

Thursday, May 1, 2003:

Prayer Group:

Jesus said: "My people, at any given moment Masses are going on all over the world where I am consecrated to My Real Presence in the Host. People are receiving Me in Holy Communion and many are giving Me praise at My places of Adoration. The angels and saints sing their praises of Me every day in heaven. You have a taste of heaven every time that you receive Me in Holy Communion and give Me praise at Adoration."

Jesus said: "My people, be thankful that you have fuel in your natural gas that heats your homes and gives you hot water. How quickly people complain when they cannot use their heaters as in your recent ice storm. Many are also very upset when they have no hot water. You use hot water for showers, cleaning dishes, and washing clothes, but you are at a loss without it. You have many such comforts for your needs, so be thankful that you can have them. Pray that poor people may be provided also with their basic necessities."

Jesus said: "My people, your technology today has provided you with many ways to produce images, both with silver and now digital images. It is the abuse of these images as in pornography and bad movies that is ruining a good invention. Images of Me, My Blessed Mother, and the saints and angels give hope to man that you can be brought to heaven through Me. Teach your children about Me and the saints so they can aspire to sainthood with the saints as models."

Jesus said: "My people, every time that you have an epidemic break out, your scientists are quick to learn how it is transmitted and the nature of its DNA secrets. The death rate and how rapid a disease spreads are major concerns in your latest staph infections, AIDS, cancers and now SARS. Each new disease has traces of its beginnings in other animals first and then it is transmitted to man. Many scientists investigating the source of these diseases are seeing that most of them are man-made and are being used to control the population on purpose. Pray that those advocating death by any means are neutralized by My love."

Jesus said: "My people, these endless falls of water are like My graces flowing over everyone. You can drink them in and be satisfied or you can refuse My graces. When grace fills your souls, you radiate My joy in your smiling faces. When people see you always smiling and joyful, then they will want to know your secret and you can then share your faith with them. My love and mercy can heal the hardest and coldest of hearts. Love one another and you will witness again the harmony found in heaven."

Jesus said: "My people, you have had many forest fires that have destroyed trees, homes and crops, yet new forests are soon started and renewed. Just as nature heals the wounds of forest fires, man also can rebuild beautiful cities from war torn destruction. As with a new forest, rebuilding countries like Iraq and Afghanistan may take much time and money to achieve. But the people desire a free society to do what they want."

Jesus said: "My people, if you listen to the passages of the Acts of the Apostles, you can see how they pooled their resources

to help those in need. They also had a work ethic that only those that worked would get any supper. Those, who are poor, can be productive if they are given a proper opportunity and training. The more you help people to help themselves, they will have a better feeling of making their own contribution. Today is the feast day for workers in St. Joseph and the work of your hands can have its reward both on earth and in heaven."

Friday, May 2, 2003:

Jesus said: "My people, this scene of victory and celebration is what I have in store for you both at the end times and at your death for My faithful. All of My people will be rejoicing when I will come on the clouds in victory over Satan and the Antichrist. Then you will see true peace of God and not the false peace of man. On earth now there is no justice and no lasting peace. That is why there will be much suffering until you see My Era of Peace. Today, you are celebrating victory over Iraq, but this is a hollow victory because already your president is laying the groundwork for future wars against terrorists in other countries. If you knew that these terrorists are on the one world people's payroll in the first place, then you would see that all of these wars were prearranged to destroy America. Every war, that you become involved with, places you that much deeper in your own grave. Refuse to fight any more false wars and use love and compromise instead. The evil ones will reign briefly, but their destruction is assured."

Jesus said: "My people of America, when history looks back on your civilization, what will they say about you? Historians will say America once believed in God because they found artifacts of crucifixes and statues. But these things were not found in the churches because this people denied God and believed in gods and goddesses of the world. History will show how America fell into decline once you stopped believing in Me and believed only in your own power. It is important to pass your faith in Me on to your younger generations so they too can believe in My death and resurrection that has saved all of mankind from their sins. There will be a faithful remnant that will continue to follow My Will even in the face of the coming tribulation and the Antichrist. With My help I will save you both physically and spiritually from the evil ones. You will one day see Me come in victory and renew the earth for an Era of Peace. When you witness My peace, you will look back on this era as the time of indifference to God. Those, who live in the Era of Peace, will be enlightened souls that will worship and praise Me every day. You will suffer persecution in your day for your belief in Me, but you will have your reward in the Era of Peace and in heaven."

Saturday, May 3, 2003:

Jesus said: "My people, it is good that you are coming together today to celebrate My Divine Mercy at this conference. Many Catholics and non-Catholics are not aware of this grace of My mercy. Those, who fulfill the obligations of Confession,

Communion, and My Novena prayers, will receive the forgiveness of all temporal punishment due for your sins. This Divine Mercy Sunday is within the octave of Easter Sunday. You know of My justice, but you must also remember My mercy which flows from My love of all of mankind. I have given everyone many graces and blessings for all that you have, but it is your responsibility to give Me thanks and open your hearts to receive Me. By acknowledging Me as the Master of your life and by your full consecration of everything over to Me, you will be My loving servant worthy of heaven. It will be by your actions that you will witness your true love for Me, more than just your words. One day you will meet Me at judgment on the day that you die and you will have to make an accounting for all of your actions. It will be at that moment that My heavenly Father will receive My sacrificial Blood as payment for your soul. Then My mercy will also relieve the temporal punishment of your sins and you will spend less time in purgatory to bring your soul to perfection. This will be when you will most appreciate My Divine Mercy graces that will bring you to heaven sooner. Then My servants can join Me at My banquet of peace and love in heaven and your joy will know no bounds."

Sunday, May 4, 2003:

Jesus said: "My people, My Easter message is clearly spelled out in today's readings. It is not easy to understand rising from the dead because it is not a part of your human experience. That is why My apostles were frightened at first to see Me. My words of the Gospel were slowly being accepted and My miracles made them question who I really was. St. Peter, by the power of the Holy Father and the Holy Spirit, declared that I was the Messiah. It was when My apostles saw My resurrected Body that they could truly believe on their own that I was truly the Son of God. This is now the core of every Catholic's faith to believe that the Son of God loved man so much that I died for you on the cross so I could forgive everyone's sins. It was My sacred sacrifice that has made all of you worthy to enter heaven. I have truly brought salvation to all of mankind and it was My apostles who first realized that and then witnessed it to others in their teachings and writings. By the power of the Holy Spirit, they realized that all, who believe in Me, will also be resurrected after this life. I have conquered sin and death and now all of My believers have My promise of eternal life with Me in heaven. So rejoice, My people, for you are now Easter people and are sharing in My life in the Spirit. Every day, that you wake up and take a breath, you are alive in your faith that I will protect you and bring you home one day with Me to share in My promise of your own resurrection."

Jesus said: "My people, when I returned to My apostles, I wanted to take away any fear that they had in seeing Me. I promised My apostles that in three days I would be resurrected and so everything had to be fulfilled. In the same way I have promised every soul, that follows My Commandments and consecrates everything over to Me, will be saved. You will all die, but have

no fear of death because you will be Mine forever in heaven. Trust and have hope in My words and your soul will have peace and rest even here on earth. Call on My help and I will lead you on your path to perfection in heaven. When you know where you are going because of your love for Me, you will have confidence in My protection and My promise of salvation for My faithful."

Monday, May 5, 2003:

Jesus said: "My people, this large cup and host represent My multiplication of My Eucharist at every Mass throughout all the years after the Last Supper. Every time that My priest sons properly consecrate My Body and Blood in the bread and wine, you are witnesses of My Real Presence among you. It is this gift of Myself that I share with you every time that you receive Me worthily in Holy Communion. I am the Bread of Life and I share My graces in every reception of My sacramental Presence. The people of My day wanted to enjoy having the fish and bread of the multiplication of the loaves, but I was encouraging them to seek the Bread in Me of eternal life and not that which passes away. Later on when I asked them to eat My Body and drink My Blood, they did not want to hear of My sharing of eternal life. By your eating My Body and drinking My Blood, you will truly share in eternal life. By visiting My Blessed Sacrament, you can give Me praise and worship of your God. This gift of My Eucharist is so profound that many take it for granted, instead of seeing this as a miracle of My sharing of Myself with you. My believers must receive Me worthily without mortal sin so you do not commit a sin of sacrilege. Those, who receive Me, will be given strength to carry on each day in your struggle against temptation and all the trials of life. All of mankind must come through Me in order to gain heaven. So walk with Me in obedience to My Will and My Commandments on your path to heaven. Go out and share this gift of faith with all of those who will listen to you."

Tuesday, May 6, 2003:

Jesus said: "My people, the roots of Christianity come from the Old Testament because I am a fulfillment of the prophecies about the Redeemer and Messiah that was promised. Remember how I witnessed to My disciples on the road to Emmaus all of the Scripture passages that referred to Me. This is why I came to the earth as the new Adam to cleanse the sins of man. My Blessed Mother was the new Eve. No longer is man held under the bonds of his sins, but through Me in Confession you are released of your sins by your seeking My forgiveness. I have conquered sin and death and you see that My power is far greater than Satan or any other evil influence. When you call on My Name, I will be present to defend you from all evil. Use your blessed sacramentals as a shield against all the powers of the underworld. Where evil abounds, call on Me in prayer and you will see miracles of My healing power. Give thanks and praise to Me for all that I have done for you and continue to do for you. I love you, My people, and My death on the cross is the most

greatest example of My love for you. I have left My Real Presence with you in My consecrated Host so you should have no fear and have hope in eternal life with Me in heaven."

Jesus said: "My people, when you are young and innocent, you have an open mind without being cluttered up with the cares of the world. This openness to change your life for the better and blind trust in Me is the child-like qualities that I desire of every soul in order to come to heaven. Your life as a child is simple, but once you grow older, you are beset by many distractions and desires of the world. So not let the devil and his temptations disturb your peace, but focus only on loving Me and your neighbor. By placing your trust in Me blindly, I will protect you and take away any worldly fears and anxieties. People of today's world worry too much about meaningless concerns when they should only be concerned about striving for heaven. Stay close to Me like this little child and you will have your reward in heaven."

Wednesday, May 7, 2003:

Jesus said: "My people, I am calling every soul to heaven, but many do not realize the significance of being with Me forever in heaven. Man knows only his human experience on earth, but you do not know the beauty of the spirit world in heaven. Heaven is outside the limitations of space and time. If you can imagine living in complete peace and pure love, you can imagine heaven as living forever in the ecstasy of My Presence. The vision of Me in the clouds may comfort you because heaven is hard to visualize in human terms. It is My Light that shines over every saint and angel in heaven. This vision of My beatific vision is only granted to those souls that have been fully perfected. Reaching perfection takes a lot of faith, struggling and suffering by My help. You have two choices in life, but many do not realize that if they fail to accept Me, then they are choosing an eternity in the suffering flames of hell with the hate of the ugly demons. I came on the earth to lead all souls to Me in heaven, but you must be willing to give your will over to My Divine Will. The sooner, that you understand My plan of creation and your place in it, the quicker you will realize that all of creation is subject to your creator. I have placed every soul on earth for My glory to give Me praise and worship. I also have given every soul a free will to freely choose to love Me. This is My desire that you follow Me on your path to heaven by obedience to My Commandments and a seeking of My forgiveness of all of your sins. Once you realize the beauty of heaven and the pain and ugliness of hell, you will truly choose to consecrate yourself to Me in everything."

Jesus said: "My people, I have told you before that your storms and disasters would be taken to the next level. Seeing all of the death and destruction from these recent tornadoes should come as no surprise.

What might not be understood is that the one world people are at the root cause of all of your problems. Their purpose is to destroy America and control the population growth. There is ample evidence that weather making machines are making your

weather events more violent to create more havoc in your destruction. I have told you before that you would see more epidemics and diseases as the days of tribulation draw near. These diseases are also man-made and are being used by the one world people to control population as with the latest SARS epidemic in China, the most populous nation on earth. The terrorist incidents as well are also prearranged to give reasons for carrying on the constant wars against so-called world terrorism. You can see clearly that man-enhanced storms, man-made diseases, and fabricated terrorism and wars are all tools of the one world people's attempt to control the world. By terror and havoc, you will see the loss of your freedoms as mandatory smart cards will be forced on your people to control your buying and selling. This is all part of the plan to prepare for the Antichrist's coming when chips in the hand will be mandatory and My faithful will have to flee to My refuges for protection. Refuse these smart cards and do not take any chips in the body. I will provide your food and protection from evil. Some will suffer martyrdom for My Name's sake, but have hope because I will soon come to destroy these evil ones just as they take power. Then I will renew the earth and cleanse it of all evil."

Thursday, May 8, 2003:

Jesus said: "My people, this bouquet of flowers represents My love for all of mankind when I died on the cross. That is why I have given you an example to love everyone also, even your enemies and those that you avoid. I do not give anyone special treatment because you are all loved equally. The problem becomes in how many return My love. It is everyone's responsibility to choose their relationship with Me. Everyone that you meet should be welcomed lovingly, even when they may not return your warmth. All of the lives that you touch can see My face in your actions and may convert that soul. As St. Philip baptized the eunuch, you also should be open to evangelize anyone open to receive the faith."

Thursday, May 8, 2003:

Prayer Group:

Jesus said: "My people, St. Pio wanted to thank Steve for his carving of his image. He also wants people to pray to him as intercessor for your difficulties. He heard many confessions for long hours much like the priests will be doing after the Warning. He is encouraging people to go to frequent Confession because you do not realize how much you are offending Me in your sins."

Jesus said: "My people, as spring is upon you, there are trees budding leaves and many flowers are coming up at this time. Many people like to have beautiful flowers accenting their well kept yards. As you admire nature's new creation budding forth, it gives you great joy to replace the barrenness of winter. Remember to take care of the most important beauty in your soul by cleansing your sins at Confession. A pure soul is more beautiful to Me than all of the lilies of the field. Repent of your sins and you will please Me greatly as heaven rejoices over

even one repentant sinner."

Jesus said: "My people, I am always inviting everyone to My wedding banquet table in heaven when you will all be a part of Me. You will see a beautiful array of saints and angels as you see beautiful flowers displayed at every wedding. All of those worthy of heaven will seem like you are married to Me in spirit, for My love and peace will surround you as you are absorbed into My Being as One with Me. Just as My Blessed Mother is joined with My heart as one, all of My saints and angels are one with Me also."

Jesus said: "My people, any time that you wish to send Me an express love letter, just start your prayer with a sign of the cross and I will receive your prayer intention. I know what you need before you ask for it, but I am overjoyed when you make a prayer petition in faith that I will answer your prayer. The more your intentions are for others, the more I will see how sincere and genuine your love is for others and love of Me in them. Continue to voice your prayers to Me, for this is how you keep your communication open to Me."

Jesus said: "My people, a beautiful early morning scene with the dew still on the grass is a great way to wake up to My creation every day. As winter's cold is replaced with warm sunny days, your spirit is uplifted to see spring and summer return. This is a likeness to when your cold hearts are warmed by My love as I am like the sun for your spirit. Open your hearts to receive Me and share this joy of My love with all of those around you."

Jesus said: "My people, water gives life to all living plants as I give life by grace to all living souls. That is why water is precious in your physical life and My grace is precious to your souls. The bridge across the stream represents the friendships that you build out of love between Me and your neighbors. If you could build enough bridges of compromise between each other, then you would not see so many wars."

Jesus said: "My people, you are faced with many directions to travel and some roads need constant repairs and even a change of detours. I am speaking of the narrow road to heaven that few seem to travel. With so many distractions and desires of the world, it is not uncommon to see many souls taking detours from your heavenly path. It is good to come and visit Me in My Blessed Sacrament so you can analyze if your distractions have taken you off the road to heaven. If too many worldly cares are directing your life, maybe it is time to get off of your detour and get back on the narrow road to heaven. Trust in My Word and My directing you and you will be on the right road to heaven."

Friday, May 9, 2003:

Jesus said: "My people, many are more excited in coming to sports events than they are in coming to see Me in church. Your entertainment has become an obsession for some because you are seeking to please the senses more than you are seeking a good spiritual life. If you fill your life of spare time more with the cares of the world, then there will be little or no time for

your prayer life. If you fill your mind constantly with the noise of radios, TVs and sports programs, the constant chatter will not allow you any peace of mind to think of anything else. Man needs to get his priorities in perspective to where you are headed after this life. You are not here for one constant party, but you are placed on this earth to know, love and serve Me. Once you realize that it is My agenda that you should follow instead of your own, then your priorities in life will change. Listen to My voice to lead you than the call of the worldly things. Those, who follow My Will and My Commandments, will have their reward in heaven. Those, who are led by the world and Satan, and leave no time for Me, are headed on the broad road to hell. Choose to follow Me now before it is too late and you lose your soul to the evil one."

Jesus said: "My people, you know that I am the Light of the world, but My Light shines My truth of My Word upon you as well. Light dispels the darkness, but it also dispels sin represented by the darkness. Many people use the darkness to cover up their sins of theft or sexual sins. Even though it may be dark, I still see all of your sins because you cannot hide them from Me. When I shine My Light upon your soul, all of your sins are laid bare before Me and your guilt drives you to seek My forgiveness. By coming to Me in Confession, I will absolve your sins and restore the Light of My grace in your soul. All of My faithful seek My Light because I am pure love and pure truth. So admit that you are a sinner and do not be afraid to ask My forgiveness. Then once you are purified, you can walk in My Light of truth. Work to follow My Will and My Commandments and you will be better able to avoid sinful actions and stay pure."

Saturday, May 10, 2003:

Jesus said: "My people, I am the author of all life and it is by My Will when a person should die. That is why all forms of killing are serious sin to Me whether by wars, abortion, euthanasia, suicide, or homicide. This casket concerns those souls who take their own lives in suicide. This sin of suicide is the ultimate sin of selfishness and leads to hell unless there are forgiving circumstances. Those, who die in mortal sin, are condemned to hell by their own actions. This is why I am always encouraging My people to keep your souls cleansed so you will not lose your soul in hell. I have mercy on all souls because I am the judge of their lives, but My justice must be satisfied as well. Those, who commit suicide, are violating My Will in the worst way because they are thwarting My plan for their life on earth. I want you to continue to pray for these souls because some are still saved from hell. All of these souls, that commit such a horrific act of suicide for any reason, will face either My judgment to hell or a very long time in purgatory. Such selfishness and pride will require a substantial purgation to ever bring them to enough perfection worthy of heaven. So do not give up on such souls, but know that many of them do go to hell. Pray for these souls and if they are in hell, your prayers will go to others in purgatory. But if they did make it into the

lower parts of purgatory, they will need many prayers to be released. My judgment is not harsh, but it is just, tempered by My infinite mercy."

Jesus said: "My people, you have seen many technologies produce varying qualities of images in pictures and electronics. You will soon see a new technology that will give very clear images, just in time to provide images of the coming beast of Revelation. I have told you after the Warning to get rid of all TVs and computer monitors that could show the image of the beast. Those, who look upon the beast, will be captivated to follow and worship him. That is why I do not want you to look at his image or let him control you with chips in the hand. Much of your technology has made huge leaps in know-how by the demonic power spreading this knowledge. It will be the abuse of such computer technology that will be used by the Antichrist to control the whole world. The evil ones will be so arrogant in their power that they will be stunned to see Me defeat them with a command to My angels. In an instant I will be the victor and all the years of preparation will be for nothing. So come to Me, My people, because I will always be on the winning side."

Sunday, May 11, 2003:

Jesus said: "My people, many people desire to live forever on earth or for as long as they can. Even your movies and inventors have dreamed of making time machines. Many try to look younger even as they are aging and some go to great lengths with health aids to live long lives. These are all selfish goals because your lives belong to Me. I give life and at the appointed time, I take you back to Me as well. This life is passing quickly away and it is imperfect due to Adam's sin. This is a testing time to see how faithful you can be to My Will and follow My Commandments. It is your spirit that lives on forever and this you will never lose. If you will live forever in your spirit, then you should be more concerned where you will be for all eternity. By perfecting your soul in My service, you can share in eternal life with Me in heaven. If you only desire the worldly things and your will, then you are headed for eternal suffering in the flames of hell with the hate of Satan. So instead of desiring a long life on earth that will pass away, you should more desire My loving peace and joy forever in heaven."

Monday, May 12, 2003:

Jesus said: "My people, the fireworks in the sky are celebrations that the war in Iraq is over. But the red tinted clouds overhead are signs of the next war being planned. I have told you before that America's troops are being spread too thin over too many parts of the world. This will make you vulnerable to attack on your own soil. The one world people are drum beating for constant wars that will only bring about your destruction. It is time for the American people to refuse to fight these planned wars because they are not the threats to you that are being claimed. Terrorists will always exist in many countries and this is no reason to destroy nations and pay to

rebuild them. Stop your fighting and focus on peace and love, and you will frustrate the one world people's plans."

Jesus said: "My people, the terrorists are planning another attack against your skyscrapers. That is the meaning of the upper floors of this skyscraper colored in red. Passenger airplanes will be difficult to use because passengers are now willing to fight hijackers. Military planes or private planes and missiles will be their choice of weapons to attack buildings. With modern explosives a small plane could still be deadly. Over time people will let their guard down and this is when they will attack at an unlikely time. With another planned disaster, the one world people will use fear to force national ID smart cards for security. Refuse to use smart cards and forced chips in the hand even if you may risk your life because they will use these chips to control your mind, money, and the way you worship. Worship only Me and seek My refuges for your protection. Pray for My help to allow you to endure this coming tribulation."

Tuesday, May 13, 2003:

Jesus said: "My people, as My apostles were starting My Church, they faced many obstructions in persecutions, travel problems and places to stay. My people of today have a lot more conveniences, but still man is not always open to receive My message. This purple curtain represents the time for the Antichrist is near and he is about to declare himself. As you are in the end times, My faithful will find it difficult to spread My message of love then. You will also face persecution and rejection from those who do not want to accept My Word. Please prepare yourselves now spiritually because the reign of the coming evil will require My protection and your blessed sacramentals. As smart ID cards become mandatory, travel also will be difficult as you will soon have to seek protection at My refuges."

Jesus said: "My people, you are seeing in the readings how My early disciples loved Me and each other and they were called Christians because they taught and practiced My Word of love. So My faithful of today must not be afraid to reach out in witness of My love to everyone that you meet each day. As My apostles were eager to spread My Word of evangelization, so My faithful must bring My Word of faith to others as well. Even if you must suffer criticism or even suffering for witnessing to My Word, continue in your work of love. The vision of the saints and angels cheering on My people should be an inspiration to your imitation of Me in all that you do. You have the example of My saints in their lives of dedication and consecration to Me. Imitate their lives in every way they are leading you to a deeper love of Me. They have given up everything of the world so they could live in pure trust of Me. Many of My saints gave up their worldly wealth to live a life of total poverty. Some even loved Me so much that they were willing to die a martyr's death than renounce their belief in Me. Consecrate yourselves to Me every day and offer all that you do up to Me so I can store your treasures in heaven which are more valuable than earthly

treasures. Love Me every day as if it were your last day on earth. Be willing to share My love with all of those around you in prayer and deed."

Wednesday, May 14, 2003:

Jesus said: "My people, you have just witnessed in the readings of how I had to carry My own cross to Calvary. This is My example to all of My disciples that each person is called in life to carry their own cross until your death. You can call on My help and I will help ease your burdens. This is all a part of serving Me for My greater glory. These train wheels are what carry the load of your own responsibilities in life. You are called many times to do things in life for your own survival and to help others. Many times your work is not always desirable, but it is required to make a living. You can look at your life as whether you want to serve Me or not. Those, who serve themselves only and refuse to serve Me, are like those wheels that run off the track. The track represents your path to heaven, but it will mean carrying your cross and suffering through life's trials. You can look at your trials as a joy to be able to serve Me, or you can see them as a necessary drudgery. It is this cheerful, uncomplaining spirit that I desire in My followers because your daily work can be a means of your salvation as you struggle toward perfection. Use your prayer life as a means to uplift your spirits so that you will do everything for Me and your neighbor out of love and not just for selfish purposes."

Jesus said: "My people, water is a life giving gift when it is in the form of fresh water. Water is a necessary part of your life because you require many glasses each day just to survive. Fresh water, that you use, is for bathing, washing dishes, and your clothes. You use it in cooking and even to heat your homes. Water can have a good effect as rain water that irrigates your crops, or it can have a devastating effect by floods and tidal waves. The earth is covered with water and it is the rain water that makes everything grow. Give thanks to My creation that allows water to continually replenish your needs and carry away your wastes. The sea lashing on the shores, shows you how over time water has formed beautiful rock formations as the Grand Canyon. Give thanks and praise to your God that I provide you with everything necessary for life."

Thursday, May 15, 2003:

Jesus said: "My people, this vision of the raspberry hanging upside down is to represent how man has turned nature upside down with your manipulations and abuses. Many of your crops have been so modified and artificially fertilized that they have little taste and nutrients because some are harvested too soon to get the next crop in. Even your scientists now are claiming that you are over fishing the oceans such that many species of fish are depleted. You have abused your fields as well as the crops that you plant. You also abuse your precious fresh water with pollution and run offs of pesticides. The air you breathe also

is so polluted that some areas have more diseases of the lungs. The one world people are now using science to abuse your weather and create diseases to control your population growth. With all of this destruction caused by man, your delicate balance of nature is causing many problems with drought and food shortages. Pray that man discovers his errors in changing your environment before massive diseases and death of many could result."

Thursday, May 15, 2003:

Prayer Group:

Jesus said: "My people, I have told you before that AIDS, ebola, West Nile virus, and SARS are all man-made diseases designed for population control. The one world people are developing one fearsome disease after another and they will continue to release these germs in areas where fighting diseases will be difficult as in third world countries. Satan is directing these evil ones and you can fight these diseases with your herbs and vitamins to build up your immune system. Constant epidemics will be used for scare tactics and this will be another sign that you are in the end times."

Jesus said: "My people, many people have their better dishes and crystal glasses stored in their dining room cabinets. When a major feast is celebrated or when important guests come to dinner, you always bring out your best china and plates for them. I am your Lord and your Creator, and the most important guest that you will ever have visit you. I do not need your best dishes, but you could clean up your souls from sin by Confession so it is presentable to let Me in. Call on My grace in prayer to keep you directed on the narrow path to heaven."

Jesus said: "My people, many of you take your heating for granted as you are kept warm during the winter. It is only when you are without heat when these systems break down, that you realize the true value of a good working heating system. Then you are willing to pay dearly to get your heat up and running. Confession is a way to keep your souls warm with My grace, instead of growing cold in your sins. By visiting My sacraments, you can continue to keep your spiritual heating system running well. Give thanks to Me for My grace of forgiveness."

Jesus said: "My people, having proper drainage for removing rain from your roof becomes a major concern again when they leak or back up ice in the winter time. Again it is when they become damaged and you need to replace your gutters, that you realize their utility. Your soul and mind can be over flooded with worldly cares and distractions from Me. By taking care to have the proper channels for grace to your soul, you can have your soul refreshed and always waiting to serve Me."

Jesus said: "My people, in many of your tornadoes and severe rainstorms your power lines and your telephone wires have been broken to stop your electricity and phone lines. You depend very much on good communication lines and it becomes a disaster to not be able to ask for help by phone. Again prayer is your communication line to My heart and it can be broken when you refuse to make time for Me in your lives. You can restore these

lines of communication by restoring your daily prayers to a higher priority."

Jesus said: "My people, this staircase is the best example that I could show you in how to reach your heavenly goal. I have told you many times that you have to advance in your spiritual life if you ever wish to reach enough perfection worthy of heaven. It is only by My help and grace that you can advance in your spiritual lives. So call on My Name often to give you such discernment. Think only of advancing in My grace and do not allow yourselves to fall back into your old sinful habits."

Jesus said: "My people, whenever you are growing grass or crops in your garden, you are careful to rid the weeds and give it plenty of water to grow. Your soul needs to be irrigated also with My life giving grace. Come to Me as the source of living water in My Eucharist and I will quench your thirst for My peace forever. Weed out the sins of your bad habits and you will have more room in your soul to flourish with My Presence. I love you all so much and I want to lead all souls to the waters of My abundant graces."

Friday, May 16, 2003:

Jesus said: "My people, I have directed My disciples to consecrate everything over to Me and with My help to work toward their perfection on earth. This is your preparation for heaven, but not many are able to reach this during their earthly life. Those souls, who die before the tribulation and do not reach this desired perfection, are those who will have to finish their coming to perfection in purgatory. This vision of souls waiting on a bench is a representation of these souls being purified in purgatory. It is not easy to reach sainthood in this life, but it is not impossible because of My help that you can draw on. It will take suffering and a complete giving over of your will to My Will to place yourself on this path to heaven. Be willing to suffer your purgatory on earth and you will be fortunate to come to heaven without any further purgation. Those souls, who live during the tribulation and keep their souls from the evil one, will suffer their purgatory on earth. These souls will also receive their reward in My Era of Peace when I will conquer all evil and I will renew the earth."

Jesus said: "My people, the presidency of your country holds a lot of power in the world and in your country. The blurring of this insignia means that his power will be slowly taken away as the one world people are using him to their advantage. Your massive trade deficits should show you how many of your manufacturing jobs have gone overseas because of your free trade policy. Your companies have sought cheaper labor at the expense of your own workers in your country. You have encouraged oil imports instead of using other means of power. More are buying things overseas because they are no longer available from your factories. By controlling trade and encouraging constant wars, your president has succumbed to the wishes of the one world people. Soon these evil ones will take open control of your government as a police state and truly your form of government

will take on a new look. America has to be under total control before the Antichrist can come to power. Look for the erosion of power in your presidency and you will see the progress of your own destruction. Pray for the souls of your country that will be tested dearly because of your many unrepentant sins. I will have My victory in the end over all evil and their reign will be short. Have hope and trust in Me because following My Will is the only way that you will gain heaven."

Saturday, May 17, 2003:

Jesus said: "My people, many of you think that you live in a free democracy, but you do not realize how your freedoms are slowly eroding. The political figures that you vote for in high office are either masons or they are controlled by the one world money people in either party. No matter what votes are taken, the same people have their way. It is impossible for a common person to fight the millions of dollars backing the one world candidates. Expressions of your faith in public are almost banned by these same evil people. They promote abortions, euthanasia, and constant wars which are also hard to fight against. The morals of your country around living together without marriage, and homosexual acts show why your sins are dragging your country down into the gutter. The control of your finances and your jobs will come into place by the security fears driving national smart ID cards and eventually chips in the hand. No matter how evil your society may become, continue to keep your faith in Me and your soul will be saved. Refuse to use these national Ids and chips in the hand or these people will control your minds. Soon you will need My protection at My refuges. I am with you always, even in hopeless cases. So do not despair that evil is having its hour because this will be a test of your faith. Know that soon I will conquer all of these evil ones and they will be thrown into the pit of hell to wail and gnash their teeth forever. Be patient but a while and you will see My glory as I will renew the earth in a great Era of Peace."

Jesus said: "My people, you have seen the many monuments made to honor famous people. How much more should you honor your Creator by My crucifix, My Sacred Heart, and My Divine Mercy pictures and statues. Yet many churches have stripped any remembrance of Me in any form until they have become four cold walls. My most important remembrance is My Eucharist which I have given to you to make My churches holy. Once you remove Me from the main church, you have no more holiness present than any other denominational church. Treasure and give reverence to My consecrated Host in My tabernacles before they will be with you no longer. I give you Myself in My Eucharist. Now acknowledge My Real Presence among you. Those, who do not receive Me in Holy Communion, are not sharing in the intimacy of My love in your souls. I am the Bread of Life and those, who receive Me worthily, will have everlasting life."

Sunday, May 18, 2003:

Jesus said: "My people, moving to another house means

pulling up your neighborhood roots and re-establishing new roots in another community. Some do this for better jobs and some are forced to downsize because of lost jobs. America does have a lot of mobility, but this is an example to you of how St. Paul's life changed. When I asked St. Paul why he was persecuting Me, he was given My Light to understand that truly I was the Son of God. Instead of persecuting Christians, St. Paul began to be one of My great missionaries, especially among the Gentiles. This dramatic change of moving is a parallel to how conversions take place when you leave your former life to follow Me. Giving up your own will to follow My Will is not easy to be in total obedience. I have shown you the way in My Gospels, but you must clear out the worldly things in your soul to make room for Me. St. Paul had a burning faith because He has seen Me, but blessed are those who have not seen Me and still believe. Converting to My Gospel of love means that you will have to make changes in your life for My Name's sake. Be willing like St. Paul was in spreading My Gospel. Those, who know that I am the Bread of Life and the Light of the world, will always seek to follow Me to heaven, no matter how much they must suffer for Me in this life."

Monday, May 19, 2003:

Jesus said: "My dear lovely children, I want to have your attention today because I am like your father who warns you not to fall into the pit of hell. I watch over every one of My children and I love everyone because I have created you to My image and likeness. You warn your children not to play in the streets because they could be hit by a car and be killed. I am warning you against mortal sin or your soul would be spiritually dead. Even if you should fail, I have My mercy upon you by seeking My forgiveness in Confession. If you fail to seek the forgiveness of your serious sins, then you risk falling into the flames of hell in the deep pit. You have a place of safety by coming to Me, so do not be spiritually lazy and suffer hell when you could be with Me in heaven. This life is short, but your life after death will last forever. All the more reason that you should choose Me instead of the pit of hell."

Jesus said: "My people, there are many who are rushing through life with overactive agendas every day. These people are rushing like the race driver speeds to the finish line. Your finish line is when you die and then follows your judgment. If you spend every day for yourself, then you will leave no time for Me in your life. Some may ask why should I pray to God each day? Prayer is a way of speaking to Me and showing your love and praise for Me. I have created each of you and I have given you all the skills and abilities to be who you are. Acknowledging Me each day in prayer is a way of thanking Me for all that I have done for you. I have told you many times that you were created to know, love, and serve Me for My greater glory, as everything else in nature does. Reaching perfection to enter heaven should be your goal and following My plan for your life is the path that I want each soul to follow. Those souls, who race through life on their own without Me, are headed on the broad road to hell

when they die. Those souls, who listen to My Word and follow My Will, are headed on the narrow road to heaven. It is everyone's free will choice to make where you want to be when you reach your finish line-heaven or hell."

Tuesday, May 20, 2003:

Jesus said: "My people, this picture of water going very low in a well is about your country's future problems with fresh water that I have given you in previous messages. The massive number of tornadoes and storms have caused even floods in some areas and water tables have come back. The problem of droughts occurs mostly in the summer with increased evaporation due to the high temperatures. More population, especially in arid areas, is putting a strain on rivers, lakes, reservoirs and aquifers. Because of man's usage for irrigation and more housing developments water has become a scarce commodity in an increasing number of communities. Water rationing will become more widespread as your droughts continue to worsen in the summer. Many of your weather trials are chastisements and part of the manipulated weather making by your government and other nations. America should prepare other fresh water means soon before you will have inadequate supplies in heavy drought areas."

Jesus said: "My people, I have told St. Peter to put his sword back into its scabbard and I warned him that those, who live by the sword, will die by the sword. (Matt.26:52) You have witnessed many movies and stories about the causes of World War II, but it was the evil ones with money that have financed every dictator and created all of these monsters of killing. Many parallels in history are continually repeated, but man has failed to learn that fighting only causes death and destruction. It is the demons who stir up wars and it is a result of man's sins that they come about. Fear is used by many evil men to gain the goal of world control. Terrorism is a creation of the one world people to provoke wars which they profit from. Even destruction of your own buildings has been done purposely by these evil men to incite so-called wars of liberation against trumped up dictators. Your country is going down the same path as Germany because your freedoms will be stripped in your coming police state. Your power will be dissipated in constant wars. Your people are committing the same holocaust on your unborn children and your old people, yet you fail to see your country's inevitable collapse under the weight of your own greed and sin. Your only hope is in Me because I will soon defeat the one world people and their Antichrist. I will show My power and all of these evil ones will suffer the unquenchable flames of hell forever. My faithful will be vindicated for your faithfulness to Me and your reward will be great in heaven."

Wednesday, May 21, 2003:

Jesus said: "My people, the simple lifestyle that I lived on the earth was enough for survival without all of today's electronic gadgets. Man has grown accustomed to his fast

transportation and his inventions of comfort in your modern world. Even amidst all of your wealth, there are still many areas with disease and starvation. It is the distribution of wealth that is not shared fairly. America has many wealthy people, but good manufacturing jobs are disappearing. Because of your deficits and debts, the value of your currency is falling. Your service economy will pay much less wages than your manufacturing economy did. That is why your standard of living is moving down as deflation is signaling your lack of consumer demand. Your interest rates have been at all time lows for a long time without real progress. Your stagnant economy is similar to Japan and your constant wars will further degrade your economy. America has chosen an immoral path of sin and now you will be reaping the consequences."

Jesus said: "My people, you take food for granted in America because it is plentiful and it can be transported all over your country with trucks and trains. Unfortunately, there are many countries in the world who lack food supplies and the expertise to distribute food about their country. The ability to grow food is even a challenge because farmers need to know how to rotate crops and preserve the nutrients in the soil. Adequate fresh water is also a necessary part of growing crops. These right conditions for crops are not as plentiful for the amount of food needed by the billions that live on the earth today. Even your good farmlands are being wasted on man's development projects for homes. As with fresh water, food will become scarce to find as more demand seeks food. Those in control of food and water will choose who lives and who dies of starvation. Such controlled droughts and famines will be the tool of the one world people who are seeking global control of everything. Continue to keep some food in reserve to be multiplied in your time of famine. Trust in Me and I will provide for all of your needs when you ask Me."

Thursday, May 22, 2003:

Jesus said: "My people, most people think of the word love in terms of a love between two married spouses, but love of God is with the spirit of the soul. No matter how much you indulge in the pleasures and comforts of this world, your spirit will never find rest and peace in things. That is because your spirit can only find rest with its Creator in Me. It is only when you receive Me worthily in Holy Communion that you have the closest taste of heaven, because you are experiencing My Real Presence. This is why My saints were not interested in wealth, but they were only satisfied in complete surrender to My Will. It is My grace from each sacrament that enlightens and strengthens your soul. It is the darkness of mortal sin that takes away My peace, but you can have it restored in Confession. When you live in obedience to My Commandments out of love for Me, then you enjoy the joy and glory of My Presence. It is this assurance of My promise of salvation that gives your soul true rest and confidence among the confusion of worldly things. Seek the Lord and your soul will be saved, and you will find My rest that you cannot find anywhere else. No matter how many temptations or

trials that you may face, they cannot take away My peace and joy. It is only your sins that offend Me and break off this love relationship. But you can repent of your sins and seek My forgiveness and I will restore My grace in your soul. I always love you, even in sin, and it is your turning away from Me that is your choice. Better to choose My joy and peace than the chaos and disappointment of a sinful existence."

Thursday, May 22, 2003:

Prayer Group:

Jesus said: "My people, it takes more than pronouncements by your politicians to re-ignite your stagnant economy. You have witnessed a break in the bubble of greed and speculation in your stock market that has come back to reality. Technology has not turned out to be a savior and your manufacturing base has been decimated by layoffs and job exportation by your own companies. America is in a state of decline in all fields that will lower your average salary and your standard of living. This is all according to the planned destruction of your economy by the one world people and their free trade disaster."

Jesus said: "My people, your people will refuse to remain unemployed when they realize their jobs were sold abroad. There will be a huge cry again to protect American jobs and there will be great battles in Congress on what benefits America or international businessmen. If the American people do not fight for their jobs, then you soon will all be a part of the working poor class with jobs scarcely making a living."

Jesus said: "My people, the UN has dropped sanctions against Iraq, but America and England will be controlling the oil revenues until a government can be formed. Many profits from oil or favored contracts to the US could be a windfall to your oil companies. The speculation on US interests in oil in Iraq will become more apparent despite the cover up by politicians. The reasons for war were more than just for Saddam's removal."

Jesus said: "My people, some have been awed by the resumption of terrorist activities in various countries and even severe earthquakes. Such terrorism has heightened security in your own cities when you do not have the funds to support it. People will soon see that fear is being used as another means to help destroy your economy. All of the problems facing your country are coming as a result of your unrepentant sinful lifestyles."

Jesus said: "My people, many of the products that you buy and sell are from overseas. Your oil and many manufactured items are being imported, but very few exports are going out leaving a tremendous deficit every year as your wealth is being exported as fast as your jobs. Many of your programs to support the elderly and the unemployed will become an impossible burden for smaller numbers of workers to support. Unless your government deficits and trade deficits are reined in, your currency will continue to deteriorate. Pray for My help, My people, because the evil ones are about to take over your country."

Jesus said: "My people, I have told you that those countries

with sufficient food and water will be the nations that control their destiny. Your food production from your fields will soon become more valuable than oil in the ground. As famine continues to spread, food will become more valuable and this could be a saving grace for America. The difficulty will come if the one world people are allowed to control food profits and its distribution. Even when evil has its day, it will be brief and My victory will overcome them. My faithful will share in My Era of Peace while the evil ones will burn without being consumed."

Jesus said: "My people, as you view My little ones in their innocence receive Me in Communion dressed in white, it is a beautiful sight to everyone. You all have memories of the days of your own innocence and how quickly the world has corrupted that moment. The children are subject to physical abuse and their minds are twisted by your immoral movies and TV programs. I want My people to do your best to give good spiritual example to My little ones and protect them from the sinful lifestyles that are flaunted in your decadent society. Teach these little ones the true faith and reverence for My Real Presence in My consecrated Host."

Friday, May 23, 2003:

Jesus said: "My people, I have told you many times that you are in the end days and how soon I will be separating the wheat from the weeds. Even as you separate the weeds from the wheat, the wheat itself needs to be thrashed to remove the chaff. The evil ones are the weeds who will be burned in the fire of hell. But the chaff represents My faithful's sins and worldly cares that must be stripped to purify your souls. Once the grain is purified, now you will be ready to be made into the Bread of Life as a part of Me. You are all a part of My Mystical Body of the Church, but you must be purified and perfected to be worthy of heaven. Those, who choose to be with Me, must be willing to do everything for Me and consecrate all that you have over to Me. This complete sacrifice of self is difficult for man because you will now have to trust Me for all of your needs. Do not fear anything if I am with you. Your soul will be saved even though you may have to suffer much for My Name's sake on earth. Your reward of eternal peace with Me is well worth any brief pain that you may have to endure in the body."

Saturday, May 24, 2003:

Jesus said: "My people, St. Paul was called to spread the faith among many peoples. There are many ways that you could show your love for Me in helping others. When you think more to help others than yourself, then you will be helping Me in them. You can help feed the poor in their starvation. You could help them with finding shelter or housing. You could help others to find jobs or help them gain skills for jobs. Once their immediate needs are served, you can also share your faith and love of Me with your neighbor. Helping your neighbor in your actions comes out of love and not selfishness. When you focus more on others than yourself, then you will be witnessing your

faith to them as well. The more that you love Me and your neighbor, the closer you will come to your perfection for heaven."

Jesus said: "My people, from the time of Moses I have visited My people with My Commandments of love of God and love of neighbor. This covenant was My promise that those, who followed My laws, would see eternal life. The Old Testament prophesied of My coming as the Messiah and there was a presence of God around this Ark of the Covenant. In one sense My Blessed Mother was the new Ark of the Covenant as she housed Me before I was born. At the Last Supper I instituted My Real Presence in My Eucharist and everyone recognized Me in the breaking of the bread. I am the fulfillment of the Old Testament and My Presence is now among you in all of the tabernacles of the world that contain My consecrated Hosts. My new Ark of the Covenant lies in every tabernacle where you can worship Me and give Me praise. Whenever you receive Me in Holy Communion, you become like an Ark of the Covenant until the Host is consumed. This Presence of God on Mount Sinai, around the Ark of the Covenant, and in My consecrated Hosts, are a gift to My people of My very Self. Rejoice that you are in My Real Presence when you visit My tabernacle and receive Me in Holy Communion. Give thanks and glory to God for I have visited My people and I will be with you until the end of time."

Sunday, May 25, 2003:

Jesus said: "My people, there are few Catholics that really believe and reverence My Real Presence in My Eucharist. It is an awesome reality to believe that your Lord and Master is truly present under the appearance of bread and wine. This is what I promised My apostles that I will always be present among you in the breaking of the bread. The devil and the demons all knew that I was the Son of God and I rebuked them to be quiet. They know My power in My Eucharist and that is why this is the devil's one main target to remove. But I will defy the evil ones and allow My faithful remnant to have My Eucharistic Presence until the end of time. You will see great attacks against Adoration and My tabernacles. The evil ones will try to remove the priests and My consecrated Hosts. Call on My help and that of your guardian angels and I will see to your soul's protection. During this life and the next life, My faithful will be purified before entering heaven. Remain close to Me in My Blessed Sacrament as long as you can. Ask to receive Me in spiritual communion when you cannot receive Me physically. I will always be with you as you remain faithful to Me."

Monday, May 26, 2003:

Jesus said: "My people, the way through the gates of heaven is purchased with suffering. That is the meaning of the nails where the key is used to unlock the gate. One meaning is the nails through Me when I suffer for the release of your sins. The other meaning is the nails that you must suffer through life for My Name's sake. You will suffer sickness and death as everyone

one must suffer. My faithful will have to suffer persecution and possibly martyrdom for some. Your road to heaven is full of suffering and pain because you are in a constant battle between the desires of the soul and the desires of the flesh. There is no comfortable road to heaven, but then there is no comfortable road to hell either. Those, who go to hell, may have some temporary comforts, but they suffer no peace, many disappointments, and eternal suffering in hell. If you are going to suffer anyway, better to do it for My glory. Life is full of suffering, so ask for My help to lessen your burdens and have hope to be with Me one day in heaven."

Jesus said: "My people, the evil ones have developed many diabolical weapons to control people through microwaves, drugs and trails that they place in the air. Their aim is to bring fear among the people and through depression weapons they will try to control your minds. You will find safety with herbs and vitamins and protection in your basement from these weapons. When the evil ones gather behind the Antichrist, you must then let My angels lead you to My refuges. No matter how much the evil ones will try to persecute you and kill you, I will protect your soul. The evil one's reign will be brief and I will bring My victory over all the earth. These evil ones will taste the flames of hell, but My faithful will have their reward in My Era of Peace and in heaven."

Tuesday, May 27, 2003:

Jesus said: "My people, true missionaries are a special breed because it takes a courageous and selfless person to commit their lives to preaching My Gospel. When you are on the road day after day spreading My Word of love, you are going to meet resistance from the evil one and people who do not want to convert their lives to one of repentance. It may seem easier to live a life with no obedience to anyone or My Commandments, but you must suffer to obey to gain eternal life in heaven. To be one of My disciples you must be willing to put yourself under obedience to civil and proper religious authorities. You cannot let your body have full control of your life, but you must keep it under control of the soul and a properly formed conscience. If you are taught the Gospel with My understanding of how to live, then your conscience will be that voice warning you not to commit sinful actions. Test everything you do to whether I would approve of such an action and you will keep your bodily desires and appetites under control. It is when you want full reign over your life that you will resist My teachings. Listen to My missionaries that are spreading My Word for they will be your conscience to guide you to conversion and repentance of your sins."

Wednesday, May 28, 2003:

Jesus said: "My people, this vision of a castle is an image of strength and long lasting faith. You need strength to endure in your battle with the evil one. You are not alone in your fight, but you can call on Me, the Holy Spirit, and God the

Father. We are always at your side to build up your faith and hope. You all are sinners and will fail at times in your sin, but you can return to My grace of Confession. By staying strong in your faith with My help and avoiding occasions of sin, you will be better able to fight off the devil's temptations. When you try to help others and seek to convert them, do not be offended when they reject your help. You have done your job of love and followed your responsibility. Those, who refuse help or refuse to be converted, will have to answer for their actions at the judgment. Many people are so full of pride in doing things for themselves only, that they will have to learn their lessons the hard way through failures and poor planning. In the end I will triumph against the evil ones and My faithful will be vindicated for following My Will."

Jesus said: "My people, the display of digital read out signs has made possible new viewing screens in color. New advances have made these displays usable in many electronic viewing methods. Now such screens can be placed in cars or hand carried devices. By using these screens all over the world, inexpensive images can be sent to any such device. The control of what images are sent out will be abused by the Antichrist to control what people think and worship. Many new advances are marvels of science, but it will be the abuse of these devices by evil powers that will bring about world control of many people mesmerized by the image of the beast. After the Warning, get rid of all monitors and screens that could show the image of the beast so you are not influenced by it. Once you see how evil has manipulated science for its own purposes, then you will understand how evil ones were even behind these discoveries. Call on My protection and I will save your souls even despite the evil one's influence on everyone. You will never be tested beyond your endurance, but you will need My help in order to save yours soul. Give thanks that My power will overcome anything that the evil ones will ever develop. Your days of reward are coming soon in My Era of Peace."

Thursday, May 29, 2003: (Ascension Thursday)

Jesus said: "My people, I appeared to My apostles many times after My Resurrection to prove to them that I had fully raised from the dead as I had foretold them. Now, forty days after My Resurrection I told My apostles that the Holy Spirit would soon come upon them to strengthen them to go out and preach My Gospel to the whole world. My faithful have already received the Holy Spirit at Baptism and Confirmation so you too are asked to spread the Good News of My death and Resurrection to all the nations. The vision of a person being raised up with an anchor represents a person being freed of earthly ties to this world when you will be taken up to heaven. As I was raised up, so all of My faithful will be raised up as well. It is not easy to break your bonds with the things of earth, but your complete consecration to Me means that you are willing to detach yourself from wealth, possessions, and even friendships so you can be totally dedicated to following My Will. Doing things for My sake may require you

to change your life and let go of the anchor of earthly desires that may require purification to come to heaven. I will give everyone the grace to be saved if you are willing to give everything up to Me out of love."

Thursday, May 29, 2003:

Prayer Group:

Jesus said: "My people, you have seen many attacks recently against less secured targets where Americans are living. This resurgence in terrorism shows how easy it is to destroy and maim people to make a political statement. Such actions are being paid off to continue the fear tactics of the one world people for world control. To even try and protect your population from such terrorists requires millions of unnecessary expense. It will be such fear that will drive countries to national ID smart cards. Security will not matter, but it will give a good excuse to control everyone's finances and whereabouts. Pray for My protection for I am by your side always."

Jesus said: "My people, many types of fish are decreasing in number because of over fishing by large ships. Soon fish farms will be necessary to provide enough fish for the market demand. This is one more natural resource that man has abused that could affect your food supply. Constant dumping in the ocean has also contributed to pollution that is destroying the habitat for the fish. Man needs to learn conservation methods to control his appetite for greed in money for the fish."

Jesus said: "My people, I have warned you before of the fresh water shortage for drinking water and water for farms. It is man's attempt to reclaim arid areas that makes it difficult to provide crops and water for household needs. Now you are seeing more articles on groups fighting for water rights, especially in the West. People will begin shifting to areas with more abundant water as droughts affect your living conditions. It is man's abuses and the stress of more population that are straining your fresh water sources."

Jesus said: "My people, for a time your deficits were turned into surpluses due to higher tax collections on the wealth of the good stock market years. Now that this bubble has come back to reality, profits are down and so are tax collections. This is why many states and cities are having financial problems. Since the economy is slow, even more tax cuts and deficits are being incurred to pick up the economy. Such deficits will be self-defeating and it will raise interest charges to be paid by the taxpayer. The one world people want to bankrupt your government as a means of takeover. Move wars and deficits are their weapons to steal money and bring your nation down. The central bankers collect the interest from the national debt. Such reckless accounting will be your downfall."

Jesus said: "My people, fires and cutting down too many forests are causing areas of increasing desert sizes. With fewer trees more moisture is evaporating into the air causing more severe droughts all over the world. This is another example of man's abuse of his natural resources that are disrupting the

balance of nature in many areas. Reduced trees is a decrease in oxygen production as well. Man needs to know that there are limited resources on the earth and once they are depleted, it would be hard to reverse any damage."

Jesus said: "My people, finding adequate housing for all the billions of people on the earth is becoming more difficult even in America. Many services are provided by tax money to support housing subsidies. Many people are also unemployed or have lost houses due to storm damage or earthquakes. These strains on incomes for shelter is taking a larger toll on many families trying to pay their bills and afford adequate housing. Man will have to struggle to find cheaper housing without using up needed farmland."

Jesus said: "My people, in the early Church you saw how My disciples sold property to help others in need and even some were chastised for not being generous. Some have been more fortunate in life in obtaining more possessions through their own work. Others have accumulated wealth by cheating others. Where people can afford to share some of their excess wealth, it is selfish to keep everything for yourself without sharing it. Be generous with your money to others and you will gain treasure in heaven. The more you try to horde, the more it will slip away from you and it will become worthless when you die."

Friday, May 30, 2003:

Jesus said: "My people, many times you are faced with life's trials and difficulties. Your first impulse is to struggle through on your own. After you are frustrated with things not working, you humbly come asking My help to solve your problem. Better to ask My help before you start a project and you will see things work a lot smoother and in less time. Have faith and confidence in your prayers to Me and I will lighten your burdens. There are many ways with dealing with your problems, but first start with a prayer and have patience. Your solution will come when you reason it out with My help. This is true of many problems in your life that you can call on Me at any time."

Saturday, May 31, 2003: (Visitation)

Jesus said: "My people, My Blessed Mother is the only human woman born without original sin or any sin during her life. She is crowned queen of heaven and she is your model of perfection to follow because she lived in My Divine Will her entire life. She is one with Me as I call all of My followers to be as well. I lived as a human on earth with no sin and death had no power over Me as the Son of God. Both My life and that of My Blessed Mother are examples of how to live as a man or a woman. I prepared My Blessed Mother for her moment on earth from the beginning of the first man. She has been called blessed among man and she is your most powerful intercessor for prayer to Me. Many pray her daily rosaries for her intentions for the world. She is everyone's mother as I told St. John at the foot of the cross. Give thanks and praise to God for sharing My Blessed Mother with all of you. Her mantle of protection is with all of her children."
