

Saturday, December 1, 2007:

Jesus said: "My people, you are again seeing the readings in the end times talk in Daniel (Daniel 7:15-27) of the coming fourth kingdom referring to the Antichrist and his earthly reign for 3 1/2 years. Daniel spoke of this beast who would gain control over the whole earth, and he would oppress the holy ones of God. In the Gospel (Luke 21:34-36) it is mentioned again of a tribulation time that will come upon the earth. The preparation for these end times has been your mission, and you are being vindicated in the prophecies of the messages that I have been sharing with you. This vision of the Pentagon is one more defeat of your military might by the one world people who are working with Satan to put the Antichrist into power. You will see your country taken over as part of this North American Union, and the unions all over the earth will be joined under the Antichrist in the European Union. All of these things are told in the Scripture readings of the last days at the end of this Church year. Do not have any fear of these evil ones because their reign will be brief. Did you think that I would allow this evil to continue very long? Certainly not, for I will come in glory on the clouds to defeat these evil ones and cast them into hell. My faithful will then see a renewed earth and live in My Era of Peace."

Jesus said: "My people, just as you see the difference between this sickly pine tree and the healthy pine tree, so there is also a difference between a sickly sinner's soul and a healthy pure soul. When a tree needs help, you prune off the dead branches and brown needles. In a soul you want to prune the dark parts of the soul that are dead because of sin. When you repent of your sins, or come to the priest in Confession, you are making the opportunity to purify your soul of sin by your sorrow for sin. With contrite hearts to avoid this sin again, you receive absolution from the priest and a cleansing with sanctifying grace that restores your soul to its original holy state after Baptism. Give thanks and praise to Me for forgiving even the worst of your sins. When you start your Advent Season, you are doing a little retreat to purify your soul so you can be white and pure to receive Me in My crib at Christmas. Advent is a preparation for celebrating My coming to earth at Christmas. Even on this last day of the Church Year, you are also preparing your soul for the day of My return by keeping it holy in Confession. You may be awaiting My return by constant readiness, but you need to move on in your life to fulfill your personal mission in your work or retirement. Do not be fearful or anxious about when I will return, but be prepared in your soul and have your hands full of good works."

Sunday, December 2, 2007: (First Sunday of Advent)

Jesus said: "My people, you are starting your celebration of Advent and already this vision of myrrh is an anticipation of when I will die on the cross for the sins of mankind. This crucifix is a focal point of why I came as a man in the first place to the earth, and it is why it is appropriate to be in the center of your altar so you never forget it. The people who labored to fix your cross are to be commended for their good work. In the Gospel you hear again this theme of being prepared in your soul to be pure when you celebrate My birth at Christmas. This wake up call to be always watching, can also carry over into when the Son of Man will come again. The Gospel makes a point of the sign of evil in the days of Noah. Just as there is evil all around you, so it will be when I come again. You are living in the end times because of all the signs around you that were not only prophesied, but are being fulfilled even as I am speaking to you now."

Monday, December 3, 2007: (St. Francis Xavier)

Jesus said: "My people, your movies from Hollywood are corrupting souls all over the world, and this is why these actors and actresses are being tormented with the fires in California. Especially in 'R' movies, the actors flaunt violence, sexual scenes, and vulgar language which are a bad influence for adults and for children. I have warned you to avoid 'R' movies, and even some PG films are bad for children. Your TV programming is also filled with the same bad influences. So guard your eyes and ears from such occasions of sin and especially protect your children from viewing such filth. In addition to 'R' movies, it is also important to avoid the Harry Potter movies, the Golden Compass series, and any other movies supporting witchcraft and demons for entertainment. TV and movies are powerful ways to influence the mind and soul, but man has abused these media for evil purposes that require your careful discernment."

Jesus said: "My people, you are now moving into winter with another set of disasters that could cause trouble in the safety of your car travel and cause power outages. Already you are seeing considerable high wind events along the Pacific coast, even as I told you windy events will become more common this winter. You need to have warm clothing, some food and holy water or blessed salt in your cars in case your car quits or has an accident. In your homes you need back up fuels for heating as wood, kerosene, or propane to provide heat and a means of cooking if you should lose power in a snow storm. Just as you stay prepared for your physical survival, you also need to be prepared for your spiritual survival against sin. Frequent

Confession is the best means to keep your soul pure and ready for the day of your death and judgment. You can also pray an Act of Contrition when you go to bed, or if you feel death is imminent. If you should die overnight, then you have asked to be forgiven, and you may not have time for Confession. Being prepared for winter, and for your death, are very practical ways for the survival of both your body and your soul."

Tuesday, December 4, 2007: (St. John of Damascus)

Jesus said: "My people, you could do more good for your people if you manufactured metal goods for civilian uses instead of making so many weapons for war. This vision of beating swords into plowshares is a good change to stop the profit for making weapons of war. Take the money incentive out of your wars and these weapons would be useless. Do not follow the war mongers who cry for more wars and threaten more regime changes for threats that your intelligence has found to be untrue. Work to make peace diplomatically without threats of war. It is time to bring your troops home while they are still alive. This is the best help that you could do for them. Senseless killings and continued bombings are not the reason to continue your constant wars. Say no to the rich who profit from war, or your civilization will cease to be free."

Wednesday, December 5, 2007:

Jesus said: "My people, you have been witnessing some severe winter weather already with some areas receiving record winds and above average snowfalls or rainfalls. Even your weather maps have been showing huge storms and erratic jet stream flows causing colder weather than normal. You may or may not be aware of the HAARP weather making machine that uses extremely powerful microwaves to control and change the jet streams to cause this bad weather. This maker of bad weather and the chem trails causing flu epidemics, are all part of the one world plan to cause disruption and create emergency situations for their control of people. Many of your extreme weather events are due to the use of such machines. This is just an added insight to how evil these people can be just to manipulate your government and the death culture that they promote. The evil ones will have a brief reign, but they will soon face My judgment for their evil deeds. Call on My help and My angels to protect you, and use your Hawthorn pills or tea, herbs, and vitamins to protect yourselves from these man-made viruses."

Wednesday, December 5, 2007:

Jesus said: "My people, life for the monks can be cold at

times in the winter when they only have wood stoves to keep warm. This is why they wear their hoods more in the winter. You have seen movies of their life which is very often in silence during the week and some talking on Sunday. They either cut up wood or use coal for their heaters. Life for the monks is very simple, yet prayerful. When you watch their lives, you realize how much time people waste on their earthly distractions. Many times you are curious about the latest news, but usually they report on wars, killings, and weather disasters. Other times you are curious about the presidential candidates or the latest entertainment events and movies. Sports, sitcoms, and police stories are on many of your TV channels. Make enough time in your life for Me, because your prayer life is very important for your spiritual destiny. Let the monks quiet contemplative prayer be an example for you to follow, especially in Advent."

Friday, December 7, 2007:

Our Lady said: "My dear children, I am happy to welcome all of my pilgrims to my shrine at Betania. All of you are called to be here and receive my graces to carry on with all of your life's trials. You are also about to share in my great feasts of my Immaculate Conception and my feast of all of the Americas in Guadeloupe. You have passed through Mexico City where the miracle of my image is stored on the tilma. Many of you have had the joy of seeing my sign in the blue butterfly which is a sign of my presence among you. I am your heavenly Mother and I put my mantle of protection around all of you. Bring your petitions to me and I will forward them to my Son, Jesus, who listens closely to my requests. Rejoice in the great joy of our love in our two hearts as we share our union with your love. Come to Betania with love in your hearts for our two hearts, and share that love with the people of Venezuela."

Saturday, December 8, 2007: (Immaculate Conception)

The Blessed Mother said: "My dear children, thank you for coming to celebrate My Immaculate Conception at this Mass. When you come to me, I always bring you to my Son, Jesus. Especially you are becoming intimately united with my Son in Holy Communion. At times you are looking for signs of my presence, but today you were greeted at Communion by the sun coming out on a cloudy day. You also were given the inspiration to see me holding the Infant Jesus in the stump of a tree. This is truly symbolic as you have read of the Stump of Jesse as the father of David. Both St. Joseph and myself had a genealogy leading back to David, because Jesus is spoken of as the 'Son of David'. I love all of my pilgrims to this shrine and I share the graces of

Jesus with you for all that you have had to suffer in coming here. I am with you always and protecting you with my mantle of protection. I share the joy of our hearts with your hearts, and our love with your love. Keep close to my Son by praying your rosaries every day, and you will have my Infant Son always with you."

Sunday, December 9, 2007:

Jesus said: "My people, as you come to this grave of My dear one, I am showing you the cross that you all must pick up and carry with Me until your own death. Walking the Stations of the Cross represents how you must carry your cross through your own stations or trials on earth. As you approach your own death, you will be coming to the 14th station of your own life in your burial. You will not experience the 15th station until you are reunited with your body and soul."

Maria said: "My dear pilgrims, I am praying over all of the pilgrims for help in your life, and I am interceding with Jesus in carrying all of your petitions and prayers to Jesus. I love you all, and I hope that you can return to the Betania Shrine for as long as you are able."

Jesus said: "My people, this vision shows you how I am the center of your life, and everything that you do should revolve around Me. The events of one's life circling around Me, represents the vision of your life that you will witness at the time of the Warning. From your birth and even from conception, until your present moment, you will see all of the good and bad things that you did in your life in a life review. You will come face to face with your Lord in an out of body experience. You will be shown where you would be judged at that time either to heaven, purgatory, or hell. You will be placed back into your body and given a second chance to improve your spiritual life. So as the readings proclaim today, repent and change your lives before I return so you will find your reward in heaven. Reach out and be ready to help guide as many souls as possible to heaven so they are not lost to the evil one in hell."

Monday, December 10, 2007:

Jesus said: "My people, during Advent you are seeing the darkness of sin all over the world before I came to release everyone of their sin. The Light of the Star of Bethlehem is the Light that disperses the darkness. It is My death on the cross that will release you of your bonds of sin and set you free in the Light of grace, peace, and salvation of your souls. It is only when you take a step forward to open the door to your hearts in faith that I can come into your hearts, even as you would be the innkeeper to let the Holy Family into your inn."

This is the same faith that the paralyzed man had that I could heal him, as well as those that carried him in. Have faith that I can continue to heal you in love for both your body and your soul. See the love that I have for all of you in dying to save your souls from hell. Come follow Me out of love and faith in My words and My promises."

Tuesday, December 11, 2007: (Vigil of Guadeloupe)

Mary said: "My dear children, I am the Mother of all of the Americas under the title of: 'Our Lady of Guadeloupe'. I am coming in a heavenly appearance as your heavenly Mother clothed in the sun with the moon under my feet. This gate is the way that I lead my people to the love, graces, and blessings of my Son, Jesus. This stage represents the stage of life where your actions are performed, and they are the actions on which you will be judged. Just as I gave my 'yes' at the Annunciation, you too are called to give your 'yes' to all that Jesus calls you to do. I said: (Luke 1:26-38) 'Behold, I am the handmaid of the Lord. May it be done to me according to your word.' All of my children should be willing to give everything over to my Son, Jesus. Only by saying 'yes' to my Son can He come into your hearts and mold you into the Christian that you are meant to be. As you prepare for Christmas, bring the gift of your life back to my Son at His crib as your offering."

Jesus said: "My people, those, who get married, are asked to take vows of serving each other and wear rings to symbolize their love and total commitment. I am also joined in their lives through the sacrament of Matrimony. These partners of man and woman are only allowed to have relations if they are married. All other relations outside of marriage are acts of fornication and should be avoided. This ring on the door represents another marriage between Me and every soul who wants to make a total commitment to follow Me and do My Will. I do not want you to have any other gods before Me, because I am the only One worthy of your praise and worship. The commitment to Me may require you to suffer and help others, even when it demands that you go out of your comfort zone, or change your life. For all souls that are faithful to My wedding ring of commitment, I will open the gates of heaven and I will invite you to a place that I have prepared for you at My Wedding Banquet. The lesson is: Be faithful to Me and you will have your reward in heaven."

Wednesday, December 12, 2007: (Feast of Our Lady of Guadeloupe)

Mary said: "My dear children, I am happy to see all of my children of Betania and my pilgrims rejoicing at Mass on my feast day of Guadeloupe. Your singing and your prayers are very

effective in sharing your love with all of heaven. All the saints in heaven and Maria are encouraging you in all of your efforts to save souls. This darkness in the sky in the vision represents the sins of mankind and your weak faith in the Word of my Son, Jesus. The worst of these sins are your abortions of the unborn. I am the patron of the unborn as I appeared to Juan Diego as a mother pregnant with my Son and your Savior. This miracle of the roses and my Guadeloupe image on the tilma is a message of hope for my children to stop your abortions and hold life up as a precious gift, too valuable to kill. Many of your life's problems are brought on yourselves by supporting the death culture of abortions, euthanasia, wars, and senseless killings. Continue to stand up to your society and fight to save the lives of the unborn. Continue to send letters against this death culture to your government representatives, protest abortions at the clinics, counsel the women contemplating abortion, and pray for these mothers and doctors to stop taking away this innocent life. If you refuse to fight abortion in some way, then you are committing one of the greatest sins of omission that there is. I love all of my children, and especially the innocent unborn little ones. My Son also loves the children, so do not kill his little ones."

Thursday, December 13, 2007: (St. Lucy)

Jesus said: "My people, today you are celebrating the feast day of St. Lucy who is the patron of those with eye problems. In the vision of all of these eyes it is the eyes that are the windows to the soul. I have also spoken to you of having the eyes of faith to recognize the events going on around you, which are the signs of the end times. The first eye is the all knowing eye of God where We watch over all of our children. Another is the eyes of Maria Esperanza which you remember as always having the joy of her God and My Blessed Mother present. You also see Maria's joy filled eyes in the eyes of her children. On your pilgrimage you are all looking into each other's eyes and you are sharing and comforting each other in all of your pains and trials. With My grace and My Blessed Mother's encouragement, you are all given hope and support to help you through this life on your road to heaven. I also want you to remember the poor souls in purgatory in your prayers so you can comfort them in shortening their suffering time."

Friday, December 14, 2007: (St. John of the Cross)

Jesus said: "My people, on this feast day of St. John of the cross I am reminding you again of My crucifix, and how you need to carry your own cross along life's path. In every way that you follow Me, you need to offer up your suffering and

share it with My suffering on the cross. In everything that you do, you need to do it for Me out of love and according to My Will. Before you start any project, ask Me to help you in your efforts. Once you make a plan, then ask Me if it is right for you. Pray also to the Holy Spirit for discernment to affirm that what you are doing is in conformity with My Church and the Scriptures. By your good deeds you will see the fruit of following My ways instead of the ways of the world. Also, be prepared to change your plan if I disapprove of what you are about to do on your own. Every time that you do something on your own and it fails, you will see why it is better to follow My lead than going ahead of Me. Learn from the life of St. John of the cross how best to lead your lives in full trust of what I think is best for your soul."

Saturday, December 15, 2007:

Jesus said: "My people, this is joy Sunday on the Third Sunday of Advent. It is why you are seeing these joyful celebrations in the vision. There is joy all over the world as the earth prepares to celebrate My coming as your Redeemer at Christmas. Today you start to see more readings about St. John the Baptist as he prepares the way for My coming. He prepared the people as a voice in the desert who preached repentance and a change of life for the better. Even as you prepare to celebrate My coming at Christmas, you also need to listen to My prophets of today who are also preaching repentance in preparation for when I come again. The circular signs in the vision are pointing toward the Warning and how to prepare for the coming tribulation. After I vanquish the evil ones, you will see My Era of Peace. So rejoice in My coming at Christmas and at My Era of Peace."

Monday, December 17, 2007:

Jesus said: "My people, these different intensities of Light, as chandeliers in the vision, represent various souls rising to heaven. The intensities of Light are appropriate for the souls going to the different levels in heaven. The brighter and larger lights were going to the higher levels of heaven. More souls go to heaven on the feast days of My Blessed Mother, and the most souls go to heaven on Christmas Day. Continue to pray for the souls in purgatory so they can be released sooner, and they can pray for you in return. My love reaches out to every soul, but My justice demands reparation for your sins."

Ed said: "I want to thank John and Carol for your wonderful friendship at this same Adoration Chapel, and it is fitting to be here on my funeral day. I love my wife, family, and all my friends who came to my funeral. I was very touched by their

friendship also. Please pray for me because I only need a few Masses to be in heaven as one of these bright souls that you saw earlier."

Tuesday, December 18, 2007:

Jesus said: "My people, My dear St. Joseph was tested with My Blessed Mother's pregnancy by the power of the Holy Spirit. He was in a quandary as to whether or not to divorce his wife because of the Jewish laws of the time. But he did not want to put My Blessed Mother at risk to stoning, so he intended to divorce her quietly. Once an angel warned him that this child, being Me, was conceived by the Holy Spirit, St. Joseph did take Mary to be his wife into his home. The vision shows a picture of his woodwork as a carpenter. My Blessed Mother took a step in faith to accept the consequences of having Me conceived at the word of St. Gabriel. This was the risk that she took to have a child out of wedlock, but St. Joseph protected her from any shame or the law. St. Joseph was always taken back that he was not My true father, but he brought Me up as his true son in teaching Me carpentry. Many times there are trials with children conceived out of wedlock, but not as My Blessed Mother had conceived. Pray for these couples for their sins to be forgiven, and where possible that they could be married."

Jesus said: "My people, there is still a communist curtain around communist China, and there is still slave labor being used to manufacture their exports at a cheap price. The flood of water represents a flood of exports leaving China and a flood of imports coming into America. Many of your American corporate leaders have little sympathy for the human abuses of the poor to reduce them to slaves. All they want is cheap labor so they can lower their costs and make more money, even at the expense of lost American jobs to overseas countries. These same employers are lowering American wages, benefits, and eliminating pensions. In lowering salaries these greedy employers are lowering the average standard of living of all of their workers. These same employers desire more work from their employees for less pay. Because of this unjust exploitation of workers, these employers will have to suffer dearly for their greed for more money. China is benefitting from their surplus trade, and your technical know-how to build their war machine. America is becoming too dependent on foreign goods and foreign oil because of your greedy corporations, and this could be the beginning of your downfall. Trust in Me to lead you on the right path in your spiritual life so you can be less drawn to the things of this world. Focus on Me and have no other gods before Me."

Wednesday, December 19, 2007:

Jesus said: "My people, this message today is all about new birth in both the readings and the birth of the new Era of Peace. The first reading spoke of an unusual birth of Samson, and the second reading of a miraculous birth of St. John the Baptist when his parents were beyond normal child bearing age. This is a foreshadowing of My own birth which was another miraculous birth from a virgin by the power of the Holy Spirit. My birth was a fulfillment of the Scriptures from Ahaz that a virgin would give birth to a son who would be called Emmanuel. (Isaiah 7:10-14) You are all preparing even now for the feast of My birth on Christmas. This is a joyous time of My peace, even among your premeditated wars of the rich. The evil ones will have a short reign of evil, but I will come and destroy them all and cast them into hell. Then I will renew the earth and bring about My true peace in the Era of Peace. It will be at that time that I will bring down the New Jerusalem on earth. This vision of a beautiful glowing city shows the Light of the city in all of its glory, even during the night time. Rejoice at this feast of Christmas and My New Jerusalem that will usher in My Era of Peace."

Wednesday, December 19, 2007:

Jesus said: "My people, in this vision you can see how beautiful your planet appears in shades of blue color. It is sad that mankind is slowly upsetting the delicate balance of nature with your water and air pollution. Global warming is just one facet of nature, but mankind is also destroying the marine life balance as well. Coral reefs are being destroyed and the fishing banks are being over fished so they are hard to replenish. If man does not stop destroying his environment by clearing rainforests and burning too many fossil fuels, then I will have to intervene to restore the necessary balance of nature to its former purity. Man has been delving into cloning and DNA manipulation where he should not be changing nature that was already perfect. Pray that mankind will make more sincere efforts to repair the damage that he has done, so he can hand over a better world to the next generation."

Thursday, December 20, 2007:

Jesus said: "My people, I had prepared My Blessed Mother for many years to be without sin at conception, and she abided by My Will to continue her purity to and beyond the time of My birth. In this way My Body was always in a pure and sinless environment until My birth. My Blessed Mother was the first tabernacle for her Lord, even as you are tabernacles briefly after you receive Me in Holy Communion. There are many things that you do around Christmas in preparing gifts, decorations,

and meals for this holiday season. But beside all of these distractions, you should be most focused on My coming into the world as a means for your spiritual salvation. My becoming a man as the Second Person of the Blessed Trinity, shows you how much I love all of you to lower Myself to your level, and later die for all of your sins. This is a blessing beyond all proportions that your little minds can hardly understand. Give praise and thanks to your Lord as you commemorate My Incarnation as a man at Christmas."

Prayer Group:

Jesus said: "My people, this truly is a Marian Shrine in Betania and My Blessed Mother and Maria Esperanza still visit this shrine, and are giving messages to two of the daughters. Many are curious of the messages received there, but they are private for the family in directing their operations of the shrine grounds and the new retreat houses for the pilgrims. Pray for them to be able to carry out the work that heaven is directing them to do."

Jesus said: "My people, you all want to honor Me with your gifts at My crib, and the flowers around My altar. Just as the shepherds came with their sheep, and the Magi with their gifts, so you feel drawn to My love on Christmas, and to share My peace with everyone. Christmas time is to be shared with your family and those that you meet on the streets. Love needs to be shared with others and it cannot be put under a bushel basket, just as you share light in a house."

Jesus said: "My people, in some areas of your country there are plenty of lakes for drinking water, but other areas are experiencing droughts and fires. Your weather conditions are showing higher than normal snowfalls in the North and less rain in other areas. Still the ice storms and violent winds have been unusual for this time of year. Pray that you will find protection for storms and enough food for any power outages."

Jesus said: "My people, you are already seeing Christians being persecuted for their faith in Moslem and communist countries. Be alert because you will see more of the same in America and elsewhere as evil will be spread all over the world during the tribulation. Pray for My help to stand up to these evil ones so you may keep your faith strong, even when your life is threatened."

Jesus said: "My people, on every great feast day heaven exults in prayer and singing to add to the celebrations on earth. Remember that heaven is watching all of your actions and your feast celebrations as well. Take time to meditate on your Advent Readings as they have a deeper meaning for your preparations for when I will return in glory."

Jesus said: "My people, even as you make preparations for

Christmas in your decorations and gifts, others are preparing refuges for the time of the tribulation. See how rapidly these old resort dwellings were renovated for the coming trials of evil. In the Exodus there was a sense of haste to leave Egypt for the Promised Land. Now in your modern Exodus there is another sense of haste to have your refuges prepared in time for the coming reign of evil. My angels will protect you at My refuges, and they will provide for all of your needs. So have no fear of this time."

Jesus said: "My people, take a lesson from My Blessed Mother when she freely went over hard terrain to help her kinswoman, St. Elizabeth, even when she herself was pregnant. At every opportunity reach out to help your neighbor in need with joy, and do not complain of any inconvenience to your time. Christmas is a time of joy and peace, and you should be willing to share what you have with others both in time and money."

Friday, December 21, 2007:

Jesus said: "My people, this vision of being turned upside down is exactly what is going to be happening to your world as you know it. There will be more unusual and record breaking natural disasters that will include earthquakes, storms, volcanoes, and tsunamis. In addition to these natural order events there will also be major upheavals in the governments of your nations all over the world. Microchips will be more widely implemented in an attempt to control people's minds. When these events will cause martial law, you will need to be ready to go to My refuges of protection. As these events get closer, I will be giving you more specific information about your preparations. Let this be a warning to you that the serious events are about to occur with a faster frequency. Have no fear of these events because I will give you the strength and protection to endure them."

Jesus said: "My people, I have warned you before to have some alternate sources of heating your houses ready in case of power outages in the winter. This could involve wood fires, kerosene burners, or propane burners for cooking and heating. The vision of a wood fire also came with a concern for where to store all of the ashes from your wood burning. In other words it would be wise to be prepared for enough fuel in case your power outages could go into months before electricity could be restored. You also should have oil in your lamps for light, or mechanically powered flashlights. Batteries will only last a short time, so reusable devices will be more useful. Your natural gas burners usually require electricity to operate, so getting heat from a line without using electricity may be another option if gas is still available. You have seen how

vulnerable you are in winter with your ice storms. So be prepared for these events happening again because the one world people know how to cause these storms, and can turn off your power to control you. With My grace and blessings I could even multiply your fuel in a long power outage. Trust in My help, but make sure your alternative heating means are in working order."

Saturday, December 22, 2007:

Jesus said: "My people, it is a good gesture to buy gifts for your family and friends, but it is over done when you spend more than your family budget can afford. Many go into debt to pay for their Christmas spending spree. Your focus should be on giving Me praise and glory, and wishing people a 'Merry Christmas' instead of happy holidays. It is sad when your shopkeepers are instructed not to mention 'Christmas', and they make their biggest profits on this day. Do not praise the gods of the mall and the things of the world. Only I am worthy of your praise and Adoration. These gifts will soon be forgotten, but I will always be present before you as your loving God. Love for Me should come before all the glitter of this temporary world."

Sunday, December 23, 2007:

Jesus said: "My people, the account of My birth in Bethlehem talks about a stable scene when we were refused places at the inn. Those, who have traveled to Bethlehem, know that this place for the animals was really located in a cave where there was hay in the creche. This coming to Bethlehem was all started by a decree of Caesar and the Romans which demanded that everyone had to be registered with their original tribe. Bethlehem was the house of David and where St. Joseph and My Blessed Mother had to register. Even now in the coming time of tribulation, My faithful remnant will have to seek out places of refuge of My Blessed Mother's apparitions, places of holy ground, and places of caves for protection from your government authorities. Your government will soon demand that you will need microchips in your driver's licenses and in your passports. Eventually, if you do not take chips in your bodies, the authorities will try to kill you in detention death camps. This is why you will need to seek My refuges of protection even in caves, as we had to hide from Herod in Egypt."

Monday, December 24, 2007: (Vigil of Christmas)

Jesus said: "My people, in the readings you are seeing the themes of joy and peace that I would like to see all over the earth. If all of you could live My Christmas message of peace,

there would be no wars. Think of your own families and how you could heal any grudges or disagreements, so you all could truly be a loving family. Many of your jealousies or greed for things can get in the way of love for one another. Make an effort this Christmas to heal any anger that could cause ill will or separations. If you can achieve peace and love in your families, then you could more easily achieve peace among your nations. By trying to be peacemakers in your families and between nations, you can truly work toward imitating the harmony that I have created in nature. It is man's wrong choices that have broken up families and have caused wars among nations. Work to restore love between everyone, and you truly will be working to restore peace all over the world."

Tuesday, December 25, 2007: (Christmas)

Jesus said: "My people, when I came into the world as a man, I was truly a King of Kings, even as an Infant. Some countries honor Me as El Nino in a novena to Christmas. Some know Me as the Infant of Prague. I truly answer your prayers and petitions either as an adult or as an infant because I am outside of time, but historically you followed My growing up to a man while I was in human form on the earth. Today, you honor and praise Me as an Infant King, even as you are viewing My scepter in the vision. All of the angels sang their Gloria in the Highest to Me as they helped to bring the shepherds to My crib. So I invite all people to know and love Me in the peace of My appearance in the crib on My birthday. You remember how you celebrated the birth of all of your children. Now you can celebrate the commemoration of My birth, even as you share gifts with each other. Most of all share your love with Me and your neighbor."

Jesus said: "My people, you are just finishing Advent and already I am sharing some more refuge messages. The significance of the fast travel to the refuges in the mountains is not about the speed of the vehicle, but it is about how soon you will need to go to My refuges for protection. Events are going to move so fast that they could precipitate martial law in a short time. Be constantly prepared to leave both spiritually with Confession, and physically with plenty of sacramentals to share with those who have none. Have your priest bless your sacramentals and salt so you can have your weapons to fight the demons. You are in a constant battle between good and evil, so do the best that you can to save souls, especially in your own family."

Wednesday, December 26, 2007: (St. Stephen)

Jesus said: "My people, when you believe in Me and follow

My Commandments, you will always be faced with persecution. The world and the body loves comforts and pleasures that can be unlawful. The spirit of the soul searches for the love of its Creator, and to follow My Will. This is why even in each person there is a battle going on between the spirit and the flesh. The devil has prodded people to start wars for profit and for gain in property. Do not be misled, but search for the truth and eternal life instead of following anything of the world which is temporary and passing away. Those, who come to Me in faith, will be set free of their sins when they ask for My forgiveness. Be satisfied with your lot in this life because you are seeking to be with Me in heaven in the next life after death. Spread the peace and joy of My Gospel message of love to all nations, as you strive to save souls from going to hell. Repent now, for now is the acceptable time to be saved."

Jesus said: "My people, the one world people are masters of deceit and they have created many deliberate atrocities in order to stir up people into fighting a war. They profit from selling arms to both sides and they make money from your taxpayers on the interest from your war debts. These are some of their slogans: Remember the Maine, Remember the Alamo, Remember the Luisitania, Remember Pearl Harbor, and Remember the Twin Towers. All of these wars were planned and contrived by these same evil men. I am warning you about this now, because you are about to see another made up reason for war which could trigger the very martial law that they want to declare for their takeover. When you see such an event, you should be prepared to call on My protection with My angels, and be ready to leave for safety at My refuges."

Thursday, December 27, 2007: (St. John the Evangelist)

Jesus said: "My people, the vision of hands joined over water represents a faithful person leading a convert to Baptism of their sins after repentance. I gave a command to all of My apostles to go out to all of the nations and share My Good News of salvation by baptizing them in the name of the Father, the Son, and the Holy Spirit. (Matt. 28:19) This also applies to all of My baptized faithful that you also are called to save souls, especially in your own family. You are all here on this earth to know, love and serve Me. It is the devil who does not want to serve Me, and he tries to get you to not serve Me as well. Other people have more specific missions, as yourself. As you were given a message from your namesake, your mission of preparing people for the end times is an enlightenment for My faithful to be forewarned. Everyone has their own mission to accomplish, and with My help and their listening to My Word, everyone will be provided the ability to carry out their

mission."

Prayer Group:

Jesus said: "My people, I want to thank your prayer group for keeping your meetings, even among the holidays. There is so much evil going on in the world and it is hard to have time for a vacation from prayer. Prayer for peace is needed even more than before because the evil of the tribulation draws near. Continue to keep your daily prayers coming and ask Me to multiply them to offset all of the sin in the world. As you think of things to improve for the New Year, finding a little more prayer time could help in saving more souls that may be lost otherwise."

Jesus said: "My people, security and safety from thieves breaking in has become big business, especially in foreign countries or cities that have high crime rates. Such concern about break-ins is why many churches have locked their doors. Only a few churches leave rooms open to visit My tabernacles in off hours. Even as you need to protect My tabernacles from stealing the Hosts, it is still good to be able to encourage extra visits to see Me in My tabernacle. Pray for My help in how to discern proper safety for My Hosts."

Jesus said: "My people, it is sad when anyone is killed or injured by dangerous animals in a zoo. This incident was more accidental in nature because a wild animal was loose. In other deaths you are seeing planned killings or killings for money. In these cases there are people who need to be held responsible for the taking of life. I am the giver and taker of life and those, who violate My laws, will have to pay a heavy price. Pray that these people will learn the errors of their ways, and will change how they view the preciousness of life."

Jesus said: "My son, when I asked you to make a DVD of one of your talks to distribute, this sounded like a relatively easy job in your technical world. Little did you know that the evil one could cause you so much interference in this task. Just as you have seen in the past, whenever you do anything of spiritual importance, you need to pray for success first and a novena to bring this work to a good conclusion. Now that you have the tools to go forward, it is important to both pray and work quickly because time grows short while this work can yield some fruit."

Jesus said: "My people, I have told you before that it is good to belong to prayer groups so you can share your faith with like minded friends. Prayer groups are also helpful to draw on each other for spiritual and physical comfort in your daily problems. They can also be a good help when you may need to hold underground Masses or plans for where to go for refuges in the end times. If you do not have a prayer group, you may want

to try and start one among your friends or relatives."

Jesus said: "My people, sometimes you have to mix your spiritual needs with your physical needs. The importance of prayer in your lives is just one example of how your prayer can be practical in accomplishing your mission. By praying for My help in each of your tasks, your life will go much smoother, even among the difficulties of life. When you trust in Me in your prayer, you have a confidence that your earthly life cannot give you. Your spiritual goals and your physical goals are hard to separate. I have created everything, and all of nature should be in harmony with My Will. I know all of your needs more than you know them, so do not forget to involve Me in everything that you do."

Jesus said: "My people, you have already shared your gifts with one another, but now I ask you to think a little beyond exchanging gifts to gifts that are given without any expectation of a pay back in any way. When you give gifts of time and money to the poor, you will store more treasure in heaven because the poor cannot pay you back except to thank you. These kind of gifts have more joy and love associated with them because you may be helping a poor person to survive, or find a means to help themselves. Continue to always be watching for anyone who needs help so you can gain a grace that will be stored in heaven."

Friday, December 28, 2007: (The Holy Innocents)

Jesus said: "My people, today's feast is in memory of all the infants up to two years old that were killed by Herod's decree in Bethlehem. This was Herod's attempt to kill Me after the Magi refused to tell him where I was born. Today, there are other innocents being killed in the womb by abortion. In some instances abortions have become the last resort birth control where having children is either an embarrassment or an inconvenience to take care of another child. There are many sins of fornication and adultery going on in America outside of the marriage bed. Living together without marriage is a sinful lifestyle and this flaunts their sin in My face because it is a deliberate sin against My Sixth Commandment. This sexual sin is compounded when any conceived children are aborted. Even among married couples there are sins of using birth control devices which are the precursor for abortions to control family size. The marriage act needs to be always open to birth and the Church only allows Natural Family Planning methods without birth control devices. Some married couples also have abortions thinking they cannot afford another child. All abortions kill innocent life, and they are the same as murder in My eyes. They will require a heavy payment to make reparation for the worst of sins. I still will forgive such a sin, but do not put yourself

in these situations that could tempt you to have abortions. Better to have the children and give them up for adoption than have an abortion. Having children should be the product of a loving environment without any intent to kill them out of inconvenience. Life is too precious to kill, so follow My laws to avoid birth control, prostitution, fornication, or adultery that could lead to abortions. When you live a life of love according to My laws of love, then there can be true peace among everyone, especially in this Christmas Season."

Jesus said: "My people, do not get so comfortable with your home and your belongings that you cannot leave them in a minute's notice. I am showing you how quickly a chance storm could ruin your home and all that you own. Everything of this world is temporary, and will be gone tomorrow. This is why you should not be so attached to your possessions that you cannot let them go. A time is coming in the tribulation when you will have to leave everything behind and flee to a refuge to save your life and protect your soul. Have no fear of this time because I will be at your side to provide for all of your needs, both spiritual and physical. Do not just accumulate things for your own benefit, but be willing to share all that you have with others. It is your love in charity to help others that will help balance off the punishment due for your sins."

Saturday, December 29, 2007: (St. Thomas Becket)

Jesus said: "My people, your winter weather will be like this vision. At times it will be cold, icy, and blustery snow, while at other times it will be mild with the snow melting. It would be better if My people were also hot or cold in their faith, and not just lukewarm. (Rev. 3:15,16) 'I know thy works; thou art neither cold nor hot. I would that thou wert cold or hot. But because thou art lukewarm, and neither cold nor hot, I am about to vomit thee out of My mouth.' If you truly know the faith and are not on fire with My love, how can I know you? Do not just come to church and go through the motions of Mass just to be there. You must have love for Me in your heart, and be willing to live out My ways in your life throughout the whole week and not just for one hour. If you truly love Me, you should say so in your prayers every day. You do not just tell your spouse that you love them only once a week, but you show your affection every day, or your love will soon die. So be on fire all the time in loving Me and your neighbor, and your reward will be great in heaven."

Jesus said: "My people, there will come a time of tribulation when the evil ones will want to place a microchip in everyone to control your thoughts and give worship to the Antichrist. Refuse to take any chips in your body, even if

these evil ones threaten to kill you. I am showing you how to find hiding places either at your home temporarily or at an interim refuge. When you are in trap door locations, pray for My protection that these evil ones will be blinded from detecting you by infra-red, radar, or dogs scenting you. Some of My faithful will be martyred, but they will go straight to heaven as saints with little pain. The rest will be protected by My angels on your way to My refuges. Take care that you have some good hiding places wherever you are staying. I will provide for your needs, so have no fear of these evil ones."

Sunday, December 30, 2007: (Holy Family Sunday)

Jesus said: "My people, the family is the core of your social units, but it is being attacked on all sides from the evil one and your cultural traditions. Unfortunately, worldly things and secular events are overshadowing your spiritual traditions, and Christmas is just one example. Your husbands and wives have become lax in their prayers as a family, and when both work, it puts a strain on love relationships and taking care of the children. Many of your individual desires are placed over the good of the family, and this is why you are seeing so many divorces. Love can grow cold unless there is an underlying faith commitment and a desire for what is best for the family to survive. There are many pressures from the workplace, paying bills, and keeping up with all of your activities outside of the house. When you pray with Me as a part of your family, you will have the graces to overcome difficulties as job losses, illnesses, or deaths in the family. Pray for your families, because every divorce divides My human family, and you need love to keep your peace."

Monday, December 31, 2007: (New Year's Eve Mass)

Jesus said: "My people, receive My Blessed Mother and I into your hearts as we share our love and joy with all of you. I am calling all of My children to be loving in every situation that you find yourself. At times you try to be generous with your gifts to people, but you may have your own strings attached to them. If someone does not share your enthusiasm with your gift, and they wish to change it or reject it, do not be offended by their attitude without much gratitude for your efforts. Be loving of the receiver of your gift and try to accommodate their wishes. At other times you may see people presume upon your generosity without asking you first. You may also give gifts to the poor and at times they do not acknowledge your sacrifice and they may not thank you. Even if people do not acknowledge your good intentions, I see all of the intentions in your heart and I thank you on their behalf. Even

if someone takes advantage of your kindness, be always loving in these trying situations. You give from a generous heart, so do not let your damaged pride interfere with your loving heart for everyone. Love one another and your Lord, even as you wish others to love you."
