

Sunday, May 1, 2005:

Jesus said: "My people, you are preparing for receiving the Holy Spirit at Pentecost and He gives you courage to speak out the truth about My Word of Scripture. You have seen a great witness to My truth in today's homily from this priest. I have come to teach My people how to love Me and your neighbor as yourself. I have come to fulfill the law and enhance it with love. When I teach about the truth, I have a deep love for mankind and My desire is to save every soul. If you follow My Commandments of love, the truth will set you free from your sins. You must look to Me as your Savior and seek Me in Confession for the forgiveness of your sins. The Holy Spirit has been poured out on you in Confirmation and He gives you courage and spiritual strength to speak of My Word of conversion to all the nations. In every sacrament that you receive, you have grace from all the Persons of the Blessed Trinity. Even in receiving Me in Holy Communion, you receive grace from God the Father and God the Holy Spirit. I have sent many saints and prophets to defend the truth of faith that I gave in My words of the Gospel. When you are called to defend My Word against abortions, sexual sins, birth control, and homosexual acts, do not remain silent, but with courage speak out as a witness against the evil of today's society. The morals of your country are so low that I have sent many chastisements for your sins. Unless America repents, you could lose your souls. So call on My grace in constant prayer to help you battle the evil ones that are influencing your people to sin."

Monday, May 2, 2005:

Jesus said: "My people, in the early Church as seen in the Acts of the Apostles, St. Paul and his disciples had their Masses and meetings in the homes before they had built churches. After the persecutions were over, Christians built many beautiful churches so that Masses could now be said in them until today. I have given you many messages of how there will be a coming division in My Church. The schismatic church will control the churches for a while as the faithful remnant will have to move to the homes again for a proper Mass. As the Antichrist declares himself, a new persecution will occur where evil people will take over or destroy the churches. My faithful remnant will then have to seek out My refuges for protection. Once this evil reaches control over the earth, then I will come and vanquish all the evil ones and chain them in hell. You will not have proper Masses much longer in your present churches, so appreciate your daily Masses while you still have them."

Jesus said: "My people, this vision of a cross on the water represents the struggle that you have every day to keep your

head above the water as in your finances. Jobs are being transferred out of your country, or to places of cheaper labor making it harder for someone to hold down a good paying job for a number of years. With all the evil movies and evil behavior all around you, it is also harder to keep your soul above water from falling into mortal sin. You cannot fight these battles and carry your cross all alone. Only with My grace and My help will you have enough spiritual stamina to survive your trials. Once you can admit that you need My help and you are willing to give up your earthly desires to follow My mission, then I can use you to accomplish a lot of beautiful things that you could not do alone. If you truly want to see My glory in what you can accomplish, then give your will over to following My Divine Will. Many souls can be saved when you follow My ways to give a witness of faith. Others can see the effect in your life of My love and grace and they will desire the same joy of My peace in their lives. Give Me praise and glory every minute in your actions, and you will have My peace and rest that cannot be found in the world."

Tuesday, May 3, 2005:

Jesus said: "My people, your children are all gifts from Me, but the parents have a deep responsibility for their physical and spiritual well-being. No matter how many problems are going on with the parents' finances, jobs, or places to live, it is important not to take it out on your children in either physical or verbal abuse. Such situations have even caused social services to take the children out of harm's way for the safety of the children. Such abuse can scar a child for life in causing many personality problems in later life. As you bring children up in the faith, it must be your good example in prayer that can help your children truly desire to know and love Me. As children grow older, there are many distractions and time constraints with work and school that could lead them away from going to church. Every child has free will to choose their religion and at a certain point in their lives, they need to make a personal choice that I am important in their lives. Once someone has fallen away from their faith, it will require much prayer and fasting to put My love back into their hearts. That is why it is also important for a child to witness true love from the parents so they do not lose heart and cannot even love themselves. Many problem children in crime and killings result from not enough love. So hug and love your children and it will give them a feeling of worth and security both in this life and the spiritual life."

Jesus said: "My people, this serpent represents Satan and his attack on mankind to steal souls away from Me. The forked

tongue represents the lies and deceptions that will even be spread by religious people. My people must be discerning at all times what is being preached by religious and today's messengers. Some could be corrupted in their speech and could mislead even some of My elect. By testing the Spirit in everything that comes forward against My Commandments and My Gospel, you can judge the truth of what is being said or close your ears to falsehoods. If you are told to change My laws in any way, refuse to believe or follow that calling, no matter what the source. I have given you everything in Scripture that you need to be saved. Now it is up to you to be true to My Gospel and follow My Will on your path to heaven."

Wednesday, May 4, 2005:

Jesus said: "My people, you can recognize the evil of Satan in blatant sins of abortion and wars. It is the more deceptive and subtle temptations of Satan that are even more dangerous because some people may not always think of these actions as sinful. Living together outside of marriage, masturbation, artificial insemination, vasectomies, tying of tubes, and birth control devices are all serious mortal sins that need to be confessed. Satan is always testing you in temptations. Rationalizations and denying known sinful actions as sins are not excuses that will be accepted by My justice. Deep down in your conscience, you know that these things are sinful and need to be forgiven in Confession. Stop denying My laws just to make your pleasures seemingly acceptable. I have given you the sacrament of Matrimony for procreation, but the abuse of this right in artificial means denies the openness to life that was originally intended. Only Natural Family Planning methods that do not block life are acceptable ways of controlling the number of births. All artificial methods of procreation and manipulation of DNA are unacceptable in My eyes because they are not in harmony with My creation and the balance of nature."

Jesus said: "My people, I have given you many messages about hiding in caves and this cave in the vision is under attack with fire and darkness. This means that the evil ones will be trying to find you, but you will be hidden from their sight and will be undetected. Once you go through the opening, there will be a miraculous light and water that will give you rest. At My refuges I will provide for all of your needs and you need not worry about anything. You will be in a battle with the Antichrist and I will give you where and when to go to be safe. Trust in Me and I will bring My faithful remnant home to Me in heaven, despite the attempts by Satan to gain your souls."

Thursday, May 5, 2005: (Ascension Thursday)

Jesus said: "My people, I gave My disciples a direction to go out and teach My Good News to all of the nations. I also told them that in a few days that they would be baptized with the Holy Spirit. My faithful of today are being asked to also preach My Good News to all of the nations. You already have been empowered by the Holy Spirit in the sacraments of Baptism and Confirmation. The apostles were still too frightened to move until they received the Holy Spirit in tongues of fire on Pentecost. Then they received the gifts of the Holy Spirit which gave them courage and the language of the area that they were being sent to preach. It is a great gift to be able to teach the faith to the children, or to travel in teaching adults. The mission of working to save souls is the most rewarding mission that you could have, but like St. Paul it will come with persecution and trials as well. Pray to the Holy Spirit for spiritual strength in every work that you do for Me."

Prayer Group:

Jesus said: "My people, I have given you many signs and warnings to know when to leave for My refuges so you can avoid being captured in a detention center. The plan of the evil ones is to subtly capture those who are outspoken against the new world order before they declare martial law. Those, who refuse to take chips in the body, will be the ones taken to the detention centers where they could be tortured or killed. Those, whom they cannot change, will be killed or martyred as an example to the rest."

Jesus said: "My people, today the police are struggling with thefts, murders, and traffic infractions, along with drug smuggling. In the days to come the Antichrist will control the police authorities and they will be hunting down patriots and religious people. The controls of chips in the body will make your country just like Germany in World War II. Avoid all chips in the body, even if it may threaten your lives. Better to follow My laws than man's laws."

Jesus said: "My people, in some countries where communism is rampant, Christians need to have their prayer groups underground. Gradually, it will again be unsafe to meet in your churches from a coming persecution time. You will have to meet in secret so the authorities do not know that you are practicing Christians. I love you, My people, and I will give you enough warning when to go into hiding for your own safety. Saving souls from the evil ones is why I am preparing you to face the coming tribulation. With trust and hope in Me many can be saved."

Jesus said: "My people, those at the refuges will find it difficult to bath and wash in wooded areas. You will have to keep covered in enclosures to protect yourself from mosquitos and ticks. When you drink the healing water and look on the

luminous crosses, you will be healed from any diseases. Trusting in Me will be all that you can do in the tribulation."

Jesus said: "My people, many of your family meetings are focused around feast days as Christmas and Easter. Not as many gather on Pentecost, but this feast day of the Holy Spirit should also be a good reason to come together. You are now celebrating a novena between Ascension Thursday and Pentecost. All the more reason to celebrate this feast day because it was the indwelling of the Holy Spirit that enabled the disciples to spread the Good News."

Jesus said: "My people, there is a certain beauty and serenity in nature that is undisturbed by man. These scenes are the habitats of many animals, but the animals are slowly being pushed to the few remote areas left. Streams in the cities and suburbs are fortunate not to be polluted and have fish in them. Man needs to be more conscious of sharing nature with the rest of My creatures. This beauty needs to be preserved instead of exploited for financial gain."

Jesus said: "My people, I know that you need shelter and transportation, but dwelling on the desire of such things for their own sake can take away from your love of Me. Created things are not to be treated as gods or idols in themselves, but you should only worship and give glory to Me only. In order to be perfected to enter heaven, you must be able to detach yourselves from any desires of earthly things. Think and focus your lives on Me and heavenly things, and you will find your reward in heaven for being faithful to your Savior."

Friday, May 6, 2005:

Jesus said: "My people, every time that you receive Me worthily in Holy Communion at Mass, you are all joined in My Mystical Body. At that moment you are one piece of My Body in the faithful on earth, the saints and angels in heaven, and even the saved souls suffering in purgatory. Those on earth and in purgatory are suffering with Me on the cross. In every phase of your life on earth and after your death there is a struggle to gain heaven. Keep your focus on Me because you can only enter heaven through Me. This truth is mentioned in the Scriptures very often and it will be revealed again to every one in their Warning review. You are with Me every time that you pray with two or more people. On this First Friday some can come and visit My Blessed Sacrament in Adoration. Rejoice that all of My faithful enjoy this unity in faith as One Body in Me."

Jesus said: "My people, there are times when the instinct to survive in difficult situations is enough to save people. This happened as you saw in the latest earthquakes. You find energy in desperation to find a solution to freeing the people

from the rubble. This instinct to survive in your physical life should be as strong to save your soul in the spiritual life. You are tempted to sin every day and sometimes you may fall into sin in your weakness. Even if your soul is dead in mortal sin, you can still save yourself by struggling to Confession and ask for My forgiveness. I am your Savior and My sacraments are like lifesavers awaiting you to come to Me. Do not remain long away from My confessional, or you may sink too deep in your sins to come back on your own. When you look out and see sinners held down by their sins, you can give them an encouraging hand to bring them to Confession. No matter how many prayers and good deeds are done, each person has to decide for themselves that they want to be saved in My grace. Many sinners are so distracted by their sins that they do not realize that their soul is in a battle between heaven and hell. You should desire to love Me and follow My Commandments if you wish to gain heaven. You are all struggling to save souls from the fires of hell, and you need to wake up and repent before it is too late."

Saturday, May 7, 2005:

Jesus said: "My people, as you await the celebration of Pentecost, you are like the apostles in the upper room waiting to receive the Holy Spirit. It was very difficult leaving My disciples, but I had to leave so they could receive the Holy Spirit. My disciples were so used to following Me that I was concerned about them going their own way. Even after I resurrected, I had to keep My apostles focused on their mission to spread My Gospel. I knew My Church would carry on with My help and that of the Holy Spirit. I encouraged them to ask in My Name in order to have their prayer to help people answered. The disciples did cure the cripple and others when they asked for healing in My Name. My Name is still powerful even in healings of today as people and healers pray in My Name for others. Remember also when healings do come forth that you give Me all the praise and glory and not yourselves. Continue to pray your novenas for this great feast day of Pentecost."

Sunday, May 8, 2005: (Mother's Day)

Jesus said: "My people, the Gospel of John witnesses to the intimacy of Me with My Father and that the Father and I are One. There also is an intimacy that I have with everyone who receives Me in Holy Communion. You have a taste of heaven in My Eucharist and you will be one with Me also in heaven. You are a part of Me, but you are still an individual person with a free will, even as We are Three Persons in one God in the Blessed Trinity. Your priest gave an excellent homily on the Real

Presence of Myself in the consecrated Host of My Blessed Sacrament. No other sacrament contains My Real Presence as My Holy Eucharist. In the vision of My tabernacle in the church it is My very presence that makes your church holy and different from any other church. This power of My love and the gift of Myself to you in My Real Presence also is a redeeming grace because it is My sacrificial Body and Blood that I offered up on the cross for all of mankind. This beautiful sharing of Myself with My people is why the devil and his cohorts are attacking My Eucharist and all means of giving Me reverence for My Real Presence. I have promised My faithful that I would be present to you in My Blessed Sacrament even to the end of this age. Rejoice in My love in Holy Communion and share your life with Me in these precious moments that we are united as one."

Jesus said: "My people, man has been over fishing the oceans and the streams. In addition the pollution in the streams are killing off the fish as well. Some countries are resorting to fish farms, but these fish are not as healthy. Crops and other sources of meat are having similar problems as more countries are finding it difficult to feed all of their people. Signs of the world famine are all around you with increasing populations overtaking the capacity to grow enough food and distribute it to the needy. Add to these problems the control of food sources in the hands of a few, and you can see how the one world people could control people through the food and the electronic money in the microchips. You are seeing many of My messages come true that are about the world famine, the division in My Church, and forced chips in the body. When you see these three things come to fruition, it will be the beginning of the tribulation and a time to let My angels lead you to the nearest refuges. The refuges will be found at My Blessed Mother's apparition sites and places of holy ground. Ask My help to endure this trial for a short time and I will come to renew the earth and defeat the evil ones."

Monday, May 9, 2005:

Jesus said: "My people, I am encouraging My faithful not to lose heart in your troubles and stay strong in your faith by your regular Sunday Mass attendance. Some are having some dislikes of their priests and their homilies, but there are not many priests available. My priest sons are needed for your sacraments and you need to pray for them daily. Some are having struggles with the homosexual priests that have caused scandal in My Church. For many reasons some are falling away from their faith and fewer are attending Sunday Mass. You need to be praying for your own faith and for those who are weak in their faith that are using any excuse not to come to church. Catholic

schools are being closed as well as churches for lack of attendance. This is becoming a real crisis in faith and a challenge for My faithful who are growing smaller in number. Do not get disheartened at your decreasing numbers because the weak and the lukewarm are going to be sifted by the evil ones. Only those strong in their love for Me are going to save their souls with My help. Stay close to Me in your prayer life and keep strong in your faith, or you could be lost as well in this tribulation."

Jesus said: "My people, some are aware of pending legislation in your Congress to try and force a driver's license on everyone containing a smart card with a person's fingerprint or iris scan imbedded in it. This mandatory chip, that is being forced on all nations, will soon be implemented in the name of security. The ironic part is that the computer terrorists can make fake Ids as soon as a system is ready to be used. In essence these schemes will be controlling innocent citizens' lives while the terrorists will continue to use fake cards but real fingerprints. The first stage will use readers of a short distance. The next chips will be read even by satellite. This ID will then be used to control financial transactions. Once Ids are legislated, then for reasons of theft there will be mandatory chips in the body. Some will refuse to use such smart cards which will wipe out any electronic money. My faithful are encouraged not to use these smart cards because they will control your lives. As chips in the body are mandated, you will then need to go to My refuges because they will eventually imprison offenders without chips. I have told you for many years of this time of chips controlling people and now you are seeing this acted out before your very eyes. Continue to refuse chips in the body which could be abused for mind control purposes. Scripture states in Revelation that those who accept this mark of the beast and give allegiance to the Antichrist could be condemned in hell. Ask My help to protect your souls from the evil ones who will persecute you for your belief in My Name. Trust in Me, and My angels will lead you to My refuges where I will provide for your needs. You will not endure this tribulation long before I will come in victory over the evil ones."

Tuesday, May 10, 2005:

Jesus said: "My people, in the final days I will separate the goats from My sheep. The goats are those who worship the world and the Antichrist instead of Me. The lambs are My faithful remnant who hear My Word and keep it, despite the temptations of the world. This is again part of the ongoing battle between good and evil that will worsen in the end times

as the Antichrist declares himself. My faithful will have to call on Me and I will protect you with My angels at My refuges. Some may even die a martyr's death as St. Paul did for proclaiming My Gospel. Even though you may face a strong evil at the end, I will give you the grace to endure this tribulation. Trust and hope in My power which is greater than all of these evil ones. You will need a strong prayer life and My sacraments to keep you close to Me in love. Refuse to take any chips in your body and refuse to worship the Antichrist. Only worship Me, the One true God."

Wednesday, May 11, 2005:

Jesus said: "My people, you have enjoyed your religious freedom of coming to Mass freely with no persecution for many years. It is hard to hear of a message where this will be changing with a time of a new persecution. Already there are fewer people coming to church and the morals of your society are getting worse as people immerse themselves deeper into the distractions of the world. Many Catholics are being harassed in public for their stands on abortion, homosexual acts, and teaching others about My Gospel. The hiding of the priest is a warning of how you will have to be going underground for Mass to avoid persecution. The shadows entering in represent the attacks of the demons on My Church as they try to divide it between valid and invalid teachings. Know that when you see this disruption in My churches, it will be a sign to you of the last days when the Antichrist will be allowed his brief reign. Do not be fearful of these times, but call on My help to save your souls amidst this evil. This trial will be brief before I will soon come and defeat all of the evil ones as I bring about a new heavens and a new earth."

Thursday, May 12, 2005:

Jesus said: "My people, this vision of a church shows you the glory of My kingdom both on earth and as the view extends down the aisle, there is the vision of heaven. You are seeing Me sitting on My throne with all of My saints and angels all about Me. I have brought My apostles through the trials of life while I was on the earth so I did not lose one of them except the one who betrayed Me. The view of this boat with My apostles is symbolic in representing My Church as it travels through the ages of time. Many trials and storms buffet My Church, but I am in this boat as I calmed the storm. I have given you consolation that the gates of hell will not prevail against My Church. Even during the tribulation I will be watching over My faithful remnant so again I will not lose one of My elect. My faithful, you are a witness of My victory over

sin and death, and those, who hold My Word and keep it, will see eternal life with Me in the glory of heaven. I love all of My dear ones that are struggling to be with Me, and you will receive your reward when you finish your own course on this earth."

Friday, May 13, 2005: (Our Lady of Fatima)

Jesus said: "My people, every time that you come to Sunday Mass or daily Mass, you are sharing in the unbloody sacrifice of My death on the cross. I am offered up at each Consecration as the bread and wine are transubstantiated into My Body and Blood. My faithful community comes to share in the breaking of bread so you can receive My Real Presence in My consecrated Host. This taste of heaven is your daily spiritual bread that will be your spiritual food to sustain the life of your soul. In each Eucharist you receive the grace of My Blessed Sacrament that will give you the spiritual nourishment of My love and peace to carry you through each day. Give praise and thanks to your God who pours out My abundant graces on all who love and receive Me into your open souls. This joy and blessing of My Blessed Sacrament awaits you every time you make the opportunity to attend daily Mass. How could you refuse this outpouring of My grace and love for each of you? I want you to encourage as many as possible to attend daily Mass and give a good example to your children. If everyone in faith could make this sacrifice of your time to attend daily Mass, you, too, could share in My sacrifice and benefit from all of the graces to protect you from temptations of sin in this world. I tell you to rejoice in My love because the closer that you come to your Lord, the more I can use you to save souls."

Saturday, May 14, 2005: (St. Matthias)

Jesus said: "My people, today you are commemorating the feast day of St. Matthias who was elected to replace the spot of Judas in My ministry. All of My apostles except St. John were called to martyrdom for their teaching of My Gospel. This is why you are seeing the red vestments for martyrs. In the vision you are seeing an upside down cross with St. Peter because he was crucified, but he did not think himself worthy to be crucified as I was. In America and many other countries you have enjoyed much affluence without having to endure much hardship in persecution. In some communist countries My faithful were and still are being persecuted for their faith. Little by little you will see a time of persecution of My faithful come among you. As New Age influences become established with a one world religion, My faithful will see persecution return where they will want to imprison you and even

kill you for going against their gods and goddesses. Be prepared to go underground and pray in secret because the coming evil days will test you greatly. It will only be through My grace and support that your souls will be saved. So call on Me in your needs."

Jesus said: "My people, you are asking discernment about how to spread this work on the Dozule Cross. This vision of many white crosses in a field is how some people are portraying how many abortions are being performed. People need to acknowledge the proper burial places for the unborn. These Dozule Crosses represent My cross on Calvary, but they also represent the suffering that the unborn are sharing in My sacrifice on the cross. My wrath of chastisements are falling on areas of sin, especially for abortions. When you put up these large crosses and pray the prayers of this devotion, then you are making reparation for these sins of abortion. This will then result in a lessening of My punishment in this place of the cross. This work needs to be spread so there can be more atonement for the sins of abortion."

Sunday, May 15, 2005: (Pentecost Sunday)

The Holy Spirit said: "Receive the breath of the Holy Spirit as I send My gifts upon everyone, even as I sent My tongues of fire over the disciples. Just as I empowered the apostles to do their mission of spreading the Good News, so I am empowering the faithful to give good example and spread the Good News of Jesus to all nations. This is a joy filled feast because it is a commemoration of the beginning of the Church as it was starting in the homes. The one large piece of fabric represents how all the faithful are joined together as one in Jesus' Mystical Body. You all are sharing in the same gifts. Each person has a gift of tongues, teaching, or performing good deeds as healings. Rejoice in your gifts and share them with others so the whole of My faithful are provided for. Give thanks to Me also for all the gifts that have been bestowed on you. Whatever gift that you have been given, continue to use it proudly or this gift could be diminished. Rejoice always on My feast day and be willing to share all that you have with others whether physical or spiritual."

Jesus said: "My people, many couples get married with a lot of show as this spinning large flower display. The mirror behind these flowers is to show everyone how beautiful your marriage is. Some spouses also have high hopes that they are going to change their husband or wife. The reality is that each person needs to love the other for who they are and not for who you want them to be. You are marrying someone because you love them and you will give of yourself to make the other spouse

happy. You are also making a lifetime commitment to be true to the vows that you made on your wedding day. This means that you need to tell each other every day how much you love your spouse. Keep your communications open and try to understand the other person's wishes without forcing your will on them. As you love your spouse, so you should love Me even more. Love is beautiful and it can magnify the beauty of your marriage when it is mutual between spouses and Me. When you reach various milestones in your anniversaries, be thankful that you have found true love amidst a world that expresses hate in wars and killings. The longevity of your marriage should be a shining example of love to your children and young couples starting out."

Monday, May 16, 2005:

Jesus said: "My people, I am showing you someone leaving the confessional in joy with their sins forgiven. The bright light behind them represents the renewed graces they received from Me through the priest's absolution. In the Gospel reading I healed the young boy of a demon possession as I called the evil spirit to come out of him and not return. My apostles were saddened that they were unable to free the boy of this demon. I then told them that this kind of demon could only be cast out by prayer and fasting. This is true today that many people are possessed by demons of addictions. Some do not realize that even today there are people with obsessions and possessions of evil spirits. It is proper for an exorcist priest to pray over possessed people to release these demons. At times with sufficient prayer and fasting it is possible through deliverance prayer to release someone from demon possession. During Confession some people can even be released from various addictions if the person is serious in faith to avoid addictions to alcohol, smoking, or drugs. Those, who allow themselves to be influenced by New Age gods and goddesses, can invite demons into their souls. Those, who deal with witchcraft, potions and Ouija boards, can also invite demon possession. So avoid all of these worships of deities and worldly influences to keep your soul pure. Keep close to me in frequent Confession and avoid being influenced by Harry Potter books, fortune telling, horoscopes, pornography, and 'R' rated movies. In essence avoid these occasions of sin and rely on daily prayer to keep your soul guarded from the evil ones. Seek the love of your Lord and avoid the hate of the evil one."

Tuesday, May 17, 2005:

Jesus said: "My people, in today's Gospel I was chastising My apostles because they were discussing who was the greatest among them. I explained to them before that those, who wish to

be first, must serve the rest. I gave them this example when I washed the feet of the apostles and even in My very death where I died for all of your sins. In today's world many are concerned with status and are looking for awards or acknowledgment of their successes from men. I have told you to be humble and put aside your pride. It is more important to give glory and thanks to Me for all of your accomplishments. The vision of empty pews in a church is a sad commentary on the weakness of the faith in many places. The teachers of My Word are not emphasizing a good prayer life and proper devotion to My Blessed Sacrament, nor the saints' lives. Even My priest sons are not always teaching properly about sin and the problems with sexual sins and addictions. Without proper instruction even the parents are lacking in their understanding of the faith. As a result of this laxness in the faith, the children in their innocence are not being properly educated in a good prayer life with proper Christian living. Unless the parents pass on a strong faith to their children, many are going to fall away from the faith when they are tested by Satan and the world. My faithful should see how important it is to call on Me in prayer to endure the hard trials of life. This should be passed on to your children or they could despair in their trials and be misled by the evil one's temptations. Pray for your priests, your teachers, and your children that they all remain faithful to their God on their path to heaven."

Wednesday, May 18, 2005:

Jesus said: "My people, I reach out to save all souls with My redemptive suffering on the cross. I gave witness to My apostles that those, who talk and heal in My Name, are also with My faithful. In other words all Christians need to be united under My loving arms. Those, who do not believe, are the ones that you need to bring My Gospel to them. Those, who believe in Satan worship, or preach the New Age one world religion, are to be avoided in their services, but you can pray for them and evangelize them. All other Christian denominations that do not believe in My sacraments or the Mass, do not have the fullness of My teaching, and you do not have to follow their ways. Those, who do not believe in Me, will one day in the Warning be faced with My Divinity, and it will be revealed to them that they can only come to heaven through Me and My Blood offered for them. Once I have been revealed to everyone, then they, by their free will, will have to accept Me to gain heaven. If they refuse Me, they will choose the broad road to hell. I love everyone unconditionally, but it is up to every soul to love Me in return. Those, who are faithful to Me, will receive their reward in heaven. Those, who refuse to love Me and accept Me,

will receive their eternal punishment in hell. This is your choice in life and your test to come to eternal life with Me."

Wednesday, May 18, 2005:

Jesus said: "My people, My Church is under attack from the evil ones who are stripping My altars of My crucifix, My statues and pictures, and many other holy objects as My tabernacles. Much of this destruction of the altars is a result of the masonic influence in My Church. Another attack is on the very churches and Catholic schools that help sustain My faithful. Money is being drained away from My Church by court suits against the pedophile priests. Each church is a sacred place to provide holiness for My faithful in feeding you My sacraments. Every church that is closed is one less source of My sacramental graces and a deep loss of holiness for that community. Pray for more vocations, sufficient funds to maintain your churches, and strong bishops to build up My Church."

Thursday, May 19, 2005:

Jesus said: "My people, in many parts of the world it is difficult to find fresh water for drinking and cooking. Many people rely on well water and it is difficult to distribute this water to all who need it. As the population increases, it will be harder to find more sources of water and then it may require desalinization of ocean water which is expensive. The recovered salt could offset some of this cost. Those interior areas are depleting their wells with too much use and arid areas may require more piping. Fresh water will soon be more valuable than gasoline because of the volume of water that each person needs. Already mundane uses of water such as lawns and car washes are being limited in drought areas. Storing rain water may be another source that may be more exploited for fresh water, but this may require purification. As droughts and famine start occurring more often, you will see this difficulty of securing fresh water getting worse."

Prayer Group:

Jesus said: "My people, some people use astrology and live their lives based on the movement of the stars. Readings of horoscopes for future events should not be used by My disciples because it is a version of fortune telling. Reading tarot cards, and using crystal balls are all parts of an evil influence that I want My disciples to avoid. If you dabble in the beginnings of the occult, you could even be drawn into demon possessions as I healed in several Gospel accounts. Avoid these places and do not trust the evil one's lies."

Jesus said: "My people, burning down churches is an attack by the evil ones in an attempt to take away the faith of My

faithful. Where Catholic Churches are on fire, it is desirable to remove the Blessed Sacrament if possible. The flames of this fire mimic the evil from the flames of hell that would instigate such a crime of arson against a church. You will be seeing more churches burned down as evil abhors anything holy."

Jesus said: "My people, you need to pray for your legislators that they do not approve homosexual marriages. Pray also that they do not force mandatory microchips in your various driver's licenses and passports. Pray that they vote against abortion in your country and pray that they do not allow your courts to defy the people's wishes. Many of the immoralities going on in your country have been raised up by erroneous law made in your courts. Judges are now making law in defiance of passed legislation. If your country does not rid these bad laws and decisions, you will face My wrath in more natural disasters."

Jesus said: "My people, man does not realize all of the damage that you do when you burn so much fossil fuel. Because of your energy inefficient cars and trucks, many fumes of exhaust are shrouding your cities that can be seen in an airplane. The power plants also contribute to these brown clouds of pollution and the acid rain being created. Your clean air is being fouled by your need for transportation and electric power. If man does not take some steps to create environmentally friendly energy, then more pollution will go uncorrected."

Jesus said: "My people, the churches being built today are a far cry from the old Gothic styles that were built years ago in Europe. The old traditional churches are empty because they are becoming museums where few people are going to church. Yet the people in the new churches are being misled by a strong influence from modernism that is removing all that is holy. Trust in Me and focus on My Blessed Sacrament for strength where the faith is being weakened by worldly influences."

Jesus said: "My people, TV and movies are captivating entertainment that can occupy much of your time if you do not control how much you watch. Children can be badly influenced by unrestricted programming and it could leave impressions on their dreams and how they think. Even news and programs can be used to shape your minds and attitudes on worldly subjects. The immoral acts and suggestions can warp your minds into accepting sinful behavior that should be avoided. Control what you watch and what your children see so their morals are properly formed and you can follow My ways instead of man's ways of sin."

Jesus said: "My people, man builds things to last a short time, while I build something to last for a long time. Man's concept of time and materials is limited in scope when he builds

things. Look at creation closely and you will see a certain perfection in My mark on every created person or thing. This should be a sign to you as you live your lives. Ask My help to strive to do things more perfectly in both your physical and spiritual life. Doing things on your own will never lead you to perfection. Only through My grace and help could you strive to be the perfect saints that you need to be to enter heaven."

Friday, May 20, 2005:

Jesus said: "My people, everyone will have to answer to Me at their judgment and make an accounting for their life's actions all on their own. Life is similar to taking a trip in a boat where there are ups and downs in good weather and bad weather. You can call on My help to calm the waters so you can endure the storms of life. You can also call for help from your spouse if you are married, or a trusted friend. Even though you struggle through life with other people to assist you, remember that you are the only one to be held responsible for your actions. You cannot blame them on someone else or make excuses to Me for your actions because I know the intent of your heart in every action that you perform. In your judgment you stand alone before Me. I am your only true friend that will be with you and love you under any circumstance, so pray to Me every day. Your spouse may help you in life, but you need to guard your soul from all evil that will test you. By following My Commandments and the mission that I have given you, you will be following the right path to heaven and I will judge you a faithful disciple to enter heaven."

Jesus said: "My people, how long is it going to take to remove your troops from Iraq and Afghanistan? These two conflicts with suicide terrorists are not making any progress and your troops are being killed daily. You have given these interim governments enough time to be established. It would be expensive and difficult to leave troops there indefinitely. An exit strategy needs to be planned regardless if the insurgents continue to kill people. All of your wars are gaining America nothing but insurmountable debts that cannot be tolerated. Congress needs to say 'enough' of these endless wars that are bankrupting your nation. Not only are your debts increasing, but many innocent servicemen are being killed for no benefit. Wars are the opposite of love, but peace can only come with a cessation of hostilities. America is keeping many troops in other countries as well, yet the countries benefitting from your presence are not contributing money to support them. America cannot afford to be the world's policeman, so now is the time to cut back your presence in other countries."

Saturday, May 21, 2005:

Jesus said: "My people, this bicycle in the vision is one way that you could get to your refuges. The dark storm clouds, seen later, are an indication of the coming tribulation. With your constant wars and the threat of mandatory smart cards in your driver's licenses, it may mean that gas shortages and driving a car may no longer be an option when it comes time to flee to the refuges. If you refuse to use smart cards because it will attract you to chips in the body, then having some good working bikes for travel would be a good preparation. The same lawmakers, who are forcing mandatory smart cards, will be next forcing mandatory chips in the body so you do not lose them, or for security from theft. Refuse to use chips in the body, even if death is threatened, because the abuse of these chips in the body could allow people to control your minds. Refuse to use your smart cards for buying and selling, or they will control your money. Once you are stripped of your means of support, then you will have to call on your angels to lead you to the nearest refuge of protection. When you follow My warnings, I will protect you from harm and provide miraculous ways of survival. At the refuges you will learn to get by with very little to eat and none of your electric comforts. This way of life will better prepare you for being saints, and give you a better prayer life with full trust in My help."

Jesus said: "My people, privacy in your business and in your home are now being compromised by all the technical data collection agencies. People keep watch of your credit, your employment records, what you purchase, your bank accounts, and your medical and arrest records. As you will soon be forced to carry chips in your driver's license, they will even be able to track your movements by satellite. All of your communications are known because your attempts to stop terrorists have made it possible to invade the privacy of innocent citizens. The next attempt will be to place mandatory chips in the body which could even control your mind and your thoughts as a robot. Then when they scan you and you do not have a chip, they will take you off to the death camp detention centers. It is best not to even use any smart cards, even if you lose your money, because you do not want to be led into chips in the body. Absolutely refuse chips in the body because you could be on a path to the broad road to hell. The total reason for chips is not for security, but a total grab for power over everyone. Be ready to go to My refuges of My Blessed Mother's apparition sites, places of holy ground that have adored My Blessed Sacrament, or caves in the hills for protection. Call on Me and I will have your angels lead you with a physical sign to the nearest refuge. There at My refuges you will find luminous crosses that will heal

everything by looking at it. My angel at the refuge will be visible and protect you from the evil ones. Water, manna, and deer meat will be provided in a shelter. Take some warm clothing, blessed sacramentals, blessed candles, a deer knife, a shovel, and bedding with tents and mosquito nets. You may need a bike on the way. I will perform miracles of protection and all of your needs will be provided for. Trust in My love and you will have no fear."

Sunday, May 22, 2005: (Holy Trinity Sunday)

Jesus said: "My people, the Blessed Trinity is a mystery and that is why man has difficulty in understanding Three Persons in one God. There is also a unity of all the faithful with Me in My Mystical Body. You know of Me more tangibly because I took on flesh and blood so I could die for your sins. The Blessed Trinity has various attributes to recognize the different Persons. God the Father is associated with being the Creator. I am the Son who was sacrificed on the cross and My Blood sacrifice redeemed all of mankind's sins. God the Holy Spirit represents love which is generated from the Father and the Son. Even as you receive Me in Holy Communion, you are receiving the Blessed Trinity because We are inseparable as One. So when you pray and love God, you are giving praise to all Three Persons. Every time you make the Sign of the Cross, or pray the 'Glory Be', you are giving honor and praise to the Blessed Trinity."

Monday, May 23, 2005:

Mary said: "My dear children, you have often heard me called the 'Refuge of Sinners'. In fact my Son's angels will lead you to my refuges at all of my apparition sites. I always bring you to Jesus as pictured in the vision of this cross on a tree. At my refuges you will also find angels of protection and a luminous cross in the sky that will be a source of healing for all who look upon it. As you know of the healing springs at Lourdes, so also at my refuges there will be springs of healing water. My Son, Jesus, also is a 'Refuge of Sinners' and His refuges will be at places of holy ground where many have adored my Son in His Blessed Sacrament for many years. There will be luminous crosses and healing springs at these refuges also. The parallel in these refuges during the tribulation is that at the end you will see my Triumph in crushing the head of Satan, and my Son's Triumph over all evil as the evil spirits and evil people will all be chained in hell. After my Son's victory, He will renew the earth in preparation for the coming Era of Peace. Rejoice in my protection and that of my Son, Jesus, as you will

be brought safely through this trial by his grace only at these refuges. Your trust in Jesus will save your souls."

Tuesday, May 24, 2005:

Jesus said: "My people, where sin abounds, I have told you that I would withdraw My blessings, and you would see natural disasters occur. Another result of sin could also bring about droughts or a lack of rain or melted snow. Water is something most people take for granted, yet it is a necessity of life and people could die without enough water. I have warned you before that water will become more valuable than oil. Now you are seeing reports of water shortages in the Mideast and Africa where people are too poor to pay for desalinization of salt water. This problem of delivering enough fresh water to all peoples will be an increasing problem especially in areas of fast growth and more population growth. Pray that governments and charities can help bring enough water to those that are in need."

Jesus said: "My people, this merry-go-round spinning about with lights and shadows represents people having their Warning experience. You will be face to face with Me and face to face with yourself and what you are doing. I know your heart as the person you really are without any cover ups. You will have to answer the question of whether you put your trust in Me or you put your trust in your money and your possessions. At some time you are going to have to give up everything before you die. Do not let money and fame control your lives as idols. Trust in Me everyday to protect your souls and be able to consecrate all that you have over to Me. In order to reach heaven you will have to detach yourself from all of your worldly desires. Everything of the world is cold and will not love you. But I love you, and you can only find true peace in Me. All that you have from this world will leave you empty. It is love of Me and your neighbor as yourself that is all that matters in this life. In your Warning judgment you will see where you would be judged to go. If you are holding on to earthly things without love, you will see a great need to change your ways on return to your body. Love and service to Me should be your main goals. You can change your life even before your Warning so you are prepared to show Me how much you love Me. Work on sharing what you have and doing everything for My glory instead of for your own glory."

Wednesday, May 25, 2005:

Jesus said: "My people, when My two apostles wanted to sit at places of honor in heaven, I gently warned them that this was not Mine to give, but it had been reserved by My Father. There

are people on earth who aspire to fame and glory for themselves either on earth or in heaven. If you wish to be first, you must serve the rest before yourself. Remember that those, who exalt themselves, will be humbled, and those, who humble themselves, will be exalted. It is not your place to seek glory and fame for yourselves. But you must be focused on doing everything for My greater glory. Such fame among mankind is fleeting and will not gain you anything toward heaven if things that you do are for selfish reasons. It is when you share your wealth with others in alms and good deeds out of love that you will gain merits in heaven. If you achieve heaven, be grateful that you have been chosen. Be satisfied with your lot both on earth and in heaven, and you will rejoice in humble submission to My Will."

Jesus said: "My people, sometimes it is important to give yourself some time to think about what you are doing, what you have done, and where you will be going after this life. In life you are asked to choose a vocation, whether married life, the religious life, or single life, and be faithful to any vows taken. I also ask each person to be faithful to the mission in life that I have appointed for them. Use your talents to the best that you can, and do not bury them by not using them. In all that you do I call you to love Me and one another. When you make time to notice, My creation is beautiful to comprehend, and you can thank Me for your life so you can fully experience life. Sharing your love and your life with others is how you can help others in their physical and spiritual needs. Some require food, clothing, or shelter. Others need your help in searching for God by your bringing My Gospel to them by your words and your actions. So think about making some time in your life everyday so you can talk to Me and discern how you are to carry out your mission with My help. A good prayer life will always keep you on the right track to follow My ways and imitate My life on earth by reaching out to save souls. In the end saving your soul and others, so you can be with Me in heaven, is your most important task on earth."

Thursday, May 26, 2005: (St. Phillip Neri)

Jesus said: "My people, this vision of wedding rings is a sign of love and faithfulness that each spouse has for each other. The physical attraction lasts for a while, but the love of the person for who they are is what makes a marriage last. Love and fidelity among spouses are the same ideals in your spiritual life with Me. I want you to love Me as I love you, and I am a jealous God who wants no other gods or idols before Me. In today's Gospel (Mark 10:46-52) you see the blind man, Bartimeus, healed so he can see. But it is the inner spiritual

blindness that is healed that has saved his soul. Bartimeus had faith that I could heal him, but he also had persistence in shouting out to be heard. I could see both his faith and his desire to be healed, so I healed him. So it is with all of your souls. If you desire My love and want to see spiritually, you can show your own desire to come to Me in Confession for the forgiveness of your sins. When I absolve you through the priest, you will be set loose of the bonds of your sins and you will see Me and your spiritual freedom. Faith, hope, and love in Me are the calling of your soul and My calling to you as well. Keep these virtues alive in your soul and you will be prepared to receive your reward of eternal life with Me in heaven."

Prayer Group:

Jesus said: "My people, this mudslide moving toward the Vatican is how the filth and immorality of the world is pressing in on My Church. You are still hearing stories about pedophile priests in how their lawsuits are costing the Church bankruptcies in some dioceses. Abortions, euthanasia, same sex marriages, and stem cell research from aborted babies are all challenging My Church and your society. All of those taking lives and committing the sexual sins are still committing mortal sins against My Will. My Church must take a strong stand against these issues by taking the high moral ground, no matter how much criticism and persecution My faithful will suffer."

Jesus said: "My people, you are being buffeted by strong storms of temptations from the evil ones, and a constant barrage of slurs and attacks on your reputations for standing up against the world's love of the sins of comfort in gluttony and lust. Every time that you speak out against heterosexual sin in unmarried couples, or against homosexual acts in that lifestyle, you may even suffer from prison sentences. Your laws are protecting the sinners from any social criticism. Many have lost their sense of shame in sins and they do not even want to admit to doing anything wrong, even when they are blatantly violating My Commandments."

Jesus said: "My people, your movies and TV programming are ingraining immorality in your minds and you should avoid watching and supporting 'R' movies. The bad language, nudity, and violence are becoming worse each year as one film maker tries to outdo the other. It is reaching a point that much of your so-called entertainment is becoming more of an occasion of sin. Turn these programs off and refuse watching these immoral movies to protect your souls from this filth. If you do not form proper consciences by knowing right from wrong, you could be persuaded to follow the ways of the world. Stand up for what is right and speak out against the immoralities of your evil

society."

Jesus said: "My people, when I girt Myself, I was washing the feet of My apostles. I also took ropes to drive the money changers out of My temple. Some envision belt tightening as a way to live more frugally without overspending with budget deficits. In a spiritual way belt tightening can refer to fasting or giving alms to a charity. By restraining your earthly desires, you can better imitate My life. That did not include expensive living for its own sake. You can share your wealth and your faith with others."

Jesus said: "My people, doing things in the dark, or in secret will never hide your actions from Me. Some commit sins of theft or fornication in the dark, but I still see all of your actions. Do not think that you can keep your sins from My eyes that see everything. You may fool others by your sins done in hiding, but your sins still speak out against you. Come to Me in Confession for My forgiveness of all of your sins, even those done in secret."

Jesus said: "My people, you have done well in sharing this treasure of My pope son, John Paul II. He is an inspiration to My Church and you will have graces for bringing this cup to many parishes. Rejoice in all of My treasures and especially sharing My Body and Blood at Mass. Those, who treasure My Real Presence in My Eucharist, look forward to receiving Me into their souls every day at daily Mass."

Jesus said: "My people, every spring you are greeted by the beauty of My creation in flowers and trees. You have weathered the cold and dreariness of winter and now you can celebrate in My Resurrection and the coming of the Holy Spirit at Pentecost. This beautiful display of nature is adding to My glory and adding to your joy in seeing all of these beautiful colors. Many of your flowers last only a short time, so enjoy them while you can appreciate them. Your lives are also short as blooming flowers, so live your lives to the fullest in My love so your beauty can add to My greater glory."

Friday, May 27, 2005: (Marion Boe's funeral Mass)

Jesus said: "My people, funerals are always difficult for those who have lost loved ones, yet My faithful should also see the glory that death is the gateway for the soul to enter heaven. My daughter, Marion, is one of My faithful servants being led to My glorious banquet table. She has been a prayer warrior and faithful to her mission. She is happy to welcome all of her family and friends to share in her last good-byes. Give thanks to Me for her gift of life to you. All souls live here on earth for a short time, and you all give comfort to each other in dealing with life's trials. Today, you are seeing My

reward that awaits all of those who have been faithful to Me in life. Follow Me in My Commandments and love, and you will also receive this reward in heaven at your death."

Jesus said: "My people, some may wonder what good these cloistered nuns do by praying in silence every day. The world should be more aware of the ongoing battle between good and evil every day. There are scales of justice with prayers and good deeds on one side and the sins of the world on the other. Even Abraham would have Me spare an evil city if there were ten just men there. The more people pray, the more blessings will be upon that area where they are. Sufficient prayer can mitigate My intended chastisements for an area. So do not look down on those who are in contemplative prayer most of the day because they may be keeping natural disasters from coming to your town. Private prayer and public prayer in prayer groups or at Mass all have their place and purpose in the battle of good and evil. Your prayers are powerful, but you must make time every day to pray for yourselves and those around you. You may not see the effect of your prayers, but you are balancing out the many sins being committed as you pray."

Saturday, May 28, 2005:

Jesus said: "My people, it is your faith that I instituted the Holy Eucharist at the Last Supper. Now, at every Mass the priest consecrates the bread and wine into My Body and Blood. This Real Presence in My Blessed Sacrament is witnessed to you in this vision where you are seeing a glowing light of holiness over My Most Precious Blood and My Body in the Hosts. Give praise and thanks to your Lord for sharing My very Self with you in Holy Communion. Again it is in the breaking of the bread that you recognize Me in My Real Presence. When you partake of Me in Holy Communion, remember to only receive Me worthily without any mortal sin on your soul. All things of heaven have to be pure to be worthy. My Blessed Mother was without sin to hold Me in her womb. Those, who enter heaven, must be purified by purgatory to enter pure and unblemished. So when you receive Me in Holy Communion, recite your Act of Contrition, so you can receive Me as pure as possible. I love all of you so much that I have promised to be with you in My Blessed Sacrament until the time of My return."

Jesus said: "My people, the United States stands in the way of the one world people who want global control over everyone. The rich and the powerful of the world have wanted to destroy America for many years. They are being patient in bringing about America's demise. Their first intention is exactly as the terrorists to destroy your economy that runs your country. By

controlling your debts, the central bankers want to take over by bankrupting America. Constant wars are their ploy to put America deeper in debt and slowly dismantle and destroy your military. Many of your military base closings are for creating more detention centers, and a reason to not have many of your troops home to defend against your enemies. Plans to encourage all of your manufacturing to be shipped overseas has been brought about by all of your trade agreements that have been a windfall for corporate leaders, but a disaster to your working families. If you stopped these meaningless wars and controlled your deficits and poor trade agreements, America could survive. But the people will have to rise up against these thieves in your government and work toward peace and stable budgets. Greed and fear for jobs will stifle any meaningful change, so you are truly watching your ship of state sink like the Titanic. Pray to Me to protect your souls from the evil all around you. Once the Antichrist is allowed his brief reign, your only hope will be at My Blessed Mother's apparition sites and My holy ground refuges. Trust in Me and you will have no fear."

Sunday, May 29, 2005: (Corpus Christi Sunday)

Jesus said: "My people, unless you eat My Body and drink My Blood, you cannot have eternal life in you. (John 6:54) I am the Bread of life that feeds you spiritual food for your soul to survive in this world. (John 11:25) 'I am the Resurrection and the Life; he who believes in Me, even if he dies, shall live; and whoever lives and believes in Me, shall never die.' You have My very Presence in My Blessed Sacrament to adore and receive in Holy Communion. Give praise and thanks to your God for this gift of Myself to you at every Mass and in every tabernacle. This vision of healing the sick and the lame is the image of the Great Healer who comes to comfort you in your trials. (Matt. 12:23-30) 'Come to Me, all you who labor and are burdened, and I will give you rest. Take My yoke upon you, and learn from Me, for I am meek and humble of heart; and you will find rest for your souls. For My yoke is easy, and My burden light.' The vision of the procession with My Blessed Sacrament is a great tradition which symbolizes how I walk among you through all of your trials. Today, I have walked to you, but I want My faithful adorers to walk to visit Me at Adoration and My tabernacles. I love all of you, and My Real Presence is how I share My love with you every day. Receive Me often in Holy Communion at daily Mass and you too, can be fed heavenly Manna to sustain your soul."

Monday, May 30, 2005: (Memorial Day)

Jesus said: "My people, this day you honor your war dead

for giving their lives that people may be free from tyrants. Unfortunately, it is the one world people who keep lending money and arms to make new tyrants and cause more wars. These evil ones keep perpetuating war after war to make money on the arms sales and the deficits. There is more money spent on defense and debt payments than on all other expenses combined. It is the control of governments through deficits and control of money that drives the one world people's desire for more wars. Yet, I am a God of love, and just like these heart shapes that get bigger and bigger, I am always reaching out in love to gain all hearts to love Me. Some people appreciate My love and care in all the gifts that I give to them. Others are more wrapped up in their self-love and hate for others that they are blinded to My love. My love and forgiveness awaits all sinners, even those who do not know Me. So while you are praying for those who died for your country, also add a prayer for peace in your world to break your endless number of wars and put more love in this world."

Jesus said: "My people, some are concerned with TV antennae, cable systems, or dish systems to receive communications for watching television. The dark clouds represent the wars and evils in the world which some people do not see as a threat to them. A faithful person knows that the most important communication is that with your Lord in prayer. With the eyes of faith you can see the increase in natural disasters brought on by the many sins of the world. I treasure the love that you send Me in your prayers and petitions. Those, who pray, are making up for all of those who do not even know Me, or think about Me. Therefore, My faithful should not be skimpy with your time that you give to Me in prayer. If I cannot depend on you, who know better, then who can I depend on? You are seeing fewer and fewer people coming to prayer groups as the faithful older members are dying, and they are not being replaced by as many younger members. It is My faithful remnant that will carry on My traditions and My Church, while the lukewarm will fall by the wayside and be lost. So are you going to be a faithful member who loves Me all of the time, or a lukewarm that only comes to Me in time of trouble?"

Tuesday, May 31, 2005: (Visitation of Our Lady)

Mary said: "I am happy to greet my little one, Peter, and bring him to my Son, Jesus. Peter and Rosemary have a great devotion to Me and receiving his hand in mine is a thank you for all of those that he helped in life. He was gracious with his time, his talent, and his treasure."

Peter said: "I told you that I would see all of you at my funeral Mass. It is a great joy in my heart to see all of you

here. The reward of the Lord is so great that you should not have any fear of death, if you are faithful to Him. I love all of my family members dearly, and I am sorry to leave you, but I will be praying for all of you to come to heaven."

Jesus said: "My people, the vision of those praying in the pews is how I want My faithful to pray for the reparation of your sins and those of others. With enough prayer more souls could be saved and those, who will need purgatory, could be spared some of their suffering. The vision of the waterfalls stopping is a sign how time will stop for everyone receiving their Warning experience. This stoppage of time will be when you are outside of your body and witnessing your life review followed by your mini-judgment. The grace of the Warning will be that some souls will be saved by conversion that otherwise would have been lost. Another grace for My faithful is that you will see and understand what you must do in life to make amends for your mistakes, and how to change your lives to better follow My Will and lessen your time in purgatory. The flames in the vision will be what souls after their judgment will briefly experience if they are judged to purgatory or to hell. They will even see what levels of hell or purgatory they will be in if they do not change their lives. Learn from My mercy of the coming Warning experience so you can become holier and perfect your actions in preparation to enter heaven. I want all of My souls to become saints in heaven, but you must choose of your own free will to change your life for the better."

At our Mass for Lise's father. Jesus said: "I can tell you that Lise's father is suffering in purgatory. If you want to help him, you could have more Masses said for his intention, and pray and fast for his soul to lessen his time in purgatory. The Mass said for him today has already shortened his time in purgatory."
