

Sunday, June 1, 2008:

Jesus said: "My people, this room full of chairs is where you will be holding your home Masses and prayer groups once the division in My Church comes about. Many of these home Mass sites will be secret interim refuges where people will stay on their way to their final refuge. Time is getting close for going to your refuges, and people are making their last minute preparations for Mass kits and extra food that will be multiplied. Preparing backpacks with your sacramentals and physical needs as clothing and tents are all things that should be ready before you leave. Do not be fearful of this time because My angels will protect you by making you invisible to those who want to kill you. Pray for strength and courage during the tribulation, but know I am by your side ready to provide for all of your needs."

Jesus said: "My people, I have asked people many times to try and make an extra visit to adore Me besides Mass time. Because of crime and break-ins in many cities, most churches are locked, making it difficult to find an open church for Adoration. Some places of Adoration use a key or a combination to gain entry to My Blessed Sacrament, but these are also rare to find. People have made such a fear about security, that you are locking My people out from being able to see Me. Thank heaven that you have a few brave churches who make it possible to see Me any time of the day. If you do not know of such a church close to you, then you could ask someone or a priest if they know of such a church. These open churches are your present havens for adoring My Blessed Sacrament. Treasure them and make it known to others who may want to visit Me at off hours. Encourage people to reverence Me and adore Me as often as they can make the time to come and be with Me in love. All of those, who make this extra effort to be with Me, are storing treasure up in heaven for your judgment."

Monday, June 2, 2008:

Jesus said: "My people, many of you come to Mass on Sunday, but how many live My Gospel message all of the other days of the week? It is one thing to hear and read the words of Scripture, but it is another to put these words to work in your actions. You say one thing with your lips, but your actions may be saying something else. This vision of the places where you shop asks the question if people can identify you in the world as acting with Christian values and virtues. You need to be consistently faithful and do not act like a hypocrite who says one thing, but does another. By your good deeds and actions you can evangelize more souls than just by your words alone. Your good example to others is your best witness or testimony to My words of the

Gospel. You are tempted by the evil one to sin every day, so it takes spiritual strength and endurance to keep faithful. You may not see much reward for your good actions in this life, but you surely will see your reward in the next life. So be strong in your daily life by a good prayer life and you will remain united with Me in your heart which directs all of your actions."

Jesus said: "My people, this large sand box represents a situation in the Middle East where there is a threat of nuclear weapons being used or manufactured. The large clear plastic enclosure means that this is being viewed by the whole world. The threats by the Iranian president to annihilate Israel have Israel's leaders thinking of a pre-emptive strike on Iran. Israel in the past has attacked Arab countries when they threatened to make nuclear weapons. It is the United States that is holding Israel back, but this will not go on for long if Iran develops nuclear bombs. With China and Russia backing Iran, any pre-emptive attacks could involve wider complications in a possible war. Any war in this area could cause oil prices to increase as supplies of oil could be threatened. Pray, My people, that peace will be maintained in this region, or a worse war could result. See the need for praying more rosaries for peace."

Tuesday, June 3, 2008: (St. Charles Lwanga & companions)

Jesus said: "My people, even since My day people have been loath to paying excessive taxes. Tax collectors cheated the people by adding on taxes to give themselves more income. The fact that tax collectors were rich tells you of their devious means of making money off the people. In your society of today you also are paying heavy taxes, especially land taxes that are hurting people with low incomes. Aside from your government demands, I also stressed to the people to give back to God at the synagogues or churches what belongs to God. The one who preaches and evangelizes My Word is worthy of being supported in their work for Me in saving souls. Supporting My Church is one of your Christian responsibilities and a part of the laws of My Church. Contributing to My Church is one way of thanking Me for all that I have given you. My Third Commandment calls you to worship Me on Sunday at Mass, and to have Mass it is necessary to support a church financially so you have a place to go. You pay your taxes because of man's law, but support your churches because of My laws."

Jesus said: "My people, this vision is a message of warning to your President that an attempt will be made on his life because of some coming decisions on a possible war with Iran. Arab nations, Russia, and China are very aware of a possible United States strike against Iran because of Iran's making

enriched uranium for potential bomb making. Some Arab terrorists will be planning this attack in secret because of their hate for America. Other terrorist plans are also in motion to try and bring down some of your city infrastructures in multiple cities at once. Many could die from such attacks. Your government will have to be on a full scale alert to prevent these attacks which could still take place. Before the elections you could see both man-made and natural disasters occur which could postpone your elections. Pray in earnest that these events could be mitigated or prevented. Pray also that war does not come in Iran which could lead to World War III."

Wednesday, June 4, 2008:

Jesus said: "My people, there are many people who do not believe in My Real Presence because they do not understand transubstantiation or they have not been taught this core of their faith. It is rarely heard about from the pulpit, and there are even some priests who do not believe either. In order to understand the meaning of the Real Presence you could go to 'The Catechism of the Catholic Church': (1374)

'In the Most Blessed Sacrament of the Eucharist the Body and Blood, together with the Soul and Divinity, of Our Lord Jesus Christ and, therefore, the whole Christ is truly, really, and substantially contained. This presence is called 'Real'-by which is not intended to exclude the other types of presence as if they could not be 'real' too, but because it is presence in the fullest sense: that is to say, it is a substantial presence by which Christ, God and man, makes Himself wholly and entirely present.'

Holy Communion is consecrated at the Consecration of the Mass and the bread becomes My Body and Blood as a sacramental presence under the appearance of bread. This belief in this transubstantiation is also found in the Catechism: (1376)

'The Council of Trent summarizes the Catholic Faith by declaring: Because Christ our Redeemer said that it was truly His Body that He was offering under the species of bread, it has always been the conviction of the Church of God, and this holy Council now declares again, that by the consecration of the bread, and wine there takes place a change of the whole substance of the bread into the substance of the Body of Christ Our Lord and of the whole substance of the wine into the substance of His Blood. This change the Holy Catholic Church has fittingly and properly called transubstantiation.'

Truly I am Present in the consecrated Host so you can receive Me intimately in Holy Communion and worship Me in My Host at Adoration. Believe in My Real Presence because I am with you in My Blessed Sacrament to the end of time."

Thursday, June 5, 2008: (St. Boniface)

Jesus said: "My people, the downfall of many people in their bodies and sometimes in their souls is when they allow themselves to be taken over by addictions such as drinking, drugs, smoking, over-eating, eating too many sweets, computers, or gambling. Many of these addictions are to either please the bodily senses, or to cover up the problems of life. The excesses of these addictions can cause permanent damage to the body, and are really sins of abuse against your bodies. They also create problems among families and in the work place. I have told you before that many demons are attached to these addictions. The basis for these addictions starting are a lack of self-control and a blindness to see that these things are controlling their lives. Do not let anything so control you that you cannot go without it. The cure or recovery from these addictions will require a person's inner desire to quit and get help to stop from other people. There also should be a desire to call on My help, or a religious person could pray for that person's recovery. Without a person's sincere effort to stop, any addict could be faced with death or harming someone in their path. Drinking and drugs for example can be a real hazard for people driving cars when they could kill others in accidents. Your society needs to work harder in providing facilities to help people recover from their addictions, or you will suffer more repercussions of these bad habits."

St. Michael the Archangel said: "I am Michael who stands before God and I came to give you a message about America, whom I am guardian for your country. You remember the message you received that when you are in mortal sin, your guardian angel can help you very little because you have broken your love relationship with God. In the same way when more of your citizens are in mortal sin than in the state of grace, I cannot work as well to help your country. Some churches still remember to pray my prayer of protection, and you pray to me before every message. Our Lord wants you to have all three of us archangels on your altar, so I expect to see a statue of St. Gabriel soon."

Jesus said: "My people, the leaders of Myanmar felt threatened to see your warships delivering aid, and this is why they refused you to come in. Some supplies were sent to neighboring countries, but aid groups are having to secure commercial shipping for these deliveries. Many people are sick and dying, and it is frustrating to try and help these people when the way is being blocked or accepted slowly. Pray that a way will be found to feed and give water to those suffering from the cyclone."

Jesus said: "My people, you have finished your primaries, so now your candidates will have to address your problem economy and what to do with your war involvement in Iraq and Afghanistan. Many of your politicians are talking of staying longer, but very few are talking about how this war is bankrupting your country and destroying your military. Pray to end these wars and bring your troops home to their families."

Jesus said: "My people, you see how your media is twisting the truth in polls to try and make you believe that most people are approving of gay marriages. By making it sound like a denial of rights instead of the immorality of gay marriage, the evil ones are trying to get this passed in all of your states. Now those speaking out against homosexual marriages are being accused of hate crimes. This is happening in Canadian courts and it will be happening next in American courts. California is your latest example of how corrupt and immoral your justice system has become. Pray to stop this movement to accept homosexual marriages, or this will be one more nail in your coffin in addition to your abortions and sexual sins."

Jesus said: "My people, I call out to all of your prayer groups to intensify your prayers and novenas to stop your current wars and prevent any possible war in Iran. Do not listen to your war loving elements in your government who only want to make blood money profits at your expense as a nation. Voting to support any more wars will only bring you more killing and more war debts. It is your central bankers who are behind making war, so your people need to take control back over your country, or these evil ones will lead you to total destruction and takeover in a North American Union. Prayer is your best weapon in your rosaries to fight these evil ones."

Jesus said: "My people, you know how St. Michael was given to cast the evil angels into hell. A time is coming soon when I will direct him again to cast not only the demons, but the evil souls as well into hell when I will bring about a new heavens and a new earth. The more My people can keep in the state of grace by frequent Confession, the more power you will be enabling My angels to help you in this current battle of good and evil. Pray for My angel protection because they will be there to guard your souls from the evil ones."

Friday, June 6, 2008: (St. Norbert)

Jesus said: "My people, you are seeing many unsuspecting souls leaving their dead bodies as they were being called home to Me. These souls were from those who died in your violent tornadoes. There also were other souls being taken up from the deaths of the unborn babies in abortion. These two streams of souls that were mingling is a sign to you America, that some of

these tornadoes are being sent as a punishment for your ongoing killing of babies in your abortions. Your death culture people are enhancing these storms with the HAARP machine and they are indirectly killing people. They have promoted abortions through your trumped up court decisions. Now you are seeing in your news how your leaders trumped up lies about your intelligence to start this five year old war in Iraq. Even with this evidence, why are your people still listening to the same lies to continue this war? It is time to end these useless wars. You are an occupation army that needs to leave these people to form their own government without your influence. Reject the lies of this death culture, and maybe you could stop this endless stream of souls leaving their bodies prematurely."

Jesus said: "My people, you have been witnessing an unusual amount of tornadoes this year and higher death levels as well. The size and intensity of these tornadoes have also been quite violent. I am showing you a very vivid picture of a home destroyed, and the problems that family would go through to get back on their feet. Some families may have insurance to rebuild, but others may not have coverage for full replacement. There are many disasters that occur in America, but help from your government and other countries is very sparse. America helps other countries, but other countries do not help you in your disasters. It is still good to help others, even when you know you may not receive anything in return. Pray for your families who are facing these disasters and contribute to aid groups that may help them."

I asked Jesus if there was a message for our coming trip to Betania in August, 2008. Jesus said: "My dear pilgrims, your Betania IV group has been very faithful in your prayers, and very loving in your friendship with the Bianchini Family. This time that you are traveling could see some difficulties in your travel because of the strained airlines in their expenses and cutbacks in flights and employees. You will also have to deal with strained relationships between America and Venezuela. Be comforted that My Blessed Mother always watches over her little pilgrims. You should pray for a safe trip, and many graces will be given to those who make the effort to come to the Shrine of My Blessed Mother in Betanina."

Saturday, June 7, 2008: (Widow's mite)

Jesus said: "My people, giving money to My Church and charities is a very difficult subject to bring up to people who are hurting from the increased cost of living, increasing taxes, job losses, and destroyed homes from natural disasters. Everyone needs their own personal wealth to buy your necessities

to live. Some have other demands on their income for education of their children or helping relatives in assisted living or health problems. Donations to charity are down because of these problems. Still after the bills are paid, there is some discretionary money that could be used for charity. The question is usually a choice between how much you spend on charity, entertainment, extra purchases for the house, and saving. This is the spiritual discernment that all people have to make, but there should be a desire to spend a proportional amount for charities, and not just a lip service donation. Not everyone can give a lot of money to support My Church and for charities, but what you give should be a meaningful amount for your situation. You have an earthly desire to enjoy movies, restaurants, and buying the latest electronic machines. But your spiritual desire to help My Church and your neighbor in need should also be balanced. The more that you have left over after your bills, the more you should be giving to your charities."

Jesus said: 'My people, the easy ways of finding and pumping crude oil are becoming harder to find. Yet the demand for oil, indicated by its high price, is continuing to increase. The countries exporting oil are creating difficult ways to deal with them because their ideas of government are very different from America. There are other ways of finding oil which could be implemented at the high cost of oil that would pay for its extraction, but environmentalists are blocking this road. Until other means of getting oil can be brought online, you could see world demand for oil cause some shortages when the current wells will produce less than today. These temporary shortages could drastically affect your economy and your standard of living. Seeing a businessman riding a bicycle shows you how desperate it will be to find transportation when gasoline may be scarce, rationed, or prohibitively expensive. Your love with your car for getting around will soon be tested as gasoline shortages start showing up. Wars, terrorism, and threatened oil tankers could start to cause shortages that you never planned on. The one world people know how dependent you are on your fuels and electricity. They will use these necessities against you in order to gain control over your country. Be prepared to go to My refuges once they declare martial law for whatever reason."

Sunday, June 8, 2008:

Jesus said: "My people, fresh water is a necessity of life not only for humans, but also for the plants and animals. In the summer heat you drink more fluids containing water in order to replace what you sweat off. This is also why you have to water your grass and flowers in the dry time of the summer.

Your rainfall has been unpredictable depending on where you live. Recently, you have seen heavy rains in the Midwest causing considerable flooding because it was already saturated from the previous storms. Yet in other areas, as in North Carolina and Florida, dryness has precipitated fires that are hard to control. So you need to pray for enough rain to avoid droughts, but not so much so you can avoid floods. Be grateful when you live near large sources of fresh water so you are able to have the water that you need for survival. Pray for all peoples that they may have access to fresh water as well."

Monday, June 9, 2008: (St. Ephrem)

Jesus said: "My people, the reading of Elijah is about when he hid in a cave at Mt. Carmel and the ravens brought him food. He was hiding from those who wanted to kill the prophet. Years later this is where My Blessed Mother visited and eventually the Carmelite Order was founded as a cloistered order of nuns. My Blessed Mother has been a refuge of sinners, but this image of hiding will be used again to protect My faithful during the tribulation. I have given many messages how My angels will be leading My faithful to places of refuge. They also will provide you food and My Blessed Sacrament to sustain you. One of these places of refuge will be caves as when the Early Christians hid to keep from being killed by the Romans. Just as I provided for Elijah, I will also provide for your protection and food needs in the coming persecution. So have no fear and trust in where I will lead you."

Jesus said: "My people, what you are witnessing is an example of how close the time is for both beasts of Revelation to be declared when I give the word. My Light and the light of My angels are going to be your protection throughout the dark night of this coming tribulation. You are seeing the plans of the one world people coming about very quickly in their plans for martial law and the formation of all of these continental unions. The North American Union and the European Union can be seen as a power play for a global government that will be given over to the Antichrist to take control. You should be marveling that you are living in this time that will see this prophecy of the tribulation unfold before your very eyes. You will need protection by My angels as they will bring you to the safety of My refuges. Trust in Me and My angels to bring you into My Light of protection from these evil beasts."

Tuesday, June 10, 2008:

Jesus said: "My people, this account of Elijah blessing the jar of flour and the jug of oil so it could multiply for a year, is a sign to My people how I will again multiply your

food in a famine. Elijah and the woman with her son must also have had a source of water for that year as well. Just as there are many accounts of food multiplication in Scripture, I took what little food they had and multiplied it in time of need for crowds or during a famine. During the coming world famine you should have a little food set aside and a source of water so I can again multiply your food so you do not need chips in the body to buy it, nor worry about supplies not available in the stores. This will be your sustenance to share with My faithful until you can have what you need provided at My refuges. I know that you will need food, water, and protection from the evil ones. This is why there will be a spring of water, a river, or a lake at every refuge to supply your water needs. Trust in Me to provide for you during the tribulation. Any food that you are storing now is meant to be shared and not hoarded."

Jesus said: "My people, every time that you have a project to do, you sit down and make plans if you have enough money, time, and room to complete your project. The very first concern before moving forward should be to pray to Me for discernment to see if this is the right project for you to be doing. Once you have been given a proper mission to accomplish, then you need to pray for its success with your Mass intentions and daily prayers for at least nine days, as a novena. With My help your projects will have My protection from the evil one who wants to stop My plans for you. Pray also for the directions of how to carry out this mission. I am guiding all of your work for the salvation of souls. Your efforts need to be intensified because the evil one will try to distract you and mislead you from accomplishing My mission. Trust in My leading you, and your projects will come to fruition in My time."

Wednesday, June 11, 2008: (St. Barnabas)

Jesus said: "My people, when I told My disciples to go and spread My Word to all the nations, this commission is for all of My faithful. Not all of you are called as forcefully as St. Barnabas and St. Paul were given missions to go out and preach as missionaries. My faithful can be witnesses of the Gospel in your own environment in your family, your workplace, and the friends and people that you meet. Today, I also call priests, nuns, and lay people to be missionaries to all the nations. Some I also call as messengers and prophets who are given special missions to spread My Word through locutions and apparitions. You, yourself, need to be persistent and resolute in spreading My messages in your books, DVDs, on the internet, and in your talks. The more faithful My disciples can be, the more souls that will have the chance to be saved."

Jesus said: "My people, once martial law is declared, the one world people will implement their plans to exterminate all people against their new world order. They already have red lists to kill religious people and patriots before martial law is declared. They also have blue lists for the same kind of people to be killed after martial law is declared. The boxcars are how they will transport their prisoners to the death camps. At the death camps they will use either poison gas or Guillotines to kill the people, and then dispose of their bodies in a crematorium at high temperatures. Some of My faithful will be martyred for their faith, but the rest will be protected by My angels at My refuges. You do not want to be at your home when these killers will come to get you. My angels will warn you at the appropriate time when to leave your home for a refuge. My angels will make you invisible so the evil ones will not be able to harm you. Trust in My power and everything will be provided for you. Have no fear, but trust in My care for you."

Thursday, June 12, 2008:

Jesus said: "My people, you are all My little ones and I love you dearly. All of you want to have peace and love in your heart as the flowers in this vision, but there are situations that can test you and that is driving situations and answering phone calls. The proper loving response should be to be courteous and helpful as much as possible. In driving you may be annoyed by slow drivers or those that cut you off or make dangerous movements around you. Some may even hit your car driving or dent your car with their doors. It is difficult to be loving in these situations, but do not let road anger make any event worse than it is. Drive defensively and allow others to go ahead without being selfish. On the phone you deal with people selling things or campaigning that can be annoying when you did not ask for these things. When you answer the phone, you need to be more charitable in your response, and understand the person on the line may be just doing their difficult job. Being understanding may be a challenge when you may be interrupted in your work, but think first of the other person's need than just your own selfish use of your time. By being more loving in interacting with people, you will be sharing your Christian love, and be a positive witness than one who may be disturbed by the behavior of others. This may go against your earthly desires, but each of these situations are an opportunity for grace, a sin of omission, or unintended anger. Be careful of how you react to life's challenges so you may not regret a hasty response later."

Prayer Group:

Jesus said: "My people, this vision of a crucifix against a blue sky is indicating how many in the Midwest need some prayers for the rains and tornadoes to stop so they can deal with the flooding and the destruction. Many farmers are seeing their livelihoods threatened by floods which are killing their crops and are leaving their fields too wet to work with their tractors. With a fair percentage of crop failure, food and grain prices will continue rising with possible shortages. Farming is at the mercy of the weather, which is why they need prayers for good weather."

Jesus said: "My people, with higher grain prices and corn being scarce, it would be better to use the corn for food, and use alternate organic waste products for the ethanol feedstock. By using discarded organic waste products, the feedstock would be cheaper and it would not consume usable food for ethanol. You will have more threats of famine coming, so you need food more than ethanol. It would take some retooling of the proposed ethanol plants, but saving fuel could still be helped by using cellulose adaptations without affecting food demands. Pray for your scientists to make cheaper and less energy consuming fuels."

Jesus said: "My people, you have had cheap fuels for a number of years and your demand for fuels and electricity have been increasing without much concern about conservation or more fuel efficient vehicles and motors in industry. Now with increasing demand from China and India to power their new economies, the available amounts of fuel are not able to keep up with this demand. If your world nations do not want to cut back on their demands, then your prices will rise too fast, shortages may occur, and possible wars could start over these natural resources. Pray that your nations work out some compromise for apportioning oil supplies fairly, or your oil supplies could be threatened."

Jesus said: "My people, America does not have a real energy plan to provide more oil or fuels for electricity. There is not an endless supply of fuels that would allow more demands of energy to be increased. America needs to quickly think more about conservation in using less fuels together with gaining fast access to new oil supplies from oil shale or other drilling areas. America, China, and India are too dependent on fuels to run their economies, and fast solutions need to be put in place immediately. Pray for a peaceful solution to your energy crisis, or you could be facing wars for oil."

Jesus said: "My people, the one world people know full well how vulnerable America is in requiring fuels for your vehicles and electricity to run your homes and factories. They will use these weapons against you to control you in requiring chips to

buy and sell fuels. Without fuels and electricity they could bring your economy to a standstill with no travel. This is what they will use when they declare martial law for their takeover. This is why you will need some alternative fuels and bicycles for travel and energy needs in your homes. Be prepared with some food supplies, and be ready to leave for My refuges when martial law comes."

Jesus said: "My people, you may be aware of various annual meetings of the one world people as they influence many governments around the world. Their plans are moving ahead quickly to form continental unions as the North American Union. They are controlling your candidates for president and your Congress people, so they could implement martial law by creating a deadly set of incidents for an excuse for an emergency takeover. This is why I have warned My people to be ready to leave for your refuges at any moment because the one world people are close to their time of takeover. Pray much for everyone in whatever crisis they will cause."

Jesus said: "My people, starting a world war over Iran could be one option in the options of the one world people to bring a man of peace into the world. This Antichrist could claim to be a savior of the world to bring peace, but he will become a tyrant ruler which will make things even worse than before. Trust in My protection with My angels and have no worries because I am stronger than all of these evil ones."

Friday, June 13, 2008: (St. Anthony of Padua)

Jesus said: "My people, you have been reading about My prophet Elijah and how he had to hide in caves to be safe from his persecutors. I tell you, My people, that you too will have to leave the comfort of your homes and be led by My angels to refuges of My Blessed Mother's places of apparition, places of holy ground, and caves. You will be protected and fed just as I provided for Elijah in his needs. My messengers and prophets of today will be persecuted the most, since the evil ones know who you are, and they will try to keep you from spreading My messages. Your messages are a warning and an encouragement for souls to come to Me to be saved before it may be too late, and souls could be lost to the evil ones. See to it that every day, you have been graced with, is another opportunity to save souls in your prayers, speaking, and getting out My Word to everyone."

Jesus said: "My people, you are seeing unusually heavy rainfalls over the same area in the Midwest along with many tornadoes. Because of this heavy continuous rain, there have been numerous floods along the Mississippi River. Some people have noted that these levels are setting records since this has not happened in many years. I have told you before when you see

weather patterns come over the same area repeatedly, that this is a sign that the HAARP weather making machine is at work. When your tornadoes are more frequent and more violent, this is another sign that the HAARP machine is being used to enhance these storms. The HAARP machine uses high powered microwave beams from multiple antennae to direct the jet streams and control the weather. These machines are part of the one world people's plans to cause emergency situations that could be used to establish martial law. Pray for My protection from these evil ones who will use any excuse to cause martial law and a takeover of America. Should martial law be declared, call on Me and My angels will lead you to the nearest refuge of protection."

Saturday, June 14, 2008:

Jesus said: "My people, these farmers in the Midwest in the vision are feeling frustrated with their crops being destroyed by the floods. These financial losses will affect everyone's food prices and could even cause food shortages if these problems persist. So all Americans should have an interest in helping the farmers. Now is the best time to pray for a normal rainfall after the floods have dried out, so farmers can try to salvage the rest of the growing season. Not only should the farmers pray, but all Americans need to pray for an end to the flooding. Without your grain supply, many of your foodstuffs made from grain will become higher priced and possibly in short supply. You remember when Florida's governor prayed for a stoppage of the fires. Well now even your officials in these flooded states may want to pray also for an end to this flooding. America is being humbled with natural disasters, but see this as an opportunity to help each other, and the need for prayer in your lives."

Sunday, June 15, 2008: (Father's Day)

God the Father said: "I AM came today to bless all of the people at Mass, especially all of the fathers in taking care of their families. It is sad with divorces and living together that too many children are being raised without father images. All fathers need to call on My help in keeping their jobs and supporting their families both financially and spiritually. The women are usually more religious, but the fathers should make more of an effort in coming to Sunday Mass, and praying every day. In the reading it is mentioned how I brought the Israelites to the promised land in the Exodus. I am the same protector of My people today and I will be there to provide for you and protect you in the coming modern day Exodus during the tribulation. Consider this day as one of My feast days because many tend to forget Me in their prayers. It was My Son, Jesus,

who taught you to pray to Me in the 'Our Father' prayer. I brought about creation of all that you see before you. So remember all Three Persons of the Blessed Trinity when you are praying to God."

Jesus said: "My people, you are seeing a darkness over New York City indicating a night scene, but also an absence of power to run the lights. There will be some strong storms around New York that could cause a power outage. You have seen several blackouts in the Northeast and the weather this year has been very severe. The fireworks were sent off near July 4th for some light and a comfort to the people that all was normal. These natural disasters are happening frequently, and you have seen power outages before with lightning striking power transformers. These events will continue to threaten America along with terrorism attempts. Be prepared this year for many trials that everyone will have to endure in prayer."

Monday, June 16, 2008:

Jesus said: "My people, at times people are a little down, as King Ahab, when they cannot have their own way. It is the devious behavior of Jezebel that is an evil response to this situation with Ahab not getting his vineyard. To trump up charges against your neighbor and have them killed for your own gain is truly evil and worthy of My judgment against such people. You already have less severe laws that allow governments to condemn someone's land and sell it to developers to make more property taxes. This method of making up false stories for people to start wars has been the standard ruthless behavior of the one world people for almost every war that you have been involved in. This is why people should be more against war, or at least seek to examine the truth of the causes. In the Gospel I asked My people not to fight these evil ones, but leave their judgment up to My justice. In the same way, let My angels protect you and I will destroy the evil ones in the coming tribulation. Be always loving and do not let Satan disturb your spiritual peace."

Jesus said: "My people, you have seen various people who have been given special gifts. Some can speak to the souls in purgatory; some converse with angels; some have inner locutions or apparitions; and some have gifts to talk with the deceased. You have read books about messages from the souls in purgatory, and these souls have no evil, nor can they be influenced any longer from demons. Pray for people who have such gifts that they can discern any demons trying to pose as souls in purgatory. In this same book the old lady could tell the difference in one account when demons came to her. You also know of people with locutions and apparitions. Again My Church is cautious in testing all visionaries and the authenticity of

their messages. Every time that you receive a message, you need to test the spirit for the truth. Gifts to receive messages from the deceased at their funeral are another openness to receive the last words of that soul to their family. At times you also receive a knowledge of where they are being judged. All of these gifts are a help to understand My judgments, and how souls do go to heaven, purgatory, or hell when their body dies. Your soul lives on forever because it is immortal, but your body only lives here a short time and dies. Follow My Commandments and give yourself over to My Will, and you will find your reward in heaven."

Tuesday, June 17, 2008:

Jesus said: "My people, you are now enduring the seven seals of Revelation which includes the four horsemen of Revelation (Chap. 6). You have seen some wars and worse ones are to come. In addition to this red horse of war, you will soon see the black horse of famine and the pale-green horse of pestilence. Other seals involve the martyrs for their faith, and great signs in the sky that will bring earthquakes and comets. The last of these seals is the sealing of the crosses by My angels on the faithful on their foreheads. This is the cross that you will see on My faithful people during the tribulation. The coming trumpets of My angels will be the most severe with the destruction of two-thirds of humanity and the coming of the two witnesses. These are the ominous signs that you are seeing that are being carried out according to St. John's prophesy. Many people dying in these natural disasters in America, China, and Myanmar are a punishment for abortions, homosexual acts, and trading in human flesh. Floods, fires, earthquakes, and typhoons are the instruments that could bring about famines and pestilence that you will be seeing more of in the future. Nations have to be cleansed of their sins, even as people need to be pardoned of their sins in Confession. Be prepared for these events that are leading up to the declaration of the Antichrist in the time of tribulation."

Jesus said: "My people, the flooding in the Midwest still has to travel down the Mississippi River where there will be further damage. Some water levels are going down, but with the present saturation, it may require a month or more to dry out. Every storm that comes through now will postpone any drying out. If the farmers cannot harvest what is left, then their losses could even be higher. Continue to pray for drier fields and less rain so there will be something left to harvest. Many farmers cannot afford these large losses, so they will be coming to the taxpayer to try and get enough subsidy so they can plant again next year. Not only will the farmers take some losses, but your people will be suffering higher food prices where your crops are

affected, as well as some shortages. You are seeing the growing potential for the coming world famine as continuing natural disasters are occurring all over the world. Pray to Me for your needs and I will be at your side to provide for you."

Wednesday, June 18, 2008:

Jesus said: "My people, the Gospel today is trying to teach you humility and not to be seeking fame and notoriety. I talked about some people who perform holy acts purposely in public to be seen, but their hearts are far from Me. These people have already received their reward here on earth. Some people perform their actions for their own benefit, instead of performing them for Me and My greater glory. When you do things out of love for Me than just for yourself, you are truly not far from My Kingdom of heaven. All of your prayers in private and your deeds done to please Me, will store up treasure in heaven. The saints always felt that they were unworthy servants doing only their duty. Being humble in My eyes is part of leading a holy life. Daily prayers and good deeds are your daily love offerings to Me. When you work to be holy in imitating My life, you will be walking the narrow road to heaven. I love My faithful even more when you follow My Will and allow Me to accomplish My mission for your life. Give praise and glory to Me in all that you do."

Wednesday, June 18, 2008:

Jesus said: "My people, finding the fuels to make electricity and power for your factories relies more on natural gas and coal than it does on oil. Oil is being used to make petrochemicals and gasoline with tars and asphalt as by-products. Gasoline is an important mainstay in your transportation in powering trucks and your cars. It is only because of the higher cost of crude oil that it is making alternative fuels more affordable and giving options to crude oil. America would like to be energy independent from buying so much crude oil abroad at a high price. It would be quicker to utilize existing technology to be able to acquire more oil by off shore drilling. As the demand for oil increases more than the supply by the producers, there could be financial reasons for some countries to take over oil states by military force. This could come about before enough alternative fuels could be provided in sufficient quantity. It is this long term time that will be needed to make more fuel alternatives available that is the problem. If countries are not patient, and nations do not implement viable energy plans in time, you could see more financial upheavals or out right wars over the available

supplies of fuel, especially crude oil. Wars will only play into the hands of the one world people who use wars to control countries. Pray for peace and that such wars do not start or these fuels could be destroyed or disrupted causing even worse turmoil."

Thursday, June 19, 2008: (St. Romuald)

Jesus said: "My people, your bishops do more than confirm young adults with Confirmation and ordain priests with Holy Orders. They are the shepherds of My flock and they need to give good example by encouraging the people in their faith. In today's Gospel I taught My disciples how to pray the 'Our Father' prayer. My bishops need to encourage a good prayer life, and encourage Adoration of My Blessed Sacrament. With more faithful adoring Me, you will see more vocations to the priesthood. It is difficult to carry out the needs of My Church without enough priests to take care of the individual parishes. By prayer and Adoration you can encourage more vocations, and this in turn makes the bishop's job much easier. In some dioceses the priest shortage is causing parishes to be combined, or even closed in some instances. Continue to pray for your priests, your bishops, and all of those who are training for the priesthood. Priests are needed to help administer the sacraments and to lead the people in their faith."

Jesus said: "My people, this hour glass, that is completely full of sand on the top and bottom, is a sign to you that the time to go to your refuges is near at hand. The symbol of sand represents the holy ground of My refuges that have been consecrated to Me. You are beginning to see the threat of a world famine coming about with all of the natural disasters that are occurring. Eventually, you will also witness a division in My Church between the schismatic church and My faithful remnant. You are seeing microchips being forced on you in your passports and in your driver's licenses. This is a precursor for the evil ones to try and force chips in the body on everyone. When you see these events come about with martial law, then call on Me and I will have your guardian angels lead you to the nearest refuge of Our Lady's places of apparition, places of holy ground as this home, and caves. Angels will protect you at these refuges, and food and water will be multiplied for everyone. You will see springs of water and a luminous cross over every refuge. Do not be afraid of the evil ones because My angels will defend you without weapons being needed. When you come to My refuges, think more of saving your souls instead of preserving any wealth or possessions that will rot away. During the tribulation, which is close, it will be My mercy and protection that will save you from the evil of the Antichrist.

This refuge and others will provide for all of My faithful."

Friday, June 20, 2008:

Jesus said: "My people, there are two core parts to every Mass in the reading of God's Word and the consecration with the receiving of My Body and Blood at Communion time. In the same way you reserve two special places, My tabernacle that contains My Hosts, and a place to hold the book of My Word. In the Jewish synagogues there was a special place to put the Torah scrolls. In the Gospel it speaks of a sound eye which really means someone that has the eyes of faith in order to see life in a spiritual light of how I want you to live. My Word is your Light to follow so you can imitate My life and follow My instructions of how to live a good Christian life. It is this Light of My Word that will always dispel the darkness of evil in this world. Each of My faithful have My Light in you and you are sent into the world to dispel this same darkness with your word and good actions. The more you do for Me in evangelizing others, the more treasure that you will store up in heaven, and the more souls that could be saved. Love Me in My Real Presence in My tabernacle, and love Me in the Light of My Word in Scripture. These are your true treasures on earth."

Jesus said: "My people, you have been blessed to experience this cross on the window, and there are very few of these manifestations now. At the tribulation time you will see these luminous crosses at all of My refuges to give you hope in My Light. Give praise and glory to God for these gifts, and there is a special grace for all who visit these crosses, and a grace for those who own these homes."

Jesus said: "My people, I am weeping for the many souls who by their sins are causing Me to suffer more on My cross. Seeing these tears and many other manifestations are a small way of My acknowledgment of Robert's faithfulness to Me in his mission of evangelizing souls. Many souls, who have come here in faith, have been healed not only in their bodies, but also in their souls. It is the conversion of the souls of sinners that should be Robert's most rewarding joy to see Me working through his ministry. As with all healings both of soul and body, you should give glory and thanks to Me for all of these gifts. Robert needs to continue his ministry as long as he can because his faith and work please Me very much."

Saturday, June 21, 2008:

Jesus said: "My people, this vision of fire and water can become the blessing or the curse as the people of America choose in their actions. Without a change of heart to stop your wars and abortions, you will see a continuation of the natural

disasters that are all around you. The fire can come as fires in your places of hard droughts where you have seen millions of acres burned in the last few years. The water could come in violent thunderstorms which could cause more flooding in the same areas. If America hears My Word and repents of your sins, especially a stoppage of gay marriages, then the fire could become a blessing of the tongues of fire from the Holy Spirit. With repentance you could see the blessing of water in the Baptism of conversions and the proper amount of rain to prevent droughts and floods. America has this choice of life or death before you in your free will as a nation. I can only encourage you to choose life, or you will curse the darkness."

Sunday, June 22, 2008:

Jesus said: "My people, in the Gospel I have told you not to be afraid of anything or anyone. If you have Me with you, who could be against you? You can trust in My help to protect you from all of the evil ones. I have called you to beware of demons or people who can mislead you into sin that could endanger your soul in falling into hell. When you are tested, call on My Name, Jesus, to take away any temptations of the devil. I have showed you My walking with My disciples on the road to Emmaus because I was explaining to them the Scriptures of why I had to die for mankind. Adam sinned against God by eating the fruit of the forbidden tree in order to be like a god. This sin and the inclination to sin has been inherited by all of mankind as a result of Adam's sin, and this is original sin that is forgiven in Baptism. But you still have also inherited a weakness to sin. This is why you needed a Savior in Me to come down to earth and die for your sins so you could be released from the bondage of your sins. By My death on the cross, you now can be forgiven in Confession so your sins are cleansed and grace can be returned to your soul. This is why this explanation for My coming is so important to your spiritual freedom both in this life and the next life in heaven for the faithful. Give praise and glory to God for My saving act that allows you the opportunity to be saved from your sins. Follow My Commandments and My Will for you to follow My mission. Accept Me as your Savior and repent of your sins, and you will have your eternal reward in heaven."

Monday, June 23, 2008: (celebrated St. Peter and St. Paul)

Jesus said: "My people, St. Peter is the rock that I appointed as head of My Church when I gave him the Keys to the Kingdom. He was granted the grace by the Holy Spirit to know that I was the Son of the Living God in the Messiah, foretold in the Scriptures. It was difficult for him when he was tested

with his life, and he denied Me three times. It was this vision at the Sea of Galilee where I forgave him, but I also tested him in asking him if he loved Me three times for the three times that he denied Me. My faithful also are tested in life and some harder than others. So even if you fall into sin by your weakness, be faithful to Me in saying that you love Me and are sorry for your sins. Once St. Peter received the Holy Spirit and St. Paul was converted, they became great missionaries and evangelists of My Word. So also with My faithful when you have received the sacraments, you should be on fire to share My love and My Word with everyone in seeking to save souls. Love Me and work on your mission every day and you too will receive your reward as St. Paul proclaimed in his epistle. He finished the race and kept the faith. Now he has received his crown of sainthood here in heaven with Me."

Jesus said: "My people, you are seeing many miracles of healing both in the body and the soul. I have told people that only those who come to Me with a child-like faith are the ones who will enter into heaven. Many such faithful people come to this tree in search of healing. When you have faith that I will heal you and faith that I can heal you, these are the innocent souls who receive the healings. The people here have many testimonies and pictures of those who have been healed. Continue to share with others how My glory is served by My granting of these miracles. Such witnesses of healing enhance the faith of many who hear these stories. Give praise and glory to God for all of the healings that are happening at this olive tree and with the leaves in the oil."

Tuesday, June 24, 2008: (Birth of St. John the Baptist)

Jesus said: "My people, you have celebrated feast days of St. John the Baptist and he was My herald. Even from the womb he stirred in St. Elizabeth at the greeting of My Blessed Mother when I was in her womb. This reading at St. John's birth is when St. Zachary wrote 'His name is John.' and then he was allowed to speak again, and he gave his Canticle that is read in the morning of the Liturgy of the Hours. This vision of going down in an elevator is about the Scripture passage where St. John said that 'He must decrease, while Jesus must increase.' St. John heralded My coming in the desert and once he pointed Me out as the 'Lamb of God', his mission was nearly over. This is a spiritual message to all of My faithful, because in order to be perfect as a saint to enter heaven, you also must decrease. Some people put themselves first in this life before Me. But I am asking you to let Me be first in your life by giving over your will to My Divine Will. This means you must deny yourself so I can lead you in your mission. Without the denial of self,

you are getting in the way of My using you for a special mission that will save your soul. I always called out to My disciples to 'Follow Me'. How can you follow Me if you run off and do your own thing without listening to My Word of discernment? So listen to My call and consecrate everything over to Me, and you will find the crown of sainthood awaiting you in heaven."

Irene said: "I want to give a proper good-bye to all of my friends and family. I love all of you so dearly, even if you thought that I did not show it outwardly. I will miss being with you, but I am in a peaceful place without any pain. I see that it is important, especially now, to encourage all of my family to attend Sunday services in giving worship to God. I am sorry that I did not stress this enough while I was alive. Please pray for me as I was greeted by Leroy and all of our deceased family members and friends."

Wednesday, June 25, 2008:

Jesus said: "My people, as you look in the mirror, you can see your actions and judge for yourself if you are witnessing to the good works and fruits of a good tree of faith. If you are not showing good fruits in your actions, then you need to change your evil ways and reach out to help others without holding back any help because of any selfishness. When you spontaneously go forward and help someone without being asked, then you are letting go of your selfishness, and are willing to share your time and money. Your good fruits will be a witness that you are sharing from your storehouse of good works from the heart. If you refuse to share your works, and refuse to share your love with Me and your neighbor, then you will be the rotten tree that is only worthy of being cut down and thrown into the fire. Be always open and let go of any inhibitions that prevent you from fully sharing with others."

Our Lady said: "My dear children, I am happy to see so many of my children here honoring the anniversary of my apparitions at Medugorje. Continue to pray your rosaries every day for my intentions. Especially pray for peace and an end to your wars. Also pray for the conversion of sinners in your country because it is hard to hold back my Son's hand of punishment. You have been given many messages from my apparitions, but you are not listening or following what I have requested. If enough prayed to stop wars and abortions, you could see miracles of conversions. Your people of America need to repent of their sins and confess them to your priests in Confession. Pray and ask my Son to double your prayers because the weight of your sins are outweighing your few prayers. I love all of my children and my mantle of protection is over this place of prayer."

Thursday, June 26, 2008:

Jesus said: "My people, in the Gospel I told the people that it is not enough to just call My Name to be one of My disciples. To be one of My faithful you must hear My Word and act on it from your heart. This means every day you should consecrate yourself and all that you have over to Me so that you are following Me in all that you do. By daily prayer and doing good works, you can truly witness to your love for Me and your love for your neighbor. You need to also share your gift of faith by teaching others and your family in evangelization. Your children need to know their prayers and attend Sunday Mass by your example. In life the children will also need a good prayer life to carry them through their trials. Be always prepared for your judgment with frequent Confession, and when you die, I will welcome you to heaven. Those, who refuse to know and love Me in their actions, will be condemned to everlasting fire."

Prayer Group:

Jesus said: "My people, you have the evil one world people planning the demise of America and the rest of the world in a new world government. This evil beast along with Satan are awaiting My word to allow them a short reign of the Antichrist. Do not follow any false christs or any world leader who will promise a false peace and security. The one world people are planning further wars to implement this takeover in the new world order."

Jesus said: "My people, these central bankers and masons at the high levels are the one world people who are exhorting their puppet leaders to take My Name out of every public place. This is the beginning of the persecution of My disciples, and they will use every means to bring about their control over you. They will use false hate crimes to imprison those who are doing any work against abortion or homosexual marriages."

Jesus said: "My son, remember to do your novena for this new DVD and I will give you the strength and persistence to bring this about. My people need to see the power in My Real Presence that will be needed to do battle against these evil ones. Trust in My power of the Eucharist to give you holy priests in new vocations and allow them to lead My people and prepare them for the coming tribulation."

Jesus said: "My people, the battle of the evil ones against My chosen disciples is beginning to increase in intensity, and it is spreading all over the world. Evil will have a brief reign, but I will protect My faithful at My refuges with My angels of protection. While you are praying at My Eucharistic

Adoration, the evil ones will have difficulty in pursuing their takeover of America."

Jesus said: "My people, I want you to take some special time each night and pray a vigil of prayer to stop all of the wars going on in Iraq and Afghanistan, and pray in earnest that a war does not break out in Iran over nuclear weapons. I can only try and emphasize to you how important this struggle is to stop these wars. Offer up all of your Masses and Communion as well for this intention. The rosary is your great weapon against Satan and the evil ones behind these wars."

Jesus said: "My people, you need to have your backpacks ready and full of your necessities as the time to go to your refuge is growing close. Those, who have been directed to prepare interim and final refuges, have been told to have everything ready by this year. You need to pray also for My help and call on My angels when you see the sign that it is time to go to the refuges. Once My word is given, do not hesitate to leave your houses for My refuges."

Jesus said: "My people, in the coming tribulation do not be fearful of the evil ones, but trust in My power that I will bring My victory over all of these evil ones. With Me all things are possible, and I will perform miracles to protect you at My refuges in ways that you never thought were possible. Keep My peace in your soul and be confident that I will guard your souls and bodies from all harm with My angels. Rejoice in this time that will soon give witness to My victory over Satan, the Antichrist, and all the other evil ones in this world."

Friday, June 27, 2008: (St. Cyril of Alexandria)

Jesus said: "My people, in the Gospel you read how I cured the man with leprosy. The act of even touching a leper was considered unthinkable, as lepers had to shout that they were 'unclean' to anyone who approached them. This disease in My time was incurable and contagious to touch someone. As a man I was not only free of sin, but I was free of diseases as well. The cured man then had to show himself to the priest so he could be allowed back into the society when he had no more signs of leprosy. In your day you need to go to the priest in Confession in order to be healed of your leprosy of sin in your souls. Then once you have received absolution, you could be declared clean again of your sins. In both cases I am the Healer of diseases and of souls. This is why many sought Me out for healing in My day, and sick people of today also pray to Me for healings of body and soul. Repent of your sins and ask for My forgiveness, and you will be restored to proper spiritual health."

Jesus said: "My people, I have alerted you to the battle

against the evil one world people who get their marching orders from Satan, himself. This is just one of these meetings of the one world people as they receive their demonic plans for war and takeover from the devil and his demons. These are the same people planning your takeover by destroying your economy and your military. They are forming the continental unions to give them over to the Antichrist when I allow his declaration. These are the same leaders that I have shown you before that will be double-crossed by the Antichrist when he will replace them with even more evil men. They will all be killed as the suicide payment for having their wealth and power. These takeovers will take place and My faithful must find your protection with My angels at My refuges. Rejoice once you see the Antichrist come into power, because you know that My victory is not far off. Pray that I will protect your souls from any temptations of these evil ones."

Saturday, June 28, 2008: (St. Irenaeus)

Jesus said: "My people, you are reading the Lamentations of the Israelites during the Babylonian Exile when My people had to suffer as a result of their sins of worshiping other gods and idols. Now, America is also lamenting all of the damage due to the floods in the Midwest along the Mississippi River, and all the fires in California. Your people also are worshiping other gods and idols in your sins of abortion, living together in fornication, and now in homosexual marriages. How long do you think that I would tolerate your sins? You are calling down My judgment against you, even as the Israelites had to suffer because of their sins. America's suffering is only beginning because you will see worse natural disasters and continued financial hardships. Repent of your sins and change your sinful lifestyles if you want to be free from this punishment that you have called down on yourselves."

Sunday, June 29, 2008: (St. Peter & Paul) (Fr. Don McCarthy's 50th Anniversary of his Ordination)

Jesus said: "My people, today's Mass honors St. Peter and St. Paul who were major disciples that were instrumental in starting My Church. St. Peter was the first pope in succession of popes, and St. Paul opened the Gentiles to receive the faith as well as the Jewish nation of Israel. Down through the years these two men have inspired many to follow Me by their words in the Scripture. This feast day is a tribute to all of My clergy who are hard at work evangelizing sinners and providing Mass and the sacraments to feed all of My faithful. Fr. Donald McCarthy has a beautiful tribute for helping My flock in the fifty years of his service to Me and the Basilian Order. He also has been a

great help in carrying out your mission as your spiritual director. You heard of the many years of service in his teaching and helping the people in the parishes that he assisted. All of My priests need to follow his example, and My faithful need to be thankful for all the priests that serve you every day. Pray for My priests that they remain faithful to their vocation, and call on My angels to protect them from the temptations of the evil ones."

Monday, June 30, 2008: (Pat Miller's funeral Mass)

Pat said: "I want to tell Myles and my children how much I love them and thank them for all of the many years of caring for Me. As you can see in the vision, I am with Jesus, the angels, and all of my Right to Life friends. Thank you for sharing many years at your prayer group meetings. I will be watching over all of my family, so call on me as I am constantly praying for you. When I was alive, I still wanted to care for people, even beyond my infirmities. Thank all of you for coming to my wake and funeral. God will reward you for all of your kindnesses to me."

Jesus said: "My people, many of your churches are showing the effects of modernism in shedding many of your traditions and ornate looking churches. By removing the statues, and placing My tabernacle outside of the main church in a back room, you are seeing less reverence for My Blessed Sacrament. The most targeted attacks of the devil are focused on removal of My Blessed Sacrament and reverence for My Real Presence. This is why they hide My tabernacle from the people, and encourage you to stand at the Consecration and receive Holy Communion in the hand while standing. If you truly believe that My Body and Blood are present in My consecrated Hosts, then you would genuflect in front of Me and receive Me on the tongue with bowing or kneeling to show your reverence for My Real Presence. Educating the people about Adoration is why I want you to pray and work on another DVD so My people can understand the teaching of My Body and Blood that is present under the appearances of bread and wine. Pray that My faithful will come to know and understand the transubstantiation that goes on at the Mass during the Consecration."
