

Saturday, November 1, 2003: (All Saints' Day)

Jesus said: "My people, today's feast of All Saints' Day is a tribute and honor to those souls who have suffered on earth and in purgatory so they could be perfected to saints. Very few souls leave this life and go directly to heaven. These are among the canonized saints of My Church. It is not impossible to be a saint because one day, all of the souls in purgatory will reach sainthood, even though they may not be acknowledged by My Church. At the same time do not presume that everyone, who dies, will go to heaven. To be perfected, you must follow and serve Me without any doubts or misgivings. It means you must renounce all attachments to worldly things because few there are that follow the narrow road of suffering to heaven. All those, who choose the broad road to hell, are those who make themselves or the world gods and idols without any intention of serving Me. Do not be disappointed that the majority do not want to give Me praise and glory. You must strive to save your soul and those who will listen to conversion requests. Do not give up on souls until their dying breath, as I struggle to also win their hearts. Give thanks to Me for your gift of faith and guard your soul from the evil one with the grace of My sacraments."

Jesus said: "My people, those of you in America are living like royalty in comforts compared to those in the rest of the world. This protected gazebo represents your comfortable living with all of your worldly wealth and possessions. What would happen to you if you lost your home as in a fire? What would you do if all of your money was stolen from you? These may be frightening things to some, but if you understand this life, you would realize that all of these things around you are not really yours. I can take them back as freely as I gave them to you. You remember how I tested Job, so you should realize that you are only a steward of things and the people in your life are also free for Me to take back. Man was sent out of the Garden of Eden to earn his bread by the sweat of his brow. You are not here on earth just to build up riches for yourself, but to share your faith, talents, time and money with your neighbor in need. When you love your God, you will love that part of Me present in every person. Sometimes in life's testing you may find yourself in the darkness of the unknown of how you are going to survive. I constantly remind you to have trust in Me that I will provide for your needs and you will not be tested beyond your endurance. When you are in need, I know what you need and I want you to come to Me so I can teach you about perfecting your soul. Seek your spiritual needs first of wanting to be with Me in My kingdom and everything else will be granted to you. Have humility, peace and a desire to serve Me, and your soul will be

at rest in My presence. I love each of you so much and I want you to surrender all you are to Me so I can mold you into the person that I want you to be. If you resist in holding back anything, then I cannot complete My work in you and you will be a prisoner of that which you are holding back. Now is the time to be purified as a saint, but you must be willing to change your life to conform to My Divine Will."

Sunday, November 2, 2003: (All Souls' Day)

Jesus said: "My people, you are observing in this vision a picture of the suffering souls of purgatory. The dripping white material represents the grace of your prayers that is falling a little bit on each soul. When you pray for all the souls in purgatory, the grace of your prayers are like one little drop on each soul to help them in their purification. Some remember to pray for their deceased relatives on a regular basis, while others fail to think about them except at the cemetery. Today, everyone should remember to say some extra prayers, especially for your deceased loved ones. You do not always know the disposition of these souls, so you need to pray for them if they are still in need of your prayers. You pray for those who died in the last year, but pray for all of them, no matter how long ago they died. These souls are depending on you because they lived among you at one time. When these souls reach heaven, they will well remember those who prayed for their release from purgatory. Praying for the poor souls in purgatory is like a guarantee of prayer for you in life and when you may be tested by the torment of purgatory. These souls are already saved, but you are enabling them to reach heaven faster than under their own power. Give praise and thanks to Me for allowing you to help these souls by your prayers."

Monday, November 3, 2003:

Jesus said: "My people, this casket of death awaits every soul as just a matter of when you die in this life. This is a reminder that this life is not why you were created, but for when you will live in the spirit world. Your mortality in the flesh is a constant reminder that you should always be ready to face your judgment. When this life is over, you will be left only with your soul and your sins. Now is the time for conversion and making reparation for your sins. Your attempts to guard your life from falling into sin and your frequent Confessions are a part of your preparation for making this transition to the next life through the veil of death. Even though death is unknown to you, I have promised you salvation by following My Commandments and fulfilling the plan I have for your life. Love Me and give everything over to Me and you will

have nothing to fear. I am always inviting you to come to My banquet from your earliest understanding of Me until your dying breath. Keep focused on Me so you will always be prepared for your death and judgment."

Jesus said: "My people, you have been given a precious little time on this earth and it is your opportunity to use it the best way possible to work toward your salvation through Me. My death on the cross has made it possible for everyone to be saved, but you must affirm your faith by your holy actions of prayer and helping your neighbor. It is by your own priority how much time each day that you are willing to spend in prayer talking to Me and out of love how much time in helping your neighbor. These holy actions are building up treasure in heaven that will be your witness to how much you love Me and your neighbor. At your judgment when you die, I will take you back through each day to show you how much time you spent on spiritual things. Some will be embarrassed how little time you thought of Me each day. By this measure of your love, it will determine how high in heaven you will be placed. Those, who have little or no treasure and refuse Me, will have that little taken away, as they will be cast into hell. But look at the saints how much of each day they spent in holy contemplation, for they loathed the things of earth and cared only for heavenly things. So do not let the earthly distractions and comforts steal your precious time that could be spent more meritoriously on heavenly things. Love Me and your neighbor and you will have a life long work on your path to heaven."

Tuesday, November 4, 2003:

Jesus said: "My people, in today's first reading in Romans, St. Paul exhorts all Christians to rejoice and do good works with cheerfulness. When you are always thinking of positive good things, your spirit is joyful and at peace. Lead your life always in love for the present moment without worrying over things of the past nor anxieties of the future. If you are focused on loving and helping others and your Lord in them, then life will be fruitful as you gather treasure in heaven. In the Gospel it represents My call for everyone to come to My banquet in heaven, but some of those called made excuses to not come. These, who refuse to listen to My call, are those on the broad road to hell and they will never taste a morsel of My dinner. As in the parable, the poor and unworthy in the eyes of those, who made excuses, will be walking into heaven in their place. I call out to everyone in love, but you must be willing to suffer your cross. While coming to heaven is beautiful to desire, there is a cost of detaching yourself from the comforts and pleasures of the world. You are in the world, but My disciples

are not called to be of the world."

Jesus said: "My people, man is so prideful with all of his modern technology and communications. You do not realize how vulnerable your satellites are to radiation and space debris. When several satellites experienced problems and stopped working, your world became upset and you realized more how vulnerable you are in space. These flares have caused beautiful auroras, but they have caused damage as well. This has been a humbling experience for man as you are starting to see that your Creator is Master of all and not man. Learn this experience in both your spiritual and earthly life. You are all in need of being humble and faithful to following My plan for your life. When you see your fragile life tested with trials and sickness, you will realize that I am your only help, if you would just reach out and call on Me. I have an abundance of graces and understanding awaiting every soul who seeks My help. Start your day with a prayer of consecration and I will be helping you throughout the whole day."

Wednesday, November 5, 2003:

Jesus said: "My people, most everyone has to work for a living and many are finding it harder to obtain good paying factory jobs. Still further, your workers are seeing very little raises and their health benefits are being reduced. This is just a part of the daily cross that every soul has to bear in life. In the Gospel I am calling My disciples to pick up their cross and carry it with Me on your road to heaven. If you refuse My cross, you will have a double burden without My help. The explanation of planning a tower or fighting a battle is all about counting the costs of being My disciple. It is not easy to accept suffering and criticism for being faithful to Me. But if you desire heaven, you have to work toward being a saint in order to enter fully perfected. This will not come to you on your own, so you must have My help to become perfected. This is the true cost of following the narrow road because the broad road to hell is easier to the body. But the soul desires the difficult road or whatever it takes to be with the only One to give you My peace. Your soul's love of Me is the driving force that keeps you on this narrow road. So do not let the worldly desires for an easy living detour your plans to follow Me. The body will resist you all the way, but your soul must hold the body in check by prayer, fasting, and the frequent sacraments of Holy Communion and Penance. You are ultimately in a battle between good and evil, so call on your guardian angel to also help you in carrying your daily cross."

Jesus said: "My people, you have seen sarin in Japan and anthrax in the U.S. to cause panic and scare the people. Only a

few died in these incidents, but they were a dry run for larger usage. Biological diseases could be started inside sports' auditoriums or even in your water supplies. This kind of terrorist activity has not yet been carried out on a large scale, but it is definitely being planned. Dispersal of these live toxins require a host to spread disease because their life in the open is short without nutrients. Other forms of viruses have already been spread as SARS, AIDS, and West Nile and these you are already seeing at epidemic levels where there is little access to medicines. Evil men have perpetrated these diseases to reduce population growth for their global control. Have your immune systems protected by vitamins and herbs so you will be less likely to contract these diseases. At My refuges you will see healings of all diseases by My luminous crosses, spring water, and gifted healers. Rejoice and have no fear of these evil ones for I will protect you and guard your souls from evil."

Thursday, November 6, 2003:

Jesus said: "My people, many times you have to struggle with distractions during your prayer time or when you are at Adoration of My Blessed Sacrament. Even more so you need to be more attentive at Mass, especially during the reading of the Epistles and the Gospel. When you enter the church for Mass, say a prayer to take away your distractions of the world so you can focus on the Word of God and the homily. When people walk in late, do not be curious to look at them, but keep your focus on the readings. Try to make a mental note of the meanings of the Gospel so you can dwell on how it should improve your life. You should be able to tell someone what the Gospel was about if you were paying attention to the words. Today's Gospel was about Me as the Good Shepherd and how I am always seeking those who have lost their faith or never received My Word. When I find a lost soul and they take My message to heart and live it, there is rejoicing over one repentant sinner in all of heaven. The Mass will be as helpful to you as you are willing to bring some effort to be open and learn from My Word. The more complacent and distracted that you allow yourself to be, the less My Word can touch your heart. Do not let the devil so easily take this grace of knowledge and renewal away from you, just because you are so spiritually lazy and inattentive. Test yourself after each Mass if you can remember the Gospel subject and you will see how attentive you were at that Mass."

Thursday, November 6, 2003:

Prayer Group:

Jesus said: "My people, I want you to be like the wise virgins with plenty of oil for your lamp because you are seeing frequent power outages all over the world. Whether from man-made events or natural disasters, you will be needing your oil lamps again this winter. Prepare yourself for some far reaching power outages by having alternate fuel sources. Pray for My help and I will help provide for your necessities."

Jesus said: "My people, many of the world's various religions will try to join together under a one world religion controlled by the UN. There is a need for ecumenism as voiced by My pope son, but the one world people want a one world religion without Me. New Age principles only concern earthly gods and not the One true God in the Blessed Trinity. Avoid any changing of your faith to accommodate these people. They do not want religion under God, but they are following Satan's ploys to do away with the worship of God."

Jesus said: "My people of America, I have warned you not to start a war in Iraq. Now you are having trouble determining an exit strategy. Many groups in Iraq and even the U.S. are now questioning the high expense and daily loss of life in Iraq. Forcing a democracy on a Muslim nation may cause more resistance to your current occupation. Pray for peace and a quick settlement of all the fighting in Iraq."

Jesus said: "My people, your financial people are trumpeting an end to your economic downturn, but still many people are suffering from job losses. Some are finding jobs, but these jobs pay much less and many are even only part-time without benefits. More people are struggling with the high cost of health insurance or they have no coverage at all. Like the false veneer of this building, much of this latest improvement has been more profits for the rich, while the poor are getting poorer. Pray for those who need adequate employment because those, who are suffering the most, are not being heard."

Jesus said: "My people, the terrorists in the Mideast are so infuriated with the American troop presence that they are destroying even the oil lines that provide them a living. They do not want Western hands on their oil, so they will sabotage it so Western nations could not gain any profits from it. These continued attacks on the infrastructure are making it hard for your troops to carry out their job. Again, pray for a quick resolution of the problems in this war-torn country."

I could see a set of glass shelves turn into a saint's statue. Jesus said: "My people, you have just celebrated All Saints' Day and you need to place these saints as heroes on your little altars in your prayer room. These statues are means of remembering these lives as models to follow in your spiritual lives. You all need to be perfected for your own future

sainthood so you can enter heaven one day. See how these saints rejected worldly treasures so they could gain heavenly treasures. Do not be afraid to witness Me in public, even if you must suffer persecution. I suffered much and My disciples will have to carry their crosses to Calvary as well."

Jesus said: "My people, your government agencies are setting more regulations against your freedoms in the name of security. Because of the terrorists, your justice department is using any means to get information on its citizens without a warrant for a crime. Your freedoms are being taken away little by little just as the one world people have planned right along. Do not give away your privacy freedoms, or everything you own could be jeopardized by thieves of your identity. Your way of government will be slowly changed into a police state where all of your freedoms will be usurped in the name of the common good. This is just a smoke screen for takeover that will be coming soon in America, complete with detention centers. Call on My help when My refuges will be your only means of protection from these evil ones who want a one world order."

Friday, November 7, 2003:

Jesus said: "My people, you live an ordinary existence in everyday life and yet you are called to be saints with My help. All the saints had to face the same trials of survival as you do and also lived many times in a hostile environment to the Christian faith. Some were martyred for their faith while others were an inspiration to holiness in all those whom they met. There are many unknown saints in heaven that had to struggle just as My faithful are doing today. Having wealth and affluence around you, as in America, makes it that much harder to have daily allegiance to Me. The Gospel of the unjust steward ends with the conclusion that you cannot have two masters. You will either love Me or the money in the world. Do not let wealth and possessions be your god, for I am the only One worthy of your worship. To be a saint you will have to renounce any love of the things in this world. I have given you the things of creation to survive in this life, but not to be loved in themselves. If you follow My Commandments, you will love Me and your neighbor above everything else. So do not let anything of this world come before Me, for I should be your first priority in life. All of My saints give praise and glory to Me, and will have their reward in heaven. But all those, who love the world and its possessions before Me, will be cast into the darkness to wail and grind their teeth."

Saturday, November 8, 2003:

Jesus said: "My people, I have given you a choice to

worship Me or your money, but only one is your Master. There are some who ask: 'Why can I not have both money and heaven?' To answer this you have to understand that in order to come to heaven, you must be detached from all earthly things. Money and possessions are only temporary in this life and they have no place in the eternity of heaven. You are on earth to know, love, and serve your God and not just yourself in comfortable living. Those, who seek the kingdom of heaven, will have everything provided. You do not need so many possessions and piled up wealth to survive in this life. Be content with your present lot and do not worship or desire wealth because it causes more problems and will never give you peace and happiness that I can give. This cauldron of hot oil is how those in hell and purgatory must suffer for choosing more earthly things before My heavenly things. There is no grey area between choosing Me or money. You will suffer much on earth or in purgatory in order to be freed from your desires for earthly possessions. Free yourself now from such desires and you will suffer less stripes."

Jesus said: "My people, many of you read the news in the newspaper of the past day's events, but most of it is bad news about killings in wars or on your local streets. You read about the weather, the stock report, and your local news. While it keeps you informed of the difficult or bad things happening, you rarely hear about good things or religious news. Contrast your temporal news of yesterday to My Good News of My death and Resurrection in the present. Actually, My death and Resurrection occurred in the eternal now so all mankind in the past, the present, and the future are open to salvation. The real decision is your free will to accept and serve Me or not. If you have the eyes of faith, you will understand the latest events in the skies are omens to indicate that you are in the end days. In just a few months you have seen the planet Mars come the closest to Earth in many years. You have seen unusual solar flares from sun spots that have caused an increase in the Northern Lights or Aurora Borealis. Just tonight you are also witnessing an eclipse of the moon by the earth giving an unusual coloration of orange to red on the moon. Read the signs of the end times and have your spiritual lives prepared to meet your judgment by Confession and prayer in reparation for your sins and those of others as well."

Sunday, November 9, 2003: (St. John Lateran Basilica Dedication)

Jesus said: "My people, these ringing bells are not only for celebration, but they represent a ring of religious freedom after many years of persecution. This is the beginning of St. John Lateran Basilica many years ago when My Church was approved

publicly without any persecution. Today in America you have had religious freedom for so long, people have forgotten about persecution as it occurs in other parts of the world. Things are taken for granted when they are not threatened. But over the years those, who are anti-God, have gained strength politically and now they are adept in your corrupt court system to threaten your many religious traditions. Your holy days have been commercialized. The Ten Commandments or Nativity scenes cannot be seen in public buildings. Church and state separation has been used in many of your court cases. Abortion and euthanasia still threaten your lives at birth and in old age. Your TV and media have become so pagan in your living styles that once again you are seeing the beginnings of Christian persecution. It is not easy in your society to lead a holy life because of so many worldly distractions and possessions, especially in the affluent countries. Be prepared, My people, because a time of religious persecution will return as the age of the Antichrist is about to enter. Evil will have a brief reign, but it will mean that My victory over all evil is near. You may have to be patient and endure such persecution at My refuges, but in the end your faithfulness will be rewarded in My Era of Peace. Keep your trust and hope in Me no matter what you face in this life, because living in total love with Me in heaven is much more desirable than your restricted life here on earth."

Jesus said: "My people, I am giving you a vision of My refuges where springs of water will appear and it will multiply to provide for the people's water needs. No matter how much the evil ones will try to poison all ground wells, the water at My refuges will be untainted and pure. Food and meat will also be multiplied at My refuges so the people will have enough to eat. So do not have fear of the evil ones with all of their persecutions, but trust and hope in Me to provide for your needs. Already you are seeing many abuses in your corrupt court system that are harassing people for their religious actions in public under this made-up church and state separation. Be prepared because your persecution will only worsen with time."

Monday, November 10, 2003:

Jesus said: "My people, unless you open your hearts, I cannot enter. Also, unless you clear out your heart and soul of sin by Confession, there will be no room for Me, nor will you be worthy for Me to enter. I am knocking on your hearts to enter every day. I want to plant My seeds of love and grace in your heart, if you are open to receive Me. If your mind and heart are so occupied with yourself and worldly things, you must remove these distractions to even listen to My Word. Once you

have been touched to even listen to My Word, then you will have an opportunity to drink in the richness of My Gospel. The next choice will be if you desire to take My Word to heart and act on what I am teaching you. I am all love and when you accept Me, love will flow into your heart and out into your actions. When you love Me, you will desire to love Me in your neighbor as well. This love will cause you to reach out and be concerned to help your neighbor in need. When you have love in your heart, you will curb your gossip and criticism of others and seek to help them. Without love, all that you do will be in vain because that is how you will be judged on how you loved Me and your neighbor. So if you are not showing love, and desire heaven, you need to ask My help to sincerely love Me and your neighbor as yourself."

Jesus said: "My people, every time you see a single candle, it reminds you of an eternal flame. Soon you will see more Christmas decorations in the stores even before Thanksgiving. Your shopkeepers are always anticipating the next money making holiday. Electric bulbs are reliable as long as you have electricity available. I have asked you to keep vigil candles or electric lights on for your prayer room to have a look of perpetual prayer. It is hard to be praying all of the time, but a light on all the time can represent constant prayer. Your world is in need of constant prayer because of the many sins being committed, but also to make up for so many who do not pay Me homage. Daily prayer is an important part of your spiritual life. It is your way of saying how much you love Me each day. As you give praise and glory to Me each day, you are storing up treasure in heaven. Keep your focus on Me and you will never lose your way to heaven."

Tuesday, November 11, 2003:(St. Martin of Tours, Veterans' Day)

Jesus said: "My people, in the quiet of your library room it is good to spend a portion of your day for spiritual reading. You spend many idle moments reading newspapers or magazines. You need to spend at least an equal time contemplating your Lord. You may want to read over the day's Gospel in your Bible to meditate on its meaning for your life. The Liturgy of the Hours, Imitations of Christ, and many other books of the saints or prayer books are your treasures to enrich your life in a daily mini-retreat. This should be some precious few moments of your day to come closer in union with Me. This reading time is an enhancement of your Mass and prayer time. There are so many hours of the day that are wasted on earthly pursuits. Your prayer and spiritual reading time should have your highest priority because this is more focused on heavenly things which will help you more on your way to heaven. Your attention to Me

as your Creator and Judge will prepare you well for your day of death at your judgment."

Jesus said: "My people, more and more information is coming out on the jobs that the unemployed are finding after retraining. The truth is finally being admitted that those, who lost their jobs, are finding cheaper pay with fewer benefits. The picture of the smaller houses is an example that more people will only be able to afford cheaper homes. The information about the international companies is showing they are investing in cheaper labor markets abroad and cheaper factories with less taxes. The companies and investors are still making their money, but at the expense of American workers. More illegal aliens are taking lower jobs and raising taxes to provide for their health care and living expenses. Your residents as a result of lower pay and higher taxes will have less spendable income to buy products. This is why your jobless recovery will fail to help the middle and lower classes. Your standard of living will continue to decline as the one world people behind your companies will control everything and bleed the taxpayer dry of what little they have. As more industry is exported to other countries, America will not be able to afford an expensive military and your power will be in great decline. The same one world people will take over your country as your debts are bankrupting your country. Prepare to see martial law and a police state as your people will grow more impatient with your controlled government. Your freedoms will be taken away as the evil ones fight for your takeover. The fall of America has been planned for many years and you are about to see America in its death throes. Do not be concerned about the evil ones, and do not take chips in the body. I will provide for your safety at My refuges until I will bring My total victory over these prideful evil ones. At My victory all the evil ones will be thrown into hell and My faithful will receive their heavenly reward."

Wednesday, November 12, 2003:

Jesus said: "My people, the back support in a chair is a little like the support that I give you every day in your life. You can lean back on Me in full confidence that I will give you strength both physically and spiritually. I healed the lepers in their need as they had faith in being healed by Me. I am here waiting for your request for help at any time. You just need faith that I will help you in your every day troubles. The one leper returned to Me to give Me thanks for his healing, but the rest just took Me for granted. So it is with all of My children in that you need to acknowledge My gifts to you in everything that I have given you. Even more you are to imitate

the angels who give Me praise and glory every day for their very existence. See your life as part of My plan for creation because I have a plan for each life in the use of your God-given talents. When you refuse to use your talents for what I intended them, you are like the useless servant who buried his master's money. Each person has a mission from Me in life and it is their responsibility through prayerful discernment to determine which direction to follow. This involves giving your will over to My Divine Will so you are open to following Me. This is what I asked My apostles to do in giving up their current life to spread My Gospel message of love. Live in My love daily by sincerely living your consecration of everything to Me. Be willing to divest yourselves of all desires for earthly things and you will be on your way to perfection that is necessary to come to heaven."

Jesus said: "My people, you pride yourselves on your technology for extracting oil from offshore and for setting up internet sites via your communication satellites. What you forget is that many of your plans are vulnerable in the environment on earth. Huge hurricanes or tidal waves can upset your offshore oil rigs. Huge solar flares have already put some of your satellites out of order. No matter how much man plans things for his own purposes, you always will be vulnerable to the destructive forces of nature. Everything that you have comes from Me and the more you realize this fact, the better you will understand that My plan for your life is better than your plan. You are too occupied with entertainment and your electronic devices. Put aside your cares for the things of this world so you can focus on the heavenly things that will gain you everlasting life in heaven. The more you let earthly things control you, the harder it will be to detach yourself from them. Keep your focus on Me in My Blessed Sacrament and you will have all that you need in Me."

Thursday, November 13, 2003:

Jesus said: "My people, many will come in My name saying they are the Christ and the Master. The Antichrist will even show miracles and magic to get people to believe that he is the Son of God. Do not believe in these evil people. They will have evil powers and they will not be loving, but only demanding of your allegiance. This man of peace will become a tyrant ruler and you are to avoid his evil gaze. He will have powers of suggestion to overpower the weak in faith. My faithful remnant must flee to My refuges and call on My help and your guardian angels to protect your souls. Use your blessed sacramentals, holy water, and your blessed Benedictine crosses for protection from the evil ones. At the height of evil I will

bring My Great Chastisement of a comet that will thrust the earth into three days of darkness. At that time I will cleanse the earth of evil souls and evil demons. I will then come on the clouds in majesty to renew the earth and bring down My new Jerusalem as you will see new heavens and a new earth to start My Era of Peace. This will be My victory that you have longed for these many years after My first coming. Justice, peace and love will return to the earth as all the evil ones will be chained in hell. So do not fear this brief reign of evil because it is a sign that My victory is near and you will be rewarded for your faithfulness to My Name and My Word."

Thursday, November 13, 2003:

Prayer Group:

Jesus said: "My people, it is a sad state of affairs in Iraq and Afghanistan that fighting has resorted to a guerilla type war with suicide car bombs. There are terrorists from various countries that are trying to get America out by attrition. Some are happy to be liberated, while others are against American occupation. There will have to be some hard choices made for America to leave. Keep praying for peace in the world, especially in the Middle East."

Jesus said: "My people, many are being shocked by the recent snow and hailstorms in California and the Northern states. Natural disasters, constant killing in Iraq, and unemployment are still making lasting impressions on the American people. Your people are patient for a while, but now more are asking pointed questions about why these things are happening and what will be done to improve the current situation. The choices are limited and the people are growing restless that little is being done about the war and meaningful jobs. Pray for guidance for your leaders that are facing unpopular alternatives."

Jesus said: "My people, the sad reality is that many of your international boardrooms are voting for continuous layoffs in this country, while they export your jobs to cheaper workers overseas. These businessmen are following the best place to make money regardless if it means lost jobs of American workers. All of the laws and incentives to ship jobs overseas are controlled by the one world masons who have created treaties that no longer protect American industries from unfair trade policies. Very few manufacturers remain in the U.S. as they are leaving or going bankrupt because of the current government's handling of the trade deficit. Pray for an increase in needed jobs by the many still unemployed workers."

Jesus said: "My people, your news people have put fires and

bombed out buildings in front of you day after day. You hear of murders and many spurious court cases paraded in front of you for the remaining news. The people and the children are being shown perpetual violence and sexual sin on your TV programs and your daily news. How can you have peace and love in home settings with all of these evil things being displayed? Do not despair in having such violence constantly being televised. Create your own good acts of neighborly help and spend more time in prayer away from the bad news and bad TV programs. There are beautiful things going on, but they rarely are heard in the news. Pray for My help to overcome your sins and pray for peace in the world."

Jesus said: "My people, much of your complicated lives are focused on your jobs and entertainment with little time being given to Me in your lives. Because you have more distractions today in your busy world, it is harder to set aside time for a holy life. Yet, if you look at what you could accomplish by changing your priorities, you could see a major turnaround in your world of sin. More people going to Confession and spending more time in prayer could be done if you really set your mind on carrying out My Will for your soul. You can give your life over to My Will if you would choose by your own free will to make this change. Follow through on your good intentions to gain heaven."

Jesus said: "My people, I send life giving water even to desert lands, but many are fighting over every precious drop for their own selfish needs. When resources are scarce, the demand for necessities can create a bitterness among people. This has become evident in the West when droughts cause water rationing. These shortages will be increasing for everyone as more move to such areas. Let these people think more of helping each other than trying to keep things for themselves."

Jesus said: "My people, some are already complaining of the cold and snow of your start of winter, yet they face this every year. There are always going to be testings in your life and you know good weather is only fleeting. Look at each day as an opportunity to improve your spiritual life than another chance to complain of every little trial. These tests are meant to purify you from your worldly desires, so in some instances they may be a blessing to wake you up. As you carry your cross, carry it quietly and I will see your suffering and store your treasure in heaven."

Saturday, November 15, 2003:

Jesus said: "My people, I want you to appreciate the gift of My sacramental presence in My Eucharist in the tabernacle. This is My Real Presence in the consecrated Host that I

instituted at the Last Supper, the night before I died. I have shown you an unusual sign in this tabernacle becoming so large to emphasize to you the importance of My Real Presence in your life. I am your Glorious King and Creator of the universe and it is more proper to have My tabernacle in a place of prominence in the main church. You should not place your King and Guest of your church in a back room. Giving Me reverence in My Eucharist is also important and it starts by receiving Me worthily without any mortal sin on your soul. You should even say an act of contrition for your venial sins so you can have your soul pure to receive Me. If you have mortal sin on your soul, come to Me in Confession to be purified before receiving Me again in Holy Communion. There are some who say that I am present in everyone, but I am not sacramentally always present, only until the Host is consumed. It is the Holy Spirit that is present in everyone to sustain your very existence. I have told My followers that unless you eat My Flesh and drink My Blood, you cannot have eternal life. So you are blessed with My sacraments and receive them as often as you can at Confession and daily Mass. In everything remember it is out of love for Me that you desire to be with Me. Do everything out of love for Me and love for your neighbor. You are to defend My faith gift to you, but always do it out of love and never out of anger. There will be some who come to you in sheep's clothing, but underneath they are wolves devouring My flock. Ask for My grace of discernment in determining the words of those speaking in My Name. Always work through love in witnessing My Word and you will be speaking the truth."

Jesus said: "My people, this vision of ice on one side and a turn south on the other side represents how I want sinners to turn from their icy hearts to loving hearts. When you think only of your selfish earthly things, your heart is cold to My love. Only through prayer can you see a change of heart to being open to My Word. When you pray for yourself or another, then My grace can change the disposition of your soul or another soul. When a heart is made fertile by prayer, it will be open to receive My grace and love. By being open to accept Me, I can warm that heart and melt away the icy hold of the devil. Now I can use this soul for My work because you have given your 'yes' to follow My mission. A cold heart builds up wealth for itself without love, but a warm heart builds up treasure in heaven for doing good works out of love for one's neighbor. Listen for My call and keep an open heart to take advantage of every opportunity that I give you throughout the day. Then you will be living your consecration and have the strength to carry your daily cross."

Sunday, November 16, 2003:

Jesus said: "My people, this Sunday's Gospel is focused on My coming at the end days of this coming evil reign of the Antichrist. You will see the sun and the moon darkened in the darkness over the earth caused by the falling of stars from heaven, and specifically a comet. Then you will see a great light of My coming on the clouds and a judgment of the souls both living and the dead. This will be the end of the reign of evil as the evil ones will be cast into hell. But I will renew the earth and My faithful will be rewarded with an Era of Peace. My apostles and many wanted to know when and how this destruction would occur. I have told you in the Scriptures that only My Father in heaven knows of that day, but it is not for you to know all the designs of God. Some desire that these events should occur sooner, but it is according to God's Will how and when these events will be carried out. I have given some messengers a mission as St. John the Baptist to herald My coming again and for people to have their souls prepared and ready to meet Me at your judgment. You must be like the wise virgins and be ready and watching for the signs of this end time are all around you. I always keep you informed of coming events through My prophets and messengers. You will also hear from false witnesses and those trying to make money on this message. Pray for discernment of the truth of all prophets. See that love and peace is in their message and they will be preparing My faithful in their spiritual lives. You always need to have prepared souls in holiness for the day you could die, but also be prepared for when I will come in judgment of the earth when you least expect it."

Jesus said: "My people, the high road represents the more difficult spiritual road to heaven. This is the way that I call everyone to aspire to because it will do the most good for your soul. Yet, many do not want to take the hard way, but desire the easy path with less pain and discomfort. The more you suffer in the trials of life, the more grace and treasure you will store up in heaven. The vision of this road being washed out, is showing how many faithful are becoming spiritually lazy in their prayer exercises. As your prayer becomes weaker, you are more susceptible to sin and the morality of your society deteriorates. So do not let the worldly distractions take you away from your prayer time. You need to be more determined to imitate the saints in giving Me constant praise instead of letting the devil lead you into wasting your time that could be used for good. Take the higher moral ground in struggling against the evils of your society. Be determined in your battle against abortion and euthanasia. Encourage your children and others not to live together in sin but live in married life. By

defending your traditions in following My Commandments, you can teach others by your actions how to live a good Christian life of love of God and love of neighbor."

Monday, November 17, 2003:

Jesus said: "My people, in your first reading from Maccabees you see how the Hebrews were drawn to follow the ways of the gentiles and they gave up their faith. They started by building gymnasiums for sports events and soon they followed gentile ways. Sports have a good aspect in having exercise for the body, but they should not be an obsession that uses all of your time. Even in your world today people have watched on TV or attended many games of football, soccer, baseball, hockey, and basketball. A brief time with such sports is acceptable, but following every game and reading about it frequently can make sports into a god or an obsession. I have warned My followers many times not to let any earthly things so control you that you could lose your faith in not giving time for prayer. You may not think earthly things are gods, but if your focus is constantly on them, then they become your gods in place of Me. That is why your daily prayer time is so precious because your main focus should be on loving and serving Me than yourself. Entertainment can spend your spare time too much on worldly things. It is one thing to seek relaxation from work, but do not spend all of your time on entertaining yourself. When you come to Me at the judgment, you will have to make an accounting for how you spent your time. If you are serving Me, you will be more concerned about your prayer life and helping others than selfishly wasting time on entertainment."

Tuesday, November 18, 2003:

Jesus said: "My people, this first picture of a large maple leaf represents nature as I created it in all of its beauty and perfection. The second scene of spiders and dark webs is a representation of how man, under the inspiration of Satan, has corrupted nature to what man wants and not what I want. Hybrid seeds have been designed by man to get the most product for the least acreage and to look good in man's eyes. Seed providers force the farmers to buy their seed every year from them instead of the farmer producing his own seed from part of his crop. With hybrid plants you cannot grow useful seeds for planting. In the same way with animals and even man himself, man is again acting like God to control the sex and characteristics of his own babies. Manipulation of DNA is being used for both animals and plants with no regard for keeping a proper balance of nature. Man has turned to cloning animals and even himself. He is using aborted baby tissues for stem cell research. He is using test

tube conception for children. In every abuse of life, man has delved into areas that are not your domain. Because man has so distorted life from My plan, you will see Me condemn this civilization as I will restore it to the perfection that I have intended. I will intervene to renew the earth from the total corruption by man that was led by the devil."

Jesus said: "My people, your scientists have been dumbfounded with the latest barrage of solar flares when sunspot activity is more than usual off of the peak of the eleven year cycle. This shows the unpredictable nature of the sun and another means of My testing of man in his technology. Strong flares have pushed the Northern Lights further south than usual. You also will be seeing more problems with communication interference as solar activity heightens. Man thinks he is in total control, but these happenings show you how vulnerable you are to nature. Man has been manipulating the weather as with the HAARP machine. Soon there will be more violent weather as your scientists will be experimenting with stronger beams of microwaves. When you disturb nature and the weather, you could be causing severe lasting effects that may start something that you cannot stop. Pray that man does not disturb My delicate balance of nature or you could see more disease and cancer from more intense sunlight."

Wednesday, November 19, 2003:

Jesus said: "My people, this flow of water down along a falls represents a constant flow of My graces that are available from on high. I offer you grace in prayer, good deeds, and in My sacraments. When you receive Me worthily in Holy Communion, you receive healing graces for past sins every time that you attend Mass. At Confession your whole soul is cleansed of all sin and you are filled with sanctifying grace. If your soul is full of mortal sin, then there is no grace in your soul and you need to be cleansed at Confession. Do not put off going to Confession because you need My grace to defend yourself from all of the devil's temptations. My graces are always available to all sinners, but sinners are like alcoholics that are addicted to their sins. Unless they realize they need help, or another prays for them, they do not feel compelled to refresh their souls with grace. Some even think that they do not need My grace, but everyone is in need of grace in order to come to heaven. You cannot gain heaven on your own, so you must call on My grace to help you toward your perfection. The more you atone for your sins in this life, the less you will have to suffer in the next life. Grace is your only hope of salvation, so do not

be lazy in seeking My constant graces that can be yours for the asking."

Jesus said: "My people, this vision of a mailbox represents how I am sending many messages to My messengers of this era of evil. Each messenger has a different mission and different information at times. My legitimate messengers are revealing the events about to take place that will test everyone's faith with an evil that you have yet to witness. Pray for My protection and I will send My angels to guard your souls. Many of the one world people are lining up the leaders for a world takeover. The amount of forced smart cards and global positioning satellite chips in the body are being readied for use. The means of forcing chips on the people of all countries will soon be in place. This will be the preparation for the following forced chips in the body. Without a chip it will be difficult to buy and sell anything. I have asked My faithful to refuse these chips and store some food that you may not be able to buy later. I will multiply whatever food you have and have My angels lead you to refuges for protection from the evil storm troops. Some will be martyred for My Name's sake, but the rest of My faithful will be protected and provided with your necessities. These martyrs will become instant saints and will help people later in the Era of Peace. Trust and hope in My messages of preparation because you will need My spiritual strength to endure these evil trials. Listen to My faithful messengers to help you see the plans of the evil ones. Pray for these messengers so they each can carry out their appointed missions."

Thursday, November 20, 2003:

Jesus said: "My people, you have seen a large concern for having alternate fuels as alcohol and hydrogen to power your cars. Many are concerned about pollution and expensive gasoline so there is a desire to burn hydrogen which forms water and to convert grains into alcohol. With less dependence on oil and exploiting cheaper fuels, the balance of trade could also be improved. The vision of trees is offering another alternative fuel for when you lose electricity or when natural gas is in short supply. Given some shortages in your natural gas and your more frequent power outages, it would be prudent to have another source of fuel to heat your house in the cold winter time. Wood is one of the safer fuel supplies and it is renewable and readily available. Many houses have fireplaces which would allow you to burn wood, but there are more efficient wood burners also available. People, that have had power outages from ice storms or other power outages, know the value of an alternate fuel source. Even for a short time you may need such a fuel source if you do not pay your bills with forced chips in

smart cards or in the body. As the evil ones restrict your buying and selling, even food and water will be needed that will be multiplied for your needs. You have seen how the Jewish people in Maccabees were almost forced to reject their beliefs because of an evil king's edict. Persecution for believing in Me will become more common place as your authorities will test your faith as well. Be prepared for an increasing spiritual battle between good and evil that will test you physically in many ways."

Thursday, November 20, 2003:

Prayer Group:

Jesus said: "My people, you have seen some flooding recently along the East coast as strong wind and thunderstorms have brought heavy rains to this area. Your modern cities will continue to suffer much from natural disasters. Your abortion sins and the sexual sins of living together without marriage is calling down My wrath in the form of serious rainstorms. Pray for the sinners in your country that they may come back to Me in the faith and repent of their sins."

Jesus said: "My people, the heads of state of several countries have been meeting to seek support for how to address the current terrorist bombings. Even your stock markets are getting uneasy about the frequency of these attacks in various countries around the Middle East. It is unusual to see these attacks even in Muslim countries. Pray that these callous deadly attacks subside in peace."

Jesus said: "My people, this public bench shows people getting a little nervous to be exposed in public from potential snipers and terrorists. As wars continue and bombing incidents increase, many are not feeling safe in crowded places. Many are trying not to be intimidated by these evil killings and feelings are strong against these killers. It is increasingly harder to love everyone in these turbulent times, but you must put aside your human fears and still reach out to help your neighbor. Love should never grow cold, no matter how evil your world will become."

Jesus said: "My people, as you see the strength of these pipes holding up this walkway, think of how I support you everyday on your path to heaven. It is not easy to struggle through your daily temptations and distractions. You can start out a day with the best of intentions to say your prayers and the evil one will place many obstacles in your way to test your time demands. If you are spending a lot of time helping people, this can be as good as your prayers for heavenly merit. But if you are just busying yourself with earthly things of no consequence, then you are allowing the devil to consume or waste

your precious time. Keep your focus on Me and even pray to have your temptations and distractions cleared from your mind. You have many tasks that put demands on your time, so try and work in your prayers so you do not forget them. Call on My help and I will support you in your daily trials."

Jesus said: "My people, many times you try to update your clothing and need to remove the old ones to make room for new ones. You are fortunate to have a full closet of clothes. Remember the poor when you can pass on used clothing or even your old computers or cars. Charity can be more of a part of your life even when it does not cost you anything but to carry these things to those places that distribute things to the poor. Donating money to charities also can help the poor, but think of others who could use your things that otherwise would be thrown in the garbage."

Jesus said: "My people, you lavish many gifts on your children and grandchildren for Christmas, but this year think of how you could make some poor children happy with some donated toys. Many poor children have parents that cannot afford to buy toys because they are needing money just to survive. Think of how your children's eyes light up to receive a Christmas present. Even more so a poor child would be delighted even more with an unexpected gift. Remember when you do a kindness to My little ones, you are doing it for Me."

Jesus said: "My people, it is a delight when families have an opportunity to get together from all parts of your country. Jobs and finances have split many families by large distances. It is a joy to have a family meal and enjoy each other's company. Again as you love to have a good meal, think of those less fortunate families that are either starving or have little to eat. Contributing food or money to your food shelves can help the poor right around you to also have a good meal. Do not forget the needs of the poor even amidst all of your plenty that you could afford to share. I love you, My people, and I want you to love Me and everyone else also."

Friday, November 21, 2003: (Presentation of Mary)

Jesus said: "My people, My Blessed Mother was prepared for My service from all time. She was sheltered from original sin even at her conception. Then Saint Joachim and St. Ann presented My Blessed Mother to God in the temple for her to be brought up in the ways of the Lord. Throughout her life she was continually protected from sin, for she was to be the perfect vessel to house her Lord in the womb. The angel Gabriel visited her to request her yes so the Holy Spirit could conceive Me in her womb. She and St. Joseph brought Me up according to the Jewish traditions. Even while I was teaching, she was an

example disciple. After My death, she gave courage to the apostles. I also spared her the body's corruption, by raising her to heaven in her Assumption. Now she is your Queen in heaven as her heart is one with Mine."

Jesus said: "My people, the sunlight, that the earth receives, provides heat and the right amount of light for plants to function in making food by its chlorophyll in the leaves. Man in his pollution and his experimental devices has upset the balance in the atmosphere that has caused holes in the ozone layer and other effects on life. If the atmosphere changed to allow more radiation to reach the surface, man could experience more skin cancer and cataract problems in your eyes. Plants and animals would be mutating faster and could change life as you know it. This is why man does not realize all the harm that he is doing to his environment that could be damaged for a long time. As your environment reacts to these changes, you may have to be more sheltered from direct sunlight. My message is to go along with natural things and stop trying to play God in making things to your liking while disregarding the environmental harm from your changes. A time will come when I will have to intervene and renew the earth back to My original plan. Man has not only corrupted himself in sin, but he has corrupted the balance of nature on the earth as well."

Saturday, November 22, 2003: (St. Cecilia)

Jesus said: "My people, at the judgment every soul will have to make an accounting for all of their actions. Those, who were given more authority in life, will have more to answer for. Those, who were given more gifts of faith, will have even more responsibility because of their knowledge of the truth. As in the reading, the leaders, who killed My faithful, will have to pay dearly for their crimes and if they have no sorrow for hurting Me, then they will be in hell for all eternity. There are leaders today who need your prayers because some are killing My faithful as well. These same leaders will be conspiring to gain global power under the Antichrist. These evil ones will also be lost unless they repent of their sins. My faithful will also have to suffer at the hands of these evil ones because they will be persecuting My followers for not taking the mark, nor worshiping the beast. You will be facing the same threats of martyrdom as the early Christians, but My grace of protection will be always there for your strength to endure it and protect your souls."

(Divine Mercy Conference). Jesus said: "My people, as you look at statues, icons and relics of My saints, you should be inspired by their love for Me and their zeal that would allow them to suffer for Me even in giving up their very lives for

their faith. You may set aside some room in your prayer room to keep some remembrances of My saints. Remember that you yourselves must become saints in your perfection in order to enter heaven. That is why it is so fruitful to read about My saints in how they lived their lives with dedication to letting go of all of their wealth and possessions that could hold them back from My love. Even in this life you wish to grow in your prayer life and good works by listening and following those that you esteem for their holiness. Your heroes need to be spiritual heroes, for they point you closer to Me on your path to heaven. You all have to carry your daily crosses to witness your love for Me, so look to the example of My saints in how to grow holy on your path to sainthood. Some may think that they are not worthy to be saints, but with faith and hope in My grace, all things are possible. So move forward in your faith by prayer and the spiritual and corporal works of mercy as you were instructed today. Your good example and evangelization efforts can bring other souls to salvation. Continue to reach out in My Name to witness My Gospel by your love for Me and love for your neighbor. I love all of My children and I want you to see My mercy and graces are always available to you, even for the worst of sinners. Give thanks to Me for your gift of faith and share your faith in every opportunity possible. With your own courage and zeal, you too can one day receive your crown of sainthood in heaven."

Sunday, November 23, 2003: (Christ the King)

Jesus said: "My people, you know that I am Lord and Master of the universe, yet I gave man free will to love Me or not. I do not force My love on anyone, but I want you to love Me by your own desire. You know that I will always love you, but your decision will either put you on the road to heaven or hell. To come to heaven you must give everything over to your King in consecration because your perfection will require a full detachment from earthly things. I have told you that I will come on the clouds to judge all of humanity after I conquer all of the evil ones. It is this time that My Kingship will be completely witnessed. Many think that I am a remote King high in heaven only, but I am a personal God who came down on the earth to die for each of you. I am present to you in Holy Communion and in My tabernacle, so I am not far away from you. I am always available to you and I listen to your prayers, as I know everything about you. It is enough for you to give praise, honor, and glory to your King in Me. Come to your personal Jesus, who loves you instead of your following the evil one and the world who hate you. Do not be deceived by the evil one's charms and false promises because I am the only One who can give

you eternal life in heaven. If you want to be with your heavenly King, then follow My Will and My Commandments in all of your actions."

Monday, November 24, 2003:

Jesus said: "My people, at the end of the Church year there should be a pause in your life to contemplate the judgment of your own soul when you will die. It is not a morbid subject, as some would say, but it is all about the destination of your soul in the next life. Your body will pass away, but your soul lives on forever. This vision of a roulette table is to show you how many people are gambling with their soul's destination because they are only concerned with the affairs of this life. This life will pass quickly, then how will you face your judgment in front of Me? I give everyone plenty of opportunities to save their souls and convert their lives of sin to following Me. You have only two choices to either serve Me on your path to heaven, or serve yourself only on your way to hell. Everyday prepares you for either destination. For those seeking happiness in heaven, you will face a struggle of suffering your cross on earth and show Me your love and that love of your neighbor. You cannot come to heaven if you are only lukewarm and only call My Name. You must have a deep conviction in your faith to follow Me in every action and thought. It is your daily consecration of everything over to Me that will help you gain in your spiritual perfection. Be willing to detach yourself from the things of this world and you will not have fear of your judgment at your death."

Jesus said: "My people, sometimes you get stale in your faith when you are neither advancing nor declining. This vision of a back door opening for some fresh air and light is similar to what you need in your complacent faith lives. Coming to make visits to My tabernacle or at Adoration of My Blessed Sacrament can give you the grace to be stronger in your faith. Receiving My graces in Holy Communion and frequent Confession also strengthens your faith. If you rely only on yourself, you will fail often in your sin. But if you rely on My grace and My help, you will see yourself sinning less. You get stale in your faith when you spend too much of your time on earthly things. When you focus on Me in prayer and help your neighbor in acts of charity, then you will have less opportunity and desire for earthly things. Keep your spiritual back doors open to My fresh air of My graces and your soul will breathe in My Holy Spirit and you will be able to advance in holiness."

Tuesday, November 25, 2003: (Fr. Albert Shamon's funeral Mass)

Jesus said: "My people, you are celebrating the life of a

great priest and friend in Father Albert Shamon. He has been a great voice for Me and My Blessed Mother to stir up the people with his great words in encouraging their devotions to us. He was even an inspiration for your very prayer group and praying the three Mysteries of the rosary. He was also on the same journey to Medjugorje when your mission had its beginnings. Give thanks to Me for his gift of life before you. Continue his work at the high school because the true traditions of your faith need to be carried on."

Father Shamon said: "I am grateful to see all of my friends, relatives, and my fellow priests come to share at my Mass. I want to say a special good-bye to all of my family members and I will be watching over you and praying for you. It is great to be free of all earthly pains, but I will miss your daily greetings. There is a great joy awaiting all of you in heaven, so follow my encouraging words of staying close to Jesus and His Mother Mary."

Prayer Group:

Jesus said: "My people, this event of your supersonic passenger plane being placed in a museum sends you a message about your world of technology. In many instances you do not need sophisticated technology to have a living. In this case you had a capability to fly, but it was not economical and it had limited areas where sonic booms could be tolerated. See a simple life as giving your soul and heart peace that your complicated earthly things cannot offer. When you have Me with you, your soul has complete peace that the world cannot satisfy you."

Jesus said: "My people, a time is coming shortly when your lives will be totally controlled by smart cards, watches, and chips in the body. Many of your computers, shopping in the stores, banking, bill paying and goods and services are all electronically linked. It is a short time away when the evil ones will try to control you through smart cards and eventually chips in the body. It is better to refuse these chips and live on your stored food or refuges. It will be difficult to give up all of your comforts, but they are not worth the loss of your souls. Trust in Me and have no fear of these evil ones who will try and destroy you."

Jesus said: "My people, there is a joy to have live plants and animals in your house because such life animates your own life and a love of natural things as part of My creation. You can have imitation plants and animals, but they are cold and lifeless. When I look at My creation, it is also the live plants and animals including man that are special to Me. It is easier to love live plants and other persons than the cold lifeless things of the world. See life as more beautiful in

live people than any of your possessions. You all were made in My image so you can love Me and love your neighbor. This is why the soul and your destination should have higher priorities over lifeless possessions and worldly pleasures."

Jesus said: "My people, look at your farmers how they grow their feed crops so their animals will have something to eat during the cold winter. Even in your own homes, you store up some food in your refrigerators for the week. I have even asked you to have some food and fuel available because you may need it for power outages, famine, and not taking the mark of the beast in the chips. Trust in Me and I will multiply all the food you will need as I provide for you in this coming tribulation."

Jesus said: "My people, many of you like to travel for vacations and to visit family members at Thanksgiving time. You are drawn to your home roots when you visit your children, parents, and grandchildren. It is a joy to share each other's company and a time to be giving thanks to Me for having all of your family members. Enjoy the gifts of their lives while they are still alive because they could be gone tomorrow. I love you as you love your children and I reach out for your free will love every day."

Jesus said: "My people, I have given you a beautiful world with everything to survive. Man has taken My beauty and has turned it upside down in improper sexual partners, wars and killings. Why can you not live in peace with each other as man and wife, instead of being in chaos of accepting evil lives? Wars will not gain you anything, nor will abortions or any killing. Learn to live with your neighbors in peace and follow My Commandments and you can again have a beautiful world."

Jesus said: "My people, it is a nice gesture to show those, that you love, a token gift of your appreciation for their being who they are. Do not get so wrapped up in gift giving that you spend beyond your means or forget the purpose of adoring Me at Christmas. You can do good things for people throughout the whole year and not just for Christmas. People are happy to receive gifts, but they need to be thankful to the giver. In the same way Christmas should also be a time for thanking Me for all the gifts that you have received in life. Be like the one leper who was healed and came back to praise Me and thank Me for his healing."

Wednesday, November 26, 2003:

Jesus said: "My people of America, when you are in the voting booth you are choosing your leaders, and in life you also are responsible for choosing between Me and sin. There is a parallel to the king of Babylon and the leaders and the people of your country. (Daniel 5:25-28) The reading of the writing on

the walls refer to 'Mene' which is a reference to the end of his kingdom. 'Tekel' refers to being found wanting on the scales of My justice. 'Peres' means his kingdom will be divided between his enemies. Because America has refused to listen to My call to stop all abortions, your leaders continue the killing in unnecessary wars, and people still are fornicating and committing adultery and homosexual acts, your country is also found wanting for your sins. My justice will be falling on your country in chastisements and the one world people will divide and conquer you. Your freedoms will be removed and you will be a police state controlled by smart cards and the chips in the hand. Your civilization is about to be ended as you are the new Babylon about to meet your fate. Pray for My strength for the trials that you are about to endure, but you have brought everything upon yourselves by your own evil decisions."

Jesus said: "My people, with all the glitter of your lights and elaborate displays, there are only a few that dare to display My Nativity scene at their houses or public places. My faithful are being criticized and even persecuted for displaying My crucifixes or praying in public. You should know that it is the plan of these evil ones to try and eradicate My Name and the name 'God' from every place in the world. They are not only rude to Christians, but they even want to kill those who speak about My Word. These evil ones will seem to be in control for awhile, but their reign will be brief before I come and cast them all into hell. My faithful will be vindicated in My Era of Peace. Trust in Me to give you strength to protect your souls. Even if you have to die a martyr's death for My Name, you will be rewarded with instant sainthood. In the end I will reign supreme over all of your enemies. Still love everyone because of the Holy Spirit dwelling in each temple of your bodies."

Thursday, November 27, 2003: (Thanksgiving Day)

Jesus said: "My people, this vision of traveling for Thanksgiving is part of your family traditions of sharing a meal with each other. Just as with Christmas, do not forget the early meanings of this day when the people gave thanks to Me for all of their blessings. Just as with sinners in that the more that is forgiven, the greater is the thanks. So also the more blessings that you have, the more thankful you should be to Me. There are those with good jobs, beautiful spouses and children, and many possessions. These are the ones who should be thanking Me the most, but they are few in number as the one out of ten healed lepers who thanked Me for being healed in today's Gospel. Be joyful and give Me thanks and praise for the gifts of life that you share with your family members. Most of all remember to praise Me and give Me thanks every day and not just on

Thanksgiving Day. By remembering Me in prayer and good works, then you will be on the right path to the greatest banquet of all with Me in heaven."

Friday, November 28, 2003:

Jesus said: "My people, this vision of snakes and scorpions in the churches is a sign of the coming evil that will enter into all of your present churches. It is a good time in this last week before Advent to read all of the prophetic books about the end times in Revelation, the four ends of the Gospels and the Old Testament prophets of this time. Many of the signs of the end times are all around you and it is not like any other age. The tribulation will see an evil in the Antichrist that you have yet to see previously. Why is it so hard for people to believe that the end times are even upon you now? It is your mission to prepare the faithful for this ending of this evil age. Daniel speaks of the two evil beasts as does Revelation and Luke's Readings of today. When you see the world famine, division in My Church, and forced chips in the body, you will know that it is time to go to My refuges of holy ground and sites of My Blessed Mother's apparitions for protection from the evil ones. This will be a time of persecution and many will be martyred for their faith in Me. My martyrs will be rewarded in heaven and My remaining faithful will be provided for at My refuges. Rejoice as you see the Antichrist come to full power, as that is when I will crush him and all the evil ones with My comet of chastisement. Then the two beasts will be hurled into hell along with his evil minions. I will then renew the earth and a new Era of Peace will reign with no evil. This will be the final preparation of My faithful for their purification into heaven."

Jesus said: "My people, as you see the scene of My Blessed Mother bringing Me into the world, this is a sign to get prepared for Advent in My coming at Christmas. These four weeks before Christmas represent the darkness of sin in the world that awaited the Redeemer. Christmas is a celebration of God's physical presence on the earth of My Incarnation as a man. Many did not want to believe that I so loved mankind enough to take on becoming one of you. All of the pains of suffering, grief, and betrayal were My experiences as you experience them. During Advent you can do some fasting and repenting of your sins in Confession. Have your souls and spiritual lives purified so you can properly receive Me in Holy Communion, and especially for Christmas Day. Again rejoice that I came to free every soul of original sin and I have given everyone an opportunity to enter heaven."

Saturday, November 29, 2003:

Jesus said: "My people, as God the Father looked down on the suffering of mankind, He took pity on your weaknesses and He sent Me as the most perfect offering that would be worthy of atoning for all of mankind's sins. As one man, Adam, caused sin to bring darkness all over everyone's soul, so one man in Me has brought Light into the world and I opened the gates of heaven to everyone who is worthy. Since the time of Adam's sin cast him and Eve from the Garden of Eden, so God had intended to send a Redeemer to free all of mankind from their sins. I also have given everyone free will to either serve Me in love or not to serve Me. So as Advent is about to begin, thank God the Father for having mercy on your souls by sending His only Begotten Son to die for all of mankind."

Jesus said: "My people, I am showing you this walled fortress because you have to build a spiritual fortress around your soul to protect it from the evil temptations of the devil. Prayer is your most powerful weapon, because it unites our two hearts in love. The more you pray sincerely, the more graces that will be available for your protection from sin. Frequent Confession is another humbling of your soul before Me. By being focused on Me with a pure soul, the devil will have a hard time penetrating your spiritual defenses. Looking down into the dark abyss represents hell where many souls are being lost because of their lack of love for Me. My faithful need to be spiritual leaders by your good example and being good evangelists of the wayward souls that do not realize the dangers of hell. Teach the adults around you and the children how important a good prayer life is for their souls. A strong faith can also help you through life's difficulties by having trust that I will help you to endure anything in life. You may see death, sickness, or a poor living, but everything in life is a test of your faith. See how important it is to have spiritual stamina to be persistent in your faith. As you go through Advent, think of maintaining daily prayer, fasting and frequenting of My sacraments. By putting up a spiritual fortress around you, you will be making a higher place in heaven for yourself."

Sunday, November 30, 2003:

Jesus said: "My people, many come to sports' games in indoor arenas looking for action and cheers. Today, starts a new Advent and a new Church year and there is plenty to cheer about. There is another kind of action, but it is My transubstantiation of the bread and wine into My Body and Blood. This is a gift of My Real Presence that you experience at every Mass. When you receive Me worthily in Holy Communion, you receive Me into your souls with My graces. It is important that

you receive Me without mortal sin on your souls so you do not commit a sin of sacrilege. Give thanks and praise to Me for My gift of Myself in My Eucharist. Many are putting up lights and decorations for Christmas as well as shopping for presents in the stores. Throughout this whole Advent season keep your focus on My coming as an Infant in Bethlehem. I love man so much that I took the form of a man so I could share your pains and offer My life for your sins. Show your love for Me by your daily prayers and preparation for Christmas in a spiritual way. Spiritual blessings are more helpful than earthly things."

Jesus said: "My people, prepare for the day when the evil ones will destroy My churches or use them for evil rituals in place of the Mass. You may have Mass in the homes for a while, but even that will be taken away. When you do not have My Blessed Sacrament available, you will have to call on Me in spiritual Communion. When these evil ones try to force the mark of the beast on you as chips, then you will have to seek out My refuges. My angels will then provide you with My heavenly manna so you can always have Me with you. The grace of My Eucharist will sustain you through all the trials of the coming tribulation. So trust in Me that I will help you and provide for your needs. Do not take the mark of the beast, nor anything from the Antichrist."
