

Thursday, February 1, 2007:

Jesus said: "My people, war is all about killing people and destruction, and it is the devil's favorite tool for destroying man whom he hates. It is the devil behind the one world people in their death culture that inspires constant wars for profit. This is blood money that these people strive for, and they care not how many people are killed. If there is a message on this subject of war, it is one of 'love' and 'peace'. Just as you hear many false claims in advertising to sell products on TV and in printed materials, the one world people have sold the American people lies for their constant wars. In the name of a false patriotism and a so-called 'war on terror', the people controlling your government have caused an unprovoked war in Iraq and are plotting a further war in Iran. The only defense against these war-driven people is for the Congress to shut off the war funds, and stop the bleeding of your troops and your treasury. Preaching love and peace is the Christian message for this time, no matter how much persecution you may receive from those who seek only hate and war."

Prayer Group:

Jesus said: "My people, your Congress has not been standing up enough to defend your people from being spied on in all of your communications. In the name of terrorism and drug smuggling, your government is still listening to everyone's phone calls, faxes, and e-mails, and not just those going out of the country. This intrusion on your privacy and your freedoms is another step closer to total control of the one world people. All the chips being forced on your licenses and passports are strictly about control of your location and buying and selling. This new world order is all around you, and those, who defy it, will be sent to concentration camps. Pray for My protection from these evil ones, for this is one reason why you will need to go to My refuges."

Jesus said: "My people, many of your rights in your Bill of Rights are being usurped by the Executive Orders and new military edicts that have not been stopped by your Congress. Now all of your citizens are liable to the treatment of prisoners at Guantanamo Bay, Cuba. If you are declared a threat to your government or the new world order, you can be placed in prison camps without a trial by jury. The time of tribulation grows near as My faithful will only find protection from these evil ones at My refuges."

Jesus said: "My people, you have not seen much of your troops guarding civilian sites, but where there are lapses of law and order as in the Katrina disaster and others, the Army will be taking over. As another planned disaster is about to be carried out, there will be more incentives to prepare the people

for another war against Iran. Already your military is posturing for such an attack without any authorization from Congress again. Continue to pray against more wars, or they could be the end of your country as the home of the free."

Jesus said: "My people, it is just coming to light of how for many years your presidents have been given free reign to make trade agreements without needing them ratified by the Senate as in your Constitution. It is the GATT Treaty and NAFTA Treaty that are leading to the formation of the North American Union that would take away your sovereignty as a free nation. This without any vote by your representatives shows you how much power has been taken away from the people. Pray for your Congress to assert its proper authority, or you will become a slave of the new world order very soon."

Jesus said: "My people, some of your Defense Department's plans are to enlarge your Armed Forces in order to not be so thin when more troops are needed elsewhere. It is very difficult for your troops to be spread on several wars at once, and still be ready for another large war against Iran. Your war planners are busy at work preparing for the next big conflict. Your people need to reign in these war-minded people before they start a world war that cannot be stopped. Besides praying to stop these wars, your people need to speak out against any further wars."

Jesus said: "My people, the one world people want to establish the Antichrist as ruler of the world, but the power of the United States military stands in their way. This is why it is the plan of the one world people to destroy your military by involving it in so many conflicts that your military will break down. In the same way they will have to destroy your economy by debt failure and the exporting of your jobs and technology. These evil ones are the real workers of treason against America. Pray much My faithful for your country's days are numbered before the Antichrist's takeover."

Jesus said: "My people, many great civilizations before you have destroyed themselves from within because of their lack of morals. It is no different in America where your sins against My Commandments are so blatant that My righteous people are being criticized and even persecuted for speaking out against abortion or homosexual activity. When your laws allow these sins to be legal, you are marching down the road to destruction, just as the Roman Empire fell from within. Pray for poor souls to be converted, but there will be few faithful to Me left when I return to call everyone to judgment."

Friday, February 2, 2007: (Presentation of Jesus in the Temple)

Jesus said: "My people, My Presentation in the Temple was a dedication of My life to the service of My heavenly Father. This feast offers many beautiful moments and activities. It was the time of My Jewish rite of circumcision, and the time when My parents gave Me My name, 'Jesus'. You also have read of how Simeon had his promise fulfilled of seeing the Lord before he would die. He also foretold how My Blessed Mother would have a sword of sorrow pierce her heart. My Blessed Mother and I are so closely joined that she also suffered with Me on the cross and during My scourging. The prophetess, Anna, also made her proclamation of faith in My coming. Both of these witnesses were acknowledging that truly I was the Messiah of God who would save My people. Many of you also celebrate the blessing of candles on this feast day because it is symbolic that I have entered this life as the Light of the world to dispel the darkness of sin. Rejoice in all of these events which led Me on to the cross and mankind's salvation through the freely given gift of My life."

Jesus said: "My people, many people come to Florida for the warm weather and the amusement parks with rides. It is a rare sight to see tornadoes stay on the ground for so long at this time of year. Most tornadoes in Florida are spawned off from hurricanes in the fall months. Just when these people were fortunate to avoid any hurricanes, then they get struck by an unusually strong super cell in the winter causing much damage. Remember My message earlier that America would suffer financially from the damage of many smaller natural disasters. This follows the many ice storms and snow storms that also cut power lines. Power again was off for thousands in the path of the tornadoes. Pray for all the victims and their families that suffered deaths and losses of their homes and workplaces. As your scientists have confirmed the global warming going on, you are seeing unusual weather storms as a result. Ask for My help in your needs, but man is bringing many of these disasters on himself because of his abuses of My balance of nature."

Saturday, February 3, 2007: (St. Blaise)

Jesus said: "My people, I am showing you this old prop-driven fighter plane because your wars are still the same over dictators and ethnic differences. Threats of weapons of mass destruction were used for your war in Iraq, but they were removed and not readily found by the time your troops entered. Now you again have another head of state in Iran threatening to build nuclear weapons, despite UN sanctions. Sending more troops to Iraq, threats to kill Iranian soldiers in Iraq, and sending two aircraft carriers to this region could be more than

just posturing or threats against Iran. This could again be a pretext for another unprovoked attack against Iran. Your media constantly talked about invading Iraq to ready your people for such an event. Now your media is again beating the war drums to attack Iran because of the threat of their using nuclear weapons. This same tactic used against Iraq may have more opposition from the people and the Congress. This is why you could see an added incentive for war if some border incidents with Iran occur, or terror attacks by Iranians occur against your ships, or in your country. The one world people are always looking for excuses to draw America into more wars, and in some cases they have even created the problems for their war solutions. Continue to pray to stop these wars and vote against these war funds."

Sunday, February 4, 2007:

Jesus said: "My people, you have heard the saying: 'The family that prays together, stays together.' Having a common faith among spouses does help, along with prayer to minimize divorces. When you have children to bring up in the faith, it is even more of a challenge to give good example and to discipline and direct your children to proper morals. Each person has to make their own choice in faith, but a good example can help direct the souls of your children closer to Me. Daily prayer can keep your faith strong, and even more so as a family if you can pray a few prayers together like the rosary. Some may think prayer is old-fashioned, but it is also your way to say how much you love Me. That love is eternal, and not just a whim or a fashion. Letting your children see that you pray is another good example for their prayer life. You have prayer of Adoration, penance for sin, prayers of blessings, and prayers of healing in addition to your prayers of petition. All of My people are called to be My disciples, and you can start by trying to convert your own family members. Others I call to be ministers and prophets to reach out to evangelize all peoples of the world. Follow My call with My grace to save your own soul, as well as the souls all around you."

Jesus said: "My people, the insurgents in Iraq have changed their tactics to drive America out of this conflict. They have changed from roadside bombs against America's army vehicles to killing as many people as they can by driving truck bombs into crowds. You can see how demonic this activity is where insurgents are killing their own people for headlines. The evil is even further for those who are supplying all of the explosives. This constant daily carnage will eventually drive the civilians out of Baghdad, and make it difficult to restore order, no matter how many American troops are sent in to this

conflict. America's resolve is slipping when there is no seeming progress, but more indiscriminate killing. Continue to pray for peace in this area where military victory does not seem to be working."

Monday, February 5, 2007 (St. Agatha)

Jesus said: "My people, you are seeing in this vision the beauty of God's creation just as you are reading about it from Genesis. Many of your scientists have difficulty with the creation texts of the Bible because many do not believe in miracles as this. Their ideas of a big bang theory and evolution theories are only theories without any proven facts in reality. Star systems are going through constant aging and rebirth. No species have ever mutated to a higher number of chromosomes. Changes do occur, but the same number of atoms and substances exist today as there were at creation. Believe in this creation of things because man in all of his science cannot create a tree or make a human from just the elements. It is unfortunate that man has abused nature by manipulating DNA, hybrids, and even cloning. Man does not understand the big picture of the balance of nature and all of your hybrid plants and animals are attempts to improve on My perfection with your imperfections. This is why your medicines have bad side effects, and your hybrids and DNA changes will result in misfits in nature. Natural herbs and plants are better for your body than anything man can develop. See that My plan for man is to know, love, and serve Me, and not to re-invent a perfect creation that is already perfect."

Jesus said: "My people, the martyrs, who are canonized by My Church, are honored for how much they loved Me, that they would even die than give up their faith. This is the cruelty of evil men that would kill people because of their religious beliefs. The faith of the people today is not being tested so severely in most parts of the world. But it is still a fair question to ask My faithful if you would die as a martyr than renounce your belief in Me? This calls for a strong conviction in your faith. Even if you are not tested by martyrdom, you can still publicly give witness to your belief in Me by fighting abortion and homosexual laws. Many evils are succeeding in your society because My faithful people are not struggling enough to change your abominable laws and court decisions. Even if you must suffer persecution, and are not successful, you must continue your struggle to defend life and promote obedience of My Commandments. I will reward all of My faithful witnesses, even as My martyrs are awarded sainthood in heaven."

Tuesday, February 6, 2007: (St. Paul Miki)

Jesus said: "My people, many of your people in the North are being tested with a severe cold that you have not seen in several years. Even the poor and homeless are being offered warm places to stay. All of this cold weather is a word of caution for those starting refuges that they be prepared to handle the cold in seasonal changes. This vision of an underground home could offer some sense of hiding and a protection from bad weather, but it also would be damp and in need of good ventilation for air to breathe. Living underground could also be symbolic for all refuges where My faithful will be seeking protection from the evil ones trying to kill you. Call on My help and that of My angels, and the evil ones will not even be able to detect your presence. You should be comforted in that the tribulation will be shortened for the sake of My elect. Then I will come to vanquish the beasts of Revelation, and renew the earth for My Era of Peace. You have been reading of My creation, and I will have to restore My creation from all of man's abuses. You will rejoice in My Era of Peace as a reward for being faithful to Me against all the demons."

Jesus said: "My people, the two largest religions are Christians and Muslims, and they are destined to clash over gaining converts. You have seen many instances of Muslims killing Christians. Those, who follow My way of life, are all about peace and love. Christians may fight in just wars of defense, but they should not kill over religious differences. Many extremist Muslims are purposely killing Christians because they think they have the right to kill all infidels. Killing for its own sake is not about love, but only hate. This is why it is hard for Westerners to understand how people could kill others in a suicide attack. No matter what religion one follows, you can only come to heaven through love and not by killing. Anger and earthly desires will only lead you down the broad road to hell. I have given you My Commandments of love to lead a life of service to Me, the One true God. In your Warning experience everyone will see that they have to come through Me to be saved. He, who does not gather with Me, scatters to his own demise. Reach out to convert souls to follow Me, just as I asked My apostles to follow Me. Those, who follow Me and obey My Commandments, will find their reward in heaven."

Wednesday, February 7, 2007:

Jesus said: "My people, in Genesis you have read how I created man in My Image as both a physical and spiritual being with a body and a soul. I have also given each person unique talents and an identity different from everyone else. Do not be critical of people who do not have your particular skills

because they may be skilled in different ways that you are not. Also, each person should work to use their God-given talents so they do not bury them in not using them. By everyone using their own skills, then all the needs of your society can be provided for. These skills are My gifts to you, and each of you should give Me thanks and praise for what you have been given. Also, do not boast of your skills and accomplishments, but give Me the glory, for without Me, you would have nothing. Use your gifts as well to help others in need, even when they cannot repay you. I tell you that those acts of charity given to the needy are storing up treasures for you in heaven that are worth more than earthly wealth. Continue to do everything for Me, and encourage others to consecrate everything to Me as well."

Wednesday, February 7, 2007:

Jesus said: "My people, in the name of security you have seen many miles of fiber optic cable put in all over your country. With such small strands of glass with light you can bring many phone and data lines all over. Some cables are carrying information from many cameras located along your highways and at your intersections. These can monitor your whereabouts by viewing your license plate and your facial image. Other two-way fiber optics enable your cable TV to monitor your voice in your house, as well as your phone lines for voices or data. All of these spying electronic devices are another means for the one world people to control everyone through your buying and selling by chips and cell towers. Chips in smart cards and cell phones can also be used to track your movements as well as profile your purchases. Many of these profiles direct advertising to you by mail and e-mail. Even as your electronic devices have been helpful in your life, they also can be used against you by the one world people who have evil purposes in trying to control you. Be aware of all of this spying and be prepared to leave for My refuges when the evil ones will use this information against you in the persecution of the tribulation. Trust in My protection and I will see to your needs."

Thursday, February 8, 2007:

Jesus said: "My people, in today's first reading you heard the words of Genesis speaking of how I created the first Eve from Adam's rib. The woman was created because it was not good for the man to be alone. Eve was later seduced by Satan to eat the forbidden fruit of the Tree of Knowledge of Good and Evil. It was at this moment of man's sin that I promised that I would bring a Redeemer into the world to save all of mankind. It was also then that I was contemplating the creation of the New Eve

in My Blessed Mother who would be perfect without sin, so she could bring Me into the world as an infant. This vision of the beauty of My Blessed Mother shows you how much I love her, as our two hearts are always as one. Even as I joined Adam and Eve as one flesh in the model of marriage, I am the New Adam and My Blessed Mother is the New Eve joined in a spiritual union. Both of us are perfect and without sin, and we are models for all of mankind to follow and become saints. My Blessed Mother is now Queen of heaven and the most honored human, even above all of My angels. Rejoice in this new creation, even for the day when you will be resurrected in a glorified body and soul in heaven."

Prayer Group:

Jesus said: "My people, one of the ways, that dictators have flaunted their authority, is to place large pictures of themselves all over their country. There are many countries in the world that are run by dictators or authoritarian forms of government. Freedoms are gradually being stripped from many countries. Globalized government of the one world people is gradually taking control of various parts of the world. Your days of freedom even in America are numbered, as the rich behind the scenes are getting edicts passed that challenge your individual freedoms in the name of security."

Jesus said: "My people, in your elections it was clear by the vote against the party in office, that the people wanted a new direction for the war in Iraq. They did not vote to increase troops in Iraq, but to decrease them. Many of your voters are not voting against the troops, but the reasons that you are in Iraq itself are being questioned. This was a pre-empted war and there are many difficulties in separating the various religious sects vying for control. Until there is a true plan to withdraw, the Iraqi army is not going to be effective. Pray for a resolution of this conflict without any more killing."

Jesus said: "My people, the insurgents in Iraq are getting access to more accurate weapons in taking down aircraft along with powerful road bombs. Many vehicles were being destroyed by road bombs, so your Army started using helicopters more to move people and supplies. The insurgents have noticed this change in tactics, and are now working more on how to shoot them down as evidenced by your latest losses. This war is a stalemate at best and this nominal increase in troops will not be the answer. While America is tied down in this conflict, Russia and China are planning their own strategies when the US withdraws. Pray for peace in this area where killing goes on daily."

Jesus said: "My people, rising incense represents how your prayers are rising up to heaven. When you adore Me in Adoration of My Blessed Sacrament, you are giving honor and glory to your

Lord and Master. You have many concerns about your jobs, the future for your children, and the degradation of your morals as a country. When you refuse to let Me be a part of your life, it will be more difficult to live without My blessings. America needs a spiritual renewal in changing your sinful lifestyles, or there will be some drastic repercussions."

Jesus said: "My people, this deep cold spell has taken its toll on your schools, homes, and workplaces. Heavy snows around the Great Lakes are causing many disruptions in your everyday activities. Pray that your people will be able to keep warm until these storms run their course. Help people in need where you can in your Christian charity."

Jesus said: "My people, this blue light is a sign of My Blessed Mother looking out for the protection of these children. There is much violence being carried out against children all over the world that are being abused for gain by the evil ones. Some are being sold in the market place. Some are abused sexually and many unborn are being killed by your abortions. My Blessed Mother wants you to pray for a better life for the abused children and a stoppage of your abortions. If you destroy these little ones of your own flesh and blood, what kind of future can you have in America."

Jesus said: "My people, the older years of large families are waning as fewer children are being born in your families of today. The family is being strained by many immoral and financial problems which cause divorce and more living together without marriage. When you disobey My Sixth Commandment with all of your sexual sins, now you see why only a third of your households are married with a man and wife present. Look at My description of marriage of Adam and Eve in Genesis and you will see how I wanted My creation to live in happiness."

Friday, February 9, 2007:

Jesus said: "My people, today's reading speaks of My healing of the deaf mute in Tyre by Sidon when I called out 'Ephpheta' or 'Be opened.' His ears were opened and his tongue was loosed to be able to speak. The vision is about My quote from Isaiah that I read in Nazareth. (Luke 4:18-21) (Isaiah 61:1) 'The Spirit of the Lord is upon me because He has anointed me; to bring good news to the poor He has sent me, to proclaim to the captives release, and sight to the blind; to set at liberty the oppressed, to proclaim the acceptable year of the Lord, and the day of recompense.' After reading from the scroll, I said to the people: 'Today this Scripture has been fulfilled in your hearing.' When I healed the deaf mute, he also was released from the oppression of his affliction. I healed many people both in body and soul because they had faith

in My healing power. But only a few were healed in My home town because of their lack of faith in Me. They thought they knew Me and could not understand where or how I received such power. I said again to them: (Luke 4:24) 'Amen I say to you, no prophet is acceptable in his own country.'

Saturday, February 10, 2007: (St. Scholastica)

Jesus said: "My people, when you go to visit a sick person, it is uplifting to their spirits to bring them some flowers that will last for more than a few days. It is difficult to be laid up in a hospital bed for very long, and any change in such a person's surroundings would be a welcome sight. Some send cards and prayers as well to help encourage a return to health for the sick person. As you get older, you are fortunate to be in good health and mental health. Even when your parents have trouble with their health, it is expected that the children and relatives should help out. With the children it is a bit more of a parental obligation than just an act of charity. There are many strained relationships in families, but when it comes to a death or a severe illness, all previous hard feelings should be released in the face of needy parents. I call all of you to love one another, and help each other both physically and spiritually."

Sunday, February 11, 2007:

Jesus said: "My people, there are many poor people all over the world, and it would be impossible to help them all. This is why I am showing you a collection basket and some shoes to go and help those in need. Sending donations to organizations that help the poor is a first step and better than not helping anyone. Physically helping a poor person by delivering them food, or helping them to get housing is going the extra mile to show your love for these people. Helping your friends or relatives is more comfortable and a little expected, but they could pay you back. Helping a poor person and knowing they could not pay you back, helps you gain even more treasure in heaven. Your Lenten Season is coming, so you should be thinking more of how you could reach out and help the poor in their needs."

Jesus said: "My people, there are some spouses who abuse their wedding vows by traveling around with other people for relations. When you marry in My Church, it means that you are going to be faithful to your spouse for as long as they are alive. Do not defile the marriage bed with your infidelity. Such acts are sins of adultery against Me and your spouse. You need to give your marriage a chance for success, instead of being oriented by just your earthly passions. Many divorces

come from sleeping with others as well as risking diseases with your spouse. Pray that all couples will be faithful to each other, and honor their promises made on their wedding day."

Monday, February 12, 2007:

Jesus said: "My people, when Adam and Eve hid after their sin of eating the forbidden fruit, they were embarrassed and hid themselves from God. That is the meaning of this cave because many sinners also want to hide their sins by telling lies or ignoring anyone's comments. Even Cain did not want to admit that he killed his brother, Abel, but he could not hide his sin from Me or his parents who would notice Abel not present. This first killing was the start of many killings that would happen in history in the many wars and even individual killings. No matter what sins you commit, or how you hide from your own sins, you will never keep them from Me, even if you may be able to hide them from others. You will answer for all of your sins at the judgment, even for those hidden from the public. So admit to your sins and come to Me in Confession to cleanse them from your soul, and make a firm resolution to avoid these sins in the future."

Jesus said: "My people, the tensions between Iran and America are almost threatening a war agenda. The President of Iran has threatened to attack any American base if you attack them, and he was upset at the evidence of his weapons finding their way into Iraq. America is continuing a build up of more troops in Iraq as well as stationing two carrier groups in this area. A wrong move on either side could precipitate another war of unknown dimensions. Pray that all of this military power in close proximity does not trigger another war. It is one thing to posture for political rhetoric, but it is another to extend the killing in Iraq over into Iran. Man needs to stop killing one another because there are no winners in such wars."

Tuesday, February 13, 2007:

Jesus said: "My people, in My creation of man and the earth, everything was good of itself, but when man brought sin into the world, he became wicked. It was because of the killings and perversions that I brought a flood against the world. But I found favor with Noah and his family, and so I directed him to build an ark for his family of eight and all the places for the animals that I wanted to preserve. After the flood I made a new earth again for man to make a new start. Even to this day there is still a lot of killing and wickedness present, but there is also a faithful remnant that gives Me honor and praise. It is this faithful people that I must rely on to spread My Good News, and pass it on to the next

generation. In the Gospel I warned My apostles not to follow the ways of the Pharisees, but My apostles only focused on the bread with little understanding. It was not until they received the Holy Spirit that they were inspired to teach and spread My Good News. My faithful also have received the Holy Spirit at Confirmation, so now you can go forth and preach to the whole world just as My apostles did."

Jesus said: "My people, you are witnessing another large storm spreading snow, ice, and rain over a good portion of your states. Heavy snow storms and ice storms can be very damaging and can even bring power outages. This is just one more small natural disaster that will continue to upset your lives, even with some financial losses. Some people may be observing how serious your storms, tornadoes, and floods can be. Pray that very few will die from these events and that your people will find help to get their lives back in order. America has had relatively good weather until the last few years. Hurricanes, and some major weather events have tested you recently. Continue to see that these major events are signs of the end times that are coming upon you. Be prepared spiritually with frequent Confession before the coming evil in the tribulation."

Wednesday, February 14, 2007: (Sts. Cyril & Methodius, Valentine)

Jesus said: "My people, this cup filling up with wine represents America's cup of wrath filling up with your sins. When this cup of yours fills with sin, then it is ripe to taste My justice. Just as in Confession when you ask for My forgiveness, so as a nation you must ask Me to forgive your sins and change your lifestyles. If your people do not repent and seek My abundant mercy, then you will taste of My wrath of justice. There is some justice in the punishment of these natural disasters which are recently getting your attention. The heavy snow, ice, and rain are being felt by many people across the eastern part of your country. You are continuing to see a lot of unusual storms with record snowfalls and very deep cold in the North. These should be more signs to you of the end times upon you."

Thursday, February 15, 2007:

Jesus said: "My people, man prides himself on making things cold or hot, and all of his many achievements in science. As you read the accounts of creation in Genesis and even a recreation after the flood, you see many things that you make are a reformulation of existing elements. You can make new chemicals, but most of them are not natural from creation. It is the living things that man cannot make from elements, but man

has abused even this in his cloning and DNA manipulations. Many of your so-called new creations are polluting the earth and disturbing the balance of nature. These things are not accomplishments, but abominations of their intended use. Many of your scientists do not believe in My creation, yet all of your reasons for things are all theories with no proven facts to refute My creation. Man was created to serve Me and not himself only. If you refuse to serve Me, then those people will join Satan in hell because he refused to serve Me as well. Follow Me in My Commandments as you serve Me, and you will have eternal happiness with Me in heaven."

Prayer Group:

Jesus said: "My people, this vision of a castle represents the one world people in how they want everyone to be subservient to them as slaves so they can control all of the money of the world. The high hill for the castle represents how they control all the heads of state of all nations through their debts and the holding of the purse. Once you know the big picture led by Satan, then you will know why you have constant wars and how this group of the rich desires world control to make way for the Antichrist. Pray for My help to endure these evil men until I return to cast them into hell for those who do not repent. These evil men have sold their souls to Satan in worship for their power and riches."

Jesus said: "My people, the exporting of American jobs to other countries has been a free trade desire of the one world people. As more middle class jobs are exported, it will leave only the poor and a few rich people. Even as your companies in the stockholders and the upper echelons get richer, the workers see menial raises, layoffs, and lost benefits. The laws and trade agreements that the one world people control are making them richer and creating a new class of working poor as their slaves. Many of these injustices are being recorded for the judgment of these ruthless men. Many of you will be persecuted for your faith and suffer the loss of your possessions at the hands of these tyrants. Be patient until I come and you will have your reward for what you are suffering and keeping the faith."

Jesus said: "My people, in addition to your jobs being exported, now you are seeing much of your intellectual property either exported, stolen, or patents violated. Many forgeries of movies, music, and computer products are being made in foreign countries without any repercussions in trade agreements. Your people are not competing fairly when other countries abuse patent rights and exploit slave labor. Some might consider boycotts of products from such unfair trading countries. The more dependent America becomes on foreign oil and foreign

manufactured goods, the more your trade imbalance will steal your money away. Those leading your country down this path to bankruptcy, are leading you to your own destruction."

Jesus said: "My people, you truly have seen some serious damage from tornadoes in Louisiana and Florida. Other states are suffering deaths and power outages from ice storms and massive snow storms. Many of these weather events are setting cold records and snowfall records. Each successive year has tested America dearly that even your insurers are not giving policies to some areas that have been severely damaged. Let these records serve as more signs of the coming tribulation."

Jesus said: "My people, My faithful remnant in your prayer groups is becoming smaller as others fall away from their faith and are becoming more worldly. Sexual sins and addictions are rampant throughout your society and this is a sign of more worship of earthly things than the worship of God, your Creator and true Master. Many want to satisfy themselves more than serving Me. Do not fear or despair, My faithful, for you will be persecuted for loving Me instead of loving the world. Remain faithful to Me and you will find your salvation in Me and your reward in heaven."

Jesus said: "My people, you see large numbers of people attending sports events in massive stadiums, but not nearly the same numbers attending My Church services. The Antichrist will use this stadium mentality to lure many souls to follow him in worship as a great leader for peace. It is not by accident that many sports are demanding larger and larger stadiums because they will eventually be used by the Antichrist to draw more souls to follow his evil powers of suggestion. Do not let sports, addictions, or anything else control your mind, or you will be one more soul that could be misled by the Antichrist."

Jesus said: "My people, there has been some discussion about minimizing the burning of fossil fuels as coal, oil, and natural gas. Some countries have been reluctant to cut back on this source of power that runs many of your factories and electric companies. Your economy in America consumes a good portion of the earth's available energy fuels for factories and running your vehicles. Many adjustments need to be made in how you produce energy to help your environment. These all cost money and will demand hard choices. This earth does have some finite limits to keep you healthy, and it is time man started curbing his appetite for wealth and goods so you will have a world that you can pass on to your children."

Friday, February 16, 2007:

Jesus said: "My people, you have just heard the reading from Genesis when the proud people of Babel built a tower into

the sky. At this I sent a confusion of different languages among these prideful people. This vision of the Capitol Building in Washington, D.C. spinning around is another example of speaking with a forked tongue like the serpent. They have one language to the public, but in secret their actions are completely the opposite against the people's wishes. This is because your representatives are threatened by the one world people for money, power, and even their lives at times. The people were misled in going to war in both Afghanistan and Iraq by false reasons and made up intelligence. This again was all arranged by the one world people to make money from the arms and the interest on the war debts. These ruthless one world people care little about how many die because of their actions, since they desire money, power, and a chance to destroy America for their world takeover. Your representatives speak different words for their own selfish reasons, and then they wonder why the voter does not trust their word. Pray for the cessation of all the one world led wars because it is their way of destroying you. Their language is only worldly, and not from My Spirit."

Jesus said: "My people, much of your country away from the cities are wide open spaces with few people living there. There are still plenty of places for refuges where you could be undetected even aside from My angel protection. The biggest needs at My refuges will be water, food, and lodging. It is not easy living in the wilderness where you have to provide for everything and be protected from the evil ones. The best news is that your tribulation will be short in years to help My elect endure the evil of this time. The Antichrist will control the world for a time, but he will never fully control My faithful who would rather die a martyr's death than give up their faith. Stay close to Me in prayer and work on your purification as your earthly desires will be purged to prepare you to enter heaven."

Saturday, February 17, 2007:

Jesus said: "My people, at times I send bad weather over areas of fighting in wars just to show you that I am still the Lord who controls things, even over your wars. Now that a new party controls Congress by a small margin, you will be seeing worse gridlock over many issues, especially an unpopular war in Iraq and Afghanistan. These wars were trumped up on false reasons right from the beginning, and it is even more questionable to pursue losing more troops and more billions of dollars where little progress is occurring. The people have voiced their opinion against this war by voting out the Republicans, but now you will see if the one world people have more power to overrule the people and continue these wasteful wars full of corruption. The only recourse will be to shut off

the money as was done to stop the Viet Nam War. If you stop the funding, then the one world people will have little interest in carrying out this war. Pray for the cessation of this war, or these disasters will bring America to destruction and loss of your freedoms."

Jesus said: "My people, when people are playing their musical instruments in unison, you have harmony and beautiful music. This is the same perfect harmony of music that you will find in heaven. I have asked you to pray for peace in the world because man is anything but in harmony among the peoples of the world. It is Satan who brings confusion and anger between neighboring countries. Even in this war in Iraq the people are suspicious of America's intentions for oil, and drug profits in Afghanistan. The longer America stays, the more you look like an occupying army than a liberator. In the coming time you will see the real reasons come out as to why the one world people have America in this quagmire in Iraq."

Sunday, February 18, 2007:

Jesus said: "My people, this vision of an elevator car falling into oblivion is a picture of where America is headed when the one world people take over your country. You are being sold out by the central bankers and all the international companies who are controlling your government. They are not just satisfied with buying out your representatives, but they want to control your buying and selling, and even how you think. You do not need smart cards with microchips, or chips implanted into your bodies for security. These chips are all a matter of controlling your minds. These chips in the body should be refused, even if you are threatened with death. Chips in the body will control your mind with voices, and you will not only be slaves, but even act as robots for these evil ones. Refuse their power over you, and when they make chips in the body mandatory, it will be the time to leave for My refuges. Better to die or be at My refuges than to let these evil ones force you to worship the Antichrist. Those, who are martyred, will become instant saints. Those, who go to My refuges, will be rewarded in My Era of Peace. When I come again, I will renew the earth and cast all of the evil ones into hell for not repenting of their sins."

Monday, February 19, 2007:

Jesus said: "My people, when you come to heaven to share in My great banquet, you will share in singing My praises constantly. Every one of My faithful are driven by their love for Me, and their desire to please Me in serving Me. I ask only that you repent of your sins and follow My Commandments. You

are about to start another Lenten Season of prayer and fasting. Lent is all about a spiritual renewal so you can be prepared to meet Me in your judgment. It gives you time to meditate on your sinful actions and change your life in conformity to how I want you to live in imitation of My life on earth. In today's Gospel My apostles could not heal the boy of the deaf mute spirit that possessed him. After I cast this spirit out of the boy, I told My apostles that this kind of spirit could only be cast out by prayer and fasting. Faith in being healed is also required as the father of the boy said: 'I do believe, help My unbelief.'

Jesus said: "My people, these two opposite scenes show the differences in life's attitudes. In the one scene there was not enough money to have nice buildings, and the people did not appear to have anything to live for. Without any incentive for their future, they did not take pride in keeping their area clean either. In a richer country there is plenty of money for nice things and to help the poor as well with charity. The American dream of having your own home can be a reality for anyone who works hard and gets educated. Once you have some self-worth, you are proud to keep your own home clean and picked up. Even in your spiritual life you see the haves with grace and the have-nots living in sin of vice and bad habits. When you are strong in faith, you are committed to love of God and love of neighbor. By keeping your focus on serving Me in everything, you are less tempted by despair and addictions to alcohol, drugs, computers, or anything else. If you do not have faith in Me, you will not see the need for Sunday Mass or confessing your sins. Without My grace and blessings, you will be drawn to worldly things and then to frustration in not having your soul satisfied in My peace. There is truly more to life than just having fame, money, and worldly possessions. Your soul is craving for love of its Creator, and until you find Me in your life, you will never be content."

Tuesday, February 20, 2007:

Jesus said: "My people, as Lent approaches with all the prayer and fasting, some are focused on celebrating all of their choice foods. Lent is not a gloomy and hard time for everyone, but it is a time of spiritual renewal so the soul can overrule the body's inclination to earthly desires for pleasures and good foods. Many times I have told you that you will have to cleanse yourself of all earthly desires in purgatory or on earth if you are to be purified to enter heaven. People have a tendency to be spiritually lazy instead of having spiritual stamina for loving Me and their neighbor. It is a struggle to lead a good faithful life of daily prayer because the body sees prayer time as too harsh and a waste of time to do pleasurable things. You

are forever on earth in a battle between the desires of the soul and Satan trying to tempt you with bodily desires. You are not just in a battle with the body, but you are in a struggle to avoid sin, and focus more on serving Me instead of yourself. All of the prayer, fasting, and almsgiving of Lent are ways for you to restrain your bodily desires and give praise and glory to Me. Just as it is painful to clean out the junk in your houses, it is even more painful to root out sinful habits and addictions in your life. You know that avoiding sin and sins of omission are the right thing to do, but you need My grace to repent of your sins and reform your lives to My service. Lent is a happy time for your soul because it can better breathe with more grace and attention to your spiritual destination in heaven."

Jesus said: "My people, this new train uses an antimagnetic mechanism which minimizes contact with the rails to reduce the drag of friction. The propulsion system uses air that can be directed forwards or backwards for braking. Man's inventions enable his transportation, but you are still dependent on Me for everything. The pride from accomplishments should not let you think that you know everything. Man's knowledge is imperfect at best, and you have only scratched the surface of all there is to know. It is better to give Me credit and praise for all that you have done because it adds to My greater glory and not to any glory for yourself. Continue to do everything for Me, and I will store that treasure for you in heaven."

Wednesday, February 21, 2007: (Ash Wednesday)

Jesus said: "My people, a new Lenten Season is upon you today, and many are there to receive their ashes and pray to improve their spiritual lives. If you have not done so, now is a good time to plan what you intend to do and accomplish with this Lent. Some may give up things as a penance, or you may wish to increase your prayer life in addition to your fasting. It would be well for your soul to make some little suffering to show Me your love, and desire to be a better Christian of love. Maybe make an extra effort to help someone, or visit a sick or lonely person. Lent is a time to think of loving things to do, not only to please Me, but those that you come in contact with. You have but one life and one soul to give to Me, so remember by these ashes of today that you will return to dust when you die. This life is too short to waste time on just earthly entertainment. You can offer everything up to Me in total consecration, and work every day to bring souls to Me in conversions. Your prayers for others to convert are also welcome, as well as prayers for those in purgatory. Live your Lent as if this were your last."

Wednesday, February 21, 2007:

Jesus said: "My people, after the final judgment, My faithful will all be resurrected body and soul into heaven. Just as I resurrected, you also will have a glorified body and there will no longer be any reason to mark your grave because you will be alive and no longer dead. This is why in the vision, the tombstone disappeared into the ground. My death on the cross has given salvation to everyone who claims it and repents of their sins. My Resurrection is a promise of how My faithful will also be resurrected. You will no longer be in the land of the dead, but you will be among those in the land of the living. This gift of spiritual life will take away all sin and the effects of sin. Once you are purified, you will be ready for your entry into heaven. In heaven you will experience My love and eternal rest in My peace."

For a 12 year old girl: Jesus said: "My little one, you need to make a fervent effort in prayer to correct this nervous habit of plucking your eyelashes and eyebrows. Start with a crucifix in your room and the three medals in your room. Start a daily prayer time for this intention. When you have an urge to pick your eyelashes, say a small prayer to Me to help you. Wear a blessed sacramental (rosary, scapular, miraculous medal) to ward off any demonic attachment to this habit. Even keeping a blessed rose petal could give your intention over to My intercessor in Marie Esperanza who also has Spanish origins. All of your relatives can pray for your healing as well."

Thursday, February 22, 2007: (Chair of St. Peter)

Jesus said: "My people, I have made St. Peter and his successors My human authority on earth. I have even instituted My priesthood so I could act through My priests in forgiving sins in Confession. This large tree is an example of My overall authority over all of mankind. It also represents My cross that I died on for the salvation of all of mankind's sins. This is the same cross that I ask all of My faithful to pick up and carry through life to suffer as I did. The cross is a denial of self and worldly things that I may be first in your life to know, love, and serve. In Lent you make extra sacrifices to train your soul to follow Me and control your body in its cravings. By fasting and prayer you can draw yourself closer to Me, and fix your focus on Me as you struggle on your path to heaven. The other image of this tree is that I am the Tree of Life where I am the Vine and you are the branches. I am the source of grace which is the lifeblood for your soul. You draw My grace from My sacraments, especially from My Real Presence when you receive Me in Holy Communion. This is the Bread of Life that I feed you at every Mass in the Breaking of the Bread.

Without Me you are nothing, but when you eat My Body and drink My Blood, you have eternal life in you. Your soul is constantly seeking to be satisfied in My rest, and I am constantly seeking to be with you as well. This is a bond of love that I have with every soul that I created, and it is your desire to love Me as well. Do not let the devil or worldly things blind you from being with the One you love."

Prayer Group:

Jesus said: "My people, when you are in the state of grace, your guardian angel can help you with their protection and prompting. When you are in mortal sin, it is very difficult to sense their help as their voice is very distant from you. In this sinful state you are more susceptible to continue committing the same mortal sins. To renew your soul and free yourself of these bonds of sin, you must seek My forgiveness in Confession for Catholics. The absolution through the priest will cleanse your sins and restore the grace in your soul so your angel can help you again. Strive to keep in the state of grace so you can be strong against sin."

Jesus said: "My people, in previous civilizations man went to great lengths to try and preserve his body for the after life. Many of these means were also connected with gods of the occult. Man by himself cannot be resurrected or reincarnated. The devil tries to trick you into believing otherwise, but you have only one life and one soul on this earth. Follow Me and My Good News and you will be resurrected after the final judgment. Do not follow other gods or be misled by Satan's lies."

Jesus said: "My people, this vision is of a spiritual body more than seeing a physical body. Some have witnessed dark shadows of evil spirits where people are involved with drugs and the occult. When you are in a state of grace, you are walking in the Light. When you are in mortal sin, you are devoid of grace and you are walking in the darkness of the evil one. Come to Me in forgiveness and you can be walking in the Light of grace again. Do not seek the dark evil shadows, but seek the Light beacons of My saints and angels. Even holy people give off a Light of holiness to follow."

Jesus said: "My people, I have told you in previous messages that I will multiply the dwellings at My refuges so many will find a proper shelter to live in the tribulation. The many dwellings in the vision shows that you will not be alone in your flight from the evil ones. Have no fear at that time because My angels will shield you from the eyes of the evil ones, and I will provide for your basic needs."

Jesus said: "My people, you will be seeing more destruction coming from natural disasters and man-made terrorism. You want to be in comfortable housing without the thoughts of war and

disasters, but you will be facing some harsh trials even before the Antichrist will declare himself. Ask for My grace of protection from these scenes. Many, who have placed scapulars and blessed medals around their homes, have been spared disasters, even in the path of storms and earthquakes. Have faith and trust in My protection and you will be spared these disasters."

Jesus said: "My people, you have seen some deep struggles among My clergy with problems in pornography and homosexual activities. Now it is becoming more exposed how some clergy are abusing the collections for their own use in large thefts. This is even more unsettling to My faithful who are donating what they can to support My Church. Pray for My priests and have more accounting for where your collections are going both at the parish level and the bishop's level."

Jesus said: "My people, you try to take care of your bodies in eating properly and exercising to keep trim. As you are now in Lent, it is also time to think of how you can keep your soul healthy in grace as well. Keeping yourself away from occasions of sin is a start in removing temptation to sin. Reading spiritual books can gain more for your soul than reading earthly magazines. Reading the Liturgy of the Hours and more visits to My Blessed Sacrament could gain more graces for your soul in Lent. When you focus more on loving Me and helping your neighbor, you will be building up your spiritual stamina."

Friday, February 23, 2007:

Jesus said: "My people, this vision of the young children processing to the golden gates and carrying a rose of life, represents how I want all of My children and adults to come to Me as innocent children of faith in order to enter heaven. The roses, that they are carrying, are a symbol of life representing all life, even the unborn. My faithful have a responsibility to protect all life in all of its various stages, even until death. Speak out to protect the unborn from abortion and to protect the older people from euthanasia. You are blessing these rose petals with the blood and hair of Maria Esperanza. Your prayers to Me and the intercession of Maria are to bring blessings of healing upon all of those who are given one of these rose petals. By having faith in My healing power, you will continue to see healing through the roses touched to these objects. Give praise and glory to Me for all healings."

Jesus said: "My people, think of how many times that you receive Me in Holy Communion every year. Those, who attend daily Mass, have their daily spiritual bread as well. You take great care to feed the body, but you also need to feed grace to your soul. Those, who come to Mass more than just on Sunday,

are coming more out of love for Me than just an obligation. Even during Lent you have an obligation to fast between meals and not eat meat on Fridays, but many fast between meals every day of Lent as a voluntary penance for the soul. The more spiritual penances, that you do without obligation, the more graces that you will be given for your extra sacrifices. Being a good Christian is all about going an extra mile to help your neighbor out of love. Learn to follow Me more out of love by not wanting to offend Me in sin, rather than out of fear of punishment for disobeying My laws."

Saturday, February 24, 2007: (6th Anniversary of Gospa House)

Jesus said: "My people, you are celebrating this 6th Anniversary of this MOM ministry at this Gospa House. This vision of the nun and the priests means that you are to pray for the priests of this ministry and thank them for bringing Me to you in Holy Communion and Confession. It is difficult for your clergy at times to stand up to criticism and persecution in supporting traditional Catholicism in this mission. As you see the demons trying to attack them, you need to pray for their protection and invoke My angel protection for them in their ministries. You also need to pray and thank the core workers and benefactors who have made this MOM ministry possible with all of its conferences and speakers. Their intentions are to bring Me and My Blessed Mother in our two hearts to all of those who are willing to attend these services and spread My Good News of love and My salvation of all souls. Remember the goal of this ministry which is all about bringing souls to Me in conversion and healing. Rejoice in the good works of this ministry and pray for it to continue to be a refuge of graces and protection."

Jesus said: "My people, this vision of Me separating the sheep from the goats is all about the coming judgment. My sheep hear My voice and follow Me because of their faith and trust in My Word. The goats are more independent and want to choose their own ways instead of My ways. This same blind trust is how children trust their parents in everything. Everyone is dependent on Me for even your very existence. Even the accomplishments of man are dependent on the materials of My creation and the talents that he was gifted by Me. The sooner man realizes that he is dependent on Me, the sooner he can get in step with My plan for his life. You have only two choices in life. You can accept My plan and serve Me out of love, and you will have eternal life in heaven. Or you can reject My plan, but you will reap the consequences of eternity in hell. Choose life while you can still change the direction of your life."

Sunday, February 25, 2007:

Jesus said: "My people, you are close to another anniversary of this Luminous Cross and you are beginning another Lenten Season. As you fast and pray during Lent, you are suffering just a little with My suffering. But a time is coming when your suffering will be much more severe during the time of the tribulation. When you see My Warning followed by a world famine, a division in My Church, and mandatory chips in the body, you will call on Me, and I will have your guardian angels lead you to refuges as this place. At My Blessed Mother's places of apparition, places of holy ground, and caves, you will find refuges of My protection. At that time you will see a luminous cross high in the sky that will look similar to the cross that you are looking at today. Have no fear of this time of evil because My angels will protect you from the evil ones. My love and My mercy will be upon all of My faithful as you will have food, water, and shelter provided for you. You will lose your possessions, but this purification will be a salvation for your souls. Rejoice as you look upon My luminous cross and you will be healed of all of your sicknesses and pains."

Tuesday, February 27, 2007:

Jesus said: "My people, this little rainbow around a mailbox in the vision represents when you mail a letter of healing or a personal note to comfort someone. At times you make many phone calls to convey your feelings to someone that you have not talked with for a long time. Other times you send get well cards or birthday cards to friends and relatives with a little note. This personal touch is well appreciated and even for condolence cards for someone who has passed away. When people are hurting from an illness, an accident, or suffering a loss of a spouse, it is very consoling to receive support from your friends and relatives. It is during the moments of need that it is your Christian obligation to send some words in a note or even better to personally visit the sick person or the bereaved. All of your efforts to reach out to people will store graces for your actions in heaven."

Jesus said: "My people, you have seen tornadoes or storms destroy homes, and these homes needed major repair. It takes one kind of determination to repair a physically broken home, but it takes even more effort to repair broken relationships or friendships. When married couples or romantic relationships become broken, it is very difficult to repair or have counseling that could smooth over any difficulties. It takes a desire by both people to want to preserve a marriage or a relationship. Even prayer for both parties can help melt any hard feelings. Wounding a relationship can make it hard to restore trust and

confidence in loving partners again. In friendships that are not romantically involved, it may be easier to restore. There is still a filial relationship of love as a Christian, but there is less personal involvement. A true friend is one who will continue to help you in difficult situations as a sickness or an accident. Sometimes friends may feel slighted by another's words, but one person may not even know what offended them. So give people the benefit of the doubt, and be forgiving enough to take someone back into your good graces. I love everyone unconditionally, but people put too many conditions on their love. You can at least love everyone as a friend even though it may not be in a romantic way. Love is a delicate balance of trust and faith in one another, and it takes work on everyone's part to make a relationship keep going for a long time. There is also a love relationship with Me as your Lord and Master. I am always willing to take back any sinner who wishes to repent and be absolved of their sins. Sins break our relationship, but forgiveness can repair it. There is never a sin that I cannot forgive except the sin against the Holy Spirit which is an unforgiving heart. So come to Me whenever you can and I will restore grace to your soul and love in your heart for Me."

Wednesday, February 28, 2007: (Funeral Mass for Fran Pierce)

Jesus said: "My people, Fran was a loving and concerned man for his family and for those whom he met. His life was filled with colorful activities, even as he was a part of the Cursillo Movement. His love for Me and his neighbor, as well as his wife, Mary, was a good example for all of his large family. His love for Me could also be seen in all of his family members. His eyes are truly seeing My glory now even with his favorite Scripture passage. He has suffered much on earth, but now he has found peace, rest, and love with Me. He will be watching over and praying for all of his family and friends. Rejoice in this beautiful life that he has shared with all of you."

Jesus said: "My people, every day you see the filth of sinful actions going on by the people around you and on TV. The movies, adult bookshops, and houses of prostitution have dragged neighborhoods down to spiritual garbage dumps. Just as you see the filth and stench of garbage being dumped in the vision, so the stench of sin disgusts you as well. The gold ladder going to heaven is your only way out of the darkness and stench of sin on this earth. I call all of My faithful to avoid the ways of the world, and only follow My ways which will lead you to perfection and sainthood. By seeking the forgiveness of your sins in Confession, you can cleanse the stench and filth of your sins from your souls, and you will be walking in the Light instead of the darkness. Every day that you improve your

spiritual life, you will climb one step closer to heaven. Continue your improvement and do not let yourself fall back into your old sinful ways."
