

Thursday, November 1, 2007: (All Saints' Day)

Jesus said: "My people, many of My saints gave up their wealth so they could live their lives in total dependence on Me and not on their money. I have told you before that you depend on Me for everything, even though you may not want to admit it. Living in full dependence on Me requires a complete commitment of your will to My service. This requires a deep trust in Me out of faith alone. Many poor people are living this way of life already. Those, who have been blessed with a good job and more money, are at times tested by their wealth to depend more on themselves than on Me. If you have more than you need, you should be willing to share your excess with the poor, and give thanks to Me for being generous with My gifts to you. Many of the poor and care organizations rely on donations for helping others. So do not be selfish and share what you have, and you will gain treasure in heaven. Strive to be a saint to enter heaven."

Prayer Group:

Jesus said: "My people, there are some who claim to be Christians, but they are hypocrites because they speak of My cross and then they have allegiance to their money and their possessions. You cannot have two masters, for you will either love one or despise the other. You cannot love Me and money. I am the only One to worship and your money is only a means to obtain your necessities. You are totally dependent on Me, so keep Me as your first priority in life and serve Me."

Jesus said: "My people, remember to honor and care for your parents even into their old age. It is sometimes very difficult to endure watching your parents deteriorate in their health as they age. But continue to give them proper care as long as you are able to. Your parents will appreciate your loving care, even if they are unaware in bad memory or comas. Your parents deserve to have their family present up to their dying day. Pray for their good health because they are a treasure to have with you."

Jesus said: "My people, it is difficult for anyone to suffer the loss of a loved one, and the family needs a proper time to grieve that loss. All of the friends and family can comfort the widow or the widower. Pray for the deceased with Masses and honor them at their graves. Move on then with your lives and help the bereaved in their needs. As you remember to pray for the dead on All Souls' Day, pray that they could be released soon from purgatory if they were judged there. If the deceased is in heaven, your prayers will benefit other members of the family in purgatory."

Jesus said: "My people, as you watch people being buried in the ground, you all are viewing your future when one day you

will die. November is a somber month as you make a special remembrance for all of those who have died this year or in the past. These souls have not forgotten you, and you should not forget to pray for them. They may be out of sight, but your pictures of them in life can be an inspiration to think of their souls. This life is very short, so live it to the fullest in loving Me and loving your neighbor as yourself."

Jesus said: "My people, pray for your American workers who are losing their benefits. Many large corporations are cheating their workers out of health benefits, pensions, and fair wages by layoffs or cuts in benefits because of their greed for profits. Jobs are being cut and some are sent overseas for cheaper labor costs. The rich are exploiting and even trying to eliminate the middle class so they can make others their slaves. These devious and unfair employers will suffer much in hell or purgatory for all the injustices they have caused the American workers."

Jesus said: "My people, My saints are your real heroes and heroines, more than your rich and famous that get all of your headlines. As you reverence the relics of the saints, you have a little sense of their presence among you. When you read books on their lives, they can inspire you to live saintly lives. Some had to deal with martyrdom for their faith, and they suffered much in their allegiance to Me, their Master. Your faith should be as strong as theirs when you pray for My help and guidance. When you see how dedicated their lives were in serving Me, you can imitate their lives and be thankful for having such role models. Give thanks and praise to Me as you share your worship of Me with all of My saints and angels."

Jesus said: "My people, My saints can also act as intercessors for your prayer petitions. There are many patron saints for various parts of your life that you pray to. You may also have saints in heaven from your own family as your son, David, and your parents. They love you even more in heaven than on earth, and they are watching over you even when you forget them. Pray to your family saints with even more fervor because they are waiting patiently to hear from you and help you. They join with your guardian angels in protecting you from harm and evil."

Friday, November 2, 2007: (All Souls' Day)

Jesus said: "My people, many people have a fear of death and the unknown that this end of life will bring. One thing is for sure that there is no way to prevent it because everyone is assigned a day to die in this life. You have become so accustomed to living in this life that it is hard to see yourself with no more tomorrows in the morning. Life will go on

after your death, but your immortal soul will be separated from your body. Based on your judgment you will be experiencing heaven, purgatory, or hell. It is how you lived your life, that will determine your destination. You are held accountable to My mercy and justice for all of your actions in this life. In other words you can control your destiny by how much you love Me and how much you love your neighbor. Your life is a trial or testing between a love of the world vs. a love of heaven and Me. The world and Satan can only give you empty promises of comforts and pleasures, but the wages of sin without repentance is death in hell. I can promise you eternal life in My glory and love in heaven when you repent of your sins and accept Me as Master of your life. All of My faithful may have to suffer persecutions and insults in this life for being faithful to Me. In the world's eyes you may be foolish to consecrate everything over to Me, but in My eyes you are the wise one in the ways leading to heaven. Everyone has this choice to make in their lives, but it is better to follow the narrow road to the love of Me in heaven than to follow the broad road to the hate of Satan in hell."

Jesus said: "My people, remember the message that I gave you how the one world people will use power outages to enhance their means of takeover in America. They already are planning a massive event involving many deaths to make way for an excuse to have martial law. Shutting down the power grid lines is their way to paralyze the people to allow their takeover. They could use planned terrorism to take out a nuclear power plant as witnessed in Arizona where radiation and a power outage would raise havoc on many people. They could use the HAARP machine to cause ice storms and put out many power lines. All of these methods fit in with their plan for an American takeover that will be coming soon. Again when you see martial law declared or mandatory chips in the body, prepare quickly to leave for My refuges by calling on Me and your guardian angel to lead you to the nearest refuge. By seeking My protection, the evil ones will not be able to capture you or kill you. Trust in My power and help to provide for all of your needs, even in the middle of winter."

Saturday, November 3, 2007: (St. Martin de Porres)

Jesus said: "My people, America has been suffering from droughts and fires, but your neighboring countries and islands have been suffering floods and mudslides. In addition to these natural disasters your oil prices have been affected by a loss of Mexican oil and the threat of war in various areas near the oil countries. These troubles of higher fuel costs combined with your mortgage foreclosures have become very unsettling among your consumers with even some talking of the possibility

of a recession. You are seeing one event following another where either disasters, financial disruptions, or wars have been causing things to disturb people's peace. Some of these events have been brought on your people by the sins of mankind, and now you are reaping the harvest of your faults. Repent of your sins and change any evil lifestyles, or you will harvest even worse consequences."

Jesus said: "My people, many of the sacred places in the Holy Lands where I was born, where I died, and where I resurrected, are covered by beautiful Crusader Churches. When you go to these holy places, you can feel the mystique and sacredness of My previous presence when I was in the body. I have given you My Body and Blood in the Eucharist under the appearances of bread and wine. The bright yellow light at the top of these churches represents the appearance of the Blessed Trinity in each church to give witness to the completion of My mission. Some people have not been gifted with enough faith to fully realize the extent of My love for man in that I would be incarnated as a man, and give My life up for all of mankind's sins. No greater love can a man have for his neighbor than to give up his life for another. This is why it is important to retain your religious traditions and hold fast to your reverence for the Sacred in My Eucharistic Host. If you do not believe in My Real Presence in the consecrated Host, then you will fail to have reverence for My Blessed Sacrament. I am truly present in My Eucharistic Bread whether you want to believe it or not. Trust in My power in My Blessed Sacrament, or why would Satan try to get rid of My tabernacles of power."

Sunday, November 4, 2007:

Jesus said: "My people, another means of the one world people to control government officials is with threats of death or actual assassinations. This vision holds the potential for such an attempt, and it is meant either as a warning or an actual removal of an official that is not following their directions. I have told you in the past that it does not matter which party is in control because the one world people control the money and the power. Their desire for power and control is ruthless, and they care not how many they have to kill in order to gain their power. Pray for your righteous people to stand up to these murderers, even as the evil ones struggle to take over your country."

Monday, November 5, 2007:

Jesus said: "My people, there are a lot of traditions in the Mass that give more reverence to the meaning of My Real Presence in the bread and wine. There were Communion rails for

kneeling and receiving Holy Communion on the tongue. There was the ringing of the bells at the Consecration and a placement of My tabernacle behind the middle of the altar. Today, very few genuflect to My tabernacle which is sometimes hard to find in modern churches. The Communion rails on the altar are gone, and people receive Holy Communion in the hand and standing. Very few churches still ring the bells at the Consecration time. This vision of the ringing of the bells at the Consecration and all of these other traditions, are to honor My Real Presence in the consecrated Host. By minimizing this reverence for My Host in these lost traditions, it is no wonder that the majority of those at Mass do not even believe in My Real Presence. It is the job of the clergy to emphasize the need for believing in My Real Presence, and if the reverence is not there for My Eucharist, then it teaches the wrong message. There is spiritual power and grace in My Blessed Sacrament, and this is My gift of Myself to you until the end of time."

Jesus said: "My people, this Gospel speaks about welcoming everyone to your celebrations and banquets, and not just those who can repay you. I want you to always be open in charity to help those in need spontaneously without holding back or being invited. You share among your friends and relatives because you are comfortable out of love to help them. I am asking you to go the extra mile to help the poor and those that you do not know, even when you may need to act outside of your comfort zone. If you feed the hungry, clothe the naked, visit the sick, and mourn with the families of the deceased, then you have helped Me in them, and you will have your reward in heaven. If you did not do this for Me in them, and you refused the opportunities that I gave you, then you may suffer in purgatory or even hell for your selfishness and sins of omission. (Matt. 25:31-46) I give you all the gifts of this world and the spiritual gifts out of My love, and I want all of My faithful to share your love with Me and your love for your neighbor with your time, talent, and money. Your gifts to others are your way of sharing love with them, and love with Me in them."

Tuesday, November 6, 2007:

Jesus said: "My people, the Gospel parable today was given as an answer to the Scribes and Pharisees who refused to believe in My words and miracles, and Me as the Son of God. Since they gave excuses as they knew Me from My parents, and that I was blaspheming to say that I was the Son of God, I rejected them from My Banquet, even as they wanted to kill Me. So I called the Gentiles in through St. Paul to come to Me in place of those who rejected Me. The vision of a brush cleansing the dust out of today's Church represents how I again will reject those

believing in New Age teachings, and they will not taste a morsel of My Banquet in heaven. Those, who worship the gods of this earth and not Me, are truly condemning themselves to the fires of Gehenna. This division coming in My Church will be between a schismatic church and My faithful remnant. Follow the teachings of My apostles and My evangelists, and leave any church that teaches New Age or the one world religion of Satan. Pray for discernment and worship Me, the only One true God who loves you."

Jesus said: "My people, war in any form is a result of sin and is encouraged by Satan and his demons. It is even worse when some leaders cause a war by their own greed for power and money. The Iraq War was a war started by America with no provocation and mainly to protect the oil fields. The ensuing insurgent war has purposely been dragged out to deplete your military and ruin your economy with huge deficit spending for the war. These constant wars started by the one world people have your takeover as their constant goal. Stop these wars and you could take back your country. Allow these wars to continue, and your nation will be no more. Pray for peace, or else you will be going to the refuges sooner."

Wednesday, November 7, 2007:

Jesus said: "My people, up until now your freedom of religion has been honored, but still Catholics are criticized in public more than other religions. As the tribulation time grows closer, you will see believers in Me will be more at risk for persecution and even torture. Violence against churches will begin slowly with a loss of tax exemptions and tax deductions. Vandalism of churches will be increasing and more fires in churches will be started. It will even come to the point where you may need to have Mass in the homes as an underground church. Be prepared for more violence against My churches as the evil ones will be growing in power. Your time to move to My refuges may get closer as you become targets to be killed and your houses are destroyed. Have no fear of this time because My angels will protect you at My refuges when it is time to go there. When you see religious persecution, mandatory chips in the body, or martial law, then leave quickly for the nearest refuge as you follow your guardian angel."

Wednesday, November 7, 2007:

Jesus said: "My people, you have speculated on comets and weather shifts that killed the dinosaurs and other civilizations. Now in this vision you are seeing events lead up to a massive super volcano release never seen by man in modern

times. This truly could be an extinction level event that could threaten life all around the planet with the dust and rock from this event. Breathing would be difficult and require a mask. Crops would fail and the temperature would be lower by ten's of degrees. This event will be beyond what you have seen in the past, and it will change your history of events. Pray for My help to endure this trial, for it will be a wakeup call for everyone."

Thursday, November 8, 2007:

Jesus said: "My people, when you come to Mass, you come to your home with Me. Some of My children wander away from Me by the distractions of the world, but I am always searching for the lost souls to lead them back home to Me. The Gospel of My searching for the lost sheep is how I love each of you, and I do not want to see you without My grace and protection. The devil is constantly seeking the ruin of souls, even as I am trying to save them. Being with Me in My Blessed Sacrament should be your souls's desire to love Me and let Me be your first priority in your life. When you miss Mass on Sunday and forget your daily prayers, you are wandering close to hell. Wake up spiritually and understand that you have only one soul, and you will answer for your life at your judgment. If you have love for Me and your neighbor, then I will welcome you into the joy of My Banquet in heaven. If you refuse to love Me and refuse to obey My Commandments, then I will not know you, and you will be thrown into hell where there will be the grinding and gnashing of teeth among the flames."

Prayer Group:

Jesus said: "My people, your country's Constitution is over two hundred years old, but now your current president is threatening to undo all of your freedoms under the Constitution. In his claim for a 'War on Terror' he is preempting attacks on any country he pleases when the declaration of war should come from the Congress. He is allowing wire taps and invasions of private communications in the name of security and against your rights. The worst violation is a plan to form a North American Union that would take away all of your sovereign rights as a nation. He also writes Executive Orders that would allow him to cause martial law and to imprison Americans against his edicts. Pray for your country that is about to be taken over by this dictatorial rule and in violation of your Constitution."

Jesus said: "My people, many of your people are now facing higher fuel costs for gasoline in your cars and heating oil in your homes. Your supplies of oil are under constant threat of wars and weather that have driven prices to record levels. Your money's value also has dropped due to your many deficits in your

national budget and your balance of trade. Many of these debts are caused by your incessant wars and they are leading you into a fiscal collapse. It is the one world people's plan to bankrupt you with these useless wars. Pray for an end to your wars and you would not have so many debts and deficits."

Jesus said: "My people, the one world people have not only exported your jobs to cheaper labor, but they have also exported much of your manufacturing by investing in other country's plants. They are stripping your country of almost all heavy industry for so called profits, but this is another plan to destroy your middle class and your economy. By having little manufacturing, you will have less jobs and you will be dependent on other nations for finished goods. You do not have enough exports to pay for your oil and foreign cars and goods. This is a plan to destroy your country for a takeover. Your laws encouraging such a trend with free trade need to be changed to keep your home industries protected, or your dollar will soon be worthless."

Jesus said: "My people, I have talked about thoughts of death in this month of November, but you are also seeing the slow death of America as you know it as a free republic. The rich and the stockholders may make money on cheaper labor and cheap imports, but the lost jobs are lowering the average wage and requiring people to have multiple jobs just to survive. All of these trends are lowering your standard of living as you become more and more slaves of the rich. America's fame and fortune are waning because of your abortions and your sinful lifestyles. Any loss of freedoms in America are coming as a punishment for your sins."

Jesus said: "My people, the Congress and your president have been fighting over stopping the funding of your Iraq War, but the gridlock over votes and vetoes is allowing this war to continue. It is the one world people and your defense industrial complex that are controlling these votes so they can make their war blood money. If the American people do not take their country back from these central bankers, you will soon be looking through the bars of a detention center waiting to be killed. Wake up to this imminent takeover before it is too late."

Jesus said: "My people, many of your prayer group from other parishes are pleased to see this crucifix in place after you have prayed your novena for this cause. I have told you that this would be brought about by My answer to your prayers. Prayer and trust in Me are very powerful in your prayer requests, especially when the souls of this parish will benefit from this inspiration of seeing My crucifix. Continue to

support all of your pastors in preserving the traditions of your faith."

Jesus said: "My people, looking on My crucifix should be a sign of My love to all of mankind. I died for your sins and I want you to offer up all of your suffering and join it to Mine on your own cross. Another sign of My love is My gift of My Eucharist so you can have My Real Presence with you in Holy Communion and in Adoration of My Blessed Sacrament. You can return your love to Me in consecrating your life to Me, and giving Me thanks after Communion for all of My earthly and spiritual gifts to you. Give Me praise and worship everyday, and have faith and hope in My help in all of your needs."

Friday, November 9, 2007: (Dedication of St. John Lateran Basilica)

Jesus said: "My people, the word 'Church' has two meanings for My faithful. The one meaning is about the physical structure where you attend Mass and where My Blessed Sacrament resides in My tabernacle. The other meaning represents the people of the parish who attend the Mass in whom the Holy Spirit resides in each person. Special care needs to be taken to maintain them. In the church care needs to be taken in fixing the roof, the lights, pews, as well as regular cleaning and paying of the bills to run it. Your bodies need care in eating healthy, doctor visits for physicals and dental care, dressing warmly, and avoiding abuses of the body as drugs, drunkenness, and sexual sins. When physical and spiritual care is taken for the building and your bodies, then truly My Church will grow and prosper. Spiritual care in keeping My Commandments and My traditions is also important to the spiritual health of My Church. By supporting My Church in your donations and frequenting My sacraments, your bodies and souls will be cared for."

Jesus said: "My people, your cell towers are proliferating all over your nation and other nations as well. Many people are wanting the convenience of using their cell phone to call anyone at anytime for a nominal fee. What people do not realize is that this wireless cell phone system is flooding your airways with much microwave pollution and endangering users with microwave damage to their brains, and possible damage to nature's insects. All of the new smart cards and satellite chips will use these same cell towers for buying and selling whether in cards or eventually in the body. It is the chips in the body that you should refuse to take at all costs. These chips in the body will control people with voices and the people will be like robots and not remember what they did. The Antichrist will abuse people with these chips as he will have

his brief reign. Avoid using these chips and cell phones so the evil ones cannot track your movements. The days for this evil takeover are coming quickly and My faithful need to prepare to leave for My refuges of protection. Call on My help and that of My angels to protect your souls and your bodies from these evil ones."

Saturday, November 10, 2007:

Jesus said: "My people, at many of your funerals there is a momentary remembrance of the deceased, but many assume they went to heaven or they forget to pray for these souls. Very few souls, who do not go to hell, go straight to heaven. The majority of souls, who are saved, require some purification in purgatory, and they can no longer pray for themselves. This is why it is important to not forget the poor souls in purgatory, especially those in your own family. Continue to pray for your deceased in case they are still in purgatory. Remember to have Masses said for your deceased members because the Mass is very powerful to release souls from purgatory. Put yourself in their place and realize how you may be there someday. You would want people to pray for you, so you should pray for them to shorten their time in purgatory. These souls will never forget to pray for you, once they are released to enter heaven. Pray for poor sinners as well before they die, so they may be saved from going to hell. You have many responsibilities in your spiritual life and the most important are to pray for the souls in purgatory and for the conversion of sinners. Anything that you can do to save souls by your example can also help souls on their path to heaven."

Our Lady said: "My dear children, this picture of me as the woman clothed in the sun (Rev. 12:1) is a picture of me pregnant with Jesus. Many women, who are pregnant, are having abortions either because of an affair outside of marriage, or because they do not want to have any more children. When I became pregnant in response to St. Gabriel's message, I followed the Lord's Will for me, even though it was possible that I could have been stoned. I trusted that the Lord would take care of me, and I would have my Son because this is what He wanted of me. There is no truly good reason for taking a baby's life in abortion. Even if the mother's life is threatened, it is better to let nature take its course. Only Our Lord should govern who lives and who dies, and not mankind. I am truly the patron for unwed mothers and I pray for all of these mothers who are contemplating abortion. Likewise, when you pray for the stoppage of abortions, pray also to touch the hearts of these mothers to have a deeper love for their babies, and a better appreciation for the preciousness of life. Many women would love the opportunity to have children, but some are unable to do

so. They would gladly adopt someone's unwanted child. Encourage these mothers to give their babies up for adoption rather than have an abortion. Continue to pray to stop abortion and ask my Jesus to multiply your prayers for this intention."

Sunday, November 11, 2007:

Jesus said: "My people, I am truly the Resurrection and the Life for all of humanity. No one can enter heaven unless they come through Me, because I have paid the price with My life for the salvation of all souls. This is why you need to be healed of all of your earthly desires either on earth or in purgatory in order to be pure enough to enter heaven. In order to gain eternal life you must have faith in My Resurrection and your own resurrection at the final judgment. My death and Resurrection are an example for you to follow in My footsteps. Repent of your sins and accept Me as Master of your life. What does it profit a man to gain the whole world and in the end he loses his soul? The things of this world, as well as your body, are passing away, but your soul is immortal and will live on forever. It is by your choice in your life's actions that you choose either heaven or hell for all eternity. This day you honor all of those who died to save your country from the dictators of the world. Truly you owe your thanks to them for your freedom. You also owe Me thanks for your spiritual freedom from the bondage of sin that I offer you in Confession. As in Maccabees you may be confronted one day with standing up for your belief in Me, even if it means being martyred for that belief. Be strong in your faith, even to the very last moment of your life on earth. Trust in Me, and you will truly be with Me in heaven for all eternity."

Monday, November 12, 2007: (St. Josaphat)

Jesus said: "My people, nothing is sacred anymore for thieves and vandals. Break-ins to steal church collections are becoming more common. Even thefts of My consecrated Hosts for black masses are paid big money by the evil ones. Fires in churches have occurred as well. Satan has attacked My priest sons in many scandals, but he also gets thieves to commit vandalism on the physical churches. You are seeing some churches closed because of these scandals and a lack of priests and parishioners. In some areas the faith is weak in terms of attendance, but My faithful priest sons, who keep My traditions, are attracting more people in other areas. Support your pastors both physically in donations and spiritually in prayer. By invoking My protection, My churches will be protected even from these evil thieves and vandals."

Jesus said: "My people, the weather this winter will have some unusual high winds that could cause snow and ice which could result in poor visibility and many accidents. This vision of a truck turned over is an example of the accidents that could occur. People in cars or large trucks will have to be wary of the weather reports before they proceed. Keep some holy water and blessed sacramentals in your vehicles for safety in your travel. When you are traveling to do missions or talks, you will need more spiritual protection against the evil ones who may try to thwart you in your work. Pray for My protection at the start of every trip, and place holy water around in your vehicle. Give thanks to Me and your guardian angel every time you return from your travels unharmed."

Tuesday, November 13, 2007: (St. Frances Xavier Cabrini)

Jesus said: "My people, it is a struggle in your modern times to even get the people to attend Sunday Mass. Part of this attendance problem comes from lax religious leadership in the homes. When you have high levels of divorce and people living together unmarried, this presents a difficult environment for religious upbringing to the children who suffer. This is part of the reason that you are seeing mostly older people at Mass because the children are not as inspired to come. The dark silhouettes of people also means that the people, who do come, are coming more out of duty, and they need more spiritual enthusiasm. My Light of faith needs to set people on fire with a strong desire to share their faith, and help their parish churches to be vibrant and healthy both financially and with good deeds. It is even more difficult to get people to teach religion to the children and other outreach programs in the parish. Prayer groups and Adoration of My Blessed Sacrament are other areas for each parish to have a strong spiritual life and protection from the evil one. Unless a parish has people taking different responsibilities, it will be hard for that church to survive. The people of each church have to be led by the pastor, but they need to come forward to make parish life come alive."

Jesus said: "My people, there are still people who persecute My Church in its members. When St. Paul was struck by lightning on his horse, I said to him: 'Saul, Saul, why do you persecute Me?' I could ask that same question of many communists and atheists. Without enough grace to have faith and belief in Me, it is hard for some to find their way to heaven. You will be seeing increasing discrimination, persecution, and even killing of My faithful because of your persistent faith in Me. Never give up your faith, even if people threaten you in any way. Only those, who obey My laws and do My Will, will see

eternal life in heaven. Call on My protection and that of My angels when you are attacked either physically or spiritually. Carry your blessed sacramentals as holy water, blessed salt, Benedictine crosses, rosaries, and scapulars for protection against the evil ones."

Wednesday, November 14, 2007:

Jesus said: "My people, the rich and the famous, as with the pyramids, have much money to adorn themselves, even in death, yet all are equal before Me at the judgment. To whom more is given, more will be expected, both in the material world and with spiritual gifts. I do not measure a person's importance by their wealth or their fame, but it is how they love Me and their neighbor. If you truly are following My ways, you should be generous in your charity by giving of your money and your time. In the spiritual world you also need to be generous in your prayers and evangelizing souls to be saved. Another way of sharing your love with Me is to be gracious and giving thanks for all the gifts that I have given you. Even in today's Gospel I was asking why the other nine lepers did not return to give thanks for My healing of their leprosy. So it is today, even when you have your prayers answered, you should not forget to thank Me as these nine lepers did not. Guard your peace and rest with Me from any earthly distractions that could replace your prayer time."

Jesus said: "My people, you wake up every morning wondering what to do first on your list of chores. But stop and think for a moment how gifted you are to have good health and be able to do what you want. There are some people who cannot walk, or have chronic diseases, or even terminal diseases. These people are suffering every day with their disabilities. Pray for these people so they could endure their trials and carry on with life as they can manage. Be more thankful for your good health as well. Sometimes you may suffer a temporary disability with a broken limb, and it is then that you realize what it is like to be without good health and free movement. It is then that you also can be more sympathetic with some who have to suffer a disability all of their life. Trust in Me to heal any illness and keep your good health. Do what you can to ease the burdens of others' disabilities."

Thursday, November 15, 2007: (St. Albert the Great)

Jesus said: "My people, some areas will be seeing heavy rains, enough to cause flood warnings into the winter time. This vision of overflowing rivers is a strong suggestion for these warnings. Even as some experience flooding, others will continue to see droughts with possible fires continuing. This

again is nature's reflection of mankind where some are cold in their hearts to Me, while a few are on fire with My love. It is the mission of My strong faithful to try and lead the lukewarm back to their former fervor of faith, and reach out to convert those who have never loved Me. Wake up those who are spiritually asleep because there are many signs of the Antichrist coming before I return. Today's Gospel is warning you also about the false christs who will come to try and deceive you that it is I, but do not follow them. Be always ready, for you do not know the day, nor the hour of My return."

Prayer Group:

Jesus said: "My people, I am pleased, as your people, to see the new stand for your personal crucifix as I had suggested. The vision also shows you how it would be good to have some protection for carrying the crucifix. It is also interesting how several attempts to make a DVD of your talk have been thwarted by poor lighting and sound. I applaud your attempts to carry out My wishes. Time indeed is growing short for your tribulation preparations, and this DVD and the index are all about getting out your message to as many as possible."

Jesus said: "My people, this local church, that had damage done to their tabernacle, has seen how vandals are becoming more bold in trying to steal My consecrated Hosts to defile them at black masses. These evil ones offer great sums of money for such Hosts, so to inspire some greedy thieves. I had just recently told you to expect more of these such incidents, and here it has happened. This is a sign to you that there needs to be adequate alarms and security to discourage such thefts."

Jesus said: "My people, it is always a good time for families to get together for this Thanksgiving Day dinner. Even though it may be a struggle to travel home over a distance, it is still worthy of the chance to be with one's relatives to share your love in person. Along with sharing a meal, it is also appropriate to remember what you are celebrating in giving thanks to Me for everything. Make a point to mention this intention in your grace before dinner. Also think of those who are less fortunate who could use some help in providing for their Thanksgiving meal."

Jesus said: "My people, I have told you before not to start a war that you could not finish. Going into Iraq was a fabricated war as the evidence has shown, and it is even more of a reason to stop this war. You are in a battle with the one world people who want wars to make blood money. If you cannot stop this war, then they will not only get their way, they will prepare you for a takeover. Your people need to assert themselves against this war in prayer and action as your Congress is doing."

Jesus said: "My people, your mortgage banks have had to mark down many of their outstanding loans because of so many foreclosures. People could not afford their loans when higher interest was demanded of their faulty loans. It is unfortunate that these bankers would knowingly make loans for people when they knew the borrowers could not afford the full interest loan. It is greed that has caused these problems and now the bankers have to swallow their pride amidst their losses. Pray for those losing their homes and all of those investors that are losing their investments."

Jesus said: "My people, as you approach the end of the Church Year, you are going to hear many readings about the end times and preparations for the final judgment. This is your mission, as you know, so have everyone be attentive to these coming weeks of readings before Advent begins. Your soul always should be made pure by frequent Confession, so you are ready for the day of your judgment. I give you many readings of how to be wise in your preparations, even as I talked about the five foolish virgins and the five wise virgins who had enough oil in their lamps for the Wedding Feast. Take a lesson from these parables and see to your own preparations for a day when I will come that you do not know."

Jesus said: "My people, Noah had great faith in following My wishes to build a huge boat that would house his family and the animals from the great flood. At times what I ask you to do may not seem humanly possible to do, but with the faith of Noah, you must follow My plan. When you follow your mission, you will be rewarded greatly for having faith in Me, regardless of your human judgment. Trust in where I am sending you, and work to evangelize souls for My greater glory."

Friday, November 16, 2007: (St. Margaret of Scotland)

Jesus said: "My people, you need rubber tires to move your vehicles, but once the tread wears out, they lose their gripping ability and become unlawful. This is another sign for you of how short your life is here on earth. Within a short time you find yourself in a graveyard, even as these used tires are in a field in the vision. As you come to the end of another Church Year, your thoughts of preparing for your death should cause you to find time for frequent Confession. By keeping your soul pure, then you will be ready to face Me at your judgment. Each day you should be thankful that you have more time to pray and help people. Also do not squander your opportunities for charity by spending too much time and money on your own entertainment. When you come before Me, you will be held accountable for how much you loved Me and your neighbor. I will ask you if you fed the hungry, clothed the naked, visited the

sick and prisoners, and sheltered the homeless. If you did so for the least of My people, then you did it for Me."

Jesus said: "My people, sometimes you need to look into the life of an unwed mother who is contemplating an abortion. They may feel all alone and may not be able to afford to take care of a child. They are searching for love and secretly are reaching out for help. This is why counselors, if allowed, can offer a helping hand to take away all the reasons for abortion. It is one thing to allow yourself in a woman to commit fornication, but should a pregnancy result, it is a worse compounded sin to have an abortion. Repent of your first sin, but do not commit another sin. There are many wanting to adopt children, so pray that these mothers have their children instead of killing them in the womb. These women need your love, care, and concern for their welfare. So reach out to help these women by providing funding and even staffing of help centers for unwed mothers. America has too many abortions for various reasons, but these sins of killing are even now bringing My judgment and punishment against America for such sins. Help those also who have had abortions to get help both physically and spiritually in Confession. Such sins need sincere repentance for these women to move on with their lives. Pray for these women and even married women desiring abortions. Unless you put more value on life and love, your country will decline into a moral disaster as the Roman Empire fell from within."

Saturday, November 17, 2007: (St. Elizabeth of Hungary)

Jesus said: "My people, all of you are having to pay more for your winter heating bills as well as your transportation bills in oil and gasoline. Your prices have been driven up by the oil costs which thrives on speculation, and your inherent weak dollar. Your dollar depreciation is a direct result of your deficit government spending and your trade imbalance. A good share of your deficits are being caused by the endless billions of dollars being spent on your war efforts. You are seeing more clearly how your wars are at fault for ruining your economy and weakening your military with no seeming gain to show for the continuation of this war in Iraq and Afghanistan. It may truly be that cutting off your defense funds is the only way to stop this war. It is also the only way to prevent the rich one world people from stealing your money and your country. Pray for an end to this senseless fighting in whatever way you can to stop it."

Jesus said: "My people, many of your weather patterns are changing and each year that the temperature increases a little, the people, who claim global warming, start to complain that nothing is being done. These people are exaggerating the true

science about inundating the coastal cities with water in a short time for their global agenda. The global warming alarmists are being controlled by the one world people. The alarmist solutions to the problem of global warming are all globalist ideas that have nothing to do with individual countries. These people are shouting about the melting ice cap in the North and the shrinking glaciers. They are more concerned about the problem than how they propose to fix it. It is the solutions that are worse than the problem because the one world people want to use this excuse for their means to take over the world. Once you hear these globalist ideas, then you will know why they are trying to get their alarming news to the public. Be wary of their conclusions and the globalist solutions. Pray for My protection from the evil ones who are trying to use this science for a world takeover."

Sunday, November 18, 2007:

Jesus said: "My people, in today's Gospel you are hearing the descriptions of how it will be in the end days with the famine, earthquakes, and pestilence. The apostles were curious, as the men of today, to know when and how I will return. I have given you some descriptions of that time, but you will not know the hour or day because it is only for God the Father to know. It is enough for you to be constantly prepared for your judgment with a pure soul. In the vision you see Me welcoming you as I am preparing a place for all who are worthy of heaven. The bull's-eye is to indicate that being with Me in heaven for all eternity should be everyone's goal, and that is why I should be your first priority in life. Encourage people to be always prepared for the end times because many of the signs for My coming are all around you."

Monday, November 19, 2007:

Jesus said: "My people, I am the Light of the world and I open your eyes to faith, even as I healed the blind man of his sight in the Gospel. You all have a choice by your free will to either remain in the darkness of your sin, or you can come into My Light and I will show you the way to heaven. Faith is a gift to believe in Me as the center of your life. If you have true faith in Me, then you will be capable of many things that you did not think possible by your human ways. But when you follow My ways, life will open many opportunities of grace before you. When you have My peace and joy within you, you cannot just keep it to yourself. My love wants to be shared with everyone. It is your sin that holds you back from being the person that I want you to be. Open your hearts to My Word and listen to what I want you to accomplish. You will no longer follow your will,

but give all of yourself over to Me. You will then achieve great works for My greater glory in all of your evangelization efforts. It is saving your soul and the souls around you that is your mission of love. With My help you can share your love with Me and your neighbor. Call on the Holy Spirit to speak the words through you that could bring My love to others. Just as you see the dawn of a new day come into your eyes, so My Light comes into your hearts and you are no longer blind, but you see with the eyes of faith."

Jesus said: "My people, I have mentioned before that you would see ongoing droughts in various parts of your country. This vision of a dry sewer is even an indication that these droughts could even get severe. Out West they depend on heavy snows in the mountains to provide their melt water down their rivers. A cut back in winter snow could also threaten their water supply. Places in the South have grown very dry with rainfall considerably below normal. The warmer that your seasons become, there is less chance for rain, and evaporation will affect your lakes and reservoirs. I have told you also that fresh water sources are diminishing, and more population will make this worse. Pray for continued rains to help the severe drought areas. It did rain after the Georgia governor prayed for rain."

Tuesday, November 20, 2007:

Jesus said: "My people, this storm in Bangladesh has been catastrophic to these people where thousands have died and hundreds of thousands of people were made homeless when they fled the storm. This follows the thousands killed several years ago from the large tsunami. There is a large population living in this area, especially along the coasts. So when violent storms or tsunamis strike, many are going to be killed. America is still recovering from your storms that struck New Orleans, so you know how devastating large storms can be. Have pity on these poor people with your donations and prayers for their needs. The governments there are overwhelmed with such destruction to afford help in food and shelter. Many of these poor countries rely on charity organizations for what little help they receive. As you have plenty of this world's goods at Thanksgiving time, you could find it in your heart to share some with these homeless people."

Jesus said: "My people, many college students are very spirited, especially on political issues involving rights and wars. Recently you saw a high school student criticized for speaking about Me in a public graduation exercise. Many times your freedom of speech is taken for granted, but certain subjects, that are not politically correct, are persecuted by

the powers controlling your government. You may speak about religion in your churches, but you may be persecuted for speaking about religion in public. The Ten Commandments and prayer have been removed from your schools and public buildings. Because atheists have protested, and an unwritten law about the separation of church and state, mention of God is being removed from everything. In the areas of religion, abortion, and homosexual subjects there is a strong persecution without any freedom of speech. Many other rights are also being quietly removed, especially in the area of privacy from wiretapping. In some democratic countries rights are also being taken away in the name of security and the common good. The evil ones and the one world people are working on a complete dictatorial rule with no rights, and using people as slaves. This is their goal, so be prepared to leave for My refuges when the one world people want you killed for going against their new world order. Trust in My power and My help in protecting you from the evil ones."

Wednesday, November 21, 2007: (Presentation of Mary)

Jesus said: "My people, My Blessed Mother knew well about caves as places of protection. She gave birth to Me in a cave in Bethlehem, as you have visited this site. She and St. Joseph had to flee with Me to Egypt, as led by an angel, in order to avoid King Herod's attempt to kill Me. Many Holy Innocents had to die because of Herod's jealousy of My Kingdom over his. In Egypt our family also was protected in a cave for a dwelling. Both of these places have churches erected over these sites in order to honor the sacredness of where I stayed. So My Blessed Mother knows well of the need for your refuges of protection during the coming tribulation. Her places of apparition, holy ground places, and caves will also be your places of sanctuary against the evil ones who will want to kill you for your faith in Me. My Blessed Mother was born sinless and she was prepared in holiness without sin so she could conceive and bring forth a son in Me. Now, My people are also being prepared and warned of the need for your own places of refuge where My angels will protect you from the evil ones."

Wednesday, November 21, 2007:

Jesus said: "My people, I have warned you before to have some working bicycles ready to use to get to the nearest refuge. You need bicycle pumps to keep your tires inflated, helmets to be legal, and some kind of rain gear or umbrellas for rainy weather. Problems may come in using your car if the government implements smart cards as mandatory to buy and sell your gasoline. You may also run into road blocks or checkpoints on the main roads. Border crossings may also be a problem for

those without chips in your passports. If you have bicycles as a back up, you can drive your car as far as your gas will go, or the roads will allow. Then use your bikes to travel the rest of the way. Travel will be your biggest obstacle in reaching a refuge. Walking would work also, but it is much slower. Be prepared to call on your angels to lead you to a refuge when you see martial law declared, or when the authorities try to mandate chips in your bodies. Avoid chips in your body, even if they threaten to kill you because these chips could control your mind into being a robot. Trust in My power since one day I will cast all of these evil ones into hell, and My faithful will be rewarded in My Era of Peace."

Thursday, November 22, 2007: (Thanksgiving Day)

Jesus said: "My people, you have a model for Thanksgiving in the one leper that returned to give thanks to God for being cleansed of his leprosy. I then said to him: 'Go, your faith has saved you.' Even today, you have many things in America to be thankful for. You have your freedom of religion and sin in your repentance. You have been given your faith, your very life, your family and friends, your jobs, your possessions, good health, and the meal for today. So many of these things you take for granted, but each one is a blessing worthy of your thanks. In all of My gifts, guard your faith and obey My Commandments, and you truly will be saved as well. This Thanksgiving feast is a great one for your country, but it would be even better if you were to stop your wars and abortions, so you could live in peace and know the preciousness of life. Pray for your country to change its sinful ways and repent of your sins."

Friday, November 23, 2007: (St. Miguel Pro)

Jesus said: "My people, Thanksgiving is barely over and the shoppers and shopkeepers are already preparing gifts to buy for Christmas. I am more appreciative of My people coming to Mass today than those interested in gifts and possessions. The attraction of sales and buying gifts is such a contrast of fighting for the last sale item and the joy of the Christmas Season. In the end these are only material possessions which should not control your lives. You want to be gracious to your friends and relatives, but it should not put you into so much debt by buying too much. Many of your children are spoiled too much with expensive gifts. They would be better off with just a few gifts and let them share with others as well in your giving trees. When you help the poor, these gifts would be even more appreciated in food and clothing. As you have seen accidents on the highway, pray for safe travel of your loved ones over the

holidays. Place some holy water inside your vehicles, and keep some emergency items in them for the winter. In all of your holiday activities think of prayer for everyone as the best gift that you could give them."

Jesus said: "My people, I have told you that I am the Resurrection and the Life, and you cannot have eternal life without Me. I am that bridge that spreads over the abyss of hell from earth to heaven. It is My death on the cross that paid the price for your souls and it enables you to enter the gates of heaven. Give praise and thanks to your Lord for My sacrifice for your salvation. By repenting of your sins and allowing Me to be Master of your life, you can have your reward in heaven. You all need to go from this life to the next life, and death is that means of transition. This life is short, and your mission is to help prepare souls for the end times when I will defeat the evil ones. Getting people back to Confession and Communion at Sunday Mass is the best help that you can provide for any soul to bring them to conversion. Saving souls, after all, is the most important mission that you could perform."

Saturday, November 24, 2007: (St. Andrew & Vietnam martyrs)

Jesus said: "My people, when you die, have an out of body experience in a near death event, or have the Warning experience, you will be completely detached from the things of this world. In that state you will wonder why you sought after so many material things that would only pass away and become useless or obsolete. Even your money and possessions are passing away. The only thing of value is love of Me and your neighbor, as well as your charitable good deeds. It is the spiritual things in your life that are most valuable. When you come face to face with your Creator, you will realize this truth even more. You do not need this separation of your body and soul in order to learn of these values, because you have My Word in Scripture to show you how important your soul is to your eternal life. This body will pass away because it is mortal, but your soul will live on because it is immortal. All the more reason to protect your soul from sin, and renew the graces in your soul by repenting in Confession, and healing sin with Holy Communion. My sacraments are your source of spiritual food and graces to nourish your soul, and keep it spiritually healthy. Love of Me and souls should be your first desire, and not the things of the world that pass away. Keep your focus on praising Me and evangelizing souls, and you will receive your reward in heaven. Caring for your neighbor in action and prayer will also gain you treasure in heaven."

Sunday, November 25, 2007: (Christ the King)

Jesus said: "My people, My Kingship of all nations is known all over the world, but there are many who do not acknowledge My being Master of their lives. When I started My public ministry, you have read the Gospels of how I told everyone that the Kingdom of God is upon them. When you are in My sacramental Presence, you truly have Me among you in My Kingdom through My Real Presence. You have kings and rulers among you in the material world, but all of their reigns are temporary and are passing away. I with God the Father and God the Holy Spirit have created all that you see and We even keep it in existence. We are truly Lord and Master of your lives, even though all that you can see is the hand of Our work in creation. You are all made in Our image with free will, but you are called to love Me and your neighbor. You see harmony in nature and it is only man who causes war and destruction of this harmony. You may recognize presidents and prime ministers as your human authority, but you should even recognize Me as your spiritual King over everything on earth and otherwise. You are in the end times before I will return to claim My dominion over the earth, and defeat the evil ones. Trust in My Kingship because My power is over all creation in the angels and evil people. I await your praise and Adoration of My Kingship every day."

Jesus said: "My people, before people used electric or natural gas clothes dryers, they used to dry things by hanging them on lines either outside or in the basement. This saved buying another expensive appliance at one time, and the heat energy to dry the clothes. This is one example of how America has become such an energy consumer of fuels in order to have a higher standard of living. Americans would rather use energy intensive means of various appliances and machines to save time and ease their physical labor. America could be less dependent on oil if you looked seriously at alternative fuels and a sincere look at ways to save energy fuels on your conveniences. By higher efficient heaters, higher mileage cars, and solar powered devices, you could not only save money, but you also could save fuels. If America was not so wasteful in its use of fuels, you could be less dependent on oil with less reasons for wars. America consumes more energy per person than any other nation. This is why conservation and efficiency is needed to reduce your energy needs and your greed for convenience."

Monday, November 26, 2007:

Jesus said: "My people, these visions are showing you My love, protection, and direction for your life. Being in the safety of the nest, as you were at home, is how I watch over your soul protecting you from the temptations of the evil one."

You have your parents bring you up from an infant when you are innocent and defenseless. When you leave the safety of your nest at home, I am still with you guiding you through life's trials. The second vision of a guided boat over the water is how I direct your way over the waters of life. You will be faced with storms when the violent waves will appear to threaten your life. But I am with you to calm the storm, even as I saved My apostles from drowning. When you put Me on by faith, I will be like a life preserver protecting you from both physical and spiritual death. Trust in Me by your daily prayer, and follow My plan for your life by following and carrying out the mission that I have given you. When you look back on your life, you should grow in confidence and peace at how you have been protected and guided through all of life's trials by your loving Lord."

Jesus said: "My people, this view of Jerusalem is all about the coming of Advent and how I came among the Promised people in the Jews. This city housed the Temple of God with the Ark of the Covenant as directed by David and Solomon. I was called the Son of David in several Gospel accounts. Your people are preparing for Christmas in your gift buying and your decorations. Again I am more partial to Nativity Scenes than your secular subjects. As you read the accounts in Scripture that foretold My coming as a Redeemer, understand how everything about My earthly presence was well planned by My heavenly Father. I have revealed to man in the Scriptures all that was kept secret from the beginning. Now you have My Word to meditate on and follow in your actions. As you prepare for My coming at Christmas, keep focused most on the spiritual message of why I came—for mankind's salvation."

Tuesday, November 27, 2007:

Jesus said: "My people, there are still a minority of faithful that keep their religious traditions in America. It is this group who prays and evangelizes the lukewarm and converts sinners. It is because of this remnant that My justice has not fallen on your country sooner. You have been reading in Daniel of the dreams of the kings that indicated the fall of Babylon. This crumbling empire is very much like America that is crumbling from within because of its immorality. You have made abortion legal in your court decisions, and you are removing My Name from schools and all public places. Your people are allowing the one world people to control your money and destroy your economy and military with useless wars. Because of the evil of your living together and homosexual abominations, America also as Babylon, will fall to its enemies. Your destruction as a nation will be part of a world takeover that

will prepare the way for the brief reign of the Antichrist. This is why when you see martial law declared, it will be the beginning of the end of America. Then I will lead My people to safety in My refuges where My angels will protect you. Fear not this time because I will soon overpower all of these evil ones and cast them into hell. Rejoice when I will usher in My Era of Peace."

Jesus said: "My people, you are comfortable in your present day church settings for Mass. But a day is coming when you will not be able to find a proper Mass, or there will be threats of persecution for attending a public Mass. This will be the time when My faithful may have to attend an underground Mass in the home or in a secret place. At that time you may need Mass books, vestments, unconsecrated hosts, wine, and candles. This is why it would be wise to have a Mass kit on hand for all of these needs, provided you could find a priest during this time. I have mentioned before if you could not have a Mass, then you could do a spiritual communion to keep united with Me. Keeping a spiritual community together will be strained during the tribulation, but it is necessary to keep your faith vibrant and strong with those of like mind. Pray for My help in your protection, and I will have My angels deliver you Holy Communion if you cannot have a Mass. My Eucharist is the spiritual food for your soul, so pray to be constantly fed with My Real Presence. Give praise and thanks to Me for watching over you and providing for your needs."

Wednesday, November 28, 2007:

Jesus said: "My people, there is a strong parallel between Babylon and America in the reading from Daniel. The people of Babylon worshiped pagan gods made of gold, silver, bronze, and stone, and they drank wine from the holy vessels of the Temple. Because of this flaunting of idol worship and irreverence for God's holy vessels, the writing on the wall occurred: Mene, Tekel, and Peres. (Daniel 5:1-29) America also has idols that you worship in new houses, cars, electronic devices, money, and fame or status. You also are flaunting irreverence to Me by taking God, prayer, and My Ten Commandments from all of your public buildings; not to mention your abortions and sexual sins. America like Babylon has been found wanting in My judgment when your scales of evil have outweighed the good that you have done. America's days are numbered as well when the central bankers will bring about a takeover of your country, and it will truly be sent into oblivion as with the vision. America will also be divided and given up to the masons and the one world people who will deny your sovereignty rights as you are made a part of the North American Union. Your people have

allowed the central bankers to bankrupt your country with useless war debts, and strip your military of its numbers and strength. This together with your immorality is what will bring your nation to a total takeover. When you see mandatory chips in the body, and martial law declared because of a created emergency, you will see the end of your country as a democratic republic. This will also be the time for My faithful to call on Me and your angels to lead you to the nearest refuge for both physical and spiritual protection from the evil ones and the Antichrist. Have faith and hope in My power with no fear of these evil ones. In the end I will vanquish them and cast this evil lot into hell. My faithful will then be rewarded in My Era of Peace."

Jesus said: "My people, you may wonder why were the Wise Men the only ones that seemed skilled to follow My Star to Bethlehem? It is true that they did study the stars and noticed My Star as unusual. Only the shepherds and the Wise Men came to give Me homage at My birth. My angels sang about Me, but very few people knew when and where I was born. Yet the Scriptures in Micah foretold My birth in the city of David in Bethlehem. I was from a poor family in a humble scene of a stable in a cave. I wanted to be in a humble, quiet environment until My public ministry began. This is also how the Antichrist will be quiet until he is declared. As you listen to the readings of Advent, you will see all of the prophetic Scriptures come true in My life on earth. Even in the end times you will again see the Scripture prophecies fulfilled when I will visit the earth with My judgment. Rejoice in singing My praises as you remember another Christmas celebration."

Thursday, November 29, 2007:

Jesus said: "My people, today's Gospel reminds you that one day I will come on the clouds to judge humanity and separate the evil ones from those who are faithful to Me. Your mission has been to prepare the people for this time of tribulation. I have given you signs that will be coming in the famine, earthquakes, and pestilence. Just as when you see the buds on the trees, you know that spring is coming. Even so when you see the Antichrist declare himself in power, know that My day of reckoning is near because the Antichrist's reign will be brief. I will shorten this time of tribulation for the sake of My elect. Everything that you see now is passing away, and the earth will be renewed after I will bring My Great Chastisement to conquer the evil ones. Rejoice as the Antichrist will be defeated and My faithful will see My Era of Peace."

Prayer Group:

Jesus said: "My people, I am calling your attention to the

abuse and even death of My little children in your current news. These little ones are nearly defenseless and yet some parents hit them cruelly for crying or misbehaving. There is also a major abuse going on against the unborn in the mothers aborting their children in the womb. Killing the unborn or little children is the ultimate abuse and such abusers, including the doctors, will be held accountable for these killings at their judgment. I will forgive these sins if the mothers repent, but there will be some heavy reparation needed for this sin of murder."

Jesus said: "My people, you are going to see more waves from the sea cause flooding and drownings from large storms and undersea earthquakes. You have seen large tsunamis and hurricanes cause extensive damage in New Orleans, Indonesia, and Bangladesh. These events are more common than you think, and it is only when high population areas suffer that you receive this news. Pray for the families that have to suffer through these disasters with lost family members and lost homes."

Jesus said: "My people, I want My faithful to wear a Benedictine cross outside of your clothing or under your clothing, whatever you feel comfortable with doing. These crosses have an exorcism medal that is powerful in warding off demon attacks. As the tribulation time approaches, you will see more and more persecution for your faith in Me, especially for those who wear their sacramentals openly for everyone to see."

Jesus said: "My people, there are some people who have lost their jobs or have disabilities that do not allow them to find work. These people need to rely on the generosity of others for food and shelter. Some should help themselves more, but it is hard to find meaningful employment to even afford a meager living. You remember when My family sought a shelter in Bethlehem, and we could only find a stable. Pray for these homeless to find a warm shelter for the winter and help donate or help provide shelter for these lowly of society."

Jesus said: "My people, during the Christmas Season you are constantly shopping for gifts to give to your relatives and friends. Most of your gifts go to people who will return a gift to you. But you can give a charitable gift to the poor and hungry as in Bangladesh, and they will not be able to repay you, but you will gain treasure in heaven. You will feel even more loving inside your soul when you can help those in need, especially for the bare necessities for survival. I use many kind souls to help My little ones in need. Do not pass up any opportunity to help someone out of love for Me."

Jesus said: "My people, these beautiful nuns need to be thanked for giving up this worldly life so they could pray for

sinners to be saved. My faithful can take a lesson from those who live in contemplative prayer. Take some time out of your day for praying for sinners so that they will be given the grace to repent and find their way to My love. Saving souls is a very important intention for your prayers and your evangelization efforts."

Jesus said: "My people, all of your fuels for heating are becoming more expensive, whether it is for oil, natural gas, propane, wood, or kerosene. It will be harder for the poor to provide heat for themselves on low budgets. At times you may even need to help your churches or charities with their heating bills. Pray that your winter will not be so cold so your heating bills will be less. It may also be a prudent thing to have some alternative fuels on hand in case you lose your electricity in power failures. Pray for My help in keeping you warm for the winter."

Friday, November 30, 2007: (St. Andrew)

Jesus said: "My people, you have read how I called some of My apostles from being fishermen so they could be fishers of men and women for My Kingdom. I reach out to call everyone to follow Me, no matter what profession or skill that you have. First you are called to a vocation of the religious life, the married life, or the single life. Each vocation has its own responsibilities, but you should be faithful to that calling and any vows made. If you are to be true to your faith in Me, you must live your faith in your actions so people can recognize you as a loving Christian. You all are sinners and need to repent of your sins in frequent Confession. You also need to consecrate everything over to Me so you are free from the attachments of this world, and you can be fully focused on Me all day long. When I call you in Baptism and Confirmation to be My followers, you can also be examples to others and reach out to evangelize souls so they can be saved from the evil one. You are all mine from your very creation, and you were purchased with the price of My death on the cross for your souls. You have free will because I wanted you to love Me and follow Me by your own choosing. I do not force My love on anyone. Follow the narrow road to heaven by letting Me lead you along life's path."

Jesus said:

"My people, this ingot of gold represents the super rich people who profit from other people's losses. There is a collusion of the stock brokers, the owners of large multinational companies, and the central bankers who control interest rates. The corporations, through their lobbies, control the legislation that makes the laws for them to profit from slave labor. They

send jobs abroad with out a tariff on goods imported under their label. The stock brokers threaten the companies to make more money, or they will take their stock prices down. The companies make deals with the Federal Reserve central bankers to lower the interest rates to lower their borrowing costs. It is the man in the street that is losing his home due to loan manipulations, and he is losing his good jobs to take slave labor jobs. This is why the upper 1% of your rich people have increased their yearly income over 400% and the lower 80% of the population or more have barely kept up with inflation. The injustices of predatory lending, robbed health benefits, and stolen pensions in layoffs are how the rich are taking advantage of the poor. In the end all of these rich people will lose everything to theft, greed, and finally to death. All of their massed up wealth will not help them in the next life, but their greed and injustices could weigh them down in purgatory or hell for their evil deeds to swindle people. Pray for these evil ones to be healed of their stealing and let them help the poor instead by your prayers."
