

Thursday, July 1, 2004:

Jesus said: "My people, you see this piping that removes the exhaust fumes from your heater so you do not risk carbon monoxide poisoning inside. You need a flame and a fuel source to provide your heat, but you also must be safe in handling gas lines and fumes. In the spiritual life you must also be concerned about the flame of sin which can burn and defile your soul. You do not want your soul tarnished by the filth of sin, so ask My help to direct you away from occasions of sin for your safety. The flames of hell are another place to avoid by being faithful to My call. The devil is tempting you every day to sin, so you must have your guard up at all times. Man is weak to sin by your inheritance of Adam's sin, but you must be aware of the constant battle between the desires of the body and the desires of the soul. The body seeks pleasures and comforts to satisfy its appetites, which can lead to abuses of the body in lust or excessive eating. The soul seeks Me and spiritual or heavenly goals. The soul is a lover of God and neighbor as itself. The body craves selfishly for things, money, and sexual desires. I placed many of these desires in mankind for a good purpose for your survival and continuation of your kind. It is abusing your gifts for the wrong purpose that the body can lead you into sin. So when the soul first seeks prayer or to be with Me sacramentally, the body will resist to satisfy its own comforts. It is by fasting, prayer, and My help that you will be given the grace and endurance to withstand the body's cravings. It is when you are in a weakened state that your free will knowingly gives in to the body in sin. You can have your sins cleansed by My forgiveness in Confession to the priest. It is only through spiritual laziness that you fall into sin, so you must be strong constantly in following only My ways instead of man's ways. By guarding the soul from the filth of sin, you can be safe in My loving arms of support." Prayer Group: Jesus said: "My people, the morals of your society have reached a new low when the majority favor abortion of the unborn babies. If you speak out against abortions at abortion clinics or advertise your pro-life stand, you can expect persecution and even violence against your person or your belongings as this van. Some pro-abortion people are so incensed about rights over their bodies that they go to extremes in venting their anger toward My faithful who are defending life. Pray for those encouraging abortions and do not return violence to them." Jesus said: "My people, there are many diseases afflicting man and animals and some are

very lethal. You have seen an occasional scare of mad cow disease and some contracting a fatal brain disease as a result. Other cases of West Nile Virus have killed some people that have contracted this disease that attacks the nervous system. In some areas care has been taken for how cows are handled and where mosquito control was necessary. It is unconscionable how the death culture people have purposely spread diseases to control the population. Pray for all of those afflicted with these diseases and for those causing these diseases to spread." Jesus said: "My people, for those mothers having their babies, they must have patience and dedication to bringing up their children. Taking care of children at home or for baby sitting require care for their food and changing their clothes. When a child has grown up, there is a pride in bringing up a new life to society and the contribution of their talents. Consider how many talented children that will not be able to help others because they were aborted. Preserve life at all ages because life is too precious to throw it into a waste basket." Jesus said: "My people, you see beauty in plants and beauty in the souls of people. Some in the New Age movement want to use gods of natural things as idols for worship. The beauty of humans and infants lies in the beauty of the whole person, body and soul. Studying the beauty of creation should direct you to the importance of the Creator and not to the actual creations or creatures. I control everything that is created, but I allow your free will to be undefiled. Give glory and praise to Me because I am a jealous God and I do not want any other gods before Me." Jesus said: "My people, you are blessed to have artists who can carve or chip beautiful objects from stone or wood. The way they mold objects is a talent that I have instilled in them. Allow these artists a fair value for their works, so they can use their talent and let it be appreciated in an affordable living. My faithful must also be open to Me so I can mold you into the Christian soul that I want you to be in fulfilling your talents in your mission." Jesus said: "My people, water is needed for living both for animals and plants, but floods of water can be very destructive in ruining people's lives. These disasters in Texas and elsewhere are testing people's resolve to carry on despite them. As neighbors help each other to safety, you can see a love relationship building where it did not exist before. Sometimes beautiful things can come out of bad situations. Give praise and glory to Me for your very lives, even if you are tested by disasters." Jesus said:

"My people, it is not always possible for everyone to own their own home. Some have adequate jobs and talents to own and take care of a home. Others with less means may only be able to rent apartments. It is a good work to help the poor find adequate housing and to even help them have their own modest home. Having a home gives them self worth and hope that life will be better for them one day. Sharing by loans or help with building and materials will give you a happy feeling that you could help your neighbor to have a roof over his head."

Friday, July 2, 2004:

Jesus said: "My people, I am showing you this Bible again to remind you of My previous message that daily Scripture reading will benefit your spiritual strength. Set aside some time each day to meditate on My Word and how you can put what you learned into your daily actions. Reading the Liturgy of the Hours everyday is another thought for your daily spiritual reading time. As a good teacher, it is like drilling in your secular studies to go over the lessons that you were taught. Hearing this the first time alerts you to a better use of your time. Hearing this lesson on spiritual reading again helps to reinforce this thought so you can put this into action as a good spiritual habit. By learning My Law and carrying it out in your lives, then My Word will become a part of you on your path to heaven. Many times you can forget some of My teachings, but reading them over helps to refresh them in your mind and keep you focused on how I want you to live your lives in My love." Jesus said: "My people, in some parts of your country you have seen more than normal amounts of rain, while in others it remains in nearly drought condition. Some areas even have had enough rain to cause flooding. Rain and fresh water are needed for crops to flourish, but sometimes it is difficult to find just the right amounts at the right time. Farmers take risks on weather conditions every year, but manage to survive. Your weather patterns are very crucial to grow crops and if anything should upset them, then available crops could suffer. Be thankful that through the years America has had good enough weather to provide your own food. Any number of events as volcanoes or major earthquakes could disturb your growing conditions. As disasters will worsen, you will see problems supplying enough for your people to eat. America needs to repent of its sins and change its sinful lifestyles, or My justice will bring you more disasters as chastisements. Improve your spiritual lives before it is

too late to hold back My hand of wrath."

Saturday, July 3, 2004: (St. Thomas, our 39th wedding anniversary)

Jesus said: "My people, St. Thomas doubted at first in My Resurrection, but when he put his finger into My hand and his hand into My side, he believed. Blessed are those, who have not seen Me, but still believe in Me and My Resurrection. This hope of your own resurrection one day is what every faithful soul yearns for to be with Me in heaven. You are blessed to have Me present at the Consecration of every Mass when you recite the words of St. Thomas, 'My Lord and My God', as the host and wine are consecrated into My Body and Blood. This takes a leap of faith to believe in My Real Presence in the consecrated bread and wine. For those without mortal sin, you receive Me personally into your heart and soul when you receive Me in Holy Communion. My consecrated bread and wine are not just symbols, but My very Body and Blood. Many had trouble believing in My Eucharistic Presence when I was alive, and even today some do not believe in My Real Presence in the Host. Again, blessed are those who believe, even though they have not seen My physical presence as a man."

Sunday, July 4, 2004: (Independence Day)

Jesus said: "My people, these images of a couple being married at a Mass is to show you how beautiful their union is blessed with My sacrament of Matrimony. When a man and a woman marry, they are giving their lives to each other in total commitment in a life together until death. Those, that stay together for many years, are a witness of love to their children, relatives and friends. Each spouse contributes their gifts to make the marriage work. One may be good at finances, or another at keeping the house in order. It is this selfless giving in love that is beautiful in My eyes. By the couple's acknowledgment of Me in prayer, I can be a part of your marriage as I bring children from your union. Children born into this family setting are born into the best environment for their upbringing in faith and training for adulthood. The parents are the support for nourishment and financial needs. Sometimes you may even have to help your children in their adult life, or you may have to assist your own parents in their old age. Spouses need to keep their marriage vibrant with love and care for each other. It is this image of love between a man and a woman that I have used to show My love for My Church on earth. So as a couple starts out on a new life together,

pray for them and give them your support so this budding love can grow and have great fruit." Jesus said: "My people, there are some nuns who work in parish life, and there are some who pray in seclusion away from the rest of the world. These cloistered nuns pray for many intentions, including sinners and peace in the world. It is not easy to be drawn to live in secluded prayer because it is difficult to see the effects of your prayer. Those, who join such orders, must have deep faith that I will answer their prayers. The world has a scale of justice and on one side are the sins of all peoples. On the other side are the prayers said in reparation for these sins. The more the scales pull down for sin, the more My justice is being called down on the earth in chastisements. Pray, My children, for My Blessed Mother's intentions with your rosaries and you can balance off more sin."

Monday, July 5, 2004:

Jesus said: "My people, it is unusual to see a sinkhole where the ground collapses in, but people, who may be curious to look in, could fall in if the edges collapsed further. In the same way people are curious about occasions of sin at bad movies or places of adult entertainment. Some are even attracted to places of gambling or bars to satisfy their habits. Internet pornography is drawing children to these sites. This spiritual or earthly curiosity can lead you into sin if you succumb to these temptations. In your weakness to sin it would be better to avoid occasions of sin because the devil tempts you enough without playing with fire. Focus on Me in seeking protection from sin and you will be protecting your soul and keep it pure. Even innocent curiosity should be avoided if it could lead you to known occasions of sin. Be on your guard as the devil is constantly seeking the ruin of souls." Jesus said: "My people, your country has been blessed with plenty of fertile fields to grow your grains and warm areas for crops in the winter. While you have sufficient water for your crops, you also provide most of the food that you need to live. Many farms use modern harvesting equipment, but some crops require cheap labor which is hard to find. Crops are one of your few exports that you sell in bulk to other countries. Your farmers need your support and subsidies to provide for their families. Pray that there may be enough jobs and food for people to survive without being on assistance. Your economy will continue to struggle because of your sins and your wars are running up more deficits. Family income has decreased for many homes because of

layoffs and technical jobs moving abroad. As you struggle to make ends meet, pray for My help and protection for your needs."

Tuesday, July 6, 2004:

Jesus said: "My people, the blank walls of this church represent how many modern renovations and new churches are stripped of statues, icons, stained glass images and crucifixes. This stripping and the removal of My Blessed Sacrament from the main body of the church are making preparations for New Age and one world religion influences. The ecumenism among Christian churches will be expanded to include all religions. Soon what are called Roman Catholic Churches will have one world religion symbols and statues which will mark the beginning of the tribulation. Sexual sins will be accepted as not sins in this new church and New Age gods and goddesses will be displayed. This will deteriorate until the mark of the beast will sit on these altars. This division in My Church will cause a schism in these churches. When you see your churches contain these false idols and they discard sins of the flesh as sins, then it is time to leave these churches because these idols will have an evil influence. Any religious leader, declaring the sexual sins are not sins, does not have to be obeyed, no matter at what level. My Laws are forever and those, who violate them in sexual sins, commit mortal sins. Those, who are teaching that sexual sins are not sins, are committing mortal sins as well. This will be the time for My faithful remnant to meet in the homes and eventually go to the refuges that I have prepared for you. Trust in Me and discern what My clergy are teaching you, and by the Holy Spirit's power, you will be led where to go and what to say." Jesus said: "My people, homosexual acts are just as much mortal sins as are heterosexual acts of fornication and adultery. Even though you may be persecuted for speaking out against sexual sins, it is your responsibility to speak out on them where souls could be lost. The difficulty in removing these occasions of habitual sin could mean that these couples need to break off their relationships. Only under the veil of marriage of a man and a woman is it permitted to have relations. All other occasions are mortal sins. I love everyone, but I detest your serious sins that can break our relationship. You know My Commandments and unless you follow them, it will be very difficult to gain heaven. If you remain in your sin without seeking My forgiveness, then you could be condemned to hell. See that these pleasurable

sins of the flesh are not worth the loss of your soul. Live by My Commandments and witness against the evil ways of your society, or you may be chastised for trying to avoid persecution. Better to suffer at the hands of men now, than to suffer in the flames of hell for all eternity at My judgment."

Wednesday, July 7, 2004:

Jesus said: "My people, listen and read from Hosea the prophet in the first reading when he speaks of the idol worship of an affluent Israel. Instead of worshiping the One true God, the people of Israel erected many altars and pillars to other gods. Because they did not listen to God through his prophets to repent of their sins of pleasure and idol worship, they were taken over by their neighbors. America, you are the same affluent nation as Israel, and in your affluence you are worshiping many electronic devices and bad movies as your new idols. Your sexual sins are rampant as pleasure has become your god. Many have turned their backs to Me and you too, are not listening to My modern day prophets to repent of your sexual sins, and refrain from your idol worship of earthly things and money. Because America is not changing its evil ways, you also will be taken over from within by the one world people, and you will taste My justice for not repenting of your sins. Listen, America, before it is too late. Repent and believe in the Good News of salvation from Me and you could be saved, because the kingdom of God is at hand." Jesus said: "My people, these dark clouds coming in is a sign that the evil ones of the one world people are about to make their move for total takeover of the world. The chips are ready for forced deployment and the satellites are in place to implement world control of your economies through electronic transfers. Plans are to use security problems as from terrorist attacks and threats of disease to control your movements. By requiring smart cards for everyone, travel will be guarded and controlled. Just as the evil ones and the Antichrist gain control, then My Light of chastisement will conquer them and chain them in hell. Do not fear the evil ones because My power will protect you and lead you to My refuges."

Thursday, July 8, 2004:

Jesus said: "My people, when I began My public ministry as a man on earth, I declared to everyone: (Matt. 4:17) 'Repent, for the Kingdom of Heaven is at hand.' It is My Presence that brings about My Kingdom, and My Presence

remains with you even today in My consecrated Hosts. Heaven has always existed, even before the earth was created, but it is outside of the restrictions of time and decay because it is in the eternal now. Before I left the earth as a visible man, I gave My apostles and their successors the power to consecrate bread and wine into My Body and Blood. So when they broke bread and consecrated it, you will always have My Presence with you and consequently the Kingdom of Heaven will be present among you as well. In today's reading (Matt. 10:5-15) I sent My apostles forth to continue preaching: 'The Kingdom of Heaven is at hand ' So at My churches I again must stress to keep My tabernacles in the main church because My consecrated Host is where the Kingdom of Heaven resides. Rejoice and repent of your sins so one day you can better experience heaven as I give you a taste in Holy Communion."

Thursday, July 8, 2004:

Prayer Group:

Jesus said: "My people, My hand is coming down on the Bible, on My crucifix and on My Blessed Sacrament to protect them from the attacks of the devil and evil people. Many misinterpretations of the Bible are coming forth that change the whole meaning of My Word, even some are trying to distort the fact that sexual sins are mortal sins by saying they are not sins. Many do not want My crucifix on the altar because they do not want to imitate My suffering in life. Yet in My suffering and death, you find how deep My love is to save all of mankind. My Blessed Sacrament is My Real Presence among you, no matter how many want to deny this truth of your faith. Continue to reverence My Eucharist which is the center of the Mass and the reason your churches are holy."

Jesus said: "My people, in your mail you receive pensions, paychecks, and dividends. You also receive your bills and letters from your friends and relatives. Much of your news is delivered by newspapers and magazines. Communication by the written word can be heart warming for distant loved ones and you keep in touch through various greetings of your feast days. There is also a spiritual communication that you make in your prayers of petition and thanksgiving. Keeping in touch with loving Me warms My heart and adds to My greater glory. Just as I show you My love in My Word of Scripture, so you can tell Me how much you love Me in your own words. Informal prayer speaks of your real feelings toward Me and I can see this intention in your heart."

Jesus said: "My people, many times you invite friends over for dinner to renew your acquaintances and to show you care about each other. Your family meets many times for celebrating birthdays, anniversaries, or holy days. When you all come to Mass, you are also sharing your faith together, but you are expressing your love and belief in Me as well. When you receive Me in Holy Communion, you are sharing My Real Presence and graces among you. Know that receiving My Manna is more than just a meal. It is your intimate mingling with My Spirit and your spirit."

Jesus said: "My people, there are many religious beliefs in the world and even some worshipping other gods than Me. Remember My First Commandment that you are to love and worship only the One true God in the Blessed Trinity. All other beliefs are to be avoided. I have established My Church as St. Peter at the head and I am the Cornerstone. Do not attend other services that do not believe that I am the Son of God. I have given you My sacramental Church and it cannot be compromised. Do not follow the New Age paganism or the one world religion that is misleading the people. Stay close to your roots in Me and your soul will be saved."

Jesus said: "My people, you attend many funeral wakes and funeral Masses, but watching a grave site service has a final nature to that life. You all believe in My Resurrection, but you must believe in your own resurrection for those who are worthy. At the burial place you come face to face with your own mortality. Death is a consequence of Adam's sin, but I have conquered death and I have power over your life in the Spirit. Believe and live your life loving Me and your neighbor and you will be prepared for your judgment."

Jesus said: "My people, you do not have a true understanding of how threatening mortal sin is to your soul. Every day you do everything possible to keep your body healthy and protected from death. But how many see how dangerous death in the soul results from mortal sin? My grace is completely cut off when you reject Me with mortal sin. This spiritual life can be restored by the forgiveness of your sins in Confession. Do not risk hell and the eternal loss of heaven by remaining in mortal sin. Struggle to keep your soul pure and alive in My grace just as you struggle to keep your body alive everyday."

Jesus said: "My people, when you see yourself close to the edge of a great drop, you are extra careful not to fall over the edge to certain death. In the same way you should be extra careful not to fall into serious sin and a

spiritual death. Once you are weakened by sin, you develop sinful habits and you do not even realize how much you are offending Me by your evil actions. You need daily prayer and fasting at times to strengthen yourselves against serious sin. You need to review your actions each day to see if you can prevent your bad habits and understand how to improve your spiritual lives. Keep close to Me in frequent Confession so you can break your bad habits and form good habits of loving Me in your actions."

Friday, July 9, 2004:

Jesus said: "My people, you treasure your freedom in this country of America and you even struggle to free the oppressed of the world. If you looked at your spiritual life, you would see how you are oppressed by your own sins. When you give in to your bad sinful habits, you are letting your sins control your actions. I have given you each free will to choose between My ways or man's ways. The more you give in to the sins of man, the harder it will be to break your shackles of sin. You must be like the Prodigal Son, who after realizing how much he was dying of starvation, finally returned to seek his father's forgiveness for wasting his inheritance. When you are in deep sin, you must see how your soul is dying and return to your Jesus for My forgiveness and cleansing of your sins in Confession. When I will set you free of your sins, you will be free indeed. Do not let your soul be so encumbered by your sins that you give up all hope, but seek My light of grace to bring you out of your darkness of sin into the Light of My love. I love even the most grievous of sinners and I will forgive you if you just seek My forgiveness. In order to be truly free of your sins, you must pray and focus on Me away from your desires of earthly things and cares. Those in purgatory have to be purged of all the earthly desires that they are still attached to. The sooner you can detach yourself from earthly desires, the closer you can come to the perfection that you need to enter heaven. Whatever is lacking in your perfection at your death, must be purified in purgatory. At your death you will finally be free of man's concupiscence, and you will be tempted no longer. When you are free from the body and its weaknesses, you will wonder why you wanted to offend Me in anyway. So while you are in the body, you must fight daily temptations and work the best you can with My grace to free yourself of your earthly desires. Love of Me, and your neighbor as yourself should be your focus that will bring you to your heavenly reward."

Jesus said: "My people, I am the Light of the world who will conquer all of the evil ones. For now it appears that the evil ones are having their way in taking over the earth. That is why you are seeing some people walking in the darkness of their sins because they have sold their soul to the devil for fame and riches. The devil knows that fame and riches are fleeting and enough to deceive weak people. Your soul is worth more than fame and riches because it is eternal and will last forever. So I call on My faithful to walk in the Light of My Word and My love because your life with Me in heaven will be everlasting. You may suffer in this life to walk in the Light because you will be persecuted and ridiculed. No matter what you must face, worship only Me and follow My ways. Trust in My power because in the end Satan will be defeated and I will reign supreme."

Saturday, July 10, 2004:

Jesus said: "My people, when My Blessed Mother carried Me in her womb, she was the Ark of the Covenant that carried My physical Person. When you receive Me in Holy Communion worthily, you also are like My Blessed Mother as an Ark of the Covenant. Even Elizabeth was alerted to My Presence when the babe in her womb leapt for joy on My arrival. My Blessed Mother is your spiritual mother as well because I gave her to all of My Church in the name of St. John the Apostle. She is Queen of heaven and our Two Hearts are as one. Because of her special place in heaven, she has given many apparitions and messages that lead you to Me in prayer through the rosary. She is a great intercessor of prayer just as she asked Me to provide wine for the guests at Cana. Rejoice in My Blessed Mother's 'Yes' or Fiat that she accepted her call to be My Mother and follow My Will perfectly as a part of man's salvation."

Jesus said: "My people, this picture of tall trees on either side of the road represents a battle between the good angels and the bad angels. The good angels are ready to be sent down to the earth to protect My refuges of help for My faithful. The power of one of My angels is more than many demons. That is why they will be able to protect you from all evil. The evil demons will be unleashed through volcanoes at the tribulation time. They will have diminished power because they are fallen angels. You will need to trust in My power, your guardian angels, and My angels of protection. When you see the world famine, division in My Church, and forced chips in the hand, call on Me and your guardian angels to lead you to a refuge of

protection. You will see My angels protect your souls from the evil demons and evil people. Rejoice that you will see My victory and My angels win this last battle of good and evil."

Sunday, July 11, 2004: (Good Samaritan Gospel)

Jesus said: "My people, some years ago you would think nothing of picking up hitchhikers or helping someone with a vehicle problem. Today, you have laws not to pick up hitchhikers and people have become afraid to help someone with car problems thinking that they are robbers. To help someone along the road now takes a little courage and risk outside of your comfort zone. This is true of helping any stranger, even at a gas pump that needs instructions how to operate it. Helping someone means going out of your way to spend time or money to provide for their needs. I told you that you may find Me in a hungry person, a person needing clothing, or someone requiring lodging. If you reach out and help the least in your eyes, you are helping Me. But if you reject helping your neighbor, then you are not helping Me. Do not be so selfish with your time and money that you cannot share it with others. As I lavish My gifts on you, you are to share what you have with your neighbor. Sometimes you may even be called to forgive or help your enemies, or your persecutors. You must love everyone equally as I do without showing discrimination of anyone. This perfect love of even loving your enemies goes one step further than helping a stranger. But even your enemies are your neighbor. Those, who can show this love for everyone, will receive your reward in heaven."

Monday, July 12, 2004:

Jesus said: "My people, remember that one day when you have passed on, you will have to face Me at the judgment seat and you will be held accountable for all of your actions and omissions. All of your good actions and prayers will be weighed against all of your sinful actions. Better now, before your death, to start building up some good actions and good deeds in your hands and minimizing your sins. Once you die, there is no longer a chance to change your life's record. So focus more on your prayers and helping people in your later years. You may not have many moments to think about your judgment. That is why it is good to pray for your soul's protection in getting judged worthy of heaven. It is your free will choices that determine your actions and their intent. Have your life focused on following My life in obedience to My Will

and My Commandments, and one day I could say to you 'Well done My good and faithful servant, enter your eternal reward with your Master in heaven.'"

Jesus said: "My people, there are many called to heaven, but few are chosen to be worthy enough to enter. The railings represent the amount of help available to lead you to heaven, if you would just reach out and trust in My help. The many different cars represent the many different souls on the road of life. You all have different talents and graces to reach heaven. That is why you each are at a different pace on your way to perfection. So do not be critical of each other on your path in life because you do not know all the circumstances of their decisions in life. It is enough to know that you are on the right road to heaven. Everyone should be fixed on getting their soul to heaven. Forget about your pride in how you may appear to others. Focus more on fulfilling your mission and following My Will instead of concerning yourself with fame and fortune. In the end it is where you spend your eternal life that is all that matters."

Tuesday, July 13, 2004:

Jesus said: "My people, this vision, today, is a good lesson in how you are to make your priorities in life based on Me as the center of your life. For many years people believed that everything in the universe, including the sun, revolved around the earth. It was only later that scientists learned that the earth actually orbits around the sun. This is another example to you of how you are to focus on My Will instead of following your own will. Man many times in pride wants to center everything around his life, thinking that he is the most important. If you look at My creation and understand My Word of Scripture, then you realize that your life should revolve around Me and only Me. You were created to know, love, and serve Me, and that is why you are here. You are not here to live in your own world without Me. See by this vision of My Blessed Sacrament that everything you do in your actions, should be centered around My love and love of your neighbor as yourself. If you follow My Will and consecrate everything over to Me, then you will be on the right path to heaven. Look to those things that are heavenly and everlasting than earthly things that are passing away tomorrow."

Jesus said: "My people, when you travel down the road of life, the evil one is going to tempt you with detours away from My plan for your life. These detours may be places of wealth or places to satisfy the senses. When you

see these trails disappear, I am working for you to take away these temptations or distractions. Every time that you are deciding which fork in the road to choose, call on My grace of discernment to see what is best for your soul. Using your talents to the best of your ability is what you are called to fulfill. Call on My graces to lead you and focus your life on obedience to My law and love of God and neighbor. It is the heavenly goals that must be satisfied first before any of your earthly desires. Follow Me, and your heart will be satisfied in My peace."

Wednesday, July 14, 2004: (Kateri Tekakwitha)

Jesus said: "My people, My Blessed Mother and I have appeared to several young children in apparitions and locutions to reveal heavenly secrets that have confounded the learned. These children were called because of their innocence and openness to My Word. All those, that have heard their messages, know that they did not have this learning on their own, but it was a gift from heaven for everyone. This is an example of the child like faith that I ask everyone to have so you can have an open mind and the desire to give your will over to My Will. Unless you have this trusting faith in Me, it will be difficult for Me to mold you into the Christian that I want you to be. You need to imitate Me in being all loving to Me and those that you meet. You need unconditional love to reach out even to those shunned by society. Some, who are sick with contagious diseases, require special people to provide them comfort, even though they may risk disease. This was the loving heart of Blessed Kateri who helped those with smallpox and she later died of this disease. So leave your heart open to My love and open to the mission that I call you to do for My greater glory."

Thursday, July 15, 2004: (St. Bonaventure)

Jesus said: "My people, this Gospel, about My yoke is easy and My burden is light, is how I call you to follow My Will instead of your own which wants to follow the world. Your world is full of the business of the world in cares and desires amidst many distractions. You need to always remember your priorities in life around Me instead of just fulfilling the needs of the body. It is important to set aside time for your prayer life, no matter how many people try to demand your time. Praying and time spent with Me helps to settle you down so your mind is not continuously taken up with the world. This vision of heaven, with all the angels about, is where you can find perfect peace and

rest. Even in your prayer meditation and your receiving Me in Holy Communion, you can find a rest in Me that you cannot find in the world. Your spirit is seeking its Creator in desiring to be with Me, but you are in constant conflict with the body that craves things and pleasures of the world. So give yourself a spiritual rest each day, even though the world tries to demand all of your time."

Thursday, July 15, 2004:

Jesus said: "My people, for those who have been following the deliveries of Verichips to various countries, it should be no surprise that they will find a way to use them. Mexico is one nation that has purchased a fair number of these chips and now they are making these a necessity to go into secure areas. America also has purchased enough chips for forcing smart cards on all of your military and those who work for the military. The next stage will be to put chips in the body for your own security uses. These chips will be abused as the mark of the beast to control your buying and selling as well as mind control. So avoid smart cards and refuse to take chips in your body for any reason."

Jesus said: "My people, I created you male and female so a man could cleave to his wife and the two become as one flesh. I did not make man to live with a man or a woman to another woman. These illicit unions are an abomination in your society. Your politicians do not even want to declare that marriage should only be between a man and a woman. These weak politicians do not even want to outlaw same sex marriages. When your society accepts this union to be openly acceptable, you are calling down My wrath against your country."

Jesus said: "My people, your president took a stand against stem cell research from fetal tissue, but the politicians are caving into unknown research for body parts. People think by changing nature through stem cell research that you will be able to make replacement organs. All of this research is counter to the perfection of My creation and I will not allow this research to be successful. All such cells were not meant to form organs artificially. Using aborted fetal tissue compounds your sins of abortion with man's mischief to try and control nature. Do not support this research which is flawed and promotes abortion."

Jesus said: "My people, your technology has focused on spreading knowledge of many fields. Because of your modern

medicine techniques and your computers, man is not satisfied with the perfection of My creation. By recombinant DNA work and your gene research, you are rebuilding animals, plants and human organs for your own purposes, thinking you can make things better than I can. Your work will fail because you do not look at the big picture of how everything interacts with each other. Learn to be humble in accepting My creation and do not pretend to be Me in your pride to try and make things better."

Jesus said: "My people, there are some among you that make materialism their god-even more important than having children. Look at many of your rich industrial nations that barely are having enough children to replace the parents. Life is more important than your material possessions. When you favor a death culture of abortion, euthanasia, and wars, then your society does not treasure how precious life is. Preserve life or your society will go down in ruin because you are not producing enough children to survive."

Jesus said: "My people, destruction and killing in war has destroyed many countries and has caused diseased and orphaned children. This same destruction in war is being reflected in the chastisements of nature as by tornadoes and destructive lightening storms. The more wars that you allow, the more death and chastisements you will see in nature. Stop your killing and My chastisements will be mitigated. Pray for peace and the stoppage of abortion, or you will face more killing."

Jesus said: "My people, you are being tested daily over the many social issues of your society. Acceptance of certain sinful behaviors do not make them right. Even if a majority favors lifestyles living in mortal sin, it does not change My Law and you will still be held accountable for your actions. Follow My Commandments no matter how much you may be persecuted. Then those, who are worthy, will receive their heavenly reward."

Friday, July 16, 2004: (Our Lady of Mt. Carmel)

Jesus said: "My people, you are seeing a contrast of evil in the serpent of Satan being conquered by good in the person of My Blessed Mother as she will crush his head as in Scripture. My Blessed Mother was perfect without sin and followed My Will to allow My entry into the world. She is a beautiful example of faith and she helped My apostles in their faith. The serpent of the Garden of Eden, that tempted Adam and Eve to the first sin, is the same devil that tempts all of mankind until your death. This life is

full of detours and distractions of the world to take you off of your path to heaven. It takes spiritual stamina to resist sin and follow My Will. Even if you falter in your sins, you can come to Me in Confession for the forgiveness of your sins and be cleansed. My Blessed Mother has encouraged you with praying her rosary, and giving you your mantle of protection from hell by wearing her brown scapular. All of these devotions and sacramentals are your blessed sacramentals and weapons against the evil one. Use My Blessed Mother's weapons to fight evil instead of taking up the weapons of man in war. Pray to Me through My Blessed Mother's intercession and your prayers will have a better hearing."

Saturday, July 17, 2004:

Jesus said: "My people, at times you have to repair and maintain your homes. In the same way My churches also need repairs and they may require some substantial donations. There is a conflict going on between building up My Church and those who want to destroy it. Just as when I was on the earth, I was building up the Kingdom of God, while the religious leaders wanted to stop Me and even kill Me. Today, you have some who want to tear out My traditions and strip My churches even of My Blessed Sacrament and all reverence for My Real Presence. Some are bringing in heresies and New Age influences into My churches to destroy them. My faithful remnant must struggle to build up My Kingdom once again, but you will meet with much resistance as I did. Teaching My Gospel of love and restraint of your sinful lifestyles will be unpopular with many, even in My Church. But My faithful's mission to continue on with your evangelization efforts is your most important responsibility. Even if you are persecuted, you must continue to struggle to save souls in My Name."

Sunday, July 18, 2004:

Jesus said: "My people, the readings speak of hospitality to travelers, but there is also a spiritual dimension to keeping close to Me in prayer at the same time. Your neighborly love reaches out to help people and comfort them if they are staying at your house. The focus of this vision is your concern for cleansing the body of the filth and sweat of the day. This becomes more of a problem with larger families and limited facilities. Then each person has to be a little patient with each other. The rush of water also is a symbol of the spiritual

cleansing of sin at Baptism and Confession. Many people line up every day for cleansing the body, but the line to cleanse your souls of sin in Confession is much shorter and infrequent. Caring for the soul's purity should have a higher priority than the body. So when Mary chose to stay attentive at My feet, I told Martha that Mary had chosen the better part and she will not be deprived of it. I know that serving people shows love of neighbor, but serving Me is even more important. Loving Me and loving your neighbor are both necessary to be My disciple. Remember to set your priorities for prayer, worship, and thanks to Me, as well as doing good deeds to help your neighbor."

Jesus said: "My people, some would much rather attend a star studded nightclub show than come and see Me. Since Adam's time man has wanted to be like Me and follow his own plan instead of Mine for his life. Satan dresses up the desire for evil in comforts and pleasures. My Word is truth and unchangeable forever. If you believed in Me, the Truth will set you free of your sins. Your sins and the bondage of earthly desires will keep you earth bound instead of being directed to heaven. You must let go of your pride, lust, and desires for fame and riches, if you intend to follow Me. It is desirable for man to choose his own way and solve his own problems than giving everything over to Me. You must detach yourself from earthly things and see that desiring a holy life is what I call each of you to follow. This total giving of self is very difficult to put your full trust in Me in everything. I gave My Word of Scripture to man and I have sent you My Word in many true prophets. But you hear My Word and reject it, just as My Church leaders persecuted and killed Me. Even now I send you My Word in today's prophets, but many still do not want to believe this can happen, nor do they want to follow My words. I send you My Word to repent of your sins and seek My forgiveness. You need to discern My Word by the Holy Spirit and carry out what I am teaching you. I performed many miracles of healing the blind, lame, and even raising people from the dead, but still they crucified Me and failed to listen to My way of love. My prophets have shared the same fate. Some prophets have performed miracles of healing in My Name, but still the people refuse to believe My Word and they persecute My prophets for their mission. The real reason that people refuse My Word and that of My prophets, is that believing will mean that they will have to change their lives and admit that they are sinners and have done wrong in My sight. Repent now, or you could lose your soul."

Monday, July 19, 2004:

Jesus said: "My people, many people come to Mass on Sunday more out of obligation than out of love for Me. Others only come to Me when they are in trouble or when they are petitioning for a loved one who is sick or near death. I want My faithful to love Me at all times and not just out of obligation or in your need. You love and speak to your loved ones every day. You can show your true love to Me as well in your daily prayer, or when you can make it to weekday Masses or visits to My Blessed Sacrament. Those, who go beyond obligations and love Me for who I am at all times, are My true believers. If you are only lukewarm to Me, how are you going to stand up to temptations or persecution for My Name's sake? How many would be willing to sacrifice your lives for Me if you were faced with believing in Me or being martyred? You are going to be tested often in your evil society. Unless you are strong in your faith, you may be tempted to deny Me by not defending My Laws and My Church as you should. Through prayer, fasting, and visiting My Blessed Sacrament, you can build up your spiritual strength to be good examples and faithful disciples through all of the devil's temptations."

Jesus said: "My people, this picture of the earth shows you the awesome job of taking care of over six billion people. I provide you with oxygen to breathe, light in the sun to see, water to drink, and the means of providing yourself with food in your crops and animals. There are some areas that are short on water because of drought, and some areas with little food, especially in third world countries. Those countries with excess food and money should be sharing with the less fortunate. I also provide everyone with My grace and forgiveness to those who seek it. You have access to My healing waters of Baptism and absolution in Confession. You can call on Me in prayer for your needs. The second vision showed you how souls are traveling up from the earth at their death. While other souls are traveling down to the earth into new life in eventual babies. You see many dying from disease, starvation, wars, killings, abortions, and euthanasia. You also see many new mothers giving birth to their children. This is a story of life and death that is going on everyday. You read of the deaths in the obituaries and the births from the hospital reports. You are here just a short time, so do the best you can to serve Me and your neighbor out of love."

Tuesday, July 20, 2004:

Jesus said: "My people, many are drawn to Me because of the desire to be with the Light of God. This loving image of My Kingship as an infant shows you a humbling image of intimacy with My faithful. I am the Light of the world and My light dispels the darkness of evil. This Kingship of Mine reveals My power over everything. Every creature or thing owes its existence to Me and by My Will do you continue to exist. I give all of you free will to choose to love Me or not. Those, who follow Me in life, will see My Light at the end of their earthly life, but those, who refuse to accept Me, will live forever in the darkness of their sin. Even when I come in glory to judge the earth, you will again see My brilliant Light and you will no longer need the sun for light. Those, who come to Me at death, also are drawn to the Light for their judgment. Rejoice, My faithful, that one day you also will see My Light of glory and enjoy My love and peace forever."

Jesus said: "My people, some people have several episodes of coming close to death from breathing or heart problems. One time may be the last for a person and it is always difficult to see someone suffering in their last stages of death. It is hard on the family members to let go of their loved one, but you all realize when it is time for Me to call that person home. Continue to pray for the dying as they are still attacked by the evil one until their dying breath. Always have your souls pure by frequent Confession because you do not know how long you have to live or how suddenly you could be taken."

Wednesday, July 21, 2004:(Mom died, 11th anniversary of messages)

Jesus said: "My people, I am the corner stone of My Church because on Me rests eternal salvation for all of mankind. It was My words of revelation and My death on the cross that have laid the foundation of My Church. (Eph. 3:19-20) 'Therefore, you are now no longer strangers and foreigners, but you are citizens with the saints and members of God's household: you are built upon the foundation of the apostles and prophets with Christ Jesus Himself as the chief corner stone.' I am the One in My Blessed Sacrament that makes your churches holy. It is My death and Resurrection that is the core of your faith. All of My faithful followers will one day be resurrected with Me in your own glorified bodies. I have set St. Peter and his successors up as head of My Church. (Matt. 16:18-19) 'And I say to thee, thou art Peter, and upon this rock I

will build My Church, and the gates of hell shall not prevail against it. And I will give thee the keys of the Kingdom of Heaven; and whatever thou shalt bind on earth shall be bound in heaven, and whatever thou shalt loose on earth shall be loosed in heaven.' I call everyone to follow Me and give your will over to My Will. I call My faithful to be saved, and to go out to all nations to evangelize in My Name."

Thursday, July 22, 2004: (Mary Magdalene)

Jesus said: "My people, it was very difficult for My disciples to watch Me suffer and die on the cross. Passion Week is a very sorrowful time to see Me leave. It is the same in a smaller way for all of your loved ones that pass away as well. I died for all of your sins and that was My purpose as your Redeemer to fulfill My promise to man. I also have revealed to you My Gospel of love while I was with you as a man. You can read the four Gospels of My very words of instruction on how to live your lives as My disciples. In My Resurrection you have hope since death had no power over Me. All of you are appointed to die as a consequence of Adam's sin, but because of My Blood sacrifice, you all are open to be resurrected as I did. See the grace of this new life after death as a blessing for your soul and every soul who follows My Will. I have given everyone a choice for life in the Spirit or death in your sins. You have Confession for the forgiveness of your sins and My sacraments to strengthen you on your path to heaven. Just as Mary Magdalene was persistent in her faith and was rewarded to see Me, so My faithful disciples will also see Me in heaven, if you are persistent in following Me. Live a life of faith and hope in your Lord and Master, and you will receive your reward in heaven."

Thursday, July 22, 2004:

Prayer Group:

Jesus said: "My people, it is always difficult to say good-bye to a loved one and mothers are always special. Your mother was special to her husband and her sons as well as her other friends and relatives. It is fitting when you die, that you are greeted by those who have already passed away in this life. Be grateful and give thanks for the beauty of this gift of life to all she met."

Jesus said: "My people, there are many questions and anxieties of how much to do for your older relatives as death draws close from their health problems. There is a

reluctance by many physicians to use heroic measures to keep someone alive that is obviously deteriorating to death. As long as you can provide food and drink to their needs for what they can take, that is what is expected. It takes great discernment by the family as to how long to provide life aids that are considered extraordinary. The body and the will determine how long a person's life will last."

Jesus said: "My people, visiting the sick and taking care of your elderly parents should be expected of the surviving children. Do not just put them in old age homes and forget them. Many are lonely today when they rarely see any family members come to see them. Some are so insensitive that they only come around to receive an inheritance. Those, who care for their loved ones even in sickness or old age, will receive treasure in heaven."

Jesus said: "My people, you know that I keep a record of all of your actions throughout your life. This is represented in these books on a shelf. At your death all of your life will be flashed before you as you come to meet Me in your particular judgment. Then you will be judged to heaven, hell or purgatory. You will then await the final judgment at the end of time. My faithful then will be resurrected in their glorified bodies as your soul and body will be reunited."

Jesus said: "My people, when you are alive, many befriend you and enjoy your company. But once you are very ill or incapacitated, some of your weak friends will no longer visit you or have anything to do with you. Those, who benefit from you, may stay around until they can no longer get anything from you. A true friend will tend to your needs until your dying day. Even more so when you die, people will quickly let you of their minds. Continue to pray for the souls of your friends and relatives who may still be in purgatory."

Jesus said: "My people, once you die, to whom will all of your massed up possessions go? None of these things will help you get closer to heaven. I have told you many times to seek heavenly treasures instead of earthly treasures. Even when someone dies, it should not be proper for those left behind to fight over any remaining money or possessions of the deceased. You should graciously receive your portion of any inheritance without seeking more than your share. Even be willing to share this with others."

Jesus said: "My people, look to help these little ones when they are desperate for someone to care for them. There are many children in orphanages that are living

lonely lives that could be adopted by childless parents. Your charity should reach out in these cases, even when it may upset your comfort zone. Those again, who take care of My little ones, will receive their reward in heaven for all that you will suffer to help them."

Friday, July 23, 2004:

Jesus said: "My people, you are witnessing in this vision how I protected My people in their Exodus from the Egyptian Army. Through the power of God, My people were led through the Red Sea by a great miracle. By miracles I fed My people water, manna, and quail for meat. Just as I conquered great armies, I also was victorious over death and sin with My sacrifice on the cross and My following Resurrection. You have witnessed My miracles in Scripture and you know of My power over all things. This should give you hope and faith that I will be protecting you even during the coming tribulation. I will allow the evil ones to go only so far, then you will see Me come on the clouds in victory over all evil. At that time Satan, the beasts, and evil people will all be cast into hell and chained. You will see a modern day Exodus of My people as you will be miraculously protected again at My refuges of My Blessed Mother's places of apparition, places of holy ground, and caves in mountainous regions. My angel of protection will watch over you, and again you will have water, My Manna, and meat. You will have need only of your spiritual weapons to fight the evil ones. I do not want you to fight with physical weapons because My angels will do battle for you. Some will lose their lives as martyrs for My Name, but they will become instant saints. Rejoice, My people, because My coming victory will be more glorious than My miracles of the first Exodus."

Jesus said: "My people, you will witness several births in your lifetime. Your physical birth brings your soul and body out into the world. Within a few days those, who are born into Christian families, will be baptized into the faith and original sin is forgiven. At your Baptism you had your godparents speak for you. Later in life you will have the desire to make a personal commitment to Me and you will speak for yourself how you love Me and want to evangelize souls. Some call this point, where you make a personal commitment to Me, a born again experience in the spirit. I call everyone to love Me and serve Me. You will either be with Me or against Me, there is no middle ground. I give each of you your own mission and your own talents to accomplish that mission. Those, who follow My Will, will

receive treasure in heaven. When My faithful reach their death, you are born again into a spirit world without your body. Some may need purification in purgatory and a few go directly to heaven. This new birth may take several days to get used to living in the spirit without the restrictions of the body. You will be at peace without any more earthly pains or temptations from the evil one. Each birth in your life is a new enjoyment of life as you experience My Presence in your life. Coming to heaven will be the only experience that will satisfy your soul, for this is the new birth in the Spirit that will satisfy all of your needs."

Saturday, July 24, 2004: (Mom's funeral Mass)

Mom said: "I am weeping because I hate to leave all of my family behind. I am touched by everyone's kindness both in life and at my funeral. I especially want to thank all of my care givers while my health was failing. Even as you could not enjoy my full personality in my later years, I did not want to be a burden on all of you. I thank John, Chuck, Mike, and all of their family members for loving me and taking care of me. It is sad to leave you, but Dad and I will be praying for all of you. I was greeted by our family members, Blessed Mary and Jesus. I no longer have to suffer and I am at peace with the Lord. In the vision you can see how beautiful it is here with all the saints and angels. We await the day when we can see you here as well."

Sunday, July 25, 2004:

Jesus said: "My people, this vision depicts My Mother and I as the flower of life. In viewing the two of us, you have a model of a perfect man and woman without sin to follow and imitate. While you are alive on this earth, you also are like flowers that eventually fade away in death. There is also beauty in each life as your talents blossom in life. Everyone is given a specific and unique mission that only one person can accomplish. To gain heaven I have called each of you to consecrate everything over to Me and give your will over to My Divine Will. Then you will be able to focus clearly on serving Me instead of only yourself. Reaching perfection is not something that you can accomplish on your own. You will have to call on Me in prayer and fasting daily to keep on the narrow road to heaven. You have My sacrament of Reconciliation or Penance so you can seek My forgiveness of your sins. By frequent Confession, you can keep your soul pure and help avoid your

sinful habits. I asked My apostles to follow Me and drop everything else. So I am asking all of My faithful to follow in My footsteps and carry your daily cross."

(20th anniversary of Mt. Carmel House) Jesus said: "My people, you are always drawn to My churches for Mass, but you also receive the sacraments there as well. After you are born, your parents bring you to church to be baptized in the faith. It is also a family event when you receive your First Holy Communion in the church. Even many times throughout your lives you come to church for Confession and Holy Communion at Mass. Then when you get married, you come to the aisle in the church to receive the sacrament of Matrimony. A few receive Holy Orders in church and many come to church the last time at your funeral Mass. My church becomes the center of your spiritual lives because you need My grace in My sacraments at church. This is why it is so important to support My churches with your time and donations. Also you need to support and pray for your priests because they are the ministers of My sacraments. My churches and My priests are under constant attack from Satan because he knows the power against him in My sacraments. Guard and protect My churches and My priests."

Monday, July 26, 2004: (St. Joachim & St. Anne)

Jesus said: "My people, one of the maintenance jobs for homeowners is to paint their houses both inside and outside. Over the years weathering can put a home in disrepair. After a house has been scrapped and painted, it looks new and restored to its former appearance. This is true of your soul as well. It becomes weathered and tarnished by sin over time and your soul also needs to be cleansed. Once you go to Confession to seek My forgiveness, it becomes white and pure from the darkness of sin as it is restored to its former beauty at Baptism. Painting a house could last many years, but your soul can collect sin in a much shorter time and you need to refresh your soul by frequent Confession. Your house gets weathered and it is very apparent when it needs a new paint job. But your soul is spiritual and it cannot be seen physically. Each person has a sense of how they have behaved over a period of time and it is up to them to know enough to get to Confession. So do not be spiritually lazy in keeping your soul pure. I know and can see how filthy with sin your souls appear to Me. So for My sake keep your souls pure and white, just as you want your houses to look good."

Jesus said: "My people, I have shown you many visions

of serious earthquakes and you have seen many people physically die as a result of huge earthquakes as in Iran. Many of these earthquakes are occurring up and down the West coast and not just in your country. There will continue to be an increase in earthquake activity until you see another major quake in the West. These chastisements are still occurring because more are not changing their sinful habits and not enough faithful souls are praying to balance this sin. America will be brought to her knees through disasters, wars, and terrorism. I continue to ask you to pray for peace and the stoppage of your abortions and stop your same sex marriages. It is not a matter of discrimination, but those living together in fornication are just as much in mortal sin as same sex couples committing homosexual acts. Repent of your sins in Confession and pray for sinners to be healed in your country."

Tuesday, July 27, 2004:

Jesus said: "My people, you may receive many requests for donations to various charities, but how do you choose your priorities in your giving? I have talked to you many times of tithing ten per cent of your income to charities. Some may have more money to give because their income is higher. Poorer people may have only enough money to survive. Charity is all about sharing what you have with others and not being greedy or selfish. Many charities rely on the good will donations of others to provide their services. No matter how much wealth you acquire, or how you came by your money, it is only proper to include these monies for sharing. You cannot take your money to the grave, but you can gain merits in heaven for all that you share with My Church and others."

Jesus said: "My people, this vision of people standing around idle is a representation of the unemployment that will continue in your country. As companies cut back in their employees, they are outsourcing and not replacing the workers they let go from previous years. Some businesses are making money, but at the expense of less workers. It is the middle class good jobs that are disappearing and jobs available are paying less. All of this is leading your country to a lower standard of living and a country with less economic value in the world. Your leaders are causing more deficits with wars, and many public welfare monies will be at risk in Social Security and medical payments. Pray for people to follow My moral laws or your country will fall into ruin by the weight of your own

sins."

Wednesday, July 28, 2004:

Jesus said: "My people, in the East and South of your country you have been witnessing higher than normal amounts of rain and in the Northeast even cooler temperatures than average. These unusual weather patterns are caused by the jet streams that also have been traveling over the same area during the spring and summer. Even some of your farmers are complaining that it is not dry enough to gather in hay or wheat because it is too damp and could cause fires from rotting to store it. Many floods have occurred in areas receiving too much rainfall. These weather problems are more than normal because the jet streams are being manipulated by microwave machines. Violent weather and lows or highs staying in one place for a long time are the symptoms of this weather manipulation. These are plans by the one world people to cause disasters and disrupt your food and living to give them more control over your lives. No matter how much the evil ones will try to control you, you can trust Me to protect you from their evil plots."

Jesus said: "My people, this watch in the vision contains a smart card and can be tracked by cell towers and satellites. This will be your new means for buying and selling that the one world people will try to force on everyone. It will contain your fingerprint or retina information as a security against terrorists. If you do not take this smart card, the authorities will try to threaten confiscation of your electronic money stored at the bank. Those, who refuse these identifications, will eventually be outlaws. The next step will be to place these chips in your body under the same threat of losing your money. These evil ones will also try to force you to be a member of the one world religion, which will soon worship the beast. Do not take these mandatory chips and refuse to take them in your body, even if they threaten to kill you. Better then to seek My refuges of protection where you will find food and shelter. These chips could have mind control features and internal chips could control your actions. I have warned you of this modern day mark of the beast for many years. Now, you are seeing this technology turned into a reality. Trust in My help and I will save your soul from the evil ones. Be willing to give up everything to Me so you can have your soul saved from these evil ones."

Thursday, July 29, 2004: (St. Martha)

Jesus said: "My people, just as I consoled St. Martha, so I am wanting to calm everyone's fears and anxieties. You are at times confused and worried about all of your earthly cares, but many times you worry unnecessarily over things that do not happen or things that are out of your control. You may worry about harm coming to your children at play or whether you will have enough money to pay your bills. It is indeed a concern to provide for the body's survival, but you also must trust in My help to achieve your needs. (Matt. 6:25-27,33) 'Therefore I say to you, do not be anxious for your life, what you shall eat; nor yet for your body, what you shall put on. Is not the life a greater thing than the food, and the body than the clothing? Look at the birds of the air: they do not sow, or reap, or gather into barns; yet your heavenly Father feeds them. Are not you of much more value than they? But which of you, by being anxious about it can add to his stature a single cubit?' 'But seek first the Kingdom of God and his justice, and all these things shall be given you besides.'"

Prayer Group:

Jesus said: "My people of America, many are getting ready for the upcoming presidential campaign. There are many issues to be debated, but the most serious decision is how a presidential candidate will vote on life issues. Your sins of abortion are bringing many chastisements on your nation. That is why it is a Christian's responsibility to vote for those candidates who are pro-life and against abortion. Bishops may falter in requesting pro-death candidates to avoid Communion, but voters can vote their moral conscience by voting for candidates against abortion."

Jesus said: "My people, sometimes people see an evil sign in black birds as crows and ravens. Even the Holy Spirit is given an image of a white dove in several Scripture passages. When evil demons in possessed people saw Me as a man, they recognized My power in being the Second Person of the Blessed Trinity. When I commanded them to leave a person, they shrieked and convulsed the person and left. When you come to My tabernacles, you are safe from the evil ones because they fear Me and My cross. Pray for My grace to protect you from the temptations of the evil spirits."

Jesus said: "My people, you are witnessing floods in various parts of your country and in India and China. It is difficult to recover when waters rage through your houses. Even more problems of drowning people and death by

water borne diseases are occurring in India and China. Monsoon rains are causing disastrous floods and taking many lives. Many of these disasters are a result of sin and nature is reflecting the violence of man in his killing in wars, abortions and homicides. Pray for sinners to repent of their sin and these storms could be mitigated."

Jesus said: "My people, as you approach the tribulation, you will see an increase in earthquakes and volcanic activity. You have seen large numbers killed in earthquakes as in Iran. It is not just the magnitude of an earthquake, but its proximity to large population centers. Poor construction as in third world countries, can add to the death toll. If enough ash is thrown into the air, you could see a change in your weather and difficulty in growing crops. These events will be increasing in frequency and magnitude."

Jesus said: "My people, many receive Me in Holy Communion on Sunday, but very few prepare themselves with Confession on Saturday. There are many opportunities to have your sins forgiven at Confession because there are no long lines as in previous years. Some think they are not serious sinners to require Confession, but you should go at least once a month even if you have only venial sins on your soul. You need to be forgiven and cleanse your souls often because these sins offend Me as more serious sin does. Confession humbles the soul and this is needed to remove any pride or righteous feelings that you do not need Confession."

Jesus said: "My people, I am directing all souls toward heaven at My great banquet table. Only those souls who love Me and their neighbors will be entering heaven. I go to prepare a place in heaven for you and there are many mansions and banquet tables awaiting My faithful. You must follow My Will and My Commandments to reach heaven. You can perfect your souls by ridding your earthly desires and focus yourselves on heavenly goals. Your reward will be great in heaven for those who accept Me as Savior and have your hands full of good deeds."

Jesus said: "My people, being calm and at peace as in prayerful meditation to Me is hard to acquire in your fast paced living. Many of you are agenda conscious and you want to make the most of your time. Unfortunately, you are many times tied up too much in busy things of the world. If you are constantly running around with such things, it will be difficult to take time out for your prayer life. Keeping close to Me in prayer and good deeds for others is harder for you to accomplish because of the desires of the

body. But you need to set the right priorities in your time on earth because it is your preparation for eternal life in heaven that is more important than your earthly activities that are gone tomorrow. Make some quiet time each day to be with Me and tell Me how much you love Me and your neighbor."

Friday, July 30, 2004:

Mary said: "My dear children, I am happy that you are all here praying together at the Holy Mass. This vision of my statue is a confirmation of this refuge. Some will come here to pray and they will see my statue come alive to them as I share my Son's graces with them. Every time you seek to see me, I bring you to my Son, Jesus. Our two hearts are as one. When you pray and give me your petitions, I take them to my dear Son. I want you to love my Jesus and your neighbors. When your heart is full of love, you will be at peace with no desire for war or killing in abortions. Give praise and glory to Jesus as the saints and angels sing His praises constantly. Those, who come to this holy place, will be filled with blessings to take them back to their families. Thank you for your rosaries for God's greater glory."

Saturday, July 31, 2004: (St. Ignatius of Loyola)

Jesus said: "My people, you are seeing in the first reading about Jeremiah how he was being persecuted for condemning the city and asking the people to repent of their sins. The prophets were persecuted because the people did not want to accept that they were sinners and needed to repent. I protected him that day from being martyred for speaking his mission. In the second reading you are seeing the courage of St. John the Baptist to criticize Herod for his sin of fornication by taking his brother's wife for his own wife. St. John spoke out even though his life was threatened. Today, in your world you also need to speak out with courage in calling those living together in sin to repent as well. You also may suffer criticism, but you are showing your love for them in trying to save their souls. I want all of you to be perfect as your heavenly Father is perfect. So do not turn your backs to Me, but follow My Commandments and help those souls weak in sin to change their sinful lives. By giving good example and sharing your loving advice, these souls in sin could be converted. Pray for My help and the power of the Holy Spirit to bring souls to Me by having them repent of their sins in Confession."

Jesus said: "My people, these beautiful gold scenes are the attractions of the world on either side that are distractions from following My path to heaven. The devil tries to draw you to things that please the flesh and into sin. Seeing riches and fame pleases the eyes and they are enticing to have in this world. Yet, I want My faithful to look beyond these things that will pass away and look to heavenly things, as good deeds, that will gain you heavenly treasure that will last forever. Going into the darkness represents how everyone will have to endure the trials of the darkness of evil in the tribulation. All the demons will be unleashed from hell and you will need My help and the angels to protect you. That is why I will be leading you to My refuges where My angels will protect you from all evil demons and evil people. The evil ones will desire to kill you, but they will not find you, nor know of your whereabouts. Rejoice that I will provide for your protection and your needs. Have no worry about this time, but trust only in My miraculous protection. I love you, My people, and you will find peace with Me, but you will be stripped of everything for My Name's sake. The tribulation will last a short time when I will conquer all evil, and you will see a more beautiful world than you have ever seen before."
