

Saturday, May 1, 2004: (St. Joseph, the worker)

Jesus said: "My people, the reading in the Gospel is a hard one because I was asking My disciples to eat My Flesh in the consecrated Host, and to drink My Blood in the consecrated wine. This is a difficult mystery to understand at the Mass when at the Consecration the bread and wine become My Body and Blood. Some early disciples fell away because they could not accept My Real Presence was in the Eucharist in the Host. Even today there are still some Catholics that do not believe that I am truly present in My Blessed Sacrament. I said to My apostles: 'The words that I have spoken to you are Spirit and Life.' (John 6:64) My Eucharist feeds you My heavenly Bread which nourishes your spirit in the soul. The physical body is nothing because it will pass away with death. But the spirit of the soul will live on forever, and that is why it needs to be fed with My spiritual food. When you receive Me in Holy Communion, you are joined with My Mystical Body. My Spirit becomes one with your soul and that is why receiving Me is your closest experience of heaven on earth. When you can fully comprehend and believe in My Real Presence in My Blessed Sacrament, then you will understand why you should give Me reverence in My consecrated Host. When you genuflect and bow to My tabernacle, you are giving praise and glory to your Creator who made you and died to save you."

Jesus said: "My people, every time you view the beautiful colors of spring flowers, you are awed by their radiance of life. Each flower by its genetic make-up is called to fulfill its role in nature by providing nectar for the bees and colors to attract them. As you look at human faces, you can see the radiance of life in their eyes and a reflection of My image in each soul. You have the gift of free will to choose your path. Each of you are endowed with certain talents, but it is up to you to use them for My greater glory. This life is short and you need to show love in your actions for Me and your neighbor. I am all love and if you are made to My image, then you should be called to love everyone. You can trust in Me that I will always love you no matter what you do in life. Rejoice to see radiant new life in nature as well as My love in the heart of each soul."

Sunday, May 2, 2004: (Good Shepherd Sunday)

Jesus said: "My people, the image of the Good Shepherd is how I watch over all of My children, even the wayward and lost sheep. I do not give up on any soul and I will seek out every soul in giving you an opportunity to be saved. Even the worst of sinners can be converted, but it may take a miracle of My grace or persistent prayer from a loved one. Do not pass

judgment on someone as going to hell, because you never know what is in their heart. I walk with every soul in life and I will lead you if you follow My call. I call all of you to love Me and your neighbor not only in word, but in your daily actions. I care for each of you even more than a mother cares for her child. At conception every soul is appointed its own guardian angel to protect it from the temptations of the devil and distractions of the world. You are all special to Me and following Me with My sacraments is your path to heaven in this earthly life. You care too much for this life in its comforts and pleasures, but all of what you see will pass away. Better to focus on the heavenly things as My Blessed Sacrament that will lead you to heaven. Be joyous in My celebration of My Easter message just as My apostles had the joy of the Spirit."

Monday, May 3, 2004:

Jesus said: "My people, this car moving down the road at a fast speed represents how your fast moving technology is controlling your lives. Many in America are being influenced in your changes in transportation, communications, and your buying and selling. Even your means of work or investments are making it harder for families to balance their budgets. Technology is forcing some older skills out of the market or overseas to cheaper labor. Low interest rates and stagnant stock and bond markets are making it difficult to have your money earn money. Internet, cable, and satellite communications are making you more dependent on them for TV signals and communications. Some are being overwhelmed with how to use these devices and others are stealing identities to take your money. Even more devious groups are listening in to phone calls and all of your internet messages and transactions. It is the abuse of smart cards that are forced on you that could control your buying and selling. I have encouraged My faithful to avoid smart cards because they could lead people into the same chips in the body. Be aware of this technology going on around you, but do not let it control you or cause you to lose your peace. Ask for My help when you are pressured by these things."

Jesus said: "My people, this is an evil age that is not repenting of their sins, so I will raise up some catastrophic natural disasters that will bring America to its knees. I have shown you terrible earthquakes, potential super volcanic explosions, and now I am showing you a massive tidal wave that could wipe out many of your Eastern seaboard cities. This could be triggered by comets or asteroids hitting in the Atlantic Ocean. The destruction from such a tidal wave could destroy a good share of America and the recovery would not replace the cities or lost lives. Man has been fortunate this far from huge

natural disasters, but I will bring destruction and takeover to America. You have become too proud in trusting more on yourselves than on Me. Because you have made worldly objects your idols before Me, I will send you destruction of these idols so you may know the power of the Lord. Prepare your souls now before these earth shaking events will change your life as you know it."

Tuesday, May 4, 2004:

Jesus said: "My people, this curtain lifting represents how all of My followers have to witness to your beliefs in Me in your very actions. If you truly believe in My teachings and My Commandments, then do not be hypocrites in denying your faith in order to please people. It is hypocritical to claim that you believe in the Fifth Commandment of Thou shall not kill, and then be in favor of abortion which kills babies. This is true not just for political candidates, but for all Christians in favor of abortion. It is one thing to follow a court decision, but you are obligated to a higher law which is truth and not convenience for those mothers killing their infants. If you abhor killing of children outside of the womb, then there is no difference in killing an unborn child. It is better to obey God than man in all of your warped laws of your death culture. You have the same reasoning in euthanasia, capital punishment, and your incessant wars. Life is precious in all of its forms, and when you kill someone, you are denying My plan for that life. Many of the disasters and chastisements befalling your nation are because of your many abortions and other killings."

Jesus said: "My people, divorce and marital problems are causing many families to break up for various reasons. One of the causes is a family's dealing with money issues, especially with the many layoffs over the last few years. Many businesses were stressed to make money in hard times and they have resorted to cutting jobs as a cost improvement. Some families have two working and if both are out of work for any length of time, the finances are in jeopardy. It is not always easy to replace your jobs and you may have to take lesser paying jobs. Other causes of divorce could be drugs, drinking, or gambling problems. Adultery and prostitution can also cause infidelity problems, and now even internet pornography. Love and good communications are necessary in a good marriage, as well as love of Me. Where both partners are strong in their faith, there is less divorce. Family prayer also is helpful in keeping the family together. Counseling and stress management may be of help to some couples in dealing with everyday problems that can cause fighting. Every family needs to be alert to all kinds of threats from worldly sources and evil spirits. Call on My help and that of

your guardian angels to protect your family and preserve your marriage in love as I blessed you on your wedding day. Seek to surrender your will to Me and to put the welfare of your family before any selfish pleasures or comforts. When spouses work toward making their marriage permanent, then neither will give up to selfish reasons of leaving each other."

Wednesday, May 5, 2004:

Jesus said: "My people, boats and water were a tool of My teaching to My apostles who were fisherman by trade. I showed My power to My apostles in calming the storm on the lake and walking on the water. At other times I would instruct them in the boat where to cast the net for a catch of fish, even though they were casting all night. I was calling them to have faith in Me, even though I was asking them to believe in blind faith of My miracles. There were many symbolisms in teaching about making a voyage in reference to the voyage of life with its many ups and downs. Many of My parables were about what the people of My day understood in their environment so they could see how to follow Me. Even as My disciples of today read the accounts of My teaching in the Gospels, you can still learn lessons in life even from an older culture. I have a personal relationship with each soul in where you are in life and because I took on the form of a man, I experienced many of the difficulties that you face today. Learn how your sufferings in this life can be used to atone for your sins and those of others. My words are eternal and they will always direct you to follow Me, no matter what you may face in this life. Over and over I teach you to focus on Me in the next life because that is the destination of your soul."

Jesus said: "My people, your economy in America appears to be coming out of a recession, but it is being disguised as great for the coming election. Many of your companies are recording great earnings, but they are not at full production, nor are your unemployment rates going down. Your interest rates are being held artificially low and your tax decreases and deficits are what is fueling your improved economy. Once the war, the deficits and the interest rates turn the wrong way, you could again see hard times. Your companies are making too good a profit on shifting labor overseas to change to hiring more in your own country. It is the American worker who needs to work two lesser paying jobs to equal the previous lost job. Continuing the war in Iraq and elsewhere will continue to drain your finances and your military. Running up large deficits in wars is a way to your demise. America needs to repent of your sins and pray for peace, or you will face My wrath in disasters or a takeover of your country. Many countries have fallen from

within because of immorality, and America is in such a decline. Without a drastic change in your lifestyles, you are about to view the destruction of your country."

Thursday, May 6, 2004:

Jesus said: "My people, mothers are the heart of the family and they are always concerned about their children. It is too easy to take them for granted, but they are always working on the laundry, house cleaning, and meal preparations. Taking care of the children in their younger years is the best environment. It is not always easy for mothers to stay at home, since some need to work to make ends meet for the family. But when a family can afford it, it is better for the children to have the mother care for them at home. For all that a mother does, they are invaluable for keeping a family together. You all have a special place in your heart for your mothers, even as the Blessed Mother and My Heart are one. Give thanks and honor to your own mother as well as to your heavenly mother in the Blessed Virgin Mary. Love is the glue that hold things together in a family and love of Me seals that family as holy."

Thursday, May 6, 2004:

Prayer Group:

Jesus said: "My people, you know the good gifts that I give My children both what you need for your physical life, but more so the heavenly gifts that bring you along the path to heaven. My people, when you give gifts to your children, you should also think of their spiritual welfare as well as earthly things. You can give gifts of Bibles, rosaries, or holy books, just as you give toys or food to your little ones. Teach your children the faith and give them the tools that they need to learn the faith."

Jesus said: "My people, there are many causes seeking your help to feed, clothe and shelter the poor. Those, who can share their wealth, should be sharing at least ten per cent of their income. You may not be able to donate to everyone who comes to the door, but you should be doing your part to help your neighbor in need. Some day you may have to rely on someone's charity, so give to others while you can and you will store treasure in heaven."

Jesus said: "My people, many times you make the opportunity to view the beautiful flowers of nature in the spring time at your local parks. Many take pictures of this beauty because these flowers only bloom for a short time. Some children are preparing to receive their First Holy Communion. The beautiful children are also blossoms of life and purity of soul. The white dresses are the innocence and love that I cherish in My

little ones. Enjoy this vision with pictures also because the children quickly grow into adults."

Jesus said: "My people, it is a wonder of My creation as you plant your flowers and vegetables and watch them grow miraculously. By water and nutrients, your plants will produce their abundance. Many times I plant seeds of faith in the soil of My created souls. By My grace and intercession of others, this seed of faith could grow into a conversion from sin of the world. Each day you can nourish your own faith with prayer and My sacraments. For every soul that comes to Me, there is great rejoicing in heaven."

Jesus said: "My people, many take food for granted when they go to the grocery store to buy their food for the week. All of your raw materials come from the farm in your meats from the cows, chickens, and pigs. You receive milk and butter from the cows and eggs from the chickens. You also have your grains and corn from the fields for your breads and oils. Be thankful for My creation and the farmers who provide your daily food. Many farmers are in need of your help to survive in the business world. The more you help the farmer, the more you are assuring your future meals."

Jesus said: "My people, as spring arrives, many start working on improving their lawns and cutting them. You work hard to put on a good appearance on the outside as in your yard or on your person, but how much are you concerned with cleaning your soul in Confession to look good on the inside as well. Having a good appearance to Me in your soul's purity is much more pleasing to Me than the physical things that pass away tomorrow. See that your spiritual life needs more care than your earthly life."

Jesus said: "My people, when you climb steps, there is usually a goal at the top, even if only to see a scenic view. When you think of climbing in your spiritual perfection, you see that it is necessary to focus on gradual improvement in your spiritual life. It is only with My grace and help that you can advance in your perfection. Even though you have weaknesses to sin, you must not give up, but be persistent in striving to improve on your bad habits. By prayer and love of Me, you will be successful. Follow My plan for your life and you will have nothing to fear, as I will welcome My saints into heaven at My gates. Work with Me in saving your soul and the souls of as many as you can bring to Me."

Friday, May 7, 2004:

Jesus said: "My people, many people want to have nice cars and well furnished homes, but these are only desires and earthly possessions. The Gospel speaks of not being troubled, but too

often you worry and are anxious over things that you cannot control. You are called to serve Me and follow the plan I have for your life. I give you gifts through life and I know your needs, so do not be trying to over achieve things beyond your income or new things that are not necessary. Be willing to share your time with others as well as your donations and you will have much joy in your heart. Life has enough troubles each day without worrying about things in the past or the future. Focus on asking My help for today's events only, and you will have a lot less stress from worrying about tomorrow. It is proper to plan ahead, but not to the exclusion of dealing with the present moment. Your body and your possessions will be gone tomorrow, so remember to work with My help on saving your soul which lives beyond the grave forever. Many times I ask you to spend as much time on your prayer life as you do on your earthly concerns. This is to put your priorities in perspective so that you do not forget the importance of the destination of your soul. When I say I am the Way, the Truth and the Life, it means you can only come to heaven and the Father through Me. Those, who ignore Me in life, will be told that I do not know you at the gates of heaven. Follow Me in My Commandments and you will be protecting your soul on your path to heaven."

Saturday, May 8, 2004:

Jesus said: "My people, no matter how difficult life may be, always trust in My help and My protection. My love surrounds you at all times, so you always know that I am at your side. If life did not have ups and downs, your faith would never be tested. It is in difficult times that you show Me truly how much you depend on Me in faith. Whether it be from a loss of a job, or a sickness or death in the family, I am there to lead you. If you truly believe in Me, you know that I love you every second of every day. During your life, you can love Me every second as well. You can give Me praise and thanks in good times for all that I have given you. During bad times, you can call on My help to get you through. So have no fear or anxieties in life because I am always behind you and backing you up. If I am with you, who could stand against you? Give praise, thanks, and love to your Lord for your life and your faith in Me."

Sunday, May 9, 2004: (Mother's Day)

Mary said: "My dear children, I love you all so much and I share in your celebration of honoring me, all the mothers, and your precious First Holy Communicants. The innocence of the brides and these First Communicants are a picture worth remembering. As you pray through me as intercessor in your

rosaries, remember to tell me how much you love your Blessed Mother. All, who pray the rosary, I will bring your intentions to My Son, Jesus. When you give honor to your mothers this day, remember to honor me as well. My Son, Jesus, is the most precious Child of all humanity for He is your Lord and Master. As you pray, you are praying to my Son through me as the Mediatrix of graces. May is the month that you honor me and a time when you should pray your rosary even more for my intentions. The world needs prayer for peace, for sinners, those in purgatory, and those contemplating an abortion. See that a good prayer life needs nourishment every day to show your love for me and your love for Jesus. All, who pray my rosary, are special souls to me and my Son. Help the children in their spiritual lives, for you parents have that responsibility. If you truly love your children and want their souls saved, then you will give them good example to help them on their path to heaven."

Monday, May 10, 2004:

Jesus said: "My people, you are seeing in the reading how some respond to healing powers from the apostles. The apostles did not want to be treated as gods, but as evangelists of My Word. Even today, people want to glorify those who have healing gifts, but the glory should only go to Me because it is by My grace that you see healings. Healings are a gift of My power that I bestow upon My messengers and visionaries. This is a powerful confirmation of My witness through the hands of those that I send to spread My Word. A true prophet will give all the glory to Me and not take any personal credit for healings. The readings are now preparing you for receiving the Holy Spirit at Pentecost. I told My apostles to wait to receive the Paraclete in the upper room. It was by the power of the Holy Spirit that My apostles were strengthened to speak out in My Name. All those, who speak out for Me, should invoke the Holy Spirit to inspire the words of evangelization to the people. When I left My disciples, I asked them to go out and preach to all nations. Now, I am asking My disciples of today to evangelize souls, and do not be fearful of the criticism and persecution that you will receive because you are speaking the truth of My Gospel. Sinners do not want to admit their sins and even try to hide them, but in the end they will agree with the truth of My words of My prophets. Your responsibility is to save souls and you will be held accountable for passed up opportunities."

Jesus said: "My people, at times you may see someone of your family requiring a wheelchair to get moved around. You may think nothing of this other than they are needed for others than yourself. When you are healthy and able to walk, you take your

health for granted. But if you have an accident or old age brings on problems with walking, then your own mobility is threatened. It is hard to understand the handicaps of others unless you were forced to accept them as your own. You can still empathize with others in their difficult health trials by reaching out to help your family or friends. It may mean that it will inconvenience you to help someone, but the treasure, that you will gain in heaven, will be well worth what you may suffer. The smiling face of the one you helped and their thank you to you will be very rewarding. But you should always look to help someone in their need, even without such a reward. All that you do to help one of My little ones is seen by My Father and your reward in heaven will be greater than any earthly reward."

Tuesday, May 11, 2004:

Jesus said: "My people, I want you to pray every day for your bishops and priests who are holding the responsibility of leading the faithful of My Church. The leaders of My hierarchy, including My Pope Son and the Cardinals, are instructing you with their writings how to deal with the faith issues of today. Those, who provide you My sacraments, need your help and support both physically and spiritually in your prayers. On Sundays My churches need your donations to be viable and not just a token few dollars. All of My clergy need your encouragement and prayers to protect them from the devil's attacks because they are only human like you. As you are appreciative for people praying for you, so your priests and hierarchy will appreciate your prayers as well."

Jesus said: "My people, your wars and terrorism are instilling more hatred from Arab countries for America. Your current occupation and this latest uncovering of abuse of captives are only digging deeper wounds in those who would cause terrorist acts against America. If you press on with this occupation with more troops and more casualties, then your own people will grow sick of this conflict. There is no reason to force democracy on Arab countries and your occupation past June will cause more problems than it will solve. I have told you that more killing begets further killing and a spread of hate and anger between Western countries and Arab countries. Your oil supplies could be more in danger from further acts of terrorism. If America does not leave shortly, then the resulting chaos may cause another war with no end. You cannot have an endless battle against terrorism without upsetting trade between countries. What you are witnessing will soon be an alignment of nations against Israel which is focused on the Battle of Armageddon. This is why peaceful co-existence is a

better solution than constant fighting with no purpose. Pray for peace, My children, or you will be consumed by your own conflicts."

Wednesday, May 12, 2004:

Jesus said: "My people, this picture of a person's workshop flooded with water is an example of how I will test you in America with natural disasters, wars and terrorism that could affect your jobs. As long as disasters fall on other people, many think that these problems are only news events. When more people become involved and their lives are changed, then the whole population will take notice as a major sign to them. When I said that I would bring America to its knees, you can be sure that more than just a few will be affected. The Gospel speaks of Me as the vine and you are the branches which emphasizes that without Me, you can do nothing. Once those things that you depended on fail you, then you will be on your knees begging for My mercy. I will provide for My faithful, but you will lose your comforts and possessions to have a lower standard of living. After the coming events, you will be thankful for a bare existence on a lot less money than you have now."

Jesus said: "My people, this vehicle being buried in dirt represents America's quagmire in Iraq. There are several issues around why you even removed Hussein without a backup plan. It has become a problem to leave and more of a problem to stay in Iraq. More troops are not the answer because the Iraqi people want American troops to leave. Being present in Iraq has not been related to the war on terrorism. Your troops will continue to have losses the longer America stays there. Every attempt to set up a government has been attacked by terrorists from one side or the other of the factions in Iraq. In order to achieve peace in this area, it may be better to leave without further financial and personnel losses. Trying to force your will on these people will only stir up more hatred against you. Do not listen to the one world people who want constant war, but listen to My Word to seek a peaceful settlement. America's army is spread too thin to keep fighting in the Middle East. More fighting will not achieve any American interest or make you safer from terrorists."

Thursday, May 13, 2004: (Fatima memorial)

Jesus said: "My people, in the days of tribulation I will perform miracles of My protection for My faithful. In the early years of Christianity many of My followers hid in the catacombs for protection from those wanting to kill them. My faithful of today will be drawn to refuges of My Blessed Mother's apparition sites and places of holy ground. Even your guardian angels will lead you to caves in the hills that are hidden with miraculous

light, healing springs of water, and enough air to breathe. This vision of flowers all over the caves is another sign of My miracles as you read of My miracle at Cana converting the water into wine in today's Gospel. There will be martyrs for My Name's sake, but those, that are not killed, will find means of protection wherever I will lead them. These end times will be a severe test of your faith, but your glorious reward on earth and in heaven will be well worth the struggle. As you see the Antichrist declare himself, know that his time is short before I will come and vanquish him and then I will make everything new with My Era of Peace. Rejoice, My people, for all evil will come to an end and you will see My miraculous power demonstrated for all to see."

Thursday, May 13, 2004:

Prayer Group:

Jesus said: "My people, when you take time to view all of the beauty of creation in the colorful flowers and trees, it is wonderful to behold. I paint the sky with beautiful sunrises and sunsets and the stars and planets at night. Viewing the stars gives you another small view of the great expanse of the universe. I created the beauty of man and woman in all of your array of talents and tongues of various languages. Give praise and glory to your God for all that you have in My creation."

Jesus said: "My people, there are some who live in cities or suburbs, and those who live in the country in a rural setting. Those, who live in the cities, have many activities going on around them all at once. Those, who live in the country, live a slower paced living and are closer to nature. It is this simple life of faith that I call you to experience, and not the complexities of your fast paced living. When you live a simpler life, it is easier to make time for Me in your lives. When you have many distractions, it is harder to keep your focus on Me and make time for Me. Put love in your life of Me and your neighbor and avoid the idols and distractions of the world."

Jesus said: "My people, stairs are important in climbing to different floors of your house or in a building. It is necessary to keep your stairs maintained so you can ascend and descend without falling. I show you many times about how you can climb to heaven with My help. Going to heaven is not automatic when you die. It requires suffering and struggling in faith to follow My Will in complete surrender of your own will to Me. You must struggle each day toward improving your spiritual life. This comes with prayer and perseverance. When you have completed your life as My follower, then I can welcome you to My banquet table."

Jesus said: "My people, your technology has enabled you to see distant galaxies and also comets and sometimes asteroids as they are tracked against the earth's orbit. You have seen some near misses with asteroids coming close to your planet. You are constantly looking to the skies for anything that could damage the earth. I have told you also that when comets and space events occur in the sky as eclipses, you are witnessing signs of the coming last days. Pray and have your souls cleansed in Confession so you are always ready for Me at your judgment with a pure soul."

Jesus said: "My people, these various colors of money are some ways in which your government wants to call in all the old money to make room for colored money. Some are storing cash in their homes and some drug money deals in cash are without traces. There are new chips about to be put in your money so it can be tracked where it is spent. This is more of an attempt by the one world people to control your buying and selling."

Jesus said: "My people, there are two doors that are more important to you than the physical doors of your buildings. The first door is that which covers your soul. How many times do I knock on the door of your soul so you can empty your soul of selfish things in order to make room for Me to enter? By Confession of your sins, you can rid the sins and distractions that can fill your soul leaving Me no room. The second important door is the gates of heaven. I have told you many times how difficult it is to be a saint in order to enter heaven. You must come in through Me because it is by My death that you have been ransomed. Keep close to Me so I will recognize you as My friend to enter."

Jesus said: "My people, today you are honoring My Blessed Mother's appearances at Fatima to the three young children. Many people have believed in the messages of Fatima for prayer and repentance of sin. These messages have been accepted by My Church and the miracle of the sun was proof to those who doubted their authenticity. Many want to still know the meaning of the Third Secret, but this has been held back by the popes. Know that you will discover what is hidden in time, so do not concern yourself with such curiosity. All that you need for salvation has been revealed to you and this is all that matters for your soul."

Friday, May 14, 2004:

Jesus said: "My people, I am showing you this boxing match to represent how you are in a battle with the devil every day and the prize is your soul. You are the one being antagonized by temptations to sin and distractions of the world. Many souls go through their daily life without realizing what your soul is

facing in this spiritual battle. You are always struggling with the battle of good and evil even in every decision that you make. By being ready to fight the devil's temptations, you are doing some spiritual training. If you are weak in rages of anger or foul language, then do everything to keep your peace without being upset even by little inconveniences. If you lose your patience easily, then work on trying to be more humble and not letting pride dictate your actions. You know the evil one will attack you at your weaknesses, so be prepared by prayer and constant thoughts of love of Me and love of your neighbor. By not letting anything disturb your peace and acting out of love, then you will be better able to defend yourself from the devil's temptations. Even if you should fail, you can always be forgiven in Confession with a fresh start to learn from your mistakes. Take control of your life and do not let sin hold you captive. I have brought you salvation and it is your decision to accept it or not. Do not let down your guard as in a boxing match and you can keep the devil from controlling your soul."

Saturday, May 15, 2004:

Jesus said: "My people, in today's Gospel I told you how the world hated Me and persecuted Me just as the people of the world will hate and persecute you as well. I call all of My faithful to love and be obedient to My laws. The worldly strive to have possessions, wealth, fame, and comforts. Money and status are driving your society, but I call My faithful to focus on heavenly treasures that will last. Fame and wealth of the world are fleeting and are gone tomorrow. The worldly are drawn to pride, but I call My followers to be humble and not seek fame for yourselves. You need some things to provide a living to survive, but the desire for things should not become idols in place of Me. One of the most dangerous of sins is related to violations of the Sixth Commandment in abuse of the marriage act and the worst of sins are against the Fifth Commandment in killing of infants in abortion, euthanasia, homicides, suicides, and advocating killing in wars. The worldly like to have no restrictions of their sexual pleasures and desire to live together in fornication, adultery and masturbation. Even some desire homosexual acts and other perversions with young children. Even birth control and contraception are violating the intention of the marriage act for children. But if you speak out, as you should, against abortion or homosexual or wrongful heterosexual acts, you will find strong persecution for following My laws. So do not fear to follow My ways because I will protect you. Know that it is the devil who is tempting everyone with these desires for wealth and lust and everyone is responsible for their own actions before Me. You are all

sinner, but you can have your sins forgiven in Confession. Follow My ways of love to heaven because those, who follow man's ways of the world, are on the broad road to hell. Follow the narrow road to heaven, but it will not make you popular with the worldly."

Jesus said: "My people, this train switch represents how during life you have many crossroads or opportunities to change the way that you are living. If you are living in sin and you have been detoured from your path to heaven, now is the time to see the error in your ways and change your life back to following Me. It is not easy to put blinders on to the pleasurable distractions of the world. Be obedient to My laws and show your love for Me and others and you will be back on the right path to heaven. Sometimes it may be difficult to turn the other way from your pleasures, but you are looking for a higher goal of saving your soul than indulging your senses for a short time. The devil knows your weaknesses in pride and lust, so be prepared in prayer for his attacks. Love is your answer, so focus on Me and you will have peace and joy on the right track."

Sunday, May 16, 2004:

Jesus said: "My people, I am the vine and you are the branches. Just as the vine provides the branches with water and nutrients, so I provide your soul grace through My sacraments. The turning leaf represents the new leaf that you must turn over to change your life to one without sin and bad habits. You need to walk through life following My Commandments in order to keep straight on your path to heaven. If you should find yourself on a detour by earthly distractions, then change your priorities and direction to put yourself back on the narrow road to heaven. By Confession you can renew your soul by cleansing your sins. Keep an open mind to where you are in life in respect to your Christian responsibilities. You are here to know, love, and serve Me before yourself. Remember that without Me, you can do nothing. So seek My strength in prayer, fasting, and My sacraments and you will be fulfilling My plan for your life on earth."

Kateri said: "My dear little one, prayers for healing can be directed to Jesus through My intercessory prayer, but it must be according to the will of God. More importantly the person who is being prayed for must have faith that Jesus can heal them. Look how so few people were healed in Jesus' home town because they did not have faith in His healing power. Continue to pray to Me for your intentions and be persistent in your prayers so Jesus knows you sincerely believe in physical and spiritual healings."

Jesus said: "My people, this devotion to My Divine Mercy at

the time of My death is very powerful in helping to save souls. It is a struggle to pray this devotion at the exact hour, but you need to try harder and focus on the three o'clock hour as a time to focus on My love for everyone at My death. If you have a love for My crucifix, then you should honor the hour of My death as well. My mercy awaits every soul who calls on Me in My Name for help. If you want to please Me more, then take stock of all the little ways that you offend Me in arguing and verbally putting people down in your speech. You should be working hard on your perfection and always looking for ways to improve your spiritual life with My help. I love all of you and I am always willing to forgive the repentant sinner. Show Me your love every day in your actions."

Monday, May 17, 2004:

Jesus said: "My people, the Holy Spirit is a life force in your body who is always leading you towards heaven, but it is your free will that controls your actions. This vision of an abyss represents the abyss of sin and the hell that threatens every soul. This is a reality of life that you must deal with every day because every soul can be lost to hell if you do not draw yourself from your sins by My mercy and forgiveness in Confession. Once you succumb to mortal sin, your spiritual strength is so weakened that you can become addicted to your sins. You must call on My grace to help you every day to lead a proper life in serving Me and following My Commandments out of love. I call everyone to be saved, but you must admit that you are sinners and make reparation for your sins. I may send you pain and suffering, but it is your opportunity to offer them up for your sins and the sins of others. Even though sin abounds, My grace and mercy abound even more. So do not let your sins pull you down into this endless abyss of sin, but call on Me in prayer, fasting, and Confession to purify your soul and keep it holy. You may be sinners, but with My help you can lead holy lives and avoid hell. As long as you do not let your sins hold you as a prisoner, you can have eternal life with Me. Reach out, My children, so you can pull other sinners out of this abyss where they are drowning in their sins. You can be a life saver in the Spirit by your good example and the grace of your helping hand to bring souls to Me and wake them out of their slumber in sin. You can see souls in a living hell and pull them from the devil's clutches with My grace and help. Invoke My Name to take away Satan's influence so souls can see My Light to their salvation. Bring My saving Word to all souls so they can have the opportunity to renounce their sins and join Me in heaven."

Tuesday, May 18, 2004:

Jesus said: "My people, this vision shows you how the one world people will not be satisfied with stopping wars because you have your troops spread too thin. Their answer to keep the wars going is to draft more young people into the army. Even women may be subjected to this need for more troops. These one world people need constant wars to make their blood money of selling arms to each side, as well as bankrupting America for their takeover. When you understand that the central bankers are behind your death culture, then you will see why many seeming bad choices are made. The masons are worshiping the devil for power and money, and that is why they are manipulating people to their end, even if it means sending more of your young people off to constant wars. Stop the fighting and killing in following My way of love and these evil ones will be frustrated. These evil ones will meet their judgment and without a change of heart, they are headed to the deepest parts of hell."

Wednesday, May 19, 2004:

Jesus said: "My people, you have read of the Greeks who had many gods, but you are not any better, as you have many idols and gods before Me. You have seen various Indian tribes offer their infants up to their gods in sacrifice, but you also offer up your infants in the womb to the gods of convenience and blood money for the doctors. Many do not desire children and are only interested in sensual pleasure, so they are using various means to prevent conception with birth control devices. Such killing and birth control are mortal sins that need to be forgiven in Confession or you risk the fires of hell. Other gods of pleasure are committed in fornication of living together unmarried, adultery with another's wife or husband, or homosexual acts in same sex couples. So many people do not even understand the sins they are committing in these sexual pleasures. Yet the Commandments are obvious to everyone and you all are called to obey them. Everyone is responsible for their actions and they will be held accountable at their first judgment at death and their final judgment when I will separate the good and the bad. Come to your senses spiritually and have your sins forgiven in Confession. Do not be afraid to warn people of their sexual sins and try to stop abortions. You may be the instruments of saving souls in advising couples to lead chaste lives."

Jesus said: "My people, I want you to be alert that the demons and masons in My Church are attacking crucifixes in the church and My Blessed Sacrament in the tabernacle. The crucifix shows My followers how My death on the cross was a ransom for your sins and an example to carry your own cross through life."

As I suffered to spread My Gospel of love, so you shall suffer also for proclaiming My Name. My Blessed Sacrament is My Real Presence and a power that the demons and masons cannot overcome. But they are trying to remove reverence for My Host in how it is received at Holy Communion and attempts are being made to remove My tabernacles from My churches. Many do not even believe in My Real Presence in the consecrated Host and this is rarely taught in the pulpits of My own Church. I am still present whether people believe or not. That is why it is so important for people not to receive Me in mortal sin as a sacrilege. It is also necessary to have your mortal sins forgiven in Confession before you can receive Me worthily in Holy Communion. Give praise and thanks to your Lord for My sacrifice on the cross and My gift of My very presence in My Blessed Sacrament."

Thursday, May 20, 2004: (Ascension Thursday)

Jesus said: "My people, this feast day signified My leaving of the earth in My physical body that people could see and touch, but this was so the Holy Spirit could come down upon My apostles as I had promised. This also signifies the time that the groom had physically left My apostles and now they will fast, pray, and evangelize My Word. There is a short novena time before you celebrate Pentecost and the coming of the Holy Spirit among My disciples. Before I left, I gave My disciples their mission to go and preach My Word of the Gospel to all the nations. It is this proclamation of My bringing salvation to all of mankind that will meet with resistance from the world. Giving up your will to follow Me is why being one of My followers is so difficult. Following My Commandments and My Will is a life of love that is contrary to the ways of the world. My faithful will suffer rejection and persecution as I did because the worldly want to follow their earthly desires instead of My heavenly ways. Even if you may risk physical harm, it is still your calling to bring as many souls to Me as possible. Saving the souls of sinners from their sins should be your own goal as well as saving your own soul. By calling on My help, I will give you each the necessary grace and help of the Holy Spirit to speak out in My Name to preach the Gospel to everyone without restriction."

Thursday, May 20, 2004:

Prayer Group:

Jesus said: "My people, during the different seasons people focus on specific activities to fit them. The warmer weather focuses more on beach activities and various rides for amusement parks. My Church has different feast seasons as the Sundays after Easter. Your feast of Ascension Thursday focuses

your attention on the coming feast of Pentecost with the coming of the Holy Spirit. There is joy in Easter of new life and a new light in the Easter Candle. The Pentecost Sundays make up a majority of the Church year. In essence you are celebrating the gifts of the Holy Spirit the most. Rejoice in the gifts of the Holy Spirit as He helps you to guard your faith."

Jesus said: "My people, when your roads are bumpy and full of potholes, you clamor for them to be repaired. But when the construction starts, these same motorists complain of the inconvenience of fewer lanes for traffic. You see the same irony when people want to lose weight or improve their spiritual lives. It is nice to think of losing weight or having a holier life. But when it comes to bringing about the change, your diet of sweets becomes very difficult. Working toward improving your spiritual life is also difficult because it means surrendering your desires to follow My Will. You will find pain and discomfort appear to be the price for those things that help your body or your soul. I gave you a life of suffering to imitate, so now you understand that this is necessary also to keep on your path to heaven."

Jesus said: "My people, your materials for building things have been cheapened where quality has been traded off for price. Modern things appear to not last as long in order to build in a continuing market for replacing things more frequently. Finding quality work is becoming hard to find because it is too expensive. My people, your spiritual life is all about quality of love in your heart. You should do things out of love for Me and each other than just selfish desires. Build your life around Me and you will have the best plan for your eternal life."

Jesus said: "My people, just as horses go through training for a race, so My followers need to train for your race in life. In the beginning you are given your gift of faith by your parents and your religion teachers. You are presented with My Revelation in Scripture and My sacraments during your early years. At some point in your life, you will have to make a personal commitment to Me. Those, who choose to follow Me and live a Christian life, will be struggling every day to follow My Will and keep My Commandments. When you approach the end of your life, I will test you in how you fought the good fight in life to show Me how much you loved Me and your neighbor."

Jesus said: "My people, when you have storms, you can see tremendous amounts of devastation with almost an impossible financial feat to replace what was destroyed. When neighbors pull together to help each other, it makes stronger bonds of friendship to serve each other's needs. This is why you store more treasure in heaven when you help your neighbor without

expecting to be repaid. Helping each other truly shows your love for each other."

Jesus said: "My people, your spring cleaning inspires you to test what is worthy to be saved and what can be disposed of in gifting to others. Taking time to make a good Confession is an ongoing cleansing of your sins. When you are truly honest with yourself, you can see changes that you could make in your life that remove bad habits or avoid certain occasions of sin. As you make your Confession, think of how to avoid these sins in the future and how you can help others more than you are doing now. By discovering why you do things and how to improve, you will be cleaning out your sins for the future as well as now."

Jesus said: "My people, many are drawn to buy new homes in order to have all of the latest conveniences. Yet when you look at older homes, they are built better, but are not as fancy. You can live on more modest means in an older home instead of struggling for most of your working years to pay off an expensive mortgage. You will see that there is less stress and more time for prayer in a simpler life. I lived a joyful life of meager means and this is My example to not look for many possessions and wealth. Your wealth is in your love for Me and your love for your neighbor."

Friday, May 21, 2004:

Jesus said: "My people, at every Mass you are witness to a miracle of My changing of the bread and wine into My Body and Blood. You are seeing My heavenly Manna multiplied for your spiritual sustenance. Those, who come to daily Mass, have their lives enhanced with My very presence as you receive Me in Holy Communion. You can talk to your Lord as I am present to you and I will share your troubles and requests of the day. This special presence is a gift of Myself to those who treasure My Eucharist. You have a treasure of grace and a joy in your hearts and souls every time that you receive Me. This is a joy and grace that no one can take away from you. My love is poured out over you at every Mass as this is a spiritual highlight to your day. Those, who come more than just on Sunday, are coming to Me out of love also and you are special to Me in the depth of your love. I told My apostles that you cannot have eternal life unless you eat My Body and drink My Blood. (John 6:52-55) Treasure this gift of My Eucharist because this is how I will be present among you until the end of time."

Jesus said: "My people of America, you have found yourself in an ongoing insurrection in Iraq. You started something with your war that now is difficult to finish. You opened up this door of uncertainty and now you do not know how to leave gracefully. The idea of liberation is gone and now the people of Iraq want you out of their country. It will be very

difficult to force a government on Iraq to your liking. You are finding out that it will be impossible to keep all countries free of terrorists. Forging a peaceful compromise without force will have better results than trying to kill all of the insurgents. Your war and fighting need to come to an end or you will incite many Arab countries against you. With your oil supplies in jeopardy, it may be the proper time to use an alternate fuel. Work to be loving peace makers and do not let the one world people draw you into continuous wars."

Saturday, May 22, 2004: (St. Rita of Cascia)

Jesus said: "My people, the incorrupt body of St. Rita of Cascia is a testimony of her suffering and her sainthood. In the bottom of the church there is also a Host that became a miracle of the Eucharist. A priest placed this Host in his Bible for a sick call and he had little belief in My Real Presence. When the consecrated Host bled, it gave witness to My real Body and Blood in every consecrated Host. There are many more such miracles which all are a witness to everyone of My Real Presence in My Eucharist. This is not just a piece of bread, but the consecrated Host is My real Body and Blood under the appearance of bread. This is what makes My Blessed Sacrament so holy and why everyone should give Me honor and reverence in My Eucharist. I wait for you to receive Me in Holy Communion and to make visits of Adoration to My Blessed Sacrament in the monstrance or My tabernacle. This again is why My tabernacles should be present in the main part of the church because I am the Guest of honor and the One who makes your church holy."

Jesus said: "My people, you need to be working more on sharing your faith with your children. This is the next generation of faithful, but their numbers at Mass on Sunday are declining. If you look at the ages of those at prayer groups or those at Mass, the children and young adults are missing. The children need to see a good example from their parents to see how important their faith is to them. If the parents are lax in their faith, then the children will not be inspired to come to church either. Pray for your children and show them how important a daily prayer life is for them. If you cannot call on Me in your trials, life will be that much more difficult for you. Each parent is responsible for directing the spiritual life of their children. Teach your children how to pray the rosary and read Scripture. Without someone guiding the children, they will not think that it is important to come to Mass. Later in life each person has to make a personal commitment with Me in love, but there needs to be fertile ground for their faith to grow. If the young people are not coming to

Mass or prayer groups, it is because they are not being encouraged to do so by their parents and friends."

Sunday, May 23, 2004:

Jesus said: "My people, the Gospel readings of St. John speak of My love for man and My love for God the Father. I have told you many times how the Father and I are One and this was to stress My very Divinity to those who did not believe that I was God the Son. When you receive Me in Holy Communion, you are one with Me in spirit also. The vision of the bride is how I love My Church as a bride and I am the Groom. My great love for man is expressed most vividly in My dying for all of you on the cross. The pearl is the symbol I used to describe the kingdom of heaven. (Matt. 13:45,46) 'Again, the kingdom of heaven is like a merchant in search of fine pearls. When he finds a single pearl of great price, he goes and sells all that he has and buys it.' As I love you, so your soul desires to be with its Creator, since I am the only One to give your soul true peace. When you love Me, you want to be with Me in heaven. Everlasting life with Me in heaven truly is the prize and ultimate yearning for your soul. That is why it is important to follow the narrow road to heaven by giving your will to Me and obeying My Commandments. Loving Me and your neighbor is what My laws are based on because I am pure love. I always will love you, even when you offend Me in your sins. Keep coming to Me in Confession so I can forgive your sins and keep your soul pure and pleasing in My sight. Show Me, how much you love Me in your prayers and your good actions."

Monday, May 24, 2004:

Jesus said: "My people, this quiet, serene scene of flowers on some water represents the peace that I bring to the world. This is in stark contrast to the tornadoes and thunder and lightning going on recently. The disturbances in nature sometimes reflect the chaos going on among mankind in your wars and fighting. My love has a calming effect upon My believers and you should focus on Me without letting things disturb your peace. Spiritual peace is more meaningful than physical peace from war. My love and tenderness touches hearts and souls in a way that fulfills your soul's yearning for true peace. That is why your soul can only have rest in My presence. When you receive Me in Holy Communion or visit My Blessed Sacrament in silence, your soul is united with its Creator and the One you love. Those, who take time to let Me come into their souls, are rewarded with My grace and mercy. It is the evil one who stirs up war and controversy, but I pour out My love and peace upon you. You would much rather live in peace and love, than war and

hatred."

Jesus said: "My people, many of the things that you take for granted are changing in your everyday life. For a while Americans have been financially secure, but the days of expected good salaries and benefits are giving way to a reduced standard of living. Some around you are losing their jobs and others are having difficulty in maintaining health care. Even security and terrorism has added to your stress in life. Many are working harder and longer hours for the same wages. Taxes and the cost of fuels are restricting many budgets. Taking a summer vacation is becoming more of a luxury for some and driving shorter distances may be all that some can afford. When hard times are about you, it is more important to think about how you can help others instead of just looking out for your own affairs. You will find it is easier to help one another than being prideful of trying to do everything on your own. Parents may have to help their children and grandchildren when money is tight. Be willing to share what little you have with those in need, and you will have joy in your heart. Your country is being chastised for your sinful lifestyles, so pray for sinners and those in need of spiritual treasures that are poor in spirit. Trust in Me to help you through all of life's trials, no matter how difficult they may be. I will always give you enough grace to endure your troubles, so do not despair."

Tuesday, May 25, 2004:

Jesus said: "My people, spring usually brings tornadoes and violent thunderstorms as you are witnessing in the Middle and Northern parts of your country. The jet streams also affect where these storms will be directed. Many floods are resulting from violent storms passing over the same area. This picture of a console following the weather storms is not just a device to view them, but it represents those using HAARP machines that are directing the jet streams with a purposeful intent to cause flooding and severe weather in some parts of your country, and droughts in other Western states. The one world people have an intent for takeover which requires upsetting your infrastructure. Creating weather chaos is just another of their tactics along with wars and deficits to destroy America and allow their takeover. Many of these things may not make sense to why they would cause damage, but in the larger picture it makes perfect sense for takeover. Many of these events are beyond your comprehension and there is little that someone can do to stop them. Better to put your trust in My protection of you, no matter how these evil ones will attempt to harm you. Endure these trials in faith for a while and soon I will take you to your eternal home with Me."

Jesus said: "My people, when you are a young child, you are occupied by your simple desires that are not properly formed. As you grow older, you could be attracted to other toys or things of the world. I have given you messages before to not let the things of this world so control you that you make them idols before Me. Many times people put their own agendas and desires ahead of Me. When I ask you to consecrate everything over to Me, it means you are to follow My plan for your life and not what you desire. It is difficult to give up your own will to follow My Will, but unless you present your soul open to Me, you cannot be molded to what I want you to do. That is why many souls are distracted by the cares and comforts of this life when they should place their focus only on Me. The things and comforts of this world are temporary and are passing away. Better to seek Me and heavenly treasures that will last forever. You are being directed to heaven by seeking the soul's perfection by following only My Will in your life. By performing every action for My greater glory, you are giving up the world's desire of pride and fame. By doing everything out of love for Me and your neighbor, you will be on the right path to heaven. With My help you can accomplish the impossible in your eyes of becoming a saint."

Wednesday, May 26, 2004:

Jesus said: "My people, this image of fire all around My crucifix represents how the gates of hell will not prevail against My Church. No matter how many priest shortages or trial settlements that come against My Church, I will always protect My Church. My faithful remnant will survive all that Satan will bring against you. You will have sufferings to bear as I had to suffer for you on the cross, but in the end your faith will keep you strong. It is by My grace and power that I will defend you from the devil's temptations. So do not worry or be anxious over those things that you cannot change. Only work to improve your spiritual life by love of Me and love of your neighbor. Trust that I will protect you and give you the grace necessary to endure this life's trials. There will be many events and disasters to test your faith, but by your perseverance and trust in My Name, you will be saved. Some may be fearful when the fire of evil comes close, but as in this vision, the fire never even touched My crucifix. Have confidence in My power and My miracles and you will have no fear."

Jesus said: "My people, I am a God of love and I want all of mankind to live in love and harmony with My Will. The evil one is stirring up the people with hate, jealousy, pride, and fighting in constant wars. Many evil dictators are being raised

up and some are even used by the one world people to foment wars and much killing. Money, drugs, and oil are at the bottom of much fighting and killing. These things relate to wealth and power that many centers of control in the world focus on. Oil and gasoline are strong in the news because of the artificially high prices. Many industrialized countries are in love with their large expensive vehicles that use more fuel. War in Iraq with the second largest oil reserves, and recent terrorist attacks in Saudi Arabia with the largest of reserves are at the center of speculation on oil prices. The demand and threats against oil supplies are what have raised prices so much. Artificial shortages of gasoline refineries are restraining supplies to the consumer and raising prices to record levels. This is a part of the overall plan to control people's fuels and all the commodities. These are the inner workings of controlling people that is going on all over the world. Seeing the terrorists funded by oil revenues is a major concern in the world, but endless wars to kill terrorists are not the answer for peace. Your goal should be to live in love and harmony and not just to fight for land and oil. Live in peace and you will see less desire for wars and you will have a light down the path toward heaven."

Thursday, May 27, 2004:

Jesus said: "My people, the evil ones behind the scenes, who are planning the declaration of the Antichrist, are spying with cameras and listening devices so they can go after all of those people who are speaking out in My Name. I have told you many times that you are dealing with a constant battle of good and evil. Your moral decay and lack of prayer is enabling the evil ones to gain in power all over the world. You will see religious persecution become more open as the days of tribulation grow closer to the time of declaration of the Antichrist. Just as St. Paul was persecuted in Jerusalem and Rome, My faithful should expect to receive the same treatment. Though you may suffer at the hands of the evil ones, I will protect your souls from harm. Even if you suffer martyrdom for your faith, you will enter heaven directly as a saint for witnessing to My Name. So keep close to Me in your prayer life and My sacraments to have a strong spiritual backing for what you will endure."

Thursday, May 27, 2004:

Prayer Group:

Jesus said: "My people, your people suffered a tremendous blow in lives and money when the trade towers were destroyed by terrorists. This vision of the rebuilding going on is part of

America's spirit to try and restore the buildings, but not the lives lost. Even now there are threats being stated that a severe attack could happen again. Terrorism has reached a new level of destruction with no seeming care as to how many lives could be taken. America's incursion in Iraq and Afghanistan have not reduced terrorism, but has only increased the hate towards America. You will see further destruction upset your lives from natural and man-made disasters. Your morals are corrupt and these events are a consequence of your sins."

Jesus said: "My people, the high prices of crude oil have given many an added incentive to find more supplies of oil. America's efforts to find more oil has been restricted by your environmental regulations. Even your refineries have not been upgraded for the same reason. Many things could be done to improve long term supplies, but the short term problems could cause a shortage of gasoline supplies. Fuel availability and high prices could restrain your emerging from recession. I told you that you would see a brief surge in your economy, but that it will fall back again because of your deficits, wars, and disasters. Call on My help to get you through your financial and war trials because you can do nothing without Me."

Jesus said: "My people, you are witnessing deaths and destruction from many tornadoes, floods, and fires. These trials will continue to take their toll in lives and value to your economy. Your abortions, homosexual marriages, and sinful lifestyles are calling on My justice for your sins. That is why you see more problems in areas with the worst sin. Rather than trusting in your own wealth and accomplishments, it is time to ask My help and depend on Me to provide for what you need in life. I offer you spiritual life and peace forever over the world's temporary comforts and pleasures."

Jesus said: "My people, many flock to amusement parks for summer vacations, but there are dangers in these roller coaster rides. You are searching for rest and relaxation from the stresses of life, but know that the evil one will not rest in tempting you to sin. Be always ready with My help to struggle against the world's distractions and cares."

Jesus said: "My people, you have been having fires every year out West because of the droughts which continue to worsen every year. These early fires are just a sign of what lies ahead as already certain areas are rationing water for lawns and other limited uses. If these water crises continue, there may be a cry to distill ocean water. It is becoming too difficult financially and water supplies are limiting any reclamation of desert land. Man desires warm areas to live, but there are more trials to make the West more habitable. I have told you that fresh water will become even harder to find than your gasoline."

Jesus said: "My people, the coming tribulation will cause much chaos and killing in your cities. I have told you how you would be safer in rural refuges to protect yourselves from the evil ones who will want to kill you because of your faith in Me. There will come a time when evil will be so rampant that your souls will be in danger if you do not seek My refuges where My angels will lead you. This will be like a modern Exodus where you will be totally dependent on My miracles to provide everything to live on."

Jesus said: "My people, you are about to celebrate the feast of Pentecost when the Holy Spirit descended upon My disciples. You are temples of the Holy Spirit and it is by His power that you are given what to speak when you are called to defend your faith. Call on the Holy Spirit to bestow His gifts on you to carry out the mission that I have given each one of you. This indwelling of the Holy Spirit should be your source of spiritual power to battle the demons and their temptations as well as help in evangelizing souls."

Friday, May 28, 2004:

Jesus said: "My people, in today's Gospel I asked St. Peter if he loved Me three times to parallel the three times that he denied Me. I was not asking for just filial love, but agape love or a sincere spiritual love from the heart and soul. Just as when you get married, it is not just a marriage of convenience, but it is a life long commitment to love the other person in good times and bad times. Each person has to answer the same question if you love Me in spiritual love forever. Your love commitment with Me is not just fifty or sixty years, but for all eternity. So when I ask you to follow Me and love Me, I am asking you for a permanent commitment as you make in marriage. This means that you will love Me so much that you would be willing to do anything for Me, even if it means you have to come out of your comfort zone to accomplish it. Love this deep is not just a temporary fancy, but a total commitment. Many of My apostles were martyred for their faith in My Name, so you may have to suffer on this earth to defend My Name also."

Jesus said: "My people, this scene of a large bank vault represents the power of the central bankers. These are the one world people who create money out of thin air and print Federal Reserve notes which are only a promise to pay with no backing. The central bankers of the world control the values of currencies by controlling interest rates and how much credit and cash that goes into circulation. These are the people that finance the debts and deficits of all governments. By collecting interest on your National Debt, they profit from the unsuspecting taxpayer. That is why the higher the deficits go,

the more money they make. This is why they encourage governments to get into costly wars and spend more money than is collected from taxes. If you know the inner workings of these banking schemes, you can see their plan for complete control of all of your buying and selling. Electronic transfers and smart cards or chips in the body will leave much power in the hands of a few. Eventually, their plan is to try and force everyone to have chips in the body or they will bankrupt that person by zeroing all of that person's accounts. These evil ones have made money and power their gods and they do not realize their dependence on Me. Because they do not believe in Me, they are headed to the fires of hell. That is why I am telling all peoples not to put money or any other idol before Me. I am the only One worthy of your praise and worship. Put your full trust in Me that I will provide for what you need in this life. As these central bankers come to power, you will have to flee to My refuges where they cannot control you and My miracles will protect you and feed you with My heavenly Manna. After this tribulation in the rise to power of the Antichrist, I will conquer all the evil ones and I will establish My Era of Peace on earth. Stay close to Me and you will be saved to see this new heavens and new earth."

Saturday, May 29, 2004:

Jesus said: "My people, this graphic view of a sewer system represents the stench and filth of your sins and how morally corrupt your society has become. On the outside everyone puts on a good appearance, but in private you have affairs, prostitution, and many perversions going on. All you have to do is see the evidence in the popular 'R' rated movies to see how people have lost their sense of sin. As long as parts of your society accept such sinful behavior, some think it is not even a sin. It is the acceptance of so many immoral acts that has caused your morals to be corrupted. By movies and indecent scenes on TV, your society's sense of sin has been warped. Because some have not accepted many sexual sins as sin, it does not make them right. Fornication, adultery and homosexual acts are still mortal sins and need Confession before you can receive Holy Communion. These sins are being compounded in many sins of sacrilege against My Eucharist. My Commandments have not changed and you are still responsible for your sins no matter what your society may think. This treatment plant that cleanses the water is similar to how your sins, that offend Me, are cleansed from your souls in the forgiveness of Confession. You are to continue to follow My laws, no matter what your immoral man's law dictates. If you are harassed to protest abortions, living together, or homosexual couples, then this is your

suffering to try and save souls. Give good example so your society can learn from your behavior that witnesses to My love and harmony."

Jesus said: "My people, some are attracted to watching police stories or contests over prizes or dating. These are the TV programs that are gaining an interest from viewers. There are reality shows going on in each soul. The difficulty is that some sinners do not want to accept the reality of their sins because they do not believe that their actions are sinful. Just as in an earthly crime, ignorance of the law does not prevent someone from being convicted of that crime. Someone, who sins against My Commandments, knows deep in their heart that they did something wrong, but they are not willing to admit it because of their pride. You are responsible for all of your actions, whether you believe they are sinful or not. Many times sinners rationalize away their guilt by denial and lies. If you have committed a sin, especially of a serious nature, you need to confess it in Confession to have Me forgive you. You may still need to do a penance or good deed to atone for reparation due for your sin. I accept every repentant sinner who asks for mercy and My forgiveness, and I expect you to forgive others in the same manner."

Sunday, May 30, 2004: (Pentecost Sunday)

Jesus said: "My people, there are many who make time for exercising programs to keep fit in their bodies. If you do not use your muscles sufficiently, then they can become weak and useless. The same can be said about your faith and spiritual life. By prayer and fasting, you can keep your spiritual body fit as well. It was courage and the gifts of the Holy Spirit that inspired the apostles to shake off their fears and go forward to spread My Gospel message of love to all the nations. It is the same Holy Spirit that you received in Confirmation that will give you what to say in evangelizing souls and speaking out to defend your faith. Faith and healing are gifts that need to be used often or they could waste away just as your unused muscles can lose their use. You all have been given the same message to go forth and spread My Gospel message so everyone will have been given the opportunity to know and love Me. Do not pass up any opportunity to save souls."

Monday, May 31, 2004: (The Visitation)

Jesus said: "My people, these cell towers are not just for carrying phone calls, but they can also transmit data from smart cards and chips in the body. This is the means of linking all of the power of the new world order through chips and microwaves. Those, who do not go along with this new world

order, will lose all of their money and possessions. My faithful will become outlaws to these evil authorities, and you will need to seek My refuges to keep your earthly lives. Some will go along with this way of the Antichrist to keep their money and comforts, but they will sell their souls to eternity in hell for a short time of comfort and pleasure. Your faith will be truly tested and you will have to make some difficult choices. In the end you will choose to be either with Me in a hard life, or with Satan and a temporary comfortable life. Giving up your life for your faith may be a choice of martyrdom over an eternity in hell. Look to save your soul in My love no matter what the cost. Being with Me is the goal of your soul, and anything less will never be worth giving your soul to the evil one."
