

Sunday, January 1, 2006: (Solemnity of Mary)

Jesus said: "My people, today's reading speaks of the shepherds coming to see Me in My infancy as they were directed by the angels. A Light came down upon the shepherds and a great multitude of angels sang to them. (Luke 2:14, 'Glory to God in the highest, and on earth peace among men of good will.') This great Light in the vision on My Blessed Mother and I was another intervention of the angels singing as the shepherds saw Me as an infant. It is My Light of grace that leads all of you to see Me even as you receive Me in Holy Communion. You can pray to Me as an infant as well, and you can have a display of My crib scene in your prayer room to share all year long. Your little sanctuary light in your prayer room can represent this Light of My angels that are constantly singing My praises. Rejoice with My angels and give thanks and praise to Me for becoming your Redeemer and Savior."

Monday, January 2, 2006: (St. Basil & St. Gregory)

Jesus said: "My people, this vision of Christians being tortured to death is going on today and will be going on during the tribulation. Some will be martyred for My Name's sake, while others will be saved at My refuges. This is a description in Mark 13:9,12-13 of the tribulation time. 'But be on your guard. For they will deliver you up to councils, and you will be beaten in synagogues, and you will stand before governors and kings for my sake, for a witness to them.' 'And brother will hand over brother to death, and the father his child; children will rise up against parents and put them to death. And you will be hated by all for my name's sake; but he who has persevered to the end, will be saved.' Everyone living at that time will have to suffer through the tribulation. Only by My grace and the help of your guardian angel will you be able to endure it. I will give you what to say at that time by the power of the Holy Spirit. Do not be afraid, but have faith and confidence that My angels will protect you at My refuges where you will be led and taken care of. Those, who are martyred, will become instant saints in heaven. Those, who endure this trial, will be living saints to endure this purgatory on earth, and will be rewarded in My Era of Peace and later in heaven."

Jesus said: "My people, I have told you that you will be seeing more disasters of large proportions. This great volcanic explosion will send great amounts of dust and ash into the air and could affect the world's weather and your crops. This will be another contributor to a world famine that could come upon you quickly. The food, that I asked you to set aside, will be needed at this time. I will multiply your food so you can distribute it to many in need of being saved from starvation."

The miracles of multiplication and healing will contribute greatly in saving many souls that otherwise might have been lost. Many of these disasters will confound the proud and the powerful as they will lose the possessions that they were relying on. Better to trust in My help with My angels, and you will have nothing to fear."

Tuesday, January 3, 2006: (Holy Name of Jesus)

Jesus said: "My people, you have read of My Baptism by St. John the Baptist in the Jordan River as in the Gospel reading. This is one of the Scriptural accounts of the appearance of the Blessed Trinity for all to see and hear. (Matt. 3:21-22) 'Now it came to pass when all the people had been baptized, Jesus also having been baptized and being in prayer, that heaven was opened, and the Holy Spirit descended upon Him in bodily form as a dove, and a voice from heaven 'Thou are My beloved Son, in Thee I am well pleased.'" The voice from heaven was My heavenly Father, and from this you have been given the Sign of the Cross and the Glory Be prayers that honor the Blessed Trinity. The vision of the pool of water represents the Baptism of the people into My faith community. You have your sins washed away symbolically with water, but in reality your souls are cleansed by My sacrificial Blood on the cross. The many years of wear on the stone around the pool represents how many years ago this happened and how many have been baptized in My Name since that time. You are blessed with this Sign of the Cross at birth and as you are buried at your funeral."

Jesus said: "My people, in America you have taken your freedoms for granted, yet in communist countries there is still slave labor and a suppression of expressing religious beliefs. Even though you have supposed freedom of religion, your judges are trying to restrict what you can say about God or even pray in public. Many things as Bibles, the Ten Commandments, crucifixes, and Nativity scenes are being forbidden in public places. My people still need to express their love for Me and your neighbor in any way that you see fit. Do not be afraid to evangelize souls and use these things to show your belief in Me. If you witness to My Name in public, I will witness for you before My heavenly Father."

Wednesday, January 4, 2006: (Elizabeth Ann Seton)

Jesus said: "My people, in the mining explosion in West Virginia it was unfortunate that the news of the fate of the miners killed was not accurate. Many were praying for miracles, but the final truth brought sadness again. You have seen similar accidents in America and other countries. Safety in these dangerous conditions is not always easy when you are dealing with potentially explosive mixtures in the air

underground. Possibly better working conditions might result from this accident and violations should be corrected before it could cause any more fatalities. The general public is not aware of how much coal is used by your factories, and how many other mines might have similar problems. Pray for all of your miners and their safety as they risk their lives to bring you your sources of fuel."

Jesus said: "My people, this vision is all about the preparations that were made at the hospital for live miners, but there was only one that lived. The other minors instead will be sent to the coroner at the morgue for autopsies. More focus has been on the mistaken communications that were too premature and too optimistic before the real facts were known. The explosion and carbon monoxide have taken their toll, and many families were not only upset with the deaths, but also with the false hopes that were given. Many across your nation have sympathized with the families, and some strong investigations will be going on for all mines with violations of any kind. Governments of various levels may be called on to provide aid to the families who have lost their wage earners. Pray for these families in their grief and for their immediate needs."

Thursday, January 5, 2006: (Dick Mauer's funeral Mass)

Jesus said: "My people, it is not easy to suffer the loss of a father and grandfather in a large family. Dick's life was a beautiful expression of care for all of those that he tried to help in life. He helped people in various skills that he had and he truly used his gifts for everyone. He had a great love for Me and My Blessed Mother. He loved to be with Me at Adoration and he spread devotion for My Blessed Mother's Rosary to all who would listen and take a rosary. He spread his faith values through all of his family and to those who would listen to his advice. He is a model for all parents to share the faith with their children. He was a very active witness in what he believed in Me, and many will miss his pleasant words of encouragement. His new beginning after death will allow him to pray for all of his living family and join with his deceased family members. Rejoice in celebrating this man's gift of life to all of you."

Prayer Group:

Jesus said: "My people, I am warning My faithful to avoid movies about witchcraft and TV programs about witches. There are various evil influences even in simple things as tarot cards, astrology and Ouija boards. Drugs and various music can also lead people to openings to demon possessions or obsessions. I cast many demons out of people as you have read of My miracles. There are even more demon possessed people now, but

they are hidden by certain mental illnesses. There are exorcist priests and deliverance people who are still casting out demons, but this takes graces of preparation and prayer in My Name. Carry your blessed sacramentals for protection from evil people and the demons. Trust in My protection and I will be with you with power greater than any demon."

Jesus said: "My people, there are many jobs in your work force that live with daily dangers. Some work in mines, some in chemical plants, steel mills or making pesticides or other poisons. This latest mining incident points out how important it is to stress safety in every work place. At times people are complacent with these everyday dangers, but when people are injured or killed, then you realize how you have to be alert to accidents at all times. Pray for your workers and employers to take care of safe working conditions and remove any unnecessary risks."

Jesus said: "My people, you have only just entered this new year and already you are being tested by flooding, fires, and ice storms. I am telling you that this year will again see great trials with destruction and great loss of life. There are so many ways that natural destruction can bring you to your knees in prayer. Heavy rains in California have caused some major flooding with some loss of life. Fires in Texas and Oklahoma have burned many dwellings. Twelve miners have lost their lives from a mine explosion. Earthquakes and volcanoes are continuing and will again take more life and a loss of homes. Your storms continue to destroy structures and kill people in hurricanes and tornadoes. See all of these signs increasing in numbers and intensity as a warning of the coming tribulation. Call on Me in prayer for My protection and a safe shelter."

Jesus said: "My people, Christians are speaking out more about 'Merry Christmas' even when it may not be politically correct for some. In many of these disasters you are seeing Good Samaritans coming forth with substantial donations and help to rebuild the homes lost by the hurricanes. It is one thing to talk about love and charity, but it is even more meaningful to reach out and help someone in need by donating your time, talent, and treasure. I provide these opportunities to gain grace, so do not pass them up just for your own comfort and convenience. Your reward will be great in heaven for all that you can do to help My little ones."

Jesus said: "My people, many of your economists like to make educated predictions of how your economy will perform in the next years. Some are concerned about interest rates rising, increasing fuel costs, worsening deficits, or more layoffs in manufacturing. All of these things can influence

your jobs and finances, but do not just be concerned about physical trials because you can call on My help in all that you do. Trust in Me to lead you on the right path to heaven so you can guard your souls against the evil ones and their temptations."

Jesus said: "My people, there are those working on their diets to get their bodies in shape with additional exercise. Remember how I suggested that improving your inner appearance is of even more importance to your soul. Some of your fasting can serve a double purpose of improving your weight and developing self-control to avoid falling into sin. You are called to take care of your body and not to overindulge in eating, drinking, smoking, or too many drugs and medications. By making your new resolutions and calling on My help, you can work to eliminate some of your bad habits and move closer to holiness."

Jesus said: "My people, you may be fortunate to know of some places of Adoration or open churches where you can visit Me in My Blessed Sacrament. I give all of you an opportunity to show your love for Me by coming to give Me praise and worship in My consecrated Host. As you look upon My Host, you can tell Me your troubles and ask Me to help lighten your heavy burdens in life. My adorers are always special to Me and you will be blessed by My graces for every visit that you make to see Me. Give yourself some silent time with Me and your heart will be enriched with My Word and My love."

Friday, January 6, 2006:

Jesus said: "My people, as you look out into this world, the trash in the vision is the sin and immorality of the people that you see in filthy movies, prostitution, homosexual parades, and adult bookshops. The blizzard of snow represents all the news and activities going on around you all of the time. My advice is to make some quiet time for yourself in prayer every day, especially in front of Me in Adoration, or in My tabernacle. If you do not shut off your TV and radio for a time, you cannot think straight with all of this clutter going on all of the time. The world is full of temptations and distractions that can keep you busy and steal away any time for your prayer life. It is up to you to make time so you can get off the world's merry-go-around and have some true peace and rest with your Lord. The world is full of stress, and you need to rest your mind and soul, just as you take time at night to sleep and rest your body. This spiritual refreshment with Me will give you the grace and endurance to withstand all of the trials of this evil age."

Jesus said: "My people, you are starting another year with celebrations, but the one world people are using their

surveillance cameras and phone taps to strip more of your freedoms in the name of security. This year your passports will need to have smart cards with digital pictures and biometrics of your fingerprints or iris scans. Your driver's licenses will be required to have smart cards as well over the next few years. These people want to control your buying and selling and there will be reprisals for those who do not go along with their new world order. Eventually, punishments could be a loss of your bank accounts or prison in a detention center. As the evil ones try to force chips in the hand, My faithful should refuse chips in the body even if they threaten to kill you. Chips in the body could be used to control your mind and eventually your soul through worshiping the Antichrist. Call on My help and My angels will lead you to My refuges before they can come to your house to force chips in the body on you. Even if you give up everything, I will supply you with water, food, and shelter at My refuges. Have faith and trust in Me that My power will vanquish these evil ones and I will lead you into My Era of Peace."

Saturday, January 7, 2006: (Cana Gospel)

Jesus said: "My people, in this vision of My Blessed Mother she is always a caring person as in the Gospel when she advised Me of the wine running out at Cana. My compassion reached out to help the bride and groom as well as answering My Blessed Mother's request. She is your mother also as she watches over her children with her mantle of protection. This situation was a teaching moment in both honoring marriage as a sacrament with My first miracle, and teaching My apostles of My powers as the Son of God in performing such miracles. The added touch of My mercy was that this new wine was not just ordinary, but it was of excellent quality that even the head waiter noticed. This should also be a lesson to My faithful when you are teaching people about the faith, that you can use many such incidents as teaching moments and examples of My love."

Jesus said: "My people, you have read of the controversy of dodging the law to have phone taps on people without a warrant. The real truth is that your government is listening to every communication for words about terrorism. In addition they are profiling your citizens to see if they would give the one world people trouble in establishing their new world order. If you are strong about your freedoms or are religious, they are placing you on lists to be exterminated or placed in detention centers. Call on Me in prayer and you will be protected at My refuges. The evil ones will be persecuting you for your beliefs which are contrary to the Antichrist's plans. Stay true to your faith and refuse to use the microchips that could control your

minds if you place them in your body. I will defeat the evil ones and cast them into hell, but My faithful will be made ready for My Era of Peace after I renew the earth. Rejoice when I come, for your joy with Me will be great both on earth and in heaven."

Sunday, January 8, 2006: (The Epiphany)

At Holy Name after Communion I could see the Light shining from Jesus as in the Warning and at death. Jesus said: "My people, there is more to My coming than a miraculous star. This Light of My appearance in the vision is the same Light that you will be drawn to at your Warning experience, and at your death. My mere Presence gives Light to the world and you can see a glimmer of My Presence in every person on earth. St. John, the apostle and evangelist, speaks of My Light in the beginning of his Gospel. (John 1:4-5) 'In Him was life, and the life was the Light of men. And the Light shines in the darkness; and the darkness grasped it not.' Even though the Pharisees tried to snuff out My message by killing Me, they were confounded by My Resurrection, and My Church continues to spread My message even until now. All of My faithful have been given a gift of faith and a part of My Light that you need to share with all nations from the rooftops. Just as the Magi brought their gifts, you can also bring Me both your physical and spiritual gifts through your daily consecration. Believe in My message of Light and follow Me throughout all of your life."

Monday, January 9, 2006: (Baptism of Jesus)

Jesus said: "My people, since I have come into the world to die for you, you are all baptized in the Spirit and not just by water alone. When the Holy Spirit is in you, you will be inspired to spread the faith to all people. This vision of a divided seat being sewn together is a sign that I want all of My people to be peacemakers. The evil one has planted seeds of division all over, but you are called to heal divisions and unrest among families, and bring My peace into their souls. Holding grudges and bitterness is the opposite of the love that I want you to spread among your people. Peace is far better than wars and continual hate. Find ways to work out your differences instead of following the evil one in perpetual wars. All wars are a failure in relations, and they will not be solutions, but become more of the problem. Live in My peace and love, or you will destroy yourselves with your pride and greed."

Jesus said: "My people, this vision of being saved in a deep well is how some people see the need for the forgiveness of their sins. The more you dwell on your sins, the more sorry you are for having offended God. The rotating tunnel gives you a

feeling of lost balance and disorientation. When you are going through the tunnel of your Warning experience, you will be outside of your body and the only things with you will be your good and bad actions of your life. All of your possessions and earthly comforts will be stripped from you, and you will be traveling in the spirit world. I will review all of your life's actions before you, and you will see how they affected other people and how they saw you. A fair judgment will be pronounced on you to go to heaven, purgatory, or hell. You will see a vision of where you would be judged, but you will also be put back into your body with a second chance to change your life. Call on My help because this experience will be a great test of your faith for everyone at the same time. Those, who are faithful to Me, will receive protection and a reward in My Era of Peace. Those, who reject Me in favor of the Antichrist, will be thrown into the fires of Gehenna forever."

Tuesday, January 10, 2006:

Jesus said: "My people, during life, you have many obstacles to overcome that may seem insurmountable as these steep cliffs in the vision. In the reading Hannah's barrenness seemed to her an impossible dream to conceive a son. Yet, she was asking Me in prayer to answer her intention. Her faith enabled her to be answered with her son, Samuel. I know all of your problems and concerns, but it is your persistence and faith in your prayers that can overcome mountains. I told My apostles if they had the faith as small as a mustard seed, that they could do great things beyond their dreams. This is the lesson for all of My faithful that with Me all things are possible. Pray the most for intentions that are the best for your soul and others, and you will be favored in time."

Jesus said: "My people, after your hurricanes affected your Gulf Coast supplies of oil and natural gas, you have seen spikes in your fuel costs for your cars and your homes. This experience and coal mine explosions are again showing you how vulnerable your fuel supplies are. The cheapest natural resources are fossil fuels which are being used for your energy sources. Harnessing sun, wind, and nuclear power are other alternatives, as well as hydrogen and ethanol. It may take more research to use recyclable fuels, but each fuel has its dangers and problems to use. Production of carbon dioxide from fossil fuels is also causing other problems in your environment. Price, convenience, and soon environment are the driving forces in why man chooses different fuels. Pray for your fuel companies and your governments to make the right choices so everyone can live in a world that you can hand on to your children without major disasters."

Wednesday, January 11, 2006:

Jesus said: "My people, you are seeing in the Gospel how I healed diseases and cast demons out of people. The plural of more than one demon means that it was not uncommon that people had either one or more demons. I have warned you that in this evil age there are also many demons of influence either attached to people or fully possessed in people. You cannot always tell of this possession because these demons can hide their presence and the person appears normal. Some mental illnesses are associated with demons, but demons also are attached to addicted people. Sometimes people invite demons in through seances, witchcraft, drugs, New Age worship of idols, Ouija boards, and Eastern Meditations as Yoga and Reiki exercises. These exercises are worship to various deities of the various hand and body positions. Look at the source of power being invoked, and if they are not calling in My Name, then they are inviting evil spirits. To battle these evil spirits you must protect yourself with holy water, blessed salt, Benedictine blessed crosses containing exorcism medals of St. Benedict, and other blessed sacramentals. Praying the St. Michael Prayer and shaking holy water or blessed salt on possessed people can free some demons. It is best for exorcism to have a priest carry out such a blessing of deliverance, but in the absence of a priest, one can call these demons out in My Name to the foot of the cross and never to return. When you see strange behavior, a rejection of crosses and holy things, expressions of hate, or unusual coldness, these are signs as you know of demonic presence. Remember that My power is greater than the demons and you can call on My power to release people of the demons. The devil and the evil spirits are real entities that have as their one goal to steal your soul from Me to bring it to hell. So look to the Light in Me and I will protect you from any darkness of the evil ones. Have faith and fear no evil because with Me all things are possible."

Jesus said: "My people, at times you are tired of looking at the same things in your rooms. You may have an inspiration to improve the appearance of some old things in your rooms. By changing a little bit at a time you can minimize the cost of each change. Your spiritual life can also get old with time, if you are not thinking of how to improve it. You all are striving for perfection, so there is always room for improvement. Try to make your path to heaven as short as possible without so many detours. Work at ways in your new resolutions to come closer to Me in prayer and do not let yourself be so distracted with worldly things. Strive to become holy and avoid occasions of sin that could lead you astray. Once you have made some

improvements in your life, then you can compare now with your past efforts. Live to love Me and your neighbor more, and you will be contributing more to peace in the world."

Thursday, January 12, 2006:

Jesus said: "My people, I have spoken to you many times that My Church is like a bride and I am the Groom, as I am inviting you all to My Wedding Feast in heaven. This vision of a newly married couple passing through a large wedding ring represents the contract or covenant made between the man and wife to be faithful to each other. This sacrament of Matrimony protects them from any sin of fornication and keeps them pure. In the same way My followers receive Baptism, and Confession when needed, to make a contract of fidelity with Me that you will be faithful to My Commandments. My sacramental grace will keep you pure and strengthen you against sin. Today's Gospel speaks of a healing of leprosy, but I healed the souls as well from their sins at the same time. A healing of souls is far more important for your eternal life than a temporary healing of pain in this short life on earth. Even though you pray for physical healing for people's diseases and pain, it is even better to pray for people to be open to Confession that can heal their soul."

Thursday, January 12, 2006:

Prayer Group:

David said: "My dear father, I am happy that you continue to remember me during your prayers and when you can visit my grave site. I come to you more on the anniversary of my death because it is a birthday into the spirit world. I continue to pray for my parents, my sisters, and their children in all of your trials. The letter that you received is a blessing and an answer to your prayer to me as intercessor. You have had several prayers answered through my intercession, so continue your intentions because Jesus listens to his little ones."

Jesus said: "My people, you have seen fires out West during the summer, but these new outbreaks are unusual in your winter season. You are experiencing some unusually warm weather all over your country and you are realizing that your weather patterns are changing dramatically. These dry conditions in Texas have touched off fires that have taken you by surprise. See that such changes are going to be more frequent as a result of man's influences on his environment."

Jesus said: "My people, there has been an unusual outbreak of bird flu among the chickens that the people are growing. Some are claiming migratory birds are spreading this flu, but there are some man-made causes that have not been revealed.

Those people, who have come in contact with the diseased birds, are the ones who have contracted bird flu and a fair percentage have died. Some have tried to contain this spread by killing the chickens. Getting vaccines and antibiotics to these remote countries has not been very successful. Pray that this disease is contained and that it does not spread between humans."

Jesus said: "My people, this vision of Northern Lights is not unusual because it comes from the sun's constant bombardment of your atmosphere with particles that ionize the molecules releasing colorful displays. It is the polar effects of the earth that only allow these entries at the North and South poles. As the magnetic poles change and lessen in charge, you will be seeing these unusual displays moving further south in your Northern skies. Again this is another sign of the changes in the earth that are preparing you for the end days."

Jesus said: "My people, these dark clouds over the areas destroyed by the hurricanes represent the residual evil that hovers over these people trying to rebuild their places of sin. Many people have not returned, and there are still health hazards in the tainted water and mold infested debris. These people have yet to realize that it was their sins that brought this destruction upon them. Money from governments and aid organizations has been slow coming to repair all of this damage. There are still lingering doubts whether these levees will stand up to future storms. Pray that these people will see the light and change their sinful ways."

Jesus said: "My people, those people, who want to keep your abortion rulings unchanged, are greatly concerned about any conservative justice being added to the court. Your country is being given another opportunity to possibly change the makeup of your Supreme Court so that a new decision could be made against your current abortion laws. Unless you change your abortion stand, you will bring more chastisements against you and you will be brought to your knees by natural disasters."

Jesus said: "My people, you are seeing Iran fanning the flames of a future confrontation with Israel and possibly other Western countries. Removing UN seals and extending their nuclear plans for making bomb materials has many countries concerned about nuclear weapons in the hands of Muslim extremists. This could present a new source of war if these countries take any further action. Continue to pray for peace in the Middle East or you could possibly see nuclear explosions, or a possible world war over oil and the Arab countries."

Friday, January 13, 2006:

Jesus said: "My people, you have heard the account in the first reading how the Jewish people demanded Samuel to give them

a king to lead them in battle against their enemies. Samuel warned them that they would be giving up some freedoms for what they thought was security. In your government today, again the people are desiring security from terrorists, but when you see invasions of your privacy in all of your communications, there are second thoughts about what freedoms are being given up. This loss of your freedoms will be extended further when you will be forced to have smart cards in your driver's licenses and passports. The vision of the beast is even another example of when security, financial hard times, wars, and famines will occur. Then there will be a call for a world leader of peace in the Antichrist. But quickly he will become a tyrant once in control, and he will demand that everyone has to worship him, take his microchips in the body, and post his picture all over, even on your TVs. Refuse to worship this Antichrist and refuse his chips in your body. Instead, call on Me in prayer for protection at My refuges where My angels will provide for all of your needs."

Jesus said: "My people, this scene of My Agony in the Garden of Gethsemene, where I sweated drops of blood, was My humanity struggling with My imminent death. The quotation in Matthew shows My humanity in asking My cup to be taken away, but My Spirit followed the will of My Father. (Matt. 26:39) 'He advanced a little and fell prostrate in prayer, saying, 'My Father, if it is possible, let this cup pass from Me; yet, not as I will, but as you will.'" In the same way each of you have been given a particular mission to accomplish here on the earth. The more you deny this mission, the harder it will be to carry it out. If you call on Me to help you discern your mission, then it will be made clearer to you what that mission is. Most of My missions are many times in opposition to what your earthly comforts desire. You may be tested at various levels, much like I was in My Agony in the Garden. Once you understand your mission, it may be difficult to carry it out, or you may even endanger your life in the process. You have seen many courageous saints die a martyr's death than deny their faith in My Name. You could be tested as a dry martyr without being killed, or you may have to be strong as I died for you. My martyrs became instant saints and My angels helped them to bear the pain of their death. Trust in Me and have faith, even if you are tested with martyrdom."

Saturday, January 14, 2006:

Jesus said: "My people, there are many sinners who are sick with grief over the guilt of their sins. Some have developed serious problems in their stomachs or in mental illnesses from this guilt. When you know that you have done something wrong,

there is a desire to lift this guilt of sin from your mind. This is why I have given you My sacrament of Reconciliation. In the Gospel call of Levi, the tax collector, I answered the Scribes and Pharisees who criticized My eating with sinners. (Mark 2:17) 'It is not the healthy who need a physician, but they who are sick. For I have not come to call the just, but sinners.' If people are really truthful with themselves, they will have to admit that they are sinners and are not yet perfected. So everyone is included as a sinner, but those, who think that they are better than others, may not wish to admit their failings. It is those, who seek to be forgiven, that I seek out to forgive and help. Those, who reject Me and do not seek forgiveness, are too full of pride and are on the broad road to hell. So keep humble by coming to Me and following Me in My Commandments, and you will be on the narrow road to heaven."

Jesus said: "My people, when a coach prepares his football team for a hard game, he takes great care in choosing what players to put on his team, and care in training them as well. My people face a daily battle of good and evil every day in your actions. Again you always have to make the right choices and decide whose team that you are going to be on. If you choose to follow Me and My Commandments, you can call on My help in prayer, My angels, and all the saints. Do not think that you have to enter this battle all alone. You need to plan your day around how best to serve Me in your mission. Those, who choose to follow Satan and the evil ones, are choosing the wrong team because they will be defeated in the end. The evil demons and those who work with them, will be against you, so you know what you are up against and who you can rely on to help you. Have faith in My power because it is greater than all of the evil ones put together. You may see setbacks in various battles, but you know that I will be victorious in winning the war. Focus on My love and peace as you struggle each day to be My worthy servant. At the judgment you will be rewarded for choosing the right team and fighting the good fight for the faith."

Sunday, January 15, 2006: (Samuel's calling)

Jesus said: "My people, man has been in a constant search to learn more about his neighboring planets and any information about the formation of the universe. Most of science is about measurements and observations of how things of the world interact with one another. There are some who do not want to believe in the creation of the universe by God, and are still thinking up theories to explain things. For those, who do believe in creation, they can see the parallel of the sun and the planets on a macro scale, and protons circled by electrons on the micro scale. The order and beauty of the universe had to

come from God, rather than out of chaos. Man's real search for truth should start with Me because you all are My creatures, and you need to give Me praise and glory in thanksgiving for all that I have given you. So when Samuel responds: 'Speak Lord, for your servant is listening.' This is the same response that I am looking for from each soul. My prophets and messengers have been given special gifts so that they can share My words with everyone. Now that you read their words of Mine in Scripture, there is no excuse for not listening and following My Commandments."

Monday, January 16, 2006:

Jesus said: "My people, you have seen a mild winter up until now. Soon you will be seeing considerably heavy snow bands where it is cold enough to snow. With enough snow you could see traffic problems both on the ground and in the air. The snow plows will again be called out and you will be spending more time cleaning off your cars and driveways. Your weather problems and natural disasters will continue to harass you as one event will happen after another. Pray for My help to endure all that will be going on."

Jesus said: "My people, there is a lot of manipulation and misrepresentation of the facts going on in pharmaceutical drug companies. Some companies know their product has bad side effects, yet they still sell them until the public complains with lawsuits. Some drugs are diluted or exchanged with generic ones to make more money. Prices between different countries are examples of how over priced your drugs are in America. New expensive drugs are encouraged among doctors, even when older generic drugs do just as good. The drug business is worth so much money, that it lends itself to corruption at all levels. People's poor diets and eating habits have created many sick people. Environmental pollution and adulterated foods are another reason that you are seeing so many diseases and cancer. It is unfortunate that a steady diet of these drugs are also causing liver and kidney problems that can even lead to people's death. All of man's medicines have side effects because they are unnatural and are not made for the balance of nature. Herbs and vitamins are better cures in the long run, but because they are cheap, the medical profession even frowns on alternative cures. Natural means for cures are far better for your health and the long term healing of the body. Pray that your doctors and drug companies will provide you with the truth, and not just another means to make them money."

Tuesday, January 17, 2006: (St. Anthony of the Desert)

Jesus said: "My people, there is great concern among the

countries in Europe and Asia over the proliferation of nuclear armaments, especially in Iran among Muslim extremists. The latest talk of Iran about Armageddon and destroying Israel is further raising the specter of possible war in the Middle East. Such talk could incite Israel into attacking Iran to try and destroy these facilities of secret enrichment of nuclear materials. Some countries are willing to sell nuclear plant materials to Iran, but not weapon's grade fuel. The vision of loading a missile into a silo represents Iran's desire for launching vehicles for their future weapons. UN meetings will be looking into this new threat, but Iran is still moving ahead with its weapon's research program. Iran and North Korea are both becoming potential problems for the world in their threat to use nuclear weapons for blackmail or to destroy their enemies. The evil ones are trying to start world wars, but I encourage My faithful to pray for peace and fair compromise. Love and peace are more desirable than hate and war. Strive to love everyone and be peacemakers instead of making war."

Jesus said: "My people, these children's toys and the black tunnel represent how you will be taken back through your childhood again as you are focused on My Light. You will have a new perspective of how your body developed and aged over the years. You will also see how your spiritual faith also developed and how you have been down some detours, and brought back to the right path. The years have slipped past you very quickly, and you will see how much you have matured in your faith from the learning from your mistakes. Look for good examples in people around you so you can improve in your holiness. Your whole life is a preparation for your death, and how you can perfect yourself for entry into the spirit world. This coming Warning experience will be a great mercy for people to see the need to change their lives to please Me more in worship with less influence from the world. Follow My directions in the Bible on how to lead a holy and humble life, so you will be more pure and ready for heaven when I call you home. Seek the forgiveness of your sins in Confession and follow this Light to be with your Savior. Help others in their faith, and be prepared to lead sinners to Confession after their Warning experience."

Wednesday, January 18, 2006:

Jesus said: "My people, you have seen mountain ranges form when one plate either slips up or down, or if one plate folds under another. This vision of a newly formed cliff with water flowing over it represents some major earthquakes that would have to occur to form such a ridge. The last major earthquake has shown a major ridge that formed underwater and it was the

cause of so much water to be displaced in the formation of the tsunami. This ridge formation could also happen above ground, or at a coastline. Your earthquake and volcanic activity have been on the increase. Such a major earthquake could even change the geography of an impacted area. These events go on over the years, but recent earthquakes are getting more intense and more frequent giving you another sign of the end times."

Jesus said: "My people, there has been some cleanup of the streets in New Orleans, but there is still a lot of damage and debris that has not been touched. Those people of little means do not have the money to rebuild their houses unless money comes from various levels of government. Others, who have received insurance money, may have chosen to build elsewhere after seeing the levees fail twice with Katrina and Rita. I have mentioned before that this destruction was striking where there were rampant sexual sins and voodoo going on. If these houses of prostitution and homosexual parades continue to defy My Commandments in their rebuilding, you could see further storms punish this area again. Those, who openly flaunt their sinful activity in My face, can expect swift justice from My righteous wrath. It is unfortunate that some good people have been suffering along with the evil people, but it may be a lesson to avoid living in these areas that make money on sinful activity."

Thursday, January 19, 2006:

Jesus said: "My people, the psalm at Mass speaks of trusting in Me and to have no fear. There are various fears that you have in life and one of them is darkness, when you cannot see things. Darkness causes you to be disoriented without a sense of direction. This is why you put on your headlights on your car, as in the vision, to see at night and on dark cloudy days. At night you put on lights both inside and outside of your house to see where you are going. There is also a spiritual darkness or darkness of the soul when you are without your God and you are searching for direction in your life. I am that Light that dispels the darkness of evil and all of your sins. You come to Me for love, for forgiveness, and for direction in how to gain heaven. Without My help your existence would cease, and without My grace, you cannot accomplish anything. It is by My grace that you can live and use your talents to complete the mission that I have set before you. You may fear death or the demons, but do not worry or be afraid because if you have Me with you, you do not need anything else. Call on My help whenever you are threatened, and I will be at your side. I always see your needs, so I can be there for you, but you must have trust and faith in My power. The one, who has no fear, is the one who truly believes in My help. Do not even

be afraid of death because it is part of this life and is required before you can enter heaven. It is proper to guard your body from dangers, but I am the One who calls you home. That is why killing of any kind is very offensive to Me because it violates My laws and My plan for life. Such people, who advocate death, will be held accountable before Me."

Prayer Group:

Jesus said: "My people, you have had a stand off with many nuclear weapons on either side of the cold war for many years. Now the super powers are concerned that Arab militants want to make their own atomic weapons to carry on their war with the West. The Arab countries control a major amount of the world's oil supplies, and they can black mail other nations into supporting their right to make nuclear weapons by threatening to cut off oil supplies. Now more than ever, you need to pray for peace which Iran and North Korea are threatening by making atomic weapons."

Jesus said: "My people, your attacks against Saddam and Osama Bin Laden have been successful initially, but America will not withstand a long drawn out war of attrition because of the cost and the troops lost. This lesson is why it would not be plausible to start even more wars against Iran and North Korea. War possibilities in the Middle East are heating up and countries with nuclear weapons are even threatening the unthinkable of actually using these weapons. Pray that such dramatic loss of life does not happen with the use of nuclear bombs. The more terrorists strike in various countries, killing at random, the more reprisals could be seen against Arabs in general. Pray for My peace and not man's false peace."

Jesus said: "My people, these latest tapes of the militant terrorist groups are speaking of truce on one hand, but they are inciting a world jihad against America and the Western nations that support Israel on the other hand. The war against terror is accelerating with every killing and every missile attack. By their words, the Arab militants will not have peace until all of the infidels are killed. This means that you will be in constant war without end. Even with these words of war, I still want My people to love everyone and stop the killing."

Jesus said: "My people, as time goes on the militant atheists will be trying to destroy My Church. Already some churches are closing because of a priest shortage and scandals in the priesthood. Churches are going to lose their tax exemption when they fight against the social issues that are contrary to your government laws that advocate abortion and homosexual marriages. Then Christians will be sought out for torture and killing in your detention centers as the Antichrist will come to power. Refuse to approve of man's desire to kill

in abortion, euthanasia, and meaningless wars, even if your life is threatened in martyrdom."

Jesus said: "My people, as the latest political dealings are focused on China, Russia, and the Arab countries, your manufacturing leaders are realizing their huge mistake in building up a communist nation that has as its goal world domination. All of your manufacturing and technical skills are migrating to China while America will be left dependent on their factories for everything. Wake up America because you have been sold out by the very businesses that you have started up. Your current industries are losing the current economic war as your weapons become obsolete. If your business leaders do not stop exporting your jobs and manufacturing, then you will become a third world country. Follow My ways even if the worldly are taunting you and killing you. Trust in My protection as I will subdue all of these evil killers."

Jesus said: "My people, there are those people behind the scenes who are trying to destroy America so the Antichrist could easily come to power. The one world people are controlling your government leaders to cause more deficit prone wars and burdens of debt that will throw you into bankruptcy. Most of your debts come from wars and mandated benefits that could never be all paid for through taxes. When your debts stifle your businesses and people cannot collect their promised benefits, your economy will collapse in chaos and the one world people will declare a martial law takeover. Natural disasters and deficits will be your undoing because you have turned your back against your Master."

Jesus said: "My people, you are going to be faced with hard times as the tribulation and My Warning come near. The one hope and joy amidst all of these troubling world developments is that I am still present among you in My Blessed Sacrament. No matter how the evil ones will try to destroy My faithful, the gates of hell will never prevail over My faithful remnant in My elect. Even if you must face martyrdom or a difficult life at My refuges, do not be afraid for I will be at your side to protect your souls from the demons. Be true to My Word and you will have your reward with Me in heaven."

Friday, January 20, 2006:

Jesus said: "My people, you need to put into perspective the plan of the evil ones for world takeover. The one world people in the masons and other groups have planned the demise of America behind the scenes. They are causing all of your wars and leading your leaders into losing wars that accomplish nothing but ruining your economy by huge war debts and destroying the morale of your people. They only inspire hate

between peoples because they profit from wars and see that America can be taken over in your weakness that they will cause. Instead, seek peace and love even your enemies. When they threaten your lives, it will be time to be led to My refuges of protection. I will then destroy these evil killers and thieves and cast their lot into hell. By living a holy, humble, and peaceful life, you will be rewarded in My Era of Peace and in heaven. My power will reign, but you must be patient with this evil age that is under the devil's influence. The power of prayer is much more powerful against evil than all of your physical weapons."

Jesus said: "My people, the militant terrorists are planning attacks to try and shut down America's economy. There are many potential targets, but the two types of targets would be to shut down your power grids and your fuel supplies. Attacks on nuclear power plants would cause problems with radiation leaks as well as power outages. Key points in your grids have shown before how you can be blacked out. Attacks on oil and gasoline pipe lines, as well as natural gas lines could shut down power plants, heating, and travel. Protecting all of these targets from terrorism would be very difficult. The terrorists may cause some damage, but the reprisals against Arab countries could throw the rest of the world in deep fuel shortages that could cause a world recession or a world war. Just as America miscalculated how to deal with Iraq after the takeover, so the Arab militants may be miscalculating the response to their attacks. This is why My people need to pray more for peace in the world before man in his pride and revenge takes the world to the brink of self-extinction. The use of nuclear weapons are not the plan of the one world people because it would destroy all of their microchips. But in haste and desperation some country with these nuclear weapons could use them in defense. Pray to stop these wars before they get started, or you will see as in Iraq that you cannot finish what you started. Pray for My peace and for the terrorists to stop their attacks."

Saturday, January 21, 2006: (St. Agnes)

Jesus said: "My people, there are many good women, who are married, that are faithful to their husbands in love and also love their children. I am among those families helping them to ward off many attacks from your evil society. The husband and wife families should be the core of your society where children can grow up in a loving environment of father and mother. There are also other dedicated women, as St. Agnes, who are married to Me in the cloister or various convents. Many communities of nuns have broken down as worldly influences have entered in.

Being faithful to your Lord in vows of virginity are becoming rare in your society, but they fulfill a need for prayer that is badly needed in this age of sexual sins and killings. Pray for all women who are struggling in their marriages, single life, and those being faithful to Me as nuns."

Sunday, January 22, 2006:

Jesus said: "My people, every person on earth has a mission that they are called to, and only that unique person has been given the gifts to achieve that mission of theirs. My mission as the Son of God was to give you the Good News of the Kingdom of God, and to redeem mankind of their sins. You, My son, have been called to a unique mission of preparing My people for the end times. You were given the faith through your parents and teachers. You were called to be a daily Communicant and a deacon at one time that your pastor asked you to postpone. Then in Medjugorje you were called to serve Me in a special way as one of My messengers. This is also a calling to a humble, prayerful life that I invited you from your working job. Just as I called My apostles from their worldly jobs, so I call people to work for Me in various walks of life besides the priesthood. My priest sons are My special ministers to teach and feed My people with My sacraments. Everyone needs to pray for discernment for knowing your mission and remaining faithful to your call. When you hear My words: 'Follow Me', you are to drop what you are doing and immediately see where I am leading you. This will save your soul for heaven."

Jesus said: "My people, more and more gambling casinos are going up in states all over your country as a tourist attraction and a way to make money for states and run down areas. The reason for this extra game building is because they are so profitable for the management. These establishments rig their equipment for generous profits, even when they allow a few wins. It is unfortunate that those, who have gambling addictions, are being encouraged to lose their money in more locations. It is entertainment when you set reasonable amounts to bet, but it can cause financial disaster to families who cannot afford these losses. Those family members, that gamble heavily, should be encouraged by their family to seek counseling at clinics to help people with gambling addictions. Do not let the desire for winning fast money fool you into gambling money that you cannot afford to lose. Even excessive lottery buying can cause problems as well. You do not need gambling in your life to have good entertainment. Pray for those gambling addicts that need help, and discourage these kind of dwellings in your states, towns, or cities."

Monday, January 23, 2006:

Jesus said: "My people, there was great rejoicing in Israel when David became king and led his people to victory over the peoples around them. Even the Messiah, that the Israelites awaited, was supposed to be an earthly king and save them from the Romans. When I came and announced that the Kingdom of God was before them, they did not believe that a carpenter could be their king. Even though man did not revel about My kingship, the angels in heaven blew their trumpets in celebration. But My kingship was not of this world. It is in heaven in the spirit world. I gave St. Peter the keys to the Kingdom of heaven as I made him head of My Church. Rejoice, My people, for I, your King, am with you all days, even to the end of time."

Jesus said: "My people, every year, that your country tolerates killing almost half of your unborn infants, is another stake that you place in My suffering Heart. You have some new judges being seated on your Supreme Court that could possibly sway some future decisions in favor of the unborn. If you do not change this decision and precedent of allowing abortions, you will face more disasters and risk the loss of your freedoms. You have seen in your news reports that many Western nations have fertility rates that are not even replacing the deaths of their people. When you kill half of your infants in the womb, you will have less workers to support your Social Security and Medical programs. You are causing financial and spiritual losses among your nations with continued killing in abortion. Some governments are now seeing the errors in birth control and are encouraging women to have more children. Now even nature and your very populations are telling you how evil and wrong it is to kill so many infants. You have favored convenience and comforts over nurturing your children, so now you are reaping the consequences of your sins against My plan for life. Change your laws and decisions that are in favor of abortion before your country falls completely into the hands of the evil ones. America's Judgment Day is near, and the scales of your heavy sins are outweighing your good deeds and prayers. Just as Jonah announced to Nineveh that it would be destroyed if they did not repent, so America also will be destroyed if you do not repent of your abortions."

Tuesday, January 24, 2006:

Jesus said: "My people, this vision of a car driving down into a valley represents another manufacturing area that is losing money and closing factories and cutting 30,000 jobs. Your American companies have a hard time competing with foreign subsidized cars and cheaper labor in other countries. Your government has a free trade policy, that is destroying all of

your manufacturing industries because foreign products are not fairly competing. You give tax incentives for sending jobs overseas, and even tax advantages for foreign companies to operate in America. This is not by accident that your government is encouraging the demise of your factories and the loss of middle class wages. It is the goal of the one world people to destroy the middle class so you can easily be controlled in your finances. It is only the rich and large stockholders that profit from shipping your jobs overseas. Even your technology industries are going overseas. Then your main exports will be agricultural and natural resources, leaving you as a third world country and ripe for takeover by the one world people. If your country does not shift to non-oil fuels, stop your deficits and free trade, then there will be no good paying jobs, small taxes, and your government will be bankrupt. In the same way your country's morals are deteriorating faster than your financial demise. America has lost its faith in God and so you will be both spiritually and financially bankrupt on your way to your own destruction."

Jesus said: "My people, many of your people do not seem to have too many goals in life more than work and having some entertainment. Those, who understand that this life is just a preparation for the next life, realize that following My plan is the best way to reach eternity in heaven. You are spirit and flesh, but the body will soon die and you will only be left with your spirit. The spirit craves to be with Me and loves Me, while the body wants to be satisfied with worldly comforts and pleasures. In your striving for spiritual perfection, you must be willing to die to self and give up your worldly desires for love of Me and serving Me. Your country's morals are getting worse as you are seeing abortions, bad movies, prostitution, pornography, homosexual marriages, divorces, and fornication in living together. Many of your natural disasters and job losses are a punishment for your many sins. Pray for your people to repent of their sins and lead holier lives so you can stop the spiritual slide in your morals. America has a choice to either improve its morals or go the way of the Roman Empire which was destroyed from within."

Wednesday, January 25, 2006: (Conversion of St. Paul)

Jesus said: "My people, not everyone has had such a physical manifestation as St. Paul did in his conversion with My Light. This was a special miracle as Saul was changed to Paul. St. Paul became one of My greatest missionaries to inspire My faithful. Converts sometimes have a stronger faith than Catholics from birth because they have made a choice to follow Me. Even baptized Catholics and Christians need to make a

personal commitment to serve Me at some point in their lives. I have called many clergy and even lay people to go out and preach My Word so that more souls could be converted to the faith. Some of My chosen prophets and messengers have been given the honor of receiving messages to share My love and peace with everyone. It is unfortunate that even many Catholics do not believe in My Real Presence in My Eucharistic Host. Since the Last Supper, you have heard My words of the Consecration that changes bread and wine into My Body and Blood. Some did not understand or wanted to believe that I would give you My Body to eat and My Blood to drink. But then I said further that unless you eat My Body and drink My Blood, you cannot have life in you. (John 6:54,55) 'He who eats My Flesh and drinks My Blood has life everlasting and I will raise him up on the last day.' There are people who still do not believe that I am really present in My Blessed Sacrament, and to those who did not believe I said: (John 6:64) 'It is the spirit that gives life; the flesh profits nothing. The words that I have spoken to you are spirit and life.' This is why My Adorers of My Blessed Sacrament are special to Me, because they have taken to heart and truly believe in My Real Presence in My consecrated Host, wherever My Blessed Sacrament is present. Rejoice, that I have given you My very Self to be with you in My Eucharist until I return again."

Jesus said: "My people, this winter you have seen hot and cold with a January of a near record high average temperature. Your scientists have determined that 2005 had the highest mean temperature of the world since records were started back in the 1800's. Some have put the cause of a one degree upward shift on increased amounts of carbon dioxide from burning fossil fuels. Still the dramatic shifts in your temperatures are a sign of changing weather patterns that have made your storms more violent than ever. It is hard for man to determine if his pollution and waste streams are affecting the weather and melting the northern ice pack. More studies of these effects might prove to you that man can upset the balance of nature that I established at creation. Pray that you will change your habits so the earth can recover from the damage that you have done to your environment. When I come to vanquish all evil on the earth, I will cast the evil ones into hell, and renew the earth to its former beauty so it is ready for the Era of Peace."

Thursday, January 26, 2006: (St. Timothy & St. Titus)

Jesus said: "My people, over the years man has seen dark ages and ages of renewal. You are seeing in the readings how I sent out My apostles and deacons to spread My Good News of the Kingdom of God. All but one of My apostles were martyred and

many Christians, but My Church has survived. As different civilizations rose and fell, many times new missionaries were sent out to convert the people from their pagan ways. Those civilizations, that deteriorated morally, gradually destroyed themselves. Your country in America was founded on Christian principles, but you have deteriorated in your morals as well. When people turn their backs on Me, then you will reap the consequences of your sins. When the family is strong in faith, it has My blessings not to fall into divorce. The children also benefit from a stable, holy environment. It is the responsibility of the parents to pass on this gift of the faith in your teaching and your good example of a good prayer life and regular Mass attendance. It is when you fall away from the faith, that you see more divorce and the children fall away also. Even in a good family environment the children face a lot of distractions from the faith from their friends and worldly attractions. This is why even in America, you have become a mission land because of the immoralities in your society. Continue to pray for souls to repent of their sins, and be converted or renewed in their former faith. Remember that your goal is to spend eternity with Me in heaven because this world is passing away. Only the strong in faith with My help will be the faithful that will make it to heaven."

Thursday, January 26, 2006:

Prayer Group:

Jesus said: "My people, as you approach Lent in four weeks, it would be a good time to think of some spiritual problem or bad habit that you need to correct. As you meditate on where you need to improve in your spiritual life, you could also think of something that you could give up or do for other people. Making a little act of self-denial, or doing something extra to help people is a beautiful gift to Me if you are sincere in carrying it out through all of Lent."

Jesus said: "My people, you have seen recent elections among the Palestinians and Iraq. The outcome may not be always to America's liking, but they are choosing their own leaders. In other Arab states power is not always freely chosen. America and other countries are getting bogged down in drawn out wars when you try to force your own way of government on Arab states. There is concern over protecting oil production in the Middle East, but foreign countries should not be dictating who should run their countries. Pray for peace in this area and that nations may find compromises instead of wars that cause destruction."

Jesus said: "My people of America, you have many comforts in your homes, cars, and many electrical devices. Many of your

convenient appliances provide for your food production, clothes being washed, and entertainment. At the refuges you will be stripped of your current possessions, but your necessities will be satisfied. This may be a rustic life in more crude facilities, but it will allow you to see what is truly important in this life, and that is your focus on entering heaven." I could see some natural gas storage tanks. Jesus said: "My people, there was initially some concern about a shortage of natural gas and the price rose considerably. Now with your warmer than usual temperatures, you have seen the demand go down as well as the price. There is still more potential for colder weather, but your people have been spared larger bills than they expected. Pray for those people that do not have extra money for higher gas prices."

Jesus said: "My people, today's saints of Timothy and Titus had to struggle during the persecution of the Early Christians. It took courage to follow a new religion led by Me and My disciples. There was always a threat of death for becoming a Christian which is not the case now. A time is coming again when Christians will again risk their lives to worship Me. So be strong in your faith, even if you may be asked to die for your faith."

Jesus said: "My people, New Orleans and the Southern States as Mississippi and Florida just received some initial money from your government, but it is not enough to pay for everyone's losses not covered by insurance. This problem of your government finding money to support disasters is not new as with poor funding of the September 11th losses. Your people may have to choose between helping your fellow citizens in their hurricane losses, or continuing to pour money into your endless wars."

Friday, January 27, 2006:

Jesus said: "My people, this raft traveling down a river with rapids and calm spots is like your life that has troubles and joys. At times you are beset by difficult days that you do not think that you will get through as in high rapids. Then at other times everything is peaceful as the calm of the river. This happens not only with the physical problems of the world, but also with your spiritual life in your sins. In order to return to your spiritual peace, you need frequent Confession, especially for your mortal sins. During life you need to be prepared for the devil's attacks in his temptations for serious and venial sins. You need to focus most on habitual sin so that you can remove any occasions of sin that may make you weak to sin. By focusing on your more frequent sins, you can improve your spiritual life and remove your bonds of control from your

sins. Confession cleanses your sins, but you must make a firm commitment not to repeat them. When you try to do everything to please Me, you will see more not to offend Me with your habitual sins."

Jesus said: "My people, it is fortunate if you are able to have a nice home with rich furnishings, but do not let your possessions so consume your time that you have no time left for Me. Do not let anything control you whether it be money, possessions, or addictions. You also should be ready to give up all that you own as you go to My refuges. If you cannot part with your possessions or your money, then you are making these things gods before Me. Be sure to make enough time for Me in your prayers so you have the right priorities. All of these earthly things, that please you today, will become obsolete and useless tomorrow. Eternal life is of more importance than any earthly desires. Stay close to Me in a simple life of faith and you will be much better off than having many riches and possessions that could distract you from My service. Follow My ways and My plan for your life, and you will find more satisfaction in loving Me and your neighbor."

Saturday, January 28, 2006: (St. Thomas Aquinas)

Jesus said: "My people, many times you complain about all of the difficult things in life, but you take for granted all of the many gifts that I have provided for you. You have been given jobs to provide for your income so you have enough to eat and pay your bills. In America you have many comforts in your appliances and heating. You have cars for transportation, schools, and good hospitals. Your government does help with money for the poor, the elderly, and some health costs. In the spiritual world you have the gifts of your faith, freedom of religion, and My Most Precious gift of all in Myself present in My Blessed Sacrament. With all of these gifts given to you freely, you should be giving Me a prayer of thanksgiving every day. Even your very life, soul, and family are gifts that you sometimes do not every consider. Once you look at all of your blessings, your few little troubles pale in comparison. Sometimes I send you a few trials to keep you humble and test your faith that you should always be trusting in Me. The fears, that you have, are like the apostles in the boat when a fierce storm overtook them. I rebuked the storm and then I chastised them for such little faith, even when I was with them in person. My people, you also have Me with you, and if a trial should overtake you, you can trust that I will answer your call for help. Certain life events as death and sickness happen, so it cannot always be changed. But you will see ups and downs in

your life, and you must be patient to endure the worst and enjoy the good times. Strive to be with Me in all that you do as you love and serve Me. You will see an even greater reward in heaven for being faithful to Me."

Jesus said: "My people, this vision was about loudspeakers announcing to the crowd at the race track that the race was about to begin. This represents another calling for several of My messengers to announce that the end times are near. This is also a notice to all of My evangelists that you are in a race against time to save as many souls as possible for the Lord. Some souls may not understand the importance of being saved by Me from hell. Some people are so wrapped up in the world's activities that they never desired to understand My Word in the Scriptures. Some have fallen away from their former faith and are too distracted by the call of worldly things. It is My faithful remnant that I rely on to try and spread My Word to everyone. When the tribulation of the evil ones comes upon you, I have asked you to call on Me and I will have your guardian angels bring you to My refuges of protection. There you will be miraculously protected and provided for. Trust that I will help you in all of your needs, especially in the end days."

Sunday, January 29, 2006:

Jesus said: "My people, when you come to church, you make a point to bless yourself with holy water on entering and on leaving. This was part of your early teaching, but it is sometimes more of a response out of habit than really understanding such a blessing. In today's Gospel I rebuked an evil spirit in someone and told the evil spirit to come out quietly. I told you also that I gave this power to expel demons to My apostles and to all of those ordained ministers that are prepared for exorcism. Expelling demons is a battle of spirits and it is better for lay people to pray in groups over a possessed person. This vision of holy water is one of your weapons in praying over someone. Possessed or obsessed people require deliverance prayers of exorcism to call on My Name in expelling the demons to the foot of My cross, so the spirit does not enter anyone else. Exorcist priests should be called on if they are available, but I give this power to My messengers and faithful who take the proper precautions of wearing blessed sacramentals and praying in groups. Pray for people to not be possessed by demons, but be ready to help those in need of spiritual warfare."

Monday, January 30, 2006:

Jesus said: "My people, Today's Gospel was a special healing of many demons called Legion from a man who lived in the

tombs. This is another sign given of such a demon possession where the man had superhuman strength. When I cast this Legion of demons into the swine, there is a mention of two thousand swine. This is another example that people can be possessed by more than one demon, so that exorcisms must take this into account. You can see in this healing that I have more power than many demons combined. You also can see that the demons need to be sent someplace, but preferably to the foot of My cross so they do not enter other persons, animals, or things. This is another example of how I healed the spirit first and then the body. The people were so terrified of the pigs dying and the possessed man healed that they wanted Me to leave their place. This is a hard teaching for people to understand, but it is another emphasis on demon angels that really exist, and how they tempt you and can even possess people if they are invited."

Jesus said: "My people, you look back at some old civilizations and wonder why they offered up human sacrifices of babies and young women to their gods. Their sacrifices were made on huge altars to gods as the sun and moon. In the Old Testament there is a witness of offering up crops or animals to the One True God. I came as the ultimate Blood Offering to My Father so that all of mankind could be saved from their sins. Even today your culture is different, but you still have gods of comforts, pleasures, money, sports, or possessions. Those things, that you allow to control you or occupy your time before Me, have become your gods. There is only One God and I am the only One worthy of your worship because I created all of you. Today, you make offerings of your babies in abortion up to your gods. With euthanasia you even offer up your older or sick people to put them out of their pain. In the end your people of today are just as callous in their killings, and just as pagan in their worship of gods as these old civilizations. If you truly want to have a respected civilization, then you must stop your abortions and mercy killings, and worship your Lord every day in prayer."

Tuesday, January 31, 2006: (St. John Bosco)

Jesus said: "My people, in both of today's readings you have children being grieved by their parents. David grieved for Absalom, his son, and Jairus grieved for his daughter. This is a very difficult time for a parent to have a son or daughter die prematurely. Many parents have had to endure lost children from birth defects or accidents. This rising white balloon in the vision represents the young soul leaving the body. You know that I can call anyone home even in their early years, but man feels more grief when a person dies in their early years. It is easier to accept an older person's death than a young person in

man's sense of justice. But each life is a gift and you must be willing to accept My Will even if I should take one of your children before they grow up. In the case of Jairus' daughter, I brought her back from the dead to the pleasure of his family for their faith. Death is a part of life, but man has a difficult time in accepting the finality of losing a loved one. It may be a loss to those still living, but you do not want to deny that person a chance to be in heaven. Children under the age of reason are taken to heaven after their death, so you have saints already in heaven that can be intercessors for your prayer intentions. Souls of people over the age of reason will have to face My judgment at death as even older people do. Pray for those families who suffer the loss of a child because their grieving can disturb them for years if they cannot let them go in their hearts. Only a willing acceptance of My Will can give these parents the peace of mind that they are seeking."

Jesus said: "My people, America still has some advantages in your high technology devices, but your electronic manufacturing is migrating to China, Japan, and Eastern countries of cheap labor. As technology is transferred more overseas, this field could compromise America's leads in the electronic industry. Patents and new inventions are competing for world domination. America's education and know-how need to improve to keep your nation strong in your economy. Many of America's manufacturing jobs are being lost in favor of less paying jobs in the service industries. The American economy is still large, but you are losing market share to foreigners in many fields. America needs to be stronger in your morals, if you are going to maintain your power among the rest of the nations. Love of God and neighbor should be a daily part of your life beyond the striving to be a world leader. Instead of pride and money driving your people, you should put your trust in My help to endure all of your trials. If you desire worldly things more than Me, then you will become a pagan nation destined for destruction."
