

Monday, May 1, 2006: (St. Joseph)

Jesus said: "My people, you are seeing a world wide movement where more churches are closing than are opening. Every church that closes is one less chance for graces to be distributed. There is a decreasing number attending Mass, and fewer priests in some areas are available. The numbers of younger people are the most noticeable that are absent, and the older faithful are dying off. The number of new priests are down, and it is becoming harder in your material world to encourage young men to enter the priesthood. In addition the faith of the people has become weak and almost spiritually lazy. The inspiration of the Easter Season is short lived, and the numbers on Easter are down throughout the year. America needs a spiritual renewal in the youth and in your new vocations for the priesthood, and you could turn back this trend of closing churches. Many priests are overworked and need your support in prayers and works. Both the clergy and the laity need to work harder on evangelization and ask My help to strengthen My Church. Church attendance in Europe is very low and America is going in this same direction. More prayer and visits to My Blessed Sacrament are needed to stem this tide of closing churches. Do not let the evil ones succeed by good people doing nothing."

Jesus said: "My people, I have told you before that as your manufacturing jobs leave this country for cheaper labor, that the average wage would decrease as well as your standard of living. More people will become involved in agricultural crops for making alternative fuels and exporting crops. Since some countries do not want to eat your manipulated corn crops, they could very well go to making ethanol. Your economy is being more manipulated by the stock markets and the one world people until the middle class will be non-existent, and your country will be in bankruptcy. Your deficits, wars, and disasters are leading you to your own destruction. Your people are becoming lazy in their work ethic and lazy in their spiritual life. The devil and his angels will sift you like this dirt in the vision unless you turn things around and follow Me. Let Me be your first priority in life and everything else will be given you."

Tuesday, May 2, 2006:

Jesus said: "My people, this empty cross next to My crucifix represents the daily cross that I want all of you to pick up and suffer with Me during the day's events. Sometimes you may suffer more difficulties than at other times. Even if you are not suffering much now, you can offer up to Me all that you do this day, and I will bless them. The idea of carrying a cross every day may seem an undesirable burden, but it is symbolic of how you are imitating My life in how I suffered on

the cross. By thinking more of loving Me and helping others, it will keep you more occupied with holy things that can help your soul over your selfish worldly desires. There are many things and people in the world that can distract you from Me, and even cause you to lose your spiritual peace. Be on guard to protect your prayer time and your peace from outside events. It is one thing to be sociable and spend time on things and vacations, but it is another to remember your mission to work on saving your soul and others with My grace. Remember to carry My daily cross, and you will keep your focus on Me and gaining heaven."

Jesus said: "My people, this declining concrete ramp is a picture of how your leaders in Washington are leading your country down in all of your wars, deficits, and debts. Your debts continue to mount for a war against terrorism that is not going anywhere. Instead of letting your lawmakers get you involved in more wars, it is time that the American people shutdown the purse strings to any more wars. Continuous, reckless spending on wars and giving tax incentives to export your jobs are putting your country into a coming bankruptcy with no jobs. The one world people are causing all of these problems, but they are difficult to remove from controlling America's money and debts. Pray for all of the unemployed and your working poor."

Wednesday, May 3, 2006: (St. Philip and St. James)

Jesus said: "My people, all of those, who are seeking money, possessions, fame, and power, are symbolized in this Tower of Babel. But instead of this Tower going up into the sky, the Tower is going deeper into hell. Those, who seek these earthly things of the world, have made them idols before Me and it is impossible to have two masters. You will either choose to follow Me as Master and Lord of your life, or you will choose earthly things which will become your master through Satan. My disciples consider themselves as nothing to Me, and depend on Me entirely for everything. They live simple lives in My service, and they desire to please Me in their littleness and humility. Love of Me and their neighbor is their focus so they can be perfected for heaven. The worldly seek to accumulate possessions and money which will dissipate and be worthless because they are temporary. These people are never satisfied with enough wealth and power, and they connive and cheat to gain all that they can. Some even make deals with the devil for fame and riches. You can see the destinations of where each of these people are headed. The humble, simple sinners are striving for heaven, but the arrogant and avaricious rich people are choosing the broad road to hell. These are the two choices in life where My

disciples will live in the glory of heaven, but the evil ones will be subdued for all eternity in the flames of hell."

Wednesday, May 3, 2006:

Jesus said: "My people, I came as a man to earth and I went through all of the stages of growth from an infant to a matured adult. I experienced all kinds of emotions from joy to sadness, and I shared even the pain of torture and death. I suffered insults and loneliness. All of your human experiences I have either cured or felt Myself. So no matter what you are going through on earth, I can sympathize with you. Even as you suffer things in this life, you can unite your offerings with My Victimhood for all of mankind's sins. There are some people who also become as victim souls in offering up their penances so that other souls may be helped either spiritually or physically. They are imitating how I became a Victim soul when they consecrate themselves to Me so that other souls could be saved. Some victim souls may be in a vegetative state or in a coma. Some may be restricted to a bed the rest of their lives. Others may be suffering the loss of a leg or an arm. All of My little ones that give up their suffering to Me are rejoicing that they had the opportunity to suffer for others. Be thankful for these poor souls because they are enabling many to come to heaven that could not make it on their own."

Thursday, May 4, 2006:

Jesus said: "My people, in today's first reading St. Philip teaches the Scriptures about My coming to an Ethiopian eunuch. The man became so filled with faith that he asked St. Philip to baptize him as a new Christian. The vision also is about teaching in a classroom, but it is more important to prepare students for their eternal destination than any other subject. As you read and understand the importance of teaching and prayer, it is also important to listen in your heart for My intentions of your prayer, instead of just your own intentions. It is your hands and feet that I use to help bring souls to Me in conversion of their hearts. In order for people to learn about Me, you need to pray for the proper disposition of their hearts, so they are open to My Word. Then you have to teach them and encourage them that they can only come to heaven through Me. In My sacraments I will cleanse their sins, and they can receive My consecrated Hosts to strengthen their faith and believe in My Resurrection. Believe in My Good News and accept Me as Savior, and you will be on the narrow road to salvation in heaven."

Prayer Group:

Jesus said: "My people, wherever I was on earth, or in My

consecrated Host, there also is God the Father and God the Holy Spirit. Remember when St. Philip asked Me to show him the Father. (St. John 14:8-10) 'Philip, he who sees Me sees also the Father. How can thou say, 'Show us the Father?' Does thou not believe that I am in the Father and the Father in Me?' I told him that the Father is in Me and I am in the Father. So when My apostles saw Me in bodily form, they were seeing the Father as well. Even now as you recognize Me in the Breaking of the Bread, you again are seeing the Father, as well as the Holy Spirit."

Jesus said: "My people, you continue to see several nations in the UN calling for sanctions against Iran for making the fuel for nuclear bombs. Several diplomats and military people are said to be preparing for the possibility of bombing Iran's nuclear bomb making plants. This has been opposed strongly by Russia and China who have oil interests at stake in Iran. Pray that war will not spread to Iran or there could be serious consequences."

Jesus said: "My people, you have seen one crash killing over one hundred people, and some near misses with blown tires. Your travel by plane has a very good safety record, but there are still things that can go wrong on these flights. Praying for a safe flight is a serious business because your lives are at stake when you fly. Accidents in the air can be more deadly than car accidents. So continue to pray for those who need to fly often."

Jesus said: "My people, there are times in Scripture where I have warned you to be ever vigilant in watching over your soul before you die. The watchman is looking out into the darkness that represents sin in the world. The beacon of light is the Light of My Word and My promise of salvation. Your vigilance on your souls can be kept clean by frequent receptions of My sacrament of Reconciliation. Keep close to Me and trust in Me that I will lead My faithful to heaven."

Jesus said: "My people, there are two sets of gates shown in this vision. The iron gates represent the earthly prisons that My saints had to suffer for not giving up their faith. You can remember the accounts of My apostles and St. Paul who had to suffer these iron gates. Recently, you read of St. Stephen as he was stoned to death, and he saw the heavens opening to My Throne. Those, who suffer martyrdom, may suffer on earth, but the gates of heaven are opened to them. Rejoice on that day when you will be worthy to enter these glorious gates of heaven."

Jesus said: "My people, a time is coming when My churches will be more susceptible to burning and broken windows by vandals. My Blessed Sacrament needs to be protected in these

evil days. You will see Satanic inspired people become more bold to damage My churches and even try to steal My consecrated Hosts for their black masses. More churches will be closed, and you will need to protect My Hosts in your homes at first, and finally at My refuges of protection."

Jesus said: "My people, you are seeing this vision of a dragon that represents Satan, and it refers to the Scriptures in Revelation. He was seeking to destroy My Blessed Mother and prevent Me from saving the world. This was My first coming and there will be a time of reign where Satan and the Antichrist will be allowed to control the earth. Then I will return triumphant on the clouds and My angels will chain Satan, the dragon, and all of the evil ones in hell. Know that you are still battling this same dragon in this world, but you have My protection by calling on My help and that of your guardian angel. Do not be afraid of this dragon because My power surpasses any of his temptations or threats."

Friday, May 5, 2006:

Jesus said: "My people, some people are never satisfied unless they can have the latest fashions in all things that they wear and those things in their house. Many times such people cannot afford these things, but they live to keep up with others on their street. Living a luxurious life is not what I want My disciples to focus on. Instead, it is better to live a simple life of faith so you are focused more on Me than the worldly things of man. You think that if you have the latest fashions or the latest electronic devices, that you will be happy. These things are novelties at first, but soon you will grow tired of them as you await the next season. Things of this world should not be turned into idols because they are cold, lifeless, and so temporary. Focus your love on Me and helping others, and you will find more peace and satisfaction. Give Me praise and worship as your Master, and show Me your thanks for all that I have given you. Strive for those things of a heavenly nature that can be stored in heaven instead of earthly things that have no future."

Jesus said: "My people, at times you have hobbies or collections that you really take a deep interest in. Many of these earthly distractions can motivate you by curiosity or a desire to own things that they can take up your time and focus away from Me. Whenever you become so preoccupied with earthly things that use up most of your time, then it is time to realize that you are allowing them to control you. You have free will, but you must remember to make Me your first priority in life above everything else. If you continue to be obsessed by or addicted to earthly things, then you will be blinded from Me,

and you are making these things idols of worship before Me. I have warned you many times not to let anything or anyone control you. By keeping your distance from any addictions or earthly desires, you can keep your peace and your focus fixed on Me. How you spend your spare time should be a lesson to you in what is your first priority. You need to set aside enough time for your prayers and meditations each day. By inviting Me into your hearts and souls each day, I can be a part of your life, and lead you on the right path to heaven."

Saturday, May 6, 2006:

Jesus said: "My people, in St. John's Gospel (St. John 6:61-70) he gives an account of how some disciples fell away from Me when I asked them to spiritually eat My Body and drink My Blood to have eternal life. This belief in My Real Presence in the miracle of the Transubstantiation of bread and wine into My Body and Blood is a gift granted by My Father in heaven. It is not given to everyone. This was difficult to believe for some of My disciples, just as it is difficult for My faithful of today to believe. This involves a belief that I truly am God when I appeared as a man on earth. I have left you this greatest gift of Myself to you in Holy Communion. If you have difficulty in believing in My Real Presence, then pray to My Father and He will grant you this gift of knowledge and faith. In the first reading (Acts 9:33-43) there are accounts of St. Peter who healed the paralytic in Lydda and raised Tabitha from the dead in Joppa by the power of My Name. These were unheard of miracles just as I had performed, and many came to believe in Me because of them. Even today there are healing ministries where some are healed of sicknesses. The vision of this Mass in the catacombs is a sign of how important this faith in My Real Presence was to the Early Christians that they would risk their lives to be at a Mass. The people of today in most places are not threatened to come to Mass, and their faith is not as strong to believe in My Real Presence. But still I keep telling you, if you eat My Body and drink My Blood, you will have eternal life in you."

Sunday, May 7, 2006:

Jesus said: "My people, this vision of seeing a small fly in someone's eye is asking you to think of how you judge other people. (Matt. 7:1-3,5) 'Do not judge, that you may not be judged. For with what judgment you judge, you shall be judged; and with what measure you measure, it shall be measured to you. But why do you see the speck in thy brother's eye, and yet you do not consider the beam in thy own eye? You hypocrite, first cast out the beam from thy own eye, and then you will see

clearly to cast out the speck from thy brother's eye.' Be thankful that My mercy and knowledge of you will judge you by God's justice and not by man's cruel justice. Many times you are quick to criticize and persecute others, but you may not be judging rightly because you do not have all of the facts. Others could be critical of your own actions, but you may not want to admit your faults. Instead of judging others, let Me be the just judge of them. You have enough to deal with your own faults first. There are times when someone is endangering other souls with sinful behavior. Only for helping souls should you speak out to correct them. Talk to them privately first, so not to embarrass them, or ruin their reputation wrongly before others in public."

Jesus said: "My people, in each age I send leaders of My faithful in My priests and in My prophets. There are also strong faithful who support My leaders with their finances and their hard work. These pillars, that you see in the vision holding up My Church, are My faithful remnant, or My elect who are given the grace not to be misled by any false leaders. My faithful laity have saved My Church in the past from various heresies. They are adamant in their faith and they pass this fervor of faith on to their children. There is coming an evil group who will follow the New Age ways, and they will try and destroy My Church, but the gates of hell will not prevail against Me. My elect will be forced underground and eventually to My refuges where My angels will protect them. Some may die from martyrdom for their faith, but My Church will carry on. This is a message of hope and trust in Me for all Christians because I will always be with you to the end of this evil era. Then I will bring My triumph over evil and an Era of Peace will be granted to My believers. Rejoice always in My love and continue to follow your Savior in prayer, good works, and frequent forgiveness of your sins. Those, who remain faithful, will receive their reward in heaven."

Monday, May 8, 2006:

Jesus said: "My people, the word 'carnival' can take on different meanings in different cities and countries. In America a carnival coming to town is about rides, prizes for contests, clowns, and the like. In other cities and countries 'carnival' is associated with carnal pleasures of the body and an excuse for adultery and fornication. It is one thing to enjoy proper entertainment, but it is completely against My Commandments to engage in sexual sins for whatever reason. Some try to justify this bazaar behavior by saying it is just a celebration as Mardi Gras. But when the intention to have a party is this sinful behavior, then this activity should be shut

down and not attended. Such merrymaking can get out of hand and someone could be innocently abused or violated. If you are aware of this activity at such gatherings, then these places could be an occasion of sin to avoid. So I ask My faithful to use their common sense and avoid these dens of sin, just as you would avoid places of prostitution. Pray for your country's morals and help to stop your people's desire for more of this kind of activity."

Jesus said: "My people, this darkness in an evil city represents the many sins being committed by its residents. The evil is so bad that their sins are crying out to Me for justice. I have shown you many disasters occurring, and in some instances these events were a punishment for sin. This vision of an earthquake is about such a place of evil and there will be much damage and death. I have asked My faithful to pray for the sinners of your country so they could be converted, but in some areas the demons are so strong that there is not enough prayer to overcome them. In these places you must pray to Me so I can send My angels to help these poor souls. When man has invited these demons to possess them and influence them, they are exercising their free will to do evil. This in turn affects other innocent souls in that area. This earthquake is My wrath being called on these evil ones, but My angels will protect the innocent ones. There is a great battle going on between the good and the evil ones. I am calling on My faithful in their intercessory prayer to ask for My help to protect My good souls from the evil people and the demons. Call through Me for My angels to come and defend you from the principalities and powers against you. I have the power over the evil ones, but you must invoke My power to save your souls. Trust in Me and I will protect you so that you should have no fear."

Tuesday, May 9, 2006:

Jesus said: "My people, mandatory chips in your driver's licenses and passports are slowly moving forward so as not to alarm people and cause objections. The cell towers, satellites, and these new microwave antennae are being used to communicate with these chips even when people do not realize it. This is not only a means to buy and sell, but these chips are also a means of tracking people because they are like little beacons to a powerful microwave antenna. If you receive such chips in your documents, it would be better to leave them at home. Mandatory chips in your required documents are another move to the grand control by the one world people. These chips are the precursor to the next step which will be mandatory chips in the body. I have warned all of My people to avoid taking these chips in your body, even if the one world people threaten your life. These

chips in the body have the capability of controlling your mind with voices that will direct your actions. This is Satan's move to violate your free will and My mission for your life. When mandatory chips are required in the body, this will be a sign to you that it is time to call on My help to have your guardian angel lead you with a physical sign to the nearest place of refuge. Refuges will be at My Blessed Mother's places of apparition, places of holy ground, or caves in hilly or mountainous regions. Do not delay in moving to My refuges, or you could be taken to detention centers where those on certain lists will be executed or martyred for their faith. This reign of evil will be brief before I come in victory and dash all of the evil ones and demons into hell. Then My faithful will be vindicated and you will be rewarded in My Era of Peace."

Jesus said: "My people, this rose being given to someone represents how you share your life with others as a gift. Life and love are beautiful things to share with each other because it comes from the heart. There are those in life who will cross your own life, and you may feel called to assist them in some of their trials. It is like how Simon helped Me to carry My cross. When you help others either physically or in prayer, you are interceding for them in helping them. As much as you want to help someone, they still need to carry part of their own burden. I still had to suffer and die on My cross, and I could not have someone else suffer that part of My burden. This is an example for everyone that they in the end have to suffer on their own cross. You can assist someone so far because everyone has to carry their own cross to Calvary. By denying their sufferings, they will have a hard time to purify themselves for heaven. If you help someone too much, they may have to suffer more in purgatory to purge their earthly desires. Pray for all people to have enough spiritual fortitude to carry their own load in giving things over to Me. By this 'yes' to Me in all of their trials, they will gain heaven."

Wednesday, May 10, 2006:

Jesus said: "My people, it is joyful and easier to preach the Good News of My Resurrection than it is to preach 'Christ Crucified'. The Easter celebration is easier to celebrate with all the flowers and new life of spring. I have died for your sins and I have paid the ransom for your souls, so it is a blessing for My faithful to be joyous one day in their own resurrection into heaven, body and soul. But the Resurrection is only half of the story. My Crucifixion is the Good Friday that every soul must suffer with Me in order to receive their reward. That is why preaching My Crucifixion is a much harder message because My death on the cross was an example for how all

of you will suffer in this life on earth. From Adam's sin you have inherited a mortal body which is subject to pain and sickness. You have My promise that I will never test you beyond your endurance. By calling on My help in difficult situations, I will give you the graces needed for you to endure your trials. So while you are on this earth, you can expect to share in My suffering. Pain and sickness are not all bad. Look at how My death and crucifixion had redemptive value for souls. Even when you offer up your own pain and struggles to Me, these can have redemptive value for your soul and for other souls of your intentions. So in your day to day sufferings, do not waste your pain, but offer it up to help other souls. You pray often for many intentions of people in difficulty. Offering up pain and fasting for your intentions can have even a greater result than just prayer alone. See the redemptive value of your own suffering, and you will understand that it is just as important to preach 'Christ Crucified' as it is My Good News of My Resurrection."

Jesus said: "My people, I am showing you up close how there are many detention centers all over your country ready to imprison about ten percent of your citizens who will not go along with the new world order. The patriots in your militias and the religious people, who follow My Way, will not be swayed from their beliefs. That is why the one world people will desire to eliminate My faithful remnant. This is the increasing battle of evil when the Antichrist will have his brief reign. Do not fear these evil ones because they may torture your body, but they cannot touch your souls in My protection. I am calling My faithful to My refuges of protection before these evil ones can carry you off to these detention centers. When you see a forced famine, division in My Church, and mandatory chips in the body, this will be the time to call on Me, and I will have your guardian angels lead you to the nearest refuge. At this time of notification, you will have to leave in haste just as the Israelites left Egypt in haste. My refuges will be mostly in rural areas away from the cities. There you will find water, My heavenly Manna, and meat from deer. My angels of protection will watch over you and defend you. Some will be martyred at the detention centers, and those who follow the Antichrist will be mind controlled through the chips in their bodies. Those in My service will be few, but they will be My faithful elect. Stay true to your faith in Me, and you will have your heavenly reward."

Thursday, May 11, 2006:

Jesus said: "My people, your nation's military power is probably the most sophisticated and extensive of anyone's

military with your many ships and aircraft. Your country spends more on its military than any other nation, yet your troop levels are not as extensive as other nations. Your recent presidents are using your military for their own political ends without too much concern about the consequences. This vision shows more armaments in your Navy ships positioning themselves in the event of an attack on Iran's nuclear bomb making facilities. You can see that any future strikes against Iran could bring Russia and China to their defense, especially for oil concerns. A war carried on in the Persian Gulf could endanger much of the world's oil supply that could threaten recessions and true gasoline shortages, irregardless of demand. My faithful need to double your prayer efforts to pray that a war in Iran does not begin. It is time for your people to stand up to your elected officials and tell them no more wars or funding for such a war in Iran. If your people do not take back control over your constant wars, you will see disaster to your military, and a bankruptcy that will allow the one world people to take over your country. When America is destroyed, you will see the tribulation time unfold. Do not fear this time because My angels will protect My faithful. Many will die and persecution of Christians will continue. Trust in My protection of your souls, and My faithful will be rewarded in My Era of Peace."

Prayer group:

Jesus said: "My people, I am showing you these buildings because some people in high places in your government are going to fall out of favor with the people. You have seen continuous scandals and the problems with the Iraq War, high gas prices, and immigration. Because the people are complaining of these situations, there will be changing faces because the party in power is fearful of losing in your coming elections. Pray for your leaders who need to make some hard decisions to keep your country stable from dissent."

Jesus said: "My people, this flooding basement with dark, murky waters is a sign of how your sins are causing the foundations of your nation to falter spiritually. It is also a sign of how your war debts are gradually leading you to bankruptcy as your deficits are growing out of control. In years past it was a goal of government to match its spending with its income. Now in the spurious claim of a war against terrorism, your government continues to spend billions on a war that is nebulous and without any meaningful limits. Pray for peace and a stoppage of your endless wars that are allowing the one world people to hold you tighter in your debts."

Jesus said: "My people, it is unfortunate that some of My priest sons have found themselves guilty in crimes against your

society. Some are serious crimes of killing, stealing, and sexual abuse. Others are of a minor nature, but still they are publicly discredited by your media. They are suffering their punishment in prison, but they are still My priest sons that need your prayers for their souls. Pray that they are sorry for their crimes, and that their souls could be consoled by confession of their sins."

Jesus said: "My people, in every season various parts of your country are suffering from natural disasters. Fires have returned to a dry Florida and your tornadoes have torn homes apart all across the middle of your country. Some of these things occur every year, but it still does not soften the losses that these families are experiencing. Pray for the victims of these disasters and that they can find help to start over again."

Jesus said: "My people, you are seeing more disturbing reports of violence and sexual abuse in both your grade schools and high schools. Children are being abused by their peers and even their teachers in some cases. You know how much I detest those who abuse My little ones. More oversight and supervision is needed in your schools to stop these scandals. The school leaders need to be held more responsible for these incidents. Pray that these leaders will take their job more seriously in preventing future incidents."

Jesus said: "My people, many media reports tend to focus on the glory of sports players than on how well your students are doing in their subjects. Some reports of how poorly your students are doing are being blamed on poor teachers and racial problems. Your number of dropouts and the lower numbers of college graduates are testimony to the problems in your educational system. Pray also for your teachers and principals to provide a good education for your students."

Jesus said: "My people, some of your manufacturing industries are struggling through bankruptcy and are losing market share to foreign competition that is not operating on a fair marketing field. Labor, benefits, and various U.S. laws are restraining your companies in making profits. It is a difficult problem to compete against foreign made goods that have lower expenses. Some countries tolerate huge trade imbalances just to market their products in your country. Pray for your government leaders and your business leaders to find compromises that will not destroy your wages and limit imports into your country."

Friday, May 12, 2006:

Jesus said: "My people, you have seen many articles in your news about the preparations for a bird flu pandemic if it were

to mutate by spreading between humans. Your drug companies have made millions of dollars on tamiflu vaccine that has been stockpiled, but still has not been proven effective in stopping the bird flu itself. While it is proper to prepare for the event if bird flu should spread, it is a little premature to buy drugs that are not fully effective in fighting such a diseases. It is unfortunate that the one world people have manufactured these diseases and have hyped the threat of more diseases that may never occur. This is their typical scare tactic, but the AIDS epidemic has been made to diminish the population for their ease of world control. Pray that these diseases do not spread and cause even more deaths and sicknesses."

Jesus said: "My people, good paying jobs are getting harder to find in American cities and towns. Service industries usually pay less than manufacturing jobs which are holding steady or decreasing. With downsizing and mergers the average wages are also decreasing. As some companies are threatened with bankruptcies, the owners are trying to get more work out of their employees for lower wages and benefits. Many families are needing at least two jobs to provide a medium lifestyle. With lower incomes it will be easier to live a simple lifestyle than having everything you would like. Living simply is better for your spiritual life so you do not have to deal with too many earthly distractions. Doing with less may be harder for those that used to make more money, but it prepares you for living in retirement. A lot of people's luxuries are not that necessary to have a happy life. When you focus more on heavenly priorities of living simply and helping others, you will then have more time for prayers and spiritual reading. Strive to gain heavenly treasures, for they are worth more than all of your earthly possessions. Trust in Me and I will provide all that is necessary for your earthly needs. Even more so when you follow Me, you will find peace and rest with Me that you cannot find anywhere else."

Saturday, May 13, 2006:

Jesus said: "My people, creation of a new spirit and the formation of new life is where I invite humanity to be a part of My creation. You provide the flesh in procreation and I provide the life in the soul. Without My spark of life, your flesh is lifeless and dead. I also provide everyone with a guardian angel to watch over you and protect you from the demons. This vision, showing you the bright lights, represents the spirit of the baby and the spirit of the guardian angel that enter at the moment of conception. This union in the marriage act is sacred and should be done only under the bond of marriage. That is why it is a mortal sin to violate this act by your sins of

fornication, adultery, and the use of contraception, tube tying, or any other form of sterilization either surgically or with pills. Now man in his scientific delving has even used in vitro fertilization, cloning, and DNA manipulations to form disease free babies. This artificial formation of babies outside the marriage act is why these means are mortal sins, and also it is like man playing God in what he is making. These activities are an abomination for whatever reasons of fertility, stem cell research, or use of body parts and cosmetics. Any artificial conception interferes with the creation of new life, and many of the multiple embryos formed are discarded. If you wonder why you are being punished for these activities and your abortions, it is because of man's complete dismissal of the preciousness of life. You have taken new life out of a loving environment and have reduced it to a scientific curiosity. Satan is behind all of this violation of My laws of life because he wants to do everything to kill man and destroy My plan for life in a family setting. Avoid all of these sins against life and follow My natural order of procreation under the sacramental life of marriage of a man and a woman."

Jesus said: "My people, this sign of a funeral shows you how soon it will be for all of you to die some day. Your life on earth is very short. You are here today and buried tomorrow. Some in their lives have had to work hard most of their years. Others have been spared hard manual labor, but you endured much stress in the modern day workplace with the threat of layoffs and plant closings. It will be difficult for more Americans to live as good as their parents because of the shift of money to the wealthy and other nations. With decreasing wages, your tax collections will lessen and you will not be able to find money for health, welfare, and Social Security. Unless your country repents of its sins, you will see America fall into a decline that will lead to your demise. Pray for all of the souls of your country to be saved, because they are more valuable than your wealth."

Sunday, May 14, 2006: (Mother's Day, my mother's Mass)

Mary said: "My dear child, I am happy to present your mother and father to you and your family as they are here with David interceding with their prayers for you and all of your intentions. We are pleased with your improved desire for wanting to know more about God and how He works in your life. Continue to seek us in your spiritual reading and we will be more open to helping you in your mission of saving souls. Think of your possessions as only tools to help your mission without letting them interfere with your prayer life. Continue to keep your focus and priorities on My Son, and He will provide for all

of your needs in life, and the graces to carry out your work. Be thankful for the gift of all mothers, and especially me as your Blessed Mother, as you are all my children."

Monday, May 15, 2006: (St. Isidore)

Jesus said: "My people, your scientists have unearthed some very old bones from a dinosaur period of long ago. There have been many species of animals that have appeared for a while and then became extinct for various reasons. Many of the old events of massive volcanic explosions and comets or asteroids striking the earth have influenced this coming and going of various species. Even in your modern world you are concerned about such destructive events that could again change life on the earth as you know it. Man has been able to adapt to various problems of violent weather, earthquakes, and volcanoes. All of man's abuses of nature can change your environment which is very delicate in certain areas. Appreciate the beauty of My creation and give praise to Me for bringing it about, but be careful to preserve what you have so your grandchildren can have the same experience."

Jesus said: "My people, this vision is a vivid description of the darkness and coldness of a room associated with a demon's presence. This room represents places of occasions of sin and it is called the devil's territory. Contrary to this, places of churches, holy ground, and true apparition sites are heaven's territory. Every time you go to bars, places of prostitution, pornography shops, or evil movies, you are in occasions of sin and you are in the devil's territory. If you are working to perfect your soul, you should avoid all occasions of sin for you, and seek places of heavenly territory instead. You should recognize your human weaknesses and refuse the body's desires for sinful pleasures and comforts. When your priorities are focused more on heavenly things rather than earthly things, you will be more disposed to following My Will than your own will. You can give your will over to My Divine Will when you consecrate everything over to Me every day. Focus your life on doing more things for Me than for yourself, and you will be on the right path to heaven and sainthood."

Tuesday, May 16, 2006:

Jesus said: "My people, do not worry about where you will find food to eat, water to drink, or shelter to stay. You have My abundant graces and gifts for your needs for those who ask for them. If you can give good things to your children, how much more can your Father in heaven grant you in your needs. My blessings are always available when you call on Me in My Name. When you ask Me, you are calling on God the Father and the Holy

Spirit as well. If you keep My Commandments, you will see even more generous gifts both in graces and material things. I will provide for all of your needs, but do not seek in prayer for more than you need. Also, you should be willing to share what you have with others, especially if you have an excess of wealth. Giving back your tithing to the charity of others is the best thank you that you could give to show Me your appreciation of My gifts. Do not be selfish or steal and cheat for this world's gifts. Your treasure is your love for Me and your good deeds for others. Keep your focus on Me and give Me praise and thanksgiving for all that you have."

Jesus said: "My people, there are souls reaching out for your prayers that are on their way to hell if they do not find someone to pray for them. You have seen and heard testimonies of those who have seen hell and how much the souls are suffering there. These souls are to suffer forever in a place of hate and torment with total hopelessness in no way out of their fate. They suffer from not seeing Me, or experiencing My love. They suffer a true burning sensation without the flames consuming them. They suffer the sulfur stench and the torment of hate from the demons. This is why it is so important to pray for all the poor sinners on earth who have yet to be judged. While a soul is alive on earth, they can be saved, but there are various prices for these souls. The more a soul is controlled by addictions, anger, pride, and involvement with the occult, the higher the price is for their soul. Pray for these souls that are the closest to going to hell so they could have a glimmer of a chance to be saved by My mercy. Every soul, who has a prayer advocate, still has a chance to be saved before their death. With your prayers, fasting, and suffering, you can release souls from going to hell and at least help them to make it to purgatory. Continue to keep these poor sinners in your prayers because souls could be lost to hell by your spiritual laziness."

Wednesday, May 17, 2006:

Jesus said: "My people, you have heard in the Gospel how I am the Vine and you are the branches. Apart from Me you can do nothing. The vision of My spiritual presence in the body shows you how I am present with you even at death. The soul remains around the body with Me while they are in transition of being separated from the body. Indeed all of My children have free will to choose to love Me or not. If you choose to follow My Commandments and do My Will, I will mold you to do the mission that I have planned for your life. Pray daily, and stay focused on Me in all of your actions. For those, who are faithful to Me until death, you will receive your just reward with Me in heaven. When you fall in sin, you have My sacrament of

Reconciliation to renew My graces and cleanse your sins. It is important to stay in My grace so you will be strong against temptations, and always ready to face Me in judgment, or receive Me in Holy Communion. Those, who choose to follow their own ways in mortal sin, are separated from Me as the Vine. These souls could be lost forever in hell if they do not return to Me for the forgiveness of their sins. They need prayerful intercession to be brought back to the faith. They can be saved up until their death, but they risk the loss of their soul to the evil one while they remain in their sins. Remember that you are nothing without Me, and that by receiving My Body and Blood in My Eucharist, you will have eternal life. Give Me praise and glory in My Blessed Sacrament and I will be with you until you come to Me in judgment. Return your love to Me as I love you always."

Jesus said: "My people, you are enjoying the beauty of this little shrine to My dear St. Rose. In a recent message I talked to you about My Victimhood for all of mankind when I died for all of you on the cross. One of the opportunities, that you have living in the flesh, is to be able to offer up your own personal sufferings as redemptive offerings to save souls. St. Rose was one of My victim souls and many healings, both spiritual and physical, have come through her intercession of her sufferings. In the morning as you are offering your daily consecration to Me, you can also be a victim soul by offering up to Me all of your little sufferings, disappointments, trials, and insults. You may not be called to a serious illness or My wounds, but you can still offer up all that you will bear each day so that souls could be helped and saved from hell. The more you understand the reasons for My sending you suffering, you will understand how they humble you and give you this chance to suffer pain for others. Be thankful to Me for everything that I send you that will help save your soul and the souls of others."

Jesus said: "My people, this vision is a blessing for this site that all the demons have been cleansed from this area. All the evil demons that come in on people to this site will also be cleansed because they cannot enter these grounds. These are blessings of My graces for those who are taking care of this place. This protection from demons will be duplicated at all refuges as My angels of protection are guarding the souls from all evil at these places. Give praise and thanks to your Lord for providing My places of protection, and miraculous ways of providing for all of your needs. Trust in Me and all of your physical and spiritual needs will be provided for."

Thursday, May 18, 2006:

Jesus said: "My people, I have given you My Blessed Mother

as your own mother at the foot of the cross through St. John the apostle. My Blessed Mother has given you her scapular to wear with the promise of salvation for all who wear her mantle of protection. She is watching over all of her children. She also has given you her rosary and the Mysteries of the Rosary that honor all of the major events in both of our lives on earth. Praying the rosary and wearing her scapular are your blessed sacramentals of protection from the demons. The rosary is your weapon to help save souls that have wandered away from Me. Your formal prayers are one way of showing your love for Me and My Blessed Mother. Pray her rosary lovingly while meditating on each particular Mystery each day, and you will have us walking with you each day. You are protected from physical and spiritual harm by your guardian angel, but you also have My Blessed Mother's mantle of protection over you as well. Keep these blessed sacramentals on your person at all times to protect you from the demons. We both love all of you very much and remember to follow Me in everything that you do."

Thursday, May 18, 2006:

Prayer Group:

Jesus said: "My people, you have visited a beautiful church with a large crucifix and statues of angels, My Blessed Mother, Myself, and the saints. This traditional church was very well attended and has brought forth many vocations to the priesthood. You can have statues in your garden to witness your faith in public. You can also arrange some statues and icons on an altar in your prayer room. You are using statues as models of the saints and angels to imitate their holiness. Keep the traditions and roots of your faith as you teach them to your children and grandchildren."

Jesus said: "My people, your local church is your place to have Mass both on Sunday and during the week. Instead of looking at other churches for better services, you should have allegiance to your own church as long as they are following the proper liturgy. You have the graces of My sacraments at your church, and you need to support your priests and the financial support of that church so that it is not left to be closed."

Jesus said: "My people, many can have personal attachments to their local church as where they were married. As the years go by, you can remember how all of your children were baptized at your church. You also may have seen your own children married at this church also. Then there are your parents or relatives who had their funeral Masses at this same local church. Memories do not fade that fast, so when you think of these special moments, your local church should have great meaning to you to keep this church open."

Jesus said: "My people, at each stage of your spiritual life you are seeing how important these events can be in your life and the life of your children. You took great care to be at all of your children's and grandchildren's First Holy Communion. As your children and grandchildren grow older, you are also present for their Confirmations as well. See that your parish life is so vibrant and meaningful to keep each other close in a beautiful faith. Give thanks to Me and your priests for being able to witness to all of these sacraments in your local church."

Jesus said: "My people, it is unfortunate that some of your good priests have been involved with sexual scandals. In some cases these priests have had to deal with their own frailties, but in other cases there could be unjustified causes that diminished a priest's name. This is why it is so important to pray for My priest sons so they are not compromised by the evil one, and that they do not lose their vocation."

Jesus said: "My people, part of your support for your church will go to pay for vestments, vessels, books, wine, hosts and a monstrance. The holy things that are needed for Mass, Benediction and Adoration are the more important expenses as well as stipends for the priests. These things help to preserve and provide for all that a church needs to operate and provide for the spiritual needs of your people."

Jesus said: "My people, I want My people to pray for the protection of your churches so they are not vandalized for money or that consecrated Hosts are not taken from the tabernacle. My angels are all around My churches to protect them, but you will see more destruction and abuse of My churches as evil grows worse in this evil age leading up to the tribulation. Protect My Hosts from being abused by demonically inspired vandals. In all of these messages this night you are seeing how important your priests and your churches are in the spiritual life of your parish."

Friday, May 19, 2006:

Jesus said: "My people, this latest movie about My supposed marriage to Mary Magdalene is another heresy promoted by your misled movie industry. The fact that My followers would give any credence to this heresy is a bit alarming. Many of these authors are researching tainted documents that were fabricated right from the beginning to put Me in a bad light. Even the Scriptures showed you how these high priests paid off the soldiers to say My disciples carried off My Body. If people in My day tried to discredit My Resurrection, you can see how such stories as this recent movie could be written to try and even discredit My manhood. When the Muslims caused riots in the

streets, it was about cartoons discrediting Mohammed. Now that the people are discrediting Me, what are My followers going to speak out in My defense? Your movies and books are evil enough without further degrading themselves with heresies as well. Continue to protest and speak out in defense of your faith, even as your movies try to smear My Name."

Jesus said: "My people, wheels have many uses for cars, airplanes, and trains. They are mostly used for transportation, but wheels can also be used in gears and watches. Bikes can also be used to travel to My refuges when gas is not available. When you look at a circle, it is a symbol of eternity with no beginning and no end. Your human lives go through a cycle of aging from birth to death, but your soul does not die and will live forever. That is why it is so important that you choose to spend eternity in heaven rather than hell. Your spiritual life is like an eternal flame that will never be blown out, but it will burn forever. See that My death on the cross has enabled you the opportunity to walk through the opened gates of heaven. Every day that you sacrifice your Mass to Me, you are preparing yourself for heaven because receiving My Body and Blood is the closest experience of heaven that you can have on earth."

Saturday, May 20, 2006:

Jesus said: "My people, many of your modern movies are a disgrace and not worthy to be seen by your children. They show violence in murders, nudity, and vulgar language. Most of these movies can be an occasion of sin for everyone. Some even glorify occult and demonic subjects, and now even blasphemous subjects about My life. Avoid these evil and blasphemous movies and do not support the subjects that Hollywood thrives on in being sensational. The immorality and violence in your movies are a mirror image of your evil society in how depraved it has become. Some even imitate the killing and abuses that they see on television and the movies, and you still wonder where your young people get such evil ideas. Earthquakes and destruction of your movie makers have been My answer to your movie and TV industry."

(Melissa's Wedding) Jesus said: "My people, this vision of the bride and groom wearing crowns is all about the permanence of the wedding bond for life. It is unfortunate that many couples do not always think of their vows to the death as a total commitment. You know that almost half of today's marriages end up in divorce. This is why some want to have a way out of a marriage if needed, or a prenuptial agreement on any future financial statement. Such preconditions to a marriage can stifle any chance for a successful long lasting marriage. As you give your all to Me in your daily consecration, you also need to have a daily commitment to your

spouse in pleasing their wishes. When you truly love someone, you will do something for them willingly without questioning if it should be done or not. The only time, that you would not serve your spouse, would be if they asked you to do something sinful or against My laws. Love of Me should be your first priority and then love of others after that. Remember the reading that speaks of love as necessary in doing everything."

(Melissa's father had a funeral Mass on May 21, 2001). Bucky said: "John, I am so happy to see my baby happily married to Paul. I am sorry that I could not be there for this big day in her life, but I can still see how happy she is. I do not want her to be disappointed in tears, so tell her that I can see everything that is going on. I love my Carol and the rest of my family. Be joyous, Melissa, on this glorious occasion of your wedding. I will be praying for her marriage and please pray for me."

Sunday, May 21, 2006:

Jesus said: "My people, you see the mining of uncut diamonds in this vision. I liken My new souls as diamonds in the rough. Living this life is a growing process, and as you develop in your faith, it is as you are a diamond being cut and new facets of your life are being exposed. Over the years you are being shaped to fulfill your mission as I have planned it. Even as you grow older, you need to polish your rough edges in forming a loving spiritual life. You are all sinners and in daily progress as you strive to perfect your spiritual life. Once you have been properly formed and polished, now you are ready to shine and give greater glory to your Lord. This purification process is a life long work that every soul has to struggle through as you ready yourself to be pure enough to enter heaven. Remember to love Me and your neighbor as you imitate your God who is all love."

(25th Silver Anniversary of Fr. Bonsignore's Ordination to the priesthood-Latin High Mass) Jesus said: "My people, many of you have a deep longing for the music and the mystique of the Latin High Mass. Even if this Mass is not in the vernacular and it lasts a little longer, I find this Mass more to My liking because of its reverence and tradition which gives honor and glory to My Real Presence in My consecrated Host. I know the Novus Ordo Mass is accepted in My Church, but the beauty of this service gives Me greater glory in My eyes. I thank all of those responsible for keeping and preserving this Latin Mass so the people do not forget the rich heritage of My Church. I especially want to thank Father Bonsignore and all of My priest sons who remain loyal to My service in their vocations to the holy priesthood. I call on all of My faithful to continue to

pray for all of My priest sons so they can carry on their ministry of My sacraments, and save souls for My greater glory as well. This vision of My Blessed Sacrament in Adoration is a special way that My adorers can share their intimate love with Me. I am here always to give you strength and sustain your spiritual life until you are called home to Me in heaven."

Monday, May 22, 2006: (St. Rita)

Jesus said: "My people, many of your people visit movie theaters on weekends, but not nearly as many come to give Me worship on Sunday. You let the movies, television programs, and other distractions take away your time from visiting Me and from your prayer time. I give you many messages about making Me your first priority among the world's cares and desires. I am your Creator, Master, and Redeemer, and I am more worthy of your time and worship than anything else in this world. I give you freedom to choose to love Me or not, but you must accept the consequences of your bad choices. Those, who choose to follow the devil and this world's idols, are choosing the broad road to hell. Those, who choose to love and worship Me, are choosing the narrow road to sainthood. Perfecting your soul from earthly desires will be a struggle all of your life against the desires of the body. Look at how you are spending most of your time other than work, and you will see which road you are traveling."

Jesus said: "My people, when you are visiting with other people I do not want you to be boasting about your latest possessions, your money, or your accomplishments. Instead, you must be humble in your speech, and if you should boast, you can boast of your good deeds in My Name. In your meetings you should not gossip about others that could bring shame on their names. I want My people to live by Christian principles and show your faith in your daily actions. Be a good example to everyone and do not cause any scandal in public by your words or any bad actions. Witness My love in all of your deeds and words. Love Me and your neighbor as yourself. The more you do for others, the less earthly desires will possess you."

Tuesday, May 23, 2006:

Jesus said: "My people, you have seen dying patients pass on to the next life at hospices, and you have attended many funerals of your friends and relatives. You have seen death and you may have mourned the loss of some loved ones in your life. Unless you have experienced a near death event in your life, you have yet to experience death yourself. It is not something to be feared if you have your soul ready and pure to face Me at your judgment. As people die, sometimes you can sense if they are peaceful or apprehensive in a frowning face. When someone

dies, it is not assured that they all go to heaven. Very few go directly to heaven, while the rest go to either purgatory to be purified, or to hell to be condemned. This is why it would be beneficial to your soul to take some time to contemplate that one day you will be lying in the casket. Once you are dead, there is nothing more that you can do but accept My truthful judgment of your life. Now is the time to make a preparation for your soul for the day of your death. It may not be a pleasant subject, but thinking of your eternal destination is always sobering. When you stand before Me, you will be all alone with only your good and bad actions in your hand, and free of all of your worldly cares and distractions. Use your remaining time to serve Me and show Me your love and your love for your neighbor. By growing close to Me in your daily consecration, you are insuring yourself of a beautiful resting place with Me in heaven after any purification."

Jesus said: "My people, you have seen a string of events occurring from the floods in New England to the fires in Florida, and many tornadoes before that. These natural disasters will continue and will grow in intensity from June on. America has not shown any change of heart in improving from the evil of your society. Because of your hard hearts, you have called My wrath down on you at this time. I call all of you in America to pray for your sinners and your leaders so they will lead you in the right direction and not into a world government. Prepare yourself for the coming tribulation with a constant daily prayer time."

Wednesday, May 24, 2006:

Jesus said: "My people, I am showing you this simple life on a farm because providing food for each other is one of your basic needs for survival. Agricultural products are becoming more important in your society for selling and exporting. As your manufacturing industries decline, more jobs will be focused on services and food crops. As time moves on, your wages and your standard of living will decrease. Your growing deficits in your government and your negative balance of trade in exports are lowering the value of your currency relative to other countries. Your increasing cost of living will force your government to stop going into further debt with wasteful wars or your country will fall into bankruptcy. This is a goal of the one world people to cause a takeover of your government. You will be seeing more emphasis on chips as the mark of the beast both for security and buying and selling. The real reason for smart cards and chips in the hand are to control your population as robots. Refuse to take chips in the body, even if they threaten to kill you. Pray for My help and My protection at My

refuges as evil will worsen."

Jesus said: "My people, avoid anything to do with occult activities that praise the devil instead of Me. Avoid secret societies that follow the instructions of the evil one. Avoid places of influence and money that are connected to the one world people who take their orders from Satan. Avoid using smart cards and chips in the body that are using mind control techniques and voices to control people. When you see the evil ones taking over, you will run to My refuges following your angels so you can be protected from being killed. Evil will be allowed a short reign over the earth, but My angels will protect you. In a twinkling of an eye I will bring a great chastisement over the earth with a comet that will cause three days of darkness. Then your blessed candles will show you light, and I will bring a renewal to the earth as you will see a new heavens and a new earth in My Era of Peace. Trust in My love and My coming victory over evil."

Thursday, May 25, 2006: (Ascension Thursday)

Jesus said: "My people, I left My apostles in bodily form as I returned to My Father in heaven. I had to leave them so they could receive the Holy Spirit. My angels told My apostles that I would return one day just as they saw Me ascend into the clouds. In another way I did not leave them because I am always present to My apostles and My people at the Consecration of the Mass. You can call on Me in prayer, receive Me in Holy Communion, or visit Me at Adoration or in My tabernacle. I am in My Real Presence, Body and Blood, in every consecrated Host. I love all of you so much, and I long to talk to your hearts when you are in My presence. This incense is like My love that awaits you every time you can visit Me. Be prepared with a clean soul for the day that I will return to you."

Prayer Group:

Jesus said: "My people, unless the seed dies, the new grass sprouts cannot begin to grow. In the same way unless you die to self, your spiritual life cannot begin to grow either. When you plant the seed in good soil, it is like giving a person a good foundation in the faith in order to flourish in their spiritual life. The water, that initiates the seed to grow into grass, represents the grace of My sacraments that are needed for your soul's growth. Nurture your faith in daily prayer, and you will be preparing for your coming to heaven."

Jesus said: "My people, in the spring the farmer readies his field for seeding. He plants his crops and then applies fertilizer and irrigation to start the seeds. It is a miracle how the crops grow according to My plan for them. As your children form and grow in the womb, they also are miracles as

they grow to adults. The faith that is started in each soul is also a gift and a miracle. But if that seed of My Word is not nurtured by training in the faith and not helped with My sacraments, then that kernel of faith could die on the vine. Parents are responsible to bring their children up in the faith and you will be held accountable for their training."

Jesus said: "My people, your whole life is like a stairway where you have to advance in various steps as you work toward your perfection. You do not become a saint without working with My plan for your life. I have offered salvation to every soul by My redemption of their souls by My death on the cross. It is you who must accept Me as your Savior and seek My forgiveness of your sins. When you give your will over to My Divine Will, this is the first step in renouncing your earthly desires. Loving Me and your neighbor is your ongoing struggle in this life. Offer up all of your sufferings to Me as a victim soul, and you will be one more step closer to Me in heaven. Keep your focus on Me at all times in your priorities, and you will be able to climb your Calvary to reach your crown that awaits you in heaven."

Jesus said: "My people, this blasphemous movie of 'The Divinci Code' is how your evil movie makers are continuing to make Me suffer more on My cross. Avoid watching this movie, even out of curiosity, so you do not give your financial support to such abominations. Many of your movies are bad enough in your violence and nudity, but when you try to change Scripture with such blasphemy, My faithful need to speak out against such lies. Many of your movie producers are crying out for My judgment. These producers will find disasters and financial problems fall upon them as a punishment for mocking My life and what I taught."

Jesus said: "My people, there is a Scripture passage in Revelation (Rev. 6:16-17) when the evil ones will be calling the mountains to fall on them because of their desire for death instead of My punishment. When I come, the evil ones will suffer a living hell on earth when they will desire death over suffering the burning flames of chastisement. After this earthly torment, their souls will burn forever in the flames of hell. You have free will to choose to love Me or not. Choose to follow Me into heaven, or your other choice will be in the eternal flames of hell."

Jesus said: "My people, look how much money that your country spends on weapons of war and carrying out war all over the world. Arms for war should not be your number one expenditure of your national budget. Wars are all about destruction and there are no winners as you have seen in Iraq. Why do you let yourselves be led into war after war by the one world people? If you want peace, you must stop your wars and

stop forcing your way of life on everyone. Tell your representatives to stop your wars, and you do not want your tax dollars going to support this killing. Pray for a stoppage of war, or you will be the one who dies by the sword."

Jesus said: "My people, you will soon be celebrating Memorial Day when you are commending all of your servicemen and women who have defended your country from dictators as in World War II. Gaining your liberties came from your Revolutionary War. There are justified wars for defense, but unprovoked wars are crossing the line, as well as nebulous wars on terror as excuses for perpetual wars. The one world people are causing wars because they profit from them. Take away their profits by stopping these useless wars that accomplish nothing for your country. Pray for people to love one another instead of making excuses for constant killing. Killing is against My Commandments, and killing in useless wars, abortion, and euthanasia are all being perpetrated by the same evil central bankers."

Friday, May 26, 2006: (St. Philip Neri)

Jesus said: "My people, you are seeing this vision of the weeds and the crops to remind you of My parable about the weeds and the wheat. (Matt. 13:28-30) 'And the servants said to Him, 'wilt thou have us go and gather them up?' 'No', He said, 'lest in gathering the weeds you root up the wheat along with them. Let both grow together until the harvest and at harvest time I will say to the reapers: Gather up the weeds first and bind them in bundles to burn; but gather the wheat into My barn.' I explained to My apostles how the wheat represents the faithful people who are gathered by My angels at the judgment into My barn of heaven. The weeds are those people who choose to follow the devil, and at the judgment they will be chained in hell and will burn in the flames of hell. This is My justice and mercy that holds everyone accountable for their actions when you are judged after your death. In the end there are only two choices for your eternal life. You can be gathered into My barn of heaven, or you can be bound and burned in the fire. You can grow and yield thirty, sixty, or a hundred fold as wheat, or you can follow worldly things and the devil as a weed which does not bear fruit."

Jesus said: "My people, this place of Gold Light on the top of this mountain is a sign of the Presence of God the Father. Wherever He dwells, it is truly holy ground, just as Moses had to remove his sandals to give reverence to God the Father in the burning bush. Where such holiness resides, you will find miraculous protection as at My refuges. When My heavenly Father is protecting you, you surely have nothing to worry about. When

you have trust in Our power, nothing from the evil one can harm you. No matter how many battles you will face in life, We will send sufficient grace for you to endure all of your trials. When you come before My Blessed Sacrament, you will be surrounded by My angels of protection. All of My tabernacles are on consecrated and sacred ground. The more you make visits to My Blessed Sacrament, the more you are honoring the Blessed Trinity."

Saturday, May 27, 2006:

Jesus said: "My people, at times in your life you feel tired and restless from anxiety of not being able to do all that you wanted to do. You need to slow down and not be so concerned with your busy work. You can accomplish just so much in a day, so do not try to do more than is possible, and be frustrated in not doing more. If you focus your priorities more on your spiritual work, you will see that the devil wants you to be so busy with earthly things that you have no time for Me. Put things in proper perspective of spiritual priorities, and you will see how many of your activities are not that necessary to save your soul. If you are constantly running errands all of the time, you will not have any time to think and pray what you should be doing for Me. Instead of running off to satisfy all of your earthly desires, slow down to ask Me what I think you should be doing. Many times you will find My desires for your life to be a lot different than your own. Follow My plan for your life, and you will have a lot more peace and rest in the Spirit."

Sunday, May 28, 2006:

Jesus said: "My people, this seems like an unusual vision that you should see a larger demand for bicycles than normal. This means that your access to fuel is going to have some dramatic setbacks. Wars will continue to threaten your oil supply, especially wars around the Persian Gulf. Such a threat to your oil will raise prices to the point where it will be difficult to go far. Alternate fuels are improving, but are not yet capable of replacing oil. Another problem with supply will be restrictions because of the mandatory use of smart cards to buy the gas and allow use of the highways. As a result of these problems of fuel access and mandatory chips, many of My faithful will be forced to use bicycles more for transportation. When you are forced to use chips for buying and selling, especially chips in the body, then your money will be useless and it will be time to go to My refuges. This is why I have asked you to have bicycles ready to leave because of this fuel problem and your need for protection from those who want to force chips on

everyone. This time is coming very soon so you should have things ready to leave for My refuges. Pray and trust in Me for your protection and your needs."

Jesus said: "My people, in this vision of a train coming out of a tunnel, I am calling your attention to the words 'tunnel vision'. When a person may have bad eyesight, they may have this condition which means that they can only see what is in front of them without any peripheral vision. This idea can be a problem for people who make quick and rash judgments about others without knowing all of the facts. That is why I should be the only true judge because I do know what is in people's intentions in their hearts. At other times My people need to seek the big picture for My plan for your life. You may think that you are only one person, but you have a unique mission and you are given unique talents to accomplish that mission. I need every one of you to use your talents to help others and yourself to save your souls. When you evangelize others to the faith, you are being My instrument for helping to save their soul by sharing your gift of faith. So focus on the big picture in everything that you do, and you will see how I act through every one of you by My love."

Monday, May 29, 2006: (Memorial Day)

Jesus said: "My people, it is honorable to fight for one's country, and some have paid the ultimate price so that others may live in freedom. Even I paid the same price, but I died so that all of mankind could live in spiritual freedom. By asking for forgiveness of your sins in Confession, you can be loosed from your bonds of sin. Many decorate graves with flowers and flags for those who served in the Armed Forces. It is also a reminder to you of how costly in lives it is to go to war. Many of the rich one world people do not care who dies in a war, just as long as they are getting their blood money profits. They keep themselves from the fighting, but they make money on the arms to both sides, as well as the interest on your war debts. Pray for the families who have lost loved ones in wars and for those serving now. Pray also that your wars are stopped so these greedy central bankers are denied any further blood money."

Jesus said: "My people, in the middle of your country you know that there are old fault lines that caused much damage years ago. This vision of a house in the South on this fault line shows how violent earth quakes can be now that more people live there. In this part of your country they do not build houses to stand earthquakes. That is why any damage from earthquakes will be much more severe than in California. I have told you to move away from areas prone to earthquakes,

hurricanes, and tornadoes. If you must live in these areas, then build your homes to withstand these disasters where possible. Place scapulars and blessed medals all over your houses for protection from these natural disasters. If you call on My help, I will send My angels of protection to keep you from harm. Trust in My protection to guide these storms away from your houses."

Tuesday, May 30, 2006:

Jesus said: "My people, it is unfortunate that your young men are dying everyday in Iraq from roadside bombs and suicide vehicles. The more the media covers day to day losses, they are encouraging more attacks for publicity. Now your reporters are so anxious for an up close report that they themselves were blown up. How long are you going to put your soldiers in harm's way just to satisfy the one world people's desire to be at constant war? You have long finished your work there, and when you leave, things will return to Islamic control. Your troops need to come home, and your country needs to stop bringing war on so many countries. Your war costs are not accomplishing much, and you are slowly depleting your military. Focus more on love and compromise, instead of forced wars which your citizens are being brainwashed to fight."

Jesus said: "My people, this transition from driving on land to driving on the water in the boat is a great teaching opportunity in comparison of this life to the next life. Your whole life is a preparation for this coming transition of death when your bodily life will be changed over to a spiritual life. Just as the man prepares the fuel for his boat, you also need food both for this life and the next life. The spiritual food that you need is found in My Body and Blood in Holy Communion. Another preparation for this next life is to have your soul always pure by frequent confession of your sins. You want other souls to also be prepared by evangelizing them to come to know Me. Your mission is all about preparing people for the coming Tribulation so they will be able to face Me at the judgment of their lives. Continue to shout My Good News of My Resurrection when you will go through the greatest transition of all, when you will be reunited with a glorified body and your soul at your own resurrection."

Wednesday, May 31, 2006: (Visitation of Mary, Magnificat)

Jesus said: "My people, you recite the Magnificat in the evening hours of the Liturgy of the Hours prayers. This is a constant reminder of how blessed My Mother is to be sinless, and she carried Me as an infant for nine months. These flowers and candles are an honor to My Blessed Mother as she is the Ark of

the Covenant, as she was like a tabernacle while she carried Me in her womb. The Blessed Virgin Mary is My vessel of purity which I prepared from the beginning of man. She is the new 'Eve' who has given her 'fiat' to Me instead of the first Eve's no in original sin. Sin came into the world, but I have conquered sin and death as I became the New Adam to repair the damage done by Adam's desire to be a god. All of My faithful are called to be My servants in humility and to give Me worship and thanks for being created. My Blessed Mother is your sinless model who accepted her role willingly to be My Mother, and a significant part of salvation history."

Jesus said: "My people, as you grow older, many people require reading glasses or a change in their eye prescription. You place your glasses in a case to protect them from being crushed. Even though your body parts may have problems, you usually grow a little wiser in your spiritual life as you grow older. You have the benefit of learning from your mistakes in life, and you start to see what is really important in growing in faith. In your early years you are seeking wealth and possessions. After you acquire earthly things, you see that they do not really make you happy. A loving spouse and children are more rewarding, and loving Me will bring peace and satisfaction that the world cannot offer you. So love and peace give you more out of this life than earlier goals. As you grow older, you also realize how short this life is and where you want to go for your eternal life. The path to heaven is down the narrow road, and you will suffer much from people who criticize your faith. To the worldly it is foolishness to love people and give away your money and time to others. But to Me love and generosity are far more important than your accomplishments or how much money you accumulate. See that giving everything over to Me helps you to separate yourself from earthly desires which is necessary on your road to perfection. Imitate My life and the lives of the saints who were more focused on being holy than seeking to satisfy the body. Follow Me through this life's trials and sufferings, and you will have your reward in heaven for being faithful to Me."
