

March 1, 2006: (Ash Wednesday)

Jesus said: "My people, this first day of Lent is focused on the saying of the priest: 'Remember thou are dust, and unto dust thou shalt return.' This expression of ashes is to humble everyone to the fact that I created you from the elements of the earth, and when you die, your body will return to dust and ashes. Lent is a special time of the year to put the spiritual life of your soul in proper perspective to where you will go after your death. While you are here in this life on earth, you should be preparing your soul for heaven before you die. The idea of a forty day period of prayer and fasting comes from My preparation for My public ministry after I was baptized by St. John the Baptist. During the year there are many distractions that can lead you astray from your strong fervor of loving Me and your neighbor as yourself. By an extra focus on fasting between meals, doing some penances of giving up something you like, and an increase in your prayers as the daily Liturgy of the Hours, you can help purify your life of earthly desires. Many times your craving for things in addictions, or other habits that consume your time, draw you away from Me. Just as I fasted and prayed in the desert, it was a time to resist Satan's temptations of eating bread, throwing Myself over a cliff, and bowing down to him in worship. In all of these temptations I quoted Scripture to him in answer to his taunts. You are going to be tested also by Satan's temptations every day of your life. So take advantage of this Lenten Season to build up your resistance to his temptations."

Jesus said: "My people, this pulsing beacon of light represents microwave signals being sent over an area in the sky. In combination with the materials placed in the sky by chem trails, these microwave pulses could trigger epidemic diseases in given areas. The evil ones are causing fear with threats of epidemics. Even worse, they are instigating these viruses and diseases on purpose to lower the population, and give cause for declaring emergencies and martial law. The evil ones will use any tactics to take away your freedoms and give the evil people control over everyone. As the evil ones begin to take over, My angels will lead you to My refuges where you will be healed of all diseases by drinking the spring water at the refuges and looking on My luminous cross over each refuge. Trust in My protection and My healing and the evil ones will not be able to harm you or find you."

Thursday, March 2, 2006:

Jesus said: "My people, in the first reading about Moses (Deut. 30: 17-19) he is giving the Israelites his parting blessing as they are about to enter the Promised Land from their

forty years in the desert. His address on choosing life is a good lesson for every nation, especially America. 'If, however, you turn away your hearts and will not listen (to God), but are led astray and adore and serve other gods, I tell you now that you will certainly perish. I have set before you life and death, the blessing and the curse. Choose life, then, that you and your descendants may live, by loving the Lord, your God, heeding His voice, and holding fast to Him.' Right now you are serving the gods of money, possessions, lust, and war. The morals of following My laws have been replaced by your greed for money and pleasures. The moral decay in your society can be seen in your movies, your actions, and your laws. Because you have chosen this path of sin instead of following My laws, you must accept the consequences that are leading to your destruction as a nation. There are evil rich people who are controlling your government and your money that are leading you to bankruptcy both physically and morally. This is their plan for takeover, but your people are so steeped in their sins and pleasures, they do not see the coming loss of your freedoms. All of the natural disasters and your deficits will bring your people to their knees unless your people repent of their sins and worship your Creator instead of created things."

Prayer Group:

Jesus said: "My people, New Orleans has only a quarter of its original population after the hurricanes. Yet they are still celebrating a sinful carnival atmosphere along with the new gambling casinos. The people here were brought to their knees, and they still have not linked this destruction with their sinful lifestyles. Where sin abounds flagrantly, you can expect My wrath to fall on those unrepentant sinners. Pray for the citizens of these destroyed cities that they repent and call on My help to recover."

Jesus said: "My people, this Lent is a time to try and improve your lives even in the little things as driving your car. It is easy to get upset over slow drivers, or those that are distracted by cell phones. The real challenge is to keep your peace and do not let the little things get you angry and disturbed. If you are tempted to overreact to such things as driving problems, then say some prayers at that time to calm your emotions. Carry this same thought into every situation that could disturb your peace."

Jesus said: "My people, when you make up your mind to clean out your garage or basement, you make the extra effort to get rid of those things that are no longer needed. Your souls need to be cleansed of your sins more than just cleaning out some trash. If you have been sinning for a long time without Confession, it is difficult to see how badly you need repentance

and My forgiveness. You need to recognize that all of you are sinners and are in need of frequent Confession. Make an effort especially during Lent to get to Confession at least once a month, even if you have not committed any serious sin. Pray for all souls to repent and return to My forgiving heart of love. You need to have pure souls to get into heaven, so take the condition of your soul seriously and keep it ready and pure for the day that I will call you home."

Jesus said: "My people, you are aware of the dangers of a shark when you are in the water because you can see their fins. Many do not always see the danger of the evil ones in their temptations to serious sin. Because the devil is crafty and deceiving, you need to be on your guard against sin at all times. This is why daily prayer and frequent reception of the sacraments are a great help to keep you strong against temptations. Look at the lives of the saints and seek to imitate them in their holiness. Do not have fear of the evil ones because when you have Me for you, who could be against you?"

Jesus said: "My people, you are very careful to guard your valuables and have all manners of security devices in your homes and cars. Why do you take such care of your earthly things, but you care little to store up heavenly treasures of your prayers and good deeds? I have told you many times that where your treasure lies, is also where your heart lies. You cannot love both Me and money at the same time. Put your trust in Me and worship Me instead of your money."

Jesus said: "My people, when you commit a crime of theft or shoot someone, you expect the police to bring you to justice and finally to prison. This is a consequence of your sinful actions against society. When you commit sins against My Commandments, you also must expect that you will have to make reparation for your sins. When you are in serious sin, you may not see the bars of a prison, but the bonds of your sins can keep you from coming to your spiritual potential. You always can do more in your life to improve your holiness, but you must have the faith and determination to move forward in a better life. I love you always, even in your sinful actions. Make an extra effort in this Lent to loosen the bonds of your earthly desires that hold you as a prisoner."

Jesus said: "My people, America continues to be tested by 100 mph winds, fires, and snow storms. Many of these events are signs for those with eyes to see that you are getting closer to the end times. Your ongoing wars and insurrection are taking lives all over the world, even as different religious views have brought some divisions. Love should be uppermost in your mind and it is better to strive to build up society as peace makers

than to let hate and war destroy any peace present. Work and pray to stop your wars where greed and pride will gain you nothing."

Friday, March 3, 2006:

Jesus said: "My people, many of you are strong in your faith, but even more around you are lukewarm, or not even religious at all. My faithful remnant are the pillars of My Church and you need to give good example to your family members and those around you. If you are to be models for others to follow, you need to stay strong in your faith by renewing yourself with the discipline of your Lenten devotions. By extra prayer and fasting, you can nourish and build up your faith so you will be strong against temptations to sin. You all are subject to temptations every day, so everyone needs a time of Lent as a retreat from your worldly cares and distractions. Take this time to grow in your faith instead of accepting the status quo. Unless you keep gaining in your perfection, it will require more purgatory to cleanse your earthly desires."

Jesus said: "My people, many of your factories are having a difficult time in matching quality and price for your durable goods such as cars and other high value products. The lost market share is bringing many of your companies close to bankruptcy with many layoffs as well. It is hard to blame your consumers for wanting to buy better quality and cheaper products. You are turning into sellers instead of makers, and your manufacturing jobs are declining steadily. If your government does not limit these imports and the balance of trade deficits, you will be exporting your money and the ownership of all of your businesses. This is another area where the overhead of all of your taxes, benefits, and labor costs are pricing you out of your global marketplace. Pray to Me for helping you in your jobs and keeping your employment to feed your families. Your morals also need to improve as well as your coming to Me for repentance of your sins."

Saturday, March 4, 2006:

Jesus said: "My people, I want to call your attention to the fact that all of you are sinners with faults, and you all need to come to Me in repentance of your sins. Do not be dismayed at your weaknesses, but be thankful that you have a Savior who loves you and wants you to reach out for My help to be holy. Do not criticize people for their faults because everyone is in various stages of progress in their faith and learning experience. By being loving and willing to assist people, you will keep the peace instead of making them resentful of your criticism. At the same time you must be loving when

people criticize you and not be prideful in getting angry at someone's remarks. Even when people are slow or forgetful, resist showing up other's faults just because you are faster or have a better memory. Many arguments start with unnecessary criticism, and both parties need to be more understanding of each other's faults. When you think to criticize someone, remind yourself how others see your faults and are offended also. Think love in your actions and comments, and you will spread My loving peace instead of being a bad example to others. If you truly love Me and your neighbor, you will think twice the next time you are quick to judge someone."

Jesus said: "My people, this problem of handling flash flooding from heavy downpours also threatens to carry untreated sewer water into your rivers and lakes. The bad quality of the water in New Orleans caused burns and rashes for those who walked in it. These large rainfalls from violent storms are going to be more frequent. In California unusual rains are causing further mud slides. Your storms are partly increasing in violence and rainfall because of the higher temperatures in the Gulf of Mexico and the oceans. Your country is going to have to make plans to deal with more disasters like Hurricane Katrina. Living near these Southern states is going to be more of a liability than vacation sites. America is suffering in more ways from your natural disasters in part due to your immoral behavior and your lack of repentance for your sins."

Sunday, March 5, 2006:

Jesus said: "My people, your deacon today touched on all the Lenten devotions that the people need to be doing to be holier people and take advantage of this Lenten opportunity of grace. Some may want to attend some daily Masses as an extra penance. Daily prayer is a good way to stay in close communication and express your love for Me more than once a week. Stations of the Cross help you to understand My suffering for each of you and they prepare you for Holy Week. Fasting from food between meals and having a modest seafood dinner on Fridays helps you to train your body to fight the devil's temptations. The most important Lenten suggestion is to confess your sins at least once a month, even throughout the year. You all are sinners and in need of My forgiveness. In Confession I cleanse your sins and fill your soul with grace. In serious sin you are made alive and your spiritual life is renewed in your love relationship with Me. I mentioned almsgiving in previous messages, but it is also a way to be humble in healing your pride and any love of money by sharing with your favorite charities. All of these devotions have one goal of strengthening your soul and faith on your path to heaven."

Monday, March 6, 2006:

Jesus said: "My people, this vision of people carrying shields is all about the battles against evil that you must bear every day. There are three sources of evil in your life. You are tempted by your peers to follow the crowd, even if it involves sinful behavior, or you may risk social rejection. You are tempted by the devil just as I was tempted in the desert. The devil is very cunning and deceptive in his temptations and distractions from things that are holy. You also are tempted by your own will in your earthly desires, and sometimes even addictions or habitual sins. Knowing and understanding your sources of sin can prepare you for these attacks so you are not found unaware. In all of these temptations pray for My help and do not give in to these sins which you rationalize as unimportant. Every time that you sin, you are offending Me, and you need to come to Me in Confession for forgiveness and seek My mercy. I will always forgive you, cleanse your sins, and fill your soul with My grace. By having strong faith and a strong prayer life, you will have a spiritual shield of protection from all of the evil that you will face each day."

Jesus said: "My people, many times people travel on vacation during the summer time. This vacation trip has taken on a different purpose as if you are practicing for the days when you will have to leave for My refuges in the rural areas. Once you leave the cities and suburbs, it quickly changes to thinly populated areas. The more you can do a little camping and practice using your backpack materials, you can get a preview of what it would be like at a refuge. Do not worry about your needs because I will provide for you and your protection. My angels will keep you from being seen and My luminous cross over the refuges will heal all of your diseases and infirmities. So the next time that you take a vacation in the car, think of how prepared you are to leave for My refuges, because that time will be coming sooner than you think."

Tuesday, March 7, 2006:

Jesus said: "My people, I taught My apostles the Our Father as a way to pray to God. Prayer is an important part of your spiritual life, and in reverence you should pray slowly and think of what you are saying. There are various reasons for prayer. You pray to give Me Adoration and it is your way of saying how much you love Me. You pray over things and people to bless them. At meals you pray that you are thankful for your food, and that it may be safe to eat. You pray over people to call on My healing and sometimes to release them from demons. You pray many times prayers of petition or intercession for saving souls from going to hell, souls in purgatory, peace in

the world, and a stoppage of all the killing going on all over the world. You pray to thank Me for all of your blessings of things and graces of faith, as well as for all the people that I place in your life. The ultimate prayer of Thanksgiving is the prayer of the Mass and My gift of Myself to you in Holy Communion. You also pray to Me in asking forgiveness of your sins, and you are willing to make reparation for your sins by your prayers, as in your penance after Confession. In all of these ways you are humbling yourself before Me as you are reaching out to enrich your love relationship with Me. Every prayer is heard and I will answer whatever is best for your soul or others in My time."

Jesus said: "My people, there are times in your life when old habits or addictions can control your life in either repetitive sin or things that waste your time. As soon as you allow one little opening, as a drunk takes one drink, you can open the floodgates to the things that can control you. When your desire for these earthly cares so consumes you, it is hard to break the chain of this desire. It is sometimes better if you refuse to be enticed the first time and remove any occasions that would lead you to sin or a return to a bad habit. You are not alone in this battle of control over your life. When you come to Me in prayer, I am at your side to help you break the bonds of any control that addictions or bad habits have over you. You need to let this desire go in order to be free of its control over you. Take up reading some good spiritual books and this could take your mind off of your desires. Only by freeing yourself of these earthly desires can you begin to grow in your perfection that you are seeking to enter heaven. Give your life over to what I want you to do, and your spiritual peace will return to you free of the controls of the world's money, possessions, and fame. Search harder for your freedom and peace with Me, and your soul will be satisfied in getting close to your Lord. I conquered all sin and all things are possible with Me. You must make that forward motion to love Me and put My plan for you as your top priority. Love Me and your neighbor as yourself, and love will overcome all of your earthly faults."

Wednesday, March 8, 2006:

Jesus said: "My people, today's Gospel and the Reading talk about Jonah in Nineveh, and I tell My people of that time that I am greater than Jonah and Solomon. (Luke 11:29-32) When Jonah was called to send a message of repentance to Nineveh, he was reluctant at first. His message was actually taken up seriously as the people repented of their sins and their city was spared destruction. In most other accounts the people refused My call to repentance and in the flood with Noah and the fire against

Sodom and Gomorrah, My judgment fell against these people. I give the people of every generation fair warning of their sinful lives, and if they refuse to follow My ways, as the Israelites, their towns will be destroyed and they will fall into captivity. As with Me and most of the prophets, the people do not want to be reprimanded to repent and change their lives of earthly comforts and pleasures. So I tell all of My prophets to not be disappointed if people refuse to listen to your words. But remember that if you have been given a mission, it is still your responsibility to speak out to save souls by asking them to repent and change their lives. If My messengers follow My call, then they will save their souls and those who listen. Those, who refuse to follow My Commandments and do not accept Me into their lives, are calling this condemnation of the people of Nineveh upon themselves. As this evil age grows worse, you will see very few of My faithful remnant proclaiming their love for Me. You see the immorality all around you and many are no longer praying or attending Mass. Do not be discouraged about the few in number of My true believers, but be faithful to your own faith, and reach out to save as many souls as possible."

Wednesday, March 8, 2006:

Jesus said: "My people, this picture of some crossroads signifies that America is at a crossroads in making any more decisions for making war with Iran. The secret deal to sell the operations of your ports to the Arabs was a payoff for using their airport for future military uses. Now your Vice President and Secretary of State are laying down the rhetoric for a war with Iran if they do not stop their intent on making nuclear weapons. The American people want out of your war in Iraq, and surely do not want another war with Iran. Your Congress needs to assert its authority over who declares war, and who can sell the operations of your ports, or your country will be openly controlled by the one world people. You already have seen what a disaster attacking Iraq has brought America, so why should you continue this madness by starting another war in Iran? Pray for a stoppage of your wars now that could possibly lead to a world war if Russia and China defend Iran."

Thursday, March 9, 2006:

Jesus said: "My people, the one world people are behind the scenes preparing for another war in Iran. The oil stakes are too high for them in the Middle East to allow politics to get in their way. These are the central bankers and the rich controlling all of your governments to follow their directions. I have told you before that the bankers make money on the interest of your war debts that are now eight trillion dollars,

and they profit from selling arms to both sides. War is big business and a money maker for them, and that is why they are encouraging this war with Iran. The unexpected consequences of such a war could be worse than the debacle in Iraq, if more countries are involved. Such a war would send oil prices higher and cause a world wide problem with oil supplies. Pray much that such a war does not take place, or many lives could be lost. If this war occurs, you will have proof of who is running your governments."

Prayer Group:

Jesus said: "My people, you are seeing before you some Lenten symbols in some new Stations of the Cross and a picture of how I suffered with My crown of thorns. These traditional symbols help to add some reality to how I suffered for each one of you. When you walk My Stations of the Cross, it is how you can share your suffering with My own suffering. I am still suffering on the cross for your current sins that are continuing. Give praise and glory to Me for giving My life so that you could live a free spiritual life today. During Lent you could read the Stations of the Cross as one of your devotions to Me."

Jesus said: "My people, your president was shocked by the reaction of your Congress to putting down his selling of the port operations to an Arab shipping concern. The real security risk was voiced by your people, and the future elections pushed your Congressmen and women to act to protect their jobs. Your Congress has opened up a whole new look at how little these containers are inspected for nuclear or other dangerous materials. It is one of the first times that Congress has asserted itself against foreign big business."

Jesus said: "My people, this rejection of the Arabs to run your ports is just the beginning of a challenge to your president on many issues that his own party is distancing from him. The war in Iraq which has cost hundreds of billions of dollars has grown colder in its support. A possible new war in Iran could be another area of disagreement. The one world people are finally meeting some resistance to having things their own way. Keep praying for peace and that nuclear arms are not used."

Jesus said: "My people, this area where I lived has a real contrast in the old city of Jerusalem vs. the newer city. There are still many sacred traditions carried on by the Jews, the Palestinians, and the Christians. These peoples have tried to live together, but there are still clashes over the ownership of the land. There will never be total peace, but some of the recent changes are helping the peace."

Jesus said: "My people, as your time moves on, there are

more people wanting peaceful diplomatic solutions instead of more wars. There are different opinions, but preventing war is easier to strive for than all of the destruction and killing in a war. It is greed for land, oil, and control that has driven some countries to even think that they could win and profit from war. With nuclear weapons in so many hands, war on that scale does not seem worth it. Pray that proper thinking will prevail with no war."

Jesus said: "My people, you have just completed your first week of Lent and it would be good to look at how your initial intentions are working out. Some have adopted some fasting and extra prayers, but are you being successful in your plans? If you have yet to start a Lenten regimen, now would be a good time to implement some things that would improve your spiritual life. If you already are falling away from your original intentions, it is not too late to get back to your Lenten devotions. Think of how much that I suffered for you, and you could think of sharing some penances for Me."

Jesus said: "My people, I mentioned how almsgiving should be a more important part of your Lenten sacrifices. If your means permit, it would be a good exercise to make a good donation to your favorite charity during each month of Lent which is only two months. You are working to improve your spiritual life, so helping others would be an appropriate Lenten suffering. When you help others, you are helping Me."

Friday, March 10, 2006:

Jesus said: "My people, this vision of a safety net for acrobats is how you should see Me in your life. Many people are very apprehensive to take risks in life out of fear of losing their jobs, or not being able to provide for their living needs. You have read in the Scriptures (Matt. 6:26-29) many times about having trust in Me because I feed the birds of the air and dress the lilies of the field. If I can take care of these things of nature, how much more value are you in My eyes that I will provide for your needs. Man is always worried if he cannot see an immediate solution for his survival. I am that safety net behind you. You need to trust in My help for your jobs and the food and clothing that you need. In addition to helping you with your physical needs, I am also a safety net for your spiritual needs as well. At times you fall into sin, but I am there to lift you up in Confession. It is you who must recognize your faults and seek My forgiveness. With sorrow and reparation for your sins, then I can replenish your soul with grace and cleanse your sins from your souls. I am always here to forgive you, if you would just see your need for My grace. With this faith and trust in Me for both your physical and spiritual needs, then you can be at peace that your Lord is

watching over you in every little thing of your life."

Jesus said: "My people, at times you face almost impossible tasks as when David faced Goliath in combat. But David had faith in God and he trusted Him to help fight his battle. When David fell the giant with his sling shot and stone, David was not surprised at his victory, but he was confident in his Lord's help. This deep trust in God is how all of My faithful should also be confident in My help in all of your trials. Do not be surprised at your success, but give Me praise and glory for answering your prayers. Sometimes you let your fears stifle you from accomplishing My mission for your life. I have empowered you with the power of the Holy Spirit to do great feats to prove to you about the power of the Holy Spirit. The more you see My power manifested, it should embolden you to evangelize souls for My sake. Remember to trust in Me, and I will accomplish great things through you, just as I enabled David to conquer Goliath."

Saturday, March 11, 2006:

Jesus said: "My people, this dark shadow of evil, that will come over your country, is coming from the Antichrist who will live in Europe as he takes over the European Union. The central bankers will sponsor the Antichrist as he will promise them power. Once in power the Antichrist will do away with all of his sponsors and leaders, and replace them with demon inspired people as himself. The father of lies will entice people to work for him and then he will force them to worship him and accept his mark of the beast. He will do away with the United States on his way to world domination. Pray for My help during this evil reign, and I will protect My faithful remnant at My refuges."

Sunday, March 12, 2006:

Jesus said: "My people, you have heard Me talk about those who harm or give bad example to My little ones and how they need to be punished severely. I will forgive those who repent, but there is still more reparation for these sins because they can mislead an innocent soul. Those, who beat children or even kill them as in abortion, will have even more to answer for. Parents and grandparents need to protect their children from bad influences from bad movies, bad TV programs, internet searching in bad subjects, and even bad influences from their friends. It is not easy to be watching over them every moment, but the parents need to know what they are watching and doing in these areas. There are many worldly bad influences that can corrupt the minds of your children. You cannot depend on your society to protect your little ones, but you must be pro-active on your part and looking out for your children's interests. This is a

physical and spiritual protection that you need to put around your little ones. Remember on your day of judgment that you will have to answer to Me how you worked to save the souls of your children."

Jesus said: "My people, I have warned you about preparing to go to refuges for protection and for food, water, and healing. In addition to the things for your backpacks, I also have asked you to have some good running bikes handy in case you are having a fuel shortage. As the chips will be used for buying and selling, you will not want to use chips to buy gas. Many wars are occurring where the oil is pumped, and there are many terrorists trying to sabotage oil lines. Now even Iran is threatening an oil shortage if sanctions are placed on them for working on nuclear bombs. You may also have to buy some helmets to be legal on the road. With some crude transportation, My angels can lead you to safety at My refuges."

Monday, March 13, 2006:

Jesus said: "My people, when people die from cancer or strokes, it can be a trying time for care givers and the family. Some prefer to be at home, hospices, or special places at hospitals. This kind of death is a slow process, but it may give the dying person a chance to receive Confession and the Anointing of the Sick before they pass. Remember also to be praying for these souls because the devil tempts you to reject Me, even until you die. Having the sacraments before you die is always reassuring to the family that you had a chance to make your peace with Me before your judgment. It is also comforting to the family for friends and relatives to visit the dying person before the end, as well as at the funeral. Your life is valuable and paying your respects before death is just as important as after death. Friends should be willing to offer their services in helping the care givers when possible. Prayers and good deeds are appreciated greatly by the family, and they store up treasures in heaven for your love and concern."

Jesus said: "My people, when you come to Me in prayer, you must concentrate on opening your heart to Me. You have pride of all kinds holding you back from fully letting go of earthly confidence and desires. If you are the least little embarrassed, you are defensive with explanations. You must admit to yourself that you all have faults and just let your pride pass. You may even have spiritual pride as the Pharisees who thought they had all of the answers about God. You need to be open to want to learn more about Me, even if it comes from someone else. Once you can give your will over to following My Will, you can remove this spiritual pride that can keep the door

closed to your heart. When you can accept yourself as nothing in My Presence, then My love can reach deeper into your heart and soul. When you can let go of your pride, you will be able to embrace My love and My peace. You are the only one who can open the door to My love, so reach out for My helping hand so I can lead you to heaven."

Tuesday, March 14, 2006:

Jesus said: "My people, during the change of seasons from winter to spring, you usually see more violent wind damage as with tornadoes. Each storm system at this time of year brings dramatic temperature changes which generate large pressure changes. Tornadoes and fires have been ravaging your middle of the country with lost lives and great damage. Many of these disasters are a wake-up call to how vulnerable you are to these storms. This world is passing away and you should not get too comfortable with all of your earthly possessions because they can be taken away with one storm. Rather focus and trust in Me because I am never changing, and your eternal destination is more important than any of your earthly concerns. Be willing to accept losses in your possessions as they are only temporary. Even the lives around you are being taken home as well, so you have had to suffer the loss of loved ones who are mine also. Accept whatever comes into your life, and be thankful for all that you have and the gift of lives that are with you just for a time and are taken. This life is short and you need to live it in love while you are still here."

Jesus said: "My people, some people are fortunate to have a modest dwelling for a home. During your life you pay a mortgage, taxes, and utilities just to have a roof over your head. Remember in My public life that I stayed as a guest with people and I did not have a house of My own. Some priests and nuns take a vow of poverty to live simply in convents or rectories. Many saints did not have a house of their own either. The more you own, the harder it will be to give up these things before you die. All of your possessions are only temporary and you are like a steward, but not the owner. It is the same even with your life and soul. You are a part of My creation and when you die, I am taking My creation back home to Me for judgment. You can reject Me by your free will choice, but your soul is drawn to My love in being your Creator. Trust in Me with all that you have been given, and be willing to consecrate everything of things and loved ones over to Me. Then you will be in the right disposition to come to heaven by emptying yourself of all of your earthly desires."

Wednesday, March 15, 2006:

Jesus said: "My people, in the Gospel I talked about the Pharisees and the leaders of the Church who loved places of honor. Even today your people strive for places of fame and distinction at places of dinners and banquets. Many of your politicians and Hollywood stars are looking to get elected or receive distinguished awards. When two of My apostles sought heavenly distinction, I told them that it was not Mine to give, but they needed to be the servants of everyone. Do not be driven by pride for man's awards and honors, for I see in secret all that you are doing, and you would rather be rewarded in heaven for your deeds than here on earth. In another parable about places at a wedding table I told the people that it is better to take a lower place and be raised up higher, than to take an honored place and later have to go to the back. Those, who exalt themselves, will be humbled, but those, who humble themselves, will be exalted."

Jesus said: "My people, the small farmers in your country are slowly disappearing because they cannot compete against the larger farms, and they are more vulnerable to bad crop seasons, or low prices for their crops. Think of the expenses of barns, tractors, feed, seed, and fertilizer, and it is difficult to manage these costs and make a living for the family. There are various subsidies, but even these aids are slowly disappearing and are causing farmers bankruptcy, or a selling off of their lands. The more small farmers are retiring, the more big farms will control your prices in the hands of a few. You need to pray for these small farmers because together they produce a good share of the food that you eat."

Jesus said: "My people, this deceased neighbor of yours, Cecilia, had a deep love for gardening and living things and animals. She was very sensitive to Jocelyn and your family as neighbors. She had some difficulties in her last days, but she was a very good woman and neighbor. She wishes to thank her daughter and all of her care givers for helping her in her last days. She received a blessing from Father Ted and she was thankful for the sacraments that she received, as well as the Holy Communion from your wife. She is resting in a better place and she wants to tell her family not to worry about her. She loves all of you and she will be praying for you. She also prays that her family will work out their affairs in love and according to her wishes."

Thursday, March 16, 2006:

Jesus said: "My people, today's Gospel about Divies, the rich man, and Lazarus, the beggar, is a lesson in the sin of omission. At times you are rushing through life a little too fast to stop and notice how those people around you are hurting.

It is true that most people do not have the finances to help all of those that you meet and are in need. But most people can afford some kind of donation of time and money to help the poor, or one of your relatives that are in need. It is hard and even callous to ignore the poor and needy around you, even if you can only donate groceries for your local food shelf for the poor. Some even donate their time in feeding soup to the homeless. Remember at the judgment when I ask you if you helped Me in the hungry, the thirsty, the sick, or the dying. For those, who cared for Me in the poor and the needy, I will welcome you into My heavenly banquet. For those, who did not care for Me in these poor of the world, you could be led to the same place of torment as this rich man. For all of you have been gifted with My Word and the prophets, and if you refused to listen to Me and them, then you have chosen your possible fate in hell as well as this rich man."

Prayer Group:

Jesus said: "My people, this picture of a crucifix at the top of a hill is a reminder to all of My people how during Lent you are all walking in My footsteps to your own Calvary. It is not easy to bear suffering in this life, but each person is asked to pick up your daily cross and follow Me. Some are better able to carry their cross, while others need to call more on My help as Simon helped carry My cross. You will never be tested beyond what you are capable of suffering. Join all of your troubles and suffering with My suffering on the cross. The hope that keeps My followers going is that one day you could be with Me in heaven and even in your resurrected body."

Jesus said: "My people, this image of Light, that radiated out from My tomb, is how I was physically resurrected in the body as a glorious beautiful body as I showed My three disciples in My Transfiguration. I told My apostles that I would rise from the dead after three days in the tomb. This was a hard saying since no one has ever resurrected from the dead before. In today's Gospel the rich man said: 'What if someone would come from the dead? Then they would believe.' I rose from the dead and still there are unbelievers. Believe that I truly resurrected, just as all souls, who believe, will also be resurrected."

Jesus said: "My people, many people want to go directly to the Resurrection, but you first must suffer your own Good Friday. This life is difficult to endure and at times some are wondering how long will it take for Jesus to return and defeat the evil ones. Some are even getting impatient with Me and think My coming is a long way off. Let Me assure you that it will happen in your lifetime. Each day during Lent offer up all of your prayers and fasting to help save your soul and the souls

of those that you are praying for."

Jesus said: "My people, Lent is a time for conversions and retreats as you are sorrowing for having offended Me with your sins. It is a time of repentance and a time of retrospection on how you can improve your spiritual life. If you do not come out of Lent spiritually refreshed, then you have not worked hard to purge your bad habits out of your life. Learn from your Lenten experience and see how you can apply your learning to live better and holier lives."

Jesus said: "My people, some have gone to monasteries to view the quiet and rigors of living a monastic life of rededicating their lives to Me. When you fast, pray, and live life in a simple cell, it is a way of coming closer to Me without the distractions of the world pulling you down. The worldly life puts many demands on your time and at times you need to ask yourself if you are really fulfilling the mission that I have given you. Prayer is a powerful weapon in your fight against the temptations of the devil. See the need for frequent Confession to keep you humble, and keep your focus on Me as you walk on your way to your Calvary."

Jesus said: "My people, even though it is good to go to a retreat at a monastery for a weekend, you still are living in the world, but you do not have to be of the world. You can have a mini-retreat every day that you take a little time to pray in your prayer room or at church before My Blessed Sacrament. Your little prayer hour will give you the strength to get through each day. You can pray for your own soul to reduce your purgatory, or for other souls that are in great need. Keep faithful to your daily regimen of prayer, and you will find yourself stronger in facing temptations."

Jesus said: "My people, I have always encouraged you to make special visits to My Blessed Sacrament so you could share your troubles and your love for Me. Some people have suggested to have some quiet time without prayers so you can truly behold and enjoy being in My Presence. Being before Me helps you to slow down and appreciate My gift to you that you can be before your God and adore and love Me. I give special blessings of grace to all who visit Me. I am an oasis of grace and peace in an evil world of sin and chaos. When you are in the worldly environment, it is hard to focus on prayer, so come and visit Me because you cannot find My peace in worldly things."

Friday, March 17, 2006:

Jesus said: "My people, I am showing you a land of milk and honey as I promised My people while they were still in the desert. I fed them the manna that sustained them for food. This is a preview of the peace and joy that I bring all of My

faithful when I sustain you with the bread of life in My Consecrated Host. When you feed on My Real Presence in My Eucharist, your soul is intimately united with Me, God the Father, and God the Holy Spirit. I ask only that you receive Me worthily with a clean soul free of any mortal sin so you do not commit a sin of sacrilege against My Blessed Sacrament. You have Confession available to you to cleanse your souls so you are always worthy to receive Me. Holy Communion is a union of our two hearts in a perfect love with your Lord. Give thanks to Me for My gift of Myself to you that even the angels do not receive. You are given the grace in My Blessed Sacrament to heal all of your past sins and this builds up your spiritual strength to avoid sin in the future. Give glory and praise to your God who has paid the ransom for your sins and blesses you with My peace and love."

Saturday, March 18, 2006:

Jesus said: "My people, just as you have personal sin, there is also a collective national sin which each nation chooses by its own actions. You have read the history of My people in Scripture how they abandoned their Lord and worshiped the idols of foreign gods. Even with Abraham and Moses giving them instruction, they reverted back to their old sinful ways. Their punishment was destruction and the Babylonian Exile where they were defeated in battle. This image of an American ship sailing off into the sunset, is a preview of your own Babylonian Exile. You also are giving in to sinful ways of adultery, fornication, and homosexual acts. You have made lust and avarice your new idols before Me. You also are killing many in unprovoked wars and abortions. How can I bless a nation that has taken prayer out of your schools, My Ten Commandments out of your courts, and are now accepting New Age teachings and the occult. You also, America, will face defeat from your neighbors by the undermining of your finances and military by the one world people. They are destroying the roots of your government and weakening you for the attacks on your country both from without and within by natural disasters. Much of your destruction and disease will be man-made and you will be in exile at My refuges. Have patience and trust in Me for I will vanquish all of these evil ones, and I will renew the face of the earth with a new heavens and a new earth in preparation for My Era of Peace. Just as I vindicated My people in Israel, I will also vindicate My faithful remnant. Then you will revel in My victory, and My peace will again reign."

Jesus said: "My people, many times I have asked you to pray for the poor souls in purgatory, and especially for those whom no one is praying for. In today's message I not only want

you also to pray for poor sinners, but also pray for those souls whom no one is praying for. These souls on earth have not yet been judged and these eternal lives have not been determined as with God or against God. Pray the most for souls that are on the path to hell and need a miracle of grace to be converted. You have time to be saved up until your dying breath, but if there is no advocate of prayer for these sinners, their souls could be lost. Pray fervently and persistently especially for your family members. Your prayers, deeds, and good example could be the means of saving souls in your family. Family prayer is powerful for the souls of your family members. Let your children or grandchildren see that you are praying your rosaries or your Liturgy of the Hours. If they are open to your suggestion, let them pray with you. Your most important mission on earth is to save as many souls from hell as you can. You cannot force souls to love Me, but you can pray that they are disposed to being converted. Pray for My angels to guard your children from the evil ones and the evil distractions of the world. Give glory and praise to Me when one soul turns from their sinful ways to love Me. I am the father of all of My prodigal children, and all of heaven rejoices also when one soul is converted. Continue in your prayers for souls because these souls will be eternally grateful that you cared enough to try and help bring them to Me to be saved."

Sunday, March 19, 2006:

Jesus said: "My people, this view of the high mountains represents the spiritual high that your people are on at this retreat. It is good to be with Me in the love of your faithful as you are being nourished in the knowledge of your faith. This experience can be shared with your friends when you return home. You are also here on a moral high ground so you can be strengthened to speak out of My Word on the moral issues of your day. You must be willing to defend your faith even against the immorality that you see among your own family and friends. Do not deny Me by your silence, but be ready to witness how people should live responsibly in following My laws. Show love to all of those people that you meet and you will be imitating My unconditional love. This silver look to the lowlands represents the glitter and attraction of worldly things and money. My faithful need to survive, but you must be good examples to others so that you witness to a simple life without extravagant spending. Remember to always be sharing what you have with the poor and the needy of your family and the world. Most of all witness your love for Me in your visits to My tabernacle, your Masses, and your prayer life. Be attentive also to all of the spiritual poor who need your prayers and conversion from their

sinful lifestyles. Even if you are in the minority in this evil age, strive to perfect your souls and the souls around you. Do not be angry if you must suffer difficulties because all of you are tested by the rigors of life. Come to Me in your daily prayer so you can always be renewed and never grow tired of loving Me and loving your neighbor."

Jesus said: "My people, your theme for this conference has been to be reconciled. This vision is all about confessing your sins and allowing Me to wash your garments so you will be worthy to receive Me in Holy Communion, and to come to My Great Banquet in heaven. The other symbolic actions are when I washed the feet of those whose cloaks were cleansed. This symbol of cleansing the dirt from their feet is a representation of My Redemption of all souls by cleansing them with My redeeming Blood. The Blood of the Lamb is the Divine sacrifice of Mine that will make all of My faithful worthy of entering heaven before My heavenly Father. If you are to enter heaven, you must be cleansed of your sins in Confession and be reconciled with Me and your neighbor. You must be willing to forgive others even as I forgive you in My prayer of the 'Our Father'. You say this prayer often, but can you truly seek others' forgiveness of your sins as well as forgiving others their sins against you. When you truly love one another, you will have a forgiving heart even as I forgive everyone unconditionally."

Monday, March 20, 2006:

Jesus said: "My people, as you look at this simple picture, this should help you to understand the simple life and faith that is found in this dwelling. All of My faithful should also try to live simply with a simple faith as that of a child. Let the graces of this miracle touch your heart and may My love also settle in your souls. I call on all of you to return your love to Me and to share My love with all of those around you. This Luminous Cross represents My love in how I died for all of humanity. I am your Redeemer and it is My Blood that is shed for all of you so your sins are cleansed from your souls. Look on this Luminous Cross and give praise and thanks to Me for all that I have given you. As you receive Me in Holy Communion, you are experiencing My intimate love in My Real Presence. Be thankful to this family for allowing you to share the miracle on this door. Pray for this family as they are so generous to you in allowing you into their home."

Wednesday, March 22, 2006:

Jesus said: "My people, this vision is contrasting the difference between a narrow viewpoint and a broad viewpoint or the bigger picture. At times you are so focused on your own

life with all of your cares and schedules that you miss or ignore everything else that is going on around you. Only by listening to and watching others' needs can you see other opportunities of grace in helping others. I have given each person enough grace to endure their own hardships, but I always leave the door open for you to help each other as well. In addition to physical needs, you can also see this same viewpoint concerning spiritual needs. You take care of your own prayer life, but you can see the spiritual needs of others as the young girl that had drug addictions and demon influences. It is important to take advantage of these physical and spiritual needs of others in how you can help someone instead of committing sins of omission by not doing anything for them. So look beyond your own life's experiences so you are aware of the physical and spiritual needs of others."

Jesus said: "My people, many countries rely on ocean fish for their food and their livelihoods. Unfortunately, so many ships are taking too many fish and they are not giving the fish long enough to be replenished. Because of the changing fish patterns, more fish are being grown in fish farms which are not as nutritious because of what they feed the fish. Many signs in the North and in the ocean currents are showing the effects of global warming. Record warm temperatures are being recorded in winter areas all over the world. The various wildlife are showing the effects of man's pollution in many areas. Droughts and fresh water needs are major concerns in poor countries. Conversion of salty seawater to drinking water may be expensive, but it will be needed because fresh water sources are getting harder to find. Pray that thirsty, starving people may be helped in getting enough fresh water to drink so there will be less deaths from bad water. Man needs to see the link between his abuses of nature and all the weather changes and pollution which are affecting your water and fishing catches."

Thursday, March 23, 2006:

Jesus said: "My people, this vision of a powerful hurricane, as the recent 180 mph cyclone in Australia, is how your storms will become stronger as the current warming trend warms the oceans. With warmer waters to feed the hurricanes, you could see more Category 5 storms than you have seen in the past. More violent storms could cause higher damage wherever they come ashore. With such threats to Southern coastlines increasing, more people will be moving inland as insurance companies will avoid insuring these areas. Even much of the damage from last year's storms has yet to be replaced because of the reluctance of insurance companies and the government to pay out huge sums for repairs. Any future damage will face the same problems, so

the financial risk of living on the seashore will be too heavy for most people. Some of this damage has natural causes, some has been punishment for sin, and some has been accentuated by your microwave weather making machines. These strong storms, as in Australia, will become more the norm wherever cyclones or hurricanes occur. Pray for the people in these areas that they can evacuate early enough to minimize any loss of life, but more damage can be expected."

Thursday, March 23, 2006

Prayer Group:

Jesus said: "My people, Cecilia wants Me to convey to you some of her words of concern for her family members. She prays that there will be peace between her siblings over any inheritance. She knows how delicate her daughter's finances are and they are not the best, but Cecilia's heart goes out to both her daughter and her son. She asked for prayers for this situation. She is a loving person and wants peace among those whom she has left behind."

Jesus said: "My people, many of you are comfortable in the way that you are living in America today. This chair falling apart means that you are going to suffer much as the days of tribulation come upon your people. Many of your comforts will be taken away as the microchips will be forced on you in smart cards first and then mandatory chips in the body. Refuse to take these chips in the body. When you do not take chips in your body, you will lose your money and your ability to buy and sell. I will call you to My refuges with your guardian angels for protection and to provide for your needs. You will suffer a purgatory on earth, but your faith will save your souls."

Jesus said: "My people, each Lent you walk with Me through My Passion and death where I suffered dearly that all of you could be redeemed with My Most Precious Blood. Whatever difficulty or suffering that you are going through should be offered up to Me in My suffering, and I will help you to bear all of your life's burdens. As you suffer more in the end times, call on My graces to help you to endure this tribulation. Those, who remain faithful to the end through all persecution, will enjoy My Era of Peace and the joy of being with Me in the glory of heaven."

Jesus said: "My people, as you travel through life, you are like these people wondering how you will survive. It is your trust in Me by faith that will bring you through all of life's trials. The captured woman for ten years claimed it was her prayers on her rosary and trust in Me that got her through her long captivity. You know I am always at your side to call on My Name to help you in the worst of circumstances. All things are

possible with Me and My angels are guarding you from evil at all times."

Jesus said: "My people, My apostle John wrote of Me as a Light in the darkness throughout all of his writings. This Light is like an eternal flame that will never go out because it is a symbol of My victory over sin and evil in the world. Before I came on the earth, no one could come to heaven and all the faithful souls to God had to go to a place for the dead that was devoid of My Presence. Once I came to the earth and redeemed all of mankind, now those, who were purified, could come to heaven and enjoy eternal peace with Me in My beatific vision. This is a blessing beyond compare that has given hope to everyone that is faithful to God. But woe to those, who do not accept Me and do not seek My forgiveness, for they will truly suffer in hell eternally without experiencing My Presence."

Jesus said: "My people, you are a rainbow people that have a promise of eternal life if you consecrate yourselves to My love. The rainbow was a covenant that I made with humanity that I would not ever flood the world again with water as in the Flood with Noah. But I mentioned in Scripture how you will know of the end times coming when it will be an evil time as in the days of Noah. I have made a new covenant with My people that My grace will be a saving rainbow that will protect you from all of the evil one's temptations and any attempts to steal your souls from Me."

Mary said: "My dear children, I want to thank all of you for praying My rosary and I am entrusting your petitions with My Son, Jesus. The rosary is a powerful weapon against all the evil in your world, and you can have My Son present among you where two or more are gathered in prayer. Do not be worried or anxious as the persecution of Christians will become more apparent. Do not take up arms to fight these evil ones, but pick up your rosaries in prayer, and all of heaven will do battle for you in this world. My Son and I love you all so dearly, and we will not lose one of you who are faithful to us in love and prayer."

Friday, March 24, 2006:

Jesus said: "My people, you are a worm of a man and so much a part of My creation. As you look around at all of the plants and animals, they have a plan and instincts of how to live. All of humanity is directed by Me as well except that you have been given free will with the ability to love or not. You also have a soul and a spiritual body that lives forever and is inside your physical body which is mortal. The tree with the branches in the vision represents My people who are a part of Me as in My

Mystical Body. You are the branches and I am the vine. I have given each of you a plan for your life with all of your unique talents to fulfill your mission. It is up to each one of you to discern this mission and follow My Divine Will. When you consecrate everything over to Me, you are in harmony with Me as all the rest of My creation acts accordingly. When man follows his own will in sin and abuses nature as I created it, then you have chaos in nature, wars, killing, and nature is manipulated and rebelling against you. Pray and keep your focus on Me every day, and you can do your part to bring peace to this world that you live in and are a part of." Jesus said: "My people, your scientists have already used laser guns and nuclear bombs to destroy things. Now, they have developed an EMP pulse weapon that can destroy chips and cause power outages. The vision shows how these new weapons could be placed in satellites with large arrays of solar panels to power this gun. When this technology is used from space, the user could attack cities at will to paralyze all electrical devices that use microchips. Many of these weapons and nuclear bombs in the wrong hands could destroy America's economy overnight. Pray that these weapons are not used, or many lives could be lost. This kind of terrorist attack could be far more deadly and longer lasting than the previous airplane attacks."

Saturday, March 25: (Annunciation)

Jesus said: "My people, throughout many verses of the Old Testament, Salvation History would come through the Jewish people and a Messiah was promised to save the people from their sins. Many prophets foretold My coming to earth, but the Jewish people thought that I would come as a king or a ruler to conquer the Romans, and not as a poor carpenter. For this reason My own people had difficulty in accepting My proclamation as the Son of God, and they crucified Me as a blasphemer. In Isaiah's words: (Isaiah 7:14) 'Therefore the Lord himself will give you this sign; the Virgin shall be with child, and bear a son, and shall name Him Emmanuel.' My Blessed Mother had to be sinless without a man's influence and a virgin from this prophecy. I could not have an earthly father by a sexual union because I have only one Father in heaven. So My Blessed Mother conceived Me after her 'fiat' to St. Gabriel through the power of the Holy Spirit. The paternity of My birth was a stumbling block for St. Joseph, but the angel explained to him about the Virgin Birth from the Holy Spirit. Then he took his betrothed into his home. The origin of My birth was a stumbling block also for the Jewish people who still were in disbelief of Me as a God-man. My Incarnation as a man was a gift of Myself to share in your sufferings. Rejoice on this feast day of the announcement of My conception in My

Blessed Mother's womb. This is the beginning of My presence on earth, and a fulfillment of the coming of the Messiah."

Sunday, March 26, 2006:

Jesus said: "My people, during Lent you pray the Stations of the Cross and you meditate on how I suffered for your sins. This represents the small white cross in the vision. Then there are your own personal struggles in life that you face every day. This large brown cross is what you suffer to survive in this life. Working hard for your salary, paying your bills, and taking care of your family can be trying at times, but you can always call on My help and grace to relax and comfort your stress. You should have trust and hope that I will support you through the worst of circumstances. I have helped you in the past, and I will help you now. Give praise and thanks to Me because you will never be tested beyond your means. Sometimes you may be humbled to ask others to help you, and you should be generous in helping others in great need."

Jesus said: "My people, this vision is very serious of a coming event in Washington, D.C. As time draws closer, I will be giving you more details. Pray for the people of your country for you are about to witness terrorist events and natural disasters that will be bringing you to your knees. Many messages and warnings have been given to America to improve your sinful lives, but people are not listening or repenting. Your people are growing worse in homosexual marriages and using internet pornography. All of the destruction, that is occurring, is being brought on America as a consequence of your own sins. Pray much for your families that are falling apart in divorce and promiscuous activity outside of marriage. Your sinful activity is as evil as Sodom and Gomorrah and the people of Noah's day. See that many of the signs of the days of tribulation are all around you."

Monday, March 27, 2006:

Jesus said: "My people, during Lent you are trying to do extra things to improve your spiritual life, but in this age of evil you are being called to strive for this same holiness throughout the whole year. Many of you do not realize the battle against evil spirits going on all around you. With all of the evil influences on your TV, in your movies, and in people's evil actions, there are more people walking around under the influence of evil spirits. You need to have blessed sacramentals on your person at all times to protect yourselves from demon attacks. Where possible even have your homes blessed to keep evil spirits from entering. I have asked you to pick up your daily crosses on your way to Calvary with Me. Going up the

hill of Calvary is represented in the vision of a spiral staircase. It means not just to struggle through life, but also you must be looking constantly for ways to improve your spiritual life. You are striving for perfection and the demons try to retard your growth, so moving forward in your perfection is an uphill battle."

Jesus said: "My people, Lent is a time to reflect on your actions and motives to see if they are following My plan for your life. At times you spend too much time watching TV to be entertained instead of doing things to save souls. Other times you are curious to watch the world news to see what is happening, when you could be praying more. When you examine your actions for the day, you can see which things are useful for coming to heaven and which things are selfish and leading you away from Me. You all could profit by analyzing your behavior so you could learn from your mistakes and improve your holiness. With earthly distractions always around you, it is hard to keep your focus on serving Me. This is why you should be calling on Me in constant prayer to show you the best way to imitate My love. Keep your souls cleansed of sin in frequent Confession, and you will have My grace so you can carry out My mission to help save souls."

Tuesday, March 28, 2006:

Jesus said: "My people, this hill represents the coming tribulation time when some of My faithful will be martyred, and the rest will be seeking My protection at the refuges. The waiting cross is for those who will be suffering for Me instead of giving up their faith. All of those, who will suffer martyrdom, will become instant saints. The rest of My faithful will suffer losing all of their comforts and possessions when they come to My refuges. It is difficult to give everything over to Me in total consecration, because many are like the rich man in the Gospel who did not want to give up his riches and walked away from Me. The evil ones will try to force chips in the body for control, but you must refuse them, even if you may be faced with death or prison for My Name's sake. They will also try to force you to worship the Antichrist, but you must only worship Me. This truly will be a choice for Me, or for the Antichrist. Those, who choose to follow Me, will give up everything and be rewarded in heaven. Those, who choose the Antichrist, will have temporary comfort on earth, but an eternal discomfort in hell later. Choose peace and love with Me, instead of war and hate from the evil one."

Jesus said: "My people, you are having a serious problem with illegal immigrants crossing the border to try and get a low paying job. There are many low paying physical jobs that few

people are willing to take because it is hard to make a living on such a job. Employers, who have difficulty getting such workers, are willing to hire illegal immigrants for low wages. As long as such employers give them jobs, there will be an incentive for poor people to risk crossing the border for having a better life than in Mexico. Your government is having a hard time to determine how to handle so many millions of people in a humane way, but also how to keep terrorists from entering as well. Pray for your leaders to choose an equitable law that would be fair to all parties. Many hospitals and social services are being overburdened in your Southern states. It is long coming that such a problem is finally being faced. Many controls by Ids and smart cards will be used in the name of security to handle these problems. See the control of your people will be coming to control illegal immigrants, but it will put stress on your legal citizens and legal immigrants as well."

Wednesday, March 29, 2006:

Jesus said: "My people, now that the temperatures are warming, many are cleaning up their yards from all of the winter debris and wind storms. Lent comes in the spring time and it is like a spiritual spring cleaning of your souls. You desire a good appearance for your yard and your person, but you should also desire a good appearance for your soul. This means regular or frequent Confession can root out your old habitual sins and offer your sins up to Me. Do not let your sins hold you captive, but you must let go of your earthly desires to be spiritually free. If necessary, ask your confessor for some suggestions of how best to avoid habitual sin. If you do not have a desire to shed them on your way to more perfection, you will be holding back your spiritual improvement. The more you conquer your sins with My help, the more you will feel the joy of your freedom to follow Me closely. All the angels and saints are singing for joy because the saints have lifted off their sinful baggage, and they are free to do God's bidding. Let this Lent be profitable for your souls as you make every attempt to come closer to Me without any clinging to earthly desires. The more you can cleanse these bad sins now, the less you will have to purify in purgatory."

Jesus said: "My people, this vision shows the result of heavy rains that could cause rain swollen rivers to overflow their banks and wash out bridges. In the spring months your weather will continue to test you with tornadoes and downpours of rain. Some areas could suffer power outages and lost houses to flooding. People continue to build houses on flood plains or next to rivers that have flooded in the past. Pray that people will get sufficient warning to evacuate any flooded areas. Much

of your hurricane ravaged cities are still vulnerable to any future storms. Those, who live by rivers and oceans, will be more susceptible to more storm damage. America will continue to suffer from these natural disasters as your oceans continue to heat up. More planning by your governments is needed to provide for the people who lose their homes and jobs in these disasters."

Thursday, March 30, 2006:

Jesus said: "My people, sometimes man does not fully comprehend My infinite love and My unending forgiveness. A person may have committed many sins while they were away from Confession for many years. They may feel that they are too unworthy for Me to forgive them. Some people, as in this vision of being at the end of a fishing line, feel that they have no place to go and that God has abandoned them. I tell you, do not be discouraged or in despair, but come to your Lord and I will forgive you of your sins. I always love everyone and it is you who limit your love for Me. I am also willing to forgive every repentant sinner of their sins. I am the Good Shepherd always searching for My lost sheep and souls. There are many desperate souls that are searching for Me in all of the wrong earthly traps. When you pray for My help, I will listen to your prayer, but you must make some intentions to reach out to My love by opening the door to your heart. Without denying yourself of earthly desires and seeking My forgiveness, it will be hard to change your life to My ways. Think love of Me and your neighbor and this love will set you free of all of your sins and earthly distractions. Worship Me only and your soul will be saved by My grace."

Prayer Group:

Jesus said: "My people, many hurts of those who died in 2001 are still with your people. The twin towers destruction was a wake up call for America as to how far terrorism could be felt. There is much controversy about who helped these terrorists, but it definitely affected America's economy, even as Katrina has had a lasting effect. These events are not over and you could see more terrorist attacks to come. Pray for America as you will be tested enough to bring you to your knees by disasters."

Jesus said: "My people, you are seeing Christians persecuted and killed in many Moslem countries. I have shown you the Antichrist as a Moslem person, and there will be some of My faithful martyred for their faith. I have taught My followers not to kill in wars but to pray for your persecutors. Even though the Moslems will kill some of you, I will protect the rest in My refuges. Be assured that this evil reign will be

brief and then I will come victorious against all of the evil ones as they will be chained in hell. My Era of Peace will be your reward."

Jesus said: "My people, I have given you several visions and messages about coming earthquakes in California, especially around San Francisco. These fault lines have been active and any day you could see a major quake in a populated area. Pray for these people who are living sinful lives in defiance of My Commandments."

Jesus said: "My people, in the West your people build your buildings stronger to endure earthquakes. In the middle of your country your buildings could face more destruction because they have not seen serious damage for over one hundred years. Your storms also have taken their toll on your homes and workplaces. Be prepared for more disasters this year as they will continue to test your comforts."

Jesus said: "My people, fire has ravaged your land even during the winter months. Normally your dry spells have occurred in the summer months when your weather is hot and dry. Now, you are seeing fires occur in both seasons and they will continue to worsen as your temperatures all over are increasing. Pray for those people who are suffering losses as a result of these fires."

Jesus said: "My people, in hotels and on cruise ships you see some rich cuisine, but much food is being wasted. Yet in other parts of the world the poor would love to live off of the scraps of these tables. Remember how I talked about the rich man and Lazarus, the beggar. The rich man ignored Lazarus, even though he could have fed him. After the judgment the rich man found the flames of hell, while Lazarus was rewarded in heaven. America is like the rich man and the poor of the world are like Lazarus. Do not forget the poor because you are feeding Me in them when you give donations to the poor."

Jesus said: "My people, for years man used beasts of burden as horses, mules, and oxen for carrying things and plowing fields. Today, man is in love with his cars, trucks, and SUVs. To run these vehicles you are consuming many millions of gallons of fuel from oil and other sources. You have seen much pollution from running these vehicles and your power plants that run all of your favorite electrical devices. See how you are affecting your environment with all of your modern inventions. Your consumption of fuels has to change because this pollution could change the weather patterns of the world. A simpler life would give you less stress and fewer problems associated with your earthly comforts and pleasures."

Friday, March 31, 2006:

Jesus said: "My people, every time that you receive Me in Holy Communion or visit Me in My tabernacle, you are intimately receiving My love which binds your soul to Me. Even though you break your relationship with Me in sin, as this bridge falling apart, I heal your sins in Confession, and My love restores this love relationship to its full glory. Divine Love is all powerful and I rain down My love on all of you, even as you see My physical rain enrich the soil for your crops. My spiritual rain of love falls on each soul and it nourishes your love for Me. Be grateful and give thanks to Me that I have given Myself to you in My consecrated Host. The God of All Nations is always present to each of you. All you need to do is reach out to Me and accept the mission that I gave you. I inspire all of you to love Me and your neighbor as yourself. The joy and peace in your heart is how I share My love with you, and you in turn share your love with Me. You see how I build bridges of love to everyone, and I want My followers to go out into the world and build bridges of love with each other also."
