

Tuesday, July 1, 2003:

Jesus said: "My people, it is unfortunate that much of man's new technology has been designed for weapons of killing people more efficiently. Man has become so obsessed with power over others as in America, that you spend billions each year developing your new planes, tanks and ships to make war under the guise of keeping the peace. Today's reading speaks of My calming the waters and My apostles were amazed that the winds and the sea obeyed My command. I could demand anything to obey Me because I am the Ruler and Creator of everything and all persons. But I have given you and the angels free will and I will not force My Will on you. You have a new storm of evil which is rising up from the earth. Through terrorism, greed, and jealousy many want land and wealth for themselves only. Many of your wars are planned to destroy America and are designed for global control by the one world people. This storm of evil, that will come to a height with the Antichrist's reign, is the evil that I will vanquish once and for all as I will then rid all evil from the earth. The earth will be renewed and My faithful will be rewarded with the Era of Peace."

Jesus said: "My people, you worry too much about what you are to eat, what you are to wear and where you could find shelter. When it is time to come to My refuges, put your full trust in Me and My angels will lead you to the nearest refuge. My angels will provide for all of your needs and protect you from the evil ones as well. Do not worry about the powers of the evil ones because My power is greater. Do not look at the Antichrist nor take anything from him. Some will be martyred for My Name's sake, but they will be instant saints. As long as you remain strong in your faith and call on My help, you will have nothing to fear. You worry about having enough money now, but during the tribulation your money will not do you any good. Trust in Me for everything and you will have My peace in this evil age."

Wednesday, July 2, 2003:

Jesus said: "My people, I am showing you more fires in your forests and severe storms on your coast lands. These weather events are continuing to go to the next level of destruction, but America is refusing to see the connection of your chastisements to your sins. I will continue to test America because of its refusal to repent of your sins and change your lifestyles. America is going to be brought to its knees by natural and financial disasters. As you are humbled by wars and disasters, you will be begging Me to help you, but you have turned your back on Me. Pray for your country because your sins of abortion and the flesh are crying out for judgment."

Jesus said: "My people, seeing these power lines with clouds on the horizon is a sign to you that they will be shut down more frequently than now. Storms, tornadoes, earthquakes and terrorism will be the reasons that your power outages will increase. You have grown accustomed to having power whenever you needed to turn on a light, use an appliance, or even a computer. Once your power is interrupted, you are helpless for heaters or air conditioners. Even as your summer heats up, you will see

great demands put on your power grid that could cause problems. Be grateful when you can use your machines of convenience because your intermittent outages will test your patience. Your country consumes a high percentage of the world's available energy sources to support your high standard of living. As your economy becomes overshadowed by other national economies, you will have to cut back on your energy usage as it becomes more scarce and more expensive. You will soon watch your nation decline in influence as you will be buried in debts with little income from foreign trade."

Thursday, July 3, 2003: (St. Thomas, 38th anniversary)

Jesus said: "My people of America, this plane going down in a tailspin represents your country as your president continues to drag you through constant wars. While he speaks of God in his speeches, he follows the one world people's directives of continual involvement in war after war. Today, the drumbeats are against the leadership of Liberia. Tomorrow, it will be another country. It is not your country's right to dictate policy to every country that you dislike and run their country. War never solves any problems and you are seeing how many of your troops are tied down in your latest wars. This policy of war after war makes money for the central bankers and it will eventually destroy your military and your economy. How long will the American people put up with each of these wars when your Congress has not openly approved of war on each country that you have fought? A blanket war on terrorism does not give you any right to destroy any country your president chooses. As each war progresses, you are seeing My words of prophecy fulfilled. Each war, that you take on, pushes you deeper into debt and weaker in your power. War is the tool of the devil to kill each other. Do not fall into this trap of constant killing for reasons that do not even threaten your security."

Thursday, July 3, 2003:

Prayer Group:

Jesus said: "My people, this tapestry of faces represents your souls praying together as one voice. Your rosaries are like a heavenly song of praises to God through My intercessory saints. I told you how where two or more are praying that I would answer your prayer intentions. When you all are at Mass and receive Me in Holy Communion, you are all woven together in My Mystical Body. Rejoice that you are one with Me in My Blessed Eucharist."

Jesus said: "My people, the farmers provide your food and even enough to export to other countries. You will see in the future that your food will be more valuable than all of the possessions that you hold dear today. The farmers are not receiving a fair value for their crops as prices are controlled by the central bankers. All of the debts, that are increasing because of your imbalance of trade, are causing strains on your economy. When financial hard times come, at least you will have more food than other countries."

Jesus said: "My people, unemployment in your country

continues to worsen as many of your good paying manufacturing jobs have left your country. Your leaders are allowing your companies to go elsewhere for cheap labor, but soon you will not have enough jobs to afford new homes. Your welfare state will also topple when not enough taxes are collected to pay for welfare, Medicare, and Social Security. The fabric of your society depends on enough workers and jobs to support the rest who are not working. Without enough jobs, everything will collapse. Pray for more jobs and a control of those leaving your country."

Jesus said: "My people, in the early days of your Declaration of Independence you had many words of God embraced in your documents. When you celebrate this weekend honoring this freedom from England, think of how much you embraced Me in all that you did. You were given many graces and blessings because of your faith in Me. Today, your laws are in complete reverse of My laws by making abortions and homosexual lifestyles acceptable in your society. Because of your killing of My little ones and your sinful lifestyles, I have taken away My graces and blessings and you are floundering on your own. That is why your country is in the same decline as many great civilizations before you."

Jesus said: "My people, many of the central bankers are selling your souls to other nations by encouraging your imbalance of trade, constant wars, and dependence on foreign oil. You are so controlled in your debts and taxes that you have little say in your government and little say in changing it. Soon you will have a police state and all of your freedoms will be stripped from you in the name of security and money to live by handouts. Once control of your government is out of your hands, you will be living in an armed camp of detention centers. Come to My refuges and I will see to your needs and protection."

Jesus said: "My people, the evil ones will try to force chips on you to take away your money and your ability to buy and sell. They want global control to prepare the way for the Antichrist. Your place will be at My refuges that will multiply your food, give you shelter, and provide for your heating needs. Do not rely on chips or the Antichrist for food, money, and jobs. Instead rely and trust in Me for everything. You will be stripped of your possessions to help perfect your spiritual lives in full trust of My love. Just as I provided for Moses and the Hebrews, so I will provide for you in the new Exodus."

Jesus said: "My people, as you walk this path of life, follow My stream of Living Water in your faith. As you become parched from the scorching heat of the trials of life, come to Me in My sacraments so you can be refreshed with My graces. Baptism immerses you in the waters of faith and belief in Me. Holy Communion feeds you My Living Water of My Eucharist. Confession cleanses your soul of sin and restores My sanctifying grace. Even Marriage blesses your lives of love that you share with Me and your spouse. This love generates new life in the children of your future. Be thankful that I share My creative acts with you in bringing forth your own children. A special blessing goes out to your family for the many years of faithfulness to each other and the joy of seeing your children's children."

Friday, July 4, 2003: (Roger's funeral)

Jesus said: "My people, it is always difficult to deal with someone who dies early in life. Watching Roger die so young should be a lesson for all of his relatives, both to watch your own health, but even more to be aware of your spiritual health as well. It is unfortunate that you have seen Roger die so soon after Margaret. Your life here is very transitory as in the reading, and you never know if you will see tomorrow. This life is a very short time relative to eternity, so you should have your soul pure by Confession and ready to face Me at your judgment. You would rather be like the wise virgins with oil in your lamps and ready to die, than the unwise virgins who were not ready and were not allowed into heaven. This life is only a test and a preparation for your spirit life. Seek Me to forgive your sins and follow a pure life imitating Me and following My Commandments. Live in love without jealousies or grudges and you will all live in My peace."

Jesus said: "My people of America, this devastating storm of destruction is just one of many that is going to strike your nation. You refuse to stop your abortions, fornications, adultery, and homosexual acts, so expect worse chastisements for mocking My Commandments. At the beginning of your country you were a God-fearing people, but today you are worse than Sodom and Gomorrah. You have heard My words from various modern day visionaries and prophets and still you refuse to listen to My call for conversion of your sins. It will take My intervention with My Warning to wake you up to your sins and still many will not change their lives. Remember about Lazarus in heaven when the rich man in hell cried out to Abraham if only he could speak to his brothers to save them from his torment. Abraham said: 'Even if one from the dead would come back, they still would not change. They have Moses and the prophets to teach them and that is sufficient.' (Luke 19:23-31) Now after everyone has seen Me and their own judgment, there still will be many who refuse to serve Me. Pray for souls to be saved at their Warning, because there may never be another opportunity to be saved."

Saturday, July 5, 2003:

Jesus said: "My people, this draining of the pool of water is another sign to you of how water will again be in short supply because of your summer droughts. Summer heat dries out the soil and the ground water table goes down making it harder to have fresh water to water your lawns. The more arid the area, the more fires and droughts prevail. Droughts will continue to give farmers troubles as they try to preserve their crops. The spring had cold and moisture, but each summer continues to be plagued with long droughts that are not always replenished in the fall. Many lawns had to be replaced when they were not watered last year and this problem will continue this summer as well. Be thankful if you are living near fresh water, for many will be struggling for fresh water as the world famine continues to gain momentum. Food and water will become scarce and their prices will escalate because of poor growing conditions and a general increase in the earth's temperature."

Jesus said: "My people, this crocodile kills its prey by pulling it down into the water with its strong jaws. You are dealing with a spiritual demon in the devil who wants to drag you down also into sin. He lays snares and traps for you in temptations of sin. The more that you give into sin, the more he can drag you down into an abyss of sin that your soul will drown and be lost. You must seek to follow My Light and keep coming back to Me for grace in Confession and a desire to love Me every day. You are like a new baptized soul after Confession and you must desire not to keep offending Me with your habitual sins. I am here for every soul who seeks conversion, but you must refrain from places that the devil can control you as in drugs, drinking, and living together in sin. I will give you peace and love, but the evil one will only entice you with pleasures with only hate for you. Come out of your abyss of sin before you drown forever in the flames of hell."

Sunday, July 6, 2003:

Jesus said: "My people, this view of nature out of focus represents how you take the beauty of this planet for granted. If you took a few moments to look at the stars of the universe on a clear night, you would understand how small the earth is compared to an endless space beyond your solar system. Even the plants and animals are all unique with various adaptations to their environment. The birds of the air and the fish of the sea are all beautifully made. Finally, look at yourselves how you have been gifted with life in a versatile body and a spiritual soul. All the functions of the body are perfectly made by Me and your reasoning powers are beyond any other animals. So every morning, that you wake up, think of thanking Me for all the gifts that you have been given and use them properly for My greater glory. When you see how you fit in with the rest of My creation, then you will see that you are here to follow My plan for your life on your road to heaven."

Monday, July 7, 2003:

Jesus said: "My people, the sun shining through the raindrops makes them glisten and the rain is life to the soil and the crops. During the dry summer months, rain is especially welcome to all the parched lawns and farms. This rain is My blessing upon you and it represents My Living Water that is available to you in Confession and My Eucharist. The faithful people in the Gospel called on My healing power and the lady with the hemorrhages was healed both physically and spiritually. Those people of today, who have faith in Me, can also be healed of your physical ills and be converted from your sins. There are many faith healings occurring when you ask in My Name. Receive My Living Water of grace into your soul just as the soft rain moistens the parched earth. Keep faith in Me and trust in My power and you will be saved."

Jesus said: "My people, in every phase of your life you are witnessing violence in your culture of death. With so many violent movies and TV programs, it is not any surprise to see this same violence spread among the society. Every night in your

news you see people killed because of drugs or gang violence. What you are not viewing or hearing about is all of the abortions of the unborn. This is a gruesome violence on your infants that continues to be unchallenged in stopping these millions of murders. Every night you are seeing on TV news of how many of your troops are being killed. More and more wars are being encouraged by the masons with no real explanation for why you are there or when your troops are leaving. Your Congressional representatives are not even involved in the decision of war with any country. It does not take a smart person to realize that your troops are spread too thin and you are spending billions of dollars on these fruitless war adventures. You are seeing the deadly destructive nature of war and that it has not solved any of your terrorism threats. It is time to call on Me in prayer to stop these wars and to let these nations govern themselves without American interference."

Tuesday, July 8, 2003:

Jesus said: "My people, a day will come when another will hold you fast against your will because of My Name's sake. Many of My apostles preached My Word of love and My Resurrection, but the people did not want to believe in Me because it would mean changing their lives. Because My apostles tested the consciences of the people, they were martyred so these people could continue to live in comfort without criticism. Even St. John the Baptist was imprisoned and killed because he criticized Herod for living with his brother's wife. So it is with My disciples of today. You must be fearless in preaching My Gospel, even if men should want to kill you for your belief in Me. As the time of tribulation draws near, they will drag you into the courts to persecute you and even kill you. Many of you will be placed in prisons or detention centers because of your refusal to take the mark of the beast and refusing to worship the beast. Be brave and have courage in My help to even suffer through torture and martyrdom if you are called to witness to Me instead of the evil one."

Jesus said: "My people, this old fire engine represents how to put out the flames of hell with the old sacrament of Confession. Many of your fires give you an idea of what a living hell on earth is all about. Those, who live in mortal sin, are risking being lost in the eternal flames of hell. In order to put out this fire, you need to cleanse your sins by seeking My forgiveness from the priest in Confession. The priest's absolution binds your sins in the Blood that I shed for you on the cross. A sinner's conversion comes in accepting Me as Savior and that they are sorry for having offended Me in their sin. Admitting your sins, failures, and mistakes is against your pride, but it is an affirmation of the truth that you have not been completely faithful to My Commandments. Fear not My punishment, but know that I am willing to forgive even the worst of sinners and put you back in My good graces. I love you so much and heaven rejoices at every repentant sinner. Keep close to Me in My sacraments and your soul will always be refreshed in My oasis of graces. Put the fire out in all souls by encouraging

them to confess their sins to the priest."

Wednesday, July 9, 2003:

Jesus said: "My people, I have come to bring a spiritual division among your households where some will believe in Me and some will not. (Matt 10:34-39) I call on everyone to take up their daily cross on your path to salvation in heaven. For I must be first in your life ahead of all family and relatives. You must give your will over to Me in total consecration in order to be perfected. Everyone is faced with this decision in life to either follow Me in grace or some choose to follow the world and the devil in sin. You choose Me or not in life, but at the judgment I will separate the good from the bad. Only those, who are worthy that love Me and their neighbor, will be allowed into heaven. I want everyone to be saved, but it is your free will choice that determines your eternal destination of either heaven or hell."

Jesus said: "My people, this large white flash in the sky over your cities will cause much fright among the people. At the same time that people will see these great happenings in the sky, everyone will witness another fear of seeing how your sins offended Me in your own Warning experience. Many have speculated on the date of the Warning, but it will happen in My time the way I want it to happen. There will be some conversions because of this supernatural intervention of Mine, but still a great number will not follow Me. This Warning experience or illumination of conscience will happen suddenly with no warning of its coming. It will also be the first of many events leading up to the declaration of the Antichrist. Be spiritually ready for these evil days and be ready to leave your homes for My refuges. Pray for My help that your soul will be given sufficient grace to be saved in this tribulation."

Thursday, July 10, 2003:

Jesus said: "My people, before I came to the earth, My Hebrew people offered incense and burnt offerings for their sins and praise of Me. My death on the cross has become the most worthy sacrifice for all of mankind that was offered to My Father in heaven. I have made reparation for all the sins of mankind in the past, present, and the future. Every time that you attend the sacrifice of the Mass, you are witnessing to My ultimate of all sacrifices. At the Consecration I am offering the bread and wine as My Body and Blood that I offered on the cross. By My gift of My Blessed Sacrament, you all are sharing in My Real Presence and My Most Precious Blood is being shed for your salvation. It is you, My people, that must keep your souls pure in Confession so you are worthy to receive Me in Holy Communion. You renew your belief in My death and Resurrection as you attend each Mass. Be thankful and give praise to Me that your God is so generous that I died for each one of you. My love is so great for you that I suffer for each one of your sins. Return My love by showing Me that you can live a holy life with a minimum of sin. Each time you sin, you offend Me greatly and you add to the suffering that I must share in reparation for your sin. There is

a price to pay for every sin either here on earth or in purgatory."

Prayer Group:

Jesus said: "My people, after I spent forty days and nights in the desert fasting for My mission on earth, Satan tested Me three times. Once with a temptation to turn stones into bread, another to throw Myself off the precipice, and a third to bow down to the devil to gain the whole world. These testings of the devil should show you his ways as he always tests you at your weakest time. The first test is for food for there are some who over indulge in eating. The second test is to make assumptions that I will save you no matter what you do. It is by your will that you must come to Me for the forgiveness of your sins. The third is a test of pride to think you can have whatever you want without worry that it is sinful. Keep yourself strong in prayer so you will always be able to fight off the temptations of the devil."

Jesus said: "My people, America may have the newest and best weapons to fight a war, but your troops are still vulnerable to snipers and ambushes. Keeping nations under occupation and spending many dollars to restore utilities makes you wonder what did winning the war achieve. Your losses both in personnel and finances continue with no plan to leave in sight. Meddling in other nation's ethnic, religious, or civil wars is not going to solve any of your problems. There will be the same Arab leaders arise, no matter how long you stay in Iraq or other nations. Rather than try and force your ways on these people, it would be better to not have wars in the first place."

Jesus said: "My people, it is sometimes difficult to look at yourself and admit your faults which are obvious to others when they watch your actions. Be careful to give good example in your actions or you could be called a hypocrite in your preaching. The green is the color of money and how it colors your life's objectives. Some see money as the only thing in life worth having. Being rich is not worth selling out your soul to the devil. The rich are never satisfied because they focus on making more money and searching for more power. They also spend much time protecting their possessions. Seek My treasures in heaven for your good deeds of charity and you will be spiritually rich which no one can take from you."

Jesus said: "My people, remember what I told you would happen to the man who built his house on sand. There are some who build homes on hillsides or flood plains. Then when heavy rains come, these homes slide down the hills or are inundated with water in floods. It is the same way spiritually that you need to build your faith on a solid foundation or spiritual storms of temptation will carry you away. Trust in Me and I will give you solid roots that no storm of Satan will take you over."

Jesus said: "My people, each business needs the right equipment to do the job well. In the spiritual world you also need the right tools. You will need your sacramentals for protection and your daily prayers for stamina. I give you enough grace and strength to endure every test in life that you will be tested by. Have faith and assurance that you will be gifted with

all that you need."

Jesus said: "My people, your government leaders are doing everything to eliminate the proliferation of nuclear weapons. Every country that has nuclear power plants is suspected of making weapons from the plutonium by-products. That may be true to some extent for militant countries, but it is hard to prove nor does it give license to attack such a country."

Jesus said: "My people, many now are seeing the bad effects of using fossil fuels for power plants because of the pollution that it generates. Now many nations are focused on renewable energy sources which will cost more money, but are more friendly to the environment. That is why many are focused on wind, solar, and organic wastes as means to have more power. It has taken many bad effects on the earth to finally push man into being more careful in generating electricity. If you see the bad effects of your sins as well, then you will see a need for forgiveness in Confession to purify your soul. The more you follow My plan for your life in nature and away from sin, you will understand why My ways are better than your ways."

Friday, July 11, 2003:

Jesus said: "My people, I am showing you this young child next to a confessional because I want My faithful parents to give good example for the children to go to frequent Confession. The children need to be encouraged to attend, even when they are older so their souls will be protected by My grace. Do not nag them, but comfortably recommend Confession for the salvation of their soul. When you go to Confession, you see how few young people are coming on their own. If they were taught about My love and My forgiving heart, they would desire to visit My confessional to cleanse their souls and keep them pure for when they will meet Me in judgment. Everyone is not guaranteed a long life and you could die in your youth. Do not put off your conversion nor cleansing your soul until tomorrow because you may die today. You had the privilege of being led by your father every month to Confession, so see how much a parent can influence their children's behavior. By focusing on the forgiveness of sin in the confessional for your children, you will be fulfilling your responsibility for bringing these souls to Me."

Saturday, July 12, 2003:

Jesus said: "My people, many times along the path in your life you become lost and you need to find your way. When you are in doubt, you have to swallow your pride and ask directions from someone. It is the same way in your spiritual life as you seek to follow My path to heaven. Many become lost and are detoured in life by life's modern distractions. You can get taken up with addictions to drugs, drink or even computers. Some become so obsessed with sports or other things that occupy most of your time. Once you leave no time in your life for Me, then it will be difficult to find your way to heaven. My faithful, who know and love Me, will need to be the missionaries that are giving spiritual direction to the lost souls of the world. It is even more difficult to convert souls when they do not even realize

that they have lost their way to heaven. When you lose your way, you know enough to look for directions. When you lose your focus on Me, then you will need My help or someone's prayers to direct you close to Me again. So pray for the lost souls that they will find their way to conversion of their sins. I desire that everyone be saved and My faithful are My faith compasses to give proper direction for souls to find Me and love Me."

Sunday, July 13, 2003:

Jesus said: "My people, many are brought as infants to be baptized into My Church, but their godparents are speaking for them. Your souls are cleansed of original sin at Baptism, but later in life you need to return to Me publically in Confession to have your actual sins forgiven and cleansed. It will take an act of your own free will to come to Me in Confession, but I am your oasis of grace in the priest giving you absolution. Remember that I asked My disciples to publically come to acknowledge their sins and My Father would be pleased with them. The image of pages flying out from the Scriptures is a sign of the end times and the beginning of the schismatic church. There will be some priests that will lose their faith and deny the calling of the prophets of the Bible. Even today, I send you modern day prophets and they also are being rejected because of pride. Because some priests have become complacent and are not encouraging Confession nor warning the people about birth control, abortion, and the sexual sins, I am calling My prophets to have people repent of these sins. It is not an easy mission to ask people to repent when they know the Commandments, but they desire their pleasures. Everyone needs to listen to My Word and accept My call to perfection by obeying My laws out of love."

Monday, July 14, 2003:

Jesus said: "My people, many times your life moves as fast as you travel in your car. I want My people to slow down and live a simpler life so your peace is not disturbed. When you allow yourself to get carried along by the daily rush of society, it will take your focus off of Me in your prayer life. When you do not have enough time for your prayer life, then you are too busy with material things. You need some quiet time in your life to really stop and think what you are doing. You need to make room in your life to do things for Me and your neighbor instead of only work or entertainment. Examine how you spend your time and it will reflect how much you love Me and how much you love your neighbor. It is when you do not make enough time for Me that you are being too selfish with your time. When you drift away from your prayer life, your love for Me can grow cold and this is how even faithful people can fall away from their faith. Faith has to be alive and you nourish it with daily prayer and receiving My sacraments frequently. Keep your focus on Me by slowing down your fast paced living and live in My peace."

Jesus said: "My people, many are called, but few are chosen. The faith in your country is becoming more superficial because many Catholics do not have the spirit of faith strong in their hearts. The laity are not being fed the richness of the faith in

the pulpits, so the faithful have become more complacent in their devotions and their lack of daily prayer. The gift of faith needs to be nurtured or it cannot grow. That is why you need to pray more for the youth of today because you need to teach your children the importance of prayer in their lives. Each generation is becoming weaker in the faith because the parents are wrapped up with the distractions of the world and they are not passing on the faith to their children. Divorce, living together and homosexual lifestyles are giving poor example to your children as the morals of your society have deteriorated to a decadent society. It is time to pray for the children's faith and also for the parents who do not think they are doing anything wrong. People have lost their shame of sin and have convinced themselves that they are not sinning and do not need Confession. Pray for sinners, especially in America, for they need to listen to My prophets and My call to return to that original fervor that each soul started with in their faith. It will take My spiritual intervention in My Warning to wake up the sinners to realize how spiritually lazy they have become. America needs to wake up to living your faith because your freedoms are being taken away."

Tuesday, July 15, 2003: (Beginning of Hurricane Claudette in Texas)

Jesus said: "My people, you are seeing in this vision of cars in the shape of a hurricane a sign again of the many chastisements that you will be facing as a reflection of your sins. You are loving material things more than Me and now you will see how many of these things will be stripped from you. This storm is just the beginning of the hurricane season and it is a continuing sign of how your storms will be taken to the next level in frequency and intensity. You had an unusual flurry of tornadoes and now you will be seeing more hurricanes. In the past these storms have veered away from land, but now you are seeing them make more landfall. Each year the damage from natural disasters has been causing more and more damage. See that your idol worship of things is facing My justice and you will see a direct connection of your sins to your disasters. I have told you that you would be brought to your knees in America because of your sinful lifestyles. Now you will be witnessing constant disasters one after the other."

Jesus said: "My people, I am showing you this rural white church because many of the priests in the outlying locations will be the priests of the faithful remnant. These priests will be loyal to the present pope even as a split in the Church will cause a division of My remnant Church from a schismatic church run by the masons. The schismatic church will take control of today's churches, but they will follow the New Age movement and deny the sexual sins as sins. The remnant Church will have to go underground in the homes with few priests offering a proper Mass. Even though you will be few in number and you will be persecuted by the schismatic church and the authorities, I will protect you from harm and lead you to My refuges. Do not be fearful of the tribulation time, but follow My Will to save your souls. All the priests will have to decide between following Me in persecution,

or following the Antichrist with this world's pleasures and comforts."

Wednesday, July 16, 2003:

Jesus said: "My people, this vision of a crucifix in hiding represents the time of suffering for My faithful when you will be persecuted for witnessing to My Name in the tribulation. Because of the power of the evil ones, you will be led by My angels to a place of safety at My refuges. It will not be easy to leave the comfort of your own homes, but the disbelievers and those of the world will be trying to kill you and torture you for following My Word. This time of the Antichrist will be an evil that you have not witnessed before, but you must avoid the Antichrist because of his demonic powers. I am more powerful than all of these demon creatures and I will protect your souls as you call on My help. Some will be martyred for My Name's sake, but they will become instant saints. As the crucifix turns and moves into the light, this represents when I will come in glory and My Light will vanquish all of the evil ones to hell. My Light will overcome the darkness as I will renew the earth with My Era of Peace. Have trust and hope in Me for all evil will soon vanish from the face of the earth. The reign of evil will be brief for My victory will be a sign to you of My power."

Jesus said: "My people, man is so proud of all of his latest inventions. Unfortunately, many of these inventions are being exploited for making weapons to kill people. Modern art is linked more with earthly things than spiritual things. Man has much pride and he wants to buy the latest devices to impress his neighbors. Even though there may be an earthly attraction to these things, do not let the desire for them so possess you that they control you. The devil always makes you curious of these latest things and all of the latest news to try and distract you from Me and your prayers. You must pray extra for the grace to fight off these distractions. When you see others wasting their time so much on these things, it is time to warn them of their obsession with material things. This is why affluence and riches are causing Americans to drift away from their faith. Those, who keep strong in their faith today, will receive even more graces for avoiding this world's distractions."

Thursday, July 17, 2003:

Jesus said: "My people, this vision is a witness that every refuge of My Blessed Mother's apparition sites and places of holy ground will be blessed with healing springs of water. At the time of tribulation this will be a means of physical nourishment in water for the body and it will be a healing water both for physical and spiritual needs. I have always promised you that My living water is always available in My Precious Body and Blood in the consecrated Host and Wine. I will provide for all of your needs in these last days, so have complete hope and trust in My protection of your souls. As you call on Me in prayer, you will be saved even if you are called to endure martyrdom for My Name's sake. My martyrs will receive instant sainthood and receive My reward for their sufferings. You will all have to suffer on this

earth, just as the saints suffered before you. Rejoice in My gifts of protection and the water and Holy Communion that My angels will provide if you do not have a priest for Mass. These springs of water at My refuges may not be present at this time, but during the time of tribulation, they will miraculously appear for your benefit. Give thanks to your Lord for having your angels draw you to the nearest refuge to protect you from the Antichrist, the demons, and the evil ones trying to kill you. Have no fear at this time because I will truly give you My peace and ease any of your burdens."

Friday, July 18, 2003:

Jesus said: "My people, this rustic looking barn is an example of how I will provide for My faithful remnant. I will have My angels draw you to My refuges that are protected from the evil ones. Your life at the refuges will be harsh with little heat in the winter and no air conditioners in summer. Food and water will be miraculously provided, so do not worry about what you are to eat or wear. When you leave your homes, you will lose your possessions and totally depend on Me for everything in full trust. You will not have to suffer long because the reign of the Antichrist will be brief. Because you have been so spoiled, your suffering will seem difficult, but you will be suffering your purgatory on earth. You will be making reparation for your sins as your souls will be strengthened to endure this evil age. The Holy Spirit will give you what to say in your defense as some will be tortured and martyred for My Name's sake. Remember to not take anything from the Antichrist because I will provide for you. Do not take any chips in the body, nor worship the beast. I alone am the only One worthy of your worship. Go willingly to My refuges where My angels will lead you."

Saturday, July 19, 2003:

Jesus said: "My people, this light on the ceiling means that I want My faithful to be representatives of My love and My Gospel of justice. This presentation means that you will be teaching My Word in public. The picture of a judge means that you have to be careful not to judge people, but leave this to Me. Many times you see things and make quick judgments about people without knowing all of the facts. That is why I am the only One to judge because I know everything about each person's life. Sometimes you see people making incorrect statements about yourselves and you feel an injustice because they do not know all of your background. It is the same way with others around you, so do not insult or falsely accuse someone of something. The most important judgments are what I judge about you because I am just and I will have more mercy on your situations. So be careful in your speech not to ruin a person's reputation with false gossip to others. I love all of you and I want you to love everyone in your speech as well."

Jesus said: "My people, it is a brave priest that would accept My visionaries and prophets to speak at their church. Your message is one of preparing people in their spiritual lives for the end times, but few want to be advised how to change their

easy living for a life of suffering. It is unfortunate that My priest sons are even reluctant to talk about sin, Confession, or the bad lifestyles that people are living together in sin. My priest sons should also be promoting good prayer lives and Adoration of My Blessed Sacrament. Pray for your priests that they find it in their hearts to preach My Word of the Gospel even when it is difficult for the people to hear and act on it. My priest sons should be brave and have courage that they can feed the souls in their parish so the souls there can be saved."

Sunday, July 20, 2003:

Jesus said: "My people, when you build a church, it is meant for worship of your God and not for man. There should be a sacred place for My Blessed Sacrament in a prominent part of the main church and not hidden in a back room. Just as you place a light in an open place for all to see it, so you should place Me in an open place for My Light to shine on everyone. Every altar should have a crucifix depicting My death on the cross at Calvary. Every Mass is a sacrifice of My Body and Blood and a Resurrection image on a cross does not depict My suffering death for all of mankind. Those, who come to receive My Real Presence in Holy Communion, need to have pure souls free of mortal sin. Showing reverence by bowing to receive Me also shows your love and respect for My Blessed Sacrament. Kneeling during the Consecration is also an act of reverence acknowledging My glory as even My angels kneel before My consecrated Hosts. Having the stations present and statues or pictures of Myself and the saints helps the faithful to dwell on our lives to be imitated. I have warned My people that your churches are being stripped of all that is holy in order to prepare them for the coming influence of New Age gods and goddesses. Be prepared to leave the schismatic churches when My Consecration prayers are changed and earthly idols are brought in. The evil churches will even one day have the image of the beast on their altars. When I am no longer present in these churches, they will no longer be holy. Be aware of this coming schism that will cause division between the schismatic church and that of the faithful remnant."

Monday, July 21, 2003:

Jesus said: "My people, I have told you that the man, who builds his house of faith on rock, will endure the testing of the storms of life. But he, who builds his house of faith on sand, will be more likely to lose his faith when the winds of testing blow his house away. The vision of the four stands holding up a table means that you must have a solid foundation for your faith to last. This starts with the training that you receive from your parents. The four evangelists also give you My words to imitate My life in following My Will. You can strengthen your faith by having a properly formed conscience of knowing right from wrong. This means following My Commandments, My Church laws, and My pope son's teachings. I ask all of My disciples to hold close to Me by taking up your daily cross out of love for Me. Your daily prayer life tells Me how much you love Me and keeps you in communication with your Lord. Frequent Confession

and receiving Me in Holy Communion will give you grace to withstand the devil's daily temptations. By keeping a good spiritual life and helping your neighbor out of charity, you will be on the right path to heaven. Guarding your faith is your most precious gift as you struggle for your prize of eternal salvation in heaven with Me."

Jesus said: "My people, I am trying to make you fully appreciate the deep meaning of how much I suffered and am suffering for all of the sins of mankind. As you look upon Me writhing in pain, you must understand that all of you are to share in My suffering for the reparation of your own sins. I want each of you to take up your daily cross and suffer everything for Me without complaining. I poured out My Blood sacrifice so all of your sins are atoned for before My heavenly Father. You have been ransomed by your Savior according to My Divine plan. By offering all of your sufferings up to Me each day, I can apply the graces to your soul and those in your intentions as I forgive you and heal your souls from your sins. If you are to imitate My life, you will see much suffering in your life. But every suffering that you offer to Me will be applied to lessening your time in purgatory in reparation for your sins. Understand the mercy that I bestow on every repentant sinner as all heaven rejoices over each soul that repents of their sins. Rejoice also that you are freed of your bonds of sin every time you receive absolution in Confession. Every time you sin against Me, you are causing Me more pain. I will be suffering the pain for sin until the last sin is committed by man before I come again in judgment. So think before you commit any sin, so you can save Me that pain by your faithfulness to follow My Commandments."

Tuesday, July 22, 2003: (St. Mary Magdalene)

Jesus said: "My people, I want to instill in each of you this deep love that St. Mary Magdalene had for Me, as you have seen in the Gospel. Even now I call everyone's name as I called 'Mary' so that each of you are special to Me. As St. Mary acknowledged Me as teacher, I want all of you to acknowledge Me as your risen Savior. This vision of an Adoration chapel with My Blessed Sacrament glowing with Light is where you can come and give Me praise and adoration. Your souls are always thirsting for your living Lord and you can show your love for Me in Adoration and when you receive Me in Holy Communion. A creature always seeks its Creator, but even more you are drawn to Me out of this deep love to be with Me and a part of Me. When you come before My Blessed Sacrament in the consecrated Host, I am really present to you and I thank you for giving thanks to Me as the one leper returned to thank Me. You are healed of your sins many times in Confession, so it is appropriate that you give thanks to Me for forgiving your sins and restoring My grace in your souls. You are My beloved disciples and I love you more than you could ever love Me. I treasure every moment that you share your love with Me at Holy Communion and Adoration. Those, who take time to visit Me in Adoration, are My special adorers that I have a deep respect for you because you love Me so much from the depths of

your souls. I will reward all of My followers one day in heaven where you will truly see Me as I AM."

Wednesday, July 23, 2003:

Jesus said: "My people, this Exodus reading shows a connection of the miraculous bread with My Bread of Holy Communion. The physical bread was provided for life in the burning desert, while Holy Communion gives you spiritual life and even eternal life for My worthy believers. In the desert My people were totally dependent on Me for meat, bread and water. In the desert of this life, My people are still dependent on Me for helping to provide all that you have to survive both physically and spiritually. Without dependence on Me, your life will be more difficult and eternal life could be lost. Now in the end times again you will be faced with a modern Exodus as you will have to flee your cities to refuges where you will again be fed by My heavenly manna. As you are stripped of your possessions, you will be more in touch with your total dependence on Me. Have faith, hope, and trust in Me that I will provide all that you need both now and during the Great Tribulation. Fear not the power of the evil one for My victory will come. I will not test you beyond your endurance, but you must call on My help to be saved."

Thursday, July 24, 2003:

Jesus said: "My people, as you read in the Gospel, the people of your country have been given many messages and signs about My Word, but still they do not want to listen. This picture of a flood closing in from all sides represents how America will witness destruction and take over just as the people of Noah's day tasted My wrath. Your laws against sodomy have been struck down legalizing homosexual activity and laying the groundwork to attack marriage as I have created it in male and female. Other laws legalize abortion for killing infants in the womb and others are trying to legalize drug use. Your society is so corrupt that you leave Me no choice but for My justice to condemn America. I will allow the evil ones to destroy your military through constant wars and your debts will weigh down your financial well-being. The many physical disasters afflicting your country are just another example of the chastisements that I am bringing upon you. Instead of changing your ways, you are sinking deeper into the mire of your sins. I cannot bring blessings upon a country that has turned its back on My laws. You will face the punishment due for your sins for not listening to My Word in the Scriptures nor the words of My prophets."

Thursday, July 24, 2003:

Prayer Group:

Jesus said: "My people, pray for My little ones who are being abused by day care providers, parents, and even some priests. Pray also that these abusers will change their lives and be sorry for their offenses. Parents need to be watching their children for safeguarding their whereabouts. My little

ones are close to My heart and anyone, who violates their innocence, will indeed have to answer to Me for their evil deeds."

Jesus said: "My people, some areas of your country have suffered tornadoes, others a hurricane, some have had floods and still others are having fires. Almost every area of your country has been threatened by some kind of disaster. All of these difficulties are coming as a result of your sinful lifestyles. Because you are not repenting of your sins, America will continue to suffer even more disasters until you will be brought to your knees."

Jesus said: "My people, your troops continue to be spread too thin in more conflicts than you have troops to control ambushes and occupation that are making Iraq and Afghanistan difficult areas to police and provide services. When more questions are asked for why America is present in so many conflicts, there are never any clear answers. The masons and one world people are trying to overtake your country through terrorism, wars and a controlled economy. More of your troops are needed to guard your own borders than fight useless wars in a foreign land. Pray for an end to all of your wars and live in peace with those around you."

Jesus said: "My people, fighting in various Middle East countries and in Africa seems like constant battling for leadership positions and internal clashes between different ethnic groups. It seems too much to ask America to be the world's policeman for every little disturbance in these countries. It is the one world people who control the leaders and which wars will be fought. Pray that even these evil ones should be silenced from making war on their neighbors. If you do not stop these constant wars, you will live to regret that you even started what you could not finish."

Jesus said: "My people, legalized gambling at casinos and even lotteries to support education is another opening of financial problems to cause addictions for compulsive gamblers. Many families have had their finances ruined by a husband or spouse addicted to gambling. Many of these enticements to steal your money have occurred on cruises, at gambling towns, lotteries, and even recent casinos on Indian grounds. Pray for those with these gambling obsessions that they could receive counseling to control their bad habits. When such freedom is allowed even on the internet, your society will suffer from such abuses."

Jesus said: "My people, time is always hanging in the balance for you can use your time wisely on My behalf, or you can waste it selfishly on your own pursuits. If you are following My Will, you will always be focused how best to use your time for helping others. Do not let yourself fall into bad habits of wasting time, because your time here is short and you will have to make an accounting for your time at your judgment. Imitate My love in following My ways and your time will always be well spent."

Jesus said: "My people, it is no wonder that you are trying to remove My Ten Commandments from your public buildings.

Rubbing these laws off the tablets is represented in declaring that abortion and euthanasia are not murders. Allowing sodomy laws and other sexual offenses to be rubbed out is a denial of the sixth Commandment. Allowing tax fraud and other accounting scandals in business is approving theft and lying. When some look how your society's laws are being repealed, then you know why I can no longer hold back My justice for your sins and your abuses of My laws. Those, who continue to repeal My laws, will answer to My punishment."

Friday, July 25, 2003:

Jesus said: "My people, this vision of someone at the head of a table represents the authority and responsibility that parents have for their children and grandchildren. The ripples sent out over the water represent the sphere of influence that parents have over their children. You take care of their secular needs for food, clothing, and education, but you also should not neglect your spiritual responsibility to teach them the faith. You have a rich gift in your own spiritual upbringing and you should be willing to pass this gift on to your children. Teaching them daily prayer at morning, night, and before meals should be a joy and second nature to give Me praise in all that you do. Leading them to Sunday Mass and frequent Confession will be easier at early ages, but more difficult as they grow older because of the world's distractions. No matter how much resistance your children will give you, remember they are your spiritual responsibility. You are to pray for their faith and encourage them to stay close to Me throughout their lives. Guard them as I guarded My apostles."

Jesus said: "My son, this is a further confirmation that there will be another created incident that will cause many American deaths. (12-4-02) It could come from open terrorism to enhanced storms or earthquakes. Your recent investigation of September 11th has shown many gaps and questions about foreign involvement and a lack of communications which seems to be labeled for a cover up. Your recent events show the U.S. poised for more involvement in a civil war situation. Your domestic problems are still showing an unusually slow rebound in your jobs market, even with historically low interest rates. Your debts are ever increasing as the one world people are ready more than ever to bring America down. Your president has been involving you in many wars where the people have had no say in his attacks. Know that this coming event is getting closer as all the other world events are accelerating out of control as well. This event could very easily cause National ID cards to be issued and even a new draft for more troops. Marshal law and a police state are close and such a dramatic event could make security an excuse for a takeover and loss of your freedoms. Your travel could be very restricted by this increased security and your testing will increase as well."

Saturday, July 26, 2003:

Jesus said: "My people, another sign for you that the end times are upon you is when you see many people healed by gifted

healers. Just as I healed many people from their sins and their sicknesses, so I will be sending many prophets and healers among you to prepare the way before the tribulation. These healing people will be protected for a time until the Antichrist will persecute them. Pray for all evangelists and healers in this evil age because they are My special gifts for your time to bring souls to conversion before it will be too late and some will be lost to Satan. You are in a midst of a battle between good and evil and this will become more apparent as the good people will be more vocal and the evil people will become more perverse. Call on Me in prayer to strengthen you for this last of all battles in this end time age."

Jesus said: "My people, I told you after the election in 2000 that your president has a true chance to change America, but it will depend on how much he allows the one world people to influence him. (12-13-00) The economy and constant wars have caused your deficits to grow out of proportion to reality. You already have more debt than you can manage without spending hundreds of billions of dollars on unnecessary wars. Wars and planned deficits are the best way to destroy America and this is why the one world people are encouraging your president into so many wars. Your government is totally out of control both in their incorrect budgeting, and the Executive and Judicial branches overstepping their powers. Congress is the people's representative, but they are not asserting themselves in debating your useless wars, nor are they making law as they should. Once your freedoms have been taken away in the name of false security, you will be living in a police state with the president acting as a dictator. Pray for My protection because your persecution will intensify and you will have to flee to My refuges."

Sunday, July 27, 2003: (Multiplication of bread for 5,000)

Jesus said: "My people, when I multiplied the fish and barley loaves for the 5,000, the people wanted to make Me a king, so I hid in the mountains. Even though I appeared to them as a God-man, I was to be a suffering servant instead of a physical ruler on the earth. Whenever you are in front of My Blessed Sacrament in the consecrated Host, you have your Lord, Master, and Creator before you. If I was standing in front of you, you would be bowing in reverence. I am fully there in My Real Presence in every consecrated Host, even if people do not believe that I am present under the appearance of bread. Therefore, do not place Me in the back room, for I belong on your altar where your king is more worthy to be placed. Give reverence to your king by genuflecting before My tabernacle and bowing in front of Me when you receive Me in Holy Communion. You can give Me reverence even by not loud talking in front of My tabernacle in church. If you truly love Me and give Me praise for being your God, then you would take time out of your busy schedules to visit Me in Adoration at My tabernacle. Rejoice that you have Me at the Mass because soon it will be difficult to find a proper Mass. I am the Bread of Life that will give you eternal life."

Monday, July 28, 2003: (Moses finds a golden calf)

Jesus said: "My people, Moses was filled with righteous anger when he found the people worshipping the golden calf and he threw the tablets with the Ten Commandments down the mountain. Even as you find people in their sin of lust and greed, you can warn them of their sin, but have mercy on them in your own righteous anger. Look how I treated the woman found in adultery. I asked everyone: 'He, who has no sin, let him throw the first stone.' I did not condemn her, but I warned her to sin no more. In the same way that you find those in sin, beware of any condemnation for you are all sinners as well. I made the Israelites walk in the desert for forty years because of their sin against Me. See how I punish the guilty with My justice and I have mercy on those who love Me and follow My ways. I have given My Commandments out of love and they are focused on love of God and love of neighbor. Rejoice that each day you are called to give praise and thanks to your God as well as helping your neighbor both physically and spiritually."

Jesus said: "My people, excessive drinking has caused many problems throughout your country. Drunken driving causes a large percentage of driving fatalities. It is a cause of many families to break up in divorce. Drinking can also be a danger on the job where there is dangerous machinery or chemicals. Even drinking in colleges has caused dropouts or poor grades. Over indulging in drink can destroy bodily organs and impair your thinking in any activity. People, who are addicted to alcohol, need to see that they need help to stop completely. This requires guidance and skillful counseling to make any progress. Prayer also can be a means of helping someone come to their senses. Drinking is many times an escape from reality that only causes worse problems. Support groups with people that have been healed of their drinking problem can be helpful to show others how they can change their lives. It still remains the person's free will to want to stop drinking. It will be difficult to change unless there are some strong incentives forcing the issue. If you really love these people, you would do everything to encourage them to seek counseling, than let them continue in their steady drinking habit. In a spiritual sense you cannot be responsible for your actions when you are under the influence of alcohol. The devil wants you to lose your inhibitions in drinking so you will commit even more evil acts of swearing and even killing. Pray for these addicts to find help and seek repentance of their sins. Once you learn to take responsibility for your actions, then you will not leave it to chance with drinking."

Tuesday, July 29, 2003: (funeral)

Jesus said: "My people, this tall black skyscraper with red flames all around it is a representation of a Tower of Babel in your modern world. The flames all around it represent the influence of the demons encouraging your science and pride to replace Me with the material things of the world. Man thinks he does not need Me and that he can build and do anything that he wishes. All that you have built and accomplished with your

scientific inventions are as nothing in My sight. Your knowledge has only scratched the surface of what there is to know. Man is foolish to think that he can do anything without Me and he is only listening to the devil who wants all of mankind to not serve Me. I am asking everyone to listen to My Word, for I have the words that will gain you eternal life. Only through Me can you enter into heaven. You have a choice of heaven or hell and to come to heaven you must follow My Will and accept Me as your Savior. By seeking Me for the forgiveness of your sins, I will forgive you and give you the grace to enter heaven. Put away this foolishness that you do not need Me because it is by My Will that you will take your next breath. It is only by My Will that any creature, even the devil, should continue to exist. When you understand the power and scope of My authority, then you will see that your highest priority is to obey My Commandments and serve Me out of love. You would much rather be with a loving God in the joy of heaven, than be with the devil who hates you in the eternal flames of hell."

Jesus said: "My people, this tire represents how time moves forward no matter what you are doing. The continuous ticking of the clock seems slow at first, but your time each day comes quickly to an end. Just as your days pass quickly, your life passes by as well. Your time is precious because you have such a short time on earth to accomplish anything. All the more reason that you should spend your time wisely because you will have to make an accounting to Me for every hour of your service to Me. My message is to not waste your time on foolish selfish pursuits, but use your time wisely to follow My plan for your life in serving Me out of love. Visiting Me in Adoration is an excellent opportunity for Me to touch your hearts with My peace and discernment. I will show you the way to heaven and it is you who must give Me your yes in My service. I have given you many gifts to save your soul and others, so use your talents wisely. Most of all I give you a set time in your life to prove to Me how much you love Me. Offer everything up to Me in consecration and you will have your treasures stored in heaven for all of your good deeds. Do not let time run out on you without conversion, but give everything back to Me so your time was rightfully spent."

Wednesday, July 30, 2003:

Jesus said: "My people, many people are rationalizing their sins of passion as acceptable when they love someone. Sins of passion in the conjugal act are all mortal sins and serious because they violate My laws of marriage or the intended openness to procreation. Those, who are not married, are committing sins of fornication. Those, who are cheating on their spouse, are committing sins of adultery. All homosexual acts are sins and such marriages are a perversion of My plans for lawful marriage. Even married couples are committing grave sins using any birth control devices that obstruct fertilization. Tubal ligations and vasectomies are all sins that need to be confessed. Even artificial conception means are demeaning to Me in your modern abuses of science. Many of these sins are being committed, but are not being confessed to My priest sons. These are serious

offenses against My laws of procreation, yet there is very little mention of these sins in the pulpit. It is not a matter of embarrassing people with their sins, but it is most important to save these souls from their sins. Receiving Holy Communion in this state of mortal sin commits a further sin of sacrilege, yet few understand or want to accept that they need My forgiveness in the confessional. It is better for a man and woman to be in a married state than subject themselves to constant occasions of sin as in living together. Practicing homosexuals are also in occasions of sin and need to avoid these acts as well. Passions in the body were intended for procreation and are not intended to be abused just for individual pleasures. These are strong desires and it takes a faith filled person to restrain themselves to keep My Commandments. Even if you should violate My laws, I still have mercy on sinners to be forgiven in Confession. Every person needs to be strong enough to admit your mistakes and see the need for Confession to keep your soul pure. Your love relationship with Me should be much more important than your bodily pleasures. Do not endanger your eternal life with Me by remaining in mortal sin without Confession. You may die unexpectedly as you see those dying around you, and you do not want to be at your judgment with mortal sin on your soul or you could be judged to hell. So by frequent Confession you can always have your soul ready for judgment and avoid the occasions of these sexual sins of the flesh."

Jesus said: "My people, this image of a red box buried deep in the ground represents My vanquishing of Satan and how he will be chained in hell by My angels. My people will all have to endure the trials of the tribulation. No one will escape this purgatory on earth. As you call on Me, I will give you the grace to endure this evil age. You are called to follow My Divine Will in the plan that I have for your life. It will be My faithful remnant that will survive this test of faith, but you are seeing a growing lack of faith among the people of the world. I have asked many times: 'Will I find any faith when I return?' This message of My victory is one of hope for everyone because you know the end of the story and the devil loses. I always tell you that My power is greater and that is how I conquered death and sin. I have allowed the devil and the Antichrist a brief reign as the evil of this age will worsen before I come in glory. Therefore, do not despair in evil's apparent victories now because I will win the final battle. This is a message of love so you can keep focused on Me during the whole tribulation."

Thursday, July 31, 2003:

Jesus said: "My people, the Israelites in the desert were given My miraculous manna to gather in a basket for food. This vision depicts My chosen people relying on Me for their daily bread. My people of today find themselves in a desert of lost faith where many have strayed from My teachings. The people of your day know about right from wrong, but they have grown affluent and lax in their religious practices. In this way My Bread of Life in the consecrated Hosts is an oasis of grace to those living in the modern world with all of its distractions."

Even during the tribulation I will have My angels feed you My heavenly Manna as miraculously as the Israelites were fed, but this will be My Real Presence. I promised you that I would always be with you and this will occur even at your remote refuges during the tribulation."

Thursday, July 31, 2003:

Prayer Group:

Jesus said: "My people, since the creation of man, I made you male and female to be joined in a proper marriage of husband and wife. This is the proper way that families should bring children into the world and nurture them. For centuries this has been the accepted norm for family to make up the society. When divorce and homosexual perversion entered into a society as a norm, then these civilizations were destroyed as in Noah's time and that of Sodom and Gomorrah. My pope son has broadly stated the Church's position against homosexual marriages as being invalid and adoption by such individuals as unacceptable. Such marriages of homosexuals are the devils's perversion of My original plan. Those, who violate My laws, are calling down My punishment for their sins. Those nations, that promote homosexual marriages as acceptable, will be calling down My wrath and destruction against them. Repent America before it is too late."

Jesus said: "My people, you have played with the dignity of these leaders even as they were performing ethnic cleansing of their own. Now a guerilla warfare is being carried out that kills your soldiers daily. Whatever reasons your leaders give, you are still carrying out wars that you do not have enough troops to fight. See the futility of your constant wars that just stretch you thin, kill your troops, and extend your debts further than you can pay. Make peace instead of war to show your love for your neighbor and not hate."

Jesus said: "My people, I have told you that your free trade policy is a plan for decimating your manufacturing. By buying products made from slave labor, you are keeping these people prisoners of their leaders. None of your businesses can compete with the cheap labor of countries like China. Unless your factories are given some measure of protection from cheap labor imports, your manufacturing jobs are all doomed to be lost. Look at every industry and you are losing market share to cheaper products. The consumer buys the cheapest goods available, but with your purchases, you are putting your own industries out of business. This is the one world plan to destroy your country by constant wars and free trade with no subsidies."

Jesus said: "My people, there are those cheering to have war with certain dictators or nations harboring terrorists. When you see the lives lost in war and the destruction, how can you justify all of this death? Better to be builders than destroyers. Come to Me for My peace in the world so you can have My rest instead of man's unrest."

Jesus said: "My people, you are witnessing more fires destroying homes in the West and elsewhere as in the French Riviera. Drought and heat are continuing to take their toll in areas that have not ever seen such damage. I have told you that

this summer's fires would be similar to those seen last year. Look at these signs that continue to point to the world famine that will cause great starvation. Again pray to endure these trials that are becoming worse with time."

Jesus said: "My people, I have warned you of further terrorist attacks using planes and now some of your interrogations of prisoners are revealing certain plans of terrorism that are already being planned. America is too proud in thinking that you can prevent more violence as on September 11th. You, America, will bring yourself down by the many traitorous one world people who are planning your destruction. Put your hope and trust in Me and you will find rest in your heart and soul."

Jesus said: "My people, whenever you go to a fresh grave site, you see the deep hole dug and a box to receive the casket. This picture of a burial preparation represents how close your American civilization is about to be buried. Your debts alone are already burying you with an inability to pay them off. Now, even your deficit of payments with other nations will draw a tighter noose around your neck. Your troops are being spread to so many countries, that you will find it difficult to defend your own borders. The plans of the evil ones are carrying out your demise, yet you are oblivious to your trip to the cemetery. Pray, My people, and repent to save your souls because all that is left is to place the dirt over your coffin."
