brought there by their angels. It takes considerable planning and finances to fund these underground ventures so they know something is coming which they are not telling the people. There will be some catastrophic events before the Antichrist declares himself. So be prepared spiritually and physically with your backpacks so you can come to My refuges for protection from whatever events will be happening."

Saturday, August 28, 2004: (St. Augustine)

Jesus said: "My people, this vision of a hand gun represents how violent your society has become. Instead of love of Me and love of your neighbor, your society has filled this absence of love with hate and apathy. You have focused more on

yourselves with little care for Me or others. This is a result of your striving for independence to rely only on yourself. You can see just in your news what makes the headlines. Violence is seen from terrorism in killing civilians, shootings in drug neighborhoods, and war in Iraq and Afghanistan. There is even violence not seen in your news with the many unborn being killed in abortions. Look again at your television programming in how many programs display violence in fighting and murders. Even the cartoons are teaching violence to your young children. Instead of compromise, you are answering your problems at the end of a gun which only causes more violence in revenge or retaliation. If you want to turn your death culture around, it must first start with following My Commandments in love of God and love of neighbor. Love must be seen in your immediate families among parents to stop divorce, and among family members in forgiving each other. If you cannot have peace in your own families, how is love going to spread across your nation and to other nations? Pray for your marriages of man and woman to stay together. Pray for sinners not to seek killing each other. Pray for peace among nations in stopping wars and terrorism. If you let Satan and the world run your life, you will have chaos and hate. If you let Me run your life, you will have peace and love in your family. The choice is yours, America, and your actions will determine your fate."

Jesus said: "My people, you like to watch the athletes give everything they can in their attempt to win medals or football games. It is the spirited players that seem to give that last bit of effort that makes them win. In life you have a different goal in seeking to win heaven, but you will be judged on your actions. If you are lazy and give in to your earthly desires, you could miss your opportunity to gain heaven. Every day you must struggle hard in your sufferings and trials to follow My Commandments, even in face of the devil's many temptations. You are to be spirited disciples that desire to please Me more than yourself. When your goal is My greater glory than your own glory, then you will win as I judge you. I look for humility and a desire to share what you have with others. You all are trying out in life to make My team in heaven, so do not let Me down and keep trying your best to be holy and you will see your reward in heaven."

Sunday, August 29, 2004:

Jesus said: "My people, today's readings are focused on humility, and do not let your pride lead you astray. Just as I died for all the sins of mankind, you are not ready to save your life until you are willing to give it up to Me. You truly are nothing without Me, but you are here as a test of your

faithfulness to Me. You are called to know, love, and serve Me, and do not follow the evil one, who in his pride, refused to serve Me. I have called you each day to give your will completely over to My Divine Will in total consecration. Everything you have and do comes from Me and you can see by the order of nature how every plant, animal, and even the stars obey Me and fulfill their purpose. The ultimate in controlling your pride is to admit that you are a sinner and are not yet perfect in your actions. When you see the guilt of your sins and how they offend Me, you will want to come and seek My forgiveness with contrite hearts. Those, who are sincere in their contrition at Confession, I will forgive and I will purify your soul with My sanctifying grace. It is humbling to bring yourself to the priest in Confession, but this is your source of grace and strength in your spiritual life to be pure in My sight. All people are faced with this decision in life to either serve Me or yourself. By being humble and obedient to My Commandments, I will bring you into My wedding feast in heaven. If you are too prideful and do not commit your life to Me in love and service, your pride could even lead you to eternal suffering in hell. He, who exalts himself over Me, will find hell, but he, who humbles himself in My service, will gain eternal life in heaven."

Jesus said: "My people, I am showing you these sports stadiums because this is where the Antichrist will be giving his speeches and it will be televised all over the world. The black stairs rising to the top is an indication of the Antichrist's rise to power. I have told you that his reign will be short and not to look at his face because he will have demonic powers to influence your mind to worship him. If you heed My signs of the world famine, a schism in the Church, and forced chips in the body, you will be calling on Me to have your guardian angels lead you to My refuges of protection. At the refuges My angel will protect you from the demons and evil people who are trying to kill you. Trust in My grace and power so you will not be at your homes when the evil people seek you out."

Monday, August 30, 2004:

Jesus said: "My people, those of My home town in Nazareth thought they knew of My beginnings and they could not understand how God could come as a man to them. They did not know nor understand My Blessed Mother's virgin birth that was conceived by the power of the Holy Spirit. They did not know or believe in the angel Gabriel's announcement of My coming to My Blessed Mother when she said 'yes' to the angel in her fiat. I was born in Bethlehem as acknowledged by Micah. If these people really knew My true beginnings and listened to My words of wisdom, then

they could have accepted Me. But instead they refused to believe that God could be incarnated as a man and they did not have faith in My words. Because of their unbelief, I could not perform many miracles in their town. This is the same situation with many modern day prophets where it is hard to believe for their peers that I could be speaking directly to people. But I have given some a mission to spread My Gospel message throughout all the nations. Each prophet has a special mission and you can discern their messages by comparing them to Scripture to see that they conform to My ways. Even test the fruits of their work and how they behave in society. Even if you believe in their words, I will acknowledge your good intentions to learn from their messages how to follow a holy life. This is why My prophets have a responsibility to proclaim My message publicly and lead lives of good example to others. Give praise and thanks to Me that I visit My people through the Gospel and My prophets."

Jesus said: "My people, this message on removing your televisions and computer monitors has been given before (8-11-2003, 5-28-2003, 2-10-2000), but this is a serious message as the time before the tribulation grows close. I have warned you previously after the Warning to remove these screens so you would not be influenced or controlled by the Antichrist. He will have demonic powers to influence your minds by looking at his eyes and he will try to make you worship him. He will have the technical ability to place subliminal messages on these screens to affect your subconscious minds. Now, I am telling you if you see an evil one or one claiming to be Me before the Warning to also remove these screens from your homes. If you hear evil things on the radio, get rid of your radios as well. When you see pictures or quotations from the Antichrist in your newspapers, then remove them and stop your newspapers. By the time you have to stop your phones, TVs, newspapers, and all forms of communication, then you will be about the time to go to My refuges because you will have a hard time to know what is going on in the world to warn you. This will be a difficult time to take away these things that have become a part of your life, but My requests are given to save your souls from the influence of the evil beast of Revelation. Do not have fear of this evil one because you can call on Me and My angels to protect you. Do not depend on your own defenses, but call on My power because you will be dealing with principalities and powers of evil angels. We will do battle for you if you just call on our help. Trust in Me for I will be victorious over this brief reign of the Antichrist. Those, who are strong and heed My warnings will be saved, but those, who are lazy and follow the Antichrist, could be lost forever."

Tuesday, August 31, 2004:

Jesus said: "My people, your authority of man comes through the written word and spoken word of your media, but My authority comes through My Word, My angels and creation. I also call on My faithful to defend My Word and spread My love to all the nations. Today's Gospel shows My authority over demons as I cast them out of people in My miracles. I call on My priests to cast out demons in exorcisms and for My faithful to pray over the possessed with prayers of deliverance. I healed many by forgiving sins before healing the body. People with gifts of healing also can heal the effects of sin and heal the body. The greatest healing is in Confession when your souls are cleansed from your sins. Whenever you violate My authority, this is when you commit sin against Me. You see My authority in nature how everything obeys Me. Cloning and manipulating DNA is against My plan for nature. Homosexual acts, birth control, and unnatural means of conception also are sinful and violate My plan. When you are chastised by the weather and some disease, this is nature's reaction to your sin. Follow My Commandments and you will be in harmony with Me and nature."

Jesus said: "My people, you have been blessed with many beautiful traditions in My Church. You treasure the old ornate altars, the beautiful statues and icons. There are beautiful stained glass windows, colorful vestments, golden ornate chalices and ciboriums, and beautiful books with old readings. Many of these are being stored away as treasures too valuable to be discarded. This former beauty in My churches is being stripped and the children are not receiving the richness of faith that My older faithful have experienced. It is the effect on the souls today that many do not know about the lives of the saints. You can imitate My life of love and you may be fortunate to find some good books on the saints. Keep My Commandments and My traditions as long as you can, and do not follow any New Age influences of the evil one. A time is coming when you will have difficulty finding a proper Mass as My faithful will have to go underground for protection. Hope and trust in Me because I will be victorious over all the evil ones."
