

Tuesday, June 1, 2004: (St. Justin)

Jesus said: "My people, this earthly king's court represents man's earthly desire for pleasures and comforts. Many in the world desire material things and pleasures without even working for them. That is why many gamble because they want to get rich quick, but they lose what little they have. Today, some make electronic devices or money into idols of worship that occupy their time instead of worshiping only Me. When things of the world take away from your prayer time or doing My Will, then you are caring more about the world than Me. Continue to evaluate how you are spending your time and remove those things out of your life that steal time from Me. Your goal is to follow Me toward heavenly treasures instead of being led by your own personal desires for money and material things. Keep love of Me and your neighbor always fixed as your desire for heaven, instead of selfish earthly desires of the world. (Psalm 83:11) 'I had rather one day in your courts than a thousand elsewhere; I had rather lie at the threshold of the house of my God than dwell in the tents of the wicked.'"

Jesus said: "My people, your military people have place various sorts of satellites in place to spy on countries with terrorists or nuclear weapons. Some were intended for early warning of nuclear missile launchings. Some features were even intended to cause interference of guidance systems or destroy the missile outright. As this capability is being looked at for terrorist countries, these satellites may be used again as in the cold war days with Russia. There are still many missing warheads that could have fallen into the wrong hands. Certain terrorists have reported to want to kill many people and nuclear weapons could be an alternative. If another major terrorist attack comes to America, the retaliation could be even more deadly than the wars to date. Many countries have nuclear weapons and if they are used in large numbers, they could threaten life on earth. Pray that such destructive weapons are not used because the death and destruction could be extensive."

Wednesday, June 2, 2004:

Jesus said: "My people, this vision is to show you all the grandeur and beauty of My creation. Many beautiful rock shapes as mesas and the Grand Canyon have been shaped by wind, water, and even glaciers. In your everyday living you may not realize this beauty all around you. It is when you go on vacation that you may have the opportunity to comprehend these sights. There is beauty also in all of the people around you, if you stop to realize the joy of each personality that you encounter every day. I also look at the many souls that I have created, although many are tainted with some serious sins. My faithful are My evangelists to try and touch those souls that could be

lost if they do not change their ways. If you love the people around you, you should love their souls as well and help those drowning in their sins. You may meet resistance to accepting My Word because sinners are in love with their pleasures and comforts and do not want to change their lives for Me. Yet, seeking My forgiveness and stopping their life of sin is the only way that they could obtain heaven for their souls. Do not be discouraged in your evangelization attempts, but be persistent in helping souls as you pray and fast for them."

Jesus said: "My people, at the time of tribulation I have called you to seek out My miraculous protection at My refuges. Evil men will try to attack you and kill you, even at My places of refuge. To protect you My angels at My refuges will be given authority to slay these wicked ones for their evil intent to kill God's faithful remnant. You will see My angel wield his sword against them and they will be sorry that they challenged the forces of heaven. Just as My angel killed the Assyrians, the angels of My refuges will witness My power against evil people and even demons. The evil ones will be tested by fire on earth and also in hell where they will be chained. The tribulation will end with My triumph over Satan, the Antichrist, and the other beast when My angels will chain them in hell and My comet of chastisement of fire falls on the earth. Then I will renew the face of the earth and you will witness My Era of Peace where there will be no more evil and you will see the new heavens and a new earth."

Thursday, June 3, 2004:

Jesus said: "My people, the Gospel (Mark 12:28-34) emphasizes the Greatest Commandment of loving Me and loving your neighbor as yourself. This is spiritual love at a higher level than filial or erotic love. If you lived your life always with spiritual love, you could not sin. It is when you put earthly selfish desires before Me that there is no room for spiritual love. If you truly love Me as you should, you would pray and fast every day to atone for your sins and those of others. If you truly love your neighbor, you would help them more and not be critical or angry at their actions, even annoying you in your driving. You need to have self love and not degrade your body or think that you are of no value to Me. It is when you abuse earthly desires that you find yourself in sin. You have rightful desires to eat and have pleasure in marriage, but not beyond the bounds of excess and My Commandments. When you focus on spiritual love to please Me, your spouse, or your neighbor, that is when you are fulfilling the mission that I have given each of you to love one another. The closer you are to living in this spiritual love, the closer you are to the kingdom of

heaven as I commended the man in the Gospel for accepting My Commandments with joy and fervor."

Thursday, June 3, 2004:

Prayer Group:

Jesus said: "My people, these doors opening at the Vatican are symbolic that you are about to see a great change in My Church. This and many other events will be coming about as the coming tribulation will allow the Antichrist to come to power. At the height of his power I will come upon the earth in triumph and you will see the New Jerusalem come in glory."

Jesus said: "My people, many of you have been anxiously awaiting the Warning experience for everyone to have their souls illuminated with My mercy. Events are leading up to this time when everyone will have their life review to make you aware of your sins and where you stand if you were to be judged that day. Many souls are not prepared spiritually for the rigors of the tribulation. This act of My mercy will give everyone a chance to see Me and choose whether to convert or not to seeking My forgiveness and change their lives of sin. Those, who are converted, will be given the grace to endure the trial of the tribulation."

Jesus said: "My people, you are seeing war clouds gather for a great conflict in the desert of the Middle East. Just as you are speaking of peace, then there will be sudden destruction. Nations will be aligning themselves in preparation for a great battle at Armageddon. These events have seemed distant, but you will soon see great divisions between the East and the West."

Jesus said: "My people, the rich of the world are about to create a massive money chaos that will result in wars and financial chaos that will unsettle many governments and present the one world people an opportunity for world control. Their new one world order will be established in preparation for the Antichrist to declare himself. This will be a time for My faithful to be led to My refuges for protection. Your money and possessions will be stripped from you and you will have to put your full trust in My miraculous protection and in My feeding you. Have your spiritual life in order to be able to endure this tribulation."

Jesus said: "My people, you have suffered the loss of many brave men and women who were killed in your many wars. Now, you are going to witness more openly a spiritual battle of good and evil. You will see the evil forces of Satan on one side against My faithful remnant and My angels on the other side. Just as Moses divided the people who are with God and against God, so you will again see people take sides on the good and the bad.

Stay close to Me, My people, for you will suffer greatly from the evil ones who will persecute you and kill you. Fear not, for I will protect your souls for the day that you will enter My kingdom."

Jesus said: "My people, this is a vision of the Last Judgment when I will send My angels to gather the harvest of souls. Those, who are in the Book of Life, will be separated on one side. Those, who are condemned to hell, will be on the other side. Those, who are worthy, will enter heaven, while those, who are unworthy, will be cast into the abyss of hell. Then those in hell will not be able to cross over to heaven because of a great abyss that will be fixed between them and My faithful."

Jesus said: "My people, I have warned you often that you are living in the end times before I will come again to judge the earth. This vision is a scene in Revelation (Rev. 14:14-16) which pictures My angels about to harvest the wheat and My grapes of wrath. I have given you a great time of mercy to change your lives of sin, but many have abused this opportunity for conversion. All the signs of the end times in in your weather, wars, earthquakes, and famine are upon you. My time of triumph and harvest of souls is close by and My people should prepare your spiritual lives to be ready for My Judgment. All of Revelation is about to be fulfilled, so read this account to see the coming events unfold just as they were prophesied to St. John."

Friday, June 4, 2004:

Jesus said: "My people, June is a month dedicated to My Sacred Heart and it is by this title that you begin to recognize My great love for mankind. My coming as a man and My dying on the cross for all of you have given you a personal relationship with your God. You do not see or feel God, so it is hard to understand Me without looking at creation and reading the words that I have revealed to you in My Scriptures. To love someone you need to have a sense of their presence, and I have given you My Real Presence in My Blessed Sacrament. When you receive Me in Holy Communion and you visit Me in the tabernacle, I am always loving you and listening to your prayers and petitions. By keeping your soul pure to receive Me, you receive grace in taking My Eucharist. Being in My presence is when you are on holy ground and you can feel My love in your heart. You know I love you always and unconditionally. I want you to love Me also and show your love for Me by your prayers and good actions. Love involves self giving to each person and you may have to suffer in this life to defend your faith. Be a witness of My love to your family and those around you so by your example, you

can strengthen the faith of your friends and family. Love My Sacred Heart as I love you."

Jesus said: "My people, I want My faithful to preserve My deposit of faith by following Church traditions, My Scriptures, and My Commandments to the last letter. There will be attacks on My Church from within by the masons in My Church. Know that the gates of hell will not prevail over My Church. If you are faced with modernist heresies, or New Age influences, you are to form a faithful remnant even if it means meeting in your homes. Do not follow those that teach that sexual sins are not sins. Do not follow those who want to change My Commandments because they are unchangeable. Do not put any other gods, persons, or idols before Me or you will face My judgment to hell. Follow only My Word for it is truth that cannot be denied. Believe in Me only and not the ways of men or their misinterpretation of My Word in the Bible. You must test for discernment in all of your religious leaders because some will try to lead astray even My elect. Be faithful to your Master at all costs, even if you will meet rejection or persecution to defend My Name. In the end My true followers will be rewarded in heaven and those who mislead souls to Satan, will taste the deepest place in the fires of hell for betraying Me."

Saturday, June 5, 2004: (Adele Bonsignore's funeral, Father Dennis' mother)

Jesus said: "My people, there is great grief for a mother who has passed away, but a mother of My priest son leaves a great legacy of faith behind for those to follow. Adele was an inspiration to her sons and family to keep the traditions of My Church. She shared her life generously with everyone. You were all blessed with the grace of her life. Now she is enjoying the glory of her Master and she will be praying for all of you. Although this death is sad, there is a rejoicing in heaven for celebrating her life and her deeds."

Jesus said: "My people, I have told you in many messages to look to the sky for the signs of your time. In recent years you are seeing many asteroids and comets coming close to the earth. Your latest equipment can see them better, but they are still limited in giving you early warning of an asteroid approaching the earth. Comets are easier to see in the sky, so they receive more news. Put these signs together with your weather events, wars, and the moral decay of your society, and you have all the signs of the end times foretold in My Scriptures. How long do you think that I will allow evil men to have their way in mocking Me with their perverted actions? I tell you for the worst of these people, I will bring them swift justice. Many of your deadly storms and earthquakes are occurring where evil is

more rampant. My chastisements for your sins will be increasing until America is brought to its knees. Men think that they can get away with sin and they will see no consequences. The evil ones will surely taste the fires of hell as they deserve, but I will also confound these evil souls even with punishment in their earthly lives. You will not go unscathed both now or in the hereafter. You cannot mock Me and not suffer the consequences of your sins. Wake up, My people, and see that My judgment is coming quickly and you must prepare your souls to be pure in My sight or suffer with the evil ones. Convert your lives to following My Will because this is your only path to heaven. Follow My Gospel of love and you will have a heavenly reward."

Sunday, June 6, 2004: (Trinity Sunday)

Jesus said: "My people, it is difficult for man to understand the three Persons of God in the Blessed Trinity because it is a Blessed Mystery. Many have a vision of God the Father in the burning bush or as a father image. God the Father is prominent in the Old Testament and the New Testament at My Baptism, at My Transfiguration, and in My suffering on the cross. Creation is associated with God the Father. Myself, man has witnessed in My very presence on earth as a man and you mark history by My coming. My very words are available to everyone on how to live your lives in the Bible. I left you My image on the Shroud of Turin, Veronica's veil, but most of all I left you Myself in My Real Presence in My Blessed Sacrament. I have told you before that when you receive Me in Holy Communion, you have all three Persons in your heart and soul. You are all temples of the Holy Spirit, even as it was by the Holy Spirit that I was conceived in the Blessed Virgin Mary. It is by His very being that your life is sustained in your soul. You know that the body without the soul is lifeless. So the soul without the Holy Spirit is also lifeless. Even though you cannot fully understand the Mystery of Three Persons in One God, you still feel the love of God through each Person of God. We are all love and love all of you forever. We want you to love Us because We have given you life itself, Redemption in My death on the cross, and a faith in Us that can lead your soul to heaven. Remember Us as One every time that you make the Sign of the Cross and pray your 'Glory Be' prayer."

Monday, June 7, 2004:

Jesus said: "My people, this searching for diamonds is how man labors to find earthly treasure. Some want quick money from gambling, searching for gold, and even some steal to get rich. Earthly treasure is fleeting and not of lasting value. Earthly

treasure can be lost or stolen. The only treasure of lasting value is heavenly treasure that will not rust or be stolen. When you do a good deed out of love for Me or another, or give money to a charity, you will store up treasure in heaven. All that you do for Me and others in prayer are worth more than any earthly financial gain. These are the treasures that will be used to offset the reparation due for your sins. In purgatory you suffer in making payment for your sins. While you are on earth, you can suffer your purgatory here to purify your soul of your earthly desires. Search then for heavenly treasure which is everlasting rather than earthly treasure that is transitory."

Jesus said: "My people, there are some who store money in their houses for fear that the banks could close. There is more credit in circulation than the actual currency. The dollars themselves are Federal Reserve Notes without any backing. The central bankers control how much credit and currency that will be pumped into your economy. They also control interest rates and the overall money supply. If more is needed, they literally print more notes and bonds out of thin air. There is a continuing deficit of payments that leaves foreign governments with more dollars than they can spend. This deficit and interest on your debt are diluting the value of the dollar. With total control over buying and selling the central bankers control your governments and what they can do. So do not think that your money is safe because these evil ones could inflate it to be worthless. Trust in Me more than your money because I will protect you and provide for your needs at My refuges."

Tuesday, June 8, 2004:

Jesus said: "My people, when you sit down for your evening dinner, you take for granted that food will be on the table. The reading about a famine in Israel is another example of My help in providing for My faithful when the oil and flour lasted until the famine was over. You again will be faced with a world famine when crops will be scarce and the food distribution will be controlled by chips in the hand. At that time My people will be led by My angels to My refuges where I will feed you My heavenly Manna. Water will be at springs at the refuges. People will be frightened over what little food is left, so it is important to call on Me and your guardian angels to lead you. The refuges will be at My Blessed Mother's apparition sites and places of holy ground where My Blessed Sacrament has been adored for many years. Trust in My help and you will have nothing to fear."

Jesus said: "My people of America, you have already been tested with the beginning of your natural disasters and extended war in Iraq. Soon you will be experiencing terrorist bombings

on a scale that you have yet to see. This vision of multiple bombings in your cities will cause much chaos and create more anger against the terrorists and the countries that they come from. These attacks will be set to disrupt your infrastructure and your elections. Enough prayer and conversions from sin can mitigate these attacks, but thus far your people have not realized that these chastisements are because of your sins. Your abortions, fornication, adultery and homosexual acts are calling for My justice and I have told you that I would bring America to its knees. By natural and man-made disasters, wars, and terrorism, America will suffer for your sins and your sinful lifestyles. The longer your sins persist, the more severe will be your chastisements because you need My attention to change your lives. Enjoy what you have now, because your lives are about to change dramatically. Pray much for yourselves and sinners so you will be able to endure what is to come."

Wednesday, June 9, 2004:

Jesus said: My people, the prophet in today's reading challenged the people of Israel to whether they believed in God or Baal. Then he asked them to have their god call down fire on a slaughtered bull, and he taunted their god when nothing happened. The prophet then had God call down fire on the water drenched sacrifice to consume it to prove that God is the true and only God. (3 Kings 18:29-40) Elijah did not want the people to be fence sitters or lukewarm in having allegiance to God and Baal. This message can be applied to today's society as well. You cannot worship Me and the gods and idols of your world at the same time. Those, who are neither hot nor cold, are the lukewarm that I will vomit from My mouth. You cannot serve God and money at the same time. (Matt. 6:24) 'No man can serve two masters; for either he will hate the one and love the other, or else he will stand by the one and despise the other. You cannot serve God and mammon (worldly goods).' Even those, who know the faith, must follow My Will and not mislead others or they could be lost as well. (Matt. 7:21) 'Not everyone who says to Me, 'Lord, Lord' shall enter the kingdom of heaven; but he who does the Will of My Father in heaven shall enter the kingdom of heaven.' You cannot love the pleasures and comforts of the world as idols before Me because your total commitment must be with Me. Those lukewarm, who give lip service to Me and idolize the world, will be cast into the fires of hell. It is one thing to know the faith, but if you are to be My disciples, you must live your faith to be saved. This means you must give your will over to Me and consecrate everything that you have over to My Will."

Jesus said: "My people, many priests, religious, and some

laity make a habit of reading the Liturgy of the Hours every day. This is a good practice for your daily prayer life because it keeps My words fresh in your mind every day. Many traditional monasteries still carry on this devotion and it gives a certain mystique to their prayer service. Man needs a certain spiritual stability to his life that a daily prayer service can offer. Every day you lay your troubles and needs before Me, and I offer them up to My Father in heaven. If you are looking to add some spiritual reading to your prayer life, then the Liturgy of the Hours will let you follow in the footsteps of many saints before you. Be faithful in giving your time to Me each day and I will be faithful in leading you to heaven."

Thursday, June 10, 2004:

Jesus said: "My people, some could say that there are various chances for rain to occur on a given day. Those, who study historical rain patterns, can determine the approximate rain that a certain area of your country will receive. Many people choose to live where they please and they assume it will rain often enough for their water needs. Droughts and famines have occurred and are still occurring in various parts of the world. There is no guarantee that everyone will have sufficient fresh water for their daily needs. In certain arid lands water has to be brought in from other lakes and rivers. Drought has been affecting many in the West where rainfall has been scarce in recent years. When a rainfall pattern decreases, it puts a stress on water usage in that area. Western droughts will be worsening to the point that the population may soon move to other areas with sufficient water. Continued water rationing will restrict builders as reservoirs continue to dwindle. In addition to water shortages, these same areas become continuously prone to wild fires over many acres. In the future you will see people deciding to live closer to more plentiful sources of water as fresh water will become increasingly more valuable than sun and warm climates. As the world famine progresses, fresh water will be an important factor in your survival."

Thursday, June 10, 2004:

Prayer Group:

Mary said: "My dear children, I am happy that you are all here to pray my rosary. I am offering up all of your intentions to my Son, Jesus. You have seen my statues weep tears of oil and even tears of blood. My statues are weeping because My Son and I are so sad for all the many sins being committed by your people. I offer you one intention of praying for poor sinners

because many souls are in danger of being lost unless they repent and seek My Son's forgiveness. Pray, pray, pray for this intention so sinners may be converted."

Jesus said: "My people, you have been taken up with your cell phones and internet e-mail for fast communication. Your technology has advanced in the way that you receive messages and even the means used to listen to your conversations. Be thankful for these conveniences, but be careful how they can be abused. Prayer is your best communication that you can have with Me. Every day that you pray your petitions, I am listening to your every word."

Jesus said: "My people, admiring nature from this new church is another means of thanking Me for the many gifts that I have bestowed on you. The beauty of your souls coming to church is a much more meaningful scene than all the rocks of the earth. You have been given free will and the ability to show your love for Me. Loving Me by your own free will gives witness to My greater glory and you are a joy to all of My saints and angels in heaven. Prepare your souls for heaven by loving Me and following My Will for you."

Jesus said: "My people, you have been gifted with many different means of transportation. As such there is no excuse why you cannot come to Mass and visit Me in My tabernacles. If you truly love Me, you should take the opportunity to receive Me in Holy Communion and say how much you love Me at Adoration of My Blessed Sacrament. Those, who love Me, will receive many gifts and blessings for following My ways. For now you are using physical means to visit Me, but in the next life you will travel spiritually and move about freely without the restriction of space and time. Being with Me in heaven will fulfill all of your spiritual desires for My love."

Jesus said: "My people, you know well how to give proper honor and respect to your past presidents in their burials. During life these men are tested much during their office, but they are thankful for your appreciation of their hard work. Pray for your leaders that I will guide them and give them strength and courage to fulfill what they need to do in serving their country. May they follow My laws and direct all legislation to follow My ways rather than man's ways."

Jesus said: "My people, take care how you entertain yourself in worldly ways without placing yourselves in occasions of sin. Avoid movies and TV programs that have 'R' ratings with explicit sex, bad language, and violence. By going to other movies, you can send a message to Hollywood that the bad movies are not worth seeing. Boycotting such bad movies will not support them financially and avoid a sinful environment. Be conscious of how such movies can ruin your children's morals and

witness to them only acceptable things to Me. Do not go along with others even if you receive criticism for avoiding bad movies."

Jesus said: "My dear little ones, thank you for your devotions to My Blessed Mother's rosary and your chaplets of Divine Mercy. Your faithfulness of many years at your prayer group shows Me how sincere you are in trying to follow My ways in your devotions. Your prayers have helped many souls both physically and spiritually. Continue to keep praying and giving Me Adoration in thanking Me for your many gifts."

Friday, June 11, 2004:

Jesus said: "My people, you are destroying and stripping My churches of your traditions and the mystique about My Real Presence in My tabernacles has been removed to back rooms. (Matt. 21:12-13) "And Jesus entered the temple of God and cast out all those who were selling and buying in the temple, and he overturned the tables of the money-changers and the seats of the those who sold the doves. And He said to them, 'It is written My house shall be called a house of prayer; but you have made it a den of thieves.'" (Psalm 69:10) 'For the zeal for Thy house has consumed Me.' My church is a place of worship to give Me honor and glory to My Real Presence in My Blessed Sacrament. Moving My very presence out of the main church denies My faithful the whole reason that your churches are holy. The Ark of the Covenant holding the Ten Commandments was always honored and given a place of importance in the Holy of Holies. But you have Me in My Blessed Sacrament and I am more important than the physical tablets. All the more reason that I should be placed in a prominent space for all to give Me praise and glory. Do not place My Eucharist in a back room and leave My crucifix and My images on your altars for My faithful to remember how I suffered to redeem each one of you. My Divine Mercy image gives you the feeling of how fortunate you are to have My mercy for your sins. Trust in Me every day and you will have no fear and no worries."

Jesus said: "My people, many worry too much about the future, when most of what you are concerned about never happens. Your focus should be working on those things that you can help in the present moment. It is wasted effort to worry about things in the future, especially about things that you have no control over. There is reason to make plans for the normal course of events, but not to force things in the future. Some think that it would be good to know the future, but it would change your outlook and you may have difficulty doing your mission. Better to flow with the events as they happen and be satisfied that you are doing the best that you can for the

circumstances. Just as you cannot change events that have already occurred, so it is difficult to try and change events to come. Live the present moment asking for My help in everything you do and that should be enough for you. Focus on doing My Will and on loving Me and your neighbor as yourself and you will be on the right path to heaven."

Saturday, June 12, 2004:

Jesus said: "My people, you need to make time to think and reflect on your sins in order to prepare and plan to go to Confession to have them forgiven. It is in that moment that you ponder how sorry you are for having offended Me that you will have a sincere desire for Confession. If you let the cares and events of the world control you, you will never have time to think of your sins, let alone plan time for going to Confession. If you truly want to have pure souls, you should go to frequent Confession because you do not know when I will call you home to Me. Many do not want to think of their death, but when you see how quickly someone can die in an accident or shooting, then you see the importance of your spiritual watchfulness. By having your soul always prepared for judgment, death will not find you surprised. Focus on following My Will, but if you should falter, My grace of forgiveness is always available to those who seek it out in frequent Confession."

Jesus said: "My people, America's forces are stretched thin and your forces are few in number to maintain a war footing in Iraq. The sporadic fighting and bombings are wearing down your troops and the patience of the Iraqi people who want you out. Trying to police so many hot spots all over the world is becoming more difficult and even questionable that America is supplying the bulk of the troops and the expense. Budgets are in deficit due to a large layout for all of your fighting. You will see that it is easier to keep peace without war than trying to fight too many fronts against the shadow terrorists. By working with nations as peacekeepers without forced wars, America will have less stress both financially and militarily. Live in peace and love, My people, instead of following the evil one world people into constant wars."

Sunday, June 13, 2004: (Corpus Christi Sunday)

Jesus said: "My people, this feast day celebrates My Body and Blood that you receive in My Eucharist. I have instituted the seven sacraments for the life blood of My Church. Each sacrament bestows grace upon the soul, but My Blessed Sacrament is unique in containing My very presence in the Host. Every time that you receive Me in Holy Communion, it is as if I was personally present in bodily form right before you. You are

like an Ark of the Covenant until the Host is fully consumed. You hunger and thirst for food and water to keep the body alive. It is your soul that hungers and thirsts for My Body and Blood in Communion. My heavenly Bread is food for the soul and a grace to heal your brokenness and help you through your trials. You can give Me all of your troubles for the day and I will help you to endure them. In addition to your petitions you should be thanking Me for all I do for you. All I ask is that you receive Me worthily by confessing your sins to remove any mortal sins. You should not receive Me in mortal sin or commit a sin of sacrilege. Pray your act of Contrition before you receive Me so you are sorry for any venial sins that you may have committed since your last Confession. Be thankful for all the opportunities to receive Me into your heart and soul."

Monday, June 14, 2004:

Jesus said: "My people, to purify gold and silver you refine it by fire and burn off any impurities. In some ways your spiritual life is purified by testing as well. If you did not have temptations or distractions of the world, it would be hard for Me to see how sincere your love is for Me. As it is, you have weaknesses to sin and falter at times. It is impossible for you to say that you are not a sinner because of this weakness. It is how you will handle your sin and temptations that determines whether you are on the right path to heaven or not. If you repent of your sin and ask for My forgiveness, then I will forgive you and cleanse your sins. If you do not try to avoid sin, you become like the lukewarm and only give Me lip service. When you come to Confession with contrite hearts, you should have a firm purpose of amendment to avoid these same sins in the future. Make a conscious effort to avoid near occasions of sin and by prayer and persistence, you can fight off temptations with My help. Always focus your efforts on Me and work every day to protect your soul from sin. See that you have to strive to keep improving your spiritual life if you are to improve in your perfection in order to gain heaven. By being ever watchful, your soul will always be ready to meet Me in grace at your judgment."

Jesus said: My people, this is not an easy message because in many churches My Blessed Sacrament is being taken off the altar and placed in a back room. My tabernacle should be in a place of prominence, visible to all when you come into My church. How can the people give honor and glory to their Lord when My tabernacle is not even in sight? My Real Presence is in My consecrated Host and I am the Light of the world that should be put on a lamp stand for all to see. You do not hide a light under a bushel basket, and you should not hide My Blessed

Sacrament in a back room either. Many of these actions going on in My Church are to minimize your reverence for My Blessed Sacrament. But I want My people to proclaim My Real Presence in My Host from the rooftops to know how important it is to give Me all the praise and glory I deserve as your Lord and Master. I have redeemed all of you by suffering and washing your souls with My Most Precious Blood. I give you My Eucharist so you can have the spiritual nourishment that you need to gain heaven. Unless you eat My Body and drink My Blood, you cannot have eternal life in you. All those, who receive Me in Holy Communion worthily, will be fed the heavenly Manna that will save their soul."

Tuesday, June 15, 2004:

Jesus said: "My people, you have read about how Ahab and Jezebel were being punished for killing their neighbor for his vineyard. So this flaming pan symbolizes how America will be punished as well for its sins by fires and other disasters. Your fires in the West and Florida continue to burn where there are droughts. I told you that your sins will meet My swift justice just as many accounts in the Old Testament showed reprisals against the Israelites when they disobeyed God in idol worship. My people of America are also taken up with idol worship of money, material possessions, and lustful pleasures. Live your life with love of God and love of your neighbor. The Gospel reaches out for perfect love by asking you to even love your enemies. Loving your persecutors takes a deep love of God to endure this suffering. When you suffer for love of Me, you will be storing many treasures in heaven. Follow Ahab's example by humbling yourself before Me and I will forgive you your sins."

Jesus said: "My people, the children are just getting out from school for the summer, but you must be careful that they are protected from drowning or serious accidents in sports games. Many times you are helping your children to become involved with summer activities, but you must have a watchful eye to what they are doing and where they are at all times. Just as you try to protect them from physical harm, you should also be looking after their spiritual welfare as well. Teaching them by example, you can see that they receive Holy Communion and go to Confession frequently. You can teach them daily prayer and how to say the rosary. Just as you want to keep your children from drowning in the water, so even more so you want to save them from drowning in sin in the world. Pray for them and let them see how important prayer and trust in Me are to you. The children look to adults for role models to follow. So let them look up to you in following faith filled lives. Give

thanks to Me for these lives, but do not abandon their souls. Reach out to save them in your faith."

Wednesday, June 16, 2004: (Jocelyn's graduation)

Jesus said: "My people, at graduation time it is a human inclination to compare students by their grades. Each student has been given unique talents and abilities. A better comparison would be how they are doing according to their capability. Later in life it is much more important how you use your talents. You may be smart in your grades, but if you do not apply what you learned, then you are wasting your talents. I give each person a mission in life to follow My Will. You all have My Revelation available and what faith that has been handed down to you from your parents and your teachers. Again it is how you develop your prayer life and use My gifts of My sacraments that can direct you towards heaven. If you do not work to perfect your spiritual life, you risk the loss of your soul. If you do not use your physical talents, you could also fall short of where you could be. Your most important success is in your spiritual life because possessions and money cannot gain you heaven. Your real graduation will be when you leave this life, so you should always have your soul prepared."

Jesus said: "My people, this flow of water over the Capital Building represents the flooding that will come to parts of America. By storms, tornadoes, and hurricanes, you will see water damage along large rivers, and shorelines along lakes and the ocean front. The violence of these storms has gone to the next level as you already have seen in floods and tornadoes. When such floods come, you will have to move to higher ground for protection. While some areas may have floods, other areas will be suffering from droughts and rationing of water for your lawns. Fire and droughts continue to go together in the West, while water and floods will go together for the Mid-West and the Northeast as well as the Southern coast. Pray much for the forgiveness of sins in America to lessen the severity of these chastisements."

Thursday, June 17, 2004: (Lord's Prayer)

Jesus said: "My people, I look out in all the churches and Adoration chapels to see how many come to Me in prayer and petition. Some come on a regular basis and these are My prayer warriors, while others come with troubling petitions for sick and dying friends and relatives. I have told you in Scripture to seek in prayer and I will answer them according to My Will. Prayers that deal with people's free will are difficult to answer and it can only change when they ask for My help themselves. I call everyone to live humbly and be obedient to

My Will and My Commandments. When you pray daily and surrender your will to follow My Will, you will see that life will be much easier to endure, even among trials. When your mind is not cluttered up with earthly desires for possessions and pleasures, you will find it much easier to think more about prayer and how to serve Me. I give you time and an opportunity to return some time to Me in prayer and good deeds for others. Do not waste your time on frivolous selfish things, but use your opportunity to store treasures up in heaven and with My help you can purify your soul. Teach your children and grandchildren how to pray and show them why prayer and faith in Me are necessary for healthy spiritual lives."

Thursday, June 17, 2004:

Prayer Group:

Jesus said: "My people, there are some people with death threatening illnesses that are carrying heavy crosses. There are others carrying smaller crosses, but they could be a threat to their spiritual lives. In some cases people can become addicted to things of the world that could take away from their prayer time. Even though you choose such distractions by your own free will, it is difficult to put aside your desires. You may want to make a special nine day novena to Me, My Blessed Mother, or your favorite saint to assist you in breaking your bad habit. You may start by removing any occasion of sin so you are not easily drawn to your old habit. By purposely working to cleanse these temptations and bad habits out of your life, you can again have My peace in your soul."

Jesus said: "My people, even when your children are off in the summer, they still need some review work so they do not lose their good study habits. In the same way your children's spiritual lives do not take a vacation either. Continue to encourage your children to attend Sunday Mass and to say some prayers every day at night or in the morning. By paying attention to the needs of your children, you can sustain their mental and spiritual skills."

Jesus said: "My people, those, who suffer in hospitals, are being tested with their health that many take for granted. If you visit someone in the hospital, you can see that it is difficult for the doctors and nurses to cope with various diseases and injuries. So pray for the patients to recover and pray for the care givers that they will be given strength to carry on in taking care of their patients. I love all of My people, but some are tested with suffering more than others. Those, who have their health, should give Me a prayer of thanks that you are not one of these patients in the hospital. But reach out to visit them and encourage them with your prayers and

comforting conversation."

Jesus said: "My people, your life on earth is a very short stay compared to eternity. Every soul that comes into your life is special and the gift of their life is short that you can share with them. Once a person dies, it is too late to help them or love them further. So while your friends and relatives are still alive, make the most of your life by reaching out more in love and your assistance of their needs. Then you will be satisfied that you did what you could to share your life with them when they die."

Jesus said: "My people, at the end of the school year it is a time to thank your teachers for all the work and effort that they contributed to your own classes or those classes for your children and grandchildren. Preparing classes, correcting homework, and tests, takes a special person to be dedicated to helping their students. It is not just a job, but they are building people's futures for their livelihoods. It is hard to put a monetary value on a gift that is shared so personally. Pray for teachers to do their best in helping their students to pass their studies."

Jesus said: "My people, you see how metal is purified and shaped for various uses and it requires a red hot furnace. Once an object has cooled it still needs tempering and coatings of paint to preserve it from corrosion. Your spiritual lives go through a testing and molding process to become the faithful souls that I desire you to be. Purifying your will to total surrender to My Will does not come easily, but it requires constant reworking and improvement in obeying My Commandments. Never despair in this building process because walking your way to perfection is a life long job that needs My hands to shape you."

God the Father said: "My children, you are about to celebrate Father's Day for all the fathers of your human family. This really is My feast day as well because you are the creatures that I have fathered in creation. This creation continues with the birth of each new child that I instill life in at birth. So you can give Me thanks and praise for the very lives that you have today. I sent you My Son as My most precious gift for you so your sins could be forgiven through his death on the cross. Give thanks to all fathers and Me for all that we do in your lives."

Friday, June 18, 2004: (Sacred Heart of Jesus)

Jesus said: "My people, this pure lake water is a rarity in your world, especially in industrialized countries that are polluting waterways. Many lakes need to have their water thoroughly treated before the water can be used. Some have

insecticide residues from farms and others have acid from smoke residues from power plants. Just as these pollutants taint your water supply, so also your sins make your souls impure. It is My Blood of the cross that cleanses your sins and purifies your soul again as it was at Baptism. My forgiveness in Confession takes away your sins so you can be worthy to receive Me in Holy Communion. It is the desires and distractions of the world that can lead you into sin. So it is important to avoid occasions of sin and pray and fast to keep yourselves steadfast in obeying My Commandments and following My Will. My love of My Sacred Heart flows over all of you and I ask you to love Me in return. Your devotions to My Sacred Heart will help you to keep your minds and souls pure."

Jesus said: "My people, I am showing you these many children for two reasons. One is that this is the next generation of faithful that need your teaching and example to learn and keep the faith. The other reason is to remind all of My faithful that you must come to Me in love with a child like faith and trust in Me. In every way possible I want you to encourage daily prayer and praying the rosary for your children. To know and love Me they must come to Me often in My sacraments of Reconciliation and the Holy Eucharist. Work to save your soul and the souls of your children and you will accomplish your goal on earth."

Saturday, June 19, 2004: (Immaculate Heart of Mary)

Jesus said: "My people, it is good to make some quiet time with Me so you can reflect and ponder on your day's actions. During your life, you will fall in your sins, but do not dwell on your sins despairingly, but see each fall as an opportunity to improve that part of your life. Learn from your mistakes and weaknesses so that you do not repeat them. Focus on a good daily prayer life and do not let anything interfere with your prayer life. I am the most important love in your life, so you should make time for Me your number one priority. When you give Me your 'yes' in surrender to My Will, as My Blessed Mother did, you will draw closer to our Two Hearts in love. When you are close to My Heart in your actions, you will not be far from My kingdom of heaven."

Jesus said: "My people, you have heard Me mention that if the salt loses its taste, how are you to season things? (Matt. 5:13) 'You are the salt of the earth; but if the salt loses its strength, what shall it be salted with? It is no longer of any use but to be thrown out and trodden underfoot by men.' Just as you see the light bulb missing from the light stand, what value is the light unless it shines and dispels the darkness? (Matt. 5:14-16) 'You are the light of the world. A city set on a

mountain cannot be hidden. Neither do men light a lamp and put it under the measure, but upon the lamp stand, so as to give light to all in the house. Even so let your light shine before men, in order that they may see your good works and give glory to your Father in heaven.' It is the responsibility of My disciples to teach My Gospel of love to everyone and do not hold back because of fear of persecution or laziness to proclaim My message. Do not grow weak and despair, but be alive with My strength to bring your soul and others to heaven. It is by your persistence in faith that you will be successful in your evangelization efforts. Call on My help and I will be with you every day in your work."

Sunday, June 20, 2004: (Father's Day)

God the Father said: "My dear fathers, I came to give you all a special blessing for all that you do. You reach out to help your children by supporting them financially and with your love. You help them in their schooling and teaching them the faith. You give them good example by your actions and faithfulness to Me. You help provide for their education and presents. You even reach out to help your grandchildren as you did for your children. Your children and grandchildren should also be thanking you for what you have given them of yourself. A father is always torn between time for work, time for outside activities, and most of all time for his family. Give Me also your thanks and praise for all that I do for My human family on earth."

Monday, June 21, 2004:

Jesus said: "My people, there are two messages in today's Gospel speaking about not judging others, and not being a hypocrite in your speech and actions. I alone am your judge and it is not your place to judge others. It is something that may be a human weakness, but you must restrain yourself from gossip to not ruin a person's reputation. You do not want others talking ill of you, so do not talk of others behind their backs. Even when you are criticized for speaking out in My Name, I have told you to not make a defense. Live your lives by following My ways and let your good example speak to your detractors. When you are preaching My Word, you must practice what you preach and do not be hypocrites in bad behavior. You must clean up your own spiritual life in order to be a good example for others. If others can point to your shortcomings, it will be hard for them to follow what you are teaching. Learn these two lessons in life of not judging and not acting as a hypocrite, and you will be focused on your right path to heaven."

Jesus said: "My people, I must warn you that both your

country and Russia have this technology that can send a beam of light or electrons that can damage satellites and guidance systems on atomic weapons in missiles. Some of your military satellites have already received attacks of this kind as an experiment. Each country has demonstrated this ability to inactivate the microchips in satellites. Even your star wars satellites were meant to do this from space as rockets take off. These are fairly secret weapons, but they could be deployed at any time. This technology in the wrong hands could also be used to disorient airplane navigation that relies on homing beacons from airports. Terrorists could use these weapons in addition to hand held heat seeking missiles. All the new weapons that man has developed wind up being tried out in modern day warfare. Your weapons become more expensive and destructive. Stop your endless pursuit of deadlier weapons so you can focus more time on things with peaceful uses. Making peace is much more productive than carrying on a war."

Tuesday, June 22, 2004: (St. John Fisher of Rochester)

Jesus said: "My people, in today's Gospel I speak of bringing division in families, but it is one resulting from those who believe in Me in conflict with those who hate Me. At times Satan so inspires people to hate Me that disbelievers are even drawn to kill or martyr Christians for believing in Me. Some rulers even wanted control as in England over My Church Hierarchy. St. John Fisher is one of these bishops who was executed for not giving authority to the king. Only to My pope son have I given authority over My Church and no other ruler can overshadow his authority. My Church has been tested over the years through many martyrs for the faith. I have told you many times that the gates of hell will not prevail over My Church. My faithful remnant will survive to the end of time. I will never abandon My Church and by prayer I want you to remain strong in your faith, no matter who persecutes you for your beliefs."

Jesus said: "My people, whether you want to believe it or not, you are being dominated by computer chips in all areas of your life. Many people go to work and they are greeted by computers that transfer messages electronically, transfer data for test results, or are used in writing, spreadsheets, and many other programs for engineering and presentations. You see chips used in your phone communications, charges at the store, and in your banks. Electronic credit controls your economies. You see chips and electronics in all forms of entertainment in TVs, cameras, recorders, and movies. The idea of the mark of the beast in a computer chip in the body is most revealing, even in the Book of Revelation. Man has invented chips of technology as

a convenience, but now these chips have become a source of power in the hands of a few. Now you are becoming a prisoner of your own technology that can be used to control you. Beware of taking any chips in the body and even refuse smart cards in any form that could eventually lead to mandatory chips in the body. When you see chips being forced on people, know that this is another sign to call on My angels to lead you to the nearest refuge of My Blessed Mother's places of apparition or places of holy ground. Know that I control all things and the one world people will face defeat when I destroy all evil on the earth."

Wednesday, June 23, 2004:

Jesus said: "My people, the first reading speaks about an awakening in the people to the Word of God in the Scripture. I have mentioned before that your chastisements will be so severe that more people will be returning to church to seek My mercy. Many hardships will befall America because many are turning their backs to Me in not believing in Me. When My prophecies come about, it will be too late for some to be saved. Now is the time for salvation. Now is the time for conversion and growing strong in your faith in preparation for the coming tribulation. There will be a great division coming in My Church, as this will be another sign for you to leave your cities for My refuges in the rural areas. There will be false leaders in My Church who will be leading many astray. These false leaders will suffer much for betraying Me, and My justice will fall heavily on those who know My Word and reject it for the ways of the world. My faithful will have to pray for discernment and not be misled by these wolves in sheep's clothing. Even some of My priest sons will be misled by the evil one and will be teaching heresies in the end days. Stay close to My Word in Scripture that is the truth to follow instead of many false proclamations where some will error in their teachings. This division in My Church will show some abandoning My laws against sexual sins and the faithful remnant will hold My Law fast in their lives. Follow the narrow road to heaven and avoid the broad road to hell. Obey My Will and My Commandments and you will be saved."

Jesus said: "My people, this large pendulum accentuates the limited time that each person has on this earth. You each are given a unique mission with unique talents to accomplish My Will within the time frame of your lifetime. Some live a full life expectancy, while others are shorter. You do not know when I will call you home, so you need to have your souls ready for your judgment any day. It is important to not waste time and do the best you can in fulfilling your mission before your appointed time runs out. Do not waste the use of your talents

on frivolous things when you could be concentrating your efforts on saving souls in evangelization. Do not waste your opportunities of grace to do good deeds for your neighbor and help save your soul in the process. It is your responsibility to present My Word of Revelation to as many people as possible. Then it is the responsibility of those souls who hear My Word to act on it and believe. Those souls, who take My Word to heart and are saved, should give thanks to you for bringing My Word to them. Those, who refuse to follow My mission in evangelization, will have to answer to Me for every lost opportunity to save a soul. Think of this the next time you are trying to put off your appointed tasks of helping others or carrying out your own prayer life."

Thursday, June 24, 2004: (Birth of St. John the Baptist)

Jesus said: "My people, behind the scenes wives are ironing and washing their family's clothes to make their family look more presentable instead of with soiled and wrinkled clothes. In the same way that you like to make your outward appearances presentable to everyone, so you should also be concerned about your inward appearances of your soul in the way you behave and set example for others. I look at the outside and the inside in the intent of your heart and soul. You may put on outward airs or appearances for others, but you cannot fool Me of what you are thinking and doing at other times in secret. My faithful must be watchful in all of your actions and focus on perfecting all of your behavior. All of your deeds and actions are on display to others, so be careful of your words and actions that offend Me and do not give bad example as well. I know you have occasional lapses of sin, but you can purify your souls at Confession so your souls will look as beautiful as your outward appearances."

Prayer Group:

Jesus said: "My people, this vision of gold color emanating from My Eucharistic Adoration is a sign of My power in the Host that all can receive by believing in My Real Presence. In each consecrated Host you have My Body and Blood present and My graces are poured out on My adorers. Come close to Me, My children, and I will grant you a special blessing that will guide you through every trial of your day. Trust in Me that I will always be with you."

Jesus said: "My people, you have many remembrances of the number of dead that died in World War II. Even after seeing the carnage of death from war, still man thinks only of how to fight the next war with new and improved weapons. You are still killing many infants in abortion, even though you sought to stop any more holocausts. Pray for peace, My children, and stop

financing one war after another."

Jesus said: "My people, at times you have special feasts in order to wear gold vestments. I want you to treasure every Mass that you can attend for the evil ones are about to establish their reign on the earth. Do not be afraid because their reign will be short before I will come victorious and conquer all of the evil ones. Do not despair that the evil ones will be able to take over for a short time. It is the last battle that determines the victor and you will see heaven's forces will be standing victorious. It is comforting to know that My power rules over everything and every creature."

Jesus said: "My people, I quote from Scripture that you are to count the costs of becoming one of My disciples. Do not take this lightly because you are choosing a life long direction in how you will show your belief in Me by your actions. Each day by carrying your daily cross, you are building up My Church. You can view this church being built as your life work that should lead to your perfection through My grace. When you cross over to the next life at your death, you will also see the places that I have prepared for you in heaven."

Jesus said: "My people, the evil one world people are already building many concentration camps to house the millions that will not go along with the new world order. Those, who do not want to take the mark of the beast, or a computer chip in their body, are those who will be sought out for killing. My people will call on Me and I will save every soul who desires salvation. Some will be saved in martyrdom, others will be saved at My refuges."

Jesus said: "My people, I have called you to live a simple life of prayer away from the pleasures and distractions of the world. Even fasting several days a week will help you to focus on living a holy life. You do not have to be a religious to be holy. There are many saints who lived among the laity. By following My Will and turning everything over to Me in total consecration, you can lead a holy life. Follow My life and that of My Blessed Mother as examples of how to be loving of God and neighbor. By being persistent in your prayer life and living a life dedicated to Me, you can see your reward in heaven."

Jesus said: "My people, living a saintly life in this modern age of technology and comforts beyond your needs is more challenging than ever before. Many are attracted to wealth and all the comforts that expensive new homes and new cars can provide. There are more temptations than ever before to make this easy living into idols that you would rather depend on than Me. Your bodily cares and needs are only temporary in this life, so your goal in life should be to seek out that which lasts forever. Such a life can only come through Me and not

through anything made by man. Do not worry about pleasing your bodily senses, but only focus on pleasing Me in love and that will be enough for you in the eternity of heaven."

Friday, June 25, 2004:

Jesus said: "My people, this siege of the city of Jerusalem by its enemies was a chastisement for the sins of the people. Just as Jerusalem did not repent and was overcome, so America will see the same takeover of its cities because you are not repenting of your sins either. At times when someone is sick, you too, are besieging heaven with your prayers to petition Me for healing a friend or a relative. Just as the leper had faith in his healing by Me, so by your belief in the power of My Name, there can be healings in your day. It is the faith of the one desiring a healing that can determine an openness to My healing power coming through that person. I heal the whole person, both body and soul. So there needs to be faith in the person to be healed."

Saturday, June 26, 2004:

Jesus said: "My people, you have been given two gifts in these visions. The one is Myself in My Blessed Sacrament in the tabernacle and the other is My Law of the Commandments that were stored in the Ark of the Covenant. My Word and My Laws are forever and they will never change, even if some in your society do not want to accept them. Without following My Laws, your society will fall into moral decline and eventual ruin. I have left My Real Presence among you in My Eucharist. When you come to Mass, you are breaking bread with Me as you eat My Body and drink My Blood. I multiply My Manna so you all can be joined in My Mystical Body. My sacramental Church bestows graces upon you every time you receive a sacrament. My Law is associated with My Blessed Sacrament in that you must be free of mortal sin in order to receive Me worthily. I have given you Confession to purify the sins from your soul so grace can be restored to your soul. Trust that I will be with you until the end of time and I watch out for each of you through your guardian angels. Follow My Will by keeping My Commandments and maintaining a proper prayer life."

Sunday, June 27, 2004:

Jesus said: "My people, every Mass on Sunday or during the week has several readings from Scripture which help you to understand My Word in the Bible. These readings are not just for hearing and then you go on without thinking about what they mean. These words are meant to be examples of how to live a good Christian life. It means if you really want to benefit

from My Word, you have to live it. What value is there is memorizing words or chapter and verse, unless you live what you are preaching? That is why it is good to have the words in front of you to follow along and later meditate on how you could put these sayings into your daily actions. You have your daily prayers to pray, but you also should make time in your day to read and meditate on the Scriptures. What better way to imitate My life than to read My Word and put it into action. Then My Word will become a living Bible for you because you are putting into practice what I am teaching you. In today's reading it said if you live by following the Spirit, you are free from following the Law, which is for the body. Read and live My Word in the Bible and your reward for following My Will, will be eternal life in heaven."

Jesus said: "My people, you will see in the not too distant future that all transactions will have to be paid by smart cards or chips in the body. This is why it will be difficult to travel far by car if you do not have a chip to buy gas. Travel at night will also be safer from detection by the authorities enforcing the new world order. I will be protecting My faithful at My refuges, but you may have to travel by bike or on foot once your gas runs out. When you see people killing for food in a famine, a division in My Church, and forced chips in the body, then you will know it is time to have My angels lead you to My refuges. Do not use smart cards or chips in the body so the authorities cannot control you. Travel will be difficult for obtaining fuel and crossing borders without smart cards. Trust in Me during the tribulation and I will protect your soul from the evil ones."

Monday, June 28, 2004:

Jesus said: "My people, this hideous view of the devil is to warn My faithful that he is constantly lurking to place his snares and temptations to trip you up in your sins. Do not despair in your weaknesses, but learn from your mistakes so you are better able with My help to defend yourself. Come to Me in Confession to cleanse your sins and to My Eucharist for the graces to withstand temptations. When I called My apostles to follow Me, I wanted them to drop everything in their lives to change their lives to living My way of life. Even when they wanted to say goodbye to their relatives or bury them, I did not want them to make excuses, but come immediately. Think of how many times I have invited you to pray or help someone and your bodily excuses try to detract you from your mission. My Gospel is trying to show you that one of Satan's tricks is to not be bothered to help someone with many excuses in his possession. Follow Me in faith and trust and you will be directed to serve

Me and your neighbor in love."

Jesus said: "My people, mirrors are very revealing of yourselves. You normally use mirrors for washing up and checking your physical appearance. If you look closer at who you are, you can see how people perceive your behavior. You are to be a shining example of faith for people to imitate you and not someone giving bad example. I want My people to be at peace by resting in My Spirit. I am the only One who can give you peace and rest in your soul. Do not let anything disturb your peace and you will not lose your patience in acts of anger or disgust. You will see bad things happen in your life to test you, but do not let such things upset your peace. Be willing to face injury or financial loss as just part of life without worry because I will protect you. If difficulties and disappointments bring you to anger, then how can you give everything up to Me in consecration? Give everything over to Me in your good times and bad times. With trust in Me at all times, you will always have peace in your soul. Having a positive outlook amidst your trials will take much spiritual strength to endure. Pray constantly for patience and My peace in your heart and soul, and you will find this work part of the perfection that you are seeking on the road to being one of My saints. Trust in My help and you will succeed in improving your spiritual life."

Tuesday, June 29, 2004: (St. Peter & St. Paul)

Jesus said: "My people, today's saints are an inspiration for evangelization and repentance. St. Paul was a convert to believing in Me when he had a miraculous conversion. He preached the faith as a model for all missionaries. He suffered many trials and persecutions, but his zeal for the faith allowed him to endure to the end. St. Peter was very impetuous at times and even denied Me three times. Even amidst his weaknesses, he believed that I was the Son of God and he led My Church as an inspiration for all of My pope sons. It was difficult to teach Christianity when your life was at stake to do so. Even in today's world, it is not popular to teach My Word. Throughout all of history man in his weakness has persecuted and killed My prophets and disciples for their faith in Me. Those, who preach My Word, disturb the consciences of sinners and they do not want to be reprimanded for their sins. The evil ones want to remove all that is good. That is why My faithful will be constantly tested in this battle of good and evil. Just as the martyrs before you, My faithful must defend your faith and belief in Me, even if your life may be endangered to do so. Those, who speak out in My Name to save souls, will receive a heavenly reward."

Jesus said: "My people, you have been seeing some dramatic earthquakes all over the world. Many times these quakes are

occurring along old fault lines, but some times they are occurring where sin is rampant. I have told you that America will be facing severe natural disasters because of your sins. Other nations also will be suffering because of their sins as well. In addition to earthquakes you are seeing threats from super volcanoes, tornadoes, hurricanes, and fires. Nature is reacting to man's increasing sinful behavior. See these disasters as more signs of the end times drawing closer. Do not let these events hold you back from working on your mission to save souls. You do not have any control over these events, so do not worry about them. With your eyes of faith you can see that My prophecies in Scripture are being fulfilled in your watching."

Wednesday, June 30, 2004: (Jean Dayton's funeral Mass)

Jesus said: "My people, this funeral for Jean is a tribute to her test of time through her mission as mother, grandmother, and a woman of faith. This life is short and the thread of life is so fragile. Jean suffered much in pain throughout her life, but she was always trusting in Me and never let her health stop her from her duties. The incense is representing how much she loved Me in her faith as she was most comfortable with her friends in faith at Holy Mass. The clock striking the hour is her time that I finally called her home so she did not have to suffer anymore. Her family and friends have been blessed by her gift of life to all of you."

A note from Jesus on difficult divorces:

Jesus said: "My people, your lives all are enabled by your free will and just as I do not force your will, you cannot force another soul to make their decisions. Each soul is responsible for their own actions. Many marry with the good intention in love to help each other. Some marriages, as you know, end in divorce. There are many reasons that people separate and some are even bitter over these events. I want everyone to never be so bitter that you lose your need to love one another. When you have been wronged or violated, it is difficult to forgive. But in your heart of hearts, you cannot take this bitter unforgiving heart to the grave. When you meet Me at the judgment, you will have to answer for any lack of forgiveness. Even if you may be right as someone abused you, your love must overcome your persecutors, even in your own family. Cleanse your unforgiving heart with My love and you will see that I still ask you to love everyone."

Jesus said: "My people, by this vision you are seeing the beginning of a new hurricane season that will be pummeling your

beaches on the east side of your country and the south. Many like to live along the ocean side, but they are always under risk of damage in the summer months. Your country has suffered through another tornado season, some flooding, and strong thunderstorms. Now you must brace for hurricanes and fires in the summer. You are suffering through many chastisements because of your unrepentant sins. This vision of a luxury liner going down is a sign that your lifestyles and comforts will soon feel the effects of a lower standard of living affecting your way of life. Taxes, expenses, and fuel costs will be taking more of your income and tightening your budgets at home. Continue to pray and trust in Me for your protection and providing for your needs."
