

Saturday, July 1, 2006:

Jesus said: "My people, at times you can reflect on your sins, and a sense of deep personal guilt comes over your soul for how you have offended Me. You need to make a little time in your day for reflections, or you may never be moved to a need for the forgiveness of your sins. This vision of water is to remind you of how you were baptized with water and your sins were washed away. You are baptized into the faith only once, but you have My forgiveness awaiting you any time that you wish to come to Confession and have your sins washed away by the absolution of the priest. You have read the Gospel today of how I healed the Centurion's servant, St. Peter's mother-in-law, and I drove the demons out of many who were possessed. My healing of infirmities was to fulfill Scripture, but I also healed people's sins many times before I healed their physical illnesses. Healing the soul of its sins is the most important because you need to keep your souls pure at all times since you do not know when I will call you home to judgment. I give you choices by your free will, but if you fall into sin, then you must face the consequences of your actions. I love you all so very much and I do not want you to despair in your sins or feel unworthy to come to Me for forgiveness. If you truly love Me as I love you, then you will focus your life on being holy in all that you do. Keep your souls pure by frequent Confession, and you can have a constant flow of My graces over you in washing away your sins. Remember to reflect on your love for Me throughout the whole day."

Sunday, July 2, 2006:

Jesus said: "My people, The Gospel reading is about healing and even about raising the little girl from the dead. You see much disease and death around you, and you are praying for your own healing and the healing of others. You need to be patient in your prayer requests because I answer your prayers in My time, and sometimes the answer is no because it may not be in My plan. When you pray in faith, pray for what is in My Will whether you would be healed, or another would be healed. Your health is a gift, and only when you fail in sickness or accidents do you really consider what good health is. Give thanks to Me every day that you are alive and healthy, but even the sick can offer up their sufferings for redemptive value of other souls. The second vision of these bodies dissected and displayed ultimately is a desecration of these bodies much like when you cremate bodies to ashes. There is some

learning value in showing people how they are destroying their bodies with smoking and excess drinking, and not eating properly that causes heart attacks. The problem with man's curiosity and his manipulations is that he now wants to act like Me and change nature to his liking. Using aborted babies for stem cell research, and changing genes in the DNA of humans and other animals are violating My plan for life and you are upsetting My balance of nature. Accept the beauty and perfection of My plan in nature and do not do things to alter what I have created. All of your plans eventually destroy nature by adding your imperfections."

Jesus said: "My people, this vision is about how the one world people will use any means they can to cause a takeover of the world. Even if military or civilian people would lose their lives, these leaders would see them as expendable for their cause. This is why you need to send a continuous stream of prayers to heaven for peace in your world. Your rosaries are the best weapon to fight off these men who want to embroil you in constant wars for their own gain. By claiming that they have the right to fight terror anywhere in the world, they have given themselves a blank check to fight wherever they please. The American people need to take back control of their government by controlling the purse strings of support for any future war. War only adds to more killing and more profits for the one world people. Cease to follow those leading you to fight needless wars, and instead follow My plan for life and not that of the one world people's plan for death."

Monday, July 3, 2006: (St. Thomas, 41st Wedding Anniversary)

Jesus said: "My people, there are some people who need to see something in order to believe it, as in the Gospel with St. Thomas. Yet a strong faith needs to be reassured over and over. You may not see Me in person, but still you believe in what is proclaimed to you in My Scriptures. Every time you receive Me in Holy Communion or visit My Blessed Sacrament, this encounter with My Real Presence calls out to you to respond as St. Thomas with 'My Lord, and My God.' In marriage also there must be a constant renewal of faith between each spouse. The strength of your bond of love with Me will enable you to strengthen your bonds in marriage to each other. Your fidelity in love for each other is enhanced by your faithfulness to Me in obeying My Commandments. Even if you have some disagreements, you have enough love for each other to kiss

and make up. This is similar to your coming to Me in Confession when you can make up with Me also as I forgive your sins. Pray together in your married life and you will see how your love for Me will enrich your lives over the years. Those, who remain together over the years, are truly blessed with a human fidelity that is so delicate in your society of today. Love one another as I love you, and that permanence of your love will be its own reward."

Jesus said: "My people, the Jews, who had Me crucified, were still worried that I would rise from the dead, or that My Body would be taken away by My apostles. They posted guards by the tomb and placed a seal on the large rock covering the opening to My tomb. I allowed man to kill My human Body, but then My death became a Divine sacrifice worthy enough to forgive all of mankind's sins before My Father. I then proclaimed My victory over sin and death by rising from the dead in a glorified body. My Resurrection is a hope and an example of how all of My faithful will all rise again as well. This empty tomb was proof for all, that I arose and My later appearances confirmed My Resurrection to My apostles, even St. Thomas. The Jews feared Lazarus being raised from the dead because many came to believe in My teachings because of My miracle. Now that I rose from the dead by Myself, they were more afraid that people would convert to being Christians. That is why they tried to cover up the truth of My Resurrection by paying the soldiers to lie about sleeping and that My apostles stole My Body. This story still circulates today, but My apostles were the true believers by My witness before them. Many Early Christians had to suffer martyrdom and persecution for speaking in My Name. Believe in My Resurrection and how I have offered everyone salvation and an opportunity to come to heaven. Choose life by following Me on the narrow road to heaven, and refuse to choose death which could lead you to follow Satan on the broad road to hell."

Tuesday, July 4, 2006: (Independence Day)

Jesus said: "My people, this day is celebrated in your country as a day of freedom from tyranny and persecution of one's faith. Your Constitution and Bill of Rights were meant to guarantee your freedoms, but the one world people are struggling to take them away from you. You will see soon how much you will be willing to fight in a peaceful way to save your freedoms from these New Age tyrants. Your freedom to worship Me is being threatened every day in how you can witness your faith in public. Your forefathers

have fought for your independence, but now evil men are distorting reasons to fight wars so they can gain power and profit from war. I ask you to fight with your spiritual weapons as your rosaries and other prayers to have peace instead of wars. Each of you have your own boat to struggle with on the seas of life. The large boat represents nations that also need to suffer through turbulent times. Freedoms can be distorted by men of power to subjugate those under them for their own profit. Refuse the mark of the beast in microchips in the body that will take away your freedoms. Your freedom of worshiping Me will soon be condemned so you will need to seek out refuges to avoid being killed. Freedoms will only exist until you allow tyrants to rule over you. Once you sell out your freedoms to martial law or threats of terror, then you are allowing a police state to take away your freedoms. Do not take up guns to defend freedom, but take up your rosaries instead to avoid killing."

Wednesday, July 5, 2006:

Jesus said: "My people, there are occasional earthquakes that occur naturally, but these also can be enhanced by the HAARP machine. The vision is about a coming huge earthquake somewhere in America that will split the earth for many miles. There will be little damage in the thinly populated areas, but some damage and deaths will occur in the cities that are affected. There will be little time of warning for this event except for a large boom. These natural disasters will take a large toll on your economy and present the one world people an opportunity for martial law. Pray for the conversion of souls in your country because your sins are bringing judgment against you. Have no fear of these evil ones because My angels will protect you and lead you to safety at My refuges."

Thursday, July 6, 2006: (St. Maria Goretti)

Jesus said: "My people, this feast day of St. Maria Goretti shows you the faith and courage of a twelve year old girl who would rather die than lose her chastity. A man raped her and stabbed her to death even as she forgave him of his sin. This vision of a family together is an example of how important it is for the parents to instill the faith in their children by good example. Bringing up your children with the teachings of My Church is one of the most important tasks of parents in their responsibilities. Parents should be caring for the spiritual lives of their

children's souls, and even when they are older. Teaching them chastity and purity of heart is difficult in the dating years, but it is important to save their souls from the influences of your permissive society. Guard them from living together in sins of fornication or homosexual acts. Teach them also about avoiding contraception or any other means of artificial conception, even when they are married. Sins of adultery or any other sexual sins are against the Sixth Commandment and need to be avoided by everyone. Being chaste is an example for your children and should be a goal for all souls on your road to perfection."

Thursday, July 6, 2006:

Prayer Group:

Jesus said: "My people, these shadows around My Blessed Sacrament represent the evil spirits that are trying to stifle people in giving Me reverence and they are also trying to mute My Church's teachings. In the name of discrimination the evil ones are trying to remove statues, crucifixes, and the Ten Commandments from public places. The evil ones are making laws to allow homosexual marriages and discourage anyone from talking about sin. They discourage any protests against abortion by threatening prison sentences. My people still need to speak out on the sins in your country and evangelize souls even under the threat of prison or persecution."

Jesus said: "My people, I knock on the doors of your heart constantly so you could let Me in to be your Friend and Savior. It is a struggle to open so many cold hearts that have little love in their hearts and much sin on their souls. It is the few faithful that are open to My graces that I use to evangelize and pray for the rest of the cold hearts. They close the door to Me, but their curiosity readily opens the door to evil influences in the occult, New Age meditation, Ouija boards, and tarot cards. Pray for your people to repent of their sins and love Me instead of the evil ones' temptations."

Jesus said: "My people, My Scriptures have proclaimed the truth of My Word in how to live holy lives. Tradition and My Scriptures are your foundation to hold fast to your faith. It is the evil ones who raise up heresies as the Divinci Code and other false documents to bring doubt to these basic truths. My Church faces many attacks from all sides to try and bring it down. I have told you many times that the gates of hell will not prevail over My Church, no matter how these evil ones will tempt man. Stay true to the faith and stand up publicly against all heresies."

Jesus said: "My people, there are certain leaders of dangerous countries that thrive on controversy to get world attention. Missiles and nuclear weapons in these countries could pose a threat to peaceful countries around them. Iran and North Korea appear to be antagonizing Western countries almost to the point of war. Pray much for peace in your world so that these evil ones will not bring worse destruction on their neighbors."

Jesus said: "My people, oil imports have become a necessity for many industrial countries to operate. The threat of war or sanctions in the Middle East has caused another round of price hikes in oil that is taxing some countries to buy the oil. America's deficits suffer with every increase or speculation in the price of oil. Even a small threat to oil supplies could threaten more inflated prices for some transportation industries. Pray for no wars, and an ease in world tensions over energy supplies."

Jesus said: "My people, the war or insurgence going on in Iraq and Afghanistan continues to wear down your people's patience as more people are looking for ways to have your troops withdraw. Now some of your leaders are waving your dead soldiers as a reason to stay longer without any hope of the rest coming home. This war has long lost any justification and the one world people want it to last to make more profits. Your people can thwart this profiteering by the rich if you close the purse strings to this war."

Jesus said: "My people, many of your long rainstorm patterns are saturating and flooding states along the Eastern Seaboard. These rains are unusually heavy and can be attributed in part to warmer temperatures and your weather machines enhancing these storms. You see flooding from hurricanes, but these storms are not even tropical. Pray that these excessive storms subside so the refugees and victims of this damage can reclaim their homes."

Friday, July 7, 2006:

Jesus said: "My people, this vision in the past shows you how life was much simpler, and still the people were happier than today. There were less drugs and crime than there is now. Abortion and homosexuality were frowned on by society. The morals in your movies and entertainment were proper with less violence, and little nudity or vulgar language. Even though you had less technology in those days, jobs had more security and your companies were not sending jobs overseas. The rich and the stockholders are ruling your jobs and your economy, and the middle class is

being destroyed by sending the good paying factory jobs overseas. College education and health care are becoming so expensive that they are almost out of the range of the average people to afford. Companies are now stripping benefits of health and pensions from their workers because world competition with cheap labor is forcing it. The use of cheap and even slave labor in poor countries is being allowed to lower the salaries of all world workers. This is causing great stress on countries with a higher standard of living, and government expenses will be in further deficits as they have to cut services with less taxes collected. Pray for your people as it is becoming harder to make a living, and there is spiritual poverty in your souls with rampant immorality all over."

Jesus said: "My people, there are some people who love cell phones, remote devices for your TVs, and fast transactions at the bank, tollgates, and the workplace. This electronic marvel will be advertised for chips in the hand, and they will give people instant access to their money for purchases. The downside of these chips, that they are not saying, is that you will be tracked wherever you go, and the one world people will have the power of suggestion over your mind to do things that you may not want to do. In Scripture it states that those, who knowingly take the mark of the beast in the hand or forehead, and worship the Antichrist, will be cast into the eternal flames of hell. At one point the evil ones of your world will try to force everyone to have chips in your body, or you will be imprisoned and all of your digital accounts will be zeroed. Some will even be threatened with death for not taking this mark of the beast into the body. Those, who refuse these chips, will be sent to detention centers for torture and even martyrdom for their faith. When you see the authorities force chips in the body as mandatory, then you are to call on Me and your guardian angel will lead you to a safe haven refuge before they come for you at your house. At My refuges My angels will protect you, and provide for all of your necessities. Fear no evil because I will be victorious over all evil as I will prepare you for My Era of Peace. Refuse chips in the body at all costs so you can be brought to heaven instead of being condemned to hell."

Saturday, July 8, 2006:

Jesus said: "My people, you have seen terrorist plots in New York City, threats of sanctions on Iran's nuclear program, and North Korea sending off a barrage of missiles.

All of these threats of more war represent the darkness under the bridge in the vision. Instead of planning more wars or continuing the war in Iraq and Afghanistan, now is the time to build more bridges of peace. If both sides wanted to, they could reconcile their differences and live in peace. If love was on your agenda instead of anger and hate, then you could have enduring peace. Man has a choice to love his fellow man or not, so stop listening to the devil's call for war and destruction, and seek out love and peace instead. This is the battle of good and evil in your world, so now is the time to pray in earnest for peace and the cessation of all of your wars of greed."

Jesus said: "My people, in America you take food and water for granted. Your water is piped to you along with your gas. Electricity is available for your lights and air conditioners. Your grocery stores have every kind of food that you would want to buy. In Africa you are seeing poverty where many die of thirst and starvation. A fair number also are afflicted with AIDS and other diseases where they have little medicines for cures. Your heart goes out to these people who do not even have the bare necessities to live. This is why with all of your abundance of wealth, you should try and help the poor with your charity donations. The more that you help others, the more you will have the satisfaction that you are helping them to survive in a poor environment. Give praise and thanks to Me for all that you have. All of your necessities have been provided for, and that is why you should share your wealth with the needy. All of your charitable deeds will store a greater treasure for you in heaven."

Sunday, July 9, 2006:

Jesus said: "My people, this vision of My monstrosity being raised high is to emphasize how I should be first in your lives. Your spiritual priorities are far more important than your worldly concerns and curiosities. Think of all the earthly things that you like to do the most, and they do not hold a candle to My mission for you on earth. The most important mission is saving souls and your own soul by your good example and evangelization. Start with love of God and neighbor, and everything that you do should flow from this love. The more that you get attached to worldly possessions, the more your mind and heart are clouded from performing your spiritual mission in life. Praising and adoring Me in love, and helping your neighbor in love should be your primary goals. By staying

close to Me in daily prayer and if possible daily Mass, the more you will find spiritual strength to carry on with your life. As in St. Paul's epistle, he stressed that his weaknesses are what made him strong because they take away your personal pride. You all may have a special thorn in the flesh, or a weakness that may get you down at times, but I always give you sufficient grace to overcome any difficulties. Have faith in My help and do not let physical problems get you into despair. I will always be at your side to lift you up and keep your focus on Me and eventually on heaven. Love is central in your life, and I am perfect love in your life. Even if you lose your friends or closest loved ones, you always have My love."

Monday, July 10, 2006:

Jesus said: "My people, in this vision of joy in your eyes, does your joy come more from your lust for earthly things or a joy to be with Me? The prophet Hosea also wants his people to choose God over Baal. In today's world the new Baal being worshiped is your possessions and your sexual sins which are another form of idol worship. Instead of searching to please your bodily senses, man should listen to the yearnings of his soul for Me. When you are in My presence before My Blessed Sacrament, you are at real peace that cannot be satisfied with worldly things. Follow your heart as it desires to love Me and praise Me for who I am. I am your Savior and your Creator, and everything comes from Me. Without Me you are nothing. At times man does not realize that your talents, your very life, and all that is around you has come from Me. So put your life and your priorities in proper order by following My Will for your life. Love for Me comes first before all of your earthly loves, so keep your focus on the One who loves you most in Me."

Jesus said: "My people, I have sent man out into the world to subdue it, but not to change it and abuse it as you see before you. You have set aside some unusable land as wilderness areas, but you are having a conflict between development and farm land. The more people multiply, the more food, water, and energy needs that you will need to provide for everyone. Man's use of oil, coal, and natural gas are depleting finite resources without enough planning for renewable sources of energy. This is true of your water and fishing resources as well. The management of your land and resources need to take on different priorities than just greed for money by the rich. Many abuses in water and air pollution are already creating

problems in large cities. Nature is not something man can put in a box and sell. It is a gift to everyone and not just the rich who try to control it. It is also everyone's responsibility to take care of your environment so you can pass it on to your children in a useable form. Pray that man will stop abusing nature and the natural resources that you have been given freely. Focus your attention on your Creator, and keep nature in balance as I created it."

Tuesday, July 11, 2006: (St. Benedict)

Jesus said: "My people, this vision of pipes joining from all directions is to simulate the human body as it collects all of your sensory data and brings it to the brain. Many of your sins come from giving in to satisfy the desires of the body, but all of your actions come from the reasoning of your mind and heart. You all have been given free will, as you are made in My image. I or the devil do not force you to act against your free will. That is why at the judgment you will be held accountable for all of your actions. Knowing all things, I know the intention in your heart for all of your actions, even if you may do things for show to others. All of your senses, instincts, and desires are good and natural as I created them, but you need to act according to My Commandments without abusing your body with excesses or addictions. You also have been given the capability to love which should bind you with your God, and your neighbor. Just as you have a bodily nature, you also have a soul with a spiritual nature as well. It is this voice of your soul and your properly formed conscience that should rule over any requests of the body. You not only have a conflict between your body and soul, but you also are influenced by My Word and that of the devil. Because of your fallen nature from original sin, you are weak to sin that the body interprets as good, but the soul needs to discern as evil. This is the constant state of man where he is torn between doing good or evil every day of his life. But I give you grace in My sacraments to lead a holy life in conformance of your will to My planned mission for your life. I do not force you to love Me, but I leave you free to choose to love Me of your own free will. Those, who do follow Me, will receive their eternal reward in heaven. Those, who refuse to follow Me, will bear the consequences of their evil actions in hell. Choose life then for your eternal happiness with Me."

Wednesday, July 12, 2006: (Mary Ann Magin Stewart's funeral)

Jesus said: "My people, this separation of the body and soul is portrayed in the vision as separating train parts. When you are released from the cares of the body at death, you are left naked in your soul body with all the actions of your life as your only possessions. This is why it is important to do as many good deeds as possible out of love for Me and your neighbor. At your particular judgment when you come face to face with your Master, you will have to make an accounting for all of your actions in your life. Your good deeds will be balancing off some of the punishment due for your sins, and they could lessen any possible time in purgatory. Your prayers and reverence that you gave to Me in My Blessed Sacrament will show Me how much you love Me. My special adorers receive protection from the evil ones, and I will have a special reward for them in heaven. Stay close to Me during life, and it will go well for you at your judgment when I will fulfill all of My promises to you of salvation. Those, who choose to follow Me in their life, can look forward to sharing their love eternally with Me in heaven. So with Me there is no fear of death because you know that I will keep My Word and bring you into heaven. Your love for Me is the most important gift that you could give to Me. I never stop loving you, and I want you to never stop loving Me either."

Jesus said: "My people, this vision of the red horse of Revelation is a sign to you of where you are in Revelation leading up to the time of the Antichrist. (Rev. 6:3-4) This sign of the red horse is a sign of war which could spread to a world war over energy sources. The war in Iraq and Afghanistan is not changing and more elements are leading to an ethnic battle between the Sunnis and the Shi'ites. Problems with nuclear weapons in Iran and North Korea could lead to further tensions for a world war. The evil ones continue to stir up trouble between various nations and religious sects. Your best solution is prayer for peace using your rosaries as weapons against the evil ones. Trust in Me that if there were enough prayer, your wars would cease. Because of man's pride, greed, and selfishness, you are marching down the path to a world war which will prepare the way for the coming Antichrist."

Thursday, July 13, 2006: (St. Henry)

Jesus said: "My people, since the days that I sent out My apostles until the current time, your travel methods have changed dramatically. The one thing, that has not changed, is My personal invitation or calling to My

messengers and those with vocations to the priesthood. Each person has free will to either accept My calling or reject it. I pray that each person, who has been called, would give Me some prayerful discernment, instead of just a refusal out of an inconvenience to their lives. Those, who have no meaningful reason to refuse My calling, are really committing a sin of omission for not answering My mission for their lives. Each of you have been given talents for a mission that I have planned for you, and when you reject My mission to do your own plan, you are like the man I condemned for burying his talent. Those, who do accept My calling to be a messenger or a priest, will receive a prophet's reward in heaven. My priests and messengers are meant to spread My Good News in bringing My Gospel to everyone so souls can be saved. They may not realize how people are saved, but I am working through their words as an instrument of salvation. Give thanks to all people who answer My call to be messengers, or a call to the religious life."

Prayer Group:

Jesus said: "My people, when you take time to give Me worship and praise, you are placing Me first in your lives. I have given you My gift of My Real Presence in every Host that has been consecrated at a Mass. You have many earthly distractions and temptations of the devil that try to gain more of your attention than Me. Your God and Savior is the most important part of your life among all of your experiences. I love you and desire to be with you in My Eucharist until I come again."

Jesus said: "My people, you have seen the damage of the ravaging fires in California. Fire has a certain beauty in color, but it can endanger homes and lives in its fury. This color of fire can also be seen in battles of war as people and buildings could be killed or destroyed. Man has a choice between peace and war, but pray for peace all the more, especially in the latest battle between Hamas, Hezbollah, and Israel."

Jesus said: "My people, the stairway to heaven is not always the same for every soul. Some need to struggle more in their spiritual lives because their steps are steeper than others. Other people are given an even simpler path of short, gradual steps. By the graces that I give you, I can see who can tolerate an easier life and who can tolerate more. The harder life, that some have to struggle with, means that My love is squeezing them closer. Follow My Commandments and surrender to My Will, and you will have the grace necessary to ascend these steps to heaven."

Jesus said: "My people, as soon as you are born, you all have been given a number of years to live, and you are awaiting My day of judgment. The thought of your death is a part of your life just as much as your birth was. You all go through a life process from infant to youth to adult. It is what you do with your life that is so important to Me. You can follow Me and receive a heavenly reward, or you can follow your own life on the broad road to hell. Your soul desires to love Me and be with Me. Follow your soul's goal and do not let the body interfere with your goal of being with Me."

Jesus said: "My people, in the Northeast you have been tested with strong storms and much record rainfall in a short time. Many had to deal with flooded basements and flooded roads, but very few deaths have resulted from these storms. Unless you are physically tested with trials, it is hard to see how strong your faith is in trusting in My help. Call on Me in your difficulties and you could see miracles in My answer to your prayers. Trust in My protection and you will have nothing to fear."

Jesus said: "My people, many of you are taking vacations to see the beauty of streams, mountains, and lakes in nature. Again these streams have a beauty that is hard to comprehend, but when they are out of control in swelling floods, these torrents can become deadly and damaging. Pray that your people will be protected from such flooding, but you will see increasing destruction from your natural disasters."

Jesus said: "My people, you have many things that you like to accomplish in your life, and you busy yourselves with many chores and activities. Life is not about how much you can fit into a day, but it is about showing your love for Me and your neighbor in your actions. You reach out to Me in prayer and good deeds for others. You need to share your time with Me and others, and do not get so wrapped up in all of your earthly agenda. Search for things that will make you holy, instead of searching for peace in earthly pleasures. You will only find true peace in Me."

Friday, July 14, 2006: (Blessed Kateri Takakwitha)

Jesus said: "My people, you have seen the beauty of nature and I am showing you in the vision how beautiful butterflies can be in their colors. They have a very short life span of a few weeks, but they are one of the few insects that go through a metamorphosis coming out of a cocoon. This change from a caterpillar to a butterfly is

similar to the change in your spiritual life after conversion and even more so when you will be rejoined with your glorified body at your own resurrection. I have given you My promise that one day My faithful will be resurrected. The difference from this butterfly is that your soul lives on forever because your soul is immortal. At your death your souls could still look tainted by your unforgiven sins. But once you are purified in purgatory and reunited with your body, you will look glorious again as you were when you were first baptized. Work hard in this life to accept My mission, and you will be converted to a new spiritual butterfly of beauty."

Jesus said: "My people, this plain concrete church with the one ball of light represents My Real Presence in this church. It is not the structure that makes a church holy, but it is My very Presence in the consecrated Host that makes it holy. Every priest, who follows the proper wording of Consecration, can call down My Presence in the Hosts. It does not matter which church that you attend, because I am always present in My tabernacle. Even though you may prefer one priest over another, you are still receiving the same Eucharist at Holy Communion. Be thankful for every priest that you have to offer up Holy Mass. My Blessed Sacrament gives you My grace to heal all of the wounds of your sins. In order to receive Me worthily you must be free of any mortal sin, and recite your Act of Contrition for any venial sins. Give praise and thanks to Me that I give you My gift of Myself in every Communion that you receive."

Saturday, July 15, 2006: (St. Bonaventure)

Jesus said: "My people, in the first reading you are seeing the call of the prophet Isaiah as his lips were purified by the hot coals of heaven. All of the prophets and messengers that I call are meant to build up My Church as you have seen in the vision. Just as I said to St. Peter: 'Feed My lambs.' It is this call to preach My Word of the Gospel that all of My messengers are called to do. It is not an easy message to proclaim that all people need to repent of their sins. When My messengers tell the people to stop their abortions, stop their wars, and stop their sexual sins, they are going to meet resistance from the pagans who do not want to give up their bodily pleasures for the Gospel. Even coming to Sunday Mass is becoming an inconvenience for those that are spiritually lazy in their faith. My messengers need to wake these people up from their spiritual slumber, and move to change

their lives back to one of My service. If My people are not striving to bring their souls to heaven, then they are refusing to listen to My prophets as well as My call in the Scriptures."

Jesus said: "My people, a baby has their whole physical life before them. A baby soul is a new beginning also in their spiritual life. You are a baby soul when you are first baptized or converted, no matter how old that you are physically. Your spiritual life takes time to mature and develop your love for Me and your neighbor. Your physical life is but a fleeting moment in the history of man. Your spiritual life lasts forever, so by your actions, you are determining your eternal destination. Keep your focus on Me, because I am your only salvation. By following My Will and My Commandments, you will be on the right path to heaven with no fear of the evil ones. If you are to come to heaven, you must be faithful to Me as the little children. Trust in Me as a child trusts in their parents."

Sunday, July 16, 2006:

Jesus said: "My people, in the Gospel you saw how I sent out My apostles two by two with little to take with them. They preached repentance for the soul, and they healed the sick. Today, I send out My disciples in the same way to evangelize those in your own family and those around you. This vision of a safety net is the same way that you could be there to help lead wayward souls back to Me. You may be called to help someone with a physical need. In your charity of good deeds you may see a deeper spiritual need. Do not be afraid to reach out of your comfort zone to help someone by sharing your faith in Me with them. They may be searching for a peace and rest that only I can satisfy in their soul. You can also pray over the sick or injured, and by My grace and in My Name some may receive the gift of healing. Even if a physical healing may not come, you may touch someone's heart enough to cause a spiritual healing which is even more rewarding for your evangelization efforts. Pray much to be a safety net of support for people both in their sick bodies and in their sick souls."

Our Lady said: "My dear children, My life was full of new life in the birth of My Son, and sorrow at the death of St. Joseph and most of all My Son, Jesus' death. I am honored that you have taken Me as the Name of Mount Carmel House. I want to thank all of the loving people who have made this ministry possible, especially Raoul and Rose. I

know how difficult it is to endure someone's passing away, but you all have made this a tender, caring ministry. You also care for the souls of your patients, and you give them spiritual comfort as well as physical comfort in their last days. In this way you are bringing souls closer to My Son so they are prepared for their judgment. Continue your good work in saving souls, and you will receive My Son's treasure in heaven."

Monday, July 17, 2006:

Jesus said: "My people, My message of love and obedience should bring peace and harmony to a world of wars and greed. Yet, in today's Gospel it is a hard message when I speak of My causing division between even members of the same household. If everyone had love in their hearts, there would indeed be peace all over the world. But as life sometimes is not all loving with free will, there are going to be family members who think differently and want to reject My Commandments of love. When some love Me, and some refuse Me, there is bound to be some dissension in the family. It is this division in viewpoints that can cause fighting in a family because of what each believes in their hearts. Those, who refuse to be obedient to My Will, are defying My control over their lives which they want to be the boss. This may come from a selfish attitude to keep everything for themselves, or there may be a lack of love in their souls for Me and others. When people of different thoughts are placed together as in a household, there will be a hard time to have peace and harmony. If people really want to have peace, they have to work on compromises to get along with each other. This is the same way with neighboring nations. Unless you have peace in your families, it will be very difficult to stop all of your wars between nations. Pray for the conversion of all sinners to come to know and love Me. Only in love will you all experience My peace without wars."

Jesus said: "My people, in the first reading of Isaiah you heard how much I was weighed down by the sins of the people in their wickedness and their idol worship. As you are witnessing now another war between Israel and Hezbollah, I again am becoming weighed down by your constant wars with little love in your hearts. Your sexual sins and idol worship of this world's things are also weighing Me down. My little ones, why do you have so little faith in praying for peace in your world? I have told you many times that if you had the faith of a mustard seed, you could even move mountains. There are some who

pray fervently as I listen to all of their intentions. You have much evil in your world and there are evil ones providing the weapons of war for a profit. These are the same ones causing these wars as well. The price of this evil is very high and yet there are not enough prayers to offset the occult influences at this time. It is difficult to bring total peace now, but you must not lose hope because a day of My victory will be coming that will defeat all of these evil ones. The more you pray and work to bring peace to those around you, the closer you will be to adding more peace to the world. You need to increase love in your hearts, and have less concern for the things of this world. By loving Me and your neighbor more, this love also can be spread all over the world by your example."

Tuesday, July 18, 2006:

Jesus said: "My people, in the Gospel you heard Me condemning some of the evil cities of My time at the judgment. Even some cities were destroyed by fighting or various causes. They brought destruction upon themselves by a failure to repent and they continued in their sins. Just as individuals are held accountable for their actions at their judgment, so nations and cities are also accountable for their sins at the judgment. Some cities and nations have even received their punishment before the judgment time. All cities and nations all over the world are liable to this judgment. I am a God of mercy, but I am a God of justice, and the evil ones will not escape My punishment. Those, who are praying for their nation or city, are needed to make atonement for the sins of the people in that nation or city. I ask you to pray for poor sinners as one of your daily intentions. All of those evil ones, who are conspiring wars for their own gain, are the same ones that are on the road to hell, and they may lead their country or city down the same road to hell as well. Seek peace and good deeds instead of this greed for money and land."

Jesus said: "My people, you have been to see old churches in Rome and Jerusalem where parts of ancient mosaic floors were preserved as from an Early Christian Era. These museum pieces have been carbon dated back to the time just after My death. Just as the relics of the saints were honored and preserved, so many traditional objects have been saved from antiquity by My apostles and disciples. Many of these artifacts give more dated proof of the artwork of the Early Christians. Have faith and trust that My words of the Gospel have been preserved and

passed on for later generations to follow My Word. These writings were carefully carried on by the monks until they could be printed in Bibles. Give praise and thanks to God for all of the traditions and writings that are your heritage and the deposit of faith."

Wednesday, July 19, 2006:

Jesus said: "My people, your churches have been going through some changes in the name of renovation, but in reality it is a defacing of many of your long standing traditions. These changes are just another step in removing reverence for My Blessed Sacrament. The vision shows how many pews are being replaced with chairs so churches could be used for other purposes. Communion rails have long been removed, altars have been destroyed, statues and crucifixes are gone, and My Blessed Sacrament is now in back rooms. Many devotions as the rosary and Benediction are rarely advocated. The emphasis has been put more on the table of offering than on My very Eucharist itself. There are some clergy and laity that do not even believe in My Real Presence in the consecrated Host and the Wine which are now My Body and Blood. My Eucharist is one of your core beliefs and you receive Me in Holy Communion at every Mass. Each Mass is a remembrance of My sacrifice of My life on the cross for the forgiveness of everyone's sins. Without My sacrifice you would not have salvation, and the gates of heaven would not be open. This is why the corpus on My crucifix should be displayed openly on your altars, and My very Presence in your tabernacles should be in a prominent place in the main part of your church. It is I who makes your churches holy, and you need to honor your King with more reverence. If I came in bodily form to be among you, you would not hide Me in a back room where no one could see Me. See that there are those in My Church that are trying to minimize worship and Adoration of My Blessed Sacrament. It is time for My faithful to speak up to your priests that you want traditional reverence to be restored. If you do not change these pagan trends, then your churches will be no different than any other museum."

Jesus said: "My people, you are witnessing major earthquakes underwater that again have caused tsunami damage and have killed over 500 people. You are also seeing the bursting of several volcanoes which have caused major evacuations as around Mt. Etna. The vision of dramatic volcanic explosions and continuous earthquakes are nature's reflection of the violence of man in his wars and hatred for each other. These natural disasters are

occurring more frequently. It is not even two years ago before you saw the damage of the first tsunami. Now today, you are still counting the deaths of a second tsunami in the same region. These people still did not have any warning system in place to prepare them for this tsunami. Pray for those who are the victims of these disasters, and pray harder for your wars to stop and for peace to come about. Until man repents and changes his hard heart to one of love, you will be suffering more hardships from your wars and disasters."

Thursday, July 20, 2006: (Angela's funeral, Connie's sister)

Jesus said: "My people, death is a final loss for the body and a separation from the living, but for the soul it is a new beginning once freed from the cares of the body. Everyone, who dies, does not always have My Blessed Mother escort them to their judgment before Me. Angela had a great love for My Blessed Mother in her rosaries and in her work in the Legion of Mary. That is why I received both of them with joy. My Blessed Mother is an intercessor and an ambassador to plead your case of mercy with Me. As My Blessed Mother asked Me to provide wine for the marriage couple at Cana, so I will answer her requests for all of her devotees at death. I love all of My people, but there is an added love when you share the love for our Two Hearts. It will go much easier at the judgment for those who pray daily to Me and My Blessed Mother. Remembering Me in your prayers is your way of saying I love you to both of us. Rejoice in the comfort of coming to heaven for all who love Me sincerely."

Prayer Group:

Jesus said: "My people, the reasons for starting another war with Israel seems very deliberate by the Hezbollah terrorists. They have taken advantage of Israel's pulling out of Lebanon only to start the killing all over again. The struggle to remove the Jews at any cost seems to be the militants only recourse. These constant ethnic and religious wars are why man cannot find peace. Pray for a peaceful cease fire, or such a war could spread to other nations."

Jesus said: "My people, it is the innocent civilians that are being killed on both sides. It is also causing a mass exodus of people out of the way of the bombs and missiles. The longer this conflict goes on, the more people that are killed and their homes destroyed. There is also a possible influence of these events on oil and gas

prices that could affect other nations. Continue to pray in faith for a cessation of these hostilities."

Jesus said: "My people, the missiles sent off in North Korea and the nuclear materials being made in Iran are no longer on center stage with this latest conflict. But a hot war is even worse than a threatened war. Such a war is dangerous because of the possibility that other nations may come to the aid of these combatants. Many threats to peace are being stirred up by the evil one."

Jesus said: "My people, it is unfortunate that it is taking so long to put a tsunami warning system in Indonesia that has been devastated by two tsunamis. Even some kind of simple siren would help those on the coast to get to higher land. If these poor areas do not have the financial means to set up such a warning device, then maybe the richer nations could donate such needed devices. This is another area where charity could save lives in a future event."

Jesus said: "My people, it is the poor who are having more problems in financing mortgages to obtain adequate housing. It is the dream of many Americans to own their own home. Higher interest rates and high house prices are making it difficult to secure housing for the poor. As a result, you are seeing more homeless people, and more people seeking welfare help just to survive. Pray for ways for the poor to secure homes and jobs so they can have dignified lives without being controlled by your welfare state."

Jesus said: "My people, many school age children are home for summer vacation, but they are wasting a lot of time watching TV cartoons instead of using their time more productively. Even adults have trouble with not using their time wisely. Time could be better spent on fruitful jobs, summer courses, reading, and even spiritual reading. Parents need to see that their children need to be supervised more in using their time instead of using TV as a babysitter. Use your time and talents to follow My plan for your lives."

Jesus said: "My people, pray that the harvest master sends more workers into the vineyard to bring more souls to Me in faith. It is difficult to find vocations to the priesthood, and it is also difficult to find teachers of religion for your children. Not everyone can afford to send their children to Catholic schools and that is why religious training is needed where there are no schools. Pray that teachers will come forward to pass on the faith

to this next generation which is starving for God in their lives."

Friday, July 21, 2006: (13th anniversary of the messages)

Jesus said: "My people, this vision of nature is to show you how short your time is on this earth. There are some people with cancer and other terminal illnesses whose lives are cut off short, but they are given a blessing to prepare their souls for death and making their peace with Me for the judgment of their lives. Everyone from the day that you are born is terminal in that one day you are appointed to die. Even those living right now cannot guarantee that they will be alive tomorrow. I ask everyone to think for a moment as if you were a cancer patient with only a year to live. How would you live differently in preparing for your death? Would you go to Confession more often and pray more? Would you be more conscious of your sins and how you treat people? Even if you are not dying soon, you can still act in the same way because I could take you home at any time. You are not ready to live until you are ready to die and face your Master at your judgment. By trying to live according to My Will every day, you are indeed keeping your soul prepared for the day of your death."

Jesus said: "My people, this vision of skull and bones refers to those who are behind many of the wars going on. America provides much of the armaments and parts for Israel to have powerful weapons, planes, and bombs. Iran sells oil to Russia and China, and buys bombs, rockets, and guns to give to their terrorist clients as Hezbollah and others in Iraq. All of these wars are planned by the rich to make money on war debts and the selling of arms. It is very difficult to have peace when such leaders profit from war. Even the commodities and oil prices are high because of the threat of war. Pray for peace and encourage your Congress people to vote against war to stop giving blood money to the skull and bones people."

Saturday, July 22, 2006: (Fr. Elmer Heindl's funeral Mass)

Jesus said: "My people, you all have gathered here to pay tribute to a great priest in Father Elmer Heindl. He always thought little of himself, and instead he would rather give all the glory to God. Everyone, who heard his homilies and talks, were inspired by his great love for Me and his openness to put everything in My hands. This is a great message for everyone to follow Me and let Me guide your lives to heaven. He was truly a loving and dedicated priest in serving Me and his people. Even though he

received great honors on earth, he has received even greater honors by us in heaven. The vision shows you how he is receiving his reward in heaven, even as he came here as every faithful person does through My death and Resurrection. Give thanks to Me for Father Heindl's gift of life that he has shared with you for so many years."

Fr. Heindl said: "I am excited and grateful to give you my last word and this is 'love'. That is love of God and neighbor should be everyone's calling. I truly am grateful and I thank all of you for coming to this Mass. I have spent my whole life bringing souls to Jesus, so having you all come to this Mass is a fitting tribute to my last moments on this earth. I have given the Lord many hours of service in my priesthood, and I am only sorry that I could not give him more. It gave joy to my heart to share Mass with the people and I loved all of the beautiful friendships that I had through life. I also want to share my love and affection for all of my family members, and I will be watching over you in heaven with my prayers. Now, I can be your intercessor of prayers to my dear Lord, Jesus. Keep the Lord first in your life, and you too can follow in my footsteps into heaven."

Sunday, July 23, 2006:

Jesus said: "My people, My sheep know Me by My voice of love, just as a real shepherd leads his flock. I am the Master and you are My sheep. The student cannot be greater than their master because you are all learners from Me. Everything that you do by yourself comes to nothing. Only by working with Me can you really accomplish anything of lasting value. It is enough for you to put your trust in Me for all that you do. I will help provide for your work, your food, your clothing, and your shelter. So have no fear because you are worth more than the birds of the air or the lilies of the field. I will provide also the grace that you need for your soul, just as I provide for your body. I have loved you all so much that I have died for your sins, and you can repent of your sins in Confession to renew any lost graces. I also want you to pray for your bishops who are the shepherds of your immediate dioceses. They are responsible for the care of the souls under them. They need to follow My words to St. Peter: 'Feed My sheep'."

Jesus said: "My people, this is another vision of an earthquake in California that could kill or injure many people on a bridge. Several bridge collapses did kill many people in the last big earthquake, and it could happen

again. There have been some improvements to your bridges, but a large earthquake could still cause considerable damage. The people in California are familiar with multiple tremors that they see daily. Instead of taking this as a sign to leave, many have accepted it as normal, and go on with their lives not thinking that a larger earthquake could kill them. It is natural on these active plates to see a lot of movement, but it is better to live away from them than keep working right on top of them. Because of their foolishness and increasing earthquake activity, you could see many deaths when a substantial earthquake happens near a major city. I can only repeat My warnings to not live on faults and move away from water to avoid the coming natural disasters. Those, who do not heed My words, could become the next statistic of death in what is to come."

Monday, July 24, 2006: (St. Sharbel)

Jesus said: "My people, in today's Gospel (Matt. 12:38-45) I told the people who were looking for a sign that there was a greater than Jonah and Solomon standing before them. They had seen the signs of My miracles in healing the sick and even raising the dead, and still they were asking for a sign. Even the people of today are looking for signs of My coming, but I am already present to them in every tabernacle with My consecrated Hosts. You have your Lord and Master available to adore and worship in My churches, but I am alone and almost unnoticed except for My daily Mass people. If you truly love Me, you could visit Me and say how much you love Me more than once a week on Sunday. All of those people, who pray and visit Me in My Blessed Sacrament daily, are making up for those who do not come to Me or do not pray. I am grateful for the few who come to Me, and they will be rewarded in heaven for their love for Me and their fervor of faith in My Real Presence. The people of My day did not have the understanding through the Holy Spirit to know that I was the Son of God. But today you all have the Scriptures, the blessing of the Holy Spirit, and the faith in My Real Presence, and you still do not come to adore Me in My tabernacles. Read this Scripture in Matthew to understand how I am standing in your midst even now."

Tuesday, July 25, 2006: (St. James)

Jesus said: "My people, sometimes man has his own idea of how life should be, and he prays to Me for things just as he desires. You must realize that I know what you need before you even ask for it. But then you may want more

than you need, or you want something that may harm your soul in the end. It is for this reason that I do not always answer certain prayers with a 'yes', but only a 'no' at times. I see that your real needs are cared for, but those things that may corrupt your soul, I do not provide. It is better for you to follow My Will for your life and soul, because this is My plan for what you are to accomplish. When you only want to do your desires, it is difficult for Me to have you accomplish your intended mission. It is better for you to pray that My Will be done, and just accept what is best for your soul. When you obey My Commandments, and follow My example, then you will be storing up treasure in heaven. Do not have high expectations for receiving more than you need or deserve so that you do not despair or get angry with Me for not receiving more. Be satisfied with your lot that you are serving Me in the best way possible."

Jesus said: "My people, your computers have speeded up your banking transactions, but they are vulnerable to hackers, lost records, and power outages. With some of your hot days and lightning storms, you have seen several major blackouts. Without electricity your banks would have to resort to paper transactions again, and it may be difficult to find old balances unless there was a backup power supply. The other vulnerability of your microchips would be when your government would force mandatory chips in the body for buying and selling. This coming mark of the beast will be the means that the Antichrist will use to control the world. These chips are also sensitive to solar flares and electromagnetic pulses that could destroy them. Such a dramatic natural disaster by a comet will be My means of conquering the evil one's plans, and I will then renew the earth for My Era of Peace. No matter how hopeless it will appear when the evil ones take control, have faith in Me because their days are numbered before they will be chained in the flames of hell. Refuse to take any microchips in the body, even if they threaten to kill you. Call on My help and you will be saved."

Wednesday, July 26, 2006: (St. Ann and St. Joachim)

Jesus said: "My people, in My Church there is an attack going on against teaching in the Catholic Schools and the traditions in My Church, and it is being caused by the demons who are inspiring it. Your churches are under constant renovation to remove the statues, crucifixes, and now even the pews. The grand scheme is to destroy the faith of the people and prevent the training in faith of

the next generation. As evil progresses, you will see governments start to attack churches and remove them as in the communist countries. This is when you will need prayer groups and Masses in the homes. The persecution of religious people will worsen until you will have to flee to My refuges for My protection from the evil ones. As you see these stages in the attempted destruction of religion, know that you will soon be entering the age of tribulation right before I will return in victory over all evil. Keep faith and hope in Me for this reign of evil will be brief before the evil ones will be destroyed and cast into the flames of hell."

Wednesday, July 26, 2006:

Jesus said: "My people, there is a genocide going on in African countries where militant Islamic people are deliberately killing Christians. You may not understand the customs and tribal cultures of these countries, but the open killing, that is going on, is much more horrific than all of those killed by Israel. The International News has hardly lifted a finger to show the real cruelties of how Christians are being slaughtered with machetes, and no one seems to care. America only goes to war over oil or drugs, no matter if others are being killed in Africa. The one world people are directing America's wars even when there is no cause for war. Their goal is to bankrupt America, and destroy its military, and they have made America ripe for takeover. Pray for America not to follow the one world people's plan for more wars and self-destruction. Instead follow My plan of giving everything over to Me, and your reward in heaven will be worth more than any earthly rewards."

Thursday, July 27, 2006:

Jesus said: "My people, this war in Lebanon has gone beyond suicide bombers and stone throwing to a near full military attack. The militants are being emboldened by Israeli withdrawals and weapons coming from Syria and Iran. Because the militants are part of the Lebanese population, they are drawing Israeli attacks against nearby civilians. But the militants are killing innocent civilians also in Israel, even as other insurgents are killing civilians in Iraq. With these attacks there are no real battle lines and many people are being killed and their homes destroyed. The hatred between Arabs and Israel will only worsen with increasing killings. Since Israel is defending itself, other nations have a hard time interfering, even though

more are calling for a cease fire. This war will continue as long as the militants are supplied with weapons and their food. It is the combatants themselves that will determine any cease fire, as each struggles for any military advantage. Pray that these hostilities cease and that some peace mission could bring these parties to a peace table. Without any desire for peace, this war could involve other nations in a short time."

Prayer Group:

Jesus said: "My people, war always breeds death and destruction, and it is a tool of the devil to divide and conquer. This latest attack against Israel has been sponsored and supported by Iran and Syria who are declaring a holy war against everyone that is not of their religion. Their war is not only against Israel, but indirectly the West because Russia and China are where they get their weapons. This conflict could very easily get larger and bring a possible world war. Keep praying for peace because the evil ones are beating the war drums once again."

Jesus said: "My people, in Lebanon and Afghanistan you are seeing much use of tunnels and caves as protection from aerial bombardment and detection. These places of protection are being used in wars, but they could also be a good means for hiding from the evil ones in the tribulation time. I even told you that My angels would clear out caves and tunnels for your protection. When the Antichrist is allowed to have his reign, you will be fortunate to have My protection in the caves of the hills and mountains."

Jesus said: "My people, oil and gas prices continue to rise because of the threats of war, and increased summer driving. When gas prices go higher, there are renewed interests in renewable fuels and alternative sources of energy. There is a continual argument among scientists over the global warming trend. Melting glaciers and record heat are very real, and power blackouts are becoming more common as well as fires in dry areas. Your energy sources are no longer cheap, and this part of your budgets will be increasing with time. Pray that all peoples will share those energy sources for a reasonable price so that everyone will have an opportunity for a comfortable life."

Jesus said: "My people, the Native American Indians have had a hard life when they were forced to live on reservations. They have their own cultures that do not always want to use modern homes and technologies. Some have made a business of selling things without taxes. Others have profited from casinos. These people need to be left alone to live how they desire, even if it seems as a

simple lifestyle to modern man. Pray for these people who have been abused and taken advantage of by those trying to make a quick profit at their expense."

Jesus said: "My people, those of you, who have traveled in Middle East countries, have seen the very rich and the very poor. There are very few rich people and middle class. The bulk of the people do not have welfare and they have to work out a hard living just to survive. My people of America are very spoiled compared to the poor of the third world. Because they have little, it is easy for evil ones to get them to fight for a better life, even if they are being told a lie. The brain washing of hate for Westerners is ingrained in young children. Pray for these people in abject poverty that they will see that war and fighting will not make their lives better."

Jesus said: "My people, when people go on summer vacations to park lands or campgrounds, there is a beautiful comprehension of the vastness of the beauty of nature. No matter how many roads, bridges, and homes that man makes, there is a special feeling that you have when you are close to nature in the wilderness. Seeing all of the mountains, streams, flowers, and wild animals helps man to see how he is just a part of this beautiful earth. It is man's soul that sets him apart from all other animals. Being made in My Image is a special gift to man. I ask you to love Me and thank Me for your life in this beautiful home you call earth."

Jesus said: "My people, I have shown you earthly beauty all around you, but there is also an inner spiritual beauty that can be found in your souls when they are full of grace. Another beauty is My Real Presence in My Blessed Sacrament. My very Presence in the consecrated Bread and Wine is difficult to understand other than by faith. But having My very Presence among you is more than you will experience beyond any human senses. When you pray before Me or receive Me in Holy Communion, you are having a taste of heaven which is a more beautiful spiritual experience than any earthly experience. By following My Will for you, you can have this experience forever in heaven. Live your lives so you may be saved with Me for all eternity."

Friday, July 28, 2006:

Jesus said: "My people, this subject of women dressing immodestly is another sign of the depravity of your society. Many of your Hollywood actresses consider it fashionable to dress immodestly. Even nudity in movies and improperly clothed women are used in advertising. These

same models are using surgery to enhance their appearances only for show. Immodesty in dress by women is a sinful action and can cause an unnecessary occasion of sin for others. This example by movie stars has affected your women in public, even when there are predator molesters being drawn to prostitutes. Women and men both need to dress properly, especially in the summer in coming to church, but even all of the time. Do not use such immodest dress just to attract others for selfish purposes. Men and women are susceptible to sexual weaknesses by the sin of Adam, so dressing your body properly is one more step to holiness."

Jesus said: "My people, this vision of a large wave headed toward Florida is an indication of how Florida will again face major destruction from natural disasters. This large wave will be an unusual event in the Atlantic Ocean that could be triggered by an earthquake or a volcano. Hurricanes have struck Florida in previous years, but this state will be facing major devastation. America is about to endure some major problems from natural and enhanced causes. With enough damage as in Katrina there will be some damaging effects to your economy. Continue to heed My warnings to get back from the coastlines and away from earthquake fault lines. Pray for all the people who may suffer from these events, but there are many sins being committed in this state that are calling for My justice in punishment. Pray for repentance and conversion of your people so their souls are prepared to meet Me at their judgment."

Saturday, July 29, 2006: (St. Martha)

Jesus said: "My people, there are two readings that could be used for today's Gospel reading, but I chose to talk about the reading about Lazarus (John 11:11-44). I spoke these words to St. Martha: 'I am the Resurrection and the Life; he who believes in Me, even if he dies, shall live; and whoever lives and believes in Me, shall never die.' This is not just a reading for funerals, but it is a core belief in why I was incarnated as a man to save all of humanity by My own sacrifice. Every person, who is born, must die in their body because of the consequences of Adam's sin. But I am the New Adam who has conquered sin and death by My Resurrection from the dead. All of My followers, who are faithful to My laws of love, will also be resurrected in their own bodies just as I have given you My example. So do not focus so much on the things of this life, but focus more on Me and the things of heaven. Your life here is only temporary and a testing of whether you

are holy enough by My grace to enter heaven. This is why living your life to follow Me will have its reward when you are resurrected in body to be with Me forever in heaven."

Sunday, July 30, 2006: (Multiplication of loaves and fish)

Jesus said: "My people, today's Gospel about My multiplying the five barley loaves and two fish was a precursor to My instituting the Eucharist for everyone's spiritual bread. In each Holy Communion piece of bread you have My Body and Blood in My Real Presence. When you receive Me in Holy Communion at Mass, I am united with your soul, and I heal your sins and give you My grace of this sacrament, provided that you are free of mortal sin. This vision of almost a vault to protect My Blessed Sacrament is because of the attacks against My Eucharist. Some are not giving Me proper reverence, and even many do not even believe in My Real Presence. Still other more evil occult people are even trying to steal My consecrated Hosts to desecrate at their black masses. In time you may be called to physically protect My Hosts from physical abuse as religious persecution will be coming from all directions. You have a battle of good and evil going on that will be closing Catholic Schools and even My very churches. Guard your faith and My tabernacles from any evil attacks or abuses by calling on My help in prayer."

Jesus said: "My people, the souls of all of the innocent victims, that were killed in orchestrated wars by the one world people, are calling out for the injustice that they had to suffer. Many of America's wars had the causes perfectly fabricated to trick the people into going to war, even if the evidence was false. These evil people are only interested in making money on wars, and they do not care who dies or not. Thousands could die for one of their causes, and all they care about is the money they could gain. In addition to the justice being called out by the souls of these dead bodies, My justice also is being called down on these evil ones. All America has had to suffer the consequences of these trumped up wars, yet none of your Congress people or Senators stand up to these evil societies to stop these war debts and the constant killing. America will suffer from natural disasters and wars, but your people need to take back control of your country from the rich by not giving them your money, or using national strikes. If these evil ones are not stopped, you may face martial law before your next presidential election. They are leading you to a world war, so pray for peace and refuse to support any more wars."

Monday, July 31, 2006: (St. Ignatius of Loyola, Jesuits)

Jesus said: "My people, this first reading of Jeremiah (Jeremiah 13:1-11) speaks of hiding a used loin cloth in a deserted place. When it rotted, it was good for nothing. This was symbolic of Israel who was close to God as the loin cloth, but because of their idol worship and pride, they were also good for nothing in the eyes of God. The message, that I give to America, is this same message to Israel. America is prideful in your large economy and your military superiority, but you also will fall as into this bottomless pit, because you worship the idols of money, possessions, and self instead of worshiping Me. You have seen how the people of Europe rarely attend church services. This is the same trend in America where fewer are going to Mass on Sunday, and your churches and schools are closing for lack of priests and attendance. The people of America need to wake up with a spiritual renewal before it is too late, or you will lose your faith in Me. Wake up to the fact that without Me, you are literally good for nothing. See that without Me in your life, your accomplishments will mean nothing because they are being done for only earthly purposes. When you do everything for Me in total consecration, then you will be fulfilling the mission that I intended for your life, and you will store treasure in heaven."

Jesus said: "My people, your weapons scientists have developed a new satellite controlled underwater missile for destroying ships from a distance. In your latest wars both sides are trying out their latest weapons to destroy targets. The latest long range missiles for ground targets, antitank missiles, and antiship missiles have been displayed by Hezbollah with the help of Iranian weapons and Iranian technicians. Israel is using the latest laser guided bombs, artillery, and ship missiles. Despite the use of the latest weapons, still many civilians are being killed on both sides. This latest war does not have military front lines, but Hezbollah is firing rockets from civilian neighborhoods. Calls for a cease fire are not being heeded until Israel can have another buffer zone from rocket attacks. Yet with longer range rockets available, a buffer zone may not be workable. The killing of civilians is enraging the Arab nations to possible reprisals against Israel. Any widening of this conflict could lead to a world war. Pray for peace and a quick end to this current conflict before worse things could happen."
