

Saturday, January 1, 2005: (Solemnity of Mary)

Jesus said: "My people, this large split in the rock represents the many divisions among peoples that are causing your wars to continue. My peace on earth is what I bring to you on Christmas for your New Year. My blessings are always available for your peace makers and to settle your differences with one another. But there are those, who do not want to forget the wrongs done to them, and they continue to hold grudges or animosity to others. If you do not try to make peace, then you will condemn yourselves to constant wars. Wars never solve problems, but they cause more deaths and destruction. Wars promote hate instead of love and create deficits on both sides. At times disasters make men stop their wars and they struggle for survival. When you see the breadth of this latest devastation from the tidal waves, you see how small man is amidst the power of natural disasters. Life is too short to be killing each other before your time, so make peace with each other instead of making war."

Jesus said: "My people, year after year America has involved itself in many wars. Yet the results do not gain you anything and your war in Iraq has only caused a dragged out guerrilla war. You are spending billions of dollars and human lives in trying to establish a democracy that will be difficult to bring about in an Arab country. The only ones profiting from these wars are the arms dealers. Work to make peace and refuse to be misled by those trying to force wars on you that are not necessary. Love and compromise has more hope than fighting and hatred. Follow My call for peace and bring your troops home. After you leave Iraq, another militant will takeover despite your desires for a government to your liking. Then all of your troops' lives and the money spent will be in vain. If you spent the money for arms in helping the poor from the tidal wave, it would do more good than any of your killing."

Sunday, January 2, 2005: (Epiphany)

Jesus said: "My people, even as the three kings came a long distance to give Me homage, you can come to give Me homage and reverence as well. Your struggle in life is made much less burdensome when you call on Me to help you through your trials. Looking up the mountain toward your goal in Me is how you keep focused on Me as your eternal destination. I also had to climb a hill to get to Calvary where I suffered and died for all of you. You can pick up your daily cross on your climb through life. By your love for Me and others in your prayers and good deeds, you can receive your reward and be resurrected later as I was. You can come to Me in Holy Communion at Mass or visit Me in Adoration or My tabernacle. Trust in Me and I will guard you

from the evil one and provide for your every need."

Monday, January 3, 2005: (Holy Name of Jesus)

Jesus said: "My people, you are starting out fresh on a new year, and now is the time to think how you could change your life for the better. This beautiful rainbow is a ray of hope to show you how you can truly improve your life. Call on My help and I will inspire you with more love than grumbling and complaining. You need to smile with a happier disposition in order to spread love to those around you. Think on the bright side of how things could be instead of worrying that things could go wrong. The more you spread love and cheer to others, the less sadness and hate there will be. Peace on earth and good will for all of mankind starts with each individual. Changing your life's outlook will put more joy in your life as you serve Me and your neighbor out of love. Reach out from your complacency and share your time and wealth with others, and your reward will be treasure in heaven. My Christmas Season is an uplifting celebration of life amidst the dullness of the winter blues. The Light of My grace will counter the fewer hours of daylight. Lift up your hearts with love of Me, and your life will be less burdensome."

Jesus said: "My people, these sharks in the water represent demons who are attacking unsuspecting sinners with their deadly temptations. When the devils urge you into mortal sin, it can be like death to the soul. The more you give into sin, the harder it will be to break sinful habits. You need My grace to come to Confession and cleanse yourself of deadly mortal sin. When you are starting another year, think of how you can please Me more with a better prayer life and a firm purpose to avoid your habitual sins. Breaking sinful habits means you need to avoid near occasions of sin, and have a will to fight off temptations. Do not be idle with your time or waste time on things that will not bring you closer to heaven. By focusing on Me in helping your neighbor, you can strive to imitate My life of love. Trust in Me that I can help you through all of life's trials, and you will be on the right path to heaven."

Tuesday, January 4, 2005:

Jesus said: "My people, these two wedding rings are a sign of how I love all of My creations. Some wonder why I would allow so much death and destruction in this latest tidal wave and earthquake. This happened in the natural order of the plates coming together. More and more people are living in these coastal areas with very little warning of earthquakes. You saw similar destruction on the islands of the Carribean that

were struck by the hurricanes. These areas are vulnerable to such natural disasters. Some nations have faced chastisements for their sins by natural disasters. Even America has been tested by hurricanes, tornadoes, and fire. You are being chastised for your abortions by your own natural disasters. Even with testing by these events, it offers an opportunity for people in other areas to offer prayers and financial help to the needy. If you love Me, you will help your neighbors get back on their feet."

Jesus said: "My people, the more you view pictures of the destruction in several countries from the tidal wave, the more you can understand the scope of this disaster. This 9.0 earthquake had considerable force to send out these sixty foot tidal waves. The number of deaths and displaced people are climbing with each new report. One of the lessons that you can learn from this disaster is how insignificant man is compared to the fury of nature. No matter how many contributions that you make to society, it is still small compared to all of the people in the world. You may be small, but I love each one of you as precious to Me, and I care about your life and your soul. I died for the salvation of every soul from their sins. I do not want to lose even one soul, but each of you have free will to love Me or reject Me. When you choose Me or the world, there are consequences for your choices. Choosing to love Me could lead you to heaven, while choosing the world could lead you to eternal fire in hell. This is your soul's choice for eternity throughout your life here on earth by your daily choices."

Wednesday, January 5, 2005:

Jesus said: "My people, the readings today speak about the contrast between love of God and fear. Those, who truly follow My Will in their lives and are united to Me in My Eucharist, have nothing to fear because I will take care of them for trusting in Me. On the other hand, there are those who refuse to accept Me and do not see themselves as sinners in need of forgiveness. While I still love these souls also, they are on the broad road to hell unless they change their ways. It is for this reason that I have sent My prophets, as yourself, to go out and preach repentance to all the nations. There are many who believe in Me, but they are lukewarm and some have fallen away from their prayer traditions. Remember when I said to those who only cried out in calling 'Lord, Lord' that they only give Me lip service while their hearts are far from Me. There are some who will come to Me out of fear of punishment in hell for their sins, but the most desired way should be to come to Me out of love of your own free will. My mercy reaches out to all sinners, and you know that I will always forgive you if you come

to Me with contrition for your sins. It is the souls who sin against the Holy Spirit with an unforgiving heart that cannot be forgiven. Unless you come forward and seek My forgiveness and are sorry for your sins, you cannot be saved. If you die in your sins without asking My forgiveness, you do risk the fires of hell. I am merciful, but I am just as well. That is why it is important for My evangelists to wake the people up spiritually because they must repent or be lost forever in hell. Many are reaching out to the victims of this latest disaster to save their physical lives. It is even more important to reach out to sinners to save their spiritual lives. There are two eternal destinations for souls in either heaven or hell, and you have only a short testing time on earth to choose between them. Those, who come to Me out of love or fear of hell, will be saved in heaven, but those, who refuse My love and reject Me in favor of worldly comforts and pleasures, are choosing hell and will be lost forever. You have until your dying breath to repent, so choose your destination wisely in every action of every day."

Thursday, January 6, 2005:

Jesus said: "My people, a time is coming soon when your spirit bodies will all be drawn out of your bodies through a time tunnel to see Me as a bright light. You have seen previous messages describe this as the Warning, similar to those who have had near death experiences. Everyone in the world will experience this at the same time and I will reveal Myself to you as the Second Person of the Blessed Trinity. You will know beyond a doubt that this will be a supernatural experience. You will taste briefly the peace and joy of heaven to know what you are striving for. Then I will lead you through all of your life's experiences showing you your good and bad actions and how these influenced people as seen through their eyes. Then I will show you where you would go if you were to die that day at your judgment. Some will see purgatory, some will see hell, and very few will experience true heaven. You will see how your sins offended Me and have a great sense of guilt for your sins. You will be warned not to take the mark of the beast, nor worship the Antichrist. You will then return to your bodies as you are now and be given a second chance to reform your lives to love Me more and your neighbor. This Warning experience is a blessing of My mercy to wake everyone up from their spiritual complacency to deal with the most important choice in your life between Me in heaven or the devil in the world. Those, who choose to follow Me, will suffer much persecution, but your reward in heaven will far outweigh any of your worldly trials. Those, who choose worldly comforts and pleasures over Me, will face the actual hell on earth and in hell that they viewed in their

Warning experience. This may be the last act of love for the lost souls to be saved. If they refuse Me, they will have to suffer the consequences of their actions."

Prayer Group:

Jesus said: "My people, you just celebrated My Blessed Mother's feast day of her Solemnity and the Epiphany of the three kings giving gifts to Me. Now after these devastating tidal waves, you are seeing many orphaned children and mothers looking for their lost children. Only instead of gifts at Christmas, many are sending financial gifts for food, water, and shelter for all the homeless. With millions without homes and food to eat, the compassion of the world is reaching out to help these less fortunate. What little these people had was taken away from them. All of you, who can well afford to donate to this cause, should send your alms to a reputable agency that will use the money for the most benefit. This is true giving out of love for seeing Me in these people."

Jesus said: "My people, this Christmas Season lasts just a short time and you relish My infancy but a moment. Some treasure My infancy throughout the whole year with either a Nativity Scene

at your prayer altar, or a statue of My infancy. You can pray to your Infant King at any time and I will answer your prayers just the same as you pray to My adult images. So as you put away your Christmas decorations, think of Me throughout the whole year as the Light that comes into your dark world of sin."

Jesus said: "My people, you have seen much damage in Florida and the Caribbean from the hurricanes. You suffered from oil and food shortages that resulted from these storms. America has wealth and resources to rebuild, but imagine the widespread destruction in Asia where they cannot afford to rebuild. Many are speaking of years to restore an economy back to normal in these poor islands. When you see people in need from storms, your heart goes out to want to help them. It is these donations that will help greatly and store treasure in heaven for the donors."

Jesus said: "My people, with St. John's Baptism of Me you are bringing another Christmas Season to a close. There will be a month's time before you will start another Lenten Season. Almsgiving is one of the penances of Lent, but you already are donating to groups like Catholic Relief Services that are helping the victims of this terrible earthquake and tidal waves. You have some time to prepare what you will do for this coming Lent. This time of year is a chance to look at your spiritual life and how you can improve it in your striving for perfection. You need a consistent prayer life so you will keep your focus on Me. Many do extra prayers and daily Mass for Lent. Any way

that you can show more love for Me and your neighbor will help your soul."

Jesus said: "My people, you have celebrated the Christmas Season and many beautiful saints' feast days that give you inspiration to be saints yourselves. The saints gave up much of this world's wealth to the poor and they wanted to depend entirely on My help and not any of their own. This is living in true trust of God even for what little you may have. The less you are influenced by wealth, possessions, and comforts, the easier it will be to detach yourself from earthly desires. It will be this severing of earth's ties that will make it easier also to aspire to be in heaven."

Jesus said: "My people, it is easy to receive the food that I distributed to the 4,000 and the 5,000. It is also a blessing to have the dead raised to life and the sick healed back to good health. In the same way it is easier to be faithful to Me when everything is going well and you have all of your needs satisfied. But then when I brought My message of love, the people did not want to change their sinful pleasures, and they wanted to persecute Me. Again when you are persecuted for your faith, and your money trials test you, you grow weak in your suffering. Lift up your hearts and trust in Me to provide for you and I will take care of your needs. Give praise and glory to your God in good times and bad times."

Jesus said: "My people, even the Wise Men of the Epiphany are a good inspiration for you because you all have gifts that you can present to Me, not just at My crib, but you can share them with Me in the faces of the needy. You may be called to help and feed the poor in the physical life, or you may be called to spread My Gospel of love to save souls all over the world. Evangelization and healing gifts will help more spiritually give grace to souls through your talents and efforts. I love you always and I want you to share your faith in saving as many souls as you can."

Friday, January 7, 2005:

Jesus said: "My people, many times when it snows, people are more concerned with removing it from their driveways than looking at its own beauty. After all, snow is just frozen water, but it comes in a beauty of delicate snowflakes. If you looked closely at the structure of one snowflake, you could see the Creator's hand in its creation and the uniqueness of each flake. Without snow your winter landscape can be quite dull with no green vegetation. With a white covering there is a beauty in the purity of new fallen snow. You can liken snowflakes to the uniqueness of each person, and you can think of this pure white layer as a white purified soul with no sin

after Confession. When snow is around for a while, it can pick up a darkness from dust and pollutants before it melts. This is like your souls after committing sin. But if you desire to have a white pure soul, you can go to frequent Confession and I will forgive you your sins, and restore your soul with grace to your former beauty at Baptism. Unfortunately, many are spiritually lazy and keep putting off Confession because they want to make more time for worldly activities than cleaning their soul's sins. You think dark or black covered snow looks so ugly, so imagine how unpleasant your sinful souls appear to Me. If you truly love Me, you will be sorry for your sins and try to make amends by asking My forgiveness in Confession. By keeping your soul pure, it will be easier to strive for being more perfect and your soul will always be prepared for your judgment when I take you home at death."

Jesus said: "My people, the people, who lost everything from the tidal wave in Indonesia, did not have much to begin with, so rebuilding will not be as difficult. Some may have to be satisfied with temporary dwellings such as tents until their homes could be rebuilt. In America you have seen people lose their houses to tornadoes, hurricanes, and fires. You may have insurance to pay for rebuilding, but you would lose a lot more possessions if you lost your home than those in Asia. The more you have, the harder it would be to lose everything. Yet all that you have has been acquired, and you cannot take it with you beyond the grave. So do not let your possessions control you and run your life. When you are called to My refuges, you will have to leave most everything behind except your holy things and a few things for survival. So do not put a big importance on your possessions, but the spiritual things are of more importance. Love Me and your neighbor, and follow My Commandments. Then you will be focused on what will bring you to heaven."

Saturday, January 8, 2005:

Jesus said: "My people, no matter how strapped you think you may be for money, you cannot compare to the hungry, homeless survivors of this latest disaster in the Indian Ocean. So do not be personally stingy to these poor innocent victims. Every soul, no matter how poor, has the temple of the Holy Spirit residing in them. When you help them, you are helping Me in them. Many countries have responded and they will be rewarded. Just as you were moved to help the victims of last year's hurricanes, so you should equally be moved to help My little ones in Asia. Your reward will be stored in heaven for reparation due for your sins. I use your hands and legs to help those in need, so do not be lazy in fulfilling your Christian

responsibility to help your neighbor."

Sunday, January 9, 2005: (Baptism of Jesus)

Jesus said: "My people, when I created the Garden of Eden, the two trees in the vision are the Tree of Life and the Tree of the Knowledge of Good and Evil. (Gen. 2:9) It was the fruit of the Tree of the Knowledge of Good and Evil that I forbid Adam and Eve from eating or they would die. When they ate the fruit after being tempted by Satan, they committed original sin which everyone inherits at birth due to this fall. The consequences of original sin are death, sickness, weakness to sin, and banishment from the Garden of Eden. The gates of heaven were closed, but a Redeemer was promised by God. Today's reading about the Baptism of Myself displays the Blessed Trinity of the Three Persons including Myself, God the Father, and God the Holy Spirit. This Baptism represents Me as the new Adam in the Redeemer promised by God. I baptize with fire and My Baptism, that is available to everyone, will forgive your original sin and let you enter the faithful of My people. Baptism is your initiation into the faith and the beginning of your walk towards heaven where My death on the cross has opened the gates to enter. It is My Blood Sacrifice that also forgives all of your sins when you seek My forgiveness, so repent and be baptized."

Jesus said: "My people, I am showing these traditional old churches, but it is how people lead their lives that matters most. You now have rampant divorce and living together without marriage. Your modern age has turned more evil because the people have lost their sense of shame in sin. In years past even getting a divorce was a stigma and parents would not allow their daughters to live with someone without marriage. You are too lax in not following My laws and each generation is further away from Me in sin. Because you are living in sin and not repenting of your sins, you are bringing My wrath on your country. You have laws favoring abortion and now protecting gay marriages. Pornography is all over your internet and your movies. You cannot flaunt your sins in front of Me and mock My laws, or you will face the chastisements that you are seeing in wars and natural disasters. If you want My blessings to return, then you must change your laws and your lifestyles to following My laws. If you continue in your sins, then worse things will befall you."

Monday, January 10, 2005:

Jesus said: "My people, many remember My promise to Noah that I would not destroy the world again with a flood and I gave you the rainbow as My covenant. Yet, I still use water in various forms as a chastisement for sin. You have seen the

devastation of tidal waves that struck areas of pornography, prostitution, and trafficking of children for money. You have seen rainstorms, floods, and heavy snows in California where pornography and 'R' movies are made. Even snow came to Nevada that flaunts gambling and lewd dancing. When people's sins cry out for My justice, and you mock My laws, My wrath can be felt in various natural disasters in places of great sin. Do not think that you can defy Me without receiving some retribution. All over the world you are seeing chastisement for sin, but man is responsible because of his own sinful actions."

Jesus said: "My people, the survivors of this disaster have had difficulty finding food and water, let alone medical help for injuries and diseases. Medical supplies and doctors are finally reaching the worst areas that were struck. Some remote areas are receiving more help than they ever received before this disaster. It is unfortunate that people sending donations have to be careful to give to reputable sources, or they could be tricked by thieves trying to steal their money. Giving alms to such a good cause, as helping people to survive, appears to have touched hearts to help the needy. Every soul that you help is like helping Me in that person. Once all of the major debris has been removed, then the people can try to have a more normal life. Give glory and thanks to God that you still have not yet been tested in such a disaster."

Tuesday, January 11, 2005: (Anniversary of my son's death)

David (my son) said: "My dear family, I am happy to greet you again with my love and I know how busy all of you are. I thank you for remembering me at every Holy Communion that you receive. I especially will be interceding with my prayers for the autistic boy, Noah, that you gave over to me to pray for. Whether you all are remembering me or not, you can express your care for me most by acknowledging your presence at my very grave site in the cemetery. This is real personal and shows Our Lord the beauty of my creation that you are giving glory to God for. I am in heaven, as you know, and I watch over each of you: Dad, Mom, Jeanette, Donna, and Catherine, as well as their own children. Do me this one favor of coming to my grave at least once a year."

Jesus said: "My people, you are seeing already how there is going to be more snow blizzards across your country than usual. California and some southern states have already had more snow than they have ever seen in the winter time. It is just a matter of time until the Northern and Eastern states will see more severe storms as well. The intensity of wind and blowing snow will be higher than usual. This could cause considerably cold temperatures and more power outages. Your high fuel costs

and the need for more fuel because of the cold will strain your monthly budgets. Much of the severe cold and intense wind is becoming worse due to the influence of microwave HAARP machines. The temperature extremes are becoming more influenced by your continuing pollution, and it is a sign of the hot and cold hearts of the lukewarm. In addition to preparing for your unusual weather, America needs to repent of its sins, and this coming Lent is another opportunity to change your lifestyles. You are too concerned with your possessions and comforts, but you will lose everything if you turn your back on Me. Increase your prayers and good deeds for Lent and you will be storing treasure in heaven."

Wednesday, January 12, 2005:

Jesus said: "My people, the darkness of night represents the sin of your evil society. The clouds covering even the little light of the moon suggests that the evil of your actions are getting worse and more people are forgetting about Me in their lives. You claim to be a God-fearing people and you keep calling on Me to bless your country. But you are continuing your abortions, your sexual sins, and encouraging gay marriages. Instead of blessings, your actions are calling down My wrath in My chastisements. There are some prayer warriors among you and that has held back your total destruction, but most of your people only give Me lip service and their love for Me is weak, as they make their money and possessions their gods. Your moral life in America is like a sinking ship, and all of your physical things will be going down with you. Those, who will be going to My refuges, are like those escaping on lifeboats from this sinking ship that will be taken over by the one world people. You think that you are well off for many years to come, but I assure you only destruction and death lies in the future for those who disregard My laws and refuse to follow My Will. I keep calling America to wake up from its sin and put Me back into your laws and your lives."

Jesus said: "My people, you are seeing more pestilence in the wake of serious natural disasters. In Africa and other areas locusts are devouring crops and anything green. Droughts and insect infestations can ruin your crops along with other disasters. This will worsen to cause a world famine with scarce food available for everyone. It is one thing to send surplus food to needy countries, or those suffering from the tidal waves. If food is scarce, then it will be hard to help people when everyone is starving. America with its vast food supplies of grain does not have near the amount of starving people as some third world countries do. The day that famine and drought strike America, it will be very difficult to believe because you

have always had plenty of food. When people start killing for food, you will see this as one of the signs to leave for your refuges. Trust in Me to feed you, even amidst the coming tribulation."

Thursday, January 13, 2005:

Jesus said: "My people, this vision is a wake up call to your people that your factory workers' days are numbered, and all manufacturing may cease to exist unless your government stops encouraging the export of your manufacturing jobs. You are reading in today's paper of the \$60 billion of trade deficits and how your currency is down over 30 per cent to some currencies in the last few years. Your manufacturers by your current law are sending your jobs to foreign subsidiaries for low paying labor. The leaders and rich stockholders are profiting at the expense of lost manufacturing jobs of American workers. Your country as a whole is exporting its money, or lowering the value of your money at the same time. The American worker can only see low paying service jobs available with a lower standard of living for all but the rich. Unless your government changes your free trade to some protection for your workers, your government will not be able to collect enough taxes to survive, and all of your social security and medical pay outs will not be able to be funded. Your trading partners are not playing on a fair basis because they are exploiting their people with slave wages. Even your illegal aliens are eroding your jobs and using your social service pay outs. All of your financial woes and your natural disaster chastisements are wages of your sins in your greed for money and pleasures. Your moral and financial decay is pointing you toward the destruction of your country and the signs are all around you, but you do not want to believe it, or change your lifestyle of sin. You have seen other civilizations self-destruct for disobeying My laws. If you cannot learn from history, then America will repeat the destruction of your nation."

Thursday, January 13, 2005:

Prayer Group:

Jesus said: "My people, every one of your souls are beautiful and special just because of who you are. You do not have to have riches to be famous in My eyes. You do not have to be a beauty queen or a renowned actor or actress to win your crown in heaven. All that I ask of you is to love Me and your neighbor as yourself. Imitate My life in following My Commandments and consecrate everything to My service. When you do everything for My sake, you do not desire earthly possessions, nor do you need anyone to tell you how important

you are. Serving Me out of love and seeking My forgiveness of your sins is all that you need on your way to heaven."

Jesus said: "My people, I want you to be only who you are and not anyone else. Each of you have unique talents and graces which are to carry out a mission that only you are to accomplish. Do not put on airs of someone important or try to hide from doing your mission. If you refuse to carry out My plan for your life, then you are wasting the talents that I wanted you to use. Fulfilling your mission for Me is your life's most important responsibility."

Jesus said: "My people, you know of the Wedding Banquet in heaven that I have prepared for all souls being rewarded in heaven. I also have come to the earth to establish My Kingdom. When I came to the earth, I told you the Kingdom of God is at hand. This Kingdom is a spiritual kingdom centered around My Church. The banquet table on earth is the altar at Mass when you celebrate My Eucharist in My Body and Blood that you consume at Holy Communion. You all become a part of My Mystical Body when you receive Me in Holy Communion."

Jesus said: "My people, you think that when you live in a democratic society that you have freedoms. It is the will of the majority that directs the laws of your land. This way of government needs checks and balances in order that one group does not dictate its wishes to everyone. The real freedom that you can have is in spiritual freedom. When your love for Me and your neighbor becomes more perfect, you will not see My Commandments as limits, but only guidelines for living a proper Christian life. You have free will and when you choose to glorify Me before yourself, then you will be living closer to My Divine Will."

Jesus said: "My people, sometimes you feel trapped by the things and events of all that is in your life. When you try to solve life's problems on your own, you many times fail miserably. But when you look up and pray to Me, you will see the light at the end of the tunnel. What may seem impossible to you, can be possible in prayer and trust in My help. So take courage, My children, and call on My help in every desperate situation and I will lighten your burdens."

Jesus said: "My people, these are real lives of souls that are found in your criminal prisons. They need to be visited and given hope for a new life in the Spirit. There are some who do prison ministry and find it very rewarding to put a spark of life back into these hopeless souls. Unless they see the need to repent of their actions, it will be very difficult to live in society once again. So pray for your prisoners and visit them to give them hope in this life."

Jesus said: "My people, when I came at Christmas, I was

bringing peace to all of mankind. I showed you how much I love all of you by My free will choice to offer up My life for all of your sins. My Divine Sacrifice was the needed price for the salvation of all of your souls from your sins. If I could love you so much, you can show your thanks to Me by loving Me and your neighbor. Love in a marriage is the harmony that I want you to bring to this earthly life. In Matrimony you have the grace to love each other and bring children into this world under the marriage bond. Love requires a giving over of yourself for the benefit of the other spouse. It is this willingness to do things for each other without expecting anything in return that will seal love at the center of the marriage with Me in the middle. It is important to help families stay together as you help your children in their needs. Divorce results from a lack of love and self-giving. To keep a marriage thriving you need loving communication and a common family prayer time. If God is missing in your family, then you are allowing the devil to divide it. Love one another as I love you."

Friday, January 14, 2005:

Jesus said: "My people, every time that you come to an Eastern Rite church you are awed by the beautiful icons, crucifixes, and mosaic artwork. They have kept the old traditions even if they are different from the Roman Catholic Mass. These people give Me more reverence than many of My Catholic people. In contrast many new Roman Catholic churches have very few, if any, statues and pictures of the saints, no crucifixes with My corpus, and My tabernacle is usually in a back room. Little by little all that is holy, including My Blessed Sacrament, is being removed from My churches. This is because of the Satanic influence of the masons in My church. I have long been warning My followers not to let the New Age symbols and idols into My churches because they have evil power associated with them. If a church continues to place such objects on the altar of the Mass, then leave these churches, even if you must go into the homes for Mass. I am protecting My people from evil influences, but you must discern in the Spirit when you must leave for My refuges. I will give you advice and warnings when you need to know about the time of the great tribulation."

Jesus said: "My people, there are many people that use the internet for banking, buying things and sending mail. There are also malicious thieves trying to steal identities to ruin people's bank accounts by stealing their money. These computer writers are sending viruses and other malicious software to ruin companies and steal information just because they want to flaunt

their skills on everyone. There also are those computer people who take money to try and destroy the internet by terrorist tactics of takeover. It is the control of buying and selling that the one world people are interested in, and they will go to extremes to accomplish it, even if it means bringing down the whole internet. Many are profiting from selling antivirus programs and programs that clean off electronic trails to where you were on the internet. Unless others send out bad programs, no one would have to buy these repair programs. Beware of all that you do on the internet. You need to be cautious of every unknown program that finds itself onto your computer."

Saturday, January 15, 2005:

Jesus said: "My people, you have many sports enthusiasts that will come to watch a football game in all kinds of weather. Yet, you find a lot fewer people that want to pray or adore My Blessed Sacrament. Your earthly desires many times overshadow your heavenly desires. You would much rather please your senses than follow your soul's craving to be with Me. During Lent, it gives you time to evaluate what is more important. Is a short enjoyable moment on earth more valuable than an eternity in the peace and glory of heaven? It is the devil who tempts you to desire sinful pleasures, just as he enticed Adam and Eve to sin. If you worship things and pleasures of this world more than Me, you will die in your sins and be on the broad road to hell. If you desire to be with Me in love in heaven, then you must follow My Commandments of loving Me and your neighbor as yourself. I told My apostles that I came to heal sinners and die for sinners, and not the self-righteous who do not want My healing of their souls. All of you must recognize that you are sinners and are in need of My grace. I am warning you as the time of tribulation comes, that the Antichrist will be a charismatic man of peace who will draw many weak souls to worship him at these same large stadiums. Do not go to see him and avoid looking at his eyes in person, in pictures, or on TV because of his demonic powers of suggestion. Do not take his mark or computer chips in the body that will control your mind. At the coming of the Antichrist let your guardian angels lead you to safety at My refuges. There I will protect you from the evil ones and provide for your needs. As the Antichrist reaches full power over the earth, then I will come and conquer all evil and all the evil ones will be cast into hell. You will then see a renewed earth and My faithful will be rewarded in My Era of Peace."

Sunday, January 16, 2005:

Jesus said: "My people, this small cross drifting away on the water is like many people who have drifted away from Me and

have let worldly things and concerns replace Me. I am the Creator of the world and even of your very lives, so how can you forget Me and refuse to thank Me for all that I have given you. It is bad enough that your love for Me is waning, but even worse, you are mocking My laws by your wanton sin. You are also destroying the earth and your environment with your pollution and manipulation of the plants and animals by altering their DNA. This large cross that remains before in the water is how I am using water to bring chastisements against those violating My laws. If you will not pick up your daily cross of following My plan for your life, then I will send you many crosses of destruction to bring you to your knees. You can decide to follow Me or not, but the consequences of sin is death and destruction. Repent of your sins and My blessings will return. Refuse Me and you will taste My wrath for your evil deeds."

Monday, January 17, 2005:

Jesus said: "My people, when you think about your spiritual life, you do make an election between Me or the world. It is also a secret ballot between you and Me, but your actions make it evident to everyone what you are choosing. If you voted to love Me and seek the forgiveness of your sins, then you will be drawn behind another curtain at your confession. Those, who choose to follow the worldly gods of pleasure and wealth, reject going behind the curtain of confession because it will mean giving up their earthly desires of sin. You are spirit and body, but the most important is the spiritual life which lives on forever after this life. Choose life with Me, instead of eternal death and suffering with the world. I can offer you love and the glory of heaven. The world only offers you a brief pleasure at the cost of eternal hate and fire in hell."

Jesus said: "My people, I am showing you the bones of a spine because I want My faithful to have a strong backbone in standing up for your faith. There are some who are spineless in being quiet instead of outspoken about your sins of abortion, fornication, and homosexual acts. I love the sinner, but your sinful actions offend Me, especially when you know My laws and how you should be living. If you see these mentioned sins in your family, you cannot be quiet, but you must speak out to warn your family members of their sins. If you see souls on the broad road to hell, it is your responsibility to try and wake them up from their sinful habits. Even if you will be criticized and even rejected, you must speak My words of love and forgiveness. If they refuse to listen you, then pray for them and give them good example. If you make some attempts to save them, then you have done your job and it is their responsibility to take action on your words. When you stand up

for your faith in public, then My heavenly Father will stand up for you at your judgment."

Tuesday, January 18, 2005:

Jesus said: "My people, this vision of My suffering on the cross on the altar is what goes on at every Mass, whether a church has a large crucifix or not. You are seeing My Body on the cross and not just a plain cross, no cross, or a resurrected body, but My suffering Body. Every Mass is a sacrifice of My Body and Blood, and not just a meal of bread and wine. You are to call each Mass a sacrifice that is offered to My heavenly Father for the remission of your sins. This sacrifice of the Lamb of God is what has brought salvation to all of mankind. This also is why it is important to have a large crucifix on the altar to remind the people of My sacrifice at each Mass. My Real Presence of My Body and Blood is being received at Holy Communion and you need to give Me reverence by receiving Me in the state of grace without any mortal sin on your soul. Do not commit sacrilege by receiving Me in sin."

Jesus said: "My people, there are many people in other countries who live in poverty with very little to eat. Here in America you are blessed with jobs, food, and good homes. One thing, that is missing in America, is a need to seek the simple life without wealth and many possessions. You are so busy and concerned with making money to get your possessions that you are under constant stress with little time for prayer. Each day you waste too much time on worldly concerns that will not help you get to heaven. You should focus more on a good prayer life, giving alms, and taking time to help your neighbor. Speak to Me in your own words of how much you love Me. By slowing down your fast paced living by not busying yourself every moment, you can have more time for Me in your life. Then you can focus on seeking My forgiveness of your sins, and receive My grace in the priest's absolution for peace in your soul. Live the simple lives of the saints and you will see the true beauty of this life."

Wednesday, January 19, 2005:

Jesus said: "My people, you had a train wreck by an accidental side track turned to go off, which could have been accidental or on purpose. Some died and were injured from released chlorine gas. You do not realize how many dangerous chemicals are traveling on your train tracks that could cause major problems in a city from accidental or terrorist reasons. This vision of an explosion on a train shows you how such an incident could happen at any time. It is also a sign that better security and safety measures are needed in handling

explosive cargo. America has many enemies who would want to destroy your infrastructure with their terrorist activities. Beware of more attempts to cause havoc in several cities at once. If you did not carry on with so many wars against people, you would have less reason for them to hate you. Strive for peace in the world without looking to destroy your neighbors. Refuse to listen to the voices of the one world people who are calling for constant wars."

Jesus said: "My people, you know when it is foggy or a blizzard of snow that you need a light for a reference where to go. Otherwise, you would be wandering in the darkness without any direction. My spiritual Light is available to everyone that is blinded by their sins. By calling on My grace, I will show you the best way to heaven and you will not lose your focus on Me. My people also need to be beacons of light to spread the faith where sin is rampant. The desires of the body are blinding people's faith and it is getting harder to wake up the people from their sin. You are seeing a storm of evil actions in war, abortions, and the sexual sins. Pray for the people around you that they may follow your good example and learn more of My love through seeing your prayer life. My faithful are always being watched by your peers, so be vigilant in doing only good deeds so you are not seen as hypocrites."

Thursday, January 20, 2005:

Jesus said: "My people, I am showing you in this vision how all of heaven is cheering and encouraging all of My faithful in your evangelization efforts to save souls. There are many evils and distractions going on in your society. The saints are your models of a simple dedicated life focused on serving Me in helping others. You are constantly facing a battle of good and evil, so you cannot relax and be lazy in your spiritual life. Prayer and frequent Confession is the constant cleansing that you must be about. Just as you keep clearing out the snow from your driveway, so you must keep cleansing the sins from your souls to keep close to Me in a pure soul. It is not easy to instill this love for Me in people who are worshipping the things of the world. Money and possessions are cold and you will not find My love in them. You must have others see your love for Me and how you love everyone. Then they will desire this love of Me over love of the world. Call on My help and that of the saints to help you in saving souls."

Prayer Group:

Jesus said: "My people, you are just inaugurating your president for a second term, but you are still deep in an Iraqi ongoing battle with insurgents. Many of your people want your troops to come home, and still other rumors are speaking of more

future wars with other difficult countries trying to make atomic bombs. Your Congress and your people need to speak out against these trumped up wars that are not necessary. Instead of killing and running up major deficits, now is the time to speak out for peace and the stoppage of constant wars. Pray for peace, My people, or you will suffer more losses and more destruction."

Jesus said: "My people, many countries have contributed millions for the tidal wave victims for food, water, and materials for shelter. It is going to be difficult to keep enough aid coming over the years that it will take for reconstruction. Another need is for building schools and supplying the materials needed for writing and teaching. This vision is another dimension of the needs of these poor displaced people. Those, who are receiving this aid, are thankful to all the donor nations. Continue with your donations to reputable help agencies to carry on with this needed help."

Jesus said: "My people, your scientists have sent some startling pictures back to earth from the latest probe on Titan, the moon of Saturn that had the most interesting features. Continuing pictures and sampling of rocks on Mars also are claiming previous water present to form certain minerals in the rocks. You also are trying to hit a comet to see what it is made of. Some of your experiments could alter the course of these bodies that could bring them closer to hitting the earth. This curiosity is not worth the risk of an undesired result. Man has manipulated nature in many bad ways and you are going beyond discovery into changing the world and the universe to your own liking. Beware of the consequences of your bad actions and let things be as I created them."

Jesus said: "My people, there are some strong concerns about spreading mad cow disease after a second case in Canada. Much of the meat of the animals that you eat every day is always subject to disease and passing it on to man. More attention is being focused on protecting your food from disease, but there is much manipulation with the feed and hormones added to grow them fatter. You must be prudent and do not adulterate your foods, or you could cause more cancer and other health problems. Try to eat healthy foods and less of them so you do not get overweight."

Jesus said: "My people, your normal winter weather is returning with heavy snowfalls around your lakes and ice storms in various places. I told you that you would see more power outages with winter storms that will bring wind and ice storms to challenge your ability to provide heat and food for your families. Now is a good time to have some extra food and alternate fuel for the times when you may not have your

electricity. Prepare now before it will be difficult to survive."

Jesus said: "My people, I am showing you more floods and natural disasters in your future as you refuse to stop your sinful lifestyles. Many of these chastisements are for sin in certain areas. If you do not repent of your sins, these disasters could worsen. Now is the time to repent and turn to Me for help while you still can change things. Pray for sinners to see My Light to change, and take advantage of this coming Lent for improving your spiritual lives."

Jesus said: "My people, I have warned you before of avoiding any New Age influences in My churches. Now songs about the earth and various gods of the earth are being introduced in some areas making way for more obvious idol worshiping. It is bad enough that you worship money and possessions instead of Me, but do not take on these Eastern mysticisms of transcendental meditation that worship things of the earth as gods. Pray for My help and discernment to avoid idol worship and only worship Me."

Friday, January 21, 2005:

Jesus said: "My people, now that you are back into the cold and snow of winter, people are having to struggle to eat and stay warm. Dealing with life's trials is at times a test of your physical endurance. With faith and trust in My help you will be able to overcome all the obstacles that may be placed in front of you. You will also be tested by the evil one in your spiritual endurance as well. This battle with sin and temptation is life's real hurdles that have meaning for the direction of your eternal life. Even if you should fall on occasion, you can have grace restored to your soul in Confession to the priest. With Confession available, you have no excuse to not have a soul free of mortal sin. Just as you struggle every day for your physical survival, so you should work even harder for your spiritual survival in keeping your soul free of mortal sin. Mortal sin is death to the soul and you should be driven to Confession to keep your soul alive in My grace."

Jesus said: "My people, you are experiencing some very cold weather and this is a sign for you of all the icy cold hearts who are far away from Me in their sins. I am warm and My Baptism of fire inspires you with My love and helps you to come closer to Me in this cold world. It is love that is missing in your hearts both for Me and for others. If you are to follow My Commandments, you must have this love in your hearts, minds, and souls. So I am inviting everyone to come to My graces and turn your stony cold hearts into hearts of warm love that you can share with Me and your neighbors. The coldness of sin in your

world is represented in your cold weather. So when you gather together in your prayer groups, your hearts will be burning with My love, just as the disciples on the road to Emmaus were when I explained the Scriptures of My coming. Now you are preparing for when I will come again in glory."

Saturday, January 22, 2005: (Roe vs. Wade Anniversary)

Jesus said: "My people, I have shown you many graphic representations of your grisly killing of unborn children. This vision of a tomb for a proper burial is more than you are acknowledging of the human dignity of each conceived life in the unborn. I showed you stony icy cold hearts before, and this also relates to your cold blooded killings of the unborn. The numbers of your abortions far surpass all of those killed in your wars. How can you deny the humanity of each unborn child? At conception all of these fertilized cells have a soul and an angel bestowed upon them, so that taking this life is against My Fifth Commandment of 'Thou shall not kill.' It is the angels of these killed infants that are witnessing this carnage to Me. You cast these dead unborn infants into garbage containers and do not give these little ones an honorable grave. How callous your people have become in keeping this authority in your laws to allow the killing of My children. Unless you stop your abortions and repent of these mortal sins, your country will be brought to your knees through continuous disasters and the ruination of your civilization. Choose life, or you will choose death and its consequent destruction."

Jesus said: "My people, there are those in your society that do not want to be confronted with their sins of abortion. So when you show them models of the size of the infants that they aborted, or more graphic bloody pictures of the suction abortions, they are appalled and want to put you in prison. They cannot face the reality that they killed their children, and they become angry at you because they want the right to kill their unborn infants. Every time that you protest abortions, you receive this backlash from women demanding their rights to kill their babies. In My eyes these mothers have no rights to kill, and everyone, who has an abortion, will have a heavy reparation for this premeditated murder. The vision of the banker's desk for settling accounts is a reminder at your judgment of how you will have to settle accounts with Me for the taking of any life. This is the most serious mortal sin that you could commit in taking another's life. You can be forgiven in Confession, but you are denying My plan for this life. At your death or at your Warning experience, you will see what this person, that you killed, would have accomplished in their mission for this life, but you cut off My plan. Pray for the

mothers to not have abortions, and it is your Christian duty to speak out publicly against abortion."

Sunday, January 23, 2005:

Jesus said: "My people, you have read in today's readings of how I called My first disciples from their fishing boats. I told them that with Me they would be fishers of men. My calling is received differently by various people. This vision of four drawers is likened to how people receive My call and My Word. In the parable of the sower (Matt.13:3-9) some are like seed thrown on the footpath where the birds eat it up, as when people hear My call and they cannot accept My commitment. Others are like the seed thrown on rocks that sprout and wither for lack of roots. These hear My call with rejoicing, but they are not persistent in following Me because of their lack of faith. Still others are like the seed that falls among thorns that become choked by the cares and comforts of the world. Finally, there are those where the seed falls upon good soil that yields a hundredfold, sixty fold, and thirty fold. These are My faithful people who hear My call for their mission and drop everything to come and serve Me without reservation. Within My faithful some are called to be priests and deacons. Some are called to be prophets or evangelists. As some are called to be leaders, the rest are followers of My Church. All of My disciples are baptized and called to save your soul and the souls that you meet in life. Even if you are not a leader in My Church, you can still be a beacon of faith to bring souls to Me. Heaven rejoices for those who willingly accept My call and use their talents to fulfill the mission that I have given them."

Monday, January 24, 2005: (St. Francis de Sales)

Jesus said: "My people, your priest talked of St. Francis de Sales' teaching that everyone should be seeking perfection to gain heaven, and not just the religious. Even in My Gospel I have instructed My faithful to be perfect as My heavenly Father is perfect. (Matt.5:48) This striving for perfection in your spiritual life can start with fasting and daily prayer. You are not far from the beginning of Lent when you can focus more clearly on bettering your spiritual life. Going to daily Mass and Holy Communion can give you the added grace to work toward your perfection. I know that you are weak in your sinful nature, so a frequent cleansing of your soul at Confession will also help you to perfect yourself with a pure soul. Love Me and your neighbor as yourself, and you will have a life's work to follow Me in holiness."

Jesus said: "My people, I am doing everything to get people's attention to listen to Me, but many are too wrapped up

with their worldly pursuits that they have turned My message of love away from them. I want to remind you of what happened to the rich man who tore down his old smaller bins to build new and larger ones to hold all of his harvest. Yet, he was a fool because I called him home in death that night. If you store up riches only for yourself, to whom will they go when you pass on? The things of this life come and go in a short time and your life will pass you by until suddenly it is your own moment to die. Since you are only here for a brief time and you do not know how long you will be here, then live the present moment in sharing all that you have with others. When you have true love to help someone, you do not look for something in return. When you give alms freely, even tithing ten per cent of your income, you will gain more in heaven than what your money could buy you in possessions. In like manner you should be willing to share both your time and your faith in helping to save souls for Me. The more souls, that you bring to Me, the more merits that you will gain in heaven for your judgment. I want My faithful to be reverent to My Blessed Sacrament, and be persistent in working to improve your perfection. You should also be persistent in seeking to save wayward souls. Once you understand the beauty and greatness of My love, how could you ever refuse to serve Me? Love is My most important message because I died for all of you out of love for you. Those, who are saved, will receive a joyous reward in heaven that will be beyond your human comprehension."

Tuesday, January 25, 2005:

Jesus said: "My people, I am showing you these footprints as a reminder that I want you to walk in My footsteps in imitating My life. If you are to be a Christian, then people should be able to see that you are one of My followers by your actions. You have read in the readings about the miraculous conversion of St. Paul to being one of My greatest missionaries of the faith. Very few conversions happen with such a flash of light, but the reaction to following Me in love has been a reward to many people. Many converts to the faith are stronger in their devotion to Me than those who are born into the faith as an infant at Baptism. Even though you may be baptized, you still need to make a personal commitment of your life to My service. I talk of many lukewarm in the faith who only give Me lip service without love in their hearts. Many have received My Word, but they have not yet acted on it. Unless you accept Me as Savior and seek the forgiveness of your sins, you are not headed on the narrow road to heaven. I have called everyone to repent of their sins because the first step of conversion is accepting that you are a sinner and in need of My grace.

Baptism and Confession cleanse the soul of sin and this is your way to saving your soul. Baptism and Confirmation also call My followers to be evangelists in spreading My Word of love to save souls. I died for all of mankind to have your sins forgiven, but you must make a forward step to accept My gift of salvation in repenting of your sins. Follow Me in My footsteps throughout your life, and you will be on the right path to heaven."

Jesus said: "My people, you already have been challenged in Boston with a false plot to set off a dirty bomb by your news reports. You will see more and more potential for terrorists to set off a nuclear device in one or several of your cities. In some populous cities this could kill many millions of people. The reaction from such an attack could cause a nuclear conflagration against Arab countries or other countries that could even endanger man's own survival. This can be mitigated by prayer and repenting of your sins. War and hate will only result in more wars and killing, so America needs to make peace and leave Iraq or worse things will befall you. The militant terrorists keep telling you that the next attack will take many lives, so you should be prepared for even a nuclear attack. Pray for peace that such weapons of mass destruction are not used, or World War III could break out."

Wednesday, January 26, 2005:

Jesus said: "My people, remember when you went to the hospital to celebrate your new born daughter, or son, or grandchild. There was great excitement and anticipation to see a new life come into the world. The parents and the doctor were all smiles together. Now contrast this with your abortions and how your culture of death tries to hide these gruesome killings by calling them fetuses and only tissue to dehumanize these babies. All abortions kill a human life, and there can only be sorrow and guilt for these mothers who kill their children. The doctor also shares in this guilt by accepting his blood money as just a business. How can Americans endure the millions of babies that you have killed? Even I cannot endure your killing of My little ones only for your own earthly convenience. Do you think that I will forget these killings? I tell you they will witness before you at your judgment. You can be forgiven in Confession, but there will be a heavy reparation for this sin as individuals and as your country. Pray for mothers to stop their abortions, and that America will change its laws that allow these killings. America will pay dearly for all of your abortions, and even worse if you do not stop your abortions."

Jesus said: "My people, life can be lived normally according to My laws, or out of the norm according to man's laws and desires. Why is it that many choose to live together in sin

without marriage, in divorce, or in homosexual relationships? I made you male and female to live normally in marriage, but man desires freedom to have pleasure, even if it means violating My laws. Living in sinful relationships is a source of constant sin and you need to examine your spiritual relationship with Me. If you desire heaven and want to love Me, you will need to follow My Commandments and live a life of commitment in marriage if that is your calling. You can live a single life, but without fornication or masturbation. Living a normal life without sexual sins is the desired path to heaven. It may be difficult to avoid a sinful lifestyle, but it is purity in your soul that is far more valuable for your spiritual life. You may fall at times, but you can refresh your soul at Confession. So focus your way of life to please Me and not your selfish desires of pleasure. Living a life of consecration to Me and a loving commitment to your spouse will give you a much more satisfying way of life. When your love is focused on Me and others more than yourself, then you can fully share your life without any misgivings or holding anything back. Love means that you want to give of yourself to Me and your spouse without expecting anything in return. The more perfectly that you have love, the easier it is to follow My laws of love. You always have My love, and I am always seeking your love in return."

Thursday, January 27, 2005:

Jesus said: "My people, this narrow opening represents the difficulty that man has in opening up his heart in the love of forgiveness to those who have wronged him. You have offended Me by your sins many times throughout your lifetime, yet when you sought My forgiveness, I have given it to you out of My infinite mercy. Even when you offend someone or damage their property, you want their forgiveness and are willing to make amends. Anyone can make a mistake, but how big is your heart when someone seeks your forgiveness. Your human sense of justice is very exacting, and you sometimes even seek more reparations in money for someone's offense. Look at how much you sue someone for the least little infraction, and you will see how cruel your justice system is. But once restitution has been made, you still have grudges without forgiveness. You need to let go of all the hurts that people have done to you, even if it is unjustified. I want you to love everyone, even your enemies or those who hurt you. The more you harbor grudges and hate, the less loving you will be. If you die with these grudges of not forgiving people, you will have to make reparation for them in purgatory. In order to come to heaven, you must have pure love in your heart. Forgiving people is very difficult to man, but you must ask My help to have a more forgiving heart. This is

just one more thing that must be cleansed on your road to
perfection in heaven."

Thursday, January 27, 2005:

Prayer Group:

Jesus said: "My people, there are many people who are worried about renting or keeping up their payments on their homes. Life has challenged many households with job layoffs and an economy that has been shaky with deficits and wars. I keep telling people to have trust in Me and I will provide for their needs. I feed the birds and dress the lilies of the field, so I can find miracles to help each of you. The uncertainties for your country are a result of your own actions in abortion and your sexual sins. All of your troubles have come as a result of your own greed and your unnecessary wars. Pray that your people will find shelter and jobs to feed your families."

Jesus said: "My people, I have told you that your standard of living would be decreasing as your manufacturing jobs leave and you are left with lower paying service jobs. You will have to cut back in your family budgets for expensive new cars and be satisfied with less expensive homes. The middle income wage earners will suffer more losses as you will see more of two extremes of rich and poor. Your country is wasting away financially just as your poor morals are dragging you down spiritually as well."

Jesus said: "My people, your Lenten Season is not far away and just as you chose New Year's resolutions, now you can plan some penances to help improve your spiritual life. Fasting, prayer, and almsgiving comes to mind as well as more focus on the cleansing of your sins at Confession. Some may have difficulty with doing a little penance, but it is good to deny some of your sinful pleasures. Take on a little suffering so you can share in what I suffered on the cross."

Jesus said: "My people, your winter storms are a real test of your endurance. No matter where you live, you are being tested by many natural disasters. In winter the Northern states suffer from cold and snow. In the fall the South suffers from hurricanes. In the spring the center of your country suffers from tornadoes. In the summer the heat and dryness causes fires out West. Be grateful that you have resources for plentiful food. You are blessed with many riches, but your sin is corrupting your lifestyles. Come to Me more in prayer to balance the scales of My justice."

Jesus said: "My people, your numbers of new homes have been high because of your artificially low interest rates. As rates increase and inflation picks up, there will be

more problems in financing these new homes. Debt levels for governments and individuals are going to be tested with a shortage of funds and the value of your currency will continue to decrease. Many of your financial problems are coming from greed for possessions that you cannot afford."

Jesus said: "My people, it is very difficult in your busy world today to get Perpetual Adoration started and even harder to maintain all of your hours. Those, who are faithful to their hours of Adoration, receive many graces and blessings that you do not realize. When you are before My Blessed Sacrament, you have your very God and Creator right in your midst in the Sacred Host. Even the few that manage to make time for Me are helping to atone for the many sins of the world. Adoring My Blessed Sacrament may seem very simple, but My Host is one of your strengths and weapons to battle the evil of your day."

Jesus said: "My people, many of your prisoners of crimes have been in the lower levels of your economy, but your future detention cells will be filled with patriots and religious people. These are the ones that the one world people think will cause them the most trouble in bringing about their new world order. These rich leaders want the masses of poor with little education so they can control them like cattle. If you refuse to be controlled by New Age thinking and the mark of the beast, then they will try to throw you into prison or insane asylums to silence your objections. During this coming tribulation, you will have to flee to My refuges of protection so you will not be controlled by the Antichrist. Be patient for I will come and conquer all evil and renew the earth in My Era of Peace."

Friday, January 28, 2005: (St. Thomas Aquinas)

Jesus said: "My people, every time that you receive Me in Holy Communion worthily, you are joined with all the saints and angels of heaven in My Mystical Body, even though you are on earth. Receiving My consecrated Host is a little taste of heaven at every Mass. This vision of heaven is to be shared with everyone so they can realize how beautiful and glorious your eternal life can be with Me. My love and peace will surely give you the eternal rest that you are seeking. This life is a difficult suffering to endure your test of faith among many earthly temptations. The most important things in this life are those means that help you to eternal life in heaven. When you pray, fast, or adore My Blessed Sacrament, you are united with Me in Divine love. I ask all of My faithful to

serve Me and consecrate everything that you have over to Me. Do not let attachments to all that is earthly come between us. All earthly things are temporary and are passing away, and that is why you need to be desiring only heavenly things. Those, who choose not to follow Me, are risking the eternal fires of hell. That is why every soul is important to Me and I seek each soul until your dying breath. I also am inspiring My faithful to reach out to evangelize as many souls as you can to bring them to Me and away from the devil's clutches. Be persistent in pursuing every soul as I do because you would not want to lose anyone to hell. Many souls are lazy and spiritually in a daze among the pleasures and attractions of the world. Pray for souls and give them good example in your actions and in your love for Me and others. Your reward for being faithful to Me will be eternity in heaven which demands perfection in holiness."

Jesus said: "My people, I bring you 'Living Water' that is My grace that runs throughout your whole life. In life water is necessary for your very survival. Without water your crops cannot grow. You are made up of mostly water and you need water every day for your nourishment. Fresh water is very important and My pure rain from the sky constantly replenishes the soil and fills your reservoirs. I remind you of the woman at the well. I told her that she could receive My 'Living Water' and she would not have to draw it every day. I spoke to her of My grace that is just as necessary for your spiritual life as water is needed for your physical life. This vision of My 'Living Water' running through a house represents My flowing graces that are always available to you when you ask Me for them. In every sacrament you receive My heavenly graces. In Confession I forgive your sins and I replenish your soul with sanctifying grace. When you receive Me in Holy Communion, you receive My grace to heal your sins and strengthen you against temptations. So when you want to seek heaven, you must follow My Will and My Commandments and I will give you My 'Living Water' of grace so your soul can be alive and vibrant until your death. Keeping your soul pure in grace should be your goal. Those, who have mortal sin on their souls, are in spiritual death and lacking of all grace. That is why you need frequent Confession to seek My forgiveness of your sins and renew your 'Living Water' in My graces. I am like a spiritual oasis with abundant graces and 'Living Water' to satisfy your spiritual thirst in your soul. Come to Me always in everything that you need and I will provide for you."

Saturday, January 29, 2005:

Jesus said: "My people, in the Gospel My disciples became fearful of the tossing of the sea, even though I was sleeping on the boat. When I calmed the sea and the wind, they wondered what kind of man I was that even the sea and the wind obeyed Me. My disciples still had to recognize My powers as God's Son and even more they still needed to have trust and confidence in Me as I was with them. This fear of things and people of the world is still among you in your humanity, but you should have no fear because I am always watching over you, just as I take care of the birds of the air. This vision of Daniel among the hungry lions takes your faith even one step further in trusting in My help. Do not be timid in speaking out about loving Me and standing up for your faith and My Commandments, even if you may suffer criticism or persecution. As time draws closer to the tribulation, you will even be risking your life in martyrdom to witness to your Lord. Better to be strong and die a martyr's death than deny your faith in Me. You are being tested in little ways now, but if you cannot stand up to testing in the green of mild persecution, how will you stand up to testing in the dry of tribulation time. You cannot fight these principalities and powers of evil alone, but you must call on My help in trust that My power is greater. I chastised My disciples for not having trust in My protection, so do not disappoint Me in your own trials. By being faithful to Me even against the powers of evil in the world, you will win your crown of sainthood in heaven."

Jesus said: "My people, the powers behind your government are scouting for their next war. They cannot tolerate peace because they like to stir up constant wars over nothing in order to make money on arms and the taxpayer's debts. Your Congress should stand up and vote no against any future wars, but they are succumbing to lobbyists paying them off or giving them contracts to their states. Do not be surprised when your Congress will again give your military the go ahead under some pretext to attack more countries that need regime changes of leadership. You are in a constant circle of wars that do not benefit you in any way, yet your leaders are cajoling your people into these wars. Killing and destruction does not solve anything. Then America spends millions more repairing the damage and replacing the government. These constant wars have only one purpose and that is to neutralize your armed forces, and bankrupt your country so the one world people can take over. The American people

need to protest against your war makers and strive for peace with no killing. If you sit back and let these wars continue, these evil ones will destroy your country. The devil is behind stirring up wars and continuing abortion, so you need a major prayer and fasting effort to stop this killing. If you do not listen to My words, you will be doomed to repeat the history of nations who have self-destructed."

Sunday, January 30, 2005:

Jesus said: "My people, I have talked to you many times of praying in your room or in front of your home altar. Your prayer life is a way of communicating your love to Me both in formal prayer and informal prayer from the heart. You pray for your petitions and to give thanks to Me for all the gifts that I have shared with you. Prayer and fasting are a way of purifying your soul as well as refreshing your soul with My grace. When difficulties come into your life, you can ask Me in prayer to sustain you and lighten your burden. This is why daily prayer time is a necessity for you on your road to heaven. Just as I ask My followers to tithe ten per cent of their income to charity and support of My Church, so you can also tithe ten per cent of your time to Me in prayer and good works. You have been given enough money and time so that you have a Christian obligation to share both with Me and your neighbors out of love. The more that you give in your contributions of money and time, the more treasure that you will store up in heaven. You will be beginning your Lenten Season soon, so now is a good time to put these goals into your life of sharing ten per cent of your income and ten per cent of your time."

Jesus said: My people, this top of a hill and the valley below are a sign of the ups and downs of life. The monastery is also a source of traditional worship of God, while the valley in its darkness of fog, represents the evils and trials that you must suffer through in life. While you are with Me at Adoration or receiving Me worthily in Holy Communion, you feel My comfort and you are protected. While you are on the top of the mountain as My disciples were at My Transfiguration, they did not want to leave, as you desire My peace to go on forever. But this life has trials of testing your faith and you must endure them. You do not have to endure them alone because you can call on My help and strength to get you through. At times your faith is weak and you think that your trials are impossible to bear. But remember with God, all things are

possible. All of the spiritual graces, that you gain while you are on a spiritual high, are sufficient in faith to carry you through any valley that you will face in this life. The devil will test you with fear and he will try to break your confidence and trust in Me. So do not let the trials and disappointments in this life get you down that you fall into despair. With Me at your side, you have all that you need in this life. When you feel down, call on Me to uplift your spirits and your joy will know no end, even in this life as well as the next."

Monday, January 31, 2005:

Jesus said: "My people, in the first reading you read of how the early prophets were abused and killed. Many of them were forced to flee and hide in caves and out of the way places for protection. For now you see Masses said in the crypt or basements of your churches. In the future you will have to go to your homes for an underground church and Mass. Persecution for your faith will again prevail in your world that grows more evil every day. Once the evil ones seek you out to kill you, you also will have to flee like the early prophets for a place of safety. Some in hilly areas will be led by their guardian angels even to caves as refuges. I will protect My people at My refuges where they will not find you. Take warm clothes with you and I will provide for your needs. Some of My faithful will be martyred for My Name's sake, but those remaining will find My protection. Rejoice when you see the Antichrist take control, because you know that I will come soon to vanquish all evil and renew the earth with My Era of Peace. Have trust and hope in Me always as My victory and power are greater than the evil ones who will be cast into hell."

Jesus said: "My people, I suffered so much on this earth because I had a world of people to save. I suffered here for your sins, so in imitating My life you must suffer also in carrying your own cross. Many seek riches and pleasures to be comfortable in the body, but do not be misled by affluence and power, and do not worship anything before Me. Some make possessions and pleasures their gods, but it cannot be that way with My disciples. It is harder for the rich to be saved, and that is why I want you to live simple lives. If you are not suffering or doing penance, then you could be enticed to follow the body's desires. You must detach yourself from earthly desires if you are to gain heaven. So the more prayer, fasting, almsgiving, and good deeds you perform, the less time the

devil can tempt you if you are spending your time idly. Keep focused on Me in all you do and pray for My help in all of your projects, then life will be less burdensome in My service. Every morning that you wake up, greet Me and be joyous that you have another opportunity to carry your daily cross closer to your goal in heaven."
