

Sunday, February 1, 2004:

Jesus said: "My people, you are seeing these poor people in the vision in order to remind you of your responsibility to feed the hungry, clothe the naked, and give shelter to the homeless. Do not reach out only when it is convenient or when you have extra money, but help them at all times with whatever you can give them now. Sometimes you may desire to only help those that are close to you, but reach out to help all nations. You may be fearful of your money not reaching the poor, but trust in Me to lead you to Christian groups that will not just spend most of the money on overhead. When you reach out from the heart to help someone without a selfish motive, you are helping Me in that person. Many times I test your pride and your generosity. So do not just say no to every request at your door, but be gracious and help those whom you have discerned to be in real need. For every little one you help that cannot repay you, you will gain treasure in heaven that will be multiplied beyond what you gave."

Monday, February 2, 2004: (Presentation in the Temple)

Jesus said: "My people, as you are on the path of life, you will see the evil one make many attacks upon you. No one will be spared from these temptations, which can be strong at times, but call on My Name and I will take them away. Every time you awake to a new day, celebrate another day of life in the Spirit and give Me thanks that you are a witness to the beauty of My creation. You all have obligations to follow My laws, and you have responsibilities to witness your faith to those around you, especially your own family. Life can be troublesome at times, but there are many joys in My rewards for all of your good deeds and actions. By keeping your focus on Me, this railroad track in the vision can be your path to heaven."

Jesus said: "My people, in the days before I came to the earth, many sacrifices of animals were used to show thanks to God for receiving many blessings. My parents presented two turtle doves for this offering. Then Simeon, who was promised to see Me before he died, took Me in his arms and prophesied how I would save My people. My Blessed Mother was told how a sword would pierce her heart at My coming death. These sacrifices are not what I desire, but I desire mercy instead. By your prayer, your forgiveness of others for offending you, your humility, and your obedience to My Will and My Commandments, you can come closer to heaven without animal sacrifices. I made the

most powerful sacrifice of My life for you. Now, you can thank Me and make peace with your brothers and sisters. Your sacrifice now will be carrying your cross of life without any grumbling or complaining. The more you suffer in silence as I did, the more treasure you will store in heaven. Love one another as I love all of you."

Tuesday, February 3, 2004:(St. Blaise, blessing of the throats)

Jesus said: "My people, you are very comfortable today with your modern cars that allow you to drive wherever you please. In older days transportation on foot or by horse was much more difficult and not comfortable at all. In the early days of Christianity it was also very difficult to practice your faith openly because many were martyred by those in power at that time. Even the religious leaders as St. Blaise suffered persecution and finally martyrdom as the authorities were trying to eradicate Christianity. Today, you are not in as much danger of physical persecution in America, but there are some areas of the world that are killing Christians because of their faith. As you draw closer to the time of tribulation, you will see persecution of My followers all over the earth. Already you are being persecuted for standing up against abortion, homosexuality, and pornography. Even openly wearing crosses in public on the job has caused discrimination and court cases to harass you. Do not worry about being persecuted because I will protect your souls, but some will have to die for their faith. No matter if they threaten your life, hold fast to your faith in Me because your faith is more valuable in death than living in denial of your faith."

Jesus said: "My people, these visions of pinwheels and windmills speeding up are a sign to you that events are about to speed up. Your news is very censored and many important events are reported or slanted in a biased reporting. The priorities are also skewed as to what is important and many smaller events as spurious court cases consume too much time. It is even hard to sift out the truth from what you see and hear on your controlled news. Other countries and certain internet sites are reporting more of the truth than from your newspapers and TV. It is the real truthful events that are going on that I am referring to. The events of your weather and signs in the sky are all witnessing the coming end times as I have told you in messages and prophesied in Scripture. Be prepared spiritually and you will have the strength that you will

need to endure the coming tribulation."

Wednesday, February 4, 2004:

Jesus said: "My people, when you pray to God, you are always praying to all three Persons-God the Father, God the Son, and God the Holy Spirit. You have named your prayer group after the Eternal Father and He is greatly pleased. You pray to God the Father in the Our Father, the Glory Be, and the sign of the cross. When you call on Him in prayer, He will send His angels to guard you. When you call on Me in prayer, I will come when you invoke My Name and the demons will leave you. I am always present to you in My Host at Holy Communion and at Adoration. You have an opportunity for heaven because of My sacrifice on the cross. Come to Me in the priest at Confession and I will forgive your sins. You pray to the Holy Spirit in your Glory Be and the sign of the cross. It is by His power in you that you exist as temples of the Holy Spirit. It is His power that you call on to help you even write down the messages, give your talks, and bless the people with healing. The gifts of the Holy Spirit help strengthen you on your daily path to heaven. Give praise and glory to God the Father, God the Son, and God the Holy Spirit because We are all helping each soul to live up to their potential when you open your free will to Us. Your daily consecration enables Us to mold and shape you into the Christian that you desire to be."

Jesus said: "My people, there are some who are constantly seeking entertainment at bars and casinos. The average person cannot afford to satisfy their earthly desires for a good time at such expensive sites. People rationalize that they deserve to spend weekends drinking and carousing. Many of these places are occasions of sin for bad gambling habits and bad drinking habits that can dull your senses to fall into sin. It is better to avoid these places and concentrate on perfecting your spiritual life which is focused on love of God and neighbor, instead of selfish earthly comforts and pleasures. When you follow My Will to do good things, your soul will desire My peace and rest instead of the temporary things offered by the world. Do not think that you are here only to enjoy yourself, but each of you have a mission to fulfill and you will be held accountable at the judgment for your actions and how you used the talents I gave you. Man has a way of frittering away his time more on his own earthly pursuits rather than following My heavenly pursuits. Struggle through your daily temptations to stay on the right path to

heaven and avoid any detours to worldly distractions by My grace."

Thursday, February 5, 2004: (St. Agatha)

Jesus said: "My people, the first step to conversion is to accept the fact that you are a sinner and are weak to sin by your fallen state from Adam. Only Myself and My Blessed Mother are sinless. Even the saints committed sins and most of you are not as perfected as My saints that are recognized by My Church. There are many ways that you can sin both by sins of commission and omission. Working on your perfection to be able to enter heaven is a life long work. Coming to Me in Confession frequently is necessary to keep your soul cleansed from sin and full of grace to defend yourself from future temptations. Each person must realize the guilt of their sin and see the need to make an act of your free will to make time to go to Confession. Seeking the forgiveness of your sins is not something that you can put off. The longer you put off Confession, the more vulnerable you will be to habitual sins. If you are in mortal sin your soul is devoid of grace and dead to Me. You cannot have a true love relationship with Me and remain in mortal sin. You even risk judgment to hell if you should die in the state of mortal sin. When you remain in sin, your love for Me grows colder. When you keep close to Me by having clean souls, it will take spiritual effort to fight off worldly desires and cares. To reach perfection you will have to rid every worldly desire from your mind and focus entirely on only heavenly things. The sooner that you can detach yourself from worldly things, the shorter will be your purification in purgatory or on earth. Good deeds, prayer, and suffering can mitigate any reparation due for your sins, but you must have total concentration on doing everything to please Me in your actions than pleasing yourself. Each thing that you do should be focused on giving glory to Me and not glory to man or yourself. This true humility and unconditional love for Me is what I want all of My followers to strive for. I want you to be perfect as My Heavenly Father is perfect, but you must trust in My help to do this impossible feat than trusting only in yourself. Come to Me with contrite and loving hearts and I will forgive your sins and replenish your soul with My sanctifying grace."

Thursday, February 5, 2004:

Prayer Group:

Jesus said: "My people, your liberal judges are making rulings in their courts to accept homosexual marriages as equal to the rights of a married man and woman. I created you male and female to live in a proper marriage and not to have homosexuals and lesbians flaunt themselves as proper marriages. These same sex marriages are living in sin whether they claim to be married or not. They are giving scandal to the children and even more to those that they want to teach and adopt. I have told you to love everyone but not to praise the sin as if it were nothing or just something private. As you have fought against abortions, you may have to defend marriage of a man and a woman against the immoral and abominable homosexual sins that your society is favoring."

Jesus said: "My people, your earlier industrial revolution came about through inventions and mass production. Your nation in America has profited for many years from your manufacturing factories. You have become accustomed to a high standard of living, but soon you will see this in decline. I told you many years ago that you would return to an agrarian society with an emphasis on farming. Little did you know that it would be cheap foreign labor that would close your factories and put your workers out of a job. The rich are profiting at the expense of the middle class and poor factory workers. It is unfortunate that much of this cheap labor is equivalent to slave labor which your corporations are exploiting at the expense of your own workers. Your older people will soon be outraged along with the unemployed when their social security checks will not find enough tax money to support it. Prepare for hard times America, because your sins are bringing down your economy."

Jesus said: "My people, it is not surprising to you that very few take advantage of My grace of forgiveness in Confession. Your society is more evil and corrupt than ever, yet people think they are not sinning. If you believed in mortal sin and the need to have these sins forgiven, many more would be coming to Confession. People have lost their sense of sin because they do not have properly formed consciences. It does not help that My priest sons are not encouraging one on one Confessions, but many promote infrequent communal Penance services which do not forgive mortal sin. The worst immorality in your society is that many are in denial that they are committing any sin, let alone mortal sin. Come to Me, My children, and cleanse your sins in front of My priests. This is the only way to have your soul pure for the day you could die

at anytime."

Jesus said: "My people, many would like to think that the end times will not occur for hundreds of years and they put down anyone claiming that the end times are imminent. I have told you to be able to read the signs of the times, but only those with the eyes of faith will understand these signs. Even though pestilence, famine and earthquakes are around you, the unbelievers are ignoring these signs the same way the people of Noah's day criticized him for building his ark. My believers and messengers will be vindicated as the last grains of time are running out. The unbelievers will be swept away with the fire of My wrath just as the corrupt people were drowned by the flood."

Jesus said: "My people, your car manufacturers are selling fewer cars than their foreign competition, but there will still be a need for shops to service and maintain your cars. This is where your country is headed to more service jobs and a renewal in farming. Your lives will be changing as your country is in decline and stifled by your debts."

Jesus said: "My people, you have watched all of your traditions decimated right before your eyes over the years. Your churches have lost their reverence for My Real Presence in My Blessed Sacrament. Now, you have fewer priests and the faith is becoming weaker in your churches. Without holy and devout priests, your laity are not going to be inspired for vocations to the priesthood or love My Blessed Sacrament. Pray for your priests and for vocations. Encourage your parishes to have more Adoration of My Blessed Sacrament and you will find many vocations to the priesthood."

Jesus said: "My people, with your recent mad cow disease finding, many are discovering how crude your testing and handling of meats have been. There will be major problems with your meat industries if people start getting sick from your meat products. Your energy production in oil and natural gas is coming under a strain to provide for all of your people's needs for electricity and fuel. Unless you develop more alternate sources quickly, you will be at the mercy of your imports of your fuels. You consume more energy than other nations and soon you will be forced to cut back when prices will slow your economy."

Friday, February 6, 2004: (St. Paul Miki & companions)

Jesus said: "My people, I am showing you these large numbers of adults and children because it is important that

everyone needs to hear My Gospel message of love. You have a world now focused on a death culture of wars, abortions, terrorism, and killings of all kinds. Life to some is very incidental when it should be precious and protected at all of its stages. Today's missionary saints and St. John the Baptist were not afraid to speak out of My Good News in urging people to repent of their sins. They were willing to die for My Name's sake in preaching to those that wanted to kill them. Even today, it is hard to speak out on religious subjects in public without drawing some criticism and in some places even persecution. I still need brave souls to bring My Word to all the nations, even though you may be persecuted. Do not be so concerned about saving your life, but think of saving the souls of those people to whom you can bring My Word. This life is passing away, but your souls live on forever. The more souls you can bring to heaven, the less there will be going to hell. Focus on the souls being saved because this should be your most important goal in life."

Saturday, February 7, 2004:

Jesus said: "My people, every day you should be using proper hygiene in cleaning your teeth after meals and visiting the dentist often to clean the plaque from them. If you do not take proper care of your teeth, then you risk gum damage, and tooth decay. Then you may suffer some pain in drilling or even root canals. Your daily prayer life is also a necessary part of your spiritual life. If you waiver from Me and fall into temptation, then your sin can become painful just as your tooth decay. Even your morals can decay if you are not following My Commandments. Some have a little problem with going to Confession in having to admit their sins to a priest, but it is the best way of having your sins forgiven and necessary to forgive mortal sin. You know what is the proper way to take care of your teeth and you know the proper way to keep your soul pure by Confession. You can have beautiful teeth and a beautiful pure soul by taking care both physically and spiritually how to follow My ways. I lead you in ways to protect your soul from sin, but I am always available in forgiving and extracting your sin from your soul."

Jesus said: "My people, many of you enjoy celebrating a victory of your favorite sports team. You like to celebrate graduation from a long study for a degree. Even more you look forward to celebrating My victory once and for all over the evil ones. In your world you are witnessing many injustices and you are seeing the rich and

powerful control people with their money and power. In the Old Testament you saw how I came to the defense of My people in Israel. But when they worshiped other gods, I allowed their enemies to conquer them. So it is now with America where you have shared in My blessings because of your good works. Today, America has turned its back on Me with your immoral living and actions with only a few repenting of their sins. Your pride, affluence, and search for earthly pleasures have become your gods. Because of your abortions, fornications, and fraud to gain money, America, like Israel, is calling My justice upon you. The Antichrist will soon come to power and try to assume control of the world. But it will be My Triumph and that of My Blessed Mother that will bring victory over the evil ones as I will have them chained in hell. You will then see a renewal of the earth and be a part of My Era of Peace. Look forward to My victory over evil because you will be sharing in the joy of My vanquishing of Satan and the Antichrist."

Sunday, February 8, 2004:

Jesus said: "My people, you are seeing in today's readings how I called My apostles to follow Me and leave everything else behind. In many ways I am calling all of My followers to focus on Me and not let the worldly things have a hold on you. You would much rather be a part of Me than a part of a temporary world. I have given everyone a special mission to use your talents to serve My glory. St. Paul taught the early Christian traditions to those who listened to him in Corinth. St. Paul had a personal experience with Me in his conversion. He learned about Me from My gifts to him and from My disciples who witnessed My death, resurrection, and visits after I returned from death. The traditions of My miracles were heard and recorded so that today you have all of these accounts in Scripture. It is deep faith in Me that holds My Church together. I promised that My Church would prevail over the gates of hell so the demons and evil men will not be able to destroy the Christian faith. Trust in Me that I will protect and provide for My followers, especially those who are teaching My Word and evangelizing souls."

Monday, February 9, 2004:

Jesus said: "My people, I am showing you this vision of hell that was made only for the bad angels who revolted against Me. But now this is also the place for condemned souls who refused to accept Me and serve Me. There are not

just a few souls lost to hell, but there are many who choose this of their own free will. Souls, that go to hell, know about the Bible and My creation, but they refuse to acknowledge Me or give Me praise. I give every soul an opportunity and grace to be saved, but they must choose to love Me and let Me lead their lives. These condemned souls are so sad because they only want to depend on themselves and they are addicted to worldly things. Some even make packs with the devil for fame and fortune in this life. Souls, that are saved, choose to honor, praise, and serve Me. I want My followers to aspire to saintly and holy lives of My service in love. You must love Me and all of those souls around you. You must live detached lives from the things of the world. You can only be perfected by perfect love and a severing of all desires for earthly things. The priest talked about eternity which is outside of time in My present now. You must choose your eternal destination by seeking either heaven or the world. In every action you are doing it for either Me or yourself. As you perfect your lives, you must see the need to do everything in harmony with My Will. My angels and saints give Me praise and glory at all times, and even on earth My saints could not do enough for Me. Imitate My saints so one day you may enjoy the eternal peace and love of heaven. Do everything to avoid the flames and hate of hell, both for your soul and the souls around you."

Jesus said: "My people, the terrorists will be attacking America again and your electricity production and transmission is your most vulnerable spot to attack. You saw in the last grid failure for even one day, how your country and 50 million people were without power. Multiple attacks on critical power stations or power plants over a wide area by either planes, car bombs, or sabotage could cause terrible chaos and confusion for a considerable time. You think you are a powerful nation, but you are more lost without electricity than any other nation. You consume a large part of the world's energy supplies not only for your transportation, but also for producing electricity. Either by terrorism or natural disasters you may have to start getting used to more interruptions in your electricity. When your power is down, your banks and stock markets are shut down. Many workplaces cannot function without electricity. When your power cannot be replaced readily, you will need food, alternate heating and water if the water pumps do not work. Be prepared, My people, for such interruptions with adequate supplies until your power can be restored. In the last year you have seen three or more

occasions of such outages and they will continue in frequency and duration. The one world people, who are seeking global control, will stop at nothing to create confusion, making it ripe for a takeover. Be prepared spiritually as well to leave for My refuges when such a takeover should occur."

Tuesday, February 10, 2004:

Jesus said: "My people when you are in the world, many people are watching your very behavior to see if you are witnessing to the faith that you believe in. Everyone should be conscious of giving good example to your family and friends who may be looking up to you for spiritual leadership, especially if you are the prayer warrior for your family. Some may be concerned about their physical appearance to others, but I am more concerned with your spiritual appearance in how much grace is in your soul and the intent in your heart for every action. You are always in the eyes of heaven and you want to be a good witness of love both for God and those around you. My saints have given you good example as they focused only on heavenly things while they were on the earth. I want My faithful to always be focused on the right priorities of heaven and following My Commandments and My Divine Will. When you lead your life in following My plan for your life, you are being true to your daily consecration of offering everything up for Me. For your faithfulness you will one day enjoy your eternal reward in heaven. So remember that all eyes are upon you and I want you to live up to all of your spiritual potential."

Wednesday, February 11, 2004: (Our Lady of Lourdes)

Jesus said: "My people, this day commemorates the apparitions of Lourdes and the blessing of the healing waters that have already healed many of diseases and being crippled. Many people are drawn to this site in search of a healing for a disease or other problems. It is the devotion of the people to Me and My Blessed Mother through grace that they could be healed. Many were healed when I was on the earth and I told them that their faith had healed them. So even today, you are still seeing many healings in My Name because people have faith that they could be healed. I was always focused on first forgiving their sins before any healing. When your soul is open and pure, you will allow My grace to flow into your soul and your body for healing. True healing involves both the soul and the body because they are one in every person. So

remember when you ask for a healing for someone that you pray for their soul first to be purified, and then your prayer for healing the body. Sometimes your modern medicines and therapies cannot heal all of your ills, so remember to call on My help because I am the Great Healer of mankind."

Jesus said: "My people, volcanic explosions are bad disasters, but hot lava flows can also burn and destroy everything in its path. Mud slides also can be sudden and trap houses and people in mountains of mud. California has had to deal with many mud slides with flooding rains on areas where fires have destroyed vegetation. People, who lose their homes in such disasters, have to decide whether to stay and rebuild, or to move on to safer ground. This desire to pick up and start over after losing a home can be very difficult unless financing comes from insurance or a government emergency group. It is the same stamina you need to have your sins forgiven and start over a new life in a pure soul. I ask you to give up everything in your consecration so you can break all of your earthly ties to the world. You may have to endure hardships in your life, but learn from them and call on My help to lead you through them."

Thursday, February 12, 2004:

Jesus said: "My people, today's reading about Solomon falling away into idol worship is also parallel to America which now worships money and material idols instead of Me. The blessings of prosperity and military power have become a curse because you praise My gifts instead of the Giver. The emaciated bodies of Americans are a sign of what sin has done to your souls. The greed for power and money has allowed these things to possess you as an obsession. Your sins of abortion, fornication, adultery, masturbation, constant killings in the streets, and wars have brought your society to a new spiritual low. Your affluence has choked off your love for Me as you have lost your sense of sin, and think you are not committing any sin. The sign of so few going to Confession is proof that people do not think they have any sins to confess or that the forgiveness of sin is even necessary. Just as Solomon's son was to lose his kingdom, so America will fall from the weight of its own sins and your neglect to repent of your sins. The one world people will be allowed to bring your nation down through your debts, terrorism, and trumped up wars. Bringing your nation down to its knees by disasters, and bankruptcy will be the justice of My wrath brought against

you for worshiping the false gods of money, pleasure, and materialism."

Thursday, February 12, 2004:

Prayer Group:

Jesus said: "My people, in older years Christians were brutally tortured and killed in an attempt to prevent Christianity from spreading. But the more that were martyred for their faith, the stronger the faith became as more were converted. It is not easy to imagine oneself going through a torturous death, but even some today are dying for their faith. The more you desire heaven, the less you will desire earthly comforts and earthly possessions. Keep focused on Me whether you are persecuted or not for your faith."

Jesus said: "My people, during the tribulation the churches will be taken over by the military. Some churches of beauty will be destroyed, but the plain churches will be used by the New Age one world religion. My faithful will have to go underground and Masses will be difficult to find. Your prayer groups will be in your homes until you will be forced to flee to My refuges. Do not despair in your trial, but be strong in your faith and trust in My help."

Jesus said: "My people, as your large snow packs begin to melt, you will see many areas at flood stage and in need of sandbag dikes. Water will become more of a problem as spring rains will add to the melting snow water. This is why it would be advised to not live near rivers or on flood plains. Pray for these people that they may be safe from dying in floods."

Jesus said: "My people, you admire the gifted hand of a painter who can paint beautiful pictures. Painters are very patient and they do not rush their work. Your society believes in instant gratification with everything, which is why many teach your children the wrong way of life in material things. A successful life as a good painting is not something that is rushed. You need to put aside your race to obtain things and instead, take life as it comes at its own pace. Put love and patience first and you will not be misguided by a hasty poor decision."

Jesus said: "My people, one thing I want you to do is to slow down your pace of living and focus more on giving time to your Lenten devotions. When you are driven by agendas of long lists and fast paced living, you are not enjoying life, but you are letting the world run your life. You need to take control of your life and do everything for

My honor and glory and not worry about making successful accomplishments to please man. I am pleased with even a simple life without any measure of financial success. Use your Lent to really understand the important things of heaven rather than those that are important to the world."

Jesus said: "My people, there is beauty in My creation in the small scenes of life as there is awesome beauty in the larger scenes. One is not really better than the other because they are both fulfilling their role in all of creation. I love one soul with a few good talents as much as I love another soul with many talents. So do not think because you do not have a lot of money and fame that you are of little account in My eyes. You all are important to Me and it is what you do with your talents in love that will matter the most for Me. I read the intent in your heart to love and please Me, and that will be enough to gain heaven."

Jesus said: "My people, man is so occupied with studying rocks from other planets and moons that all of the rock studies of earth pale in comparison. Earth has a rich treasure of life throughout the eons of various rock depths. Rocks of other worlds appear devoid of life and are truly less interesting, except that they belong to another world. Look at all of My creation as important and you can put these studies in their proper perspective of importance to man. The more you study other parts of My universe, the more you will praise Me and give Me glory for My creation."

Friday, February 13, 2004:

Jesus said: "My people, it is what you eat and drink that can determine your health and even to some extent your life expectancy. It is when you abuse your body with excessive drinking of alcohol and overeating that you can cause drinking and eating addictions. It is at least moderation in eating and drinking that will be more healthy. Your citizens consume too much sugar and fat and your Western diets are causing a higher amount of overweight people compared to other countries. You also have a high number of people who over indulge in drinking and drugs. Many of these bad habits can shorten your life because the body can only tolerate so much abuse and then people die of overdoses, cirrhosis of the liver, or heart attacks. Drug abuse, drunkenness, and gluttony are still sins against your body in the way you should live. Just as you guard your soul from sin, so you should also guard your body from personal abuse. You should know your limits

before you allow yourself to fall into these sins of abuse. Once you become addicted to excesses, then you will require others' help and prayers to get healthy again. It is even a grace to accept the fact that you need help to get better. You can also call on My help to lead you out of your addictions. Do not despair in your problems, but trust that in Me there is a solution."

Saturday, February 14, 2004:

Jesus said: "My people, this vision of washing and drying your clothes is focused on making your outward appearance more presentable. You are even fortunate to have this modern convenience to save you some extra work. In many ways you spend considerable time and money on your physical appearance, but this life lasts just a short time. Even more so should you spend time on your spiritual appearance to Me, and with a higher priority. As you cleanse your clothes, you need to clean your soul of your filth of sin by Confession to the priest. You wash your clothes frequently as you should cleanse your soul frequently as well. This day is focused on love for spouses and lovers to be married. It should also be a reminder to love Me and others beyond your spouse. Living in love is the way to perfecting your soul. So take your love for each spouse as an example to love everyone and make Me your first love in your life."

Jesus said: "My people, most of your renovations are destroying beautiful ornate altars and leaving blank walls in their place. Many churches are even putting My tabernacles out of sight into back rooms, as if looking at My tabernacle reminds some of their sins. The agenda has been obvious to remove My crucifix and traditional statues of the saints and Myself. Reverence of My Blessed Sacrament has not been encouraged. Even traditional devotions of praying the rosary and adoring My Blessed Sacrament have been discouraged. In today's churches they are collecting money to destroy My altars and that is why some are hesitant to donate to such causes. My house is a place of prayer and protection for My tabernacles, not to hide it. I am the guest of each church, so leave Me in a prominent place to worship in plain sight."

Sunday, February 15, 2004:

Jesus said: "My people, the tower of Babel was a physical tower to tout man's glory and because of that I sent a confusion of languages among the people. Today, man is flaunting his technology as a god, only this tower is

one to transmit e-mail, voice and data from various computer languages. You have seen some unusual sun flares that have ruined some satellites and interfered with transmissions. This is how quickly I could confuse your languages of today. There is coming a time when some will want to control all of your buying and selling with computer chips in the body. As the Antichrist abuses this power of chips over many, I will come and defeat him with a massive comet that will throw all communications into darkness and I will send the evil ones to hell. My faithful have nothing to fear since I will renew the earth and bring about My Era of Peace with no more evil on the earth. The evil ones may control things for a while with their towers of electronic transmissions, but they will not last long."

Monday, February 16, 2004:

Jesus said: "My people, this morning's reading speaks about perseverance in faith as a way to perfection. In order to be perfected, you have to keep advancing in holiness. This vision of steps is how you proceed on your path to heaven. Each step is like a bunker to indicate your daily struggle in life as you battle the evil one and his temptations, as well as struggling to survive in your workplace. You have prayer and My grace of Confession to help you in both your physical and spiritual battles. Sometimes you may fail, but do not be discouraged and pick yourself up again as I carried My cross to Calvary. Sometimes your cross may seem too heavy, so you can call on Me to help lighten your burden as Simon helped carry My cross. Then when you reach your final crossroads at death and your judgment, I will say: 'Well done, My good and faithful servant. Enter the kingdom of your Master.' Then I will seat you at My banquet table and you will share in My eternal love and peace in heaven."

Jesus said: "My people, how many times have you seen crucifixes thrown out from various buildings and churches. Even the miracle of red coming over one of these discarded crucifixes is a sign to you of the power of My crucifix. Many have taken down the large crucifixes on the altars or are afraid to put them up. Any depiction of My suffering is hard to accept for some. Many of your society do not want to experience any pain or suffering, but only want to take a shot or a pill to deaden the pain. Understanding My love for man can be seen in how much I suffered on the cross to forgive your sins. How much are you willing to suffer for love of Me? Some may even be persecuted or

martyred for their faith in Me. Some are talking about who is to blame for My death, but I arranged My death in prophecy and in real life. Everything happened to Me as I allowed it. All of you must suffer your Good Friday on earth before you can share in My Resurrection. Call on Me for help and I will give you the grace to enter heaven."

Tuesday, February 17, 2004:

Jesus said: "My people, this vision of an entrance into the grave is truly the threshold into your next life and your judgment. In order to come to heaven, you must leave this world of the flesh. I am even asking you now that you must die to yourself in the body if you are to live in Me in your soul. You hear Me many times tell you that you are in the world, but you must not be of the world. You need the necessities of life as food, water, and air to breathe for the body to survive. But your soul needs grace and a healing from sin for it to survive with Me. In mortal sin a soul is among the living dead because you are not open to My grace. If you cannot breathe, you realize that your physical life is in danger. If your soul is in mortal sin, you should realize that your soul's life is in danger also. Come to Me in Confession and you can always be alive spiritually. Dying to self in the physical world is what you do everyday when you consecrate everything to Me. It means if I took everything away from you, that you would still love Me because I mean more to you than any worldly thing or person. Before you cross over through death, you must work as hard as you can to perfect yourself from all desires of the flesh. You have many distractions and temptations in the world, but never lose your focus on Me. I wait to free everyone from their sin until their dying breath. Pray for your soul's protection and all the souls around you that you can influence by your love for Me and your neighbor."

Jesus said: "My people, men and women are still vain in their physical appearance, always seeking the latest fashions to improve their image in public. Some are not content with their current fame and fortune, but they are looking to constant improvement to bolster their egos. Be content with your lot, for riches will never be enough to satisfy you. Riches, fame, and beauty are fleeting and are all passing away. Look to please Me instead of trying to please those around you. Some are envious and jealous of those that are rich and famous, but I tell you that those, who are rich for themselves, are unhappy and never satisfied. The more things you have of this world, the

harder it will be to let them go, as possessions will make you a prisoner of worldly things. Better to seek to be seen as great in the eyes of heaven than great in the eyes of man. The saints disposed of their wealth and wanted to be nothing in My eyes by humility, rather than haughty persons desiring selfish fame and only human recognition. Do everything out of love for Me, and you will have riches and greatness in heaven of far more value than this passing world."

Wednesday, February 18, 2004:

Jesus said: "My people, as you look around your society, you must realize how the morals of your society have deteriorated. Your people are now immersed in fraud, pleasure and abuse of your bodies. Fraud is seen in many business managements, lawyers abusing situations for money, cheating on taxes, and stealing from employers. Sins of pleasure are seen in masturbation, fornication, adultery, and use of contraceptives. Abuses of your bodies are seen in drugs, drinking, smoking, and the ultimate by killing in abortions, wars, homicides, and suicides. Add in pornography, homosexual acts, and many other perversions and you now see how corrupt and evil your society has become. In the days of Noah I brought a flood to destroy the evil people. In Sodom and Gomorrah I rained down fire and brimstone. Now, in your evil world I will again rain down fire to destroy the evil ones at My Great Chastisement. In all of history civilizations, that turned to idol worship and immorality, were destroyed either by Me or the peoples around them. I tell you, America, you are sealing your fate also by your moral breakdown, so be watchful when My hand will fall against you. My faithful must call on My help to be saved, amidst all the evil around you."

Jesus said: "My people, your privacy is being compromised in every form of communication to your house. Phone lines, faxes, and your electronic mail are all being monitored by different eavesdropping devices that keep track of all of your spoken and typed words. Even listening devices and cameras are in your living room whenever you use cable TV. It is getting easier with the proper electronic tools, viruses and spying programs for thieves to steal your identity and even your bank accounts. Your government and the one world people have too much information to profile your movements, religion, and finances. When the tribulation time comes, all of this information could be used against you when you do not go

along with the new world order. Do not worry about what you are to eat and wear, because I will provide for your needs at My refuges. Your faith will be tested, but in the end your faithfulness will win your salvation with My help. With Me on your side, no one can overcome you."

Thursday, February 19, 2004:

Jesus said: "My people, this space in your attics is rarely used in modern homes, yet this roof provides protection from the rain and snow for the rest of your home. The light shining into this usually dark place is an example that My Light shines on you wherever you are. You cannot hide from Me or your spiritual responsibilities. St. Peter declared that I was the Christ when I asked: 'Who do people say that I am?' But in the next breath he did not want to see Me die for all of mankind. My ways are better than man's ways, so you should follow My plan for your lives in order to gain heaven. I provide for your protection as the roof does, but you must be willing to love Me and show Me that love in your actions. You cannot just call My Name to be saved, but you must witness to your faith in Me by giving Me praise and glory in prayer and your good deeds. If you truly love Me, then show Me every day in your daily prayer and words of love to Me. You can help your neighbor in his needs by seeing Me in each person. Do not discriminate in only helping those who can help you in return, but help the poor in time and money who will not be able to return your help. This is how I love everyone with an unconditional love. It is a love of kindness that does not look for a returned favor. Live your life in loving everyone and you will be closer to your perfection for heaven."

Thursday, February 19, 2004:

Prayer Group:

Jesus said: "My people, when I allowed the Romans and Jews to put Me to death, many thought this was a sign of weakness and shame that I was put to death in such a public spectacle. But the Son of God had to die for man's sins in order to bring salvation to all of mankind. My power was shown in My Resurrection and that My Church has survived through all of these years. Even though humility and suffering may seem as showing weakness, I want My followers to imitate Me in carrying your own crosses."

Jesus said: "My people, another Lent is about to begin next week, so now is a good time to prepare what you are going to do during Lent. Some do penances in extra

fasting, daily Mass, or more fervent prayer time. Whatever you decide to offer Me during Lent, try to be faithful to your intention throughout the whole of your Lenten journey. This is like an extended retreat and it calls on your extra effort to purify those things in your life that need change. Be thankful for this opportunity each year to focus your attention on improving your spiritual life."

Jesus said: "My people, every day you see someone pass away, and it should remind you that one day you will have to face death in the grave as well. When you contemplate your passing away, then you need to see how you should always be prepared with a pure soul and good deeds in your hands. By being prepared at all times, you will not be found unaware when I come to take you home. Look to bring as many souls to Me as possible before others are faced with their judgment."

Jesus said: "My people, I provide just enough grace for everyone to be saved if you accept My Word and live your faith in your daily actions. This narrow beam of light is another sign of the narrow road that you must follow on your path to heaven. Following My ways are against all that the world teaches. To be a good Christian you will do things out of love for Me and others that the world cannot understand. For this you may be criticized and harassed for being too holy. Look to please Me without worry of what others think of you."

Jesus said: "My people, I know some of you are tired of the snow on the ground and you long for some better weather. There is a certain hope in seeing longer days that better weather is coming. My Lenten suffering is purifying you in putting up with such winter weather, but Easter gives you hope when flowers will again be sprouting. You are suffering through this life now, but you also are looking forward to one day being in heaven when all suffering will cease. It is your hope and faith in Me that inspires you to be faithful until your own resurrection. Do not lose your faith or hope despite any discouragement that you must put up with on earth."

Jesus said: "My people, there are some who went to great lengths to try and preserve their dead bodies, thinking they could live longer. You add preservatives to your bodies for funerals, but not nearly as much as the Egyptians. Some are even trying to freeze their bodies for cures in the future. No matter what man tries to do to extend his life, it is all in vain because your body will die. But your soul lives on forever, so it is more important to do everything to keep your soul pure without

worry for what happens to the body. Just as I told Mary that she has chosen the better portion, so I tell all My faithful that choosing to follow Me will lead you to share in My glory in heaven."

Jesus said: "My people, you work so hard to have someone strive to be president, but you are so easily taken in by many promises that these candidates will never be able to fulfill. Then at the next election you criticize that president for making promises he did not keep. Look at yourself in all the promises that you have made and think of how little success you have had. So do not look to be critical, but how God-fearing the person is in their actions and not just their words. I promised mankind a Savior and I have given up My life for you. All of My promises I have kept so that you can trust in Me to save you if you follow My plan for your life. Give Me praise and glory for all that I do for you and know that I will always love you and keep My promises that are in Scripture."

Friday, February 20, 2004:

Jesus said: "My people, many find work in both service and manufacturing jobs, but many service jobs are associated with manufacturing jobs. When a manufacturer shuts down, it takes many jobs with them. Now even some service jobs are also being sent overseas to cheaper labor markets. Corporate leaders will now build and send services overseas to save money, but this is upsetting all the roles of your workers in America. Workers are now competing with third world labor pools, but your cost of living is a lot higher to support a family. The corporate leaders and rich stockholders are profiting from increased business, but workers are settling for low wages and minimal wage increases when they can find employment. Your jobs may be steady or dropping, but these new jobs pay little or no benefits and some are only part time jobs, since more jobs are needed to survive in the same household. It is your government policies that are lowering your standard of living, but competing in world markets has driven corporate leaders to drive costs down by cheapening products, exporting labor and shifting corporate headquarters to avoid taxes. Even many companies have been found cheating on their accounting methods just to satisfy the greed of Wall Street for more profits. All of your deficits and mismanagement are sending your country closer to bankruptcy which is the planned goal of the one world people. All of your people will suffer in the long run

when it is too difficult for the average family to provide for their needs. All of those depending on government pay outs will be suffering as well when your deficits will cut these payments. American workers will suffer the most as the generation of jobs is not keeping up with your population growth. Because America's morals have decayed to nearly nothing, it is no surprise that America will suffer economic and physical disasters for your sins."

Jesus said: "My people, some people are afflicted with anxiety, despair, or depression. Even making a living at work can be distressing every day. This world has daily trials of surviving with enough money and sicknesses. You will have down times and joyful times, but do not let the hard times disturb your peace. Only a small number are really destitute or homeless in America. Many are complaining that they do not have enough new things in their homes or apartments. Think more of how fortunate you are in America compared to the real poor in the third world countries. Some are sad by their sicknesses or disabilities and think they will not get better. Again your medicines and food can restore you to health as your life expectancies have been extended. You can be happy in life even with just the bare necessities because that is how many of the saints lived and suffered. This life is a valley of tears, but you are living for the day to be in a glorious place in heaven. You may suffer some in carrying your cross, but you can be joyful in loving Me and feel good about helping your neighbor in need. Your real peace and satisfaction is found in Me because your soul is always drawn to its Creator. So put aside your thoughts of boredom and depression and focus on the joy of loving Me. One day My faithful will have your day of eternal joy in heaven, so be patient for a time."

Saturday, February 21, 2004:

Jesus said: "My people, this wooden wall represents your sins and it keeps you from receiving Me in Holy Communion. But by confessing your sins to the priest, your soul will be cleansed of your sins and will be made pure again with the grace of My sacrament of Confession. This opening in the wall of sin has a heart shape because it represents My love for you in allowing you to seek My forgiveness and make reparation for your sins. Once you are free to enter this Holy of Holies, you can receive your Savior's Body and Blood in Holy Communion. I am a God of love more than man could ever imagine, as I died for you out of love in giving you salvation from your sins. I have loved you from the day of your creation at conception when

I gave you your guardian angel. I will love you forever, even when you may turn away from Me in sin. I am like the hound of heaven, always seeking you to love Me. I will never leave you orphans, but My help is just a prayer away. Those, who come to realize My love and love Me in return, have found a joy and peace in their hearts that nothing else could compare. My love and your faith are like a large jewel of infinite value that is beyond putting a price on. Such a treasure you do not want to lose and you must guard My love from sin that could separate us. When you sin, it is like slapping Me in the face and saying you love your sin more than Me. But I love you despite your sin and I await the day you will return to Me in love when I can forgive you and bring you back into My grace. Lent is coming this week, so use this time to grow stronger in your love for Me, so you are better able to reject temptation and sin in your lives. Come to Me in daily prayer as you carry your cross to your Calvary and eventually to heaven."

Jesus said: "My people, I am showing you this vision of a large lock on a footlocker as a representation of how some souls have locked their hearts and souls to Me. I am always available in prayer, but you must be willing to make room for Me in your heart or I cannot come in. Taking the lock off of your hearts means not being so selfish and realizing that you need My help in your life. A selfish life in sin will not let you into heaven. You must be open to My grace in order to receive it and that means being willing to share things in your life with others. Even if you just make a little room in your heart for Me, you have a chance to be saved. It is those, who totally lock Me out of their lives, that are on the road to hell and it will take a miracle of grace to save them. During Lent you must think more of dying to yourself and consecrating everything over to Me. When you open your heart fully to Me, I can fill you with My light and grace to dispel the darkness of your sin. All heaven rejoices over even one soul who converts their life to one with Me leading them."

Sunday, February 22, 2004:

Jesus said: "My people, My Gospel message today of love takes your faith to a higher level when I ask you to love your enemies. It is one thing to forgive someone who has harmed you, but it requires deeper faith to love that person and not harm them back. If everyone followed My teachings, you would not have any wars. Take this principle even further and you would not kill your babies

in abortion, not kill others in homicide and not kill yourselves in suicide. All taking of life is against My plan for these lives and against My Fifth Commandment of 'Thou shalt not kill.' Even more than not harming your enemy, you can pray for them or even help them in their need. Your love and generosity will confound the evil in their hearts and may even convert their lives. When you fight back on someone, you just encourage war and unrest. Loving and helping everyone will bring peace to all nations of the world."

Monday, February 23, 2004:

Jesus said: "My people, I am giving you this sign of spring with a bird making its nest. Your beginning of Lent soon is also a sign of the coming spring at Easter time. But now you must suffer the struggles of winter weather and prepare for a Lenten time for purification of your bad habits. Maybe if you spend too much time watching TV or on the computer, you could limit yourself to only one hour for Lent. Some do extra fasting between meals or giving up some foods to keep the body in control. This fasting could even help your weight control as well as a spiritual exercise. Many are there to receive their ashes on Ash Wednesday, but are you resigned to carrying out your desired penances for the whole of Lent? If you are faithful to your intentions, you will see your faith grow and have added help to resist temptations to sin. Lent is a time for spiritual renewal and putting your focus more on Me and away from so many worldly distractions."

Jesus said: "My people, as Lent starts in just a few days, I have been preparing you to gain spiritually from this time of prayer and fasting. I have asked you to pick up your cross in your daily struggles. As you see this person suspended suffering, I want you to imagine how much I suffered from the nails, My wounds, and being suffocated as I was suspended on My cross. In addition to carrying your cross, you may be called to suffer pain and hardship on your cross as I did. You may have to suffer a long time in a wheelchair, being on dialysis, or many other painful chronic conditions. You may suffer in watching your parents or friends dying from terminal diseases. You may be called to be a care giver for a sick spouse. In whatever way you may be called to suffer in this life, use these opportunities to offer up your troubles for love of Me. Do not be mad at Me for bringing you heavy suffering, but see this as a test of your faith to carry on despite these trials. Those, who suffer much on earth can apply

this as reparation for your sins and those of others. In this way you could shorten your purification that many endure in purgatory. Do not waste your pain, but turn it into redemptive suffering as I redeemed the world with My death and suffering."

Tuesday, February 24, 2004:

Jesus said: "My people, these cracks of darkness and light are the signs of how sin and conversions begin. In the case of sin you are first tantalized with the thoughts of pleasure, stealing, or harming someone in revenge. As this crack of evil grows to thoughts of committing this sin, then a desire for action occurs in the heart. Finally, if a person gives in by a freewill choice, the act of sin is carried out. Sin usually starts with temptations and that is when you should put it out of your mind before you even entertain the idea of committing such a sin. Fighting temptations is a daily battle and you need spiritual stamina to refuse them. The beginning of conversion starts with a burning in the soul to be closer to its Creator in love. You may see a good example of faith in someone to imitate, or someone may be in persistent prayer for a soul to be converted. Those, that have any inclination to conversion, should be encouraged by My faithful to see the joy and peace that I can bring into their lives. Pray for poor sinners who need to come into My full light of grace. As you contemplate the beginning of Lent tomorrow, now is a good time to think of how you can best improve your lives by being open to change, especially in any of your bad habits. You may want to help your body by stopping smoking, excessive drinking, or excessive eating. Maybe you want to give up TV, gambling, eating sweets, or excessive time on the Internet. You can test yourself in how much earthly things have a hold on you by not buying your favorite pastime articles. Remember that the more you work on removing earthly desires now, the less time you will have to do so in purgatory. So work on these things in your life during Lent when it is a lot less painful."

Jesus said: "My people, I have given you several messages about how serious your job situation has become because of foreign labor competition. In manufacturing many of your businesses have moved to foreign countries taking those jobs out of your country and most likely they will never return. These type of jobs could be done by cheaper labor in any industrialized country. The latest landscape for service jobs in computers, phone service telemarketers, and even more specialized jobs are being

taken to English speaking India where wages are considerably cheaper. As many of your companies seek cost savings to compete, they all are going this way to save money for their stockholders. Both manufacturing and service jobs are now being so threatened, it is hard to determine what training will find a steady job in your country. If people out of work cannot find jobs, where are your children going to find them after graduation from school? Without enough workers your government will collapse without enough people to tax, and social services and Social Security money will be strained to meet their obligations. In a few years your country will be the servants of the rich and primed for a major revolution that could destroy everything. As much as your politicians desire free trade, the trend of only a few jobs available will drive you to limit jobs leaving the country or you will have no one with money to buy anything or pay taxes. Until there is a credible source of new jobs, you will have a continuous uprising among your workers. Your country is headed for worse times than you have ever seen, and because of your degraded morals and sin, you will be chastised by disasters and bankruptcy."

Wednesday, February 25, 2004: (Ash Wednesday)

Jesus said: "My people, this vision of a mattress spring folded up is to show you a little how the poor have very little of the daily necessities. One of your Lenten penances should be giving alms to the poor and you will be graced because they cannot repay you except with their thanks. You can make a point to give your old clothes to places that can distribute them to needy people. You can give money or food to your local food shelf in helping to feed the poor. You can also help where you can in providing shelter for the poor. By showing Me your love for others in your actions, you will be doing more than just talking about it, but actually doing it. This is true in all aspects of your faith and belief in Me that you need to put your faith into action and really live My Gospel of love. As you go forward in this Lent, look for opportunities to share what you have in prayer, fasting, and alms."

Jesus said: "My people, there are times when new things are needed for starting a home or when things in the house are old or malfunctioning. Other times people occupy themselves with busy work and too many earthly distractions. Lent should be a time to settle down from your rushed lives and think more about how to improve your spiritual life. Working on penances to deny yourself from

being too involved with extra household jobs or hobbies, may give you more time for productive spiritual reading. As you focus more on prayer and fasting, you start to realize how much time you spend on things that will not help you get to heaven. The saints focused their whole lives on pleasing Me and shunning their wealth and material things. St. Joseph and Jesus built furniture, but they were not obsessed with desires to constantly want new things. Do not be so selfish by spending your money only on your own needs, but look to share your time and money with others as well."

Thursday, February 26, 2004:

Jesus said: "My people, when things are calm and your parents and friends are not sick or incapacitated, you have freedom and time to take things easier. But this calm in the water only lasts a short time as your every day life heats up and you have to deal with the stress of things not always going right. You are often tested with difficulties in your job, your finances, malfunctions in your house or car, and the time and expense of caring for loved ones. These things can happen at any time and they can disrupt your every day routine. These are the ups and downs of daily life and it is something that you must be willing to face up to in faith. When you have to deal with seemingly impossible situations, then you need to fall back on My help in prayer and trust that I will find a way for you. Do not rebel and get mad because things do not get better right away, but rely on your faith that no matter what you are faced with in life, you know that I can calm the waters of this turbulence in your life. Do not despair either in your frustrations to do things on your own. Work in harmony with Me and you will be able to ride out the worst storms in your life."

February 26, 2004:

Prayer Group:

Jesus said: "My people, these gifts of bread and wine that you bring to the altar are changed at the Consecration into My Most Blessed Sacrament and My Most Precious Blood. Even as you have seen Me suffer in this latest movie of My Passion, I come down over these gifts to give you Myself in Holy Communion. I have made the Divine Sacrifice of My life so My Blood has washed away your sin and offered you eternal life with Me. At every Mass you are re-enacting My Passion in an unbloody manner to remember how I died for you. That is why I want a large crucifix on every altar for you to remember My love for you."

Jesus said: "My people, some have already seen this movie that has portrayed My Passion. Even before this movie came out, there were many critics telling Mr. Gibson how he should have changed it to not be so graphic, nor showing the Jewish leaders blame for My death. I have told you that I have used men to bring about My prophecies of how I would suffer, die, and be raised up on the third day. If you want to blame someone, then blame all sinners—past, present, and future, because I died for all of you. If I did not make such a sacrifice, then you could not have eternal life because it is by My Blood that you are all open to salvation."

Jesus said: "My people, there were some touching moments during this portrayal of My Passion. After My excruciating scourging, you could see Pilate's wife hand some linen to My Blessed Mother and St. Mary Magdalen so they could wipe up My Blood on the ground. You saw Veronica wipe My face and she was blessed with My image on her veil. You saw My Blessed Mother reach out to help Me from My fall as she did when I was younger. You saw the crying women of Jerusalem consoled by My words. Even from My cross I forgave the thief on his cross as I promised him paradise that day. I gave you My Blessed Mother to be mother to all of My faithful in St. John at the foot of the cross. Then My Blessed Mother held My dead body in her arms as she was overcome with grief. Even though I suffered beyond what a man could normally endure, I gave up every drop of blood for your sins as the lance let out My last water and blood. This movie should focus more on how much I love you than on earthly criticisms."

Jesus said: "My people, as everyone looks upon My Body being crucified, you should be reminded that My Blood is the great healing for everyone's sins and sufferings. Even the people of Moses' day were healed of their snake bites as they looked upon the bronze serpent raised up. Now all sinners can look upon My crucifix raised up and call down My healing through My Most Precious Blood and you can be healed by calling on My Name. My apostles and other healers have healed many by invoking My Name."

Jesus said: "My people, many have thought that My death was a sign of weakness, but I am a God of the Living and not the dead. My very cross came from a living tree and I arose on Easter Sunday even as I prophesied to My apostles. My victory over death in My Resurrection is how I call all of you to be with Me at your own resurrection. Being a humble, suffering servant is how you must come to Me as an innocent child so I can grant you eternal life

with Me. Give glory and praise to God that I have offered My life to save all of your lives."

Jesus said: "My people, My death on the cross was for all time and all sins. Even as I called Lazarus forth from his tomb, I will be calling all of My faithful from your tombs. Then you will see Me once again in your glorified bodies as I intended you to be before Adam's sin. You are all called to be saints with Me and you must suffer your own Calvary in being My servants. Look forward, My friends, to your day at My banquet when you will also see the good thief at My table."

Jesus said: "My people, after My death you have the accounts of My visits with My apostles in Scripture as I ate with them and they could see I was a real man of flesh and not a ghost. I appeared many times to encourage My apostles and I asked them to await the Holy Spirit's coming to them. I ascended into the clouds as I will come again on the clouds at My judgment. My Gospels are all messages of hope, so one day you can share in My love and peace in heaven."

Friday, February 27, 2004:

Jesus said: "My people, this disappearing shirt under water is a representation of those who throw out their old clothes in the garbage to have new ones. Some change their clothes just to be in style, but they forget how others could use them if properly placed with a charity organization. During Lent you should examine your actions closely how you could help others, even in small ways and this would help cure any selfishness. Sharing what you have with others will store treasures in heaven for your good deeds. But you must turn your good intentions into good deeds, or you will not profit from them spiritually. Many are blessed with plenty of wealth to survive, but your sharing of your excess is a way of saying thank you to Me for all that I have given you. Do not be embarrassed by approaching the poor people, but be joyful and cheerful in your attempts to help them. Your riches can sometimes be a hindrance to entering heaven, so by giving to charities generously, you can show Me that money is not controlling you."

Jesus said: "My people, this vision of a policeman scanning cars at the border is a step beyond just taking pictures of your license plate. They will be scanning for the chip in your ignition, Easy Pass devices, cell phones, smart cards, and even your money with the strips. Security excuses will be used more and more to violate your privacy

so the one world people can track your movements and eventually try to control your life through your buying and selling. What you once thought were innocent intrusions to detect terrorists and drug runners, are now used by governments to keep track of who you are and what you are doing. By knowing that you are a Christian and that you do not carry a smart card, you will be persecuted for not going along with the one world order. These restrictions will soon be enforced to eventually detain people for not taking chips either in smart cards or chips in the body. As time progresses, you will have to refrain from airplanes or borders where authorities may persecute you in prison for not having a smart chip. This may sound harsh to you now, but already you are seeing new reader devices at your country border entries. Do not be fearful of these coming evil restrictions, but call on My help when you eventually will have to seek My refuges for protection."

Saturday, February 28, 2004:

Jesus said: "My people, as you look around in your world, homosexuals are flaunting their illegal marriages, heterosexuals are living together in sin, and even the news of pedophile priests are in your papers. When anyone tries to display the truth of the Gospels, it is put down as myths and wrongful interpretation by various theologians. Having a degree in Theology, or any cleric does not have the right to distort My Word of Scripture. Those, who are misleading My faithful away from the traditional teachings of My apostles, will have to answer to Me at their judgment. My faithful are now called to discern what they are told in homilies and public statements as to what is true. You cannot blindly today trust that everything said by wayward clerics is true. Many, who speak out the truth in My Name about society's sins, are being persecuted for their beliefs. This criticism will soon worsen until it will be unsafe for Christians to walk freely in your cities because the evil ones will want to kill you and put you in prison. These are the descriptions of the end days of tribulation that you must suffer through before I will come again to cleanse the earth of all evil. Evil will have its brief reign, but do not be fearful because My angels will lead you to My refuges of protection. I do not want you to fight these evil ones with deadly weapons, but to leave your cities for My refuges where My angels will protect you. You will find healing, food, water, and all of your necessities at My refuges, but it will demand your full trust in My help and only My help. Be patient for a

time and then I will renew the earth and My faithful will be vindicated in My love during My Era of Peace with no evil."

Jesus said: "My people, this vision of a revolt is similar to what is going on now in Haiti, where the U.S. has tried to force Aristide on these people. The rich one world people think that they have everything under control as they try to exploit money from the poor and the middle class. When you back people into a corner by taking their jobs and benefits away, your country could also be on the verge of a revolt as well. As bankruptcy and food supplies grow short, people could feel threatened for their survival. Even as the Antichrist thinks he will reign for a long time, I will come and crush him and send all of the evil ones into hell. Evil may seem to have its way now, but it will be of only short duration. Trust in Me, My people, and have no worries about what these evil ones can do to your bodies. Be focused only on My help and I will come to your aid."

Sunday, February 29, 2004:

Jesus said: "My people, do not be in search of fame for yourself only, because everything that you have comes from Me. Fame and riches are only fleeting moments in the sun, since tomorrow they will fade away. Rather than give glory to yourself, you should be thanking Me and giving Me the glory for your accomplishments. Focus more on serving Me and your neighbor, and I will raise you up in the eyes of heaven which lasts forever. Those, who seek only fame and riches in this life, will never be satisfied. Those, who receive awards as tonight, may never see another award. Even at your work, your acclaim for awards is quickly forgotten and any money given is quickly spent. As people have been laid off over the last few years, even their years of service and dedication are quickly forgotten so the greedy stockholders can have their pound of flesh. Search for your satisfaction in being one with Me, and your soul will find My peace and love which cannot be found in earthly things."
