

Monday, March 1, 2004:

Jesus said: "My people, when you think of how difficult it was to travel and carry food around in My day, you are very spoiled with your cars, trucks and trains, as well as airplanes. Just surviving in My day was a struggle, as the life expectancy was lower than today. You have more leisure time to spend, but you also have many more worldly distractions. Years ago the pace of living was slower, but it had a different kind of stress with more physical labor. This Lent you should be thankful for all of your labor saving devices and appliances. You also should sacrifice some of your worldly entertainment time for more spiritual reading and prayer. You also are focusing more on your fasting and giving to charities. You should analyze how much of your income is going to charities to see if you can increase your giving to a ten per cent tithing. Giving back ten per cent of your income is your way of thanking Me for what I have provided for you. Be generous in your giving of your time and money and you will be rewarded with heavenly treasure."

Jesus said: "My people, the more you meditate on your life, the more imperfections you will notice. This Lent is not a time of despair over past sins, but a time for conversion from sinful ways. If you see your sins weighing you down, then it is time to go to the priest in Confession to confess your sins and seek counsel if necessary. By constantly purging your sins, you can keep your soul pure and focus on fighting off sinful temptations. You may fall at times, but do not be prideful and admit you did wrong. Come to Me in contrition for your offenses and I will forgive your sins. My Blood washes away your sins and My grace brings light into your soul. Those, who cannot admit that they have sinned, and refuse to seek My forgiveness, could be lost in their sin and fall into this abyss called hell. If you wish to be saved from this abyss, you must accept Me as Savior and Master of your life and have a desire to have your sins forgiven. Let Me lead your life and be a faithful servant so you can follow My plan for your life. You need to be open to change in your life in order to break your sinful habits. You also need to be able to open your hearts to Me and carry your daily cross to your Calvary. Turn away from all the worldly attractions to sin and seek only heavenly things. By leading holy lives in imitation of My saints, you will one day be welcomed into heaven. Give a public witness to Me in life by your love and good deeds and I will give witness to you before My heavenly Father."

Tuesday, March 2, 2004:

Jesus said: "My people, this vision is highlighting two beautiful themes of water as with Baptism and light as with

Confirmation. Many of your new potential converts are planning and preparing for these sacraments at Easter time. You use holy water to bless yourself with the Sign of the Cross as you enter the church and leave it. This is a little reminder of the promises that were made at your Baptism to evangelize others and denounce the devil. Holy water and blessed salt are also helpful in fighting off demons that are influencing people or places. Light shining in your day is welcome as with higher temperatures to melt the snow and ice of winter. It is an image of the light at My Resurrection and the warmth of light that is needed to melt the icy cold hearts that need My love in the hearts of sinners. As winter moves closer to spring, you are feeling uplifted from the cold and cloudy days and the joy that comes with being released from sin as well. Being in sin can be likened to winter, but being forgiven your sins in Confession can give you new life and excitement in the spirit that you are in My graces again. Do not let sin hold you captive, but let Me release you from your bonds of sin so you can be free to love Me as you should."

Jesus said: "My people, there are two kinds of people in the world. Those who want war for any excuse, and those who want to be peacemakers through diplomacy and compromise. Some are stubborn and their way is the only way which they mean to force on someone. Others are more loving and do not want to see war that kills people indiscriminately. Those, who desire war, will go to great lengths even to use deception to give an excuse for a war they wanted in the first place. Others want to use international peace keeping forces to settle any disagreements or dangerous dictators. It is cleaning up after a war that can create even more problems than the war itself. I want My followers to promote peace in every way possible in order to prevent the killing of so many innocent lives. You must win souls by love instead of killing them with war."

Wednesday, March 3, 2004:

Jesus said: "My people, no matter how humble your home may be, you can always welcome Me in so I can dwell there. If you really love Me, you will have pictures, icons, or statues of Me and My saints on the walls of every room. My crucifix also should be displayed in plain sight. Others have even had enthronements to My Sacred Heart to bless their homes. Some even have holy water bowls at the entrance. By showing your public love and trust in Me, I will witness for you before My Father in heaven. Those, who come to your house, will be influenced by your faith and will feel comfortable that they are in a blessed home with familiar surroundings. Even some have prepared to have home Masses when that day arrives. Family

prayer in the home is your best weapon against divorce and keeping your family close to Me. Your families are being attacked in many ways and your children are vulnerable to the ways of the world. Pray for all of your family members to keep true to their faith in Me."

Jesus said: "My people, you are seeing a lot of violence going on all over the world with many wars and terrorist activity. Soldiers and civilians are being killed every day. This vision of an ornate black caisson carrying an elaborate casket is a foreshadowing of some head of state who will die in office. Such an open case of terrorism could cause more wars of retaliation. The one world people are ruling things from behind the scenes and anyone, who does not do their bidding, could meet with an unexpected death. This has happened with various heads of state before. Pray, My people, for My help to endure your trials because evil will appear victorious for a while, and then I will conquer all of the evil ones. By trust and hope in Me, you will have your souls saved."

Thursday, March 4, 2004:

Jesus said: "My people, I had to endure many temptations to carry through with My death and crucifixion. When I told My apostles that I had to die for all the sins of mankind, even St. Peter did not want Me to die. I said: 'Get behind Me Satan.' because he was thinking as man does instead of what God wants. In the Agony of the Garden I was sweating drops of blood and again I gave up My Will to the Will of God the Father. On the cross as I was being crucified, the thief on the cross and those in the crowd were encouraging Me to come down off My cross to prove that I was the Son of God. But I forgave them because they did not know whom they were killing. Just as I had to struggle against temptation in carrying out My mission, so all of My disciples will be facing the same taunts from the devil to deny your own missions. In the Gospel those, who seek, will find. So you must call on My help in prayer to be able to carry out your mission. Following My Will is the only way to salvation. I persisted in doing My Father's Will as you must persist in your faith until your dying day. Those, who glorify Me in your actions, shall share with Me in heaven."

Prayer Group:

Jesus said: "My people, this vision represents My eternal love for you in this candle flame. This eternal love is demonstrated in My death on the cross for the sins of all time. At times your love for Me may be tested, but My love will always be available to the worst of sinners. My graces and blessings are always available to you when you ask in My Name for help.

Do not think that it is impossible to answer your problems because with Me all things are possible. Focus on this burning flame of My love and it will guide you to heaven."

Jesus said: "My people, all instruments need care and constant cleaning and adjustment to keep them tuned. Just as you can tell when a concert player has not practiced enough, so you can tell when a piano is out of tune. When a pianist and the piano are at their best, then each can achieve their potential in perfect harmony. This is the same for your spiritual life. When a person stops their daily prayer, then you see them depending more on their own will and it becomes out of harmony with My plan for that soul. You can perfect your soul by confessing your sins and asking for My forgiveness. Your daily prayer is necessary to show Me how much you love Me and trust in My leading your life. So keep your spirit in harmony with using your talents properly and you will make heavenly music."

Jesus said: "My people, you love to be entertained and you spend your weekend evenings at the theater and movies. The latest movie on My Passion has drawn attention to My suffering in a different way than you view violent movies. Some complain of the graphic suffering, but they think nothing of watching movies where hundreds are slain in a lot more vicious way of killing. This is the double standard in your movies. Violence, nudity, and bad language are free to be displayed, but violence against Me is seen as anti-Semitism. Recognize the movie makers as only those trying to make money on startling their customers to hold their attention with ever more violent scenes. It is the religious message that some take offense at, because it questions how sinful they really are and how they see that it causes Me pain."

Jesus said: "My people, there are those who want to martyr Christians because of their belief in Me. That is why many Christians are persecuted all over the earth. You have seen all manner of profanities in art that have mocked Me and My Blessed Mother. Now you have seen the destruction of a miraculous image of My Blessed Mother. Satan and the evil ones do not want public signs of My miracles, but they want all holy images destroyed. This is the trend in your public displays when even My Nativity scene cannot be displayed, nor My Ten Commandments. This loss of morality in your society is another sign of the end times when My wrath will fall on the evil ones."

Jesus said: "My people, you have slowly seen society accept divorce, living together, and abortion as common place. Now this same society does not stand up against homosexual acts as being sinful. Some are seeking same sex marriages in violation of current laws in the name of equal rights. I did

not make like sexes to be married. This is a perversion of how I created man and woman to be together as a proper environment for children. If your society condones these sinful unions, then your morals have been further degraded to call My wrath against your country. Speak out against homosexual marriages as My Pope son has condemned them. How can family life be protected when this distorted order is accepted by your society?"

Note: Pope John Paul II has approved a document entitled "Considerations Regarding Proposals to give legal recognition to unions between homosexual persons". (Feb 1, 2001) Pope John Paul II stressed the constant teaching of the Church that homosexual marriages are contrary to nature. Marriage is of its nature "ordered for the good of the spouses and generation and education of children," said the pope. He argued that marriage is a "natural reality..evident to reason" and not a mere social construct.

Jesus said: "My people, your businesses and stock markets are becoming a haven for getting rich quick schemes at the expense of the stockholders. By corrupt accounting and sleight of hand buying and selling, you have seen many people lose money in the stock market by these evil men and women in fraud cases. Some are caught, but many have escaped notice. This stealing from people and selling out jobs has become a financial nightmare for your economy. Focus more on My Will for your way of life and not on schemes to get rich."

Jesus said: "My people, you have witnessed cloning and manipulation of fetal tissue for making more stem cells. Scientists have touted stem cell research to produce replacement body parts and organs, but they care not of the source of these cells. This work will have more problems to perfect this research because I will deny its function when you are mocking My creation. Encourage this work to be stopped because it encourages abortions and purposeful abortions just for body parts. You should have common sense again to see that this is not how I want man to abuse science for someone's gain."

Friday, March 5, 2004:

Jesus said: "My people, seeing this harp at the Mass represents the Psalms as songs of David. The Psalms play an important part in the Mass when they are quoted for various prayers and in songs sung. The Psalms are also a part of the Liturgy of the Hours as they are read every day. This could be one of your Lenten spiritual readings in reading the Psalms every Lenten day. There are powerful themes expressed in the Psalms as they are read or sung to give praise to Me. Even after Lent is over, it would be a good exercise to read the

Psalms throughout the year. The clergy and many faithful read the Psalms daily in the Liturgy of the Hours. Be grateful for the inspired Word of all Scripture as you treasure My Word in your hearts."

Jesus said: "My people, just as winter is about to change to spring, you will be entering the tornado season in the middle of your country. Already you have seen some wind damage and this is just the beginning. Last year you had several flurries of tornadoes that set records for numbers in a few days. I have warned you that you will be tested severely by natural and man-made disasters as well as financial storm clouds. Your economy and job situation will be primary issues in your coming presidential election. There will be some serious surprises before this election that could affect the outcome. Just as My disciples wanted Me to calm the waters while the boat was tossed about in a storm, so you will be coming on your knees asking for My mercy in your trials. You think you can control your destiny, but your unrepentant sins will be your downfall. Pray for My help and change your ways now before it is too late."

Saturday, March 6, 2004:

Jesus said: "My people, these riots in the streets are what is in store for your country when the world famine will throw many into a panic for food. People will be in a desperate search for food and they will kill anybody in their way to find it. I have warned you, that this sign of people rioting to find food, is when you should call on Me to have your angels lead you to My refuges. At My luminous crosses you will find physical and spiritual protection. Your diseases and sicknesses will be healed by looking on My cross. At My refuges you will have My Manna for food and the spring water for drink. Do not fear these times because I will direct you to heaven and your Creator. Give thanks to Me for watching over you."

Sunday, March 7, 2004:

Jesus said: "My people, this vision represents a mountain top experience of faith which is what St. Peter, St. John, and St. James experienced when they viewed My Transfiguration. Moses and Elijah represent My law and My prophets who share the Word of God for everyone. This dazzling whiteness of My glory is a foreshadowing of My Resurrection and the glorified bodies that My faithful will have in heaven. I love My people so much that I gave My life up for you. When My heavenly Father said: 'Listen to Him,' this was an instruction to everyone to listen and act on My words of My Gospel. In My Gospels you have the words of eternal life and My blessings will set you free to gain heaven. If you imitate My life and live your faith in word and

deed, then you can keep your focus on your path to heaven. I told My apostles not to reveal My Transfiguration until after My Resurrection. My disciples of today then can shout and praise My glory from the rooftops, for My message of love is needed in everyone's life. Live My love and witness My love in all of your actions. Then one day your mountain top experience will be forever with Me in heaven."

Monday, March 8, 2004:

Jesus said: "My people, you need to be aware of the evil influences and temptations of the world all around you. The devil is like a roaring lion just waiting to attack innocent and unsuspecting victims with his venom of sin. This is why I am constantly warning you to avoid occasions of sin for you and the wasting of all of your time on only earthly pursuits. You need to learn from your mistakes of sin so you can realize what weaknesses you have that the evil one can attack. If you are susceptible to fits of anger, be ready to curb your initial tendency for outbursts of rage. If you do not have proper patience, try to keep your peace, even over little time restraints that can aggravate you. Be patient with people and do not rush them at your level of doing things. If you have a tendency for bad language, try to restrain your anger and do not resort to using foul language. You embarrass yourselves when you act out of anger or impatience, so be ready for the devil's attacks and you will be better able to deal with temptations."

Jesus said: "My people, you have become involved with two wars in both Afghanistan and Iraq. After the wars are over, these two countries are struggling to establish new governments as they want the Americans to leave. Back on September 11th America was humbled with the loss of several thousand people. There were some brave rescues, but then a cry for revenge went out to capture Osauma Bin Laden. This is what triggered the war against Afghanistan in the Taliban which gave shelter to him. Later, there were trumped up charges that Saddam Hussein had weapons of mass destruction and a pre-emptive war was started against Iraq. The double standard against Iraq has been seen in North Korea and Iran where secret nuclear programs were found in these countries, yet America has done little to make war against these countries. What you are seeing is selective targets singled out for war because of major drug production in Afghanistan and the second largest oil reserves in Iraq. The one world people have created terrorism on purpose so there would be a reason for starting more wars. The billions of dollars involved in these wars and subsequent restorations are where these evil ones make their blood money at the taxpayers' expense. See these wars and earlier wars that have been staged

for the same purpose of making the central bankers richer by the interest on your debts which they hold. They have been using debts and wars to weaken America so one day the central bankers can take over America and the whole world as they prepare the way for the Antichrist. Even as evil will have its hour, then I will come and destroy them all in hell and My faithful will share in the glory of the Era of Peace. So do not be fearful of the killings and evil being allowed now, because My protection is always available to those that pray for My help."

Tuesday, March 9, 2004:

Jesus said: "My people, this picture of a footstool reflected in the mirror on the ceiling means that you are My footstool. As you received in your early training, you must know, love, and serve Me. So serving Me is really how My angels are called as well. It was Satan and the demon angels who refused to serve Me because they wanted to only serve themselves. For this dissent in My service, they were condemned to hell for all eternity. Even My angels have free will and freely choose to serve Me. Man also has been given the Ten Commandments to serve Me out of love by giving Me praise and helping your neighbor. Man also has been given free will, so you must decide to follow Me in your actions. As with the angels who defied Me, those souls who refuse to serve Me, will be facing hell as well. If you truly love Me, then you will praise Me daily in your prayers and do everything to help your neighbor in need. Do not make excuses to put off your prayers or put off helping someone, but move forward to serve Me and you will find your eternal reward in heaven."

Jesus said: "My people, this vision on a mountain represents a typical refuge with plenty of spring healing water. I have told you before that all of My places of refuge will have spring water that will heal everyone's sicknesses. This healing water also represents the healing waters of Baptism for the soul. Baptism frees the soul of original sin and frequent Confession also frees the soul of actual sin including mortal sin. My faithful need spiritual and physical healing and you can come to the Great Healer in Me. You can have your soul cleansed at any time in Confession and you can help heal the body with holy water and Lourdes' water rather than regular water. Give Me praise and thanks for providing My spiritual and physical healings for you. I know what you need before you ask for it, so ask of My healing power and I will grant your request according to My Will."

Wednesday, March 10, 2004:

Jesus said: "My people, during Lent you may see more people

come to Mass, but this vision of a full church in a somber mood is like when the people flocked to the churches after September 11th. You are seeing some signs in the sky and I have warned you of natural and man-made disasters, as well as terrorist activity. These are all means of bringing you to your knees as a nation, as I have warned you because of your unrepentant sins. My judgment and wrath will be falling more over your country because you are worshiping the gods of the world more than Me. There will be some major events about to happen that will be so severe that the people again will be drawn back to the churches on your knees praying for My help. If you were like the people of Nineveh who repented in sack cloth and ashes for their sins, you could mitigate some of My coming chastisements. But because of your stubbornness and being a stiff-necked people, you will have to learn the hard way in getting your attention about your sins. Pray and fast much for the evil and sin going on in your country because My hand of justice is about to befall your nation of America."

Jesus said: "My people, this vision of a bunch of twigs falling off a cart in the Middle East is a sign of how some countries' governments are going to fall apart. Little by little the Arab people will take back their lands under their own people. As the Moslem population increases, they will begin to dominate and control many nations by declaring them Islamic states. As their power of domination increases, they will be laying the groundwork for the Antichrist to control the whole world. The Antichrist will appear as an Arab and he will have demonic powers from the dark side in the occult underworld. Do not fear this evil one because My power is greater. But avoid looking at him and avoid being near him because of his power of suggestion. Do not follow the Antichrist, nor take his mark or computer chip in the body. I will soon conquer all of these evil ones and cast them into hell. Then all of their power on earth will be taken away as I will reign supreme over all the earth. Rejoice, My people, for My reign is close at hand."

Thursday, March 11, 2004:

Jesus said: "My people, this Gospel about Lazarus and the rich man should be a heartfelt message to all of you during this Lenten time of almsgiving. Think for yourself how much time and money that you have put forth to help the poor. Then think of how much money you spend on yourself every day. Many times the proportion that you spend is meager compared to the Widow's Mite that she placed in the temple. When you give a token amount from your excess, what suffering is there in that? I want you to share your wealth with the poor generously and do what you can to lift the veil of poverty from those who need your help.

Do not give grudgingly, but cheerfully from your heart. I look into your hearts for the intent of all of your actions. So you must be true to My request in helping the poor. You show your love for Me, but you must show your love for Me in the faces of all the poor that you meet. You would much rather share eternity with Me than the torments of hell next to this rich man. Your riches will tempt you away from Me, so worship Me and do not put worldly things before Me."

Thursday, March 11, 2004:

Jesus said: "My people, this vision of fireman in front of a school house represents how much help your children need against drugs, depression, and persons giving them bad example as in movies and TV programs. Parents have the physical and spiritual responsibility to look out for their children's lives and souls. Every parent and teacher should be there to protect their children and give them good example to help save their souls. Those, who sexually abuse children or abuse their bodies for profit, will be judged according to My law. Even as this fireman was protecting the children from physical fire, your children should also be protected from the fires of hell. Call on their guardian angels in prayer for protection from the devil and his temptations. When you are focused to save the souls of your children, continue to lead them to Confession so their souls are pure at all times. Many parents are having difficulties with children who have fallen away from the faith. Be persistent in your prayer and I will save your children."

Friday, March 12, 2004:

Jesus said: "My people, you have seen this vision of a mountaintop as a sign of hope for My help in keeping your faith strong even amidst persecution. In the readings you have heard how Joseph was hated by his brothers and he was sold into slavery for twenty pieces of silver. I took this evil and allowed Joseph through his gift of dreams to see the coming famine and help the Egyptians to store food during the seven fat years in order to endure the seven lean years. This stored food later helped the Chosen People so they did not starve. In the Gospel parable the king's son was offered and killed by the tenants. This was a foreshadowing of how I was to be persecuted and die on the cross. I used My suffering and death for a greater purpose to provide salvation to all sinners who want to be forgiven. The parallel to Joseph is that I was sold for thirty pieces of silver. The vision of barbed wire detention centers is a foreshadowing of how My faithful will be persecuted and even martyred in detention centers for your faith. Those, who are martyred, will receive a saintly reward in heaven.

Other faithful will have to flee to My refuges for My protection from the death camps. You have modern day Pharisees who will persecute you for your beliefs. But be courageous and speak out against the evils of your day. Better to witness to Me publicly and be willing to accept persecution than become a coward to try and save your earthly life. Those, who lose their lives for My sake, will save their souls. Those, who try to save their lives for selfish reasons, will risk the loss of their souls to hell."

Jesus said: "My people, you give good gifts to your children as these in the vision that are receiving ice cream desserts. So your heavenly Father and I want to give you good gifts as well. You need to call on Me for your needs and I will grant you what is most beneficial for your soul and according to My Will. When you pray, do not be asking for only selfish things, but ask for the gifts of the Holy Spirit. They are courage, understanding, counsel, piety, wisdom, fortitude, and fear of the Lord. King Solomon could have asked for riches for himself, but he asked for wisdom to have a good heart in leading his people. When you ask for such gifts that you can share with others, you will be blessed with an abundance of My graces and blessings that will far satisfy you more than earthly gifts. Gifts of My blessings will be the heavenly riches that I store up for you in heaven. These treasures will last forever, but your earthly treasures will be gone tomorrow. When you pray for other's health and help with your good deeds, you will be much more satisfied in doing My Will. Rejoice, My faithful, and continue to have faith and hope in trusting in My love for you. I am always available to protect you and provide for you, so just ask Me for My help."

Saturday, March 13, 2004:

Jesus said: "My people, I told you that I would bring division among family members as some will believe in Me and some will not. Those, who believe in Me, will be loving Me and their neighbor. Those, who do not believe in Me, are putting things of the world first in their lives as well as grudges and selfishness. Because of different priorities in people's lives, there can be divisions in families where members become estranged from each other. I want everyone to give up their petty differences and live My Gospel of love. Your lives are too short to be separated from each other over frivolous earthly differences. Today's Gospel is a vision of My love and that of My heavenly Father for all sinners. No matter how grievous your sins are, I am always like the father of the prodigal son who is willing to forgive his son of his wrongdoing. So be willing to reach out with love to forgive those who have wronged you in any way. Do not be like the other son who begrudges the generous

forgiveness to sinners. Sinners may be worthy of My judgment, but if they are sorry for their sins, they should be welcomed into your good graces and accepted. Learn to forget past offenses and love everyone as I love you. By My forgiveness of your sins and your forgiveness of others, you can break down any barriers of division among your families. Without love and compromise among your members, you will never share peace with each other."

Jesus said: "My people, this vision of driving down the highway is an example of how much you travel around to your tasks and duties. Your everyday lives are full of busy work in your job at work, needs around the house, eating and sleeping. It is sometimes hard to find time for prayer, let alone time to give Me Adoration. Your life is full of making priorities for your spiritual and physical needs. You make the time available for the things that are important to you. Those, who take time out of their busy schedules to come to Adoration, are given many graces and blessings for showing how much they love Me. Being in My presence is your chance to share your troubles with Me and ask for My grace to help you. It is also a time to listen to My counsel of how to follow My Will. By listening with your heart in love, you can appreciate My love for you and understand what I want you to do in life. Every time you come to Me in Adoration I am teaching you humility, patience and how to love Me and love your neighbor. Drink in My peace and love which surrounds you in the presence of My Blessed Sacrament. Once you make regular visits to My Blessed Sacrament, you will look forward to being spiritually nourished than just coming out of habit or duty."

Sunday, March 14, 2004:

Jesus said: "My people, in this vision your weapons of war should be turned into plowshares. Lent is a holy time of the year and making peace with your neighboring nations of the world should be your agenda. You have had several wars to retaliate for the terrorist attacks in New York and Washington, but such a standing war against terrorism has not prevented the recent attacks in Spain. War against such a shadowy adversary is almost impossible to carry out and it is hard to be in constant preparation for a possible attack all over America or your allies. In all of America's recent wars you have overspent with overkill bombs and weapons and then you pay billions to repair the damage. Your wars may have deposed some dictators, but they have not stopped terrorism. Think if you were to spend even a part of your defense budget on providing for your poor and those of other countries, then your money would have helped more people instead of killing them. How can you be a lover of your

neighbor and a peacemaker, when all you do is prepare with such overkill weapons? Turn your weapons money into peaceful uses and you will accomplish more than perpetual destruction. Pray for peace and mean it in your actions."

Monday, March 15, 2004:

Jesus said: "My people, many times people are ashamed of their sins and they want to hide from Me as Adam hid in the Garden of Eden after his sin. You feel the guilt of your sin and you are embarrassed from your sins, and some are even sorry for having offended Me. Pride can be a detriment for sinners to come to Me for forgiveness. Some do not want others to know of their sins, so they commit sacrileges to receive Me in Holy Communion even though they have mortal sin on their souls. Some women after becoming pregnant from promiscuous behavior even compound their sin by a more grievous sin of abortion. Even those in public office have committed sexual sins, as your previous president and lied about his offense. My faithful, you should put aside your pride and admit your faults in Confession. Come to Me with contrite hearts and I will forgive your sins. Then I will cleanse the sins of your soul and restore My grace in your soul so you will be worthy to receive Me again in Holy Communion. Even as I forgive your sins, you must have compassion on those who have violated you in any way. Be willing to forgive others as I forgive you. Then you will truly be living the words of My prayer in the Our Father. Because of Adam's sin, you are all weak to sin and are sinners. Do not be blinded by your pride and be willing to admit your faults and sins. Be willing to apologize to those that you have wronged and forgive those that have wronged you. Then I will accept you into My graces and you will be on your path to heaven."

Jesus said: "My people, as spring starts shortly, you may see and hear birds singing again, especially when they make nests for their young. Birds travel together and as in this vision, they have the same vision for their protection. Man also is a social animal and your society brings you in close proximity with each other. Because of your media and constant polling, there is an increasing acceptance or permissiveness of immoral things going on in your society. Because the majority of your society is doing something or accepting it, this does not make it right with My laws. Because a majority of people think that abortion is acceptable, it does not mean killing an unborn infant is right. It is still murder and against My Fifth Commandment. Because a lot of men and women are living together in fornication without marriage, it does not mean such acts are right. Fornication and adultery in affairs are still mortal sins against My Sixth Commandment. Because some people want to

be married in same sex marriages, it does not mean homosexual sins are right. Homosexual acts are still mortal sins as well. Instead of going along with your society's lack of morals, you should stand up for your Christian beliefs and speak out against abortions, promiscuity and homosexual activity. Even in My Church you are witness to the problems with homosexual activity in My priest sons. Had the religious authorities dealt with this problem initially without covering it up, your problems with pedophiles would not be as bad today. You may be criticized or persecuted for speaking out about the immoral behavior in your society, but you may be the instrument to save souls from their sins. Follow My ways and not man's ways, even if you are in the minority."

Tuesday, March 16, 2004:

Jesus said: "My people, I want you to have open eyes, open hearts, and an open soul. When you are full of indignation, unforgiving and closed hearts, you avoid people and sometimes you avoid Me as well. If your heart is closed or your soul is full of mortal sin, there is no room for Me to enter. Your first step to conversion is being willing to open the door to your heart and being able to have a change of heart. Only by seeking My forgiveness of your sins can you make room for Me in your heart. If you are willing to repent of your sins, then My love can warm your heart to Me. If you renew your love for Me, then you must be willing to forgive others and seek forgiveness from them of any wrongs you have done. Opening your hearts begins this healing process of a cold and closed heart to Me. So keep an open mind to Me and others, and stop making judgments that can stifle your relationships. You are not perfect yet, so live with the imperfections of others and yourself. Let My love run your lives and your spirit will be free to fulfill My plan for you."

Wednesday, March 17, 2004: (St. Patrick's Day)

Jesus said: "My people, you are seeing daily temptations from the devil now, but this is not nearly as evil as when the tribulation will begin. At the time of the Antichrist you will see all of the demons unleashed from hell. Without My grace you will not be able to save your souls. So ask for My help during the tribulation to save yourselves and those around you. The evil ones will have a brief reign of less than three and a half years and then I will bring My Great Chastisement of a comet that will strike the earth in the Atlantic Ocean. Then I will cleanse the earth of all the evil people and the demons. The condemned souls will suffer a living hell on earth as I have shown you their bodies walking through fire without being

consumed. I will have My angels cast these evil souls and the demons back into hell and they will be chained. Then I will renew the earth and My faithful will have their reward in My Era of Peace and in heaven. So do not fear these evil ones because I will protect your souls. Some people may be martyred and come to heaven sooner."

Jesus said: "My people, St. Patrick used symbols to represent the Trinity because he invoked all Three Persons to help rid the demons and occult worship going on in Ireland. Many followed superstitions and even the worship of demons in Ireland as he came there. St. Patrick brought a teaching of strong faith in the Catholic Church to show that the power of God is much greater than that of the demons. It would be a good exercise to seek out a description of St. Patrick's life to see how this saint evangelized many souls to the faith. As Irish immigrants came to America, they brought their strong traditional Catholicism there as well. Those, who persecuted and criticized St. Patrick, are those who have lost their faith and did not want him preaching My Gospel to disturb their minds. This saint fought against the evil of demon worship and the occult as with the masons of his day, but now you must call on his help because you are beset with New Age worship of false gods and idols. As evil comes more into power, you will need prayer, fasting and My blessed sacramentals in fighting the evils of your immoral society. The evil ones are trying to uproot all of your holy traditions and replace worship of Me with worship of the earth. Stay close to Me in your faith and I will help you to evangelize souls and give you spiritual stamina as with St. Patrick to fight back the evil demons all around you."

Thursday, March 18, 2004: (Funeral for Stephen Buchheit)

Jesus said: "My people, you are here today to celebrate the life of Stephen even though his loss has grieved his family and his friends. His life was short by your standards, but he had company at My death as well. This illness of Steve may have robbed him of his earthly wedding with his beloved fiancée, but he will not be denied his heavenly wedding feast at My banquet table. His body may have been afflicted in this life with cancer, but one day he will enjoy a reunion with his glorified body. All of you should see your own day of reckoning as one day to prepare your soul for. As several have stated, your life on earth is very short and some are shorter than others. So treasure every day as an opportunity to show your love for Me and those around you. You each are a gift to each other while you are alive, but you know that one day I will call everyone home. Believe in your resurrection to come for all those who

believe in Me. I call all of you to be close to Me in faith and by the strength of your faith, you can endure even the loss of such a dear one as Steve."

Thursday, March 18, 2004:

Prayer Group:

Jesus said: "My people, I am showing you this vision of a New Age banner because this will be the innocent way of starting the worship of My creations instead of the Creator. In the beginning this presence will be very subtle. Gradually, statues and more obvious drawings of New Age symbols will make their appearance. Avoid this New Age influence and try to remove such signs because these evil things may affect your faith. Move to another church if they cannot be removed. Pray for My help and I will lead you to a good church and eventually to home Masses."

Jesus said: "My people, a high percentage of your movies are filled with nudity, bad language, and violence. The one thing missing in these movies is an over riding truth. The recent movie on My Passion is focused on the truth of the Gospel and it portrays how much I suffered for all the sins of mankind. It is the focus on the truth of My mission on earth to lead man to salvation that stands out in this movie. Many movies are occasions of sin and you need to avoid them. Suffer with Me during Lent to help make reparation for your sins."

Jesus said: "My people, some want to focus on the externals of these feast days, but the real focus should be on imitating the lives of the saints. The green shamrock was focused more on the Three Persons of the Blessed Trinity than just an external. Evangelization of souls and protection against demons is more important than other symbols of leprechauns and pots of gold. Keep your focus on those things that will save your soul than just celebrating a feast day for worldly pleasure."

Jesus said: "My people, it is the spirit of your travel plans that can either please Me or displease Me. Some people make pilgrimages to shrines or the Holy Lands. When you are focused on prayer and the lives of the saints in your travels, you are doing so to benefit your soul. When people travel just for selfish pleasure or to show off to others of less means, your travel can be more of an occasion of sin than a help for your soul. It is the intention in your heart that I read for every one of your actions."

Jesus said: "My people, during Lent, you can find it much more profitable for your soul to spend more time in prayer than wasting your time in constant search of being entertained. Focus more on loving Me in daily communication in prayer than spending so much time in satisfying the senses. Lent is a time of purification and correcting your bad habits. Follow My

example in life to love everyone with an unconditional love and you will be on the right path to heaven."

Jesus said: "My people, man desires to live where it is sunny with reasonable temperatures. Man is concerned for developing land for housing, but there is little concern for whether there is sufficient water to survive for all of your needs. Some desert areas have been reclaimed by irrigation, but large needs of many people can cause friction between various users of waters among home dwellers, farmers and businesses. Providing sources of water are going to be serious problems when droughts and low water tables require rationing of water. Better for man to locate near more plentiful sources of water than trying to transport water over long distances."

Jesus said: "My people, it is unfortunate that terrorism of killing innocent civilians is being used for political gain. When people or religions teach war and acts of violence are the only solution, then the devil is winning and not just the acts of killing. The demons hate man and they want to stir up all kinds of wars among humanity. Striving for peace and peaceful co-existence with your neighbors should be your goal and not just to force your will on someone. Real freedom is not interfering in another's country. Letting people live their own way is better than continued occupation or constant wars. Pray for My peace and not man's peace."

Friday, March 19, 2004: (St. Joseph's feast)

Jesus said: "My people, this vision of an old woman dying is a reminder to all of you that your life here is short and you should always have your soul pure and ready to meet Me at your judgment. Even as you grow older in later life, you should even be preparing for death. A person, who has many years, can look back on the gifts of education, a good job, children and even grandchildren. You have many reasons to be thankful to Me for providing for your livelihood, good health, enough to eat, and providing for your family. Near the end of your life it is good to have many kindnesses and good deeds in your hands to offset the sins of your life. As you draw near to death, it is a time to be closer to Me in preparation to be with Me for all eternity. It is a time to sever all earthly desires and focus only on My waiting arms to receive you. This love for Me should be strong throughout your whole life, but even more should you grow closer to Me as your time on earth is about to end. You will be tested by temptations even stronger toward your time of death, so call on My help to give you peace as you grow closer to the threshold of your entry into the next life."

Jesus said: "My people, I provide you with the boat to traverse the sea of life. You will see ups and downs in life as

you witness calm and storms at sea. When the seas of life are rough, you need to call on Me in prayer to calm the waves of your troubles. It is during your trials that will test how you deal with difficulties in your life. When you put your trust in Me, you will not waver from even the fiercest of storms. My protection is always around you, so you can call on Me in prayer and I will come to your aid. If you look back at how I have brought you through many difficult moments, you know that I will always be there for you in your needs. I love all of My people so much and I will never leave you orphans. Your Lord is always watching over you, but you must have faith and believe that I can heal you of all of your spiritual and physical needs. Show your love for Me in your prayers and your good deeds for others."

Saturday, March 20, 2004:

Jesus said: "My people, why is man so taken in by the devil's continuous temptations for having wars that only destroy property and kill people? Over the years man has developed deadlier weapons and more efficient killing machines in your modern military aircraft. Look at why you are going to war in the first place. Many of the wars America has become involved in are no threat to your own people. The business of taking out dictators is futile, because the devil just stirs up another in their place. The one world people are behind the instigation of terrorism to start more wars so they can profit from selling weapons and make interest on your debts. Constant wars have not solved any problems and they have caused debts and further hatred of America. What is missing in your world is love and a desire to say no to your wars. Killing in wars will not stop terrorism. Better to stop killing each other and live in compromise with your neighbor. Better to pray for peace with your weapons of rosaries instead of making deadlier weapons of war. Search for My peace in your heart than anger over past offenses. Do not let the devil keep leading you into so many unnecessary wars."

Jesus said: "My people, I have given you messages before concerning the potential for a massive volcanic disturbance in the Western part of your country, specifically in the Yellowstone Area. I have warned America that after this year that you would know the meaning of natural disasters. I have warned America many times to repent and change your ways, or you will see the destruction of fire fall on your country. This vision of a massive volcanic disturbance shows massive destruction to your country as I told you that I would bring you to your knees. If your country repented as Nineveh in sackcloth and ashes, I could minimize these effects. But since you are

growing more evil with your same sex marriages, you are sealing your fate. I am not giving a time, but you are seeing many signs at Yellowstone so you can watch the earthquakes in this area for when it will let loose. Many of your scientists are already concerned over the events that have already occurred. Pray for the forgiveness of your sins and those of your people. If enough prayer comes forth, I could stay My hand of wrath. In either event I will bring you to your knees for your many sins of the flesh and worship of your idols of the earth."

Sunday, March 21, 2004: (Prodigal son)

Jesus said: "My people, you know how much I love you and I will always love you. There is not a doubt about My loving you, but it matters about whether you will always love Me. In your weakness you will fall into sin on occasion because of your imperfections. You know how sin offends Me, so you should strive to minimize sin in your lives. When you do sin, there is venial and mortal sin. Mortal sin, when you acknowledge it, takes all the grace out of your soul. When you commit mortal sin as with many sexual sins, you need to go immediately to Confession in order to restore your love relationship with Me and replace My grace in your soul. Be able to admit your sinful actions and do not be lazy to have your soul cleansed. Those souls, who die with mortal sin on their souls, are risking the loss of heaven and eternity in hell. I am like the father of the Prodigal Son, always waiting for sinners to return to My sheepfold. I will forgive the worst of sins, so do not let your pride or fear of My justice keep you away from Confession. Just as the Prodigal Son did not want to die of starvation, you should not want to remain spiritually dead in your mortal sins. Confession also is good for venial sins as well because these sins also offend Me. Remember also to be able to forgive others as you would seek other's forgiveness. Many times I tell you to go and make amends with your neighbor before you bring your gift of yourself to My altar. Think love of Me and love of your neighbor in all of your actions and you will have My peace and rest in your soul."

Monday, March 22, 2004:

Jesus said: "My people, this morning's Gospel is about faith in Me being tested in your daily trials. Many want signs of healings and miracles to believe, but the only sign you will have is the sign of Jonah. Unless you repent of your sins, you will not be saved. Faith and healing are together. Because of the lack of faith in My home town of Nazareth, there were few healings there. Because the royal official believed that I could heal his son, his son was healed. Many times I healed

people's souls of their sins before I healed their physical ailment. When I healed people, I healed the whole person, both body and soul. In the same way that people have gifts of healing and call on My Name, they should pray over people for both physical and spiritual healing. At the same time, those asking for healing need to believe that I can heal them. Without faith in Me, it will be difficult for My healing power to touch one's soul, let alone heal them physically. All healing of body and soul must come through Me, so believe in Me and My power will set you free of your sins and your sicknesses."

Jesus said: "My people, in today's world you are beset with many distractions and desires for new things to buy. How many times have you been desirous to buy a new home, a new car, a new computer, or many other favorite devices or movies? At times it is proper to replace something that is broken or beyond repair. But to desire the best and most expensive items is a human weakness. It is these desires for earthly things that can detract from or come in place of loving Me. To come to heaven you must cleanse all of your earthly desires and replace them with love of Me and love of your neighbor. When you love someone, it is not for gain or to control someone. Desires for things are to possess them for your own gain or pleasure. This is the spiritual difference between loving and desires. Even when you love your spouse, you do everything for each other without expecting anything in return. This is why love is so beautiful and it is what I am all about to you. I love everyone unconditionally and you as My creature are called to love Me. But I do not force you to love Me. So throughout life you must work at loving more and desiring things less. Then you will be on the right path to heaven."

Tuesday, March 23, 2004:

Jesus said: "My people, I look out for you in all of your daily needs. Just as I protect and feed the birds and all the other animals, surely I will see to all of your physical and spiritual needs. My angels watch over you to protect you from harm. But I do not force My help upon you. You must recognize My place in your life and call on My help daily and I will lighten your burdens because of your faith in Me. Some people are constantly complaining of their lot in life, but they do not realize how fortunate they are for what they already have. There are people in other countries that would long to have even a part of what some complain about. Desiring more than your means can cause anger, envy, and frustration. So be content with your lot. If you work at fulfilling your mission on earth, you will receive a just reward for your efforts. Having a lot

of expensive extras or luxuries will not make you as happy as you think. It is the devil whispering in your ear to make you desire things. Continue to work more on loving Me and others, instead of entertaining your worldly desires."

Jesus said: "My people, as you look out all over the world, you see man in constant struggle to be in battle with each other to have control. Those, who are not in power, are fighting with bombs and destruction to gain power. Those, who are in power, are using their might to destroy those who are challenging them. It is greed and power that are controlling many governments and not peace and love. When your leaders desire war for its own sake, they are turning their backs to Me, despite what they say with their lips. Your actions come from the intent in your hearts. If you really love Me, you would have love for everyone and do everything to make peace and compromise. Killing begets more killing and that is why I told St. Peter that 'He, who lives by the sword, will die by the sword.' My Blessed Mother has given you the answer to war and that is her rosary for peace. This spiritual weapon is far more powerful than any of your physical weapons. So I continue to encourage you to pray your rosaries for peace in the world. The devil is causing more evil to spread all over the world and the destruction of war is his favorite weapon. Your prayers can make reparations for the sin of the world because war is a result of man's sin. Seek My peace and love and avoid any anger with your neighbor. Peace starts with each family's influence on those around them. Prayer and the rosary in the family is your greatest chance for peace in the world."

Wednesday, March 24, 2004:

Jesus said: "My people, this disintegration of the assembly line represents how your manufacturing businesses will be going into major decline. Debts, wars, and increasing tax loads will weigh down your people and workers so there will be little money to spend by consumers. This will cause a reduction in your need for manufactured goods. Unemployment will continue to be a problem as well as increasing bankruptcies. Natural disasters will continue to stress your economy as a major recession will ensue. This financial stress, wars, and terrorism will create a time of chaos that will make it ripe for the one world people to take over and make way for the Antichrist. You may be comfortable now, but soon events will cause everyone to be worried about how they will survive without enough income. This will be the beginning of the tribulation and you should be prepared with My help both physically and spiritually."

Jesus said: "My people, as you view the expanse of My universe of creation, you are awed by the order of all the

galaxies of stars with their planets and moons that circle the stars. Your modern telescopes are viewing ever more distant galaxies that you never knew even existed. When you see the earth and your sun as just a speck in your Milky Way Galaxy, you begin to see the vastness of My power and creation. Even when you investigate the atoms that make up all living and physical things, you see more order in a micro universe. I have created every creature as a part of My order of life and even all of mankind is called to give glory and praise to your Creator. I have a plan for each person's life, and that is why man should not violate My plans by killing anyone. When sin came into the world, disorder by man also infected the world. You are all created in My image with body, soul and a free will. When you serve Me by following My Commandments, then you will see the order of My love. But when man violates My Commandments, then you see the disorder of sin in wars, divorce, and sexual sins. So I ask you, My people, are you adding to the beauty of My order of creation, or are you adding to the chaos of sin in the world?"

Thursday, March 25, 2004: (Feast of the Annunciation)

Jesus said: "My people, just as My Blessed Mother gave her will over to Me in her 'Yes', so you all are called to imitate her by following My Will in your own life. In My Gospels I show you the right path to heaven by following My Will and My plan for your life. In this vision you see this foot stepping forward on this path, but you are pressed in by the many distractions of the world that want to detour your path. Each person will be facing the same choices of serving Me or serving yourself in the world. I have warned you many times previously not to let anything or any person in this world control you. When you are controlled by drugs, drinking, gambling, or any other vices of the flesh, then you will be detoured from your path to heaven. So reach out with your 'Yes' to serve Me and pray for help to come back to My path if you are ever detoured by the world. Your focus needs to be centered on Me through the forgiveness of your sins. Follow Me as your Savior and you will be rewarded with eternity in heaven."

Prayer Group:

Jesus said: "My people, this building that is on fire represents your economy with its many debts, deficits, wars and disasters. Your economists are claiming large increases in their earnings, but they are bloated with overspending by your government and artificially low interest rates. Your energy supplies have been variable and your jobs situation has been stagnant. If you consider the billions that you are spending on wars, defense and homeland security, as well as your liabilities

for Social Security and Medicare, you would see how in debt you are with no answer out. Many of your social issues about same sex marriages and taking My Name out of your Pledge of Allegiance are more signs of the decay of your morals and a calling for My chastisement on your country."

Jesus said: "My people, you are celebrating My Blessed Mother's Annunciation when she allowed the Holy Spirit to overshadow her and bring Me into her womb. My Blessed Mother and I have joined hearts and during her pregnancy we were also joined in one flesh. Her 'Yes' has started My coming among My people to save them with My Blood. The purity of My Blessed Mother was a part of My plan to have a sinless conception and an Ark of the Covenant for My entry into the world. Rejoice in My Blessed Mother's watching over all of her children. Thank you for your rosaries of many Hail Marys which give honor to her 'Yes' to the Angel Gabriel."

Jesus said: "My people, there were those who thought that I would bring My kingdom in physical power over the Romans. Instead of a powerful physical kingdom, I told you that My kingdom is not of this world, but a spiritual kingdom. This life is nothing compared to the greatness of heaven that My faithful will experience. So do not think that this life is all there is. Your next life after death is when your real life with Me will begin. When you witness the glory and peace of heaven, you will wonder why you would ever want to stay in this life of suffering and sin."

Jesus said: "My people, you sometimes need miracles or signs in order to believe in My Word. I performed many miracles of even raising people from the dead and still they would not believe that I was the Son of God. You also, My people, may see miracles of healing in My Name and still there will be people that do not believe in Me. You can bring My Word of love to all peoples, but they must accept Me into their hearts of their own free will. The truth is presented to everyone in My Gospel of love, but having the eyes of faith to believe is a gift from My heavenly Father."

Jesus said: "My people, you are seeing a great confrontation between the troops of Israel and terrorist bombers of the Palestinians. As one side keeps inflicting casualties on the other, there is little chance of peace where both sides are fighting for possession of the same land. This constant war in the Holy Lands is right in the place where I shed My Blood that all of mankind could be saved. Even though peace appears impossible, I want you to continue to pray for peace there and all over the world."

Jesus said: "My people, you are already seeing Christians being killed all over the world. A time is coming again when

you will see such killings as sport to satisfy those who refuse to accept My Word. Already if you speak out of the immorality of homosexual acts, you may even be brought to trial for discrimination. I told you that you would be brought before your authorities and persecuted for your beliefs. Soon you will see how quickly these events will fulfill My prophecy."

Jesus said: "My people, even as My chosen people rebelled against Moses, so you are seeing your rebellious generation rebelling against My Commandments so they can enjoy their pleasures without anyone telling them that they are committing sin. They are changing the very fabric of your laws to appease those who want to live in homosexual or heterosexual sins. Refuse to follow such sinful laws, even if it means that you may be persecuted and martyred. Better to die defending your faith, than following sinful laws just to save your earthly life. It is the life of your soul that is more important than the life of your body."

Friday, March 26, 2004:

Jesus said: "My people, your manufacturers have cut their expenses to the bone through fewer workers, outsourcing and increased productivity. Now these same employers are making so much profit that they are reluctant to expand and hire more workers. One of the victims of outsourcing and increased productivity by robots is the American worker. Fewer manufacturing jobs and fewer benefits are why the unemployment levels are seeing little change. Foreign labor and more efficient machines are cutting down on the available jobs leaving only lower wage service jobs as the only source of employment. Even computer jobs and the high tech industry are being exported to cheaper technical jobs. The better economy is providing more money for the rich and less for the middle and lower classes. As businesses avoid taxes by offshore and foreign investments, as well as corporate welfare to low tax zones, the poor taxpayer is shouldering the high cost of your overspending government. Many of your country's financial hard times have come as a result of your sinful lifestyles. Lent is a time for change of your bad habits and a chance to look at yourself in a spiritual mirror. If you do not like what you are seeing in your life, you need to ask My help to bring you back to My ways by avoiding your sinful habits."

Jesus said: "My people, just as this scene in an elevator shows you, I have placed various people in your lives for a specific purpose. Sometimes you will have people of faith help you, and at other times you may be an inspiration of faith in Me for other people. All of My faithful people are like beacons of faith and love so those, who need to be saved, will see Me in

your eyes, heart, and soul. Do not be afraid to reach out and help those souls crying out for help either physically or spiritually. I have told you once about how one person in need may never in their life see another chance to be saved except through your witness of faith. How hard it would be on your conscience if you passed up the one chance to save that person's soul. That is why it is important to not pass up any opportunity to pray with someone because they need to come and know the love that their Savior has for them. Even be a witness of good example because some are looking up to you for spiritual guidance. Give sinners the hope and trust in Me that they need to endure life's pains and burdens. When they pray daily by your training, they can be confident that My grace will lift them to endure what seemed as impossible. Come to Me, My children, in My Blessed Sacrament and I will nourish you with the Bread of angels. Endure this brief life but a moment and you will soon be with Me in paradise."

Saturday, March 27, 2004:

Jesus said: "My people, as you see people walking around, there are souls that are nearly pure on the one side, and those in heavy venial sin or mortal sin on the other side. My faithful followers, who receive Me often in Holy Communion, are worthy and strengthened by My grace by receiving Me. There are other faithful that are in mortal sin and out of ignorance or on purpose are receiving Me in sacrilegious Holy Communions. If you are in mortal sin knowingly, you should be going to Confession to cleanse your sins before receiving Me in Holy Communion. It is difficult for some to admit that they are living in serious sin when they live together without marriage. Even married couples must avoid using contraceptives and artificial conception methods. There are also many souls who do not even come to church on Sundays and know they should be worshiping Me, but are refusing out of laziness. Loving Me is not something you can put off. If you truly love Me, you should seek My forgiveness and worship Me regularly. I love everyone all of the time, but true lovers show their affection often, not just a few times a year. Reach out to all souls, who may be away from Me, and encourage them to see the Light of My law and My love."

Jesus said: "My people, in My days the Pharisees and Sadducees refused to believe that I was the Son of God or the Messiah. Because I claimed to be One with My heavenly Father, these people crucified Me for blasphemy. I asked My apostles who I am and St. Peter declared that I was the Christ, the Son of the living God. The traditions of My Church have been under attack even in My own Church. My Blessed Sacrament has been My

Real Presence among you since I instituted it from the Last Supper. Yet some have placed My tabernacles in the back room and My crucifixes are leaving the sanctuaries. No matter how many people throughout history have wanted to deny My existence as a God-man, I am still present among you and I died for you on the cross for your sins. You are about to commemorate My Passion in Holy Week, so renew all of your intentions to carry out your Lenten devotions. Take My words of suffering in the Gospels of My Passion to heart and walk with Me to Calvary in your own personal sufferings. Then you can fully appreciate how much I love all of you that I would suffer and give My life up for each of you. Give thanks and praise to your Savior for all that I have done for you."

Sunday, March 28, 2004:

Jesus said: "My people, I have asked you to watch for the signs that you will see in the sky. This vision is showing you an orange-red object that is heading toward your planet. There could be some drastic effects from this in your weather and in your volcanic action. The scientists will be keeping this quiet so the people will not be scared or go into panic. This will be another omen or sign of the coming tribulation when the one world people will be allowed their hour to bring the Antichrist into power. These evil ones have been planning for this hour for years because they knew that they would only have a small window of opportunity before I will crush all evil on the earth with My Great Chastisement. Be prepared, My people, to call on My help at the time the Antichrist declares himself, so your soul will be pure and ready so you can call on your guardian angels to lead you to My refuges. Those, who delay in coming to My refuges of protection, could risk persecution and martyrdom. The Warning will be coming about the same time as the Antichrist takes power. So again have your souls in a pure state with frequent Confession."

Monday, March 29, 2004:

Jesus said: "My people, the coming time of tribulation will bring about the brief reign of the Antichrist. This vision of a large black statue represents the power of this evil man who will rule with a strong hand and crush all those in his way. He will have demonic powers to control those who succumb to his suggestion to worship and obey him. Those, who refuse to go along with his new world order, will be tortured or killed. He will seek out all religious people and those who oppose his rule. By magic and appearing miracles, he will claim to be Me and even someone greater than Me. He will boast of his power, but at the height of his rule I will come and destroy him and

all the evil ones. My coming in judgment will chain all the evil ones in hell and I will renew the earth and raise up My faithful in My Era of Peace on earth. Have hope and trust in My power even when this evil may seem to make things look hopeless. Your faithfulness will be vindicated in your heavenly reward."

Jesus said: "My people, the Iraqi people are tired of your American occupation and they are more than willing to take back control of their own country. The expense of staying longer and building up their infrastructure is not only expensive in dollars, but also in daily killing of your troops and civilians. Controlling terrorism in various countries is futile because they just migrate to another country for their training camps. Even when you leave these countries, there is no guarantee that a democracy will even last. Soon you will see other dictators come on the scene and it will be just the same as when you began. This is just showing your people that the destruction of your country is more likely than destroying all of the terrorists. Pray for peace, My people, because you have nothing to gain from all of your wars. Try to help people more than killing them or trying to control them. You will not see peace and justice here, but only in My Era of Peace and in heaven."

Tuesday, March 30, 2004:

Jesus said: "My people, you are focused more and more on My suffering and death on the cross with Passion Week approaching. I have brought everyone the opportunity and grace to gain heaven by washing your sins away with My Most Precious Blood. But still each person, by their free will, must chose to follow My Commandments and My Will with My plan for your life. By consecrating everything up to Me each day, you are detaching yourself from the desires of the world. Reaching heaven through My help is your first goal. I am showing you several levels of heaven to show you that by living saintly lives, you will be rewarded even more in the higher levels of heaven. Those, who come to Me in Adoration, take time to help the poor, and suffer much in this life, will be the ones to gain eternal life in the higher levels of heaven. Those, who evangelize and help save souls from hell, will also be great in heaven. While you are on earth, it is a great struggle to fight temptations to remain pure. Even if you falter, I give you Confession to cleanse your souls. You must battle the evil ones for your own soul and even more so to win souls for Me. Be persistent in your prayer life and My sacraments for your soul and others and you will be welcomed into My great banquet in heaven."

(Funeral Mass for Gary Unamann-Julie's son) Jesus said: "My people, saying good-bye to a loved one at death is very difficult because of the grief of this separation into the next

life. But this is the destiny of every soul that the body is mortal and must die one day. That is why every funeral is a reminder of your own mortality. This vision of a place of Baptism shows you how you come completely through life at the beginning in Baptism and the grace of Confession and the last rites at your death. For those, who receive the sacraments near death, there is hope for even the most grievous of sinners. When a dear friend or relative passes to the grave, it is only fitting that you continue to pray for that soul who may be in purgatory. You do not know the disposition of every soul, so making reparation for their sins in prayer could assist that soul to heaven sooner than without your prayers. You can also offer your sufferings and fasting as well for such souls. With death all pain and anxiety is removed from this life as they are at rest."

Wednesday, March 31, 2004:

Jesus said: "My people, there are very few remnants of kings and queens in your world today and most are even figureheads in terms of ruling power. Beware of governments, or heads of state that can issue decrees and edicts to control people at their whim. Dictators and such prime ministers, or presidents can abuse this power with no one to answer to. This reading of a king mandating that everyone had to worship his idol is such an example of ruthless power that could threaten people's lives. When the Antichrist will come to power, he, too, will be a tyrant power and demand people bow down to his image. How many of My faithful will have the courage of Shadrach, Meshach, and Abednego to defy the Antichrist's decree in the face of death? This will be a real test of your faith, but call on My help and I will give you sufficient grace to endure all of your trials. Do not give up your faith for anything because your eternal life in heaven is more valuable than this earthly life."

Jesus said: "My people, I do not want you to get too comfortable in your house or your cars because these earthly comforts will soon pass away. Do not think, that all you have, came from your own efforts only. I have graced you to obtain everything through the talents that I have given you. Earthly comforts, riches, and pleasures can become gods that you depend on instead of depending on everything from Me. These things will not help you gain heaven and actually could become a hindrance for your faith. Some day you will have to leave these things behind you when you need to go to the refuges to avoid the evil one's power. The evil ones will come to your house to force you to take a chip and to worship the image of the beast. By leaving for My refuges early, you can avoid possible

martyrdom or torture in detention centers. Call on My grace and I will help you to endure whatever you must suffer. By stripping you of your earthly things, I am preparing you to stand up to evil and all of its temptations."
