

Saturday, March 1, 2003:

Jesus said: "My people, I am using this image of a large diesel truck as a means to show you the difference between My ways and your ways. Everyone is given a choice to follow Me in My Divine Will or to be stubborn and follow your own earthly will. When you force your own will on people, regardless of their situation, then you are like driving this large truck right over everyone. It is this selfish motivation instead of love that causes differences and even anger at your actions from others. This is why you are having so many wars because America is forcing its will on the rest of the world. Then you wonder why other nations do not want to agree with you. This is the same in your personal lives as it is with nations. There is also a matter of justice as well that balances mercy. My justice holds everyone accountable for their sins, but I have died to make reparation for them. Each person needs to make the first step of seeking My forgiveness in order to heal your offenses. It is the apathy to your sins that will send people to hell. There is human justice based on My Commandments, but man has changed My laws to fit his own convenience like abortions. My justice is based on love, but man's justice comes with too much revenge. There are proper rules to be followed to have a civilized society, but when My laws are changed to protect the rich or other evil agendas, then your society's morals are being warped. Follow My Will which is based on love of God and love of neighbor and you will see that peace is possible among your neighbors."

Jesus said: "My people, I am showing you this boxing arena because every day you have to do battle with the evil one. Just as the boxers start out every new round, you face each new day as another round between good and evil. You need to make decisions every day for every action. In order to face the evil one's temptations, you have to know your strengths and your weaknesses. You know if you are quick to anger, that the evil one will test you in ways to bring on a rage. Use your strengths in My power and grace to help you prepare for these temptations. If you are weak in eating habits, alcohol, or drugs, then you need to work on removing these addictions from your life. You have to anticipate your opponent's punches spiritually in order to avoid falling into sin. By training and preparing in your spiritual life with daily prayer and fasting, you will be strong enough to last the days of your life in fighting the devil. You can only win with My help and that of your guardian angel. So do not be prideful in thinking that you can fight the devil on your own. When you have fought the good fight and won your battle, then I will welcome My faithful to your reward in My peace and love of heaven."

Sunday, March 2, 2003:

Jesus said: "My people, the poor will always be with

you and they provide many opportunities to help them with their food and their shelter. These copper coins in the vision remind you of the widow's donation to the Temple treasury. No matter how poor a person is, they can still make a small donation to support My Church. Those, who are well off, need to make their own tithing donations to help the Church and the poor. It may even be easier to donate to your local charities where you can see that your money is used to most benefit the poor instead of the fund raisers. It is a fraud for such fund raisers to keep such a high percentage of their collections when little is given to the cause for their fund raising. Your people are right in demanding more of an accounting of such organizations. Your donations of money should also be supplemented by your volunteer help in time to help those in need. As you approach Lent this week, you can focus more on showing your love for your neighbor."

Monday, March 3, 2003:

Jesus said: "My people, your life is like driving a car through a road full of potholes. The potholes represent sin and as your car suffers punishment from hitting one, you also suffer punishment for your sins. Once you have hit such a hole, the damage to your car makes you more cautious not to hit another hole. In the same way once you suffer from committing a sin in the guilt and consequences, you should learn from your mistake and avoid this sin the next time there is a temptation. The reason, that you see Me in front of each pothole or sin, is because in addition to breaking My Commandments in sin, you are offending Me as well. Not only do you want to avoid the punishment for sin, but you are breaking your love relationship with Me by slapping Me in the face with your sin. So you cannot rush through life seeking all of your pleasures and comforts, or else you will run into all of these potholes of sin. You need to slow down and drive through life carefully and avoid sin and avoid offending Me with all of your earthly desires. By placing My love before your concerns, then you will be able to avoid sin and enjoy your reward of My peace and love wherever you are. You can also help those around you to avoid sin by letting them follow you around the potholes of sin in their lives too."

Jesus said: "My people, as you are about to start your Lenten devotions, I want to give you some examples of how to improve your prayer life. Some pray their daily rosaries and this is a daily bouquet of spiritual flowers for My Blessed Mother's intentions. Others pray the Liturgy of the Hours that include three psalms in each service. You can also take a Bible and read three psalms a day and possibly a few pages a day of Isaiah as well. Prayer is a way of communicating your love to Me and it also will give you peace of mind as you dwell on your praises of Me. Instead of rushing through life on your own, take time to listen to

Me so I can lead you by following My Divine Will. Fasting between meals is also a proper Lenten devotion. Many like to do a little penance for themselves like giving up sweets and desserts or giving up smoking. In addition if you catch yourself swearing, you may want to work on restraining your tongue for Lent. Your penance should be something that you like or giving up a bad habit, so you can improve your spiritual life. By focusing on your faults and working on them with My help, then this Lent will help you on your road to perfection and ultimately to heaven."

Tuesday, March 4, 2003:

Jesus said: "My people, when I come in judgment, will you be ready to meet Me and make a full accounting of your life? This time will be like the story of the five wise virgins who prepared for the wedding feast with plenty of extra oil for their lamps. The five foolish virgins were lazy and did not prepare enough oil. Once the wedding feast began, their lamps went out and the wise virgins told them to go to the dealer for more oil. When they returned, it was too late and the bar of the door prevented their entry. It will be like this for all souls who have had an opportunity all their life to come to Me as their Savior and seek My forgiveness. The wise faithful have followed My ways of love of God and neighbor and they praise Me in prayer. The foolish earthly people are lazy and taken up only with worldly things and have violated My laws with no remorse. These foolish ones will not enter heaven and suffer forever in the flames of hell. The faithful will be welcomed into heaven to feast at My wedding banquet. So prepare today, for you may never see tomorrow. This Lent ask yourself if you are more like the wise virgins or more like the foolish virgins. Then you will understand your judgment."

Jesus said: "My people, in years gone by many products were made to last a long time with sturdy materials. As manufactures now want to sell more products, they build in obsolescence into everything in cars, computers, houses, and even roads. By making you buy things more often, they hope to gain more money. In your spiritual lives man wants to take short cuts as well. Some even want heaven given to them freely without concern for following My Commandments or suffering of any kind. Another aspect parallel to today's cheaper, short lasting products, is that some only concentrate on things that will pass away than on things eternal. This life is over quickly, but eternity begins after your death. Better to choose heaven by your actions so you can spend eternity with Me and you will enjoy My everlasting peace and love. Those, who only seek short lasting earthly things, may suffer eternity in the everlasting flames of hell. Choose things that will endure both in this life and the next."

Wednesday, March 5, 2003: (Ash Wednesday)

Jesus said: "My people, I have told you before to watch the skies for great events as omens of things to come. This vision of planets, moons, and other objects coming close to each other, is a sign of a major event about to occur. The earth will be affected by these events and there could be some dramatic events that could change the earth from how you know it. Man was created out of dust and unto dust you will return as the body is mortal and corruptible. At the beginning of creation the earth went through major transformations. Now, again you will see changes that will frighten man and there will be no doubt that I am in charge of things. All of your scientists and false theologians will be shaken by these events and they will be humbled by My power. If you doubted My means of creation, you will see how all of the heavens obey Me, just as I calmed the storm on the sea."

Jesus said: "My people, your military is always ready to unleash all of its latest weapons during your recent wars. This electronic emission bomb sends out a shock wave of radiation that inactivates cars and anything run by microchips. In a war situation it would inactivate missiles, tanks and trucks so they could not run. Sensitive parts of man's brain and your hearing ability could also be impaired. The devastation planned for this war is on a larger scale than the previous Gulf War which involved even more troops. Your president talks of war as his last resort, but in reality it is his only choice that he has desired from the beginning. America is taking this war effort on nearly alone and it will become a heavy burden to make a change in Iraq's leadership and then rebuild it. By going against the UN, many will interpret America as an aggressor nation only intent on its own interests. Already many Congress people are questioning how much this war will cost both financially and in American lives. The longer the war is put off, the more resistance that will form against it. Even My pope son is making a last desperate attempt to stop this war. Pray and trust in My ways than using war to have your own way by forcing it upon people."

Thursday, March 6, 2003:

Jesus said: "My people, during Lent it is what you do in your actions that will determine if this season will help your spiritual life or not. Fasting between meals and trying to curb your bad habits must come from the heart and your intention to do better than just going through the motions. If you are truly serious about improving your spiritual life, then putting down the kneeler and following My Will is your desire. If you are only satisfied by keeping the status quo without any improvement, then you will not gain much from Lent and your kneeler will stay up. This is also a decision in your prayers that sometimes you pray for your will to be done instead of accepting My Divine

Will. Every prayer should include if it be My Will because I answer your prayers sometimes with a no, since it may not be the best for your soul or another soul. Because I do not answer your prayer under your conditions, do not be offended since you should be willing to accept how life will test you. By focusing on prayer to discern My Will than following your own will, you will be closer to the perfection needed to enter heaven."

Thursday, March 6, 2003:

Prayer Group:

Jesus said: "My people, this is a beautiful portrayal of the saints who are entering heaven through the narrow gate. I am showing you beautifully cut and polished diamonds representing souls who have been perfected in every facet of life. To be this perfect is My desire for everyone, but you can only come to sainthood through My help. It is not possible on your own, but I will do the impossible to heal and mold you. You must be the clay and give your will completely over to My Will."

Jesus said: "My people, in a chess game each side has equal power, but in the proposed Iraq War America has a superior number of weapons. The chess game is being played out in the UN, but the most opposition is coming from those nations profiting from oil and military sales to Iraq. As the ships, tanks and planes are positioned for war, you are seeing that the only intention of this build up is eventual warfare with or without the UN's blessing. This war could quickly become deadly, especially if Saddam is allowed to deploy his chemical and biological weapons. Pray for a minimum loss of life because war appears unstoppable."

Jesus said: "My people, Saddam has had time to fortify his bunkers and protect his weapons from bombs and viewing by satellite. Many munitions have been shipped out and have been taken to other countries. Many will be surprised by his resistance to American troops and planes. The longer this war lasts, the more chance there will be for higher casualties. Keep praying for peace and a removal of all dictators that are controlling and abusing their people."

Jesus said: "My people, you will see some major weapons used that could cause many deaths. As Saddam sees the possibility of being taken over, his last act of defiance will be to set his oil fields on fire. This will be the cause of many billowing dark clouds of pollution that will poison the air over the oil fields."

Jesus said: "My people of America, before you can savor any victory in Iraq, you may be facing terrorism on a scale that you have yet to experience. With potential attacks upon your energy producing plants, you may not enjoy all of your electrical conveniences that you think are normal. Your standard of living has thrived because of the availability of fuels to power your machines. As fuels will become scarce for awhile, you will have to live a lot

differently than your affluence of the past. America will be humbled as much as you are ready to humble Iraq."

Jesus said: "My people, much of the fear of terrorism has been created by the one world people for the purpose of gaining global control over all governments. They control countries through your debts and they are moving to control what you eat, drink and wear. This Homeland Defense is an opportunity for abuse to control people to only believe in the new world order or you will be placed in detention centers. Those, who will not change their views, will be rounded up in detention centers with some killed publicly to scare the population into submission. All of the databases and chips are being readied for everyone. This goal of global control will be brought about after America falls. My people, even if it appears hopeless, remember that I will be the victor in the end. The evil ones will be cast into hell and My faithful will enter heaven to My wedding feast."

Jesus said: "My people, in the spring you prepare your lawns by rolling out the uneven hills from the rising and falling of winter cold and heat. I have promised you that in the end times that I would flatten the hills and straighten the roads. In your spiritual lives I will also take away sin and temptation so a new Era of Peace could reign. Man has abused nature in many ways, but I will restore it to its former beauty. Rejoice that when you see the tribulation and the Antichrist appear, you will know that My victory is near."

#### Friday, March 7, 2002:

Jesus said: "My people, in times of crisis people are drawn to church to pray. This picture of people filling a church is just an example of how I will be bringing you to your knees asking for mercy. As you view this list of dictators, did you ever understand where they received their money for arms and take over of their countries? It is the masons and the rest of the one world central bankers who have funded the communists and every dictator. In order to create wars they need a cause to put down. Without ruthless dictators you would not have a cause for war. These money people profit from wars and the making of arms, and that is why they are more than interested in funding dictators for their next war. Now, they are trying to exploit terrorism and create a rift between Muslims and Christians. This same theme was prevalent back in the days of the Crusaders protecting the Holy Lands. The demonic influence is behind wars and these wars are also a punishment for sin. You will see wars and rumors of wars in the end times and all of these demonic forces are about to encounter My wrath and destruction when My angels will bring about My victory. Pray for My help through these days of tribulation as this war in Iraq could bring about massive deaths and a potential world war."

Jesus said: "My people, everyone gets dirty from sweat

and dirt every day and you need a bath or shower to cleanse the filth away. Even though some desire comfortable accommodations for showers and bath, both the rich and the poor can cleanse themselves if they desire. Those, who avoid showers, start to stink and are not too popular. It is the same with your sins. Everyone is a sinner by your weakness inherited from Adam's fall. Just as you need to take a shower often, so you have the same need to have your sins cleansed by frequent Confession. Those, who refuse to go to Confession and do not seek to be cleansed of their sins, become steeped in their sins and the stench of their sins is repulsive to heaven. You desire to cleanse your body of its offensive odors by showering. So you should seek to be cleansed of the stench of your sins in Confession. Your desire for heaven and a pure soul should even be more important than your showers, so you can put yourself on the path to your eternal destination in heaven."

Saturday, March 8, 2003:

Jesus said: "My people, Lent is not a time of pleasure, but I am asking you to do penance and to suffer some changes in your life in order to improve your spiritual life. Some may want to put a good face on Lent not to let the people despair or feel down about it. Just as I have told you not to change My message in preparation for the tribulation, so My people need to see Lent as a sharing in My suffering. You are fasting as I fasted in the desert for forty days and it was a suffering for the human part of My Spirit. In the last week of Lent you are seeing My crucifixion, so surely all Christians share in My suffering on the cross with your own individual crosses. The hardest suffering of Lent is your struggle to remove your bad habits. Penance or prayer takes time and persistence if you really want to come closer to Me in love. If you really are trying to improve in Lent, your struggle will seem like suffering. There are those who are in training with sports or those trying to lose weight that think nothing of straining yourself in hard exercise. This is some pain for the body. So when you are training to be a good Christian, you should be willing to suffer all of your trials as you offer them up to Me. Life's daily trials are not always easy to endure, but when you give everything over to Me, I will lighten your burdens. So just as a person needs to sweat and suffer to lose weight, My people need to suffer the loss of your pleasures and more time in prayer during Lent."

Jesus said: "My people, I am using this situation of an irritating smoker as an example of someone that can annoy you and disturb your peace. When people are rude to you in their actions, you can ask them politely to stop smoking because it irritates you, or you can leave that environment. When people start abusing you verbally, pray 'My Jesus mercy' and only speak calmly without elevating your voice. If they continue and are not listening to your answer, then

again remove yourself. It becomes more difficult to deal with angry people when they are relatives or good friends and leaving is not always possible. If problems still occur and continue, hold your cross in front of them and pray the St. Michael prayer. You will encounter many disagreements or misunderstandings in life and sometimes they are near impossible to solve. Pray to Me for help in relative problems and in the worst cases counselors might be needed. Every problem can be dealt with between people if compromise is possible. It is when one side refuses to change that you see even wars develop. Be open-minded and willing to bend your position and do not force your ways on others, but follow My ways of love."

Sunday, March 9, 2003:

Jesus said: "My people, all of those, who have been interviewed that have fought in wars, will tell you that war is vicious and does not discern between soldiers and civilians. War is a grisly business and seeing all of the dead bodies would be unsightly for anyone. Just look at all of the body bags that your Army has ordered for this Iraq war. It is one thing to make proud talk of removing Saddam, but it is another to be willing to sacrifice your young men's lives to gain a victory. If this war is confined to conventional weapons, you will be fortunate to limit the deaths. If Saddam carries through with his threats of chemical or biological weapons, the reprisals could be deadly for Iraqi civilians. Be prepared for much killing in this war. It appears more a matter of when than just disarmament. Remember, America, you will be starting more than you want to finish with this war. Continue to pray for miracles of peace in face of madmen that only want war."

Monday, March 10, 2003:

Jesus said: "My people, in the corporal works of mercy I ask My followers to feed the hungry, clothe the naked, and give shelter to the homeless. For every little one that you help, you are helping Me in them. Because you are helping these little ones in My Name, I will help you in your needs during the tribulation. That is the meaning of the poor people standing in front of the cave. As you help them, you will be helped at My refuges. This is also the theme for the judgment day where those who have helped the poor will enter heaven, but those, who refused to help their neighbor, will fall into hell. It is all about pride and selfishness. If you go through life only thinking about yourself, you will be turned away at the gates of heaven. If you are concerned about your neighbor as yourself, then your love for them will gain you entry into heaven. In the end it will be your actions that will judge you and not just your words."

Jesus said: "My people, My Blessed Mother is showing you in this drawing of her that the rosary is your best

weapon against the devil and the demons. More good will come from prayer than any of the wars that you have seen. Man prides himself in his weapons as a measure of his power and control over others. Man's weapons bring death and destruction, while the rosary is heaven's weapon of love and peace. In order to have peace, there must be love and harmony among nations and among families. Many fights break out because one man wants to prove his skill at fighting and being better than someone else. The real prize is to be able to restrain your earthly desires so you can conform your life to heaven's ways of love and mercy. Look to be peacemakers instead of accepting that wars have to be. By making compromises and trying to get along with your neighbors, then you can give peace a chance without dictating your wishes on everyone."

Tuesday, March 11, 2003:

Jesus said: "My people, there are two paths in life to choose from. The path of a plush carpet is to indicate the earthly comforts and pleasures that could lead you on the broad road to hell. The other path is like My road to Calvary where you will need to struggle with evil, temptations and sufferings on your narrow road to heaven. Life is never easy with its troubles and trials that test everyone's endurance of faith. Focus your love on Me and I will lead you down the right path to heaven. Each person should focus your actions around My example on earth and you will be following My Divine Will. Trust in My directions and My blessings and your burdens will be light."

Wednesday, March 12, 2003:

Jesus said: "My people, today's Gospel talks about a sign for the end times of your day and the sign of Jonah will be your only sign. This time of Lent speaks of repentance as for the city of Nineveh when it was in sackcloth and ashes to avoid My wrath. You see My sign of the rainbow in the vision, but it is in ice because man's heart is icy cold to believe in My promises and covenants. Because of your unbelief in Me, you are being visited with wars, diseases and natural disasters. The inside of this church represents how you will be brought to your knees as you will be in fear of the coming events in this war and great signs in the sky. Man will see his need for repentance whether he wants it or not."

Thursday, March 13, 2003:

Jesus said: "My people, as you listen to some people swear a lot, it is the filth that comes out of their mouths. I have mentioned before that it is not what you eat or your dirty hands that make you unclean, it is what evil that is in your hearts and what you say that makes you unclean. This vision of a sewer and its stench represents the filth on your soul of sin. When a soul is in mortal sin, this

stench of sin reaches to heaven and I am displeased with your actions that offend Me. For Lent it would be a good practice to keep track of how often you swear or use vulgar words in front of people. Start to restrain your anger by prayer and My peace and you could stop the filth coming from your mouth in swearing and gossip. If you are not conscious of your swearing, then have people remind you to avoid it. Everything that you do and say is heard by Me, so do not displease Me with your anger and your foul speech."

Thursday, March 13, 2003:

Prayer Group:

Jesus said: "My people, when you come to Mass at church, do not look to be comfortable or entertained. At every Mass you are sharing in My suffering on the cross and the priest consecrates the bread and wine into My Most Precious Body and Blood. Do not be worried about a comfortable seat or a little suffering in kneeling to give Me praise. Prayer on your knees is the most reverent way of expressing your love for Me because it humbles your body. As you seek more penance for your sins, be more attentive at Mass that you are fortunate to be in My Real Presence."

Jesus said: "My people, your country in the U.S. is like this locomotive on a track to imminent war. The white smoke turning into black smoke is a sign of war about to start and also how the oilfields could burn. This war buildup has been planned for many months and your president will lose too much face to back down now, especially without UN support. This lack of support for war is not so much a desire for peace, but these nations do not want to put up money for war or risk losing their troops. Pray continually to stop wars and the causes of war."

Jesus said: "My people, there have been many Catholic nations that used to have high Mass attendance and no legal abortions. The morals of the world have been so corrupted, that Mass attendance has decreased and almost all nations accept abortions as legal. Man has let jobs, possessions, and comforts so control him that he does not have enough time for prayer. When you find yourself so busy that you have little time for prayer, then you are doing too much that is not really necessary. Your work should not consume your every waking hour, or you do not have proper planning of the priorities in your life. I am your first priority for a proper spiritual life and all other concerns are idols."

Jesus said: "My people, this stairway to heaven represents the steps that you must climb on your way to perfection for your sainthood. By My grace and the help of your guardian angels, I will help you on your climb to heaven. Never lose sight of your goal to be with Me forever in heaven. You will have many struggles and testings that will tempt you along life's path. If you should fail, come to My replenishing grace in Confession. Do not give up, but

keep climbing and improving in your faith, so one day I can welcome you into My eternal peace and love."

Jesus said: "My people, there are some who seek fame and love to be the center of attention. This is not just political persons or movie stars, but this happens in your families and circles of friends. Some have pride and like to have their importance felt by everyone. Fame or being the center of attention is not always that rewarding. Fame puts strains on your personal life and it may even make others jealous or indignant that you are trying to be better than anyone else. I want My disciples to serve the rest and be humble in your accomplishments. What you do for love of Me in secret, your heavenly Father will reward you."

Jesus said: "My people, you can see the power and the fury of pounding waves of water against even stone cliffs. Over time this constant action of water can turn such stone into grains of sand. Look at the Grand Canyon and such sights how water slowly erodes even rock. So it is with your prayers if your intentions are acceptable to My Will for you. Some pray for the conversion of their relatives and their prayers do not appear at first to be answered. Some souls are so obstinate that very long persistent prayer is needed to atone for their sins. Do not give up on your prayers for people because even My apostles could not heal everyone of their demons."

Jesus said: "My people, as you are about to experience the coming tribulation, you will have to seek places of refuges like these caves for protection from the evil authorities. Some will suffer martyrdom for My sake, but they will be instant saints as I will strengthen you to endure any cross that you will face. Have trust and hope in My protection for I will save My people from the hands of the evil ones. They may torture your bodies, but with My grace they will not harm your souls."

#### Friday, March 14, 2003:

Jesus said: "My people of America, this window on the house in the vision has been your window of opportunity to repent and stop your abortions. It has been many years since you have heard My warnings and you are becoming more corrupt in your sins. As a result of your sins, you are seeing your nation crumble into ruin as this house. With wars, debts, natural disasters, and terrorism, you will soon be brought to your knees and you will be taken over by the very UN that you have established. Your government will cease to exist and you will be under marshal law with no rights or freedoms in a police state. By turning your back on Me without sufficient prayer, you have sealed your fate. Now, My justice and My wrath will be carried out against your nation. All this suffering and grief you have brought against yourself by your abortions, living together, and homosexual sins."

Jesus said: "My people, I have shown you before how

there would be many deaths from this coming war. Saddam will try to use his weapons of mass destruction that he said he did not have. American generals will be faced with how to react to the use of such weapons. Your president has promised swift deadly retaliation even with nuclear weapons if chemical or biological weapons were used on American troops or on Israel. Such retaliation could level some of Iraq's cities with devastating losses of civilians and troops. If Saddam carries out his threats, many lives could be lost on both sides. If such destruction occurs, many Arab countries may want to spread this war. This is how close to a world war this war could become. Pray now that such weapons of mass destruction are not used, or bedlam could result. Pray to stop the madness of these wars that are nothing but a practice ground for your new and more deadly weapons."

Saturday, March 15, 2003: (Mike Keenan, Penny's husband)

Jesus said: "My people, this sign of the waterfalls flowing over a casket size pool is a representation of My cleansing grace that has washed Michael's sins away. As you look into the pool of water, his body is no longer with you, but his spirit and soul have been raised up to heaven. It is more of a loss to the family for someone who did not live out to an old age, but every life is a gift to you no matter how many years they have shared with you. Every person on earth is appointed to die and it is just a matter of when. You become so used to people being around you that it is always a shock when they pass on. Every funeral should give you pause to remember your own mortality and how this life of testing is a preparation for your eternal life. Living a life of love of God and love of neighbor as yourself is My calling to every soul that desires to come to heaven. Heaven is your reward for being faithful to Me amidst all of life's temptations."

Jesus said: "My people of America, this vision of a roof indicates how you pride yourself as the world's superpower. Even as you are about to crush Iraq with your military might, there are dangerous forces at work about to attack your homeland. One of the ways to weaken your home defenses is to distract you with many wars that will spread your forces thin at home making you more vulnerable to control by UN troops already on your soil. Your government may be addressing a few terrorists, but they may not be ready to defend against a large armored force with jet planes. Spotting such troop movements on your own borders may be difficult and unsuspecting. The internal UN troops could be coordinated against you to try a takeover, but they would still be outnumbered by citizens with guns. There will be an attempt to remove your guns and then you would be defenseless. America will be taken over and it will be by military and financial traitors."

Sunday, March 16, 2003:

Jesus said: "My people, taking off your winter coat outside during below freezing temperatures makes you vulnerable to the cold. In the same way when you open yourself to make friends with those around you, you are risking your vulnerability to be abused and taken advantage of your good will. It is true that those who use you for their own gain tend to be the ones you are least likely to help again, but you still need to love them. Your true friends are those who will help you in bad times without looking for repayment. Your own charity and helping the poor should also be one of not expecting a returned favor. Those, whom you help in this way, will be your reward in heaven for helping My little ones. You will have many opportunities to make friends, so do not hold back your love and friendship in fear of being abused. When you smile and help people, they will respect you for your efforts."

Monday, March 17, 2003: (St. Patrick's Day)

Jesus said: "My people, this ring is a symbol of married love and how each spouse should be faithful to each other. It is also a symbol of love in general that everyone should love Me and your neighbor as yourself. In the rushed world that you have, many become impatient with those that are too slow by some standards. In traffic, business or whatever circumstance you have, many need to settle down and think of love of people instead of timely constraints. In many instances rushing to force an issue can do you more damage than if you were patient and let things happen on their own. This Lent try to make patience one of your virtues and put love of people before your own petty selfish interests. When you act out of love instead of out of greed, then you will see that many of your problems are self-made out of impatience. You may have some ulterior motives in your actions, but you need to give people a chance and some time to fulfill your requests of them before you start criticizing them."

Jesus said: "My people of America, your war with Saddam in Iraq is poised to start any day. Saddam, as in the Gulf War, would like to strike Israel to cause a split between Arab nations and the Western nations. This could complicate the war in Iraq and it would endanger a wider war if Israel strikes back with nuclear weapons. War in the Middle East is very dangerous in cutting off oil supplies and also a chance to cause a world war at Armageddon. See this Star of David as a sign that the next major war in the Middle East could be the last one that will precipitate My justice to fall on the earth because of your sins. This war will bring on a battle of the Antichrist and the evil forces against My disciples and My angels. I will vanquish these evil ones as they will all be cast into hell and then I will renew the face of the earth."

Tuesday, March 18, 2003:

Jesus said: "My people of America, just as you are about to launch a war on Iraq, you could still see an initial attack by Saddam or he could attack your troops once they are committed in a small area with chemical and biological missiles. You are most vulnerable in the beginning just as you are deploying troops and several nations have helped Saddam to upgrade his missiles and defenses. This war could be quick, but it will still involve many deaths and possible repercussions with other nations. While you are tied down in Iraq, you will be more vulnerable in North Korea, Taiwan, and even at home. America is becoming too arrogant with the use of its military power, and all proud nations have been humbled for their aggressive behavior. Your nation is headed to ruin and these continuing wars are designed to strip you of your power and wealth. Your military numbers will be dwindling and your debts will suffocate your economy."

Jesus said: "My people of America, this flood is one means by natural disasters that you will be brought to your knees to ask for My mercy. Many people are continuing to live in their sins without change. These disasters in your own backyard are waking a few to their senses, but the majority continue with their abortions, living together, and their sexual sins. Some do not even know or realize their sins in birth control, cheating and stealing in secret. My justice is being called down on your country for your sins and you will taste My wrath. It will take a miracle, like the Warning to show people why they have to change their lifestyles. Then they will be held more accountable for their sins because they will be acquainted with true right and wrong. Choose Me and you will choose eternal life in heaven."

Wednesday, March 19, 2003: (St. Joseph's Day)

Jesus said: "My people, Lent is a time of prayer and a time for change and conversion. Many hearts are like this pillar of stone that are cold and lifeless in their spiritual life. So many people are only concerned with the life of this world with all of its cares and distractions, and they are not even thinking about where they will go after death. I want My followers to be focused on love of Me and love of neighbor because this is what heaven is all about. This life is short and it will soon pass away, but heaven and hell will last for eternity. You were created to know, love, and serve Me, not just to serve yourself. That is why daily prayer is needed to warm the cold stony hearts that have fallen away from their love of Me. If you only focus on the worldly things, you will be led to hell. If you focus on Me, then your actions will be directed to a good spiritual life without worldly desires and you will be led to heaven. It is your focus in life that will either direct you to heaven or hell."

Jesus said: "My people, the war in Iraq has finally started and this will see a high degree of technical weapons being used in all areas to neutralize any resistance. The smoke coming from these smokestacks is how many power and manufacturing complexes will be destroyed. The U.S. will try to end this war as quickly as possible with all of its air power and troops attempting to demoralize their foes to force a major surrender with little loss of life. There will be surprises on both sides that could affect the outcome of this conflict. Pray continually that only a few lives will be lost and that weapons of mass destruction are not used."

Thursday, March 20, 2003:

Jesus said: "My people, these missiles flowing back and forth against each side is an expensive way to deliver bombs on various targets. This is also demonstrating the high technology of modern warfare. Man's killing machines and bombs keep getting more lethal as war has only one intent to destroy and kill the enemy with more efficiency. War is a punishment for sin and you can see the evil one's part in trying to kill humanity. Again America is trying to force its will on the leaders that appear to be supporting terrorism and weapons of mass destruction. This is the first war that America has struck first with a pre-emptive war. The fight against terrorism is again giving free license in some people's minds to strike at will. Those, who live by the sword or war, will die by the same. America will be more vulnerable to terrorist attacks as Arab nations will be reacting to this war. Such hostilities could easily lead to a wider conflict, so continue to pray for a short war with no weapons of mass destruction."

Thursday, March 20, 2003:

Prayer Group:

Jesus said: "My people, Saddam wanted total control of all of Iraq and he made himself almost a god by erecting his picture in many places. His reign will be slowly eroding as this war progresses. This is why his picture is slowly dissolving. Even though America can defeat him militarily, it will be difficult to replace the many years of his influence. As the war continues, there will be some serious choices made on either side. Saddam will become as a martyr and a symbol for Arabs to unite behind. America's image as Satan to them will grow and burn in Arab hearts. Pray again for a quick end to this conflict."

Jesus said: "My people, when it is appropriate, the power plants will be destroyed to cut down communications in Iraq. The pace of the war will increase as more lives will be lost and more weapons destroyed. The will to fight to the last battle could lengthen this war and cause more civilian deaths. It will be hard for Arab nations to stand by and watch the destruction of Iraq. That is why a quick

war may prevent this war from spreading. Man is still stubborn to accept defeat without a fight. That is why man has not stopped fighting even with a great loss of life in each conflict."

Jesus said: "My people, while some civilians are leaving their cities in the North, many are still in bunkers hoping the war will go away. The American military will be tested to take the cities if they do not surrender easily. There is a desire to minimize damage and killing, but the stamina of Iraqi soldiers will determine how much destruction will be required. Each side is afraid to do anything drastic to put public opinion against them. I abhor war because war causes more anger. You need more love in your hearts to avoid these wars."

Jesus said: "My people, many think that their well made structures will stand up to earthquakes and war. Anything made by man can crumble to nothing if enough pressure and explosives are applied to it. Even as your American troops are tearing down Saddam's kingdom, your civilization is just as fragile to destruction by the one world people. Americans may think that you are invincible, but your sins have made you vulnerable to destruction just as well. You will face wars, terrorism, natural disasters, and economic troubles that will slowly erode your power and wealth. Be prepared to fall just as a repeat of the fall of the Tower of Babel."

Jesus said: "My people, the Islamic states are faithful to their prayer lives more than Americans who are falling away from their love of Me. America's weapons will not keep you in power for long because My love is not in your hearts as it should be. When you turn your back on Me as a nation in desiring to strip My Name from your documents, you will be determining your fate. You must overcome your death culture or your loss of morals will consume you."

Jesus said: "My people, as you look at history, I have reminded you how many civilizations have fallen from within. You are matching the moral decay of Rome when they once had an invincible military as the U.S. does. I will humble the strong when they become so arrogant with power that you think that you do not need Me. When you trust more in your weapons and wealth than Me, that is the beginning of your ruin."

Jesus said: "My people, some look at My death on the cross as a sign of defeat and weakness, but this is the price of the ransom of all of mankind's sins. You should look at My willingness to sacrifice My life for you as a sign of how much I love each person. That is why when you display My crucifix, you are remembering this ultimate act of love that I did for all of mankind. I did not rebel against My accusers, but I saw the need for allowing evil to have its appearing victory. Just as they thought that I was defeated, I rose from the dead and I empowered My apostles to spread the Christian faith. Just as the Antichrist

thinks he has won, I will again come in victory over evil and My triumph will usher in a new Era of Peace as the devil is chained in hell."

Friday, March 21, 2003:

Jesus said: "My people, this baggage chute represents My Word coming down to the people through My prophets. There are two sides where some believe and change their lives, while others do not believe and carry on in their sins. You have Joseph being sold for twenty pieces of silver because his brothers were jealous of his gifts and favor from his father. There is a parallel in My rejection by the people and their unwillingness to accept My message of love. They also sold Me for thirty pieces of silver and killed Me as they treated other prophets. I am sending prophets in your day to warn you to repent of your sins and be saved. I am also warning you of the coming tribulation, but many are not listening to My Word and again are rejecting My prophets. Man enjoys his sins of the flesh and his comforts and many are unwilling to follow My Commandments and suffer for My Name's sake. The evil people of today are only concerned with their own selfish pursuits and they do not want to hear someone telling them what to do. Because the evil ones have rejected My call for love in Scripture and in My prophets, you will see My hand of wrath come down on the earth and subdue it. This temporary reign of evil will be destroyed as these evil ones will taste My wrath in hell. I will cleanse the earth of all evil and an Era of Peace will be granted to My believers. Rejoice as you see the Antichrist come to power, for My victory will come quickly. Then all of My prophecies will be vindicated as I have told you through My prophets."

Jesus said: "My people, the armor on the head of a soldier is in reference to the heads of state that America is trying to remove. Your military has no fear of what Saddam could field against you in conventional arms. There is still concern that Saddam could use chemical or biological weapons and that is why the troops have some protection. America's plan for a quick removal of command and control is an attempt to divide and conquer by removing the head of the fighting machine. If the battle is won quickly, other nations may not have time to react in coming to Iraq's aid. This quick solution could be the best answer to prayer for bringing another dictator under control. More prayer will be needed to help the poor people to cope with their needs for food, clothing, and shelter. It is how the oil money is spent that will determine how the people will share in this wealth. Most oil money in the oil producing states remains mostly controlled by a few and the poor rarely benefit from it. This is true about many countries and that is why the rich control things. Pray for the poor people of Iraq that humanitarian aid will help bring them out of their bad conditions. The more you help the poor,

the more you help Me."

Saturday, March 22, 2003:

Jesus said: "My people, some have asked what do I think about war. You must understand that war is a consequence of sin and it involves killing each other which is against My Fifth Commandment. Man in his weakness has quarrels and anger with his brothers and sisters. You have witnessed in Scripture how Cain killed Abel because Cain was jealous of My favor on Abel's gifts to Me. Any killing by war, abortion, homicide, or suicide are all against My Fifth Commandment. Anger and swearing also are the opposite of love and sharing. In heaven there is only peace and love. My Commandments are all focused on love of God and love of neighbor. I am pure love and My Presence in your soul is the expression of My Image in each of you. That is why I detest all war and only defense for self-preservation is ever justified. Evil men raise up these dictators with their money and it is their greed for money and land that inspires this war. All men and women must love each other, even those that you call your enemies. If man truly followed My Commandments of love, there would not be any wars or fighting."

Jesus said: "My people, you have a treasure in My Word of Scripture of how to live your lives and imitate My way of life. This Word has been preserved and handed down through all the centuries. Now, your modern Scripture scholars are taking license to change the words of the Bible to suit their own agenda. You have many beautiful traditions around My Blessed Sacrament that are being turned aside as being outdated and no longer relevant. I instituted My Eucharist at the Last Supper so My Real Presence would be with you under the appearances of bread and wine. Your reverence for My Blessed Sacrament has grown cold because you have removed the Communion rails and kneelers. You receive My consecrated Host in the hand instead of on the tongue and your priests do not teach or promote My Real Presence at Adoration of My Blessed Sacrament. By minimizing the sacred and discarding your traditions of the saints, the rosary, and suffering for Me, you have so watered down the faith that there is little left to hang on to. Many have returned to their original fervor only to find stripped churches with even My tabernacles placed in back rooms. Reach out to preserve My sacraments, your sacramentals, your statues, and your traditions before they are stripped out of your church."

Sunday, March 23, 2003:

Jesus said: "My people, I am showing you this casket in a large church to represent those being killed in the Iraq war. Pray for the souls of those that have been killed and pray for the conversion of those causing this war. Many soldiers have surrendered who did not want to fight. Death

comes with war and it will be the number of prayers that will determine how severe this war will become. This war is just one in a series planned by the one world people to weaken and destroy America. Each war will take its toll on your military and on your debts. In order to stop these wars, the people of America must rise up and say 'enough' because there is no benefit to America and these wars are now ones of aggression. Stop the evil ones by refusing to fight any more wars of false liberation. Pray now that World War III does not result from the hostilities on all sides."

Monday, March 24, 2003:

Jesus said: "My people of America, you have been gifted with many riches because of your charity to other nations. But now you refuse to repent of your sins and your leaders are trying to dictate how other nations should live without weapons of mass destruction. It is not America's place to be an aggressor only on trumped up suspicions of another country's intentions. The one world people have paid terrorists to cause the destruction of your planes and buildings so they could have a license for constant wars to destroy America and bankrupt your economy. No matter how much you love your leaders, they are wrong to lead you in endless wars that cause more damage than they were meant to protect. The American people have been brainwashed to how terrible Saddam is, but it is your country's leaders that have financed him and have given him the biological ingredients for making the very weapons they detest. America's people have been given a steady diet of lies to cover the real ambition of the rich who want global control. America's power and wealth of free people are a threat to the central bankers who want to make everyone their slaves. Those, who advocate wars for erroneous reasons, are against My ways no matter what they say with their lips. Americans need to take back control of your country before you are in total captivity. Stop these useless wars against a terrorism that is deceptive and unstoppable. Reach out with love to help nations with food and you will gain more friends than arouse anger in other nations because of your aggression. Continue to pray for an end to this war and all wars because they are only inspired by the demons in the rich people."

Jesus said: "My people, I am showing you a Mass cloaked in secrecy because in the near future such religious services will be outlawed by the authorities. Your church will be closed and you will be fortunate to find Mass and Communion in the homes. The Mass will be taken away from you and you will have to pray secretly among your small prayer groups. As the tribulation comes upon you, your guardian angels will lead you to My refuges at My Blessed Mother's places of apparition and places of Holy Ground. My angels will then bring you My heavenly Manna as I fed My

people in the desert long ago. Have no fear and call on Me to help give you the strength to endure this evil time. Some will be martyred and become instant saints. Others will see My angels do battle for you against evil men and the demons. Just as the evil ones gain control of the world, I will come to conquer them. The evil ones will be cast into hell, while My faithful will enjoy the renewed earth in My Era of Peace as their reward."

Tuesday, March 25, 2003: (Annunciation)

Jesus said: "My people, in everything My Blessed Mother does, she always leads you to Me. We are joined as two hearts just as I was with her in the womb physically. My Blessed Mother had to suffer much and carried her own cross. She suffered the embarrassment of being pregnant before marriage even though it was through the power of the Holy Spirit. She traveled to help Elizabeth who was in a late pregnancy. She suffered trying to find Me before seeing Me in the temple. She suffered the many criticisms by men who did not believe that I was the Messiah. She suffered watching Me die on the cross, but she knew I died for all mankind. But she also witnessed My miracles and My Resurrection. She lived a life free of sin from her very conception and she is an inspiration for all women to imitate her living in the Divine Will. You have seen My suffering and that of My Blessed Mother, so all of My faithful must also be prepared to suffer your own crosses. So call on My help and that of My Blessed Mother as intercessor and we will be there for each of you to lighten your burdens and share our love with you."

Jesus said: "My people, every time that you see a little one going hungry, your heart goes out to help them. It is not easy to give donations to those organizations that spend donations on themselves. Find a worthy and true charity that sends most of the money to help the poor and you can help these little ones the most in the third world countries. Giving of your time and money to help these little ones of Mine will gain you many graces in heaven. Lent is a time to focus on your almsgiving, but you must give of your substance and not just a bit of your excess. That is why I ask you to share ten percent of your income for charity to really show Me that you mean to help your neighbor. So continue to feed the hungry, clothe the naked, and give shelter to the homeless. If you do it for the least of My little ones, you do it for Me."

Wednesday, March 26, 2003:

Jesus said: "My people, your country is at war and your economy is hesitating and still many do not see the need for prayer. The attendance at Sunday Mass is decreasing and even prayer groups are slackening in their membership. The problem with America is that you have lost your understanding of sin and you have become too arrogant and apathetic with your modern electronic devices. I should be

the most important priority in your lives, yet a majority are barely remembering Me for one hour on Sunday. Because of your cold hearts, there are fewer observing your Lenten devotions which should be a time to renew your faith. Because of your neglect of My love and your complacency and even reluctance to help your neighbor, you will continue to face My wrath in wars, disasters, and diseases. Your governments, both national and local, are all falling apart financially just as your morals have degenerated to nothing but greed and pleasure. It is bad enough that you refuse to come to Confession for forgiveness, but now people do not even admit that they have any sin. How can I heal your sick souls when you do not even see the need for repentance?"

Jesus said: "My people, your youth today are under strong attack from the evil one and it starts with the music of today which leads into drugs and alcohol addictions. Your affluence gives young adults access to drugs, pornography and immoral movies. Fornication and living together is rampant among the youth and these are the parents of tomorrow's children who will be brought up in the moral gutter. Many evil men are profiting from pornography, bad movies, drugs and even prostitution. By your society allowing this cancer to be legal and spread, then your world will be coming to an end like Sodom and Gomorrah. You need to protect your children from these bad influences or they will be living their lives in the jail system. Your society has become so permissive that you have lost all sense of civility and following My Commandments. The wages of sin is death to the soul and America needs to wake up morally or your country will be no more. Follow My ways to heaven or the devil will drag you down to hell."

Thursday, March 27, 2003:

Jesus said: "My people, you are harried and anxious about the many things going on in the world that are all putting demands on your time. Each day is limited in the number of hours so it is important to plan your day wisely. It is also important to plan your priorities for what gets your first attention. You should allow enough time each day for your daily prayers. If necessary, you need to cut out some activities to have this time. Again, I told you before, do not attempt to do more than you are able, or you will be anxious and irritable because of your frustrations with time. When you start looking to cut back events in your day, you can also start evaluating how you might be wasting time on frivolous things as well. It is a good time to reflect on the priority of earthly things vs. more that you could be doing for Me in your heavenly goals. In Lent you are to be looking for ways to improve your spiritual life and removing unnecessary earthly distractions could give you more peace of mind and more time for prayer. Look at the sources of stress and anger in your life and many could be eliminated by better prioritizing of your time.

Pray for discernment in all of your activities and I will give you the grace to fulfill your mission."

Thursday, March 27, 2003:

Prayer Group:

Jesus said: "My people, this parade represents America's troops marching to Bagdad with all of the other nations watching on. Some have been against this war, while others are cheering with their lips. Many nations do not want to spend money or contribute troops to ridding Saddam. America will be shouldering most of the battle and the cost of war and rebuilding. A continuation of such wars of removing the people in power is the current plan to wear down America so you are ripe for takeover. Your power is waning in every way as the one world people are having their way."

Jesus said: "My people, your scientists are delving into control of the DNA both in humans as well as plants and animals. Many are choosing what kind of child they want, yet you are critical of China for aborting their girls. Your changing of nature in this way is slowly disrupting the balance of nature that I created. It is time for moral people to step forward in denouncing cloning and all of the destruction of nature which is according to My plan of perfection. This world has been so corrupted, that I will come to renew the earth back to its original state of perfection."

Jesus said: "My people, there are some men who want complete domination over their subjects. Some could criticize Saddam for how evil he is in repressing his people. The one world central bankers desire the same complete domination of everyone all over the world. They are no less evil and they kill those who get in their way. These evil ones will be the means to place the Antichrist in power and you will see a much more evil tyrant than Saddam ever thought of being. Call on My help during this reign of evil so I can protect your souls from all harm."

Jesus said: "My people, some of Saddam's tactics of war have given American generals some of the surprises that I spoke of earlier. The real story of a longer and more deadly battle for Iraq has many concerned. The consequences of this war which has been fought to minimize army and civilian casualties will soon change as this war will exact an ugly toll from each side. America is risking many lives to carry out their agenda which is that of the one world people. Continue to pray for a quick end to this war with the least amount of deaths."

Jesus said: "My people, there will come a time when America will be fighting for its life on your own soil. Foreign troops will decide an opportune time to try and take over your country as many of your troops will be depleted leaving your homeland vulnerable. Your unrepentant sins will bring about your ruin because you have turned your back

on Me and you put your trust in your weapons."

Jesus said: "My people of America, you are like this blood vessel as your wealth is being drained away in debts and interest. Your sins have caused your blessings and graces to dissipate and you are depending entirely on yourself instead of praying for My help. You have made money and military power your gods, but these temporal things will drain away leaving a dead corpse of a nation. You have chosen your fate and it will be just a matter of time until your ruin is carried out."

Jesus said: "My people, you have suffered a long cold and snowy winter in many parts of your country and the melting snow has been a welcome relief. In Lent this renewal of new life in spring is a desire to see an improved spiritual life as well. Call on My grace in My sacraments to cleanse your sins and put a smile on your face. Do not let people oppress you with their criticisms and get your spirits down. You are strong through My power, so do not let the evil one make you despair. Instead, spring into joy like these new flowers and look on your life as a chance to bloom with My joy in your heart. You have My gift of love so let it be expressed in your loving actions even when people try to harm you and insult you. Lift them up with your good will and you will confound their evil intentions. You will suffer much on this earth, but keep your focus on Me for I will be the victor over all evil. Those, who are faithful to Me despite your trials, will be rewarded in heaven."

Friday, March 28, 2003:

Jesus said: "My people, many have asked why do you need a refuge? A time is coming during the tribulation when evil men will want you to take the mark of the beast and worship the Antichrist. When you do not follow him, you will be sought out to be killed because of your belief in Me. Some will be martyred and become saints. The remaining faithful I will lead by your guardian angels to places of refuge. It will be at places as this where My angel will protect you from the evil one and the angel will bring you My heavenly bread. You will be fed and have water at My refuges. You will be healed of all sicknesses and the evil ones will not be able to approach you. The time of going to My refuges will be after the Warning. You will witness a time of forced world famine where people will be killing each other for food. You will see then a time of division in My Church. You will also see evil men try to force chips in the hand on you. Refuse to accept smart cards and any chip in the body which could control your mind. When you see these things happening, you will know it is time to call on Me and your angels will lead you to the nearest refuge of protection. Trust in Me and believe that I will provide for you without the need of any chips in the body. Even if your lives are threatened, take only food from Me and worship

only Me and you will be saved. Those, who give into taking the mark of the beast in the body and worship the beast, will be lost forever in the fires of hell."

Saturday, March 29, 2003:

Jesus said: "My people, in your condition now your spirit is like a prisoner in this frail mortal body. By Adam's sin you are weak to sin and many times you are held down by the bonds of your sin. The distractions and desires of the world can become like a prison that keeps you from My love. I came on the earth so that I could free you from your bonds and open the prison gates to free you from your sins. Every time that you leave the confessional you feel a sense of release as your sins are forgiven. When grace is fully restored to your soul after absolution, you become empowered with My strength to endure temptation and follow My ways. The true release of your bodily prison cannot come until after your death. My faithful may suffer here on earth and during your purification, but when you come to heaven, your spirit will be free at last of any earthly restrictions and your joy with Me will know no bounds. I ask you to have patience now for this life passes away quickly compared to eternity. I call everyone to be with Me in heaven when you will see all that I have prepared for you. You have been given free will and it will be your choice to love and serve Me and your neighbor. Those, who refuse My love, could be on the road to hell. Pray each day to let Me bring you home and do what you can to evangelize souls so they can be saved from hell. When you are truly set free, you will thank Me forever by giving Me constant praise as the saints and angels do."

Sunday, March 30, 2003:

Jesus said: "My people, I am the tree of life and you are the branches. You draw both spiritual and physical life from Me. In the Garden of Eden, Adam and Eve also were living continuously from the fruit of the Tree of Life. After the fall, they were cast out of the Garden away from this tree. I came to earth and I died on the cross for you and through My ransom, the life nourishment has been restored again. You know that you can only have spiritual life through Me and especially through the gift of Myself in Holy Communion. Through Me you will have life to the fullest. You are My branches as you take up your crosses. By sharing in My Eucharist, you share in My Mystical Body. You breathe the air and have food for the body to survive. You take My Holy Communion as the bread of life for your soul to survive spiritually with My grace. Just as Adam and Eve lived in the spirit by the Tree of Life, so you have life in the spirit by again sharing in My Tree of Life in My Eucharist. Those, who share in My bread of life, share in My bounty of graces. Give thanks and praise to God that I restore your life every time that you receive Me in

Confession and Holy Communion. Those, who stay close to Me, are the live branches. Those, who reject Me, are the dead branches that are cut off and thrown into the fire. Seek your spiritual life in Me and you will share in My eternal life in heaven."

Jesus said: "My people, there is more to seeing in life than just physical things. The eyes of faith are needed to heal your spiritual blindness. The Pharisee was arrogant in his visit before Me by being thankful that he was not such a sinner. The publican kept striking his breast how unworthy he was. You all have to recognize your sinfulness and seek My forgiveness. Do not let your pride and gifts so blind you that you lose your faith. It is by My gifts of My sacraments that grace enlightens you to see Me clearly through the eyes of love and the eyes of faith. Those, who are proud, will be humbled, but those, who are humble, will be exalted. See that you are nothing without Me. You need the light of My presence to dispel the darkness of your sins. So come into My Light and be healed of your spiritual blindness as I healed the blind man and restored his sight. Do not take your faith for granted, but see the need to constantly seek growth in your faith through My help in prayer. It is only by striving to perfect your spiritual life that you will find your life's goal of eternal life in My everlasting light."

Monday, March 31, 2003:

Jesus said: "My people, this vision of sabers on a gambling table is how America is taking a risk on carrying out this war. On one side you are trying to minimize civilian casualties as well as your own servicemen. On the other side Saddam wants to use his own people as human shields and draw you into combat in the cities where more could be killed. In war it is hard to minimize death when one side is not using conventional treatment of soldiers and civilians. America is not trying to show harsh treatment in front of other Arab countries, but Saddam wants to take as many American lives as possible any way he can. This desperation to the last man will cause many losses on both sides and it will become an expensive war in lives and money. Your country is in so deep in your commitment to victory that now you will see that your gamble for a quick victory is lost and you will become involved in more wars than you desired. This is why I warned America to stop these wars of regime change because you will be drawn into continuing conflicts. Continue to pray that you can withdraw from these wars before other countries will begin to fight against you."

Jesus said: "My people, there are many mountain climbers who love the thrill of climbing to the top even risking their lives at times. Your spiritual life is like this in your struggle to get to heaven. The most important realization is that you are not going to reach heaven if you do not advance from where you are. You cannot remain at the

base camp and do nothing when you are going to have an accounting of your actions. Your faith needs to be improving as you struggle toward your purification. You cannot achieve heaven just on your own because you need My grace and strength to improve. Sin is like gravity and it wants to drag you down, but by repenting in Confession, you are renewed and uplifted to move forward with love of God and neighbor. By keeping your focus on Me, it is like climbers fixed on gaining the top of the mountain. Do not be disheartened by the difficulties and struggles of life, but call on My help and you will be able to achieve your goal of reaching heaven one day."
