

Wednesday, January 1, 2003: (New Year's Day)

Jesus said: "My people, this vision of water overflowing this stone path is a sign to you that major events are going to continue to overwhelm you. This year will bring many deaths from wars, terrorism, and natural disasters. Your world is on the brink of a major war and these instabilities could throw all of your markets into turmoil. Prayer for peace and less killing can limit these effects, but it is the one world people who desire more fear and anxiety so they can control your freedoms with threats to your security. Wars and terrorism will be focused to bring about the implementation of a national ID that would require smart cards and eventually chips in the hand. No matter what the reason, refuse to use these ID cards and refuse chips in the hand, even if you are threatened with jail or being killed. When such ID chips are forced in the hand, then you will be going to your refuges for My help. Refuse food, jobs and other promises of the evil ones to take chips in the hand. Better to trust in Me and My help."

Jesus said: "My people, this brilliant object in the sky will be quite visible to everyone and it will even create fear in many. It will be the time of the Warning when this object will appear. It will be a miraculous event guided by God that man can do nothing about it. This will be a major sign in the sky of when everyone will be visited by My Warning illumination of the soul. This event and My Warning will be direct supernatural intervention into your lives. It is partly being brought about at this time because of man's delving in parts of science that he should not be, as in cloning. I have told you that I would confound these demonic experiments by My own intervention. I will allow man and the demons to go so far and then My wrath will fall upon you. There is no true need for cloning or manipulating your plant and animal DNA. It is only because you can do this and the evil one's influence that you are experimenting in areas that deal with new life. These experiments could create disease and unexpected deformed plants and animals that could upset the balance of nature from My plan of creation. That is why My angels will interfere with your evil work to make it fruitless. Accept life as I have given it because your modifications will lead to disaster."

Thursday, January 2, 2003: (St. Basil & Gregory)

Jesus said: "My people, this boat in the vision represents how you are traveling across the sea of life."

As with My apostles, you will come up against many storms that will toss you about and test your faith. I was asleep in one storm and My apostles woke Me up out of fear and I calmed the waters. I actually chastised My apostles for their little faith. Once the storm obeyed My command, they started to understand My power. So when your perils seem hopeless, call on Me and I will calm your storm as well. Have faith that I will help you and guide you, and you will be able to weather any trial. Your Christmas season is coming to an end, but My infant image will be with you all year long. I have asked you to leave a small Christmas scene on your altar all year long just so you can remember My first coming is always pointed to My second coming. Have trust and faith in Me and I will smooth out all of your problems."

Prayer Group:

Jesus said: "My people, how can you have peace on earth while you continue to plan for war? The one world people are behind setting up this war in Iraq, especially because of their oil interests. Even if Saddam complies with all of the UN demands, it will not stop the regime change that is really desired. America is carrying out the desires of the rich people who desire control over Iraq's oil fields and an end to Saddam's threats. The real cost in lives and money does not seem to stop the planners of the new world order. Continue to pray for peace because this war could spread to other countries."

Jesus said: "My people, the weather in the Pacific Ocean is generating some violent typhoons that have devastated several islands. Many storms have been coming ashore on your Western states that are unusual in the wind intensity and the amount of rain. An El Nino is occurring that is named after Me at Christmas. Many weather patterns are changing and could cause you more violent weather this year."

Jesus said: "My people, you have seen much activity in Alaska and many other unusual locations. These earthquakes are becoming more numerous and more severe. You will see some serious loss of life when these start occurring in more populated areas. These signs of the end times reveal to you how vulnerable you are to all of these world events."

Jesus said: "My people, the earthquakes that are increasing will also precipitate a larger number of volcanoes that will send much ash into the sky. Again these signs show you a world that is in turmoil as a

reflection of man's increased sin. Some of these natural disasters are a chastisement for man's sinful behavior."

Jesus said: "My people, there has been much ado over the amount of money being made on the latest movies at the box office. While fame and fortune are being shown in these movies, heaven is not pleased with the violence, bad language, and perversion shown in these movies. They become an occasion of sin for some and a bad influence on the morals of children watching these evil movies. You are seeing hard times, wars and violent crime daily, yet you do not see how these violent movies are encouraging such bad behavior. Better to avoid these evil movies and do not support more of the same."

Jesus said: "My people, you have seen several attacks on oil tankers and fires of suspicious origin around fuel depots. Terrorism on such fuel supplies and riots in oil producing countries as Venezuela have caused some spikes in your gas prices and even shortages in some places. Look for more of these events that could threaten your fuel supplies and the price of your fuel. Many people have spoke how these are not long term problems, but only a few incidents could affect your war supplies. War in the Middle East could even affect these supplies as well."

Jesus said: "My people, your government has tried to downplay the seriousness of North Korea producing nuclear weapons. It is showing the double standard in Iraq where production of such weapons is leading America to war. There is nothing to be gained in North Korea and America does not want to finance them or divide their military attention from Iraq. Your world of weapons of mass destruction is becoming as bad as during the cold war with Russia. Proliferation of such weapons is bringing man closer to the brink of mass destruction and the loss of many lives. Man should be praying for peace and disarmament instead of becoming like an armed camp ready for war. The evil one is stirring up these war drums and America is desiring war to come. War will never decide your problems because it only causes hate and more destruction. Pray for peacemakers to prevail before many could lose their lives."

Friday, January 3, 2003:

Jesus said: "My people, this vision is a picture of the desolation in the Church at the time of the schism. There will come a time when My Church will be split into a schismatic church and My faithful remnant. The schismatic church will not believe in My Real Presence in My properly

consecrated Hosts, nor will they follow My Commandments in regard to the sexual sins. Do not attend these schismatic services because they will endanger your soul and My Real Presence will not be there. Come to the underground home Masses with My faithful priest sons. If you cannot find a proper Mass, then call on Me in spiritual communion. Your prayer life will be tested by this split in My Church, but hold on to your blessed sacramentals, scapulars, and rosaries for your protection. Enjoy Adoration and the proper Mass while you still have them, for the days of desolation in My Church are not far off."

Saturday, January 4, 2003:

Jesus said: "My people, My Jewish ancestry was built around the Mosaic law based on the Ten Commandments of the vision. Many followed this law scrupulously in every detail, but some followed the earthly traditions more than the spirit of the law. For those, who follow the love of God and love of neighbor, it is enough to live your religion than to worry about the letter of the law. It is the intention of your heart to live a life of serving Me and the needs of your neighbor. If you follow Me on your road to perfection, you will live a life of love in all that you do. If you are thinking love all of the time, you will not find room in your heart for hate, jealousy and pride. It is this pureness of heart that I desire of all of My people. Keep your thoughts focused on Me in the Commandments of love of God and love of neighbor, and you will have nothing to fear on your road to heaven.

Note: This message touched the heart of the cameraman.

Jesus said: "My people, I am showing you a massive crowd that is willing to come and visit Me at Adoration. You have read of the kings of the East who came to adore Me and give Me homage and gifts. They came from a great distance to follow My star to where I was born. Now you are seeing My star over every place of Adoration or My tabernacle. It may be many miles that you have to drive to visit Me in Adoration. The wise men came a great distance and you can also. You make great pains to visit distant sports events, so even more so you should be willing to visit your Lord and Master whenever you can."

Sunday, January 5, 2003: (Epiphany)

Jesus said: "My people, as you come today to celebrate the coming of the wise men in the Epiphany, I want all of you to bring Me your personal gifts to share with Me at My crib. The priest today talked of sacrifice and I am asking

you to make sacrifices for Me and those in need around you. The wise men made many sacrifices and I want everyone to be generous to Me as well. I am asking you each day for your daily consecration of everything that you own and everything that you are over to My service. When you donate to My Church, do not just give Me a token amount, but I am asking you to tithe what you have to Me and to the poor. All, that you suffer to give, will be stored up as heavenly treasures and you will be rewarded with My graces and blessings. I ask you also for your time in daily prayer and giving special visits to My Blessed Sacrament so you too can give Me homage and adore your Infant King. Do all of these sufferings out of love for Me and love for your neighbor and you will be living in My Divine Will on your way to heaven."

Jesus said: "My people, I am showing you many doors to My Church to represent the many nations that are a part of My Church. The wise men represented the Gentile nations coming to adore Me at Bethlehem. I have told you that I go to prepare a place for you in heaven where there are many mansions. The wise men came from nations afar, but out of love for man now I go out to you where you live. At every Mass I come to you in Holy Communion. You do not have to travel any further than your nearest church. I love you, My people, and I want you to give Me praise and homage as these wise men did. After you receive Me into your heart and soul, you will have a love of Me in you that you cannot contain, but you must share with others around you. Give thanks and praise that your Creator is with you always and you can visit Me any time at My tabernacle and at Adoration. I bring joy and peace to you every time you receive Me in Holy Communion or you visit Me. It is Christmas every day that you can receive Me."

Monday, January 6, 2003:

Jesus said: "My people, you have honored Me as an Infant King and so I was sent as the prophet Micah told you of My coming kingship over Israel in Bethlehem. Many in Prague honor Me as an Infant King, as you see this statue in My honor in many places. Later, in My ministry in front of Pontius Pilate you see Me referred to as the King of the Jews. I have called the Jewish people, My people from Abraham's day, but My own people rejected Me as the Messiah who was to come because I did not fit their description. As My Church was spread to all nations through My apostles, now many honor Me under the title of King of all Nations. As Creator of all things, I am worthy of such a title and

worthy of your constant praise and worship. I did not come as a tyrannical king in forcing you to love Me, but I come in love to show each of you how I want you to know, love, and serve Me. I want your love, but by your own free will choice. In Scripture you heard Me say that the kingdom of God has visited His people. At the end of this age, you will see Me come again in majesty on the clouds to bring judgment on all men and women. Then you will see Me come as your true King and I will invite all of My faithful to come and share with My banquet in heaven. Remember this image of Me as King because it was out of love for you that I came to the earth to die for your sins and enable everyone the opportunity to come to heaven."

Jesus said: "My people, you will not be living a life of comfort during the tribulation time. Many have a comfortable life now with many of this world's goods. It is easy now to make donations to the poor, but some just give a token amount when they could give more. As with the rich man, 'To whom will all of your wealth go when it comes time to leave for My refuges?' Then the evil ones will want to kill you because of your faith in Me. Better to give freely to the poor now while you can still gain merits in heaven for your charity. Those, who try to hang on to their wealth, will be tested when the mark of the beast will be needed to buy and sell. When you come to My refuges, you will lose everything because you will not be able to take your wealth with you. Be thankful that you will be stripped of your possessions because they will no longer have a hold on you. Living a simple life at My refuges of protection will be difficult after having a comfortable life. When you consecrate yourself to Me, you are giving everything over to Me. You will not take your wealth beyond the grave, so be ready to give it up when you will be tested by the evil ones during the tribulation."

Tuesday, January 7, 2003:

Jesus said: "My son, you are being tested in many ways by those who do not want to believe that you are receiving messages from Me, and by those who do not want to hear messages about the coming tribulation. I know that the mission that I have given you is not an easy one and you will suffer much on account of My Name. My messages are really messages of love for My people because I want everyone to be saved. Your world is being tested by demonic temptations and that is why there is a moral decline all over the world. Because of this decline in morals, I am sending out My messengers all over the world

to inspire the faith in My people that is growing cold in many areas. I have taught you to be obedient to the local authorities of My Church, and even though some messages have been criticized, you know the truth of their origin. Do not be dismayed with criticism or persecution because I had to suffer much for My people, and you also will suffer much for Me. I ask you to be steeped in prayer every day so you can draw your strength from Me in Holy Communion and at your visits to Me in Adoration. Do not be afraid to speak out in My Name about the evils of society around you. The people need to be aware of the sins of the flesh that are offending Me so much and also any taking of life that is violating the plan I have for each soul. I love you, and I thank you for carrying on with this difficult mission."

Jesus said: "My people, I am the Bread of life and you cannot share in this life of Mine unless you eat My Body and drink My Blood. (John 6:53)

Those, who do not take My Eucharist, will have no life within them. The bread, that I will give you, will provide you eternal life. It was out of love for man that I instituted My Holy Eucharist at the Last Supper. This is My gift of Myself to you that you may be with Me always. Those, who truly love Me and desire to be with Me, search Me out at Mass in Holy Communion and visit Me often at Adoration or My tabernacle. When you receive Me in Holy Communion, you partake of My Real Body and Blood under the appearances of bread and wine. In the reading of St. John he expresses how much I love you and how much I want you to love Me in return. The flame in My heart represents the unconditional love that I have for all of mankind. That love is fulfilled at Communion time when you are one with Me for a short time. My love for all of you is so great that I was willing to lay down My life as a ransom for your sins. After you have experienced My peace and love, there can be nothing on earth any greater. After loving Me in My Holy Eucharist, you will not be satisfied in your soul until you can be with Me forever in heaven. That is why many spend their loving hours with Me in Adoration of My Blessed Sacrament. Come and visit Me often and pray that more are inspired to give Me their time at Adoration."

Jesus said: "My people, this bright light represents My light piercing the darkness of the world and man's sins. My places of Adoration are little refuges for people to come to Me for rest and I will ease all of your burdens. This is not just a place of physical peace, but My peace that can give you rest in your soul. My light is

in grace given out to those who visit Me, and it is many times an enlightenment in your spiritual understanding of Me and My love for you. My Word in Scripture is another part of My Light of understanding. Reading My Word at Adoration can also help strengthen your faith. I am your strength and help to accomplish My plan for your life. Come to Me as often as you can and you can refresh your spiritual batteries so you can carry on through the trials of your life. Your life will be much less of a burden if you call on Me every day to help you through it." Note: Pastor had someone offer to get donors for a \$600 US chandelier for an Adoration room.

Wednesday, January 8, 2003:

Jesus said: "My people, this heart shaped light shining down on My Host is a sign to you how much I love My people. I love you with an everlasting and unconditional love because I am love itself and you are My creations. I love everyone equally without discrimination. I will continue loving you even if you commit the worst of crimes. I love all sinners and I wait for you to seek My forgiveness even until your dying hour. This love of Mine can overwhelm you with My grace and blessings. I give you every good gift and I even have given you My very life for your salvation, that is how much I love you. This vision of Adoration is why I am also giving you My gift of My Real Presence in My Blessed Sacrament. Come to Me in Holy Communion and Adoration so you can share a deep measure of My love. Those, who praise and worship Me in Adoration, are special to Me and My special graces of protection will be among you. Give thanks and praise to Me for all that you have been given. Come and follow My Will so you can be perfected for your entry into eternal life with Me in heaven."

Jesus said: "My people, I am showing you these rosaries around My Blessed Sacrament because our two hearts are intertwined as one. Every time that you read Scriptures about My Blessed Mother or her messages to visionaries you will see that she is always directing your attention to Me, her Son. Mary always brings you to Me in My Blessed Sacrament. Wherever I am present at Adoration and in My tabernacle, you will find My angels and My Blessed Mother close by. It is fitting then that many people desire to pray My Blessed Mother's rosary at Adoration. When you pray your rosaries, My Blessed Mother is bringing your petitions to Me as an intercessor. When you share your love with Me at Adoration, you are sharing

your love also with My Blessed Mother. We both are watching over you, so continue to make visits to My Blessed Sacrament so I can bestow My graces of protection upon you."

Thursday, January 9, 2003:

Jesus said: "My son, you are being enveloped by the love of the people in Trinidad and St. Vincent. I continue to bring these people a message of love of God and love of neighbor as yourself. When you meet trouble and all throughout your life, I want you to call on Me for strength to endure your trials. When you see crime and attacks on the family, you must see the evil one's hand who tries to take away your peace. My people of Trinidad and St. Vincent must rely on trust and hope in Me for all that you do. Believe that I can do the impossible in your lives and you will receive miracles of My grace. Do not let the evil one cause you to despair, but have confidence in your Lord that I will overcome the evil one's power with My gift of love that will dispel the darkness of sin. I love these dear people and all of My children and I have witnessed My love by dying for you on the cross. Continue to keep My love and peace burning in your hearts and I will help all of you on your path to heaven. I call on you to love everyone, even those who may persecute you."

Jesus said: "My people, I am calling My faithful to go out to all nations and preach My Gospel. Reach out as an evangelist to the many souls that do not know Me and who do not appreciate My love for them. My faithful have been given many gifts of faith, love and My peace in your heart and soul. I am calling you to go out and share your gifts with the non-believers. When you go out to share My Word, you will witness the joy in their eyes of knowing My love. These converts will be so grateful to you for giving them a gift of faith in Me. When you help save each soul, heaven will celebrate that conversion and you will gain treasure in heaven. You are My arms and legs that you do not see in My Host. I use My faithful as instruments of grace for My children all over the earth. Because of your gifts, you will be held responsible and accountable for the use of your gifts. To those, who have been given much, more will be expected of them. Do not hold back in your desire to work for Me, but expend all that you have for My greater glory. Heaven is watching all of your actions, so let us see how well you can perform your duty of love in sharing your faith." Note: Sister Pat identified with this message.

Friday, January 10, 2003:

Jesus said: "My people, I am showing you this hour glass and the sign of division that brings those who believe in Me into conflict with those who reject Me and refuse to believe. The hour glass represents a short time that evil will have its control over people of the earth. My faithful will have to suffer persecution and rejection from the evil people. I call on you to be faithful to Me even amidst the evil and pleasures of the world. The evil ones are making laws to justify their evil lifestyles. My faithful must reject these evil laws and give testimony to My Name and the truth of My Gospels. Even if you will be threatened with jail or martyrdom, refuse to obey their evil wishes. Do not give up your faith, but love even these evil ones. Those, who are homosexual and those living together in sin, are to be warned of their sin and encourage them to live a proper life. You are to work to stop abortions, and killing in any way. You will be against the principalities and powers of evil, so call on My help and that of the angels and we will be with you in this struggle between good and evil. Always witness to My love no matter what the consequences. By your loving Me and following My Will, you will gain eternal life."

Jesus said: "My son, I am showing you these people who love Me dearly and have big hearts for helping their neighbors. They give Me praise and glory with My Adoration. I want these people to be confident in Me that when they call on My help in good times and in bad times, I will answer their prayers. My protection is with you always because of your great love for Me. For those, who consecrate everything over to Me, you will receive a heavenly reward. You may have to suffer some trials in life, but offer up all of your sufferings to Me and you will gain treasure in heaven. I thank you for your many hours of Adoration and your parish will receive My graces and blessings as a reward for love of My Blessed Sacrament."

Saturday, January 11, 2003:

Jesus said: "My people of Tobago, I want you to be more inspired in your faith and not to be spiritually lazy. A strong prayer life and directing your attention more to saving souls should be more of a priority in your life than letting the distractions of the world consume your time. Each day I want you in the morning to consecrate yourselves to giving your will over to Me so I can mold you into a faithful people with My Spirit strong

in your heart. I love all of you, My people, and I want only what is best for your spiritual life. You are called on this earth to know, love and serve Me, and I will give you the strength of My grace so you can endure your trials and lighten your burdens. Have trust and hope in Me and your prayers of petition will be answered. By your struggle to work for perfection in your life according to My Divine Will, then you will be led on your path to eternal life in heaven."

David said: "My dear family, it is the twentieth anniversary of my death and the spirits of heaven have an older age than just babies. I am happy that you acknowledge Me in your daily prayers because I am always ready to be an intercessor for your prayer intentions to present to Jesus. Your work for Jesus has blossomed well in bringing many souls back to the faith. This has been a great reward for you to see the good fruits of your labor. I am eagerly awaiting the day when you can come to heaven to see me. I want to wish my mother and sisters well on their way to heaven as well."

(Baptism of the Lord) Jesus said: "My people, you are bringing the Church's Christmas season to a close. That is why you are seeing My birth and My Baptism in the vision. Many bring their babies to be baptized as this also is reflecting your Infant King. In My Baptism you are seeing a mighty representation of the Blessed Trinity in all Three Persons. My Father calls out 'This is My beloved Son in whom I am well pleased.' My own coming to the earth as the Son of God is seen in Me as the salvation of all of mankind's sins. The Holy Spirit appears as a dove over Me and He empowers My Spirit in this Baptism which started My true ministry to My people. You see this calling of the Blessed Trinity to bless each child who is baptized by the Sign of the Cross when you say: 'In the Name of the Father and of the Son and of the Holy Spirit.' Every time that you visit a Baptism, think to renew your own Baptismal vows of denying the devil and the world. You are converted into the faith to know, love, and serve God. By your Baptism you are called to be evangelist of My Word to all nations that you are empowered by the Blessed Trinity to go forward and follow My plan for your life in helping to bring souls to Me in conversion."

Sunday, January 12, 2003:

Jesus said: "My son, you are seeing My people here in Trinidad with a deep spirit of God leading them in joyous song with arms raised. They give Me praise and glory

worthy of their God. When I touch your heart, you become alive in your spirit and My love starts working in your heart and soul. As I see your arms giving praise to Me, I open My arms to welcome My children so they can be close to Me in My protection. I invite My children to be always vigilant in their lives to give witness to your love for Me and your love for your neighbor. Come and repent of your sins so you can really show your love for Me in seeking to follow My Commandments. I call you all to follow the plan that I have for your lives which is using your unique talents in sharing with your neighbor. Helping others is a part of showing Me how you see Me in the eyes of each person that you meet. Give praise and glory to Me for all the graces and blessings that I bestow upon you."

Jesus said: "My people of Trinidad, I am calling you closer to Me in giving Me praise and glory at Adoration of My Blessed Sacrament. The large circle around My monstrance represents My endless and unconditional love for My people. There is no bounds for My love for you and I want you all to come closer to perfection by removing all bounds that limit your love for Me. I want you to totally consecrate yourself by giving your will over to My Divine Will. I am calling you to love Me, and your neighbor as yourself. These are the two greatest of My Commandments. If you truly want to be close to Me, I want you to repent of your sins and seek My forgiveness of your sins. Continue to visit Me at My tabernacle and at Adoration to show Me how much you love Me in your hope and trust of My bringing you one day to adore Me in heaven."

Monday, January 13, 2003:

Jesus said: "My dear people, it is important to remain open to My Word and My love, so I can help reform your lives of sin. Many people have hard hearts and when I knock on the door of their soul, they are afraid to let Me in. These people are content with their sinful lifestyles of pleasures and comforts, and they do not want to repent and change their lives. I even send My Word among My messengers to share My Word of love and My Word of warning about sin. After discernment, many receive My Word joyfully and they are drawn closer to Me. There also are those who want to close the doors to My messages, as with Me, because they do not want to give more time to Me and they do not want to repent of their sins. To admit that you are a sinner and need Confession is too much for some to accept because of their spiritual pride. I have blessed

My people with My Word in Scripture and My Word in My messengers, but you must open your ears to listen and open the door to your soul in order to let Me into your life. Then I could mold you to what I want from you in life. I do not force Myself on you, but I continue to wait at the door of your soul hoping that one day you will receive Me so I can bring you one day to heaven."

Jesus said: "My people, I call on you to hold on to your faithful traditions. Continue to follow My Commandments, obey My Church laws, and follow My Vicar in Rome, Pope John Paul II. You know that I came to earth to die for your sins and cleanse your souls so you can be brought salvation in coming to heaven after I opened the gates of heaven. Believe in My Resurrection because it is a foreshadowing of your own resurrection. I call on you as in the Gospel to repent of your sins to the priest at Confession. You are all good persons and loved by Me, but you all have inherited the weakness to sin through Adam's fall. You all are sinners, therefore, and I call you to seek My forgiveness. I have instituted My sacrament of Reconciliation, so you can have your souls cleansed and made worthy to receive Me in Holy Communion. Do not neglect your coming to Me in Confession, because you all need My forgiveness and your souls cleansed of sin. Show Me your love by admitting your sins and do not be afraid to confess them often. By keeping your soul pure, you will always have your soul ready to receive Me when I call you home to your judgment. It is this attention to your watchfulness that will keep you prepared to enter heaven."

Tuesday, January 14, 2003:

Jesus said: "My people, I am putting this person up in a new dwelling to symbolize how I will change your life when you give your will over to My Divine Will. When you follow Me, your world will be turned upside down from your earthly ways. Following Me will be such a changed life, that your whole outlook will change your priorities to heaven's ways. In your former life you depended on yourself and fell upon many disappointments. In your new life with Me, you will depend on Me for everything. Coming to Me will cost you dearly in giving up everything that you have over to Me. It is not easy to give control over your life to Me because your spirit wants to make its own decisions. Let Me direct your life with My plan of salvation for you to live. I will guide you through all of life's distractions and desires. Put aside the things of the world and put on the faith, hope and love that I give

you as gifts of My Holy Spirit. When you are Mine, you will turn from the world and the devil's temptations and only focus on Me to lead you to your eternal life in heaven. When you have fought the battle of good and evil and finished the race to the end of your life, I will welcome you into your permanent home in heaven."

Wednesday, January 15, 2003:

Jesus said: "My people, I continue to show you that wars, terrorism, and natural disasters are going to cause many deaths and destruction. You are seeing weather conditions of unusual magnitude raising havoc all over the world. Your weather is being affected by a new El Nino and weather making machines of various governments. War and strife are threatening your oil and gas supplies which could cause problems in heating your homes. The build up for a war in Iraq is continuing, but no one realizes the consequences of this war on your economy in America and on future oil supplies. Many businesses are not very optimistic because of problems with this war. America and North Korea are playing nuclear brinkmanship, as well as with Iraq. Bringing nations so close to war with these weapons of mass destruction can lead to many deaths on each side. I ask you to continue praying to stop this madness of a war that could lead to a world war. An Arab backlash over many deaths from this war could spread problems in exporting oil and who controls this region. America is making a drastic error in supporting the one world people in this war and your military will continue to be jeopardized for destruction. The devil wants a large war to kill men, but I will see that his goal is frustrated and only My Will shall prevail."

Thursday, January 16, 2003:

Jesus said: "My people, this vision of a ladder in an old garage is to keep you thinking that your climb to heaven is more important than any of your earthly distractions. When you look at an old garage, it is to remind you of the years that have passed you by and you can see how little that earthly things have helped you on your road to heaven. You have cluttered up your life with many distractions, but if they do not gain you merit in heaven, then it is better to clean these things out of your life. In your garage you accumulate many things that are now of little value to you. That is why you have spring cleaning to rid this trash and make room for new things. Take this opportunity to clean out your spiritual garage of your

earthly distractions that you no longer need. By your good deeds for your neighbor and an improved prayer life, you can get your spiritual house in order as you prepare for your judgment day. Work also every day to keep these earthly distractions out of your mind so you can better focus on Me and carry out My plan for your life."

Thursday, January 16, 2003:

Prayer Group:

Jesus said: "My people, you are seeing many UN meetings and problems between North Korea and the US over nuclear weapons. The breaking glass is the clash of the diplomats in trying to prevent war in North Korea and Iraq. The US leaders are pressing the UN to allow them to carry on a war to remove Saddam Hussein. The same reason of producing nuclear weapons is a double standard in trying to negotiate with North Korea. The threat of war is very strong in Iraq and major turmoil in North Korea. Neither of these nations have kept their agreements, so compliance is difficult. Pray for peaceful solutions to these problems or war could consume other nations as well."

Jesus said: "My people, many of your industries have been struggling to come out of bankruptcy and make profits. Terrorism on planes has caused problems in the airline business. Poor retail sales has caused some stores to cut back further in employees. The potential war in Iraq is weighing on your markets. Even state and local governments are having deficits because of less taxes collected on lower incomes. Many of your financial troubles are part of the chastisement for your sins as a nation and your reluctance to repent. Change your immoral laws and put your morals back to normal or worse punishments will befall you."

Jesus said: "My people, many have thought that more homes and cars would continue to sell because of the low interest rates. Any pent up demand for long term purchases has long dissipated. A stagnant economy will continue to discourage further sales of big items. The fall out from a war in Iraq could rekindle a recession by the cost of war and possible increased fuel prices and shortages. America's desire for war will cause more problems than it will solve. See the error in going to war because your economy could go down with this war."

Jesus said: "My people, there is a joy in new life when it comes to a family and that is why these mothers are happy with their little ones. Those mothers, who are aborting their babies, are very sad because of the guilt of

their sin. Encourage these women not to have abortions and see how precious life is. I keep warning America to change your laws favoring abortion or you will force Me to bring My wrath of judgment against you. America is failing quickly in every way and your problems are occurring because of your death culture and your refusal to change. All nations, who go against My Commandments, will soon go down in ruin."

Jesus said: "My people, your weather is testing many with large snowfalls, rainstorms, and other natural disasters. I have told you before that the violence in your weather is a reflection of the violence among man that is causing murders over drugs and poverty. Some crimes have gone down, but now thieves are becoming bolder in break-ins and computer thefts of identities. It is harder to secure your houses and your finances with so many out of work and struggling to pay bills. Pray much that your society will become more law abiding or chaos in the streets could cause continued strife."

Jesus said: "My people, you can see how in poorer countries that stealing and vandalism becomes a serious problem. In America you may see boarded up businesses for hurricanes, but few feel threatened unless they are in poor neighborhoods in the big cities. This threat of crime can destabilize a person's trust in the police to maintain law and order. In some poor areas citizens are protecting themselves with weapons. Pray that neighbors will come together to help each other than to steal from each other."

Jesus said: "My people, by loving and helping each other, you can discourage crime and wars. Those, who have an excess wealth, should be helping the poor to help themselves. Once you try to live in armed camps to protect yourselves from crime, you will always see trouble. Reach out to each other to help solve problems of food and heating and your love will dispel the hate that fosters crime."

Friday, January 17, 2003: (St. Anthony of the Desert)

Jesus said: "My people, this reflection of your face in the water represents how I want everyone to examine themselves as to what you do with your own money. St. Anthony took to heart My message to the rich man to go and sell what you have and give it to the poor. It is not easy to live a poor simple life in complete trust of My help. I told you also how the widow dropped all the money that she had into the temple treasury. In Scripture it advises you to give ten per cent of your income to the poor. Even if

you cannot live a life of poverty, at least give generously and you will gain treasure in heaven. Examine your own wealth and see how much your money has a hold on you. You are to rely on Me for everything and not just the security of your wealth. Money is cold and can easily be lost by theft or rash spending. I am love and I care for all of My children. Your money and possessions are inanimate things. They only give you food and comfort, but they show you no love. Their best use is to be shared and not selfishly hoarded. So do not let money become an idol that keeps you away from Me, but share what you have generously with others and do not give token donations."

Jesus said: "My people, when I was on the earth, I had to struggle often with the Scribes and Pharisees who were constantly harassing Me and looking for ways to trap Me in My speech. Then the Sanhedrin did not want to believe that I was the Son of God and they accused Me of blasphemy to claim that I was God. I had to suffer much in My scourging and crucifixion, but I was willing to do so to save all of mankind from their sins. I am telling you about My suffering to console My people in your own suffering that you go through in carrying your cross. When you call on Me, I will give you My grace to endure your trials. Do not complain of your problems because I give you enough help to bear your daily crosses. Live a life of prayer and suffering in complete surrender to the testing that will try your faith and your patience. In the end you will only be doing your duty to follow My plan for your life. I love you, My people, and I am proud of My followers who are willing to suffer what life brings you and still remain faithful to Me."

Saturday, January 18, 2003:

Jesus said: "My people of America, you have seen some incredible storms, earthquakes, droughts, and fires in recent years, but still your people do not see these as chastisements for your sins. Instead, your morals have gotten worse with your cloning of man, legalization of gay marriages, continued living together without marriage, and continuing abortions. How can I bring you blessings when you are defying My Commandments in every way possible? I tell you that because of your flagrant sins, you will taste My wrath when I will take your natural disasters to the next level. If you have not yet received My message of disgust over your sins, then I will bring you to your knees when you will be begging for Me to take away your wars and

destruction. Change your immoral laws and lifestyles before I will destroy your country as you know it."

Sunday, January 19, 2003:

Jesus said: "My people, I reach out to very few people to call them as messengers and prophets. The people that I call are not leaders as such, but I anoint them and use them for My service. Common to all the people that I call is that they need to accept My call to follow My Will for their lives. I can only work with those willing to let Me lead them. That is why I graciously thank those who are willing to answer My call to wherever I will send them to witness My Gospel to all nations. When you see My messengers, they are tested in many ways. My true visionaries must be discerned from the false prophets of the evil one. Once you have discerned the truth of their messages by the fruit of their work, then take My Word to heart for I am encouraging My peace and love to be spread out to all peoples. To all of My messengers I empower them with the power of the Holy Spirit to carry out their missions. When you see souls being saved through their work, then you will be witnessing the good fruit of their labor. Let their spiritual directors also be graced with My help in guiding My little ones. Pray for My true messengers because they need spiritual protection and guidance in their work. Share with them in helping to spread My Holy Word. In every age I send you prophets to help lead My people, especially in this evil age. Be thankful to Me for calling up these people to lead My people on their path to heaven, despite the attempts of the evil ones to mislead souls to hell."

Jesus said: "My people, it is desirable to have a crucifix and statues or icons on the altar in front of you. The saints and angels give you inspiration to aspire to leading holy lives so you can gain heaven by following Me. Looking on My crucifix and My Stations of the Cross help you realize how much I suffered to save your souls from your sins. When these statues and icons are missing, you have a cold church that does not have a warmth of inspiration. Even finding the tabernacle is getting harder to find when I am put in back rooms. Encourage your pastors to have crucifixes and statues to help the children and the adults to have some examples to live by. Any means to enrich your faith is well worth the effort to come closer to Me."

Monday, January 20, 2003:

Jesus said: "My people of America, your sins are like scarlet, but you have no remorse or forgiveness in your hearts for them. You are still martyring My little babies in the womb and many do not even think they are doing anything wrong. Because of your disdain for life, you will see wars and strife from economic and military disasters that will cause your government to be in chaos and anarchy. Your country will become so divided over war and lifestyles that you will become ripe for takeover by the one world people. Their plans for a new world order will take effect and you will be living in a police state with no freedoms. This will allow the Antichrist to assume power in Europe as America will be in ruin as a nation. America will pay dearly for your sins of abortion, for your nation will be no more."

Jesus said: "My people, this vision of a bite with icicles for teeth represents the biting cold of your current winter weather. Many areas in your country are experiencing colder than normal temperatures in addition to the higher snowfall levels as well. I have warned you of the higher snowfall levels, but the severity of wind and cold will be added to show you that this is no ordinary winter. The northern states are being tested with more to come. You have seen demonstrations against the war in Iraq, and now more will be demonstrating against your abortion laws. All of these forms of violence and killing should be stopped and I applaud those supporting life at all of its stages. Pray to stop these wars of attrition and pray to stop your abortions. If man does not change his ways, you will see worse natural disasters than you have seen up to now."

Tuesday, January 21, 2003:

Jesus said: "My people, this river of blood flowing in the vision represents the blood of all of those babies killed by abortion, those killed in wars, terrorism, and in the streets. You have a culture of death that does not see how precious life is and your defiance in violating the plan I have for these lives will bring My wrath upon you. You are upset when someone is killed by a car or a plane accident, but you overlook the millions of babies killed every year. Your country's leaders want to remove Saddam Hussein from power, but look how many could be killed in such a war. Pray for people to see that any taking of life is wrong and should be avoided at all costs. Stop your wars, your abortions, euthanasia, and homicides. Make peace

with one another and love will compromise all of your problems."

Jesus said: "My people, I am showing you a lake with natural elements that have changed the color to a cloudy blue-green color. Deposits that leach out of the soil can color fresh water lakes. Acid rain can also make lakes so acid that fish cannot survive. Man also has dumped sewage and industrial wastes in rivers and lakes causing pollution to poison your fresh water sources. Only three per cent of the water on the earth is fresh water and this is what man must use to drink, bathe, wash clothes, irrigate farms, and use for businesses. That is why man must control his wastes so others now and in the future will have fresh water. You have water from wells, rain and distilled salt water, but you must protect these sources from contamination of the ground and the air. Even your salt water oceans provide fish and deposits that also must be protected from over fishing and garbage dumping. You must protect your water sources because your very lives depend on it. Pray that your businesses and governments can aid in this protection of My creation. You have limited resources on the earth, so use them wisely."

Wednesday, January 22, 2003: (Rowe vs. Wade 30<sup>th</sup> anniversary)

Jesus said: "My people, you are seeing in this vision the ghastly disposal of human garbage in your sewer lines. The evil doctors and nurses, who make blood money for doing abortions, do not know where to go with the remnants of their murdered babies. Some save parts for stem cell research and beauty cremes, but most just dispose of the babies any way they can. America's wars, bad economy, and your natural disasters are all part of your chastisement for your sins of abortion. My wrath will fall heavily upon you for your endless abortions, gay marriages, and living together without marriage. Your lives will become a living hell as I will bring you to your knees. Repent now."

Jesus said: "My people, many of the worldly go blindly into the unknown relying solely on their own power. This vision of drivers going fast into an unknown dark tunnel represents how many do not stop to ask My help in all of your trials. Only when you find it impossible to go ahead, do you think to ask My help in a last desperation to find your way. Even in your current snow storms people are getting killed when visibility is bad. No matter what trials you may be faced with each day, do not struggle

alone into the unknown, but ask My help in everything that you do and My angels will assist you. Rely on Me for your strength and you will have nothing to fear. Alone you are weak, but with Me you will be able to endure the hardest of trials. Put your faith and trust in Me and your deeds will be storing more treasure in heaven."

Thursday, January 23, 2003:

Jesus said: "My people, I give everyone a choice to follow My Will or your own will. You can follow your way and be miserable, or you can choose to follow My way and be joyous in My love in good times and in bad times. I have a plan for everyone's life to use your unique talents the best that you can to serve Me and your neighbor. When you call on My grace, I will help you to endure every testing and your burdens will be lessened. Refuse to be misled by your pride to follow your own way, and refuse to be distracted by the riches and possessions of the world. You are here on this earth to know, love and serve Me, so your focus should be to please Me and follow My example in the Gospels. I love My people so much and I seek each soul out to love Me until your dying breath. So choose heaven by living your life according to My Divine Will."

Thursday, January 23, 2003:  
Prayer Group:

Jesus said: "My people, I am showing you My crucifix on the altar because I continue to suffer for all of your sins. Many times I have asked you to repent of your sins and change your lives to conform to My Commandments. There are few people who are listening to My pleas, while the rest continue on in their sinful lifestyles. Many rationalize their actions as not being sinful, but My laws have not changed despite your society's acceptance of sinful lives. Pray for those living in sin that they may see how their sins offend Me and that they will change their lives."

Jesus said: "My people, I am showing you My distress signal for your sins by the many chastisements that you are experiencing. The severe weather is another wake up call to many in the North and the South. In the West you continue to see the stress of an ongoing drought. Fires and earthquakes are affecting other countries as well. I told you that you would face more natural disasters, so understand that you are feeling My wrath for your sins that you refuse to repent for."

Jesus said: "My people, even though this is a sinful and evil age, there are a few bright spots in seeing My faithful remnant holding true to their love for Me. Even

though some sinners do not change, My faithful are My consolation as you are called to help these sinners in redirecting their lives. I am grateful for all of My Adorers of My Blessed Sacrament, for you will receive My heavenly blessings. Stay faithful to Me no matter how difficult and hopeless life may seem to you. My love and My angels will help you to endure anything."

Jesus said: "My people, your scientists are still interested in traveling to the Moon and other planets. There even may be some interest in harvesting useful minerals or looking for signs of life in these places. You have only scratched the surface in your knowledge of My creation, but man's curiosity drives him to learn more. Your search for the unknown is understood, but your abuse of science for cloning humans and changing the DNA of plants and animals will only cause trouble."

Jesus said: "My people, your time of tribulation is coming upon you as you witness many fires of destruction all over the earth. During the end times, I have shown you many souls walking through flames without being consumed as they will experience a living hell on earth. This will be the punishment for souls who refuse to love Me and continue in their sexual sins with no remorse. My faithful will also suffer from your purgatory on earth, but you are promised one day to be with Me in heaven after I conquer all of the evil ones."

Jesus said: "My people, these businesses thrive on getting you to buy things for the current season. It is good to focus on love of your spouse and those close to you. I want all of My people to love Me and one another because love is the basis for My Commandments. Love is not just candy and flowers, but it is that daily commitment to sharing your life with Me and your spouse. My love was expressed in My death on the cross for you. When you share your love, time and money with others, you are witnessing your love as well. Pray that love will conquer all of the world's problems where hate and pride have brought you to wars."

Jesus said: "My people, many have been drawn into witchcraft and the occult by curiosity. It is unfortunate that these books are misleading many into these evil attractions by telling people that they are harmless. These lies do not want you to know the real intent of these evil ones which is to teach real spells and curses that can invoke evil spirits. Avoid this new attraction to the occult and trust only in My power and not in the evil one's power. I am much more powerful than Satan so you do not need to seek these sources for any power or possessions.

Use your blessed sacramentals for protection from evil and discard all charms and crystals of the occult out of your houses."

Friday, January 24, 2003:

Jesus said: "My people, this pure, clear water is a symbol of your Baptism and how pure and innocent you were at first. I call all of My followers to perfection by your daily consecration of everything to Me. To get to heaven you must be perfect like My saints are. You cannot do this on your own, but you must call on My help and My grace. In Confession you are constantly cleansed to a pure soul as at your Baptism. I give you Myself and My Blessed Mother as examples of sinless souls living in the Divine Will of My Father. I call everyone to live in the Divine Will of perfection. For man it is impossible, but for God, all things are possible."

Jesus said: "My people, it is not by accident that you are having a cold and snowy winter in January. This is the month of the thirtieth anniversary of the legalization of abortion in your country and now you are paying the price for your sins of murder. With no melting of the snow and a continuous snowfall, you are seeing in the vision the potential for major roof damage due to the weight of the snow on the roof. I have told you that war is a result of sin and America is on a bloody road to loss of life on both sides in Iraq. This has been a trumped up war only to remove Saddam from power and to protect the oil interests of the one world people. This war is also a part of a larger plan to destroy America. By not going to war, many lives could be saved, so pray dearly that this war will be stopped. The one world people do not care about the loss of life, because they start wars for their own gain and they encourage abortions as well to control the population. These evil ones are ruthless to gain power, so refuse to fight their wars for their oil. America will gain nothing from this war but headaches and the loss of your young soldiers. Come to your senses, America, before the one world people will take you over. Without repenting of your sins you will be doomed to ruin."

Saturday, January 25, 2003:

Jesus said: "My people, remember that the devil's attack will be focused on My Blessed Sacrament. In the Gospel the demons recognized Me as the Son of God, and I commanded them to be quiet. The devil knows the power of My Real Presence in My consecrated Host and he is working on removing My tabernacles from the church entirely. Even now many churches have placed Me in back rooms out of the main

part of the church. They are hiding Me from the people as if you are embarrassed to have Me in your presence. It is the priests and the hierarchy that have planned to put My tabernacles in the back rooms. Many faithful are resisting this move and rightly so. This vision of an altar in the middle of the church has drawn attention more to the altar than to My tabernacle. It is My Real Presence that makes your churches holy and removing Me will make your church like a protestant church-empty. Once in the back room, eventually My tabernacles will be moved to the rectories and then they will say you do not need to save Holy Communion, but to consume all of them after Mass. The next attack would be to remove the words of Consecration and then My Real Presence would not even be there. Remember that you have been warned of this attack and My faithful priests will be doing Masses in the homes. Then you will have to call on Me in spiritual communion when the true Mass will not be available. These are the steps to your tribulation, but continue to call on My help even though you will see a break down in My Church."

Sunday, January 26, 2003:  
Jesus said: "My people, man and science think that each person is given a random choice of genes that makes up their capabilities by intelligence and physical abilities. Man's view is like the vision of a large lottery pick. The truth of each person's makeup is that I choose what plan each soul has and I give each of you the physical capability to achieve that goal. There are certain hereditary characteristics that are dictated by the genes of the parents, but it is up to the individual to develop your God-given talents. It is up to each person by their own determination whether or not to strive to reach their full potential. Some are capable by going to college to become professionally skilled as doctors, lawyers, chemists, computer analysts or many other skills. Others are better adapted to hands on skills as trades which also need training over time. It is those, who do not make an attempt to develop their skills, that will fall short of the potential that I have given them. These are like the man who buried his treasure instead of investing it. You can gain just so much for your physical and mental skills, but your main goal is to use your gifts for My greater glory. Developing your spiritual potential is even more important than what you can do in the world. By a good prayer life, fasting and following My Commandments, you are called to a spiritual perfection that will lead you to heaven. Call on My help every day to help you fulfill the

plan for your life in what you do, saving your soul, and helping to save other souls as well. You are not called to be successful and be rich for yourself, but to use your talents to help everyone. Most of all you are called to serve Me in love. By following My ways, you will be guided to heaven. Avoid following man's selfish ways of the world which could lead you on the broad road to hell." Jesus said: "My people, you have seen in this vision how man is always drawn to these extravaganzas of entertainment. Each event and advertisement was trying to outdo the other. Man's pride in gaining fame is all what this game is all about. But there is more to life than just to be entertained, and the violence and the scant dressed scenes made this look like Sodom and Gomorrah. Instead of doing everything to please the body, you should be more focused on pleasing Me and sharing with your neighbor. Success in this life is not how much money you have or how many trophies you have won, but it is all about knowing, loving and serving Me on this earth. Leading a simple life like the saints and helping to bring souls to Me is much more successful in My eyes than the richest man on earth. Your goal is to be with Me in heaven because everything in this world will pass away tomorrow. Your winning a place in heaven is more important than any passing fame or riches on earth."

Monday, January 27, 2003:  
Jesus said: "My people, in life you will find a daily struggle to survive your work and even many uncomfortable situations. Sometimes you are faced with storms and mud becomes a disaster in your house as in the vision. Other times you are called to help poor people in dangerous or dirty situations. Whatever you are faced with, call on Me and I will provide your strength to endure the most difficult situations. When you become dirty and oily from work or some incident, you are quick to want to shower and clean up. I wish people could look at their souls as I do and have that same desire for Confession to clean up all the dirt and grime of the sins on your soul. Your struggles on earth are not new because everyone has to endure them, but do not despair and count each day as one step closer to your time in heaven with Me. You need daily prayer to give you that lift over your trials, for without Me in your life, you will be carrying a double burden. This life is a testing and a preparation for heaven, so continue to show your love to Me and to those around you on the narrow road to heaven."  
Jesus said: "My people, when you are in the world,

everything is being rushed and hurried. At times you feel that you do not have enough time in the day to accomplish all that you want to get done. The evil one wants you to be constantly distracted and always anxious about fulfilling your agenda. I want you to slow down from your busy pace and come and be quiet in front of My Blessed Sacrament. Pray to put aside your worldly thoughts so you can spend some quality time with your Lord. When you see this mirror in the monstrance, I want you to stop and contemplate where you are in your spiritual life. I am asking all of My faithful to seek perfection by only following My agenda. As I called My apostles to follow Me, so I want you to drop what you are doing and pray for discernment how to better serve Me than your own agenda. I call you to prayer, fasting, and serving your neighbor as yourself. Do not be selfish with your time, but be willing to share your time with your neighbors. You may be called to help them in their needs or even to stop and listen to their troubles. When you reach out to help others, you are really serving Me. As you look on your life, be watchful to take advantage of every opportunity to come closer to Me and to bring others closer to Me as well through your good example. You will see a slow, quiet life with Me as your Lord will be much more satisfying than running around frantically trying to do your agenda of an impossible amount of busy work."

Tuesday, January 28, 2003:  
Jesus said: "My people, this cave may not seem too appealing for a home, but during the tribulation you will be thankful for a protected place away from the power of the Antichrist. In previous history many saints sought the protection of caves and catacombs to protect themselves from those wanting to kill the Christians. I will provide you My heavenly manna and water to survive. You will have to bring coats because caves are cool inside. Those, who listen to Me and follow Me in My call to obey My Commandments, will receive a prophet's reward. When I call you to follow Me, do not be reluctant and make excuses or you could be lost among the world's distractions. I am not just asking you to come at your leisure, but you must answer My call without any hesitation. I am asking for a full commitment and not just a part of your time. You will have to change your priorities and your bad habits in order to put yourself on a path to heaven. Sainthood is never easy and many of the saints gave up their wealth in order to follow Me in full trust. So when the tribulation comes upon you, call on Me and My angels will lead you to the

nearest refuge of protection." Jesus said: "My people, I have told you that you would see a world famine brought about, but not just by adverse weather conditions. The food production will be so controlled that only those with the mark of the beast will be able to buy it. This picture of an old farm house represents the small farmer and how they are being forced into bankruptcy. The seed companies do not want farmers to use part of their crop for seed, so they can force farmers to buy hybrid crops that do not produce seed and then charge exorbitant prices for the seed. The one world people, by their manipulation of futures markets, hold prices of the crops so low that the farmers will not be able to make a profit after paying for seed, fertilizer and harvesting. By only a few large farms producing the crops, the supply of food is more controlled and the small farmer is forced out of business. As the world population grows and farmland is shrinking, there already is a shortfall to feed everyone. Food will become more and more scarce. That is why I asked My faithful to store some food that I will multiply for those who come to your house. Because of this controlled shortage and the chips in the hand to buy and sell, you will be thankful to have some food stored aside. Trust in Me and I will provide your food. Do not take anything from the Antichrist nor should you take his chip in the hand."

Wednesday, January 29, 2003:  
Jesus said: "My people, this unusual vision of people wearing black ear plugs represents how the devil blocks their hearing of My Word. In the Gospel of the sower sowing seed the seed is the Word of God reaching out in the parable to everyone. There were rocky ground, briars of thorns, and the footpaths that represented these people with ear plugs on because they heard and saw the parable, but they did not understand or pursue the meaning. It was only on the good soil that produced thirty, sixty and a hundredfold did the people listen to My Word and let it grow into a sound faith in Me. The people with the ear plugs on are not condemned, but are only misled. Unless someone explains My Word to them, they may never understand My calling to their salvation. Those, who reject My Word of love, are on the broad road to hell. It is only those, who accept My Word and act on it, that will be saved. Rejoice with heaven over every soul who converts and reforms their lives to believe in Me."  
Jesus said: "My people, your president is continuing to go ahead with his war plans in Iraq and he is basing reasons

on the war on terrorism and mass destruction weapons which are being hidden from the UN inspectors. Several countries have voiced strong opposition to this war without enough hard evidence. The intent seems more focused on removing Saddam as the Taliban was flushed out of Afghanistan. This is more about a regime change than disarmament. Even though your government claims there is no oil control sought, protecting the oil is the desire of the one world people to start this war. There is a strong likelihood that more could be killed from this war than those harmed by Saddam's use of chemical and biological weapons. The present buildup of US weapons and personnel make it hard for your president to back down to any UN complaints. Pray for a stoppage of this war in anyway possible or you could see a world war result from the casualties. War brings only death and destruction and if the US pays the major portion for it, you will have massive debts as well as many fatalities on both sides. America stands to lose more than it will ever gain from this war."

Thursday, January 30, 2003:

Jesus said: "My people, if you want to have a pulse on your morals, take a look at your popular movies. People at Hollywood have to go to great lengths of horror, nudity, and profanity to shock people at the movie theaters. It is hard to find any movies less than PG-13, which means that many children are being exposed to too much trash. TV has more limits, but they also are caving in to the public, especially on extra cable channels. It is one thing to seek entertainment, but today's movies are brainwashing the people into accepting living together without marriage is all right. Even some pictures are glorifying war heroes and that war is acceptable to solve problems. Your culture of death lives on and is even promoted into today's movies and TV programs. Even worse is that these immoral movies are being exported all over the world. As My wrath falls on those encouraging abortions and wars, so these Hollywood people are infecting many minds with their immoral movies and TV programming, and I will hold them accountable for their blood money as well. Refuse to watch these immoral movies and TV programs by not buying the movies or changing the channel. Parents must be good examples to their children by guarding what they watch."

Thursday, January 30, 2003:

Prayer Group:

Jesus said: "My people, man is proud of his structures as the twin towers. The pyramids were the pride of man many years ago. Yet terrorism has brought down man's pride and

America's economy has suffered as well. Even now many governments as New York State are suffering from less revenue in taxes because of less value in the stock market. Those, who are complaining now, will see even worse times if the war on Iraq is carried out. Unless America repents, you will continue to suffer many chastisements that will bring your country down."

Jesus said: "My people, many have suffered from a bear market over the last three years. If this war gets out of control and causes a world war, you could see a bear market so drastic that your markets could completely fall apart. America is headed for ruin because of your corrupt morals. The one world people are planning to take over from your economic collapse. That is why they desire these wars of attrition to destroy your military, your industry, and your finances."

Jesus said: "My people, Saddam is waiting to unleash an attack of missiles with chemical and biological weapons. He has hidden all of his armies and weapons right next to his people as human shields. A war will cause many deaths when these human shields could be killed. This will raise alarm in many neighboring Arab countries that could cause the war to widen in scope. Continue to pray for peace and that this war is never started."

Jesus said: "My people, many of these plant explosions and other fires are being investigated, but little is being revealed because many of them are from sabotage. Terrorism can strike in many forms, so be suspicious of many of your large fires because the authorities will not tell you if it is terrorism. Refineries and chemical plants are perfect targets to cause major damage and shortages in what they produce. America may rain down destruction on Iraq, but you could face some major destruction as well."

Jesus said: "My people, My Church has been under attack as many of My priest sons are being sued with lawsuits for sexual offenses in the past. The threat of huge losses to settlements could ruin many church structures. The same lawyers who bilked millions out of the tobacco companies are now seeing the Catholic Church as their next victim. I have told you how some lawyers are ruthless and will rape your society for every dollar that they can steal. These evil ones are those who put burdens on others and do not lift a finger to help. These money hungry opportunists will taste My wrath and they will all be brought to utter destruction and will lose whatever they have."

Jesus said: "My people, because of your unrepentant sins, you will reap the harvest of a continuing downturn in your

economy. The effects of war and terrorism will discourage spending and more businesses will fall into bankruptcy. Because you do not listen to My pleas to change your corrupt laws, you will watch your civilization crumble in front of you. You will call out for My help, but it will be too late as your people have failed to reform their lives of sin."

Jesus said: "My people, you will start to see your infrastructures start to fall as governments will be dealing with less money from taxes of workers out of work. People will be struggling to survive by stealing without any other support from society. That is why crime and arson will run rampant when poor people will have nothing to lose but to steal from the rich. Law and order will be under stress with your military tied down in foreign wars and occupation. This is when your country will be ripe for takeover. Your tribulation is starting and it will lead to the coming of the Antichrist to try and answer this unrest, but he will be a worse tyrant. Pray for My victory then when all evil will fall under My mighty arm."

Friday, January 31, 2003:

Jesus said: "My people, man's approach to research in medicine is to treat diseases with biological chemicals that treat symptoms, but are not always natural products. When you read the side effects to each medicine, you see right away how the body treats this as a foreign substance to be rejected. This also is how man has adulterated your foods as well with hybrid plants, packaging, and even additives to preserve food. Your industrial pollution in the air and water is also providing carcinogens for causing cancer. Many cancer diseases and breathing disorders have been acquired through your environment and your poor eating habits. To be healthy you need to eat good natural food and use natural herbs for your sicknesses. Every time that you use unnatural foods or medicines, the body will be compromised for further and more serious diseases later. Many diseases are already mutating to form antibiotic resistant strains that will be killing patients as a result. Also man is creating diseases purposely to control population. Sometimes in various animal species disease is a means of killing off the weak and sickly so enough food would be available to the healthy animals. Certain one world people know it is easier to control fewer people, so they are controlling population on their own by developing diseases such as AIDS and ebola as well as other viruses. Because of man's delving in hybrids of food, pollution, created medicines and diseases, it is not surprising that

you are seeing epidemic amounts of disease all over the world. Man has so disturbed My balance of nature that creation is in chaos because of your sins and your violation of nature. It will only be by My intervention that this destruction could be corrected, so pray for My victory over the evils of the world." Jesus said: "My people, I have given you My gift of Myself in the consecrated Host. You have My Real Presence every day available at Mass and you can adore Me at Adoration and My tabernacle on every day as well. Unfortunately, in many churches I am a prisoner with locked doors most of the time. It is good if you could have your pastor open the doors for at least one announced hour of the week for Adoration in front of My tabernacle or in the monstrance. Many graces are given to those parishes with Adoration hours. You have My saints and angels adoring Me in heaven constantly. So asking for one or more hours a week in Adoration is not asking too much. The more you are in My Presence, the more strength and love that you will have and appreciate Me more in your life. The more often that you can visit Me, the more I will acknowledge your love for Me. Your soul will find rest in My Presence and you will have a peace that you cannot find anywhere else."
