

Friday, July 1, 2005:

Jesus said: "My people, the early Christian missionaries in California had a hard life, but the faith was maintained through the various mission churches that the people built. As the West was being built up, these missions survived even changing governments and nations. Today, Masses are still said there, even as some are treated as museums or tourist attractions. The faith in Me lives on in these missions and they are an inspiration for all the people in this area. In this evil age many are falling away from their faith in Me and they are worshiping the worldly things as idols. Your country is becoming a mission land again because the people need Me in their lives if they are going to come to heaven. Persecution of religious people will be increasing and you will have to go underground to worship Me. Those, who do not have the faith now, are going to find it difficult in the tribulation. Pray for conversions now."

Saturday, July 2, 2005:

Jesus said: "My people, this rosary that was dropped on the floor represents people who become lax in their prayer life and forget to give Me some time in their lives. Praying the rosary is one way of saying I love you to Me and communicating your petitions. Your days have become so busy with activities that it is important to make some time for your Master. The Gospel reading speaks of fasting which is another way to improve your spiritual life with some earthly restraints. By giving up some food during the day, and even going without eating desserts, you can curb some of your body's requests for pleasure. Prayer and fasting together are even more powerful in helping your spiritual lives and sending your petitions to heaven. The bridegroom is no longer present with you physically, even though I am with you sacramentally. So now is the time to fast as often as you wish to strengthen yourself against daily temptations."

Jesus said: "My people, the yellow colored hub is symbolic of a warning color as in a street light. The spinning around of the model football field is associated with the many events of one's life that will be seen in the Warning experience. The football field means that the Warning will come most likely between September and January of the football season. I did not give a specific year of the Warning, but this event is not far off. I have been giving you messages to prepare yourself spiritually so you will be able to endure the coming tribulation that will start after the Warning. By a daily regimen of prayer and fasting at times, you can build up your spiritual strength. Call on Me in your needs and I will be there to provide for

you."

Sunday, July 3, 2005: (My 40th Wedding Anniversary)

Jesus said: "My people, love joins a man and woman in marriage, but the couple has no idea of all the troubles and trials that will test their marriage. You know of the current statistics of divorce and that is why this marriage picture is turned upside down. Those couples, who are close to Me in their prayer life, have a better chance of sharing a selfless love with each other. That is why long lived marriages are a true testimony of love and dedication for each spouse. Despite all of your trials, the children and grandchildren make your lives a joy in seeing their beautiful young faces. Rejoice My son and daughter on your beautiful 40th anniversary and keep Me close to your heart all of your lives. You continue to see My example of love for My Church represented in the true love that you see between a loving husband and wife."

Jesus said: "My people, I am showing you the satellites among the stars to indicate the control of the one world people over all of your money. As soon as mandatory smart cards are in place, the financial control of the evil ones will be in place. Mandatory chips in the body will soon follow as My faithful will be retreating to My refuges for your needs and protection. Near the end of the Antichrist's reign, many armies will be amassed ready for the Battle of Armageddon in Israel. At the peak of the Antichrist's rise to power, I will send My Great Chastisement in the form of a comet that will strike the earth and cause the three days of darkness. At that time I will bring My victory over all the evil persons and evil spirits as they will be chained in hell. I will then renew the earth and My faithful will see their reward in My Era of Peace. Do not lose hope no matter how difficult this tribulation will be because I am always in control, and I will protect your souls from the evil one's influence."

Monday, July 4, 2005: (Independence Day)

Jesus said: "My people, many families get together for picnics to celebrate your holiday weekend. You are happy to live in freedom and you should be honoring all of the soldiers who have fought wars to make you free. Even though wars are expensive and cost lives, people everywhere cannot be faulted for struggling to be free of tyranny from rulers. Even as you celebrate this liberty of control, there is also a spiritual freedom. Those, who follow My laws and My Will, are also set free of the bondage of sin. When you live faithful lives to Me, then you do not let sinful ways control your life. This freedom

of spirit is available to everyone who wants to stay on a path to heaven. Come to Me often for the forgiveness of your sins and you will truly be set free."

Tuesday, July 5, 2005:

Jesus said: "My people, I have told you that during the tribulation there will be some who will be martyred for their faith. This will be another time of persecution of My followers as in earlier years. Unfortunately, some of these martyrs will also be priests as in the vision. The evil ones will be seeking out leaders of religious groups and patriots so they can proceed in their world takeover. The evil ones will try and force a one world government and a one world religion of New Age influence on everyone. This is when I will lead My followers to My refuges for protection. Because the priest will be scarce to sacrifice the Mass, I will have My angels bring Holy Communion to you every day at My refuges. For those, who cannot receive Me physically, you can call on Me in spiritual Communion and pray your rosaries. I will be guiding you and protecting your souls, so have no fear of this time. This will be more of a spiritual battle and it will test your faith and your resolve to be faithful to Me, even in the face of death. In a short time I will defeat the evil ones and you will enjoy My Era of Peace."

Jesus said: "My people, the evil ones will be using all of the latest technology to keep everyone under control. The masonic signs on these planes indicate who is behind sponsoring this one world takeover. Again I will allow the evil ones their hour for takeover and you will see a time of evil worse than ever before. These stealth aircraft will be completely new and may even appear as alien aircraft to some. Do not think that you are being invaded from another world, because these aircraft have been made here secretly. They will be more advanced than any other aircraft in your arsenal. The evil ones will have their brief reign before I will come in victory over all of their weapons."

Wednesday, July 6, 2005:

Jesus said: "My people, many in your country of America are blessed with an abundance of more than you need to survive. You do not realize how fortunate you are in America compared to many poor people in the third world countries. You should be thanking Me more for all that you have here. When you are bestowed with so much wealth, it is your responsibility to share with those who are less fortunate. You are called like My apostles not only to share your money and time, but also to share your faith. It is this spiritual wealth that is so much

more precious than your physical wealth. Bringing souls to me to be saved is an eternal blessing for these souls who long to be with Me. Just as you see the poor longing to be fed food and drink, so there are the poor in spirit who long for My grace in My sacraments. I asked St. Peter to feed My lambs. So I am asking My faithful to feed those people with open hearts and those willing to receive Me into their souls. This longing for peace in the soul is how souls are seeking Me to be a part of their lives. Some people do not even know who I am, yet they are seeking My rest in their souls. Do not deny these souls My peace by sharing My Gospel of love with them. Every soul, who hears My Word from your lips and is satisfied, will be eternally grateful to you. This joy of saving souls will be a rich reward in your heart for sharing your faith with others. You will also be storing up many treasures in heaven for your good deeds."

Jesus said: "My people, this train ride for kids in a theme park represents how you travel through the different stages of life. Your first stop is all about your life in grade school as you grew up. Your second stop is in your college years where you chose your profession. A further stop is when you were married and had your children. This was followed by the next step when you enjoyed your grandchildren. Another stop is where you got off for your retirement, and the last stop is when you return home to Me. Life is a short time on earth and it is soon over before you realize it. So experience life in every moment because these moments will be passing away quickly. As you look back on your life, you can remember all of your actions and duties that you will be held accountable for. At the very end of your life, you will be receiving a life review before your judgment is pronounced. The way you lived and loved Me and your neighbors will decide where you will be sent. You will see and accept a just disposition of your destination after seeing all of your life. Your life is actually your preparation and a test that will determine how sincere your faith was in living your life. The lukewarm and non-believers will be walking the broad road to hell, while My faithful followers will be traveling the narrow road to eternal life in heaven with Me. Choose life wisely because your decisions will determine your eternal destination."

Thursday, July 7, 2005:

Jesus said: "My people, this vision focuses on two themes that are most important in your spiritual life-forgiveness in Confession, and humble daily prayer. No matter how grievous your sins may be, My arms are always awaiting your embrace in the confessional to forgive you. It is your calling to admit your sins and make a forward motion to seek My forgiveness for

offending Me with your sins. I will graciously cleanse your souls by the absolution of the priest and you can accept your penance in reparation for your sins. The vision of the nun in daily prayer is an example of how much you need Me to walk with you during your daily trials. By praying first before you start your day, you will have My grace and presence to help carry your daily cross and it will be less burdensome. Protecting your soul and keeping it pure is My calling to everyone as you make your way through life on your way to heaven. Seek the heavenly things to help your soul, and do not be distracted by the attraction to earthly things."

Prayer Group:

Jesus said: "My people, there are many sports enthusiasts that surround bicycle races, horse races, and car races. Each person and team go all out to win the race which is about pride of winning, as well as a rewarding purse. Winning is all about practice, good equipment, and endurance. St. Paul talked of fighting a good fight and finishing the course. So everyone is in a race for eternal life and your finish line is your judgment. You have this short life to serve Me and show Me your love and desire to follow My Will. Your reward in heaven is well worth your struggle to try and reach perfection."

Jesus said: "My people, you are again witnessing terrorist activity which is cowardly killing innocent people with no regard for loss of life. These latest killings and wounding of many people in London is just another attempt to stop the fighting in Arab countries and resistance to the one world leaders meeting in this area. Killing of all kinds in wars, terrorism, abortions, and euthanasia, are all abhorrent to Me, especially where there is killing for its own sake. Pray for peace in this world and for a cessation of all hostilities for any reason. If you follow My laws of love, then you will not commit acts of hate that take lives."

Jesus said: "My people, you are too accepting of the research that is being done with stem cells of aborted babies. Some are cloning individuals or animals for so called research to provide for new organs for those who need organ transplants. It is not man's place to be changing nature and how I created things in perfect harmony. Man's creations are imperfect with too many side effects that will create animals or humans with many defects that will not survive long. Stop abusing My creation with your manipulations of DNA. Better to accept the perfection of My creation than to try in your pride to improve on My plans."

Jesus said: "My people, once terrorism is acted out, it puts a little doubt in people's daily activities. It is difficult to prevent this destruction on various means of

travel. More of these extreme attacks keep making people more apprehensive of where they are going that could endanger their safety. Pray for My protection in all that you do, and I will be watching over your safety."

Jesus said: "My people, it is good to have trust in My help, but it is prudent to be aware of the many dangers that could happen around you. Sometimes it is this defensive attitude in driving that could prevent accidents. In the same way you can protect yourself by avoiding targeted areas. Pray for My help in your protection, especially when you will come to My refuges to protect your souls and your lives."

Jesus said: "My people, many farmers are at the mercy of good weather at the right time to grow and harvest their crops. If one thing goes wrong as floods, droughts, tornadoes, or not enough money for feed, a farmer could lose his crops or animals and risk bankruptcy. This total trust in Me is also seen in your spiritual lives. My apostles stated that who else could they turn to because I had the means for gaining eternal life. So again I ask you to trust in Me as My apostles did and you will find eternal life with Me in heaven."

Jesus said: "My people, man's justice system, as you see it, has many flaws. There is no love in your justice and rich lawyers are able to twist the law in their favor for their clients. There is even collusion with many judges for payoffs. Look at your laws favoring abortion and homosexual marriages for examples of man's justice. My justice is true because it is merciful, loving, and is not manipulated by bribes or rationalizations that everyone is doing the same thing, even though it is wrong. Live by My justice in My Commandments and you will find a loving reward in My Kingdom."

Friday, July 8, 2005:

Jesus said: "My people, a time is coming in this evil age where I will again throw down a gauntlet before you just as Moses separated his people at Mount Sinai. You saw in Moses' day a separation between those who wanted gold and the things of the world from those who were willing to follow My Ten Commandments and love Me. This evil age is no different, but there are fewer who want to follow My ways over man's ways. Those, who choose to not take chips in the body or the mark of the beast, will be separated at My refuges from those who will follow the Antichrist. My believers will worship only Me, while the evil ones will worship the Antichrist. You will either be with Me or against Me because there will be no middle ground. You will have to choose between life and death."

Jesus said: "My people of America, your original independence from England was a fight to remove the king's

tyranny of taxes and near slavery, as well as freedom to worship God as people wanted. Many were God-fearing people in the beginning, but now more are drifting away from their roots of faith. The one world people have a goal to take over all governments, and that is why the men of money in the central bankers want to take away your freedoms and make you into their slaves. The desire for power and wealth has been inspired in these men by Satan himself. Your wars and the destruction of your manufacturing is their way to destroy your economy and make them rich at the expense of your middle class. Mandatory smart cards are the beginning of how the evil ones want to control you through your buying and selling. Control over your fuels is another way to limit your travel. Little by little your government will control your property, your taxes, your identity, and where you can travel. Every lost freedom creates one more chain of control over you. You will soon see a looming battle between good and evil become more clear where those, who are disbelievers in Me, will try to kill all of My faithful remnant. My people will be forced to seek My protection at My refuges where many have prepared places to stay throughout the tribulation. Be patient and trust in My protection while the evil ones have their hour. In a short time I will bring My victory over all evil and you will share in My Era of Peace."

Saturday, July 9, 2005:

Jesus said: "My people, My message today is one of avoiding temptations of sin. The devil tempts you every day, but you need to avoid the occasions of sin so you are not led into habitual sin. Some are led to bars or night clubs to drown their troubles by drinking, or to seek companionship, even though they may be married already. It is one thing to come innocently to a bar or an 'R' rated movie. But when sin results from these occasions of sin, then you need to learn from your sinful mistakes and refrain from attending such places. Drinking and lust can become sinful addictions which you need to confess and work to avoid in your lives. People need to be drawn to love Me, especially at Mass, than fall prey to your earthly desires for pleasure. Your marriage is too precious to be wandering with other men or women. Do not violate your vows of fidelity which are causing many divorces because of your lack of control to restrain your body's desires. Love your spouses and do not even risk such bad behavior in known occasions of sin. Do not abuse your body either with alcohol, drugs, or cigarettes. By following My Commandments and leading a holy Christian life, you will be well on your path to heaven."

Sunday, July 10, 2005: (Parable of the Sower)

Jesus said: "My people, you have heard My Gospel of the sowing of the seed of faith in everyone. The parable is always a question to the reader of what kind of soil do you represent? Are you the one on rocky ground, the soil among the thorns, or the good soil yielding a hundred, sixty, or thirty fold? My invitation in the vision is to imitate Me as a teacher, and walk in My footsteps by receiving My seed of faith and also sharing the Good News with others. By reaching out to save souls for Me, your faith will blossom and your good work will bring your own salvation. Do not worry if people will listen to you and accept My Word, but fulfill your Christian responsibility of bringing the faith to your friends and relatives. It is the free will of every person to accept or reject Me, but by spreading My Word, you are also like Me as the sower in bringing the Word of God to My people. Those, who hear the Word of God and keep it close to their hearts, are truly the good soil who will yield a hundred, sixty, and thirty fold both here on earth and in My Kingdom in heaven."

Monday, July 11, 2005:

Jesus said: "My people, you use mirrors in the morning to groom and beautify your physical appearance. Sometimes you should take a deeper look at your inner appearance as well in your soul. I look at both your outer appearance and your souls as well. If you want to present an inner beauty to Me, you should remember to confess your sins regularly to Me in the priest at Confession. You know that you are a sinner, but you need to take time to repent of your sins and ask My forgiveness. Working toward your perfection is a constant struggle, so do not be lax in having your sins cleansed before the priest. My faithful should go to Confession at least once a month, even if you have not committed any mortal sins. You always have the grace of My sacrament and it is humbling to admit your weaknesses in sin. Do not let your pride or laziness keep you from visiting your forgiving Father and Master."

Jesus said: "My people, this vision is about an attempted rescue of men on a submarine after an attempted use of a new torpedo exploded on the ship. The red light was an indication of an emergency that there was serious damage to the submarine and all the men aboard were at risk of being drowned or trapped below. The highly classified nature of the new torpedo experiment eventually resulted in the death of these men. New experiments with faster torpedoes and ballistic missiles to defy antiballistic missiles are still being carried out. Man continues to spend billions of dollars on the latest killing machines and other weapons that will be used in your future wars to show off the power that each side has. I continue to urge My

faithful to pray for peace and to have your representatives stop voting to spend so much money on the next latest weapons for war. The more wars, that are fought, will only hasten the day for a major third World War that could kill millions of people. Pray much to help counter the many sins that are bringing about all of your wars."

Tuesday, July 12, 2005:

Jesus said: "My people, you know of My justice and My mercy, but do not criticize My decisions when you know nothing of which you are speaking. You know that I know everything about each person and the intent in their hearts of every sin. So when I condemn a town, you should know that they were unrepentant of their sins, and even failed to listen to My own words in their synagogues. Some of you have been to see the remnants of these old towns that are in ruins today. I knew of the future fate of those towns, so My words were even prophetic of their destruction for lack of faith. Let this Gospel reading be an example for all towns to heed. If the people do not want to believe in God and do not want to repent of their sins, that town will also fall in destruction for not fulfilling its purpose in giving greater glory to Me. This is true also for individuals. If you reject Me, My words, and do not carry out My plan for your life, then you too, will be led down to the nether world as a consequence of your actions."

Jesus said: "My people, this vision is one of the plans that the one world people could use to take over a city without fighting. This blue cloud that came into New York City represents a gas that could put everyone to sleep for several days. Once the people were asleep, then foreign troops could takeover and carry the people off to a detention center. Those, who have gas masks, could be protected from these effects. Those at My refuges would be protected from these effects also. This would be the beginning of martial law where those, who take the chips in the body, will be separated from those who will refuse these chips. There are other means of mind control weapons that could also achieve the same means of sleep inducement. Call on My help when these things are happening and I will have your guardian angels lead you to My refuges where you will be protected from all of these weapons of the evil ones. World control is the goal of the evil ones, so be aware of their tactics for taking away your freedoms, and their attempts to control people by putting chips in their bodies. Pray for strength to endure all that the evil ones will test you. My help is always at your side and My power is greater than all of the evil ones combined."

Wednesday, July 13, 2005:

Jesus said: "My people, this long ladder down into the bowels of the earth represents your life long struggle to rid all of your earthly desires so you can be perfected for heaven. I have asked you to be perfect as your heavenly Father is perfect. Only perfected souls by suffering on earth or in purgatory will be worthy enough to come into heaven. It is not by your own power that you will ever overcome all of your human weaknesses, but only through My help and My graces of the sacraments. Every time that you are able to put aside one earthly desire that no longer has control over you, you are able to climb one step higher on this ladder. It is not easy to put aside all of your earthly desires, but this is what is called of you to be saints in My Kingdom. Many have to cleanse these desires in purgatory, as well as the reparation due for your sins. Some may think that it is impossible to climb this ladder to perfection, but with Me all things are possible. Keep close to Me throughout your life so I can teach you how to detach yourself from the desire of earthly things. You need to be free of any other loves in your life so you can love Me fully."

Wednesday, July 13, 2005:

Jesus said: "My people, this beautiful quiet place of prayer around the clock is a way of life that can lead you to heaven away from all of your earthly distractions. That is why monasteries will be many of the holy ground places for My refuges. Some of these places are self-sufficient with farm produce, bread, and water wells. Those, who love Me so much, will see My hand of protection over them, even amidst the evil ones of the tribulation. In the same way My places of Adoration will also be protected in the tribulation. I have told you many times how I have a special love for My regular adorers of My Blessed Sacrament. Some will die as martyrs for My Name's sake, but My angels of protection will watch over all of My holy ground places as refuges for My faithful remnant. The more you can follow this life of daily prayers at various times of the day, the closer you will come to imitating My prayer life when I withdrew at times to the mountains to be with My Father in prayer. Being in quiet prayer each day is necessary to collect your thoughts from that day's events. Trust in Me at all of My refuges and you will be saved from the evil ones."

Thursday, July 14, 2005:

Jesus said: "My people, when Moses led the Israelites into the desert from Egypt, I provided a miracle of manna that they collected for food every day. This small wicker basket held the manna for their meals. I also was present to them in the Ark of

the Covenant that held the Ten Commandments. This miracle of bread was a foreshadowing of My Eucharist that I instituted at the Last Supper. Now at every Mass you again have My Body and Blood multiplied in My consecrated Hosts and those remaining are stored in My tabernacles. So now you have My heavenly Manna and My Real Presence is among you again. There will be coming a tribulation that will bring about a modern day Exodus to My refuges of protection. There may not be enough priests available for Mass at every refuge. In these situations I will allow My angels to bring you individual Communion on the tongue so you may be able to share in My Bread of Life. I will never leave you alone, but My Real Presence will always be among you. Pray for My help for your endurance of this evil, but trust in Me because I am truly the Bread of Life and you cannot receive eternal life unless you come through Me."

Prayer Group:

Jesus said: "My people, many of you are finding ways to cool off on your hot summer days. I want to take you back to My Baptism in the Jordan River where St. John the Baptist was immersing Me in the water. The symbolism in this rite is that the water of My graces are cleansing you of your original sin and other sins if you are older. When you were baptized as an infant, you were welcomed into the faith as a new Christian. Your godparents spoke for you in denying Satan and all his works. As you are now older, you need to renew your Baptismal vows of worshiping only Me and putting aside all earthly idols. At Baptism you are also called to spread My Word of love in the Gospel to all who will listen. Rejoice when you arise from the water full of new life in the Spirit, and fully cleansed of your sins."

Jesus said: "My people, I want you to have compassion on those who are handicapped, especially those in wheelchairs as in the vision. When you are healthy, you do not realize how fortunate you are until you see handicapped people. I want you to love these suffering servants and help them in any way that you can. I healed many people from various infirmities, but there are many that are not healed and are suffering their purgatory on earth. You can still be accomplished in the workplace with handicaps, but there must be some opportunities given. Share your life lovingly with all of those around you no matter what their physical appearance may be."

Jesus said: "My people, man is curious about many things in space and you are continually searching to find out new information of how this universe came to be. Many of your scholars continue to believe in a haphazard large explosion that started the universe. My account of creation in Genesis is very explicit and ordered, but your scientists have difficulty in

believing that I created everything in order. Order does not come from chaos. You see your own solar system of planets and moons. All of My creation is perfect in every detail and man cannot understand true perfection. At the judgment you will then truly understand My perfection, but know that My ways are greater than your ways."

Jesus said: "My people of America, since your Supreme Court decision on abortion, many babies are being killed in the womb. These killings are bringing a great judgment against America. Now that this decision may be in jeopardy, both those for and against life are preparing to battle. The outcome of the new appointments may give America a chance to move closer to Me or further away. Pray and voice your opinion that those in the womb have as much right to life as anyone else. Repent of these acts of killing or worse chastisements may befall you."

Jesus said: "My people, I am asking all peoples to pray for peace and stop letting the evil ones stir up hate between the Arab nations and the rest of the world. Unless man has love in his heart, there can be no peace. You must be willing to live side by side in peace through love and compromise, or you will see continued killing in wars and terrorism. If enough prayer could be sent to heaven, you could have peace, so do not give up, but continue your prayer vigils for peace."

Jesus said: "My people, your children are great treasures and they will be your future generation. You have an excellent opportunity to shape these minds to follow Me in the faith. Unfortunately, the morals of your people have deteriorated so much that your children are receiving the wrong message in regard to promiscuity, divorce, and abortion. Life is precious and it should have a special value and not be violated. Even though the world may be giving an evil message, you parents can instill love in your children both for Me and your neighbors. When you come to the judgment, you will have to answer for the good or bad way that you brought your children up in the world."

Jesus said: "My people, today you are celebrating the feast day of Blessed Kateri Tekakwitha. Many have visited the areas that she lived both in America and Canada. She had a great love to help people and she was an inspiration for everyone's spiritual life. Native Indians are not to be looked down on, but they have their own culture to be understood and not criticized. Many abuses of the Native Indians have caused them to lose their lands and some rights. Man has always competed for land by fighting and ownership has only been temporary. This is another example of why man needs to live in peace by love and not by aggression and pride. I want everyone to love one another, even if there are differences in ethnic groups, color, or various faiths and races."

Friday, July 15, 2005: (St. Bonaventure)

Jesus said: "My people, the Pharisees criticized My apostles for eating grain heads of wheat on the Sabbath. It is true that on the Day of Rest of the Lord you should refrain from any servile work or that which could be done on another day. It is necessary to provide for your eating and drinking, or any emergencies, but it is still proper to observe and honor My Day of Rest. At one time you had laws to observe no working on Sundays, but now your Godless society has put aside these laws for greed to make more money, and they do what they please without giving Me honor. Fewer people are attending Mass on Sunday and fewer still are praying and giving Me time in their day. Your Western nations have become too affluent to realize that everything you have comes from Me. It is only when these things that you rely on are taken away that you will be on your knees again begging Me to help you. When you have damaging storms or power outages, this is when you see your physical vulnerability. While you are not tested, you think that you can accomplish anything. Put a little trial in your way, and many have a rootless faith when they truly need to call on Me. So pray and give Me honor every day, but especially on My Day of Rest you need to put off unnecessary work until another day."

Jesus said: "My people, the promised land of Israel was called a land flowing with milk and honey to show how much I would provide for the Israelites. This vision of a green valley with a stream of water flowing through it, represents how I will provide for My faithful remnant at My refuges during the tribulation. At every refuge you will see a spring of water so the people will be self-sufficient in their water needs. The lush green vegetation means that I will multiply your food even as I multiplied the loaves and the fish for the four thousand and the five thousand who were spread all over a green field. Just as the Israelites trusted in their God, so My people of today must trust in Me for everything, even at My refuges. There is a battle going on between good and evil, between the forces of God and the forces of Satan. You must choose between loving Me or loving the world."

Saturday, July 16, 2005:

Jesus said: "My people, marriage in Matrimony is a blessed sacrament and a blessed institution that joins only a man and a woman in a union for life. It is not taken lightly, nor is it meant to be broken other than by death. I love all of My people so much and many times I have witnessed My Church as My bride. This blessing of the marriage bed is in reference to St. Raphael as he protected Tobias from the Demon, Asmodeus. (Tobias 3:8) It

is also a blessing that should be on every married couple as they give themselves completely to each other. The marriage bed should not be one of lust, but for the intention of children which is why every union should always be open to life without any forms of birth control. The love of the spouses should be joined with My love in their midst. You remember how I honored the Marriage at Cana in the Gospel and My first miracle was there that changed the water into wine. When you attend such a wedding, let it remind all married couples of your vows to each other. Love is beautiful, and it is only in this environment of marriage that it is proper to bring forth new life. Every couple brings the new body about in their union, but I create the new soul. That is why each life in the womb is precious to Me and it should not be violated by your abortions. Rejoice in My love and all of heaven rejoices in the love of a married man and woman."

Jesus said: "My people, this thin delicate string represents how fragile your physical life is to so many things that could take your life. You go to bed each night expecting to rise the next morning. Do not be assuming that you will live a long life. You must be prepared to die in order to live without fear. So you should be spiritually ready as well. This thin string is how you could die at any moment, but are you now prepared for your judgment day? The scales that you are seeing in the vision are weighing your good deeds on one side against your sins on the other side. I pronounce your eternal destination, but you have already chosen your destination by your own free will in your actions. In each action you are making a choice to either love and accept Me, or hate and reject Me. So during life, strive to walk on the narrow road of following My Will and My plan for your life. To follow Me use your talents to the best of your ability to give Me glory, and serve Me as your King. Give praise and glory to God that you have had the opportunity to live this life in witness to your faith in My Gospel."

Sunday, July 17, 2005:

Jesus said: "My people, you have just received your Lord and Master in Holy Communion and your heart should be full of joy that you are joined with Me as one. This time with Me is when I share My love intimately with you, and I give you the grace of My sacrament to strengthen you against sin. Give Me thanks and praise that you can experience this taste of heaven in receiving Me in Holy Communion. I constantly urge you to only receive Me in the state of grace so you do not commit a sin of sacrilege. Give Me your reverence, and respect the holiness of My Real Presence in My Body and Blood under the appearance of

bread and wine. I am showing you this ciborium filled with My Hosts so you can come to My tabernacle or visit Me in Adoration of My Blessed Sacrament. I am your Creator and the Creator of all things, souls, saints, and angels. This awesome God of yours stands before you as I humble Myself to be in My Sacred Hosts. Bring your troubles and anxieties to Me and I will give rest to your soul as I help you to carry your daily cross. If you truly love Me, you will follow My Commandments and serve Me in your good works. Do everything for My greater glory and consecrate all that you are and have over to Me in simple obedience to My Will. I love all of you with an infinite and unconditional love. I call all of you to love Me in return and you will receive My eternal reward in heaven."

Jesus said: "My people, I am the Good Shepherd and I take care of My sheep in many different folds. Just as a shepherd looks out for any lost sheep, so I am searching to save each soul until their dying day. I am merciful in giving every soul enough time to come and love Me. I do not force My love upon you, but I leave each soul to their free will to choose to love Me. I provide for all of your physical and spiritual needs if you just call on Me in prayer. I have an abundance of graces which I am just waiting to rain down on you. I love My people and I will defend My sheep from the cunning evil ones that are like ravenous wolves. My people need to trust in Me in your struggles because I will always give you enough grace to endure any trial. So have no fears of today or tomorrow because I will give you rest so your spiritual peace will always have a way to be undisturbed. It is a soul's choice to remain confident in My help, or be anxious over every little thing in life. Continue to love Me and your neighbor, and you will find eternal rest with Me."

Monday, July 18, 2005:

Jesus said: "My people, when I speak of the holiness of the Temple, it is My Real Presence that makes it holy. When you come into a Roman Catholic church, it is not the people, not the priests, but only My Blessed Sacrament that makes My church holy. It is for this reason that you should give reverence to My tabernacle and why it needs to be visible in the main church. When you put Me in the back room, you are taking the guest of honor away from the people. If you went to see a king or a president, you would find them in a place of prominence and not stashed in a back corner. Your Lord and Creator is present in My sacred Hosts, so give glory and praise to Me in every way possible. When you hold Adoration or Benediction services, you are holding Me up to all who want to adore Me in My radiance. Those, who make special visits to be with Me, will receive an extra grace from My love of My adorers. In the end days you may

even have to preserve My Hosts from the evil ones who are trying to desecrate My Hosts in black masses. Whenever a Host is missing or stolen, you should pray for the person's soul who could be abusing My Blessed Sacrament. Also pray that My angel will cause this Host to disappear or dissolve so it can no longer be desecrated. The devil inspires evil people to seek out My Hosts for desecration. Remember to give Me reverence by only receiving Me in Holy Communion with your soul in a state of grace without any mortal sin. If you truly love Me, you will give Me praise and glory in My Blessed Sacrament every time you make the opportunity to visit Me in church."

Jesus said: "My people, this triangular shaped window represents the Three Persons of the Blessed Trinity. This vision of a Nativity scene shows you how all Three Persons of God were present at My birth. I was conceived in My Blessed Mother by the power of the Holy Spirit. I was also sent to be an incarnated man by God the Father who directed Me to be the Redeemer of all of mankind. So when you see Me portrayed as an Infant, you know that all Three Persons of the Blessed Trinity were involved in My birth. I was incarnated as a man so I could offer a most perfect Blood sacrifice that would be a worthy Divine atonement for the sins of everyone. The people of the Old Testament offered the blood of animals to atone for sins. Now you have My Most Precious Blood to atone for your sins and God the Father accepted My sacrifice as worthy reparation for all sin. Now everyone has the opportunity to be resurrected with their glorified bodies when I will come again."

Tuesday, July 19, 2005:

Jesus said: "My people, you have read the account in the Exodus of how I defeated the Egyptian Army as I protected the Israelites from disaster. The proud and the mighty weapons and soldiers were taken away and destroyed as I humbled the Egyptians. Even today America is proud and the most powerful with all of its weapons. But America is still killing My little ones in abortion and you will be humbled also when I destroy your weapons with natural disasters. When you flaunt your power in wars and kill innocent babies out of convenience, you are testing My justice beyond My mercy. America, as you know it, will soon be taken over and your power as a nation will be neutralized. Pray for the souls of your people, and pray for a change in your laws before you are consumed in your greed for power and material things."

Jesus said: "My people, newborn infants are so fragile and beautifully formed. Every person has to be born from the womb, but some are not allowed to be born because they are aborted. This killing of unborn infants is a mortal sin, but they can be

forgiven in Confession. No one according to My Law has the right to kill one of My little ones, yet many nations have laws that make such a killing legal. All abortions are part of a national sin that is drawing My wrath against such nations. Even now America is choosing a new judge for your Supreme Court and this issue could again split your people between those who are in favor of abortion and those who are against abortion. If your country continues accepting abortion on demand, you will have to pay for your actions. If your previous decision can be overturned, then you can move forward ever closer to your Lord. Pray for judges that will be against abortion for the sake of your own country and the sake of the babies being killed."

Wednesday, July 20, 2005:

Jesus said: "My people, the vision of a bright star is the Word of God trying to put truth into the darkness of sin in the world. The closing door and the ensuing darkness represents how your country's immorality is shutting off the light of truth by your laws that favor abortion, homosexual marriages, and pornography. If you do not change your laws and decisions, how dark will be the darkness of your sinful lives. There is another darkness to come in the tribulation when evil will be so great that your soul will only be saved with My help. I have said many times: 'Will there be any faithful to My Word found when I return?' My faithful will be tested, but I will see to it that there will always be a faithful remnant that still believes. I will be with My people and the gates of hell will not prevail against My Remnant Church, even until the end of time. Seek My refuges in the days of darkness for My eternal flame of truth will always shine even when some close the doors. It will go well for those countries who repent of their sins, but woe to those nations who turn their back on Me and do not listen to My Commandments."

Jesus said: "My people, this vision of a deadly virus is another attempt to deploy biological terrorism weapons that could kill many people who do not get a vaccination that will be a known antidote. Such a disease could cause a worldwide epidemic and cause mass hysteria among many nations. Many of the modern day viruses such as AIDS and Ebola have had man-made origins and research drugs to combat them are very expensive. By destabilizing governments and nations with these scares, the one world people are adding one more weapon to their arsenals. At My refuges My angels will protect you, and by looking on My luminous crosses, you will be healed of all of your diseases. Trust in My protection from the evil ones and you will have no fear of any their powers."

Thursday, July 21, 2005:

Jesus said: "My people, you have been seeing several large layoffs at various industrial companies. At the same time there have been closings of Catholic schools and fewer people attending Sunday Mass. There is a connection between the waning faith of your people and the loss of your jobs. As people take Me out of their lives, so they are receiving fewer blessings which means your standard of living will continue to deteriorate. Many are saying how well your financial institutions are doing, but these profits are coming at the expense of your middle class who have lost their jobs to overseas locations. Your wars, deficits, and profitless Trade agreements for your workers, are destroying your country, but these problems are a result of the loss of faith in Me. Trust in Me in your prayers and I will provide for your needs as your country will be falling apart."

Prayer Group:

Jesus said: "My people, without the oars to row, the boat would only float in the direction of the wind and the current. I am the oars for your life because I give you spiritual direction toward your goal in heaven. Rowing is hard work and pulling your way through life in grace is also hard work. Just as I asked My apostles to follow Me, so I am asking all people to follow Me in faith."

Jesus said: "My people, it is unfortunate that these Islamic terrorists need to kill and maim people to make their wishes known. These latest attacks in London were not as deadly, but they still caused a major disruption of the transportation system. The more terrorist activities that are carried out, the more other countries will be preparing for such attacks. Wars and indiscriminate killing does not follow My ways and those training for this purpose are being greatly misled in their thinking. Continue to pray for the safety of people traveling and that these hardened hearts may find rest in Me."

Jesus said: "My son, today is the twelfth anniversary of the start of your messages and the first year after your mother's death. These many large notebooks are familiar to you as you stored My words to you in them. Receiving inner locutions for so long and so often is truly a gift of love that I am sharing My Word with you. Prophets have said that in the end days your old men will have dreams. (Joel 3:1,2) Truly these visions and words are enlightening to My faithful in guiding them in their spiritual needs. Treasure My special gift to you while you are still here to carry out your mission. I love My people and I want to instruct you in My ways through today's prophets and messengers. Give thanks that those, who answer My

call, are willing to help share My messages with everyone."

Jesus said: "My people, this steep hill represents the difficulties that you will have in fighting today's evils that are corrupting people's morals. The devil and the demons are very strong and they are misleading many souls away from Me, but it is the free will choice of sinners to refuse to repent of their failings. Call on My help and I will make your burdens light so you can carry your cross up the hill to your own Calvary. Direct your life to following My Word and imitating My life, and you will be on the narrow road to heaven."

Jesus said: "My people, no matter what your station in life is, you should fulfill your mission in whatever way that you can. In poorer countries it is more of a struggle just to provide the daily food necessary for your family to live. Do not take food lightly in America because there are many starving in various parts of your world. In fact you can make donations of money or food to help these less fortunate to have something to eat."

Jesus said: "My son, you are happy to see your daughter and her family moving back to your hometown. It is good that many could come home and be close to each other for what you are to face in the coming tribulation. You can help each other to have a place of protection at the nearest refuge of protection. My angels will be helping you, but it will be a comfort to know that your relatives will be protected."

Jesus said: "My people, I have called many to build and prepare refuges in the wilderness where they are stocking up food and water for the tribulation. I will be multiplying food and water at all of My refuges so My people will have enough to eat and drink and not be controlled by the evil ones. This life at the refuges will be brief, but it will be necessary to protect yourselves from being close to the Antichrist and his agents in the cities. Refuse to worship the Antichrist and only worship Me. Refuse to take chips in the body, and depend only on Me to provide for all of your needs."

Friday, July 22, 2005: (Funeral Mass of John Adams)

Jesus said: "My people, this gold pall over John's casket is a sign of joy and hope to see Me for all eternity. Many people that die have to be purified in purgatory to make reparation for their sins and to cleanse all of their earthly desires. In order to gain heaven you need to repent of your sins and ask My pardon of your sins in forgiveness. Every soul that enters purgatory is saved, but they must suffer for awhile until they are perfected in order to be in My presence. Continue to pray for all of those who die, because you do not know the disposition of that soul. Every soul that repents or

gains purgatory causes celebration among My saints and angels in heaven." (2 Maccabees 12:44-46)

Jesus said: "My people, throughout all of history man has been killing each other in wars that were only for greed and power. You have seen two World Wars fought because of dictators with a desire to control the world. Because man has not learned about death and destruction from war, you will be doomed to repeat your constant wars. Many rich people, behind the scenes, are stirring up trouble between nations and various religious groups in order to profit from weapons' manufacture and deficits. The ultimate goal for these people of greed is to control the whole world. They will stop at nothing to reach this goal, even if they have many innocent people killed for their lust for power. In the end I will bring all of these evil ones to their knees as I will have their souls chained in hell with the demons. Even when it may seem hopeless, do not give up your faith because you know I will be victorious over Satan and the Antichrist. Follow My plan and I will lead My faithful remnant into My Era of Peace and then into heaven when you are perfected."

Saturday, July 23, 2005: (St. Bridget)

Jesus said: "My people, I am showing you some heavy sea waves being washed ashore from hurricanes and more earthquakes under the sea that could cause more tsunamis. You have seen a lot of damage from last year's hurricanes and this trend will continue this year. Natural disasters are becoming more violent because nature is rebelling against your many sins. Some of these disasters are also becoming a chastisement for sin so man may see these signs as a signal to change his lifestyles. As you look around, many are living together in fornication without marriage and others are living in homosexual marriages. These sexual sins and your abortions need to stop, or you will continue to be tested with disasters that will bring you to your knees. Pray for conversions and repent of your sins before it is too late."

Jesus said: "My people, this vision of a train on fire in a tube subway is in reference to the disruptions of the transportation in London. Not only are the terrorists attacking in simultaneous attacks, but they are now pointing to another of their tactics of returning to the scene to finish the job. September 11th is another example of returning to the scene. The vision indicates further attacks of a more violent nature. The Islamic terrorists will soon be showing a link between these attacks and England's involvement in Iraq. By repeated attacks, the terrorists are trying to discourage all countries involved in Iraq and those helping the new government. This is why

America will always be the biggest target as the seriousness of the violence in terms of death will increase. In England they were applying scare tactics. In America they are trying to destroy your economy. Remember these targets and you will see where terrorism will be leading you. Pray for peace before these acts of major terrorism could lead to another World War."

Sunday, July 24, 2005:

Jesus said: "My people, when you look at My creation, all that you see is beauty and perfection. Look at the human body and how beautiful every part of your body functions. Look at the beauty and balance of nature in the plants and animals. Look at the order and magnificence of the stars and the planets. Even in the atoms and the electrons of every molecule, you have order and beauty. When you take all of creation in all of its aspects, you will realize that only God can make things perfectly. Yet man in his pride and arrogance thinks he can improve on My perfection by manipulating DNA and making hybrids with no seed. By changing plants and animals with cloning and fetal stem cell research, you are violating nature and My plan for things. Stay with the creation as you found it because whatever man makes is imperfect and eventually fails."

Monday, July 25, 2005: (St. James)

Jesus said: "My people, you are seeing the beginning of another smaller war, but it is not a nuclear war. Man has not learned from his past mistakes, and there are some people that are causing wars for profit. These wars usually receive their weapons from the top arms suppliers which are the U.S., Russia, and China. At times these smaller wars become a proving ground for the latest sophisticated weapons. Instead of spending so much money on wars and preparation for wars, it would be better to help the poor. Unfortunately, the rich men behind the scenes cause these wars to make money on the weapons, and on the interest that needs to be paid for loans to finance these wars."

Mary said: "My dear children, I want to confirm to you that I am the Ark of the New Covenant of my Son, Jesus. That is why I am dressed in gold to give witness to the first Ark of the Covenant that has been pictured in gold also. The dark habit represents the suffering that each soul must endure in order to carry your cross home to my Son. I carried Jesus as an infant nine months in my womb and that is why I am His Covenant. All of you are also tabernacles of my Son, Jesus, when you carry Him sacramentally in Holy Communion. My heart is one with my Son's heart and only I can claim to be His Blessed Mother. But Jesus has given me over to be the mother of all of His Church when He called St. John to be my son, and me to be his mother. Give

praise and glory to Jesus for becoming a man and dying for everyone in redeeming all sinners. You will be celebrating his birth once again in five months."

Tuesday, July 26, 2005: (St. Ann and St. Joachim - Mary's parents)

Jesus said: "My people, this vision of a changing California coastline shows most of the damage in the San Francisco area. You have seen several earthquakes recently in California as well as in Alaska and South America. The frequency and severity of earthquakes have been increasing, as this is another sign of the end times. I have also mentioned that some natural disasters are occurring in areas of severe sin. Those countries and cities, that are not repenting of their wicked sins, could see My wrath fall against them in natural disasters. This area is well known for its faults and earthquakes. Even your movies could be prophetic of what is to befall upon California. Pray for the sinners of this region that they may see the Light and change their ways before destruction could take their lives. Your country of America has received many warnings about stopping abortion and your fornication in living together without marriage. Since you are not responding to My call, then you will have to suffer the consequences of your actions."

Jesus said: "My people, in the vision you are seeing the two roads that you can take in life. The first road is a winding, serpentine road which represents the way of the devil. This road is well traveled for those who desire earthly pleasures, wealth, and material things. The second road is the road less traveled that is straight and narrow and leads to Jesus. This road is full of suffering, trials, and anxieties which is what every Christian must endure. On this road you must give everything up for My sake and My glory. Choosing to follow My call means giving up many of life's comforts in order to be obedient to My plan. Every soul that chooses this narrow road will cause joy in heaven that you kept the faith and are on the right path to heaven. By choosing to love Me over the world and all of its distractions, you will be favored by My Father in heaven."

Wednesday, July 27, 2005:

Jesus said: "My people, the Kingdom of Heaven is so precious that I likened it to a precious pearl that a man sold everything to acquire. The vision of a radiant diamond represents this same precious stone which appears to have great value. The true value of coming to heaven is far beyond any earthly value, but it is most precious in spiritual value. It

is your spiritual treasure in heaven that will help you to heaven. Ultimately, it was My Most Precious Blood sacrifice that purchased every soul because you were bought with My Divine Blood. No one could pay the price of your sins except My sacrifice which was truly worthy to My Father in heaven. So when you consecrate everything of this world to Me, you are like the man in the Gospel who sold everything for this one pearl of great value in the Kingdom of Heaven."

Jesus said: "My people, no matter how innocently people look at the Harry Potter books, these volumes certainly lead people to be involved with witchcraft and the occult. Many of these influences could actually lead to obsession or possession by demons. It would be better to read a holy book than to read such a work that could lead one to evil things. These are not innocent books and they are involving young children into the occult ways of the devil. It would be better to not allow such books or movies into your houses so they would not bring evil presences into your homes. The author is making unusual amounts of money from the sale of these books, but more damage is being done to the souls of young people reading these books. Even if young children want these books, try to discourage young readers from this occasion of witchcraft. You can call on Me in prayer and have holy sacramentals around you to protect you from evil influences. Follow My warnings to avoid reading Harry Potter books and remain free from New Age teachings, or any occult teachings."

Thursday, July 28, 2005:

Jesus said: "My people, this empty room of a church represents how many churches have been stripped of everything that is holy. The picture of Satan on the floor shows how much influence he has made in trying to remove holy things and My Blessed Sacrament from My churches. The fact, that he is on the floor and My crucifix is over him, represents My power over him. Today's Gospel speaks of the separation of good souls of My faithful from the evildoers of this world at the judgment. This is a moment of truth for everyone in choosing your eternal destination. At the end of your life you are going to make an accounting of all of your actions in life. When you come before Me, it would be better to have many good deeds in your hands and love for Me in your heart. Do not be a stranger to Me by not having prayed. If you truly show your love for Me everyday in prayer, then I will witness your love before My heavenly Father. Strive to be a lover of Me and your neighbor as you serve Me in this life. Those, who follow My ways, will be greatly rewarded in heaven."

Prayer Group:

Jesus said: "My people, you know in the Gospel how I love the little children and I called them to Me over the objections of My apostles. These little ones are guarded by their guardian angels and these angels witness to any abuse or any abortions. The vision of children or grandchildren shows how much you love these little ones as well. Protect them from any evil influences and teach them the faith they need to be directed to heaven. Each child has their own free will, but your faithful example can be leading them to Me and away from Satan."

Jesus said: "My people, many have visited the Holy Sepulcher Church where I was crucified. Even some of you have been blessed to have a relic of this true Cross. These relic pieces are very powerful in healing and protecting people from demons. If you have such a relic, be willing to share this grace with others to venerate it. Remember how important it is to be willing to carry your cross on your way to your own Calvary."

Jesus said: "My people, My crucifix is the greatest reminder to all of My people of how much I suffered on the cross to redeem you from your sins. That is why it is appropriate to have a large crucifix on My altars. If they are not there, then you could make some suggestions to your priest that I truly prefer this to be present. The servers leading the procession with My crucifix for Mass gives real meaning to the remembrance of My death at every Mass. The Sign of the Cross that you make at the beginning of Mass, or your prayers is alerting the Three Persons in the Blessed Trinity that you are ready to pray. All of us are listening to your every prayer and petition."

Jesus said: "My people, you enjoy the shade and beauty of all of the trees of My creation. They fulfill many functions of cooling, providing oxygen, and keeping the soil from eroding. Many times man cuts down too many trees for wood without attempting to replace them. You also need to take care of your forests so fires do not destroy them. Preserve your environment of trees so they can help in the balance of nature."

Jesus said: "My people, you has some scientists who study the history of prehistoric animals found in many fossil beds around the world. Some think that asteroids or volcanic eruptions could have altered the food chains that allowed these animals to exist. In the same way man could also be influenced by near extinction from asteroids or large volcanic eruptions. This problem with food will be a real serious situation when you witness a world famine that could be caused by natural disasters or a forced control of food with chips in the body. When you see this world famine when people are killing for food, you will know that it is a sign to go to My refuges."

Jesus said: "My people, in your affluent Western nations,

you take shoes for granted and many times you buy more pairs than you could ever use. Contrast this to poor people, homeless, and those in the Third World who have not even one pair of shoes. You worry about the right size, or look, or comfort, but these unfortunate are going barefoot. You could contribute for moccasins, sandals, or other shoes that you could donate for the poor people without embarrassing them with their poverty. The more you reach out to help others, the more graces you are storing up in heaven."

Jesus said: "My people, again you know how important a home is for all of you to live, eat and sleep. It is very expensive, but you have many conveniences in your new and used homes. You worry about heating and air conditioning, but some have only bare shelters without electricity or running water. You miss a warm shower and you are feeling deprived. Imagine what poor people must suffer in their meager homes. Again you can help the poor by contributing to their shelter or physically building one for them. Providing shelter is one of the corporal works of mercy that you could provide for your neighbor."

Friday, July 29, 2005: (St. Martha)

Jesus said: "My people, some think that St. Martha should have had some help in serving hospitality, but I told St. Martha that St. Mary had chosen the better portion of loving and sharing with Me. Work is an important part of your life, but it needs to be done with the right intention and not to the exclusion of others in your life. Work, that is offered up to Me in your daily consecration, gains you more merit than just doing work for its own sake. All that you do should be for My glory and not just your own glory. Some spouses alienate their family by working all the time and it is done only for money or possessions without regard to their other home responsibilities and helping with the children. Your work should not take up all of your time for prayer either. Your prayer life is the better portion because this is when you express your love for Me and the love of neighbors in praying that their souls be saved. Plan your work around your prayer life and not your prayer life around your work time."

Jesus said: "My people, some of your parishes are decreasing in attendance as people are losing their faith. You have seen this decrease even more dramatically in Europe. Even some, who do attend Sunday Mass, are lukewarm in their beliefs because they come more out of duty or show, but their hearts are far from Me. Then there are My faithful remnant who even come to daily Mass and pray every day. To some, who are very faithful, this life of prayer and daily Mass may seem normal, but you do not realize how much you are in the minority. You

want to believe that many will be coming to heaven, yet you see before your eyes how few there are that pray and come to Confession. Even though I am merciful to all sinners, you cannot be saved unless you seek My forgiveness of your sins, and follow My plan for your life. This is why the lukewarm give Me lip service, but I vomit them from My mouth because they are not sincere in loving Me. The intention in your heart must be true love of Me and your neighbor, or you could be traveling the broad road to hell. Trust in Me for all that you need and follow My Will, and you will have your reward in heaven."

Saturday, July 30, 2005:

Jesus said: "My people, today's Gospel speaks of the scandal of King Herod living with his brother's wife. The vision of the priest's vestment holder represents that scandal also is going on in My Church among the priests in cases of pornography and pedophile situations. Everyone is tested by sexual temptations, and there are priests and married spouses that have violated their vows of fidelity. It is your evil society that has accepted fornication and adultery as no longer scandalous behavior. Even though people may tolerate this sinful activity, they are still mortal sins that need to be confessed in Confession before these sinners can receive Holy Communion worthily. It is when people do not even see these acts as sins that they are corrupting their moral consciences. Living in such sinful states can also risk eternal condemnation in hell for such mortal sins unconfessed. Just as St. John the Baptist spoke out to Herod about his living in adultery, so My faithful must have courage to speak out to your friends and relatives living in adultery or fornication. It is far better to be concerned about saving their souls than to be worried about any criticism from someone. Societies, that do not repent of their sins, are also risking the wrath of My justice in chastisements as natural disasters. Pray for sinners, and follow My Commandments for those who want to have their souls saved."

Jesus said: "My people, this message is focused on My Blessed Sacrament in the consecrated Hosts that are stored in My tabernacles all over the world. The vision of the demon is to emphasize that the number one target for the demons is to eliminate My Blessed Sacrament and the priests who consecrate the bread and wine into My Body and Blood. The demons know of My power in that My Real Presence is there in every consecrated Host. The attacks will come on the species of bread used, the reverence for My Blessed Sacrament, denial of My Real Presence, hiding of My tabernacles, and abuses by desecration at black masses. Once the demons can strip My Presence and holy things

from My churches, they will then try to establish New Age teachings and bring in cursed objects and statues into My churches. It is a struggle to establish and maintain Perpetual Adoration in your churches. But those, who honor My Blessed Sacrament, will see many blessings and vocations to the priesthood. Struggle to keep your churches holy with My Real Presence, and work to remove all forms of New Age teachings of one world religion that will become prevalent all over the world. New Age teachings worship created things and not the Creator. New Age does not teach about God, but only about powers from the evil ones. Call on Me for spiritual guidance and protection in My Blessed Sacrament and I will protect your souls from all the demons' temptations."

Sunday, July 31, 2005:

Jesus said: "My people, this mail box can be a means to keep in touch with loved ones. I know you have phones for conversing, but you can remember while you were away at school how you wrote often to your wife. Each of you longed for a word from each other in sharing your love for each other. When you say your formal and informal prayers, that is when you are sending your love letters to Me. Some like to pray privately, but then there are times for prayer groups, Mass, and even grace before meals in restaurants. I am always listening to your prayers and your petitions. Some leave their prayers until before bedtime and they fall asleep. It may be better to make time during the day for your prayers in your prayer room. If you truly love Me, you should remember Me in prayer every day. Some come for My help only in trials, but you should consecrate your whole life to Me every morning so that all you do for each day will get offered up to Me. Loving Me in your daily prayer life is a way of life and a beautiful way to follow My plan for your life. With Me guiding you, you have peace and confidence that I will always give you the grace to endure anything."

Jesus said: "My people, I am showing you this wooden gate leading into a refuge as an example of the protection that I will provide for all of My faithful remnant. There will be at least four gates outlining all of My refuges with angels guarding them from the evil ones. These gates are similar to the four directions of gates that enter into the Old City of Jerusalem. Each refuge will be modeled after Jerusalem because you all will be awaiting My coming again in the new heavens and the new earth. Rejoice when you are led to My refuges because you will be protected by the angels and I will provide your shelter, water, and your food. As I mentioned before, each person will be assigned tasks to do based on your talents. It will not be a time for sitting around, but you will be busy

helping people with their needs. You will also be praying and praising God for all of His miracles of protection from the evil ones."
