

Friday, February 1, 2008:

Jesus said: "My people, in today's reading about King David, (Samuel 11:1-17) he is attracted to the beauty of Bathsheba without concern whether she was already married to Uriah the Hittite. David had adultery with her and she conceived a child. To cover his sin David had Uriah killed in battle so he could take Uriah's wife. Nathan the prophet chastised David for his sin and David repented and suffered the loss of this son and Absalom as payment for David's sin. In your society today many marriages are destroyed by this same sin of adultery with other people's spouses. Whether it be a woman attracted to another man, or a man attracted to another woman, it is wrong to seek another against the vows to their own wife or husband. It is even sinful for such desires even without committing adultery, because you are committing adultery in your heart. Be faithful to your spouses, and do not dwell on such desires for another. Without such affairs, you would have fewer divorces. Live committed to your vows, and love your spouses without thoughts of loving any other person. By treasuring your own spouse in being constantly faithful, you will also have treasure in heaven for denying any bodily pleasures with another. Love for Me and your spouse is special and pure, and you should avoid tainting this love with any sin."

Jesus said: "My people, in the Bible and the Liturgy of the Hours you read the Psalms, the Epistles of St. Paul, and the Gospel passages. When you read My Word, you see how much I suffered and how your suffering is joined with Mine. There is joy, hope, and peace in My Word because it satisfies the soul like nothing else on earth. It is the Word that opens the door to My Light to enlighten your minds about the faith. My Word is also about love of God and love of neighbor. Unless you open the door to your heart, it is hard for Me to enter and move your head knowledge down into love in your heart. Once you understand the faith by the power of the Holy Spirit, then you are moved into action to do good deeds for your neighbor out of love for Me. So the lesson is to read some good spiritual books so you will be inspired to follow My Will in all that you do for Me. See that you are being led on your mission by the plan that I have for your life. All I ask is that you give Me your 'yes' in following Me, and I will lead you to eternal life in heaven."

Saturday, February 2, 2008: (Presentation in the Temple)

St. Bernadette said: "My dear little one, I thank you

for the opportunity to speak to your granddaughter, Jocelyn, and thank her for taking my name for her Confirmation name. I want Jocelyn to be grateful to be able to have a good Catholic upbringing at Archangel School, and a chance to receive Our Lord in Communion at the Mass. Your mother and your grandparents are trying to help you to be a good Christian girl. Your grandfather, John, has been inspired as your sponsor to give you this book of my life and the messages that I received from our Blessed Mother. It is good to use us saints as an inspiration to follow in your life. This seems like a large book, but try to read a few pages at a time for your Lenten inspiration. Your grandparents have been to Lourdes, France and they can testify to the true electric feeling of the holy spring of water. I want you to live a life of total consecration to Jesus and His Blessed Mother. Remember your prayer life every day and daily love for Jesus."

"I also want to encourage Christina as well and remind her of her calling as well to a good prayer life. I am your namesake as well and you could share in these gifts of the movie and my book. Thank you for listening to my call for following me as a model for your life."

Jesus said: "My people, man has fished for seafood for many years, but some greedy fisherman are over fishing the fishing banks from all of your countries. In some areas the fish population is decreasing because it is being upset by man's influence on the balance of nature. As the general population of people increases, it is becoming harder to feed everyone with meat, vegetables, grains, rice, potatoes, and fresh water. Even some nations have resorted to fish pond farming to provide more fish to make up for over fishing. Man has to be more prudent in preserving his environment with less pollution. By making the right incentives, people could reduce their energy needs and not waste precious fuels and water. Look at nature and the animals and how they do not waste food or abuse their environment. Make nature's balance a lesson for how you should live, so you can pass on a clean earth for the next generation."

Sunday, February 3, 2008:

Jesus said: "My people, I am the Light of the world, and I open up hearts and minds to be enlightened with My Word and My love. It is hard at times for people to receive My love unless they open up their cold hearts to My love. It is difficult for some to open their hearts until

they count the cost of giving over control of their lives to Me, so I can lead them. A real consecration of giving over your will to My Divine Will is all about blind trust in Me through the eyes of faith. Every time that you have to make some big decisions in life, you should come to Me in prayer to let Me lead you on the best path for your soul. By letting Me lead you, and by being one of My followers, then you will have confidence that you are on the right path to heaven. In the darkness of the evil of this world, you need My Light to show you the way to eternal life."

Monday, February 4, 2008:

Jesus said: "My people, the Legion of demons that I drove out of the possessed man went into two thousand swine who then ran down into the sea and drowned. (Mark 5:1-13) These demons recognized that I was God, and they acknowledged My power over them to torment them for not serving Me. This again is an example to you how I will come and cast all the demons into hell at the end of the tribulation. My angels will protect you at the refuges from any demons. The demons will be allowed their hour of reign to test My faithful. Fear not these evil ones because they will leave you when you invoke My Name, 'Jesus'. At the time of My victory you will see My power in full glory against every demon as they all will be chained in hell. Rejoice, My people, for this coming time and be patient for a short time of the Antichrist's reign. Keep hope and faith in My power during this brief reign of evil that I will allow. I will cleanse the earth of all evil and renew it so you will enjoy My Era of Peace."

Jesus said: "My people, you know of the story of Lourdes with St. Bernadette discovering a newly formed spring of water at the grotto where My Blessed Mother appeared. This was a confirmation of her messages as being true, and many have been healed by drinking and bathing in these miraculous waters. The vision of the sky is where the luminous cross will appear over the places of My Blessed Mother's apparitions, as in Lourdes. These places will be refuges of protection for My faithful during the tribulation. All of My refuges will have springs of healing water, as well as healings by looking on the luminous crosses. Learn from My Blessed Mother's messages and all the miracles that she was instrumental in performing to give heaven's confirmation and approval of what was being said. It is difficult for man to believe in such apparitions, but he must be open to heaven's

communication through gifted messengers. Discern and test what is given, but remain open to heaven's leading you to follow My Word."

Anniversary of my father's death in 2001: My father thanked Jocelyn for remembering him from time to time like at High Falls, and when he came at their house. He is confirming that Jocelyn should be linked closer to St. Bernadette, her Confirmation name. She has to have her heart open more to focus on the saints.

Tuesday, February 5, 2008: (St. Agatha)

Jesus said: "My people, there is a contrast between the two deaths in today's readings. In the book of Samuel Absalom was killed after he was hanging by his hair from a tree. He was seeking out David, but David paid for his sins in his son, Absalom's death. In Mark's Gospel reading a twelve year old girl died as I was on My way to heal her. I told the people that she was only sleeping, but they ridiculed Me and did not know My power to raise people from the dead. I am the 'Living Water' of the spring in the vision, and I am the Resurrection and the Life, even as I later raised up Lazarus as well. You are just about to start your Lenten Season tomorrow on Ash Wednesday. Then you will be suffering with Me up to Good Friday and you will witness My own Resurrection into Life in a glorified body. This revival of life in this little girl is another example of how I have power even over death itself. I am the same 'Living Water' that will raise up all of My faithful to eternal life with Me in heaven. Believe that I am your Savior, and all, who follow Me and obey My Commandments, will also be resurrected one day."

Jesus said: "My people, it is a crime against America's taxpayers to continue making weapons and running wars in Iraq and Afghanistan. You are in the middle of a Presidential campaign and few of your candidates are talking about stopping these wars because you cannot afford them. It is the rich and your current establishment run by the one world people that are advocating these wars to make money on the weapons and the interest on the deficits that these wars are accumulating. You are profiting nothing from these wars since your 'War on Terror' has been manufactured for continuous wars. It is time for your people to vote against this continuous killings both in wars and in abortion. Stop your death culture from controlling your purse strings, or these killings will destroy you. My patience with your killings is also

growing thin, and you will see more punishment occurring in your natural disasters. Your government is totally controlled by the one world people, and they will control whoever you put in office as president. It is just a matter of time until you are faced with martial law and no rights. Then you will need to let My angels lead you to your nearest refuge to protect your life and your soul. Pray for My help and discernment what to do in the coming tribulation."

Wednesday, February 6, 2008: (Ash Wednesday)

Jesus said: "My people, the people of Nineveh, including the king, put on sackcloth and ashes as a sign of repentance for their sins, and I spared the city of its destruction. As you receive your ashes as an outward sign of the beginning of Lent, you also should be repenting for your sins as well. If your country of America also repented of your sins as Nineveh did, then you would not face My wrath as you will be seeing over time. This outward sign of ashes should also be followed with more prayer and fasting between meals. You should also be more mindful of helping others with your time and donations. You are so conscious of your outward appearance to others, but you should be looking into each other's hearts to share the love of My Gospel every day, and not just on Ash Wednesday. Look into the appearance of your soul to Me, and have your sins cleansed in Confession to make your soul look white and pure before Me. Lent is a wonderful opportunity to improve your spiritual life, so work hard on areas that need improvement."

Jesus said: "My people, lighthouses along the shore are a safeguard for ships in storms at sea. The statue of My Blessed Mother by the lighthouse is a safety for souls when she protects you from the trials of life with her mantle. She is joined with Me in putting My Light into the darkness of sin in the world so souls can find their way home to Me. Our love and our protection reaches out to every soul open to receive My graces. We do not force our love on you, but you are receiving our invitation to know and love us. You have been witnessing some severe tornadoes that have caused some deaths. You can place blessed medals, scapulars, and blessed salt around your home, and you will have protection from any storms in your area. You have seen many miracles of houses spared damage that have blessed sacramentals and statues of My Blessed Mother or of My Sacred Heart in their houses. This physical protection is a witness, but our spiritual

protection from demons and evil people, will be even more important to saving your souls. Continue your daily rosaries and daily Masses to keep on the right path to heaven and gain fruit in your Lenten Season. Give praise to Me and honor to My Blessed Mother for watching over our children."

Thursday, February 7, 2008:

Jesus said: "My people, My Lenten call today is to deny yourself and take up your daily cross of suffering with Me. It is not easy to go against your own will, but in order to save your life, you must lose it to Me. By following My Commandments, as Moses directed, and choosing life in Me rather than the curse, you will save your soul. What does it profit you to gain the whole world, and then lose your soul? Taking up your cross means that you will deny yourself and let Me lead you in full trust. It means that every day you will consecrate everything over to Me so I can use you to fulfill your intended mission in life. Make every decision by consulting Me in prayer so I can confirm the best choice for your soul. It is better to be in spiritual obedience to Me and your spiritual director than to do everything on your own. Wait for Me to lead you and do not go ahead of Me, and life will be easier for you, and more rewarding that you followed My directions. Taking up your cross in this life will require some sacrifices, but your earthly struggle will find a heavenly reward. This is why during Lent it is good to do some penances as fasting between meals, doing extra prayers, and suffering to do without something that you enjoy, as desserts. By putting some restrictions on the body's desires and comforts, your soul will be made stronger against temptations from the devil. Your first inclination of good can come from your guardian angel, but your second inclination to evil or to be lazy could be from the devil. So remember to choose life over the curse so you can join Me in heaven for all eternity."

Prayer Group:

Jesus said: "My people, as you watch the rich on Wall Street and the candidates who spend millions of dollars to get elected, you can understand how money and wealth runs their lives. The man or woman, that is rich for themselves, will be tempted strongly to depend more on their wealth than on Me to sustain them through life. If you truly are one of My followers, you would give everything over to Me and help your neighbor in their needs. Your wealth is of little value to your soul, but

by sharing your wealth with others, you could store treasure in heaven. Trust more in Me than in anything of this world."

Jesus said: "My people, this vacant chair in the White House means that the President will need to seek safety either from a natural disaster or a terror incident. I have told you that the one world people will be staging another major incident that could trigger a national emergency so martial law could be declared. At such a time any group could begin a takeover of your country and demand chips in the body be made mandatory for control of your people. Trust in Me that I will protect you at My refuges during this tribulation."

Jesus said: "My people, the time for the North American Union to take over your country is quickly approaching. As your freedoms are quietly being compromised, your people will soon realize who is controlling your wars, money, and even your jobs. Once the one world people establish martial law in America, you will soon see the North American Union come into power. This will soon be followed by the Antichrist taking over all of these unions to set up his kingdom. This is why when martial law is established, you must flee to your refuges for protection with My angels."

Jesus said:
"My people, before martial law is declared, you will see the men in black raiding homes to capture those in opposition to the coming new world order. They will try to surprise you before martial law is declared, but I will warn you to leave ahead of their plans. Again by following My plan, you will be protected at My refuges. Fear not these evil ones, even if you are called to martyrdom for My Name's sake."

Jesus said: "My people, your business and government people are warning you of an imminent recession of a weak economy about to develop. In addition to all the mortgage debts, you could see many more people falling on hard times with the many fires and tornadoes destroying their homes. This year will be one of the worst on record for destruction to your buildings, and it will enhance your recession into a deeper economic slump. All of these events will make it easier for a takeover of your country. Pray for My protection in a time when evil will have a brief reign."

Jesus said: "My people, as house values continue to fall further, and homes are harder to sell, more people will leave their homes to the banks who will then be making

more markdowns because they cannot get enough money back on auctioned homes. These financial woes will compound your deficits and could come close to national bankruptcy. Such a financial disaster would ruin much wealth and leave many homeless or in makeshift homes. All of these events, coming from many directions, will be leading to a national takeover. Pray much at your refuges, and I will supply your physical needs."

Jesus said: "My people, as your recession will worsen, many tax supported elements of your population will find problems in getting enough money to live. In your cities you could see more rioting and stealing as people struggle to survive. This chaos and threats to life will be another reason to call on Me to lead you to the safety of My refuges. The one world people will pay in the end for their evil deeds when I bring about My victory over evil."

Friday, February 8, 2008:

Jesus said: "My people, you have been reading about fasting in both readings, which is one of your Lenten penances. Prayer and fasting are mentioned often in the lives of the saints. Fasting helps you to focus more on Me and less on your worldly distractions. You have to consciously remember to avoid eating snacks at night or between meals. This restricts the body from frivolous eating that is not necessary, and it gives the soul more control over the desires of the body. At times you like to shop for the latest electronic gadgets or other things in your shopping malls. But during Lent you could restrain yourself from such worldly things that are not necessities. Refrain even from frivolous looking in magazines or the internet for the same things. Again by focusing more on Me than on any luxuries or unnecessary purchases, you will be more holy and less worldly. Instead of watching TV movies and other programing, you could spend that time reading a spiritual book or a book on the lives of the saints. During Lent you are trying to build up your spiritual lives, so you need time to do this, and you need examples to imitate. Lent is about changing your lazy lifestyles into being a better Christian by practicing what you believe."

Jesus said: "My people, this tsunami wave coming ashore in the vision will also be associated with many deaths. Sometimes there is much disease that follows such a devastation because of the standing water that takes a while to flow back into the sea. This bug in the vision will be dangerous to man because it will carry a new flu

virus that will be contagious as well as deadly. This virus will be of man-made origin and it is designed to cause many deaths. Be prepared by building up your immune systems to such viruses. Avoid any places where tsunamis have come ashore. If martial law is declared in America because of these created incidents, then leave for My refuges where you will be healed of any viruses by drinking the spring water or looking at the luminous cross. No matter what the evil ones are planning, I will confound them and My angels will protect you."

Saturday, February 9, 2008:

Jesus said: "My people, the devil in the serpent attracted man and woman in Adam and Eve to take of the fruit of the Tree of the Knowledge of Good and Evil by saying they would be like gods. The devil attacked their pride so they could be like Me in knowing about good and evil. After eating the forbidden fruit, it was then that they realized that they were naked, and they hid from God because they were ashamed of their sin. Even today the devil continues to attack your pride by making the people want to run their own lives instead of Me. It is by your pride that the devil tempts you not to go to Confession saying you are good and did not sin. The devil is the great deceiver and liar. He will tell you anything to get you to sin against Me. Do not believe his lies and give him Scriptures as I did to answer his temptations. Do not dwell on temptations or have any fear or worry because you have trust in Me to provide grace and rest for your soul. I pour out My gifts on you, and I see to all of your needs. Most of all have love in your heart for Me and your neighbor as yourself. You must pray much to counter all the evil in your world, and I will send My angels to protect you from the demons. Evil only succeeds where good people do nothing or evil things. By having a heart that loves Me dearly, you will be called to only perform good deeds instead of evil ones. Temptations will be with you until your death, but I am always at your side to lead you on the right path to heaven. Just ask for My help in My Name, and the demons will leave you."

Sunday, February 10, 2008:

Jesus said: "My people, in the readings today you are openly seeing how the devil tempted Me, and he tempts you constantly to sin. I am showing you how the devil is constantly stirring up anger and divisions between peoples. He is constantly causing estranged relationships in

families and among nations. Satan hates man and he does everything to encourage killing in wars, abortion, euthanasia, and killing over drugs and possessions. The vision of war in killing others is the result of sin and division caused by the devil. The evil one taunts the rich to cause wars in order to profit from weapons sales and interest on war debts. Do not be taken in by the puppets of the one world people who are always encouraging wars against terrorism, ethnic differences, or even regime changes. All wars have evil causes and are a scourge among men. Some wars are just in fighting against despots or ruthless dictators who are invading other nations. Wars against terrorism are made up wars, so refuse to be misled in such staged reasons for war. Pray for peace and diplomatic solutions to bring compromise in disagreements. Pray for peace in your families before you can have peace in the world. Pray even for My peace which is much more lasting than man's peace. Remember how the devil encourages fighting and disagreements so you can be on guard to dismiss such temptations and seek to love one another instead. Love can conquer all of your evil wars if you have love in your heart for Me and your neighbor."

Monday, February 11, 2008:(150th Anniversary of Our Lady of Lourdes)

Jesus said: "My people, this vision of St. Michael, the archangel, with his sword is representing how he battles all the demons. He fights demons for nations and he especially battles the demons around places of apparitions like Lourdes, and demons around messengers or prophets. When visionaries are receiving apparitions, or inner locutions, call on St. Michael in your exorcism prayer of St. Michael. This is why you have been directed to pray your Act of Contrition and your St. Michael prayer before you receive Me in Holy Communion and when you are receiving a message before My Blessed Sacrament in the tabernacle. My angels are very powerful over the demons. Wherever heavenly messages are being given, the demons are there to try and interfere with this gift of Mine to the world. Give praise and thanks to Me, and honor My Blessed Mother for all of the heavenly messages to guide mankind and warn you of the coming events."

Mary said: "My dear children, in the vision there is a parallel that my Son, Jesus, was crucified outside of town by the town dump. In Lourdes, France I appeared to St. Bernadette outside of town in a grotto near the town dump as well. The innocence of children is how my Son and I

want you to be like in your spiritual life. St. Bernadette was very faithful to me in coming to the grotto for the days that I asked her to come. She was blessed to be a nun in the convent and she suffered much in this life. But her testimony of my messages even to her dying day was steadfast as she believed in these apparitions with every fiber of her being. This 150th Anniversary celebration of these apparitions are a reminder to review the messages given, which all of you could benefit from. The miraculous waters of Lourdes that have healed many illnesses and bones are a sign of my Son's power as he also healed many while He was on the earth. Give praise and thanks to God for all of these healings, and honor me and St. Bernadette on this feast day of Lourdes. I love all of my children and many love St. Bernadette in taking her for their namesake."

Tuesday, February 12, 2008:

Jesus said: "My people, people are social beings and you need to help each other to survive in this world. This message is about being open to share with each other both in your physical and spiritual needs. How can you sit back with your wealth and possessions while your neighbor is poor and starving? You are called to help your neighbor in their needs. In the same way you cannot hide your knowledge of the faith under a bushel basket, but you must be open and share your faith with others in conversions. In a different way I want you to be open with Me as well in the way that you pray. Some only come to Me as a last resort when you cannot handle something on your own. Instead of coming to Me only out of desperation, you should ask Me to help you in everything every day. You should give Me praise, adoration, seek My forgiveness, and give thanks in addition to your prayers of petition. As the priest mentioned in his homily, you can even be open to Me by being silent so you can give Me time to speak to your heart. This contemplative prayer allows Me to have a working relationship with you, so I can direct you on your mission to follow My ways instead of your ways. So instead of keeping to yourself, and depending only on your means, you need to be open with Me and your neighbor so you can receive help from Me and those around you. Sharing yourself with Me and others will give you a joy and a rest that your soul is seeking."

Jesus said: "My people, to some people today it is strange to you that these earlier civilizations worshiped statues and strange gods instead of worshiping the One true God. Man in his wickedness and pride worships different

idols today as in fame, success, money, education, and possessions. Even your scientific accomplishments are worshiped more than My creation of the world. Now some are being taken in by New Age principles that worship crystals, the sun, the earth, and things of the earth. There is nothing new about this pagan worship that past civilizations also worshiped. There can be only One God in Me that you should worship and nothing else. I am all loving and merciful, and I provide for all of your needs in My gifts. You cannot find love in inanimate things. These things that are worshiped will not provide for you or love you. A greater Being has created all that you see before you. It is your calling from Me therefore to worship the Creator instead of the created things. Do not listen to the devil who calls you gods and gets you to look only at physical things. You are spirit and body, and the soul is in search of its Creator. You will not find rest for your soul in any place else than in Me. Come to Me all who are burdened with the things of life, and I will give you My rest so your soul will be at peace. Give up all of your worthless idols and follow the only One true God who is the only One worthy of your worship. I have saved you by dying on the cross. You can only come to heaven by repenting of your sins, and accepting Me as your Savior and Lord of your life."

Wednesday, February 13, 2008:

Jesus said: "My people, many times I have told you that the only sign, that I will give, is the sign of Jonah. Jonah was reluctant to tell the people of Nineveh about its coming destruction because he was fearful that they would kill the prophet of doom. After his experience in the sea, he finally carried out My call. Jonah said: (Jonah 3:4) "Forty days more and Nineveh shall be destroyed." At this the people were shaken and they repented, and put on sackcloth and ashes, and I relented from destroying that city. Now, America, I proclaim to you the same warning. If you do not repent and change your lifestyles of sin, you also will meet with destruction from natural disasters, terrorism, and riots in chaos. Nineveh repented and was spared, and if America repents, I will spare you from this destruction as well. You saw the destruction of Sodom and Gomorrah, and the destruction of Jerusalem. So you know that I will carry this out if you do not repent. I told you that this will be like a year as no other, so it is up to your people to heed My warnings, or you will be facing worse destruction than you have ever seen before. I did

not give a long time to change, and you have been warned to wake up for many years. Now My justice must fall on your country, America, for you have not answered My plea in the right way in your actions. Prepare for your destruction and prepare your souls with repentance in Confession. I will provide protection for My faithful at My refuges, but the rest will suffer much at the hands of the evil ones."

Wednesday, February 13, 2008:

Jesus said: "My people, those, who live in the Western Industrial countries, have all the food and comforts that they need for daily living. Those, who live in the poor African and Asian countries, have to struggle for everything just to have the bare necessities to survive. The more wealth and comforts that you have, the more you are tempted to depend only on yourselves. The poor are always trusting in God to provide for their daily bread. This is why during Lent, you need to suffer a little want in your fasting so you can gain some spiritual treasure. You also may be compelled to share some of your wealth with these poor so they can have enough to eat. Give praise and thanks to your Lord for all the gifts that I have given to you. By giving thanks and sharing your gifts with others, you will truly store up treasure in heaven."

Thursday, February 14, 2008: (St. Cyril & St. Methodius)

Jesus said: "My people, the Gospel reading of today is all about how you are dependent on Me whether you want to believe it or not. For those, who have deep faith and trust in My Word, you know that I will never test you beyond your endurance. You can also ask Me for help and I will be at your side to provide for your needs. When you are seeking discernment or knowledge, you will find it by My help and inspiration. Better to call on Me in prayer in your difficulties than to be frustrated by your own ways that may not solve your problems. Forget your pride to do things on your own, and solicit My help and that of your neighbor. After you see how much prayer succeeds in your life, you will truly learn how dependent you are on Me for everything. When you put your blind trust in Me, it is another way of showing your love for Me, and believing in My Words of the Gospel."

Prayer Group:

Michelle said: "Thank you for bringing my picture tonight and for being godparents for Anthony, my son. My soul is still roaming the earth so I can console my family

with my loss. I love them very much. I have met Jesus and Mary, and they are very pleased with my service. I assume the Lord took my life with little pain so I would not have to suffer a long time. We enjoyed and were happy to assist you in your mission. I will be praying for all of you that work in the vineyards for Jesus."

Jesus said: "My people, there are many suffering with paralysis in their legs or arms, or other ailments that confine people to wheelchairs. I want you to pray for them to have the grace to endure their physical trials. It is also a hardship for the care givers to constantly take care of any handicapped or disabled persons. Your heart goes out to all that they are suffering. Even during Lent be aware of any opportunities to help people either with food or transportation. Many souls are suffering servants for the sinners of the world. They should be thanked for atoning for the sins of the world."

Jesus said: "My people, there are some hard cases of homeless people, who by pride and not knowing how to get help, are left to wander in the streets, even in the cold of winter. Some find shelters or soup kitchens to survive, but they also need your donations of food to keep going. Let your love in your heart go out to help these unfortunate souls. Reach out to contribute your time and money to your local food shelves who support the hungry and the thirsty."

Jesus said: "My people, when you get old and it is hard for you to live alone, many need help with their necessities in nursing homes and assisted living places. It is not easy for them to leave their homes, but they may have memory problems or cannot move around very well on their own. They can get lonely if their family and friends forget about them. Make an extra effort to visit the sick and the elderly to cheer them up and make them feel loved and wanted. These spiritual works of mercy will store up heavenly treasure for you to offset your sins."

Jesus said: "My people, you may know of some people who unfortunately have found themselves in prison for stealing or other such minor crimes. You can be a great witness of faith if you work with the jail ministry to try and convert these offenders. They need to have some hope after their sentence is over. Help them in prayer and even adjusting back into society. These souls are hungering for somebody to visit them and encourage them in their dark hour."

Jesus said: "My people, there are many kinds of people with various addictions to food, drink, drugs, gambling,

computers, and pornography. Each of these addictions has a demon associated with them to try and bring a soul to fall under their control. My faithful need to help these addicts with prayer, removing them from the source of their addiction, and helping them to get professional assistance to deal with their addictions. Pray prayers of deliverance and exorcism to bind these evil spirits to the foot of My cross, never to return again. Help them in their struggles, or they will bring more grief to themselves and their families."

Jesus said: "My people, when you come to Me at your death at your judgment, it will go well for those who have their hands full of good deeds and spiritual acts of mercy. I have given you some suggestions in the earlier messages for ways in which you could help people in their need, and help you in storing up heavenly treasure for your caring and kindness. Lent is a time to be thinking more of helping your neighbor out of love for Me in them. I have told you if you have done a good deed for one of My little ones, then you have done it to Me in them as well. Helping hands are a good way to show that you love and care about your neighbor. I will not forget your good deeds, and you will receive My reward for your efforts."

Friday, February 15, 2008:

Jesus said: "My people, today's Gospel reading about anger and reconciling with your neighbor is a very important theme. I am asking you to quote this passage so people do not forget it. (Matt. 5:23, 24) 'Therefore, if thou are offering thy gift at the altar, and there remember that thy brother has anything against thee, leave thy gift before the altar, and go first to be reconciled to thy brother, and then come and offer thy gift.' This means do not keep any grudges against anyone, and do not seek revenge in anger. Make peace with your neighbor so these things do not control you, or disturb your spiritual peace. This also means that you should consider going to Confession to ask My forgiveness of your sins before you come to receive Me at the altar in Holy Communion. It is best to receive Me with a pure soul, and especially without any mortal sin so you do not commit a sin of sacrilege against My Blessed Sacrament. It is hard to restrain your anger when you feel that you are being violated unjustly, but you must be forgiving even when you are in the right. When the other person sees your kindness, they will be confounded in their evil deeds. Ask Me to forgive them as well."

Jesus said: "My people, this cloud over these barrels of crude oil is a sign that there are going to be major problems in the oil producing countries of the world. There already is a growing demand for oil because of America and China to fuel your factories and comfortable lifestyles. Any disruption in the supply of oil because of wars and uprisings against the oil companies, and there would be a major shortage and higher gas prices. These clouds in the vision over oil are exactly what will happen. You already are seeing conflicts with Chavez, and destroyed pipelines in Nigeria and Iraq. Oil alternatives are very few and hard to supply in the volumes that are needed. Wars have been fought over fuel supplies, and this could very well spread into other countries. Pray for peace in the world and that all countries may have enough fuel to sustain themselves without a few countries taking too much from the rest of the world."

Saturday, February 16, 2008:

Jesus said: "My people, I want to teach you about the things on a heavenly plane and those things on an earthly plane. It is your soul being a spirit that seeks and is only satisfied with the things on a heavenly plane. While your body, being earthly, seeks only those things on an earthly plane. Many times you have a desire for new homes, new cars, or new electronic devices. These are all earthly things and they will never satisfy your soul. There are necessary things that you need for survival, but you may be tested to desire something that you cannot afford. Be satisfied with what is within your grasp, but do not worship these things or see them as status symbols driven by your pride. It is not a sin to own things, but continual desire for the latest things may begin to control you. You are here to know, love, and serve Me, so spiritual goals are most important for you to seek. Remember that things will only please you for a time before they become old or obsolete. They will never satisfy you as I satisfy your soul."

Jesus said: "My people, there are more people in different countries trying to help in reducing the air pollution by the consumption of less fuel. This can start with car pooling and making more fuel efficient cars. Others are working on wind, solar, and hydrogen fuel cells. While this is a start for alternative power sources, there needs to be some major breakthroughs so you can cut back oil related fuels. The high price of oil and gasoline has strained many budgets in getting to work, but it has cut

back some pleasure and vacation driving. To make any dramatic effects on the level of your fossil burning fuels, it will mean some hard choices for your international economies and business manufacturing, as well as a change in your driving habits. If something does not change your current trends, major effects could bring My balance of nature into an imbalance. Your earth is a finite space for all of you to live, and you need to preserve your environment the best way that you can. Pray for all the peoples of the world to see the need to work together on this situation affecting all of your lives."

Sunday, February 17, 2008:

Jesus said: "My son, it is good for you to be here feeling the beauty of My Transfiguration, as in the Gospel reading of today. This beautiful spiritual feeling is like the little taste of heaven that you experience at daily Mass in receiving Me in Holy Communion. You are seeing Me transfigured into My Body and My Blood from bread and wine at the Consecration time of the Mass. This was a sign to My apostles of My glorified Body that I would return in at My Resurrection after My death. It is also a preview for all of My faithful that you will come back in your glorified body after the final judgment. This is your goal to be with Me one day in heaven in your glorified body forever and ever. Being with Me in heaven is greater than all of your most desired experiences that you could ever have on earth. Give praise and thanks to your Lord that I died for your sins so you can come to heaven."

Monday, February 18, 2008:

Jesus said: "My people, many people are asked to get flu shots every year so they will be protected from the latest flu germs that mutate every year. It is difficult to predict which of the latest strains that will be prevalent in order to make vaccines for it. I have told you in the past that the one world people will be manufacturing a pandemic disease in order to give them an emergency to declare martial law. One of their techniques to spread this disease will be to place viruses in these annual flu shots to make people more susceptible in acquiring a new disease. They will then disperse this new disease or a more virulent old disease by means of the chem trails in the sky which they have used for a long time to spread flu-like symptoms. This is why it is good now to build up your immune system with Hawthorn pills or tea, vitamins, and herbs. Once My people come to My refuges,

you will be healed of all diseases by drinking the healing spring water, or looking on the luminous cross in the sky. I will protect you from all that the evil ones are planning, so trust in My help every day."

Jesus said: "My people, I have shown you earthquakes, tornadoes, and hurricanes striking America because of its sins. Now you are seeing a major city on your East coast being struck by a tsunami or wall of water. I am telling you that you will be greatly tested this year with terrible natural disasters that you have never seen before. Tsunamis strike with little warning and they travel wide and fast. You would do well to look into the sources of possible tsunamis that could strike your East coast. Just as you have tsunami warning systems in the Pacific Ocean, you should also have one for the Atlantic Ocean as well. In other messages I have warned you not to live close to the oceans or large rivers where these large water disasters could occur. America needs to repent soon from your sins and lifestyles, or you will have to face My justice."

Tuesday, February 19, 2008:

Jesus said: "My people, this vision of a blanket with the sun shining through it represents My Mystical Body as you are all joined in Communion with Me, the Church, the saints, and even the souls in purgatory who are saved. This 'Mystical Body of Christ' should be better understood by the faithful. It is to include all baptized believers in My teachings."

Requested research by Jesus:

St. Robert Bellarmine teaches: 'The Mystical Body of Christ is composed of three 'churches' - The Church Militant (Catholic Church), the Church Suffering (purgatory), and the Church Triumphant (saints).

Pope Pius XII in 1943 said: 'Only those are really to be included as members of the Church who have been baptized and profess the true faith and have not unhappily withdrawn from body-unity, or for grave faults been excluded by legitimate authority. For in one Spirit were we all baptized into one Body.'" (Mystici Corporis, p. 12)

Jesus said: "My people, you may be familiar with the reading of dry bones in the desert. (Ezekiel 37:1-14) I talked to Ezekiel about all of these bones before him and I asked him to prophesy over them. Then My Spirit came into these bones and they were raised up with sinew and flesh into a new army of Israel. This is a fore shadowing of how the Son of Man will be resurrected into a glorified

Body. At the last day all of My faithful will also be resurrected into a new body that will be rejoined with your soul. As you go forward during Lent, you will see how Good Friday leads up to My Resurrection on the first Easter celebration. Even as you read of My Transfiguration last Sunday, that was another prefigurement of My coming Resurrection when I rose three days later after My death. All of Lent is a reminder to you that you are suffering with Me on your Good Friday while you are on this earth. You too will be waiting and will be purified for your own Easter resurrection. Give praise and thanks to your Lord for dying for your sins so you may one day be with Me forever in heaven."

Wednesday, February 20, 2008:

Jesus said: "My people, the vision of this valuable pearl represents one of the examples that I gave in the Scripture in describing the Kingdom of Heaven. (Matt. 13:45,46) 'Again, the Kingdom of Heaven is like a merchant in search of fine pearls. When he finds a single pearl of great price, he goes and sells all that he has and buys it.' Your eternal life is so important that you should be willing to consecrate everything over to Me so you will be accepting My gift of salvation. But do not be demanding of a special place in heaven as the apostles St. John and St. James wanted to be on My left and on My right. My heavenly Father has prepared a place for every faithful soul, and you will receive it in due time where He wants you to be. Give praise and thanks to God for saving you and giving you the opportunity to come to heaven. In the Old Testament the jealous and plotting people of Jeremiah's day did not want to hear the hard words of destruction for a sinful Israel. So they eventually killed him, even though his prophecies came true. So I warn all of My prophets and messengers of this age that you be prepared for persecution and possible martyrdom as well. It is not easy to prophesy destruction if the people do not repent of their sins. These things will also come to pass, even if your people kill the prophets of today."

Jesus said: "My people, when you die, most earthly things of yours are dispersed, and you are soon forgotten. When you think of all the things in life that you dreamed of owning, they all amount to nothing at your judgment. It is not too often that you sit down to think of all the things that you want to accomplish before you die. Many times you do not have the time nor the means to accomplish all of your dreams. In the end it is family and your love

for Me that should be most important in your life. To see your children married off and some of your grandchildren, that can mean more than your own physical successes. Saving your soul with My help, and evangelizing other souls to be saved, especially your own family, can mean even more to your spiritual life that lives on beyond the grave. You will meet your deceased family members when you die, and there will be a great reunion in heaven. Most of all you will be eternally happy to be with Me, My saints, and My angels in all of heaven's beauty that awaits you. When you come to Me at death, you will be coming to your final home and resting place with your Savior."

Thursday, February 21, 2008: (St. Peter Damian)

Jesus said: "My people, today's Gospel on hell or the netherworld is an important reminder to everyone, even the worst of sinners. (Luke 16:19-31) There is a stark contrast between the rich man who had all of his earthly comforts, and the beggar, Lazarus, who had the dogs licking his sores. After his death the rich man is tormented by flames even though he is in spirit only. He will not even be comforted with any cool water, and he will remain there forever without ever seeing Me. The rich man tries to warn his five brothers not to come to this place of torture. But Abraham tells him that they have Moses and the prophets to follow and if they do not heed them, they will not heed even one that rises from the dead. This refers to My rising from the dead in My Resurrection. Some souls are so persuaded by the devil and the concerns of the world that they do not listen to My Word and find themselves in hell just as this rich man. There are some who so love their sins of addiction that even after the Warning, they will refuse to love and serve Me. This is why the devil and his angels were punished in hell for denying to love Me nor serve Me. Your choice for being in heaven or hell is based on your life decision whether you want to serve Me or yourself in the world. Therefore, choose life in heaven by following My laws and repenting of your sins, or you will choose death in hell."

Prayer Group:

Jesus said: "My people, I am showing you someone in constant pain that could be called a suffering servant or a victim soul. These are the people that offer up their pain to Me to be united with My suffering on the cross. There are a lot of suffering people in the world, and I pray that more could think to offer up their pain to Me so their pain is not wasted. There is redemptive merit in offered up

pain, and I can use this offering to make atonement for the sins of the world. Prayer, suffering, and fasting are your Lenten callings for this worldly sin as well. Those, who are being converted in their souls, could be giving thanks to God that suffering souls are paying the price for the converted souls."

Jesus said: "My people, there are some souls that have been faithful to Me for many years. This faithful remnant has been a shining example to lead others to conversion to the faith. The young generation has to look up to their elders for spiritual inspiration. This is why My faithful need to be constant examples of faith, hope, and charity for your children and grandchildren to follow. Let them see you constantly at church and in prayer so they see that you practice what you preach. Pray for all of your family members that they may remain faithful to Me because of your prayers for them."

Jesus said: "My people, in a way this broken stained glass window represents the brokenness in My Church. You have see the scandals in My Church with some priests that have had encounters with young boys or older women. Many churches had to be sold to pay for legal suits against My Church. In some areas Catholic schools are being closed for lack of funds and low enrollment. Even though you are suffering such trials, do not let these things weaken your faith. You all need to be My prayer warriors so you can strengthen the lukewarm and keep them from falling away from their faith. Broken windows can be repaired as well as any brokenness in My Church."

Jesus said: "My people, many of your fertility rates in the industrial countries are dropping because of your abortions and death rates among young children. America would be losing population if it were not from your large immigration numbers. People are thinking it is too difficult to raise children, so there are less being born. It is in the third world countries that more are born without worries about money and perfect education. Those, who trust in Me to help raise their children, are more confident in having more children than those depending on themselves only."

Jesus said: "My people, at times it is good to look back at your old roots of how your parents raised you, and how you raised your own children and grandchildren. You sometimes feel like an in between generation because you are still providing for your parents' health, and you may be housing or supporting your children and your grandchildren. Even though you may feel stressed in this

care, you should feel honored and grateful that you have the money and health to help all of your family members. Continue your good works because you are all storing much treasure in heaven for your loving care."

Jesus said: "My people, when you look up this staircase, you think it is impossible to climb all the way up to heaven as a saint. You need to look at each day as one step at a time because each day has enough troubles of its own. Each day try your best to serve Me and your neighbor out of love, and do not worry if you are doing everything perfectly. You will make mistakes along the way, but take courage because I am with you to forgive you so you can pick yourself up and carry on in My service. Keep focused on Me and please Me in following My laws and continue your daily prayer efforts."

Jesus said: "My people, My mercy will be poured out on every soul at the time of the Warning. Even the worst of sinners will be given an opportunity to change their way of sin and be converted. After the Warning you will be more responsible for your actions because you will know more how your sins offend Me. The event of the Warning will signal the beginning of the Antichrist coming into power. There will be weeks to prepare conversions, but then evil will have its hour and you will be called to safety at My refuges. Do not be afraid or be hesitant to leave everything behind, because My angels will protect you on your way to My refuges, where all of your necessities will be provided for you. Trust in Me always to provide for your spiritual and physical needs."

Friday, February 22, 2008: (Chair of St. Peter)

Jesus said: "My people, your trips to Betania have already focused around My Blessed Mother's feast days. You are asking what would be an appropriate time to come to Betania this year. It would be in keeping with your previous trips that a good time would be around one of My Blessed Mother's feast days. If you could ascertain a specific time when Juliet was given notice that she would be called 'Betania IV', you may want to make a trip in honor of this anniversary. Your desire is to have a convenient time for your pilgrims and the Bianchini Family. Any time that you choose to visit My Blessed Mother's shrine in Betania is always acceptable to us. The real desire is for a spiritual renewal in all of the pilgrims who wish to come to Betania. They can build on their faith life by inviting us more into their daily lives. Every time that you make a pilgrimage to My Blessed Mother's

shrines, you gain a grace and a protection from My Blessed Mother's mantle. Those, who have visited Betania, can testify how each time that they come, they take home a joy in their hearts that has to be experienced there. All of the called Betania centers need to be united with My Blessed Mother, Me, and Maria Esperanza in sharing your common purpose of prayer for the world, and reconciliation with each other in making peace all over the world."

Jesus said: "My people, today's feast commemorates the starting of My Church when I declared to St. Peter (Matt. 16:13-19) 'You are Peter, and upon this rock I will build My Church, and the gates of hell shall not prevail against it. I will give you the keys to the Kingdom of heaven.' This should be a comfort to all of My faithful for My faithful remnant will remain protected even through the coming tribulation. There will be persecution and some will be martyred for not giving up their faith. Continue to pray for Pope Benedict XVI so he can continue to lead My Church through the succession of popes from St. Peter. Regarding the vision of My Blessed Mother kneeling on this land, the significance is connected with the Seventh Anniversary of this Gospa House. My Blessed Mother is affirming her protection of these grounds which continues to be a place of refuge and protection in the coming trial. Pray for unity in the hearts of those working on this ministry. Wherever there is a good work going on to save souls, you know the devil will try to plant his seeds of division in that place. This means that you need to invoke St. Michael to exorcize any demons of dissension, and strengthen the purpose and faith of the people in this ministry. Keep your focus on the love of our Two Hearts, and your work will yield the fruit of My mission."

Saturday, February 23, 2008: (St. Polycarp)

Jesus said: "My people, this is a glorious celebration of the Mass and the blessing of this new 'Betania IV' Shrine. You are seeing in this vision how My Blessed Mother and I are both blessing this shrine. Today's Gospel of the Prodigal Son and his father is a parable representing the mercy of My loving forgiveness for all sinners. Whether you are a grievous sinner as the young brother who sinned with prostitutes, or a prideful and jealous sinner as the older brother, you are all sinners and My mercy is showered on all of you. My love goes out to all of you in every trial and difficulty that you are facing. Sin has made many hearts and souls cold to receive Me in love. This is why I pour out My Most Precious Blood

on all souls, especially those that you are praying for conversion. By praying for poor sinners, especially the lukewarm in your family, you will help bring My love to these souls so they can be predisposed to loving Me. The angels around My Real Presence at the Mass show you how much you should give Me praise and glory for My gift of My Eucharist. As you see the father of the prodigal son forgive both brothers, so I want you to come to Me for forgiveness in Confession. Your soul needs to be free of mortal sin by Confession so you can worthily receive Me in My Blessed Sacrament. You commit a sin of sacrilege if you receive Me in serious sin. Go and make recompense with those that you have offended and then bring your gift to My altar. Love one another and confess your sins often so your soul is always ready to meet Me at your judgment."

Sunday, February 24, 2008:

Jesus said: "My people, this Gospel of the woman at the well is a very touching story of My love for everyone. I have talked about My Living Water in many messages, and this refers to today's reading. Your bodies desire water and food of this world, but it will never be satisfied except for a short time. Your soul thirsts for spiritual food and drink in order to have eternal life. I feed your soul with My own Body and Blood under the appearances of bread and wine. When you partake of My spiritual food, your soul will be completely satisfied in My sacramental Real Presence. Holy Communion is a small taste of heaven that you can experience on earth. I send you My graces and blessings every time that you receive Me in My sacramental presence. You have this glorious opportunity of being with Me at every Mass, which is why many attend daily Mass. Other faithful make special visits to adore Me in Adoration of My Real Presence in My Host. You have witnessed many miracles of My Eucharist that were signs to those that did not believe in My Real Presence. I have given you this gift of Myself to each of you when I instituted My Eucharist at the Last Supper. I suffered and died for you on My cross, and it is My Most Precious Blood that has paid the price for each of your souls. I am the Lamb of God offered up as a sin offering for all of mankind. This 'Sacrifice of the Mass' is a re-enactment of My suffering on Good Friday. All of you are also appointed to die once before you can come to heaven. You must also suffer with Me in carrying your daily cross. Give reverence to My Blessed Sacrament by bowing or kneeling to receive Me without mortal sin on your souls. I am Lord and God over

your lives and I ask you to follow My Will and give everything over to Me as your Savior to serve Me in your mission. Love Me and your neighbor so that all that you do is out of love for Me. Give Me thanks for all the gifts that I have given you, and hold My peace in your heart without letting anything earthly control you, or disturb your peace."

Jesus said: "My people, I want to lead My faithful on a path to increased holiness. It is only by becoming holy that you can strive to get closer to your goal of sainthood. The gate in this vision represents a fence that encloses your comfort zone that you feel safe to work in. Opening this gate means in order to grow in your faith that you must be willing to take risks in your trust of Me by going out of your comfort zone. Call on Me first to discern if your plans are in keeping with what I want you to do. I call on you to share your faith with others in evangelizing souls. When you are following My lead out into the world, you will meet with these tall white walls that seem impossible to go through. These walls are the restrictions of your society as a resistance to stopping abortion. Do not let people hold you back with threats, because you need to protest abortions in any way that you could. Only with My help and that of My Blessed Mother can I help you break through these barriers. Another wall is a resistance to stopping wars. I want peace all over the world. You cannot say that it is good to continue killing one another. So strive even publicly to be a peacemaker in voting against wars. Another wall is a resistance to stopping pornography and prostitution. You know there are many evils caused by literature and pictures on the internet. You need to fight such evil shops and places of prostitution in your neighborhood. Pray also for people to break down their personal barriers of addictions that people fall victim to. When you strike out in trust of My power to fight these evils in the world, you will meet with much resistance from man and the demons. So ask My help to reach out to purify your soul and the souls around you. By working in My vineyard, you will gain a great reward in heaven."

Monday, February 25, 2008:

Jesus said: "My people, you are very comfortable in your homes today, but in the coming days of tribulation, My faithful will need My protection at My refuges from the evil ones who will try to kill you for your faith. Many will be in confusion in these changing events and the

leaders of My faithful will be giving advice and direction how to invoke My protection at the appointed time. When you see world famine, a division in My Church, mandatory chips in the body, and martial law, know that it is time to prepare to come to My refuges. My refuges will be at My Blessed Mother's places of apparition, places of holy ground, and even caves. At that time I want you to call on My Name and I will have your guardian angels lead you with a physical sign to the nearest place of refuge. You will first be led to interim places of refuge where My faithful will have a temporary place of hiding and any food will be multiplied for those who come. Even at these interim places, which this place is one, I will send My angels to protect you and you will be invisible to your enemies. Rejoice in My merciful protection, even though some will be martyred. After a while, you will be led further to your final places of refuge. You will remain at My refuges until I come to vanquish the Antichrist and all of the evil ones into hell. Be patient and trust in My protection and how I will provide for your needs."

Jesus said: "My people, you are seeing in the vision a beautiful manifestation of white light emanating from this cross being carried in procession. This sign is all about the Triumph of My Cross over death, sin, and the devil. I have told you before that this place is a refuge and that this Luminous Cross is the same sign that you will find over every refuge, only it will remain in the sky until the end of the coming tribulation. You will see at the time of tribulation that My cross will triumph again over all the evil ones until I return in glory. My cross will also be a triumph over all of your diseases as you look upon it and are healed. This sign of My cross is not a sign of weakness, but it is My offering of My sacrifice for all of mankind. Truly My cross is a triumph over any of the devil's powers or any evil. Even after your death, My cross of sacrifice will bring about your resurrection at the final judgment, and you will share in My final Triumph."

Wednesday, February 27, 2008:

Jesus said: "My people, many laws and Commandments were given to Moses, and the Jewish people recorded them in the first five books of the Bible. The core of these laws rest on the love of God and neighbor as thyself. Before I came on the earth, these laws were somewhat burdensome in the way that they were interpreted and carried out. I came not to change the law, but to fulfill the law. The love in

My commands was not fully expressed, and I added another dimension to loving your neighbor as always forgiving him and going even the extra mile of loving everyone, even your enemies. My law of love, as I spared the adulterous woman of stoning, is much more compassionate and not as severely punishing as human judgment. The more gifts that I give you in knowledge of the faith, the more you will be held accountable for. I did not take away from the law, but I did embellish it with My love and mercy. You would much rather be judged by a merciful and loving God than be judged by man's laws and traditions. Treat everyone as you would want them to treat you, but do not take revenge or hold grudges for any offenses. Love one another as I love you, and that will be enough for you on your way to perfection."

Wednesday, February 27, 2008:

Jesus said: "My people, many of your scientists have talked about global warming and are pointing at the melting glaciers. They also are claiming that increased greenhouse gases, as carbon dioxide, are at fault. The irony of these theories is the recent finding of a decline in world temperature in the last year. Many things as less solar activity, or things in the atmosphere from volcanoes, chem trails, or sand storms could be blocking the sunlight. Man-made pollution does have its affects, but it is hard for man to say what is the actual cause of this latest trend. Man could work to keep the environment clean, but there are many factors that could affect global temperatures. This is why it is difficult for man to say if any warming or cooling trends are actually taking place over time." (Note: In the last year the world temperature dropped 0.60 degrees C which makes the 100 year increase only 0.037 degrees C.)

Thursday, February 28, 2008:

Jesus said: "My people, this vision of your modern sophisticated weapons of war appear so overpowering to the capabilities of the insurgents tha you are fighting with, when they are using road bombs and suicide bombers. Yet the one world people are insistent on constant wars and tying down your armies in foreign lands. These wars, that are in oil and drug countries, are too obvious that money is the incentive behind the wars. Wars that only want regime changes and are non-provoked, as in Iraq, should

alert your people as to how you are being manipulated. It is time that Americans question these wars and how long they are dragged out for areas that have no concern to your country. It is the rich and the Defense industries that profit from these wars, even when there was an absence of nuclear weapons on which the war was based. Pray for an end to these wars, and voice your opinion against this constant killing in foreign lands."

Prayer Group:

Jesus said: "My people, when a recession or inflation is threatened, some place their trust in gold, thinking that it will not lose its value. My people should put their trust in Me whether you are in good times or in bad times. When you put your trust in money or gold, these things could be corrupted or stolen. When you put your trust in Me, I will promise you eternal life. I love all of you so dearly, and I struggle to help save your souls as long as you are alive."

Jesus said: "My people, some people want to have as many earthly comforts as possible. It is almost impossible to carry your daily cross without some expectation that you are going to suffer some in this world. Your days will be filled with trials, and you will have to shoulder life's burdens of sickness, working for a living, and putting up with pain and inconveniences. When you suffer in this life, it will not be any different for everyone else. Ask for My blessings and graces so that your families will be able to endure your life's trials."

Jesus said: "My people, do not expect that you will be given all that you need without having to work for it. Some inherit wealth from rich families, but these are few in number. Some receive charity who are unable to work, but you do not want their handicaps. Most people are forced to find work in order to survive, but trust in Me to find you adequate employment. I will not leave you orphans, so you know that I will help provide for your bare necessities as I feed the birds and dress the lilies of the field."

Jesus said: "My people, during Lent you are asked to give alms to the poor, but not just a token amount. When you give donations to the poor, I want you to give from the heart and be a cheerful giver. This means that you should be tithing ten per cent of your income to help My Church and the poor. You are willing to spend considerable amounts on vacations and your leisure spending on your home items. So be willing to share a considerable amount as well to help your neighbor in having food and shelter."

Jesus said: "My people, beware of the one world people who will be trying for a takeover of your country by inflicting viruses on you from chem trails and even through the existing flu shots. There is a plan to have all the children receive the flu shots without thinking of any side effects on them. Build up your immune systems and be wary of taking any shots unless you are at great risk."

Jesus said: "My people, this is the third week into Lent and you would do well to see if you are making any sacrifices in your attempts to improve your spiritual life. You made some promises to yourself to do some penances and help people. Are you truly fulfilling your intentions, or do you need to get back on track to what you promised? By making some sacrifices as fasting, or denying yourself something that you like, you can strengthen your spiritual life for this Lent."

Jesus said: "My people, during Lent you should be more focused on seeking My forgiveness of your sins. You can strive to be more holy by attending daily Mass, and going to frequent Confession of your sins. It is not easy to avoid constant temptations, but you have strength and forgiveness in My sacrament of Penance or Reconciliation. Making some extra prayer time each day will also help you to see the big picture of why you are here on this earth. By doing everything to serve Me more than yourself, you will have more focus on your purpose in this life to follow Me."

Friday, February 29, 2008:

Jesus said: "My people, many of your scientists have been trying to explain the losses in the number of beehives. Some are saying that it is a combination of mites and insecticides that are disorienting the bees. Man has tried to change plants by making hybrids to improve on My perfection for better yields. All of his manipulations are interfering with how seeds are made, and insecticides are killing even the good insects. A third of your crops require pollination with the help of the bees. If the bee population continues to decrease, this could even threaten the beginnings of a world famine. This is why you may need to stock up on seeds that are not hybrids, so you can harvest seeds the next year. All of man's manipulations of his crops could undermine My balance of nature and cause a shortage in your food supply. This is why I will have to multiply your food so you can survive this disaster. Keep farming with My original perfect crops and you will see better yields and quality in the end, with seeds that you

can continue to harvest."

Jesus said: "My people, this volcanic eruption will send ash and black smoke into the sky for miles high. It will cause a major blocking of the sun in the immediate area and it will affect the local weather for a time. There will even be a slight reduction in the earth's overall temperature. These such events have occurred in earth's history before, but this event will shake many people to realize the fury of nature. I have told you before that you will see many unusual natural disasters this year, and this describes one such event. Be prepared to witness such events that could change the way you live today. As you see this volcano spew flame and dust all over, know also that some demons will be released from hell through this volcano to torment souls on the earth. This is a sign to you that the tribulation is about to begin."
