

Sunday, July 1, 2007:

Jesus said: "My son, just as Eliziah passed on his mantle to Elisha, I have asked you to take on this mission of preparing My faithful for the end days. I am thankful to you for immediately accepting My mission for you, as you consecrate yourself to Me each day. I know it is not easy to accept My calling, but with My grace you will be able to carry on. Some feel that they are not worthy to take on being a prophet in proclaiming My Word, but you have accepted this mission in blind faith and obedience. My Blessed Mother, many of My saints, and prophets have also given their fiat to My service without turning back. Those, who follow My call without hesitation, are showing full trust and a deeper faith in Me and My help in making this commitment of their lives. When others wanted to look back with various excuses as even burying relatives, I told them to let the dead bury their dead. It is most important to proclaim My Gospel of Good News to all the nations without reservation or worry of any persecution. Those, who are reluctant to follow Me, need extra grace to support their weak faith. My people should be humble in My service, but they should not hold back anything, and give Me their full commitment. You can only be a complete Christian, and not a lukewarm Christian, if you expect to enter heaven. So put aside all of your earthly excuses because you are called to a spiritual life with Me, where you can only use all of your potential talents by giving your all to My service."

Jesus said: "My people, you have seen many clashes in history between the Moslems and the Western people as in the Crusades. These differences are hard to reconcile, especially with Israel in the midst of the Arab countries. There will continue to be problems between these factions, especially over the oil which is sought by China and other industrial nations. The ongoing wars in Iraq and Afghanistan have made the Moslems mad at America for trying to take their land and kill their people. These feelings will continue to make terrorism a real threat in the West from Moslem militants who have infiltrated into the Western countries. These few little skirmishes in Great Britain are a sign of more of these incidents to come. Pray for peace among your peoples, but there are those in high places who want to take advantage of these hostilities for their own gain."

Monday, July 2, 2007:

Jesus said: "My people, you have heard the account in the First Reading of the evil of Sodom and Gomorrah, and how I wanted to destroy these cities. I have given the gift of free will to each soul so that they have been made in My Image. I give you free will so you could choose to love Me, and you are

not forced to love Me, even as the plants and animals have no choice. But there is a heavy responsibility to use this free will to do good things. In other words you will be held accountable for each action because you inherently know what is good and bad by My Commandments and natural law which is in the heart. If you know, love, and serve Me in your actions, you will receive My reward. For all of your bad actions, you need to confess your sins to Me and seek My forgiveness. If you continue to violate My laws knowingly, and refuse to repent of your sins, then you must be prepared to accept My justice, even as the people in the flood and the fire were killed for their evil lives. People, who live a total life of evil in defiance of My Will and My laws, can expect to suffer for eternity in hell. So in all of your actions you are to expect the consequences of your decisions. You can choose to do evil and sin against Me, but you will need to make some reparation for your sins, even as you must suffer prison time for violating the laws of your society. I am a God of love, and I offer you My mercy for your sins by being sorry and contrite for them. But if you have no remorse for your bad actions, then you are calling down My punishment upon you."

Monday, July 2, 2007:

Jesus said: "My people, you are using natural gas, coal, and nuclear power to generate your electricity for your grids. These sources are relatively cheap, but burning fossil fuels still makes up a high percentage of your means to power your plants. There is an increasing interest to make power without creating pollution of carbon dioxide and other pollutants as acid rain. As solar, wind, and more nuclear power come on stream, there is a plan to cut down on pollutants. In the same way cars need to be more efficient with recyclable fuels to cut down on oil imports and pollution as well. Once you have decided to improve the air, there may be many new discoveries on how to conserve power and make things more efficient. Man cannot keep increasing his power needs without any limit, and he needs to find new, environmentally friendly ways to provide electricity. Question your real needs and how best to provide clean power and clean fuels, so nature's balance is not disturbed."

Tuesday, July 3, 2007: (Rose's Funeral) (Our 42nd Wedding Anniv)

Jesus said: "My people, many relatives of the deceased are in sorrow at the passing of their loved one. Even though it may be painful to let your loved one go, they need to die to be able to come to heaven. Very few souls go to heaven directly, while the rest go to purgatory or hell. In the vision I am showing

you the real celebration occurring when souls in purgatory are allowed into heaven. This stream of white souls have been purged and cleansed of all of their worldly desires, and they have made reparation for all of their sins. In Rome you see some canonizations of saints by My Church, but in heaven there are many new saints being welcomed into heaven that are not even known by man. Some of these souls are released together on feast days, and some are released sooner because people are praying, offering up Masses, suffering, or doing good deeds for them. These souls, who have made it to heaven, will never forget to pray for all of those souls who made it possible for their early release from purgatory. Rejoice and give praise to God for releasing these souls every day."

(St. Thomas, the apostle) Jesus said: "My people, it is interesting to Me to see what man values most in this world. Some people strive to gain as many sports trophies as they can, thinking fame in such accomplishments is their goal in life. Others seek as many patents as they can to show off their knowledge skills. Others seek to make it rich in stocks or property, thinking that success is in how much wealth you can accumulate. Yet success in worldly things will not gain you heaven. In fact giving up your life's wealth in total faith is more desirable to gain heaven. I measure success in how much you can love Me and love your neighbor. Saving souls, doing good deeds, donating to charities, and daily prayer are much more valuable than any money that you have acquired. Your treasure in heaven will mean more to your soul when you die, because you cannot take your money or your possessions with you. When your soul leaves your body, you are spiritually naked with only the good deeds that you did in your hands. Live your life in total commitment to Me, and you will be led on the right path to heaven. Forget about fame and money, for they do not exist in heaven."

Wednesday, July 4, 2007: (Independence Day)

Jesus said: "My people, in the beginning of your country your documents have placed Me in your proceedings, and you continue to have My Name on your coinage and in your Pledge of Allegiance. It is for this reason that you have received many graces and blessings. But now you are being led by some who want to take prayer out of the schools, and take 'God' out of anything public in trying to promote a separation of church and state. It is this excuse that is being used to strip anything about Me from the public domain. Your abortion laws and laws over homosexual marriages are drawing an evil curtain over this rainbow, as you allow the one world people to control you in getting into so many unnecessary wars. It is because you are

turning your back against Me that I have taken some of these blessings away from you. You are facing more natural disasters and a possible takeover that would remove your Independence rights in the coming North American Union. Bring your country back to more prayer and worship of Me before your country's history will disappear with your spiritual apathy."

Jesus said: "My people, you have heard accounts of people leaving their body during a near death experience. Sometimes they hover over their body, and others have experiences of seeing Me, and then are allowed a second chance to return to their bodies. While they are out of body, they can sometimes converse with live persons who are open to their communication. I am relating this experience because at the time of the Warning, all of you will come out of your bodies at the same time, and you will come before Me in your mini-judgment. You will have an illumination of your conscience as you will review all of the years of your life with a special attention to all of your unforgiven sins. You will receive your individual judgment, and you will have a taste of your destination. You will be outside of time, and then you will be placed back into your bodies for one last chance to change your lives, and seek My forgiveness of your sins. Take advantage of this supernatural intervention which is My mercy to wake up every soul to come to Me in love. Some will still reject Me, but those, who work to improve their lives, will find a heavenly reward at their final judgment."

Thursday, July 5, 2007: (St. Anthony Zaccaria)

Jesus said: "My people, it is not easy to keep your focus on Me with all of today's earthly distractions. Having a dedicated daily prayer time can act like these windshield wipers in constantly removing your distractions of the world. Make your prayer time a high priority in your daily activities, and you will not overlook it. Be careful not to put off this time, or you may forget it. Even if you do not spend your hour in prayer, make a morning offering to consecrate everything to Me, so all that you do becomes a prayer to Me. If you should miss your prayer time on one day, try to make it up on the next day, because your prayers are needed for My Blessed Mother's intentions. You may think that just your prayers are not that important, but you are in a spiritual battle and your prayers need to be offered so I can multiply them to offset the evil of the world. Let this message be an added reminder to have your prayers said preferably in the morning while you are still fresh, instead of being tired at night to say them."

Prayer Group:

Jesus said: "My people, the evil ones have linked their satellites and cell towers so the internet web covers buying and

selling all over the world. The www has been likened to the digits 666 where the beast will use this to control the people. Smart cards and chips in the body will be the means to control people through their money and charges. They also mean to control your minds to worship the beast. Refuse to use smart cards and chips in the body so you are not part of their mind control. When you see martial law or the Antichrist declare himself, you are to call on Me and your guardian angels will guide you to the nearest refuge of protection. Have no fear of these evil ones, for My power will overwhelm them."

Jesus said: "My people, I have warned you before that there is a coming epidemic of a man-made virus that would be spread all over America by chem trails from your government. This would be spread by both military and airline planes. This will be one of the main events leading up to martial law being declared. The evil ones would have an antidote vaccine for themselves, but the public could die from this virus. Call on Me to protect you and lead you to My refuges. There you could drink the spring water and look on My luminous cross to be healed of this epidemic."

Jesus said: "My people, the same people, who are making your present man-made viruses for the chem trails, will be making a much more virulent form of old diseases to limit the population of America. The one world people have to bring America under their control if they are to bring about total takeover of the world. All of those, who are against their new world order, will have to be exterminated, even as Hitler wanted to dispose of the Jews. There will be much killing, but My faithful remnant will be protected at My refuges, defying the evil ones' plans."

Jesus said: "My people, the reign of the evil ones will be shortened and brief as I will bring My wrath upon them. They will suffer hell on earth and then they will be cast into hell so no evil will remain on the earth. I will renew the earth and then bring My faithful remnant into My Era of Peace. This victory over evil is what I have promised you in prophecy, and it will be carried out and fulfilled in My time. So do not have any fear of the power of the evil ones because I will snuff them out in an instant."

Jesus said: "My people, the evil ones will have their hour of evil for a short time, even as I allowed them to crucify Me for your salvation. But I allowed them to go only so far in order for My faithful to spread My teachings all over the world. In this evil age I will send you My Warning to offer every soul an opportunity to be saved if you repent and ask for My forgiveness. Trust in Me and I will save your souls from all that the one world people are planning."

Jesus said: "My people, some people are afraid of these messages that speak about ruthless killing of the American people with viruses and public executions. In human terms this can be threatening, but you have My promise of protection from the most deadly things that the evil ones could develop. My power is greater and I will protect you at My refuges with an invisible shield of My angels that will keep any threatening bombs or viruses from harming you. Rejoice that I will go into battle for you, even as you know that I will be the victor."

Jesus said: "My people, My faithful remnant must be a people of prayer with full trust in their Lord. I have given you many messages of how important prayer is in your lives. Prayer is how you communicate your love to Me. Prayer is how you give Me praise and glory. Prayer is how you are sorry for your sins and it leads you to My forgiveness in Confession. Prayer trains you spiritually to how you will be completely focused on loving Me without any earthly desires to distract you. Love Me always as I love you unconditionally."

Friday, July 6, 2007: (St. Maria Goretti)

Jesus said: "My people, this vision is a picture of all the latest saints that just graduated into heaven, and all of heaven is rejoicing at their arrival. Heaven is a joy and a complete satisfaction of your soul in My Presence with My love and peace wrapped around you. You become a part of Me as you view Me in the beatific vision. It is a joy that cannot be explained in human terms, and it is a state of being more than an earthly existence. Your spirit is in a beautiful youthful appearance, and you will be thankful to Me for your reward to be here. You will be giving Me praise and honor constantly, and you will also desire to pray for all of your friends and relatives to come to share heaven with you. Your ideas of spiritual love for Me and others barely touches the surface in your earthly experiences. When you are in heaven, you will see why I preached so much about love and how it unites all souls. When you first fell in love with your wife or husband, you were in a special world that you could not do enough for each other. This earthly experience is just a touch of what heavenly love is all about. I created all souls with this joy of love, and you were meant to share this eternal love with Me in heaven. As you understand your desire to be with Me in heaven, I want you to give everything over to My Will, so you can fulfill My mission for you in saving your soul and the souls around your influence. Keep Me totally fixed in your focus throughout each day of your life, and you will one day be with Me forever in heaven."

Jesus said: "My people, there are some people who strive all of their lives to make as much money as they can. They let

money dictate how they live and in essence they let money and fame control them. These are the same people that measure success in how much money and property they could accumulate. But what good is it to gain the whole world and lose your soul? This wealth is fleeting and it will not help you to gain heaven. Treasure on earth is a whole lot different than heavenly treasure. Earthly treasure can only buy earthly things, but these earthly desires have to be purged from your soul to make you ready for heaven. Heavenly treasure for your good deeds, prayers, and charity cannot be stolen or devalued, and it may help you when you are judged at your judgment. Earthly treasure is valued by man, but heavenly treasure is valued more by Me. Focus more on your heavenly treasure which can help gain you eternity in heaven. Those, who strive for money, become a slave to money and even make money an idol which could endanger their reaching heaven. Money is only a means to provide for your living. It is not an end in itself. Worship Me only over anything of earthly origin. If you worship money, you are violating My First Commandment."

Saturday, July 7, 2007:

Jesus said: "My people, you have just heard the Scripture about how Jacob and his mother deceived the blind Issac to give Jacob the birthright blessing that should have gone to Issac's oldest son, Esau. (Gen. 27:1-29) In My Church My faithful have also been given a birthright of My Traditions and the Sacred around My Blessed Sacrament. But you also have deceivers in My Church that are removing the statues, icons, and even My Blessed Sacrament into back rooms. Your churches have become only four walls with no sense of the Sacred of a church. You indeed have wolves in lamb's clothing attacking the reverence of My Blessed Sacrament. My church is a place for My Real Presence to be honored in a prominent place, and not to be hidden. Prayer should be taught more, and the witness of My saints should be present to inspire My faithful to lead holy lives. If your religious teaching is so weak, how can you pass on the Traditions of My Church to future generations? Follow My Words in the Scriptures, even if My flock is not being properly pastured. These deceivers will have to make an accounting at their judgment for any faithful that they have led astray."

Jesus said: "My people, Israel is expecting more attacks from Hamas, and Iran is sending arms to all of the terrorist groups in Iraq and Gaza. With so many factions fighting in the Middle East, there is a real chance for war to break out again in this area. Both sides would like a compromise, but the militant Islamists do not want to stop fighting until Israel is defeated. This is why future wars will continue in this area

because there is little chance for peace. If all out war occurs in Israel, America will come to their aid and you could get involved in yet another war which you can hardly afford. America will be forced to break off any support in Iraq and Afghanistan because your troops and planes are already spread too thin. Continue to pray for your troops to come home so you can protect your homeland from foreign attack."

Sunday, July 8, 2007:

Jesus said: "My people, the little falls represents the cleansing of sins as when you are Baptized or absolved in Confession. You all are sinners, but not many want to admit it. Even some want to confess their sins in a neighboring parish because you are embarrassed if your parish priest heard your sins. But it is most important for the spiritual health of your soul to confess your sins at least once a month. I am always ready to forgive your sins, if you would just repent and be sorry for having offended Me. The other scene of torrents of water represents the rush of worldly events that can sweep you up if you are not careful to avoid this danger. The calm pool of water represents the quiet time that you could share with Me in meditation or prayer, in order to share your love with Me. When you are too involved with earthly activities, you can take up all of your time without making time for Me. So keep your prayer time as a top priority, and you can make time for Me in your lives."

Monday, July 9, 2007: (St. Augustine-Chinese martyrs)

Jesus said: "My people, this reading about Jacob's Ladder at Bethel (Gen. 28:12) came from Jacob's dream and later he made a covenant with God as he named the place after God's presence. You also have had this dream in a vision before (7-13-06, 2-28-07), but this time you are seeing angels and saints ascending and descending on this stairway or ladder. Even though you are in an evil world, you have the saints and angels around you to guide you and protect you from the evil ones. You have only to call on My help and I will be there for you. You may not realize it, but you are in a constant battle for souls. The faithful people are being helped by My angels to convert souls to the Lord on one side. Then you have the occult people influencing souls to evil on the other side. Pray for the people around you that they may see My Light and be saved by their conversion."

Jesus said: "My people, the one world people have planned a long time for the takeover of the whole world. They will bring the Antichrist into power at the appointed time, but all of those, who thought that they would get a high place of honor,

will be double-crossed. He will remove all of the current leaders, and he will replace them with his hand-picked occult people of his own culture. The Antichrist is a father of lies, as the devil will influence this beast of a man. He will first talk of peace to gain the people's favor, but once he has declared himself in full authority, he will become a tyrant leader causing an evil that you have yet to see. His reign will be shortened for the sake of My Elect, when I will come in victory to vanquish all of these evil ones. Once the Antichrist's hour is over, I will cast all of these evil ones into hell. I will renew the earth, and bring about My Era of Peace. Fear not these evil ones, for as you see the Antichrist take power, know that My victory is near."

Tuesday, July 10, 2007:

Jesus said: "My people, I am grateful to all of My dedicated faithful who come and give Me worship and homage before My Blessed Sacrament in Adoration. I also invite those, who can make Me a priority in your life, to come and visit Me in My Real Presence. I will listen to all of your prayers and petitions, and they will be answered according to My Will in My time. You are seeing a vision of the universe over My consecrated Host as a sign of My great power as Ruler of the universe. The people of My day saw Me cast out demons, and heal the sick in miracles they could not fathom. To the remark that I was the prince of demons, I told these accusers that Satan's kingdom could not last if it was divided by My casting out demons. In fact I am Ruler even over Satan and all the demons, as they feared My presence, and they did not want Me to drive them out of souls. Even today priests and people can recite prayers of deliverance in My Name to cast evil spirits out of possessed people. My power did not stop when I left the earth, and I allow My power to be invoked when you call on My Name. Give praise and glory to your Lord who rules everywhere with a loving hand. Come to Me in love at Adoration and Holy Communion, and you can share in the power of My Blessed Sacrament. Where I am adored, many blessings will come down on those believers."

Jesus said: "My people, your pope is allowing the Latin Mass to be said more freely so the Church can preserve some of its traditions and a sense of the Sacred. There are some who are opposed to the old traditions because it may be foreign to them if they are younger. Others do not like the old traditions and they want to persecute anyone who tries to bring them back. The Latin Mass was the same all over the world, even though some may not know the meaning of the words. It was the old missal that enabled you to follow the words in English. Many of the

old traditions gave more reverence to My Blessed Sacrament. My Real Presence should be more honored in a prominent place than some churches give it. Give praise and glory to your Lord for instituting My Holy Eucharist in the Sacrifice of the Mass. Keep these basic teachings of the faith close to your heart, and do not let anyone take them away from you."

Wednesday, July 11, 2007: (St. Benedict)

Jesus said: "My people, I am showing you this automobile manufacturing line because many of your home industries are facing unequal competition from foreign companies. Because you allow foreign auto companies to make cars on your soil, and because of your North American Trade Treaties (NAFTA), your own companies are losing market share and are on the verge of bankruptcy. Your other companies have sent jobs overseas for cheaper parts and labor as technical middle class jobs in manufacturing are disappearing in America. The profits are being made on Wall Street and they are going to the rich, while your workers are left with lower paying jobs. This elimination of your middle class workers is part of the one world people's plans to weaken America and make it ripe for takeover. Your imbalance in your trade deficit, especially with China, is causing more money to leave America. Your deficits in your government spending and the high amount of individual debt with little savings will strain your finances to the breaking point. A financial collapse could be engineered at any time because America is so vulnerable. Pray for your people who do not see how they are being manipulated by the rich and the powerful."

Jesus said: "My people, I have told you before that My faithful will be invisible at My refuges from anyone trying to harm you. This large rock wall is what they will see and it will be impervious to any means of detection such as microwaves, infra-red, or any other human sensors. Be grateful that My angels will protect you from any physical or evil force. All of your necessities as food, water, clothing, and shelter will be provided for you. You do not need to know how I will protect you, but I will do the impossible to try and save all of your souls. When you come to My refuges, you will need to put your full trust in My protection. Just as you trust Me in faith for your spiritual life, so you will have to have faith in My help for your physical life as well."

Thursday, July 12, 2007:

Jesus said: "My people, these ruthless one world leaders will do anything to get their way in taking over countries. They try to subvert the people through the banking systems in each country by controlling the spending. These are the

central bankers who have a hold on people through their debts. They encourage wars and overspending to purposely run up debts so they could control that country's government. They follow orders from Lucifer himself in bringing down the morals of the people through the occult, bad movies, abortion, and homosexual practices. They finance cloning, bad science, and abominations against My balance of nature. These evil ones are about to bring world control to the Antichrist, and this meeting is just one of many in how they will bring it about. Have no fear because I will bring victory over all of these evil plans at the appointed time. Be patient and trust in My power that will cast this evil lot into hell."

Prayer Group:

Jesus said: "My people, when you see flowers bloom, you are awed by their beautiful colors. When you see someone working good deeds to help someone, they are blooming also with joy and satisfaction with the fruit of their works. I give all of you many little opportunities to help people, even if it is just to open a door for someone. Reach out to show your love for Me by showing your love for your neighbor in sharing your time, money, and spiritual gifts."

Jesus said: "My people, your first spiritual concern is that you keep your focus on Me so you can direct yourself down the right path to heaven. By giving good example in your prayer life and your actions, you can be a faithful example to your children by letting them see that you practice what you preach. Each parent is responsible for the souls of their children. You try to lead them down the right path, but they need to make their own choices to believe in Me. Even when they may wander away from the faith, you need to pray for their conversion, and encourage them away from any bad lifestyle."

Jesus said: "My people, sometimes you see people who are struggling with difficulties in their life and they need lifting up to Me. Do not be afraid to go out of your comfort zone in order to share the joy of your faith to build up someone in need of spiritual help. Even sharing how much you love Me with someone can buoy up their spiritual life which may be lacking in fervor for Me. You can pray with such people, help them in their necessities, and teach them the basics of the faith. Helping to save souls in conversion or bringing them back to the sacraments will give you treasure in heaven. Every soul, who repents and comes to Me, causes great rejoicing in heaven."

Jesus said: "My people, when you reach out in charity for another soul, it is how much you give of yourself that shows how much love is in your heart for them. You can give someone a donation of money to help with their necessities, but this can be a minimal effort for their help. Others may actually give of

their time and talent to help paint or build a house for someone else. This is the extra mile of charity that the receiving person is now touched and grateful for the helping person's concern. Others help the poor with clothing and soup suppers to feed their needs. This extra outreach takes love in the heart to want to help those in great need. So when you feel in a charitable mood, try to go beyond a simple donation, with help in your prayers and personal labor, even when it is not requested. The more you give of yourself for others, the more reward you will receive in heaven."

Jesus said: "My people, you know how important it is to be able to attend Sunday and Weekday Masses with the priest present. You also are aware of how much Satan attacks My priest sons, and tries to discourage vocations. Many vocations to the priesthood come through fervent prayers before My Blessed Sacrament. You also need to pray to Me to send extra angels of protection around the priests who bring Me to you in Holy Communion. Beg that I send more laborers into My harvest."

Jesus said: "My people, there are some beautiful people who reach out to women with problem pregnancies to support them in either adoption or taking care of their own children. Abortion is such an abomination of My gift of procreation, and no life should be wasted or killed, even for some deformity. Pray for these mothers who need support, and pray for the workers to come forward in helping to counsel these troubled women."

I could see some people out of charity praying for women who were having difficulty in conceiving a child. Jesus said: "My people, you have had people ask you for prayers that they could conceive a child. This irony is around so many who choose to abort their healthy children. Your son, David, and many other saints are willing to be intercessors for infertile couples. You know that with Me all things are possible. So reach out in prayer to help these couples to have children, and when such a prayer is answered, give glory to God and thank Him for every gift of life."

Friday, July 13, 2007: (Josephine's funeral Mass)

Jesus said: "My people, during life you come to Me in the priest to have your sins forgiven in Confession. Unfortunately, because Confession is not encouraged much in your churches, very few are moved to confess their sins. Some feel only compelled to go if they have committed a mortal sin because they were not taught about frequent Confession even for venial sins. By rationalizing their serious sins as not being mortal, then many Catholics do not feel it is necessary to confess their sins. Everyone has to admit that they are sinners, and they should

confess at least monthly. You have the grace of the sacrament of Reconciliation and the opportunity of receiving spiritual counseling from your confessor. By keeping your soul cleansed frequently, your soul will be pure for the day that I will call you home in death. Even in this vision of meeting Me, everyone will see Me at their judgment at their death, and you do not want Me to be a stranger to you. If I do not know you because you have not prayed or repented of your sins, then you risk being condemned to hell. But if I do know you for praying to Me often and worshiping Me on Sunday or more, then surely I will welcome you into My Wedding Banquet after you have cleansed your garments of the filth of your sins. Let each funeral that you attend be a reminder to you that this life is short, and on earth you are always preparing for your eternal life with Me in heaven."

Saturday, July 14, 2007: (Kateri Tekakwitha)

Jesus said: "My people, when you make a commitment to Me as Kateri did, every day of your life takes on a new light and a joy to live it for My greater glory. You all have earthly duties to provide for your living, but with your daily consecration, everything that you do, you do for Me. In the few minutes that you make in order to pray with Me, you are at rest and peace in your soul. Give glory and praise to your Lord every day, even as My saints and angels sing My praises. Kateri dedicated her life to My service, even despite the persecution that she received from her tribe, because they did not have the same faith in Me. I call on all of My disciples to dedicate their lives to Me as well, and reach out to others to share My Gospel of love and salvation for their souls. Rejoice when you share each day with Me in love, and also love your neighbor as yourself. By being obedient to My laws and My mission for your life, you will have an everlasting peace with Me in heaven as your reward."

Sunday, July 15, 2007: (Good Samaritan)

Jesus said: "My people, you are witnessing in these farm fields the gifts of the earth's produce for your food and feed for the animals. The farmer receives pay for his crops, but it is a labor of love so that people may have the needed food to eat. The message of today's Gospel is all about helping your neighbor without expecting anything in return. Just as the Good Samaritan was moved to pity to help the beaten man back to good health, all of My faithful should be open to help your neighbor in their need. You should also be willing to take action without being asked. Maybe you would be called to help someone clear land of some trees to build a house, or help someone

harvest their crops. When you help someone, do not look for a lot of praise, for you already have received your recompense. When you perform charity as in donations of money, do not let your left hand know what your right hand is doing. Those good deeds that you do in secret, My heavenly Father will reward you in secret in heaven. Be a cheerful giver from the heart, and be generous as you are humble in your sharing. In all that you do, do it out of love for Me, and love for your neighbor."

Monday, July 16, 2007: (Our Lady of Mount Carmel)

Jesus said: "My people, this day you honor St. Simon Stock whom My Blessed Mother gave the brown scapular with a promise that whoever wears this in faith in Me, will never see the fires of hell. My Blessed Mother and I have our hearts joined as one, and she watches over all of her children. At the foot of the cross I gave St. John to My Blessed Mother, and he represented everyone on earth as My Blessed Mother was given to be your mother as well. This is why this scapular holds this Sabbatine Privilege (Release from purgatory on the first Saturday after death) because by wearing it and following the promises given, you have My Blessed Mother's mantle of protection always over you. You are Mine and by your faith, we will be both guarding you from any temptations and attacks from the demons. Rejoice in your rosary prayers everyday as you call on our love and our protection in your daily consecration."

Our Blessed Mother said: "My dear children, this is one of my blessed feast days to celebrate Mt. Carmel and there is a parallel to the Heavenly Hill that has been dedicated in my honor in these shrines that were directed to be built there. Many people will be drawn there for spiritual healing and conversions. It is a haven or refuge for sinners and holy ground. All of those associated with this work will be blessed for these efforts, and you are seeing the fruits of this work. Continue the prayers at this site which are key to the protection of my little children."

Jesus said: "My people, this spider web in the vision is the same web being set by the one world people to take away your money. They are trying to force a cashless society so everything is on credit or debit. This will enable them to take control of the money system and manipulate the money supply so they could create a financial collapse by calling in all of the loans at once. When people could not pay, they would foreclose on people's property and steal their assets. This could precipitate a depression that would enable the one world people to declare martial law and takeover your country. This is one more step to a takeover using the North American Union as their vehicle for control. Beware of mandatory smart cards and chips

in the body that will be used to control your population. Refuse chips in the body, even if they threaten to kill you. Chips in the body could control your mind against your will. Come to Me and My angels will lead you to a refuge where you would not need chips or anything of the Antichrist. Trust in Me during this battle and I will provide for your needs."

Tuesday, July 17, 2007:

Jesus said: "My people, you have heard the account of Moses how he fled from Egypt to Median where he lived until he was called by God to free his people from Pharaoh. He lived in a barren land and he would lead his people into freedom in the desert. But this people had to be purified of their desires for idol worship before they could enter the promised land. Purification of the soul in the desert was the same theme of St. John the Baptist where he baptized many that repented of their sins. Even in My ministry I was tested in the desert for forty days by fasting and the temptations of the devil. Many saints, hermits, and monks lived a quiet life in desert conditions or in monasteries in full trust of God by their prayer lives. Everyone is not called to the contemplative life of prayer, but those, who live in full trust in Me, will have their reward. It is more difficult to live in the world with all of its cares and distractions, but still My faithful need to trust in Me and pray every day in your quiet time with Me."

Jesus said: "My people, the pillars of your churches are the priests and the bishops. But what happens when your priests commit sexual offenses against either women or young boys? This creates a scandal in My Church, and the bishops who do not remove these priests can cause further scandal by allowing these offenses to happen again. I will forgive their sins, but these offenders are giving bad example to the faithful. The lawsuits could cause some churches to close so they could be sold to pay for these crimes. The seeds of some of these crimes could be sown in the seminaries in what they were taught, and in those who were accepted that had homosexual tendencies. The priests are human and commit sins as everyone else, but they are held on a higher spiritual accounting because they should be preaching My laws, as well as practicing what they preach. Because of these human temptations, the faithful need to pray for their priests and bishops to be strong in the faith and not to leave their vocation or cause any scandal. When the faithful see these sinful priests, it can challenge their own faith. Seeing huge sums of money spent to pay for lawsuits from these crimes makes it harder to give donations to the Church. Keep your faith strong, even amidst these public scandals, and continue to give what you can to support My Church."

Wednesday, July 18, 2007: (St. Camillus)

The Holy Spirit said: "I AM the God of Love and the Spirit of God. You are seeing Me represented as a white dove holding an olive branch as I am giving a branch to everyone to be peacemakers. Many in America are tired with this ill-conceived war in Iraq, but I want you to accentuate the desire for peace in a loving way instead of an anger against the war. You can write letters to your representatives showing your concern against this war, but do not be mean-spirited in expressing your opinion. This war was the first pre-empted war by America with no truthful cause and no vote from your Congress. You are to love one another and not look for any excuse to protect the oil of other nations. Jesus has asked you to pray constantly for peace to stop the bloodshed and killing of innocent civilians. When you focus on peace instead of just stopping the war, you are focusing on God's peace of loving your neighbor, and not man's peace which is just a lull between wars. War is a punishment for sin, but do not let Satan lead you into constant wars that are promoted by the one world people who profit from them in blood money."

Wednesday, July 18, 2007:

Jesus said: "My people, in the first vision you are seeing new cars for peacetime use. In the second vision you are seeing new heavily armed trucks being made ready for Iraq that could better withstand a roadside improvised weapon. The amount of money being spent on your wars continues to add to the national debt with no end in sight. There is also no end to the number of American troops dying in your wars as well. These wars are a test of your determination to keep fighting the insurgents who seem to be playing a waiting game for you to leave. It would be better for your economy to spend its energy on peacetime uses of your resources instead of uselessly spending your time on a fruitless war. Better to follow the will of your people than get involved in wars of opportunity directed by your leaders who are following the one world people's directions for their profits. Again pray for peace and the proper use of your resources for peacetime uses."

Thursday, July 19, 2007:

Jesus said: "My people, I am showing you a vision that represents the seat of My power in heaven. I am not limited to earthly things, but this bright gleaming glass chair with jewels represents what St. John described in the Book of Revelation. This is a description of the New Jerusalem in earthly terms, but it will be beyond your earthly descriptions. (Rev. 21:18-21)

'And the material of its wall was jasper; but the city itself was pure gold, like pure glass. And the foundations of the wall of the city were adorned with every precious stone.' St. John also describes My throne of power for the Lamb of God. (Rev. 22:3) 'And there shall be no more any accursed thing; but the throne of God and of the Lamb shall be in it, and His servants shall serve Him.' This vision of the New Jerusalem is all about the new heavens and the new earth that I will establish after the devil and his minions are cast into hell in total defeat. Praise God that you will witness My glory and Light forever."

Prayer Group:

Jesus said: "My people, I have created a beautiful planet earth with all kinds of vegetation, animals, and insects, but man is encroaching on this beauty with all of his pollution. Some of this pollution is coming in the chemicals and viruses that are being spread by your chem trails. Other electronic pollution is coming from radio waves, microwaves from TV transmission and cell phones, as well as any radiation from high voltage transmission lines. I have put a delicate balance in nature, but man is destroying My creation with no care for this needed balance. Pray that you take care of your environment so you can pass on a clean sky to your children."

Jesus said: "My people, many people, are being led to start building a refuge out in the woods where it will be protected from anyone seeing it. These refuges are being protected by My angels, and are being consecrated to Me and My Blessed Mother. When you are led by your guardian angels to find these refuges, you will be made invisible to your persecutors. Pray for your protection on your way to your refuges during the tribulation."

Jesus said: "My people, some churches are renovating their altars into circular structures so all the people could see and pray better. Unfortunately, many of these circles and hexagon structures are part of the New Age plans that are being brought into My churches to eventually defile them. The buildings that are going down in steps refers to how many churches are closing because of low attendance and all the many scandals in My Church."

Jesus said: "My people, the movements of the sun, moon, planets, and stars mark the days, months, and years of how you measure time. Your days and nights are brought about by the earth's rotating on its axis. The four seasons are brought about by the tilt of the earth as it orbits the sun to make a year. As you age with this measurement of time, you see how short a time that you have on this earth. Over this time you have seen many scientific advances, but you also have seen a degrading in religious fervor in worshiping Me. You would think that the more you learn, the more you would give Me glory in all

that I have created. Instead, man's pride in his own achievements are being remembered more than Me. Get back to your basic prayer lives and make more use of My sacraments."

Jesus said: "My people, there is a parallel between this pollution of your coal power plants and the black pollution of your sins that offends Me greatly. At times some companies release dark smoke at night to clean out their precipitators in the stacks. This is also similar to your sins which you try to hide at night in sexual sins and thieveries. All sin offends Me, and do not think that your sins in secret are not seen. I see and know everything, so cleanse your sins in Confession even as you are trying to cleanse your environment with less pollution."

Jesus said: "My people, I have warned you in many messages that the one world people are building many detention centers to hold over 20 million prisoners. Those religious and patriots, who will refuse to give up their faith and their freedoms, will be sought out by the one world people because of their refusal to worship the beast and their refusal to take chips in the body. The foreign troops will search for you at your homes and they will take those captured to the detentions centers. Many will be martyred by public executions, and some will be used for forced labor. In Revelation it tells how they will seek to kill My faithful. My warnings are for you to be prepared to call on Me before they come to your houses, so you can be led by your angels to the nearest refuge for protection."

Jesus said: "My people, many people have pets and they care for them even as children. You see much compassion for when dogs and cats are abused, but look at how you abuse your own children with little concern. Some animals are euthanized when they are lost or old, but you kill many of your children in abortion and beat or abuse your children verbally. A soul of a child has much more value than any pets, no matter how much they are loved. Seek to stop your abortions and any abuse of your children, and you will lessen the judgment against your nation."

Friday, July 20, 2007: (St. Apollinaris)

Jesus said: "My people, in today's reading from Exodus there is an account of the Jewish Passover meal, or Seder Supper, right before the Lord was about to have his angels slay the first born of the Egyptians. The Hebrews were to kill a year old male lamb or goat without blemish, and place its blood on the lintel of their doors so the angel of destruction would pass over their houses. There was a description of how to prepare the meal with bitter herbs, representing their years of bondage, and with staff in hand as a meal eaten in haste. This meal was the same in memory as I celebrated the Last Supper with

My apostles. Only I instituted My Eucharist as the First Mass so you could have the miracle of My Body and Blood in the Real Presence of My Blessed Sacrament. My death on the cross fulfilled the Scriptures as I brought salvation to all of mankind. In the vision you have seen the gentle rain as My life giving gift to help your crops grow and provide fresh water to survive. In the same way I give your souls life in the spirit with the gift of My Eucharist so you can eat My Body and drink My Blood to have eternal life. All souls need the grace of My sacraments to keep their spirits in good health. This parallel of water giving life to the body, and grace being the lifeblood of the soul, shows you the beauty of My plan of creation because you are whole in the body and the soul."

Saturday, July 21, 2007:

Jesus said: "My people, young children are innocent and curious when they use the computers to play with. This is why parents have to be watchful of their friends and where they go on the internet. There are predators preying on children on the internet and luring them to meeting places in secret. It is better to give your children good example and warning of strangers, even on the computer. By taking the proper precautions, you can protect your children from these worldly distractions and threats. Another problem with computers, as you know, is that young children can become addicted to playing games or using the internet. It is best to limit their time and places that they search. Be watchful of these latest technologies even for adults in abusing the internet accesses. Once the children and adults know what this problem is, it is a possible place of sin to abuse these places on the internet. People have gone to jail for looking at pornographic sites. Pray for your children that they will heed your warnings."

Jesus said: "My people, there are many international American manufacturers that have poor performance because of a decaying industry or poor management. Some companies, as Kodak, have given homosexual couples equal health benefits as married couples, even when this was not a normal practice at other companies. Some of these same companies have been pressured for profits by Wall Street to send their manufacturing plants and jobs overseas to Mexico and China. They also have tried to cut benefits of the workers in the name of competition, yet these companies give millions to their upper leaders. This liberalism in morals and not protecting American workers has caused financial problems as a result. These international companies are the vehicles of the one world people to eliminate the middle class jobs, and change your laws to favor a North American Union. Pray for your people in finding good jobs, and voting

against the control of your government by the one world interests."

Sunday, July 22, 2007: (Martha, Martha)

Jesus said: "My people, there are two Great Commandments, and the first and greatest is to love your God with your whole heart, mind, body, and soul. The second is to love your neighbor as yourself. This is why your daily prayer and consecration are so important to give Me praise and glory every day. Since your early training in the faith, you are given to know, love, and serve Me. I need to be first in your life with a complete focus on following My Will before your own. It is difficult to overcome your human tendency to put yourself as the center of your world. When I arrived at the house of Mary and Martha, Mary chose the better portion in giving full attention to My words. Martha chose to follow her human traditions of hospitality in providing food and comfort for Me and My disciples. This is why this account is hard for some to accept, but your spiritual life should come before your human traditions. Even today people are so taken up with the distractions and cares of this world that they leave little or no time for Me in prayer. Your eternal destination should be more important than the temporary comforts of this life which are gone tomorrow. Fix your goal and focus on Me in desiring to be with Me in heaven, and I will direct you on your mission that will bring you to heaven. I have died for your sins to show you how much I love you. You can love Me in return by giving Me praise and honor as Mary attended to Me."

Monday, July 23, 2007: (St. Bridget)

Jesus said: "My people, in today's Gospel the people were asking Me for a sign, even after I had cured the sick, raised the dead, and I had given them many teachings about the Kingdom of God being among them. Because of their hard hearts and their disbelief in My words, I told them that the only sign I would give them, is the sign of Jonah. The people of Nineveh repented, and I relented from punishing their city. But St. John the Baptist and Myself asked the people of My day to repent and only a small number believed. I told them that I was even greater than Jonah or Solomon, and their leaders only wanted to kill Me. These religious leaders felt threatened by My miracles and the truth of My words. But even more, the people were converting to My way and they wanted to protect their authority over Mine. I tell the people of today to believe in My Good News of salvation and repent of your sins. You can share in My mercy of forgiveness, or you can face My wrath as the Egyptians were killed in the Red Sea."

The Holy Spirit said: "I AM the God of Love and all of Us are truly answering your prayer in song by raining down our graces and blessings upon you in tongues of fire, even as you have seen pictures of Jesus in the Divine Mercy. All of heaven rejoices with you as you give praise and glory to God. All the saints and angels sing our praises constantly in heaven. Singing your praises to God is a way of preparing you to share every day with Us as you will sing to Us when you come to heaven. Do not be afraid to witness to your God in public, even if you may face criticism or persecution. For every one, who witnesses to the Blessed Trinity, will have this witness before your judgment. Pray for all of your family and friends every day so Our graces will protect their souls. Saving souls is one of your most important responsibilities given you at Baptism. All of heaven rejoices over one sinner who repents of their sins. We love every one of Our children without holding back any of Our graces for you. You have free will and We pursue your soul in loving Us until your dying breath. We desire you to give of your love from your heart to witness the sincerity of your love. Thank you for your sharing and go forth to share your faith and love with all the nations."

Tuesday, July 24, 2007:

Jesus said: "My people, you know how much I suffered on the cross and in My scourging for everyone's sins for the past, present, and future. I died physically only one time, but I am still mysticly suffering still for every sin that you commit. By lessening your sin, it is that much less pain that I have to make up for you. In every Mass you are re-enacting My suffering on the Cross in an unbloody manner. This is why it is so important to have a large crucifix on the altar so you can remember how much I love you and that I would die even for one sinner. In addition remember when you look upon My crucifix that every sin of yours still causes Me pain on My cross. If you do not want to offend Me or cause Me more pain, then work with My grace to avoid as much sin as possible. People around you, who are sinning, are also causing Me to suffer much. So you need to pray and give good example to others in your attempts to evangelize their souls. I would gladly suffer for the sins of man if he would be converted to love Me. But I suffer even for those souls who I know will never be converted. This is how much I love everyone so unconditionally."

Jesus said: "My people, you have been given messages about black UN helicopters that are already mapping out where all the religious and patriots live. These are the foreign troops in your country that are making plans to come to your home in order to take you to the detention centers. The cell towers in the

vision are the means of communication to help locate people with smart cards, chips in the body, chips in passports, or chips in driver's licenses. Microwave signals are sent out to query any information on these chips. You can wrap any chip with aluminum foil or lead if you do not want your information queried without your knowledge. Do not fear, My people, because you will be warned when to leave for your refuges before these evil ones will try to capture you. Martial law is coming quickly as the evil ones are continuing to make their plans for a takeover of America. My faithful remnant will one day share in My victory when I will come to defeat Satan and the Antichrist as they are cast into hell. All of the evil ones' plans will be overshadowed by My power as I will bring all of My faithful into My Era of Peace."

Wednesday, July 25, 2007: (St. James)

Jesus said: "My people, you spend a lot of money and attention on worldly things, and yet you need to preserve your traditions and the Sacred about your faith in My Real Presence. Satan is constantly attacking the roots of your beliefs and My Blessed Sacrament. He makes attempts to undermine the reverence that you should be giving My Eucharist. When you receive Me in Holy Communion, you need to receive Me in the state of grace without any mortal sin. Bow or genuflect to receive Me on the tongue and you will be showing Me your reverence for My Real Presence. There are some Catholics who do not believe that the consecrated bread and wine are really changed into My very Body and Blood. Even as some do not believe, I am still present before you. As you look upon My crucifix, which should be on all altars, you can see My loving example for you to suffer through life with your own earthly suffering and your own carrying of your cross. I had a mission on earth to die for all of your sins, and all of you are given a unique mission to use your God-given talents to gain heaven. So hold your faith and religious fervor close to your heart no matter how much people may criticize you for being faithful to Me."

Jesus said: "My people, you are seeing a soul fall helplessly into hell and you feel drawn to do anything to keep them from hell. Hell is an everlasting place of My wrath where souls will suffer the consequences of their serious sins. If you could understand that there is no turning back from hell, you would work all the harder to save every soul that you could from falling into hell. Many souls are falling into hell of their own free will, and My Blessed Mother and I are weeping for the loss of these souls. This is why we are encouraging our faithful prayer warriors to work overtime in any way that you can to bring souls to Me instead of allowing them to fall into

Satan's hands. Pray for sinners in earnest because it is these souls that have not been judged yet. My disciples need to work at a fever pitch right now because your time to save souls from hell is growing short. Pray especially for your own family members whom you are most responsible for. Every soul has their own free will, but you need to reach out in mercy to help these weak souls who may be lost without your prayers and Masses."

Thursday, July 26, 2007: (St. Joachim and St. Ann)

Jesus said: "My people, you know about the Holy Family of My Blessed Mother, Mary, St. Joseph, and Myself. My Blessed Mother's parents, St. Ann and St. Joachim, are celebrated today. They also are model parents of My Blessed Mother, and they were model grandparents for Me. You depend on your parents to bring you up in the faith by their example and their teachings. At times you also grow in your faith by the example of your grandparents. My Blessed Mother is the most beautiful human that I created and that I planned for over many years since Adam's sin. She is the new Eve and I am the new Adam to bring salvation to all of mankind. The parents who brought forth My jewel of humanity in My Blessed Mother are also so blessed in their role in teaching Mary. My Blessed Mother had no sin since her conception, as she is honored among all humanity to be My mother. She is also the mother of all of humanity through St. John at the foot of My cross. Give praise and glory to God for My Blessed Mother and her parents, St. Ann and St. Joachim. Let them be model parents and grandparents in directing your lives closer to following Me."

Prayer Group:

Jesus said: "My people, you have had an intention to carry out another's vision of giving this cross as a gift to this parish of Holy Name. In the vision you are seeing this cross placed on the altar. To help bring this about in reality, you can support your priest in presenting it to the parish. If you pray a novena in earnest for this intention and fast during these prayers, you will have a strong grace to touch hearts to accept this into your church. This extra grace will be needed to fight any demonic attempts that will be tried to prevent this from happening."

Exaltation of the Holy Cross Novena:

Jesus, Who because of Your burning love for us willed to be crucified and to shed Your Most Precious Blood for the redemption and salvation of our souls, look down upon us and grant the petition for ...

We trust completely in Your Mercy. Cleanse us from sin by Your Grace, sanctify our work, give us and all those who are

dear to us our daily bread, lighten the burden of our sufferings, bless our families, and grant to the nations, so sorely afflicted, Your Peace, which is the only true peace, so that by obeying Your Commandments we may come at last to the glory of Heaven.

Jesus said: "My people, there is much evil in your society, but you are seeing many beautiful miracles among your children who are having visitations from heaven. These children are so innocent and loving that their revelations are surely a heavenly gift. I want all of My faithful to come to Me as a young child in simplicity and in total trust, just as a child trusts their parents. By your simple faith and total commitment, I will reward you for your efforts."

Jesus said: "My people, you should know that I treasure your love for Me in every way that you can express it. This box, that contains your tears of love for Me, is more important to Me than all of your other earthly objects. Things that you do from the heart have your intentions from the heart and they are glorious indeed. These heart felt deeds are a joy and a pleasure for Me to see in your life. Continue to love Me with all of your heart, mind, and soul."

Jesus said: "My people, you are very taken up with your gardens to be close to nature and to enhance the beauty of your yard. In a spiritual way you can have a garden of prayer, Masses, and good deeds. You will have to weed out your sins and imperfections in this garden so it can be pleasing to My eyes. Keep your spiritual garden watered with holy water, and the graces and mercies that I shower on you each day."

Jesus said: "My people, all of you are sinners and are in need of being immersed with My healing graces as in Confession. You are cleansed of your original sin when you are baptized with water, oil, and salt. You are renewing this cleansing of your sins in Baptism when you go to Confession. You are quick to make sure that you take a shower every day to cleanse the body. But you should be just as quick to cleanse the soul, especially from any mortal sin." Jesus said: "My people, many times you have been given messages to put holy water or blessed salt in your car and around your house to protect you from any evil attacks against you. In addition to your own prayers and protections, you can have your prayer group pray for your safe trips as well as anyone else who offers to pray for you. The rain of graces, that are falling on your car in the vision, is how these prayer are helping you even now in your mission travels. Encourage people to pray for you, and continue to give Me thanks for the success and safety for each trip on your return."

Jesus said: "My people, these many gyrations of ups and downs in your stock market are a result of the one world people manipulating your markets for their own gain. It is hard to protect your money in your investments because there are many using schemes to steal your money in illegal scams. Use common sense planning without too much exposure to these manipulations. Eventually, the evil ones will take all of your money for not using the mark of the beast, and you will need to trust in My help at My refuges. These evil ones will use these markets to cause a financial collapse in order to give them control over your country. So put your trust in My protection which will be more valuable than all of your money."

Friday, July 27, 2007:

Jesus said: "My people, the evil of your wars continues to perpetuate itself year after year. When one group blows up the other's Mosque, it causes retaliation on their own shrines. With each killing there is more incentive to kill the other ethnic group. Revenge is big for man, and man's justice is very harsh on his fellow men. You would much rather have My peace and My justice than your own. Perform your actions out of love for Me than for what you can get out of someone financially. Act with mercy, even as I forgive your sins, so you can forgive others. Trust in My mercy and My graces so you can have My peace and rest in a difficult time. It is man's pride and a desire to get even that inspires anger and hatred in grudges for many years. By loving one another, man can put aside his differences and live in peace."

Saturday, July 28, 2007:

Jesus said: "My people, many of you have become so dependent on electricity for your homes and work places that when the power goes down, you are paralyzed. Remember back to the time of your ice storms when you were without electricity for weeks, and you saw how helpless you were in the cold and the dark. There have been several large grid failures in the Northeast to show you how vulnerable your grids are to surges or losses. When the one world people choose a time for takeover with martial law, they will use an electricity shutdown in conjunction with a man-made event to keep the people under control. They will have their own power supply to run their operations over America. Electricity is just another means that the evil ones could use to control you. Pray for My help to lead you to My refuges when martial law is declared."

Jesus said: "My people, I am preparing you, America, because a time is coming when you will see a dictatorship under martial law. This microphone is the means of communicating your

loss of rights and how life will be under this rule that will bring you into the North American Union. Your people will at first resist this takeover, but as long as your people still are comfortable with their money and TV, there will be little done to fight it. Little by little the government could take your property and money by condemning it if you do not go along with the new world order. Soon they will try to force you to take chips in the body, which you should refuse to do. When martial law occurs, it is time to ask Me to have your guardian angels lead you to the nearest refuge. If you do not leave right away, the evil ones will come to your house to take you to the detention centers. Call on My help and I will protect you on the way to your refuges."

Sunday, July 29, 2007:

Jesus said: "My people, in the Holy of Holies in the Jewish Temple was stored the Torah and the Ark of the Covenant containing the Ten Commandments. In every tabernacle and place of Adoration you also have a Holy of Holies in My Blessed Sacrament. This is a place of My Real Presence in the consecrated Bread. Just as Moses revered the burning bush by removing his sandals, so you also should revere My Real Presence when you come to give Me glory and praise. In the silence of your presence you can call on Me to speak to your heart. Many times you come to Me praying petitions for people's soul or an illness. In today's Gospel I am telling you: (Luke 11:9,10) 'Ask, and it shall be given to you; seek, and you shall find; knock, and it shall be opened to you. For everyone who asks receives; and he who seeks finds; and to him who knocks it shall be opened.' Pray for what is My Will in your petitions, and My answer will be what is best for their soul. I do not go against anyone's free will, but every prayer is heard and I will answer it in My time. Have faith and trust in Me and you will have your reward in heaven."

Monday, July 30, 2007: (St. Peter Chrysologous)

Jesus said: "My people, it is not easy to get used to living in the woods or a rural setting to hide from the authorities, but it is My promise of protection and providing for your needs that will help you. Clearing trees has been a good exposure to what is present outdoors with all the insects and crawling things of My creation. All the animals and insects are all a part of My balance of nature, so you have to live among them. I have made covenants to provide for My people in My Ten Commandments and the Promised Land for the Hebrews in Israel. The people of Moses' day sinned against Me in worshiping the molten calf, but as a punishment those idol

worshippers remained in the desert forty years until only their descendants were allowed into the Promised Land. Now, in this day you also have idol worshipers of fame, fortune, and possessions. Those, who refuse to worship Me and give more attention to worldly things, are also going to be punished on earth and in hell. This hour of evil will be the worst that you have yet to see during the tribulation of the Antichrist. Yet, I have made another covenant to protect the souls of My faithful remnant at My refuges of this modern day Exodus. The evil ones with the Antichrist will be defeated and sent to hell, but My faithful will enjoy the Promised Land of My Era of Peace."

Jesus said: "My people, I have asked you many times to pray for peace and an end to your many wars. Your people have made it clear that they are tired of this Iraq War and they want to start bringing the troops home before more are killed. Your Congress has made some feeble attempts at setting a deadline for withdrawal, but those desiring war and your President are determined to continue this war with no end in sight. Your troops have occupied Iraq long enough to allow a new government to form. Now it is the Iraqi's decision to take care of their own country. The one world people and oil interests are profiting from this war, and that is why they do not want it to end. Your Congress needs to claim its authority over war and the purse so the people's will could be carried out. I abhor continuous killing just to make money for the rich. Only defensive wars are just, and not this pre-empted war just to make a regime change. Prayer and action are needed to fight the control of the one world people over your country."

Tuesday, July 31, 2007: (St. Ignatius of Loyola)

Jesus said: "My people, in older days the early settlers used the trees that they cut down to make log cabins to live in. Today, you have power saws that cut trees into long boards. This shaped piece of wood in the forest of the vision is all about fitting the wood to the design of a planned house. Just as the wood is able to be cut and carved to the right shape, so My faithful need to be open and give your will over to My purpose in order for Me to shape you for your own mission. If you remain stubborn in following your own way, it is hard for Me to use you in love when your heart is hard and closed. If St. Ignatius was not recouping from his wounds and handed books about Me and the saints, he would not have done his great works in founding the Jesuits. So it is in your lives, if you busy yourself with too many worldly pursuits, you do not leave enough time for prayer and listening to My plan for your life. Again if you do not consecrate yourself to Me every day, it is hard to remain open to My plans for your life. Give Me some of your

precious time each day, and you will be able to accomplish great things with My grace, even as St. Ignatius did."

Jesus said: "My people, during the coming tribulation, there will be many places of protection to hide from the evil ones. Some refuges will be at My Blessed Mother's places of apparition. Some will be at places of holy ground as at monasteries. Some will be at these caves, even as you are seeing in the vision. Do not limit what I will do for you in your earthly understanding, because I will be doing impossible things for you. My angels will actually dig out caves for you, even through the rock of the mountains. They will make ventilation holes for air and light, and you will be provided food and water. Be ready to leave for My refuges at a moment's notice because your hasty leaving may mean whether you are captured or not. At the refuges and on the way to My refuges the evil ones will not be able to see you, as you will appear invisible to them. Pray for My help at that time and My angels will lead you."
