

Monday, August 1, 2005:

Jesus said: "My people, in the Old Testament there were many scribes who wrote down the Mosaic Law as in Numbers that gave an account of the Ten Commandments and the travels in the desert. Later, when I came into My public life, My apostles and disciples took time to scroll many of the events of My life. The books of the Bible are completed and this part of My Revelation is enough for every one's salvation. Still I am sharing My Word of enlightenment among many prophets and messengers. There is a word of heeding that you discern private revelation and that it be in accord with what My Church teaches and what I taught My apostles. As with messages that I am sharing with you, I am warning the people to be prepared spiritually in their souls for the coming tribulation of the end days. You are about to enter a time of evil that you have never seen before. That is why it is important to build up your spiritual stamina by asking for My grace and help to endure this evil and save your souls. Those, who do not call on My help, could be lost to the temptations of the evil ones. So listen to My faithful prophets who are instructing you to prepare for the end times. Do not be fearful, but trust that I will lead you to My refuges of the modern day Exodus and I will protect you and provide for you just as I did in the Exodus with Moses."

Tuesday, August 2, 2005:

Jesus said: "My people, in both of the readings today My authority was questioned. In the Book of Numbers Aaron and Mariam questioned why God the Father only spoke to Moses and not to them. They also criticized Moses for marrying a foreigner. Because of their jealousy of Moses and their attempt to be authorities on the 'Law', God the Father punished Mariam with leprosy for seven days. In the second reading of the Gospel the Pharisees questioned My apostles for eating without the ritual washing of hands. I then told the Pharisees that it is not what enters a man that defiles him, but it is the filth that comes forth from his tongue and his heart that defiles a man. I told the people to follow My 'Law' that the Pharisees taught, but do not follow their actions which made them hypocrites. The Pharisees criticized Me and tried to test Me in My speech, but I defied them with answers and questions that they could not understand. The conclusion of these readings is that you are not to test the authority that I use in My 'Law', but accept My 'Law' as a proper teaching for every one to follow if they desire to come to heaven. Your words will be forgotten, but My words are true for all eternity and will never be forgotten."

Wednesday, August 3, 2005:

Jesus said: "My people, in the Old Testament God the Father ruled with a heavy hand in both protecting His people and chastising them for their lack of faith. Moses had sent out scouts to investigate the Promised Land that would be theirs. They returned with good news of a land flowing with milk and honey, but the people were fearful of the tall people that inhabited the land. Because the people did not have faith in God's power as He dealt with the Egyptians, God the Father condemned the people to forty more years in the desert for their disbelief. In today's world you also are disbelieving in My power many times when you face difficulties and quickly forget the many blessings that I have given you in the past. As you continue in your sins of adultery and fornication by living together, you also are forgetting My love and My justice. Your abortions and wars also are showing disrespect for My little ones and a lack of respect for life as well. Did you not think that you would have to make reparation for your many sins? America will also have to suffer the loss of your nation, and your punishment will be in the wilderness during the tribulation. Repent now for your sins before you will face My wrath. With enough prayer you could mitigate some of the natural disasters that you will be facing."

Jesus said: "My people, your weapons scientists are constantly working on new means to control people, cities, and sources of energy. This small machine mounted on a helicopter can fire a pulse energy beam that could destroy chips that run your electronic ignition in your car. A more powerful beam could inactivate power stations, tanks, or other military equipment. In the terrorist's hands such weapons could destroy parts of your economy until the chips were replaced. Pulse nuclear bombs are also available to terrorists that could shut down your electric grids and chips in a large area. A pulse at the frequency of the brain waves could kill many people in an area if the beam was strong enough. Several countries have such weapons and they have been used in certain war situations. Various tanks already are using powerful lightning beams that melt tanks and can reduce humans to corpses that do not decay. Again man is spending large amounts of research money to develop such new weapons of terror. Your weapons are like matchsticks compared to My power and that of My angels. At the proper time all of your weapons will be destroyed in an instant, and your military power will be neutralized. Man is vulnerable in many ways and all of your comforts will be taken away during the tribulation. Follow My call to obey My commands and you will have nothing to fear. The evil ones will have a short reign of power, but then My Great Chastisement will end all evil control as the evil persons and demons will be cast into the flames of

hell. I will renew the earth and you will then see My Era of Peace."

Thursday, August 4, 2005: (St. John Vianney)

Jesus said: "My people, the vision of My tabernacle in the center of the altar is how I want you to make Me the center of your life. I call all of My followers to love Me and follow My plan for your life. Man wants to be in control of his life and follow his own desires for earthly things. If you desire heaven over the world, then obedience to My ways should be what you should follow. When you obey My Commandments of loving God and loving your neighbor as yourself, you are recognizing that My ways are better than man's ways. I give you many of the saints' lives to imitate, and see how much they loved Me to do everything for My glory. Be willing to share your faith, your love, and your wealth with others as you imitate My life of love. I shared My life with My people even to the point of giving up My life to save everyone from their sins. When you receive Me in Holy Communion and visit Me in My Blessed Sacrament, you can be close and intimate with My holiness. Repent of your sins often in Confession, and you will keep your soul pure and holy as you will be worthy to receive My Body and My Blood."

Jesus said: "My people, I have asked you to do a vigil of prayer when you can make the time. This is why I asked you to keep a vigil candle or light going in your prayer rooms. Because your world has many sins against Me constantly, there needs to be a constant stream of prayers to heaven in atonement for these sins. Abortions, wars, fornications and homosexual acts are most offensive to Me. Those praying in cloisters in many monasteries are continuing this vigil of prayer needed for the world. You remember Me asking My apostles: 'Could you not pray one hour with Me?' So continue your daily prayer hours for vocations to the priesthood, the stoppage of war and abortions, and the salvation of sinners. You are in a constant battle between good and evil, and now more than ever, you need to offer your rosaries for these mentioned intentions. Your rosaries are one of the best weapons to fight the evil of the demons. When you pray in your prayer groups, the graces from your prayers will be spread over your parishes as My Blessed Mother's mantle of protection will be with you."

Friday, August 5, 2005:

Jesus said: "My people, today's Gospel is very straightforward in asking you to follow Me if you are to seek Me in heaven. My followers are called to pick up your daily cross and follow My Will for your life. I am calling you to count the

cost before you decide because I am asking you to give everything of yourself over to Me in total consecration. Your soul is a great treasure and it can only find peace and rest with Me. I told everyone: 'What does it profit a man to gain the whole world and lose his soul in the process?' 'Or what could you give in exchange for your soul?' This vision of someone waiting at a train station represents how you are waiting for Me to call you home to heaven. But while you are still on the earth, you must be My servant and witness My faith to others to save their souls. Once you have died and are judged, you may have to wait and be purged of all of your earthly desires and sins in purgatory. This waiting will be painful, but you are promised to be with Me one day in heaven. Those, who refuse to love Me, follow Me, nor ask My forgiveness, will be the ones on the broad road to hell where they will never see Me in My glory. So work on your cross every day to stay on the narrow road by following My Commandments. Struggle also to save as many souls as possible so you can save them from hell and bring them salvation in Me."

Saturday, August 6, 2005:(Feast of the Transfiguration of Our Lord)

Jesus said: "My people, I am sharing My radiant glory with you in this vision of My Transfiguration. My Holy Father in heaven is telling you how pleased He is with His Son and to listen to Me. This vision was a prefigurement of My glorified Body at My Resurrection. This was a gift of Myself that I shared with My apostles and now with all of My followers. Everyone, who believes in Me and carries their cross in this life, is promised eternal life with Me in heaven. This prize of your sainthood awaits you as you will be crowned in heaven at the final judgment in your own radiant glorified body in your resurrection with all of My faithful. Just as My apostles at that time, you are awaiting My coming again to welcome you into heaven. Even at My refuges, as this house is, you all will be taken care of by My angels, and I will visit you every day in My Blessed Sacrament. When you receive Me in Holy Communion, you will all be tasting a little of My glory that shone forth on Mount Tabor. You, yourself, have fond memories of visiting the Church of the Transfiguration in My honor on Mount Tabor. Share this promise of this vision of My glory so everyone will be drawn to Me in the hope for their own resurrection. Give praise and glory to Me as you thank Me for all of these blessings of eternal life with Me."

Sunday, August 7, 2005:

Jesus said: "My people, this vision of using a comfortable

sofa represents how man is always seeking comforts and the easy way out. In the Gospel the apostles were being tossed about in the boat and this represents the trials of life that will test you in your survival. Many are concerned with what they are to eat and drink, and what they are to wear, or where they are to live. These are only the physical things of life, but you should be more concerned about protecting your soul from evil and preparing to come to heaven. When you seek the Kingdom of God first, I will provide for all of your needs. Just as I protected St. Peter from drowning, so I put My hand out to every soul to save you from your sins. I calmed the sea to take away the fears of My apostles, and I can calm the troubles in your lives also. All of My children need to be strong in their faith so you can trust and hope in Me for all that you need. As St. Peter stepped out in faith to walk on the water, he faltered on seeing the storm and began sinking. I chastised him for being weak in his faith, but My little ones lack faith at times as well. When you fall into sin, you are sinking also into the waters of evil. But you can reach out to Me in confession of your sins, and I will lift you up and forgive your sins. In everything you do I am with you. It is your choice to call on Me to help you. So do not just seek the comforts of this life, but trust in Me in faith to lead you home to heaven as I help you carry your cross."

Monday, August 8, 2005: (St. Dominic)

Jesus said: "My people, in today's first reading Moses chastised the Israelites by calling them a stiff-necked people. He called them out of their sinful habits so they could follow the Commandments and love God with all their heart, mind, and soul. The cross in the vision is the example that I have given all of mankind to follow on the way to your own Calvary. St. Therese is seen in many portrayals as joyfully accepting My cross, and she showed her devotion to Me in her Little Way of doing everything for Me. Many of My saints also have followed the Way of the Cross in their lives, and they are an inspiration for My people of today to be strong in carrying your crosses. You have a devotion in praying the Stations of the Cross. When you have the opportunity, it would help you to understand My suffering by following in My footsteps to Calvary. You, yourself, have even had the chance to follow the true stations in Jerusalem to the Holy Sepulcher Church where I was crucified on that ground. When you call on Me, I can be your Simon to help you to carry your own cross in life. Some people in your world want comforts and do not want to suffer pain and death. But all Christians are called to suffer pain and hardship if you are to imitate the life of your Master. When I ask you to pick

up your cross and follow Me, it means that I am asking you to love Me and your neighbor, even if it means that you will be persecuted and criticized by the people of this evil age."

Jesus said: "My people, I have been giving you warnings over the years that eventually the one world people will force you to use smart cards or chips in the body for all of your buying and selling. Many attempts have been made to have the people voluntarily choose to use smart cards, but they have been failures. Now, the one world people have chosen to make smart cards mandatory for security reasons. The vision of a new cash register, that requires smart cards and biometric scanners, is showing you how soon charge cards without chips, cash, and checks will no longer be accepted for buying and selling. You would not be condemned for using smart cards, but they will make it more tempting to lead you into the next stage of mandatory chips in the body. Those, who refuse to use smart cards, will eventually lose the money they have in their bank accounts. Without smart cards you could not get on airplanes, nor make payments on your house mortgage or property taxes. Once smart cards are mandatory and established, you will soon see mandatory chips in the body or be sent to detention centers. My people should absolutely refuse chips in the body, even if they threaten to kill you. When chips are mandatory in the body, this will be the time to call on Me and I will have My guardian angels lead you to the nearest refuge of My Blessed Mother's apparition sites, places of holy ground where My Blessed Sacrament has been adored, or caves in hilly or mountainous areas. You will be protected at My refuges and all of your needs will be provided for. Leaving your home may be difficult, but you could be martyred for not taking these chips in the body, if you do not leave for My refuges. Call on Me in prayer and I will give you the grace to endure this tribulation. Be patient for you will not suffer long before I will come and vanquish all of the evil ones."

Tuesday, August 9, 2005:

Jesus said: "My people, you are now in the middle of the hurricane season and I am showing you the fury of nature as hurricanes can cause great damage. Your forecasters have predicted another active season and you will be seeing more devastation as this season progresses. Last year Florida was struck by more serious hurricanes and tornadoes than you have ever seen before. You are going to see one serious event after another as a sign of the end times. Some of these storms are striking in areas where there is great sin. My mercy of grace is upon you always, but at times the justice of My wrath is coming down upon those sinners who are not seeking My

forgiveness of their sins. You have seen My justice on the peoples of Noah's time and Sodom and Gomorrah. Soon I will allow the Antichrist to reign for a brief time of tribulation, but then I will bring a Great Chastisement of fire that will cleanse the earth of all evil. You will see My victory over the Antichrist, and the evil ones will be cast into hell. Then I will renew the earth and you will enjoy My Era of Peace. Keep close to Me in love in all that you do."

Jesus said: "My people, I am showing you the angels that are guarding My Blessed Sacrament in this chapel. This society is blessed that they have made My Blessed Sacrament the center of this school. Those, that adore My Blessed Sacrament, will be given the grace to endure the coming tribulation. My angels will continue to remain here even during the tribulation. The darkness coming over this area represents this time of evil. People will be drawn here for protection because this society continues to adore Me on this holy ground. Give glory and thanks for all who are making this society prosper, including My grace in the Blessed Sacrament. Remain faithful to the calling of all who work here. Share this grace with all who come here."

Thursday, August 11, 2005: (St. Clare)

Jesus said: "My people, the first reading concerns the people of Israel as they crossed the Jordan into the Promised Land led by Joshua. The Lord allowed the waters of the Jordan to be held back as the Ark of the Covenant was carried along and the people walked on dry land, just as they did through the Red Sea. This was another miracle to assure the people of God's protection in this new land. The vision was the first covenant with Adam and Eve that they promised not to eat of the fruit of the Tree of Knowledge of Good and Evil. The sin of Adam and Eve necessitated My coming in a New Covenant of love to have original sin and actual sin forgiven of all of mankind by My death on the cross. The Gospel reading extends this message of forgiveness in that I want everyone to forgive each other as well as seeking My forgiveness of your sins. The phrase of forgiving seventy times seven times means to forgive someone all of the time without restriction. It is not easy to forgive stealing and killing, but you must be gracious to forgive everyone, even as I forgive everyone who seeks My forgiveness. You recite the 'Our Father' many times, but you must be willing to pray this prayer with all of your heart by living out the words that you are praying. Those, who cannot forgive, will have to suffer in hell or purgatory for their unwilling intent in their heart to forgive."

Thursday, August 11, 2005:

Prayer Group:

Jesus said: "My people, man is curious about previous beasts that roamed the earth and why they became extinct. Many animals have adapted to their environment, but some dramatic comets and volcanoes have affected the earth's air that animals breathe. Your polluted air is also affecting your breathing as more are becoming afflicted with various cancers. Man needs to realize how you are putting more poisons and carcinogens into the air and your water. If you want to see less disease, then you need to clean up your air and your water. Eating proper foods, herbs, and vitamins will also help your health."

Jesus said: "My people, all of your young students, that passed their last grade, will now be entering the next grade when they soon return to school. Teachers and schools are getting prepared for another school year. Remember to teach your children about their faith along with their secular training. You do not stand still in your other subjects, so you need to advance in your religious training as well. Home training and religious courses are necessary for your children to gain in their faith."

Jesus said: "My people, there is much power in praying the rosary and your devotions to My Blessed Mother. Prayer intentions are always heard, but persistence in prayer over nine or thirty-three days are even more powerful. Consecration prayers help cleanse the body and soul of the many attachments to worldly things. By changing your priorities to do heaven's bidding, you are training yourselves to be future saints."

Jesus said: "My people, your higher gas prices have not discouraged people from the increased use of gasoline in their cars. The United States and China are putting great demands on current fuel supplies. More crude oil is being produced, but the number of refineries are not increasing and they are at near capacity. If any storms, earthquakes, or fires upset their production, shortages could quickly occur. Other energy sources are being sought, but the scale is too small to provide much of a backup. Conservation and restrictions for car use could be another answer to lessen fuel demands."

Jesus said: "My people, you are seeing many good paying manufacturing jobs leave your country in search of cheaper labor. At one time America's products were better quality and technically more advanced. Now many countries are building products just as good, as the technology has been adapted or stolen to be produced with cheaper labor. America's standard of living will be diminishing as each of your industries are compromised by your country's international companies shipping jobs overseas. America is losing to competition and your power as a nation is eroding as your morals weaken."

Jesus said: "My people, nature, I told you, is rebelling against man's sins and his abuses of nature. Enough destruction could affect your infrastructures and people may migrate to safer areas away from water damage. Terrorism is becoming more of a threat to your transportation means as well as vulnerable places in your economy. America's sins will not go unanswered for there is a price to be paid for all of your sins."

Jesus said: "My people, as your population increases, your food demands will increase and scarce food supplies will increase in value. Manufactured goods will become less expensive compared to food as America will change its focus more on agricultural products. America has rich crop lands with reasonable growing conditions. As the focus of American jobs moves more to food crops, you will see better prices for food and farm labor. Trust in Me to provide for your needs, even if you are being forced to live on less of an income."

Friday, August 12, 2005: (Our 40th Anniversary Mass)

Jesus said: "My people, there are some people who believe that a marriage is for a lifetime, and there are those, like the Pharisees, who wanted divorce available as the Mosaic Law allowed. I told the people of My day, that just as Adam and Eve were married for life, this is how it was intended for all marriages. Unless drunkenness or physical abuse invalidated the marriage, all couples should live with the desire to be married until death. Your society is very oriented to divorce for the least incompatibility. Even some are living together in sin without marriage. The sacrament of Matrimony has many callings and requirements that some couples do not want to face, but it is better to live married in grace than unmarried in sin. I have even encouraged My faithful to warn such couples of this sinful lifestyle. Confession for those living together defeats the purpose of the intention to avoid sin by living constantly in the near occasion of sin on purpose. All physical unions outside of marriage are sins of fornication and need to be confessed in order to receive Me in Holy Communion worthily. Marriage is also the more proper state to bring children into this world so they can be brought up in a loving environment. Better to live in married life than giving scandal to My Church."

Jesus said: "My people, terrorism in massive killings is being used to incite more wars in Arab countries. The one world people are behind causing wars, and they do not have any care of how many deaths occur, as long as they make money on the wars. They cannot justify building billions of dollars worth of weapons unless they are used. Many of America's recent small wars have used unusual amounts of explosives and very expensive

missiles to destroy inexpensive targets. This is the connection why they cause wars in the first place, to make money on the weapons and the interest on war debts. If you want to have peace, then do not let your governments lead you into these planned wars. Many dictators have been sponsored to incite more wars. If you want to learn from your past mistakes, then stop authorizing any more wars. Pray for peace and thwart those calling for regime changes and questionable threats to the world. Without wars, you would not have to spend so much money on your defense budgets or kill so many people."

Saturday, August 13, 2005:

Jesus said: "My people, I love the innocent children so much, but I love their souls the most. This is an evil age and you need to be more responsible as parents in teaching them their faith as you were well taught in your youth. The nuns are very few and you cannot rely on schools alone for their Christian training. You need to be instructing the children early in their prayer life, going to Mass and Confession, as well as how they should behave in following My Commandments. Your children also need to see you as good role models in imitating your good behavior. Control your language, keep a good marriage without divorce, and watch the movies that they see without 'R' movies in the house. Let them see that you are praying each day and going to Sunday Mass, as well as praying with them at meals and the family rosary. By guiding your children properly, then you will be justified when you are held accountable for them at your judgment."

Sunday, August 14, 2005:

Jesus said: "My people, in the vision you are seeing the crown of thorns as a sign of how I had to suffer for all of mankind to redeem you from your sins. Just as I had to suffer, so all of My followers will suffer in this life as well. During life, you may suffer financial hardships as lost jobs, or trials from health problems. You may be tested with sickness or deaths of loved ones in your family. Others may be faced with divorce, separation, or other disagreements with family members. Whatever your suffering may be, you can offer it up to Me as redemptive suffering for your soul, or the souls of others in your intentions. Just as the Canaanite woman came to Me for healing of her daughter, so you can come to Me in your prayers for those suffering in your family. In addition to asking for My help, you can also be aware of the needs of others that you could help in comforting their problems. You may be called to assist your family members, or even friends or strangers. Do not make excuses, or be so selfish that you cannot reach out in

charity to assist your neighbor in need. The more you help others, the more spiritual treasure that you will store in heaven to offset your sins at the judgment. Use every opportunity to offer up your own pain, or to help your neighbor to bear their pain. I love all of you in all that I suffered, and you should share your love for your neighbor in reaching out to help them. Make a special effort to reach out to help the lonely from divorce, or the elderly in nursing homes."

Jesus said: "My people, this vision of burning bridges behind someone represents how your life is all about moving forward in the present moment. Do not let the devil drag up your past sins before you in order to discourage you, or cause you to go into depression. Do not be so tied to the past that you have difficulties living in the present. There are also people who are constantly looking at what time it is, and they let the hour of time control their lives. Let your life flow in following My Will, and use your talents in carrying out My plan for your life. Other people are living in the future by planning their every day of what they are to be doing. Do not go before the Lord because you do not know if you will wake up again tomorrow. In a word today has enough troubles of its own, so do not live in the past or the future so you do not worry and you are not anxious over things that you have no control. You live in the present moment, so be concerned enough to deal with today by trusting in My help and My grace of protection."

Monday, August 15, 2005: (Assumption of Our Lady)

Jesus said: "My people, those, who pray the rosary, wear the brown scapular, and have devotions to My Blessed Mother, are recognizing her as your heavenly Mother. My Blessed Mother has her mantle of protection over all of her children. This metal bracelet and other bracelets in her honor are a sign, or a remembrance of your devotions to My Blessed Mother. She is an intercessor for your intentions to Me and she is the Mediatrix of all graces because she is your Blessed Mother. Her life was one of no sin because she lived in the Divine Will, as our hearts were always joined as one. Her life of service to Me and others was exemplary, as in her helping of St. Elizabeth in her late pregnancy. Be joyful and rejoice in her Assumption into heaven so her body did not have to suffer corruption. She is your model for life and My Mother for all time."

Jesus said: "My people, once you can only buy food and fuel with smart cards, you will begin learning how to live underground with little transportation and using the food and water that you have stored away. Now would be a good time to renew your supplies of food and water that I will multiply in your needs throughout the tribulation. Once the chips become

mandatory in the body, now you will need to call on Me and My angels will lead you to a safe refuge where My angels will protect you. Not every home will be safe in the cities where people will be killing for food. Only at true refuges would you find enough protection from all of the evil ones. Once you are at My refuges, I will provide you with food, drink, and shelter. I will also provide you with physical and spiritual protection. Have no fear of the end times because I am much more powerful than any of the demons. Trust in My power to give you the grace to endure this tribulation. You may be faced with martyrdom choices of choosing between your earthly life or your faith. Better to deny this life and have heaven at the end, than to deny Me and languish in hell."

Tuesday, August 16, 2005: (St. Stephen of Hungary)

Jesus said: "My people, in your country of America your people do not realize how rich you are compared to the rest of the world. You may be concerned over replacing old furniture, or matching colors, but at least you have money enough to have choices. People in the third world countries are fortunate to have food, let alone money for furniture. Not everyone can afford to give ten per cent of their income to charities, if they have a low income and many expenses. Yet your people can afford more than just token amounts to the Church and charities. Instead of richer cars, homes, and more possessions, your people should at least consider sharing some of their income with the poor of the world that have next to nothing. This is why I told My apostles that it is very difficult for the rich to enter the Kingdom of heaven. If you are more concerned with your comforts and pleasures before helping your neighbor, then maybe these material things are becoming your gods before Me. Do not make idols out of your possessions, but show your love for Me and your neighbor first. If you trust in Me and share your income with others, then you will be on the right road to heaven. Put your spiritual priorities ahead of your earthly desires, and you will be more focused on Me."

Jesus said: "My people, these loudspeakers represent the voice of the media that comes over the television and the radio. The one world people of the rich control what is said according to their agenda. If they desire to go to war, they keep ingraining people's minds with the same message over and over until the people think that it is the only logical action. There is always the option not to go to war, but this does not make money for the rich to have peace. The devil is behind inspiring the one world people out of greed to desire one war after another. People need to realize that your media is censored and controlled, so it is necessary to discern issues by

choosing from all the known facts. It is better to choose peace instead of war all the time, so pray for peace and for people to reach peaceful compromises. By living My message of love, you can counter the hate in the world."

Wednesday, August 17, 2005:

Jesus said: "My people, I call everyone on earth to go out and work in My Kingdom on earth. There are some who refuse My call at first, and these are the spiritually idle souls. Some accept My call early in life and they produce spiritual fruits for many years. Other souls are converted later in life, but they also yield spiritual fruit. Then there are those that are saved in the eleventh hour near death, but they also will be accepted into My Kingdom. My grace of conversion awaits every soul and I am waiting patiently even to your last breath to take you into My loving arms. If only souls could begin to invite Me in sooner, you would have more of your life to serve Me in love instead of suffering more. Avoid jealousy and envy over those who may have more of this world's material things. Instead seek heavenly treasures of helping others and you will enjoy heaven's reward that is of much more value than earthly things. All of those, who desire to work in My vineyard, will see everlasting life in heaven as your eternal reward."

Jesus said: "My people, there have been many plane crashes over the years, and many have been attributed to malfunctions in parts of the plane's equipment. Some also have been planned malfunctions, missiles, or bombs that the authorities will not confirm as the truth. In the first case pilots are trained to quickly lower their altitude to breathable air after decompression occurs, but the co-pilot did not respond. In the second case it is unusual to have two engines fail at the same time, as well as an explosion before the crash. It may be difficult to determine if there was terrorism going on or not from the evidence. Two planes going down in two days is also suspect in these isolated cases. If no one comes forth to claim any cause, it will be difficult to determine the real cause of these accidents. Pray for the safety of all of your transportation means, but do not be fooled by hidden agendas of various terror groups."

Thursday, August 18, 2005:

Jesus said: "My people, this vision of people being brought to earth represents the soul bodies that at conception are given My calling to fulfill the mission or My plan for their lives. Life is a constant opportunity to learn about your Creator, and to properly use your unique gifts or talents in this life for My greater glory. My grace is always available to everyone to

accept Me into your lives and follow Me in obedience to serve Me. Those, who desire to be converted in faith, are the people wearing a proper wedding garment. Those, who are called and follow themselves instead of Me, are like the one not properly dressed that was bound and cast into the darkness. For many are called, but few are chosen.(Matt. 22:14) The chosen are My elect who have been given the gift of faith and follow Me. Even at funerals many like to assume that their loved ones are going to heaven. In several places in the Bible it is mentioned how few there are that are raised up to heaven as on the escalator in the vision. Only those, who deny themselves and the world, will be lifted up to eternal life with Me."

Prayer Group:

Jesus said: "My people, the sacrament of Matrimony in marriage is coming under attack by your society in many ways. Infidelity and other reasons as physical abuse and drunkenness are causing many divorces. Even many couples are living in fornication without marriage. Birth control methods are also causing serious sins against the marriage union. What is needed most is an understanding of why it is better to be living with marriage in the Church than in constant sin. When a couple has prayer and Me in their lives, then that couple has a better chance for a lasting marriage. Pray for those that are married to stay together, and for those couples that need to be married in the Church."

Jesus said: "My people, the Holy Family should be an inspiration and an example for all families to imitate. There can be holiness present in each of your families when you love Me, your spouse, and your children. It does not matter how much income or material things that you have, but how you live your lives in obedience to My Commandments. Pray together for spiritual strength and the family should go regularly to Confession to cleanse your souls. By striving for holiness in your family, love can flourish even over life's daily difficulties."

Jesus said: "My people, as your good jobs are shrinking, people are having to take lesser paying jobs in order to survive. Businesses may be making better earnings, but the laid off workers are suffering lower incomes in general. Again pray for the families today who are under financial stress to raise their children."

Jesus said: "My people, there is another attack on the family in what the children are being taught about their faith. Prayer and good foundations in the faith are missing in some of the recent religion classes in both Catholic schools and weekend classes. Parents need to pass on their faith more to their children and grandchildren. Be good role models to your

children as your actions are the best teachings. Protect these souls from the evils of your society because you will be accountable for these souls at the judgment."

Jesus said: "My people, your local parishes are great inspirations to your families as you come together for Sunday Mass. As you have My sacrifice of the Mass shared among you, there is a need to receive My Body and Blood to sustain you through life. There is also a responsibility for each member to contribute your just share to My Church, and to help on the many committees that accomplish the work of My Church. This is your greater family and you need to pray for your priests and those running My churches."

Jesus said: "My people, as you focus on My Church, your prayers need to go out to all of your hierarchy at the head in the pope and your local bishops. They need your support both financially and spiritually. The faithful need good leaders to encourage your faith and to instruct you in how your current issues should be handled according to My teachings. Be attentive to the latest announcements from the Vatican on faith and morals."

Jesus said: "My people, during life you have many options of how you could lead your life. You could take the easy way out in following the road of comfort and pleasure, or you could choose the narrow road that may cause you persecution and criticism. The path that you choose should be focused on imitating My life of the cross rather than the devil's broad road to hell. Look to love Me and your neighbor first, and all that you need will be provided for you. It is not I who condemns sinners to hell, but they choose this path instead of loving Me, and they do not want to give control of their lives over to Me. Choose your path wisely because your actions will determine your eternal destination in either heaven or hell."

Friday, August 19, 2005:

Jesus said: "My people, it is important to emphasize the two greatest Commandments of love. Thou shalt love Thy God with all your heart, your mind, and all of your soul. The second is Thou shalt love your neighbor as yourself. It is not just enough to know My Commandments, but you must live them and give good example to others. This crack in the wall is what happens to individuals and nations when you ignore My Commandments and My help in your lives. Nations, who reject Me, will crumble as this wall and they will be no more. Individuals, who reject My laws of love, will find failure and the devil will corrupt them totally. You cannot find rest and grace for your soul unless you call on Me in prayer. Trust in My love and love of your neighbor, and you will see My reward both on earth and in

heaven."

Jesus said: "My people, man has been intrigued with space travel to discover what is on other moons and planets. Some probes on Mars have determined some pockets of water and rocks that had seen similar formation to those on earth. It is difficult to find similar living conditions as on earth, but man wants to investigate places with water that is necessary for life. When you visit other places as Mars or the moon, you will more appreciate My creation on earth and how beautiful I have made you. There is a spiritual dimension in creation that does not depend on man's theories for how everything was created. Everything that has order requires a higher Being or First Cause of its existence. You cannot create beauty in the universe out of chaos. Believe that I created everything and all of mankind. You were all created for a purpose, as each soul must follow My plan for your life. Those, who deviate from My plan and refuse to love Me, will be punished for not obeying Me. Those, who accept Me and My creation, are My faithful and servants of My Will."

Saturday, August 20, 2005: (St. Bernard)

Jesus said: "My people, during the tribulation there will be much suffering and persecution for being faithful to My Word, even the possibility of facing death. In the early days Christians were martyred by the Romans. In the end days you will again see Christians suffering martyrdom for not giving up their faith. You remember the Epistles about St. Peter and St. Paul in chains before they were killed. So again you may face this same test of your faith, and are you prepared to die for Me as I died for you? I will never test you beyond your endurance. Even if you have to die for your faith, I will give you the grace to endure it. You will be an instant saint by dying for Me. Some may be martyred, but the rest will find protection at My refuges. Pray for strength in these last days and do not let any things of the earth control you. Whoever humbles themselves for My sake, will be exalted in heaven. Whoever exalts themselves with selfish pride, will be humbled at their judgment. Choose eternal life with Me in heaven, and not eternal death in hell with Satan."

Jesus said: "My people, in the end times it will be difficult for a while to keep from being captured by the one world people. Once chips are mandatory for buying and selling, you will have to rely on your own food supplies if you do not want to use smart cards. The next stage will be mandatory chips in the hand and this will be associated with martial law to try and force everyone to take chips in the body. As agents go to each house, those, who refuse chips in the body, will be taken

to prison camps or detention centers. It is before they come to your house that I want My faithful to call on My help and your guardian angel will lead you with a physical sign to the nearest refuge of protection. Do not look at the Antichrist for his eyes will have demonic powers of suggestion to worship him. Direct as many family members to the refuges as possible so they can be saved in spirit and protected in body. Those that do not want to leave their homes, may suffer later at the hands of the evil ones in prison. Those, who give in to chips in the body and worship the beast to keep their possessions, will soon lose everything when My Great Chastisement will defeat all the evil ones, and cast them into hell. Be ready to die for your faith if you have to, or leave your houses to be protected at My refuges."

Sunday, August 21, 2005:

Jesus said: "My people, I asked My disciples 'Who do you think I am?' After they said who others thought I was, then St. Peter declared that I was the Christ, the Son of the living God. It was My Father in heaven that revealed this to him. Even today many do not want to admit that I AM a God-man. Even further some do not want to admit that I died for their sins, since that is My main reason for coming, to redeem all of mankind. My words in the Gospel are your lessons to live a good spiritual life. The rest of today's Gospel speaks of My giving the keys of My Kingdom to St. Peter as the first pope of My Church where the gates of hell will not prevail against My Church. This saying also is not believed by many, that I placed St. Peter in charge of My Church. I also instituted the sacrament of Reconciliation when I gave My apostles and their successors in My priests the power to forgive sins through My Blood of sacrifice. You are seeing today that My Church still stands by My grace. Even during the coming tribulation My faithful remnant will survive all the powers of the evil ones. My angels will be protecting all of those souls who continue to believe that I am the Christ in the past, in the present, and forever in eternity."

Monday, August 22, 2005: (Queenship of Mary)

Jesus said: "My people, this vision of the tomb of My Blessed Mother is a reminder of her feast of her Assumption just a week ago. Once she arrived in heaven, it is fitting to celebrate her Queenship in heaven and for all of mankind. I have only one mother of My earthly life and she is My most perfect creation, even greater than My angels because she is My Ark of the Covenant of the New Testament. Rejoice that she is

your greatest intercessor of your prayer intentions, and the Mediatrix of all graces as your heavenly mother. My Blessed Mother is always guarding her children with her mantle of protection. Continue to send your rosaries of prayer and intentions to heaven through her."

Jesus said: "My people, My Blessed Mother was the Handmaid of the Lord as she accepted the Angel Gabriel's request at the Annunciation and all of her service for Me at Nazareth. She spoke of her service also when she gave her Magnificat. Her life is an example to all of you how you also can accept My call to service. All of My servants will be graced greatly for following My Will. You were all created with various gifts and you have the responsibility to use your talents in serving your Lord as My Blessed Mother did. When you consecrate your lives and all that you own over to My service, then you are growing in your perfection to detach yourself from earthly things. Continue praying and fasting for your intentions, and your prayers will be brought to Me by My Blessed Mother."

Tuesday, August 23, 2005: (Pat Borucki's funeral Mass)

Jesus said: "My people, when you die, you are buried in the depths of the earth. When you dive into the water, you rise up because of the air in your lungs. In the spiritual life you rise up because you have grace in your soul at your resurrection. The waters of Baptism are sprinkled over the casket when you die to signify that this service is a Baptism into a new life in the Spirit. Those, who have suffered in this life, will receive their reward with Me in the next life. Death is a transition for the soul from this earthly life into the spiritual life. At your final judgment there will be only two judgments, either to heaven or hell as determined by your life's actions. At that time your good deeds will be weighed against your sins of commission and your sins of omission where you could have helped someone. While you are still alive, you can pray for yourself and others. Think more of how you can help your neighbor in love than criticize or persecute them. I look into your heart for the intent of every action. So keep your heart focused on Me in everything that you do."

(Lise's 40th Anniversary Mass for us) Jesus said: "My people, one of your joys in life is to have family celebrations at all of the milestones in your life. You have spiritual celebrations at your Baptism, your First Holy Communion, your Confirmation, your Wedding, and even at your funeral. You also celebrate your birthdays and your Wedding anniversaries. Life is too short and it is appropriate to share these special remembrances with your friends and relatives. All of these dates are special because they are a part of who you are in your belief in Me. Every time you share your birthday, you are

honoring My creation of your life. Every anniversary celebration of your wedding is a remembrance of the one you love all of your life. You are partners in love sharing your lives together through good times and bad times. Rejoice in this gift of life that I have given to you, and give thanks to Me in your prayers for all that I have done for you. The most important focus is to keep your faith in Me until the end of your life so I can one day escort you into your new celebration of life in heaven."

Wednesday, August 24, 2005: (St. Bartholomew)

Jesus said: "My people, you know the words where much has been given, more will be expected. This vision of being in the breach of a gun means that you are given an opportunity every day of your life to serve Me by using your God-given talents. You have received the gift of faith and the graces of the sacraments to carry you forward in your daily actions to share your love with Me and your neighbor. Like the apostles, you are called to evangelize souls for Me without worry of criticism or rejection. It is your job to bring My Word of the Gospel to the people, and it is the responsibility of the listener to take My Word to heart and be converted. Pray for conversions also in your work in your daily prayers. Once you have made the effort to teach others, then you will have fulfilled your responsibility. You cannot be selfish with your time and live for your own comfort, but you must move forward to take advantage of every opportunity that I give to you."

Jesus said: "My people, a marriage of a man and a woman is a beautiful gift of love to each other. This union of the two is not just physical, but it is a uniting of both lives in making a family. This couple needs guidance both spiritually through My presence, and moral and financial support from the parents, relatives, and friends. Your family should always be there for you, no matter what problems you may face. A couple's upbringing in the faith should also be their strength to endure any trial. The legacy of faith that a parent can give their children should see them through life. It is this trust and rest that a parent receives from Me that can be shared with your children when they get married. By passing on the faith, the grandchildren will also experience trust and rest in Me. Pray for all marriages and all families to stay together honoring their vows and to have peace and unity among all the members of the greater family. By encouraging peace in your families, you will be building up peace in the whole world."

Thursday, August 25, 2005:

Jesus said: "My people, this home dug underground is

similar to a cave which may not look pleasing, but it is a house ready for the coming tribulation. It is somewhat hidden and could be disguised with more dirt. It is also up high and protected from flooding and storms. It could even be like a bomb shelter if nuclear weapons were used. Caves and homes in the ground can be very useful for My faithful who will be hiding in such places of protection. Such a home in the ground could be very useful as a second home, or a possible refuge in rural areas. As the Antichrist will have a brief reign before I come again to defeat him, My faithful remnant will be protected at places of refuge as at apparition sites, places of holy ground, and even caves or underground homes."

Thursday, August 25, 2005:

Prayer Group:

Jesus said: "My people, I have told you many times how I love the little children and those, who would harm one of them, should have a millstone cast around their neck and be thrown into the sea. The scapulars, rosaries, and medals are your blessed sacramentals that you should share with My little ones. These little ones should be taught how to pray the rosary because it is My Blessed Mother's most powerful weapon against the evil ones. You can still enroll them in the brown scapular so they can have My Blessed Mother's mantle of protection around them. Even your Benedictine crosses are powerful weapons against the demons. By teaching your children these prayers, they too, can have a strong faith in Me against all earthly trials."

Jesus said: "My people, these floods in America, Mexico, and Europe are signs to you through nature that your sins need to be cleansed in these places. When man refuses to acknowledge Me, My blessings will leave these places and they will suffer My wrath in natural disasters. Pray for sinners everywhere because there is not enough prayer to make up for all of these offenses. The more prayer that you can storm heaven with, the less severity you will suffer from these floods."

Jesus said: "My people, America has long been tested in the West with droughts and fires. Now the droughts in Illinois and the corn fields are causing lost crops and hurting your agricultural business. Europe also in Portugal and Spain are suffering droughts from heat and fires as well. These trials of fire and drought are further chastisements for your sins. These disasters are more signs to you that you indeed are in the end times."

Jesus said: "My people, many preparations are going on to have the students ready for school to begin. I continue to remind the parents that they focus on having their children

advance in religious training as much as they do for the secular training. Parents are the best teachers and tutors of the faith, so do not fail your children in their spiritual upbringing."

Jesus said: "My people, you spend many tax dollars building enough grade schools and high schools. It is your donations that also are being used to build up My Church. Instead of closing churches, you need to build more and repair the old ones. The children need proper facilities to learn, and My faithful also need a clean and safe church to share Sunday Mass. Pray that the right repairs will be made to the churches, and do not strip them of your traditions."

Jesus said: "My people, these doors represent the doors on your hearts when I come knocking in order to enter your heart. In order for Me to enter your heart, you must cleanse it of all of your earthly desires and sins. You must be willing to follow My Commandments and My Will by denying what you want and desire what I want you to do in life. Being open to change and conversion is a great step closer to your reaching heaven. I desire all of you to be holy and perfect as My heavenly Father is perfect. With My help and your struggles, you can work toward your sainthood every day."

Jesus said: "My people, you can take some lessons from the preparations that these football teams go through. There is first a teaching of the right plays for each situation. The new players are taught how to use their skills for the good of the team and not just for glory for themselves. In the spiritual world also you have to train your bodies in prayer and fasting. You also have to be team players in working to save your soul as well as the souls of others. The only winning and losing is all about whether souls will reach either heaven or hell. You are on the winning team when you come with Me because My power is greater than all of the demons put together."

Friday, August 26, 2005:

Jesus said: "My people, I have described this Book of Life to you as holding the names of My elect who will be entering into heaven. Back in the Garden of Eden, Adam and Eve ate of this fruit of the Tree of Life and they could live forever with this tree, which is why they were put out of this Garden. I am the New Tree of Life because I died on the cross so that each of you may have eternal life through My Blood of sacrifice. It is up to each soul to accept Me or not if you are to be cleansed of your sins in Confession and renewed with My grace. This Gospel of the wise and the foolish virgins speaks of those who prepared for My coming and those who did not. Your mission has centered around this preparation for My coming again at the end times. I

will come like a thief in the night and those, who are prepared in a proper wedding garment, will be let into heaven. The foolish ones, who refuse to prepare for My Wedding Banquet, will hear My words of 'I do not know you.' At this judgment you will be judged on your actions and whether you loved Me and your neighbor or not. Your preparation, as in the first reading, will be to seek to be holy by following My Commandments and not giving in to your worldly desires of the flesh. You are all sinners, so you will have times when you will offend Me in your sins. But do not remain in the stench of your sin because I am waiting for you to seek My forgiveness in Confession. By confessing your sins, you can always replenish your souls with My life giving grace and your soul will be pure and ready to receive your Master. The oil in your lamps represents the grace in your souls. So do not be like the foolish virgins who have no grace in their souls. For My grace gives you life and My Presence is your light that will lead you into eternal life with Me in heaven."

Jesus said: "My people, there is a little black book of the events of your life waiting for everyone. Those, who actually are dying, will not have any more chapters to their lives. Those, who live until the Warning experience, will have a preview of the judgment of their lives, but will be given the grace to change the last few chapters of their lives. Once you appreciate how much you hurt people in what you said and did, you will desire their forgiveness and My forgiveness in Confession. Your judgment will come as no surprise and you will find it just and fair, as everyone else will also agree that My judgment is true. I am trying to prepare everyone for their judgment, but I am even trying to change the outcome before you die or experience your Warning. If you really take some time to look back on how you have lived your life, you might not be happy with what you have done up to now. Yet, you can start changing how you live right now. You do not have to wait until your judgment. Many conversions occur from near death experiences, but you can decide to start following My Commandments at any time. Think of why people convert to the faith and change their ways. It is a sudden realization that I can lead your life much better than you can. I am always ready for you to come into My arms and be gathered into the fold of My faithful remnant. Trust in Me and I will guide you to salvation, peace, and rest in My eternal love for you."

Saturday, August 27, 2005: (St. Monica)

Jesus said: "My people, these young birds leaving the nest from the church represents how many young people are leaving their faith behind, and are no longer attending Sunday Mass.

Some parents are giving their children good example and training in the faith, and still some of their children are falling away from the faith. Other parents are poor in their faith and the children are following in the parents bad example. There are many distractions in the world which are tempting the children away from the faith. Even when you attend prayer groups and Mass on Sunday, there are very few young people present. You can train your children so far, and then faith in Me has to come as their own free choice. Some, like St. Augustine, are reluctant at first to make a life commitment to Me. That is why parents need to give a good example, as well as pray for the faith of your children that they may choose to love Me. You cannot force religion on someone, or your forced obedience could push them further away from you and Me. The children must see how important your faith is to you and how it affects your life for the good. If you speak about faith, but do not live it, the children will see your hypocrisy. Live your faith and gently nudge your children to church without nagging them. A gentle approach with options and love with communication will yield more meaning for faith in your children. Just as St. Monica, you may have to be persistent in your prayers for your children's faith. Do not be afraid to warn them against living together in sin without marriage, and still encourage them to go to regular Confession for saving their souls. By doing everything that you can to lead your children to Me, then you will be justified when you have to make an accounting for their souls at your judgment."

Sunday, August 28, 2005:

Jesus said: "My people, I am asking My faithful to deny themselves, take up their crosses, and follow Me. To deny yourselves means that you are willing to let Me run your lives by your own free will choice. To be My disciple you must count the costs because consecrating everything to Me means that you will trust in Me for everything, and detach yourself from earthly desires of money and possessions. You came into this world without anything and you will leave this world without anything. You cannot take money or possessions past the grave. So do not let money be your god or and idol because I am the only One that you should worship. Your soul is worth more to Me and to you than any amount of money in the world. It is important to notice what people treasure the most in this world. For where your treasure is, that is where your heart lies also. Those, who live only for money, the intent in their heart is to love the worldly things. Those, who live for Me, see the heavenly treasures and means to gain heaven as the only desire of their hearts. Just as I suffered in this world, My disciples

will also suffer. If you call on My help, I will assist you in carrying the burden of your daily cross. For My yoke is easy and My burden is light. You are here to know, love, and serve Me, and not to see how much money that you could accumulate. Success in this life to Me is measured in how holy your life is. Seek My heavenly Kingdom first and everything else will be given to you."

Our Lady said: "My dear children, I am confirming my presence with the smell of roses. I want to thank all of the people here for being so faithful to your rosaries here at one o'clock on Sunday in all kinds of weather. I am also coming to encourage you to keep up your prayers for all of your intentions. I am very proud of my dear son, Joseph for all of the gifts that he has shared with you on this cemetery." Joseph added: "The gift of my healing, the bleeding cross, and my messages were all granted to those who believed in these miracles. Even if you cannot see any physical signs of this miracle bleeding, be persistent in your belief that this is holy ground and it will be protected by Jesus, Mary, and the angels." Mary said: "I am showing you a vision with my crown to give honor to my feast day on August 22nd of my Queenship and this is my namesake for this cemetery. It was not by accident that you were asked to pray the decade dedicated to my crowning in heaven. Rejoice again in my Queenship as you continue to trust in the power of my rosary through my being intercessor to my Son, Jesus."

Monday, August 29, 2005: (Beheading of St. John the Baptist)

Jesus said: "My people, this day you are honoring the faith and courage of St. John the Baptist for speaking the truth to King Herod even at the risk of his own life. St. John spoke out to the King that he should not take his brother's wife to live in fornication. Even today My people are blessed with religious freedom. You can and should speak out to your friends and relatives who are living in sin without marriage, but you are not risking martyrdom to speak out. You may suffer some criticism, but you know in your heart that you are speaking out to save their souls. If you cannot speak out now in the green of your freedom, how could you speak out in the dry of the tribulation when you too may suffer martyrdom to witness to your faith? Pray now to be strong in your faith and witness it on the rooftops, because soon you will be facing the trials of persecution for your faith just as I and the early Christians had to suffer for you."

Tuesday, August 30, 2005:

Jesus said: "My people, today's Gospel speaks about My

cleansing of a demon out of a person. The people of today do not realize how their occult practices of Ouija boards and evil potions can bring demons into them. I have also told you that there are demons associated with addictions of drugs, alcohol, and even computers. All of these addictions involve a control over you that is difficult to break. I told My apostles that casting out devils may even require prayer and fasting. Exorcist priests are appointed to do exorcisms, but some people do not even believe that someone could be possessed or obsessed by demons. There is power in My Name and deliverance prayers to help remove demons. You can have Masses said for such people also. The vision of My Blessed Mother is all about praying your rosaries and bringing your petitions to Me through her. By wearing blessed sacramentals and avoiding occult and New Age practices, you can protect yourself from the demons because My power is greater. Only rely on My power and My angels to fight the demons. Do not think that you can fight them on your own. You are in a constant battle with evil, but call on My help and your guardian angels to protect you and others from the demons and I will guard your souls."

Jesus said: "My people, this latest hurricane that devastated New Orleans and the casinos in Mississippi is part of the natural disasters that I am using to bring the United States to its knees for all of your sins. America continues to start wars as your leaders are misled. You continue to have millions of abortions without any repentance. Now you are seeing the destruction in New Orleans for its many sexual sins, and also the sins of excessive gambling at the casinos in Mississippi have brought the eye of the storm over them. In many places of sin you are seeing My wrath fall upon them. Pray for the help of the innocent people who have lost their lives, and those who have lost their material possessions. This destruction among your oil and natural gas suppliers could cause the rest of your country to suffer fuel shortages, and high prices for driving your cars, and heating your homes. You still have more of your storm season to go and you could still suffer more damage. Let the people read these signs of the end times as more indications of rapid events that will signal My coming. Learn from these chastisements and pray for sinners in your country. Without prayer, many souls could be lost in hell."

Wednesday, August 31, 2005:

Jesus said: "My people, these two doors in the vision represent your two choices in life. The first choice is to choose Me to help you so you can depend on Me alone, and the second choice is to depend on yourself without My help. Keep in mind that you are My creations, and I love each of you very

much. I seek each of you to receive Me into your lives, but you have free will and I do not force anyone to love Me. For those, who accept Me, I am there with My sacraments to forgive your sins, and to give you the grace to endure any trial. Your friends will not always help you, but I am a true friend that you can always turn to in any circumstance. Those, who choose to refuse My love and do everything on their own, will suffer twice the burdens of life. Each of you need to use your talents to help yourselves and those around you out of love. Do not bury your treasure, but use what you have been given to survive in this life. I am asking everyone to trust in Me and I will protect you from the evil ones and provide for your needs. But each person must be willing to open the door of their heart so I may enter and be a part of your life. Without Me, you could be lost forever, but with Me, you could find eternal life in heaven."

Jesus said: "My people, these grapes produce the wine, and the wheat provides the flour for the bread. There is much labor in making a good wine over time. The bread also involves grinding the wheat into flour and baking the bread. The Communion pieces are even made without yeast or leavening as a symbol of a food of haste. The bread and wine are changed into My Body and Blood at the Consecration of the Mass. This grape image could also include the image of the grapes of wrath as you just witnessed the strike of this latest hurricane on your southern coast. People are concerned with the physical damage and the insurance value of what was destroyed. The number of people killed and the dead bodies have become a major concern, once most of the survivors have been rescued. Many comparisons have been made to previous storms in the billions of dollars of damage and the deaths that have occurred. This water damage to New Orleans will be historic along with all the other devastation. Many are seeing similarities to the tsunami damage just eight months ago. Your storms are becoming more frequent and more violent as many are beginning to accept warmer temperatures as a cause of stronger storms. These unusual natural disasters are definitely getting people's attention, but still they do not see the connection of sin and where these disasters are occurring. America will continue to be tested because you are not repenting of your sins and My justice will be brought against you."
