

Thursday, June 1, 2006: (St. Justin)

Jesus said: "My people, how often you give in to your weaknesses in all of your bad habits. You may have addictions to drinking, cigarettes, drugs, or excessive TV watching and eating too much of the wrong foods. This vision of a couch means that you become weak to addictions when you are fatigued from not enough sleep or from laziness in not enough exercise. Your body is a temple of the Holy Spirit and you abuse it when you indulge yourself with excessive substance abuse. When you weaken your body with gluttony and substance addictions, these are sins against your own body. In order to be strong spiritually, you must be willing to control your physical appetites and get enough rest. Fatigue can rob you of your prayer time if you constantly fall asleep in your prayers. If you become too tired to pray at night, then try to pray earlier or at a time of the day when you are not so tired. It is when you are tired that you are weaker in fighting off sin and temptations. Fasting from food can be a help in trying to control the body's desires and appetites. You do not need to be drinking and eating constantly, and you need to work on restraining the body and not give in to each impulse. By restraining yourself against your bad habits, you will see less need for these things in your life, and more desire to be My servant and a suffering victim."

Thursday, June 1, 2006:

Prayer Group:

Jesus said: "My people, at times you tend to put off things that need to be taken care of depending on your priority of what is more important. It is easy to procrastinate those things that you find difficult to handle. Those things that need prioritizing may be more important to Me than they are to you. If you are faced with many tasks, then pray to Me for some direction as to what should be done first. If you listen for My direction, I will lead you on the best path for helping your soul and the souls of others."

Jesus said: "My people, there are many things in life that cause you stress in causing you harm or a financial loss. Do not question Me why such bad things happen to you because these things are only accidental, or have some cause. Instead of being angry with Me, it is better to just deal with these trials the best that you can without seeking out vengeance on anyone. Some people are tested more than others, but it is only because that person has been given sufficient grace to handle that situation. Where possible reach out to help people in difficult problems so you can help ease their burdens. Every act of charity will store up treasure in heaven for you."

Jesus said: "My people, you see one destruction in Iraq that was caused by man. You also see destruction by natural disasters as the earthquake in Indonesia. It is difficult to deal with death and destruction from any cause, but war damage and suicide bombings can be stopped. You have enough troubles with natural disasters, so it is more important to stop your hostilities which bring unnecessary killing upon innocent peoples. Pray for those suffering from storms and earthquakes, but pray harder to stop your wars that Satan is stirring up in this evil age."

Jesus said: "My people, at times you are faced with fix-it jobs that you are not skilled enough to handle. You can pay to have someone fix the wall, or ask a friend to help you. Even some find a way to train themselves to fix the wall. You also face some spiritual problems that you are not always able to handle on your own. Call on Me, My saints, or My angels to help you with these problems. With faith and trust in Me, you can turn back and bind any evil spirits that are holding you from doing your mission."

Jesus said: "My people, when you are thinking of buying a house, you have to sit down and count the costs and determine if you will have enough money to afford it. In a different way some have to sit down and count the costs of giving everything over to Me in faith. Some, who cannot give up their possessions, have a difficulty in paying this price for their faith. Think of how much I love you that I died to pay the ransom for your soul. I gave up My life for you, and now I am asking you to give your life over to Me. Everything that you have has been given to you by My grace. See that you are only a steward of these earthly things, and that your soul is the most important gift that you can give to Me."

Jesus said: "My people, all of the arms that you are making are only meant for one purpose to be used in a war. That is why your arms makers and dealers have only one intention of making money by having constant wars. Stop having these wars and you will have little need for making such arms. Better to turn your arms materials into useful tools than waste them on further destruction. Man needs to focus more on providing food, clothing, and shelter for everyone than all the money you waste on wars."

Jesus said: "My people, you are here tonight adoring My Blessed Sacrament and I thank all of you for taking the time to come and visit Me in prayer. My Sacred Heart devotion is all about how much I love you and how much you love Me. Just as My Blessed Mother and I are united in our two hearts, so you can become united with our hearts by your love for us. Every time you pray to us for your petitions, I place them on our hearts

and answer what is best for your soul or those souls you are praying for. Rejoice in our love because we are always watching out for your soul."

Friday, June 2, 2006:

Jesus said: "My people, the Jews of My time were very strong in their beliefs of the Law handed down by Moses. They did not want to hear My message of love and they did everything possible to get rid of My followers and any miracles associated with My Name. They could not dispute the truth of My words, and they did not want to believe that I was the Messiah sent by God. The Resurrection was the hardest truth of all that they could not accept, and that is why they paid off the soldiers to lie that My disciples carried off My body. That is why the Jews had many of My disciples imprisoned and martyred for their faith to stop evangelization in My Name. Since they were indeed fighting God, Christianity still was successful in spreading to be the most numerous faith to be shared of all time. I have guarded My Church as I promised you that the gates of hell will not prevail over it. Even today, there still are those who persecute My Church because they have their own agenda which is not true love of God. My faithful remnant will be preserved at My refuges while the forces of evil will bring the New Age beliefs over those remaining. Trust in My protection of My followers' souls, but some will be martyred again. This age of evil will be brief before I will come and destroy it."

Saturday, June 3, 2006:

Jesus said: "My people, seeing people die for their faith should inspire you in your own faith. It is not too many times that you consider your own death, but every funeral that you attend should make you think that one day you will be in a casket. If you are strong in your faith and close to Me in prayer, you should be confident in trusting in My promise of salvation. But if you are too attached to the world, then you need to understand how you will be held accountable for your actions and why you do not stay close to Me. There are only two choices in life and you can only have one master. You cannot love Me and love money at the same time. Those, who love money and the world more than Me, are on the broad road to hell. But those, who love Me more than their possessions, are on the narrow road to heaven. My message and the Bible containing My Word has been available for many years. You cannot excuse yourself at the judgment that you did not know about Me. You will either refuse to know Me, or you will be willing to die for your faith in Me."

Jesus said: "My people, your government has developed a

massive new microwave machine that now has four times the previous power and is called the HAARP machine. This machine has the capability of enhancing tornadoes, enhancing hurricanes, holding storms in one area to cause flooding, and it can cause earthquakes. This device controlled the jet streams to keep floods forming in your New England states. Many of your severe storms have come from this weather making machine. Soon you will see more devastating earthquakes caused by this same machine. By creating a lot of havoc and confusion, the intent is linked to natural disasters that could result in martial law takeover of your country. The army was called in to establish order when looting got out of hand after Katrina in New Orleans. The one world people are in control of these devices and they will be using terrorism and precipitated disasters for their takeover. They will use whatever means they can to control America, even if innocent people are killed. Pray for My protection at My refuges which will be the only safe havens from those forcing chips in your body. Pray for all of these souls who do not realize how they are being manipulated by the rich and secret societies controlling your government."

Sunday, June 4, 2006: (Pentecost)

Jesus said: "My people, you have read the signs of the Holy Spirit's coming upon My disciples in the wind and the tongues of fire. All of My faithful have been endowed with the gifts of the Holy Spirit at their Confirmation. Pentecost is a reminder of these gifts of the Holy Spirit, and it is a responsibility to speak out My words of salvation for everyone to be saved. I have talked many times of feeding My sheep and bringing souls to Me. This saving of souls from hell and the evil one is a hard calling, but it is a necessary task, especially in this evil age. You are struggling with a constant battle of good and evil, and you see the need for the Holy Spirit's help in this fight for souls. You are fighting principalities and powers, but you must use all of your spiritual weapons and your gifts of the Holy Spirit. When you speak out to save souls, the Holy Spirit will give you what to say to them. Stay strong in your faith by daily prayer, and use all of your gifts for My greater glory in saving souls."

The Holy Spirit said: "I am the God of Love and I come into being from the love of God the Father for the Son. God is perfect love and We call all of you to the same unconditional love in order to be perfected from your earthly desires. You have been given My seven gifts of the Spirit, but you must claim them for your own if they are ever to be effective in your spiritual life. These seven gifts are meant to counter the seven capital sins. If you call on My help, I will give you

what to say in evangelizing souls, and I will enable you to use your healing gifts for both helping people with their spiritual and physical problems. In order to have healings, there must be a belief in a healing from the healer through the power of God, and a belief in a healing from the one needing a healer. Many times I healed a person's sins before healing them physically. It is this mutual belief in faith that is required for an openness of a healing to take place. For every intention in prayer, you must call in My Name, God the Father, and God the Holy Spirit. Be persistent in your prayer and it will be answered in the best way for that soul.

Monday, June 5, 2006: (St. Boniface)

Jesus said: "My people, as this vision of the animals and flowers shows you, it is good to take some lessons from nature. These are all of My creations as you are, and you need to see how man fits into My plan. You see the beauty of the flowers, but their blossoms only last a short time. You see the beauty of your youth and the blossoms of your fruit in work and your children. Your life also is short, but your beauty gives praise to My greater glory. You see the animals with all of their instincts for survival and how I provide even for the birds and the bees. I provide for man's needs also, but you are special with a soul and free will, as you are made in My image. Everyone of My creations has a purpose and a plan for their lives. This is where you can put your life in perspective that all creation needs to give Me praise and glory for My gift of life. You have been given free will and the ability to love Me or not. I have shown all of you that I love you enough to die for you, and offer you salvation of your soul from sin. You can follow My Commandments and My invitation for love, or you can reject My plan. As in nature only good trees bear fruit that lasts, while bad trees are barren and are burned in the fire. The consequences of your actions will determine whether you choose heaven or hell. Follow Me and you will receive your reward in heaven. Reject Me and you will follow the bad angels to hell."

Jesus said: "My people, it is so sad that your young men have had to die in all of these controlled wars perpetrated by the one world people. These evil men are ruthless in causing so many to die for them to make their blood money. Look at all of the broken families with lost brothers and fathers. Even the maimed and wounded from war are still suffering to make a living for their families. Rather than tolerate constant wars for trumped up terror reasons, it would be better to try and live in love and peace. Take away all of this sadness and killing and imitate My life of peace, love and humility. If enough people

voted against all war and prayed for peace, you could be granted an Era of Peace. Your people need to turn away from those who want war, and do not follow their evil leadership. Call on My Name and My angels to assist you in stopping your wars. Ask your people to follow My words of love, and stop following those who are beating the drums for war."

Tuesday, June 6, 2006:

Jesus said: "My people, there are some people who are so taken up with the cares and pleasures of this life that they have no time for Me in their lives. These people are so blinded by their own selfish interests that they are living in a spiritual fog and not even seeking Me. In today's Gospel (Matt. 22:15-22) I answered the Pharisees about paying taxes: 'Render, therefore, to Caesar the things that are Caesar's, and to God the things that are God's.' In your everyday life you need to pay taxes and bills. Depending on your income, you usually have a discretionary part of your income to buy extras, entertainment, and charity. For those that can afford it, there is a suggested giving to charity of a tithing or ten per cent of your income in the Bible. Instead of eating out often and focusing on entertainment, it is important that you share your excess with the needy out of love for them. If you were experiencing hard times, you would be thankful if someone was generous in helping you. When you help someone in need, you are helping Me in them. At your judgment you will have to answer to Me how you helped the needy when you had the opportunity. So work charity into your financial budget, and work Me into your budget of time and priorities. Do not be blinded by worldly things, but open your eyes to the reality of planning to work toward heaven in the next life. Just as St. Paul recommended, purify your soul in prayer and Confession so you are ready to meet Me at your judgment."

Jesus said: "My people, My prayer warriors are those here giving adoration to My Blessed Sacrament. Those, who are joined to My Heart and that of My Blessed Mother, are close to her devotions that lead you to Me. How often you are joy filled in praying all the Mysteries of the Holy Rosary. The rosary and the scapular are your weapons to fight the evil ones. Other devotions to My Blessed Mother are your consecration to her before her feast days, her litanies, and many other devotions at the various places of her apparitions. She has given many messages and signs for the whole world to understand that you are living in the end times. I have given many messages also about this evil era. I am warning you still that your spiritual weapons are most important in battling the evil ones, and not your physical weapons. The evil ones use war and wealth to

destroy you and cause you to fight each other. Know that My power is greater than all of the demons, and when you summon My help, I will send you My graces, blessings, and My angels to protect you. Have no fear of this day or of any other day of evil, since I have My arms of protection wrapped around you. Those, who pray to My Blessed Mother, will also have her mantle of protection guarding you as well from the evil ones. Continue to pray all of your daily rosaries for My Blessed Mother's intentions."

Wednesday, June 7, 2006:

Jesus said: "My people, I have talked to you many times of the battle between good and evil going on here on earth. The prize or goal of this battle is for souls. Those, who are won by My angels and saints, will be rewarded in heaven. Those, who are lost to the devil and his angels, will suffer forever in the flames of hell. Many have tried to portray heaven in earthly terms because this life experience is all that you know. Because you will be in a spiritual world, you have no idea of how it will be like in heaven without your body. You will be in a complete ecstasy of peace with My love surrounding you. You will see Me as I am in the beatific vision, and you will be placed in your chosen level of heaven based on your love for Me in your life. You will witness the constant singing of praises to Me and you will be so taken up with My glory and love that being bored will never enter your mind. Once you have had the smallest taste of heaven, you would not desire to ever leave. Your soul is constantly seeking to be in My Presence and experience My peace which can only be found with Me and not anywhere else. Many times in Scripture you hear of the terms 'saved' or 'redeemed'. This means that souls, who have come to understand faith in My Word, are only satisfied in directing their lives to heaven. This desire for being with Me in heaven is the natural craving of every soul, but it can be influenced by a person's desire for earthly things. This is why the devil tries to get you to worship and follow only the desires of the flesh instead of seeking Me. In this life you will either worship and love Me as being saved, or you will worship money, possessions, and pleasures of the flesh as being lost. Choose heavenly and holy things because in the end your body will die, and your soul will be left only with what you did in life without any earthly things. Once you are converted and saved from this life, you will desire to save others for heaven out of love for them. You know full well of what souls, who are blinded, will face in the flames of hell without Me. As you struggle in your progress toward your perfection, you are also drawn through My grace to save other souls through your

evangelical efforts. Pray for these souls and work hard to save them, and you will have an even greater reward for your labors of love."

Jesus said: "My people, some are looking for signs of the end times, but they are all around you. Some thought things would happen on 6-6-06. Some thought there was a sign in the latest comet that broke into many pieces. Some think there is something going to happen when two red eye storms pass close to each other on Jupiter. Already you have seen 6,000 deaths with the latest earthquake in Indonesia. A volcano in that same region is spewing out lava and smoke. Many other natural disasters are occurring with a greater frequency. The latest hurricane season has begun and all eyes are on the least little depression after the Katrina disaster of last year. As you set new records for warmth in January, flooding in New England, and snow levels in New York City, there is a pause that these events are more than normal. As you witness more record weather events, you are witnessing some of the end time signs that I described to My apostles. See with your eyes of faith that the end times are truly upon you. Pray for My help and I will defend you from the evil ones."

Thursday, June 8, 2006:

Jesus said: "My people, this large separation in a rock formation is all about how people will be judged as either for Me or against Me. In today's Gospel (Matt. 22:34-40) concerning the Two Great Commandments of loving Me and your neighbor, again it is mentioned how important love is in order to enter heaven. St. Paul said if you followed all of the Commandments, but did not have love, then you are nothing but a clanging cymbal. I call your attention to when Moses brought down the Ten Commandments from Mount Sinai, and he threw them at the golden calf of idol worship. Many of the unbelievers were put to death and the people of that generation roamed the desert for forty years. Even until today there are still only two choices to either follow My Commandments of love, or to reject them with idol worship. Those of this world, who worship the things and pleasures of this world, will be punished as I punished the Israelite idol worshipers. But those, who follow My Commandments of love, will find life everlasting in heaven."

Prayer Group:

Jesus said: "My people, in some cases man has to take some risks to get what he wants. In this vision of a coal mine it is a risk to go into a cave and dig out the coal. There are risks from black lung, coal dust fires, and cave-ins. The risk is taken to provide money for a miner's family and the fuel needed to run your power plants and other uses. In the spiritual life

you take risks also. You are sinners and there is always a risk that you could lose your soul to the evil one. But you can call on Me in My sacraments to heal your sins in Confession, and feed you My Body and Blood in Holy Communion. By following My ways and My laws instead of your own, then you will be on the road to heaven."

Jesus said: "My people, some have for years sought this cup or Holy Grail that I used at the Last Supper. Even though this could be a keepsake of the First Mass, it is more important to focus on the bread and wine that was consecrated into My Body and Blood than to be so concerned about the vessels themselves. Be joyful that you are blessed to be able to receive My very Presence so you can have an intimate relationship with Me. Your prayers of thanksgiving are one way to show Me how much you love Me."

Jesus said: "My people, it is not easy to have to evacuate your home when earthquakes and volcanic eruptions threaten to kill you. You take with you what you treasure most and leave in haste for safety. This same threat of death could come in your own natural disasters, but even more so you will be threatened by the evil ones with a threat of spiritual death. You will again have to leave your home in haste and take your sacramentals, some food, clothing, blankets and tents when you are threatened by the evil ones who want to kill you. You will be led by your angels to My nearest refuges of protection. Trust in Me no matter how much you will be tested."

Jesus said: "My people, there are times in your life that events or what you need to accomplish seem almost insurmountable. You climb large mountains or deep valleys and it requires much effort to bring you to the summit. If you call on Me to help you in everything that you do, then each task will seem easy. All things are possible for Me and you need to be confident that I will never test you beyond your endurance. Have trust and hope that I will also give you sufficient grace to gain your sainthood to enter heaven."

Jesus said: "My people, when one leads a group with a lantern into a dark cave, there is a certain trust that you are putting in your leader to take you in the right direction. In the spiritual world you could also be a beacon of faith to let your light of faith lead souls by evangelization to salvation in Me. Saving souls from hell and the evil one is your most important calling, so do not pass up any opportunity to convert a soul to the faith."

Jesus said: "My people, the sheep know their master's voice when he calls them. It may be confusing for the sheep to find their way when it is blinded by tall grass without any sense of direction. There are many souls on earth who are blinded by the

desires and the cares of this life, and they do not see the direction where they can find Me. I need My faithful to be My shepherds so you can cut the grass of confusion so they can see clearly how to come to Me in prayer. By giving converts teaching and direction, you can help save their souls."

Jesus said: "My people, I ask you to give Me honor on Sunday and remember Me by coming to Mass which is the greatest of all prayers. This measure of obedience to your spiritual leaders is important to control your pride so you do not get overconfident in your spiritual exercises. Follow My Commandments, but follow them out of love for Me and with a desire not to offend Me in sin. When you do everything to please Me and be obedient to My calling, you will surely have your reward waiting for you in heaven."

Friday, June 9, 2006:

Jesus said: "My people, you are entering a time when there will be a higher frequency of more intense earthquakes. There will also be a considerable increase in volcanic activity that will be associated with these earthquakes. The most activity will be seen on the Pacific Ring of Fire on both sides of the Pacific Ocean. This one volcano in the vision will release so much ash into the atmosphere that it will start to affect your weather patterns. Man thinks that he is in control of this world, but your manipulations of jet streams, droughts, and earthquakes are going to cause repercussions that could threaten the air you breathe and the water you drink. Your manipulation of the atmosphere with your many chemtrails will also change your weather by upsetting the delicate balance of nature that you are violating. Many of the people of the world are not even aware of the effects of these chemicals placed into the air by your military planes, and the various HAARP machines of the U.S. and Russia. All of your storms and natural disasters are being enhanced by man's manipulations. Pray that the governments involved stop this activity, or you will see more destruction than you have ever seen before."

Jesus said: "My people, you have seen many disasters recently and some people have lost everything and have had to start all over again. In life you cannot get too comfortable with your house and your possessions because they could be taken away from you at any moment. All of the things that you own are only temporary, so do not cling to possessions, and do not run your life desiring to buy even more possessions. Take hold of your life and see that serving Me in your mission is your first and only calling. Keep focused on the holy things and your burdens will seem lighter. Unite your thoughts with mine so you will desire to do only what I want you to do. The more you

follow your own will in pleasing the body, the harder it will be to do My mission. You must cast aside your earthly desires so you will be completely open to heavenly desires. Many of the possessions that you desire are not necessary for your needs, so do not let them stand in your way of coming to heaven on the narrow road."

Saturday, June 10, 2006:

Jesus said: "My people, even though you have to take care of your necessities for survival, do not let the devil so distract you with worldly desires away from Me. The purpose of this vision is that you need to have a strong will in faith to burn through all of your desires for possessions in order to keep your focus on holy things that lead you to heaven. When you really analyze how many things you desire that are not necessary, you will see that focusing on My mission for your life is much more important. Sometimes it is a struggle to put these distracting cares aside, but it is your only way of blocking out the devil's temptations. Do not let your idle curiosity lead you astray, and pay attention to how you waste time on frivolous entertainment. Guard your prayer time from other pursuits, and think to follow what I would like you to be doing in accomplishing My mission for you. Many times you know what you should be doing for Me, but you give in to your bodily cares and pastimes out of weakness. Let Me and your soul run your life without interference from what your body would like. When you are close to following Me, you will have much peace and rest instead of chaos and confusion when your body is allowed to control your life."

Jesus said: "My people, this vision is a sign of how the traditions of the faith are being torn apart from its foundation by modernism in the Church. I have given you My very words of Scripture to show you My miracles and how I died for all of you on the cross. The modernists have changed the meaning of My words and with the resurrected crucifix they are trying to minimize My suffering on the cross. I have handed down the power to consecrate the Hosts to My Body and Blood, only to My priest sons. Many attacks have come against My priests and the belief of My Real Presence in the Hosts. The devil is doing all in his power to destroy the foundations of your faith. But My power is greater and My love will overpower his hate for man. Keep your faith strong by your spiritual reading, and be a good traditional teacher to your relatives and others seeking to join the Church. By continually building up the faith and its traditional foundations, you can preserve and pass the faith on to future generations."

Sunday, June 11, 2006: (Trinity Sunday)

Jesus said: "My people, the evil ones will be allowed a short reign during the tribulation. Just when it will seem hopeless to you, then We will bring all the evil ones low as in the vision and My victory will reign supreme. The devil, the Antichrist, and the second beast will be chained in hell with all of the demons and evil people of this world. When I left this world, I gave My apostles a commission to evangelize souls and My Church has carried on this apostolate ever since. But this evil age will be coming to a close so We can usher in a new Era of Peace that will be as the earth was intended without the abuses and manipulations of man. I will renew the earth and My faithful will have their reward in this grace without the devil's influence. The evil ones, who will be persecuting you, will be suffering a living hell on earth before they will be cast into eternal hell. Know that any success of evil now is only temporary until this age is over at My coming again. Have faith and trust in Me during your sufferings here. Be patient because My reward will be here soon. The Blessed Trinity is all powerful, and nothing can stand against Us."

Monday, June 12, 2006:

Jesus said: "My people, America is about to see more and more severe weather that could cause wind damage and flooding. Some of your storms will be natural and some will be enhanced by your weather altering machines. Remember what I told you when you pollute the air and place continuous chemtrails in the atmosphere. These things can upset the balance of nature and these abuses could bring you worse disasters than you could imagine. It is the manipulation of your weather that will cause you the most problems. Very few, if anyone, have questioned your government's use of the chemtrails and the HAARP machine in altering your weather. By the time you see the damage from this weather, it will be too late to do anything about it, but run for cover. Ocean front property will be suffering the worst losses. Pray for your people that they are able to evacuate before any storms come their way."

Jesus said: "My people, I have told you about underwater earthquakes as being more frequent than earthquakes on land. If there is a high magnitude earthquake, or a large displacement of the sea floor, you could see another massive tsunami as seen in 2004. You are seeing larger magnitude earthquakes around the Ring of Fire and they have the potential for causing volcanic activity or large tidal waves. Those living near the Indian Ocean and the Pacific Ocean are now becoming more alert to these repercussions as every earthquake occurs. Until this latest disaster killed over 200,000 people, there was little concern

that such an incident could occur. Now as with hurricanes, man has much more respect for what natural disasters can do and the suddenness as well. Again I am warning people to avoid living so close to the ocean because of the potential for hurricanes and tsunamis. People that live there also need to be able to leave quickly as events happen. Pray for the people that have to endure any natural disasters."

Tuesday, June 13, 2006: (St. Anthony of Padua)

Jesus said: "My people, many people have prayed to St. Anthony to help them find things. Even in your own experiences you have had many petitions answered. It is amazing to Me that when so many prayers are answered that the same people are not always offering prayers of thanksgiving. I have seen the same experience in the many gifts that I give people, and they quickly take their gifts for granted without thanking Me. There is also a proportional dimension to giving thanks. The more important or the more valuable the gift is, the more thanks that you should give to Me or the intercessor that you are praying to. Do not think, that just because you pray for something, it will be answered in the way you want. Sometimes your prayers are answered for what is best for your soul or others. Just the same, giving thanksgiving for a prayer answered is always proper."

Jesus said: "My people, you all start out your lives as infants and each of you are given individual gifts and talents. It is important that you use your opportunities to improve and use your talents in order to complete the mission I have given you. The more you are open to My graces and are willing to give everything over to Me, the easier it is for Me to mold you into My service. You have free will, but you want to focus your efforts on pleasing Me in helping your soul to conversion as well as others. Do not be lazy in your own will for earthly pleasures, but be willing to suffer your trials and offer them up to Me. The more treasures of good deeds that you can store in heaven, the more they will offset any of your sins and bad deeds. At the judgment these things will be weighed together and it will determine how long you may have to be purified of your earthly desires in purgatory. Strive to be holy and you will be able to come to heaven sooner. Continue to pray for poor sinners and the poor souls in purgatory."

Wednesday June 14, 2006:

Jesus said: "My people, there are some of your traditions that leave an empty chair for Elijah because he was a great prophet of God. In today's reading (3 Kings 18:20-40) Elijah challenged the followers of Baal to see if Baal could send down

fire on a sacrificial bull. Elijah taunted them badly saying they had to wake Baal up, but he just stressed how much of a false god Baal was. Then after dousing water three times over his sacrifice, Elijah asked God to bring down fire so they would believe in God. Fire then came down and consumed the sacrifice, even amidst the water. With this proof the people shouted 'The Lord is God.' many times. In the Scripture the people were witnesses to many miracles proving God's existence. But soon they would fall away again and believed in the false gods of the peoples around them. It was this renewal and falling away that the Israelites went through throughout their history. Many prophets were killed because the people did not want to obey My Commandments that kept them from their sinful pleasures and comforts. Even until today, My prophets, who proclaim My Commandments of love, are still being persecuted. If you speak out against the sexual sins, abortions, and homosexuality, you will receive great persecution because the evil ones of this age want the pleasures of their sins without anyone telling them to stop their sins. Yet, if sinners do not repent of their sins and promise to avoid these sins, they could be condemned on their broad road to hell. Keep proclaiming My laws and the need for repentance, even if your life is endangered, for you will save your souls and offer salvation to these sinners."

Jesus said: "My people, this vision of guns and bombs are the weapons of your current wars, but the targets are mostly innocent bystanders. You no longer fight with lines of armies, but with suicide bombers and car bombs. Creating deaths from violence is the only weapon of the insurgents. Killing the bombers and planners with huge bombs is the answering attack that takes those nearby as well. Instead of trying to live by compromise in peace, neither side wants peace, only victory. It is this mad desire by man to start wars and perpetuate them that is causing your killings and deficits. Instead, you need to take away the money and stop these incessant wars in other countries. Pray for peace, and vote those out of office who start constant wars."

Thursday, June 15, 2006:

Jesus said: "My people, this large boat about to fall over a high falls represents your country which is about to fall into bankruptcy from your continuous wars. You are just seeing your Congress voting on another \$90 billion installment to support your war in Iraq and Afghanistan. This money goes to finance your military industrial complex that profits from your wars. This payment is beyond your budget and these war debts get added to your National Debt which has doubled in the last six years. The central bankers profit from the interest on this debt and

that is why they want it to get larger. Your debt service for these wars adds to your budget and it soon could bring your country into bankruptcy when your bond interest is too high. Pray for peace in your world and for your leaders to stop this war insanity and bleeding your people dry with their trumped up wars and debts. If your people do not change the course of your ship, you will be taken over after your country goes bankrupt for not paying its bills."

Thursday, June 15, 2006:

Prayer Group:

Jesus said: "My people, your scientists are working with various kinds of technology for one reason and that is to make more deadlier killing machines. This new machine in the vision uses a powerful magnet to make a particle beam weapon and it also can alter weather patterns. There are microwave weapons as in the HAARP machine and psychotronic machines. You have various beam, lightning, and laser weapons as well. All of these weapons are about control in warfare to threaten people into submission. Despite these evil killing machines, I give you the most powerful weapons of all in prayer and your sacramentals."

Jesus said: "My people, man has been troubled by droughts, storms, and hurricanes over the years. As a result of man's technology, various governments want to take control over these violent storms. Seeding these storms with various particles may help disperse the violent rain while they are still at sea. Man does not know how this will effect these storms since it could even increase their intensity. Man's experiments with weather have not helped, but have made these storms even worse. Leave nature alone, or you could be upsetting a delicate balance with disastrous results."

Jesus said: "My people, in various parts of the world terrorists could use crop dusting planes to drop bombs or biological weapons on unsuspecting countries. Those, who want to cause terror or many deaths, could use older technology to deliver their deadly weapons on any capital. A certain vigilance is needed against such terrorists wherever they decide to attack. Continue to pray for peace and try to discourage these attacks by peaceful compromise."

Jesus said: "My people, these gold colored planes represent the one world people and the gold of their wealth in causing war after war. These people finance the new dictators and terrorists who will instigate new wars against the rest of the world. They create the problem and then create the solution which is many billions of dollars to fight wars that have no

end. Pray to stop these evil ones and call on My help so that I will bring My judgement soon."

Jesus said: "My people, you know much about the battles of war on this earth, but you have little knowledge of spiritual battles going on all over the earth. When you are battling evil spirits and even possessed people, you need powerful spiritual weapons. Ask Me to send My angels and blessings on you to battle these evil ones. Priests with holy water and exorcism prayers are your best means to fight them. Even holding up My Blessed Sacrament, relics and blessed salt are means to repel the demons. Trust in Me and I will help you to do battle with those who want to steal your souls for Satan. The occult is very strong now, but My power is greater."

Jesus said: "My people, as you see more and more volcanoes unleash their fury and clouds that rise high in the sky, there also will be more demons coming up onto the earth. Evil will be increasing as these natural disasters worsen. This is another sign of the tribulation coming that will bring about an evil that you have yet to experience. Only with your blessed sacramentals and your spiritual weapons will you be able to withstand this onslaught of evil. This is why I will lead you to My refuges of protection where My angels will defend you from the demons."

Jesus said: "My people, this place of molten fire is very much like hell where souls even now are suffering forever. These souls refused to worship Me or let Me lead their lives. By not accepting Me as their Savior and not repenting of their sins, these souls chose to worship themselves and the world, and now are finding their punishment in this lake of fire. Listen to the souls who have experienced hell in near death experiences because it is a real place of eternal suffering in flames. You have only one soul and one choice in this life. Choose life with Me over death with Satan."

Friday, June 16, 2006:

Jesus said: "My people, this research in the vision to make new weapons is the biggest waste of your money that you could make. Even in the latest war in Iraq, your military had so much overkill potential in your weapons that it was over in a short time. Now this recent war against terrorists is even more overkill. The expense of your weapons to blow up a little house is obscene compared to the poverty of the people you are trying to control. You do not need such new and expensive weapons in such an insurgency war. It is time to cut this unnecessary military spending and use your money to help people in their basic needs. Refuse to listen to the one world people who purposely cause wars to justify this huge military stockpile of

weapons for their next war. Focus more on peace and change the priorities of your budget for the people's needs and less deficits for weapons that are unneeded."

Jesus said: "My people, Americans are very dependent on their electricity to access phone lines, the internet, and their TV entertainment. When you will be forced to use smart cards to buy everything, it will be difficult to live on just what you can provide. Water and food are necessities that you can store for a while, but sooner or later you may have to barter for your needs. Once the one world people make it mandatory to have chips in your body, this is when you will have to ask Me to have My angels lead you to the nearest refuge. It is one thing to zero your bank accounts when you refuse to use smart cards. It is another thing to have your life threatened if you refuse to take chips in the body. Even if they threaten to kill you, refuse this mark of the beast that could control your mind. This is why My refuges will be a safe haven that will provide you water, food, healing, and protection by My angels from the evil ones. I know how difficult it will be to stand up to these evil ones in the tribulation, but I am also giving you a way out of their control. The one world people want full control over your money, your mind, and even your soul. My power is greater and I will give you all that you need if you just have faith in My help. You are seeing all the signs of this evil age taking over the world. Know that My victory is coming soon because this reign of evil will be brief. Stay faithful to Me in your prayers and use My sacraments to sustain the grace you need for your spiritual survival. My faithful will find your reward in My Era of Peace and your crown in heaven."

Saturday, June 17, 2006:

Jesus said: "My people, many people casually have some drinks or gamble for entertainment. It is when you abuse drink or gambling that you can become addicted to these things. Gambling has a desire to get rich quick, but it can become habit forming and even sinful to let it control you, or ruin your family finances. Any kind of addiction can control your mind, and you may require counseling to stop. Do not let any earthly excess control your life, or you will be a slave to your body's desires. Most excesses are sinful and rob valuable time away from Me and your family. Let your soul control your life and not your body. There is always a conflict between what your soul wants, and that of your body. The soul desires holy and heavenly things that direct the soul to heaven. The body's desires for earthly things go beyond your necessities and reach for sinful excesses that can lead you to hell. Whether you let the soul or the body run your life, this free will choice will

determine your eternal destination between heaven or hell. Choose to follow the desires of your soul to be holy and with Me than the carnal callings of your body. Go to frequent Confession to keep your soul pure and on the narrow road to heaven."

Jesus said: "My people, you can see in the vision how your leaders are praised and protected from any bad publicity. Even when they are guilty of crimes, they are pardoned without any punishment. The rich and the powerful have their own laws and rules which are special for the elite. This is why it is hard to remove bad leaders as long as they are carrying out the plan of the one world people. The vision of the pope shows the traditions of what the Church has taught for many years. There is a difference between worldly power and spiritual power. Worldly power thrives on sin, and the demons are in control of the one world people who control all of the governments behind the scenes. Even My Church will face a future division between a schismatic church and My faithful remnant. Stay close to Me in your true faith and traditions, and you will find your way to heaven. Reach out to evangelize souls and save them with My help from going to hell."

Sunday, June 18, 2006: (Corpus Christi, Father's Day)

Jesus said: "My people, today's feast focuses on My greatest gift of Myself, Body and Blood, to redeem all of mankind. I told you that I would be with you all the days of this age, which I am in My Eucharist. You have My Real Presence among you when you receive Me in Holy Communion or when you visit My Blessed Sacrament in Adoration or in My tabernacle. Even though there have been attacks to minimize your reverence for Me in how you receive Me and how you hide Me in backrooms, I am still present in My consecrated Hosts. Some of you have witnessed My miracles of the Eucharist where Blood has appeared on the Hosts, or even in Italy where the Host turned into heart tissue and the wine into crystals of blood. These are physical signs to those who do not believe in My Real Presence. Your faith in My Eucharist and your Adoration of My Blessed Sacrament are your witness of belief in My Real Presence. Continue to give Me reverence in My Real Presence just as My angels are always vigilant around every tabernacle containing My consecrated Hosts. Man needs tangible things to understand My constant presence among you, and My Body and Blood in the Host is a constant reminder of how much I love you. Show your love for Me by being pure in soul by frequent Confession so you are worthy to receive your Lord and Master in Holy Communion."

Monday, June 19, 2006:

Jesus said: "My people, this beautifully polished tree trunk in the vision shows you how you can take something natural and make it into a beautiful addition to your house. Just as you use natural things to fit them into your plans, so I start with your natural talents and I try to mold you into My plan. It is your free will that I do not violate. My people should be praying for discernment to know and follow My plan for their lives. Unless you seek Me as your Savior and are willing to repent of your sins, it is hard for Me to use you in your mission. If you struggle to follow your own will, you are choosing to follow the broad road to hell instead of the narrow road to heaven. Listen to the callings of your soul to be with Me instead of the worldly callings that please your body. See that I direct all of nature in the plants, animals, and even the stars. By following Me, you will be conforming to My natural plan, and you will be doing it more out of love than out of a duty to a Commandment. When you follow My plan, you will see that it is love that binds you to Me and your neighbors. Trust in My love and My plan for your life, and you will have eternal salvation in heaven."

Jesus said: "My people, the building falling apart represents the old traditions of the faith which are being discarded by the people of this evil age. As each generation passes, the faith is being watered down to try and keep the people coming to church. Instead of giving in to man's ways, My faithful need to stay strong in their traditions by following My ways. The man escaping by parachute represents My faithful leaving for My refuges of protection. You do not want to remain at your houses once the evil ones want to kill you for not taking the mark of the beast. Better to leave for My refuges before they come to your house to try and force chips in the body on you. At My refuges My angel will guard you, provide you with My heavenly Manna, water, and any needed healings. When a building is falling around you as the coming mandatory chips in the hand, you must recognize this sign and move out while you can. Refuse to take any chips in the body and trust Me to take care of your needs."

Tuesday, June 20, 2006:

Jesus said: "My people, in the first reading you are seeing how Achab had to stand up to My judgment for his doing away with Naboth just to gain his vineyard. After being told the punishment that would come upon him, Achab placed himself in sackcloth and ashes in repentance. I relented of this punishment in his time, but it would be exacted against his son for the evil Achab had committed. America has committed many sins against Me as well in your abortions, your wars, your

sexual sins, and all of your cloning and abuse of your DNA manipulations. Even when you have been warned by your modern day prophets of your sins, America has not repented, nor have you changed your laws. America will be facing punishment from natural disasters, and the experiments of your scientists. There are two pulse machines that can interrupt your communication lines. The one uses your microwave Doppler machines to test intensity and distance of the signal. The other machine is intended to simulate the shock wave of an atomic bomb that could destroy all of your microchips, thus stopping your vehicles of transportation and computers. These weapons could be used selectively when martial law is declared. Pray for My protection from these disasters and from these evil men who are trying to take over the world."

Jesus said: "My people, this vision could represent Iran building a nuclear power plant deep into the ground so it would be protected. Many nations may not want to see Iran generate enough nuclear fuel to make an atomic bomb. Any economic sanctions could cause Iran to play their oil card in shutting down their oil production, or they could ask China and Russia to support them from any military action from the West. There is a potential war that could start in Iran over making nuclear fuel. I am calling on your nations not to start another war over these nuclear weapons. This war over oil could cause a World War if many parties were involved. Please pray for peace in the Middle East and elsewhere so people are not killed in war. Work to compromise a peace instead of seeking to fight constant wars."

Wednesday, June 21, 2006: (St. Aloysius Gonzaga)

Jesus said: "My people, in today's first reading you are seeing how Elijah passed on his ministry of being a prophet to Elisha. Elijah's chariot ride into heaven is one of the few prophets given this grace of not having his body decay. Just as you could see the same mantle of Elijah separating the water twice, so you have seen how I have given you prophets for every age, even until now. Just because the Bible is a finished work, it does not mean that I stopped sending prophets among you. Many messengers have been given messages from Me and My Blessed Mother just for this age of evil which is leading up to the tribulation time. You can see the increase in immorality all around you in your laws, movies, and adult sexual establishments. The prophets and messengers of this age are defending the traditions and devotions of faith in My Church. You are seeing much persecution and it will only worsen to more martyrs for the faith. Stay close to Me in prayer and My sacraments so you can be strong through these trials."

Jesus said: "My people, you are seeing many of the older faithful passing on at the many funerals that you attend. It is unfortunate that more young people are not as strong in their faith as their parents. You have seen many worldly distractions in your TV and media that are turning people away from Me and are causing people to worship worldly idols. Your society has turned more pagan and your people are not placing Me first in their priorities. There are still only two eternal destinations for your soul, either heaven or hell. This is why it is extremely important that you be a good role model as a parent so your children can imitate a good moral spiritual life. Let them see your daily prayer life and attendance at Sunday Mass as the first step in faith. Let them see your monthly Confession and encourage your children to confess their sins. Let them see your true love of Me in how you live your lives. You cannot be hypocrites, so you must practice what you believe and teach. By giving your children good example and knowledge of the faith, you can prepare them for life so they can pass their faith on to their children as well."

Thursday, June 22, 2006: (St. John Fisher, St. Thomas More)

Jesus said: "My people, St. John Fisher and St. Thomas More defended the faith against tyrants like King Henry VIII who wanted to control the Church to hide his divorces and beheadings. These were noble martyrs who stood up against the ruling authorities of the time. It would have been easier to allow the king his reign, but they stood up for principle and defied the king of his usurping any authority over the Roman Catholic Church in his country. You are about to see another division in My Church between the schismatic church and the faithful remnant. The evil segment will promote New Age idol worship of things and claim the sexual sins are no longer sins. My faithful will also have to defy this evil authority and stand up for your true beliefs in worshiping Me only, and follow My Commandments. You will also have to flee to My refuges for protection from the one world people who will try and force chips in the body on people, or they will be killed. My angels will protect you from these evil ones, but some of you may face personal martyrdom for your faith before you can reach My refuges. Refuse to believe in this schismatic church and refuse to take chips in your body, even if it may cost you your life. Those, who follow My ways of faith, will be rewarded in heaven. Those, who give in to the schismatic church's idol worship or knowingly take chips in the body could face the eternal flames of hell."

Prayer Group:

Jesus said: "My people, China has become a great trading partner with many nations investing in China's cheap labor market. They have slowly been building up as a manufacturing country of many exports. Some of this money has been spent on building up a bigger war machine. They will continue to invite other nations to build their factories. Once this investment stops, they will nationalize these companies and move to take Taiwan. The more trade China receives, the more powerful they will become. Beware, My people, because they are using the West to prepare for their attempt at world takeover."

Jesus said: "My people, how many more of your young men are you going to bury before you desire to stop this war in Iraq? You hear statistics of how many American soldiers are killed on your news every day. Most are being killed by roadside bombs with no conflict. Your people are anxious for some signs that will start the withdrawal of your troops. War and the deficits cannot go on forever. Pray that peace will come to this area so you can stop the endless killing with no improvement seen."

Jesus said: "My people, your construction crews are taking advantage of the good weather to make needed repairs. When wear and weather erode your roads, they need constant repair. In a similar way your souls become full of sin and you need to make reparation and seek My forgiveness in Confession. Receiving the grace of My sacrament of Reconciliation can repair your souls so you can have your spiritual life renewed. Give praise and thanks to your God who loves you so much and gives you continued opportunities to purify your souls."

Jesus said: "My people, American factories keep slipping in the market share of their products, and without good profits, they are struggling to upgrade their factories. You have some gains in productivity, but you are losing slowly in your competition. America needs to improve its morality all over your country because the wages of sin are death to your spiritual life. Unless you change your ways, America, you will continue to see declines in your industries. Pray for your jobs that are needed to feed your families and provide for your necessities."

Jesus said: "My people, man has failed to learn from his history of old wars where there were no winners, but only losers. Unless you profit from arms sales or from interest on war debts, there is no reason to have constant wars with constant killings. Constant wars against terrorists and wars over land in Israel seem impossible to stop, but with sufficient prayer for peace, My victory can be realized. Send abundant prayers to heaven, as this is your best weapon against evil in this age."

Jesus said: "My people, your businesses have to make sufficient profits in order to keep their doors open. You struggle every day to keep your jobs by working as hard as you can. Keeping your hearts and souls open to Me is the best way to keep traveling down the narrow road to heaven. In addition to your being open, you need to be saying 'yes' to your opportunities in helping others. By working hard to advance in your perfection, you will find your everlasting reward in heaven."

Jesus said: "My people, these two feast days of our two hearts are a beautiful time to join your hearts to ours. The Immaculate Heart of Mary and My Sacred Heart are beautiful images of love found in each of our united hearts. Our love should draw your love to our hearts as well. I am all love and your soul is attracted to the love of your Creator. Your love for Me will always be rewarded by knowing that you can love Me forever in heaven. My love and My gifts will give your soul complete spiritual satisfaction that cannot be found anywhere else."

Friday, June 23, 2006: (Sacred Heart of Jesus)

Jesus said: "My people, in America you have been very comfortable with plenty of food, water, and all of your necessities. A hardship for you is not having a daily warm shower when you travel abroad. This view of those starving in Africa is a reminder that you are your brother's keeper and can afford some donations to feed the poor overseas. You also have the poor and homeless even in America at your local food shelves. Many of you have more than enough money for your entertainment and your vacations, but you do not always think about sharing your money with the poor who are struggling just to have something to eat. Some can afford to tithe ten per cent of their income to charity, but those just making it can afford a little to others. Think of the life that the poor are suffering and reach out to help Me in them. Then at the judgment when I ask if you fed the hungry, gave water to the thirsty, or clothed the naked, you can say that you did help Me in them and you will be saved."

Jesus said: "My people, you have just read a few days ago how Elijah was carried up into heaven on a fiery chariot. His body did not suffer corruption in the grave. This vision of My Blessed Mother as a ball of light being assumed into heaven is a similar event. My Blessed Mother was free of original sin and so while she died, she also did not have her body suffer corruption in the grave. She is so special among men that she was given this gift of coming directly into heaven after she died. This is another message concerning My Blessed Mother and

the celebration of her Immaculate Heart tomorrow. She was immaculately conceived and was pure to receive Me at the Annunciation. Rejoice in these feast days of our two hearts that are burning with love for all of you. She is My Mother, but she is also mother to all of mankind. Call on My Blessed Mother as a prayer intercessor and she will bring Me your intentions. She has been named Blessed among man and she is a perfect model to follow without any sin."

Sunday, June 25, 2006: (Calming of the sea Gospel)

Jesus said: "My people, if you have Me with you, who could be against you? The apostles were frightened in the boat with the storm about them, even though I was in the boat with them. They were astounded when I calmed the sea and the wind, and they wondered what kind of man I was that the sea obeyed Me. They did not fully comprehend My powers before they received the power of the Holy Spirit. Fear of the Lord is a gift of the Holy Spirit, but all other fears and anxieties are from the evil one. Trust in Me, for everything is very difficult for man because you are concerned about how I will take care of you. Do not be afraid because I am still in the boat with you at all times. Faith in My help is how you should live your life every day. When you consecrate all of your life over to Me, you are not worrying about anything because you know I will watch over your soul. You may face some trials in life and even persecution or martyrdom, but your faith in Me will gain you eternal salvation in heaven."

Monday, June 26, 2006:

Jesus said: "My people, in the vision you see various homes that can cost a little or a lot of money, but it is home for the owners. People put all kinds of decorations in their homes, but if you really love Me, you will have pictures, statues, or icons of Me in your various rooms. You may suffer some persecutions for having Me in every room, but your Father, who sees in secret, will reward you. The more that you give public witness to Me before men, the more sincere I will see that your love is for Me. Even your prayers before meals and your Nativity Scene for Christmas give witness to your belief in Me. I have told you how I go to prepare a place for you and I have many mansions in heaven for those who believe in Me and repent of their sins. Your home on earth has a special meaning for you in your earthly family, but your heavenly home will have even more meaning for you among your heavenly family."

Tuesday, June 27, 2006:

Jesus said: "My people, you have just visited Yellowstone where there are a lot of steam and hot water vents, and many small earthquakes. This is sitting on a super volcano that has had several huge eruptions with 600 thousand year intervals. Many of your scientists do not believe that Yellowstone is ready to erupt, but they could not predict Mt. St. Helen's eruption either. This vision and other visions have shown you some serious eruptions that are about to take place. The Cascade volcanoes and Yellowstone are sleeping giants that are about to awaken. A significant Yellowstone eruption could greatly influence America's weather and could kill thousands or even millions of people. Other Cascade volcanoes will have less of an effect. You will see increasing earthquakes in these regions before any eruptions. These eruptions will be another part of the natural disasters that will be occurring in America because of your unrepentant sins. Pray much for all of your people who are not spiritually ready to lose their lives. Pray for conversions for these souls before it is too late to save them."

Thursday, June 29, 2006: (St. Peter & St. Paul)

Jesus said: "My people, you have read the accounts in the Acts of the Apostles and St. Paul's Epistles how both St. Peter and St. Paul suffered at the hands of the Romans and the Jews for proclaiming My Gospel. Many of the converts to Christianity also had to suffer for being devoted to following My ways of love. Even in your day, I have told you that you will be persecuted more and more even for speaking out against abortion, living in fornication, and homosexual lifestyles. In your papers there is concern for My Church being brought to trial by World Courts for proclaiming My Gospel against the sexual sins. These are the beginnings of what you will be forbidden to speak in public or you may risk prison sentences for worldly interpretations of discrimination. Speaking out about the immorality of abortion, contraception, fornication, adultery, masturbation, and homosexual acts will be frowned on by your society because they love their sins and they do not want anyone telling them it is a sin. Those, who still proclaim My Gospel to save souls, will do so at the risk of prison and possibly martyrdom in years to come. The same people, who controlled kingdoms and power, were the ones who martyred St. Peter and St. Paul, and they will be the same ones who will try to kill you for your faith as well."

Jesus said: "My people, this vision is about two kinds of mass evacuations. The first mass of car evacuations is from a threatening hurricane and flooding from heavy rains. The second mass of car evacuations in the mountains is from a massive earthquake followed by a large volcano going off. I told you

that from June of this year on you will see some natural disasters cause a loss of life and property. Already you have seen some massive flooding in Maryland, Pennsylvania, and the New England states. Some have died and many have had to evacuate to higher ground. You will see even more severe hurricanes, storms, earthquakes, and even volcanoes threatening your country because of your sexual sins and your abortions. I have told you to move to safer places away from water and hurricane sensitive areas. Even moving away from earthquake and volcano sensitive areas would save many lives. Some may think moving is not necessary, but those, who have lost their homes, now understand this wisdom. Pray for all of the victims of these disasters, but pray more for conversions and the saving of souls from their sins."

Friday, June 30, 2006: (1st Holy Martyrs of Holy Roman Church)

Jesus said: "My people, this vision of water flowing is a laver of grace needed to forgive the sins of America. Your country needs to repent of its sins and change its laws that allow the sin of abortion. The Israelites had to suffer their country being taken over during the Babylonian Exile, but this was a punishment for adoring idols of foreign gods instead of being faithful to Me. This reading showing Jerusalem being set on fire is a dramatic example to any country that discards My laws and worships false idols. America, especially, needs to heed this reading because you also worship idols of money, possessions, sports, and lust in sexual sins. You spend more time pleasing your body with earthly concerns than you do pleasing Me in prayer and Adoration. If America continues on its path of sin and corruption without worshiping Me, you also will be taken over and everything will be taken away from you. The vision of the masonic ring is a symbol of the one world people who will be the instruments of this takeover. Heed My warning, America, for you are about to go into your own exile. Some will be martyred for their faith, while others will be protected at My refuges. Pray much for the saving of souls and refuse to take the chips of the masons into your bodies."

Jesus said: "My people, the iced up bridge in the summer is a sign to you that there are going to be some serious changes in the weather. You have seen some unusual hailstone storms when there are great changes in temperature. Other northern areas have seen cooler temperatures also. The greatest changes in weather come from continuous eruptions from volcanoes that send much smoke and debris high into the atmosphere. Enough high smoke can block out the sun and cause cooler temperatures in the immediate area. Without sun and warmth, many crops would not grow and there could be some local famines. Be prepared in your

food storage if your crops will fail from lack of sun and rain. You are about to see some severe natural disasters that could cause cooling from earthquakes and volcanic eruptions. Prepare yourselves to evacuate at a moment's notice if such an event happens. Have your guardian angels lead you to places safe from these events. I love you and I will always answer your prayer for help in your trials."
