

Tuesday, July 1, 2008: (Blessed Junipero Serra)

Jesus said: "My people, in the Gospel you saw how I came to the aid of My apostles when they thought that they were going to die in the storm on the sea. Once they awoke Me on the boat, then I calmed the sea and saved them. They then wondered what kind of man I was that even the sea and the wind obeyed Me. They still had not yet realized that I was the Son of God that had come to earth as their Savior, and I was foretold in the Scriptures as the Messiah. Even as I performed this miracle of calming the storm, I am still performing miracles in saving My people every day when I answer your prayers. Some are still seeing miracle healings in your day as I allow My instruments to share their gifts. As the time of tribulation approaches, you will see even more miraculous signs as this luminous cross in the vision that will be over all of My refuges. You again will need My protection with My angels, and I will heal all of your infirmities if you look on My miraculous luminous cross. Trust in My power that will overcome all of the evil ones."

Jesus said: "My people, this vision of a horse drawn stagecoach is a sign to you that your fuel crisis is only going to get worse. Prices of your fuels have determined the standard of living that you will have. When your fuel prices go up, your standard of living will go down because your discretionary income will be spent on fuel. America needs to quickly develop a more viable energy policy because relying on imported oil may be too expensive and there may not be enough for your current demands. You have not seriously increased drilling or made any more refineries in the last few decades, so any increased demand needs to be imported. Shortages of fuel or high prices for fuel will dramatically affect inflation and your economy. If plans are not made quickly to increase your national sources, then you could see shortages or rationing that could influence food availability and traveling to work on bikes or by horse. Your people need to make some serious energy choices, or your way of life will change dramatically. Pray for your people who are hurting from these situations for their survival, and an avoidance of food riots as in other countries."

Wednesday, July 2, 2008:

Jesus said: "My people, I healed many people of their sicknesses, blindness, and inability to walk. Many, that I healed, were also converted to believing in My words. Casting out demons was also one of My gifts, but the people in today's Gospel were more concerned about their lost swine than the two demon possessed people that were freed. Demon obsessions or possessions have been with you all throughout history, even in today's world. I gave My apostles and My priests the power to

exorcize or drive out demons from people. Some are possessed by many demons as in today's Gospel, and these require much prayer and fasting to cast them out. I am more powerful than these demons so they are forced to obey Me. Deliverance of people from demons is a very delicate battle that should be done by a priest or groups of people praying at once. Some people invite these demons by Ouija boards, and other Satanic rituals as drinking evil potions. Avoid such curiosities and wear Benedictine crosses, holy water, scapulars, and your rosaries for protection against the demons. Invoke My Name, Jesus, or pray the St. Michael prayer when you are being attacked by them. I give you many holy weapons to fight these evil ones, but remember that they are battling to possess your souls, and that is your most precious possession. You have Me, your guardian angels, angels and saints in heaven, and all of your sacramentals as blessed salt, holy water, and blessed medals to use in your defense. Pray daily and confess your sins in Confession frequently, and you will be protected from these evil ones."

Jesus said: "My people, you remember in World War II when Hitler and the Nazis had a plan to exterminate all of the Jews in Germany and lands that they took by force. The one world people also have a plan to exterminate all of the religious people and patriots when they declare martial law. I am going to warn My people and My priests when it is time to go to My refuges before these evil ones will come to kill you. If some refuse to go to My refuges, then these people will be carried off on trains to the death camps. Those, who heed My call, will be protected at My refuges. My faithful will call and warn the priests when to leave, but the priests will die if they refuse to listen. Pray for My faithful and My priests to be ready to flee to My refuges, or those left behind could be martyred for their faith. Refuse under any circumstances to take microchips in your body, even if people threaten to kill you. These chips in the body will control you by following voices of suggestions in mind control that will make you like robots. Refuse to worship the Antichrist, and seek out My refuges when you see martial law declared. Have no fear and trust in Me to protect you at My refuges. The evil ones will be cast into hell, as I will bring about My Era of Peace."

Thursday, July 3, 2008: (St. Thomas) (43<sup>rd</sup> Wedding Anniversary)

Jesus said: "My people, in today's St. Thomas you see another of My apostles who was a great missionary for My Church even to India. You have so many models in the faith to inspire the people by their examples as saints, yet the faith in many parts of the world is in decline. I have told you before how

many opportunities for grace are being lost whenever a church closes. As more churches close around you, you are seeing a decline in the numbers of priests and the numbers of laity. Fewer are coming to Mass as worldly things are distracting the people from their religious fervor. Instead of this decline, My people should be building up the faith. Others are being attracted to other faiths which are devoid of My sacraments. The young children and young adults are falling away from your prayer traditions. What you are seeing are further signs of the coming tribulation when there will be little faith alive. Even while your numbers are down, there are still some strong Catholic souls ever faithful to their prayers, daily Mass, and Adoration. Your 43<sup>rd</sup> Wedding Anniversary is a witness to your family and others of your love for each other and your love for Me and your neighbors. Rejoice while you can still share your faith with others because the time of persecution of My faithful is not far away."

Prayer Group:

Jesus said: "My son, you have been a little lax in handing out rosaries, rosary leaflets, Divine Mercy leaflets, and Confession preparations when you go out to talk. You are in an evil time when it is necessary to have more praying for peace and conversions as well as encouraging people to go to Confession at least monthly. Some of My people are getting lax in their prayer lives and they need to get back to their old traditions. The more prayers that are said, then you will have more peace in your world. Love of Me and love of neighbor is at the heart of your prayers, and saving souls should be the most important intention."

Jesus said: "My people, for those who have been called to prepare refuges, or interim refuges, there are many preparations that you will need to plan for when many people could come to you. There will be a need for a source of water, some structures for living, and places to prepare food that will be multiplied. In the vision there is another task to provide for and that is for some restrooms. At every refuge people will be assigned to help in those jobs that you have the most skill. Your preparations will be needed soon because the evil ones are getting close to declaring martial law. I will be with you to provide for your needs and your protection, so have no fear."

Jesus said: "My people, when you have been asked to do some projects for Me, you will need to pray for guidance to carry it out as quickly as possible. There are few willing to take on this responsibility, so I need to have My workers busy with as much as they could accomplish. You are in a battle for souls, and all that you do should be focused on this goal."

Jesus said: "My people, you are seeing many natural

disasters from floods, tornadoes, and fires where people are losing their homes. Add foreclosed homes and you see many people needing shelter, food, and water. Your hearts go out to all of these victims, and you want to help them as much as you can. You think first to help people survive, but there also is a need to reach out to save souls in their eternal life. When you help people physically, you could also make an attempt to try and lead them to Me in their spiritual lives. They may refuse you or thank you, but at least you are reaching out the best that you can to help both their physical and spiritual lives."

Jesus said: "My people, I am calling on all of My prayer warriors to take some time when you can to adore and worship Me before My Blessed Sacrament, either in My tabernacle, or in the monstrance. This Adoration is a powerful time of gathering grace and strength to accomplish the missions that I have given you. Remember to give Me at least 5-10 minutes of quiet time so I can talk to your heart. In front of Me at Adoration you will find My peace and love that will flow out to your heart and soul. Be grateful for every moment that you have to share with Me at your time of Adoration."

Jesus said: "My people, I have given you many physical suggestions for how to prepare your refuges and what you will need. The most important preparation for My refuges is your spiritual preparation. I asked you to bring your sacramentals of rosaries, Benedictine crosses, blessed salt, blessed candles, and holy water. If you can bring a priest and Mass preparations, these would be greatly needed. Your prayer life and sacramental life are important at all times. Even if you cannot have a priest, My angels will bring you Holy Communion every day. Keep your focus on Me and My angels, and your souls will be protected throughout the tribulation time."

Jesus said: "My people, during the Warning you will be given the knowledge to not take a microchip in your body and not to worship the Antichrist. Some souls will have a desire to be converted, while others will return to their former sinful lifestyles. Those, who have a desire to be saved, will also be made aware of a desire to be led to My refuges by their angels when the evil ones will take over. Those, who sincerely desire to be with Me, will be open to having their guardian angels lead them to the safety of My refuges where My angels will protect them. Be grateful that I will offer My protection for all of those who love Me and want to be converted."

Friday, July 4, 2008: (Independence Day)

Jesus said: "My people, as you celebrate the founding of your country with all of its freedoms, remember that your

founders were also God-fearing men in what they wrote. In this beginning there was a balance of power between your legislative, executive, and judicial branches of government. Now when certain elements of your society cannot get laws through Congress, they go through your court system to make laws by the decision of only nine judges. This now forces the people to get 2/3rds of Congress to pass amendments to overrule the authority of the courts. It is by this means that abortion and now gay marriage have warped your rule of law in favor of the death culture against My Commandments. It is the immorality of your society that is bringing My judgment against your country's sins. Rejoice in a free country, but your freedoms are slowly being removed. If you truly love your country, then you can speak up to your representatives in banning any North American Union that your president is proposing. Through trade treaties the one world people want to take away all of your sovereignty rights and eliminate the United States as a nation. On this celebration of your independence, do not let these evil men usurp your very freedoms that you have fought for in all of your wars. Pray for your country and its leaders to support your freedoms, and not to give them away to the central bankers."

Jesus said: "My people, this vision of someone being shot in a black car is how a dignitary could be killed. The crowd around this car were running away in fear of their lives. Such machine gun killings are the tactics of terrorists on an unsuspecting public. In this evil time your dignitaries should be wary of a sudden attack without warning. There will be a steady movement by the one world people to cause an unrest that will cause a major emergency to be declared. This will be their opportunity to declare martial law for the nation, and seize control of your government. Once martial law is declared, this will be your sign to call on Me and I will have your guardian angels lead you to the nearest refuge where you will be protected from those evil ones trying to kill you. These events will happen quickly, so be prepared to leave at a moment's notice. This is another reason to keep gas in your car to travel as far as you can. You will need bikes and your backpacks as well. Pray for My help for when you will have to leave your homes. Trust in My word of preparation and My protection by My angels."

Saturday, July 5, 2008:

Jesus said: "My people, prayers and preparation for Confession are spiritual needs for every soul. You are in a world where few are praying every day, yet there is more sin than ever before. This is why I have stressed with you the need to promote prayer in the rosary and the Mysteries, how to

prepare to make a good examination of conscience for Confession, and encourage people to have more Adoration and visits to My Blessed Sacrament. The devil is working to distract you from your spiritual traditions, and especially the young people with cell phones, television, movies, and the internet. Your eternal salvation is in bringing your souls to Me and this is the most important concern for you in this life. Saving souls from hell, and loving Me and your neighbor are also what you should be striving for. The more you can help souls in their spiritual life, the more treasure that you will be storing up in heaven. So share your faith with others and be willing to bring My love into their lives."

Jesus said: "My people, some of you like to make a good appearance in a well kept lawn around your house. It usually requires occasional feeding of nourishment with fertilizer and water. It is also helpful to either pull out your weeds, or use some light amounts of weed killer to keep the weeds and grubs under control. Your soul also demands some care in nourishment from My Body and Blood for food and drink. I have told you many times that he, who eats My Body and drinks My Blood, will have eternal life more than this earthly life. In the same way that you remove the weeds, your souls also need to be cleansed of the weeds of sin and any addictions. Give praise and glory to Me that I see to your spiritual life with My living sacraments. Give Me thanks for instituting these sacraments for you, and for My sacrifice on the cross which has made atonement for your sins."

Sunday, July 6, 2008:

Jesus said: "My people, these visions are a preview of what it will be like during the Warning, or at your death when you will review each day of your life outside of time and out of your body. The flowers are shown because each day lasts but a moment and it is over, even as flowers last but a short time. Each day, that is given to you in life, is an opportunity for grace and good deeds. At your mini-judgment or judgment at your death, you will be held accountable for what you did for each day of your life. You will be held accountable for how you loved Me and your neighbor each day. You will also be accountable for how you used your talents and gifts. Your good deeds and kindnesses will store up treasure for you in heaven. You will be most accountable for your sins of both commission and omission. During your Warning experience, you will be able to remember vividly all of the sins that you did not have forgiven in Confession, and those sins of omission that were not mentioned either. You will have a deep sorrow for your sins, and a strong desire to seek My forgiveness, the forgiveness of

those that you violated, and a need to forgive others of offenses against you. Many souls returning to their bodies will be most open to your evangelization for conversion and a return to My sacraments, especially Confession. Be ready to bring as many souls to Me as possible, as the Warning will be one of My greatest extensions of My mercy that you have yet to experience. Give praise and glory to Me for granting this grace of My mercy to even the most grievous of sinners. Everyone will be given this same opportunity at the same time."

Monday, July 7, 2008:

Jesus said: "My people, the little girl in the Gospel, who was the daughter of a Roman official, had died, but I raised her back to life because of the father's faith that I could do this for him. She was given another chance to live her life, just as some people have near death experiences. Every day, that you wake up, is like you have a new life for another day. You could easily die any time and your body could be the next one to go in that hole in the ground of the vision. You do not know when I will call you home, so you should keep your soul in the state of grace by frequent Confession, so you are ready any day to meet Me at your judgment. So do not be assuming that you will have a long life, for you cannot promise yourself even one more hour without My approval. By always being ready to die, you will be ready to live however many days that I give you. Each day, that you awake, is another day of life that you should thank Me for being alive. It is also another opportunity for the grace to help people and be useful in saving souls. Remember that being alive in life is always a gift, just as being alive in faith in a clean soul is also a gift of My sacramental grace. You are a whole person in body and soul on this earth, but work every moment that you have to be worthy of your goal to be with Me in heaven. I have brought you salvation on My cross, but it is your choice to choose to accept Me and follow My Commandments."

Monday, July 7, 2008:

Jesus said: "My people, when you see a major storm, tornado, or a hurricane, your first intention is to follow the advice of your weathermen and evacuate the area if you have time. When these storms happen at night, and you do not know which direction to go, then hiding in the basement of a brick structure might offer you some protection. Some people do not think that there is a correlation between weather disasters and places of sin. The coming events will be so dramatic and so obvious in their location, that there will be no doubt about this connection. You have read of how Sodom and Gomorrah were destroyed by fire and brimstone for their sinful lifestyles.

You also have seen earthquakes where they made pornographic movies, and fires next to the homes of movie stars who make 'R' rated movies. I sometimes use natural disasters to carry out My justice against people who commit abominable sins against Me. I love everyone and I will forgive their sins, if they repent. But if people flaunt their evil acts in front of Me and others, they deserve any just punishments that they receive. In certain circumstances I ask My faithful to look away from My act of punishment, so they do not view My justice. Give praise and glory to Me for treating everyone fairly and with great mercy. Everyone, who comes before Me in judgment, has admitted that they were given a fair and truthful judging of their life based on their actions."

Tuesday, July 8, 2008:

Jesus said: "My people, I told you recently that the strongest attack of the devil was against My Eucharist because he knows the power of My grace in My Real Presence to strengthen My faithful against him. The next most important target of attacks is against My priests and clergy. It is the priest who consecrates My Hosts at the Mass. He is the only one with consecrated hands that is allowed to offer the Mass, which is the greatest of all prayers. This is why you are seeing problems in the seminaries, and scandals among the priesthood. These attacks even are keeping vocations down as there are not enough people praying for vocations and protection for your priests. Now in the summer time when the priests are taking their vacations, you are seeing problems even to find a daily Mass. You see the importance of a priest more when you are not able to have a Mass or even a pastor. Truly you need to have the harvest Master send more priests into the vineyard for the harvest of souls. You also need to pray for and encourage new vocations. My faithful also need to evangelize souls all around you. Be grateful for your priests and encourage them with your support of the parish in work and your donations."

Jesus said: "My people, Iran and Israel have been making threats on each other by their words and military exercises. This is becoming a strong potential for war that could involve America in another war. Even some groups are proposing a War Powers Act by Congress to limit America's involvement in wars initiated by your president. Congress has the right to declare war by your Constitution, but your president has been starting wars by his own discretion without provocation. America has lost trillions of dollars and thousands of soldiers in the Iraq war that you should never have started. It is time that the people had a say in these serious commitments. Do not let the one world people lead you into war after war. Pray for peace,

and voice your opinion against this unprovoked war that has no apparent end, and should be brought to an end after so many years."

Wednesday, July 9, 2008: (St. Augustine & Chinese martyrs)

Jesus said: "My people, this is another view of the horsemen of Revelation with an emphasis on the red horse of war and a picture of fires caused by severe droughts and winds. You have been seeing warplane exercises by Israel and now missile exercises by Iran. Nations around Iran are concerned that they are enriching uranium to make bombs. Iran is threatening to attack America's ships and bases if Iran is attacked. Iran could threaten to stop 40% of the world's oil that comes from the Persian Gulf. I have requested many prayers for peace in this area that war can be prevented. It is this combination of natural disasters and wars that could bring about many deaths from pestilence and famine. This part of the Book of Revelation is foretelling much death and destruction that is coming soon. Man needs to change his sinful ways and repent of his sins if he is to mitigate any of these events."

Jesus said: "My people, do not let the devil entice you with money, fame, pride, or pleasure so he can control your soul. Some even make pacts with the devil for fame, wealth, or power, but in the end they must pay with their life and their soul. Greed, pride, and pleasure are the devil's means to entice you to please your earthly desires. None of these things are required to gain heaven, and they really are distractions from your spiritual desires to love Me and have your soul saved. Everyone needs to examine their own intentions in their hearts as to why you do things. See if some of these intentions are led by your pride or greed, and realize that you cannot allow things to control you. Let go of all of your earthly desires, and focus more on your spiritual life, because this life is quickly passing away. Use your talents and your money to help people out of love for Me and love for your neighbor. When you do things to help others, you will see a reward in heaven is better than any selfish pleasures in this life. Earthly fame, wealth, or pleasure is very fleeting and gone in this life. Sharing eternal life with Me in heaven will give you an eternal reward which is far greater than anything that you could receive in this life. So focus your efforts and actions on gaining heavenly treasure than on listening to any of the devil's distractions with the things of this life."

Thursday, July 10, 2008:

Jesus said: "My people, you are all blessed to be present at this Mass with a newly ordained priest. I have told you that

I love this Mass the most because of its emphasis on My Reverence and the Sacred. My people need to pray more for vocations. This is the reason for the empty chair. The priests are so important to your spiritual lives because they forgive your sins through Me in Confession, and they consecrate My Hosts so you can receive My Body and Blood in Holy Communion. Give praise and glory to Me that I give you My priests, and how I have instituted My sacraments for your eternal life with Me in heaven. The Mass is the greatest prayer that you could share, and daily prayer is how you share your love with Me. Encourage those around you and your family to pray daily and attend daily Mass if they can. Also encourage My faithful to attend Adoration or visit My tabernacle as often as you can. Where there is much Adoration of My Blessed Sacrament, you will see more vocations to the priesthood. Give thanks to Me for sharing in the Mass, Holy Communion, and this newly ordained priest's blessing."

Prayer Group:

Jesus said: "My people, I want to make a suggestion to you when you are about to go to bed. This would be an appropriate time for you to review your day's activities and recollect any sinful actions that you would like Me to forgive. It is good to learn from your mistakes so you do not repeat them. It may even be helpful to write down your sins to help you in your preparation for Confession. As you close your night prayers, you could pray your Act of Contrition for your sins, should you die during the night without getting to Confession."

Jesus said: "My people, you have had this sense of many deaths just like you had right before the 9-11 event. The one world people are planning another major incident that would give them an excuse to declare a national emergency and the martial law for their takeover. There is a possibility that your elections could be postponed as a result. Be prepared with food, water, and your sacramentals. Be ready to leave for your refuges as soon as martial law is declared. Trust in My protection, even as the evil ones are planning your takeover as part of the North American Union."

Jesus said: "My people, I have been giving you many messages to have a backpack ready and the things purchased that you will be bringing with you. I want you to make a list of all the things that you will be bringing to your refuge. Once you have purchased all that you will need, I want you to do a rehearsal and time yourself how long you need to get out of your house. Once you practice your escape a few times, you will have more confidence in your readiness. If you fail to get it together the first few times, then you can see what you need to change. Some have some preparations, but you have not gone

through a final checklist and how quickly you can leave. Pray for My help in your preparations and you will be at peace with such leaving."

Jesus said: "My people, I have given you many words about your physical preparations to leave for your refuges. You also need to be in a prayerful state before you leave. Pray your rosaries every day and let one of your intentions be that you will be calm, peaceful, and trusting in Me and in My angels who will be leading you. Have a Bible, your Liturgy of the Hours, Pieta prayer book, and a Mass book for your prayers along the way. Also have blessed salt, holy medals, Benedictine crucifixes, rosaries, and scapulars for people along the way. Preparing for your refuge is both a spiritual and a physical exercise. You see soldiers prepare for battle, but your battle will be against Principalities and Powers."

Jesus said: "My people, those, who have been asked to prepare refuges, may not have the time or money to have everything in good working order. I am asking My refuge keepers to make the best effort that they are able in order to make their homes ready for people to live in. Once people arrive, I will have My angels multiply your dwellings, and even finish building the original structures. My faithful will also help in building and providing the food and water for the people, which also will be multiplied."

Jesus said: "My people, I want to emphasize to you why I have gone to such great lengths in preparing refuges for your safety during the coming persecution in the tribulation. You are going to be tested by an evil that you have never seen, and you will need to call on Me and My angel power to protect your souls from the evil ones. These refuges are My mercy for you to be shielded from those who want to kill you in their death camps. It is true that there will be some who will be martyred, but they will suffer little pain and they will become instant saints. Leaving behind all of your possessions will take a great faith in My words to follow Me in blind trust. But have no fear, because I will be at your side to help you through this test of your faith."

Jesus said: "My people, many are apprehensive of how they will make it through the tribulation time. I want to reassure My faithful that these events will be in your lifetime. I will also put shields of invisible protection all around you. This trial will be brief, but your reward in My Era of Peace will be well worth the struggle to remain faithful to Me and avoid any chips in the body. Pray for your spiritual strength and trust in My angel power, and soon you will be sharing in My victory over all of the evil ones."

Friday, July 11, 2008: (St. Benedict)

Jesus said: "My people, you all do not have the time that a monk in a monastery has to adore Me, but you can make an effort to visit Me in Adoration or at My tabernacle for a short time. The Benedictine monastic life is quite rigorous in quiet time, prayer, and fasting. These cloistered orders are praying for reparation for the sins of the world. This is why making time for Me at Adoration is the best time spent in giving Me praise, glory, and thanks for all of your blessings. Remember when you are before Me to spend at least 5-10 minutes in quiet contemplative prayer so I can talk to your heart of My Will for you. You are always looking for discernment and direction in your mission, and this is the best opportunity to hear My word. The monastic life puts aside all of your earthly desires, so remember not to let any of your earthly desires take away your focus on Me. Remember also to wear your Benedictine crucifixes for protection from the demons with this exorcism medal on the back."

Jesus said: "My people, ever since Adam and Eve were cast out of the Garden of Eden, now people have to work by the sweat of their brow to provide food and shelter for themselves. There are some people supported by your government, but the bulk of your people are hard working citizens. Not everyone is gifted with many talents to have a good paying job, so there are a majority of workers who even need two jobs in the family in order to pay for life's necessities. Your workers in America are having hard times with many layoffs, and they are competing with cheap labor for jobs in many other countries that are paying slave wages. It is your Wall Street leaders who are trying to ship your jobs overseas to make themselves more money at the expense of having less jobs for Americans. These same greedy employers want to lower your wages and do away with your benefits. They even import workers into America for lower wages for skilled labor. One day they will receive My justice for exploiting other nations for their own greed. Pray that you will find enough work to feed your families, and help those in your family where they may need money to survive. Be patient for now, for you will have My reward later."

Sunday, July 13, 2008:

Jesus said: "My people, I have told you that he, who receives My Body and Blood, will have eternal life. In order to receive My spiritual food for your soul, you need to attend Sunday Mass. Sunday Mass is not only a requirement for worship in My Church, but it is your only way to be completely united with Me intimately with your soul. When you receive Me in Holy Communion, you can feel the tingling of a taste of heaven. I am

the joy of your life, and it is My peace of grace that you need to guard in your soul from any evil. This experience of My love is why many come to receive Me every day in daily Mass. Give praise and glory to Me that you have the opportunity for Mass in your churches. Once you stop praying and fall away from going to Sunday Mass, then you are giving up your roots and means to show Me your love. This life is passing away, but your soul lives on forever and you need to keep feeding and nourishing your soul. Do not be spiritually lazy, and do not let the devil distract you from Me by the curiosities of the world. This life is your preparation for coming to heaven, so let My angels protect you and lead you to prayer so you can always be close to Me in your heart. I do not force My love upon you. You have a choice to be with Me in love and eternal peace in heaven, or you can choose to be with Satan in hate and eternal suffering in hell. So take the narrow road to My love, even if you must suffer persecution in this life when you proclaim My Word."

To Fr. George: Jesus said: "My people, wherever there is a love for My Eucharist and a devotion to St. Michael, he will be guarding you and making you invisible to your enemies. This church is on consecrated ground and it will be a place of protection. You will find a spring of water here in time."

Jesus said: "My people, these five horses dressed in battle robes represent Israel, America, Iran, China, and Russia. These countries are flexing their military muscles in showing off their weaponry. It is dangerous when these countries hurl threats at each other, even if Israel and Iran feel confident in those countries backing them. If any attacks or miscalculated actions lead to a war over making nuclear bombs, this could quickly lead to many people being killed. Israel has nuclear bombs and if they fear that their nation is in jeopardy, they could resort quickly to using nuclear bombs. I have been asking you and all of those listening to these messages to pray much that a war over Iran could be averted. All the rosaries that are given away will hopefully encourage more to pray for peace in the world. Man in his pride thinks that he can fight any war that he chooses. I am love and I detest all wars because they kill people and allow the evil one to have his way with you. Work to find terms of compromise so you can live in peace without constant wars, and do not try to force your will on other nations. Love one another because this life is too short to be fighting all of the time."

Monday, July 14, 2008: (Bl. Kateri Tekakwitha)

Jesus said: "My people, today's Gospel is a little difficult to understand when I speak of bringing division to families, and I am all-loving. I am your Creator and you are My

children, so I am the only One worthy of your worship. I should also be the center of your life where you focus more on following Me than following your own will. You are all dependent on Me for everything, even for the very life and existence that you have right now. You have a choice then to follow My love or to follow your own ways. When you choose to follow Me out of love, I ask you to consecrate everything over to Me, to obey My Commandments, and to pick up your daily cross and carry your sufferings with Me on My cross. I do not bring division by Myself, but it is each person who chooses to accept Me or not as the center of their lives. It is when some want to run their own lives that you may have some disagreements among family members. But if your family prays together with love in your hearts, there will be harmony in your relationships because of your love for Me. I give you all of My gifts in My sacraments, life's necessities, and the holy sacramentals and prayers to protect you from the evil one. Give thanks to Me for all that you have been given, and continue to follow My Will on the narrow road to heaven."

Tuesday, July 15, 2008: (St. Bonaventure)

Jesus said: "My people, you are becoming more aware of the scarcity of food for the world by the price that you are paying for your food items. Many of you in America can afford to pay more for food, but those in the rest of the world cannot afford these prices, and are even fighting to obtain food. As you see droughts, disasters, and insects attacking food supplies, it is getting even more difficult to feed all the people of the world. Do not depend on China for your cheap food because in the coming world famine, they will not be able to deliver food at all. Keep your own farmers going by subsidies or higher prices, or you will have nothing to eat. I have asked My faithful to store some food exactly for this time because it will not be in the stores, or you will need chips in smart cards or in the body in order to buy it. Whatever you have, I will multiply it so you can share it with those who come to your door. I will also multiply your stored water, if your sources dry up. Trust in My preparations and I will see to your needs."

Jesus said: "My people, you are seeing a high number of bank foreclosures on houses where the mortgage was not being paid. As the value of homes drop on the market because they are not selling, some people with mortgages higher than the house value are leaving their houses. The banks also have difficulty recovering any money from the house because it is tied up by investor derivatives. They also have auctioned off houses taking steep losses. Those banks, that accepted riskier borrowers, are now in danger of folding from all of their write

downs. Two banks have been taken over already, and more are yet to fall. This ripple effect in the financial markets is dragging down your stock market, your economy, and the value of your dollar. Add in natural disasters, expensive wars, national debts, and inflation, and you have a country on the brink of bankruptcy. Pray for your country to work its way out of your mortgage crisis and recession, or you could see the one world people take away all of your properties in a national default."

Wednesday, July 16, 2008: (Our Lady of Mt. Carmel)

Jesus said: "My people, this place of Mt. Carmel is in a cave where Eliziah hid to keep the people from killing him. This is an example of a holy ground place in a cave that will be a safe place during the tribulation. There were monasteries located there where the Carmelite Order was founded. The water dripping into a spring is a sign of the healing water that will also be available for healing people in this cave, and for drinking water. The water will run and be multiplied even throughout the world famine. All other caves, that My angels will lead you to, will also be safe havens blessed with healing springs of water. Rejoice on this feast day of My Blessed Mother, and give thanks to Me for all the Carmelites who dedicate their lives to prayer for the souls of the world, and to make up reparation for everyone's sins. The prayers of My people are postponing My judgment for a while, but My justice will prevail over the evil ones."

Jesus said: "My people, when you see how many young people have lost their lives in your recent wars, you have to ask if these wars were necessary and what did they accomplish. The answer is that they were not necessary because they were initiated by the one world people only to make money. Wars and the killing of babies by abortion are still part of the death culture. Again there is a financial incentive to make money on abortions as well as the wars. I have mentioned before that whenever man takes a life, you are interfering with the plan that I had for that soul. That is why the taking of another life is such a serious mortal sin. The loss of life from abortions are even worse, because you are killing My little ones that are so defenseless in the womb. Pray for this unnecessary killing to be stopped and for America to repent of its sins."

Thursday, July 17, 2008:

Jesus said: "My people, a time is coming when My faithful remnant will only be able to find a proper Mass available in the homes, providing you have a faithful priest. This is why I have directed some of My faithful to have hosts, wine, vestments, and books with Mass kits in the home. This will be necessary as you

approach the tribulation time when you will see persecution, and the schismatic church controlling the churches. This will also be close to the time when you will be leaving your homes for interim refuges at first. It will be the time when My faithful may be joining together at your prayer groups. The persecution of My faithful for your beliefs in Me will become more severe when they will try to imprison you for the least criticism of sinners in abortion, euthanasia, fornication, or homosexual marriages. Eventually, the evil authorities will seek to kill you for not taking the microchip in the body and for not worshiping the beast or the Antichrist. This will definitely then be the time to call on Me and I will have your guardian angels lead you to the nearest interim refuge, and later to a final place of refuge."

Prayer Group:

Jesus said: "My people, it is hard for you to imagine how it would be like to go to bed hungry without eating all day. Yet, there are people in some countries that are fortunate to find something to eat. You are spoiled to have so much food in your grocery stores, but that plenty could quickly change to empty shelves in a famine. I have asked you to set some food aside so during the tribulation I could multiply what you have so those around you could have enough to eat. Trust in Me to provide for your needs wherever you are led by your angels."

Jesus said: "My people, when you pray as one person, your prayers are applied to your intentions. When you pray as a group, your prayers are multiplied for all of your intentions. When you pray for reparation of the sins of your whole country, then you need to pray, fast, and ask your prayers to be multiplied. By My grace I will multiply your prayers just as I will multiply your food."

Jesus said: "My people, I have warned you of the danger of living close to an old volcano because you do not know when it could erupt and kill you with an explosion. Less violent volcanic activity could be harnessed for heating and driving turbines for steam generators to make electricity. You have looked at many energy alternatives, but thermal energy from the earth's core could provide an almost endless source of heat as long as you could control it. Once you think beyond your fossil fuels, there are many solutions for your energy crisis."

Jesus said: "My people, your hospitals are barely getting by on the number of beds that you have planned for at this time. Emergency situations such as 9-11, Katrina, and the floods along the Mississippi call for much more rigorous preparations which very few of your cities have planned for. The Red Cross is already stretched to its limit for funds because of your many disasters. FEMA and your Homeland Security have been slow to

react to national disasters. Your people better have some major preparations for food and the coming famine with potentially large losses of life."

Jesus said: "My people, every year you have been faced with increasing areas of drought with more possibilities of large fires fed by high winds. Many of your fires in California are exhausting your fire fighters with endless fires. Pray for better rainfalls in your drought areas so that your crops or homes will not be endangered by these wild fires. Putting aside food is already being seen as a good preparation to handle the droughts with less food available."

Jesus said: "My people, your energy companies are fortunate to be able to provide enough electricity to handle hot summers and the needs of your air conditioners. Again these companies find it too expensive to bring on alternative power to make up for any electricity grid failures. During such outages, the people will need secondary sources at least for heating during the winter. Food spoilage would be difficult without some backup food supply. My people need to plan for such emergencies, and call on Me to multiply your food and fuel in your need."

Jesus said: "My people, some countries are using higher percentages of electricity made by nuclear plants than America does. Your country has had many years of relatively safe energy from this source, yet you have failed to make any new plants for this means of energy. You have many alternative sources to oil, but you have not taken the right path to increase your energy away from oil related products. Now that you are in a real energy crisis, you need to make some drastic moves quickly, or your sources of fuel may control you through other countries' demands. Pray that your solutions will help your country soon before you have some serious fuel or electricity shortages or failures."

Friday, July 18, 2008:

Jesus said: "My people, be on the lookout, as in this vision, for the one world people to keep involving you in more wars. They are behind increasing activity in Afghanistan and they will try to tie your troops down with an excuse for your 'War on Terror'. Your country has no real interest in being in this area, and it is only part of the one world people's plan to destroy your military and your economy. Your country cannot afford these constant wars for no gain in sight. Your people have to take a stand against those who are trying to destroy you and take over your country. Another tactic to destroy your economy is to allow this mortgage crisis and the greed of the rich to allow the taxpayer to bail out all of your banks that

lent money out to borrowers who could never afford their overpriced mortgages. Add in an underfunded Medicare and Social Security giving away too many benefits, and your deficits are going to bankrupt your country. All of this deficit spending cannot continue without some repercussions, and it will bury you in interest expense which will lower your dollar causing many to lose any value in their savings and investments. Unless your government stops its deficit spending by cutting back on your wars, stopping the support of failed banks, and limiting government pay outs, there is only one direction, and that is to eventual failure of your banking system. Your country is no longer governed by the people, but it is controlled by special interests backed by the central bankers of the one world people. They will soon take you over and make you a part of the North American Union. This will be the end of your nation as you know it, and the beginning of the tribulation when you will then need to seek out My refuges of protection. Look out for this coming take over because it is not far off. Pray for your people to follow My protection, and trust in My providing for your needs."

Jesus said: "My son, I have given you messages before that the Warning would most likely occur during your football season from September to February. This vision of the football is a sign of this time, and the black and white all around the football represent the battle of good and evil that is getting more noticeable. You will only have weeks of time after the Warning for conversions. Then events will move quickly to place the Antichrist into power. I want My faithful to remember to go to Confession at least monthly so you are in the state of grace when you meet Me at your mini-judgment. I have been emphasizing that you get things ready to load into your backpacks for leaving to go to My refuges. After the Warning, you should have your backpacks filled and ready to leave at a moment's notice. The Warning will be My mercy for sinners, but also a sign that the major events are about to take place. Trust in Me to have your guardian angel lead you on the right path to protection at My refuges."

Saturday, July 19, 2008:

Jesus said: "My people, as you honor My Blessed Mother today, you are reminded how she always reached out to help people, as she helped St. Elizabeth. My Blessed Mother is a holy example to you to help others in their physical needs. Be generous in helping people with your time and your money. Remember how I said if your brother asks you to go one mile, then you should go with him for two miles. Again be generous also with your spiritual gifts in bringing Me to convert souls from their sins. You have a beautiful love relationship with

Me, and you need to share My love and invite others to love Me as well. Your children and your family need to come close to Me through your prayer efforts. Call on Me to help you to teach them about Me through the power of the Holy Spirit. I love all of you and you need to share your love with Me and your neighbor. Give praise and glory to Me for every opportunity that you have to receive Me in Holy Communion."

Jesus said: "My people, the blood of the martyrs on this land is the seed of faith for the people. There have been many battles on this area because man has not stopped fighting with each other to occupy the land. As you saw in the vision, killing in previous years was very vicious. You are not seeing such killing here now, but there will come a time again when My faithful will be persecuted and the evil ones will seek you out to kill you. At that time My angels will lead you to places of protection at refuges where My angels will make you invisible and provide for your needs. You again will see vicious killing when some of My people will be martyred for their faith. Fear not this time, for My martyrs will have their pain minimized as they will become instant saints. The land of the martyrs is consecrated by their blood. The angels will lead you to the exact area that is consecrated."

Jesus said: "My son, I want to give you the layout for the DVD on Adoration. Have a few minutes of introduction for the DVD and introduce two two-minute spots of Adoration at two different places. The silence during that time is how I talk to your souls in contemplative prayer. Then give a 15 minute talk on Adoration from My messages, and introduce the interview with Father Peter. Follow the interview with another 15 minute talk on understanding My Real Presence. End the remaining ten minutes with an explanation of at least two or more places of Miracles of the Eucharist. The purpose of this DVD is to encourage more Adoration of My Blessed Sacrament, and to explain how My Real Presence of My Body and Blood are present in My consecrated Host and the Wine. The more people, that view this DVD, will see the power of My Blessed Sacrament in their lives over the evil forces of the world."

Sunday, July 20, 2008: (Linda's 50<sup>th</sup> Wedding Anniversary)

Jesus said: "My people, I have given you My creation with the soil, the sun, and the rain, but what have you done to the seeds and the crops? You have made artificial hybrid seeds that cannot grow their own seed. You have taken My perfect crops and have made them imperfect as you try in vain to make crops better than My perfection. You use herbicides, insecticides, and artificial fertilizers with your crops, but you are poisoning the soil and the food. Just as you heard about the enemy

planting weeds among the wheat, so your industrial seed providers are planting evil in the seeds themselves. In the spiritual world you are also faced with the demons spreading their evil temptations in your hearts and souls. You need to call on Me and My angels to protect you from these evil ones, and use your prayer life and sacramental life to feed your soul the graces that you need. Without eating My Body and drinking My Blood, you cannot have eternal life. You see in the Gospel how at the judgment time all of the evil ones will be the weeds that are cast into the fires of hell. But My faithful are the wheat that will be collected into My barn of heaven. It would be better to read the whole Gospel so that you have the explanation of the parable of the sower revealed to you as I explained it to My apostles."

Linda: Jesus said: "I want to thank both of you for being faithful to Me and your wedding vows for these fifty years. In these days of divorces and living together, it is a beautiful example that your love shows the commitment that others need to know and follow. Continue to give Me praise and thanks for allowing you to live out this wonderful marriage with all of the blessings of your children and grandchildren."

Monday, July 21, 2008: (St. Lawrence of Brindisi)

Jesus said: "My people, this vision of people dressed formally at a banquet means that you need to have your soul in the state of grace in order to worthily receive Me in Holy Communion at My Eucharistic Banquet of the Mass. If you see that you are not properly dressed or prepared, then you need to come to Me in Confession for the forgiveness of your sins. Once you are absolved of your sins, then your soul will be filled with My grace, and you will be ready to properly receive Me in Holy Communion. This same state of grace means that you are My faithful dressed in white robes, and you will now be marked with My cross on the forehead and marked in the Book of Life. Keep your souls also ready in grace for the day of your judgment when you die. Those, who are not properly dressed in their souls, will risk the fires of Gehenna where they will wail and grind their teeth. Rejoice in My Banquet where you will share My love, peace, and joy for all eternity."

Jesus said: "My people, from all of your travels in space and from your satellites, you take pictures of the earth for many reasons. You see the blue beauty of the earth in the oceans from the sunlight. I have given mankind the earth for your home, and I called man to multiply and subdue the earth. You see the beauty of My creation all around you, but man has polluted the water and the air, and he has changed the genetic makeup of My creations. This adulteration of My creation is

where the devil has misled man into defying My laws of nature, as well as My Commandments. You are upsetting My balance of nature with the manipulation of the DNA in plants and animals. When I return in victory over evil, I will need to renew the earth. I will bring about a new heavens and a new earth where evil will no longer influence you. Rejoice in My triumph when all the evil ones will be chained in hell."

Tuesday, July 22, 2008: (St. Mary Magdalene)

Jesus said: "My people, St. Mary Magdalene, because of her great love for Me, was graced with being the first person to see Me in My risen Body. I told her to give this news to My apostles, but they would not believe her. In her heart she knew the reality of My appearance to her and she treasured that gift, even if others would not believe her. St. Mary Magdalene had seven demons that I cast out of her, which in part was why My apostles did not want to trust her word. My later appearances made believers of My apostles, even out of St. Thomas who also doubted this word of My appearance. You have come to Me many times in Confession to have your sins forgiven, so do not be critical of other sinners who may still be in their progress of being converted. Love everyone and be a good example in your life to bring sinners to Me. Strive to save souls, but let Me be the judge of people's sins."

Jesus said: "My son, I want to thank you for moving quickly to have this latest DVD on Adoration made. Continue praying your novena to St. Therese so your prayers will guard you from any more attacks of the evil one. You saw the first attack on your interview with Father Peter. You will see more attacks, but your continued novena will keep them to a minimum. The devil is doing everything in his power to eliminate Adoration of My Blessed Sacrament because he knows the power of My graces against him. Continue to finish up your work on this DVD so you can get it out quickly to your publisher. Sharing your messages on Adoration, and encouraging the people to start Holy Hours of Adoration are your best witness to the people how they can share their love with Me, just as you do. Give praise and thanks to Me for helping you in all of these efforts to share My love with all the people who want to be close to Me."

Wednesday, July 23, 2008: (St. Bridget)

Jesus said: "My son, I have given you messages about how I send out the same number of callings for the priesthood, but fewer are saying 'yes' to My call, as you can see in very few seminarians. In a similar way I send out a call for messengers and prophets for every age, but even fewer are accepting this role as well. In the readings both in the New and Old

Testaments, messengers and prophets were threatened with their lives because the people did not want to hear their message of repenting of sin, and changing their sinful lifestyles. Even today, many souls have become spiritually lazy in avoiding their prayer lives, and even not attending Sunday Mass. I thank you for accepting My call. My mission for you has been trying with the many things that I have asked you to do. Still you have been faithful to My tasks, and I need you to continue your work to help souls come closer to Me and keep away from the evil ones. Continue to promote good prayer lives, Adoration, and frequent Confession. Without these basic necessities in My faithful's spiritual lives, their love for Me will grow cold, and they will be more vulnerable to the temptations of the devil. Saving souls from hell and directing them to Me in heaven should be everyone's mission, but it is even more demanding of My messengers and prophets. Keep close to Me in your daily prayer life, your Masses, Adoration, and bringing My messages to My people."

Wednesday, July 23, 2008:

Jesus said: "My people, there are various kinds of churches as Basilicas, Cathedrals, and the Vatican of St. Peter's. All Catholic churches, that are not closed, have Me present in the tabernacle, or exposed in a monstrance for Adoration. It is My consecrated Hosts that make each church holy because I am truly present in My Body and Blood in every consecrated Host. It is My Real Presence that you seek out in My tabernacle in My church so you can bow or genuflect to give Me praise and glory in My consecrated Hosts. You need to give Me reverence, just as if I were standing right in front of you. This gift of My Real Presence in My Eucharist is My gift to all of you, even to the end of time. Treasure the moments of silence that you share before Me in My consecrated Host. When your heart is open in faith, I can come into your heart and soul to direct you on your mission to heaven. Keep your focus and eyes on Me, and you will see Me one day in heaven, even as I granted the good thief eternal salvation on the day that he died."

Thursday, July 24, 2008: (St. Sharbel Makhluf)

Jesus said: "My people, fresh water is one of your body's necessities, and it is not always available to everyone. People in arid areas depend on wells, while others use rain water, or bodies of fresh water in lakes or rivers. The Scriptures mention 'Living Water' as I explained to the woman at the well. I told her that I could give her 'Living Water' in Myself so she would not have to keep coming to the well. But I was speaking of her spiritual thirst and not her physical needs. When you come to

receive Me in Holy Communion, you receive My 'Living Water' that feeds your soul and satisfies your desire to have My grace in your soul. I know you have the symbol of water in Baptism which is a sign of cleansing of sin, but the 'Living Water' that I am referring to is My very Self in Holy Communion. I have told you many times that he, who eats My Body and drinks My Blood, will have eternal life. It is the grace of My sacrament that gives you spiritual life, and without this grace, your soul is dead as in mortal sin. Just as water is necessary for your physical life, so My grace is needed for your spiritual life. Rejoice in receiving My 'Living Water' as often as you can, and you will be close to Me throughout this life and the next life."

Prayer Group:

Jesus said: "My people, at the time to leave for your refuges I am reminding those who have monstrances to bring them, so you can have perpetual Adoration at both the refuges and the interim refuges. By having My monstrance and Host present, I will be protecting you from the evil ones. You will have plenty of time for prayer and worship of My Blessed Sacrament, so you can assign someone to pray all the hours of the day and night. The evil ones fear My Presence, so this will be a great help to you."

Jesus said: "My people, you have had your first hurricane hit your country and you have most of the hurricane season to come. Pray for the people who will have to endure these natural disasters. You see how quickly these events happen, even as you have been seeing flooding in various parts of your country. These disasters will continue to bring you to your knees along with all of the other crises that you are enduring. Only when you repent of your sins will your weather return to normal. Continue to pray much for the conversion of sinners, as much prayer is needed in this time."

Jesus said: "My people, at times in the hospital patients will require a lifeline of food nutrients because they cannot swallow normally. If this line is broken, then it must be restored for that person to survive. There is another lifeline to your spiritual life, and that is your frequent reception of Me in Holy Communion. This steady line of My graces, will feed you and keep your spiritual body alive. Give thanks to Me how I feed both your body and your soul."

Jesus said: "My son, I have asked you to make these two sessions of quiet time in front of My Blessed Sacrament to witness to My desire for contemplative prayer in your lives. By looking at My consecrated Host, you can bring Me into your hearts and souls to enjoy My peace and love. Thank you again for making this DVD on Adoration so My devotion can be shared with people all over the world."

Jesus said: "My people, at every Mass and every time of Adoration, My angels are constantly around My consecrated Hosts, and they are giving Me praise and worship. So every time, that you start a new place of Adoration, there are more angels who come to the earth to worship Me. The more angels on earth will be more protection for you as you come into the tribulation time."

Jesus said: "My people, think of all the places of refuge and interim refuges that are being set up for My faithful. When you realize that each of these places will be places of perpetual Adoration, now you know how My power and My angels are going to be so powerful in eventually overcoming the power of the evil ones. My power is much stronger than all of the demons put together, so be patient and have no fear, because this evil age will be brief before My victory will come."

Jesus said: "My people, remember every time, that you come to visit My tabernacle and pray before Me in Adoration, to spend a few minutes in contemplative prayer of quiet time. This is a special time for each soul to share in My love. You should be grateful for every moment that you can share with Me in Adoration. As you pray with Me in this quiet time, imagine all of the saints and angels all around you that are giving Me praise and glory as well. This time of Adoration is actually preparing you for how much you will be praising and singing to Me in person in heaven."

Friday, July 25, 2008: (St. James)

Jesus said: "My people, after Hurricane Dolly hit Texas, now you are seeing the cleanup after power outages and millions of dollars worth of damage. Mexico also had some flooding, but the worst of the storm went through south Texas. Pray for the people who are suffering home or job losses. Thankfully, there was enough evacuation so there was very little loss of life. Your rains and storms have been unusually heavy in the Northeast with some damage as well. The number of storms and the violence of them have increased, and you will see more throughout the rest of the year. Be prepared to suffer more natural disasters as I told you that they would be occurring in the months before the elections. You are also seeing financial storm clouds affecting your housing, jobs, and your economy in general. Pray for My help in providing for your needs and repent of your sins."

Jesus said: "My people, look at your nation as one of the largest exporters of military weapons, and you will understand how your defense industrial complex has a continuous interest in warfare. If there were no wars, many of your defense contractors would be out of business. This is the underpinning

of why the one world people cause constant wars. If there is no war, they will create a reason for one, even if it means killing your own people. If you understand their reasons for greed of money and power, now you will see how their intentions are to take you over in their quest for a one world government. It is this goal that will actually put the Antichrist into power. You can only pray for peace and voice your opinion against these wars. I told My apostles that he who takes up the sword, will die by the sword. This is the end for America because the one world people will use your own weapons against you. When you see an event leading to war, know that the one world people are behind it. Do not lose heart because I will defeat all of these evil ones and they will all be cast into hell."

Saturday, July 26, 2008: (St. Anne & St. Joachim)

Jesus said: "My people, today you celebrate the feast of My Blessed Mother's parents, St. Anne and St. Joachim. All parents are given gifts in their children, but they are responsible for the souls of their children as well. You should bring up your children in faith, teach them their prayers, bring them to Mass and Confession, and give them good example in your actions. Even if your children rebel against your teaching, continue to pray for them and direct them even after they leave your house. You also may become grandparents and again you indirectly need to help the grandchildren in their spiritual upbringing. Let your whole family see in you the importance of having a good prayer life and a constant focus on Me in your life. This life passes quickly, and you need to have your souls always in the state of grace by frequent Confession. Encourage your children and grandchildren to confess their sins at least once a month. I know all souls have their own free will, but you have the responsibility at your judgment for bringing your children to Me. It is up to them to accept Me, but do not give up on any soul, and continue to pray for them every day."

Sunday, July 27, 2008:

Jesus said: "My people, the Kingdom of heaven should be the ultimate goal of every soul so you can be with Me forever in My love and peace. I gave the people these symbols of land and a pearl of great value because the Kingdom of heaven is your great prize that you should be willing to give everything up for in this world in order to obtain heaven. I alone through My death on the cross have made you worthy because My Blood has cleansed your sins from your soul. Everything in this world is passing away, but eternal life with Me in heaven will be beyond your earthly comprehension. In order to be saved in heaven, I call on My people to seek the forgiveness of your sins and

accept Me as Lord, Master, and Savior of your soul and life. I have told you before: What does it profit a person to gain the whole world, but lose your soul in the process? When you love Me and your neighbor in all that you do, then you will be on the right narrow path to heaven. When you consecrate yourself to Me every day, then I can mold you to be the person that I want you to be and you will be open to fulfill the mission that I have planned for your life. Continue to seek heaven every day in your prayers, your good deeds, and your good example to others in evangelizing souls for heaven. When you do these things, at your judgment I will welcome you into heaven as your reward for being faithful to My requests."

Jesus said: "My people, the simple life of living among nature away from the modern worldly things, is the way My people will be living again at My refuges. You are so spoiled in America with all the food that you have in your stores, and all of your uses of electricity in your lives. Missing your electronic entertainment devices alone will be one of your sufferings at My refuges. Many of these things are difficult distractions from your prayer life and such distractions can take your focus away from Me. If you want to prepare yourself for what it would be like at a refuge, just try for one day to avoid newspapers, TV, magazines, and computers. Even using candles for light would show you how dependent you are on lights and electricity. When you try to live the simple life without your distractions, you will see how much more time that you will have for Me in your prayers. When you think of how Blessed Kateri had to live, ask her to help you in accepting any little inconveniences that you will find at your refuges."

Monday, July 28, 2008:

Jesus said: "My people, you all should know how much I love you because I chose to die on the cross so all of mankind would be open to heaven and salvation. I suffered the worst torture of the Romans so all of you would have the opportunity to be saved. Adam's sin and the sins of all mankind for all of history are a weighty sum that required the price of the Son of God's Blood to make atonement to My Father. If you can understand this extent of My love, then you can see why coming to heaven will require the same love in dying to self, and giving your will over to My Divine Will. I have paid the price for your soul, but only saints are allowed into heaven. This means that your short life is directed toward trying to perfect your spiritual life. This cannot be done on your own, but you must ask for My help and grace through the sacraments to bring you closer to Me in a loving relationship. Some may suffer their purgatory on earth in order to be worthy for heaven.

Others may need to be purified in purgatory before My Divine justice and mercy will allow them into heaven. In addition to saving your own soul, you can also gain merits toward heaven by your loving good deeds, and reaching out to save as many souls as possible from going to hell. You have understood My unconditional love, so now you need to show Me how much you love Me in your dying to self and helping others."

Jesus said: "My people, I have given you messages before that some areas will experience flooding from constant rain storms, and other areas will see droughts and fires where rainfall will be below normal. This pool of fresh water that disappeared is a sign that fresh water will become scarce in some areas and it will be more valuable than oil. Having a supply of oil is necessary for travel, but a supply of fresh water is necessary for life itself, every day. This is why being close to lakes and rivers of fresh water will be a more important in choosing where to live. Living in arid lands or places that have continual fires will become less desirable as the availability of fresh water becomes a problem. Your winds and rainstorm patterns have changed dramatically this year, and it will be increasingly important to see where these trends are leading families to live. Pray for the discernment on where best to live for fresh water and available employment."

Tuesday, July 29, 2008: (St. Martha)

Jesus said: "My people, you are familiar with St. Martha in her use of hospitality to show her love for Me. Serving people's needs when they come into your house is a very loving response to show your welcome to your guests. At other times you are called to work for your employer in order to provide for your living. In this situation you should give your employer a fair day's work for your wage. There are some who busy themselves with too much work at the expense of lost time with their families, and even let their work interfere with time for Me. It is when work is excessive and you are doing it more for the money than love of Me, that you let your work control you. When Mary listened to Me, I told Martha that Mary had chosen the better portion, and she will not be denied her choice. Adoration of Me in My Blessed Sacrament can be your better portion today when you can listen to Me and give Me worship and thanks. Receiving Me in Holy Communion and visiting My Blessed Sacrament are the best ways of showing Me your love. Helping others out of love is important also, but giving Me special attention in person can even be a better expression of your love for Me. Working for Me and prayers are very important to have a complete love relationship with Me and your neighbor."

Jesus said: "My people, this experience of My Resurrection

is one of the most powerful moments in the history of mankind. Not only did I rise from the dead after three days, but it also represented My victory over sin and death. Nothing could contain Me, even in the nature of a man because My Resurrection into a glorified Body is an example to all of My faithful how you will also be resurrected one day. This promise of heaven and a reunited glorified body is what inspires your souls to do everything possible to be perfected through My grace in order to gain heaven. When you went to My tomb in the Holy Sepulcher, you could still feel the residual energy from My Resurrection. When you look at the Shroud of Turin, you can see the effect of that same radiant energy as it embedded an image in the fabric of the Shroud. I showed My resurrected Body to My apostles so they could feel the nail marks in My Body and put their hand into My side that was opened with a lance. I told them to believe in My Resurrection and no longer doubt My reality in the flesh. In the same way I want My faithful to believe in My Real Presence in My Eucharistic Host because I will be present with you to the end of time. Believe in My love and obey My Commandments, and one day you will be standing with Me in heaven in your glorified body after your resurrection."

Wednesday, July 30, 2008: (St. John Chrysologus)

Jesus said: "My people, you have been seeing more earthquake and volcano activity recently, but it is when they occur in populated areas that people could be hurt or killed. This vision of another massive volcano going off shows you how people will seek any place of safety, even in dark caves. I had asked you in some previous messages to have masks for some coming viruses in the chemtrails. You also could use your masks if a volcano should send its dusty ash over large areas. If you cannot find your masks from before, then you may have to purchase some new ones and place them in a spot that you can remember to find them. Volcanoes can spread ash thousands of miles away if it is sent into high atmospheric levels. Such explosive eruptions could even affect your weather when the ash could block out the sun. You have already seen cyclones and earthquakes that have caused many deaths, and there will be more natural disasters to come. Pray that the people will be spared their lives in any future destruction."

Jesus said: "My people, part of the one world plan is to divide your troops and allow them to be tied down all over the world so they cannot defend the homeland from the one world people's takeover. Because of your bad economy, less taxes are being collected and your government is running large deficits. The costs of your war efforts in Iraq and Afghanistan are not even included in your budgets. You have spent trillions of

dollars on these wars, and they are ruining your military with constant tours of duty. If there was a cost analysis of your wars, you would see that you cannot afford to add trillions of dollars of debt to your national debt. You are destroying your economy and your military with useless wars that need to be stopped. Your troops need to come home and let the foreign countries fight their own battles. Peace is more valuable than the constant wars desired by the devil. If your people cannot stop these wars, then you will be inviting your very demise. You are against the one world people who want a one world government, and they must destroy America so your military is not in their way for a takeover. Stop paying for these wars which are not providing any benefit except making the rich richer. Take back control of your country while you still have time, and pray for an end to these hostilities."

Thursday, July 31, 2008: (St. Ignatius of Loyola)

Jesus said: "My people, you have seen many earthquakes recently along your Western coastline near Los Angeles and off the coast of Oregon. This is in addition to those in Japan and the rest of the Pacific Rim. This increase in activity is another sign of the end times, and this is just the beginning. More severe earthquakes in California will be coming, especially around San Francisco which I have shown you will be falling into the sea. The sinful lifestyles and the court decision of supporting gay marriage, as well as the pornographic movies, are bringing My wrath on these people. You should be supporting laws protecting marriage in the family of a man and a woman, as I have shown you since the beginning of creation. All other lifestyles of living in fornication, or homosexual acts are against My Sixth Commandment. Pray for your people to repent of their sins, or they will see the consequences of their sins as did Sodom and Gomorrah."

Prayer Group:

Jesus said: "My people, I have given you many messages about making preparations to leave your house for a safe haven refuge. Those, who leave their homes before martial law is declared, have a better chance of being protected at My refuges. Call on Me at the time that I will tell you, and your guardian angel will lead you with a physical sign to the nearest place of refuge. They will make you invisible so you would not be captured. Those, who purposely stay in their homes after martial law, are risking the men in black who will come and take you off to the death camps. Follow My directions if you wish to be alive at My refuges."

Jesus said: "My people, many are wondering how thousands of people could be accommodated at My refuges. I continue to tell

you that once you arrive at a refuge, My angels will multiply the dwellings so everyone will have a place to stay. You will see them spread over the land or built up into the air where land is small. Trust in Me to provide for your needs, even as you will see My angel and a luminous cross at every refuge."

Jesus said: "My people, you all have special identification documents in your driver's license, Social Security number, and passport. Many of these documents are having microchips placed in them for security, but they allow your government to track where you go. This mandatory chip in your documents is the first step before the authorities in your Homeland Security and FEMA will soon demand mandatory chips in your bodies. It is at this point that you are to refuse chips in your body, even under pain of death, so you do not allow the evil ones to control your actions as a robot."

Jesus said: "My people, when your Congress people meet in secret, it is usually to hide some evil plans from the people, just as the one world people have secret meetings. The one world people are continuing to have all of your communications listened to as they invade your privacy to discover who is against their one world order. Secret plans are being made to establish martial law and to have detention centers to detain or kill their enemies. Be prepared to go to your refuges when I give you My word to go. My angels will protect you, so have no fear of these evil ones."

Jesus said: "My people, My little children are precious to Me, and I do not want to see them martyred in the coming cleansing of religious and patriots in the reign of the Antichrist. I will give the little children under seven years old a special grace from their guardian angel that will make them invisible to the evil ones. You have been killing many unborn in abortion, and some children by abuse. Those involved in these killings will have to make much reparation for these sins of murder. Pray for a stoppage of abortions and all killings as in wars."

Jesus said: "My people, the evils of your day have been gradually getting worse, but you are so immersed in your daily activities that you do not realize how bad it is. Man is changing My creation with all of your hybrid plants and DNA manipulations. Look how evil your movies are in that it is hard to find those that are not 'R' rated and even evil portrayed in disguise as in Harry Potter movies. Your human cloning, sexual perversions, and other sins are clouding your judgment so you do not even know sin when you see it. This evil around you is the evil as in Noah's day when I said that I would return. But will I find any faith on the earth?"

Jesus said: "My people, I have been advising you to join

some local prayer groups so you could help each other in your prayer lives and learn who you could trust to help you in the tribulation time. All of your prayer groups are going to be places of interim protection on your way to your final refuges. You can share your spiritual love and they will be thinking as you on how to prepare for the end times. Pray to your angel that is guarding your prayer group for protection and guidance. These angels will be given special powers to assist your people in their needs. Give thanks to Me in every meeting for watching over you and loving you.
