

Monday, November 1, 2004: (All Saints' Day)

Jesus said: "My people, today you honor My saints, both those whom My Church has canonized and those who have made it to heaven without official recognition. You already know of some of your relatives that have made it to heaven. You can pray to any of My saints as intercessors for heavenly graces and favors. All graces are given to man from Me as well as the forgiveness of your sins. The lives of the saints are an inspiration for every soul to aspire to be in heaven. Being a saint is not impossible, but it requires My help and your acceptance to follow My Will. You need to seek My forgiveness of your sins to be purified, and to make reparation for your sins by prayers and good deeds. Many souls require time in purgatory to purify the remaining earthly desires and atonement for their sins. Once you have been perfected, then you will become a saint in heaven with Me. By repenting of your sins and converting your lives from sin, you can become saints even if you make it to the lowest part of purgatory. Those in purgatory are guaranteed that one day they will be in heaven. Rejoice, My faithful, for you all are a part of My Mystical Body that includes My believers, the saints and angels in heaven, and even those in purgatory."

Jesus said: "My people of America, at every election you are not just voting for president, but you will indirectly choose the new Supreme Court Justices, Congress people, and Senators. There even are some serious life issues on various propositions in certain states. It all comes down to whether you are going to perpetuate your death culture of abortions, euthanasia, and killing in wars, or choose the path to life. Once your people have voted, you will be set on a track that could either come closer to Me or on a track that will lead you to ruin and destruction. The choice of votes are yours America, so choose life over death, or you will face the consequences of a bad decision."

Tuesday, November 2, 2004: (All Souls' Day)

Jesus said: "My people, on All Souls' Day you remember all of your friends and relatives that have passed on. Some may have been judged to heaven, purgatory, or even hell. Do not assume that everyone goes straight to heaven because only a few are so perfected to be ready for heaven. Those souls, who are in heaven, will be able to help you the most by praying for you and interceding for you. Those, who are in purgatory, could benefit most from your prayers. Those in hell of course cannot help you, nor can

they be helped. You should pray for all of those who have died because you do not always know the disposition of their souls. Those souls, who have left purgatory for heaven, will have your prayers sent to those still suffering in purgatory. Thinking of praying for the dead should help you to focus on your own life on following My Will since you will also die one day. I mentioned previously how you could even start now to pray for the reparation of your own sins. Then you would have less to suffer in purgatory. Praying for the poor souls in purgatory is mentioned in Scripture and it will be most meritorious for your own soul when these souls reach heaven and will pray for you. Pray for your own friends and relatives and any other souls whom no one is praying for. As you pray each day, this should be one of your prayer intentions. Prayers for the souls in purgatory will always be of great help for these souls."

Jesus said: "My people, you have seen an emphasis on Confession in the recent messages because it is so important that America repents of its sins. You are seeing an all out battle between good and evil, and between the death culture and those favoring life. This division in your country is mirrored in your close election race. Whichever party is in control, it will be their responsibility to choose the right path for America. Recognizing your sins and doing something about it is the reason repentance is needed. This is not time to be spiritually lazy because you must stand up for what you believe, or you will lose your freedoms. Evil can be defeated if man builds his laws around My Commandments. Once America strays away from its founding principles, your nation will fall away to nothing as well."

Wednesday, November 3, 2004:

Jesus said: "My people, you have had your election day and still there are contested states for your presidential and Congressional elections. It is good that more people are taking an interest in the real life issues, but it is difficult for the people to understand all of the election laws. The longer these elections are disputed, the harder it will be for the winning candidates to unite your people. Many propositions to defend marriage between a man and a woman have passed and this was good for America to defend My teaching of what a true marriage should be. This gridlock in your election process is not setting a good precedent and many will be questioning who gets to vote. Pray for a healing between your members so that your many

divisions can be compromised for the good of your country to move forward."

Jesus said: "My people, now that your presidential election is over, it is now time to see a new focus in America where moral values are still important to people. A strong statement has been made for marriage and against same sex marriages. The power of your immoral judges is being subdued in many of your states to stop same sex marriages. These same life issues have also put pro-life candidates in office. America still needs to take some drastic steps to stop killing infants in the womb by abortion. You have passed a partial birth abortion ban, but this only affects very few late term abortions. Your country has abortion on demand because of a Supreme Court decision which superceded your state laws against abortion. Changes in your Supreme Court make-up may come about as some of your justices die or retire. This may give your president an opportunity to change the court in their decisions on abortion. If this previous decision favoring abortion is rescinded, then America has hope to improve its moral fiber. If you continue to kill the unborn, the aged in euthanasia, and people in wars, then you will undo all of your good votes from yesterday. America also needs to repent of its sins so My mercy can forgive you your sins. Repent and stop the death culture and you will survive. If not, then you will be taken over. America has a golden opportunity to change your way of life, or you could sign your death warrant by continuing your mortal sins of abortion."

Thursday, November 4, 2004: (St. Charles Borromeo)

Jesus said: "My people, this vision of finding the lost sheep shows you how much I desire to have every soul come to Me desiring heaven. Some are blinded by the distractions of the world and the attraction of sinful pleasures. All of you are sinners and you are in need of My graces at Confession and My Eucharist. Even when a righteous person humbles themselves to come to Confession, heaven rejoices. But even more for a sinner away from Me for many years, heaven rejoices all the louder when the sinner repents. A good prayer life and periodic fasting is great refreshment for your soul and a way to keep you holy. When you have free time, do not waste it on frivolous earthly desires, but use your time wisely for prayers and good deeds. Everything, that you do for Me and others, will gain you treasure in heaven. Just as the devil tempts you to sin, keep listening to Me and your guardian angel

who are prompting you to do good instead. By focusing your life on Me and imitating Me in your lives, you will not fall victim so often to the devil's temptations to sin. Just as I reach out to save souls, My followers can reach out to save souls as well in your evangelization efforts. Guard your lives from sin and your reward in heaven will be great."

Thursday, November 4, 2004:

Prayer Group:

Jesus said: "My people, there were many lawyers ready to contest some of the provisional ballots in several states, but your candidates decided not to deliberately drag out the determination of a winner. After last year's close contest lasted over a month to determine, it was a blessing that it was cut short this year with your president winning the popular vote by a considerable number. The significance of the moral values continues to be a top reason for the outcome. People were overwhelmingly in favor of banning same sex marriages despite the judges who wanted to dictate their views on the whole nation. The vote is clear that America has moved back to traditional morals. Your country will be blessed by this choice."

Jesus said: "My people, certain parties were trying to exploit the American Indian vote in this election. There have been continuing land claim battles in several states as lawyers have tried to win them money and new land ownership. Casinos and low taxes have drawn many to buy goods on the reservations and there have been many abuses by forces outside the reservations. Pray for these people who have little and need protection from unscrupulous people trying to make money from the American Indians."

Jesus said: "My people, many are happy that the election is over so they do not have to listen to any more ads or divisive rhetoric between the two parties. The media in several instances were flawed in reporting bad evidence and exit polls that proved to be misleading. The real people's vote is the most meaningful poll and the rest of the polls amounted to nothing. The media finally saw the real issues come forward that were different from their predictions. It is better to listen to your people than all the speculations of your media. Pray for America so the judges and the media to do not control your minds and thoughts."

Jesus said: "My people, now that your elections are over, it is time to work on putting people back to work who

have been unemployed due to many layoffs. Work to make new jobs should have the support of your politicians, and attempts to improve your economy is now everyone's responsibility. Jobs, commodity prices, and interest rates are still problems in parts of your economy. Charity donations for food and shelter are needed for the poor, but it is difficult to have this aid reach those who need it. Private aid has had more effect than some government programs. Continue to give alms to the poor, especially where the poor benefit directly."

Jesus said: "My people, you have been tested much with your natural disasters in this year, but you still are facing a winter that could test your supplies for heating and gasoline prices. America may see a let up in your trials because your elections showed an improvement in your morals. But if abortion, euthanasia, and wars continue to take lives, then you could still see some very bad weather and power outages. America needs to repent of its sins and change your lifestyles to imitate Me more than your movie stars."

Jesus said: "My people, in many instances you have seen how necessary it is to have the right tool to be successful in accomplishing one of your repairs. In the same way you need the right spiritual means to work closer to your salvation in heaven. You know that prayer, fasting and the sacraments are needed in your life to be holy. But it is the soul's choice to put these means into practice for a heavenly reward. Pray for My help, and seek the forgiveness of your sins in Confession and you will be using the right means to gain heaven."

Jesus said: "My people, when you prepare your children to receive the sacraments of Penance, Holy Communion, and Confirmation, you need to give them a good foundation in their faith. Knowing of My mercy of My death on the cross shows children how My Blood sacrifice has redeemed them of their sins. But each child needs to recognize their sins in order to ask My forgiveness. Teach the children reverence for My Blessed Sacrament and an understanding of My Real Presence in the Eucharist. Preparation for Confirmation requires more Bible study and how the Holy Spirit works in the Church. Children need to see the parents' good example and their strong beliefs in Me so they can come to know Me as you do. Remember when you teach your faith to your children, they are the next generation of Catholics to teach their children."

Friday, November 5, 2004:

Jesus said: "My people, when I came into the world, I was the Light dispelling the darkness of sin. It was My suffering on the cross that has redeemed all of mankind of your sins. My abundance of grace has been poured out on those who have asked for them. You have been blessed with a gift of faith in Me and My sacraments to keep you holy. My faithful are like this lamp which sheds My Light of love throughout the world. Your light is the beacon of faith and good example that can give direction for peoples' lives around you. You are the pillars of My Church that others will look up to for support in their trials. Your strong faith will help others sustain themselves through life's struggles. Your sharing of this light with your children can bring My Light into their lives so your faith can be passed on to the next generations. You are not alone in the world, so your gifts and talents need to be shared with those who are seeking Me in their lives. Do not be afraid to reach out to others, even if you must suffer persecution for being morally responsible in today's life issues."

Jesus said: "My people, when you die, your spirit is separated from your body. It is this wisp of light which represents your soul that you are seeing in the vision as sparks. Many, that die suddenly, have a hard transition from the physical world into the spiritual world. Some souls are allowed a longer time on earth to adjust to their body's separation. I have told you before that the soul stays long enough to witness their own funeral. Once sufficient time has passed after your death, then you are brought before My Light in judgment. It is then that your life will be reviewed and you will see all the good and bad things that you have done. When I pass judgment to heaven, purgatory, or hell, you will realize that it is a fair and merciful judgment based on how much love is in your heart. If you want to have a good life review and a happy ending, now is the time to change your life into one that is holy. Conversions can occur even near death, but the closer you are to following My Will, the more of life that you can live in My Divine Will. The more prayer and good works that you do, the more treasure you will store in heaven to balance the reparation that is needed for your sins. Have your soul always pure and ready for your judgment, and your transition to the spirit world will be much easier."

Saturday, November 6, 2004:

Jesus said: "My people, you remember how much I suffered as I struggled to carry My cross to Calvary where I was crucified. This example of My suffering on earth is

My witness to all of My followers of how you also will suffer every day on earth. Those, carrying their crosses in the vision are My followers who pick up their crosses daily and carry it for Me to their Calvary as well. You live in this life with your weakness to sin and your frail bodies are subject to disease. You are struggling with My help to save your souls. You will face criticism and jeers from the worldly people who cannot understand why you give up everything for Me. My own people could not accept that I was the true Messiah and they crucified their Savior, but My life was given to be a man so that I could be sacrificed up for all of mankind's sins. I gave everything up for all of you and I call all of you to give everything up for Me and you will be saved. This total surrender of your life and your possessions could only be accomplished through My grace. Your greatest weakness, besides sin, is your vulnerability to death. Everyone must die in this life and some, as in today's readings, are even ready to be martyred instead of giving up their faith. You all are being called to die to this life so you can live in eternal life with Me. So do not be selfish in trying to hang on to this life because this life is passing away. You must show your love for Me and your neighbor if you wish to have eternal life with Me. All, that you give up for My sake, will be multiplied in My graces to you. So pick up your cross and carry it every day until I call you home for your eternal reward in heaven with Me."

Jesus said: "My people, weapons are big business for those who make the weapons, but they would be useless if there were no wars. America provides many weapons as an arms dealer to many factions all over the world. Since the one world people profit from these arms, it is no surprise that they are also behind perpetuating wars for their financial gain. I have warned you to stop letting the evil ones draw you into continuous wars. You do not benefit from these wars and you lose your troops' lives and run up huge deficits. The same central bankers who profited from selling arms, also receive taxpayer money for the interest on all of your debts. Wake up America to those who are collecting blood money from wars, and the doctors collecting blood money from abortions. When you stop the killing, you will be obeying My laws, but if you continue your death culture with business as usual, you will face My wrath. Repent of your sins and change your lifestyles, or face your country's destruction."

Sunday, November 7, 2004:

Jesus said: "My people, in the Gospel I talked of those who were worthy, and they will be like angels in heaven and not as in this life. The message, that I am sending you, is do not waste your time and be lazy until I come for you, but carry your cross every day. Focus on living in the present moment and do not worry or be concerned about yesterday or tomorrow because today has enough troubles of its own. When you do everything for Me, you will be storing up heavenly treasure for the day that I call you home to Me. In the first reading you see how strong people have faith in Me because they would rather be martyred than violate My laws. This strong faith is what I am instilling in My followers so you will be able to withstand the criticisms from the worldly people when you stand up for the life issues in fighting abortion, euthanasia, and same sex marriages. The more you speak out, the harder it will be for you, but you will see your reward in heaven."

Monday, November 8, 2004:

Jesus said: "My people, during November there is a focus on preparing for your death and the possibility of the end times occurring in your lifetime. Some are thinking about their loved ones who have passed on and the souls in purgatory who need your prayers. But even more so, all souls need to be ready for their own death. If you trust in My help and My Word, you know that you are going to heaven eventually if you follow My laws and obey My Will. The only ones, who should fear My punishment, are those who are not repenting of their sins. So do not be spiritually lazy, but attend to your daily prayers and frequent Confession. By keeping your soul pure in My love, then you will have no worries and no anxieties because you are trusting in My help. You are not ready to live until you are ready to die. So by being ready to die, you will be closer to Me in love and willing to help your neighbor for love of Me. A true Christian life is living in full trust of how I will provide for all of your needs both spiritually and physically."

Jesus said: "My people, your two bastions of spiritual strength are to be found in the confessional and in front of My Blessed Sacrament at Adoration. You need your daily prayer life to help carry your cross as well. You need to make at least monthly Confession a priority in your life by planning time among your busy schedules. If you cannot come to Me once a month to seek the forgiveness of your sins, then you are too busy with worldly things and you

need to free up some time for Me. When you make time to visit My Blessed Sacrament in My tabernacle or at Adoration, you are breathing fresh air into your spiritual life with the graces that I will bestow upon you for thinking about Me. If you really love Me, you will take time out of your day to come and give Me praise and thanks for My gifts before My Blessed Sacrament. When you are near Me, I can give you My rest and security to relieve you of all of your anxieties and worries. Listen to My words to your heart on how to follow My Will in using your talents and wealth to share them with others. Even more, share your faith and share this love of Mine by instilling a desire for Confession and Adoration in the lives of others as well. You have all the gifts of grace in My sacraments and My Real Presence, so use them often in protecting your soul from the evil one."

Tuesday, November 9, 2004:(Dedication of St. John Lateran Basilica)

Jesus said: "My people, you have many relics of the saints and you pray to them and reverence their bones. The saints are intercessors for your prayers. There also are other holy objects as My Shroud, Veronica's veil, relics of the True Cross, and even some have miracles of My Blood and Flesh in My miracles of the Eucharist. Throughout the ages there have been some priests who have doubted that My Real Presence was in the consecrated Host and Wine. I have allowed miracles of My Eucharist where the consecrated Host turns into My physical flesh and the consecrated Wine turns into My physical Blood. This is to encourage the priests and the laity to believe more fully in My Real Presence in the Eucharist. Once this belief is made manifest in this reality of these miracles, then My disciples should reverence My Eucharist even more and see why My tabernacles need to be more prominent in the main church. Satan and the masons are trying to remove My Eucharist and downplay this reverence because they know the power of My Presence in My Blessed Sacrament. Adoration of My Blessed Sacrament is also under attack and you need to work hard to keep it going. You have spiritual strength in My Eucharist and I am the Bread of Life that makes your churches holy. Give praise and glory to your Lord for My gift of Myself to you in My Blessed Sacrament."

Jesus said: "My people, the one world people are planning a takeover of America. They will bring about martial law on trumped up excuses. Before martial law is declared, they will send out men dressed in black at night

to round up all those who are strongly religious or patriots and place them in detention centers. Once martial law is declared, they will block roads and borders, and allow only those who have smart cards or chips in the hand to go through. Those without them will also be sent to detention centers. They will try to eliminate all those people who will not go along with the new world order. You will see signs in a world famine, division in My Church, and forced chips in the body to warn you to go to My refuges before martial law takes over. At My refuges you will be safe, but those in the detention centers could be killed, tortured, or enslaved. Once the Antichrist declares himself, you will see the great tribulation begin. Without My help you will not be able to endure these evil ones. Prepare spiritually for these end times which are very close to being fulfilled."

Note: I saw a brief display of the Northern Lights after we came out from Adoration and it disappeared in minutes.

Wednesday, November 10, 2004: (St. Leo the Great)

Jesus said: "My people, this flow of water over the waterfalls represents My many graces and gifts to all of mankind. You have the cleansing of sins at Baptism and Confession which makes your souls pure and refreshed. Just as I cleansed the leprosy from the ten lepers, so I cleanse your sins every time that you come to ask My forgiveness in Confession. When I asked where are the other nine who were healed, I was asking everyone who is healed of their sins to come and thank Me. You have been given many gifts through Me of family, My sacraments, your faith, and all of your possessions. Even your health is taken for granted until you have a sickness. When someone gives you an expensive gift, you are quick to thank them. Even more so, I expect you to come and give Me thanks for all that I have given you. You can also show your thanks by tithing your income in sharing your wealth and time with others in need. Your almsgiving needs to be this substantial, or it is only a lip service. The more you share, the better you will feel in helping someone and the less selfish you will be. Give thanks and praise to your Lord often, so I can say to you as the one leper, 'Go, your faith has saved you.'"

Jesus said: "My people, many of your beautiful churches have been renovated or stripped of your traditional statues and crucifixes. They are being replaced with blank walls and the tabernacles are being placed in back rooms. This is all part of a plan by the masons in My Church to remove My tabernacles and take away

the reverence for My Real Presence in My Eucharist. I have told you that you will see a division in My Church between the schismatic church and My faithful remnant. When you see these schismatic churches not using the proper words of Consecration and bringing in New Age images and teachings, then you are to leave these churches for a proper Mass in the homes or places of protection at My refuges. This coming tribulation will be a time of evil that you have never seen before, so be prepared to meet with your prayer groups for supporting each other in the faith. You will have to call on My help and that of your guardian angels to lead you to My refuges for your protection from the evil ones. You are seeing the signs of evil men trying to take over My churches for their own power. Keep close to Me in love and prayer, and I will protect you from the evil ones."

Thursday, November 11, 2004: (St. Martin de Tours, Yassar Arafat died) Jesus said: "My people, this area of the Middle East has been in constant turmoil between the Palestinians and the Israelis. Now that the leader of the Palestinians has died, there will be added turmoil until a recognized leader will emerge. Struggle over the land and who has a right to it will always be a source of disagreement. A combination of Israel, Iraq, and Afghanistan will continue to be disputed lands for constant fighting. These peoples will need to work out their own differences without outside interference, if peace is ever to come here. Until this is resolved, you need to continue to pray for peace in these regions. More can be accomplished with prayer and compromise than using warfare to force outside demands on these peoples."

Prayer Group:

Jesus said: "My people, in your news people have remarked how unusual it is to see fruit and tomato shortages from California and Florida. Between hurricanes and bad rainstorms many crops have been destroyed so you will see crop shortages and high prices. These are just a few incidents that could set a world famine in motion. More people are populating the earth and providing food to the people in need is becoming more difficult. You have plenty of food in America, but other nations need help for their starving millions. Pray and give alms to feed the poor and the hungry."

Jesus said: "My people, you have been gifted with your current pope and how he has provided leadership for many years. Because of his ill health, many have speculated on

his replacement when he dies. Give thanks to your God for giving Pope John Paul II a long life and an active, traveling pope. There will be some trying times with the coming leadership of My Church, so you must pray much for My pope son."

Jesus said: "My people, you have seen a number of wars over the last century and many have given their lives so that you could have your freedoms today. There are always tyrants and dictators who are greedy for power, land, and wealth. Freedom has a high cost to sustain in the face of all of these wars. You honor those who have fought in these wars to protect you. Even though war is necessary to defend one's country, it is better of course to live in peace and compromise than killing one another. Pray for the peacemakers and your leaders to see the futility of wars and focus more on living with your neighbors in peace."

Jesus said: "My people, you are seeing many youth that participate in sports and many people are drawn to watch football and soccer games. The seats being destroyed are a sign how such preoccupation with sports can take away your time to pray and your spiritual life becomes damaged. The stars of these games have become secular heroes, but you have your spiritual heroes in the saints. Your life here on earth is very short and you need to be using your precious time for prayer and good works instead of watching so many games. Do not let your television viewing so control you that you leave no time for Me."

Jesus said: "My people, earthquakes and their intensity have been in your news recently, especially on the land bordering the Pacific Ocean. Areas of volcanoes have been more active as well. These events are ongoing, but the earthquakes are starting to threaten more populated areas and people choose to live in areas of these active fault lines. Japan and America have been seeing this activity affect their populations. These are more signs of the end times that are nearly upon you."

Jesus said: "My people, some are still talking about how fast your Arctic ice pack is melting and some attribute fossil fuel burning as causing this problem. Your fossil fuels are being depleted and there is a serious concern for using renewable sources for fuel to heat your homes and power your vehicles. High fuel costs are changing habits and have limited your driving. Protecting your fragile environment is a true concern, so use your resources wisely without destroying the world that your children will live in."

Jesus said: "My people, the earth's population is expanding, but there is still no excuse to use killing babies as a means for birth control. There are more acceptable ways to limit the size of your families. Birth control devices are also unnatural and unacceptable to My Church's teachings about life. You are appalled at the numbers of people killed in your wars, but there is no sorrow or remorse for all the thousands of unborn that your doctors are killing every day. Wake up America and repent of your sins of abortion by working on legislation to outlaw such killings. When you disregard one life, then you will be hardened to accept other kinds of killing. If your country does not change its ways and laws, you will see even worse destruction in your natural disasters and wars."

Friday, November 12, 2004:

Jesus said: "My people, the Light of My Word shows you the path to heaven and your soul's salvation can be obtained through love of Me and love of others as yourself. You all are good in yourselves and temples of the Holy Spirit, so you must love yourselves without belittling your importance to Me. I love all of you so much that I died to save each one of you. People are so occupied with living in this life day after day that they do not even think if they will be here or not tomorrow. Being ready for your death or the end times of My return are a real concern as in today's Gospel reading. The people in Noah's day and those in Sodom and Gomorrah had little thought that they would be destroyed because of their sins and no belief in God. Your whole life is a preparation for your death because it is the eternal destination of your soul that should be your primary concern. This life is a test of your faith in Me and how much you should trust in Me for everything. Remember how much I healed many people with sicknesses and disabilities because their faith in Me was what healed them. By living a pure, simple, and holy life of prayer and frequent Confession, you can trust that you will be saved and ready when I come for the day of your judgment. Believe and trust in My love and I will light your path home to heaven with Me."

Jesus said: "My people, I am your King and I am the Creator of all of you and this world. I could have come to the earth as a powerful king and ruled over all of the evil ones. But instead I came as God's humble Servant. I was a lowly carpenter's son in Nazareth and I was sent by My heavenly Father to be the Redeemer of all of mankind. I

first gathered My apostles and I taught and served them with the Word from My Father. I healed many with miracles and My words of wisdom confounded many of the church leaders of My day. When I declared that I truly was the Son of God, My own people refused to believe in Me and I had to suffer persecution and death for what they thought was blasphemy. But when I resurrected in glory, all the world was witness to My power over sin and death. It was by My Blood Sacrifice that all of mankind was redeemed and the gates of heaven were now open for those who are worthy. This gift of My life, that I have offered for you, shows you how much I love each soul. By My example, I call all of you to live a life of suffering and holiness so one day you can enjoy your reward in heaven. Give praise and glory to your Lord for giving all of My believers eternal life with Me."

Saturday, November 13, 2004: (Mass to Blessed Miguel Pro, announcement of four Catholic schools closing in Rochester)

Jesus said: "My people, you have honored the martyrdom for the faith of Blessed Miguel Pro and have read in the reading of Maccabees how the seven brothers were martyred for not violating the practices of their faith. With these beautiful examples of My followers dying for their faith, how can this not inspire you to be strong in your own faith? Not only are you called to be close to Me in your beliefs, but it is the spiritual responsibility for parents to teach their children the faith so My Word can be passed on to the next generations. It is sad in this striving to teach the children that you are seeing your Catholic schools being closed. There have been some declining enrollments, but there still should be an inspiration to continue your teaching despite those who may be stifling your attempts. Your religious are no longer teaching, as many older faithful had in their younger years. Along with lay teachers, the children are not being given the strong traditional faith of previous years, and the parents need to supplement this teaching of today. There has been some apathy in My followers as your numbers are decreasing in their attendance at Sunday Mass. This is a part of the moral decay of America as worldly things and even scandals in My Church are attacking the faith of My people. I have told you that you will see evil forces trying to divide and destroy My Church. As the schismatic church tries to change the people's faith, you will see attacks on reverence for My Blessed Sacrament. You will soon see a division or separation of My Church into this schismatic

church on one side, and My faithful remnant on the other side. Those following New Age influences will follow the schismatic church, while those following traditional beliefs from My apostles will be among the faithful remnant. My faithful remnant will have to go into the homes and eventually to My refuges as you will face persecution for your own faith. All of those, who remain faithful to Me, will see their reward in heaven. All others, who reject God, will suffer punishment in hell."

Jesus said: "My people, this is a vision of the end of the road as in your death. I keep advising My faithful to be ever watchful, for you know not the day nor the hour that I will call you home to your judgment. This is a proper time in November to see if you have your spiritual life in order and are ready to face Me in death. If you are not ready, then you may need to get to Confession so I can forgive you of your sins and put your mind at rest that you are saved and ready to greet Me. Life can end very abruptly, so you need to be constantly on guard with a pure soul and confident trust that I will reward you in heaven."

Sunday, November 14, 2004:

Jesus said: "My people, by your choices in this life, you are choosing your eternal destination. These tiers on the mountain reflect the various levels of heaven and the pit is for those who choose to not accept Me and not follow My laws. By your love for Me and the charity in your heart for helping others, you can strive for the higher levels of heaven. Some are satisfied with doing the least possible to avoid hell and just make it into heaven after purgatory. You can also choose to go the extra mile with persistent prayer and good works to go further than the minimum required. For those, who do more out of love for Me, you will not only be rewarded with heaven, but you will gain even a higher level in heaven. Your reward in heaven will match your efforts on earth to show how much you love Me. The more you suffer here and love Me, the higher you will be in heaven."

Monday, November 15, 2004:

Jesus said: "My people, the pillars of the Church are strong people of faith that people of the parish look up to for maintaining the traditions of My Church. The ornateness of this pillar emphasizes how important it is to keep your traditions of statues and images, instead of following modernism which favors blank walls and no traditions. One of the difficulties in your churches is

the pillars of your church are dying off and there are not enough younger people to take their places. When the flame of a reverent and fervent faith gets snuffed out, then you are blinded by the smoke of the modernists who have lost their faith and no longer believe in My Real Presence. When My consecrated Host becomes only a symbol, then people do not have reverence for My Blessed Sacrament and they do not object to putting My tabernacles in the back room. But if you really love Me and believe that I am really present in My consecrated Host, then how can your guest of honor be put out of sight? I want My pillars of My Church to struggle to have Adoration and to keep My tabernacles where you can see them to genuflect to My power and glory as your Creator."

Jesus said: "My people, this vision of these spears going into Me continuously represents how much I suffer each time an unborn child is aborted and each time someone dies in your wars. When you sin, you not only offend Me, but you cause Me more suffering that I must endure to atone for your sins. You have had in your country many political victories for those who favor life. Now you have no excuses for not being able to pass laws against abortion, euthanasia, and same sex marriages. Your leaders can also move to stop your killing in constant wars that are encouraged by the one world people. How long to think that I will put up with all of these killings? If you do not change your ways soon, you will be drawing down My wrath against you. My mercy has been upon you, but My justice must prevail in your ceaseless killing with no remorse. Write your letters to your Congress people to encourage them to stop this death culture, or be prepared to face the consequences of your inaction. You need prayer and advocacy for change, or you will see business as usual. Repent of your sins, America, before it is too late and you will lose all of your freedoms as a punishment."

Tuesday, November 16, 2004:

Jesus said: "My people, the hour for America is getting late, and you must change your lifestyles of abortion, living together, or in homosexual marriages. You cannot defy My laws and go on living thinking that you will not see some consequences of your actions. Many do not realize that you are like Sodom and Gomorrah, and you are about to be chastised as they were. Through financial problems, natural disasters, wars, and threats of martial law, America will be brought to its knees because of your wanton sins and your lack of repentance. If your people do

not wake up and repent soon, everything that you have will be taken away. There are elements in your society that value proper morals, but the powers run by money are overshadowing the power of the moral people. If you do not take back your country from the power of the masons, then they will lead you to disaster and takeover of all of your freedoms."

Jesus said: "My people, this vision of a junkyard represents where America is headed when My justice will be carried out as punishment for your sins. You are spoiled by affluence in having everything you need, but you are squandering your blessings on sinful lifestyles. You have a responsibility with your wealth to share it with each other and other nations. Even your gift of faith also needs to be shared with others. Do not flaunt your power on other nations in trying to force your way of life on them. The more you try and force democracy on Arab countries, the more they will dislike you. Work on changing your ways and repent of your sins, or you will see massive destruction of your country as this junkyard."

Wednesday, November 17, 2004: (St. Elizabeth of Hungary)

Jesus said: "My people, you have a lot of people walking around your world, but some are spiritually dead already in their mortal sins. Today's Gospel speaks about individuals and what they did with their golden coins or their talents in their lives. Those, who earned more coins or used their talents, were given a reward, but those, who did not use their talents, had everything taken away from them. So it is in this life for everyone because you are all called to love Me and do good works for your neighbors. If you reject My laws and do not answer My call to serve Me, then your choice could lead you to hell. In the parable those, who rejected the king as a group or a nation, were all called to be slain in front of the king. So it will be for the nations who reject Me with their sins of abortion, adultery, fornication, homosexual acts, and killing. America as well will be destroyed before Me if you do not repent and seek My forgiveness of your sins. Learn from this parable for it is a judgment of individuals and nations."

Jesus said: "My people, this vision of an oil tanker is a sign of how America is so dependent on imported oil to fuel your gasoline running cars, vans, and trucks. If you want to reduce your dependency on oil and reduce your trade deficits, now is the time to improve your gas mileage and utilize alternate fuels as ethanol and hydrogen. Reducing

such a demand would lower fuel prices and you could produce plenty of ethanol from any grain or organic source. If you do not reduce your dependency on oil producing states and goods from China, these countries could blackmail you into whatever they want. Your currency will continue to fall as your trade deficits export your money. The increase in your unbalanced government budgets could also cause problems in your capital markets and drive interest rates higher. You also cannot afford to spend billions into debt for all of your useless wars. If America does not get its financial house in order, you could see another recession and stock losses. Most of these problems America has brought on itself because your businessmen are greedy for quick gains, just as your individuals want quick money without working for it. Put aside your desire for money and focus on sharing your wealth with others, and you will store treasure in heaven."

Thursday, November 18, 2004: (Dedication of St. Peter's & St. Paul's Basilicas)

Jesus said: "My people, St. Peter and St. Paul are the two pillars of My Church that have led My faithful through the sea of life. Their leadership is carried on in the succession of My pope sons. When I was in the boat with My disciples, I calmed the storm to save them from being washed overboard. In the same way I am sending you graces through My pope son to calm the waters of wars and divisions in My Church. My pope son continues to express the Church's position on marriage between a man and a woman, and a host of other social issues. Many turn a deaf ear to the teachings that I gave My apostles because the morals of the world have been so corrupted by evil influences. My Gospel message of love and following My Commandments are in conflict with those who desire to live in sinful lifestyles. My faithful must continue to voice the proper way to live and to speak out about the evils of your society's sins. Be persistent in supporting proper moral values no matter how much you will be criticized and persecuted."

Thursday, November 18, 2004:

Prayer Group:

Jesus said: "My people, this yellow color spreading out in a stadium represents the new trade power and military power that is growing from China, Japan, and other Asian countries. China's trade is influencing the whole world and their demand for oil to run their economy is

competing with the rest of the oil demands from other industrial countries. Much of America's imports come from these Eastern countries as well as the oil exporting nations. World trade and competition for goods and resources are becoming large factors for America's economy which is losing jobs and manufacturing plants. Pray for My help in your economy and your jobs."

Jesus said: "My people, America has seen an effect on your gasoline prices because of the high crude oil prices. Now that winter is approaching, people will also see increasing prices in heating fuels as well. As your economy moves forward, there will be increasing inflation and challenges in your budgets to run your cars and heat your homes. Those with lower incomes will be stressed the most with these increased expenses."

Jesus said: "My people, as most of your leaves have been collected up, your fall season turns closer to preparing for your winter season. The trees, that have been stripped of leaves, show a landscape of dull colors. Continue to think more of preparing also for facing Me at your judgment by going to frequent Confession. You need pure souls cleansed of your sins if you are to enter quickly into heaven."

Jesus said: "My people, various industrial nations are expanding their research in rockets for new satellites and even some are developing missiles for striking other nations. This spread of weapons and delivery systems is adding to future threats of war with a host of nations. Pray for peaceful uses of science and not a buildup of more deadly weapons."

Jesus said: "My people, you have a time honored feast of giving thanks to God at Thanksgiving. It is also a time for family members, who are separated in different states, to get together and share company and a family meal. As families grow larger, your gatherings become more populous as well. Each person needs some roots and your families are there to help each other. Continue to remember this time of giving Me thanks because you can then see how everything does come from Me."

Jesus said: "My people, many of you in America have beautiful homes, cars, and appliances. You are more affluent than some nations and you could well afford to share your wealth with the poor of your nation and the poor of the world. The more you share with others, the more treasure that you will store up in heaven. Give your time, talent, and donations to help those in need, and then you will be helped in your own needs."

Jesus said: "My people, you have just seen how moral values have been a big issue in your elections. Now, people are finally voicing their disapproval of the decreasing morality in your public TV programming. If your people do not stand up to your program directors and sponsors on what is shown on TV, then they will slowly give you a steady diet of 'R' rated programs, further corrupting your children and your nation. Your choices may soon be to only watch religious programs to protect your children and your own temptations."

Friday, November 19, 2004:

Jesus said: "My people, this vision of My churches being torn apart is happening before your very eyes and many are still blind and incomprehensible that this is happening. You have evil elements attacking My Church from without and from within. Just view in your own experience what is going on. Your Catholic schools are being closed and what is being taught is so diluted that the children are not getting good traditional training. Many of your churches are being closed because of a shortage of priests and because some dioceses are bankrupt from paying suits for pedophile priests. There has been a movement to remove My tabernacles to back rooms. Some parishes have to share priests or they are run by lay ministers instead of pastors. Elements of New Age teachings are entering various churches. All of these attacks are aimed at closing churches and removing the sacraments as well. You thought that this could not happen, but you need to be blind not to see this destruction being carried out. Catholics are also being attacked in public as well for wearing crosses, putting up Nativity scenes, and the Ten Commandments. Prayer in the schools has been a problem and even 'Under God' in your pledge of allegiance to your flag is under attack. The concocted church and state separation is an attempt to remove all mention of God in public. Church and state cannot be separated because I created everything in the world for My glory and not man's glory. Your persecution of your faith will worsen until you will only have prayer groups in the homes and eventually only safe havens at My refuges. Pray, My people, for strength and endurance in your faith, for you are being tested dearly for your beliefs."

Jesus said: "My people, when someone dies, there is much sorrow and grieving for the loss of the loved one by those in the family. But at the same time you should also be joyous for this life is now separated from the body and

the soul lives on. If this soul was faithful to Me, then they will share in My Resurrection in heaven. At death there is a peace, rest, and calm from all the trials, anxieties, worries, and sufferings from life on earth. All of the worldly things, that concern you now, will be as nothing when you are in heaven and beholding Me in the beatific vision. Give thanks to Me for sharing each life with you, for you are all gifts of life for each other. Comfort those who are suffering the loss of life of a spouse, a mother, or other relatives. The emptiness of the lost presence of a loved one can be helped by your friends and relatives around you. Many times there are no explanations for why souls leave their body when they do, but you all will face death before Me some day. I have asked you many times to keep your souls pure by frequent Confession so you are always ready to face your Lord at your judgment."

Saturday, November 20, 2004: (Funeral for Olena Terelya)

Olena said: "Do not worry about me. I in a peaceful place with Jesus. I have lived a life of suffering, but it was only my humble offering for Jesus and my family. I am sorry that I had to leave my dear Josyp and my children so young. Know that I will be praying and helping Josyp get through our separation. I love him so dearly. I want to especially thank my family for all that you suffered in caring for me and this wonderful service at church now. More than anything I want to encourage Josyp in his mission and to continue on. Let my children also continue on with their lives and I will be praying for you also. You will see at your death, that there is nothing to fear. Your life's struggles will be rewarded with the peace and rest of Jesus. Be fervent and persistent in your faith for this is God's greatest gift that will lead you to eternal life in heaven."

Sunday, November 21, 2004: (Christ the King)

Jesus said: "My people, you have heard of Me as a King in the spirit world. I did not come to the earth to be a king here, but I did promise you that the Kingdom of God is upon you. The end of the Church Year should focus on My coming again in glory on the clouds to condemn the evil ones to hell and raise My faithful in triumph. I will renew the earth and there will be a new heavens and a new earth, as My faithful will be rewarded in My Era of Peace and in heaven. I tell you often to always have your soul purified by frequent Confession because you do not know the

day of your death. But there is also another time to be watchful for My coming because it could come before you die. This has been your personal mission to preach about preparing for the Great Tribulation and the Era of Peace. Many of the signs of the end times are all around you in famines, earthquakes, and pestilence. So there is always a need for spiritual preparation because America has made comforts and pleasures their gods before Me. America needs to repent even more before I come again and you will face your judgment on a day you do not expect."

Monday, November 22, 2004:

Jesus said: "My people, you may suffer much in this world as the poor widow had to suffer in poverty and the loss of her husband. But she still had a strong faith to give all that she had to the temple treasury. This is what I am asking of each of My faithful every day, to give everything up to Me. Do not let the things of this world have such a hold on you that you want to continue to possess them before Me. I am the Master of your life and I should be the first priority in your life as well. Loving Me and your neighbor as yourself is your calling from My Gospel. No matter whether you are poor or rich, you all have the same opportunity for eternal salvation because I redeemed you from your sins. This vision of Me on My throne is what awaits you in heaven. My love and peace are all that you will ever need both in this life and the next."

Jesus said: "My people, once you see a baby, you could not think of killing this little one, unless you were an evil, demented person. The baby quickly becomes part of the family, even though they make demands on your time for their wants. Killing an unborn baby by abortion is just as cruel as killing a baby already born. If you do not want to be pregnant, then you had better plan not to conceive in the first place. If you are married, you can use Natural Family Planning without any other devices for birth control. If you are fornicating or committing adultery, then avoid these sins and these encounters which compound your sin of abortion. Because you are killing your babies, you will be out populated by those who do not. But if your country does not stop its thousands of abortions each year, then My wrath will bring destruction upon you and you will lose what little you have. Repent of your sins of abortion and discourage others from having abortions. You need to pray and take action in counseling, or writing your representatives to vote for legislation against abortions.

You are responsible for your inaction to save My little ones from being killed."

Tuesday, November 23, 2004:

Jesus said: "My people, these scenes at the time of My Coming can be a little fearful to some, but only those, who are not repenting of their sins, need to fear My Judgment Day. The real lesson for this preparation of My Coming is that you need to be watchful every day to keep your soul pure by frequent Confession so you are not condemned to hell in mortal sin. You could be called home in your own death, or when I come again. In each instance you need to be like the five wise virgins with extra oil in your lamps. Your personal mission is to warn people to repent of their sins in Confession and to recognize the signs of the end times to get ready for the coming tribulation. Another part of your mission is to warn the people of your nation, like Jonah did for Nineveh, that unless you repent of your sins of abortion and stop the killing, you could see destructive natural disasters increase. Your people of America need to wake up to their spiritual responsibilities and change your lifestyles, or you could be visited by the same fire and brimstone that befell Sodom and Gomorrah."

Jesus said: "My people, this window means that you are looking into the future. The Light at the end of the tunnel is how many see the Warning, a near death experience, or death. This sign refers to the coming Warning when every soul will have all of their good actions and their sins revealed to them. It will be a very trying time as people will feel great guilt for their sins and how they have offended Me. This message is all about preparing for this event. Those, who are in mortal sin, may see themselves condemned to hell, but with a chance to change their lives on return to the body. Now is the time to come to Me in frequent Confession so you can keep your soul pure and ready for your judgment. The mercy of the Warning is in having a second chance to change your lives. This Warning is indeed coming soon and all souls need to repent and make reparation for their sins. I will enlighten everyone with the knowledge of Me and seeing Me so they will have the ability to choose to love Me by their daily consecration of everything to Me."

Wednesday, November 24, 2004: (Vietnamese martyrs)

Jesus said: "My people, today's martyrs for the faith fit with the readings of Revelation and the Gospel that speaks about a time of persecution for My Name's sake. You

are still seeing violent beheadings of hostages in Iraq and Christians are being killed in various parts of the world. America has been blessed with religious freedom for many years, but still there are attempts by the one world people to implement a separation of church and state which tries to eliminate God from all public things. Roman Catholics are persecuted much more than any other faith. Displaying crosses, Nativity scenes, or 'Under God' in the pledge of allegiance to your flag are just a few examples that draw persecution. Protesting against abortion even more so will draw persecution and even prison if people protest in areas that are not allowed. In the coming tribulation you will see increasing persecution from the secular public, and even schismatic divisions will occur from New Age influences. Be true to your faith in Me no matter if you are threatened by martyrdom or not."

Jesus said: "My people, this vision at night of a van traveling on back roads is how you will have to travel to avoid detection from those who will persecute religious people. Traveling to refuges will be your last chance to avoid those who could come to your house to capture you. When you leave your houses, you will need your bikes, some food to multiply, extra gasoline, warm clothes, a backpack for a tent and your light daily needs. The chip in your electronic ignitions can still be used to track your car after 1984. That is why you will need to use your bikes to travel the rest of the way to your refuges. You will be able to stay in your homes for a brief time, but they will be searching for you before martial law is declared. If you do not leave soon enough, you could be martyred in a detention center. Pray to Me for discernment for the proper time to leave. The coming tribulation will see evil that you have never seen before. Without My help, you will not be able to save your soul. So stay close to Me and your guardian angel and we will protect you from the evil ones."

Thursday, November 25, 2004: (Thanksgiving Day)

Jesus said: "My people, many times people are desirous of having some possession that is somewhat expensive. Once, you acquire that possession, there is an initial satisfaction, but your desire for it becomes passive over time. Many Americans have been blessed with the affluence of many possessions and you have fallen in love with them. All that you have has come indirectly through Me and you should be thanking Me for them. These possessions could be taken away just as easily as you have acquired them. Do

not put the love of things before Me, because I am the only One that matters in your life. I love you always, which is more than your possessions can do. I can lead you to heaven, but those, who worship things that will pass away, can be misled to hell. Loving and worshiping Me is what I desire of you, instead of your love and worship of possessions. Focus on your spiritual destination and you will see why it is more important to love Me first."

Jesus said: "My people, you are just putting away your leftovers from Thanksgiving and the shopkeepers are ready to sell you gifts from early morning on Friday. Each year there is a struggle to buy gifts for your friends and relatives as you brave the crowds and the stores. People receiving gifts should be sure to thank the giver for spending money and time to buy something for them. When you are buying gifts, it is the thought rather than the expense that matters, so do not overspend your budget just to try and please someone. Remember also that you are commemorating My birth and My coming to fulfill the promise of a Redeemer of your sins. As you prepare your Christmas decorations, remember to have at least a small Nativity scene to remember that I am the reason for Christmas. As you share your generosity in gift giving, you could also share some of your charity money to feed, clothe, and shelter the poor and the homeless. Also, you may be tested with people trying your patience, so make an extra effort to avoid any bad words to anyone and be more Christian like in your behavior."

Friday, November 26, 2004:

Jesus said: "My people, the readings of this last week of your Church Year focus on the first judgment of many souls when I will revisit the earth. You do not know when this day will come, but I have told you that it would be in your lifetime. In the vision you are seeing the souls drawn to Me and your mission is to warn the people to repent and prepare your souls for this day. Many think warnings of the end days are doom and gloom, but this is only for those souls who will remain in hell. My faithful will see a reward in the Era of Peace with a new heavens and a renewed earth, as well as being with Me in heaven after this era. Your faith and hope in Me will be vindicated when you will be judged worthy of the Lamb of God. Your praise and love of Me, which seemed as foolishness to the world, will win you your salvation."

Jesus said: "My people, at each family get together as Thanksgiving, it is always nice to take pictures of

everyone as they are, so you can look back at them later on. Pictures have a way of freezing your appearance at a set time in your life. As you look back, you can see how your children grew and had their own children. You can remember your grandparents and your parents even as they pass from this life. Storing digital pictures even makes it easier to review your pictures from year to year than the actual pictures that are stored in boxes or albums. Pictures let you see the broader perspective of life and death amidst your various generations. You should be thankful for the gifts of life in your family and your friends. Seeing the joy in your faces in your pictures captures the spirit of who you are. If someone should die in your midst, you can recall the pictures of how you enjoyed life with that person. At most funerals the family puts together pictures of how they remember their loved one. Even those, who pass on before you, will be there in spirit to greet you at your death. Pray for your friends and relatives, who may still be in purgatory, and they in turn will pray for you. Life is very short, so live it to the fullest in following My ways, and you will be able to enjoy your eternity with Me in heaven."

Saturday, November 27, 2004:

Jesus said: "My people, at the end of this age you should know that there will be a judgment, and I and Satan will be claiming our souls based on the actions of your life. Satan offers you wealth, comforts, and pleasures, but they are only temporary. He also offers you sin, hate, and killing which will eventually cost you eternal suffering in the flames of hell. I offer you love, rest, and assurance of heaven, even if you must suffer persecution on earth and purification in purgatory. In Me you have someone who will always love you and you can trust in My help through life. Anyone, who does a logical assessment, can see that choosing Me has the best chance of enjoying an eternity of love and joy, instead of eternal hate and suffering. This life is short and it is not worth suffering for eternity for a few temporary pleasures and comforts. I am a jealous God, and if you truly love Me, you will be saved. Do not put any gods of the pleasures of the world before Me, or you risk the fires of Gehenna and you will never see My face again. So choose life between Satan and I, and you will be choosing hell or heaven, respectively. For those choosing heaven, I call you to daily praise and prayer. Follow Me by picking up your cross, and you will gain eternal salvation with Me in

heaven."

Jesus said: "My people, every year around Christmas time, the shop owners are all decorated with lights and Christmas decorations to get people to buy gifts. There is rarely any signs of a Nativity Scene to indicate My birth is being celebrated. There is more focus on making more money than last year instead of on Me. This is really a worship of money and possessions as gods, instead of worshipping Me as the shepherds and the three kings did. The lights of the casinos are all about attracting gamblers to waste their money on frivolous bets. Man makes money his first god and this is what motivates many to action. I call on man to love Me instead of money, because you can only have one master and you will hate the other. So as you start Advent, remember that it is My birth and My promise as a Redeemer that should be your focus around Christmas, and not just buying gifts."

Sunday, November 28, 2004: (First Sunday of Advent)

Jesus said: "My people, you are commemorating My first coming at Christmas with the start of the Advent Season, but this vision of fire represents My second coming when I will cleanse the earth of all evil and renew the earth. The Gospel speaks of as it was in the time of Noah with evil all abound. So will it be when the Son of Man returns to cleanse the earth again of your present evil. I have shown you before how the evil ones, who will be condemned to hell, will be suffering hell on earth as they walk amidst the flames and are not consumed. They will suffer many plagues on earth before they are cast into hell. My faithful will be raised up and you will be sheltered from all evil and then you will share in My Era of Peace after the earth is renewed. Repent and be prepared in your souls by Confession and you will be joyous when all the evil ones will be silenced, including Satan and his evil angels as they are chained in hell."

Monday, November 29, 2004:

Jesus said: "My people, it does not matter how wealthy you are, or how beautiful your house is, but it is your faith that really matters in determining your eternal destination. You say at Mass: 'Lord, I am not worthy that Thou should enter under my roof, but only say the word and I will be healed.' This is an affirmation of your faith in your love and trust in Me. Do not just repeat these words, but in humility really mean them. Each day is a struggle through life's trials, but your daily prayer will give you the strength to bear them. If I answer your prayer to

lighten your problems, it is a blessing from Me. If you have to suffer an illness or difficulty for My sake, you will be doing nothing more than serving Me in faith. Do not expect an easy life here, but know that your reward for your faithfulness and endurance will be found in heaven."

Jesus said: "My people, most of your economy is fueled by oil and its distillates for powering your vehicles and heating your houses. Unless you change to alternate fuels, you will be prisoners to the high cost of your oil imports. Your gasoline demands have lessened, but once your cold weather starts, there will be more demands on the cost of heating your homes. The high price of oil and the demands for renewable energy sources are making other fuel sources more attractive. Fossil fuels will eventually be used up, or they will be hard to obtain from politically sensitive countries. Hydrogen has been attractive to those desiring to cut down carbon dioxide emissions because water is the by-product. Hydrogen is an explosive gas, and it may have problems to be used safely. Using grain alcohol has some advantages being a liquid, but it is corrosive on today's engines and still emits carbon dioxide. Solar power can charge up batteries for short distances, but it may be difficult to move heavy loads for long distances. Even if man would be allowed to use other fuels, it would be hard to change the companies away from oil. Price and availability may force America to other fuels just to limit your balance of payments overseas which is making your currency go lower in value. Pray that your people see the need for change in your fuels before you will be controlled by your fuel prices."

Tuesday, November 30, 2004: (St. Andrew, the apostle)

Jesus said: "My people, the feast of St. Andrew is a reminder to all of My faithful how you are called to follow Me. You either believe in Me or not, there is no middle ground. If you truly love Me and desire to follow Me, then you are called to obey My Commandments and spread My Good News of salvation. By your Baptism and Confirmation you are sent by My grace out to preach to all the nations. The Word of God was meant to be shared, so that everyone may have heard My words of love and are given the opportunity to be saved. If people do not hear My Word, how can they be converted? So I send My laborers into the harvest so My Word reaches all the nations. Each of My faithful is empowered to teach My Gospel of love. Once the people have been presented with the truth of My Word, then they have to choose to believe or not. This is life's choice whether

you want to be in peace and love with Me in heaven for eternity, or do you want to be suffering in the flames of hell and the hate of Satan forever? If you choose to be with Me, then follow Me by picking up your cross and imitate My life in total consecration of everything to Me. This is a choice of total commitment to My service, or a defiance to serve Me. Those, who refuse this total commitment, are giving Me only lip service, and I will vomit the lukewarm from My mouth."

Jesus said: "My people, you are seeing many earthquakes all over the world, but this vision is of a city that will see a great number of deaths. The buildings will be collapsing on people in a great devastation. You saw many people killed in Iran within the last year, but you will see many killed in a major city once again. These disasters are hard to prepare for, but rushing food, water, and medicine to these sites can help the victims. You saw much devastation with this year's hurricanes and you know how much help that these people required. Be ready therefore, because disaster can strike at any time. America has had a small reprieve from disasters because of your favorable elections for those favoring life. If nothing is done to stop your abortions, then you again will see more of My wrath in natural disasters. Pray and repent now while you still have time to change your lives."
