

Thursday, December 1, 2005:

Jesus said: "My people, many of you are preparing your Christmas decorations both outside and inside your house. I am showing you this Christmas tree because some use real trees for the inside living room. The avalanche represents how difficulties and trials will test your holiday season. Some will see weather affect power outages, and some could see accidents, sicknesses, and even deaths in your family. You never are certain how you will be tested from one day to the next, so you need to have a good prayer life to give you the grace to endure anything. Shoppers are buying their gifts for their family and friends, but remember to keep calm and have a cheerful disposition in this Advent Season. You are celebrating My birth and everyone should be joyful with whatever gifts that they are given. It is the thought of the gift instead of the value that is most important. Thank people also for their care to spend time looking for the right gift for you. You can bring your gift of prayers before Me at My crib to thank Me for all that I have given you. This is a joyful season and do not be afraid to share with others your money, your time, and most of all your love."

Thursday, December 1, 2005:

Prayer Group:

Jesus said: "My people, no matter whether you are performing your actions in public or in private, I am seeing everything that you are doing. You cannot deny your sins because I see all that is happening. It is your responsibility to come to Confession frequently so you can have your sins forgiven. You know what you have done is wrong and you need to make a public confession to My priest. Do not try to rationalize your sinful actions as not sinful or not serious. You should have a properly formed conscience that truly knows right from wrong. Even if someone should say that your sinful actions are not sins, you still know in your heart that you did wrong. Repent of your sins and your soul will be purified."

Jesus said: "My people, discoveries in science and manufacturing have brought many conveniences and advances in your modern technology. Making such discoveries are very uplifting and gives one a sense of accomplishment. But do not give yourself too much credit because I have enabled your work with the talents and things that I have given you. These discoveries are a blessing to everyone and access to them should not be denied people just for your own desire for wealth. Give glory to God for all of

your accomplishments instead of taking all the glory for yourself."

Jesus said: "My people, the story of Santa Claus is more about St. Nicholas and his charity of gifts to young children. This gift giving is beautiful in its sharing of charity with others, but your shopkeepers have exploited this idea to make huge profits at this time of Christmas. Many businesses make half or more of their sales during this holiday season. The children look forward to these gifts and all of the decorations. Let the children come to Me as an Infant child to see how loving I can be for each of them."

Jesus said: "My people, this falling piece from the top of the Supreme Court Building actually happened in real life and it is a sign to you of the major changes being made in the judges who are being seated for the current vacancies. Several rulings in your courts on abortion, church and state, and homosexual marriages are against My laws and need to be changed. If this change is not brought about in your courts, then this falling rock could indicate a judgment against your people. America will be brought to its knees either willingly, or unwillingly in your continuing disasters."

Jesus said: "My people, you have many laws on your books for consent of minors from parents to have an abortion. But your liberal anti-life courts have thwarted this law and your Congress passed laws against partial birth abortions. What value are these laws unless your courts uphold them? Your court system is out of control and the rich are running your country by purchased wrongful court decisions. If you want to take back your government by the people, you need to reform all of your courts to follow the laws of the people and My laws."

Jesus said: "My people, many innocent people are being coerced by the evil people of your day to grow worse in their morals. You are letting your newscasters brainwash you with a desire for more wars, more pornography, and more possessions that you do not need. Advertisers and your peers are constantly encouraging the need for financial success and to have all of the possessions you need to be comfortable. The sexual sins of your society are a disgrace and a sign of how decadent you have become. Now is the time to stand up for purity and chastity, and stop acting like pleasure seeking animals."

Jesus said: "My people, there are elements in your society that want to remove anything religious out of the public eye. Many public places still show My Ten

Commandments and you should be proud of these displays instead of letting the atheists remove them. Celebrating My birth at Christmas with a Nativity scene is much more meaningful than Santa Claus, reindeer, or varied lights. There are certain freedoms and symbols that you need to defend, or your society will fall into an evil chaotic void without your God. Do not be afraid to witness to Me in public and you will receive your reward in heaven."

Friday, December 2, 2005:

Jesus said: "My people, as winter comes upon you in the North, you are seeing the ponds and pools freezing up with plenty of ice. This vision of ice represents the icy cold hearts of people who lack love in their lives. The Christmas Season is a little ray of sunlight that shines in on these icy hearts to melt them with a little moment of charity. Think of all the people and employees who make your life a little easier, and you can thank them with a little bonus or tip for their service. Just as the blind men called out to Me for a healing in faith, you can also call on Me in prayer to help you endure your trials. You are warm inside your houses during the icy snow outside, but you can also melt your icy hearts with My love and My coming at Christmas. Be joyful in your hearts and share your cheer and help with those who are less fortunate."

Jesus said: "My people, this vision of the two rings represents the marriage of My Church with Me. The fire in the vision is how My faithful will be tested to prove your fidelity to My laws even in the face of death. My faithful will be tested by the coming tribulation as a purgatory on earth. But I will also bring down fire as a plague against the evil ones. They will walk through the flames and feel the burning, but they will not be consumed. The evil ones will be suffering a hell on earth before they will be cast into hell itself and be chained there. The darkness of the vision represents the punishment of the three days of darkness. Only your blessed candles will be your light, and do not look out at the punishment that I will be carrying out against the evil ones. Once all evil has been removed from the earth, I will renew the earth to its original beauty, and My faithful will enjoy the reward of My Era of Peace."

Saturday, December 3, 2005: (St. Francis Xavier)

Jesus said: "My people, you concern yourselves many times about your outward appearance. This vision is about ironing shirts so they look fresh and unwrinkled. This is

one of your concerns of getting the wrinkles out of your clothes. Many of you also are concerned about even cleaning up the wrinkles in your skin so you can have a youthful appearance. You should be more concerned about your soul's appearance to Me. Your spirit body is always young looking because there is no aging of your soul. But the more you sin, the more black and ugly your soul's appearance becomes. Your act of contrition can improve your effects of venial sins, so you can receive My Eucharist, but your mortal sins must be confessed in Confession to make you worthy of Holy Communion. Frequent Confession keeps your soul white and pure in appearance, so be sure to go at least once a month. This sacrament makes you humble when you admit your sins to the priest. It is also a public affirmation that you are sorry for your sins and you will try not to repeat them. If you truly love Me, you will try to keep a daily love relationship with Me by avoiding sin as much as you can. Work on your spiritual perfection and let daily prayer guide you on your path to heaven where you will have a splendid appearance for all eternity."

Jesus said: "My people, man has been fascinated with building large objects for many years. The Tower of Babel was built in defiance of God and it was to lift into heaven. I sent a punishment of many languages among those defying Me and this threw their project into confusion and it fell apart. Even many great feats as the pyramids are slowly deteriorating from the weathering. Many large buildings have been made in your cities and some have been damaged by weather disasters or planned demolition. You have even seen the falling of your twin towers in New York City. The pride of man in his leaders has driven man to build such structures. It is only with recent technology that modern man has been able to duplicate the massive buildings of older civilizations. These skyscrapers in the city are great accomplishments, but they are nothing compared to the mountains and landscapes that I have created. Man's towers will deteriorate with time, so trust in My power than your own achievements."

Sunday, December 4, 2005:

Jesus said: "My people, in the Gospel you are reading about St. John the Baptist in how he lived in the desert and baptized many by immersion in water. St. John called the people to repent and be saved because the Messiah was coming. He developed a following of believers who wanted to change their lives. St. John lived a simple life and he

ate locusts and wild honey. As you prepare for My birth at Christmas, this Advent is also a time of prayer as during Lent. This season is very short, so make every day count in your prayers and fasting. There is another parallel to St. John, the apostle, who gives an account in Revelation of My coming judgment. This is another preparation of a larger magnitude of everyone in the world being made ready to receive their Savior. During the Warning, everyone will be made aware that they can only come to heaven through Me, no matter what faith that they believe in. So St. John the Baptist's call for repentance and reform applies even today as you prepare for My coming again."

Monday, December 5, 2005:

Jesus said: "My people, seeing all of these trees in order represents how all of nature is in order and well balanced by My plan and authority. All the animals and plants are given instincts for survival and their nature is dictated by their make-up. Mankind is My special creation because you have been bestowed with a soul and free will to choose which I will not interfere with. You have been given certain instincts for survival, but all of your other actions are dictated by your heart and free will choice. Because you are a part of My creation, you are still obligated to not disturb the balance of nature as you found it. I want you to love Me and your neighbor by your own choice, but I have given you My Commandments and My Gospels as examples and guidelines of how to live in harmony with My love and My plan for your life. When you disobey My laws, you create discord and you can break our love relationship. I have given you My sacrament of Penance so you can seek My forgiveness and I can restore grace in your soul. When you violate nature's balance by upsetting your environment, then you may create a disorder that could affect your living conditions. Earth has a finite number of resources and once you foul them up, then you will have to accept the consequences of poor air, water, and disastrous storms. Follow My plan for your life and take care of the earth, and you will receive your reward in heaven."

Jesus said: "My people, you remember when I chastised the unjust judges and lawyers who heaped burdens on My people, but did not lift a finger to help My people. (Luke 11:45-54) You are seeing in America a steady erosion of your morals and everything holy is being stripped in public and even in your churches. My Word and My laws are forever, and who is man that he should put his law before

My laws? My law is against murder, and all abortions are mortal sins and abominations before Me. Your judges' decisions do not make murder acceptable. You are still committing serious sin despite your blasphemous laws favoring abortion. It is My faithful who must stand up against your abortion laws and laws authorizing homosexual marriages. Follow My laws before man's laws even if they would imprison you or kill you. You will have to account for your actions before Me at your judgment. Live in love of God and neighbor and that will be enough for you."

Tuesday, December 6, 2005: (St. Nicholas)

Jesus said: "My people, this image of wood carries out throughout My whole life and it is important for My followers as well. The first view of wood is the wood of My manger where I was laid after being born. You all are preparing for this event of My birth throughout all of Advent. My Father, St. Joseph, taught Me to be a carpenter who fashions wood for a living. The most significant image is the Wood of the Cross that I had to carry to Calvary and on which I was crucified. This is a difficult path for My followers to follow, but everyone is called to share in My suffering in this life. This is why the cross should also be important to My faithful because I call on you daily to pick up your own individual crosses and carry your burdens of the day. Call on My help and I will lighten your load with My heavenly graces and blessings."

Jesus said: "My people, there are souls with varying degrees of love for Me, and it is very obvious in their actions. The souls that are close to Me are both My suffering servants and My daily Mass group. These are the souls who make a daily consecration, receive Me daily in Holy Communion, pray daily, make daily visits to My tabernacle and help their neighbor in need. The next group come to see Me on Sunday and sometimes pray to Me, especially in difficult times. They are a little distant from Me because they do not want to share in My suffering. A third group only visits Me on Christmas and Easter and they are very immersed in worldly comforts and pleasures. I love everyone to the fullest, but you can see why I love My faithful adorers the most. It is easier to love someone who visits you often and thinks about you all the time. If you were in My position, you can understand this in an earthly love relationship. So the closer you are to Me, the more you can love Me and rise to a higher place in heaven with Me after your death. Strive to focus your life to love Me more and your neighbor, and your heavenly

destination will be assured."

Wednesday, December 7, 2005: (St. Ambrose)

Jesus said: "My people, few there are that travel the narrow road to heaven, while many follow the broad road to hell. (Luke 13:22-30) This vision of a small narrow dirt road represents the slow and simple life of humility. This could be contrasted to the six lane superhighway for the fast paced worldly life that focuses on comforts and pleasures of the world instead of on Me. I have stated many times: 'Will I find faith on the earth when I return?' There are many signs around you that you are in the end days of a moral decadence, as was described in the days of Noah before the flood came and sweep away all the evil ones. There will always be a faithful remnant that will follow My narrow road to salvation through a life of suffering offered up to Me. Do not be detoured from your path to heaven by any earthly desires which must be cleansed from your mind and heart so you can be worthy to come to Me. No matter how many of your peers ask you to follow the crowd down the broad road to hell, refuse to follow them, and keep your faith in following My Commandments. Refuse to take the mark of the beast or a computer chip in the body, and refuse to worship the Antichrist. Follow Me in worship only and I will provide for your needs at My refuges."

Jesus said: "My people, I have showed you these secret tunnels before that are beneath some of your larger cities. These tunnels allow food and armies to enter in hiding, especially at night. If some generals wanted to establish martial law in a fast surprise fashion, their armies could be in place before the people even woke up the next day. These tunnels are also a means for selected important people to be protected and provided for even during a massive bombing attack. All of this security planning is a result of an increased terrorism alert that could resume at any time. These tunnels were not made for everyone's use, but only for the military and important people. During the coming tribulation, you will have to trust in My protection at My refuges where you will be protected by My angel who will blind the evil ones to your presence."

Thursday, December 8, 2005: (Immaculate Conception)

Mary said: "My dear children, this celebration of my Immaculate Conception is a gift of God the Holy Spirit so that I was conceived without original sin. This is why my face was not seen until I was born. I was sinless as a

virgin for a pure vessel to receive my Son, Jesus. The Holy Spirit conceived my Son, Jesus, as well. We are both sinless and the New Adam and the New Eve which contrasts with the sin in the Garden of Eden. In this Advent Season try to keep your souls pure also so you can receive my Son worthily in Holy Communion. You are preparing for my Son's birth and you can give Him your gift of a pure soul at his manger."

Prayer Group:

Jesus said: "My people, these crosses represent your daily cross that I want all of My followers to pick up and follow the Light in Me. Before I came into the world there was only darkness of sin waiting for the Redeemer to come. Now you have My Light to lead you, and you celebrate each Christmas as My star will lead you to My crib as the wise men were led. You still have sin in the world, but My faithful all carry My Light of faith to all the people of the world. Let your Light of faith and love shine brightly as you evangelize souls to believe in Me."

Jesus said: "My people, this latest shooting of the man entering a plane by your marshals is a sad event by your heightened fear of terrorists bombings. Instead of love throughout your people, some are still in fear of terrorists striking anywhere. These senseless suicide bombings are a sad commentary on this new kind of weapon that has no regard for who is killed. Pray for these extremists to cease this killing for its own sake. More war is not an answer for peace, but it will bring only further division. Pray also for a stopping of all war as you celebrate My peace of Christmas."

Jesus said: "My people, it is a sad event to see some of your churches being closed because there are not enough priests to say Mass. Every church that is closed is a lost opportunity for grace. You are seeing less priests being ordained and your older priests are thinning out as they die. Where people adore My Blessed Sacrament there is more grace for vocations. Pray for your priests and pray the harvest master to send more priests into My vineyard. As you see the faith become weak, you are seeing another sign of the end times. Stay strong in your faith and do all that you can to foster priestly vocations in your own families."

Jesus said: "My people, there have been many movements to put 'Christ' back into Christmas. Many politicians have been dodging this issue of using the word 'Christmas' in speaking about this season or even in the cards that they send out. Many shopkeepers have been shamed by boycotts

from groups because they refused to use the word 'Christmas' in their advertising. It is refreshing to see the true meaning of Christmas should revolve about My birth instead of other benign words and symbols."

Jesus said: "My people, I have told you in messages before that the Antichrist already lives on the earth at this time. This vision of darkness in a man represents the power of evil that resides in him with demonic power. His eyes also will be so black that it will also seem void of any color or reflection. This is why once he has declared himself, you should avoid looking into his eyes because he could cause you to worship him. Remove your televisions and computers after the Warning so you will not look at his image. Pray to Me for strength and I will give you the grace to even endure the coming tribulation."

Jesus said: "My people, severe cold is now gripping parts of your country and many are preparing to deal with higher heating bills for the winter months. Supplies of natural gas are barely meeting normal needs, but the price has increased even more than gasoline for your cars. Pray for those on restricted budgets or the poor with little money to pay this increase. Charity may be needed either by government or church groups to help people manage through the cold."

Jesus said: "My people, some of your manufacturing industries are losing market share and are considering major layoffs in cars and airlines. Other manufacturers openly claim that they are investing more in jobs overseas and are encouraging even non-citizen low wage earners in America. The American workers are under siege and cannot compete with slave labor with no benefits. Your government's free trade agreements are sending your jobs overseas and lowering wages beyond survival means. If your workers and people do not change these trends, then America will have a few rich owners and a third world people. Pray for fair livable wages, and this responsibility falls on your leaders and bosses to not let profits run their workers into the ground without a worthy wage."

Friday, December 9, 2005:

Jesus said: "My people, those, who lived in My day, were more concerned about silver and gold than listening to My words of love. I chastised them for not responding either to the words of St. John the Baptist, or My words. All the Pharisees and lawyers could do is accuse Me of traveling with sinners and call Me a drunkard. (Luke 7:29-35) These complainers refused to be baptized and did not

want to change their lives. But today you have people of the world still refusing to follow Me, even with Scripture, My Church teachings, and My sacraments to guide them. You need the eyes of faith to believe in Me and follow a life of love for Me and your neighbor. Even as you look about and see the major disasters going on, the eyes of faith will tell you that you are living in the end times. It is important to have your soul ready and pure because you do not know when I will return, or if you will die tomorrow. Trust in My help and I will provide for all of your needs."

Jesus said: "My people, during the tribulation My loving faithful will be the target of the evil ones and they will try to kill you. Some of My faithful will be martyred and become instant saints, while the rest will be miraculously protected by My angels at My refuges. My faithful must be prepared and ready to die for your faith, but you must not take up weapons to kill. My angels will fight for you and make you invisible to those evil ones who want to kill you. Call on My grace to endure this trial until I will bring victory and renew the earth at My Era of Peace. You have yet to see how evil it will get, but you also have yet to see My power wielded against these evil ones who want to control you. You must have faith and trust in My power, even when it will seem hopeless. No matter how many stand against you, with Me on your side, you need not have any fear or anxiety."

Saturday, December 10, 2005:

Jesus said: "My people, in today's Gospel I spoke to My apostles how the spirit of Elijah had already come in St. John the Baptist as the forerunner of My coming to earth. At the end times you will again see the two prophets of Elijah and Enoch come to announce My coming again to conquer all evil. (Rev. 11:4-13) In the vision of people in various needs I want you to see My spiritual presence in them as well. You remember the Scripture passage when you will come to Me in judgment. (Matt. 25:34-36,40) "Then the king will say to those on his right hand. 'Come, blessed of my Father, take possession of the kingdom prepared for you from the foundation of the world; for I was hungry and you gave me to eat; I was thirsty and you gave me to drink; I was a stranger and you took me in; naked and you covered me; sick and you visited me; I was in prison and you came to me.'" "And answering the king will say to them, 'Amen I say to you, as long as you did it for one of these, the least of my brethren, you did it to me.'" You will be asked how much you loved Me and how much you

loved your neighbor by helping them in their need of good deeds. The hungry, the naked, those in need of shelter, the sick, the prisoners, and the dying are all reaching out to you for help. When you help one of these little ones, you are helping Me. So do not be like those who only call Lord, Lord, but do not help My little ones. See Me in every soul that you meet and give your help in time, money, and talent, and you will receive your reward in heaven."

Jesus said: "My people, it is not easy to go against the crowd in public actions. Many times the crowd wants to follow the easy way out of situations that can run against My Commandments. It is difficult to protest against abortions, wars, and living together in either heterosexual or homosexual affairs outside of marriage. Even standing up for being Christian in displaying a Nativity Scene or the Ten Commandments can bring legal challenges. My faithful must be strong in their faith, and do not be afraid to witness to your love for Me in public. You may risk harassment, persecution, or even prison in order to stand your ground against the evils of your society. Even rejecting Harry Potter books and movies may put you at odds with children and some adults. But continue to be faithful to My Commandments and My Church's teachings and traditions, no matter what opposition you will meet. As the evil of the tribulation worsens, the evil ones will want to kill you. Pray for My protection and you will find consolation at My refuges."

Sunday, December 11, 2005: (Gaudete or Rejoice Sunday)

Jesus said: "My people, the readings and the pink colored candle and vestments, speak about rejoicing always. Every day that you wake up, you should give praise and glory to your God for allowing you to live another day in the Lord. As you see your friends sick and dying all around you, you can value life even more that you have more work to do for Me. I love all of you so much and I want you to love Me in return. As you go walking for exercise in the snow, you see various footprints. I want My followers to walk in My footprints and imitate My life of prayer and holiness. As you read My Gospels, I am constantly giving you food for thought in planning how to live your life as loving as possible. Learn from your mistakes also so you can improve your spiritual life with less sin. Know that you can come to Me any time in Confession to have your sins forgiven, and joy will again be in your heart and soul. Have faith in Me always to take care of all of your needs, and you will also be rejoicing

always with your Lord."

Monday, December 12, 2005: (Our Lady of Guadalupe)

Jesus said: "My people, this miracle of roses in winter and a beautiful portrayal of My Blessed Mother carrying Me, is an appropriate picture for Advent before I was born. Many people, as Juan Diego, have had visions of My Blessed Mother, but it is hard for man to believe in just one's testimony. Man needs signs and wonders in order to believe that someone has had a supernatural experience. Heaven knows of your weaknesses and that is why many Marian visions have had miracles associated with them for you to believe that heaven's messages are true. Many of My messengers and visionaries have been blessed with signs, and those with public messages need signs from heaven for others to believe. For those, who may be doubting that you are in the end times, you will be having many signs revealed to you so there will be no doubt in your mind that now is the time to repent and purify your souls in Confession. Do not be slow in your preparations, for your prayers for souls are greatly needed at this time. Trust in My Word to prepare your souls for the coming and ongoing spiritual battle against evil because the tribulation of the evil one is near. I will be there for all who call on Me in My Name."

Jesus said: "My people, I have told you before of many man-made viruses that were originally biological weapons, but now are being used to control populations and make money for the drug companies. Each year you are threatened with new viruses that will demand special drugs or vaccines to cure them. Most of these new viruses are man-made and are hyped to use scare tactics to control populations. New viruses will be manufactured and released into your atmosphere by satellite or chemical trails from jet planes. The new conditions of control will demand people to have smart cards or chips in the body to receive any needed vaccine antidote for these new viruses. This is again why My faithful will be called to My refuges for protection and healing. Do not take any chip in the body and rely on My help to heal you from any man-made diseases from the one world people. At My refuges you will be healed by looking on the luminous cross in the sky, drinking the healing water from refuge springs, or healing from My messengers and visionaries. Fear not any of these man-made diseases, for I will protect My faithful from the evil ones' design for killing and control. Trust in My power which is greater than the evil ones, for nothing is impossible with

Me."

Tuesday, December 13, 2005: (St. Lucy)

Jesus said: "My people, this large stained glass window represents the long standing traditions in My Church that I have held together over the years. It also represents the long standing faith and endurance of the faith of My faithful followers. It has been the duty and responsibility of the parents to pass on these teachings of the faith so it will be preserved for future generations. Over the last few generations My people have become lax in their faith, and as a result, the children are suffering by not getting a good religious training in the faith. Some are forgetting their prayers, missing Sunday Mass, and even changing religions. Do not let this decadent morality of your society affect your faith, and do not become lax in your traditional prayers and services. Many prayer groups have become the backbone of saving your faith traditions. Faith is a gift, but you need to nourish it with a good spiritual life of prayer and fasting. Your goal in life is to know, love, and serve Me because your life is not your own, but you belong to your Creator. Be faithful to Me in all of your actions and I will be faithful in giving you your reward in heaven."

Jesus said: "My people, the relics of your saints are a blessing of grace to all who pray to the saints and for their intercession for your prayers. These saints have received their crowns in heaven for their lives of holiness and sacrifice. You have seen riots and breaking of glass in France over the unemployment living conditions and now racial riots are occurring in Australia. At one time America went through race riots as well when there were apparent social injustices. Today, American workers are losing their manufacturing jobs to cheaper labor overseas as a result of the decisions of the leaders of your factories. This is only leaving low wage jobs available and this wage loss can only be made up by taking second jobs. When enough people want to revolt against their employers for shipping jobs overseas and hiring illegal aliens here, then America may be facing riots as well against the one world people who are purposely destroying the middle class. The rich here could be under attack from the poor who have nothing to lose but steal. Pray that your employers will mend their ways before they turn their own citizens against them. If they do not accommodate their own people, then they may have their assets stolen from them. Turn to trust and love in Me and I will provide

for your needs."

Wednesday, December 14, 2005: (St. John of the Cross)

Jesus said: "My people, I have warned My people of a coming division in My Church between a schismatic church and My faithful remnant. I have described the schismatic church as one that will accept New Age principles, and they will replace My statues and icons with pagan idols and gods. They also will not believe that sexual sins are sins. My faithful remnant will become an underground church in the homes. As the tribulation draws near, this schismatic church will even support the one world people and the Antichrist. It is this vision of a church being destroyed by an earthquake that represents My justice falling on these evil ones who will even try to mislead My elect. As the Antichrist comes into full power, you will see Me destroy all of the schismatic churches and the evil leaders will be cast into hell along with the evil people, demons, and the Antichrist. You may see evil ones control parts of My Church, but they will answer to Me when I come to renew the earth. My faithful remnant will not be destroyed and the gates of hell will not prevail over My elect in My true Church. Do not follow this schismatic church for they will lead many souls astray. Follow My laws and traditions no matter how much you are persecuted or chided by your peers and friends. Those, who love Me and stay close to Me, are the only ones that will make it to heaven. The lukewarm will be cast into the darkness where they will wail and gnash their teeth."

Wednesday, December 14, 2005:

Jesus said: "My son, you have been innocently duped again into viewing something that was not meant for your eyes. In one case you went to a movie recommended by a friend for comedy, but it turned out to be an 'R' rated movie with nudity and a mockery of marriage. Now, again you were brought to a Broadway musical that used risqué dress and made a mockery of My Biblical Word. The entertainment world in America is following Satan's lead which mocks My Word in the Bible and mocks My institutions as marriage. Be forewarned of any of these unknown movies so that you know what the story and rating is beforehand, and do not trust people's impressions that could lead you to occasions of sin. Your movies and plays are a disgrace and that is why this vision is about a cesspool of filth because you are looking at immoral things portrayed by your money hungry producers and directors. They do not care if

they destroy the morals of your country to gain money, so your only option is to not give them money for their filth and boycott such entertainment. Parents also should limit what their children watch so it does not corrupt their morals. Give good example by showing others that you do not approve of this immorality and mockery of My Word. You remember how someone mocked the Burning Bush of God the Father and you saw lightning bolts. I tell you for this moral destruction in California, you will see My justice fall heavily against your movie and TV producers with fires, mudslides, earthquakes, and massive flooding."

Thursday, December 15, 2005:

Jesus said: "My people, I have created everything good and it is only by man's bad free will choices that evil and corruption have polluted the earth both physically and spiritually. It is because of man's sins that I was incarnated as a man so I could redeem mankind through My death on the cross. So now everyone has access to My mercy and forgiveness in Confession, and I have paid the price for your sins. If you refuse to seek My forgiveness, then you are sinning against the Holy Spirit, and you will remain in your sin. Come to Me so I can restore your souls to grace again, and do not put off this request of repenting of your sins. The longer you remain in your sin, the harder it will be to seek My forgiveness. Today's Gospel spoke of how sinners came to St. John the Baptist and Myself to be baptized and cured, and the arrogant, self-righteous Pharisees did not seek either of us. You all have to admit that you are sinners, even if your sin is not as serious as others. Do not think that you are holy enough that you still do not need frequent Confession. Even during this Christmas Season, there is a desire to help people. But more than just on a human level, you need to help each other out of love for Me and love for your neighbor. There is merit in helping people with physical needs, but even more merit is given when you aid souls in coming to heaven, and when you help save them from their sins with your redemptive suffering and prayers."

Prayer Group:

Jesus said: "My people, I want you to always give proper reverence to My Blessed Sacrament in Adoration, in My tabernacles, and when you receive Me in Holy Communion. My gift of My Real Presence in the consecrated Host is just as if I were standing right in front of you. I am your Redeemer and Creator, and you need to honor Me because where I AM, there is God the Father, and God the Holy

Spirit. We are inseparable in the Blessed Trinity. Those, who do not genuflect to Me and do not give Me reverence, are not truly believing in My transubstantiation during the Mass. Believe that I am truly present in My Eucharist and give Me praise and adoration every time that you come into My presence."

Jesus said: "My people, this image of the simple shepherds being led to My crib has a representation of how I was to be like a Lamb led to the slaughter on the cross. There is also the image of My being the Good Shepherd, when the sheep hear My voice and follow Me. I look out for all of My sheepfold and I am searching for all of My sheep that have strayed away from Me. I want to bring all of you to heaven, but you must give your 'Yes' to Me to be saved."

Jesus said: "My people, one of the consequences of original sin is that your body is mortal and you are all assigned to die, even as I died for all of your sins. All of your bodies are mortal and vulnerable, but your soul will live on forever. It is a core belief of your faith that I resurrected from the dead and all of My faithful will one day be resurrected with your glorified bodies. I am the Resurrection and the Life and even though you see these physical bodies pass away, there is hope that each soul can be saved if they acknowledge Me as Savior and confess their sins. Have hope in My mercy and I will greet you in heaven."

Jesus said: "My people, no matter how few your numbers, wherever two or more are gathered for prayer in My Name, there I am in your midst. You have a very quaint setting in your group tonight and it is a little like the few giving Me praise at the stable in Bethlehem on the first Christmas. I thank you for coming to give Me praise, even when there was a little slippery travel on ice in coming and walking into the church. Your dedication in praying for all of your intentions is appreciated, and you will receive My graces for your efforts as I listen to your intentions. Continue to be faithful to Me in your prayers as I am faithful to answering what is best for your souls and those whom you are praying for."

Jesus said: "My people, I look on My faithful adorers and your prayer group as the pillars of faith in My Church. You truly have been blessed in your strong faith, and you are a strong witness of faith to those who are weaker in My Church. Continue to be a good example of faith in your language and actions to your children and your grandchildren. You are the ones who must pass on the torch of faith that will go forward to future generations."

Jesus said: "My people, many of you, who have basements, find yourselves storing a lot of things in your basements over the years. At times you have to remove this clutter in order to be able to move and use this room. It is the same way with your souls that get cluttered up with your sins. You can come to Me in Confession and I will forgive you of your sins and your soul will be clean and full of My grace. Your frequent Confessions can keep your souls clean and focused on your Savior."

Jesus said: "My people, there are times when you are upset when you lose something of value to you. Many pray to My dear St. Anthony to help you find this object. Imagine if one of your children was lost as you may have experienced this. It is one thing to be lost physically, but it is even harder when one of your children has lost their faith and is no longer close to Me. This is the same feeling that I have for each of My souls that have lost their way amongst worldly distractions. Pray for all sinners and yourselves if you are away from Me. I am like the hound of heaven searching for each soul to come to Me, even until their dying breath. It is your prayers and example that can bring your children back to Me. You remember the joy of the father of the Prodigal Son when his son, who was lost, was now found again. This is the joy in heaven over even one soul who converts and returns to My sheepfold."

Friday, December 16, 2005:

Jesus said: "My people, your winter weather is just beginning and already you are being faced with ice storms and power outages, even into your Southern states. Ice and heavy snow cause a lot more damage than rain and light snow. Be prepared for more of the same this winter because warmer temperatures cause more precipitation and ice instead of snow. Your current string of major disasters will also continue into this next year. Your governments and insurance companies are going to shoulder even more losses like you had this year. As a result your taxes and insurance premiums will continue to rise at a faster rate. The people with restricted incomes are going to see these increases as an inflation in their everyday expenses. The difficulties will come when you will have to choose which necessities that you can do without when your income does not match your increasing expenses. Governments will also have to choose to eliminate war money and other special interest and non-essentials, or your debt burden will bury you in interest charges."

Jesus said: "My people, every time that you attend a wake, there are different thoughts running through your mind. Some view the beautiful relationships with people that the deceased had, while others look at the physical or financial success they had. In My eyes it is the love they had for Me and others that measures a person's success here on earth. Those, who reached out in faith to help others, are a sign of how they shared of themselves to help others. Even more so when you share your faith with others in their growth, this is a greater depth of love in a spiritual concern for souls. As you view the lives of others who have passed on, it makes you look back on your own life and your own contributions. You all are going to have to make an accounting of how you used your gifts of faith, love and possessions, as well as your time. Everyone has been given different talents and abilities, but it is how you used them in serving Me out of love that will matter. The more that is given, the more that will be expected of you."

Saturday, December 17, 2005:

Jesus said: "My people, for years you have seen constant killings and bloodshed in the wars of the Middle Eastern countries. This time of Christmas should be focused on peace and a cessation of your wars and hate for their own sake. Love and building up your societies are far better goals than hate and wars. Life is too precious to be thinking of killing as in abortion. You are seeing My birth at Christmas and all mothers should be proud to have their babies instead of killing them because of pride, money, or embarrassment. Every child has a soul which I place in that body. You are united with Me in the creation of life. If you do not want children, then see to a chaste life instead of compounding your sin with abortion. Life in all of its forms is precious to Me, even if a child is deformed in any way. What I have enabled to live should be allowed to continue, and do not violate the plan that I have for each life. Love one another in faith out of love for Me and your life will be fruitful and bear many blessings. As your families come together at Christmas, rejoice that these lives have been gifted to you to share with each other in these precious moments of life."

John Miller's funeral Mass:

John said: "I love my Judy so much even in death, and she knows how much I appreciated all of her extra miles in helping me in my last days. I love all of my children and grandchildren as well in all that we shared together. I

thank all of my family and friends for their kind words at my funeral, especially the Bishop and Bernie. You all could share my plans in the liturgy today as everyone enjoyed some jokes about my planning skills. My last plan is for all of you to follow me to this beautiful place in heaven which is far more beautiful than even Honeoye. There was a vision of the Blessed Mother as she came to me and that is why I wanted Judy to have a blue coat. When I died, Our Lord, His Mother Mary and our deceased relatives all greeted me with joy. Like St. Paul, I have run the race and fought the good fight of life, and now I have received the Lord's reward. I will be praying for all of you and visit my grave site to keep it tidy."

Sunday, December 18, 2005:

Jesus said: "My people, after the Annunciation of My Blessed Mother, she traveled to help St. Elizabeth in her late pregnancy with St. John the Baptist. Later, she again had to travel with St. Joseph to Bethlehem to register and where she gave birth to Me. Many of you have traveled along life's path and you have hit bumps in the road and even have had some detours. No matter how many sins or how serious your sins, you can always come to Me for My mercy, and I will forgive your sins. When your hearts are contrite with sorrow for having offended Me, I will renew your soul with grace and place you back on the right road to heaven. Do not delay in coming to Confession so you can be in full grace by the priest's absolution through Me. I love all of My people so much and do not let your sins put up a long barrier to our relationship. I am always here and waiting for you to travel in returning to Me as the Prodigal Son returned from a far away land. Trust in My mercy, My love, and My forgiveness always."

Monday, December 19, 2005:

Jesus said: "My people, in these earlier years it was considered a reproach among men to be barren or childless. That is why an angel unnamed in Scripture announced Samson's coming to his mother and St. Gabriel announced St. John the Baptist's coming to St. Elizabeth. St. Gabriel even emphasized to St. Zachariah that this could take place because nothing is impossible for God. Another such miracle was announced by an angel to Sara who gave birth to Issac in her old age by Abraham. St. Gabriel was the same angel to announce My coming to My Blessed Mother who conceived by the Holy Spirit. He also told My Blessed Mother of St. Elizabeth's pregnancy, and My Blessed Mother

went to help St. Elizabeth. Salvation history for man has been planned for many years and My angels have been My messengers to announce all of these holy births. Give praise and glory to your God who saw fit to send Me to you as your Redeemer. This story of My birth at Christmas is told over every year, but this is your heritage and My blessing upon all of mankind."

Jesus said: "My people, there are many ways that you could travel to heaven and that is why you are seeing so many stairways with different colors and textures. If you were to see what you must accomplish to reach heaven all at once, it would overwhelm you. But I ask you to take each day at a time as another step on your way to heaven. Consecrate your life to Me as you wake and pray your morning and night prayers. If possible, take the opportunity to go to Mass each day and visit My Blessed Sacrament when you can. Use your talents in the best way possible to serve Me and your neighbor. If you are retired, you can still help people with food, shelter, or even evangelizing souls. Call on My help and I will help you to discern the best use of your time for prayer and good deeds. Once you have fulfilled your duties in this life, then you will be ready for Me to welcome you to your reward in heaven. This life is very short before you will be at My judgment seat accounting for all of your actions in life."

Tuesday, December 20, 2005:

Jesus said: "My people, you come from all walks of life, but you all should have one goal to come to heaven with Me. At times your goals are directed more toward earthly things, but you all know that your life is going to end one day, so you need to make plans for your eternal destination as you plan for everything else in your life. This huge gold door to heaven has only one key to enter, and that key is 'love' through Me. Love of Me and love of your neighbor will be what you are judged on in your life's actions. If you have not been loving of Me or others yet, then now is a good time to start loving before it is too late, and you may be shown the dark abyss to hell instead of the gate to heaven. To love Me and others means that you have to take a risk that others will return love to you. Loving Me will always be returned, as I love even those who do not love Me. If you are sincere and generous with others, you will see love returned to you in most cases. I am present with the Holy Spirit in each soul, so there is always something to love in each person, they have

also something to love in you. When you reach out in love to help people, you will always gain a treasure of grace in heaven, even if you are not thanked on earth. The more you give to someone who cannot return in kind, the more you will gain in heaven."

Jesus said: "My people, those that mine diamonds need to separate a lot of rock and stone from the diamonds. Various stones have different amounts of perfection in their beauty. Even when I view various souls, there are different levels of spiritual perfection. Some people can even be recognized as living saints, and these are My diamonds among humanity. Other rough diamonds will need cutting and polishing as will certain souls that will need to be perfected in purgatory. There are some stones that will never be able to be polished, and these represent the souls that are on the road to hell. Much as I want every soul to come to heaven, it is everyone's free will choice that either decides to love Me or not. Give glory and thanks to God for all the souls that are saved for heaven, and continue to pray hard for all of those souls on the broad road to hell."

Wednesday, December 21, 2005:

Jesus said: "My people, it is symbolic that Christmas comes around the winter solstice because My birth represents My Light of grace coming into the world. From this point on there will be more light and longer days in the Northern Hemisphere. The star that the Magi followed to Bethlehem is another story of Light. When your Redeemer was born, all souls were enlightened that My saving grace would atone for the sins of all of mankind. My entry in the midst of the darkness of sin would now bring My Light of grace into all those souls searching for forgiveness and a Savior. My birth is a new dawn on history that is measured before and after My birth. Many of your decorations involve Christmas lights that are another sign of My coming. Rejoice that all the prophecies of the Messiah's coming have been fulfilled in My birth, and the Light of the gates of heaven are now open to My followers."

Jesus said: "My people, America is about to be tested in various ways from disasters, government and trade deficits, and fuel shortages. You have become accustomed to spending money that you did not have for many years. Only by foreigners accepting your dollar investments can you buy foreign oil and goods. As your dollars become too numerous and political nations do not want to sell you oil, then there will be massive fuel shortages, and it will be

too late to establish alternate fuels. Disasters and wars are burying you in debts and your jobs are getting harder to find. Exporting your jobs will begin to destroy your economy with not enough tax revenue to support your wasteful government. Those, who have been planning your demise, will soon find the means to take over, and you will become slaves to these one world people. This is when My followers are to avoid taking the mark of the beast and flee to My refuges for protection from the evil ones. You are coming close to the tribulation time that will test your faith in My help. Stay close to Me and follow My Commandments, even if it endangers your life. Some will be martyred for My Name's sake, but the rest will find shelter with My angels at My refuges. In a short time I will defeat and punish all the evil ones as I will renew the earth for My Era of Peace."

Thursday, December 22, 2005:

Jesus said: "My people, many sins of the flesh are committed in the dark and in secret rooms, but you cannot hide your sins from Me. I need to warn all of My followers to avoid the sins of the flesh because these creature pleasures were only meant for marriage and love to provide children. I will be specific in telling you to avoid fornication in living together without marriage, adultery of a spouse with another man or woman, masturbation, and all forms of artificial insemination. Avoid all homosexual acts which are a perversion of the marriage act and an abomination in My sight. Even married people need to avoid using contraceptives, vasectomies, and tubal ligations because you need every marriage act to be open to having children. Natural Family Planning is accepted in My Church. My priest sons are not speaking out enough about these sins for fear of embarrassing people, nor are they encouraging Confession to take away these sins of the flesh. I look into your intentions of the heart in all of your actions and many souls are being lost to hell because they are not following My Sixth Commandment which covers all the sexual sins that I mentioned. In your heart you know that what you are doing is wrong and offends Me greatly. Admit your sinfulness and you can come to Me at any time, and I will forgive you out of My mercy. But those, who flagrantly commit these sins and have no sorrow or guilt for their sins, are on the broad road to hell if they do not repent. Pray for souls living in bad lifestyles outside of marriage so they will have a change of heart. Even warn your relatives that they are living in

sin and need to come to Me in Confession. If you do this for Me, you have done your job of evangelizing, and it is up to each person to repent of their own sins if they desire to be in heaven."

Prayer Group:

Jesus said: "My people, you are aware that this is an evil age, and you are battling evil in many ways even now. This battle of good and evil is part of the vision where My faithful need to put on the armor of your Lord in order to be My spiritual soldiers. Your weapons include your rosaries, holy water, blessed salt, Benedictine blessed crosses, and any relics of the saints that you may have. You have seen possessed people, pictures of some worshipping Satan in covens, evil movies, places of prostitution, and pornography. The evil is great, but My power is greater through your prayers. Purify your souls so you can be good soldiers in this battle."

Jesus said: "My people of America, you have been living a good life of plenty of money and food for many years. But soon this lifestyle of living easy will turn to one of meager means where you will be struggling to find enough food to eat and enough fuel to heat your homes. Your normal oil and gas supplies will dwindle and it would be advisable to have some alternate fuels on hand, especially for heating your homes. Power outages, and fuel shortages could cause many problems in your winter heating season."

Jesus said: "My people, how many factories and businesses are going to close before you realize that your labor rates cannot compete with countries that use slave and child labor? Your businesses will have to think who is going to buy their goods with what for money, when they send your jobs overseas. Your business leaders could make a profit using labor in this country, but they are greedy for even more profits. Their farmed out jobs to countries like China will be all lost when China does a Cuban style take over. Change your greedy ways before you destroy your very economy that has made you a great nation."

Jesus said: "My people, some of these explosions are accidents, but some are also planned either by arsonists, or people trying to collect on insurance. You have many vulnerable airplanes and places to attack that could cause power outages and fuel losses. Continue to pray that your shortages are minimal because many could freeze to death without sufficient food and heat."

Jesus said: "My people, you will continue to see attacks on oil wells by insurgents in Iraq and other oil

countries. If enough pipelines are disrupted, there could be a serious threat to needed world oil supplies. The demands of America, China, and other nations for oil and fuel supplies will soon strip what can be readily produced. This could even trigger more wars for countries with rich oil supplies. Pray for peaceful compromises and conservation, or you may require another source of fuel for power in your cars and factories."

Jesus said: "My people, you have many technical advances in computers and internet lines to increase your communication of voices and data. You also need spiritual communication with Me through your prayer lines. Physical communication has its limits, but there is no limit to your communication to Me. I am listening to your prayers at all hours and for large and little intentions. Trust that I will answer your prayers in the best way for your soul and others."

Jesus said: "My people, pray for all of your friends and relatives that they may feel drawn to attend Mass on My birthday. Pray that they will be enlightened by My grace to see the need to establish a stronger relationship in loving Me. Pray also that love will be renewed in any strained family difficulties so you can all be joined in peace. Love needs to be shared to show everyone that they are needed. Make some new resolutions to stay close to Me in prayer and closer even to those relatives that you do not see too much. Christmas is all about peace and joy, and I invite all of My people to share your love with Me and one another."

Friday, December 23, 2005:

Jesus said: "My people, many of your new fiber optic communications are two-way cables used to listen to all of your conversations on your phones, modems, and even in your living room through your TV cables. The latest test of your Patriot Act is whether your individual privacy is more important than your supposed security against trumped up terrorist activity. Already it has been exposed that your conversations on the phone are wire tapped without legal warrants. Even more threatening, your government is about to force you to have smart cards with fingerprints and iris scans in your new driver's licenses and passports. This will eventually force you into buying and selling with these chips or they will zero your balances. The next mandate will be chips in the body which you should refuse as the mark of the beast. That is why you should refuse smart cards, so you are not tempted to take chips in the

body. You will not be condemned for using smart cards, but those using chips in the body and who worship the Antichrist could be on the road to hell. This again is why after the Warning, you will need to remove all TVs and computer monitors so you are not controlled by the Antichrist's eyes that could cause you to worship him. Avoid the Antichrist and these chips, and you will need to go to My refuges led by your angels for safety and your needs. The evil one world people want to control you physically, and even your soul, so ask for My help in your protection."

Jesus said: "My people, around Christmas and Easter it is good for you to see movies of My life, or read the Gospel readings of My words in Scripture. These are beautiful words for you to review and understand so you can imitate My life. You see and read how much I loved those who came to Me to be healed and forgiven of their sins. You see how I raised Jairus' daughter and Lazarus from the tomb, just as I also was resurrected. Death has no hold on Me and I conquered death and sin when I died for all of mankind on the cross. The portrayal of My Resurrection to a glorified body gives all of My followers hope that they also will be resurrected from the grave. See the miracles I performed and the sacraments that I instituted for you. My love has no bounds as I stayed in everyone's home without discriminating against anyone. I ask all of My followers to love everyone, even your enemies. Man does not always appreciate My wisdom because you are tied too much to earthly things and earthly ways. I call all of you to perfection by consecrating all that you have to Me. Love Me and one another, and you will be on the right path to heaven."

Saturday, December 24, 2005:

Jesus said: "My people, My Star of Bethlehem is a beautiful miracle that guided the Magi to where I was born. There always is speculation that it was a conjunction of planets or stars as man tries to explain any unknown phenomena. Many do not want to believe that this appearance of My star was an outright miracle to focus attention on My birth. I want My people to believe what is written in Scripture, even when it may challenge your knowledge of earthly things, because nothing is impossible for Me. It was a heavenly intervention or miracle that I avoided being killed by King Herod's men who murdered the little innocents. Christmas represents peace on earth to all of mankind. This misty cloud, that prevents war, is

sometimes how I use weather to interfere with man's plan for war. You need to be a people that strives for love and peace instead of letting Satan inspire you to hate and war."

Sunday, December 25, 2005: (Christmas Day)

Jesus said: "My people, there are certain countries that honor My Infancy with special novenas, and they pray to the 'Infant Jesus' throughout the year for petitions. With man you are subject to time and you have witnessed all the births of your children and grandchildren. But with Me, I am not subject to time, so you can pray to Me as an infant or as a grown man. I know all of your needs before you even ask for them, but you must pray to Me in faith and hope that I will answer your prayers. My Infancy shows you My pure love and mercy which is always available to you. All of you are giving and receiving presents, but the most wonderful gift that you can give to Me is yourself. Give glory and thanks to Me for becoming a man so I could die for your sins and redeem all of mankind through all the ages."

Monday, December 26, 2005: (St. Stephen)

Jesus said: "My people, not only do you celebrate My coming as a man, but you also celebrate My coming as receiving your Savior and Redeemer. This vision of being saved out of the water is another example of how I am a fisher of men and women in the faith. I will save you from the evil ones of the world and I will save your soul from your sins. No matter how difficult life is, or how much you may be persecuted for following My laws, stay the course in following My path to salvation in heaven. You have an example in suffering in St. Stephen's martyrdom. I came to earth to suffer in death for your sins, but you will also have to suffer in sharing My pain in order to claim your own crown of sainthood. Be willing to suffer for Me even if it means giving up your life for believing in Me. Have no fear because I will give you the grace to endure any suffering."

Jesus said: "My people, I am showing you this destroyed kitchen as an example of how I am bringing destruction right where you live. There is no mistaking that this year's hurricane destruction was very deadly and the most expensive disasters of all time in your records. Many of these disasters are striking where there is great sin as in gambling casinos, voodoo, homosexual activity, prostitution, and drug trafficking. All, that America has

done, is to replace your places of sin with bigger and better establishments with no repentance of your sins. Because of these sins and actions, as well as your continuing abortions, you will see even greater destruction until you come on your knees begging Me to stop these storms. You cannot mock My Commandments with your sinful behavior and expect Me to hold back My retribution for your actions. Your sins are calling out to Me as those of Sodom and Gomorrah, and I will assure you that you will meet with My swift justice. Change your ways America, or else you will be no more as a consequence of your own sinful actions. Pray for the souls of your people to be converted, or you will see many of your souls in hell as your physical possessions will be lost."

Tuesday, December 27, 2005: (St. John the Evangelist)

Jesus said: "My people, I am showing you this hole in a church pew to represent the problems breaking down My churches. Just as you see corruption in your courts and your governments, there is also corruption going on in your churches. You have seen the scandals with homosexual priests, but there are many other financial scandals as well. Some priests have lost their calling to Me, and now are taken in by worldly comforts. This is why there will be a division in My Church that will divide My holy priests from the lukewarm priests. The schismatic church, that will follow the New Age teachings, will be purified from My faithful remnant who maintain reverence and belief in My Real Presence of My Blessed Sacrament. The faithful remnant will be forced into Masses in the homes, and eventually to My refuges. I will protect My remnant Church from the evil ones, but the schismatic church will be destroyed and the lukewarm will be lost in hell for their disbelief and lack of love for Me and their neighbors."

Jesus said: "My people, just as you have watched other civilizations decay from within under the weight of their sins, so you are also watching your own country decay from within as your laws and rulings move further away from My laws. This ditch in the ground is how America is digging its own grave, ready for your own demise. America needs to repent of its abortions and change your laws, or I will bring you to your knees for your punishment. This image of swirling picture frames is another vision confirming the nearness of the coming Warning. My people will be given one last grace of My mercy in the Warning to show you the need to repent of your sins. If you refuse My graces after seeing your life and seeing My plan for the rest of your

life, then you must accept your consequences in the flames of hell. Trust in Me and I will protect My chosen ones from any evil influences."

Wednesday, December 28, 2005: (Holy Innocents)

Jesus said: "My people, today you read of how King Herod slaughtered the Holy Innocents of Bethlehem in an attempt to kill Me because I threatened his reign. You also saw how the mothers were weeping to fulfill the prophecy of Jeremiah. (Matt. 2:18 'A voice was heard in Rama, weeping and loud lamentation; Rachael weeping for her children, and she would not be comforted, because they are no more.') These babies, that were killed, are My little martyrs because they died in My place. Now, My people of America, you kill the innocent babies who are screaming in the womb because of your abortions. You do not even give them a proper burial place, but you throw them in the dump as garbage. You do not cry for them, or even care that you are taking innocent life. You defy and mock My Fifth Commandment with your millions of abortions, and you deny the plan that I had for these lives. Because of your inhumanity to My little innocents and your lack of sorrow or remorse for your grave sins, your country will pay in blood for your evil deeds. Look for more disasters as a chastisement for your killing of My little ones, and more people will be dying in retribution for your human carnage."

Wednesday, December 28, 2005:

Jesus said: "My people, it is not by accident that your scientists chose this current comet to study and try to land a probe on it to determine its composition. These same scientists have the ability to estimate future paths of those comets and asteroids that could come close enough to strike the earth. That is why they are investigating the current comet's composition, so they could send missiles up to destroy it or change its course. There is also a danger of disturbing the comet's course that could bring it closer to striking the earth. Such a danger to the earth could gain more grant money for ways to deter the comet from hitting the earth. I have told you before that My Comet of Chastisement is already on its way to the earth. This coming comet is of My handicraft, and I will have My angels protect it from any star wars attack of missiles that would try to hit it. If such a large object strikes the earth, there could be an explosion that could almost destroy your planet and change life as you know it.

There will be a Comet of Chastisement coming, but My Warning will also be announced by a comet as well. Trust in Me and I will provide all the grace and materials that you will need. I love you and I will protect My faithful."

Thursday, December 29, 2005:

Jesus said: "My people, I am the Hound of Heaven because I seek out every soul to be saved until their dying breath. I am showing you this hunting dog, and how they use their sense of smell and hearing to track animals for the hunter. This idea of persistence is the same attitude My followers should have in trying to bring your friends and relatives closer to Me to be saved. Each person has to make their own free will choice to love Me, but you can give them good example and pray for their conversion. I love everyone and it is never too late to be saved, as long as you are still living in this world. Reaching out for conversion is not something for you to put off because you do not know when I will call you home. I am always available to any soul who wants to love Me because I love all of My creations, even those who reject Me. My unconditional love is hard for mankind to understand, but I am Infinite Love, and I draw all souls to kneel before Me. Every soul has a conscience and knows right from wrong, but seeking My forgiveness requires a positive step forward to love Me and give glory to Me in worship. You have many signs of My Presence in creation, in people, and in My sacramental Presence in My Eucharist. See that I am always seeking you out of love, and every soul, who returns My love, causes great celebration in heaven."

Prayer Group:

Jesus said: "My people, I am constantly preparing My faithful for how evil it will be during the coming tribulation. The Antichrist will be allowed power with the evil ones in the schismatic church to display demonic idols and the image of the beast even on the altar to worship. My faithful remnant will be protected in refuges as you will see a great battle between the evil angels and My good angels on earth. Call on My help in your daily prayers and use your blessed sacramentals to protect you from these evil ones who will be condemned to hell."

Jesus said: "My people, Satan will be given some power in his hour of reign where he will instigate ruthless wars to gain control over all the nations. This hour will be allowed just as I allowed evil's hour to crucify Me for your salvation. Know that evil will have only a brief reign before I will come in triumph to cast the evil ones

into hell and establish My Era of Peace on earth."

Jesus said: "My people, you are honoring the year's anniversary of the tsunami waves in Indonesia. You have seen great hurricanes of destruction and deadly earthquakes. All of these events have overwhelmed people and have made it difficult to rebuild amidst so much debris. Because of man's sins and his lack of repentance, you will continue to see these destructive events bring man to his knees as your pride will be humbled."

Jesus said: "My people, America's court system is an abuse of power over even laws passed by Congress and the President. Whoever has money, can control the outcome of a court case even when the crimes of killing and thievery are obvious. This is another calling of My justice against your injustice to those with little means. The rich are drawn by their greed to steal from the poor, but My might will bring destruction on these unjust judges and lawyers. These evil ones will lose everything—their money, their lives, and their souls will be thrown into hell to pay for their crimes. Pray for your court system to change before My justice falls on them with a heavy hand."

Jesus said: "My people, this is the time to make new resolutions for how you can improve your spiritual lives for the new year. Some are thinking of diets, getting rid of bad habits as smoking or drinking, or even cutting back on reckless spending. Even though you can resolve to improve your physical lives, it is even more rewarding to cut out your occasions of sin and increase your prayer life for the new year. Spiritual resolutions will help your soul the most, but you must be resolute to carry out your good intentions of change."

Jesus said: "My people, it is good to celebrate My birth with your parties and gift giving to those that you appreciate in helping you throughout the year. Then there is the reality of coming back to your work routine and suffering your daily trials. Even after Christmas you have been honoring several martyr's feast days. Call on Me in your trials and I will be there for you to ease your burdens. I will always give you enough grace to endure all of life's testing."

Jesus said: "My people, you will soon be celebrating the Solemnity of My Blessed Mother as others will be more focused on New Year's festivities. My Blessed Mother was joyous in giving Me birth, but she gave pause to Simeon's words that a sword will pierce her heart. She is a model of patience and love and she was My willing servant in doing everything to please God. By focusing on loving and

serving Me, all of mankind can receive the joy of your reward from Me."

Friday, December 30, 2005: (Feast of the Holy Family)

Jesus said: "My people, this feast day celebrates the Holy Family as a model for all families. I want all of My followers to not only imitate Me and My Blessed Mother, but also to live happily in a family setting of man and wife. Children need to be brought forth out of a love union and not by prostitution, fornication, adultery, or artificial insemination. Couples should be married and of different sexes. The family is under many attacks, but the children need to be brought up with a mother and father for support. Parents need to be focused on the good of the family and not so much on their own selfish wants. When you have love in a family, it is all about caring and sharing what you have. Do not let possessions, money, or fame distract you, so you can keep the family together without divorce, separation, or working too long hours away from the family. With faithfulness and a desire to make a marriage work, you will be rewarded."

Jesus said: "My people, I have come as the Light to expel the darkness of sin, but your people are doing everything to extinguish My Light. Through your excuse of church and state separation, your judges are trying to outlaw My Name in Christmas, remove prayer from public places, and remove your Christian heritage. Even though the majority of your people celebrate Christmas and know the significance of this holiday, there are those doing everything to take My Name out of the public. It is now almost against the law to evangelize someone on the streets, or to teach against abortion. Do not let the atheists in the minority with a few liberal judges control, or limit any of My teachings and celebrated feast days. You need to have religious courage to stand up to these evil ones and proclaim My Word, even if it offends some people. You have freedom of religion in your country, but some want to so stifle it that they are proclaiming no religion instead. My Word needs to be preached to all nations because that was My instruction to My apostles. My apostles did not let persecution and possible martyrdom stop them from proclaiming the Gospel, and you should not stop preaching in your country either."

Saturday, December 31, 2005:

Jesus said: "My people, I am showing you a large

hurricane and a large tornado, and the dark spots in the middle represent your sins and why you are being punished. There is also a connection with time being changed and more than this one second change in your news. Last year the earth sped up very slightly from the large earthquake under the sea. Magnetic pole shifting is also a part of these time shifts. I have told you that the earth will be speeding up on its axis during the tribulation, and this will be a part of your time shift as it begins. By speeding up the time of day, you will have less time to suffer during the Antichrist's reign. I will protect My elect from the evil ones, but you will need to call on Me in prayer so your angels can lead you to safety at My refuges. You will see more disasters, and the control of people through microchips will be testing your faith in Me. Refuse to take microchips in the body, for this will be one of the signs to move to the refuges so I can sustain you with your physical needs. My angels will also protect you from the evil ones who are trying to even control your soul. Trust in Me and do not be afraid of the events going on which are truly signs of the end times."

Jesus said: "My people, as you look at Me in simple surroundings and see the simple life of faith that I lived, there is a message in choosing this over rich clothes in a castle as an earthly king. If you want to live a good spiritual life, the less you are distracted with fame and worldly riches, the better. In order to reach heaven, you must be willing to give up all earthly desires. That is why living a simple life without much money is better for your soul. Do not think that if you are rich, that you will be happy. Love is more important than money and possessions. When you love Me and your neighbor as yourself, then you have all the spiritual riches that you need. Imitate My life of simple living and you will have less stress and less desire for more earthly things. You are here on earth to prepare yourselves for heaven, so try to live holy lives in My grace with My help, and I will be ready to welcome you into heaven."
