

Monday, December 1, 2003:

Jesus said: "My people, because of your many terrorist bombings and crimes of theft, many homes and businesses are being sold security systems with alarms, cameras and monitors. Another extension of this crime has come from identity theft so criminals can steal money out of your bank accounts or abuse credit cards. This is why smart cards and eventually chips in the hand will at first be desired for prevention of theft. Unfortunately, the one world people will take advantage of this controlled information and they will try to force fingerprints and retina scans in smart cards and finally chips in the body. Refuse to take this mark of the beast and refuse to worship anyone else other than Me. Some will claim to be Me, but do not believe it. These are the false prophets or the Antichrist. All of the signs of the end times that are described in the Bible are all coming about as they were foretold. It is the responsibility of My faithful to recognize these evil ones for who they are. Call on My help to resist using these chips and ask Me to provide for your needs when you cannot buy or sell without such chips."

Jesus said: "My people, many of you make a big feast out of New Year's Day with champagne and cheers for the new year. The new Church year could also be celebrated because each yearly cycle is a re-enactment of My life in the Gospel. Sunday began another Advent season which culminates in celebrating My birth into the world at Christmas. As you are busying yourselves with buying gifts and putting up your Christmas decorations, be sure that you have a Nativity scene to witness the real meaning of Christmas. Even an Advent wreath is a good remembrance with prayers at your supper table. Try to do a little something extra in your spiritual life as a Christmas present for Me. As you start a new secular year, you make resolutions to try and better yourself from your bad habits. With this new Church year, try to make some resolutions to better your spiritual life. This might be a good time to analyze your spiritual life to see if you are getting better than last year. Pick some of your weaknesses and try to have a positive action plan that will bring yourself closer to that perfection that you are striving for. Every sinner, who repents of their sins and tries to improve with My help, is a joy to all of us in heaven to see your spiritual progress."

Tuesday, December 2, 2003:

Jesus said: "My people, at times when your legs are not well, you need crutches, a cane or even a walker when you are unsteady. You lean on these devices to help you move from place to place. In your spiritual life you are unsteady by your

weakness to sin. I am your crutch of help to help you carry your cross. You can lean on My graces and blessings to help you on your path to heaven. If you do not know enough to call on Me in prayer, you will be stumbling through life with your same cross and no help. You need My help to enter heaven, so see the light and ask Me to assist you in shouldering your daily burdens. You cannot do everything on your own, but you must ask others and Myself to get you through. Swallow your foolish pride and lean on Me throughout your whole life. Remember to ask for My help even as you start each of your duties and you will see things happen a lot easier for you."

Jesus said: "My people of America, this picture of contamination with a strange bacteria or virus is a sign of one of your many chastisements that the one world people will use to create fear. You have seen many new diseases brought upon you with public attention focused on a few deaths. You will see a continuing flow of these strange diseases to try and create chaos for takeover. The worse symbolism is your spiritual contamination of sin which is rampant all over your country. Your courts are encouraging legalizing homosexual marriages. People are more concerned with their pleasures in sexual sin and watching violent and suggestive movies rather than show love for Me or even recognize Me as their God and Master. The more your people turn their backs on Me and violate My Commandments, the more you will taste My wrath in wars and natural disasters. Repent now, America, and reform your lives of sin, or you will force My hand of justice to fall on you."

Wednesday, December 3, 2003:

Jesus said: "My people, you have a desire to keep your house clean with your vacuum cleaner and even your dust filters on your heaters. You should also be attentive to keeping your spiritual houses clean of violence and pornography, as well as curbing any swearing. Take care to review the TV programs that can defile the children's minds. Avoid even channels that have pornography or suggestive programming. Also be careful of the bad movies that come into your house. Even further, watch your speech so you do not swear and give bad example to others. By removing temptations from your sight and controlling what you hear, you can act like a spiritual filter to clean the filth of sin and temptations in your house. Children and other family members can be protected by your care to provide a good spiritual environment. Even by encouraging family prayer at meals, and morning and night prayers, you can help keep a focus on Me in their lives."

Jesus said: "My people, you have seen many faceless suicide bombers with only one intention to kill as many foreigners as

they can with their huge explosives. Their goal appears to be ridding the Arab lands of all foreigners and to punish those who are helping Israel. These bombers do not seem to care whether innocent women and children are killed. These terrorist extremists have taken to destruction to make their political statement as they consider such killing as a war against infidels. They are strong in their faith, although their methods of killing endanger everyone. There are other martyrs for their faith in Me that would rather die than be forced to worship alien gods. Those, who die for Me, are not violent and are humble and defending their faith by good example. Those, who want to die for glory in killing others, are not following My Commandments to love one another, even your enemies. Those, who refuse to give up their faith, die out of love for Me and their neighbor. The one, doing evil in My sight, is one who does not want to be seen. The one, showing love in belief in Me, is not afraid to show their face, even in front of possible martyrdom. This life is too short to want to take one's life for glory or intentionally killing others. It is better to be building up My kingdom than trying to destroy those who believe in Me."

Thursday, December 4, 2003:

Jesus said: "My people, this dividing river is a reference to how I claimed that I would bring division between even family members on those who either believe in Me or not. If you truly believe in Me, then you will have to live it by changing your life's focus more on heavenly things over earthly things. This commitment in love to following Me also means that you will have to give up your will over to My Divine Will. When you let Me lead your life, you will be doing everything to gain heaven for yourselves and those around you. With My help, you will be able to be with Me in the eternal glory of heaven. There is even a division among people in how to celebrate My birth at Christmas. The atheists are doing everything to remove My Name and thoughts of the Nativity scene. The money people want you to worship their gods of material things, Santa Claus and reindeer. But I want My followers to focus on the Holy Family of St. Joseph, My Blessed Mother, and Myself. This blessed event of My birth was the beginning of your salvation on the road to My death on Calvary. I became a man to offer My life in atonement for all of the sins of mankind. Christmas is more of a focus on saving everyone's soul from hell than on gifts and decorations. I came to fulfill the prophecy of the Redeemer that would save everyone. Look to the Scriptures also in that I will come again to renew the earth to My Era of Peace."

I asked Jesus for a title for our coming meeting in April

and He gave me this title: "Jesus has died, Jesus is risen, and Jesus will come again."

Thursday, December 4, 2003:

Prayer Group:

Jesus said: "My people, many people all over the world have special devotion to My infancy image. You think of Me as the babe in the manger in Bethlehem, but you quickly think of Me later in My ministry in My thirties. I am just as much the Son of God as an infant as I appeared in My thirties. Time is how you measure age, but in the infinite now of eternity I am equally available to you as an infant and as a full grown man. I will come to your aid as you call on Me in any of your devotions. I have asked you to leave a crib scene on your altars the year around, because you can pray to My infancy throughout the year and not just at Christmas."

Jesus said: "My people, many, who are better off financially, spoil their children with many expensive gifts. When a child is so overwhelmed with gifts, they become used to being spoiled and expect it every year. It would be better for your children if you gave them a few good gifts without filling up your house with more toys than they need. Even have your children give their old toys to the poor, or part of your gift budget to the poor who cannot afford toys. By sharing with others, you will have treasure in heaven."

Jesus said: "My people, after you have put up your tree, Nativity scene, and decorations, many of you have traditionally made cookies to celebrate Christmas. This is a joyous occasion for the children to decorate their own cookie designs. These are little remembrances of your family activity. As you act as a family at the supper table, you can say the Advent prayers while you are all together. Take time from your busy schedules so you can have some time together in family prayer."

Jesus said: "My people, your time of living in peace has been upset with many disasters and man-made problems that have distressed you in power outages and lost houses. Many of these trials are chastisements for your sins and there is only your sins to blame for My wrath upon you. I told you that I would bring you to your knees for not giving Me praise, honor and glory. Follow Me in repenting of your sins and your sufferings will be mitigated."

Jesus said: "My people, there are elements in the Arab world that do not want to see America force democratic government on them. You have taken steps to involve Iraq and other nations in the process. It will be the Iraqi people who will have to assert themselves in how they want to be led. The quicker you can have an exit strategy in place, the easier it

will be for your troops to leave. Pray for peace in this area because war is never a solution to problems."

Jesus said: "My people, during the summer you see much construction to repair and rebuild roads to make them passable. Roads require constant maintenance for the abuse they take from your trucks and snow removal. In the same way your path to heaven needs to be smoothed out from your sins and you need to be brought back from your detours in following earthly distractions. Come to Me in Confession to have your sins forgiven and renew your strength to endure your daily temptations. Without focusing on Me, you will wander aimlessly trying to find peace in your soul that can only be satisfied in loving Me. As the Magi and the shepherds were led to find Me in My manger, so I can lead you to Me if you so desire."

Jesus said: "My people, in your earthly lives you spend time insuring your shelter in your house that will keep you warm and away from the harsh winter. You also spend time and money keeping your vehicles of transportation in good running order. As you spend time on these earthly things, so also you can be even more focused on the maintenance of the grace in your soul and spiritual life. At times you may sin and your soul becomes darkened as it is a threat to your eternal life. Confession is needed for forgiveness and the grace to absolve your sins. Prayer is another daily maintenance to show your love for Me. Coming to My Eucharist often is another grace to rebuild the damage caused by sin. By keeping your soul pure in this way, your path to heaven will be straight down the narrow road that is required of you."

Friday, December 5, 2003:

Jesus said: My people, I draw your attention to the many chem trails that you saw in your very skies this morning. When these trails last for long periods of time and spread out with a fluffy look to them, then you know they are spreading chemicals to infect the people with flu-like symptoms. The irritation that you are feeling in your eyes, as if from an allergy, is another sign of this fallout. These trails do not appear by themselves, but they are deliberately being planted by your own government in conjunction with the one world people. They have scared the people in news reports to tell them that a bad flu season is coming to get more people to take flu shots. These shots themselves contain viruses that could be worsened by the chem trails. I have told you in previous messages that the plan for world takeover will use man-made diseases and terrorism to scare people into giving up their freedoms in the name of security. To fight these diseases I have asked you to build up your immune system with Hawthorn herbs, vitamins and

antioxidants so you will be able to withstand this plan for disease epidemics. Shortly, you will be needing holy water, spring healing water at My refuges, luminous crosses, and healing people."

Jesus said: "My people, many of you like to participate in outdoor sports in the various seasons. This picture of some people that like to ski in the winter is an example. Your hobbies and sports activities can take money and time away from your families. If families join together in these activities, it can enrich family life. But if some are selfish with their time and money, these things can alienate and divide families. Choose to do activities together and everyone will be satisfied. At times contemplative prayer can help you focus on your spiritual goals, but it would also enrich your family members by sharing some prayers together. Families are being pulled apart by jobs, school and taking care of the children. It is even difficult to have everyone together for supper. Try to have some common time together so you can share your desires and problems of the day. Communications in love will keep your families together. You must make time to love Me and those around you in a caring manner instead of a selfish manner. Draw closer to Me in doing heavenly things rather than letting earthly possessions and activities consume all of your time."

Saturday, December 6, 2003: (St. Nicholas)

Jesus said: "My people, much of your gift giving at Christmas has been modeled after St. Nicholas who gave away his inheritance to help the poor children. Most of your gifts go to friends and relatives, who in turn will probably share gifts with you too. The real generosity of St. Nicholas is that he gave gifts to those that could not afford to give him gifts back, but a thank you. This is the basis of true charity when you help the poor knowing that they cannot return your favor. This is the real treasure that you will store in heaven that is worth far more than earthly riches. Money and wealth are fleeting on earth, but you can use it to help feed those who need food to survive. Life is more important than wealth, so you are helping to feed the hungry and clothe the needy. Look at the reasons for your donations. It is not just to say that you gave a tithing of your income, or that you could take a tax deduction. You should be a cheerful giver in sharing your excess with those less fortunate out of love for your neighbor. Those, who have enough money to provide for their own living, surely have a percentage that they can afford to share with the needy. The poor you will always have with you, so there is plenty of opportunity to share what you have with others."

Jesus said: "My people, you are seeing news of flu sickness

in various parts of your country. I have given you messages about the man-made sources of some of these unusual diseases. In addition to your immune build-up, this vision of a sink is showing the necessity of good hygiene in cleansing your hands and avoid placing your hands on your face in the eyes and nose where germs could enter. In crowded areas disease is spread by airborne germs in sneezing. Even on airplanes masks may be required if many are sick and sneezing. As the time comes for going to My refuges, you will see how I will miraculously provide for your protection from disease by the healing spring water, looking at My luminous crosses, and gifts of healing from My faithful healers. You will see many come forward even in My Name with claims of healing potions or herbs. It is best to discern these things by examining if they have any curative properties before passing these things on to others. Do not be disturbed about any rush into such things without prayerful and physical discernment. There are those trying to make a profit on such remedies and there could even be evil potions with the dark side entering to confuse My faithful. Follow My instructions and have full trust that I will see to your protection with all that you need."

Sunday, December 2, 2003:

Jesus said: "My people, you have heard the call of St. John the Baptist in the desert for the people to repent of their sins in preparation for My first coming. Even as I came and taught My Gospel of love in their synagogues, still these people had hard hearts and would not let Me into their lives. When I called My apostles, they listened and followed Me. There was a small following, but the majority kept following their life of sin and did not want to be disturbed. Because of their unfaithfulness to My call, these people of Jerusalem suffered the destruction of their city at the hands of the Romans. In the same way through My messengers, I am calling on the people of your country to repent of their abortions and sexual sins of today. Yet, these people deplore even My Name and consider it a crime to even display My Nativity scene for Christmas. I tell you just as the people of My day rejected Me and were destroyed, so your people will meet the same consequences when the one world people will destroy your cities in their takeover. Today, you are enjoying life, but tomorrow you will be suffering persecution. I give man a choice to love Me or not, but when you reject Me, you must accept the consequences of My justice."

Monday, December 8, 2003: (Immaculate Conception)

Jesus said: "My people, this fact, that My Blessed Mother was graced with being conceived without original sin, has been

made a dogma in My Church. This was part of My plan for her birth since God the Father decided to send Me as the Redeemer. My Blessed Mother had to be pure in every respect in order for her Lord to enter her womb. It was by her own choice that she said yes to the angel for all of mankind. This fact of her Immaculate Conception was affirmed to St. Bernadette at Lourdes in an apparition of Mary to her. Many have reservations about believing in apparitions, but this is heaven's way of giving you messages to affirm the truths that have already been shown to you indirectly in Scripture and traditions of the Church. As was mentioned in the homily, this is why the Church celebrates My Blessed Mother's birth on September 8th. Everything about My Blessed Mother's life is about a model disciple without sin. She is an inspiration for My faithful and she calls all of you to Me through prayer in her rosary. The Mysteries of the Rosary are a roadmap for all the events of both of our lives. When you pray the rosary each day, give thanks to God that you have been gifted with the New Eve, your Heavenly Mother, and Queen of Heaven."

Jesus said: "My people, your faith is strong at first when you first come to Me, but how strong will your faith last unless you constantly are spiritually fed? When I return to the earth, will I find any faith left? Remember that with Me everything is possible. If you had the faith of a mustard seed, your most desired prayer could be answered. When you pray for wayward souls, even for many years, do not give up, but be persistent in your faith in prayer. Some souls will be lost, but those, who are prayed for, will have more opportunity to be saved. You are dealing with free will and even you cannot change somebody's will unless they will it. You can pray for their disposition to grace, but in the end each soul must show some love for Me in their heart. You are seeing great evil in this world and you are also seeing great faith. This is the struggle between good and evil that is constantly going on in the battle for souls. My power is greater than that of the devil, but each soul must be willing to detach themselves from the things of this world if they are going to be able to enter the heavenly world. My Blessed Mother leads you to Me in her daily rosary. Let your daily prayer and My sacraments be a part of your life so you can be always ready for Me at your judgment. Love of Me and love of your neighbor is necessary for each soul to be with Me. No matter how much someone may offend you or aggravate you, you must preserve your peace in your soul by loving everyone, even your worst enemies. This is part of the perfection that I call you to in loving everyone without exception. Unless you have love and peace in your soul, you cannot be My disciple."

Tuesday, December 9, 2003:

Jesus said: "My people, in your modern world you take a warm home for granted with all of your modern natural gas heaters. In other countries and even in parts of your country, people have to go out and collect firewood for a fire and to cook the day's food. It is only when you have power outages that you realize the value of a warm home. So be thankful even now with your power for this blessing that you have. Remember when My Holy Family had no where to stay at the inn and how I had to be born in a cave of a stable. Your charity may call on you to share your home with those in need both for your friends and neighbors, but even for strangers as well. Do not give begrudgingly to those in need, but share your God-given things with others out of love. When you do this for Me, you will be storing up real treasure in heaven. It is one thing to love Me, but you can show that love in your actions by helping others in need both in your time and your money."

Jesus said: "My people, the one world people are like this hollow globe because they are hollow inside and unhappy. They seem to have money and fame, but they are never satisfied because they are always seeking more money and more fame. The things and pleasures of the world may seem delightful to the body until you attain them. Once you have what you crave, you see that it is cold and never satisfying for long. The soul is always seeking peace and love from Me and it will be empty and unhappy until it is satisfied in Me. That is why things that are temporal do not satisfy the soul's cravings. It is only spiritual things that are everlasting that matter to the soul. Many of these one world people worship the devil and even sell their souls for fame and money. Keep your focus on loving Me and loving your neighbor and avoid gossiping or criticizing other's faults. You each have enough troubles of your own without dwelling on putting down others. Love everyone and help them where you can and again you will have treasure in heaven."

Wednesday, December 10, 2003:

Jesus said: "My people, do not let your daily troubles, trials, and disappointments disturb your peace, nor your trust in Me that I will protect you from all harm to your soul. You may be called upon to suffer in the body and some may even have to die for their faith, but never lose heart because I am always at your side to answer your call for help. How many times do you set out on jobs and not knowing the pitfalls, you forget to ask for My help? You are confident in your pride, but many times you are humbled in discovering more problems than you expected. Remember as in today's Gospel that I call you to Myself to do My work and that My burden is light. When you are

heavily burdened, come to Me in prayer and in faith, and I will lighten your problems and help you to endure any task. When you do things for My service and not for yourself, you will again see that My ways are better than your ways. Put your pride aside and admit that you need My help to accomplish anything. I give you talents, but you must use them for My purpose and you will harvest the fruit of your labor according to My Will."

Jesus said: "My people, you may have some small financial losses or see a few close friends die of some disease, but these events pale in the face of those lost in wars and abortions. The damage again from floods, wind damage, earthquakes and volcanoes has devastated many lives and billions of dollars in damage. So do not be downcast over the little disappointments in life, but be prepared to endure disasters, wars, and even persecution. Your suffering in this life is just a steady carrying of your cross as you imitate My suffering example. Ask for My grace to bear your burdens with peace and joy because it is difficult to find happiness in this vale of tears."

Thursday, December 11, 2003:

Jesus said: "My people, there are some people who have a hard time letting go of someone that has passed on hopefully to a better life. Even some are angry at Me for taking their loved one from them. There is a bereavement time for the deceased and you remember them by visiting their grave sites, but you must move on in life to fulfill the rest of your own mission without hanging on to the past. As I give life at birth, so I take these lives back to Me at death. Death is part of your human experience that is an unknown, but it is also a threshold into the next life that everyone must cross over. Each life is a gift to all of you, but you must realize how vulnerable you are to death at any time. People die suddenly from heart attacks or accidents every day. So do not count on seeing tomorrow, but be thankful for every day that you have to live. This is why I am telling you often in My messages to be prepared in the purity of your soul to meet Me in judgment on any day. You do not know the day that I will call you home, so by keeping My Commandments and living a holy life with frequent Confession, you can be confident of coming to heaven. Live a life of love of Me and love of your neighbor and you will be fulfilling the mission in life that I have called everyone to."

Thursday, December 11, 2003:

Prayer Group:

Jesus said: "My people, when you visit nursing homes or assisted living homes, there is a range of care from the care givers. It is a good act of love to visit your older friends

and relatives because these souls need your attention and care that they are not forgotten. Even a friendly greeting to those, who do not receive company, can lift their spirits. Work on taking them out for visits when conditions permit it. Especially for the holidays, it is even better to give the older people company so they are not alone at such a family time. All of the care and concern, that you provide, will again store up treasure in heaven for your love of Me in them."

Jesus said: "My people, your country's economy is showing some signs of life after low interest rates and tax cuts have helped. Unfortunately, the factory jobs are still struggling while service jobs do not pay much. Many local, state, and land taxes are increasing because of cuts in national programs. The profits to the rich stockholders are gaining at the expense of workers' lost jobs to overseas because of international companies exporting their work. Many are still complaining from low salary jobs that are most of what is only available. Your country's economic woes will only worsen with war debts and supporting those on government payments. Pray that fairness will return in your government and factories, or life will only become more of a burden to just survive."

Jesus said: "My people, as jobs become scarce and pay is reduced, it is becoming harder for people to afford paying rent or a mortgage to keep a home. Even the homeless are finding less funds to support them in paying their rent. Housing even for the rest has been booming because of low mortgage rates, but paying the bills is still difficult for some. Pray for the homeless to find shelter and help those that you can."

Jesus said: "My people, this picture of low and full rivers has been the experience around your country that is dry in some areas and too rainy in other areas. These conditions have at times caused problems in your growing conditions for your farmers. Good farmland is being reduced by developers of houses and yet the population is increasing and putting more demand on your food supplies. It is your food exports and imports that makeup for any shortages. Pray that the hungry of the world will find enough to eat because their suffering balances those with abundant supplies."

Jesus said: "My people, you could take some lessons in how other cultures live in what was important to them, and how these older civilizations decayed away to nothing. Many civilizations decayed because of a degradation of morals in their societies. When people killed their babies for sacrifices and abused their bodies in sexual sins, these peoples had their cities destroyed or scattered. I have shown you several times how your country is headed to ruin much like the Roman Empire. Those, who refuse to love Me and make their sins their gods, are asking for My

wrath to destroy them. Those, who refuse to learn from the mistakes in history, will live to suffer the consequences of their sins."

Jesus said: "My people, as you are advancing through Advent, make sure that you are praying more, instead of spending all of your spare time on shopping for gifts. It is good to share with others at Christmas in gifts, but do not let it become so much of a burden that it upsets your peace. Be loving in all you do and work to please Me with your heavenly gifts that you can present to Me at Christmas. Remember that you are celebrating My birth and not overspending your budgets just to look good. You would be better to give gifts of rosary prayers and Masses."

Jesus said: "My people, the divisions in your society between the rich and the poor are widening as well as the spiritual divisions between the good and the bad people. This is happening because some are focusing their lives on riches and possessions more than on loving and helping their neighbor in charity. If you are focused more on God and heaven, your goals will change your life to one of sharing and saving souls. If you are focused on the world, then you make gods out of worldly things and are selfish with your time and money. This is why the devil's work is causing more evil to spread and why man is not repenting of his sins. Learn from My Christmas message of peace to everyone and your life will be more in harmony with My plans."

Friday, December 12, 2003: (Our Lady of Guadeloupe)

Jesus said: "My people, the bishop of Guadeloupe needed a sign in order to believe Juan Diego's visions of My Blessed Mother. (Matt 12:39)'An evil and adulterous generation demands a sign, and no sign shall be given it but the sign of Jonas the prophet.' Many times throughout history a sign has been demanded to believe prophets, messengers, or visionaries. My Church has been cautious that My faithful are not misled. In the past great miracles were required for any such messages to be given any authority. These same leaders are quick to say that such messages are not necessary to be believed as everything has been revealed. It is true that enough revelation has been given to be saved, but this does not prevent heaven from encouraging the faithful to be strong in their faith and prepared for the end time events. This is an evil and adulterous age and you can see in your society the fornications of living together, homosexual marriages, abortions and your incessant wars. The prophets, as Jonas, warned of impending destruction if the people did not repent. Now heaven is trumpeting this same message to your country, so change your

lives or suffer destruction."

Jesus said: "My people, there are those who thrive on instigating wars to make blood money by selling weapons to kill people. Even the terrorists thrive on killing innocent people with barely any motive but to cause trouble. Those, who are motivated by hate and greed in killing people, will meet a physical disaster and a possible spiritual disaster in hell. The evil demons are tempting people with their human weaknesses to instigate these wars and killings. Pray for peace and that the evil people will be thwarted in their killing attempts. Because of these terrorists and people wanting war, you will never have true peace without My intervention. These conditions of war will bring about the evil ones to have global control for a brief reign. Then I will come with My comet and My angels to destroy all of these evil ones and cast them into hell. You will then see a renewal of the earth in My Era of Peace."

Saturday, December 13, 2003:

Jesus said: "My people, Advent should be a time of prayer and peace, and not chaos and confusion. As you prepare for Christmas, do not let the little things disturb your peace. Only set realistic goals of what you are to accomplish for Me each day. Do not take on an unrealistic load that you could never finish in one day, and you will not be stressed and frustrated. If you try to do things too hurriedly, you may not do them properly. This is a season of joy and not one of greed or insulting people both shopping and in your car. Be Christian examples in your affairs with others and slow down. You can accomplish things in the amount of time you have and do not be upset if you leave a few things undone for tomorrow. This is also a season of love of God in My Infancy, so be loving and accommodating to one another, and not grumpy and bitter. When you live your life with love and joy, you will be relaxed and peaceful in your heart, so you can receive Me at My manger."

(Gaudete Sunday) Jesus said: "My people, the darkness represents the sin of the world. As you rejoice to see the light of a new day, so you should rejoice to have your heart and soul enlightened with the grace of receiving Me in Holy Communion. Each Christmas you celebrate My coming into the world because your Redeemer is among you. Think of all of the souls that were waiting to come to heaven, because My presence on the earth meant that their redemption was near. Just as Simeon saw Me and was fulfilled, he said: 'Now you can dismiss your servant.' So as you see Me come at Christmas, you can rejoice because now you can be lifted up with My grace so there is light in your soul. Rejoicing was also the spirit of the angels as they sang and brought word to the shepherds of My

birth."

Sunday, December 14, 2003:

Jesus said: "My people, even as you prepare to commemorate My coming at Christmas, you still should remember that I am already here especially in My sacraments. This vision of people coming through a birth canal represents those who have been born again in the Spirit of faith. When you come to recognize Me as your Savior and follow My Will, you will have new life in you as you see that love of Me and your neighbor are more important than things of the world. Even as you celebrate Christmas, there should be time for a renewal of your love of Me in faith. This joy of Rejoice Sunday should be a source of inspiration to thank Me for your gift of faith. Do not let the devil and troubles get you down, but uplift your spirits because a better life is calling you here and in heaven. Trust in Me and offer up all of your sufferings to Me, and you will have a promise of eternal life with Me. What more can you hope for than to live with Me eternally in the peace, love, and glory of heaven?"

Monday, December 15, 2003:

Jesus said: "My people, there has been great rejoicing over the capture of Saddam Hussein since he has been hiding for so long. It was justification for the American troops and relief to the Iraqi people that they would not see his reprisals. In the end justice was served on one who killed ruthlessly to remain in power. Wars and terrorism will continue, but this is one chapter of evil that was brought to rest. Many want to see peace, but there are still others struggling to take Saddam's place. Even when America finally leaves Iraq, there will be no guarantee that such a tyrant could still arise there or in any other country. Those, who live by the sword, will die by the sword. This is true for many who strive to take rule by force and their reign is brief until another stronger than them takes over. Peace will only come when I will intervene again into man's affairs."

Jesus said: "My people, you are living in an armed camp where many nations have nuclear weapons and missiles of all sorts. It is ironic that My Blessed Mother has appeared at Medjugorje as Our Lady of Peace in the midst of many wars in that area. Even as you celebrate My peace in Bethlehem, you again see many wars and bombings in Israel. You had the cold war between Russia and America cause a great arms race and you lived in a nuclear shadow. Now you are experiencing faceless terrorism with no boundaries or front lines. Many are always apprehensive where these extremists will strike next. During Advent you should pray for world peace that all peoples will learn to live with each other in peace instead of greed for

power and land. My peace can only come through Me for the world because man is never satisfied with his lot. Pray for My peace to come to the earth because My peace is everlasting."

Tuesday, December 16, 2003:

Jesus said: "My people, you love to keep the floors clean of dirt in your house, but it is more important to keep the filth of your sin cleansed from your soul. During the course of traffic through your house, you are bound to accumulate dust and dirt brought in from the outside. Dirt and dust are obvious to the eye, so you know when your floor needs to be cleaned. Over time also, all of your actions are not pleasing to Me and you accumulate sin on your soul as well. It is unfortunate that it is harder to appraise the filth of your sin and see the need to cleanse your soul with Confession. If you listen to St. John the Baptist's plea to repent, you will see everyone is a sinner and in need of My forgiveness. If you go regularly to monthly Confession, you see the need to maintain the purity of your soul by absolution from the priest acting as Me. In the spirit of Advent you should try to get to Confession before Christmas so you can present your pure soul to Me as your gift. Do not let pride, spiritual laziness, or busyness keep you from receiving My grace of Penance. My gift of graces in Confession are always available to you, but it is up to each soul to take this action to put yourself on the road to heaven."

Jesus said: "My people, you are still seeing destruction and violence even after Saddam's capture. The resistance to American troops in Iraq and Afghanistan by the terrorists will continue and there will always be bombings in this area. It is better for the United States to slowly leave this area or be saddled with incessant guerilla attacks with daily loss of your troops. Being tied down in a perpetual war is not a defensible position. Plans for an exit strategy and less extension of your troops would better serve peace in this area. Prayers for peace are better weapons than trying to occupy these countries. As Christmas approaches, peace is My only answer to those always hungry for wars and killing. Freedom will always be fought for, but living in constant fear with false security will never be worth giving up your freedoms for. Trust in Me and I will provide for your needs both spiritually and physically. It would be better to die a martyr's death than to give up your faith to obey the one world people."

Wednesday, December 17, 2003:

Jesus said: "My people, today's reading of My genealogy shows the roots of St. Joseph to King David and Abraham. My Blessed Mother was also from this line as that is why they went

to Bethlehem to register because of the king's order. This lineage is important because the prophets spoke of a Redeemer rising up from the house of King David in Bethlehem. Everyone has roots in your heritage and it describes who you are. You all have roots to Adam and you have inherited his original sin and the weaknesses to sin. But Christmas announces the coming of your Savior to earth and how I conquered death and sin for all of mankind. Salvation history was brought forth at My birth and everyone has now inherited the grace I give you at Baptism so you can enter eternal life with Me in heaven. I have opened the gates of heaven with the Holy Sacrifice of My own Body on the cross, but you also must walk in My footsteps carrying your own crosses in life. When you call on Me in prayer, I will be at your side to help you carry your burdens of life. As you hear this genealogy every year, know that all people, who believe in Me, become a part of My Mystical Body in the Church. You are My faithful remnant that will always be one with Me."

Jesus said: "My people, a time is coming when food will be scarce and you will only be able to buy it with a smart card or chip in the hand. You know when the fast food stores have trouble getting food, it must really be bad. When food is controlled by the one world people, it will be rationed to only those going along with the new world order. This is why I warned My faithful to stock up on food, water and fuel so I could multiply it for your needs and those who come to your door. In a famine you will see how quickly instincts to survive will cause riots as people try to grab anything from anyone so they could eat. When people start killing for food, this will be one of your signs to call on My help to lead you to My refuges. Be grateful that I am warning you and preparing you for this tribulation time. You will have to depend on Me for everything."

Thursday, December 18, 2003:

Jesus said: "My people, this man running around in circles seems like foolishness to look at, but it represents someone who is always looking for the latest news or to buy the latest gadgets, cars and houses. If your goal in life is to know all the latest information on the news and to keep up with your neighbors in buying all the newest things on the market, then your life will be too consumed with the world. As soon as you learn the latest news, it becomes old and the daily paper is discarded. As soon as you buy the latest electronic device, it soon becomes obsolete or dated and you are looking again for a new device. In this constant recycling of news and the latest fads there is no end and you are indeed chasing after yourself in circles. My Good News of salvation is of everlasting value

and not something you throw in the garbage when you grow tired of it. News and worldly things last but a moment, but your soul has everlasting value and it desires to be fed by My love. So put your craving for news and new things aside for the greater desire of being with Me in heaven. You may be criticized for your lack of worldly knowledge, but you will shine in My eyes as a beautiful example of faith. Show your love for Me in prayer and your love for others by helping them in their needs. When you are taken up with the knowledge of heavenly things, earthly things will no longer have any appeal to you. It is where you spend your time that will determine your destination. Follow the world without Me and you may fall into hell. Follow Me without the world and you will be on a path to heaven. Which road are you on now?"

December 18, 2003:

Prayer Group:

Jesus said: "My people, in the end times it is prophesied in Scripture that there will be pestilence to destroy crops and epidemics that will test man with disease. You have already seen locusts, grasshoppers and other pests in various parts of the world. Many of the recent diseases afflicting man have come from man-made diseases. Even now some are being influenced by the media scare of your latest flu outbreak. Many of these man-made diseases are being used to scare the public and disrupt things for global control. Continue to protect your immune systems and pray for My healing for your sick."

Jesus said: "My people, when there are more people getting sick than hospitals can handle, there will be a need for quarantine areas and use of large public buildings. You have not seen any dramatic numbers of sickness in some time, but with AIDS, SARS, and Ebola, there could be outbreaks at any time. Much of this pestilence is again another form of chastisement and is another sign of the end times."

Jesus said: "My people, some have released some studies of the high level of mercury compounds found in the shots given to infants. This high mercury level is being kept silent by the pharmaceutical companies who provide these shots. Some children are not speaking properly and having other unusual symptoms that are associated with mercury poisoning. Even some studies were critical of high mercury levels in various fish that people eat. Man has been polluting his environment for many years and now these effects are showing up in the food you eat and the water you drink. Pray that independent studies will determine the truth that your people need to be warned about."

Jesus said: "My people, I have asked you to have filters for water and your own water storage for not only times of water

shortages, but also if your water supplies become tainted with toxins or diseases. Terrorists have many means to poison large water supplies as just recently some had large amounts of cyanide confiscated. This could throw many into panic if large amounts of people became sick or even died from bad water. Storing your water serves several purposes for such an emergency."

Jesus said: "My people, you have seen some of My saints tested with mad dogs that were really demonic taunts. Some have had dreams or visions of such evil beings and this is a warning of their presence around you. My angels will protect you from evil demons when you bind them to My cross in My Name. Many times you are tempted to sin each day, but again call upon My help to endure these testings. Some have seen demonic signs in people or animals, so carry your Benedictine crosses to protect you."

Jesus said: "My people, you have seen modern art and even profanities in the name of art protected by your perverted society. The old art paintings of the Holy Family are prized art, but they are forbidden in public even during the Christmas time that it depicts. It is still brave to even display a Nativity scene because of the criticism of atheists and those espousing church and state separation. If you truly want to witness your faith, then do not be afraid to display religious objects on your person or Nativity displays at your home. If you do not witness to Me publicly, then I will not witness you before My Father."

Jesus said: "My people, in some countries you have religious freedoms, but you are seeing Christians taunted and even killed in Moslem countries. Even in America any public showing of the Ten Commandments and Nativity scenes are being discouraged. Fighting against abortions, pornography, and homosexuality is also receiving resistance from the immoral elements of your society. Soon your churches will come under increasing attacks as the evil ones gain more power. Speaking out on religious subjects will meet more persecution as your religious freedoms are slipping away because of your sins. Repent America or you will suffer even harsher chastisements for your sins."

Friday, December 19, 2003:

Jesus said: "My people, remember that both your body and soul are sacred to Me. You should not abuse your body with alcohol, drugs, or sexual sins. Neither should you alter your sex organs to avoid conception, nor use artificial means to conceive. Instead of harming the body, you should do everything to keep yourself healthy so you can do the mission that I have

for you in life. This includes proper exercise and eating healthy foods. Many of mankind's ills and diseases are brought upon yourselves by a lack of exercise and poor diets. Man's adulteration of your food has taken many of your needed nutrients out of your food and replaced them with artificial things that are not good for your health. In addition to the body you have to treat the whole person in your soul as well. The soul is everlasting and of even more importance than the body. You need spiritual exercise and food for the soul. That exercise comes in your actions by following My Commandments and showing love for Me and your neighbor. Daily prayer keeps your soul focused on Me and your goal of heaven. Your spiritual food comes in receiving Me in Holy Communion. Here again you must prepare your soul to receive Me worthily by having a clean and pure soul which you can have in confessing your sins in Confession. By taking care of both your body and soul in keeping each healthy, you will be ready both in your physical life and your spiritual life." Jesus said: "My people, this gold scepter represents the rich of the world that control things of commerce and even governments. These one world people control the debts and spending in every country. They also are behind wars and terrorism to get their way. They profit from loans caused by the same wars that they instigate. They collect blood money for weapons and abortions. When I come again, I will come as a heavenly King and I will bring these evil ones to justice and they will pay for their crimes. Then My scepter will be the only reign, as peace will be granted to the earth for a time. It will only be My intervention that will restore things to their former places. Rejoice when I will come again, for you will see My victory over all of the evil ones. My faithful will be vindicated when I welcome you into heaven."

Saturday, December 20, 2003:

Jesus said: "My people, it should come as no surprise to everyone that I talk to My servants and to the people through prophets and messengers for each time. There were many prophets in the Old Testament that foretold all of the events of My first coming. A virgin who would give birth to a son was prophesied by Ahaz (Isaiah 7:14). My birth would be in Bethlehem according to Micah (Micah 5:1). Many prophets spoke of Me as a Redeemer and a Messiah. But My kingdom would not be an earthly monarchy, but a spiritual one which many misunderstood. Even as My coming again is near, you again are seeing many prophets come forth announcing the end days, but some are false and others are true. You have to trust in My Church's pronouncements and discern the messages by the power of the Holy Spirit. Such a great event

would not find heaven silent, but My prophets and messengers of your day are preparing the way as St. John the Baptist did. Do not be concerned about dates and when I will come because only the Father knows. But such a proliferation of messages at this time along with many signs in the sky offers you much hope in My coming."

Sunday, December 21, 2003:

Jesus said: "My people, the readings speak of My coming as a change from the old to a new way of living. In actuality I did not change the law, but I came to fulfill it and bring everyone closer to the love of God and neighbor. The old law was an eye for an eye, but true love would even have you love your enemies and your friends. I am all loving and I love everyone, even those who may be destined for hell. I leave every possibility open to come to Me for forgiveness of your sins. My calling of love even went so far as to die for all of mankind and I gave you Myself in My Eucharist both Body and Blood. Many had trouble understanding eating My Flesh and Blood, but it is under the appearances of consecrated bread and wine. This new way was difficult for many Jews to follow, but I gave the Holy Spirit to My apostles to spread My Gospel message of My death and Resurrection. Christmas is a rebirth of faith every year that should inspire you with the innocent love and peace of an infant. Rejoice in My new way that shines like the Christmas star to bring My Light into a dark world of sin."

Jesus said: "My people, there is a world masonic order which is linked to the central bankers and the rest of the one world people who are constantly focused on gaining control of the whole world. These bankers encourage wars and massive country debts to them so they can profit from the interest and control the money and running of every government. These rich control every candidate for high office so they win no matter who is elected. America owes these bankers trillions of dollars from Social Security, war debts, and a huge deficit of payments. Take a look at how the value of your money has decreased against gold, oil and other currencies as the euro. It is because of your growing debts that your dollar is depreciating. These same one world people by trumped up diseases and terrorism are trying to steal all of your freedoms by claiming a need for increased security. Because America is not repenting of its sins and you are falling further away from Me, you are calling on My justice to allow this evil lot to have a brief control through the Antichrist. All the events, that I have shown you, are taking place before your eyes, and still many refuse to believe that you are ripe for takeover. Pray to endure this tribulation and the destruction of America."

Monday, December 22, 2003:

Jesus said: "My people, this scene of the Visitation is a contrast of Elizabeth and her unborn baby giving praise to God for My coming and honoring My Mother as being blessed. My Blessed Mother's Magnificat is repeated at night prayers every day as she acknowledges her place in salvation history. For those, who think the unborn do not have human senses, this Scripture of the moving in the womb of St. John indicates his sensing of My presence. St. John the Baptist's mission was to prepare the way for the coming of the Messiah in My ministry. This Scripture is a celebration of both unborn infants that would have a great effect on all of mankind. Also, it is a sign of the importance of every unborn child who should be allowed to live because each child has been given a mission by God. Abortions interrupt God's plan for these children and such blood on those guilty hands of the mother and the abortionist will have to have an accounting. Killing these innocent children can never be justified in My eyes and My wrath will fall on those nations having and promoting abortion. You cannot mock My laws by any reason and expect to go unscathed of your sins of murder. You complain of ruthless dictators who kill many, but those, who allow abortions, are no better."

Jesus said: "My people, over the years there have always been people trying to make money on other people's vices. Some have lost money on stocks or in gambling casinos. Others feed people's bad habits of alcohol, drugs, and cigarettes. The ultimate in blood money are those selling weapons to kill each other in wars as well as killing babies in abortions. This is tainted money to kill people by chemical abuse, wars, and abortions. The other side of these profiteers is that people are still causing lung cancer with cigarettes, bad livers with alcohol, and even overdoses with drugs. Mothers are still using willing doctors to kill their babies. Even drug companies bilk people for expensive drugs and even some from man-made diseases. All of these sins against your bodies and others you will be liable for at your judgment. Pray for people to cure their bad habits and put your trust in Me for your daily survival as well as saving your souls from hell."

Tuesday, December 23, 2003:

Jesus said: "My people, at times you may hear criticism of those looking for hidden or sunken treasure, but they are no different in their own quest for treasure. Many try to strike it rich at the lotto, casinos, or even the stock market. Those, who are seeking earthly treasure, are seeking in vain because this wealth will never satisfy you. Once these people have some

money, they only desire more, and power and fame besides. There is a continuing search, but it never stops. Your soul is searching for heavenly treasure because it is I who can satisfy your craving for spiritual satisfaction. As the shepherds and the Magi traveled to see Me as the new infant spiritual King, they saw Me and rejoiced in God, their Savior. So it is with My faithful every time you receive Me in Holy Communion or visit Me at My tabernacle because you are sharing My Real Presence. Every day that you visit Me is like a little Christmas because I can satisfy your soul's yearning for its Master. I love you all, My people, and you would like to return your love to Me as well. Your real treasure is in heaven awaiting you and it is eternal life with Me in heaven that is your goal."

Wednesday, December 24, 2003: (Christmas Eve)

Jesus said: "My people, every Christmas many are drawn to celebrate My birth as even unbelievers sense a time of holiness that is being commemorated. Even with atheists and church and state separatists trying to downplay My Name and even the historical B.C. and A.D., the people still proclaim their belief in God because that is what your country was founded on. When you refuse to stand up for My Name and your beliefs, it will be a dark day for your country and your souls. So do not let anyone tell you what to do or what to believe because you have to make an accounting of your actions to Me and not to these evil rulers in the masons. Even if they threaten your lives, I will provide for your needs and your protection. Live your faith to the fullest in your actions and you will have nothing to fear because My power is greater than any number of people or dreams."

Thursday, December 25, 2003: (Christmas Day)

Jesus said: "My people, you hear of traditions that I was born in a stable, but it was also in a cave where the animals were kept. While most people are sharing gifts and commemorating My birth, your news has focused on the cow in the stable, but only the fear aspect of mad cow disease. It seems quite incidental that there is a sudden big story to take away from celebrating My birth. Even such a threat of this disease could send waves of potential losses to all of your beef industry threatening many businesses by people's fear of eating tainted meat. The long incubation period is enough to scare some, but it is interesting that only one case was found. Diseases and scares from disease are what the one world people thrive on and they accentuate it in their controlled news outlets. While some want to share peace and love, there are still evil ones trying to cause disruption and chaos to gain

global control. Be aware of those trumpeting disease, wars, and terrorism that are trying to threaten your freedoms in the name of security. Call on Me in prayer and I will protect you from the ploys of the evil ones."

Jesus said: "My people, the terrorists have been trying to mislead and disguise their attacks to when you least expect it. Many of your warnings have increased when a lot of unusual amounts of communication have been detected. This could be done on purpose so when there is less, you may think it is safer. The terrorists do not take one failure as the last word. In the past they returned to the trade center to finish their intention. They were aiming at targets of opportunity for the Capitol or the White House and they will return to their original targets. They use deception and multiple attacks which could come from the air, on the ground, or underground. The terrorists have been dealt some severe blows in Iraq and Afghanistan, but they are determined to make America pay for helping Israel and take back their lands. The one world people will capitalize on any serious incidents whether created or planned to force chips on everyone in some form for your buying and selling. Many wars were initiated by the one world people by some startling incidents to rally the people into an undesired war. I continue to warn you that the one world people are behind and are profiting from all of your wars. They will stop at nothing for global control. Evil will have its hour, but its reign will be brief and then I will vanquish all evil and renew the earth to an Era of Peace."

Friday, December 26, 2003: (St. Stephen)

Jesus said: "My people, just as some of My saints have viewed heaven, even others have been given visions of the fires of hell and were converted. Some have been gifted with near death experiences and saw themselves being condemned to hell. By My grace they were given a second chance and were brought back into their bodies. Many of such people have changed their outlook on life and have focused more on things of heaven than on the earthly things that previously attracted them. St. Stephen is an inspiration to sainthood amidst all of his persecution. The religious leaders of his day could not overcome his persuasive debate to become Christians, so they stoned him to death on trumped up charges. Even St. Paul was later converted by My confrontation with him on the road to Damascus. Those, who have enlightening experiences, are blessed to be given second chances and spiritual insights to have their souls saved. Not everyone is so fortunate to have this grace, and those in your life, that

need help, are crying out for your prayers to give them the strength to convert their lives to Me. Be grateful for your gift of faith and be an evangelist for souls that otherwise may be headed for the flames of hell."

Jesus said: "My people, in older days people had few possessions and very little money, yet they were happy with little crime. It is America's continued affluence that has spoiled your people into expecting that someone would give them what they need with little or no effort. In older days people worked hard for what they earned and household chores were more difficult. Today, if you do not have the latest conveniences and electronic gadgets, you feel deprived. Instead of complaining of what you do not have or cannot obtain, be more appreciative of all that you do have. Some have a loving spouse and children to be thankful for, or your faith in a rich spiritual life. You may have an ordinary job with benefits to be thankful for, or your home and vehicles to drive. When you compare yourselves with other countries, you have been more than blessed. You are very fortunate. In giving Me thanks for all that you have, you can also be generous and share some of your wealth with others, and not just your friends and relatives, but the real needy. Being concerned to help others is a sign of love for your neighbor, and praying to Me and following My Will is showing your love for Me. When you do these things unselfishly, you truly will be peaceful and happy in your heart to take advantage of My opportunities to do something good in your lives."

Saturday, December 27, 2003: (St. John the Apostle)

Jesus said: "My people, the Magi were drawn to Bethlehem by the miracle of My star and they brought Me gifts worthy of a king. Today's feast of My beloved disciple, St. John, is another gift to you of My Word in his Gospel, his letters, and his Book of Revelation. He also represents everyone in My Church and all peoples of the world as I gave My Blessed Mother to his care and she became mother to everyone as the new Eve. The Gospel of St. John is one of love and a witness of My Divinity in My Blessed Sacrament that is the Bread of Life for those desiring eternal life in heaven. On Patmos he wrote the last book of the Bible which in graphic language describes My victory over evil in My coming again after the Antichrist. When My messenger stood in Ephesus, Turkey, where St. John is buried, you were told how you are witnessing to his very words of the end times. Your mission of preparing the people for the great tribulation and the Era of Peace is a warning to prepare everyone's soul so they can stand before Me in judgment. The world has entered an evil age that will culminate in the coming

to power of the Antichrist. But this message is one of hope and trust and not gloom and darkness because as the Antichrist comes to power, you know that My victory is near. I will crush him and all evil demons and evil people as they will be cast into hell and chained. Then My faithful will see a renewed earth and witness My Era of Peace which will be your reward for your faithfulness. Rejoice as My reign of Light and love will shine through the darkness and sin will be no more on the earth."

Sunday, December 28, 2003: (Holy Family Sunday, Holy Innocents)

Jesus said: "My people, this Gospel of Me being found in the Temple is one of the first signs of the mission that I came to fulfill. I was teaching and answering questions of the learned religious of My day. Yet, My mother and father were distressed over My disappearance. This is a lesson to everyone in following the mission that I have given to everyone, instead of following what you want to do. My mission is one of love and obedience to My Father in heaven and even My earthly parents. Even though I was God, I submitted Myself to the restrictions of the flesh except for miracles and sin. My mission from the beginning was to reveal My Word to all of mankind and offer salvation to everyone by My Divine Sacrifice on the cross. I do not force My love on anyone, but I am giving you the opportunity through My grace to be saved and enter the gates of heaven after this life. I am the Bread of Life and unless you eat of My Body and drink of My Blood, you cannot have life within you. In all that you do, follow My Commandments and you will be fulfilling your mission of living in My Divine Will." Jesus said: "My people, a new crime is being perpetrated without the knowledge of the victim that allows the thief to steal bank accounts, stocks and bonds, and anything else connected by electronic numbers. In the interest of quick transactions, many sales are handled by computerized interfaces to gain access to charge accounts and even bank accounts. When the security of these numbers are compromised, then thieves can literally steal your accounts before you even are aware of it. These identity thefts are happening to thousands of people each year and there is little chance that these losses will ever be recovered. This will be another way to sell smart cards, but they will not help any in stopping this crime. When people's money and charge cards are considered at risk, many may go along with the one world people in seeking more security and less freedoms. This is the temporal nature of earthly wealth that can be stolen or lose its value overnight. Better to put your faith and trust in Me and heavenly things than cannot be stolen or devalued because they are everlasting. Do not take chips or smart cards because the one world people will use this to control you and eventually

your mind with chips in the body. Guard your identity for earthly things, but guard your souls even more from the evil one's attacks by sacramentals and My sacraments."

Monday, December 29, 2003:

Jesus said: "My people, Jerusalem is held in high esteem over all the cities of Israel as it is represented in this vision of a city on top of a flat rock mountain. The temple was the place in today's Gospel where I was presented as the custom for all first born males. Simeon had his life long quest to see the Lord fulfilled as he declared Me to be the Messiah. He even foretold the sorrow of My Blessed Mother at My death. This was the same temple that years later I would be found teaching when I was twelve years old. Jerusalem is the same city I cried over for not changing their way of sin and not recognizing Me as the Messiah. I also foretold the later destruction of this city by the Romans. Even today the Jewish people revere the old wall of the original temple as sacred to them. Outside this city is where I was crucified and many still visit the Holy Lands to see the places in the Bible where I spoke and traveled. Unfortunately, there has been a constant battle between the Jews and the Palestinians over who should rule over this holy city of Jerusalem. The religious roots are deep for both as laying claims to its ownership. Rejoice that I chose Israel to be My people and I came to save all of mankind by My death on the cross."

Jesus said: "My people, there are many people that use wood to heat their homes in the winter time, so it is not unusual to see someone cutting down a tree. The good part about wood, that is better than oil, coal, or gas, is that it is a renewable source of fuel. Many use natural gas for heating homes because it burns cleanly and there is less work. Power plants are using more natural gas to meet the clean air standards, but this is putting a strain on gas supplies. Prices for fuels have fluctuated considerably which is another reason to have some wood on hand for shortages or even power outages. In the northern states heat in the winter cold can be critical. America is fortunate to have some huge natural gas supplies. But your usage is stripping this supply at a rapid rate. Even some areas of your country are importing natural gas. Fuels, electricity, water and food are all necessities that the one world people can control especially with chips and smart cards. Once people are dependent on chips, it will be hard for some to refuse the chip in the hand. When you have your own food and fuel supply, you do not need these chips and you are independent. If you go to My refuges when you refuse these chips, again I will provide for your needs. If you come to the

refuges, it may not be as comfortable, but your soul will find protection from the evil ones. Trust in Me during this trial and I will save your soul from harm."

Tuesday, December 30, 2003:

Jesus said: "My people, this breaking through the water by a boat is a sign of preparation for a new year. There are things that you would like to accomplish this coming year both physically and spiritually. Now is a good time to take stock of your activities over the last year to see if you are improving in your spiritual life or regressing to old or new habits. Your prayer life is always the mainstay of your life in praying your three or more rosaries. Extra spiritual reading of your Liturgy of the Hours, Imitation of Christ, or books of the lives of the saints are also helpful. Going to daily Mass and visits to My Blessed Sacrament also help feed the soul My daily Bread and graces to help you in life. It is not easy to take up your cross every day, but when you consecrate everything you do to Me, all of your activities become a prayer to Me. Stay close to Me and focus on Me every day and I will help you through your daily trials. You need My help in all of your good works, so ask Me in prayer to show you how to love Me and your neighbor more in your life. By working on loving, you will help to perfect your life more."

Prayer Group:

Jesus said: "My people, My birth is the most famous of all of mankind because it is when I took on the flesh of man. Every year you commemorate My birth with great celebration. In heaven also We celebrate everyone's birth as well as the death of those faithful to Me. At birth you are graced with life in your body and your soul. This humble beginning in a manger is to show you that My kingdom is a spiritual one instead of an earthly kingdom. I want My faithful to also seek heavenly things rather than earthly possessions."

Jesus said: "My people, many people have been affected by the rain and mud slides in California which are partly due to the fires previously. Snow, rain, earthquakes and now mud slides are testing these people where many of the bad movies and pornography are made. Those, who are living sinful lives, will have to endure the consequences of their actions. Pray for all the sinners in America that they may repent of their sins and change their lives."

Jesus said: "My people of America, you have dressed up your partial birth abortion law, but you have left loop holes that still allow the doctor to make sure the baby is killed inside the womb. The politicians claim advances, but still abortions are still being carried out as usual. This mud and water coming

into the room represents natural disasters which will continue to worsen until I can get your people's attention to your sin and have you come on your knees to stop your trials. Loss of your wealth and comfortable living is the only way to get your attention to repent."

Jesus said: "My people, as you enter the end days, you will see great destruction fall upon your cities and some will be consumed in flames. Fires have come over the West and more recently in California. Homes and cities will continue to suffer the ravages of fire even as I further purify your country of its sins. Many suffer in hell and purgatory for their sins. Now you are seeing a preview of how sinners will have to suffer under the flames of hell and purgatory. Better to wake up now and repent before it is too late and you lose your soul to the evil one."

Jesus said: "My people, this overflowing cistern is like My cup that is overflowing with My justice that needs to fall on your country for all of its sins and abuses. Abortions, homicides, drugs, sexual sins and wars are all over your country and you even export your sins to other countries. Do you think that I am blind to your sins or that you can hide them from Me? Adam and other sinners could not hide, nor can you hide from Me. The evil and perversions of your society are calling out for My justice. You will see the one world people bring you closer to take over as your government will be overthrown and a police state of martial law will result. Pray for My help to save your souls because your country will soon be no more."

Jesus said: "My people, your days of judgment as a nation are about to bring you to the reality of the end of your civilization as you know it. Your immoral society has brought your own destruction upon yourselves. It is only a matter of when this will occur that is of importance. You refuse to follow My Commandments, nor listen to My Word in Scripture. All of those in history, who refused to obey My Word, were destroyed with no trace of their greatness left standing. Listen to My call to be saved individually, because your country is about to be plundered."

Jesus said: "My people, just as I told My people of past days, you will have no sign given but that of Jonah. He also preached of destruction if the people did not repent. But your people are not repenting, so you should expect destruction to fall. After this next year, you will know how bad natural and man-made disasters can be. Love of God and love of neighbor is missing all over in your world and that is why greed and wars are consuming you. You think good times are coming, but your peace will become sudden destruction. Look to put your faith and trust in Me because I alone can give you graces to save your

souls."

Wednesday, December 31, 2003:

Jesus said: "My people, in the Gospel reading of the first chapter of St. John he talks about Me as the Word that came into the world. In My words of Scripture I have revealed to man why I came into the world. I came because I loved man so much that I was willing to die that you may have eternal life. I was the sacrifice of Blood to atone for all the sins of mankind. The Word of God is all about love and I am bringing love and peace to the world. Many have refused My gift, but those, who listen to My Word, are represented in the vision as shaking hands with others in love of their neighbor. In reaching for your perfection I have asked you to love everyone, even your enemies. If the whole world accepted My message of love, there would be no wars and no killings. The first reading from St. John's letter (1John 2:18-25) speaks of the coming Antichrist in the end times as part of the early tradition of My Church. This was a sign that I gave My apostles to know of when My return would occur. It is prophetic on the last day of this year that such a reading should be given to you as a preparation to have your souls purified and ready to greet Me. Those, who are antichrists, are those who refuse to accept Me as their Savior. But the Antichrist will be raised up in this evil age, even as you are witnessing his coming right before My own return when I will vanquish all evil."

Jesus said: "My people, as you wait for events to happen, then there is an emptiness as they pass into history. It is too difficult to anticipate the future or worry about the past. It is enough to deal with the trials of the present moment. Even as you think about the new year, you can plan to find ways to improve your spiritual life. Many want to know what events will happen this year, but all that I will say is that your natural disasters will worsen and you will becoming more ripe for the coming of the Antichrist. I call on My people to follow My Light in the darkness of sin, and look to Me to protect you and provide for your needs. Man continues to be led by his greed for money and power, but in the end it is only My presence that will satisfy your souls."
