

Wednesday, June 1, 2005:

Jesus said: "My people, in today's reading (Tobias 3:7-23) Sara and Tobias were guided in prayer by the Archangel Raphael so that the demon, who killed her previous seven husbands, would be cast out. The prayer before their marriage focused their love of God on the marriage for children and not for earthly lust. They followed the instructions of the angel and the demon was unable to kill Tobias. There are two lessons in this reading. The one is to recognize that there are demons in the world where some people by their invitations have enabled obsessions and possessions by evil spirits. To rid demons from people I told My apostles that they require prayer and fasting. Call on Me and My angels and we will come to your aid to cast these demons from you. The other lesson for newlyweds is to also place their marriage in the hands of God to bless them with children, but not just through earthly lust. Children should be conceived in true love and be brought up by loving parents. Then the children will see this love environment and they will love Me and their parents as well. Such a joyful marriage will also bring joy to the couple's parents who will rejoice to see their grandchildren. I am love and I wish all families could have love in their hearts for Me and themselves."

Wednesday, June 1, 2005:

Jesus said: "My people, the population on the earth has been increasing at a faster rate than ever before. It is just a matter of time until your food supplies, your fresh water, and air to breathe will become harder to support more population. Wars and shortages of these necessities of life could become more threatening to parts of the world, especially in the third world areas. Death from diseases and wars could reach a proportion to stabilize the population growth. It is very possible that a world famine could break out at any time. The fear of finding enough food to survive could also create a scene of groups killing to obtain food. This is one of the signs that will occur that will mean it is time to call on Me and your angels to go to My refuges. There My angels will feed you My Manna and provide you with water and meat. Food will be multiplied to satisfy everyone's needs so there will be no fear of starving. It will be the evil ones who will be trying to steal souls for Satan that will be the most danger. Again call on My help and My angels to protect your souls from sin and temptations. I assure you that I will bring a swift victory over the evil ones who

will be chained in hell. By knowing who is the victor, you can be confident in being part of the winning team of My faithful remnant."

Thursday, June 2, 2005:

Jesus said: "My people, today's Gospel focuses on the Two Great Commandments of love of God and love of neighbor. Even though this law may sound simple at first, it also poses responsibilities in carrying out this love. It means that I must be first in your life before any worldly desires or idols. It means you will be obligated to share your time and wealth with Me and others. The hardest is to follow My Will over your own desires. You will always have free will, but I am asking you to submit to following My agenda. Love is a sharing of yourself with Me and others. It is a giving of oneself freely to bring comfort to others, even at your own expense. This love also has its rewards and you are seeing this beginning of your climb up the stairway to heaven. It is an uphill struggle, but it is a labor of love that you are willing to suffer to gain eternal life."

Jesus said: "My people, when you witness My tomb in the Holy Sepulcher Church in Jerusalem, you are identifying with My death on the cross. All of you are also called to die as a consequence of Adam's sin. But I am the new Adam and because of My blood sacrifice as the Lamb of God, all of you are redeemed to new life in the Spirit after your death. This is My promise to those who are faithful to Me during their lives. Just as I suffered, all of you are called to carry your own crosses and suffer through the trials of this life. Call on Me in good times and bad times to help you endure this life. The promise of eternal life that I offer for My faithful should give you confidence, even through death, that one day you will be resurrected to heaven in My footsteps. So have no fear of the evil ones and rejoice in My victory over sin and death. After the tribulation you will again see My victory over the evil ones and share in My Era of Peace, and then the glory of heaven."

Friday, June 3, 2005: (Sacred Heart of Jesus)

Jesus said: "My people, every time that you give praise and glory to Me, you are also praising God the Father and God the Holy Spirit as well. Today's feast honors My Sacred Heart. When you honor one Person in God, you honor all Three in the Blessed Trinity. That is why you are seeing this image of a triangle followed by My

Sacred Heart image. From the letters of St. John you are reading always about the love of God for His people. St. John made it very clear in his writings that I was the Second Person of God in the Blessed Trinity. The picture of My Sacred Heart is also a symbol of My love for mankind, and how I witnessed My love for you in offering up My life on the cross so all of you could be saved. My love for you is unconditional because you are My creations. You can witness your love for Me in your prayers and good deeds. Your witness of love for Me also is an example to others for their own conversions. I thank all of you for showing your love for Me, especially on this feast day of My Sacred Heart."

Jesus said: "My people, you are seeing Me welcoming you to come to Me so I can share Myself with you in Holy Communion. Receiving Me in My Blessed Sacrament is your delight to share My love most intimately with you. For those, who love Me dearly in My Real Presence, you can visit Me often at Adoration or in My tabernacle. Bring Me your troubles and you will find rest in Me. My Heart is still suffering from the rejection of Me in your sins. But My mercy is being poured out on all souls who come to Me in Confession that are seeking My forgiveness. Rejoice in My love for each of your souls. Tonight you are honoring the Two Hearts of My Sacred Heart and the Immaculate Heart of Mary. I call all of you to join with our hearts as one."

Saturday, June 4, 2005: (The Immaculate Heart of Mary)

Mary said: "My dear children, I am asking all of you to pray for all the priests, nuns, and hierarchy in leading the faithful to heaven. Now more than ever it is more difficult to lead a holy life with all of the modern world's temptations. Even more so it is difficult for the religious to maintain their vocations. Pray constantly for your priests and nuns to be even strong in their faith. My dear children also need to lead holy lives and remain faithful to your vocations of married life or single life. Pray your rosaries daily and keep close to both of our hearts in your actions. Share your faith and love with us and all of those around you. Then once you have lived your lives of faith, my Son will call you home to your reward in heaven."

Jesus said: "My people, this evil eye of Satan is how he is attacking My faithful, but fear not because I have conquered sin and death on the cross. I am calling all of My faithful to seek My refuges in this coming struggle with Satan and the Antichrist in the tribulation. My Blessed

Mother has been called the refuge of sinners and her places of apparition will truly be the physical refuges for protection and all of your needs. Near the end of the tribulation you will see My Blessed Mother's Triumph as she crushes the head of Satan. You will also see My Triumph as well in My Great Chastisement and My angels will chain the evil ones in hell. Even now when you call on My Blessed Mother's protection in praying the rosary and wearing her scapular, she will place her mantle of protection all around you and at the refuges. You have the joy of seeing our Two Hearts joined as one and we love all of you so much. We are sending our graces and blessings over you every time you share with Me at Mass and when you share with us in prayer. My Blessed Mother is the Mediatrix of all graces that come to My faithful. Rejoice with My Blessed Mother as you celebrate this feast of her Immaculate Heart."

Sunday, June 5, 2005:

Jesus said: "My people, in the first reading (Hosea 6:3-6) there is word of the rains coming to enrich the soul and let the crops prosper. This grace of nourishing moisture is the life of the soil and it gives life to those who drink the water and eat the crops that are produced. Just as My rain comes over all of you, so My mercy and My graces are showered over everyone as well. In today's Gospel I am not just calling Matthew to follow Me, I am asking everyone to drop their sinful habits and come follow Me. I came to free sinners of their sins and not the self-righteous. All of you are sinners and you are in need of My graces and My forgiveness. Once you accept that you are a sinner and want to seek My forgiveness for offending Me in your sins, then your heart is open to My forgiveness in absolution of the priest in Confession. Coming to Me in Confession is a way of humbling your pride and admitting your need of My grace. You have a choice to accept or reject My grace. See that I am the Great Healer both of physical ills and spiritual healing of souls overcome with sin. So as you open your hearts to Me, My graces can rain down on you and nourish your souls as the ground is nourished with rain. Those, who receive Me worthily in Holy Communion, again receive the grace of My very Presence in your soul. Rejoice, you sinners, who have seen the Light, and follow Me in everything you do."

Jesus said: "My people, you are again sharing My Stations of the Cross in the work that you do for Me. Many would shy away from your mission, but your mission is a

labor of love to save souls. Just as I had to suffer carrying My Cross, My faithful should call on Me to help you in carrying your crosses. Trust in My help and you will be able to endure all of your trials. These grounds are testimony to a beautiful refuge complete with a spring of water. The flowing spring in the vision represents the ongoing protection that I bring to this site of holy ground and My Blessed Mother's apparitions. This consecrated ground will be a refuge for all of My little ones as you will be searching for My protection. All of those, who come here, will receive graces from Me and My Blessed Mother."

Monday, June 6, 2005:

Jesus said: "My people, what you are seeing in the vision is a daily number of souls coming at conception and a daily number of souls leaving this earth at death. This process has been going on since I created Adam and Eve. Some souls live only a short life, while others live into old age. For every soul you are appointed a day of creation at conception and a day of death. Most people do not realize how many souls are conceived and how many die each day. It is your own individual soul that is most important to you, and you need to have your soul in grace so you are always ready for your judgment at death. If you have mortal sin on your soul, you are risking the fires of hell. So pray daily and protect your soul in My sacraments so you are ready for heaven."

Jesus said: "My people, the time is drawing close when you will have to go to My refuges. Some people are already being drawn to build their houses near known refuges of My Blessed Mother's apparitions or places of holy ground. Many parents want their children to move back to the parents' hometown, so they can be together for the time of tribulation. This vision of moving a bedspring represents how this moving to a safer area is what is needed as soon as possible. Some will be led by their angels at the appointed time to the nearest refuge. Others are already making plans as they are led by the Spirit. Once you arrive at My refuges, I will multiply the food, water, and meat which you will need to survive. I will miraculously feed and protect My faithful in the tribulation just as I fed the Israelites in the desert and protected them from the Egyptians in the Exodus. In the Exodus it took faith to believe in Moses and God to go into the desert with no food and water. In the modern day Exodus during the tribulation, it will take even more faith and more miracles

without access to money in the mark of the beast to feed and protect My people. Have no fear, for the Scriptures will be fulfilled and you will see My victory over evil and a renewal of the earth in My Era of Peace."

Tuesday, June 7, 2005:

Jesus said: "My people, many times you are torn between allegiance to Me and your desire for money and the things of the world. I know the necessities of life in food, shelter, and transportation, and I will provide the means for survival as I feed the birds of the air. No matter wherever you are, you have seen how I provided for you in faith. It is unfortunate that man strives for more than he needs because you have little faith that I can provide for your daily needs. Those, who pray for My help, will find jobs enough to provide for your families. Money and possessions fulfill a certain need, but do not make them gods or idols in themselves. They are only a means to an end and not an end in themselves. Many spend all of their time with multiple jobs to be rich in earthly things instead of being rich in heavenly things. Earthly wealth cannot buy you heaven, and it is better to depend on Me than on your wealth. You also have a heavenly wealth in the gift of your faith in Me. This Light in the vision represents the Light of your faith that should be shared with others, and do not put it under a bushel basket in not using it. Remember how I told you that you may be the only one that could bring the faith to a person that you meet in public. If you fail to share your faith, some may miss the opportunity to have their souls saved in My grace. Your good example in prayerful daily living also can help lead souls closer to Me. As I told you to love Me, you must also love your neighbor by sharing your faith with them."

Jesus said: "My people, I have told you in the Scriptures that I go to prepare a place for everyone of My faithful. I also told you that there are many mansions indicating multiple levels of heaven. The table and chairs are set for My Banquet, but I have not yet set the table for the last judgment day. You will see the first will be last, and the last will be first because of their humility. The proud and the self-righteous will be found wanting, while My faithful remnant will receive their reward at My Wedding Table. Rejoice that you have been invited because all heaven rejoices over every soul that is saved."

Wednesday, June 8, 2005:

Jesus said: "My people of America, these symbols of

drums and pictures of American Indians is how they are many times communicating about their original claims to lands that were taken by the white men. There is talk of reservations and certain tax privileges, but it is hard at this time to relinquish land being occupied and paid for over many years. These claims over land have been an age old problem that has caused wars, as possession of land has given way to the strongest with arms. This same dispute over land is seen even in Israel and now in the areas of war. Wars and struggles for control of land will continue as long as greed and power occupy men's thoughts instead of peace and compromise. Pray for peace in the world and the cessation of killing for its own sake."

Jesus said: "My people, the spinning red lights are both a vision of the Warning that is to come and a picture of hell that some will be viewing after their mini-judgment. The later darkness of space represents the increase in evil during the tribulation. The mercy of My Warning is that you will have a second chance on return to your body to change your way of life when you feel the guilt of your sins. If you see hell and you want to change the course of your life, you will have the opportunity to love Me and your neighbor more. The evil of the tribulation time will be the worst that you have ever seen when all the demons from hell will be unleashed. Pray for My grace and help to save your souls from these evil ones. Have confidence and trust in My power over evil and you will see another victory over sin and evil as at the Exodus. Prepare your soul with prayer and fasting so you will be able to stand up against this evil and be able to endure it with My grace."

Thursday, June 9, 2005:

Jesus said: "My people, much of your freedom in telephoning anyone or sending financial transactions anywhere has been made possible by microwave communications using satellites and cell towers on the ground. Your banking and charge systems are all digitized and computerized for fast transactions, but this also makes you vulnerable to manipulations by smart cards, chips in the body, and power outages. The evil ones will abuse these financial controls to try and bring you under their global control. This small rainbow around this satellite in the vision means that I will not destroy them until I return in victory over evil. Then My Great Chastisement will destroy all the chips, satellites, and cell towers so that the evil ones will have no control over anyone. My warning to you

is not to take any chips in your body that would enable the evil ones to control your mind. Do not worship anyone except Me, and call on Me in prayer so I will protect your soul. Once you see the world famine, the division in My Church, and forced chips in the body, call on Me and I will have your guardian angels lead you to the nearest refuge of protection. Otherwise, you could be tortured and martyred at the detention centers. Trust in My power and you will have nothing to fear."

Prayer Group:

Jesus said: "My people, this European green building represents the power of the central bankers behind the European Union. Even though some member nations are trying to refuse to ratify the Constitution of the European Union, eventually this group will be needed to compete with nations around the world. This will be one of the first blocks to accept one world government where individual nations are ruled by a counsel of nations. This same European Union, once ratified, will be ready to accept the Antichrist as its joint leader. The control of chips in the body will soon follow the Antichrist's declaration. Have no fear for I will soon vanquish these evil ones."

Jesus said: "My people, just as the nations of the European Union have joined to protect their trade partners, so other blocks of nations on the various continents will form trade unions for mutual trade benefits. Once these unions have formed and all nations have relinquished their individual governments, then the United Nations will join these unions as a one world government with the Antichrist controlling all the nations of the world. Once the Antichrist is allowed to have full control over the world, I will bring My victory over evil with My Great Chastisement. Trust that My power is greater than all of the evil ones combined."

Jesus said: "My people, beware of the demonic and evil influences of the masons and their New Age teachings which will be a part of the European Union's Constitution. These same leaders will be promoting a one world religion that will be taught in all of the schools of the world. The evil ones behind your government leaders will try to outlaw all other religions except the New Age teachings that will be promoted by the United Nations. You are seeing the evil forces that will enable the Antichrist to gain global control. Just when all will seem hopeless, I will bring My Triumph over all evil and My faithful will enjoy the Era of Peace as your reward."

Jesus said: "My people, many are not aware of how all of your information about your identity is stored in two main computers in Europe and the United States. All of the scares about identity theft will soon force mandatory chips in the body for security and prevention of loss. Those, who refuse chips in the body, will be considered outlaws with no means to buy and sell. This is why My faithful must refuse to take chips in the body and seek My protection in My refuges. Those, who refuse My refuges, will suffer in the detention centers. Call on My help and that of your guardian angels to protect your souls from the evil ones."

Jesus said: "My people, judgment time is coming quickly and you will see Me separate the evil ones on one side to be placed in hell, while My faithful will soon gain heaven. By the actions of your life you are choosing either hell by lack of love, or heaven by loving Me and your neighbor. Your first preview of your judgment will be seen in the Warning. This will be a chance for you to convert your ways of sin to My ways. All, who by their own free will choose to follow Me, will find their reward in heaven."

Jesus said: "My people, there are some of My faithful who will have to suffer in prisons for not following the ways of the Antichrist. Some will be beheaded as martyrs for the faith as examples to the rest. If you should be tested in this manner, be willing to die for your faith than accept anything from the Antichrist. Refuse to look into his eyes and pray much for the Holy Spirit to speak through you. Those, who are martyred for My Name's sake, will become instant saints and you will have your reward in heaven."

Jesus said: "My people of faith, this attack of the demons upon My elect will be the worst evil that you will ever experience as a human. Temptations and physical torture will be very hard to resist by My elect. But remember that My power is greater than the demons. My faithful must cling to My Real Presence in My Eucharist and spiritual communion to have the spiritual strength to resist the demons. Call out in My Name for your protection and My angels will be at your side. Trust in Me even in hopeless cases and I will save your souls."

Friday, June 10, 2005:

Jesus said: "My people, many are concerned where to find refuges from the evil ones that will be testing you, but trust in your guardian angels to lead you there. Even

some may be led to caves for protection. You will need warm clothes both for winter and the cool caves. You may need to take some bedding that will lift you off the cold wet ground. Cots or tents may be valuable for living conditions. I will see that you have water, bread, and meat at your refuges. Many of the worldly people will think that it is foolishness to refuse chips in the body and smart cards for buying and selling. It is the goal of the Antichrist to make as many people as possible be dependent on him for food, money, and jobs. When you are forced to go to My refuges for protection, you will be outcasts from the society that wishes to worship the Antichrist and worldly possessions. You have but one God in Me, and do not give up your faith in Me even if it means giving up your life in martyrdom. Your physical body of this life will pass on, but your soul lives on forever, as it is immortal. That is why your soul is your most important gift and you need to guard it from sin and temptations. You will suffer rejection and persecution as I did on earth, but have trust in Me in prayer and I will give you My peace through all of your trials."

Jesus said: "My people, many traditional holy objects such as statues and pictures of God and the saints are being removed from My churches. Others that have been taken out are Communion rails, large crucifixes on the altar, and tabernacles in the center. The vision of stained glass windows is another sign of the older churches. Modernism has so crept into My churches and liturgies that it is hard to sense the 'Sacred' or true reverence for My Real Presence in My Blessed Sacrament. All of these signs of God and the saints gave an inspiration to follow My life and the saints as examples. If My tabernacles are not placed in a spot of importance, how can My faithful genuflect to Me, nor see how everyone should give reverence to My Blessed Sacrament? If I truly came in the flesh before you, would you give Me as much respect as you do for My tabernacles. It is truly Me present before you, so you should worship and adore Me often as My saints and angels do everyday. This is an evil time and you should be struggling to build up My Church instead of tearing it apart piece by piece. Let love in your souls reach out to Me in your actions and give good example to the children in your prayers and your reverence for Me in My Blessed Sacrament. Give good example also in coming to Mass and Confession frequently."

Saturday, June 11, 2005:

Jesus said: "My people of America, this collapsing baseball stadium in the vision represents your collapsing morals and how they are causing your economic and military collapse as well. The moral decay in your country can be seen in your abortions, divorce, fornication, homosexual acts, cloning, birth control, and all of your killings. All sin requires a price to pay for the reparation due for that sin. There is individual sin which each person is held accountable for. There is also national sin as a result of your abuses in law to allow abortions, homosexual marriages, and pornography. Your movies and TV programming allow nudity, violence, and swearing to degrade the morals of your adults and your children. By your society allowing these sinful acts and lifestyles, your country will have to accept the consequences of your actions. A family setting with a married wife and husband represent only a third of your households. This has a damaging effect on the children which just adds to the problem with little teaching of faith and morals. This is why you have fewer and fewer people coming to church and your prayer groups. Your people are more in love with their pleasures and possessions than they are in love with Me. But the wages of sin are death and destruction, and that is what will be coming over your country. Pray for America and that your laws will be more God-centered than man-centered."

Jesus said: "My people, when I called St. Peter from catching fish, I told him that from now on, he would be a fisher of men. (Matt. 4:19) As I met My disciples in Galilee after the Resurrection, I told My apostles to go out to all the nations of the world and spread My Word of the Gospel. (Matt. 28:19) The most important part of the Gospel is love of God and love of neighbor as yourself. I showed all of you My love by dying for all of your sins on the cross. Man can best understand love in the love of a faithful wife and husband. This love is not just sensual, but a true desire to give of yourself for the other. There is the agape love of a man for his God that is what I truly desire from everyone. This love, just like in marriage, means that you will also love Me and do what I wish for your soul. My desire is that you should be willing to give everything that you have over to Me-your spouse, your family, your soul, and all of your possessions. This is the total consecration of all that you are to Me so that nothing will come between us to separate you from Me. Once you are given over to Me, I can mold you and use you to bring souls to Me by your teaching. All of you are called to be missionaries and prophets and go forth into the world

to save souls. Those, who truly have accepted this noble task, will be rewarded greatly in heaven. The souls that you have saved will pray much for your salvation as well. Be willing to say 'yes' to My mission without any reservation or looking back."

Sunday, June 12, 2005:

Jesus said: "My people, those, who were ready for your latest power failure, had plenty of light. I have told you before to have mechanical powered lights so you do not have to rely on batteries that deteriorate with time if they are not rechargeable. You also learned the lesson of the wise virgins to have oil for your lamps to burn. Oil is also necessary to be in your lamp so you can light the fuel saturated wick. Once you have a light source in the dark, then you need to place it in a central place to benefit the most from the light. I am the Light in the darkness of the evil of your generation. In the readings you are seeing the calling of My twelve apostles to their mission with Me. Everyone is given their own mission in life which only you can carry out with the gifts that I have given you. My prophets and messengers have a special calling to send My messages out to everyone so that all can hear the Word of God and hopefully keep it in their hearts. It is everyone's responsibility to present My Word to those who have not heard it, but it is the free will choice of those who hear it and take it to heart in acceptance of My love. Do not be afraid to speak out in My Name to witness My Gospel even to those sinners who do not want to hear your message. All of those, who proclaim My Word, will receive their reward in heaven."

Monday June 13, 2005: (St. Anthony of Padua)

Jesus said: "My people, the lesson about being a beacon or light of faith is represented again in this vision of an old street light. The image of an old light means that this is an old and repeated message of sharing your faith and My Gospel message with others. It is not easy to speak out in public of the bad morals of your evil society. It is even more difficult to keep repeating My message of truth when you know the majority of the people do not want to hear My message. When you speak out in My Name, you will always risk persecution and being ridiculed. You witness My Word in your speech and in your good actions. Do not be afraid to speak out because you are fulfilling your responsibility to try and bring souls to Me. Sinners may convert when they see your love and

persistence to reach out to save them. When sinners witness how you love people in your life, they may desire to have faith in Me also as the source of your joy. When I ask you to turn the other cheek if you are struck on one cheek, you know this is an act of love even for your persecutors."

Jesus said: "My people, it is good to offer hospitality in serving your friends and relatives. Many times inviting people into your house is a way of expressing love and friendship. Sharing your time with each other helps to keep good ties with those that you love. You have seen many examples of hospitality in the Scriptures. My Blessed Mother went to help her cousin in a later life pregnancy. You saw Me wash the feet of My apostles to give them an example of how to serve the rest. When you serve Me, you are serving My faithful in their needs. Reach out in love to share your time, treasure, and talent with your neighbor and your reward will be great in heaven. Just as you give of what you have, remember to be thankful to Me for your gifts and thankful to those who help you in this world's needs as well."

Tuesday, June 14, 2005:

Jesus said: "My people, in today's Gospel I want you to love everyone, even those who are difficult to love without any discrimination. You are to love the poor, the homeless who may have a less desirable appearance, the handicapped, those of other races and faiths, and even your enemies who may persecute you or have hurt you physically. This is one of the most difficult teachings that I ask of My faithful. I love everyone because I have created you, but I call all of you to be perfect in your love as My heavenly Father is perfect. This is another part of My unconditional love that I wish all of My followers could imitate. In your desire to do good deeds, do them for even strangers and not just for your friends and relatives. By your reaching out to everyone in the world, you are adding love and taking away some of the hate in people. As you pray for peace in the world, you can help by adding your love in your daily actions."

Jesus said: "My people, I have talked to you many times of how I give each person a special mission in life that only they can achieve with the unique talents that I give to that person. I never give you a mission to be rich or famous in this world in terms of worldly things. Some may fulfill their mission well enough that they receive awards, patents, or money, and they may become rich or

famous accidentally. But do not seek wealth or fame as an end or god in themselves. Affluence and fame can make it harder to find heaven if you are admiring yourself and not loving and worshiping Me. Money and fame are passing away and they will not help you get to heaven by themselves. That is why sharing your wealth and your faith with others will gain you heavenly treasure which is more valuable than earthly treasure. Seeking heavenly things is far better for your soul than chasing after elusive wealth and fleeting fame. Be more concerned with pleasing Me and loving Me than seeking your own earthly pleasures. The more you focus on earthly things, the less time you will have to share with Me."

Wednesday, June 15, 2005:

Jesus said: "My people, the three landings on this stairway represent three lessons on almsgiving, prayer, and fasting which you need to work on as you work toward your perfection. The main lesson is to not do good works just for show, but to do them secretly so you can gain merit in heaven rather than on earth which will not help your soul. (Matt. 6:1-18) Remember that I look at the intent of your heart in why you are doing things. If you do these things for your own benefit, your reward will be on earth, but if you do them for love of others, your reward will be in heaven. In regard to almsgiving it is better to give anonymously than looking for men to thank you. Also do not give begrudgingly or just out of duty, but be a cheerful giver in doing it out of love and not just a tax write-off. Prayer should also be done privately without bragging how many rosaries that you do each day. Pray for the best for your soul and that of other souls as you direct your intentions. When you fast, do not let others know what you are doing, but let it be a supplement to your prayers. Prayer and fasting together are very powerful in ridding evil influences and even addictions. These three lessons are a very important part of your spiritual life, and if used properly, they can help you greatly on your path to heaven."

Wednesday, June 15, 2005:

Jesus said: "My people, at times you may be asked to assist someone when your skills may be needed to solve their problem. When you have an opportunity to help someone, it should be spontaneous that you should be willing to help without worrying about your time or inconvenience. As long as you are able to do it, move

forward out of love and friendship. Once you have successfully completed the job, your payment is the appreciation of the person and your sense of joy that you could provide a service to someone. Just as you have helped someone, there may be times when someone could help you in a job they are better skilled at than you. Then your helping someone is repaid by someone returning that favor in your need. By helping each other, then many of your problems can be solved even at nominal cost. Love and friendship are beautiful qualities to have with those around you. Doing good deeds can have many rewards both on earth and in heaven."

Thursday, June 16, 2005:

God the Father said: "I AM is looking down on all of My creatures, and your sins of abortion and your sins of the flesh disgust Me. When I destroyed the unfaithful in Noah's time and the unfaithful in Sodom and Gomorrah, they were just as wanton in their sins as the people of today on earth. If it were not for the just souls praying for the rest, I would have destroyed this generation long ago. You have today the Gospel of the prayer to Me that My Son gave you in the 'Our Father'. Continue to send as much prayer as possible to storm heaven because My scales of justice are weighing heavily against the sins of the earth. I will not destroy the earth at this time, but I will be testing you with many dramatic natural disasters to get your attention. The latest earthquakes and tsunami are just the beginning of the chastisements that I will be sending upon the earth. Repent now while you have time, or you could be swept away by Satan and the Antichrist."

Prayer Group:

Jesus said: "My people, at times I criticized the Scribes and Pharisees for putting many burdens of earthly practices on the people while they themselves did not lift a finger to help them. I warned the people to listen to the words of the Law, but not to follow how they practiced it. They had many practices where if you swore by the temple, it meant nothing, but if you swore by the money of the temple, you were obligated. Remember in your religious practices that you should follow the spirit of the Law more than the very letter of the Law. I came to not deny any part of the Law, but to fulfill it. Put your trust in Me and not in your money."

Jesus said: "My people, when you are looking for a Catholic Church, you look for a cross because My Church was founded on Me as the cornerstone who died for everyone on

the cross. That is why it is good also to have a large crucifix on the altar so you can focus on Me and see how much I love all of you enough to die for you. My cross is also an example of how you must suffer in this life by carrying your own crosses. Call on Me in prayer and I will help you to endure all of the hardships in your life. Bring Me into your hearts and souls often at all of your Masses."

Jesus said: "My people, these prison bars around My tabernacle represent how I am sometimes a prisoner inside. Every time you share with Me in Adoration, you are releasing Me so everyone can see Me and give Me your praise and worship. Prayer in a group before My Blessed Sacrament will gain many graces for each person present, and also for the parish that you are in. Make an extra effort to pray in front of Me in Adoration wherever I am available to you in driving distance. All of My adorers are My special faithful whom I will always protect from the evil ones."

Jesus said: "My people, the evil of war even destroys beautiful churches because the evil one despises all that is holy. Even without war, the evil ones want to remove all that is holy from My churches. Strive to keep My tabernacles visible to genuflect to them. Keep My crucifixes visible on the altar, and place pictures and statues of Me and the saints in the church so the people can imitate our lives. Stay close to Me in prayer and My sacraments so you can always be focused on loving Me and loving your neighbor as yourself."

Jesus said: "My people, I invited all of My apostles to follow Me, but I did not tell them that most of them would be martyred for My Name's sake. It is difficult to follow Me in obedience to My laws which many times are against human nature. It is even more difficult to imagine yourself possibly being martyred for believing in Me. But if you give up everything to Me in your consecration, it is like being a dry martyr when you are persecuted for believing in Me."

Jesus said: "My people, there were some kings in Egypt who aspired to live eternal lives on this earth. No matter how man tries to preserve his body, even with cryogenic freezing methods, you will never experience eternal life on this earth. Immortality can only be found in your soul and in nothing of a mortal or earthly nature. That is why it is so important to protect your soul from mortal sin and frequently confess your sins in Confession to keep it pure. You do not know when I will call you home, so do not risk going to hell with mortal sin on your soul. Real eternity

will be with your soul so choose to be with Me in the glory of heaven than in the eternal flames of hell with Satan."

Jesus said: "My people, beware of those who rule over you in the seats of power in each country. No matter how noble their words, the people of money are controlling their every action. The evil masons and central bankers are only interested in power and they will do anything to preserve that power including killing in wars or whatever else will gain them money. Your only true Ruler is Me because I will never deceive you and I will always love you. But I am a jealous God and I do not want you to worship any other gods or idols before Me. I ask you to be faithful in loving Me and you will see your eternal reward in heaven."

Friday, June 17, 2005: (Last day of school, closing of St. John's)

Jesus said: "My people, as with St. Paul, you will see many trials and hardships on the sea of life, but you must trust in your Lord to endure through all of them. You will face much change and many new beginnings in the many stages of your life, but do not let uncertainty and fear rule your life. Ask for My help and I will help walk you through each trial like a mother leads you on your first day of school. When you may start college, I will be there to help you study. When you start your first job, I will help you succeed in your work. If you should get married, I will provide for having children and taking care of your family. You may have concerns with having enough money to get you through life, but put your trust in Me and you will be provided for. Even as you approach death and a new life in the Spirit, trust in Me and My sacraments of love and you will be given enough grace to gain heaven. By letting Me lead you through life in faith, you will not have any fears nor anxieties."

Jesus said: "My people, this message is all about how you spend your time on this earth and how you need to slow down the pace of your living. If you were able to go back in time fifty years ago and look at a small clip of how people lived in each decade, you would see how fast paced your living is right now. For those knowledgeable about computer speed, your speed of your microchips has greatly incremented just as your society has sped up. In today's world you have more distractions, and entertainment consumes more of your free time. If you slow down your fast paced living, you could see that you are here more to serve Me than just yourself. A simpler life would leave

more time for Me in prayer. Try doing a few things well for Me, and you will accomplish more with Me than your attempts at many unfinished things of curiosity. Leave some free time in your life for Me each day, and you will have some moments to thank Me for what you have and time to adore Me as well as give Me your petitions. Do not just come to Me when you are in trouble, but show your consistent love for Me every day. Then when you come to Me at your judgment day, you will not be a stranger, but a loving friend. It is better living your life for loving Me and your neighbor than selfishly spending all of your time on your own pursuits."

Saturday, June 18, 2005:

Jesus said: "My people, if you know and follow the truth of My laws, the truth will set you free of your sins. When you are addicted to the pleasures of sin, you are a captive of your own sins. That is why to free yourselves, you must seek the forgiveness of your sins in Confession and convert your life of sin to a life of love. If you truly follow My Commandments out of love for Me and to avoid offending Me, you will be living a life of love free from following earthly ways. This vision of the Ten Commandments is how I instructed My people to live. But I have come to fulfill the Law by focusing on love of God and love of neighbor. Laws should be seen not just as what you should not do, but as how you should give praise to Me out of love and help your neighbor out of love. In the Gospel reading there is a continuing thread of trust in Me for what you are to eat, drink, and wear. Many of the worldly are constantly struggling and worrying about these things, but I know all of your needs and I will provide for you. You store up treasures on earth for fear that tomorrow you may not find food. Yet for all of your fears, you cannot change what will happen. Trust in Me because I have not let you down in your previous years. (Matt. 6:33) 'But seek first the kingdom of God and His justice, and all these things shall be given you besides.'"

Jesus said: "My people, this vision is all about fighting the battle of good and evil so you could choose to follow Me in faith. It takes spiritual courage to step in a boxing ring to do battle with the evil ones. By asking My help, I will defend you with My angels against the demons. At one point it may be difficult to choose a life of loving Me because you will have to suffer persecution while you are being tormented by the devil's temptations. It may appear easier to take the comfortable broad road to

hell, but the consequences are not worth any earthly comforts. The narrow road to heaven is less traveled because it is difficult to struggle against your human inclinations to sinful pleasures. When you choose life, you will choose the right path to heaven. It is only those who fail to love that could choose death on the road to hell. Wake up and repent of your sins while you still have time to be saved."

Sunday, June 19, 2005: (Father's Day)

Jesus said: "My people, the vision of the European Union joining with the United Nations is an image of how a one world government is being brought about. Once the individual nations have lost their identity in exchange for regional trade groups, it will be very easy for the one world people to divide and conquer. This has occurred in the same fashion with Parish Catholic schools when they are moved into regional groups. This tactic of divide and conquer is how all of the one world planners work in everything. They destroy a country's finances with huge unpayable loans and then take control under threat of bankruptcy. Free trade agreements in regions as NAFTA and GATT treaties move into common currencies and then into regional governments. Added to this is the individual control to attempt to get mandatory chips in everyone's body. The Antichrist will come on the scene to assume full power over all the nations, and he will also be the leader of a one world religion that will worship him. Refuse to take any chips in your body. Refuse to use mandatory smart cards, and refuse to worship anyone but Me. Even if your life may be endangered, it is better to die for your faith than to rot in hell. You will be tested greatly to choose between Me and your money and earthly comforts. Just as Jeremiah was threatened, the evil ones will abuse you and persecute you for speaking out about Me and My laws. Do not be discouraged or frightened for I will protect your souls from evil. Trust and hope in Me and you will receive your reward in heaven."

Monday, June 20, 2005:

Jesus said: "My people, when you die, very few people are perfected enough to come to heaven directly. Even though many talk about heaven or wish their loved ones would go to heaven, the reality is to pray for their soul that they may have been sent at least to purgatory. Those souls, who are found in the lower parts of purgatory, will suffer like those in hell, but are promised heaven one day.

Remember that once you die, you can no longer pray for your own soul in purgatory. Better to have your friends and relatives praying for your release from purgatory, especially with Masses. If you have been praying for the souls in purgatory, those, that you helped to release that are in heaven, will be praying for you as well. Should your deceased relative or friend find themselves in hell, your prayers will go to other souls in purgatory so that all of your prayers are never wasted. This is the mercy and justice of God how souls are judged, and your soul must be perfected to enter heaven. Leave intentions in your will to have Masses said for you to assure your help in rising out of purgatory. Everyone faces this purgation on earth or in purgatory for your perfection."

Jesus said: "My people, I have asked you to be aware of the signs in the sky. This darkness in the sky during the day could have several causes: a volcano, a sand storm, smoke from a fire, an asteroid, a comet, or an eclipse of the sun. In any event this darkness is coming and it will have an effect on everyone as a sign of the evil that is about to befall you. This will be another sign of the coming Warning, as many will be frightened of the source of this darkness. I have told you to have your soul purified so you are always ready to meet Me in your judgment. You are seeing many signs of the coming tribulation, and the Warning will be the first of the major signs. Do not be afraid of these times of trial for I will give you the grace to endure all of them, even though it will seem hopeless. Be patient and you will soon share in My Era of Peace and My victory over evil."

Tuesday, June 21, 2005:

Jesus said: "My people, in the first reading you heard of Sodom and Gomorrah and you know My justice that befell these towns because of their evil ways. The vision of confessionals is a strong sign of how the people of this age need repentance of their sins or worse destruction could fall on you as well. The Gospel reading speaks of not judging others and not gossiping that could destroy a person's reputation. I am the only judge, and be thankful that I judge with the mercy of God and not the eye for an eye rule of man. There is also a mention of how few there are that seek the narrow road to heaven because it is full of suffering and persecution, but it is the only way to purify your souls for heaven. Do not follow the crowd that seeks the earthly comforts of the broad road to hell. Just as you have to work hard in this life to survive, so also

in the spiritual world the lukewarm are spewed from My mouth, while those, who love Me and trust in Me, will find their reward in heaven, no matter how difficult the road may be."

Jesus said: "My people, when you come to My refuges, there will be many hungry people there expecting something to eat. Just as I multiplied the fish and the loaves of bread when I was on the earth, so I shall feed My faithful remnant by multiplying whatever food that you have on hand. The image of a fast food restaurant is how fast I will multiply food so everyone can have something to eat. You will collect the leftovers also and see how gracious I am to feed you. I will provide bread, water, and meat for all of My faithful at My refuges. Do not worry if there will be enough food each day, even for many that will come. All of you will be provided a shelter as well. In the winter I will even multiply whatever fuel or light devices that you will need. My Eucharist will always be present so that you have Me with you through the whole tribulation. Just trust in Me for protection from the evil ones by My angels, and you will be healed of all sicknesses by looking upon My luminous crosses in the sky. You will be giving Me thanks and praise every day for all of My gifts for your needs. Each person will be obligated to a particular job to help the rest. You will have much more time to pray as I strip each of you of all of your earthly desires for possessions. With all that I will provide for you, you will have no fears and no worries."

Wednesday, June 22, 2005: (St. John Fisher)

Jesus said: "My people, all of those, who are faithful to My Commandments, pray often, and receive My sacraments, are part of My Church by your acceptance of Me into your lives. Today, you are honoring St. John Fisher, even as you share the same name of your sister city. Those, as yourself, who have attended your college of the same name, can identify even more with this great saint. He was a man of principle and he did not want to condone the king's divorce, nor his power away from Rome. It is one thing to believe in following your faith, but it is another to believe strong enough to die for your beliefs. Even as you are in evil times and are about to enter the tribulation, many will be persecuted and even martyred for openly proclaiming My Gospel and refusing to worship alien gods. This will be a true test of your belief in Me whether or not you are ready to die for your faith as St. John Fisher

did. Those, who die a martyr's death, will become instant saints in My eyes because of your courage in the face of persecution. Today, in most areas you are not threatened with your life to spread My Word of the Gospel. All the more reason that you should shout My message from the rooftops to bring as many souls as possible to conversion of their sinful lives. Heaven rejoices over one soul that is saved, so imagine the joy in heaven when you are instruments of bringing souls to eternal life with Me."

Jesus said: "My people, I have told you to watch the skies for signs or omens of things to come. I have told you also that the comet of chastisement, that would end the tribulation, is already on its way. The vision of this white object coming towards the earth is the sign that will frighten many on the day of the Warning. I am not giving any date for the Warning, but this sign will arrive before the great chastisement. Many are searching for dates or signs of when the Warning will occur, but it is not important to know of this date. Some are already searching for when objects will come close to the earth, and for dates of the eclipses of the sun. My Warning will be a mercy for all souls to improve your spiritual lives after you feel how much you have offended Me with your sins. Be ready to evangelize these souls because it may be their last chance to be saved."

Thursday, June 23, 2005:

Jesus said: "My people, in years past many of My faithful had special devotions to Me, My Blessed Mother, and their favorite saints. Many of your churches are also named for these saints. Unfortunately, in the newer churches such saints and statues are no longer present. Still many have devotions as the rosary and the Divine Mercy Chaplet. Even some are seeing a renewed interest in Adoration of My Blessed Sacrament. When you focus on My life, that of My Blessed Mother, and the saints, you can imitate our holiness in your own lives. Even if you do not see these statues in your churches, you can buy some and place them in your prayer rooms. Some people also have secured some relics of the saints that you can display in your living room or your prayer room. Relics should be displayed and shared in public instead of keeping them hidden away in drawers. Again reverencing these relics on the saints' very feast day, gives you an added remembrance of the glory of My saints who are sharing eternal life with Me. Make a listing of the relics that you have with the feast day, so you can have them ready to share with others

at Mass. My saints are intercessors of prayer for your petitions as they bring your petitions to Me. Give praise and thanks to Me, and honor the saints who will help each of you to be saints one day in heaven also."

Later, at St. Thomas More's Adoration I could see at least twelve floating bombs tethered in a submarine. Jesus said: "My people, I am showing you some new technology that terrorists could use to bomb your coastal cities. The vision is of many mines that could contain dirty bombs, nuclear bombs, or biological bombs. These are somewhat sophisticated devices that could be dropped off with a small boat at night. They could be used to destroy aircraft carriers, or damage large cities. The ship bombed in Yemen was from a small suicide boat. Many of your cities are open to such terrorist tactics and they will probably attack many cities at once. Your Homeland Defense needs to examine every possible method of attack either from above or below the water. Pray much that your country will be protected from such major destruction."

Friday, June 24, 2005: (Nativity of St. John the Baptist)

Jesus said: "My people, in the vision I am showing you the glory of My Real Presence that luminates as a halo all around My Host. No matter how small My consecrated Host is, I am there in your midst in My Body and Blood. Treasure the moment each time that you receive Me worthily in Holy Communion. I am joined with you intimately with your soul until I am consumed in the Host. This same light of holiness all around My Host, also shines all about your body and soul for about fifteen minutes. You are like My tabernacle, so treat everyone after Communion as if I were present in them as I am. Today's feast of the Birth of St. John the Baptist is a sign as given in the Cantic of Zachariah which is read in Morning Prayer of the Liturgy of the Hours. This is a sign that St. John the Baptist will be a herald in the desert for My coming as the Messiah. Just as prophets foretold My first coming on earth, so you are seeing many prophets and messengers heralding My coming again in the end times when Satan and the Antichrist will be defeated. Many marveled at the birth of St. John the Baptist, wondering what kind of man he would become. Now in this age many marvel at the prophecies given about My coming victory and triumph. Rejoice, My children, when My victory will usher in My Era of Peace where you will see the new heavens and the new earth."

Jesus said: "My people, there are many changes coming in My Church that many are not expecting. The physical

changes show many blank walls with My tabernacles hidden in back rooms. This movement to the left is how My Church is becoming more liberal without following the old traditions of the Church. Divisions in My Church have come over differing interpretations over Scripture and a reluctance by some to follow Church laws and My Commandments. My law is changeless because love of God and love of neighbor is My calling to everyone in every era. Modernism teaches constant change for its own sake, and there is also an influence coming from a desire to form a one world religion based on New Age principles. Do not worship the Antichrist or any other earthly thing. You are to worship Me only and do everything for My greater glory. If you see New Age influences coming into your church, try to change it or leave. The evil ones are trying to remove all that is holy, and take away the reverence for My Blessed Sacrament. My faithful need to preserve your traditions and do not listen to those who want to do away with prayers and Adoration. Show your love for Me always in your actions, and you will teach others how obedient they must be to Me. You will then receive your reward in heaven for being faithful to My Word and My laws."

Saturday, June 25, 2005:

Jesus said: "My people, in the readings today you are witnessing My mercy, My miracles, and the faith of the people. This passage about Abraham in Genesis is a fulfillment of My covenant that I would make Abraham a father of many nations and descendants. Even though Abraham was advanced in years as was Sarah, his wife, he still had faith in My promise. He believed in the impossible that I could do, and later his wife conceived his son, Isaac. In the same way the Roman centurion had faith that I could heal his servant. He even believed that I could heal the servant with just My Word from a distance. As a result of My many healings, many souls came to believe in Me. Even today there are many who pray and believe that I could heal their infirmities. There are still miracles of healing going on today that defy natural happenings. These readings are lessons in faith that I can do the impossible. You come to Me with many petitions for healing, and you know the power of My Name. Still you accept that it needs to be My Will if someone is to be healed. In the coming tribulation you will be facing a battle against the Principalities and Powers of the demons. You will be in a spiritual battle and not one of physical weapons. Some will die as martyrs and will become saints,

but I have promised My protection of your souls and that I would provide for your needs, just as I gave Isaac to Abraham. I will fight the evil ones for you just as I battled the Egyptians for the Israelites. Believe and have faith in My miracles that I will perform for you at My refuges. It is easier to believe while you are living comfortably, but when your life is threatened by persecution, you will have to trust completely in Me for everything. Continue in your daily prayers and build up your spiritual strength through Me so you will have the graces to endure the coming tribulation."

Sunday, June 26, 2005:

Jesus said: "My people, when you come to a banquet table, you may see how little children need a little higher chair to reach the table. The banquet table represents My Eucharistic table when you come to receive Me in Holy Communion. The young children come to Me with a simple faith that is innocent and trusting. Many times I tell you that unless you come to Me with a child-like faith, you cannot enter the kingdom of heaven. As you grow older, you are many times taken up with the cares of the world more than with Me. As you are growing up, you should make an attempt to expand your faith beyond what you first learned in grade school. As you are educated in the skills of the world, you should also share your talents and your faith with others. No matter how old you live to be, you should never lose your reverence for Me, nor your humility before Me and others. I love each of you unconditionally, so if you are to gain heaven, you must love Me without conditions in full trust as a child. Give Me honor, praise, and thanks in your daily prayers and give Me all the glory for all of your accomplishments. By living a simpler life without spending every moment on worldly things, you will have more time to be with your Lord. You do not have to be sophisticated in your faith, or know every chapter and verse in the Bible. Come to Me in simple, humble faith and you will be assured a place in eternal life in heaven."

Jesus said: "My people, in the last year or so you have seen an unusual number of serious earthquakes over 6.0 magnitude. Many of the various plate movements have been involved with a majority of these earthquakes under water. This increase in the number and severity of earthquakes will continue with subsequent loss of life in the more populated areas. The increase in these events are more signs to you that you are in the end times. You are continuing to see a loss of life in areas of much sin, as

these earthquakes are the natural disasters that I am using for chastisements. Continue to pray for America's sins and conversions before your country could be destroyed or taken over."

Monday, June 27, 2005:

Jesus said: "My people, as you sleep at night, you are trusting that you will not be disturbed by any outside events. Many become unconscious that their sinful lives are offending Me, or they rationalize that what they are doing is not sinful. Lot and his family were directed by the angels to leave Sodom and Gomorrah because God could not find ten just people and He was about to destroy these towns. I am merciful and just, and the innocent were protected that day, but those, who would not repent of their sins, were destroyed with fire and brimstone. I have told you many times that you are the ones responsible for the consequences of your actions. In every action you choose to love Me or reject Me. The evil of the world will worsen in the tribulation, but I will bring My victory over sin with My Great Chastisement that will bring about an end to all evil on the earth. This will be a chastisement by fire and not by water. So have no fear of the end times because you know of My coming victory. The evil ones will be chained in hell, but My faithful will enjoy My Era of Peace."

Tuesday, June 28, 2005: (St. Irenaeus)

Jesus said: "My people, in today's Gospel reading My apostles were fearful of dying in the boat when a serious storm came up on the Sea of Galilee. My apostles did not realize the extent of My powers as God's Son, so they did not have faith that they would not die. I calmed the sea and the winds and they wondered what manner of man was I that even the weather and the seas obeyed Me. My apostles later were in even greater awe when they witnessed My Resurrection. The vision shows you My glory and power that were manifested even more when I resurrected from the dead into My glorified Body. When I appeared to My apostles after My Resurrection, they finally realized that I was a God-man with a real body. My Resurrection is a hope for all people after death that if you follow My Will and My Commandments, you will also one day be resurrected into a glorified body as I was. Calming the storm was just one of the miracles that I performed, but the greatest miracle was

My rising from the dead because sin and death have no power over Me. Rejoice, My children, because I am still sharing My miracles with you every day at Mass when the priest changes the bread and wine into My Body and Blood."

Jesus said: "My people, this vision of My tabernacle in the center is not only how I want you to place Me in a prominent spot, but it also represents how I need to be the center of your life. There are many distractions of possessions and entertainment that can occupy your time. If you do not control your earthly appetites, things of the world could take up all of your time without any time for your prayer life. By constantly being busy with earthly affairs, you will not let Me come into your life. These busy lines of traffic are an example of how you are rushing about to follow your own agenda. It is an earthly temptation to want to be in complete control of your life. You should realize that I have placed you here for a specific mission to follow My plan for your life. You can communicate your love to Me in prayer, but you need to make time in your life for Me. Once you open your heart to Me, you can let Me into your life so I can lead you on your path to heaven. You are to follow My mission in total consecration of all that you have over to Me. This means that not only should you make time for Me, but you should give all of your time over to Me to carry out My agenda only in your life."

Wednesday, June 29, 2005: (St. Peter and St. Paul)

Jesus said: "My people, these shadows of people standing represent how My faithful need to stand up for your faith no matter how much you may be persecuted. In this evil age you are tested often by your society that is focused on worldly things and pleasures. As you stand up to defend life against abortion, euthanasia, and even against living together in sin, you will face much opposition, but be true to My Word and never waiver from following My Law. Even if others lead a sinful life, do not be convinced to follow them. My faithful are called, as St. Peter and St. Paul, to go out to all the nations to witness to My Name and My death on the cross to save all people. Those, who are like missionaries and spread My Gospel, will receive a prophet's reward. If you should convert any souls to be saved in My Name, do not take any credit for your work, but give all the glory to God. If you should be instrumental in someone's healing by your prayers, again give all the glory to God. By being humble in your service to Me, instead of being prideful, you will

gain more merits in heaven toward your being in heaven. Love Me always and let Me lead your lives in fulfilling your mission. Then you, like St. Paul, can claim that you have fought the good fight and finished the course as I will welcome you to your prize of eternal life with Me in heaven."

Thursday, June 30, 2005:

Jesus said: "My people, when you respond to My love, you do so with great joy, just as a flower blossoms in all directions. When you wish to share My love with others, you do not just talk softly to a few, but you wish to shout it from the rooftops. Each of My faithful know how much you treasure your gift of faith. So you want to share this gift of mine with everyone who wants to listen to your message. Every heart can rejoice to accept My call to holiness. Pray for all sinners that they may come to know the beauty of My love."

Jesus said: "My people, as you pray for your intentions, let them be for anything that will help your soul or the souls of others. Do not focus on earthly things for your intentions, but focus on the best spiritual gift that you could give to someone. This may be a Mass intention or a rosary intention. Masses said for the living can help free demons from people or their houses. Masses said for the dead can help them greatly in reducing their time in purgatory."

Jesus said: "My people, hanging out your washed laundry represents how your souls can be cleansed from your sins in Confession. They also are a public display of what you have done wrong in My sight. After Confession, your soul is pure, but you can dirty your soul again with your sins, just as your clean clothes can be dirtied by falling into the filth of the dirt. Watch your every action and be able to keep your souls pure."

Jesus said: "My people, when you see a small fire starting in a forest, you struggle to put it out quickly before it spreads to a large fire that is much harder to put out. This is true of sin in your souls as well. Your habitual sin can grow into more serious sin and you need frequent Confession to return to a white soul. At your judgment you could even see more flames that could be from purgatory or hell that are always present as cleansing or eternal punishment."

Jesus said: "My people, water leakage in a roof can be an increasing problem as the hole worsens or the walls could have increasing damage. Again the damage requires a

rapid fix to prevent further damage. It is even more important with sin on your souls, because as sin increases to darken your soul, it becomes harder to seek My forgiveness because of your weakness to sin. Your souls need constant maintenance with frequent Confession, to keep the house of your soul holy and pure."

Jesus said: "My people, your body has various requirements to survive. One is sufficient water to carry food in and toxins out of your body. Another is to have sufficient oxygen for proper consuming of energy in your cells. In your souls you need sufficient grace as your spiritual life blood to survive. Another is the nourishment of your soul by receiving My Bread and Wine in Holy Communion. Look to My sacraments to heal your spiritual ills and save your soul."

Jesus said: "My people, you know full well how much sleep that your body requires every day to stay fully refreshed in the morning. You also feel the effects of your physical endurance when you do not get enough sleep. In your soul you also know your own spiritual endurance to various temptations of sin. Many times avoiding temptation is your best prevention. You also know that once you are weak in your sins that you are susceptible to even greater sin. Again your best defense against sin is daily prayer and frequent Confession. Know your weaknesses and how to prevent sin from leading you astray from the faith."
