

Tuesday, August 1, 2006: (Alphonsus Liguori)

Jesus said: "My people, this cleansing image of a water fountain is more than just a symbol of Baptism, but it also represents how I can cleanse your sins at any time in Confession. The cleansing of original sin at Baptism put grace into your soul and welcomed you into My Mystical Body of the Church. But man is weak to sin by his fallen nature, so I have instituted the sacrament of Reconciliation so you could be renewed in grace and your sins cleansed through My forgiveness. It was My death on the cross that has ransomed all souls of their sins, but each soul needs to make a public statement in seeking My forgiveness. The priest is My representative before you in forgiving sins, and he is the one who absolves you of your sins and gives you a penance as a beginning payment for your reparation for sin. The sacrament of Reconciliation is a sacrament of grace and it can renew our love relationship that is broken with sin. Mortal or serious sin takes away all grace from your soul and you are then no longer able to receive Holy Communion until you can get to Confession. Do not commit sins of sacrilege by taking Communion in mortal sin. Do not rationalize your mortal sins as not serious sin. Many are committing sexual sins of adultery, fornication in living together, masturbation, or homosexual acts. These are all mortal sins and require forgiveness in Confession before you can receive Holy Communion. See that I love all of My children, but you need to return My love by keeping your soul cleansed of sin by frequent Confession. All of you have to admit that you are sinners, and therefore need to come to Me in Confession so I can wash away your sins and restore grace to your soul. Confessing your sins also removes any guilt of sin and puts your mind at rest that you have made restitution for your sins. You also can receive counseling from the priest to help you to avoid certain sins, or they can explain the Church's teaching on various subjects. See the importance of this need to constantly cleanse your souls with My laver of grace, and do this out of love for Me in keeping your souls pleasing in appearance to Me at all times. This also will prepare you for the day when you will meet Me in judgment. Trust in My mercy and forgiveness, just as I want you to be forgiving as well."

Jesus said: "My people, it is easier to destroy a building than it is to build one up from the ground. In the same way it is easier by demonic influence to destroy someone's faith, than it is to convert someone to being a Christian. The evil ones use your weaknesses to sin and

your earthly pleasures to bring you down to worship earthly things. I use love and grace to build up souls in faith to love Me. It is hard for man to overcome his bodily desires by the power of his own spiritual desires, unless he has access to My grace and My assistance. Trust in Me to do even the impossible, and you will accomplish great things in evangelizing souls. By prayer and My blessings, you can even overcome the demons in their work to destroy man. Focus on your mission to follow My Will, and great victories will be achieved over the evil ones in My Name."

Wednesday, August 2, 2006:

Jesus said: "My people, in the Gospel I likened the Kingdom of God to a field of great value that a man sold everything he had to buy that field. The Kingdom of God is like a pearl of great value that another man sold everything to buy that pearl. These were parables, but there truly is nothing on earth that could be worth losing your opportunity to come to heaven. The value of heaven in the spirit world cannot be valued in earthly terms because heaven is forever and not temporary as this life. This is why I ask My faithful to make total consecrations to Me by giving all that you have in physical wealth, and even your friends and relatives over to Me. This means that I should be more important to you than anything else, and you would be willing to lose or give up anything to Me. To be faithful to Me in all that I ask of you to do should be your constant desire to serve Me on this earth. If I call on you to be a messenger or to be a helper of the poor, you should be able to drop what you are doing, and follow Me. This total consecration is similar to your giving everything or literally selling everything to serve Me. Some of the saints also sold all of their possessions to the poor, so they could be totally dependent on what I would provide for them. Some also have given even their very lives as martyrs to show their steadfast belief in Me. My faithful, during the coming tribulation, may also be called to give up everything and move to My refuges of protection. Trust in Me totally with your very own consecration because all of your earthly things are as nothing before Me in heaven. Strive to be holy, and seek to be with Me in heaven by all the loving things you do for Me in your prayers and good deeds."

Jesus said: "My people, this grave at night is a sign of these evil times where death is all around you from wars and natural disasters. Terrorists are killing many innocent civilians as well as bombs from Israel. Some are

dying from the excessive heat, while others are dying from earthquakes and tsunamis. On a given day there are some dying from cancer, old age, or heart attacks. Many, who are dying, may not have their souls ready to meet Me at their judgments. You do not know if you will see tomorrow from many causes of death. It is all the more reason that you keep your souls pure by frequent Confession. If your soul is full of grace instead of full of mortal sin, your mind will be at rest whenever I come to take you home. If you have mortal sin on your soul, it would be better to seek My forgiveness in Confession as soon as you could ask a priest. Live your lives as holy as possible, so you can store your treasure in heaven instead of accumulating your wealth on earth."

Thursday, August 3, 2006:

Jesus said: "My people, after your winter cold weather breaks into spring, you feel freed to work in your garden and be outside more. Even after a real heat wave, you feel free again to work outside with cooler weather. This exhilarating feeling of freedom also comes when you are released from your bonds of sin as you leave the confessional after receiving absolution of your sins. There are some sinners who have lost their shame of sin, and do not even feel guilty in the daily sins that they commit. These sinners do not have a properly formed conscience and they have no sense of right and wrong. They believe if others are doing sexual sins, that it is all right to continue doing the same. These are the blind leading the blind, and they have lost their faith in God. These are the same sinners who do not come to Mass on Sunday and rationalize any bad behavior by saying they are good people. These are the souls headed to hell because they worship the world's idols and refuse to obey My Commandments. My faithful need to evangelize these sinners because Satan has blinded them about the seriousness of their sins. Those, who truly love Me and commit sin, do have a sense of guilt and they want to repair any broken love relationship with Me as fast as they can. These sinners are aware of their sins and have the desire to seek My forgiveness in Confession. The more you love Me, the quicker you will want to confess your sins to the priest. It is then when your grace is returned, that you have this spiritual joy of being fully united with your loving God. Work to avoid sin in your life, and keep your focus on pleasing Me by spending your time on things that add to My Kingdom and My greater glory."

Prayer Group:

Jesus said: "My people, the situation with the latest war between Israel and Hezbollah is worsening as Israel is now trying to establish a twenty mile buffer zone inside Lebanon. There is a strong possibility that other Arab nations will try to defend Hezbollah from being destroyed. Even other militants are trying to start a war between Israel and Syria. This is why I want My faithful to double your prayer efforts that this war does not involve other nations. If you say three rosaries each day, then begin another three rosaries for peace in the Middle East."

Jesus said: "My people, as wars between Arab nations and the United States and Israel continue, there will be a growing hate by the Arabs that could lead to an embargo of oil to the U.S. Even other oil nations are becoming more militant against the U.S. This could mean a large blow to your economy and may necessitate other oil sources or a quick speed up in alternative fuels. The trade repercussions of war could cause severe problems in many other nations as well. Again peace is your best answer to all of your oil problems, so continue to emphasize your prayers for peace."

Jesus said: "My people, in the war in Lebanon you have seen scenes of people with plastic gasoline containers because of gas shortages. Already American gas is quite expensive, but there have not yet been any shortages. With the Middle East war and possible hurricane problems, your prices and gas supplies could be placed in jeopardy. Your economy consumes a lot of energy products and if these supplies are threatened, you could see inflation and recessions very quickly. This turmoil abroad will not spare you in your homes."

Jesus said: "My people, your lives are very busy with your jobs and other responsibilities, and this takes a toll on your spiritual lives. This vision of a retreat house is a place that some could break away to visit for a weekend. This could be a well needed spiritual refresher for all of your faiths. Having some quiet time with Me can help ease some of your burdens and give you time to reflect on where you are in life. This time could show you things that you need to change in your life so you could bring yourself closer to Me in loving devotion to Me."

Jesus said: "My people, in earlier days it took great courage and steadfastness to go out West to pioneer a new land. In today's world America is becoming more of a mission land where the faith has waned and there needs to be a spiritual renewal to bring back lost and lazy souls to

Me. Being a missionary or an evangelist also takes courage and steadfastness because it is difficult for people to take My Word to heart and live it. If you are doing mission work, you need to have your soul strong in faith and grace because you will need to bear attacks from the evil ones. Saving souls is the most rewarding work that you could do for Me and especially for the souls that you save."

Jesus said: "My people, you have seen many reserves of the National Guard called up for your war in Iraq. You also have seen Israel calling up more reserves for their current conflict. As more troops of your country are being deployed all over the world, your reserves are thinning in numbers. Any new wars or commitments might bring back the draft to keep your army numbers viable. Deploying more of your troops abroad also is making your homeland more vulnerable to possible attacks. Pray for peace and work with your representatives to stop further wars that could kill your sons and daughters."

Jesus said: "My people, there is a lot of killing and injuring of civilians in war, and there is also a deep need for the necessities of life for those fleeing their homes. There are many agencies providing aid for these displaced people. Where you can help with some donations, then some could be cared for in their needs. Pray again for a quick end to this conflict so aid could get to where it is needed."

Friday, August 4, 2006: (St. John Vianney)

Jesus said: "My people, all of heaven is looking down on all of your actions. If you feel little nudges to pray more or to speak out about Me in public, it is your angel and the voices of the souls in heaven that are urging you in any way to help save souls from going to hell. You have heard of this battle between good and evil, but many of you are so asleep in your own thoughts that you do not see the reality of how desperate the situation is on earth. I did not ask you to double your prayers for nothing, because there is a real threat of the evil ones in persecuting and killing My faithful. The one world people are using the Islamic militants to do their dirty work of a world takeover by killing people indiscriminately with no feeling of remorse. By terror killings and persecution of Christians, they will threaten your security to give the excuses for implementing the mark of the beast in your bodies. Refuse these chips in the body under any circumstances, and be ready to follow your angels to the

nearest refuge for spiritual and physical protection. Your weapons are your prayers, rosaries, and Adoration of My Blessed Sacrament, and not guns and bombs. Killing in wars is of the evil one, and I am always advocating peace and love."

Jesus said: "My people, as you watch on TV how Israel is destroying much of the infrastructure of Lebanon, there are now crowds in Arab countries burning the flags of Israel and the United States. Because America is not restraining Israel, you will be blamed as well for all the civilians killed, and all of the damage done to roads, bridges, and airports. Israel is destroying these targets so Hezbollah could be restricted in getting supplies and more rockets that are being used against Northern Israel. Even UN Resolutions have become useless in stopping Iran from making nuclear weapons, and they will be useless in stopping Israel as well. As long as Arab nations declare war against Israel, Israel will continue to defend itself. This could lead to a wider war of solidarity with the Arabs and make America's presence in Iraq and Afghanistan even more precarious. Now you know why you are praying for peace in this area that has only known war over the years."

Saturday, August 5, 2006: (Dedication of St. Mary Major Basilica)

Jesus said: "My people, it is fitting to honor My Blessed Mother on her feast day, and the First Saturday of this month. You have heard of the many Councils that have affirmed what is taught by My Church. Even as man has difficulty in understanding the Mystery of the Blessed Trinity, you have taken on faith that I came as a God-man to be your Savior by dying on the cross for all of your sins. My life is a historical fact that you have documented even in your dates by before and after My Presence. You have honored My Blessed Mother even as I gave her to be your Mother in the person of St. John the apostle. As she brought Me up in the ways of God's teachings, so she can protect you with her mantle, and teach you by the example of her sinless life. Many desire to live according to My Divine Will as she did. That is why many consider her to be the New Eve, as I am the New Adam to bring hope into the world for salvation. My Blessed Mother was an inspiration to My apostles and disciples while she was alive, and now she is your inspiration in her life and her rosary for all of mankind. Rejoice in the gift of love of our Two Hearts to all of you."

Jesus said: "My people, the Hezbollah troops have been entrenched in caves much like the Taliban hid in caves in Afghanistan. This is why it has been difficult for Israeli soldiers to uproot these fighters, and keep them from firing rockets. My people, you may not be on the front lines fighting a physical battle, but you are on the front lines fighting a spiritual battle. Every time that you fight off a temptation, or you are persistent in praying your prayers, you are winning a battle over your earthly desires. The body wants pleasures and comforts, but the soul will go to great lengths to save itself with My help, as well as struggle to bring souls to Me in evangelization. Look at each day as a battle to stop your sins and work to improve your holiness by following My Will for your life's actions. Then your reward will be peace and love with Me in heaven."

Sunday, August 6, 2006: (Feast of the Transfiguration)

Jesus said: "My people, as you see Me before you in My Transfiguration, I want you to keep focused on Me in faith for all of your life. This feeling of complete love and peace is the same experience that I have shown all of those who have witnessed a little of heaven. Even when you receive Me in Holy Communion, you experience a small taste of heaven when I am united with your soul. I want to emphasize to you My all encompassing love which is unconditional and it reaches out to every person on earth. I love the good and the bad and I am here to forgive anyone of their sins in Confession. I want all of My people to love Me and others in the same unconditional love that I have for you. In today's reading God the Father says: 'This is My beloved Son, listen to him.' I speak the words given to Me by God the Father and it is all about love and peace. It is Satan who has planted seeds of dissension against Me. You are seeing wars all about you, but I always ask you to seek peace and stop any killing. I continue to ask for prayers for peace now more than ever. You are to love everyone, even your enemies. Pray for the conversion of all those who have anger and hate in their hearts. I want all of you to have My peace in your heart and soul, and do not let anything disturb My peace in you. Live in consecration of everything over to Me and follow My Will for your life in living out My mission for you."

Monday, August 7, 2006:

Jesus said: "My people, this vision of the Statue of Liberty is a focus more on your spiritual freedom than on

your physical freedom. You have free will as a gift from Me, as you are made in My image. You can choose to love Me and follow Me in what I want you to do, and you will receive a prophet's reward. You also have the freedom to sin against Me in your own thoughts and actions, but these will have consequences of punishment. I am always loving and merciful, even in your sins, and I am waiting for you to come to Me and repent of your sins. I am always willing to forgive you, even of serious sin because I know of your weaknesses. When you stay close to Me in daily prayer and when possible daily Mass, I can mold you and use you in building up My Kingdom on earth in My Church. Follow My priests when they are teaching rightly because they are your source of grace through Me in giving you the sacraments. My Word in Scripture is important to show you how to live a saintly life, so Bible study can help your spiritual understanding of life. Rejoice in this freedom that I give you, but do not abuse it by making the wrong choices. In the end you will have to be accountable for all of your choices at My judgment. So call on My help every day to be strong in your faith and avoid sin."

Jesus said: "My people, this vision of locked doors to a basement is a sign of the coming tribulation and the need to hide at a refuge. The keys to the door are the signs of when to go to the refuge. I have given you the sequence of events before going to the refuge that will start with the Warning experience. After the Warning there will be a time of conversion. This will be followed by three events happening about the same time. First there will be a world famine which will be contrived by forcing people to buy food with the mark of the beast. The second will be a major division in My Church between the schismatic New Age church and My faithful remnant. The third event will be the mandatory use of microchips in the body where those, who refuse them, will be placed in detention centers. When these events occur, I want My faithful to call on Me, and I will have your guardian angel lead you to the closest refuge of protection. By going to the refuge before they come to your house, you will not face martyrdom when they cannot find you. Trust in My victory over evil since their reign will be brief before I will destroy them in the flames of hell."

Tuesday, August 8, 2006: (St. Dominic began rosary devotion)

Our Lady said: "My dear children, you are honoring St.

Dominic today and I asked you to do a little research on how he was at the beginning of my rosary devotion. He used the Marian Psalter of 150 Hail Marys to help fight the Albigensian heresy. The rosary, as you know it today, is a powerful weapon against evil and demon influence. There are evil influences even in the Church that are trying to put down my rosary devotion because Satan knows the power of the rosary. Those, who are against my rosary devotion, are being prompted by the devil. These are the same evil ones trying to destroy the traditions of the Church, and ultimately ruin the faith of the faithful. Pray for their souls that they may be converted from their evil ways. My Son, Jesus, has revealed to you how serious these wars have become in the Middle East. That is why He was suggesting to his prayer warriors to double their rosary prayers for the cause of peace in this world. As evil will worsen to the time of the tribulation, you will see an Arab leader, influenced by Satan, take over the world as the Antichrist. This will be a fulfillment of Scripture, but your rosaries will protect you from the evil one's influence. Pray my rosary daily as your spiritual weapon against the evil ones. This devotion is not old-fashioned as some would have you believe, but the devil uses all of his modernism tricks to try and stop my devotion. So it is the old-fashioned temptations of the devil to stop your prayers that really is the problem in your society. Do not let these evil ones disturb your spiritual peace, but continue your rosary prayers for all of my intentions."

Jesus said: "My people, putting a large crucifix on the altar shows the people how much I love them that I would give My life up as a sacrifice for all of their sins. My death is a ransom for the salvation of every soul that ever lived. The Mass is a sacrificial offering, but I died only once. You remember My death in the Consecration of bread and wine into My Body and Blood. This desecration of My crucifix by fire in the vision represents how many crucifixes are being removed in the name of renovation or modernization. Many of your traditional statues and even the pews are also being removed. All of this tearing down and closing of My churches is a sign of how weak the faith is becoming in low attendance at Sunday Mass. My faithful have seen the attacks on the reverence of My Blessed Sacrament. Soon you will see more attacks from your government on tax exemptions, and any protest against abortion or homosexual sins. As a result, your religious freedoms will be taken away as you will be forced to worship New Age gods and eventually the image of the beast.

Of course My faithful will reject such worship and only worship Me in your homes and eventually at My refuges. This evil reign of the Antichrist will be brief before I come to chain the evil ones in hell. I will then renew the earth and bring about My Era of Peace. Do not fear the evil ones because I will guard your souls, even if you are forced to die for your faith. Never give in to the evil ones no matter how they threaten you or your family."

Wednesday, August 9, 2006: (Edith Stein)

Jesus said: "My people, this dove over a person represents that each one of you are the Temple of the Holy Spirit. I have told you before where one Person of God is present, the other two Persons are there also because We are One and inseparable. So in essence you are not just a Temple of the Holy Spirit, but you are a Temple of the Blessed Trinity; Father, Son, and Holy Spirit. It is Our Presence that animates your being and allows it to have your existence. This is a reminder that without Us, you literally would be nothing at all. You are a creature of God, and just like all other creatures of My creation, you have a plan for your life, or a purpose and mission for My creating you. I am with you always to inspire you to follow your mission when you give your life over to My service. Those, who reject My plan in serving Me, will join Satan and the evil angels who also refused to serve Me, and they are in hell as their punishment. I love everyone and I seek all of you to live in harmony and love, and not war. Evil may have its way for a time, but the time is short when I will return in victory over all evil persons and the demons."

Wednesday, August 9, 2006:

Jesus said: "My people, this vision is about the coming Warning experience that everyone will have at the same time. This will be an out of body experience and you will see My Light first, followed by a review of all the actions of your life. You will experience joy for the good things that you did for Me or others. But you will experience grief, guilt, and sorrow for sins that offended Me and others. You will desire to seek forgiveness from Me for your sins, and from those that you offended in life. You will also see the need to forgive those whom you have not yet forgiven in life. After your life review, you will see the big picture of your life and the current direction of your soul to heaven, purgatory, or hell. I will show you the mission that was given to you, and how well you

have accomplished what I desire for you, and what is remaining to be done if you want to serve Me. I do not violate your free will, but I will show you what to do to achieve purgatory's minimum, and heaven's goal of following My Will. You will then be placed back into your body to finish the rest of your life. You can choose to live a holier life to gain a higher place in heaven, continue the status quo, or some may refuse to serve Me, and continue on to hell. These are your choices, but see this Warning as a mercy of Mine in giving you a second chance. So do not waste this opportunity to improve your eternal destination."

Thursday, August 10, 2006: (St. Lawrence)

Jesus said: "My people, there is much beauty in My creation and there are many attractions for buying all manner of things from electronic items to cars and homes. While these things are useful in life, some people use them as status symbols or they work all of their lives searching for such possessions, pleasures, and comforts. Instead of focusing on so many earthly things, you should be focused on Me and how best to serve Me. The things of this life are temporary and soon stop working or become obsolete or out of fashion. This is why some have a constant urge to buy the next newest and greatest possession. When you focus on Me, only heavenly treasures have any real lasting value. This is why fulfilling My mission for you, your prayers, and good deeds for others are more fulfilling to those seeking a spiritual peace. It is not easy in your material world to have religious fervor in serving Me. Yet those, who seek to be with Me in heaven, are the same ones who seek to please Me in everything they do. So contemplate the beauty of heaven as even more desirable than anything that you could desire on earth. When serving Me is more important than serving yourself, then you will be moving closer to Me on your path to heaven."

Prayer Group:

Jesus said: "My people, how long will the killing continue in Iraq, Afghanistan, Lebanon, and Israel? The Muslim militants are fighting America and Afghanistan with suicide bombs and car bombs. Hezbollah is fighting Israel with Iranian rockets. Many of the deaths are innocent civilians, and fewer deaths are the combatants of soldiers and militants. It is this vision of a body burning from bombs that is difficult to see on your TV every day. I continue to ask you to pray with deep fervor for peace in

this region before worse things could happen."

Jesus said: "My people, it is difficult to determine the reality of these planned terrorist activities. Yet it has raised great concern in American cities and other countries as to what passengers could take on the planes. Similar threats using liquid bomb making materials have limited any liquids from being carried on to the plane. Many such incidents could be manufactured to create an opportunity for martial law. Already your military has been called up in three states with a heightened terrorist warning. Be prepared every day in prayer for what you will be facing."

Jesus said: "My people, it is curious that when the people are becoming more opposed to the war in Iraq, that more planned terrorist attacks suddenly appear on the scene. Many lives and billions of dollars are at stake in these wars. The rich, who profit from wars, want the wars to continue, and they will use any means possible to promote the nebulous war on terror. My solution is prayer for peace and stop voting for more wars. Killing does not solve any problems, and it is a tool of the devil to destroy man."

Jesus said: "My people, plagues of various insects and bugs will be testing the people as the days of Revelation proceed. There have been many locust infestations and the more they occur, the more pestilence and famine that you will see world wide."

Jesus said: "My people, these cell towers are not just used by phones. They will be very integral in using GPS microchips in the body for buying and selling as well. All of the surveillance cameras are not just for traffic control, but they are a means for tracking your every move as in a police state. Your privacy in phone calls is gone because every call is monitored, even against your laws. Mandatory smart cards in driver's licenses and passports are almost a reality. When you have another major terrorist incident, mandatory chips in the body will soon follow. Refuse any chips in your body even if they threaten to kill you, because these chips could control your mind."

Jesus said: "My people, it is not easy to find a quiet place for contemplative prayer. You have many distractions from TV, radio, phone calls, and people talking that can take you away from your prayer time. Just as I retreated to the quiet of the mountains for prayer, you also must find some quiet rooms to concentrate on your prayer time. If you do not make time for Me specifically, you will see

that the events and desires of the world could keep you occupied all the time. Your prayer time is very precious, so do not let the outside world take it away from you."

Jesus said: "My people, the declining numbers of vocations to the religious life is another symptom of how your society is becoming more pagan and materially oriented. Where there is Adoration of My Blessed Sacrament and vocations are encouraged, you will see enough priests and nuns come forward. When spiritual devotions and traditions are discouraged, and when parents discourage their children from following their vocation, how can you have the proper environment for new priests and nuns come about? In essence I have called the same numbers to the religious life, but many of those called are not following up to do the mission that I have called them to do."

Friday, August 11, 2006: (Funeral Mass of Lydia's son John, 50)

Jesus said: "My people, a death in the family is always traumatic for all the loved ones left behind. It is even more disturbing in view of the circumstances of this death. People that require medicines for chronic illnesses have even more to deal with than everyone else. There is always love in My heart for everyone, and My mercy shines down on every soul at their death, even despite their sins. Pray for John's soul because he is in deep need of your prayers. Many do things that they are not in complete control of their actions, and this is why My judgment is more merciful than man's judging. Pray and give comfort also to the family and loved ones that are bereaving the loss of John in their lives."

Jesus said: "My people, there are many people who spend hours being entertained by your televisions. The new televisions only enhance this experience. I have told My faithful to put a limit on their TV watching so you can leave some time for Me in your prayer time. Many of these shows can be occasions of sin in the language and provocative clothing people wear. Better to watch better shows and less of them. Also guard your children and grandchildren from watching demonic or shows unfit for younger viewers. By guarding your eyes and their eyes, and limiting your watching time, you will be in control, instead of the TV controlling you."

Saturday, August 12, 2006:

Jesus said: "My people, in the approaching time of tribulation you will see an evil that you have yet to see

which could be likened to the power of a black hole in space, as in the vision. Satan, the Antichrist, and the second beast will be allowed a time of their reign, but it will be shortened for the sake of the elect so that they could be saved. In the Gospel I told My apostles that if they had the faith, the size of a mustard seed, they could do even impossible things in the eyes of man. So it will be during the tribulation when My faithful remnant will be protected by My angels at the refuges of protection. The evil ones will not be able to see you, or detect you in any way. Once this time of evil is over, I will bring My victory over the evil ones and I will renew the earth of all of man's abuses. You will have an Era of Peace as I intended life to be before Adam's sin. Rejoice in My coming victory which gives hope to all of My faithful who are trusting in My protection from the evil ones."

Jesus said: "My people, this latest invasion into Lebanon will take many lives on both sides. Israel is trying to establish a buffer zone to stop the rocket attacks, but it will be costly land to take over, and Israel will find it difficult to give such land over to any peacekeepers. This battle will rage on with many losses in the cities of Lebanon, especially of civilians. Peace in this area will not come as long as the Arab nations continue to claim a holy war against Israel. The greatest problem will occur if other nations physically enter the war. The extra prayers and rosaries are deeply needed to stop any further bloodshed. Israel will not give up the fight for their own survival and will continue to gain help from America and Western nations, while Hezbollah will be supported by Arab nations with Russian and Chinese weapons."

Sunday, August 13, 2006:

Jesus said: "My people, when people die suddenly as in this car accident, it is difficult for the person, and the family that they leave behind. Everyone is not always ready to meet Me in their judgment after a sudden death. This is all the more reason to keep your soul purified by frequent Confession so you are ready whenever I will call you home. It is also a nice touch for your relatives if they know where all of your important documents are. The grieving relatives have a harder time to handle sudden deaths without being there when the death occurred, or being able to say their last words to their loved one. However the circumstances are, you can always pray for the soul that may need your prayers in purgatory. Masses for

the dead are very valuable in shortening purgatory time as well. Depending on any unrepentant sins which may require a set time in purgatory, your prayers could release someone in a shorter time. Every soul in purgatory will greatly appreciate your remembering them beyond the funeral."

Monday, August 14, 2006: (St. Maximillian Kolbe)

Jesus said: "My people, you need to prepare spiritually and physically for when you will see all of the churches closed and locked by the authorities. Even now some churches are being closed because of low attendance and not enough priests. A time of religious persecution is coming all over the world when you will need to have Mass in the homes or at My refuges when you can have a priest. Even in America you will be seeing Christians being killed by Islamic militants. Trust in My protection and guidance to My refuges where My angels will see to your needs. Terror will be the excuse for takeover through your disguised security, and then the one world tyrants will use spies as with Hitler to keep you under control using microchips in the body. Many cannot believe that your country could be taken over, but you are losing your freedoms every day to the one world people controlling your government from behind the scenes. Just as St. Maximillian Kolbe was killed in a concentration camp, so your citizens will be killed in detention centers for not taking chips in the body, and not following the new world order. Put your faith and hope in My power that is greater, and I will give you the grace to endure this tribulation. In a short time I will bring My victory over all of these evil ones."

Tuesday, August 15, 2006: (Assumption)

Jesus said: "My people, the degree of light that a spirit emanates is dependent on the grace and holiness of that person. My Light as God overshadows all of your light. My Blessed Mother's light is even more than My angel's light. When people die, they walk into My Light. Some need to be purified in purgatory, then these souls become one with My infinite Light. Those, who are condemned to hell, no longer see My face nor My Light, and they are faced with the ever burning flames of hell. Once My Blessed Mother was assumed into heaven, she is now one in My Light. At times people, gifted with apparitions or locutions, have seen her light. Those, who have seen My good angels in vision, have also seen their light as well. Rejoice one day when you are worthy enough so you can also be one with Me in My Light."

Jesus said: "My people, your children have enjoyed their summer vacation, but now they are becoming bored, and they want school to start soon. Teaching children religion takes a gift of faith and the courage to want to share your faith with the young people. At a certain point the children are again receptive to being taught, and they are anxious to visit with their friends as well. You know by your own faith experience how important it is to know, love, and serve God. By giving up everything for love of Me, you are reaching out to be with Me in heaven. Having Me at your side and sharing your love with Me before My Blessed Sacrament, can be uplifting to your spirit, and a source of constant hope even amidst your many trials. It is your burning example of faith that can be an inspiration for many souls to desire the love that you have for Me. Move forward with your evangelistic spirit to save souls, especially those of the next generation."

Wednesday, August 16, 2006; (St. Stephen king of Hungary)

Jesus said: "My people, today's reading from Ezechiel (Ezech 9:1-7) shows the destruction of the idolaters in the Temple of Jerusalem. All of the people, who groaned about the abomination in the temple, were marked with a cross on their forehead, and these were protected from the destruction of the angel. This is a foretelling of the end times as well when all of My faithful remnant will be marked with a cross on the forehead by the angels. All of those, who are marked, will see each other's cross, but the condemned will not see these crosses. The idolaters of this time will also be dispatched by My angels starting with the clergy who do not believe and are misleading My faithful. There will be priests and bishops who do not follow Me that will be cast into the flames of hell. All of those, who do not have a mark on the forehead, will also be walking in the flames on earth and in hell. Rejoice all of My faithful, for you will be protected from the evil ones, but the evil idolaters will gnash and grind their teeth in the flames of Gehenna."

(Robert Leary funeral) Uncle Bob said: "I am happy to see all of my friends and relatives at the Mass today. Just as people missed me at the 5:00 Mass, I miss being with you also. I liked the displays of my pictures and all the careful preparations that were made for my funeral. I could not have planned it better myself. The flowers were beautiful and so were your eulogies. You had the opportunity to see where I will be placed in the mausoleum, so I hope you can make some trips over to remember me in prayer. I love all of you so very much. You always saw me

leave early to get my pictures developed. This time when I died, the Lord let me leave early with the heart attack so I did not have to suffer anymore from my liver cancer. I am in a beautiful peaceful place and almost ready for heaven. This is why I need a few more Masses and some prayers to make it. Thanks to everyone for all that you have done for me in life, especially these last days."

Thursday, August 17, 2006:

Jesus said: "My people, in today's reading (Ezekiel 12:1-12) the prophet talks about preparing luggage for a time of exile. He also spoke of Israel as a rebellious house to God in their sins, and the holes that they dug as with caves. America is also like Israel, and there will be coming hard times of an evil persecution as in the tribulation. When you see the signs of the end times as in pestilence, famine, and earthquakes, it will be the time right before the Antichrist will declare himself. At that time I will have My angels lead you to My refuges of protection. Then you too will pack your bags to flee in haste to My refuges where you will be protected by My angels. This will also be like an exile when the evil ones will have their reign for a brief time. The refuges will be safe havens at places of My Blessed mother's apparitions, places of holy ground, and even caves in mountainous areas. Many Scripture passages speak of hiding prophets or the faithful in caves for protection. Pray to Me for My graces to help you endure this coming trial."

Friday, August 18, 2006:

Jesus said: "My people, these white clothes, worn by the spouses to be married, are a sign of the purity of the marriage bond. Any union of a man and a woman should only come in the marriage bed. Those, who do so outside of marriage, or with same sexes, are committing a grave sin against My Sixth Commandment. If you are to be pure and holy, you must live chaste lives, and do not defile the marriage bed with contraception in any form. You are temples of the Holy Spirit and you must treat your bodies with respect so that you control your passions. Even when you marry, you must treat your marriage as one until death so that you are not looking for any means for a divorce. My Church accepts annulments in unusual circumstances, but live to preserve your marriage because you have made your vows before Me in My sacrament of Matrimony. In all that you do, do it out of love for Me and love for your spouse. I love you always, even those who sin against Me. You can

have your sins forgiven in My sacrament of Reconciliation and restore your soul to My graces. See the institution of Marriage as a sacred union that can bring forth children in the environment of love."

Jesus said: "My people, you are present on holy and consecrated ground for this House of Prayer. This is linked with Houses of Prayer all over the world that are being modeled after Christina's House of Prayer in Ireland. This is another preparation for prayers that will be needed in the end times. Prayer will be your most powerful weapon in My Blessed Mother's rosary against the evil of the coming days. I do not want you to take up arms against the evil ones, but only prayer because you will be fighting principalities and powers of the demon angels. This is the last spiritual battle before I will claim My victory over all evil. This area and other consecrated houses of prayer will be places of refuges for My people to come to for protection from the evil ones. Know that My angels will be present to guard you and to provide for your needs at the time of tribulation. Give glory and praise to Me as you thank all of those who have made these houses of prayer possible with their donations of time and money."

Saturday, August 19, 2006:

Jesus said: "My people, you will see attacks by the devil more on large affluent churches where there are more politics among the clergy and apathy among the people. The more people have in possessions, the less that they depend on Me, and the more they think that they do not need My help. Wealth is fleeting, but spiritual nourishment can only come from Me. The smaller rural churches among poorer people is where the faith is usually stronger. They pray more and call on My help and protection more than the affluent. The exception is where My Blessed Sacrament is adored and worshiped. My adorers have special blessings of protection spiritually. This problem with wealth is also seen in affluent nations where the faith in God is waning compared to third world countries where the faith is well and flourishing. Also you can see where vocations to the priesthood are coming from. Where there is Adoration and traditional devotions to Me and My Blessed Mother, there are vocations. In Africa and other third world countries, there are vocations. The devil uses wealth and the desire for possessions to blind the faith of the people. They become too dependent on themselves than on Me. The man or woman, who is rich spiritually in their love for Me, has found the true treasure of My Kingdom. Seek first the

Kingdom of God, and everything else will be given to you."

Jesus said: "My people, a time is coming much like in My Early Church where My followers needed to hide in the catacombs to hide from those trying to kill them. So in the end times you will be called to hide again from those supporting the Antichrist. This vision of a cave being carved out means that My angels will make a cave under this building so that people would be protected here from the evil ones. I will perform miraculous things to protect My faithful remnant in your battle against the evil ones of the end times. You must pray for My strength at that time to protect your souls from any attack of the evil ones. Trust in Me and your soul will be saved."

Sunday, August 20, 2006:

Jesus said: "My people, today's Gospel is a core belief in My Real Presence in the consecrated Bread and Wine which have now become My Body and Blood. My Eucharist is My spiritual nourishment for your soul, and you receive the grace of My sacrament to heal the wounds of your sins. I told everyone 'That he, who eats My Body and drinks My Blood, will have eternal life.' This is My promise of eternity in heaven for all who follow Me and keep their souls pure by frequent Confession. You must have a soul free of mortal sin to receive Me worthily without a sin of sacrilege. This joy in your heart when you receive Me in Holy Communion, is My union with your heart and soul in a personal encounter with your Lord. Be thankful that you can receive Me closer than even My angels in heaven. At Communion time you are not only united with Me, but you are also united with all of My saints and angels in heaven. Give praise and thanks to Me for all of My spiritual gifts of graces and blessings as well as all of your physical things and loved ones that were obtained through My help."

Monday, August 21, 2006:

Jesus said: "My people, I will be watching over many refuges of My protection during the coming tribulation. This vision of My all seeing Eye is a testimony to My promise that I would protect My faithful at My refuges. Many holy crosses have been erected in My honor as a further means and symbol of My death on the cross and how I reach out in love to all of My people. Those, who love Me and follow My Commandments, are the people that I will lead to My refuges by their guardian angels. Those, who come to this land, will be protected by an angel. I am even showing you the beauty of the face of this angel who is

appointed to protect this land. These angels of My refuges are being given My authority to protect My people from the evil demons and any evil people that are searching to kill them."

Jesus said: "My people, these beautiful statues of Me, My Blessed Mother, St. Joseph, and the angels are not worshiped in themselves, but they are physical reminders of our spirits. They are an inspiration to My followers. These statues are part of your traditions and devotions to Me, My Blessed Mother, and the saints. Your prayers and rosaries are directed to heaven through My saints as intercessors to Me. This is why when people remove these statues and crucifixes, they are leaving bare walls which are no devotional inspiration at all. Where it is possible, approach your pastors to request these statues, crucifixes, and icons be put in the front of your church, or even in the rear if they are opposed to being in front. My faithful need daily prayer devotions to keep close to Me, and even starting prayer groups will be helpful for encouraging the faith in your parish. Again where it is possible, having Adoration of My Blessed Sacrament as often as you can is another way of giving Me constant praise and worship. You have much evil in your world, so you need all of heaven's help that you can call on to defeat the evil ones who are misleading My people. Trust in Me through prayer and devotions and I will see to the protection of your souls."

Tuesday, August 22, 2006: (Queenship of Mary)

Jesus said: "My people, there have been many healings at this place because these people have such a deep faith that I could heal them. Many times people are focused more on physical healings, but there also can be spiritual healings that I perform in conversions. In the Gospels I chose to heal people's sins before I healed their bodies. The body will die one day, but your soul lives on forever. This is why spiritual healings are even more important than physical healings. The second vision of all of the aborted babies is a judgment that is being called down on America. Whenever you see statues of Me and the saints shedding tears or blood, this is because of the sadness of all of us in heaven where man has killed these babies and they have prevented My Will for these souls to be carried out. As you pray for healings here, also offer your prayers for the mothers and doctors who are killing these babies of their own flesh. I love everyone, but these blatant killings are calling down My justice on your people in America."

Our Lady said: "My dear children, today you are celebrating my feast day of my Queenship. My Lord, Jesus, has given me the title of Queen of Heaven by his graciousness of grace to me. You are seeing in this vision how much my Son and I are sobbing over the killing of my little ones. All of you are my children, and it is sad that man has chosen to kill my babies. I have told you many times that if there was enough prayer and faith, even this sin of abortion in America could be overturned. Because your hearts are cold to seeing the precious value of life in the unborn, you are casting these lives aside without any care for killing them. I have held back my Son's justice for so long that now you will have to face his punishment upon your country. You are concerned more with earthly things than spiritual things, so my Son will take away your possessions and your freedoms. Prepare your souls with prayer and my Son's sacraments so you will be ready to face the trial of the coming tribulation. Keep your faith and trust in my Son, Jesus, and He will save your souls."

Wednesday, August 23, 2006: (St. Rose of Lima)

Jesus said: "My people, you have seen the UN voting on some kind of sanctions against Iran for continuing to make the fuel for nuclear bombs. Many of your news announcers are speaking of the U.S. getting ready to attack Iran. This vision even shows the physical preparations for a new war which could be directed toward Iran as part of your president's axis of evil. If there is another pre-emptive war against Iran, know that the one world people are directing it. There is a strong need for prayer to stop any of these wars proposed for the Middle East. In anyway possible vote to stop these wars from getting started or funded. Your president is leading you down continuous paths to wars that you cannot afford in your military lives or more debts. Your people will have to reclaim your government from any dictatorial power that continues war after war with only lip service from Congress. Pray to stop any more wars and let your vote fall to those in favor of stopping these wars. If you allow these wars to continue, the one world people will lead you to bankruptcy and the depletion of your military as a viable force."

Thursday, August 24, 2006:

Prayer Group:

Jesus said: "My people, a martial law takeover is coming quickly that will lead to the tribulation when the

Antichrist will come into power. There will be the beginnings of a World War, and the Antichrist will come on the scene as a man of peace who is financed by the one world people. Before this police state takeover, I will have My angels lead you to protection at My refuges. It may appear hopeless as the evil ones will have a brief reign, but do not fear for I will come quickly to defeat all of these evil ones."

Jesus said: "My people, the Central Bankers in America and other nations are in full control of your financial systems. Their buying and selling with paper money and bonds of no value are a deception in producing worthless currency with no backing. With their false money they control gold, other precious metals, and oil in various countries. These one world people are bankrupting your countries with debts of their own creation so they could then claim a takeover when they try to foreclose on these debts."

Jesus said: "My people, there is an environmental plan to take over more land from the private sector in the name of wild land preservation. This is in conjunction with UN plans to takeover much of your parklands. In the background these lands are being used to make more detention centers to hold those people who will refuse to go along with the new world order that will demand computer chips in everyone. Refuse to take any chips in your body and trust in My help to protect you from these evil ones."

Jesus said: "My people, control of your buying and selling through smart cards and chips in the body are coming soon in your driver's licenses and your passports. The one world people will also force transponders in your car in order to use your major highways. Just as chips for buying and selling will become mandatory, your driving on major roads will be controlled also with chips on your windows."

Jesus said: "My people, through terrorism and threats to your oil supplies, your gas prices have been driven artificially high, even though there are no real shortages. Those watching your TV news are not being told all of the truth. The one world people are pitching a constant brainwashing in your news for the need to attack Iran to keep them from having nuclear bombs and spreading Islamic terrorism. I keep warning My people not to get involved with useless wars that will not stop terrorism, but only increase your debts and destroy your military. Continue your prayers to stop any wars in the Middle East."

Jesus said: "My people, it will not be long before the

current churches will come under control of a schismatic church that will only promote New Age teaching. When you see New Age gods and goddesses coming into your churches, it will be the time when My faithful remnant will have to find proper Masses and prayer groups in the homes. These evil idols will have demonic influences, and you should leave any churches having New Age teachings. Trust in My protection from such evil and retreat to your homes for traditional prayer. Soon after moving to your homes it will not be much longer that you will then have to go to My refuges for ongoing protection during the tribulation."

Jesus said: "My people, I have many prayer warriors and Adorers of My Blessed Sacrament that are fighting the battle against all of the evil forces in your world. You may be few in number, but you are very solid in your faith and vocal in defending that faith. There is coming a severe persecution of Christians for believing in My Name. You will be tested severely as well from those who want to silence all Word of God. Some of you may be martyred for speaking out in My Name, and refusing to accept chips in the body. I will be at your side to help you to the refuges or ease any pain if you are martyred for My sake. Pray for My grace and strength to withstand all of your coming trials."

Friday, August 25, 2006: (St. Louis)

Jesus said: "My people, there are many faithful who look on statues or pictures of the saints with love for the people of faith they were and for the inspiration of their lives. You have great models in the saints to imitate their holy lives. When you look at pictures of your relatives both living and dead, it brings you closer to them in your memories of their lives. That is why statues and pictures of the saints are also an inspiration to your children as well. When modern churches remove all the statues and crucifixes, they are also removing some of the memories and inspirations of their lives to those who enter that church. Even relics of the saints have a special blessing for you so you can venerate them and inspire you to live holy lives. In today's reading from Ezechiel I raised up a great army from dead men's bones in Israel. The remembrance of saints and martyrs shows you how they faced many struggles and trials in life, and how I helped them in grace to accomplish great things. This is also an example of how I can help everyone who calls on Me in prayer to endure any trial that they are facing. Rejoice in My love and thank Me for sending saints to you to

encourage all of My faithful on their path to heaven."

Jesus said: "My people, every person has a designated length of time to live on this earth, and then they die. Do not live your life as if you are going to go on forever. You have a set purpose and a mission in life, and only so many years to fulfill it. You should have your soul pure at all times by frequent Confession because you do not know how long you have to live on this earth. Only by prayerful discernment can you determine what I want you to do in this life. Each person has been given a set of skills to fit the mission that only you can accomplish. I give you enough grace to be able to do your mission, but you must consecrate yourself to Me so your own desires do not keep you from doing your mission. Understand that the end times are upon you, and there is not a lot of time left to fulfill your mission. This is why My faithful need to focus more on leading a holy life so that you will have the spiritual stamina to endure the coming tribulation of an evil that you have yet to see. Trust in Me that I will protect your soul and give you all the abundant graces that you will need."

Saturday, August 26, 2006:

Jesus said: "My people, during the tribulation at your refuges, fresh water will be your largest need. You cannot survive without sufficient quantities of fresh water. This is why it is important to have a miraculous source as a well or pond for your fresh water at My refuges. I told you that I would provide for all of your needs, just as Moses struck the rock for water in the desert. You will have Manna from heaven and meat also, just as at the Exodus. Fear not the evil ones who will have a brief reign before I will condemn them to hell. Life in the end times will be perilous as some will be martyred, and the rest protected at My refuges. My faithful will then live to see My victory in the Era of Peace as your reward for remaining close to Me."

Sunday, August 27, 2006:

Jesus said: "My people, today's Gospel reading speaks of how many of My disciples left Me because they did not understand the belief that I wanted My followers to eat My Body and drink My Blood under the appearances of bread and wine. I told them that this belief in My Real Presence will bring them eternal life. Even today, there are many who do not want to believe that I am truly Present to you in My consecrated Bread and Wine. Some people leave Me

because they want to be the boss over their lives, instead of following My Will in total commitment. Others have difficulty in accepting My Commandments and loving their enemies. Some leave My simple way of life because they enjoy their sins and their possessions as gods before Me. It is not easy to be a good, practicing Christian, and you need to count the costs of what you must give up. But those, who continue to follow Me in what I ask of you, will have their reward of eternal life with Me in the beauty of heaven. What you suffer here for My sake will be far less than someone who refuses to serve Me and will suffer eternally in the flames of hell."

Monday, August 28, 2006: (St. Augustine)

Jesus said: "My people, you are taken up with all the glitter of fashion and electronic gadgets that you fail to appreciate all of your natural resources in producing your food. Your farmers have fertile land for crops and grazing for your animals. Much of your bulk exports are food crops. You are in a land of plenty, but few realize these blessings and give Me thanks. You are so rushed in your daily activities that you do not stop to think where all of your food items come from. Some fruits are imported, but your general food is cheaper here than other countries thanks to your farmers. Your crops will be in even more demand as people look to have alternative fuels. It is really your natural resources that are providing you a good income, so give thanks to Me for all of your blessings."

Jesus said: "My people, many of those, who lost everything in New Orleans, did not have the money or the desire to start over, especially in the poor areas that were flooded. After a year there are many signs of a lost city that has failed to recover its former population. There have been little signs of hurricanes, but the peak of the season is just starting. Every little storm is being overdone by your media after a very active season last year. Many insurance companies and builders on the South coastline have been careful not to take on any more exposure to risk than necessary. Storms and heat conditions are taking more tolls on your people than in previous years, and some of these trials are a punishment for sin in certain areas of the South. Continue to call on My help in prayer to endure the storms that will be coming."

Tuesday, August 29, 2006: (St. John the Baptist)

Jesus said: "My people, I have shown you this stairway

to heaven at other times, but each day of your life brings you one step closer to your goal in heaven. While you are living your life, it seems like you have many days before your death. This life is passing away very quickly. All that you need to do is look back over the number of years that you have lived, and you will realize how fast they have passed you by. The older you are, the faster they seem to come. Do not have a fear of death, but I am just making you aware of the brevity of this life compared to your eternal destination. In the end there are only two choices for your free will. You can choose to serve Me and love Me with an eternal reward in heaven, or you can refuse to serve Me or love Me as Satan did, but he and the evil ones have chosen the eternal flames of hell. You do not have a real sense of what eternity means, but you would much rather be with Me in the joy and love of heaven, than suffer the flames of hell forever and ever. To serve Me it means that you are willing to worship and love Me over any persons or earthly desires of things. Purification in purgatory is a purging of all of your earthly desires, so your only focus is worshiping and praising Me alone. Only when you have a pure soul free of this world's attachments, will you be ready to enter heaven. I desire all of you to fulfill your soul's goal of striving to be with your loving Creator forever in heaven."

Jesus said: "My people, there will be a major war in the Middle East and this Antichrist figure will come on the scene as a man of peace to stop all of the killing. But then he will declare himself as ruler of the whole world and he will become a tyrant leader forcing people to worship him and take his microchip in the body. All of your countries are primed now to depend on using smart cards as your ID, and as your means for buying and selling. This control will extend into mandatory chips in the body, but I want My faithful to refuse to use these chips even if they threaten to kill you. These chips in the body could control your mind through suggestive voices that would lead you to worship the Antichrist. This information of not taking the mark of the beast and not worshiping the Antichrist will be given everyone in their individual Warning experience. Call on My help to lead you to My refuges of protection from all demons and evil people. I will be at your side to give you the strength in fighting any evil temptations during the tribulation."

Wednesday, August 30, 2006:

Jesus said: "My people, the angel in the vision is

seen next to a lot stronger storm than you have seen up to now this year. America will continue to be tested by natural disasters because you have not repented of your sins, nor have you changed your laws that are against My Commandments. In all of your wars and killings you are seeing a reflection of man's anger and madness reflected in the weather. You also are seeing your weather affected by Russian and American weather making machines as well as deliberate chem trails. All of these manipulations by man will reap a whirlwind of trouble in droughts and bad storms. Be prepared to suffer any punishment due for your sins as a nation."

Wednesday, August 30, 2006:

Jesus said: "My people, during the tribulation, evil people will be trying to capture all religious and patriotic people to eliminate them for not going along with the new world order. If you refuse to take chips in the body, and do not worship the Antichrist, these evil ones will seek you as an outlaw to kill you. At that time some will be martyred for My Name's sake, but the remaining faithful will be led to My refuges of protection. At the refuges My angels will perform miracles so the evil ones will not be able to detect you. This time will be shortened for the sake of My Elect so that you will not be tested beyond your endurance. Now is the time to build up your spiritual stamina so you can withstand this extent of evil that you have never seen before. Trust in My help and My angels, and you will have your reward in My Era of Peace, and eventually in heaven."

Thursday, August 31, 2006:

Jesus said: "My people, you have been given a beautiful planet for your home, I have given authority to man to subdue it, but not to destroy it. You have received what you have from your ancestors, and you want to pass it on to future generations nearly as you received it. This is why it is so important to preserve your environment from any pollution of your air and water, and from any manipulation of the plants and animals. Many of your activities are counter to My plans to keep nature in balance. You continue to pollute your precious fresh water with fertilizers, pesticides, and industrial wastes. You also are polluting your fresh air with chemicals and by-products of all of your power plants and your vehicles. Melting of the glaciers and the ice pack in the north could cause more problems for your coastal cities. Your DNA

manipulation is trying to change My perfection into what man desires, which will distort and ruin My balance of nature. This pride of man in changing the plants and animals will create such a disaster that I will be forced to renew the earth for My coming Era of Peace. Remember to preserve your environment because it is the only home that you have, and you cannot afford to destroy it."

Prayer Group:

Jesus said: "My people, your storm season is heating up with a hurricane in the Pacific and a tropical storm in the Atlantic at the same time. People are seeing less activity than last year, but there is still more to come. Each year these storms occur about this time, but last year was the most damaging in your history both by frequency and intensity. Some storms have struck cities of great sin and these can be punishment for sin."

Jesus said: "My people, you have been given many messages concerning the mark of the beast and My faithful need to refuse any chip in the body, even if you are forced at gunpoint. These people in authority will try to convince people that it is harmless and it will not affect your privacy. These are all lies because such a chip in the body could allow these evil ones to track you by satellite and force you to buy and sell with this National ID. The other revealing fact is that such chips in the body will allow the evil ones to control your mind with suggestive voices that will not allow you to remove this device. Heed My warnings and avoid taking chips in the body for any reason."

Jesus said: "My people, the first step of the new world order's plan is to force all citizens to use mandatory smart cards with personal identification. This already is mandatory for everyone working for your government in their entry passes. It will soon be required in all of your new driver's licenses and passports. Once they have everyone with mandatory smart cards, they will then implement the second step which will be mandatory microchips in the hand or forehead, even with GPS capable tracking. This coming global control will prepare the way for the coming Antichrist who will be a tyrant ruler."

Jesus said: "My people, the same one world people, who are seeking global control over your money and privacy, are also going to try and force everyone to be a part of the One World Religion which is all about New Age teachings. This so-called religion does not worship God at all, but they worship earthly idols as seen in the vision. I have warned you before to leave any churches who teach New Age

because they are promoting idol worship, and will eventually worship the beast of Revelation in the Antichrist."

Jesus said: "My people, the one world people are now influencing your government people to start implementing global control in the mold of your NAFTA treaties. Behind devious appropriations your government is now proposing with signed contracts to make a super highway between Mexico and Canada in order to break down national borders. Even a common currency is being proposed to unify North America into a single entity much like the European Union. These world planners are moving very fast because they have little time before I will soon come and destroy the power of the evil ones. Pray and have patience for My angels will protect your souls."

Jesus said: "My people, many proposals have been made before the United Nations to put sanctions on Iran for openly making nuclear fuel for bombs. There also have been certain media people trying to prepare your country for another possible war with Iran. They are citing all of their weapons which have come from China and Russia. This again is the plan of the one world people to lead America into the possible beginnings of a world war in an attempt to destroy your military and make you vulnerable for their planned martial law takeover. See these things taking place even though your representatives in Congress will do nothing to stop it. Pray to stop all wars, and do not follow those leading you into war after war for the gain of the rich."

Jesus said: "My people, no matter how hopeless it will appear with all the evil going on around you, do not lose hope that My power is greater than these evil ones. I will defy all manner of detection of My faithful at My refuges. My angels will perform powerful miracles against all of the demons and one world people. At the battle of Armageddon My forces of angels and faithful will defeat the powers of darkness. My comet of chastisement will destroy all of the evil one's chips and control of people. My angels will then cast all of these evil ones into hell. I will renew the earth and My faithful will be rewarded in My Era of Peace and eventually in heaven."
