

Saturday, February 1, 2003:

Jesus said: "My people, life and faith are so precious, but at times they appear to be hidden from sight as this golden ball was hidden in the vision. Life is in the womb with a pregnant mother, but in the early months it is hidden and some have abortions so no one will know. These mothers know that they are killing life and they will never hide their crimes from Me. It is important for those, who had abortions, to come to Me in Confession so I can forgive their sins. Faith also can be a hidden gift because it is hard to see, but treasure your love for Me by nourishing your faith in prayer. Many have not come to know Me and they are searching their whole lives to find My peace since they are without faith in Me. Others have been given the gift of faith, but they are losing it because they are not focused on growing their faith. Love of Me is like a marriage. When communication and desires of other things

break down love in a marriage, these partners could drift away in separation or divorce. Unless you communicate your love to Me in daily prayer, the cares of the world can distract your faith away from you. So be strong in your faith witnessing your love for Me and your neighbor every day. Strive to grow in your faith because you need to seek perfection if you are ever going to come to heaven. Do not hide your faith, but let it be visible to others by the way that you live your life of love."

Sunday, February 2, 2003:

Jesus said: "My people, this dark tunnel into a machine gun in the vision is about the events leading up to a war in Iraq. I continually ask you to pray much that America does not start this war because the darkness represents much death and destruction. If you could see into the future of where this war is leading, you would settle for terms of compromise. All wars involve killing and death on both sides. Removing Saddam will have a high price in lives that America has not counted the costs. It is the one world people that will profit the most from this war and that is why they are encouraging your president to follow through with it. They also control the media and you are being daily bombarded with brainwashing for the people to accept the idea that war is necessary in Iraq. Your military is being given all the money it needs to conduct this war, but the cost will continue to cause deficits and adversely affect your economy. The one world people are leading you into the darkness of ruin with continuous wars. When are you going to see the light of My Word and refuse to fight these wars that gain you nothing but grief?"

Jesus said: "My people, when cartoons first came out, they were mostly comical in their content. This vision of cartoon characters with large noses represents the change in cartoons where they now have attitude and an agenda. They are putting their noses into violence and the degrading of morals. The futuristic look of sinister monsters and killing has taken away all innocence and many cartoons are not fit for the children to

be watching them. They are teaching more defiance of their parents and even following their own independence than the traditions of society. Many cartoon directors are using their media to purposely form young minds to their way of thinking. That is why it is better for parents to limit their children's watching of cartoons to no more than an hour a day. They could use their time more wisely for school work or even prayer time. The children are never too young to encourage them to pray daily in coming to know Me better."

Monday, February 3, 2003: (St. Blaise)

Jesus said: "My people, as you see through this church window in the vision, understand that the rain is to cleanse the sins of all those not coming to church. There are many Christians that have fallen away from their faith and no longer attend church. There also are many souls who have not heard of Me and are hungry for My Word. Just as I performed miracles of healing as I cast out the legion of demons from the man in the Gospel, so I can heal the worst of sinners. I need My faithful to invite these lost children to come back to My church or to bring new converts to Me. To socialize with those at Mass is good for forming community, but an even stronger calling is to reach out to these wayward souls and show them My love and the desire I have to save every soul. Do not give up with only one attempt, but pray and encourage souls to either return or start coming to a convert meeting. For every soul that you bring to Me, you will receive grace, blessings and treasure in heaven. This calling to evangelization is everyone's job who is faithful to My Word. Do not shy away from this work, but pray for inspiration and strength from the Holy Spirit to carry it out."

Jesus said: "My people, this evil black eye is that of the Antichrist and he will have demonic powers to mesmerize and control people through his eyes to force people to worship him. This morning's Gospel expressed the power of a legion of demons in how the man they possessed could break chains and shackles. The Antichrist also will have such power and you will be no match for him. This is why after the Warning I have told you to remove your televisions and computer monitors out of your houses so that you cannot view the Antichrist's eyes. There is technical means to turn on these screens without your machines turned on. At the time of tribulation you are to call on Me and I will have your guardian angels lead you with a physical sign to the nearest refuge of protection at My Blessed Mother's places of apparition, places of holy ground or caves in the hills. There you will find My protection from the evil ones and food and water so you will not need the chip in the hand to survive. Refuse to worship the Antichrist and only worship Me. Refuse the mark of the beast or the computer chip in the hand even if you must suffer persecution or martyrdom. All martyrs become instant saints in heaven. No matter how hopeless it may seem, never give up your faith, for at the height of the Antichrist's power, I will conquer him and all the evil ones will be cast into hell. Then there will be an Era of Peace on earth with no evil ones to influence you."

Tuesday, February 4, 2003:

Jesus said: "My people, I am showing you these high voltage electricity lines because this is where you are most vulnerable. Your fuels also are connected because you use them to generate electricity. This evil one's face represents the one world people and the terrorists who work for them. You will see storms and other disasters that temporarily cause your electric lines to be down, but you will also see terrorist activities affect your power lines as well. Without electricity your lives are thrown into disarray and that is how terrorism could be used to control the people. Enough threats could force many to give up their freedoms so they could have their power restored. By controlling your utilities, the evil ones will force chips in the hand on the people in the name of security. Refuse to take these chips in the hand even if they threaten your lives. Then it will be time to go to My refuges with your angels. Have no fear of the evil ones, but avoid fighting them and their evil influence. Trust in Me and I will provide for your protection."

Jesus said: "My people, you remember when I was in the boat sleeping and My apostles came to Me in fear of the storm. I chastised them for their little faith even while I was with them. I then calmed the storm and My apostles were amazed. Today, in your world you are being tested by the latest Shuttle disaster, possible war in Iraq, and a poor economy. I again call on My people to not be afraid of these events, but to have faith in Me and trust that I will protect you. No matter how difficult or evil life may be for you, call on My help and I will give you the strength to endure your trials. I also want to make a few remarks about Harry Potter and the New Age movement. There is no doubt that the Harry Potter books and movies will lead the children and adults into witchcraft and the occult. There are no good and bad witches because they are all of evil origin. There is more evil and no goodness to these stories. They were made for money and could even lead people to demon possession. The New Age movement is advocating a worship of gods of the earth in total disobedience to the First Commandment of worshiping only Me. Their meditation is not on God, but only to rely on themselves instead of prayer to God. This is a worship of man's ways of the world and leads people into the occult. To protect your soul from the evil ones, avoid Harry Potter stories and avoid anything to do with the New Age movement."

Wednesday, February 5, 2003: (St. Agatha)

Jesus said: "My people, many have mourned for the astronauts who died in the Shuttle disaster. Some have said how they died doing what they desired to do. Others have said how they died to further scientific exploration. Even more so should man be impressed when martyrs die for their faith. When you believe so strongly in Me, you may one day be asked to either be killed or give up your faith. Your soul and its eternal destination is more important than your physical life here on earth where one day you will pass away anyway. Keeping the life of your soul focused

on coming to heaven is the most important goal of your spiritual life. It is better to give up your physical life than condemn your spiritual life in hell by denying Me. I will ease any pain you may suffer in martyrdom. Dying for science or worldly goals will not gain you heaven, but dying a martyr's death will make you an instant saint."

Jesus said: "My people, the northern states will continue to suffer from a cold winter as your heating bills will be a little higher. With colder winters it puts a higher demand on available natural gas supplies and heating oil. As the war potential in Iraq moves closer, there could be the potential for more shortages in your fuel supplies because of possible restrictions in the Middle East. These vulnerabilities become even more of a problem with the potential of more terrorist attacks. That is why I have in the past warned you to have some extra heating means in case of shortages because of this war. Your lifestyles may not be as comfortable if you have to deal with rationed shortages. Continue to pray for this war not to start and if it does that few people will be killed. A major war could be a disaster for everyone and can be prevented."

Thursday, February 6, 2003:

Jesus said: "My people, more and more you are seeing the double standard between America's treatment of Iraq and North Korea. Your American leaders are making as much evidence available as they can to make a case for going to war with Iraq. Threats of helping terrorist groups, missiles and weapons of mass destruction as nerve agents were discussed openly. Yet North Korea threatens to make more nuclear weapons and possibly sell them to the terrorists for needed money. Still America is not willing to go to war with North Korea when the evidence is even more obvious. There are no oil or drug interests in North Korea and that has been the basis for all nations that the US has attacked. It is obvious with this double standard that the one world people are behind the push for war in Iraq because of their oil interests. Continue to pray that war does not breakout in Iraq."

Thursday, February 6, 2003:

Prayer Group:

Jesus said: "My people, if war comes to Iraq, it will be because there is not enough prayer for peace. War will be fast and furious and the fallout of the arms used could drift into neighboring countries. There will be a race to neutralize Saddam's missiles and any other aerial attack. If biological and chemical warfare is used, retaliation could obliterate many cities and civilians. Any attack on Israel could also be devastating, especially if they strike back. This war could easily expand to other countries which could trigger some nuclear detonations. Pray now while you can to have these leaders come to their senses before a lot of people could die."

Jesus said: "My people, this line in the sand represents

your president's stand to disarm Iraq at any cost. The type of weapons used will dictate how severe the proportions of this war will become. Potential war in North Korea could also begin as they could test America's will to fight. This could quickly bring in Red China or Russia to support their neighbors. The ignition of a world war is waiting to happen like fires occur in the dry Western forests. Again pray to stop war all over the world in addition to Iraq."

Jesus said: "My people, America will be under a major strain if a war lasts for very long. Your manufacturing potential to produce arms is much reduced because of the amount of heavy industry moved to other countries. America's investments overseas could be lost or interrupted and you could see many shortages as a result that could ruin many of your businesses. Your business world is feeling threatened by this potential war because no one knows the scope to which it will develop. A long war will be a disaster to all countries of the world and could cause a depression allowing the Antichrist to take over."

Jesus said: "My people, another fallout from a war in Iraq could be a sudden surge in terrorist attacks. This vision of fuel depots burning could cause more severe shortages of gasoline and oil supplies which could become restricted by the war. Any resort to war could trigger many hostilities from Arab countries that want to kill Americans. The one world people are creating a war frenzy that could destroy many civilizations. Pray again that these terrorists are controlled or your country could turn into chaos."

Jesus said: "My people, after September 11th there was an increase in church attendance because of a fear of the unknown. This event will be overshadowed by any serious war. I am asking My faithful now to get your souls prepared with Confession because you do not realize how far reaching war could affect your lives. Many will be drawn to the churches again because they will be scared of what is to come. Keep close to Me in all of these events and I will protect your soul from the evil ones. If America starts this war, you could see many repercussions that could compromise your country and allow the one world people to takeover. This will be the beginning of the tribulation if world wide war ensues. Pray and repent of your sins, America, for your time of existence is in the balance."

Jesus said: "My people, war, natural disasters and terrorists will test your food supplies. Those, who have put aside some food as I have asked, will have their food multiplied and your small refuges may need to feed your neighbors. Famine could easily develop without fuels and means of travel. As threats of starving people develop, you will have to leave your homes for My refuges. Everything that I have warned you about is about to happen before your eyes. Keep your faith and never give in to the Antichrist's mark or computer chip. Trust in My spiritual protection and your souls will be saved."

Jesus said: "My people, many nations do not want to endorse any war resolutions, but the US and some nations are struggling

to bring it about despite whether the UN agrees or not. War is not desired by the people, but your leaders are being forced by the one world people to bring war about. There has never been such a build up of hostilities so fast and all of these war preparations appear headed to their goal. This war will be a disaster and I have told you that America will be sorry it started it."

Friday, February 7, 2003:

Jesus said: "My people, you are in the midst of many difficult events with disasters and war rumors, but do not let these things draw you to despair. The sunlight shining in church is a sign of hope to My faithful that I am always with you. Call on My help and I will strengthen your spirit to be able to move on with the rest of your life. Many times in life you will have difficulties and trials, but you must be beacons of hope for those around you. I ask you to do the best that you can with each situation and trust in Me to provide for your needs. Many want to be able to rely on their own means, but perfect trust in Me will put your mind at ease. Do not be so anxious and worried over how you will survive, but trust in My help and I will give you the grace to take the best road for your soul. Seek the kingdom of God first in your life and everything else will be given to you."

Saturday, February 8, 2003:

Jesus said: "My people, when you are driving a car, you can take many different roads to get to your intended destination. Some roads take a long time, while other roads lead you their quicker. This is the same in your spiritual life. Some people come to love Me and appreciate all that I am doing for them early in life. Others have to learn this lesson the hard way through many personal failures before they come to Me as some do out of desperation. I love all of you just the same and you can be like the son who stayed working for his father, or you can be the prodigal son who squandered his inheritance and came home to his father out of starvation. Some souls will never know Me or refuse to accept Me and be saved. These condemned souls need your prayers and your help to be led to Me. Come to Me, My children, by way of the narrow and straight path to heaven, instead of the broad and crooked road that leads to hell. Do not wait to the last minute to be saved because you may lose your soul to the evil one. Instead come to Me today with no hesitation so I can forgive your sins in Confession and bring you to a rich faith in Me. The sooner you take time to get your soul right with Me, the more you will be prepared for the day that I will take you home. If you put off your conversion to another day, you could die before you are ready to meet Me at your judgment."

Jesus said: "My people, I keep trying to teach you over and over that only by leading a simple life and daily trust in Me will you ever find peace in your soul. It is your prayer life that is most important. Every time you put things ahead of your

prayers and praise of Me, you get into more trouble with your earthly distractions. I am the most important person in your life and your focus on Me should be your first priority. Every time you start to work on something, remember to call on Me in prayer to help you. Your pride can get in your way and you run off thinking that you can do everything on your own. When you fail miserably because you did not ask Me to help, then you realize why things went awry. Keep your life simple without the clutter of too many activities that involve distractions of the world. When you pray over every project, you will see more success following My Will. Put your pride behind you and let Me lead your life. Living a simple life will also leave you more time for prayer with Me. The more you follow Me and give your will over to My Divine Will, the closer you will come to perfection on your road to heaven."

Sunday, February 9, 2003:

Jesus said: "My people, you use treadmill machines for exercise, but you are walking and not going anywhere. I want to use this example to show you that many people are like this in their physical and spiritual lives as well. Some keep committing their sins of lust and fornication without desiring to stop. Other sins of drugs, alcohol and other bad habits continue to hold you prisoner in these addictions to pleasure and sin. Man should learn from his mistakes and realize that these sins of pleasure will only lead you to hell and you must reform your lives to come to heaven. You have to get off your treadmill of sin by breaking away from your bad habits. First realize that you are weak to sin and do not compromise yourself, but avoid occasions of sin. If living together is your sin, then forgiveness in Confession and marriage in the Church may be your answer. If computers, drugs, or alcohol are your problems, then counseling or a doctor's care may be necessary to stop that next drink, fix, or occasions that would start your habit over again. Learn from your sinful mistakes and do your best to not repeat them. Do not be misled by others doing sinful actions because these actions are always sinful no matter how accepting your society may be. I love each of you and to change your lives of sin you must be willing to suffer some discomfort in restraining your earthly appetites. You will see that living according to My ways will bring you much more joy with no guilt of sin or its bad effects. You must take the first step to reform your lives or you will remain on your treadmill of sin right into hell. Even after your attempts to reform, you may still fall, but I love a repentant sinner who comes to Confession for forgiveness so I can give you the grace to carry on with your spiritual path to heaven. Never despair in your sins, but put your trust and faith in Me and I will help you overcome your sins."

Jesus said: "My people of America, you are this runaway train heading to disaster with no brakes. Your country is headed towards a war that you will regret and your people are paralyzed to stop it. Even if there was any dissent, your president has been given authority by the Congress to go to war. It is only

the opposition of a few countries that have held back the start of war in Iraq. Your president has his own planned window of opportunity for the right season for war in Iraq. He has stated that there are only weeks to go and the one world people are pushing him into war even without UN approval. If weapons of mass destruction are used, many could lose their lives on both sides. If a world war results, you could see the beginning of the tribulation. The evil ones want to destroy the US by constant wars that will weaken you militarily and financially. You can see your country headed to ruin as you see your manufacturers destroyed one by one by foreign competition. Your free trade will ruin your home industries and you are exporting all of your wealth by debts and a deficit balance of trade. War will be the final blow to your fragile economy. When your economy fails, you will be ripe for takeover by the one world people. You are not repenting of your sins, so I will be bringing you to your knees."

Monday, February 10, 2003:

Jesus said: "My people, man seems to look down on things as if he is in control, but all of nature looks up at God as the source of creation. I said in Scripture: 'If man does not praise Me, I will command that the rocks will give Me praise.' Nature is striving to be perfect in every potential that it has. A flower seed can only grow into a flower to witness to My creation. Man has also been created to give praise to Me and to grow up to your own potential as a human being. What makes man special is that you have a spiritual soul that will live on forever. You also have been given higher reasoning power and a free will to choose to love Me or not. I do not force you to love Me, but you can see the evidence that all of nature obeys My laws. You have free will to obey My Commandments as well and you are all directed by natural law and Scripture to follow My leadership. I came to earth to free you from your bondage to sin from Adam's fall. Now the gates of heaven are open to those worthy, that come to perfection through My power. I have given you My sacraments to make it through life, but you must mature in your spiritual life as you mature physically. I am asking man to work in harmony with nature and not to destroy it by his abuse. Follow nature's lead in praising Me and understand that following My ways to heaven is why you were created in the first place."

Jesus said: "My son, I have asked My messengers to take up their writing instruments and put My words down on paper for My faithful to read. It is in this holy moment that you allow My Holy Spirit to help you in conveying My messages of love and warning to My people. Now is the time more than ever that My little ones should be reading these messages to prepare themselves for the events of the end times. These messages are not easy to hear, but you are witnesses of all that is going on around you. You are seeing wars, rumors of wars, earthquakes, pestilence, and famine—all of the signs that I gave you right before the coming of the Antichrist. Anyone, who has the eyes of faith, can read these signs and they are unmistakable. By My

messages I have told you how to prepare your souls with prayer, fasting, Mass, and Confession. Wearing blessed sacramentals will help protect you from the demons. Be prepared when you see the world famine, division in My Church, and attempts to place the computer chip in the hand. Then you are to call on Me and your guardian angels will lead you to My Blessed Mother's places of apparition and places of holy ground at My refuges. You will be called on to have full trust in Me to provide for your needs and refuse to take the mark of the beast. This time is almost upon you and now you see why My messengers were sent to plant seeds of knowledge. When these events begin to happen in front of you, you will no longer have to believe in the prophecy of these events, but they will be self-evident to everyone. Some will be tempted to take the chip in the hand and to worship the Antichrist for food and comfort. My faithful must be true to Me by refusing this chip and only worship Me. The faithful will be saved, but the rest will be cast into hell."

Tuesday, February 11, 2003: (Our Lady of Lourdes)

Jesus said: "My people, this facade of the central bankers' building is awesome in its scope and worldly power. These are only people like you, but they have gathered authority over you by printing debt notes with no backing. These people thrive by loaning out this worthless money to individuals and governments. By interest and taxes they have become rich and powerful. Through your trillions of debts they dictate your country's policies behind the scenes. They control those in the House and Senate, and even your presidents. These bankers are in every country and they control their governments in like manner. It is these world organizations that are reaching out with their power to control the whole world. I told you that they finance dictators, the communists, and even the terrorists. They create wars to make money from weapons on both sides. Now they will be using the threat of terrorism to force national ID smart cards and eventually chips in the hand. They are behind man-made diseases to control population and they are working to control food, jobs, and buying and selling through smart cards. The one world bankers will be the means of control that will allow the Antichrist to come to power. At the higher levels they are even taking their power from Satan himself. Do not be afraid of these evil people because My power and My angels will overcome them. Stay close to Me and take nothing from them. Worship only Me and be faithful even when it may seem hopeless. By trusting in Me, you will save your souls. Those, who follow the Antichrist, will be condemned to hell. They will appear to be comfortable for a short time, but they will burn in hell with the demons. Choose to be on heaven's side with Me, and you will have no fear, as you will be in My peace and love forever."

Jesus said: "My people, manufacturing has been America's strength from the beginning because you have industrious people with opportunity to exploit your inventive skills. Unfortunately, you have big business and the one world people trying to export most of your manufacturing jobs for cheap labor

and no benefits. The companies here could make money with US workers, but they want to make more money overseas. The one world people have set up the trade laws and tax structures to make it cheaper to export jobs. This is all part of a plan to weaken the US by removing as many small farmers and small businesses as possible by regulations and control of people's lives. The one world people are slowly controlling the US so you will no longer be a superpower by financial and military ruin. This will make way for the Antichrist to come to power. You have been given the blueprint for your coming demise and I am allowing it because of your unrepentant sinful lifestyles. I have warned America with many signs and pleas in My messages, but the people have refused to change, so now you will reap the consequences of your actions."

Wednesday, February 12, 2003:

Jesus said: "My people, it is one thing to battle against the elements of nature, it is another when men do battle against each other. You have seen this winter in the Northern states and how much of a struggle it has been to survive the cold and to remove the snow from roads and driveways. This has been a hard cold winter to match the hot, dry summer. These extremes of hot and cold should be how your hearts are to Me, but many are neither hot nor cold. Instead they are so lukewarm that there is almost a complacency or disregard for loving Me. Because you lack love in your hearts for Me or your neighbor, then you will be condemned to wars which is what is going on now. Be concerned more about killing people in wars and abortion than who controls the oil and what weapons people have. Pray for peace."

Jesus said: "My people, every time you make the effort to visit Me in My Blessed Sacrament, you enjoy My peace and My love. You go to tanning rooms to receive heat and a tan for the body. In front of My Blessed Sacrament your soul and heart get heat and are filled with My grace and love. This heat from the kiln in the vision is like the flame of My love for you. When you come to give Me praise and thanks, you are like one of the ten lepers who were healed that came back to thank Me. Even now I ask where are the other nine who did not come to Me and offer Me thanks for all that you have. As St. Peter warmed himself at the fire, so I want all of My faithful to warm themselves in front of the heat of My love in My Real Presence of the Host. You have many tabernacles available to visit, so make yourself an opportunity to visit Me at a church that is open. You will have your reward for taking time to show Me your love."

Thursday, February 13, 2003:

Jesus said: "My people, this bunch of wheat is to remind you of the coming judgment when I will separate the wheat from the tares. I will have the tares burned and the wheat gathered into My barn. It is the story of the battle between the good and the evil ones. At the judgment the just will be separated from the wicked by My angels. My faithful will be gathered into heaven while the evil ones will be chained in the flames of hell. This

judgment will come quickly after I defeat the Antichrist and the evil ones. You are in the end time signs and your wars and tribulation are near. All the more reason to have your souls prepared by frequent Confession. If you are not ready to meet Me at your judgment, then now is the time to make your life right with Me in confessing your sins. Do not be afraid to come to Confession and do not be spiritually lazy either. Better to come now while you still have time to repent than risk the fires of hell. You do not know how much time you have left on earth, so better to be prepared spiritually in case you may die soon. My Warning will come soon before the Antichrist rises to power, so that everyone will taste of My mercy and be given an opportunity to be saved. This will be a blessing of My love even for those who do not know Me or have refused to accept Me. Those, who still reject Me after the Warning, will be on the broad road to hell. Those, who feel the guilt of their sins and repent, will be drawn to Me on the narrow road to heaven."

Thursday, February 13, 2003:

Prayer Group:

Jesus said: "My people, back in the times of knights, armor and swords were a measure of a man's stature. Even then many were killed in their wars to control land. In today's battles man has developed even more deadly weapons that can kill thousands. Now America wants to be the white knight to save the world from all dictators. Policing the whole world is an impossible task and enforcing a war on all terrorism is equally impossible. The one world people want to destroy America's power because you stand in the way for their global control. That is why they will weaken you by terrorist acts, financial deficits, and constant wars. Wars against such dictators will not gain you anything. Better to repent and convert your lives from sin than to let your pride draw you into constant wars. Pray for peace and compromise than seeking to kill those in your way."

Jesus said: "My people, look at the people in these nations that you have been bombing. These are poor people with little means and because of a few dictators, you have let your leaders bomb these poor homes that are not even as valuable as one of your cheapest bombs. The overkill of your weapons spends billions of dollars for every war. Then you pay more billions to rebuild the same country that you just destroyed. It is the money spent in war that is what attracts the one world people to create causes for war. Without war you would be saving lives and saving billions of dollars wasted on weapons. Refuse to finance these ruthless leaders by not going to war at all. The money spent on war could feed all of the hungry of the world. War is the one world people's way of reducing the population so there are fewer to control. Put love in your hearts and stop killing your neighbors in unnecessary wars."

Jesus said: "My people, instead of building grudge fences between your neighbors, you need to be building bridges of compromise in learning to get along with your neighbor in peace. Instead of trying to compete with your neighbor, it is better to

love them and share what you have with them. If everyone had love in their hearts, it would melt away any anger and pride that causes your divisions. You celebrate St. Valentine's day by cherishing your loved ones. Do not just think of love on only one day of the year, but expand your love beyond your family to include all of your neighbors both home and abroad. By focusing on love of God and love of neighbor, you will be living My Commandments."

Jesus said: "My people, you have seen many news programs of your Congress people, your president, and many UN meetings. All of these meetings are not accomplishing anything because they do not have love in their hearts. It is pride that is leading you into this war with Iraq. War is never the answer. Terrorism will not accomplish anything either. But leaders can twist these events to their own purpose of gaining more power for themselves. See the futility of your wars and you will cease to fight them. Stop your killing just to prove that you are a superpower. Without Me you would have no power at all. If you continue these wars, you will cause your own demise."

Jesus said: "My people, it is more difficult to build than destroy. It takes many painstaking hours to build a beautiful home. It takes seconds to bomb someone's house. Because America fights many wars overseas, you do not realize how you are destroying the homes of many innocent people, not to mention taking many lives. When your trade center was destroyed, then you felt this pain of loss. That is why terrorists want to destroy your homes for making war on them. Killing is never justified except in self-defense, but America wants a preemptive war which is not right. Stop your wars America, and pray for peace."

Jesus said: "My people, these dark clouds represent some serious events about to occur that will bring about the time of tribulation. The previous feelings of many deaths are about to break upon you in war, disasters, and diseases. The sins of man are pervasive all over the world and your civilization is like that in the days of Noah. My wrath is about to come over the earth as I brought the flood to destroy these evil people. I am about to purify the earth again only with a refining fire this time. Many evil ones will perish in the flames, but My faithful will be saved. Follow Me or you could lose your soul to the evil one."

Jesus said: "My people, I have given you a parable about the foolish man who built his house on sand. The wind came up and destroyed it as well as other such houses destroyed by water. The house built on rock weathered the storm of wind and rain. So build your spiritual houses of faith on a solid foundation of Me and I will protect you from evil and all harm. Trust in Me and you will have no fear of what you will face in life."

Friday, February 14, 2003:

Jesus said: "My people, you know the damage that termites can do if they infest your house. Then beams break and the whole house could fall down. It is the same way with evil termites in

My Church that are gnawing away at the foundation of My Church to destroy people's faith. I am speaking directly of the masons in My Church even in high places that are trying to undermine My authority and the true faith. You have witnessed certain clergy who teach that Genesis and parts of Scripture are just myths or stories. Also some are trying to bring New Age elements into My Church. Others are trying to take away My Blessed Sacrament and all reverence for My Real Presence. You have heard the cunning of the serpent to trick Eve into disobeying God's command. These same demons are among you today and they are leading some of My clergy astray with homosexual acts and a lost faith. You must pray for discernment for what is being taught in My Church today. If priests are not adhering to the faith and what has been taught many years, then disregard their false teaching and report them to higher authorities. The souls that these evil ones mislead will be held accountable to the priests at their judgment. Be alert to those trying to deny the sexual sins for these will be the ways to recognize those creating division in My Church. Follow My Commandments and My Scriptures and you will not be misled."

Jesus said: "My people, in this morning's reading from Genesis Adam and Eve tried to hide from God because of the guilt of their sin. At times people of today commit sins that you are not proud of and you also want to hide your sin or rationalize them because it is difficult to admit that you made a mistake. No matter how much you want to hide your sins, I will always know the intention of your heart. Just as Adam and Eve could not hide from Me, you cannot hide your sins from Me either. Instead of trying to cover up your sins or making excuses for them, be bold enough to admit that you are a sinner and at times your actions may break My Commandments. It is not easy to admit your faults, but by seeking My forgiveness in Confession, you will show Me that you are sorry for having offended Me in sin. I call you to Myself because I love the repentant sinner. Every sinner, who reforms their lives and seeks to cleanse their souls, gives cause for celebration of that conversion. Souls that have come back to Me after many years cause even more joy to My heart. You have seen governments offer amnesty for back taxes, but I offer you freedom of guilt and a cleansed soul just to admit your sin and have a desire to make reparation for your offenses. The more that is forgiven, the greater the thanks will be for My mercy and My generosity. So do not despair or hide your sins from Me, but be brave enough to come forward and admit them to Me in Confession. You will feel like a great burden of guilt has been lifted off of your shoulders and you will have a great freedom and a sense of peace and joy in your soul."

Saturday, February 15, 2003:

Jesus said: "My people, this message is to remind you that the priest represents Me on earth and you are to respect him as you would respect Me. At each Mass the priest is acting in My place at the Last Supper as he re-enacts My Consecration of the bread and wine. You are all temples of the Holy Spirit, but the

priest has been ordained and his hands blessed to consecrate the bread and wine into My Body and Blood of My Real Presence. Without the priests you would not have My sacraments. They also can forgive your mortals sins in Confession when they again take My place in granting you mercy and the cleansing of your souls. Priests are human and they have the same faults and occasions of sin that you have. If they commit a mortal sin, they need Confession quickly because they too would be liable to sacrilege in sacrificing their daily Mass. Even if you are not pleased with a priest's homily or their manner, you need to honor their office and give them reverence because they are My representatives on earth. Some priests have misled people in false teaching, so it is necessary to discern that what they are saying is in conformity with Church teaching and Scripture. You need to pray for your priests that they are true to their vocation and teach properly. Also give them your support and help with the parish. It is only through a prayerful life that My priests will remain faithful, so they need to stay close to Me to protect them from the evil one's attacks."

Jesus said: "My people, you are blessed to be able to receive your Lord and Master in My Real Presence of the Host in Holy Communion. You are but earthen vessels made out of dust and less than the angels, yet you are so fortunate to be a member of My Body. Do not take Holy Communion lightly for this is My most precious gift to you of Myself. The bread and wine consecrated by the priest are not just a symbol, but they truly are My Body and Blood that I share with you. Therefore, in reverence to My Presence you must receive Me with a pure soul. You can pray your act of contrition to have forgiveness of your venial sins, but you must have the priest's absolution to have mortal sin forgiven. A soul in the state of mortal sin is spiritually dead and in My eyes you are as the unclean leper. But I call you to forgiveness in Confession where I can cleanse your soul of sin and make you clean again with My grace. Be aware that you are under constant attack from the evil one as he will try and keep you away from church and the confessional. By calling on Me in prayer, you can be strong with My power to defeat the devil. Do not be proud in your own power because you are weak to sin. Give praise and glory to Me that I will make you strong with a pure heart and soul."

Sunday, February 16, 2003:

Jesus said: "My people, I am the Light of life and I invite every sinner to come out of the darkness of sin into My Light of grace and forgiveness. You are seeing My angels of light how they move about witnessing to My glory. In every human being you are alive as long as your soul is present in your body. In your soul you have been gifted with a flame of love and grace at Baptism. As you sin, the flame gets smaller and in mortal sin your flame is snuffed out and you are in darkness. In order to restore life to your soul, you need to come to Me in Confession so the priest can absolve your sin and restore the flame of life in your soul. When you walk in the Light, you are following My

Will and are on the lighted path to heaven. All evil things are on a path to darkness and you know enough not to walk in darkness. So let My light of love and life lead you home to Me and evangelize all souls that are in darkness. Let them see My Light in you so you are a beacon to the safety of My Light and protection from the evil one. I thank all of you for answering My call and you will be rewarded to enter My bright Light of heaven where the saints and angels constantly are singing praises to Me."

Jesus said: "My people of America, it is not by accident that Washington, D.C. is being struck by a record snow storm two weekends in a row. These weather storms are a sign to your president that a pre-emptive war in Iraq against world opinion is not the right path for America. Just as your people appear paralyzed to stop this war, you are seeing your nation's capital paralyzed with a snow storm. Many cities are showing more resistance to this war. It is not enough that a country has certain weapons to cause a war. If so then you are not doing the same to North Korea. Both nations could sell weapons of mass destruction to the terrorists. My people of America need to pray and witness to your leaders that massive war is not the answer. Such a war will kill more than the terrorists could and you could easily precipitate a world war that you may not be able to stop. Stop following the ways of killing encouraged by the evil one and work for peace and the stoppage of war."

Monday, February 17, 2003:

Jesus said: "My people, at times in life you may be a spectator in an audience and at other times you are called to be active as actors on the stage of life. In your spiritual lives there are those who love Me and are willing to do everything for Me and their neighbor. There are still others who are lukewarm or have rejected My love. You cannot follow Me and be only a spectator who does nothing in response. If you want to truly be My disciple, you must show Me your love in prayer and worship of Me. If you love Me, then you must love your neighbor as yourself and serve their needs as well as your own. Spectators in the spiritual life are only concerned with their own comforts and pleasures without responding to love of Me or their neighbor. My followers must be the actors who live out their faith in actions than just words. It is not easy to believe in Me because you may be criticized for being a Christian. Your reward for being faithful in love and deed will be your salvation in heaven. Try to encourage the lukewarm and others to see how important it is to have heaven as their goal and not to fall victim to the evil one. I love everyone and I want all of you to strive to be with Me at My heavenly banquet."

Tuesday, February 18, 2003:

Jesus said: "My people, in your recent snow storm you have seen many needs by people stuck in the snow or that need to have their driveways cleared. This is an excellent opportunity to show love of your neighbor by doing what you can to help others,

even without payment. By offering to help without invitation, others will see your sincere care for their welfare. I have given you the parable of the Good Samaritan who went out of his way to offer his time and money to help the beat up man on the road. Some are only concerned about their own affairs, as the man pumping gas in your news who failed to help the man dying in front of him. Even if you need to spend your time and money helping others, continue with your good works and your reward in heaven will be great."

Later, at Our Lady of Angels Adoration, Woodbridge, Virginia I could see three steps at the entrance of a church. Jesus said: "My people, these steps in front of a church are stumbling steps for some who refuse to come to the house of God. Some are spiritually lazy and do not see the need to come to visit Me at Mass or other occasions. Others are more adamant in refusing church because they do not want to be controlled by anything but themselves. Money, possessions, and power are the desire of some who want to spend all of their time in search of these worldly things. I want My disciples to love Me and be willing to give up everything to Me and follow My Will only. To give control of your life over to Me is hard because it means letting Me make all of your decisions. When you live a Christian life of love, your time and your money are not your own. Once you have food to eat, a house to live in, clothes to wear, and a car to travel, you do not need more wealth beyond your necessities. After your necessities are satisfied, you should share the rest with your family and your neighbors in need. Focus your life on serving Me and I will see to all of your needs. When you serve Me, you will find the time to pray every day, attend Sunday Mass, go to frequent Confession, and visit Me at Adoration of My Blessed Sacrament. Do not let the evil one distract you with all the comforts and pleasures of this world because they will gain you nothing at the judgment. Instead, be willing to invest in Me for eternal life in heaven."

Thursday, February 20, 2003:

Jesus said: "My people, this coming out of a tunnel into the Light and suddenly traveling fast on ice with a sled is a representation of the Warning experience. Everyone will have a life review out of your body and some have described this as moving through a tunnel. Actually, you will be moving through time from your conception until the moment of the Warning. All of the events of your life will pass before you, but you will be viewing them from other people's perspective of how you influenced their lives both for good and bad. After this life review, everyone will react to this experience in different ways. Some will have a great guilt for their sins and they will desire My forgiveness in Confession and the forgiveness of all those that you have offended. Others may dismiss these events as a bad dream and continue in their sinful ways. The sudden speed of racing down the ice is a representation of how fast My people will be working to save souls. I told you that you would be working at a fever pitch to enable souls to conversion that otherwise would have been lost. Take advantage of My mercy to

understand the state of your soul and work to change your sinful life and habits into the beautiful soul that I want you to be. Ask for My grace and I will help you in your conversion and My faithful's evangelization efforts. This Warning is what I want everyone to be prepared for because many will be doing some serious soul searching of how to change for the better."

Thursday, February 20, 2003:

Prayer Group:

Jesus said: "My people, many actors and sports people strive for awards and trophies to gain recognition among their peers for their work. It is honest praise to be awarded for your good work, but this moment of glory is fleeting and soon forgotten. I want My faithful to fulfill your mission on earth, but do not seek fame and praise for yourself. Instead give all glory and praise to Me for your success. By love and good deeds strive to be one of My saints in heaven and this will be an eternal reward for you. Striving for heavenly goals will be everlasting instead of fleeting as earthly goals."

Jesus said: "My people, each person has a special talent and they are displayed in beautiful objects. The product of your work at the factory may not always be a good looking object, but it usually takes talent and skill to make it. There is a personal pride in your accomplishments, but everyone needs to give thanks to God for the gifts that you have been given. Each person realizes the effort needed to produce something, no matter how common it may be. By praying to Me for My help, you can reach the potential of all of your talents. So as you praise someone for their good work, also praise Me for the gifts that I have given everyone."

Jesus said: "My people, man has made many accomplishments in his building arts, but do not let your pride lead you to the folly of those who built the tower of Babel. It is when you think that you can do anything without My help, that you become consumed with pride and leave Me out of your life. Even with America's powerful armies and weapons, do not think that you are invincible. You will find with continuous wars that your military and your economy will be headed to ruin. Let peace and love be your way of life and not pride and power."

Jesus said: "My people, many Western nations are decreasing in population because of abortions and their intent to have small families. Other Muslim nations are growing more than the Catholic population. Western nations are decaying more rapidly because they are too affluent and are falling away from loving Me and worshiping Me. Nations that praise God will be longer lasting than those who have forgotten Me. As you watch the moral decay of America, you are watching your own decline in the world as well."

Jesus said: "My people, this cookie tree in one way is a sign of the coming famine. In the lower layers you have an abundance of food. As the years progress, your food will decrease as the small circles closer to the top. Your food is coming under more control and with growing populations, food will

become scarce and hard to find. As populations seek food, you could even see wars and riots for something to eat. Call on Me to feed you and trust that I will see to all of your needs."

Jesus said: "My people of America, there is much talk that war is the last choice, yet your nation is spending billions of dollars for bases and building up your armaments for possible war. Your country has amassed many troops, ships and weapons in preparation for a war in Iraq. To retreat now would seem unlikely as Saddam has made many excuses to not give up his weapons. Continue to pray much for peace because war could cause many deaths and much destruction."

Jesus said: "My people, you are becoming affluent with your riches, America, and you think that you can dictate what governments need to change to for your liking. You desire a democratic way of life, but forcing your will on every nation will meet with much resistance from the rest of the world. If a dictator threatens other nations with takeover, you are quick to fight such a threat. Many are hating America because you are exercising your will just as badly as some dictators. You must practice what you preach or the world will rise up against you."

Friday, February 21, 2003:

Jesus said: "My people, this water rushing over the falls represents how your nation is about to be plunged into another serious war forced by the one world people. You remember when I cast the legion of demons out of the possessed man into the swine. They then ran off the cliff and drowned in the sea. You have the same demons encouraging war again and you will be falling into ruin as these swine were led to their deaths. I have mentioned before how the central bankers build up dictators for the purpose of causing wars that they profit from. If Saddam is so bad now, why did you not put his regime out in 1991 when he was just as much of a dictator then? He was preserved for another war on purpose and many of his chemical and biological weapons were given to him by America in earlier years. By claiming Saddam is a threat again, now another war is being made up to make more money for the rich and bankrupt your country. It is not a matter of honor to fight for your country, but you are being misled by these evil ones behind the scenes to encourage war after war. The demons want to destroy man by many killings and these one world people are accommodating the demons' wishes by wars, abortion and man-made diseases. Once you understand their plans to destroy America, then the only recourse is to stop the wars. Then you will not need so many billions for weapons and repair of the countries that you are destroying. Pray for peace and pray for people to understand the reasons for your wars."

Jesus said: "My people, this vision of war machines coming off an assembly line is to emphasize how your defense-industrial complex spends billions of taxpayer dollars. There are many defense companies who profit from making armaments whether it be tanks, missiles, guns, or the ammunition. It is the one world people who profit from owning defense stocks and they profit from

the interest of the U.S. government's deficits in paying for wars. The bankers are behind your culture of death in starting wars, supporting abortion, and even man-made diseases. All of this killing is a part of their population control. The drug and medical industry also profits from disease in doing research on cancer, AIDS, and other viruses that man has created. If there was no sickness, many would not need expensive medicines. So the evil ones create diseases and then try to create expensive cures. Again, if there were no wars, you would not need all the billions of dollars you spend on arms. Take away killing in wars and disease and your country could save billions to help poor people and feed the world. It is money and the evil plans of the one world people that are causing your wars and diseases. Use your vitamins and herbs to fight disease, and voice your dissent against war and the abuse of your tax money. Once you realize how the central bankers control you through debts, then you will see why they have so much power over your governments."

Saturday, February 22, 2003: (Chair of St. Peter)

Jesus said: "My people, you have been observing more people coming down with respiratory diseases than in previous years. Even some areas of the country are witnessing unusual deaths from such diseases. The combination of viruses spread by contrails and pulse radiation is an experiment of your scientists to cause death in various segments of your society. These are potential war weapons to subdue the opposition troops in war. If these viruses are abused, they could also be used to control minds and population growth. I continue to warn My people to take Hawthorn herbs and vitamins to build up your immune system to these diseases. You will be seeing more demonic abuse of disease to scare people into taking shots that will be worse than the disease. Chips taken internally are also going to be encouraged to protect you from terrorism and these chips will actually control your minds. Refuse these shots and chips in the hand even if they threaten you with death or prison. The evil ones will try and exploit technology as their means to control the population. Come to Me in prayer and I will protect you from disease and the agents of the Antichrist who are trying to kill you."

Sunday, February 23, 2003:

Jesus said: "My people, I have told you to look to the skies for omens of the great events to come. You have seen a great light in the sky before World War II and now again you are seeing signs again for this potential war in Iraq. You will see even further signs of coming events, so continue to look to the skies. The chances for averting this war are waning as enough prayer for peace has not been forthcoming. Many are more concerned with what to do with Iraq after the war than they are at stopping this war. Some are against the war, but their voices are being muted by the media. The one world people have put this war on track to make billions for themselves. Some are even talking of hundreds of billions of dollars that it would cost America to go to war

and repair Iraq. This madness has not even counted how many lives would be lost. While the one world people only want their way, they care little for the loss of life and only speak of it as collateral damage. It is the killing itself that I detest the most and this is the most important concern about war in the first place. You care about the lives killed in your recent disasters, but what about the lives of those that would be killed in this war that is preventable. America will pay the price for your abortions and all those that you are killing in these fabricated wars."

Monday, February 24, 2003:

Jesus said: "My people of America, you are witnessing in this vision the devastation of floods and storms that have been bringing havoc to parts of your country. I have warned you that you would be tested with many natural disasters, even worse than you have seen before. These events are chastisements for your sins of abortion and your sexual sins which continue unabated. Now, by your own choosing, you are adding a scourge of war on Iraq which could bring more destruction and death to your own people. America needs to repent of its sins and come to Me in prayer, or you will come to Me begging on your knees when you can no longer bear your troubles."

Jesus said: "My people, I am reminding you of the thousands who were killed on September 11th because I have shown you in vision of more thousands who would die in a war on Iraq. This feeling of many deaths could be mitigated with enough prayer, but your time is running out and America's pride will force this war to completion. America would lose face to back down from your military build-up of hundreds of thousands of troops in the region of Iraq. Both Iraq and the U.S. are threatening to use weapons of mass destruction which could bring major amounts of death and destruction. Unless there is a miraculous intervention, you will see major amounts of life lost beyond the mere few hundred that are predicted. Losses on both sides could trigger major reprisals from neighboring Arab states as a World War could be initiated. Your economy will suffer greatly as your recession will expand due to the cost of this war. America needs to count the cost of lives to see that war is never a good decision no matter how many arms Saddam has. Terrorism will also be on the increase, especially with the scope that this war could entail. Continue to pray for a miracle of peace because the loss of life will be severe."

Tuesday, February 25, 2003:

Jesus said: "My people, I want you to be more prayerful in your lives. Even if you are extremely busy, it is necessary for your spiritual life that you keep in communication with Me in prayer. When you fall away from your prayer life, you risk the loss of your faith in bad habits. I do not want a rushed prayer with little meaning, but I want you to be quiet in your spirit at least for a few minutes so you can tell Me how much you love Me and invite Me to help you in all of your troubles. Do not let

worry, anxiety, or despair run your life, for that is from the evil one. Also, do not let the little disturbances in your life so upset you that you begin to swear and curse. You must keep My peace in your heart and be calm in all of your actions of the day. Put your hope and trust in Me that I will help provide for your daily needs. Do not be so concerned with what you are to eat, wear or where you are to live. Your most concern should be focused on Me and your eternal destination. By focusing on Me and making prayer important in your life, you will see how everything will work out in your life. Do not put off your prayer to so late at the end of the day that you fall asleep. You need prayer most at the beginning of every day, even for just a few minutes, so you can ask Me to help carry your burdens of the day. When you are close to Me and you have My peace, you will be able to endure anything that you will face in life."

Jesus said: "My people, this crop duster is one means that terrorists could use to create a major incident of chemical or biological warfare against American cities. The larger jets have been spreading bacteria and viruses already through long lasting contrails. These are weapons that were used in previous wars and many American servicemen have been affected both in Viet Nam and the Gulf War. Look for use of these weapons in future wars as well. These viruses can be used to neutralize people in disagreement with government policies just as much as on enemy troops. I mentioned before about HAARP affects on people's minds and in combination with contrails to cause diseases targeted for any race or ethnic group. The one world people will use these tactics to scare people into submission for taking shots and chips in their bodies. This is when you must wear your sacramentals, pray much, and take the Hawthorn herbs and vitamins to build up your immune system. Rely solely on My help to protect you from these evil diseases that will be used to cause global control by the one world central bankers. Without My protection you will fall victim to their plans. You will find protection from all diseases at My refuges when you are healed by the healing springs and by looking on My white luminous crosses."

Wednesday, February 26, 2003:

Jesus said: "My people, many times you are focused only on what is in front of you. This vision of a glass roof in a car means that you are to remain open minded to accept everyone equally into your life without any discrimination. I told My apostles if you love only those whom you like, you are no different than the worst sinners who love their own. You are to be perfect as My heavenly Father, so you must even love strangers and your enemies. Again in today's Gospel I chastised My apostles for trying to condemn someone for healing in My Name. Those, who believe in Me, are with you in faith and do not discriminate them even if they are not part of your community. Love of your neighbor should be unconditional as My love for everyone is unconditional."

Jesus said: "My people, you have witnessed again another unusual snowfall in Israel where it snows very infrequently.

This snow in the Middle East is symbolic that the people need to cool their anger and stop their fighting. There are heavy tensions in Iraq over what action the United States will take, even if there is not enough sentiment for war at the UN. I have asked My people to pray for peace and for the U.S. to not cause war for its own sake. Many want the U.S. to neutralize Saddam and remove him from office. The media and the one world people are pushing for war. The people have been so brainwashed and prepared for war that many think there is not a choice. My people, it is never too late to stop this war when you know many will be killed. Some announcers talk confidently how the war will not last more than 2-3 weeks. Even if the destruction is brief, the repairing of the damage could take years of occupation and stretch the U.S. troops thinner than ever. With continuous wars you will see your military weakened with no defense on the mainland. You are being made ripe for takeover by the foreign armies already on your soil. Stop this frenzy for the need for war and let your anger be cooled off by this new fallen snow."

Thursday, February 27, 2003:

Jesus said: "My people, you think of music back fifty years as being old, but My saints and angels have been singing My constant praises for many more years. Music and song at Mass and services lift your spirit when they are about Me. Even if you have a poor voice or have a raspy throat, you should try and sing My praises in practice for coming to heaven. I also want My people to be in harmony with one another in love than thinking about killing their neighbor in war. If love is in your heart, then you will not have room for anger. It is the devil who is sowing seeds of disharmony because he wants to destroy man and continue your death culture. So pray for peace and harmony if you are to stop these constant wars. These wars accomplish nothing but making the one world people richer. These wars cause only death and destruction, so why should you even see war as an option? In the same vain why should you desire any killing as abortion, homicide or suicide?"

Thursday 27, 2003:

Prayer Group:

Jesus said: "My people, this married couple is a sign of true love for you with Me in the middle of their sacred vocation. From married life springs forth new life out of love as an environment. It is important to pray for your own marriage every day and that the original fervor of love continues in each family. The parents need to be an inspiration of faith to their children so they will stay close to Me in prayer. Family prayer and Sunday Mass will keep your family together. Satan is attacking the family on all sides and the numbers of divorces are a testimony to the break down in your morals. Married couples need to be true to their vows and seek to have a full commitment of a lifetime together with each other."

Jesus said: "My people, you have seen the damage of fire and how many have died recently in fires. There is another fire

raging in many souls, but this is the influence of the demons who are parched from hell. The demons' goal is to drag down as many souls as possible into hell. The goal of My faithful is to bring as many souls as possible to heaven so they can avoid the flames of hell. My faithful are called to be spiritually holy people to put out the flames of evil on the earth. Do not give up on your battle against evil, but call on My help and that of My angels to protect your souls."

Jesus said: "My people, when you purify your metals, you have to burn or leach away the slag of rock and earth that bind with the metals. This purification process goes on with your earthly testing and your purifying in the fires of purgatory. Each soul has to suffer much to reach perfection and separate your earthly desires so you are ready for heaven. Be willing to be refined to the perfection that I desire for you to be saints."

Jesus said: "My people, over the years many Christians have had to suffer dearly for their belief in My Name. As you enter this time of tribulation, you will see many of your freedoms stripped from you and you will even have to go into hiding from the authorities as those who hid in the catacombs. Being faithful to Me may come at a high price, but never give up your faith no matter how much you will have to suffer."

Jesus said: "My people, a time is coming when public Masses will be outlawed and you will have to go to secret Masses. Your prayer groups may give comfort to you during these difficult times. You will be drawn to My refuges for food and protection. I will not leave you orphans, but bring your Mass preparations and sacramentals with you to My places of refuge."

Jesus said: "My people, you have finished your Christmas season and now you are seeing the desert scene for the coming Lenten season. Advent is a prayerful preparation for Christmas and Lent is an even more prayerful focus to prepare you for My Resurrection on Easter. Prayer and fasting is a necessary time for Christians to meditate on how to improve your spiritual lives. You are continually being tested in your sins, but I offer you forgiveness of your sins in Confession. The ashes that you receive at the beginning of Lent are to show you the mortality of your body and remind you of the immortal nature of your soul."

Jesus said: "My people, these windows represent the many sacraments that I offer you as a means for My graces and blessings to shine into your heart and soul. Some sacraments you receive only once, but Holy Communion and Confession you can receive many times over. You have your spiritual freedom to open these windows and let My sacramental grace shine in on your souls. Every time that you share My sacraments, My love and blessings flow over you like heavenly raindrops. Rejoice in your sacramental Church because I have instituted My sacraments to carry you through all of life's trials."

Friday, February 28, 2003:

Jesus said: "My people, I am your most trusted friend that you could have because I love you unconditionally and I will do

anything good for your soul. You have many friends, but some you can trust more than others. It says in Scripture that a good friend is a real treasure. Honesty in friendship and a willingness to stick by you in difficulties is hard to find because some of your friends may not want to help you with money or their time. I want My faithful to be able to reach out to everyone in love and not be afraid to take advantage of opportunities to help someone. Do not always look for payment for your good deeds because that reward will be in heaven and of more lasting value than money received here. If someone does persist in paying you, then be willing to accept their thanks and generosity. When you love others, it is not with a selfish reason, but only to follow My direction and imitate My ways. Also, be willing to forgive those that have done you wrong and pray for them. You are called to perfection in even loving your enemies."

Jesus said: "My people of America, your president has already warned Saddam that he would use nuclear weapons if Saddam uses weapons of mass destruction on troops or Israel. This vision of a nuclear missile could easily change the rules of engagement if Saddam uses biological or chemical weapons. If thousands of American troops were killed or bombed, you could see several Iraqi cities wiped off the map in retaliation. If this war is allowed to start, serious numbers of troops and civilians could be killed. That is why you need to pray constantly that such bloodshed could be avoided. Time is running short and many sense this war coming as thousands of troops are being brought into this area."

Saturday, March 1, 2003:

Jesus said: "My people, I am using this image of a large diesel truck as a means to show you the difference between My ways and your ways. Everyone is given a choice to follow Me in My Divine Will or to be stubborn and follow your own earthly will. When you force your own will on people, regardless of their situation, then you are like driving this large truck right over everyone. It is this selfish motivation instead of love that causes differences and even anger at your actions from others. This is why you are having so many wars because America is forcing its will on the rest of the world. Then you wonder why other nations do not want to agree with you. This is the same in your personal lives as it is with nations. There is also a matter of justice as well that balances mercy. My justice holds everyone accountable for their sins, but I have died to make reparation for them. Each person needs to make the first step of seeking My forgiveness in order to heal your offenses. It is the apathy to your sins that will send people to hell. There is human justice based on My Commandments, but man has changed My laws to fit his own convenience like abortions. My justice is based on love, but man's justice comes with too much revenge. There are proper rules to be followed to have a civilized society, but when My laws are changed to protect the rich or other evil agendas, then your society's morals are being

warped. Follow My Will which is based on love of God and love of neighbor and you will see that peace is possible among your neighbors."

Jesus said: "My people, I am showing you this boxing arena because every day you have to do battle with the evil one. Just as the boxers start out every new round, you face each new day as another round between good and evil. You need to make decisions every day for every action. In order to face the evil one's temptations, you have to know your strengths and your weaknesses. You know if you are quick to anger, that the evil one will test you in ways to bring on a rage. Use your strengths in My power and grace to help you prepare for these temptations. If you are weak in eating habits, alcohol, or drugs, then you need to work on removing these addictions from your life. You have to anticipate your opponent's punches spiritually in order to avoid falling into sin. By training and preparing in your spiritual life with daily prayer and fasting, you will be strong enough to last the days of your life in fighting the devil. You can only win with My help and that of your guardian angel. So do not be prideful in thinking that you can fight the devil on your own. When you have fought the good fight and won your battle, then I will welcome My faithful to your reward in My peace and love of heaven."

Sunday, March 2, 2003:

Jesus said: "My people, the poor will always be with you and they provide many opportunities to help them with their food and their shelter. These copper coins in the vision remind you of the widow's donation to the Temple treasury. No matter how poor a person is, they can still make a small donation to support My Church. Those, who are well off, need to make their own tithing donations to help the Church and the poor. It may even be easier to donate to your local charities where you can see that your money is used to most benefit the poor instead of the fund raisers. It is a fraud for such fund raisers to keep such a high percentage of their collections when little is given to the cause for their fund raising. Your people are right in demanding more of an accounting of such organizations. Your donations of money should also be supplemented by your volunteer help in time to help those in need. As you approach Lent this week, you can focus more on showing your love for your neighbor."

Monday, March 3, 2003:

Jesus said: "My people, your life is like driving a car through a road full of potholes. The potholes represent sin and as your car suffers punishment from hitting one, you also suffer punishment for your sins. Once you have hit such a hole, the damage to your car makes you more cautious not to hit another hole. In the same way once you suffer from committing a sin in the guilt and consequences, you should learn from your mistake and avoid this sin the next time there is a temptation. The reason, that you see Me in front of each pothole or sin, is because in addition to breaking My Commandments in sin, you are

offending Me as well. Not only do you want to avoid the punishment for sin, but you are breaking your love relationship with Me by slapping Me in the face with your sin. So you cannot rush through life seeking all of your pleasures and comforts, or else you will run into all of these potholes of sin. You need to slow down and drive through life carefully and avoid sin and avoid offending Me with all of your earthly desires. By placing My love before your concerns, then you will be able to avoid sin and enjoy your reward of My peace and love wherever you are. You can also help those around you to avoid sin by letting them follow you around the potholes of sin in their lives too."

Jesus said: "My people, as you are about to start your Lenten devotions, I want to give you some examples of how to improve your prayer life. Some pray their daily rosaries and this is a daily bouquet of spiritual flowers for My Blessed Mother's intentions. Others pray the Liturgy of the Hours that include three psalms in each service. You can also take a Bible and read three psalms a day and possibly a few pages a day of Isaiah as well. Prayer is a way of communicating your love to Me and it also will give you peace of mind as you dwell on your praises of Me. Instead of rushing through life on your own, take time to listen to Me so I can lead you by following My Divine Will. Fasting between meals is also a proper Lenten devotion. Many like to do a little penance for themselves like giving up sweets and desserts or giving up smoking. In addition if you catch yourself swearing, you may want to work on restraining your tongue for Lent. Your penance should be something that you like or giving up a bad habit, so you can improve your spiritual life. By focusing on your faults and working on them with My help, then this Lent will help you on your road to perfection and ultimately to heaven."

Tuesday, March 4, 2003:

Jesus said: "My people, when I come in judgment, will you be ready to meet Me and make a full accounting of your life? This time will be like the story of the five wise virgins who prepared for the wedding feast with plenty of extra oil for their lamps. The five foolish virgins were lazy and did not prepare enough oil. Once the wedding feast began, their lamps went out and the wise virgins told them to go to the dealer for more oil. When they returned, it was too late and the bar of the door prevented their entry. It will be like this for all souls who have had an opportunity all their life to come to Me as their Savior and seek My forgiveness. The wise faithful have followed My ways of love of God and neighbor and they praise Me in prayer. The foolish earthly people are lazy and taken up only with worldly things and have violated My laws with no remorse. These foolish ones will not enter heaven and suffer forever in the flames of hell. The faithful will be welcomed into heaven to feast at My wedding banquet. So prepare today, for you may never see tomorrow. This Lent ask yourself if you are more like the wise virgins or more like the foolish virgins. Then you will understand your judgment."

Jesus said: "My people, in years gone by many products were made to last a long time with sturdy materials. As manufactures now want to sell more products, they build in obsolescence into everything in cars, computers, houses, and even roads. By making you buy things more often, they hope to gain more money. In your spiritual lives man wants to take short cuts as well. Some even want heaven given to them freely without concern for following My Commandments or suffering of any kind. Another aspect parallel to today's cheaper, short lasting products, is that some only concentrate on things that will pass away than on things eternal. This life is over quickly, but eternity begins after your death. Better to choose heaven by your actions so you can spend eternity with Me and you will enjoy My everlasting peace and love. Those, who only seek short lasting earthly things, may suffer eternity in the everlasting flames of hell. Choose things that will endure both in this life and the next."

Wednesday, March 5, 2003: (Ash Wednesday)

Jesus said: "My people, I have told you before to watch the skies for great events as omens of things to come. This vision of planets, moons, and other objects coming close to each other, is a sign of a major event about to occur. The earth will be affected by these events and there could be some dramatic events that could change the earth from how you know it. Man was created out of dust and unto dust you will return as the body is mortal and corruptible. At the beginning of creation the earth went through major transformations. Now, again you will see changes that will frighten man and there will be no doubt that I am in charge of things. All of your scientists and false theologians will be shaken by these events and they will be humbled by My power. If you doubted My means of creation, you will see how all of the heavens obey Me, just as I calmed the storm on the sea."

Jesus said: "My people, your military is always ready to unleash all of its latest weapons during your recent wars. This electronic emission bomb sends out a shock wave of radiation that inactivates cars and anything run by microchips. In a war situation it would inactivate missiles, tanks and trucks so they could not run. Sensitive parts of man's brain and your hearing ability could also be impaired. The devastation planned for this war is on a larger scale than the previous Gulf War which involved even more troops. Your president talks of war as his last resort, but in reality it is his only choice that he has desired from the beginning. America is taking this war effort on nearly alone and it will become a heavy burden to make a change in Iraq's leadership and then rebuild it. By going against the UN, many will interpret America as an aggressor nation only intent on its own interests. Already many Congress people are questioning how much this war will cost both financially and in American lives. The longer the war is put off, the more resistance that will form against it. Even My pope son is making a last desperate attempt to stop this war. Pray and trust in My ways than using war to have your own way by forcing it upon

people."

Thursday, March 6, 2003:

Jesus said: "My people, during Lent it is what you do in your actions that will determine if this season will help your spiritual life or not. Fasting between meals and trying to curb your bad habits must come from the heart and your intention to do better than just going through the motions. If you are truly serious about improving your spiritual life, then putting down the kneeler and following My Will is your desire. If you are only satisfied by keeping the status quo without any improvement, then you will not gain much from Lent and your kneeler will stay up. This is also a decision in your prayers that sometimes you pray for your will to be done instead of accepting My Divine Will. Every prayer should include if it be My Will because I answer your prayers sometimes with a no, since it may not be the best for your soul or another soul. Because I do not answer your prayer under your conditions, do not be offended since you should be willing to accept how life will test you. By focusing on prayer to discern My Will than following your own will, you will be closer to the perfection needed to enter heaven."
