

Friday, June 1, 2007: (St. Justin)

Jesus said: "My people, every time you sit down to eat, you expect something is going to be put on your plate. You do not consider whether there will be food available, but only to ask your choice of food. In some countries where people are starving, it is a treat to even have a bowl of soup, or even a glass of water to drink. When you have so many gifts of food always before you, it is hard to imagine what it would be like to go to bed hungry. So in your heart of hearts it would be gracious of you to send a donation for food to some agencies who send food to the starving people of the world. Even a donation of money or food to your local food shelf would be greatly appreciated by those in need of food. You have such an abundance of everything in America, and it would be a charitable act to share with those who have next to nothing. Pray for these people that they could be helped by various charities and governments to find enough food to survive. When you feed the hungry, you are feeding Me in them, and you will be rewarded for your kindness."

Jesus said: "My people, there are many different ways that you could live your life in various vocations. In the end you still have to find a place to stay and a job for money to provide for your meals. You take time to pray, time to eat, and time to sleep. Except for different kinds of recreation, your duties and routines of life are very similar to how others are living. In the monastic life there is a lot stronger focus on letting Me run their lives. In the world there are many distractions calling on your attention that can take you away from focusing on Me. Keep your priorities of prayer first in your life, and I will always lead you on your mission. It is when you give worldly things more priority that your spiritual life suffers from a lack of fervor. Retreats and special visits to monasteries, can wake you up to your real vocation in life which is to know, love, and serve Me. This life is passing away, so your focus should always be centered on your eternal destination with Me in heaven."

Saturday, June 2, 2007:

Jesus said: "My people, many of you were enthused and renewed in witnessing how the monks live in near silence. These monks have totally offered their lives to My service in their daily prayer lives. When you surrender everything to Me, you receive a beautiful peace with no worries about what is going on around you. Even in preparing for the coming tribulation, I am giving you a total peace with complete trust in My protection. In the vision you see that some people are called to donate their time and money to help feed the homeless people of the

city. There are also local food shelves where you can volunteer to help the less fortunate with food and clothing. This reaching out to help others is a means to serve Me by helping your neighbor to get their necessities. All, that you do in good deeds, charity, and prayers, will store up treasure for you in heaven for the day of your judgment."

Jesus said: "My people, these multiple fiery red darts represent the demons that are causing all of the war and hostilities to continue in Iraq, Afghanistan, and Israel. There are many factions that are struggling to control these oil rich lands, but the demons are continuing to antagonize the militants into more killing to get their way. This war needs to end for America because you are losing troops and money for no apparent gain or cessation to the bombings. Terrorists will set up their camps in any country they choose, so the reasons for staying have no more weight than the reasons you started this conflict. The best support for your troops is to bring them back home while they are still alive. Pray for an end to this conflict which the people want to see ended as well."

Sunday, June 3, 2007: (Trinity Sunday)

God the Father said: "We are the God of Love, Three Persons in one God. When you receive One of Us in Holy Communion, you receive all three Persons at the same time. We love you all so much, and We are sending each one of you a portion of Our loving Spirit from heaven. We also want all of you to show your love for Us every day in praise and Adoration even as the saints and angels do. Consecrate yourselves to Us every day in all of your prayers and deeds. With this feeling of love for all of Us, your worldly things pale in comparison and how could you put them before Us? I call on you to evangelize souls so they can come to love Us as you do."

Jesus said: "My people, in days past there were many factory jobs that paid good wages and had many company paid benefits. Today's factory owners are now looking for the cheapest wages and they are trying to avoid paying out benefits. They know that labor costs are the largest component for their products. It is unfortunate that these managers are going overseas to find cheap labor and little benefits. The fact that they are dependent on foreign labor and are putting Americans out of work does not concern them. Yet, they depend on American consumers to buy their products. It is difficult to boycott this practice because many American firms are farming out jobs as well. With fewer American factory jobs, now the average wage is lower and many are having trouble getting health care insurance. Foreigners are profiting from jobs shipped overseas, but the American worker is the loser. It is the rich

who are profiting from any cost saving while the middle class is being eliminated. This is another example of how the rich are trying to exploit cheap labor and cause American workers to work for slave wages just to survive. Once your people learn how they are being abused, there could be an uprising about imports and exporting of jobs. By importing more than America exports, you are slowly moving any wealth out of your country. Pray for your families in providing for a living, but your taxes and cost of benefits are going to have a day of reckoning when you cannot avoid to pay for them. This could lead to chaos and a massive depression, and a possible revolution against the bad government going on."

Monday, June 4, 2007:

Jesus said: "My people, everything that I do is out of love for you. The Commandments that were given to you reflect the love of God, and the love you should have for your neighbor. My coming to earth as a man to die for your sins is a gift of My very Self and an expression of how much I love man that I would sacrifice My life for you. I have given you My sacraments and My very Self to you in every Holy Communion that you receive. I have given you many gifts in My creation so that you will have light to see, air to breathe, and food to eat. Since I am all love, it is difficult for Me to see man fighting and killing each other in war, and all the other abuses of nature and even your own bodies. I am also perfection without sin and I give you My life as an example how to live without sin. You can replenish the grace in your soul by frequent Confession where you can ask My forgiveness of your sins. I want My faithful to live in love in all of the intentions of your actions. Even in My worldly creation where everything is perfectly made, man still tries in vain to improve on My perfection, and you are destroying the earth by your greed for wealth and comforts. Give your praise and glory to Me in your daily prayer and follow Me in the mission that I have given you. Accept the beauty and right purpose of all of My creation and leave things in their natural state."

Tuesday, June 5, 2007: (St. Boniface)

Jesus said: "My people, hydroelectric power is one of the cheapest and environmentally friendly sources of electricity that man could generate. I am showing you the workings of such a power plant because now you are looking hard to generate electricity without burning fuels to do it. Even though some question whether carbon dioxide is the source or the result of global warming, cutting back on your air pollution is better for your lungs. Because man has finally decided to do something

about air pollution, he is seeing all the possibilities for conservation, more fuel efficient power plants and cars, alternative fuels, and better use of wind, solar, water, and even tides to generate power. If you put some serious effort into these improvements, you could clean up your air all over the world and save burning fossil fuels which eventually could run out at your current and future usage. Your transportation, electricity, and heating your homes, consumes most of your fuels. These are other areas where you could reduce your fuel usage by being creative in conservation and efficiency. You work hard on many different causes, so now protecting your environment can leave a better heritage for future generations."

Jesus said: "My people, you know that many souls send themselves to various levels of purgatory. Some need more purging of their earthly desires than others. There is a certain amount of suffering that each of these souls must endure to atone for the reparation due for their sins. The souls in upper purgatory can be helped more by your prayers, good deeds, and Masses. There is more light and less greyness in upper purgatory where most of their suffering is not being able to see My face. In lower purgatory it is darker and the souls suffer more as they do in hell. These souls have to suffer and be purged for a minimum of their time before your prayers can help release them sooner. You have a gift to receive messages from these souls after death, and it would be good to read some books on this subject of what other souls have revealed. You also are seeing a need in your time to spend more prayer time specifically for the souls in purgatory. There are very few living souls that can convey this need for the poor souls in purgatory and this is a worthy intention to help free these souls from purgatory, so they can enjoy sooner the heaven that has been promised to them. All of these souls are saved, and it is just a matter of time until they are freed to enjoy My love and rest in heaven."

Wednesday, June 6, 2007: (St. Norbert)

Jesus said: "My people, the time of the Warning is coming soon as indicated by the vision of this spinning bicycle wheel. It will be a great outpouring of My mercy and a blessing to every soul so they will be prepared for the coming tribulation. Even the worst of sinners will be given the grace to see Me in an out of body experience, and everyone will see how much they have offended Me by their sins. This spinning motion of the spokes of a bicycle wheel represents all of the actions and events that have occurred in your lives that will be flashed before you. The good things in your life will give you consolation, but the bad things will torment you with the guilt

of your sins. Everything will be true and you will not be able to deny them or make excuses for your behavior, because I will show you the intentions in your heart for each action. This will occur for every soul at the same time. You will come before My Light of love and after your life review, I will show you where you would be judged at that moment of your life to heaven, hell, or purgatory. You will then have a small taste of what it would be like in the place where you were judged. You would then be placed back into your bodies and you would be given a chance to convert and change your sinful ways before the tribulation would start. Everyone will appreciate how much I love them, and how My mercy and grace will help them to seek My forgiveness and the forgiveness of those they may have offended in life. This whole experience will be one of love from Me, but it could cause sobbing in tears from your love or your guilt from sin. This will be a supernatural intervention by Me to change people's lives because the evil of this day is leading many souls away from Me. Be prepared in your souls for this illumination of your conscience and a memory of the sins that you have not confessed."

Wednesday, June 6, 2007:

Jesus said: "My people, I will protect My refuges from the evil ones by blinding their eyes from My faithful. When My faithful first arrive at their refuges, they will be frightened by the evil ones, and their faith in My help will not be strong. Only with prayer and trust can people live calmly at rest in the refuges. Once you see Me multiply the food, water, and dwellings, then you will quickly become believers in My miracles. In the old Exodus the people had to rely on manna, quail, and water. In this new modern day Exodus you will have My angels to give you Communion, there will be deer for meat, and miraculous springs for water. Once at My refuges, you will all be assigned duties for each of you to help the community in addition to your daily prayer life. As long as you have shelter and your necessities, you will be able to endure this brief trial of the tribulation. Trust that I will provide for your protection and your needs."

Thursday, June 7, 2007:

Jesus said: "My people, this is a significant vision of a comet from an unusual vantage point because I have told you a while ago that this comet was on its way toward the earth. (6-22-05) You are seeing the earth off in the distance as the comet is slowly approaching. This is the same comet that will signal the time of the Warning when many will be frightened as it will send this same debris of the vision down onto the earth. You

will not have any warning from your scientists until you can visualize this comet for yourselves with the naked eye. I have been giving you messages of what it would be like in this Warning experience, and now you are seeing more signs that this time is growing near in your time. Even though some will be frightened at this comet's close flyby, there is nothing to fear. Be at peace with My coming intervention of mercy because it would be more frightening to have to suffer all eternity in the flames of hell. I am giving all souls one last chance to wake up and change their sinful lives before they could be lost forever to the devil. Take advantage of all opportunities to grow closer to Me in love by My graces. Repent in seeking My forgiveness of your sins and believe in the Good News of My salvation by the example of My death on the cross and My Resurrection."

Prayer Group:

Jesus said: "My people, in this vision of My suffering on the cross I am brought face to face with each of you so you could share your earthly suffering with My suffering. In this vision also you are seeing My Spirit rise to meet My heavenly Father. The cross has two dimensions. The horizontal cross member represents your earthly body as I had adopted in My Incarnation. The vertical member represents your spirit soul which is always directed to heaven and your Creator. You are soul and body and it is the Holy Spirit in you that gives you life."

Jesus said: "My people, when you die, your soul leaves your body as a white beam of light, much like when I gave up My Spirit in the first vision. It is fitting to see the cross again at your funeral as your body is separated from the soul. While you are alive, you are like a living cross made up of soul and body. Once you leave your body, you are allowed a brief time to adjust to your new spiritual environment. Then you are brought to Me for your first judgment. Be prepared in life by frequent Confession so your soul will be pure to meet Me at your death."

Jesus said: "My people, this boat in the vision recalls many experiences that I had with My apostles. I called several of My apostles who were fishermen to follow Me in being fishers of men. I showed My apostles My powers when I calmed the storm and I led them to several large catches of fish. You can even envision yourself traveling in a boat on the sea of life as you go through high waves and low swells. Call on Me during your life so I can calm the storms and give you My peace, rest, and My love."

Jesus said: "My people, the little children are always aglow as they anticipate receiving gifts at Christmas time. The

most important guest at Christmas should be Me as the 'Christ Child'. The image or statue of the 'Infant Jesus' is honored in many Spanish speaking countries around Christmas time when they honor Me with a novena to My birth. You can pray to Me as an adult or as an infant, since I am the same Jesus. Thank you for bringing this statue today to honor My Infancy."

Jesus said: "My people, when wine is mentioned, you immediately think of My first miracle when I changed six large jars of water into the finest wine at the Marriage Feast in Cana. My apostles came to believe in Me more as they witnessed My miracles. Another great miracle with wine is when the wine is consecrated at a Mass into My Most Precious Blood and the bread into My Body. This gift of Myself in My Eucharist is the greatest gift that I could give you in this life. Those, who eat My Body and drink My Blood worthily, will have eternal life in heaven."

Jesus said: "My people, you are already viewing some unusual storms in the Middle East and many violent storms across your nation. This view of the sea is truly the calm before your hurricane season. A few mild storms have brought some needed rain, but other storms will become more violent as you see the waters of the ocean heat up. Pray that your people will find safety during these storms."

Jesus said: "My people, you are having a brief glimpse of the glory of My throne in heaven where the saints and angels sing My constant praises. This peace and love in heaven can be had by anyone who accepts Me as Master of their lives, and repents of their sins. The glory and beauty of heaven cannot be expressed in earthly terms, but you know a little of the feeling of My peace and love that envelops those in heaven. Keep focused on Me in heaven in following My mission for your life, and you will one day reap your reward in heaven."

Friday, June 8, 2007:

Jesus said: "My people, My Archangel St. Raphael instructed young Tobias to place the gall of the fish on his father, Tobit's eyes, and he assured him that his father's eyesight would return. Tobias then removed the thin skin of the cataracts from his father's eyes, and he praised God that Tobit could see again. There were many miraculous healings recorded in the Bible, but some did employ natural methods that are still used today in medicine. Your medicines and surgery today have saved many lives and prolonged your life expectancies. But still I prefer you to use vitamins, herbs, a good diet, and proper exercise to take care of your body. Avoid excesses of sugar, food, drugs, and alcohol to maintain your health. It is getting harder to stay healthy when man contaminates your foods

with excessive preservatives, pesticides, and other filth and bad bacteria. Even some are filling your skies with chem trails of viruses causing flu-like symptoms. Eat naturally as much as you can so you can be healthy to do My work in your mission here on earth."

Jesus said: "My people, those people, who will rule the new world order, will be just as ruthless as the Nazis in eliminating religious and patriotic Americans. This is why they will be using foreign troops to send you to the detention center death camps because your own troops would not kill and cremate Americans. Some of My faithful will be martyred for their faith in not going along with the new world order and not worshipping the beast, but they will become instant saints. The rest of My faithful will be called to leave for My refuges where you will be protected from the evil ones by My angels. You will be persecuted by demon inspired people, but I will not abandon you. Some of the leaders and outspoken against the new world order will be sought out even before martial law is declared. I will give a warning to My special faithful. It is more of this group that may face martyrdom. The rest of My faithful will be sought out when martial law is declared. They already have lists of religious and patriots, and they will proceed to pick you up if you are still at your homes. Listen to My call and leave in haste before these evil ones could capture you. Be patient for a brief reign of these evil days before I will come in victory over Satan and the Antichrist."

Saturday, June 9, 2007: (St. Ephrem)

Jesus said: "My people, I am showing you again some caves where you will be led by your guardian angels for hiding and protection. There will be a time of persecution when the evil ones will seek out My faithful to kill you, and you will be thankful to Me for My protection. At times you will need to come out or have another exit for air or getting your food, so I will provide an opening for those who have difficulties with being closed in. Animals and the Early Christians have hidden in caves for protection and the time of the tribulation will not be any different. Give thanks and praise to your Lord for all that I do for you both now and in this future trial. You have been warned of these coming evil times, and you have been shown to follow your angels. Be patient and trust in Me in your prayers for this trial will be brief before I come again in victory."

Jesus said: "My people, this vision is all about a time of a coming epidemic that would be from a man-made virus. A good number of people will become sick with pneumonia like symptoms and there will be areas of quarantine as indicated by the yellow

gowns and protected environment. The people riding on bicycles are indications of My faithful seeking My refuges as havens of protection from these perpetrated diseases. I have told you that at My refuges there would be healing springs to heal diseases. There also will be a luminous cross over the refuges, and those who look upon this cross would be healed of all sicknesses, poisons, or man-made viruses. My refuges will truly be a source of healing, both physically of this epidemic virus, and spiritually in helping to lead souls to God. Rejoice that I will protect you from anything that the evil ones will try to inflict on you. Their power is nothing compared to My power, and the evil ones will not be able to see you or restrain you from being with Me."

Sunday, June 10, 2007: (Corpus Christi)

Jesus said: "My people, I talked about 'living water' to a Samaritan woman representing My Body and Blood in My Eucharist as a grace to everyone. (John 4:13-15) 'Everyone who drinks of this water will thirst again. He, however, who drinks of the water that I will give him shall never thirst, but the water that I will give him shall become in him a fountain of water, springing up unto life everlasting.' Even after I resurrected, My angels told the women at the tomb that I am a God of the Living and not the dead. When you worthily eat My Body and drink My Blood, you will truly have life everlasting. My Eucharist is a taste of heaven because you are receiving Me in My Real Presence. Whenever you receive Me, you also receive God the Father, and God the Holy Spirit because we are inseparable. There have been many miracles of My Eucharist to give witness to believers and unbelievers that I am truly present in every consecrated Host. When you come to My tabernacles or visit Me in Adoration, you are giving praise and glory to My Real Presence. I only ask that you always receive Holy Communion in the state of grace without mortal sin, so you do not commit any sin of sacrilege against Me. Every time that your parish receives Me in Holy Communion you are all joined in My Mystical Body with the Communion of Saints."

Monday, June 11, 2007: (St. Barnabas)

Jesus said: "My people, these stacked pictures are like a time line of your life, and the last picture of red is the end of your life. As long as you see pictures of yourself in action, you are still living in this life. You all know that at one point in time you are appointed to die. But death is part of this life and your soul will live on forever. It is the future destination of your soul that should be so important to you. If you truly love Me, you can always be assured of being

with Me in heaven one day. But if you refuse to love Me, and refuse to be sorry for your sins, you could risk being judged to eternity in hell. You would rather come to heaven more out of loving Me than from the fear of hell. Hell is reserved for the devil, his angels, and those who are evil or those who ignored Me. If your focus is on heaven, then you should also be focused on loving Me and serving Me. For some, coming to heaven will be an easy road, but for others, you may have to suffer persecution, or even martyrdom. The more you suffer, or the more good deeds that you did in life, the higher the level of heaven that you will be rewarded. So do not just seek to do the minimum to gain heaven, but seek to gain the highest spot in heaven that your God-given gifts can lift you."

Jesus said: "My people, no matter which country that you live in, it is only necessary to provide your family with shelter and enough food and water to survive. The rest of your comforts are not as needed. If you seek My Kingdom first, everything else will be provided for you. So do not worry or be anxious about tomorrow, but live for the moment that you are living, because you only have the present. When you consecrate your lives to Me in daily prayer, and serve Me in following your mission, you can trust Me that you will find your reward in heaven. Those, who spend all their time on earth to accumulate riches, are spending their time in vain when they could focus on Me and serve the needs of others, which would store more valuable treasure in heaven. When you reach your judgment at the end of your life, you will have to make an accounting for how you spent all the time that was given to you. The more time that you spend in prayer and helping others, this will be the best way that you could account for your time. Now that you know how best to use your time, then reach out to souls to evangelize them in bringing them to Me."

Tuesday, June 12, 2007:

Jesus said: "My people, when you make a light, you put it on a lamp stand for all to see in the house. (Matt. 5:16) 'Even so let your Light shine before men, in order that they may see your good works and give glory to your Father in heaven.' You have My Light of grace, faith, and knowledge in you, so you need to share it with others and do not just keep Me to yourself. Reach out to share your love with Me and your neighbor. Every time that you help someone, you are helping Me in them. There also are many souls that need to be evangelized so they can come to know and love Me. Saving souls from hell is even a better help for your neighbor than helping them with their earthly needs. But you can feed the body and the soul so you are

helping the whole person. Let your Light of love shine out on all the nations."

Jesus said: "My people, it is good to be next to nature out in the rural areas where the air is cleaner and it is quieter than the noisy cities. Such an environment is also more conducive to prayer and meditation. Many people have even been called to build refuges out away from the cities where there are fewer people to question your activities. Some people will be farming crops where possible, while others will need to have their food multiplied. Living a refuge life will be much simpler and reassuring that I will protect you from the evil ones. Once you see the tribulation begin, it will also be a great time to be living right before My Era of Peace will begin. You will have to suffer a living purgatory on earth, but you are assured that this time will be brief to save My Elect. At the time of the tribulation reach out to help bring people with crosses on their foreheads to My refuges so they too could be saved from the clutches of the Antichrist."

Wednesday, June 13, 2007: (St. Anthony of Padua)

Jesus said: "My people, the first vision represents life in all of its vitality, and the second vision is all about death. Every year the seasons also remind you about life in the spring and death in the fall and winter. This should also be a reminder to My faithful that this life is passing away, but the next life will be even more glorious for those who find themselves in heaven. All the more reason for you to live your lives for love of Me, if you desire to join Me in heaven. Just as death is natural to this life, living in harmony with My Commandments is also how the rest of creation is ordered to please Me and give Me glory. Man is made in My Image because you have free will to love Me or not. I do not force anyone to love Me, but you must choose to love Me freely on your own. Those, who repent of their sins and love Me, are promised to be with Me in heaven, but those, who refuse to love Me or serve Me, could find themselves judged to hell. Choose life with Me before you die."

Jesus said: "My people, in the middle of your country some people have had to endure natural disasters from tornadoes and floods. Some had their homes destroyed by wind or water damage. You have accumulated many comforts and electrical devices for entertainment. But all of these earthly things can be swept away from you in an instant. Do not let money, fame, or earthly things control you, or take your focus off of Me. I am the most important One in your life, and you need to give everything over to Me so you can serve Me without any earthly distractions. Put aside some quiet time for prayer and meditation every day. By

keeping in touch with Me through your love, you will be with Me forever worshipping Me in heaven."

Thursday, June 14, 2007:

Jesus said: "My people, I abhor this conflict going on in Iraq as I do all unnecessary warfare. Most American casualties are being caused by powerful plastic explosives that are detonated by a radio signal in roadside bombs. With all of your sophisticated weaponry it is amazing that you are not helping your personnel with the proper equipment to defend themselves. You have jamming devices in your airplanes to counter radar for missiles. It would not take much know how to jam the signals for roadside bombs so they could not be triggered. Another tactic may be to develop a variable crystal to send out signals at various cycling frequencies that would detonate bombs at a safe distance in front of any convoy of vehicles. By jamming or destroying these simple devices, you could be saving many American soldiers from being maimed or killed. An even better solution for saving lives would be to stop the conflict altogether, and remove your forces from a bad war in the first place. Pray for peace and an end to this conflict that is inspired by the one world people."

Prayer Group:

Jesus said: "My people, I love you all so very much, and I would like to draw all of you to Me in heaven. This vision of a pink rose represents the life of the body that looks beautiful for a while, but then it eventually withers and dies. The flame that goes on forever represents the soul in all of its glory, and it will never die, but it lives on for all eternity. You will be separated from your body for a while at death, but at the last judgment, you will be reunited in a glorified body."

Jesus said: "My people, I told you before that Satan and his demons are working to cause more unrest in the Middle East. You are seeing the effects of this evil as more militant forces are gaining positions of power in order to launch more rocket attacks against Israel. Any future confrontation with Israel could easily draw America into another conflict to support their client, Israel. Pray that such a war does not occur so close to Armageddon."

Jesus said: "My people, it is your people's desire to use diplomatic channels to keep the peace in the world. But the Islamic militants want to make constant jihad war against the West until Israel is defeated and even the West if possible. Any attempts at peace will be seen as weakness. This direction for future conflicts will eventually bring the Antichrist into power as a man of peace, but then he will become a tyrant dictator of evil. The evil ones will have their hour, but it

will not last long. Pray for My help, and I will lead you through this tribulation."

Jesus said: "My people, you have recently celebrated Memorial Day for all of your soldiers that have died in past conflicts. With this current conflict in Iraq how many more of your soldiers have to die before you see the futility in continuing this war? You have lost 3,500 lives and many billions of dollars over four years in a conflict that is not improving. I told you before it will come down to a battle of the will of the people against the one world people who control your Congressional leaders. Pray that these wars could be ended before they destroy you."

Jesus said: "My people, each year that you are pummeled by hurricanes and tornadoes, these storms are eroding your economic base and your insurance companies are having considerable losses. Your recent stock market gives a false appearance of prosperity, but the average person is actually losing while the rich prosper. Pray for the people suffering from these disasters because very little government money is helping them."

Jesus said: "My people, you are currently reading many articles of large lakes losing water or even drying up. The jet streams are becoming more erratic and rain patterns have changed that do not supply enough water to maintain your lake levels. These are more problems associated with your increasing temperatures as you are seeing conditions for famine on a world scale come upon you."

Friday, June 15, 2007: (Sacred Heart of Jesus)

Jesus said: "My people, for all created things I am the center of your universe, and all things revolve around Me. I am all perfection, all love, and all cause of everything that exists. This vision of a circling universe is to show you the breadth and extent of My power, even as the apostles marveled when I calmed the stormy sea. The portrayal of My Sacred Heart with a flame and a crown of thorns represents My love for My people that I would even give up My life to save all of you. The heart is a sign of love and the eternal flame means that I will always love you, even when you sin against Me. My mercy and forgiveness are always available to every sinner in My sacrament of Reconciliation. You can confess your sins to the priest in contrition and sorrow, and I will forgive you. Those, who do not repent and do not accept the fact that you are sinners, are risking the fires of hell for all eternity. All things in the universe follow My Will and man is no exception. See that I give you free choice to love Me and follow My Will. But some of My angels and men have refused to serve Me, and it is for this purpose that hell was created for the prideful and

those without love in their hearts. Come to Me, My children, and enjoy the love and reward of your Master for being faithful to your mission and My Divine Will."

Jesus said: "My people, you are seeing Me in the heavens as I am reaching out to everyone to shower My love upon you from My Sacred Heart. Many have seen a large rainbow around the sun today, as you, yourself, have seen with your own eyes. Rainbows are a sign of a covenant as was made with Noah to never destroy the earth again with water. This sign today is another representation of My covenant of love with My people. You know how much I love you, and I want you to love Me as well. It is good for you to be here tonight to honor My Sacred Heart and My Blessed Mother's Immaculate Heart. This feast together is a celebration of our two hearts joined together as one. The darkness at the end of the vision represents the coming trial of evil in the tribulation, but rejoice because I will vanquish all of these evil ones and bring about My Era of Peace."

Saturday, June 16, 2007: (Immaculate Heart of Mary)

Our Lady said: "My dear children, I thank all of you for participating in both Masses for My Immaculate Heart and My Son's Sacred Heart. It is always a joy to bring all of My children to My Son, Jesus. Our hearts are joined as one heart and we wish to join our hearts with your hearts as well. You can pray My rosary or pray meditatively with informal prayer. There is such a great need of prayer in your world that you could be on your knees praying all day long. Pray for your families; pray for peace in the world; pray for purity and avoid the sins of the flesh. Pray for poor sinners and the poor souls in purgatory. We love you so much and you can share your love with us in prayer and when you can receive My Son in Holy Communion. Love one another, and reach out to evangelize as many souls as you can to save them from hell."

(Father's Day Mass) God the Father said: "I am the Father of all fathers and I come to bless and console all fathers because you have a heavy responsibility in providing for your family. There are fewer families that even have a father as the head of the household because of your sinful lifestyles, divorce, and single parents. Fathers need to love their families and support their children both physically and spiritually. It should be the father's responsibility to see that their children are educated properly in school and college, as well as properly educated in their religious faith. Parents bring souls into this world and it is their duty to lead them to a love of God by good example. I have sent you My Beloved Son to teach you how to love and obey My Commandments. I am Father of all peoples, and I want you to follow and love Me even more

than your own parents. A father image is always one of strength and authority, so wish Me a happy Father's Day on this day that you honor all fathers."

Jesus said: "My people, I am opening this door to the knowledge of My love. Some seek to know Me in every way possible. This is an open door of opportunity that not every one takes advantage of, but those, who do, receive great graces for their desire to be with Me. Many worldly people are always looking for greener pastures of riches and possessions, but they are never fully satisfied. I am opening this door to greener spiritual pastures where I wish to pasture My sheep in My love and My gifts that will satisfy your souls completely. When you seek to know Me, you can take time for retreats, or you can pray the Liturgy of the Hours. Your experiences at monasteries either physically or in movies, gives you a deep understanding of the contemplative life. This feeling of quiet love with Me can be lost in your busy everyday activities. Slow down at times so you can fully appreciate the gifts of your Lord."

Sunday, June 17, 2007: (Father's Day)

Jesus said: "My people, fathers know the importance of providing food for their children, and a place to stay and call home. At times a father may have to take jobs that are not what he wanted, but he does it to provide money for the family. Fathers are the protectors of the family as well as from weather, dangers, and robbers. Even once you have helped your children to grow up and get educated, you still look out for them once they have left the house. You are shepherding your children in protecting them from physical harm and you look out for their spiritual welfare as well. A father should be a good role model for his children and even his grandchildren. So as fathers see the responsibilities of their place in society, it is good to thank them on this day for all they have done for their families and their community. A father and mother are the core helpers in your families, and without them performing their functions, your society will suffer as a result. Pray for all the members of your family that you will be cared for and loved by Me and your father. Love is what binds your souls together."

Monday, June 18, 2007:

Jesus said: "My people, you can see in this vision that these people are going about their daily activities in the dark. This did not happen all at once, as if someone turned out the lights. This living in the darkness of sin has come over your people gradually. This started with your being used to comforts and the permissiveness of your society in not holding people accountable for their moral sins of living together in

fornication and having abortions. It comes in your songs and movies that glorify sex, violence, and vulgar language. With this constant barrage on your TV, among your politicians, and Hollywood people, your adults and children see sinful behavior as acceptable. Now greed for money, and killing in wars and for drugs has become everyday living because your society's standards have so deteriorated. Even though others are living sinfully, it does not make it right, and My faithful are still obliged to follow My Commandments in showing your love for Me. When I came on the earth, I was the Light in the darkness of sin to show the people how to live rightly by My words and by My actions. My faithful must live this way also by your words of instruction and actions that follow your words. If you are to be good examples to others, then you cannot be hypocrites by saying one thing and doing another. Live holy lives by your words and your actions, and you too can be a Light amidst the darkness of sin."

Jesus said: "My people, military weapons are big business, especially in America. There are several nations that sell weapons, but unless there were constant wars, there would be no business or need for these weapons. This is how the one world people make money on wars, and it is also why they find ways to cause wars. Some dictators are set up just for a reason for another war. Even lately you are seeing unprovoked wars to preempt other nations. In Iraq this war continues even though there were no nuclear bombs found. Pray for peace so the one world people do not get their way. When I come again, I will defeat these greedy killers and they will be cast into hell with Satan and the Antichrist."

Tuesday, June 19, 2007: (St. Romuald)

Jesus said: "My people, I love all of you as I rush into your souls at Communion time. This vision in the attic is where many will be hiding during the tribulation as you move from house to house at interim refuges on your way to your final refuge. It is because the evil ones will be trying to kill you, or place chips in your body, that you will be fleeing to My refuges of protection. When I come to free you and place your captors into hell, this is when the floor of the attic will disappear and you will be able to see all the faithful. At the refuges you will be invisible to the evil ones, but visible to each other. Have no fear of these evil times for My angels will guide you and protect you."

Jesus said: "My people, you care more about the appearance of your house, and your outward appearance than you do for your inner appearance of your soul. Your possessions and even your very body are passing away, but your soul lives on forever.

This is why you should take more care of your soul in frequent Confession than all of your earthly cares. It is your love for Me and others that is more important than your love for earthly things and any fame. Keep your focus on Me and the eternal destination of your soul and you will not be far from your reward in heaven. Even if you have been blessed with earthly wealth and spiritual wealth, it is even better to share what you have with others to help the poor to have their necessities, and to help the poor of spirit with My graces. When you share from the heart, it is truly a sincere sign of genuine charity rather than for other advantages. Trust in Me and My love, and you will have spiritual riches that are much more valuable than any earthly riches."

Wednesday, June 20, 2007:

Jesus said: "My people, just as you see the students move forward each year in their studies, everyone should be improving toward your perfection from year to year. The students learn more about their regular subjects as well as about their faith in Catholic schools. So My faithful should take some time now to see if they have improved in their faith since last year. If you have not improved, then think of some things that will help you on your way to perfection. Everything that you do not improve in life will have to be made up in purgatory."

Jesus said: "My people, this year has been forecasted to be the hottest summer on record. Such a heat could cause many deaths from heat exhaustion if people do not have a fan or air conditioning. It can increase the chance of drought with more intense fires in the West. Your storms and hurricanes could become more violent with great damage when they strike land. Last year the El Nino in the Pacific Ocean did not allow many hurricanes to form in the Atlantic Ocean, but this year there is no El Nino to protect you. This summer will be filled with many natural disasters and man-made incidents. Be prepared with some extra food and water because you may have your electricity shut off along with no fuel to be pumped for your cars. You already have seen fires in the West and the South, so expect more of the same. Pray that you will have your necessities provided for when you trust in Me."

Thursday, June 21, 2007: (St. Aloysius Gonzaga)

Jesus said: "My people, if your roof is leaking, or if it is in bad shape, you do everything to fix it right away before any rain could cause further damage. In your physical needs you are quick to attend to them, but in your spiritual needs you do not act as quickly to seek the forgiveness of your sins to Me or to your neighbor. If you let sins accumulate, you are more

vulnerable to committing further sin and even worse sins. It is better to cleanse your sins often in Confession so you can keep your soul pure and in good repair, just as you tend to your roof when it leaks. Even before you come to receive Me in Holy Communion, I have told you to make things right with your neighbor in forgiveness before you bring your gift of love before Me at Mass. It is difficult for man to forgive some harm done by another, but do not hold grudges, and work to love even your enemies and persecutors. I even ask you to forgive yourself for any wrongdoing because I forgive you, and do not let past sins hold you back in life."
