

Wednesday, August 1, 2007: (St. Alphonsus Liguori)

Jesus said: "My people, this ugly beast represents the devil who is constantly tempting you to sin until your dying breath. He does not sleep and souls, who are not strong against him, could easily succumb to his lies and deceits of the world. Some, who desire fame and riches, even make pacts with the devil to have all worldly things, but they pay for it in suicide and with their soul. This dragon works on your weaknesses when you are tired or desirous of earthly things, or prideful in your accomplishments. Instead of giving Me glory for all that you have and do, the devil encourages you to praise yourself for your successes. The devil desires to keep you in sin and away from Confession. He also tries to discourage you from praying and encourages you to waste your time on so many earthly pursuits that you have no time for Me. If you are tempted in these ways, you know it is from the dark side of the dragon, or the devil. You should make time for prayer every day and go to Confession at least monthly. Consecrate everything to Me in the morning so I can use you for My work. Make visits to My Blessed Sacrament to give Me praise and adoration, and let Me speak to your heart how much I love you. Keep blessed sacramentals on your person and focus on Me all the time, and you will be protected from all of the devil's temptations. Pray the St. Michael prayer of exorcism whenever this demon attacks you, and My angels will comfort you. Condemn any evil spirits to the foot of My cross in My Name, and the enemy will leave you."

Wednesday, August 1, 2007:

Jesus said: "My people, there are many miles of uninhabited lands that provide oxygen from the forests and places for wild animals to survive. Man is sprawling out from the cities in seeking places for houses and he is competing with the animals and creeping things for the use of the land. Many animal habitats are being invaded, and only special preserves and parks are protecting certain species of animals. It is man's pollution of the air and water that is most threatening to My balance of nature. Man's tampering with hybrids and cloning is another threat to My creation. It is man's job to be a caretaker of his environment and not an abuser. As your population expands, there is an increasing need for food and fresh water. Man needs to strike a balance between his needs and the needs of nature to be able to pass on this gift to the next generation. Give Me praise and glory for My creation, and thank Me for all that I provide for you on this earth."

Thursday, August 2, 2007: (St. Peter Julian Eymard)

Jesus said: "My people, in the time of Moses he erected a

tent for a dwelling place for the Ark of the Covenant that contained the tablets of the Ten Commandments. This tent was temporary as the Hebrews moved through the desert. Today, you have another dwelling place for Me in the tabernacles of your churches that have a more permanent structure. It is appropriate that you honor St. Peter Julian Eymard who had a great love of My Blessed Sacrament in Adoration. He founded an order of priests and one of nuns that were dedicated to giving Adoration to My Blessed Sacrament. You always have Me present among you in My Eucharist at Communion and in My tabernacles that contain My consecrated Hosts. In these evil days I ask you to be protective of My consecrated Hosts, so they do not fall into the hands of those who desecrate My Hosts in black masses. Be on guard for any signs of people trying to break into My tabernacles. There is a constant battle between good and evil, and the demons know full well of the spiritual power in My consecrated Hosts."

Prayer Group:

Jesus said: "My people, I have been focusing you on My crucifix in several messages because it should be a part of your life. The crucifix is a representation of how I died for all of man's sins, but it is an example to everyone of how I want you to take up your own cross of life and sacrifice it for Me. Life is full of trials and joys, but you must be willing to share your suffering with Me. By prayer and bearing your cross, you can gain merits in heaven for all that you endure here for Me."

Jesus said: "My people, this is the beginning of a string of events that will affect America. Many are already trying to lay the blame on someone for this bridge collapse. Many officials are aware of some marginal bridges that have the same rating of safety, and are as old. This event may put more focus on fixing your older bridge infrastructures before another unfortunate disaster could occur."

Jesus said: "My people, when you have discerned to build a refuge house, it would be good to make a small model to see how best to construct it to fit the land contour. I will be guiding your hands in this special construction. I will also provide the land and the financing to bring this plan to fruition. Pray for My help in every stage of this construction and you will see the result of My hands."

Jesus said: "My people, by the evidence of many end time signs, the time for building a refuge is running out before you soon see the time of the tribulation beginning. I have given you many warnings about famines, earthquakes, and weather disasters. Now you are seeing these events coming to pass along with microchips in your passports and driver's licenses. Be prepared with your backpacks to leave for My refuges at any

time."

Jesus said: "My people, I have told you that I would provide springs of water for drinking and healing at My refuges. This vision is also showing you a pond that will be needed for bathing, and washing your clothes. If necessary this water could be filtered for drinking. Americans use large amounts of water for showers and watering your plants and grass. When water is more scarce, you will need to use your water for only the bare necessities. Rejoice that your needs will be provided for at My refuges."

Jesus said: "My people, this vision of a confessional outdoors represents the freedom of movement that you will feel when you are released from your sins. There is a joy in your heart and soul once you have repented of your sins and you have been absolved in My forgiveness. Some people feel confined by the bondage of your sins and how certain sins have a control over you. By coming to Me in Confession, you too can be released and freed of the shackles of your sins. Give glory to Me for giving you this sacrament of Penance to put My spiritual peace back into your soul."

Jesus said: "My people, at Adoration you have Me sacramentally present before you in all of My glory. This light shining out from My Host represents the many graces that flow out to all of My adorers. My adorers have a special love and a desire to be close to Me, and just as Mary, they have chosen the better portion and they will be rewarded for their visits to My Blessed Sacrament. When you visit Me, take five or ten minutes to just rest in quiet contemplation of My Host before you. Do not be in a rush in your prayers, but take time to drink in My love and care for you. When you leave, your soul will be refreshed in My graces."

Friday, August 3, 2007:

Jesus said: "My people of America, you are not peacemakers, but your government is acting more as a war maker. You are continuing to fight wars in Iraq and Afghanistan based on faulty intelligence and a suspicious 911 destruction. You are selling arms to Saudia Arabia and Pakistan, and even to the Palestinians to fight Hamas. You also give arms aid to Israel. You are still the largest arms dealer in the world and the one world people are in control and making more money on these arms and wars. You will not find peace with more wars and arms sales. You are only fueling more wars with these arms sales which could even be used against you in the future. True peace can only come through prayer and a cessation of hostilities. If you allow the one world people to perpetuate your wars, then you are helping to destroy your own country's military and your economy. Take away the war funds and arms deals, and you will

take away the incentive for more wars."

Jesus said: "My people, it is not by accident that you are fighting a war of the one world people in Iraq and Afghanistan. Iraq has one of the largest finds of oil in the world, and Afghanistan harvests more poppies for drugs in all the world. There is money there to be harvested as well. There is a claim of war to fight the Islamic extremists for security, but this war against terror has been fabricated to be in these countries. There is a hidden agenda for oil and drugs in the background, but no one will ever admit it. Take away all of these incentives for money, oil, and sales of weapons, and interest on your war debts, and you will take away the incentive for these wars. Deny the one world people access to your money, and you will have peace by default. Continue to pray for peace and stop funding this war."

Saturday, August 4, 2007: (St. John Vianney)

Jesus said: "My people, I am showing you this vision of a fall season with the turning of color in the leaves. This is a sign of a timing of a major event that could take a number of lives. I will be giving you more details as this time grows closer. Many coming events could change your lives as you are accustomed to now. You have just witnessed this latest bridge collapse, but this will be minor compared to the coming natural disasters, and man-made events. You have enjoyed a relative calm in America these last few years, but soon you will be more stressed with the changing events that you will have to endure. Pray for a change of hearts to stop all of the serious sin going on that will bring My judgment upon your country. Repent now before it is too late."

Sunday, August 5, 2007:

Jesus said: "My people, America needs to have more respect for Me than following the anti-God people who you are allowing to strip prayer from your schools and the Ten Commandments from your public buildings. The morals of your country are becoming so corrupted by your neglect and apathy for following My laws. You have corrupted My marriage institution by your divorces and living together, as well as your call for same sex marriages. Your bad movies and TV programming is corrupting both adults and your children. Your abortions, euthanasia, and constant wars are giving in to your death culture and Satan's desire to destroy man. If you do not change your sinful ways, your country will be on its way to total ruin and takeover. I have mercy on all sinners, but My justice is calling for your punishment."

Monday, August 6, 2007: (Transfiguration)

Jesus said: "My people, this vision of My transfigured body with Elijah and Moses was proof to My three disciples that I truly was the Son of God, the Second Person of the Blessed Trinity. God the Father spoke: (Matt. 17:5) 'This is My Beloved Son, in whom I am well pleased; hear Him.' The Holy Spirit is seen there also in the vision, even though it is not mentioned in the Scriptures. But where one Person of God is present, the other two Persons are also present, because they are inseparable. My three apostles were overwhelmed with the magnificence of this vision and I advised them not to tell anyone until after My Resurrection from the dead which they did not understand. This glorified body of Mine is in fact a prefiguration of My resurrected body which again is a sign for all of My faithful when you will be reunited with your glorified body at the final judgment. Rejoice when one day you can be with Me in heaven with all the splendor of My glory."

Jesus said: "My people, this is another message concerning the Warning and how you will experience it. I am showing you a wheel with cogs to make up eight sectors of three hours each of every day in your life. As the wheel spins one revolution, it represents one day in your life. The long line develops into the years of your life up until the Warning, when everyone will face this life review and a mini-judgment. Just look back at the end of one day and think of how much time you gave Me, and the decisions that you made either for good or bad. All of your sins will need reparation and they will be weighed against your good deeds. At the end of your life review, you will be judged by My mercy or justice to heaven, purgatory, or hell. Then you will be given a second chance to improve your life so you can be better prepared for heaven. Once you know the truth of your sins and how you should not offend Me, you will be more responsible for your actions. If you still choose the world instead of Me, then you could be condemning yourself to hell. Wake up to improve your life, before it is too late. I struggle to save everyone out of love, but I do not go against your free will."

Tuesday, August 7, 2007: (St. Sixtus)

Jesus said: "My son, in today's first reading you saw how Miriam and Aaron were jealous of Moses, and they spoke against him for marrying a Chusite woman. (Num 12:1-16) As a punishment for their criticizing and their jealousy, I turned Miriam into a snow white leper for seven days. Many of My prophets through the years have been persecuted and even killed because the people did not want to hear and obey My words through My prophets. Those, who take on My yoke to spread My messages, may suffer much, but I have a deep love for their willingness to do

My mission for the people. You see in the vision this heart in the cemetery as a sign of My love. But the cemetery is also a sign that some of My prophets may have to suffer martyrdom for speaking out in My Name. The devil wants to silence My messengers, but I will protect them until their appointed time of suffering. Rejoice, My son, that you have been called, and I love you for accepting this difficult mission. You will be rewarded in My time, but you also have a heavy responsibility to follow My Will. Give praise and glory to Me for all that I have done for you."

Jesus said: "My people, because you buy a piece of land, it does not mean that you alone own it. Wherever people develop land for building, you are sharing it with nature and the animals of that area. Some complain of the damage to their flowers, shrubs, and planted vegetables from the deer and various animals around you. You do not live in a vacuum, and My animal friends do not always obey property lines. Learn to live with the animals who need to eat things to survive. I made all the animals and insects for a balance of nature, and man wants to control everything. Where possible see how all of these things fit together for your own survival and do not violate My plans for a balance of nature."

Wednesday, August 8, 2007: (St. Dominic)

Jesus said: "My people, according to your traditions St. Dominic had a vision of My Blessed Mother encouraging him to pray the Marian Psalter of 150 Hail Marys. This was modeled after the 150 Psalms of the Bible and the rosary was to be prayed to help people to not believe in the Albigensian Heresy which was prevalent at that time. This heresy taught that I was not a man and that Satan created the material world. I was prayer and My Blessed Mother which intervened to thwart this heresy over time. Prayer and the rosary of the fifteen decades are powerful weapons today to fight the evil ones. Those, who pray the rosary daily, have My Blessed Mother's mantle of protection around them. When you pray either formally or informally, you are talking with Me in remembering the Fifteen Mysteries of My life. Now you have the Luminous Mysteries added by Pope John Paul II. Your daily prayer life is a spiritual strength for you to get through each day with heaven's protection from the temptations of the devil. When you are weak physically or spiritually, prayer can point you in the right direction to accomplish your mission on earth. Give praise and glory to Me for helping you through life, and honor My Blessed Mother as an intercessor for your petitions. The rosary is your help to heaven, so pray it every day."

Jesus said: "My people, the CIA and the FBI do all of the

covert operations of the one world people, and that is why they claim security restrictions to keep the American people from knowing what they are doing. They track everyone's travel on airlines, crossing the borders, and even state lines. With people's cell phones, Easy passes, and ignition chips, they can follow your every movement. They also listen to everyone's communications by Fax, e-mail, and phone calls. They know all of your conversations and they can even hear you with their line of sight technology. The next step in your government's reach for control is making it mandatory to have smart cards in your driver's licenses for further tracking. It is already renewing all passports with chips in them as you have seen. I have already warned you that such chips are only being demanded for control, and there is no advantage for security or need for buying and selling with them. You will not be able to buy or sell without these chips, just as you were refused charging today. The final stage will be mandatory chips in the body because they will claim that you do not want to lose your chips. It is at this stage that you should refuse to take chips in the body, and leave for the nearest refuge with your guardian angel. If you refuse to take such chips in the body, the authorities will try to place you in detention centers when they come to your home. This is why leaving in haste for your refuges will allow you to keep from being captured. Some will be martyred at the detention centers for not denying their faith, and refusing to worship the Antichrist. Call on My help to protect you and provide for your needs at My refuges."

Thursday, August 9, 2007: (St. Teresa Benedicta of the Cross)

Jesus said: "My people, with today's saint you remember the evil of the Nazi killing of the Jews and the religious during World War II. This evil extermination of people was the last visit by this evil demon of death. Many abhorred the Holocaust and claimed that it should never happen again. But even today you are seeing an ongoing holocaust in the millions of abortions that are legal in your country now. This vision of this black angel of death is a sign that you again will be visited by another killing of millions of religious and patriots for not worshiping the beast, nor taking his mark. This is also represented in the black horse of Revelation as well as the pale green horse (Rev. 6:5-8) when evil will have its brief reign in killing My faithful for not giving up their faith. I tell you all of these lives, that are killed, will receive glory in heaven, but their killers will be swept away in My victory as they will suffer hell flames on earth and in hell itself for all eternity. Some of My faithful will be martyred, but the rest will be saved and protected at My refuges. Rejoice in My coming victory as My power will reign supreme over all the evil ones.

I will renew the earth and bring about My Era of Peace as a reward for My faithful remnant."

Jesus said: "My people, I am happy with your prayers and fasting in your novena to soften the hearts to accept My cross on your altar in this church. There is no crucifix on the altar now and My Blessed Sacrament is on the side. All the more reason that the people could see how much I suffered for them on My cross. This church has very little for the people to meditate on, so a cross on the altar would be most helpful for all the souls reaching out to be with Me."

Jesus said: "My people, many of your large market stores and your military are demanding their suppliers to put microchips in every pallet, case, and eventually every product. These RFID tags will replace your bar codes so they can be scanned at the check out more easily. These chips will be also readable when you leave the stores and are a violation of your privacy. This is another means to track everything that you buy. This control will not last long until My victory will overcome the evil ones."

Jesus said: "My people, there are some of you planning another pilgrimage to Betania, Venezuela, and you are praying for a safe trip in a strained relationship with the leader of this country. You are seeing the beginnings of another communist dictator trying to take control over this country. You need to pray that he does not get full control because the communists are atheists and are very much against the Catholic Religion worshipping God. My Church has had to suffer much in other communist controlled countries. My Blessed Mother and I will be watching over you, but you must pray much and wear your sacramentals of protection against any evil influence in this country."

Jesus said: "My people, this Trojan horse being brought into America is about how the one world people are bringing in the NAFTA Treaty of trade. Under the guise of free trade the one world people are setting up highways and a new global government of the North American Union to join America, Mexico, and Canada. This undermining of your sovereign rights of your country will take away your right to vote, jury trials, and any protection granted in your Bill of Rights in your Constitution. Do not let the one people take away your nation by default. These evil ones will strip your right to worship God as well. Stand up for your rights before they declare martial law in an outright takeover."

Jesus said: "My people, your individual farmers are your last bastion of freedom from those who are trying to control all of the food. Imports from countries like China are ruining your food prices even as your manufacturers are being put out of

business by the dumping of cheap products in your markets. The more dependent you are on China, the more they can blackmail you in their demands, because you have few other alternatives to buy from. This is another plan of the one world people to control your economy by greed for low prices. Support your farmers in buying their food over any foreigners."

Jesus said: "My people, I have warned you of your vulnerability to losing your electric power. Many countries spend millions to import fuels to power their electric plants. Now the money that you have exported overseas in buying foreign goods is now being used to buy your electric power facilities. Much of your industry and factories are now foreign owned which is sensitive in controlling your very infrastructure. By farming out these critical industries to foreigners, you are becoming more vulnerable to foreign control. Voice your opinion against this foreign control of sensitive areas as your ports and your sources of power."

Jesus said: "My people, Satan loves to divide and conquer man by testing you with new ways to worship. You already have too many false religions and even many denominations among Christians. You should be uniting closer to Me than being drawn to a new voice trying to deceive you. Stay with your traditional faith and be appreciative of the gifts of My sacraments to you. Be nurtured in My love with the very Church that I have instituted."

Friday, August 10, 2007: (St. Lawrence)

Jesus said: "My people, you have no idea of how restricted your life is going to be when martial law will be declared. I have warned you before to get some maps of all the back roads around you so you may be able to use your cars to avoid the main highways. The vision shows you how the authorities will be setting up barbed wire fences on the main highways as checkpoints to capture those refusing to go along with the one world order. As the control of the roads will gradually tighten, you will eventually be reduced to bikes or walking. As you are led by your guardian angel to the nearest refuge, pray for My protection so you will be made invisible to those seeking to kill you for your faith. This will be a desperate hour of persecution that you have not witnessed in America. Have no fear of the evil ones because I will give you My grace to endure this evil time. Some may be martyred, but I will ease your pain. Others at My refuges will be protected and cared for. This time of evil will be less than three and one-half years, but I will speed up the time. Have faith and patience in My power for soon I will conquer all evil and bring you into My Era of Peace."

Jesus said: "My people, in the heat of the summer many times your lawns can burn up or go dormant when it is dry without much rain. Some people like to keep their lawns green with fertilizer and enough water from sprinkling. This requires more maintenance in getting the water to where the lawn is drying out. In a spiritual sense it is mentioned in Scripture 'What are you going to do in the 'dry' if you cannot be holy in this time of the 'green'? (Luke 23:31) In other words if you are weak now in faith with little testing, how will you manage in the 'dry' of the tribulation when you will be witnessing an evil that you have yet to see? This will be the time of a dryness in faith when I asked if I will find any faithful left when I return in judgment. Now is the time to prepare your souls to be as holy as you can in your thoughts and actions through My grace and My sacraments. Take advantage of your access to Confession now because the priests will be hard to find in the tribulation. By developing a good prayer life now, you can have enough spiritual strength to endure the coming evil trials. This reign of evil will be short before I will come in victory. Have patient endurance in prayer and fasting so you can keep your inner peace and not have any fear of these evil ones."

Saturday, August 11, 2007: (St. Clare)

Jesus said: "My people, how quickly you are spoiled in America with all of your new homes, new cars, and new electronic devices. If you do not have warm showers, air-conditioning, and heating, you feel deprived of your necessities. In many countries these things are considered luxuries, and they are more concerned with finding water to drink and a little food to eat. Even the poorest of your poor could receive welfare, a place to stay, and soup kitchens for something to eat. You could live a simpler life without your TVs, so much shopping, and more time in prayer. People busy themselves with many earthly activities and concerns, but your spiritual life should be your preparation for heaven. You are here to know, love, and serve Me, and not to accumulate wealth and possessions for yourself. It is your good deeds, charities, and your prayer life that will count most for you at your judgment. So place more focus on those things that will bring you closer to Me than the things of the world. I am not just an after thought in your life, but I should be the main focus. If I am the main focus in your life, then you should give Me more than just a few minutes every day and an hour on Sunday."

Jesus said: "My people, coal mines have been in the news again because of the latest mine collapse that trapped six miners. Mining coal is a very dangerous business and safety precautions do not save the companies money. In fact they cost

money which is why they are sometimes avoided. The miners, who complain, could lose their jobs, so they keep quiet until this accidental collapse kills people. Coal still is used for power plants, but it is difficult to mine with all of its hazards. China also has had mine fatalities. Some mining techniques are dangerous and should be avoided. Each accident should show you ways not to mine, and employers should not repeat the same mistakes. Pray for your miners and their employers to work safely and not take unnecessary risks."

Sunday, August 12, 2007:

Jesus said: "My people, you have been waiting patiently for My return for over 2,000 years and some still do not think that I am coming soon. I have told you that this would occur in your lifetime, but it will happen in My time unknown to you. Some would like to get the tribulation over and on to My Era of Peace. I have My reasons for delaying a little longer, but have patience because events are already leading up to the time of tribulation when the Antichrist will have a brief reign. Today's Gospel is more about preparing for heaven not only for when I return, but even for everyone's death which could come first. Many talk about your planning of events in the future, supposing that there is a tomorrow and that they will be still living then. There is some prudent planning to be done, but still it is only by My grace that you will live to the next hour, let alone that you will be alive tomorrow. This is why you should be most focused on living the present moment because you do not live in the future. Focus on your daily prayer life and consecration to get you through each day. Share in My daily Mass and visits to My Blessed Sacrament. Confess your sins often to have a pure soul when you are called to your judgment. Take advantage of opportunities to do good deeds for others and make good decisions on your every action. By trusting in Me by faith, you can be assured of a place in heaven living according to My Commandments."

Monday, August 13, 2007:

Jesus said: "My people, all of My Blessed Mother's pilgrims are happy to visit Betania again where My Blessed Mother has gifted many people in seeing her physically in apparition. Her presence is very strong at the Betania grotto and more pilgrims will continue to see her in vision. You have been gifted before with My Blessed Mother's signs of the blue butterfly and the gold glitter flakes which are signs of her presence. She is asking many prayers in your rosaries for the people of this country of Venezuela because they love her dearly and they will be suffering with Me on the cross for their faith. All of the

world is in great need of prayer also because of all the sin that is leading up to the coming of the Antichrist. You all will be suffering with Me on My cross as you will see more persecution of My Church all over the world. You must keep faith in My help during the tribulation because it will be coming soon. As you see the Antichrist come into power, rejoice because in a short time I will defeat all the evil ones and bring about My Era of Peace."

Tuesday, August 14, 2007:

Maria Esperanza said: "My dear pilgrims, I am happy to see you at my grave, and I will pray for your souls to be strengthened through Our Lord's graces. Now that I am in heaven, I can do even more for my people than when I was on earth." I prayed to Maria and Our Blessed Mother that if it be possible to have a sign given to the people to support their faith. She said: "Yes, I will convey your petition to Our Blessed Mother."

(Vigil of the Assumption) Our Lady said: "My dear children, you are seeing a beautiful choir of the Bianchini Family and the many priests at your celebration as you celebrate my feast day of my Assumption into heaven. In the vision of my Son on the cross, it is how I bring you to my Son, Jesus. To Jesus through me is very well known and especially as you are drawn to my shrines of apparition. This Shrine of Betania has been a special place for me because I am rewarding the people of Venezuela for their great love for me and my Son, Jesus. I am called Blessed and my Lord has granted me this great honor of being assumed into heaven so my body would not decay. In the vision I am truly seen as the woman clothed in the sun as you have read in Revelation. (Rev. 12:1) Now, I too, will be able to do more for my children in heaven than when I was on earth. Even as you celebrated the crowning of this new statue, I am crowned in heaven as the Mother of God and the Mother of all mankind. Thank you for all of your prayers and rosaries that you offer to me each day, and I will present all of your petitions, as your intercessor, before my Son, Jesus."

Wednesday, August 15, 2007: (Assumption Feast)

Our Blessed Mother said: "My dear children, do not always expect great signs to come before you, but even be satisfied with my little signs of my presence. As you were praying your rosaries, I gave you a little sign of my presence in seeing the blue butterfly. At other times you are aware of my presence in the smell of roses, or with the glitter flakes. When you come to my places of apparition, you should be more focused on prayer and petitions to improve your spiritual life and that of others.

Signs are small confirmations of your faith, but they are not expected. Heaven chooses the time and place for signs, but rejoice more in my heavenly gifts and blessings of protection."

Jesus said: "My people, today I am sharing My Blessed Mother's Assumption as her title of 'Refuge of Sinners'. Your theme of Reconciliation is how I welcome sinners to come to Me in Confession to seek the forgiveness of their sins. You are seeing My Blessed Mother being assumed into heaven from her place at the Dormition Abbey. The other significance of the cave is about the end times of the days of tribulation. My Blessed Mother and I will be protecting all of My faithful at My refuges. I have told you that the places of My Blessed Mother's apparitions will also be places of refuge to protect you from the evil one's brief reign. My Blessed Mother and I are thanking all of the Bianchini Family's work to accommodate all the pilgrims here as well as the coming faithful seeking protection."

Thursday, August 16, 2007: (St. Stephen)

Jesus said: "My people, you have all come to venerate My Presence in the living miracle of My Host where My Blood is visible on the Host and spreading over time. There are many Catholics and others who do not believe that I am fully Present Body and Blood in every consecrated Host. These miracles of My Eucharist are given as proof to these unbelievers, even if they still refuse to believe. Pray that these unbelievers may believe, even as St. Thomas at first doubted in My Resurrection. Believe in My Real Presence because your Lord and God is before you always in My consecrated Hosts. You have been drawn to Me in daily Communion, My son, and you have a deep love for Me. One of your missions is to bring people closer to My Eucharist and a true belief in My Real Presence. Always remember what I told you, 'He, who eats My Body and drinks My Blood, will have eternal life.' Remember also to have reverence for My Blessed Sacrament and do not receive Me in mortal sin so you do not commit any sin of sacrilege. Come and adore Me often in Adoration or at My tabernacle so I can bless you with My abundant graces. My adorers have a special place in My Heart, and I will never abandon you in all of life's journey."

Jesus said: "My people, only a select number of souls have had the honor of being incorruptible after death. For the most part they are either Blessed or Saints declared by My Church. Their lives are models for you to follow and they have helped many souls come close to Me in life. They have fulfilled their mission in life, despite many obstacles. See this incorruptibility as a reward for their life, but also as a sign to My faithful how you are called to be holy in walking with Me

every day. Rejoice and give Me praise that you have been blessed with the presence of these beautiful people in life and even in death."

Friday, August 17, 2007:

Jesus said: "My people, all of nature obeys Me by instinct and the balance of nature is as I have created it. I have given man free will which makes him different from all the animals because you are made to My Image. I give everyone an opportunity to know Me and a choice to follow Me in faith. I do not force My love on you because I wish to welcome your love by your own free choice. Throughout the whole Scriptures you are given the choice between the love of God or the curse. At the judgment you will be held accountable for all of your actions. I read the intentions in your heart for every action, and I know who loves Me and who does not. For those, who live their lives according to My Will and love Me, they will find their reward in the splendor of heaven. But for those, who worship the world and refuse to love Me, they will be judged to the fires of hell. Choose life while you still have time to be saved."

Jesus said: "My people, when you receive Me in Holy Communion, you are united with the Communion of Saints in My Mystical Body. In the Gospel (Matt. 19:3-12) you were given how I created man and woman to be joined in marriage as one flesh without divorce, but with an intent to live together until death. I attended the feast of a wedding in Cana to honor the institution of this sacrament of Matrimony. There are many evil forces in your world that are attacking the family with divorce, living together, and even homosexual marriages. The true marriage of a man and a woman is how I want you to live, and not in any sinful unmarried state. The single life and the priestly life are their own vocations. The other vision of My Wedding Banquet in heaven is everyone's calling to be with Me in heaven. I go to prepare a place in heaven for all of My faithful. All of My faithful will one day be raised up to be saints to truly join Me with all of My saints and angels, and especially Maria Esperanza as you are promoting her sainthood by My Church."

Sunday, August 19, 2007:

Jesus said: "My people, you have seen some recent tragedies from some miners killed in a mine collapse. Some families are suffering these losses and their family miners are at risk in a dangerous occupation. Getting enough air into a mining cave is essential to keep the miners alive. These attempts at drilling holes were meant to try and save their lives if they were not dead already from being crushed. In a spiritual sense I have to try and drill through all of your earthly desires and

possessions to get your attention with My grace, which is like air to your soul's life. When all of the grace leaves your soul due to your sins, your soul is being smothered to death. By coming to Me in Confession you can be revived in My forgiveness and My grace. So keep your own air holes clear to My grace so your soul can have life."

Monday, August 20, 2007: (St. Bernard)

Jesus said: "My people, no matter how famous or wealthy that you become on earth, you all are meant to die and be buried in a casket. You may be comfortable or not in this life, but everything that you see here is temporary for the body. Even so when you die, your soul will live on for all eternity outside of time. In essence this little time that you have on earth compared to eternity is but a preparation time for heaven. There are only two choices ultimately for your free will, and that is either heaven or hell. I emphasize that it is better to come to Me out of love than just the fear of hell. But you should know the consequences of your actions and your decisions. The more that you are able to overcome the desires of the world, the less that you will have to purify in purgatory. In order to gain heaven you must be holy as a saint, so you can be in total conformance to My Divine Will. This means your total attention must be on Me in loving Me and worshiping Me at all times. This is why when the Israelites worshiped other gods as in the First Reading about Baal, they were humbled by their warring neighbors as I allowed it. When they returned to Me, I helped them defeat their enemies. So it is in this life, when you worship or idolize the things of this world, you reap the rewards of the coldness of things that do not love you. When you choose Me, the One who loves you unconditionally, your soul is full of love and grace for Me and your neighbors. You were created body and soul to be with Me for all eternity in heaven, and you were never meant to be in hell with all the demons that refused to serve Me. My love is constantly searching for your soul and I wait to forgive your sins when you offend Me. Work to avoid sin so you can be prepared to be holy and ready for heaven. I am all loving and you need to be all loving also, even of your enemies. You are striving for perfection and you need to call on My help to reach sainthood to enter heaven."

Jesus said: "My people, there has been much debate over the findings of your '911 Commission Report' as to the thoroughness of their investigation. Some have proposed evidence from various experts on the possibility of an inside destruction of the buildings. Other experts on the other side have tried to explain away this evidence in order to suppress any opposition to other explanations. The real truth will be

revealed in time. But your country's abuse of the 'War on Terror' was not a justified excuse to a unilateral attack on Iraq. Your industrial defense manufacturers have profited from this drawn out war in Iraq, and the billions of dollars spent on war debts will give interest profit to the central bankers who desire wars. Many of your wars have been planned for profit and the one world people have been behind the scenes to set these wars up. I have asked My people to pray for peace and stop supporting war after war to fill the pockets of the one world people with their blood money. This is one more extension of your death culture in seeking constant killing instead of My peace."

Tuesday, August 21, 2007: (St. Pius X)

Jesus said: "My people, throughout the history of My Church, I have guided it through the actions of My pope sons. Today, you are celebrating the feast day of a relatively recent St. Pius X, who was most noted for defending the papacy from civil rule and for lowering the age to receive Holy Communion to seven years old, the age of reason. He died about the time of the beginning of World War I. I instituted My Church on the rock of St. Peter as the first pope when I said: (Matt. 16:18,19) 'Thou art Peter, and upon this rock I will build My Church, and the gates of hell shall not prevail against it. And I will give thee the keys of the Kingdom of Heaven; and whatever thou shalt bind on earth shall be bound in heaven, and whatever thou shalt loose on earth shall be loosed in heaven.' My pope sons have been guiding the teachings of My Church and protecting the faith from any heresies. Continue to pray for My pope sons that they will be protected."

Jesus said: "My people, do not be discouraged by some people as they fall away from My Church. These things will happen as it is a sign of the end times. Faith is a gift from Me and it needs to be constantly nurtured with My love for you and your love for Me. You have a choice to serve Me or to serve the world and Satan. I will always love you and support you, but the devil will use all of his temptations of worldly cares and desires to serve him, and he will always hate you. You need a good prayer life, My sacraments, and good deeds to keep your spiritual life strong. Love of Me and serving your Creator should be your primary focus to get to heaven. You are always in conflict with the desires of the soul over the desires of the body. If your faithful become lax in their prayers, miss Sunday Mass, and do not have frequent Confession, they will be more prone to falling away. A strong spiritual life is difficult to instill in adults or children if they do not have good role models or good parents to inspire the children. Keep faithful

to Me and work to save souls through My love. It is My faithful's example that will bring conversions, so you need to lead good Christian lives to win them over to My love. Pray for the poor sinners to be disposed to My love and help your own family members who should be your mission to convert."

Wednesday, August 22, 2007: (Queenship of Mary)

Jesus said: "My people, today you celebrate the Queenship of My Blessed Mother who was instrumental in My coming to earth by her fiat at the Annunciation. This feast day is the octave of her Assumption into heaven. By coming to earth and My dying on the cross for all of mankind's sins, now the gates of heaven could be opened to all souls that are worthy of entering. All the souls that came before My Resurrection had to languish in this vision of a grey area. After My Resurrection those, who had their souls purified, could now freely enter heaven. Even now worthy souls, who lived after Me and were purified, can also enter heaven. This is why My Blessed Mother is at times called a co-Mediatrix, not that she was My equal, but her yes was required of her free will to allow My coming to earth. Give honor to My Blessed Mother for she is your heavenly mother as well, and she watches out for all of her children on earth. Call on her in your daily rosaries as intercessor for your petitions. Our Two Hearts are joined as one and we love you all so dearly. Return your love to us and thank My Blessed Mother for helping to open the gates of heaven to you."

Wednesday, August 22, 2007:

Jesus said: "My people, living with a kind neighborly attitude of love will go a lot farther in keeping peace among nations, and even in small neighborhoods. Revenge, stubbornness, and pride are the tools of the devil to cause dissension and wars. Fighting over land or natural resources is at the core of many wars in the Mid-East. The spreading of arms sales to many nations has made these nations into armed camps ready to explode into wars. Peacemakers and compromise is what is needed and not just military takeovers. America does not have the right to make government changes in any country that contains terrorists, because you even have terrorists on your own soil. The 'war on terror' is illogical right from the start because terrorists could locate in any country that they want to. Your wars need to stop before you decimate your military and your economy. You cannot have an economy based on making weapons, but you should be spending your money on helping people with more meaningful jobs. Live with love in your heart, or your anger will consume you."

Thursday, August 23, 2007: (St. Rose of Lima)

Jesus said: "My people, this is an ominous sign of the old gods of Egypt that represented the occult worship of the demons. I have given you a word that the Antichrist would go to Egypt to be anointed by the occult priests of these old gods. This ceremony will receive great acclaim among the one world people who are supporting the Antichrist and will bring him into power in the European Union. The open jaws of this crocodile mean that this event could happen soon as the Antichrist is anxious to devour as many souls as he can with his demonic powers through his eyes. I have told you to not look at him because of his powers to mesmerize people to worship him. Do not have fear of this evil one for My power is greater and the Antichrist's reign will be brief, but this hour of darkness is about to spread all over the earth. This is why My faithful will need to seek out My refuges of protection with My angels so you will not be killed or persecuted by these evil ones. Have patience but awhile and I will soon come in victory to defeat them and bring about My Era of Peace."

Prayer Group:

Jesus said: "My people, in this world of yours today there are many intentions that are calling out for vigils of prayer. In your own parish you have been praying that this gifted crucifix could be placed on your altar for people to meditate on. You have been asked many times to pray in front of abortion clinics to save the babies from abortion. I ask you constantly to pray for peace and an end to your constant wars. Prayers are needed also for all the poor sinners, especially for your friends and relatives. Praying for the poor souls in purgatory can help them to heaven sooner. See that there is an endless number of intentions, and daily prayer is needed from My faithful so I can multiply it for the whole world."

Jesus said: "My people, pray for the safety of your children so any unstable people are not allowed to kill any more students. Sometimes this issue is taken for granted until you see some tragedies as you saw recently. Pray that these wayward students can be helped before they turn to violence. Pray also that all of your students do well in their studies. Hopefully they could be taught the faith along with their secular studies. Call on My help to get you through the courses that you choose."

Jesus said: "My people, your hurricane season is under way with the first category 5 storm that hit Mexico, and there is time for more. Pray that those, who are afflicted with these storms may find help to get back on their feet in their daily lives. Even the recent earthquake in Peru has caused death and destruction that calls for help. Floods in your own country are causing havoc with your homes. I have warned you that you would

see a string of natural disasters all over the world and you are seeing this come about. These are but a few trials that will test your faith, but keep your faith in My help through it all."

Jesus said: "My people, there have been some tapes put out by terrorist organizations that are threatening more strikes against their enemies. Even some intelligence organizations are sighting higher likelihoods of further destruction. Pray for the safety of your travelers and that your security efforts are successful in eliminating these attacks."

Jesus said: "My people, My Blessed Mother is touching many souls to visit her places of apparition. When you come to a Shrine such as Betania, you are more than just a curious pilgrim. You are being led by My Blessed Mother to enhance your faith and strengthen your prayer life. When you return, you should share the joy of the graces that you received with your friends. Even in this sharing, My graces will be spread among those that you touch. So reach out in friendship to share these graces."

Jesus said: "My people, your real heroes in faith are in the lives of My saints that you celebrate. They are your examples and models in life to give you hope in reaching your own holiness in preparation for heaven. Listen to their works and how I inspired them in each of their missions. I give everyone a unique mission and sufficient grace for you to carry it out. You only need to accept to follow My Will for your life, and I can mold you into the good Christian that I want you to be. By struggling through life on the narrow road in serving Me, I will welcome you into My place in heaven that I have prepared for you."

Jesus said: "My people, during life you do not always realize how your strong faith can support so many weak souls who look up to you for faith support. Your own strong inspiration can lead souls to conversion by your actions and your teaching. As you look back on these souls who have passed on, think of how you can carry on their legacy of faith in your own actions. When it comes your turn to die, it would be a tribute to you if people could say how much you helped them in their faith. Love one another and keep close to Me in your faith and love."

Friday, August 24, 2007: (Funeral Mass for Arunas Kavaliunas)

Arunas said: "I am happy that you all were able to see me off to a beautiful life with Our Lord. My son and I were very well received at your prayer group as we share the same love for Jesus and Our Blessed Mother. You understand why I had to come to Mother of Sorrows because of the difficulties with your pastor, but we enjoyed your prayer sharing very much. This vision of My heart as a pure diamond is very beautiful and your

soul needs to be this pure as well to be able to enter heaven. Give my love to all of my family and friends who helped me ever so much in my last days. I will be praying for all of you in your faith."

Jesus said: "My people, you have been witness to some massive rain storms at first from the fallout of a tropical storm. Then a storm front stopped moving and more rain fell on this same area. Part of these natural disasters are in payment for your nation's continuing to kill My babies in your abortions, and your refusal to stop your useless wars. There is also a manipulation of your weather by the HAARP machine when storm fronts stall out and remain in one spot a long time. This microwave generator can be used to control jet streams and enhance tornadoes and hurricanes. The one world people want to create disasters so they can declare martial law or emergencies for their own control of the people. These events are going to continue to harass your people, so be prepared to endure more storms. Pray that your people will find adequate shelter and sufficient food in their needs."

Saturday, August 25, 2007:

Jesus said: "My people, there have been some benefits from your space program in your new discoveries and some knowledge of your planets and the stars. There are still many dangers facing these flights as the lost lives have seen. Man has prided himself on his use of science, but in some ways he has become too boastful of some accomplishments. Because of this pride in himself and not so much praise for Me in My creation, man will see difficulties in his future programs that will test his patience with his space program. As you see nature and all of its beautiful creation, you should give more praise and glory to Me. Any knowledge that man possesses is so little compared to all the things that you do not know or that you cannot comprehend. After you die, this will be more abundantly clear to you when you see all of My splendor and glory."

Jesus said: "My people, I have given you many messages about the eventual need to leave your comfortable homes in order to flee to My refuges with the strong possibility of not returning to your homes. As the time of tribulation with martial law approaches, the evil ones will be searching out My faithful from prepared lists for incarceration in detention centers. This is why you will be leaving so you will not be captured. Call on Me and My angels will be leading you to the nearest refuge of protection at places of My Blessed Mothers's apparitions, holy ground places, or caves. You need to be reminded that it will be best for you to travel at night using the back roads. You should acquire such maps for your

directions. These messages about leaving your homes are not meant to scare My people, but they are a warning for your preparations. During all of this tribulation, I will give you My grace, peace, and discernment so you will be calm through this ordeal of the battle of good and evil. Pray for all of your friends and relatives that they will be open and understanding of the need for spiritual protection and the need to seek out My refuges of protection. This is a message of haste and those who do not prepare, and do not leave, may be faced with martyrdom for their faith in the death camps that are being prepared all across America. Pray for My help in listening for My call to leave, but have peace in your heart that this is a means of My mercy for your protection both spiritually and physically."

Sunday, August 26, 2007:

Jesus said: "My people, wood is an important commodity in your lives, as it allows you to build your homes, provide furniture, and even heat your homes in the winter. It is the strength of the wood that gives it endurance, even as it comes from a living plant. In the spiritual understanding the wood of the cross takes on a different strength of endurance. I ask all of My faithful to take up their own cross of life and carry it in imitation of My journey to Calvary. Just as I suffered carrying My cross and dying on the cross for your sins, you too, share in My suffering in all that you have to bear in life. I even ask you to offer up your pain in the discipline mentioned in today's reading because pain can have redemptive value in helping your soul and other souls. My death on the cross has paid the price of your redemption for all of your sins. This is My gift of love to offer all souls a chance to be saved. It is only your acceptance of this gift in following My Will that is needed to allow you into heaven. By repenting of your sins and seeking My forgiveness, your soul is made clean with a white wedding garment so you can be properly dressed to enter My Banquet Table in heaven. Give praise and thanks to Me for all that I have done for you, and I will keep on helping you. I seek your love of your own free will because you are all My loving children. Look on My crucifix constantly so you can see how much I love you."

Monday, August 27, 2007: (St. Monica)

Jesus said: "My people, My Commandments and statutes are unchanging and forever, but they are also guides for your spiritual life. I am a God of love and mercy, and I am always ready to forgive a repentant sinner. My Commandments are all associated with love of God and love of neighbor, and not so

much just the letter of the law. When I came into the world, I came to fulfill this law in a deeper love and not to change it. I criticized the Scribes and Pharisees for using the law to control people for money and prominence. They did not practice what they preached which is why I called them hypocrites. There are consequences for your actions if you violate My Commandments of love, but if you repent, you can atone for them either on earth or in purgatory. Those, who truly follow My Will in My plan for your life, are so loving that they would not offend Me by sin. It is in this desire for perfection that then these guides would not be as necessary. So seek to be holy and perfect as My heavenly Father, and you will find your reward with Me in heaven at your judgment."

Jesus said: "My people, this vision represents people working in the British Intelligence area and how they are on heightened alert for more terrorist incidents. Even in America as you approach another 911 anniversary, your own intelligence community is anxious over more incidents in several cities. Multiple attacks seem to be their method of operation. Coordinated attacks by satellite communication is another of their tactics to keep the element of surprise. My people need to pray for My help and protection because of the planned events that are going to be orchestrated to trigger martial law and a takeover of America. Martial law will be one of your signs to leave for My refuges without delay. My angels will lead you to the nearest refuge of protection, so have no fear."

Tuesday, August 28, 2007: (St. Augustine)

Jesus said: "My people, in the Gospel I again criticized the Scribes and Pharisees for following the rigorous details of the law, but they missed the mercy and the love of God. They were more concerned with the gold of the temple than the example that they should have been giving the people. Even in today's world many are too taken up with the cares and complexities of life than trying to live a simple life of faith. The things of this world will pass away, but the spiritual things and your soul will live on forever. Keep your focus on Me and your prayer life more than all of your modern earthly distractions. Even in your church practices there are many traditions that have been put aside because of the modernism in My Church. Focus on My Eucharist has been under attack in many ways to try and remove My Real Presence. Removing statues and My crucifix is another victim of some renovations. There is a great need for My crucifix on the altar so you can meditate and remember how much I love you in dying for your sins. This vision of the crucifix on this altar is significant since it has never been there since the start of this church. There is always time to

make corrections and the faithful need to voice their opinion to show those in authority your spiritual needs. You have been blessed with a new pastor in this church, and you need to pray for him and support your priests in their ministries."

Jesus said: "My people, the natural disasters continue to fill your newspapers, and now with satellite pictures of the fires in Greece. In some areas of America that have had droughts, you have seen fires raging. In areas of storms, the rain has caused considerable flooding. In addition hurricanes are now striking the land. Man has caused much violence in genocide, wars and abortions, as well as terrorists acts. This violence is being reflected in the violence of these natural disasters, and man still does not realize how much he offends Me with his killings. All of this violence of man is calling out for My justice, and some of these disasters are happening in areas of great sin. Pray for those who are suffering deaths and losses of their homes and jobs. These events will continue right up into the time of tribulation as these are signs of the end times."

Wednesday, August 29, 2007: (Martyrdom of St. John the Baptist)

Jesus said: "My people, in many ways your children can use the support of their parents both physically and spiritually. Parents are so loving of their children that they are always reaching out in love for their every need both when the children are young or older. It is even more beneficial when parents can be spiritual examples of love that can bring faith to their children in directing their souls to heaven. The children in response should be loving to their parents and show them gratitude for all the parents have done. Your heavenly Father has love for all of His human family as well and We watch over you even more than your parents. Our love for you is even unconditional and you saw My death on the cross for your sins as the ultimate sacrifice of My love. Just as you love and are thankful to your parents, so you should show your love and give thanks to your God. I have showered you with graces, blessings, and many material gifts of this world, but the most important is life itself in your soul and the gift of faith. So give praise and glory to Me that you are wonderfully and beautifully made to My Image."

Jesus said: "My people, you are being tested by many natural disasters with one event falling after another in rapid succession. Much damage has befallen your homes in areas all over your country. You are even seeing some turbulence in the volatility of your stock and credit markets. This vision of more floods means these events of disaster will continue for a while. Enduring hardship losses are very difficult, and it is

hard to repair the extensive damage of hurricanes such as Hurricane Katrina in New Orleans. Insurance companies and government agencies have been blaming each other for their relative inactivity in replacing homes. As a result, the people with extensive damage have left this area for good. Pray for all of these displaced people so they can start a new life with My help."

Thursday, August 30, 2007:

Jesus said: "My people, in the end times the Scriptures have foretold that you would see pestilence, famines, and earthquakes in various places. (Matt. 24:7) Throughout history you have seen such things occur, but in these times all of these events will be more catastrophic than what has normally been seen. You have seen tsunamis cause great destruction as a result of large earthquakes. These water events will be ongoing at various levels according to the earthquake magnitudes in the ocean. As you see these signs continue, you will see with the eyes of faith how you will be seeing the time of tribulation unfold with an evil that you have yet to see in the brief reign of the Antichrist. Have no fear of this evil because I will give you the grace to endure it, but you will be suffering a living purgatory on earth. My angels will protect you at My refuges and you will witness a great battle between good and evil. After this hour of evil, I will come in victory to defeat Satan, the Antichrist, and all the evil demons and evil people as they will be chained in hell. I will then renew the earth and bring about My Era of Peace. Rejoice and be prepared for these coming events with frequent Confession, your daily prayer, and your blessed sacramentals."

Prayer Group:

Jesus said: "My people, I have some victim souls who are willing to take on suffering so that other souls may receive graces for conversion. At times I allow souls to be afflicted with pain to humble them, and to allow them to offer up their pain to help sinners on earth and souls in purgatory. You and your wife are experiencing this opportunity and you are seeing the redemptive value of your suffering. You are examples to all who are suffering either chronic or temporary pain. You all suffer in this valley of tears as you are tested every day with temptations. Call on My grace and peace to ease your burdens as you draw one step closer to heaven with every day of your life. Your physical suffering lasts a short time, but your joy in heaven will last forever."

Jesus said: "My people, as you look at your modern grocery stores, you see plentiful food with no thought of scarce supplies of food. Yet this plenty does not exist for all the

people of the world. America has been blessed with good crops and land to farm, but these favorable growing conditions could change with the weather. Cycles of rainy and dry seasons are delicately timed, and any disturbance in the jet streams can cause either too much rain or too little to fall. It is these droughts with fires, and your rain causing floods that are testing your people even now. Pray for good growing conditions for your food, because a time is coming when famine will ravage your land."

Jesus said: "My people, your priests are your teachers of the faith as they encourage you in their homilies to apply the teachings of the Gospel to be used in your daily lives. This is why you need holy priests to inspire the faithful to follow Me in love and good deeds. Do not let the evil ones cause you to despair in your trials, but be faithful to Me in trusting in My mercy and forgiveness. This is why you need to pray for your priests and support them in their leadership. The closer your parish is to Me in My Blessed Sacrament, the more protected you will be in having faithful priests and priestly vocations."

Jesus said: "My people, it is proper to give thanks to God for the labor of your hands as you provide for your living. There are varying levels of wages according to the skill required for various jobs, but work for a living has been a requirement of man since Adam and Eve were banished from the Garden of Eden. The fruits of your labor are not just your wages, but everyone benefits from the use of your skills which I have blessed you with at birth. By helping each other in the work place, you allow the whole society to live and thrive. Again give Me thanks for having your very job to live on."

Jesus said: "My people, richer industrial nations require workers, fuel for energy, and the natural resources for manufacturing. It is this labor component that adds the most cost to a manufactured item. Many of your management employers are trying to cut their labor costs by using cheap and slave labor from China and third world countries. It is this competition for cheap labor and paying of less benefits that most threatens your work force in America. Because of the cost of living in America, it is becoming very difficult to have a living wage and still have a job. Even now your people are complaining about low wages and too much dependency on foreign goods and foreign labor. Pray for more equity in your work force and less greed for profits among your managers."

Jesus said: "My people, some years earlier your Federal Reserve allowed interest rates to go so low to get out of a recession. This caused a great buying of homes, but with little regard for how these mortgages were set up. The various instruments used for balloon payments have now caused difficulty

in paying back mortgages at higher rates. This risk of foreclosures has increased for the poorer borrowers and has caused a deep problem for those holding foreclosed properties. This mismanagement of greed and high risks in the mortgage industry is causing the instability in your world markets. Pray for the people who are losing their homes and their jobs so they can resolve their problems. You may see another taxpayer bailout of these lending institutions before these problems can be resolved."

Jesus said: "My people, you know how much I love you and I want you to come and share your love for Me in front of My Blessed Sacrament. I truly call out to souls to visit Me because you can share in My abundant graces. With My graces you can be protected more from sin and you can be strong evangelists of souls for My greater glory. The more you share in Adoration of My Eucharist, the more graces that are given to those parishes. Listen to My call for grace and you will see many spiritual blessings for your people."

Friday, August 31, 2007:

Jesus said: "My people, this Gospel of the five wise virgins and the five unwise virgins is a theme of being watchful for when I will return in victory. I have given many messages of warning to prepare My people for the time of tribulation with the Antichrist's brief reign of evil. You are continuing to see signs of this evil age as in Noah's time, and the faith has grown cold in many hearts. You are seeing the areas of pestilence, wars, and famine in parts of the world. You are also seeing the forced microchips in your passports and coming licenses as the mark of the beast is already prepared. You are entering the end times as the signs are all around you. Be always ready in your soul with frequent Confession and a strong daily prayer life. Do not be like the five unwise virgins who could not enter because they knew neither the day nor the hour of My return."

Jesus said: "My people, in every life you are going to be tested in the workplace, on the highway, and in running your household. You will meet with many frustrations and disappointments, as this is part of your human condition. It is how you react to life's situations that will have an effect on your disposition and the effect you have on others. If you are boastful or have an upset attitude over things, you can make yourself and others miserable around you. If you have a calm and faithful attitude, your love can touch others and they will be thankful to be in your presence. A person of deep faith should not allow the little things in life to upset their peace. This takes some patience and a good prayer life to restrain your

anger and irritability. So stop and think how other people are viewing your actions, and try to be good Christian examples to others so they will desire the love that you have for Me. Keep calm in all of your reactions so you can have respect for Me, yourself, and your neighbor."
