

Wednesday, October 1, 2003: (St. Therese of Lisieux)

Jesus said: "My people, today's feast of St. Therese is dear to My heart because she cherished My crucifix as an inspiration for her earthly life. Her Little Way, that I mentioned in a previous message, is an example for all of you to follow. She is proof that you could be a saint just by suffering in true humility through all of your daily tasks. She is a call to sainthood for each of you as she consecrated everything to Me. She loves Me so much that she could not do enough to please Me. She is still accomplishing good things even from heaven as she continues to encourage the fight to save souls from hell. She has sent you many gifts in roses and messages to keep you focused on Me. Look to St. Therese and the saints around Me for strength in your daily crosses to show Me your love in your actions."

Jesus said: "My people, with just your recent chill in the air, now is the time to do some serious planning for the coming winter season. You just experienced some power outages, but in the winter it is a lot harder to manage than in warm weather. Natural disasters and man-made disasters could cause you some distress in the winter without heat. During your ice storm, it was good to have some backup heating supplies. Food may not be available either in power outages, so having some extra food supplies may be necessary for your family and friends. You will be facing more natural disasters as I test your country because of its sins. Be prepared for the worst and these trials will not take you unaware. Even further on you may begin to face more food shortages by controlled famines. Then I will multiply your food in your need. Pray to Me for help to prepare and help to endure these coming trials. Be like the wise virgins with oil in your lamps for heat and light in the darkness."

Thursday, October 2, 2003: (Guardian Angels feast)

Mark said: "My dear child, I am Mark and I stand by God in witness to your protection. You are fortunate to be called by God to your present mission of witnessing to the messages of Jesus. This was not your chosen mission, but you were gracious to accept it when Jesus requested it. In your place you now have more responsibility to always be a witness to God's love and you need to restrain yourself in worldly comforts and pleasures. You are called to deeper prayer and closer Adoration of Jesus as all of us angels constantly adore God. So continue to spend as much time as you can in prayer and spiritual reading of His saints and the Liturgy of the Hours. Your short time on earth is precious and you should utilize it for the greater glory of God and not waste time. Focus on Jesus at all times and I will be giving you suggestions and encouragement to avoid

the world's distractions. We all love you and we want to see you be a shining example of the Lord's love in all that you do."

Prayer Group:

Jesus said: "My people, treasure your beautiful churches because these traditional structures will never be replaced. Some of your churches are being closed for lack of priests and sufficient funds to maintain them. Soon more churches will be shuttered because of money paid for renovations or lawsuits for pedophiles. Decreasing numbers at the churches are occurring because people have lost their faith to the worship of the material world. Your churches and your society are crumbling because of your sins and a lack of repentance."

Jesus said: "My people, your economy is being propped up artificially with deficit spending from your government. You are prolonging the inevitable collapse of a false economy with little manufacturing and massive unpayable debts. Your currency is failing because it reflects the many debts you cannot pay. America is relying on a service economy, but it is built on a deck of cards and is vulnerable to your suppliers. The more wars and debts that you accumulate, the deeper your country is headed for its demise."

Jesus said: "My people, your businesses are as corrupt as your government in not being truthful to the workers and stockholders. Many workers are being cheated with layoffs, no raises, and decreasing benefits. Most of the cost savings have come at the expense of the workers, while the bosses give themselves millions. These injustices will all be settled at the judgment when many of the rich will suffer in hell for their conniving for money in outright theft. Because of your shipping of jobs overseas and poor trade policies, the one world people have purposely charted your destruction."

Jesus said: "My people, your souls are too valuable to leave you to the plundering of the demons. I send each of you an angel at your conception to guard you from the temptations of the evil ones. You know My power is greater than any demon creatures, but I give everyone a free will to choose to love Me or not. I give you all the graces, angels, and opportunities to be saved in heaven, but you are the ones who must fight and suffer for your heavenly crown."

Jesus said: "My people, to do a good job you need the right tools to finish a job and other times your tools may be worn out and they will not function. It is the same way in the spiritual world. Everyone who cries 'Lord, Lord' will not make it to heaven unless they are sincere in their consecration and follow My Commandments. Use the right tools as rosaries and Confession to repent of your sins. Your prayer life has to be maintained daily or you will fall into bad habits and be lost. Love Me and

your neighbor and your reward will be great in heaven."

Jesus said: "My people of America, you have been so used to having all that you want to eat, that you do not know what hunger is all about. Your days of famine are coming when the one world people will try to control you through the buying and selling of food using forced chips in the body. I call on you to prepare some food for the coming famine when I will multiply your food and feed you My manna at your refuges. Have no fear or worry about your care because My angels will see to your needs without taking any chips in the body."

Jesus said: "My people, your companies could still make money with your current employees if your government wrote laws to encourage your employers to invest in your country. When they can have cheap labor, no taxes, and no tariffs to bring in foreign made goods, your laws encourage the job and industry drain that you are seeing. So it is your own lawmakers and the greed of Wall Street that will bring about your own demise as a country. The destruction of America has been planned by the one world people who are preparing the entrance of the Antichrist. Your leaders are trying to dress up your ailing economy, but they are not telling you the truth that your country is in rapid decline as a viable nation. All of this is coming because your moral bankruptcy is spilling over into your financial bankruptcy."

Friday, October 3, 2003:

Jesus said: "My people, I have talked of the current battle between good and evil and now you are witnessing this battle before your eyes. In the early Christian persecution some Christian feasts were celebrated on pagan holidays to not draw attention to the Christians. Today, it has been completely reversed where pagan concepts have overtaken Christian feast days. All Saints' Day has been eclipsed by the feast of evil called Halloween instead of Hallowed Eve of the Saints. Christmas with My birth is now the glitter season or Santa Claus and reindeer. My Resurrection on Easter Sunday is now focused on the Easter bunny and candy. All of these Christian feasts are now commercial business holidays instead of acknowledging spiritual Holy Days. Avoid these pagan abuses of My Holy Days and focus more on loving Me and honoring My saints."

Jesus said: "My people, the time of persecution for believing in Me is coming soon. These visions of people hiding from the authorities will be what My followers will do to avoid being captured. It is just a matter of time before martial law will be declared as a heightened security measure for those who will not accept chips in the hand. Many of the conditions are almost upon you that could cause you to go to My refuges for

protection. More and more people are taking chips in the body and smart cards are being forced on parts of your society. Famines and controls over food are very near as is the threat of a schismatic church. As the Warning will come, this will signal the time of the tribulation that is upon you. Then the military will come to your houses to try and force a chip upon you in your body, which you must refuse even if it means death or imprisonment in detention centers. Many of your recent laws are stripping your freedoms of travel and are bringing suspicion on people that are against the new world order. Martial law will strike quickly and it will be hard to travel to My refuges. Start praying now for spiritual strength to endure this coming persecution of My faithful."

Saturday, October 4, 2003: (St. Francis of Assisi)

Jesus said: "My people, listen to St. Francis as he calls you to My peace and love in his humility. (Matt.15:17-20) 'Do you not realize that whatever enters the mouth passes into the belly and is cast out into the drain? But the things that proceed out of the mouth come from the heart, and it is they that defile a man. For out of the heart come evil thoughts, murders, adulteries, immorality, thefts, false witness, blasphemies. These are the things that defile a man; but to eat with unwashed hands does not defile a man.' As for anger, do not let the little disappointments and accidents of life upset your peace. Be slow to action and think what you are about to say or do so you will not swear or curse at something in anger. Things will happen that break and you may spend money to fix it, or someone may insult you. Hold your tongue and act out of love in all that you do and you will be able to overcome your swearing in anger. Remember that you must be tested to see how strong your faith is in trials. Ask for My help in your temptations and I will assist you to resist offending Me even in the face of the many injustices of the world."

Jesus said: "My people, a time is coming when the one world people will have their army control all buying and selling by forcing everyone to have a chip in the hand. Those, who refuse to take it, will have troops break into their houses and they will be taken to detention centers. Those, who see the signs of the coming martial law, will leave for My refuges before the troops come to your door. These signs will be world famine, division in the Church, and forced chips in the hand. At My refuges you will find protection, food and water. The enemy will find an empty home and not know your whereabouts. Staying in your home too long will risk capture and possible martyrdom to use you as examples. Do not take up arms during the tribulation because I do not want you killing others. Trust in

My angels for your protection and they will keep you from harm. In a short time all the evil ones will be defeated and you will enjoy My Era of Peace."

Sunday, October 5, 2003:

Jesus said: "My people, in the first reading (Gen. 2:21-24) Adam and Eve were made to be as one flesh in marriage and not to be separated. In the Gospel reading (Mark 10:2-12) the Pharisees tried to test Me on divorce. I told them divorce was not as I ordered things and if spouses marry again, they are committing adultery. Living your whole life together with your spouse is how I intended marriage to be. When people get married, they should be committed to their vows in front of Me. Divorce has been the breakdown of the family unit and those countries with higher divorce rates have a much poorer morality across their country. Love is supposed to bind your hearts together so you can each put up with each other's frailties to be faithful to each other. Do not look for the first opportunity to break up, but work at making your marriage a success. If both partners are not committed to making a marriage work, then love will grow cold. When you marry, you are joined both in soul and body. So do not let just physical attraction be your reason for marriage. A deep faith in God also will help make your marriage endure. As you love Me, so you must love your spouse as well. Living in love is what generates children out of love and this is the loving environment each child deserves. When your society promotes other unions outside of marriage, you become perverted and are following the devil's way to destruction. Follow My example of marriage because this is the perfection I call male and female to be joined."

Monday, October 6, 2003:

Jesus said: "My people, the story of the Good Samaritan is a hard lesson to take to heart. This means that you have to open your eyes to opportunities to help people that you normally overlook in your daily lives. It may mean going outside of your comfort zone to help someone, even in your own family. As you see the priest and Levite pass by, think of some of the opportunities that you could have stopped to help someone, but you did not want to be inconvenienced in your own errands. It may be you are too selfish with your time and money to do more for the poor. See that you are giving to charities even to ten percent as a tithing of your income. I have been generous to you in your gifts and so you can thank Me by sharing even part of your excess. You have too many excuses to rationalize why not to help the poor. After today's Gospel, this should shame

you into more action to show Me how much you love your neighbor."

Jesus said: "My people, this traveling down a road is how you travel through life. These little mirrors represent the events that have occurred in your life that will be reviewed in your Warning experience. The gold chain is the link of your life from one event to the next. The cemetery is an indication of how people that die and return have this same Warning experience of seeing their sins and good actions of all of their life. At the time of this illumination of your conscience, you will have to make a choice to either follow Me or reject Me. There will be no middle ground; you will love Me or not. After sensing a great guilt from your sins, many will desire Confession and to convert their life of sin. After this time of conversion, you will see how quickly events will lead up to the coming takeover by the Antichrist. Even in your recent papers you are seeing advertisements and encouragement to have chips in your body. It will be during your Warning that everyone will be warned not to take chips in the body and refuse to worship the beast. Again the cemetery represents when you may be tested in your faith as a martyr for believing in My Name. Would you be able to die for Me as a martyr? Start preparing your spiritual life now because you may face such a decision. The woods represent a time when My faithful will have to seek My refuges through My angels. You will have bread, water and shelter provided, but you will suffer a simple and crude living condition protected by My angels. Rejoice, My faithful, for you will need full trust in My victory over evil where this evil will have a brief reign. I will renew the earth and the evil ones will be cast into hell. Then My faithful will enjoy their reward in My Era of Peace. Have faith and hope now as you call on My strength to endure this tribulation."

Tuesday, October 7, 2003: (Our Lady of the Rosary)

Jesus said: "My people, My Blessed Mother's rosary is one of your best weapons to fight the evil ones in your battle of good and evil. Many are called to pray the rosary for peace, for poor sinners, for the poor souls in purgatory, and to stop abortions. There is much need of daily prayer in your modern world and there are very few who listen to My call. My Blessed Mother in all of her appearances in apparition sites has been calling on her children to wear her scapular and to pray the rosary. The Rosary Mysteries are a celebration of Mary's life and My own. Now this year of the Rosary is being accentuated with My pope son's announcement of the new Luminous Mysteries which fill in the events before the Sorrowful Mysteries. This miracle of the defeat of the Moslems at Lepanto is credited to

the people praying the rosary at that time. My Blessed Mother watches over her children and she brings Me your petitions in prayer. Imitate and follow her ways of serving Me in your daily lives. I gave My Blessed Mother to all of mankind in St. John at the foot of the cross, so call on her help in your daily trials."

Jesus said: "My people, this clearing of land represents how new secret detention centers are being constructed on U.S. parklands. The authorities and the one world people know that they could face armed resistance to the coming forced chips in the body. That is why they are making many large detention centers to hold those that will resist them. This will be when they will perform public executions of the most vocal members to make them examples and try to scare the rest into submission. My people, your time of persecution draws near and now is the time to get your spiritual life in order, so you will be ready for your judgment should you be martyred for your faith. Those, who die in martyrdom, are assured of instant sainthood with Me in heaven. So have no fear of what the evil ones may do with your body, because I will be there protecting your soul."

Wednesday, October 8, 2003:

Jesus said: "My people, this highway represents your path of life with all of its hazards and trials. There are times when you are asked to stop and help someone along the road. At other times there are events in your life that change your direction at My calling. In today's reading from Jonah he was called to give a message of repentance to Nineve, or if the people refused, God would destroy the city in forty days. Jonah tried to run away, but with ways at sea he was brought back to face his task. The city did repent and it was spared destruction, but Jonah was frustrated and wanted to die. My calling to My messengers is similar as some accept My mission, while others refuse. To those, who do speak out My Word, I will give them any spiritual stamina needed. I call everyone to be an evangelist to save souls and those, who answer My call, shall have a heavenly reward. Many refuse because the road to witness My Word is difficult and you will be tested by criticism, persecution and even demonic attacks. Answering My mission may not have many earthly rewards, but your heart will be satisfied in the peace of seeing souls turned from their sin by My power. Let Me use My servants by your consecration and you will be My means to salvation for many souls. You are My instruments for enlightening many souls to the opportunity of salvation. Give thanks to God for sending such servants to do My heavenly work. Those in My service are doing a labor of love that is worth more than money or fame."

Jesus said: "My people, I have given you many messages about avoiding the New Age gods and goddesses, charms, crystals, pentagrams and the occult with transcendental meditation. The biggest sign, that these things are evil, is because they are all 'Godless' with a capital 'G'. Ask these people where they get their power and they will say themselves or the evil ones. The higher one world people, who encourage New Age and the occult, actually worship Satan himself. That is why these evil ones are so determined to take God out of all public documents, pledge of allegiance, and even your money. The power of these evil objects of the New Age and the occult influences and eventually controls your mind and may even cause demon possession. These people, who worship the earth and many gods and goddesses, are trying to force their atheism on everyone. My faithful will come under increasing persecution, even from within My churches that are being undermined. Keep close to Me in prayer and continue to wear your blessed sacramentals for protection from evil. Avoid any churches that preach New Age principles, as soon, you will have to meet in your homes and eventually at My refuges. Do not give in to the devil's attractions in worldly reasons for money and power. It is sufficient to follow My Will and serve Me in your daily consecration."

Thursday, October 9, 2003: (St. Denis)

Jesus said: "My people, you commemorate many of My saints who were martyred in days when Christians were being killed. Today, you are not tested with martyrdom in America, but some other lands still openly persecute Christians. This persecution is again growing against Catholics because of your opposition to abortion and living together. The traditional rosary and devotional prayer, as well as Confession, are becoming lax among practicing Catholics. The morality decline in attacks against the family are signs of how evil your nation has become in your living habits. I have called on people to repent of their sins, but your people are too steeped in their sinful pleasures to convert. Many signs are abound that your world is getting ready for the Antichrist's appearance. So evil will worsen for a short time before I will intervene to cleanse the earth. It will be during this evil era that martyrdom for the faith will become a reality once again. Secret prayer meetings in the wilderness will be all that you can attend and you may only have spiritual communion unless you can find a Mass. At the height of the tribulation you will have My angels give you Communion at My refuges. Ask for My help and I will strengthen your spiritual stamina to protect your soul from the demons."

Thursday, October 9, 2003:

Prayer Group:

Jesus said: "My people, you know by your St. Michael prayer that the demons are already seeking the ruin of souls on earth. This black of the demons is contrasted with the white of the good angels. It is also a stark reality that souls either serve Me or not. Hell has been formed for the evil spirits who refused to serve Me by their own free will. Evil men and women, who refuse to serve Me, are sending themselves to hell by their free will choice as well. All of those souls, who love and serve Me, will find a place one day in heaven. Do not be tempted by the filth and riches of the world, but seek to follow Me, no matter what you may suffer or give up to gain eternal life."

Jesus said: "My people, you are being warned in this message not to let yourself be deceived by this coming man of peace, who will declare himself to be Me. He will cause miracles of miraculous power, but it will be summoned by demonic power at his control. I have warned you to not look at this evil one's eyes and avoid his presence. He will have powers of suggestion to even deceive My elect. Pray for My help and that of your guardian angels to protect your soul. Let My angels direct you to My refuges where you will be protected from harm. Avoid the mark of the beast and do not worship him either. Only I am worthy of your worship."

Jesus said: "My people, at My refuges you will be provided Communion in My Manna, water, and shelter. As the Hebrews were tired of the manna in the Exodus, I will also miraculously provide you meat to eat without you obtaining it for yourselves. My faithful will be guarded in My hands and I will provide for your needs. Have trust in Me and you will be saved."

Jesus said: "My people, this volcanic event in the Western part of your country will be a devastating natural disaster that will greatly affect your people. Much death and destruction will occur and your country will be brought to its knees financially and physically. This and other disasters will bring on your country's demise from which you will not recover. You have turned your back on Me by worshiping alien gods. Soon your country will taste My wrath for your disobedient sins and your lack of repentance for your sins."

Jesus said: "My people, I have asked you to trust and hope in the day of My victory when Satan and the Antichrist would be defeated. When you see Me coming from heaven on the clouds, My angels will carry out My victory as the evil ones will be chained in hell. Then you will see the gleaming city of Jerusalem brought down to the earth and all of My faithful will share in the joy of My Era of Peace."

Jesus said: "My people, your scientists are always searching for cheap forms of energy production in your plants, but they will not warn you of all the possible dangers associated with this energy. Beware of some of these coming discoveries because their abuse could control people to have all of their comforts. When the price becomes your soul in worship of evil, then you will know enough to reject such evil power."

Jesus said: "My people, these large flows of ice that are breaking off in large pieces are more signs of the changing weather at the poles. Just as most of the iceberg is below the water line, man is refusing to accept that major changes are going on in your world. That is not just temperature related, but you could soon see a major shift in the poles that could have dramatic changes in your weather all over the world. When this occurs, it will be associated with My intervention in cleansing the earth and renewing it."

Friday, October 10, 2003:

Jesus said: "My people, some may say that time already is speeding up in their lives at this time. Some of this is an illusion because many events are occurring one after another and your communications through your television let you hear instantly of the next event. When your life is filled with a lot of activities, it does appear to move faster. Even beyond this illusion of your increased activity, time will be speeded up gradually as you enter the coming tribulation. Scripture says that time will be shortened in this evil period for the sake of My elect. By shortening the time of the Antichrist's reign, fewer souls will be lost to hell. I will enable My faithful with protection against the evil ones, but you must call on My help by your own free will. I love each of you so much and I give each soul plenty of opportunity to love Me in return. Do not wait until these events are upon you, but prepare your spiritual life now to be able to withstand this test of evil that you have never seen before. Trust in Me and your soul will be saved."

Jesus said: "My people, as you view this country church, it is so beautiful to see such simple faith with peace in their hearts. In the small towns the pace of living is slower and they are more interested in helping each other. When you do not have so many distractions and electronic gadgets to occupy your time, you will have more time for prayer and talking with each other. Love of Me in simple faith like a little child is all that you need in this life. By following My Will every day, you will be one step closer to heaven. I am willing to pour out My graces on every soul. All you need to do is open your heart for Me to enter and you will be richly rewarded."

Saturday, October 11, 2003:

Jesus said: "My people, you have just received your Most Precious Lord, Body and Blood, in Holy Communion. This is a gift of My Real Presence to each of you and it is your most sacred treasure that you can experience of heaven on earth. You, all present, are fortunate this day to have your hearts and souls bathed in My Blood and the tears of My Blessed Mother. This is our blessing in grace to you to strengthen you in your spiritual life. You are honoring My Blessed Mother at this conference and she is an example for you in following My Divine Will. Your worship of Me in My Blessed Sacrament and your daily rosaries are the help we give each of you in striving for heaven. Praying is your means of communicating your love to Me. My Blessed Mother brings your petitions to Me as she is your holy intercessor for prayer. As you pray each Mystery of the Rosary, focus on that event in our lives. Every time you pray these Mysteries, you are re-living our lives in your lives. Draw on our strength in grace to guide you in obedience to your daily consecration and the carrying of your cross. Be joyful in witnessing My Word in evangelization of all souls who will listen to My Word. I request everyone to seek repentance in frequent Confession for the absolution of your sins. My sacraments are your life blood and keep you focused on your path to heaven. Give praise and thanks to your God for all of My mercy and graces that We pour out on you. I say We because the Father, the Son, and the Holy Spirit are blessing you."

Jesus said: "My son, I know sometimes you have been given many difficult messages and at times you are looking for more joyful messages. I am asking you to not be disappointed, but understand that you are in an age of darkness and My messages are very important to strengthen My people's faith. I have shown you before to treasure My Adoration and tabernacles now because soon they will be unavailable to your visits. The evil ones are already trying to forbid Adoration of My Blessed Sacrament because they know the power and graces available in My consecrated Host. The next step will be to force the priests and laity to consume any remaining Hosts after Mass, so there would be no further need for having tabernacles. Now, My faithful will not have Me to visit outside of Mass. I will show you what to do at that time. Take a Benedictine Blessed Cross and hold My crucifix in your hand. Think of how I suffered on the cross and sacrificed My Body and Blood. Now, pray to Me for a spiritual communion and I will come into your heart as if you just received Me in Holy Communion. This is My preparation also for when you cannot have My tabernacle or receive Me in a Mass. The demons are attacking everything that is holy and you must be

persistent in your faith and devotions to Me and My Blessed Mother. See that in My instructions for your time I am helping you to endure even when it will be difficult to find Me in a Mass. I want you to remain strong in your faith and never lose heart even in a Godless society. I will always guard and protect My faithful remnant which the demons will never control or destroy. That is why I am giving you hope and assurance that My remnant will survive until I return."

Sunday, October 12, 2003:

Jesus said: "My people, these words today of the Gospel of the rich man who went away sad because of his possessions, should be a familiar theme to you. In essence I call every soul to consecrate everything over to Me. Everything that you have has been entrusted to you by My Father and you are only a steward of those things during life. You are Mine and all that you have is Mine. So do not think that possessions, talents or even family are yours because when you die, you will leave everything just as you entered this life. Even your children will one day be taken back to Me, for all life is only gifted to you for a short time on earth. This lesson of consecration must be sincere and not just words on your lips. When I call you to give everything over to Me, I want you to be free of the restraints of the world. This means that you must free yourself of all addictions to TV, possessions, money, drinking, computers, sports, smoking or anything else that controls you or that you have made idols before Me. This is not an easy calling because the world has many desires and comforts to tempt you. The demons try to keep you attached to the distractions of the world, but you must be willing out of love for Me to detach yourself from all that is worldly and seek only heavenly things. I thank My faithful for giving up these things for My sake, and you must thank Me for your faith and all the gifts of life that I share with you."

Chapel: "Do not put anything before Me."

Jesus said: "My people, many abortions are chosen for worldly reasons of money, removing shame, hiding an indiscretion, or lack of desire to care for the baby. Some women feel they have a choice to kill their babies, but they do not realize that they are taking a human life. Chemicals are being used earlier to even prevent a fetus from implanting in the uterus. People outside of marriage are committing more sins of fornication and a pregnancy is many times an unwanted result of their first sin. Marriage is the loving environment for children, but families are being attacked by such acceptance by society of heterosexual and homosexual unions outside of marriage. The one world people, that promote one world religion

not of God, are in favor of abortion and the destruction of the family. The media and many evil groups finance pro-abortion mentality so they can brainwash the people with the devil's message of death. That is why it is very difficult for faithful pro-life groups to have much success. Pray continuously to stop abortions and your deviant life styles contrary to My Commandments. As America sinks deeper into the abyss of sin, you will see more financial problems and natural disasters. The more you mock My laws, the more you will taste of My wrath."

Monday, October 13, 2003:

Jesus said: "My people, I have warned you before that you will be seeing many divisions in My Church, as the evil ones are trying to undermine My authority. In many ways your traditions of reverence for My Blessed Sacrament have been put down. Gone are your Communion rails, statues, and crucifixes. Many new churches do not have kneelers or have placed My tabernacle in a back room. Receiving Holy Communion in the hand and standing instead of kneeling has become common. Many of these things are planned in order to minimize the sacredness of My Real Presence in the sacred Host. The crucifixes have been removed to take away the sign of My sacrifice and suffering. If you are to follow Me, you will have to take up your cross and be willing to suffer your trials for My Name's sake. Remember that I am still present Body and Blood in My sacred Host, no matter how much people will tell you it is only symbolic. The difficulties come in what is your true obedience to My representatives on earth in the priests and bishops. As long as they are not advocating anything against the faith, it is proper to be obedient to their directions. Obedience to higher authorities is a sign of humility and a direction of following My Will than letting your own will dictate your actions. Focus your attention on witnessing to My Word in evangelizing souls than concerning yourselves with theological debates."

Jesus said: "My people, simple faith as modeled by Fr. Solanus Casey, St. Therese, and My apostles is all that is necessary for a soul to come to heaven. Some may think that you have to be very intellectual to be a saint, but it is true humility and faith as a little child that will prepare you for heaven. Actually, riches and intelligence can lead you astray in pride and self-confidence. Remember, that without My help, you can do nothing because you are totally dependent on Me. So be thankful for all the gifts that I have given you and always remain humble in giving Me all of the glory for whatever you have accomplished. When you brag or show off your talents or intelligence, you are giving all the glory to yourself. So do not seek fame or riches for their own sake, for I must be first

in your life. The road to perfection and sainthood lies in humility, simple faith, and following My Will in your daily consecration. Never lose your focus on Me in My Blessed Sacrament so you can follow and imitate My life of love and suffering."

Tuesday, October 14, 2003:

Jesus said: "My people, the northern areas of your country will be experiencing a long cold winter. Your weather in its severity of extremes is becoming a reflection of the hot and cold hearts of mankind. Your hearts are cool to My love, and the more you mingle with the desire of earthly things, the further you are drifting away from Me. Other souls are becoming lukewarm or complacent in their faith and are forgetting Me when they already know the truth. Those, who know the faith and have rejected Me, will be held more accountable because more was given to them. My people, who have warm hearts and love Me dearly, are those who have the responsibility to warn the rest to return to their former love or they could lose heaven. Do not give up if your efforts in prayer do not bear immediate fruit, but be persistent in your prayer because souls may need more prayer to atone for their sins. Satan does not give up his conquests easily, so you will have to struggle with My help for every soul to be saved."

Wednesday, October 15, 2003: (St. Teresa of Avila)

Jesus said: "My people, these saints of Mine, who have gone before you, are the real heroes of heaven. It is better to be famous in the eyes of heaven than those who are famous in the eyes of the world. Many of My saints did not have much wealth when they died, but their treasure was in heaven. Look how I lived in a humble house in Nazareth because this is a sign to you that you only grow rich by your treasure in heaven. It is by My suffering on the cross that you have been freed of your sins. By coming to Me in Confession, I will forgive your sins and put you back on your path to heaven. Imitate My saints in holiness, love of Me and love of your neighbor. It is by your actions that you show your faith and love of Me. You all need to be perfected in order to gain your crown of sainthood in heaven. By following My Will in every action, you are directed toward heaven. By walking at My side in carrying your daily cross, your sufferings will be turned into blessings. Strive to improve your spiritual life by growing close to Me in imitation of My holy saints."

Prayer Group:

Jesus said: "My people, when you come to My refuges, I have told you that I would provide water, My Manna from My angels and

shelter. Just as I multiplied the food for the five thousand and the four thousand, I will multiply any food that you bring. Meat will also be provided as I gave the quail to those in the Exodus. You will all have to work and help each other, but the angels will protect you from harm."

Jesus said: "My people, I have told you that you would be tested more by power outages to show you how dependent you are on Me and how vulnerable you are. You are seeing ice storms, hurricanes, power grid problems, and now your latest wind storms that have put your power out again. I am teaching you in these trials to put your full trust in Me at all times and not just when these disasters strike. When you are spiritually prepared for these events, your fears and anxieties will subside. Help your neighbors in their needs."

Jesus said: "My people, many of you in America have nice comfortable homes and you do not know what it is like to be without a home. Some may have lost their jobs or were struggling with high medical bills without insurance. Instead of criticizing those without homes, it would be better to pray for them or even help them to find an acceptable apartment. Sheltering the homeless is one of My corporal works of mercy that could store much treasure in heaven for anyone."

Jesus said: "My people, today you are sleeping in a nice warm comfortable bed, but at My refuges you may be fortunate to bed down on some hay. You are comfortable with hot showers and washing up to look presentable. At the refuge you may be fortunate to have food and water, let alone all of your beauty aids. Your soul's appearance is much more important to Me than your physical appearance which will be gone tomorrow. You will be humbled by this simple living, but it will bring you closer to the perfection that you need to enter heaven."

Jesus said: "My people, today you have all sorts of seating comforts and beautiful homes, yet you still complain of your sicknesses and discomforts. At the refuge you will not have such comforts, but there will be great healings of all of your aches and pains. You can look on the white luminous crosses for healing. You can drink the healing waters of the refuge springs. You can also be healed by faithful people with healing gifts. Give praise to God that all of your complaints will be satisfied and a great peace will come over your souls."

Jesus said: "My people, this scene at the detention centers will be for those who are caught by the evil ones. Those, who do not leave quickly for My refuges, may be the ones taken off to these prison camps. Pray for these poor souls who may be tortured and martyred that they do not despair or lose their faith in this trial. Call on My Name and I will give you the strength to endure all of these persecutions."

Jesus said: "My people, this portrayal of Me on the stairs appearing to St. Teresa is an example of how intimately I share Myself with My saints. When you contemplate on your Lord and listen for My Word, you will be able to discern how much I love you and how I want to lead you in your life through prayer and fasting. You also, can come to know Me more intimately. Have faith and trust in Me every day as you work closer to your perfection for heaven."

Thursday, October 16, 2003: (St. Margaret Mary-Sacred Heart)

Jesus said: "My people, some of My faithful are upset with the modern priests in their teachings and in their liturgies. You should remember that each priest is consecrated to Me and I act through them in distributing the graces of My sacraments. As long as they say the proper words of the Mass and carry out their function in presenting My sacraments, you still receive My Body and Blood in My Eucharist and absolution in Confession. The difficulty comes if a priest is teaching wrongly about dogmas of the faith in his homilies or in Confession. Each priest will be held accountable at the judgment for any soul that was misled by his erroneous teachings. It is even proper to approach such a priest to warn him of his errors privately. If he still persists, even such information should be given to the bishop. If that bishop does not correct him in errors of the faith, then that bishop also will be held accountable for the errors of that priest. My faithful need to be discerning in what they are taught at Mass in homilies in order to be aware of such errors by the grace of the Holy Spirit. I have warned you many times that New Age errors will be creeping into My Church to undermine it. You need to pray for all priests, but especially priests that are teaching errors in homilies or Confession. Pray to bind the evil spirits to the cross that are influencing these priests and pray that My grace and mercy will change the minds and hearts of My priest sons who have lost their true faith. It is prayer that will guard My priests, but when they forget their prayer connection, then the evil ones can attack them with all kinds of errors. All of My priest sons must be faithful to their vows to save souls."

Thursday, October 16, 2003:

Jesus said: "My people, I am present in My Real Presence every time you see Me exposed in My Blessed Sacrament or when you visit My tabernacle. There are very few of My faithful who make extra time each day to come and visit Me in My Blessed Sacrament. Those, who do come, are making up for all of those who cannot or refuse to make time for Me. When you do come to visit Me, you should show Me reverence in kneeling, lying

prostrate, and removing your shoes as Moses did. I reach out with My abundant graces to those who come to receive this heavenly shower. Love Me and hold Me close to you."

Friday, October 17, 2003:

Jesus said: "My people, the worldly think of a cave as a source of possible wealth as a gold mine, but My faithful think of a cave as a source of protection from persecution. All of My gifts have been given to mankind for a good purpose, but you can use them for good or bad. Resources in the ground as gold and oil can be used to fashion objects or to help in transportation. They can also be used as a possession or a vehicle to control people by charging a high price for something that belongs to everyone. When you use My gifts of things, talents, or interfacing with those around you, look at how you are using them whether for good or bad. Focus on using everything for a good purpose and you will be following My plan for their use. In today's Gospel I have warned you to avoid the leaven or yeast of the Pharisees. This is referring to those who teach My Word to the people. Some try to make profits on My Word by heaping large burdens on people without lifting a finger to help them. Some are even teaching false doctrines which My faithful must discern. As with the Pharisees, follow My laws, but do not imitate those abusing their priestly duties."

Jesus said: "My people, the only people who fear death are those not walking in the Light of God. If you trust in My mercy and forgiveness, and you can forgive yourself of your sins, then you will be at peace and ready to die. My Warning experience is a blessing and a mercy to all souls to be able to face where they stand in their spiritual life. Some may find themselves facing hell, others in the imperfection of purgatory and a few ready for heaven. The miracle of grace will be when you can take what you learned back into the body so you can convert your life of sin. Those in sins of lust, adultery, and fornication will be called to a virtue of purity in chaste lives. Those in sins of foul language, anger, and gossip will be called to love of neighbor away from hate. Those, who lie, will be called to honesty in speech, even in small matters. Those, who steal, will be shown how they are hurting others and will be led to an honest living. All of your imperfections require purification and a real effort to avoid your past sins and heal your bad habits by your own choosing. Be grateful to Me that I will show many a supernatural intervention that will give everyone a chance to purify their souls before their very death. Take advantage of every day to change your lives closer to Me so your perfection on earth can prepare you for heaven."

Saturday, October 18, 2003: (St. Luke)

Jesus said: "My people, I am showing you this empty dish next to an abundance of food because many are hungry in parts of the world, while others have more than enough to eat. Those, who are starving, are silently calling out for help, but their message is muted in your media. The immensity of those starving and the means to distribute food are monumental problems, but the rest of the world does not view this need as their responsibility. Those, who are rich and well fed, are really being selfish and not sharing their abundance. Suffering was mentioned in the homily and this is a reality in everyone's lives. There is personal everyday suffering in your little inconveniences and there are those suffering from illness, hunger, homelessness, and natural disasters. I suffered on the cross for all of you, but how much are you willing to suffer for Me in your neighbor or your frailties? Do not complain of your pains and disappointments, but offer them up in silence to atone for your sins and the sins of others. This redemptive suffering will gain you much treasure in heaven. You can also suffer a little in sharing your time and money in helping and feeding the poor. The poor you always have with you, but do not neglect them in your prayers and donations."

Jesus said: "My people, this whirlpool in a church is a sign that New Age influences will attract many away from God, but My grace will save My faithful from drowning into sin. The forces of evil, I have told you, are undermining My Church by their false teachings and lies, but God is missing in all of their teachings and exercises. Many will be drawn into the thoughts of improving their physical body. Do not be deceived by fortune telling, ways to get rich, or false power to improve your fame and power among man. All of the New Age and occult ways take you away from Me and allow you to drown in your sins. Look in your churches how these evil forces are infecting their lies among unsuspecting people. If you are not strong in your faith by prayer, you could be caught up in this whirlpool of the evil one. Once the evil ones control your churches, you will be forced back to your prayer groups in the homes. This is why prayer groups and blessed homes will be needed in the time of tribulation. When you are tempted and tested by evil, you are to hold on to your sacramentals and bind these evil thoughts and evil demons to the foot of My cross, so they cannot drag you down in causing sin in your soul. You are in a heavy battle of good and evil each day and only those fighting upstream away from the whirlpool will be saved. All the weak souls and the lukewarm will be sucked into the whirlpool of evil and will be lost. Only the strong in faith will survive to enjoy their reward in heaven."

Sunday, October 19, 2003:

Jesus said: "My people, do not despair or let your worldly problems trouble you, but bring them to Me in prayer and I will share My graces and My angels with you. You are faced with your earthly struggles to survive every day, but you must accept your daily cross and consecrate everything to Me. Everything belongs to Me and you are stewards but for a short time. So do not store up riches to be hoarded because they do not belong to you. Everything, that I give you, must be shared with your neighbor, whether it be your time, your money, or even your faith in Me. Give thanks and praise to Me for all that you have and use your gifts to bring souls to Me because souls are My most prized treasure. Ask your guardian angels to help you in battling the evil ones and do not let worldly things control you or make idols for you. I alone should you worship because I am a jealous God and I do not want any other gods before Me. Give Me your constant attention and keep your focus on Me without concern to desire worldly things."

Monday, October 20, 2003:

Jesus said: "My people, I am showing you this vision of the saints and angels, as well as the evil spirits, because you are bombarded every day from inspirations from the good spirits and the evil spirits. Every soul is precious and there is a spiritual battle going on for each soul. That is why a good prayer life is needed because you constantly have to discern and act on every thought that comes into your mind. The good thoughts lead you to holiness, but you must act on them in order to help your soul. The evil thoughts enter also and you must see these temptations for what they are and not entertain them for bodily comforts that lead to sin. You can see whether thoughts that you receive are either directed to heaven or worldly thoughts of sinful actions. You will have to face these daily attacks until the day of your death. So it is wise to be prepared to fend them off in order to keep your soul pure. If you take life more slowly and think before you act, you can reflect on each thought that you receive. Instead of acting hastily out of anger or pride, you can control your bad actions with thoughtful discernment. The devil knows your weaknesses, so do not compromise yourself in occasions of sin by where you go and what you look at. Follow your first inclinations for good and reject the evil one's taunts for inaction or the sinful actions. By being alert to everything going on in your life, you can come closer to Me in each daily battle."

Jesus said: "My people, you are seeing ribs being put in a hose to keep it from collapsing. When a hose collapses, very

little water can come through. Also in your heart vessels and arteries stents are put in to keep them open so blood can flow freely. It is like this in your spiritual life where prayer, fasting, and My sacraments are like ribs or stents that keep My flow of graces coming to your heart and soul. A soul, that loves Me, will seek to stay close to Me by doing everything to keep their soul pure. My grace enhances your love and you develop a personal relationship with Me. Without spiritual stamina the flow of My graces could also collapse as sin stops this flow of help to the soul. By coming to Me in Confession to seek My forgiveness, your hearts can be healed so My flow of graces can once again renew the spiritual life of your soul. So turn to My sacraments and prayers and you will be better able to withstand the evil enemy of the soul. The stronger you make our relationship of love, the more spiritual endurance you will have to make it through the coming tribulation. Love, grace, and mercy are My gifts to you in My sacraments. Hold tight to your faith against worldly distractions and trust in Me to bring your soul to heaven. By consecrating everything to Me, then you will be ready to live in My peace and love in preparation for heaven."

Tuesday, October 21, 2003:

Jesus said: "My people, in today's first reading you are seeing My gift of salvation by My death on the cross that is given freely to everyone. You have salvation through Me and not by any action of your own. But in the Gospel reading you are seeing how I asked My disciples to be pure and dressed in the proper wedding garment of loving Me. I give you all of My gifts of love and mercy in My sacraments, but you must deal with My justice as well. For pure souls you need to confess your sins with contrite hearts in Confession. To show your love for Me I need to see it in your actions of prayer and corporal works of mercy to help your neighbor. Even though you are saved by My death and Resurrection, you must witness your belief in Me by your actions. Have your souls always ready as the watchman or you could lose your soul as the foolish virgins who were not prepared. You do not know the day nor the hour that I will take you home, so be like My angels always praising and loving Me with pure hearts from frequent Confession. Then when I come for you at the judgment, you will be like the wise virgins who entered with Me into the kingdom of heaven."

Jesus said: "My people, this car that was stuck in the mud and water represents souls that are stuck in their sinful habits. I have given you My sacrament of Penance or Reconciliation so you can come to Me in Confession for the forgiveness of your sins. Do not let the devil get you too lazy

in not coming to Confession and do not despair or get frustrated when you keep committing the same sins. You cannot always break sinful habits on your own, but call on My help and your guardian angel to pull you out of your sin. I am your tow truck to deliver you from the grasp of the devil. In order to improve your spiritual life, develop a base line of measurement to see if you are getting better or worse. You have a strong will to get on diets to lose weight. I am asking you to get on a diet to lose sin. If you are attentive to the causes of your sin, work to avoid those occasions of sin. Analyze your daily activities and work to learn from your mistakes by doing better the next day. When you make an honest effort with My help, you will be surprised at the spiritual progress you could make. Keep striving to improve toward your perfection of one day being a saint. Be persistent in prayer and never give up fighting the devil's temptations."

Wednesday, October 22, 2003:

Jesus said: "My people, the Gospel speaks of a coming day when you least suspect that I will return in glory. Even though the end days are upon you, it is not something to be feared unless your soul is unprepared in sin. It is important to always have your soul pure and ready for death because you could die in many ways before I return. Those, who have been entrusted with more gifts and graces, will have a heavier responsibility to be ready and helping their neighbors to be ready as well. I have told you that many are called, but few are chosen because the majority do not want suffering. Many are refusing to love Me and follow My Will because they love themselves and the world more. Your Creator is the only One worthy of your worship and your soul seeks to be with Me as the only source of true peace. People are so taken up with the distractions and concerns of daily living that they forget where they are going after their death. That is why it takes funerals, diseases and accidents to wake up to the fact of the body's vulnerable mortality. Faith is a gift and seeking Me comes only with a desire to seek heavenly and lasting things over earthly things that are gone tomorrow. Think of your eternal destination because there are only two choices-heaven or hell. To gain heaven you must follow the narrow road of carrying your cross of suffering and following My Will for My plan for your life. Trust and hope in My saving your soul and show Me your love in your actions."

Jesus said: "My people, you have prayed and fought many years to turn back your horrid Supreme Court decision that allowed abortion. Now, your Congress and soon your President will be banning partial birth abortions. All abortions are

killing babies, but this procedure is so grotesque that all heaven is disgusted with man's irreverence for life. This little budding rose is a sign of rebirth in your country for feeling about life in the womb. But just as you are about to rejoice over this decision by the people, the pro-death people, favoring abortion, are trying to stop this bill in the Supreme Court. When this culture of death lot fails to win the majority of the people in allowing partial birth abortion, they try to use the court system as a back handed way of winning their cause just as in Roe vs. Wade. Your courts have fewer people to control and the decisions from your courts have been anti-life, pro-homosexual, and anti-God recently. Your courts have usurped your lawmaking bodies in declaring things unconstitutional when there was never anything said about favoring a death culture in the words of your Founding Fathers. So pray and urge your courts to follow My laws and not man's laws of comfort and convenience. If you fail again to stop these abortions, then My wrath will fall heavily on your country."

Thursday, October 23, 2003:

Jesus said: "My people, many have difficulty when I talked of division in bringing My Gospel of love to the people. It is a reality that some will believe in Me and some will refuse to believe. But this is your life long decision in everything you do because each action will be a choice for a heavenly reason or an earthly purpose. In Scripture you see how many are called to hear the Gospel, but few are chosen. (Matt.20:16,22:14) Again few it is that find the narrow road to heaven and many who choose the broad road to hell. (Matt. 7:13-14) Do not be saddened by how many reject My Gospel of love and suffering. It is difficult to be saved because people will have to change their lives and turn away from their earthly distractions to serve Me and renounce their possessions. You do not come into this world with possessions and you will not leave this world with possessions either. Follow the imitation of My saints who rejected worldly wealth for love of Me. It is only when you love Me and your neighbor in prayer and action that you will find your peace. The difficult call is to give your will over to My Divine Will in your daily consecration. Some people have a little love for Me, some a mediocre love and others have a strong love for Me. Unless you have a strong love of Me, you could be swept away by the evil one. Look at the small light that shines through even the darkest of clouds because My love and mercy is available to each soul even to their dying breath. But do not be satisfied with just making it into the last place in purgatory. You must strive for the highest part of heaven every day of your life. So do not put off your conversion to

the last moment because you may die before you can remember to repent. Repent of your sins today and be assured of a place in heaven. You have only two choices in eternity—a loving life in the glory of heaven, or a cursed suffering forever in the flames of hell.”

Prayer Group:

Jesus said: “My people, America has removed Saddam from power in Iraq in the name of terrorism, but the real concern is for protecting oil interests in the Middle East. Now, America is embroiled in daily losses of its troops and mounting billions of dollars needed to maintain the troops and rebuild Iraq. I have warned you against starting a war in Iraq. Now, you are paying the price for your own pride in interfering with this nation. Pray for a peaceful resolution of the fighting going on in this area.”

Jesus said: “My people, you are starting to see more churches closed for lack of priests, low attendance at Mass, and a lack of funds to maintain them. Attendance at Mass is decreasing because the faith of the people is growing weak and they do not see the need to maintain the churches in operation. Every church that closes is one less source of grace for My people.”

Jesus said: “My people, you have seen snow flakes and crystals in various northern states as winter is not far off and your temperatures are falling. The pipes that deliver natural gas and heating oil become very precious in keeping you warm in the winter. Various power outages have shown how vulnerable you are especially in the cold of winter. I continue to warn you to store some alternate fuels because this is how the evil ones could control you by stopping your electricity.”

Jesus said: “My people, harvesting your crops has become more and more of a problem because of the cost of machinery and the lack of farmers to do it. Farmers are leaving their farms because they are not profitable at the cheap price of their crops. Providing enough food for the world is becoming more of a problem because of decreasing farmland, fewer farmers, and more people to feed. See the increase in those not getting enough to eat and you will see a large amount of famine being caused by selfish disposition of the available food.”

Jesus said: “My people, you are seeing an increase in the number of casinos in various states, cruise ships and on the internet. These new sources are trying to exploit the gullible people who think that they can win big money with just a few tries. Gambling habits are stealing needed money from families that cannot afford to be exploited. In the spiritual life you cannot afford to gamble with your souls either because you could be lost in hell if you endanger your soul in sin. Keep close to

Me and do not gamble with your life or your soul."

Jesus said: "My people, as you go closer to Halloween, more and more people are making displays and costumes for the children. I have warned you in the past to not accentuate the evil aspects of demon and monster disguises because this is more of a feast day of evil and not just treats for the children. Avoid these evil representations and do not let Satan be praised on his feast day. Call on My angels and My grace to protect you from any evil influences."

Jesus said: "My people, you are obsessed with being entertained in your free time. Look at the horror and promiscuous movies that people are constantly watching. Large amounts of money are made on movies and videos, but they are creating a spread of terror and occasions of sin for many. You see crimes and riots when many minds are being filled with such filth in your movies and TV programming. To avoid sin and being contaminated with such worldly desires, it would be better for your soul to avoid the current movies and bad television programming. Do not contaminate your children with this filth either. Pray more and do more good deeds than wasting your time on such bad entertainment."

Friday, October 24, 2003:

Jesus said: "My people, when I spoke of paying to the last penny in a prison, this is a representation of purgatory for the reparation for sin. People only know persons, places and things, but spirits of your souls only know states of being. After death all of those in purgatory know they are saved and will see Me one day. My Divine justice demands that every soul that enters heaven must be purified from all attachments to the world. All of your sins need to have reparation made in suffering either on earth or in purgatory. You will have to be purified of all those sins that I forgave, but you may not have forgiven yourself. It is unlikely that most souls have reached perfection in life on earth, so purgatory is required of most saved souls to prepare them for having the white garments needed for heaven. I continue to ask you to pray for the poor souls in purgatory who need your prayers to be purified for heaven. They cannot pray for themselves, but they can pray for your help on earth."

Jesus said: "My people, look how many people come to sports events and watch them on TV, but how many of them will take out one hour to come to church on Sunday morning. Each person sets up their own priorities as to what is most important. Many are taken up more with how to be entertained than how to save their soul. The world has many distractions with sports, movies, and many other hobbies. Through all of life I want everyone to have

one focus on following My Will instead of your own will. You need a priority for your prayer time, fasting, and showing your love for Me and caring for your neighbor. When you let the devil distract you with so many cares and curiosities of the world, you are letting your will choose what you like instead of what is best for your soul. I continue to give you My advice that the worldly things will soon disappear, but your prayers and good deeds will live on as a heavenly treasure. When you let things and the world control you, then you are taking your focus off of your spiritual life. Do things to feed and protect the soul and you will be preparing yourself for the next life when your body and worldly things will be separated, leaving only the bare soul and your sins. Go to frequent Confession, pray daily and follow Me in your cross and consecration, and your priorities will be vindicated at your judgment."

Saturday, October 25, 2003:

Jesus said: "My people, your country has been spoiled with many new electrical devices that entertain you and save you work, as your appliances. When these devices fail to work or when you lose your electricity, you are thrown into turmoil. This is how vulnerable and dependent you are on electricity for much of your lifestyle. Instead of being grateful for this benefit, you are busy at making more sophisticated devices that demand even more electricity. What is not being considered is how much energy in fuels that you consume to have your high standard of living. Instead of accepting a simple lifestyle, your people have demanded even more labor saving devices and better entertainment devices. These distractions in your life are on the one hand saving you time, but the extra time is being consumed by too many entertainments and not enough time for prayer and Me in your life. You get so taken up with your distractions that you fail to spend enough time helping others in need of basic necessities. Now is the time to evaluate how you spend too much time on selfish things instead of focusing on loving Me and your neighbor that would help your spiritual life. Everything in this world will fade away, so you should seek spiritual treasures that are everlasting. Do not let the worldly things so control you that you forget about your spiritual life which concerns your eternal destination in heaven."

Jesus said: "My people, I am giving you a very different look at the moon as it goes through its various phases from the light of the sun. This up close vision of the moon changing represents how each person will have their Warning experience away from earthly surroundings and distractions because this will all occur in the spirit world without time. Everyone will

see Me in a Divine intervention and there will be no doubt that you can only come to heaven through My suffering on the cross. All of your earthly gods and goddesses will be exposed as false idols, but each person will still have to choose to serve Me or not. You will always have your free will, but all of your sins will be seen how you offended Me and how you need to change your life if you wish to enter heaven. My Church has the most perfect knowledge of Me and My graces available in My sacraments. My mercy flows out to each soul in giving them an opportunity to be saved. Many will be seeking Confession to remove the guilt of their sin. It will be My faithful's job to convert as many souls as possible because this may be the last opportunity for those souls that were headed to hell. The signs of the coming tribulation are all about you, so prepare your souls for one massive testing of evil with My help and that of My angels."

Sunday, October 26, 2003:

Jesus said: "My people, suffering is a part of everyone's life and I have given you an example by My ultimate suffering on the cross. Most people shun pain and do not want to deal with it or even be around people that are suffering. This vision of the soldier pounding the nails into My hands is an example of how I suffered for all the sins of mankind. Pain and suffering can be a blessing or a curse. Suffering can be offered up for yourself or others as redemptive suffering for sin. Sometimes accidents or disease can quiet your pride and bring lost sinners to Me and a new found faith. At other times people can be angry at Me for having tested them with disease or broken bones. This is wasted pain that could have been used for good. In today's Gospel (Mark 10:46-52) I called Bartimeus to answer his request for his sight because he had faith in Me that I could heal him. I call all sinners to come to Me every day so I can release you from your spiritual blindness by My Light that you can receive in the grace of Confession. You can answer My call by seeking My forgiveness with a contrite heart. You also can be healed of your sins and guilt by having faith that I can heal you and purify your soul. Give praise and thanks to your Lord that I lavish My healing graces on all repentant sinners. When your spiritual eyes are opened, you will see the true way to holiness and My path to heaven. Do not remain blind in your sins, but call out to Me like Bartimeus in full hope of being forgiven and restored to My Light of grace."

Monday, October 27, 2003:

Jesus said: "My people, there are so many of your people that are so wrapped up in their pride and greed that they do not

leave Me any room in their lives. When pride controls you, you think that you are independent and can do everything for yourself. Pride is such an opposite to humility that you have little love and you are selfish with your time and money. Greed for more money and every possession that you want focuses on getting ahead in your job by any means. Cheating on taxes and defrauding people for extra money in the stock market has become rampant to feed people's desire for money, trips, and possessions. When making money, or hoarding it, is your life's ambition, then you are blinded by Satan from the spiritual world. My life on earth was an example of humility and a simple life. You do not need more than is necessary to survive. Instead of seeking more than you need, you should be focused on love of Me and love of your neighbor. When you take your eyes off of your little life and look to help others, it will open a whole different outlook on your life. You are here to serve Me and you are dependent on My graces for everything. Give thanks and praise to Me for what you have, and share your faith, time, and money with others. Calm down and seek heavenly things and you will be more peaceful. Do not let greed and pride control you, but let Me run your life in total consecration to carrying your cross."

Jesus said: "My people, this picture of darkness at a UN meeting is a sign of evil working through the one world people who are seeking global control. Little by little America will be losing its power and the European Union will gain in prominence. Microchips will begin controlling your buying and selling through smart cards and chips in the body. Armies and nations will come under more control by the UN. The signs of the coming tribulation are around you in terrorism, natural disasters, and controlled food production. The evil ones will be allowed their hour of power just as I allowed them to crucify Me on the cross. This test of evil will require My help and that of your angels to bring you through it. By trust and hope in My protection at the refuges, many will be saved from death by persecution. Christians are being taunted and even killed in many parts of the world. This pattern will intensify so that My refuges will be your only safe haven. This life is passing away and My Era of Peace will come after evil reaches its peak of power. I will rain down fire on the world to purify it once again as I did with the flood in Noah's time. Rejoice, My faithful, that you will see My promised victory over Satan and the Antichrist. Then My New Jerusalem will be brought down upon the earth as it will be renewed according to My plan."

Tuesday, October 28, 2003: (St. Simon & St. Jude)

Jesus said: "My people, a time is coming when My faithful

will have to flee their homes because of your persecution for believing in Me. Soon anyone, who talks about Me publicly, will be persecuted and jailed for violating other's beliefs. Every religion is being protected, but those who are Christian. As New Age one world religion takes over, you will be assumed to be in violation of the new world order. When you do not worship the gods of the world, you will be teaching heresy to these evil worshipers. The evil ones will be searching every house to root out the Christians. This will be the time for My faithful to seek My refuges of protection by My angels. This battle of good and evil will require you to call on My help to endure your trial. Be patient, steadfast, and trust in Me and your soul will be saved. You are being warned to prepare your souls spiritually and carry your sacramentals of protection in rosaries, holy water, Benedictine blessed crosses, scapulars and your Bibles. When you are armed with My grace and protection, you will have nothing to fear. Rejoice when you see this peaking of evil because you know My victory is near."

Jesus said: "My people, you are being fed good teaching in praying the prayers of the virtues of faith, hope, and charity or love. Faith is a gift of the Holy Spirit which gives you the eyes to see and believe in My death and Resurrection for everyone's salvation. It is your giving of your will to serve Me that will set you on the road to heaven. The virtue of hope gives you that assurance, that no matter what difficulties you will face, I will give you the grace and opportunity to endure them. Have trust and hope in My help whenever you are tested by the evil one. It is this testing that will purify you and bring you to the perfection necessary to gain heaven. In everything you cannot forget to love Me and your neighbors as yourselves. By daily prayer, fasting, frequent Confession, and Holy Communion, you can have the means to follow My Divine Will. Visit your Lord frequently at Adoration or at My tabernacle of My Blessed Sacrament as you will have every grace to struggle through your cross on earth. With constant endurance in following Me, you will gain eternal life in heaven with Me. I am the only way that you will come through the gates of heaven. I ransomed everyone from their sins and you must accept Me as your Savior and ask for My forgiveness of your sins."

Wednesday, October 29, 2003:

Jesus said: "My people, the heart initiates all of the intentions of your actions. Many times I have told you that I look into the heart's intentions to know what you are really doing in your actions. You are influenced by things of the world and even the spirit world by good and bad, but the final decision is made in the heart by your own free will. You cannot

blame anyone or even the devil for your actions because your free will gives approval or rejection to everything. So judgment of your actions by Me is based on the intentions of your heart. You must guard your conscience and your heart therefore to have only good intentions in your heart. Then your actions will have good motives in all you do. Focus on Me and your neighbor more than yourselves, and selfish bodily cravings will be dissipated."

Barb Smith said: "All of the beautiful scenes of nature show the order of God and everything living according to His plan. This was my life to follow God's Will and through my work to lead other souls to follow the Lord's plan for their lives. Now as the leaves fall, it is my turn to leave my mission according to His plan, but what I was inspired to start, I want all of my family and supporters to carry out. I have a strong spirit, as you know, to continue my efforts in helping this mission continue even from this next life that I am in. Keep struggling in faith even when the evil ones in the Church are against you."

Jesus said: "My people, this view of the killing of babies in abortion, as you are seeing in the vision, is the reality of murder that those who are in favor of abortion are unwilling to face. These pro-death people want to erase from public view any pictures of aborted babies because they do not want the public to see the truth of what they are doing. Even My crucifix with Me suffering on the cross is abhorrent to some who do not want to face how I was brutally crucified. Yet it is better to see My crucifix and remember how much I love you, that I died for each of you. At the judgment everyone will be asked: What did you do to stop abortions? Some have picketed abortion clinics. Some have worked positively as this Problem Pregnancy Help Center to help mothers have their babies. Others have prayed or donated money. Legislation to stop partial birth abortions is some progress by those in office. This scar of so many millions killed by abortion is pulling America down by the weight of its own sins. Your nation will continue to suffer chastisements for the blood of these babies on your hands. Continue to struggle in your efforts through prayer and action to remove these distorted laws from your books."

Thursday, October 30, 2003:

Jesus said: "My people, throughout history and the Bible, fire is talked about as cleansing or purification. Metal ores are purified by fire. The fires of hell and purgatory are other examples. The solar flares of the sun are natural, but also symbolic in how the earth is being attacked by increasing solar wind. In California these fires in some instances have been

caused by sins of arson and it is in an area where sinful movies and pornography are made. Where sin abounds, there also are natural disasters. These fires are jilting people out of their complacency and rich living to the reality that their houses are in a dangerous area. Many homes have been destroyed as I have warned you previously that fires will be coming closer to more homes. When fires destroy just forests, there is a mild concern. But when fires kill people and destroy many homes, it becomes big news. This is a wake-up call to the people of California and these fires are becoming purifying chastisements for the sins of this area. This is another example of how man's abuse of nature and sin can come back on him from natural disasters."

Thursday, November 30, 2003:

Prayer Group:

Jesus said: "My people, I have warned you that natural disasters would occur and be raised to the next level as the fires in California. The solar flares are causing a great sign in your skies as you are seeing strong Northern Lights as a result. I have mentioned many times to look to the skies for signs or omens of things to come. This indeed is a sign that great events are to occur on the earth that will lead closer to the coming to power of the Antichrist."

Jesus said: "My people, your modern world has commercialized Christian Holy Days of Christmas and Easter. Now, these same shop keepers are even celebrating the devil's feast in order to make money. Do not celebrate this day to give glory to the evil ones. Instead consider it as a preparation for All Saints' Day. You are in a spiritual battle with the evil ones, so do not give them any occasion to have them influence you. Give praise and glory only to Me and remember Satan refuses to serve Me. Follow Me, My little ones, and I will protect your souls from all evil."

Jesus said: "My people, you noticed in your news how some children have been experiencing head aches from reading the latest issue of this series. Each book appears to be leading innocent souls into a deeper connection with the occult and it is not just extended reading that is causing these head aches. Avoid these books because they do lead you into spells, charms, and occult sources that will be occasions for evil to even control souls. Rid these books and movies from your homes so they do not influence your children to the occult."

Jesus said: "My people, some of the violent cartoons could be a bad influence on young minds, when they act out what they see in imitation of their cartoon heroes. You parents should not let your children watch so much TV, especially these violent

cartoons. There is enough violence in the world now without ingraining your little ones with such filth. Again, look to the fires around Hollywood where many of these cartoons are made."

Jesus said: "My people, you are about to celebrate All Saints' Day as you give those souls who made it to heaven an honor for My grace in their lives. All of you are called to be as these saints, as that is the only way to enter heaven. To be a saint, you must be perfected in your spiritual life in loving Me and you must be purified of all your desires for earthly things. Your consecration to Me means that you are willing to give up every earthly possession so you can serve Me totally without any reservation. The following day you celebrate All Souls' Day and this is a yearly reminder to pray for the poor souls in purgatory. Pray especially for your deceased relatives by name and for those souls whom no one is praying for. These souls will pray for you in return for your remembering them."

Jesus said: "My people, I have warned you in several messages to avoid the occult and New Age ideas that are seeping into your everyday life. As some are trying to remove God from every document, money and building, you are seeing the battle for souls every day. Do not be drawn to Eastern meditation exercises or transcendental meditation that focuses on man and not God. Reiki, yoga, astrology, seances, fortune telling of the future and all occult books are to be avoided so the evil ones cannot influence your mind and soul. Pray your rosaries, and keep crucifixes and holy water in your homes to protect yourself from the evil ones. During temptations call on My Name to bind the evil ones to the foot of My cross. My power is greater than the devil's power, so do not have fear when I am on your side."

Jesus said: "My people, you have seen some high magnitude earthquakes in Japan and elsewhere recently. This activity is another sign to you of the prophecies about the end days. As you read of these signs of the time in your daily news, it is not a time to fear, but a time to prepare spiritually all the more. Events are leading up to the time of great evil that you have yet to witness in the Antichrist, but I will be there for you to call on to endure this tribulation. Have hope and trust in Me because as evil becomes greater, My coming is closer when My Great Chastisement will bring My victory over all evil on the earth. Be patient for My Era of Peace will be your reward for your faithfulness to My Name. Then you will be perfected to enter heaven."

Friday, October 31, 2003:

Jesus said: "My people, the one world people are becoming bolder in showing their Satanic roots by using occult and New

Age symbols on the products that their companies manufacture. This will make it increasingly more difficult for Christians to get jobs and get advancements. As chips in the body and smart cards become more required in the work place, it will be difficult to find a job that does not require a chip in the body. As the agents of the Antichrist begin to control most jobs, finding jobs will be almost impossible without denying your faith. This is why I am asking people who question such chips: 'How long is it before you are going to stop working for the Antichrist because eventually he will control all the jobs?' Once, the evil ones control your every day economy, they will demand your worship and allegiance or you will lose your job. It is better to quit and die of starvation than work for the evil ones. But do not fear because My refuges will provide for your necessities. There will be those that are martyred for My Name's sake, but these souls will be saints ready for eternal life with Me in heaven. Watch for these signs in the workplace and you will see the persecution drive you to My refuges."

Jesus said: "My people, this untrimmed hedge has a natural beauty of its own, as well as the grass. Many have a vision of a hedge as being neatly trimmed and anything less strikes you as unkept. Man likes to be in control so he can fit natural things to his liking, but this is true of many worldly things. If you really desire to improve in your perfection, it will mean letting go of your personal control and place it in My hands. When you let Me run your life, it will be in total conformance with nature as I created it, and not what man thinks that it ought to be. When you change the DNA of plants and animals, you are upsetting the balance of nature and you are saying that your ideas are better than Mine. Be willing to let Me lead you in following My plan for your life because I know what is best for your soul. You need to follow Me more in blind trust than be dependent on your own means for survival. You are always dependent on Me for all that you have and all the graces that you receive from Me. Look to a simple life in total consecration as you will have My peace which you cannot find anywhere else."
