

Saturday, October 1, 2005: (St. Therese of Lisieux)

St. Therese said: "My dear child, it is good to know the beauty of God's creations in the universe and nature, but the most important part for a believer is your response to God's love with your own love. This love of God can take many forms in prayer and helping your neighbor out of love for God. It is the intention in your heart that is most important. You can help someone out of duty or physical need and still be only on an earthly or humanist level. When you help someone out of love for God, or because they are God's loved ones in their souls, then you are adding depth to your good deeds with the right intention. Jesus loved the little children because of their blind faith and innocence, and that is why He asks all of you to be like little children in your own faith. If you are truly focused on my Savior, you will always make time for Him in your prayers and everything that you do. Think of Jesus every moment of your waking hours and do not waste time on your own entertainment. Your time on earth is short and you need to make the most use of your time in prayer and saving souls. You know that saving souls from heaven is my strongest love because I want to please my Jesus in every way that I can, even after my death. So I am trying to inspire this love of Jesus in all souls so they will take the time to show their love for their Savior also."

Jesus said: "My people, this vision of an American soldier drowning represents that your military in Iraq are in over their heads and you are going to see continuing casualties until you leave. Fighting to support a country in civil war will be a never ending losing battle. This war in Iraq will never gain a true democracy that is foreign to Islamic countries. This has become a sporadic guerrilla war which is losing money, vehicles, and personnel every day. As soon as America leaves, another dictator will take over. Your military and money would be better spent in compromised peace helping your own people without homes in your Southern states. It is time to pray for peace in this area and others in the world and stop your wars."

Sunday, October 2, 2005: (Guardian Angels)

Jesus said: "My people, this parable of the evil tenants, who killed the vineyard owner's servants and his son, was directed toward the Israelites of My day because they were not producing good fruits. They even rejected Me as the cornerstone of the Building of My Church. Because of this rejection by the Jews, I have raised up My Church that now produces the fruit that I desired of belief in My Redemption of the world's sins, and spreading of My love all over the world. There are many today who still reject My Commandments and My ways because it would mean a conversion from the pleasures and comforts of this

world. Some want to be leading their own lives instead of letting Me lead them. To follow Me means that you will have to conform your will to following My Divine Will. Nations are also rejecting Me as Israel did. America's fruits of wars, abortions, and sexual sins are also like the wild grapes that I detested. Your nation is suffering many troubles because you are turning your back on Me. This also applies to individuals who are not producing good fruit. Look into your own lives and see what fruits of love that you are producing. If your good fruits are outweighed by your sins, then you need to change your life, or you too will reject the Builder in Me."

Monday, October 3, 2005:

Jesus said: "My people, in the first reading Jonah was reluctant to warn the people of Nineveh of their sins as he was instructed. The sequence of events with the storm and being cast on the shore shows how I kept Jonah from running away from his calling. Many times I call people to do a mission for Me and they reject it at first because it calls them to go out of their comfort zone to help someone. I do not force My Will on people, but sometimes you will be given a second opportunity to help someone. Helping your neighbor in need can be an opportunity for graces in heaven. If you continue to refuse to help, you could even be committing a sin of omission in being selfish with your money or time. The Gospel of the Good Samaritan not only explained who was a neighbor, but I gave it as an example for everyone to do likewise in helping your neighbor. Do not be reluctant as Jonah, but go forward and help your neighbor both physically and spiritually."

Jesus said: "My people, many of you saw the looters going wild in New Orleans after Hurricane Katrina. Looting and stealing after natural disasters or brief power outages could be a new problem for small business owners. As fuel prices increase and brief shortages occur, there could be more stealing of gasoline or threats to tanker drivers. Some owners will have to take more serious measures to protect their properties. The opportune stealing will become more of a problem if your society does not enforce its laws. The more vandals can get away with, the less safe it will be for anyone. Pray for order in your society and less chaos, or you will be encouraging a police state in the name of security. Giving more authority to your military could be one step closer to martial law and takeover by the one world people."

Tuesday, October 4, 2005: (St. Francis of Assisi)

Jesus said: "My people, there are some faiths that are more dedicated to prayer in their lives than those in My Catholic Church. Even though many do not believe that I am the Son of God, they do respect a higher Being in their prayers. In the

Gospel Reading Mary has chosen the better portion in pleasing Me with her attention. It is good to give hospitality, but your prayer life is even more important. Love of God should be first in your life, and your prayer life puts you in communication with Me. Praying your rosary and reading Scripture as in the Liturgy of the Hours should be a part of your daily prayers. If I am important in your life, then you should make time for Me each day. I am your Creator and Lord, so you should have worship of Me as your first priority and not so much care for worldly things. I see the intent of your actions every day, so do not forget Me in your day's activities."

Thursday, October 6, 2005:

Prayer Group:

Jesus said: "My people, the destruction of these Southern cities is so vast that it is going to be a slow restoration because of the cost. Many of the poor now have nothing and need long term help as well as immediate food and water. Many have come forward with generous donations, but these problems are not going to be solved with one donation. For those that can afford a little something every month, you could continue your support that is coming very slowly from your government. Pray for their jobs and a place to live.

Jesus said: "My people, these people ravaged from Katrina need help and support to get their lives back together. Do not begrudge that these people will need some large taxpayer funds to rebuild their infrastructures. The rest of the country may have to give up some of their government help so these desperate people can have a place to live. Many insurance companies do not have the funds to restore all of the damaged homes. Pray for a proper resolution of this funding for those who have lost everything."

Jesus said: "My people, man's investigation of the earth and the stars of the sky have shown how spectacular My creation is. The young children are fascinated with the beauty and order of the universe. Many scientists and teachers are at odds about teaching creation according to Scripture and your big bang theories. Order like the stars, planets and moons do not come from chaos, but the Creator. Many other theories of man have not been proven by science, but are still taught as fact instead of theories that are unproven. I am the First Cause of everything, even to the structures of all the atoms and molecules of nature. Be gracious to your Creator and thank Me for your very existence on this beautiful earth."

Mark said: "I stand before God. My dear little one, you are called to do a great mission for God in these messages, and therefore you need to be on extra guard from the evil one's

temptations. You are to focus on your actions in showing good example at all times. You are to come closer to your Lord in holiness and do not lose focus on doing everything for Jesus and not for yourself. You should always be looking for ways to improve your love for Jesus. Everyone needs to be listening closer to God's callings and follow the leading of your own angels. God has given every soul a guardian angel both for protection from the evil ones and for guidance in how you are to live. When you have good inclinations to follow heavenly goals, then this is the gentle prodding of your angels. Follow their direction on your narrow road to heaven."

Jesus said: "My people, you have seen the destruction brought by these latest storms as to how much damage they can do to people's homes. Man in his wars is bringing a similar destruction to his neighbor. Man can control whether he destroys or builds up, so how can you kill people and destroy cities just for greed? Trying to force people to think as you do is not your right against your neighbor. It is better to seek peace and compromise than to perpetuate hate in further wars. Live in love and bring love among your neighbors instead of hate and destruction."

Jesus said: "My people, fires at this time of year in the West have become a common event, but it still brings stress and terror to the homes that are being threatened. At times the winds stir fires out of control and at other times the fires can be controlled. Pray that your people will learn better how to control the brush that has been fueling these fires. Pray also that your people can be evacuated safely before homes could be threatened."

Friday, October 7, 2005: (Our Lady of the Rosary)

Jesus said: "My people, this vision of what will appear as a diminishing of My power, is a picture of an age of evil that you have yet to see. That is why it is important now for My remnant to not only prepare physically to leave for refuges, but you also need to prepare with pure souls and your spiritual weapons against the demons. Prepare to have your rosary and extras for others, holy water, Bibles, holy books, Benedictine blessed crucifixes, and other prayer cards. You are seeing how every attempt is being made to strip My Name from everything under the guise of church and state separation. You will see even demon possessed people trying to attack and desecrate My Blessed Sacrament. Priests and tabernacles will be the targets of these evil ones as they are trying to strip all holiness from My churches. Pray for My help and your angels to guide you and protect you at My refuges of protection."

Jesus said: "My people, I am showing you these dark

sunglasses because you use them to protect your eyes from the bright sunlight. I want to contrast this to looking at the world through the eyes of faith which can protect you from sin. When you look at things with the eyes of the world, you desire to show off your accomplishments, or you desire to own some prized possessions. At times you can spend too much of your life pursuing possessions and using them. If you look at things through the eyes of faith, you are seeing how to love God and your neighbor more than possessions. Things can be used to help others more than just yourself. Being generous with gifts of things and time is how you can share what you have with others in both money and your talents. When you see someone in need, your faith directs you to help them instead of passing up this opportunity for your own convenience. Looking at this world as I would can give you a deeper understanding of the beauty of life and how important it is to seek heavenly treasures than earthly treasures. Your goal is to direct your soul to heaven through My graces and to give good example to other souls to desire Me in heaven. As your faith develops over the years, you will be desiring Me more to be a part of your life. That desire will be fulfilled when you die and eventually are called home to heaven. Rejoice in the thought of living with Me forever in the joy of heaven."

Saturday, October 8, 2005:

Jesus said: "My people, this letter of invitation at the foot of My Cross is for everyone to share My Word and My love with each other. You all were represented in St. John, My apostle, when I said to him: 'This is your mother.' in speaking about My Blessed Mother. This is her Mass on Saturday and her month also in October. As per yesterday's feast of the Holy Rosary, I encourage all of you to pray your rosaries every day. Daily prayer is how you share your words of love to Me, and I should be a part of your every day. You will encounter demons in temptations, and even in possessions or obsessions through the occult, drugs, and potions. It is better to pray deliverance prayers of exorcism in groups, and when you pray, command these demons in My Name to the foot of My Cross and never to return to that soul. There are more demons among your people than you can imagine because that is how evil this age is right now. As the tribulation of the Antichrist comes, you will even see more demons in a time of evil that you have yet to see. Remember that My power is greater than any demons, so call on My help at any time that you are tempted, or are challenged by demon possessed people."

Sunday, October 9, 2005:

Jesus said: "My people, today's Gospel speaks about how many are called and few are chosen. Men and women have choices every day in every action. It is by presenting yourself in grace before Me that you will be dressed in the proper wedding garment so My heavenly Father and I will accept you into heaven. Do not be like those who refused to come to Me by indifference or apathy by choosing worldly cares before Me. It is those who only give Me lip service that will be turned away as I spew the lukewarm from My mouth. Do not be like those who kill My people in abortion, euthanasia, or in wars, for they too will be refused. Change your sinful lifestyles of living in fornication, adultery, or in homosexual acts, or you will not be chosen either. Come to Me for forgiveness of your sins in Confession and I will cleanse your sins and restore grace to your soul. Only those, who are dressed in white robes of grace and following My Commandments, will be chosen."

Monday, October 10, 2005:

Jesus said: "My people, St. Paul in the first Reading invites the Romans to believe in Me and follow Me in obedience to My laws. It is not enough to know and listen to My Word, but you must live your faith in your actions. In the Gospel I chastised the people for asking for signs when I was performing miracles before their eyes. Even today, unless you see signs and wonders, you still have problems believing in Me whom you cannot see. Yet you are seeing physical healings, and conversions in faith all around you. When you know the faith and My laws, then you are held more responsible to follow My laws in avoiding sin. Some may not kill or steal, but you must not be angry against others, or living sinful lifestyles of fornication or homosexual acts. Avoid any addictions to drugs, alcohol, smoking, or overeating. In everything that you do in life, you need to be a good example to others as a witness that you are living a good Christian life. If people do not see love of God and love of neighbor in your actions, then how can others know that you are Christian? Come to Me in forgiveness of your sins, and consecrate your will to following My Will every day."

Tuesday, October 11, 2005:

Jesus said: "My people, the Pharisees were very particular about their observing of all of their cleaning traditions of pots, pans, and hands. There are some people today who perform all of the outside traditions at Mass, but forget about Me in their sinful actions the rest of the week. It is one thing to know My laws, and My traditions. Men have made traditions out of certain gestures, but I look into the heart for the real

intentions of your actions. You can look holy on the outside, but you act sinfully on the inside when no one is looking. I told the Pharisees that I made the inside as I made the outside, so spiritually you should be more concerned with the impurity of your sins than just how you appear to others. You are held even more responsible for your sinful actions when you know My laws. This hole in the church is the pit of hell awaiting those who give Me lip service and are lukewarm. They are like ravenous wolves in sheep's clothing. So be true to your faith in My Word and live out in your actions what you fully believe. Do not be a hypocrite in your outward actions while you are harboring sinful thoughts in your hearts and souls. My true faithful will be rewarded in heaven while the lukewarm will be cast into hell."

Jesus said: "My people, this outward appearance of expensive things means nothing to Me because I humbled Myself in becoming a man in a poor setting. The externals of this life are not as important as that which is inside in your spirit and soul. Your necessities in life I know before you do, and I will provide for everything if you have faith in Me. Do not be like the Pharisees and only focused on self and self-righteousness. It is when you have love and charity in your heart that you can share all that you have with others in both your material wealth and your faith. It is hard for man to give all glory to Me because some want glory for themselves. It is hard for man to give thanks to Me because man needs to accept that I have given you everything. It is also hard for man to admit his sins and mistakes, but man needs to seek My forgiveness so I can heal his sins. Now is the time to open your hearts and let Me come in and share My love and My Will with you."

Wednesday, October 12, 2005:

Jesus said: "My people, you are starting to see how a world famine could occur when there are so many devastating natural disasters going on. In your own country you have seen lost or reduced crop yields due to excessive heat and drought in the summer. Various places have suffered crop losses from hurricanes or typhoons. Guatemala has had mud slides and overflowing rivers. Pakistan, Afghanistan, and India have suffered crop losses from the latest earthquake that destroyed many homes and food storage bins. The tsunami also destroyed many crops and farmland as well. You are seeing major events occurring one after the other, even before you have cleaned up after the last one. Financial burdens and continued destruction will be occurring where there are sinful lifestyles, drug production, pornography, and trafficking in body parts and babies. If the people continue to refuse to see the connection

between their sins and these chastisements, then they will be seeing more of the same until they see the reality of their sinful actions. It is bad enough that people refuse to worship Me, but when they mock My laws by their wanton sin, then My justice must prevail."

Jesus said: "My people, America continues to be tested in all parts of your country. On the Eastern seaboard many floods have destroyed towns with excessive rain from a recent tropical storm. All along the Gulf of Mexico coast you have seen destruction from the hurricanes. The Western coast has seen fires, and some earthquakes. Even heavy snow has hit Colorado. Your testing from natural disasters has accelerated with no let up. This vision shows some serious earthquakes along California as was seen before. Stronger earthquakes will even be seen in the middle of your country. No matter what area of America that you live in, there are always threats to your home in every direction. With each event the damage expense continues to rise with less chance of insurance companies or the government being able to help with the finances. Look around you and you are seeing serious destruction in many parts of the world as well. Now is the time to repent of your sins, before worse destruction could befall you."

Thursday, October 13, 2005:

Jesus said: "My people, I am concerned about all the souls on earth and how they could be saved. As in this vision of the crack between the seats, I do not want souls slipping through the crack unnoticed so that they can have a chance for heaven. I place a prayer warrior in each family, so it is their responsibility to watch out for all the souls in your family. You can advise those living in sin to change their lifestyle. By your example of good behavior, prayers, and fasting, you can help wayward souls in your family. So do not forget anyone in your family and be persistent with your prayers. Do not ever give up on souls that may appear to be lost in your eyes. While they are alive, they can still be saved. If you know of some souls that do not have family or are neglected by their family, then you could pray and help those souls also. Some souls are reaching out for help, but they need guidance in their spiritual life. Continue to evangelize souls and especially in your own family."

Prayer Group:

Jesus said: "My people, this old clock is a sign that time is running out until events will begin to usher in the Antichrist in the tribulation. Those with the eyes of faith can read the consistent natural disasters all over the world that are happening with smaller intervals of time between them. Even

some are noting the changes in the fish in the ocean. Certain red tide bacteria are killing fish and even salmon are not running as usual. Currents are changing as well as certain migration patterns of whales and other large species. Nature is rebelling against man's over fishing and his excessive dumping of garbage in the oceans. Many abuses are coming back on man as his food sources from the ocean are changing. Read these signs as My coming again is near."

Jesus said: "My people, because beef products are expensive and not always plentiful, many have used chicken for their meat source. Even some cases of mad cow disease have encouraged some to eat other meats. Now in many Asian countries and some in Europe, there are bird flu attacks that have forced the killing of many chickens and hens. Even people are succumbing to this flu as governments and doctors are trying to prepare vaccines to prevent any possible epidemics. Not that many have died yet, but there are concerns of mutations that could spread such a disease. Pray for My protection in these possible flu outbreaks."

Jesus said: "My people, disease from poor water has been another threat where many disasters have occurred. Typhoid fever, dengue fever, and malaria are serious threats to life in third world countries without adequate medicines and tropical temperatures. Help these people of the earthquakes with food and medicines for those who have survived."

Jesus said: "My people, because of the high cost of your energy fuels, coal is becoming more important to power your power plants for electricity. Many do not realize how dangerous it is to mine the coal because of gas pockets, cave-ins, and black lung. You have seen mining fatalities even in China and Russia. As oil, natural gas, and other fuels are threatened by hurricanes, your other sources of fuel will be needed to run your factories and homes. See that each of these industries have their own hazards and they will be getting more expensive as your easy fuel sources are being used up. Thank the many people who endanger their lives for your electricity and your fuels to run your cars."

Jesus said: "My people, these incidents in New Orleans, that triggered looting and some chaos, show you how quickly people become desperate to locate food and water. When people are hungry without any food, they do not think properly, but are focused only on survival. Some have overreacted with military takeovers and curfews. Pray that your aid to storm ravaged people will be timely enough to stop the possible chaos that could cause gang killings as during Hurricane Katrina."

Jesus said: "My people, many have been startled over what some are fearing could have been euthanasia in a hospital

without electricity and threats by gangs and potential rapists. Even though there are laws to protect people from mercy killing, under extreme conditions doctors and nurses have made some serious errors in abusing their medicines to kill. Some have argued for comfort in the last days of a dying person, but your society cannot let the hospital people choose who dies and who lives. It is a hard decision when to withdraw life support of dying patients, but euthanasia is not the answer because nature should take its course without poisons being used."

Jesus said: "My people, do not be searching for fortune tellers in reading your astrology for the day. Do not let New Age curiosities draw you into the worship of things in place of Me. See this coming Halloween as a worship of evil's feast day and avoid some of these exposures to witchcraft and evil potions. When you worship Me, you are seeing that I have greater power than all of the magical powers of the evil ones. Protect yourselves from evil with My blessed sacramentals and call on My Name when you are confronted with the evil ones."

Friday, October 14, 2005:

Jesus said: "My people, when you come to Me in faith for the forgiveness of your sins, you truly will be set free spiritually from the bonds of your sins. I have given you My life and that of My Blessed Mother as examples and models of behavior for everyone. Neither one of us had sin and we lived in the Divine Will of My Father in heaven. I have asked everyone to be perfect as My heavenly Father is perfect. This should be everyone's goal, but because of your weakness to sin, I have given you My sacrament of Reconciliation or Penance. With My help and the grace of My sacraments, you can have pure souls and be ready at all times to face Me in your judgment. In addition to following our lives, you can also be a good role model for your own children and grandchildren."

Jesus said: "My people, this picture frame and the darkness therein is all about how pictures freeze an instant of your life for all time. As you peruse through your old pictures, you have a feeling for how you lived your life. Every picture makes you think of what was going on in your life at that time. When you visit your life review whether at death, a near death experience, or your Warning experience, you will see these pictures moving in a continuum of time. Your pictures take little pieces of that time line, but your life is constantly going forward in time. When all of your life's actions are played back for you, you will see the good things and bad things that you did in life. You will see if you were sorry for your sins and if you asked for My forgiveness. Your sins will be weighed against your prayers, good deeds, and how much you loved

Me and your neighbor. When I pronounce a judgment on your life through My mercy and My justice, you will see that it is fair by My standards and not by man's standards. After your Warning, there will be a time to change your life if you so choose. So looking back through your old pictures will give you a little preview of what you will see. Sometimes you have to see yourselves as others see you to really understand how you are influencing others. So work toward your spiritual perfection now before your judgment comes."

Saturday, October 15, 2005: (St. Teresa of Avila)

Jesus said: "My people, My great saints have had a good influence of their work spread over many people throughout many years. This is why many times I am inviting My people to read about the lives of the saints so you could imitate their good qualities. If you are a person of faith, you can send out smaller waves of good influence all around you. Even if you are not a great saint, you can work to evangelize souls and be a good example for others. Without good role models, how are your children going to become good Christians? Be persistent in your prayers and good works and you too can struggle with My help to be a great saint in the eyes of heaven."

Jesus said: "My people, there are two forms of energy: one is from the food you eat to burn calories, the other is spiritual grace in the spirit body. In this world of existence in time, you need to provide food for the body in order to have enough energy to survive. In the spirit body you are either dead from an absence of grace in mortal sin, or you are alive with grace to keep you glowing in power. Everything in the material world is passing away, even your life here. But your soul is immortal and craves only Me to have its peace and rest. You do not need food for your spiritual body, unless it is My Eucharist which is the bread of heaven. I give you My Body and Blood to eat and drink so you may have eternal life. Your soul remains alive in My grace after death, so your soul's destination is most important. You would much rather be with Me for all eternity in heaven than suffer eternal loss in hell away from God. So focus on keeping as much grace as possible in your soul so you will have enough energy to keep your soul a bright white."

Sunday, October 16, 2005:

Jesus said: "My people, I am showing you the bounty of My gifts to every person as you listen to today's Gospel about the disposition of your money. Just as I provide for the birds of the air, I provide for all of My people who are more valuable. Since you have received My blessings of material things,

especially in America, you need to be conscious of your responsibility to support My Church, and give to charity. Some have more means than others, but where it is possible, you should be sharing your wealth in tithing ten per cent of your income. You do not have to spend all of your money on selfish entertainment. You have obligations to pay for your shelter, your transportation, taxes, and food for your family, as well as education. What is left should be shared with your neighbor's needs, the support of My Church, and then some reasonable entertainment. By budgeting your money properly to include My Church and charity, you will be fulfilling your Christian responsibility. Do not just give token amounts of a few dollars, but work on budgeting your ten per cent to My Church and charity. Your spiritual commitment should not just be lip service, but proven in your prayers and meaningful almsgiving."

Monday, October 17, 2005:

Jesus said: "My people, as you look at the smiling faces of young children, you can think of how you were taught your faith by your teachers, the priests, and your parents. Having faith in Me is a gift and it is instilled in you by knowledge at first. Then it needs to be nourished by love of those sharing faith, and the student needs to want to love Me on their own. This desire to love Me has to come from your own heart because I do not force Myself on you. Some things of the faith are mysteries, as the Blessed Trinity, which cannot be explained by human reasoning. I call on My faithful to love, obey, and serve Me if you wish to gain eternal life in heaven. When your children see your deep love for Me and how joyous you are when you receive Me in Holy Communion, then they too will desire this loving relationship where they can only know true rest with Me."

Jesus said: "My people, I told you that you would be setting records for the number of storms to form this year. You have already tied for the most storms with twenty-one storms. This new storm could be the sixth storm to strike America and could again add to the devastation that you are repairing. Your hurricane season is winding down, but you could still see some surprises. After the two hurricanes Katrina and Rita, any warnings of another storm will be heeded more than usual. Every storm that has entered the Gulf of Mexico has affected your gas and oil prices, as more platforms could be at risk. Your inflation recently was higher because of earlier storm damage. The billions needed for repairing your infrastructures have been slow coming through your Congress that is hard pressed to spend more money over your budget limits. Initial repairs have been started, but the needed money is still wrapped up in your

politicians. Pray for protection from any more storms, but see that all of these disasters are a wake-up call for man's sins."

Tuesday, October 18, 2005: (St. Luke)

Jesus said: "My people, many of you like to keep a neat house as well as sweeping out your garage and your porch. This vision of the broom being used to clean your house is an example of how much you are concerned about your outward appearance in the tidiness of your homes. Just as you clean the outside, you need to clean your sins on the inside in your soul with Confession. You can also focus on cleansing your occasions of sin, and remove any substances that could further any addictions. Cleaning up your spiritual lives takes even more will power than just the physical cleaning of your house. Just as it is expected for people to keep a neat house, I am even expecting more from My faithful to keep pure souls. You have your daily prayers and plenty of opportunity to cleanse your souls in Confession every Saturday, or an appointment with your priest. So get your spiritual brooms out to sweep away your sins, and have My grace to strengthen you against further sin."

Jesus said: "My people, you need to work and pray that your neighborhoods are kept free of sinful influence buildings. When zoning meetings or environmental impacts are discussed for sinful establishments, you have every right to protest them to keep your area safe. Adult bookshops, exotic dancers, casinos, and abortion clinics are undesirable because they flaunt My laws or offer addictions of lust or gambling. They may be lawful in your tolerant society, but these kind of establishments breed an evil influence. Even some of your tourism or cities emphasize these places for the money that could be brought into that area. This is evil and blood money, and cities that encourage such behavior are calling My justice against them. You have seen many natural disasters that have occurred where these sins and other drug addictions are happening. This connection of sin with punishment has occurred throughout history, and sinful or immoral civilizations do not last long before My eyes. Pray for protection from such evils, but you may have to fight with your politicians to discourage these establishments. Even if you suffer persecution, you are doing the right thing to protect all of your family members from these evils."

Wednesday, October 19, 2005: (St. Issac Jogues, North American Martyrs) Jesus said: "My people, in the earlier years in New York State people did not have all of your modern day conveniences and luxuries. This was a simple life, but it was also dangerous for these missionaries who were tortured by the Indians and martyred for trying to convert them to being

Christians. Even today you are in a mission land in America as many are becoming weak and complacent in their faith. When you try to preach My Name, or stand up against wars and abortion, many try to ridicule you and persecute you. In today's society you have atheists trying to remove My Name from any place in the public that they can, all in the name of church and state separation. The day is coming quickly when missionaries of My Word will again be tortured and martyred. In many Muslim areas Christians are already being harassed and martyred. My faithful of today need to be prayerful and prepared for a time when you will be forced to flee to My refuges for protection from the coming evil days of the tribulation. Fear not for I will protect your souls, but some will be martyred and become instant saints."

Jesus said: "My people, this hurricane season has seen some unusual storms and now you have Hurricane Wilma with the lowest pressure on record. Any more storms would set a new record and use a new set of names. When you buy a new vehicle, you think that you can drive through anything, but these storms have tossed cars and trucks around like toys. Floods and winds have been causing many deaths from mudslides and heavy rains. Just when you thought this season was over, those in the Carribean and Florida are now bracing for another landfall. There is still time for prayer that this storm's strength could be mitigated to spare lives, but the people need to heed the warnings where evacuations are called. With large storms it is foolish to ride them out in an unnecessary risk. Pray that lives will be spared, even if there is considerable damage."

Thursday, October 20, 2005: (St. Paul of the Cross)

Jesus said: "My people, this burning hole represents your burning desire to love Me and look upon My face with joy. If you truly love Me, then you must take up your daily cross of suffering and follow Me. Every time that you have to suffer pain or endure hardships, you are sharing in My suffering on the cross. My suffering and death on the cross was My willing gift so that all of mankind could be redeemed. Your modern society rejects suffering and you look for pain pills with the least headache. Yet, you must be willing to suffer for My Name's sake if you are to enter heaven. You have to teach 'Christ crucified' even if it is a hard message for people to accept. When you preach repentance and contrition for your sins, people shy away from Confession because they love the pleasure of their sins. When you become holy, you will reject the body's desire for comfort and pleasure. You may even have to be willing to give up your life in martyrdom than give up your faith. Suffer whatever I send you in life, and offer it up to Me for

redemptive value for yourself and others."

Thursday, October 20, 2005:

Prayer Group:

Jesus said: "My people, this spirit of adventure that the early settlers in the West had, is the same spirit that the people have who are starting all over. Many, who had their homes destroyed by tornadoes or hurricanes, have lost everything and they are starting over with little help from the insurance companies or various government levels. Pray for these people to get jobs so they can afford to pay back any loans needed to rebuild. Starting over is not easy, but many have no choice but to move forward."

Jesus said: "My people, there are many poor or marginal households who are going to have a hard time to pay extra money to heat their homes and provide gas for their vehicles. These are just a few hardships that people are suffering as good jobs are becoming hard to find. Those in your devastated towns and cities are having great difficulties to restore their lost jobs. Homes can be rebuilt, but money from jobs is not as easy to replace. Those suffering from disasters in other countries will be in even more desperation to recover. Charity for heating bills might be another way that you could contribute to people who need to keep warm, but cannot afford these increases."

Jesus said: "My people, you know the dreams that you had when you first got married and were starting a new life. Your parents and friends might have helped in the beginning to get your first car or your first home. It is hard then to give a down payment until you have saved some money over a few years. As people start over even at older ages, their friends and relatives may have to help them if they are able. Do what you can to help those that you know to get started again and your reward will be in heaven."

Jesus said: "My people, there are some, who lost everything in New Orleans, seriously thinking of settling in another area that is not below sea level. Twice being flooded has left a lasting impression on these families who are losing faith in the levee system. With a fair number refusing to return, this city may have to change dramatically in providing infrastructure and security for people to return. Some do not want to accept that their sins brought this destruction on their city, but that is My justice whether you want to believe it or not. If America refuses to repent of its sins, I told you that I would bring you to your knees to take these disasters away."

Jesus said: "My people, when you come to Mass, you will get out what you bring to the Mass. If you just give Me lip service, you will be hypocrites in your actions after you leave

My church. If you really believe in Me and love Me, then you will receive many graces from the Mass and from receiving My Real Presence in My Blessed Sacrament. You need the strength of My graces from Holy Communion, but if you are in mortal sin, you will not receive any graces or strength. If you are in such sin, you need cleansing in Confession before you can receive life in My grace. Follow Me in My Commandments and imitate My life in your life."

Jesus said: "My people, just as you see the animals storing food for the winter, so some people are preparing food as well in canning or other means of storage. With the many disasters affecting crop lands, you could see some short term shortages in various foods. I have asked you to set aside some food in your pantries for the coming tribulation. Even before this time it may be wise to store some extra food for when the coming world famine will cause shortages. I will multiply your food when it is needed and when the evil ones will make it difficult to buy food."

Jesus said: "My people, those, who have friends or relatives in these damaged areas, should try to lift their spirits with a heart felt word in a letter to comfort them in their needs. Pray for them and send any donations that you can afford. The people, receiving these words and gifts, will greatly appreciate your kind words and your caring for their situation. Physical and spiritual support will go a long way in helping them get back on their feet and take away any depression that may be facing them. Your little effort now will again gain you merits in heaven for your charity."

Friday, October 21, 2005:

Jesus said: "My people, there is no doubt that the justice of God is what is being called down on man for his sins. This vision of My Father blowing this wind down on the earth is a testimony of how evil your age has become. Even those, who put down the talk of end days events, are stepping back because they cannot deny the rapid increase in major disasters that are not just by accident. As you move into the winter season, this wind from God will continue in the violence of your storms. Many of your conveniences are going to be threatened by power outages and short term shortages of fuel for your homes. Your budgets also will be stretched in areas with severe cold and snow. You will continue to see these major disasters until man changes his heart and repents of his sins. The more you turn your back on Me, the more nature will rebel against you."

Jesus said: "My people, every time that you see another hurricane around the Gulf of Mexico, people are beginning to take notice. Even if it becomes a minimal storm, these storms

have been known to quickly increase in intensity without much warning. Some people are quick to evacuate, while others want to see if it will be weak or not. Many of your insurance companies will be losing money this year and less of them will be willing to cover homes where these storms are becoming more regular. Your continuing years may encourage residents to migrate north during the hurricane season and return for the winter if their homes are still undamaged. Continuing storms may become even too costly for your government to support, so that people will be more at their own risk. Even now your deficits are causing many problems in your Congress to finance both a war in Iraq and your disasters. Pray for these people along your Southern coastline because it is no longer safe from destruction and loss."

Saturday, October 22, 2005:

Jesus said: "My people, this long tube represents this evil age that will gradually lead to the end times of tribulation. Many are seeing the severity and frequency of natural disasters increasing at an alarming pace. Each event seems to outdo any previous records. You may have seen these things before, but not at these record levels one after another. Those, that do not understand these things, should realize that they are fulfilling Biblical prophecy of the description of the end times. Look at the extent of sin and fewer people going to church, and you will understand why My justice in chastisements must fall on the world. You still have to bear the purgatory on earth of the reign of the Antichrist, but there is a light at the end of the tunnel where I will defeat evil and bring My Era of Peace."

Jesus said: "My people, in this vision you are seeing a cave as a refuge for protection from the evil ones. The loudspeaker on the ceiling means that you are to shout about My refuges of protection from the rooftops. You do not know how evil it will be with demons all around you. When you see the Warning followed by famine, division in My Church, and forced chips in the body, then you are to call on My help and I will have your guardian angels lead you to My refuges with a physical sign. You may be lead to a refuge of My Blessed Mother's apparition, a place of holy ground as a monastery, or a cave for protection. At these places you will witness miracles of My protection as the evil ones will not be able to see you or detect you. I will provide shelter, food, water, and even My Blessed Sacrament if you cannot attend Mass. Put your trust and faith in Me, and you will be rewarded greatly in heaven. Fear not and do not despair, for you will witness My victory over all the evil ones because My power is greater than theirs."

Sunday, October 23, 2005:

Jesus said: "My people, today's Gospel (Matt. 22:34-40) answers those who in the Pharisees were trying to test Me. The greatest Commandment is to love your God with your whole heart, your whole soul, and your whole mind. The second Commandment is like it in that you should love your neighbor as yourself. So love is at the core of all of your beliefs in Me by loving Me, your neighbor, and yourself. When you love yourself, you are loving the creation that I have made in you. So do not belittle yourself because you are valuable in My eyes with a plan for your life that I want you to fulfill. By loving yourself, you are now capable of loving Me and your neighbor. Love is not just an emotion, it is a virtue as expressed in charity. This love in your soul generates a love for your Creator. You are a spiritual being and that part of you yearns to be one with Me, your Creator. If you are to know, love, and serve Me, you must also love your neighbor, whom I also created. These two great Commandments are the basis of My Word and are the theme of the message of My prophets. You remember what St. Paul taught about love and charity. (1 Corinthians 13:1-3) 'If I should speak with the tongues of men and of angels, but do not have charity, I have become as sounding brass or a tinkling cymbal. And if I have prophecy and know all mysteries and all knowledge, and if I have all faith so as to remove mountains, yet do not have charity, I am nothing. And if I distribute all my goods to feed the poor, and if I deliver my body to be burned, yet do not have charity, it profits me nothing.' Love, therefore, should be at the center of your life. That is why this vision is circling My Scriptures because My Word and My laws are totally focused on love. I am the God of love as you have witnessed My total love for all of mankind when I gave up My life so that you all would be redeemed from your sins. I call on all of mankind to love Me in return and to love your neighbor as yourself."

Monday, October 24, 2005:

Jesus said: "My people, in your country you take fresh water for granted, especially around your Great Lakes. You cannot live without fresh water, either from surface water, wells, or rain. You cannot have eternal life without Me either. It is My Bread of Life in My Eucharist that will feed you your spiritual food. With faith and trust in Me you will have no worries, but you can have confidence in My leading you to heaven. Many in this world spend too much of their time in chasing after elusive material wealth. But it is the treasures of your good deeds in heaven that are more valuable. Be content to follow Me and fulfill My plan for you here than be concerned

with all of your earthly goals. Your total consecration of giving everything over to Me should be your goal to please Me in doing things out of love for Me. This straight pipe in the vision can be a way of focusing on Me and I call all of you to eternal life by breaking bread with Me in My Eucharist."

Jesus said: "My people, you have seen the earthquake of 9.2 and the tsunami that killed hundreds of thousands of people. This was recently followed by another earthquake in Pakistan that has killed over 75,000 people. You have also seen many hurricanes of record numbers and major damage along the Gulf of Mexico coastline. These events are happening with great frequency that are setting records for intensity, financial damage, and many lost lives. Now, again I am showing you another massive earthquake that will occur over a 9.0 strength. Depending where this strikes, there will be more severe damage and loss of life. The vision of places of sexual sin shows you that these natural disasters continue to be a punishment for mankind's sexual sins. I keep warning you that unless you change your sinful lives and repent, these events will only accelerate in more frequency and greater destruction."

Tuesday, October 25, 2005:

Jesus said: "My people, this picture of My Blessed Mother on the floor is a symbol of her humility and her willingness to be a servant and mother to all of you. She is a model for everyone also that you should follow My laws and share your faith with others in an evangelical spirit. Sharing can also be with your time, talent, and money. Everyone has to suffer and sacrifice in this world because you need to carry your cross as I also had to suffer. That is why if you can help someone in their need, you can be the Simon image who helped Me carry My cross. You may have more money or talents to offer than others, so share your abundant gifts that others may receive from your generosity. The more you share, the better you will feel that you helped someone."

Jesus said: "My people, My churches are not just beautiful buildings, but My tabernacles contain My abundant graces in My Eucharist of the consecrated Hosts. I am always present in your churches and I am eager to share My graces with you. Unfortunately, you need to have grace in your soul and be free of mortal sin in order to gain any grace for your soul. If you have mortal sin, you can have your soul purified in Confession and then you will be worthy to receive Me in Holy Communion. Every time you visit My Blessed Sacrament, you gain graces to strengthen you against the devil's temptations. In addition these graces also will help your soul to heal any damage that your sins may have caused you. My grace will also heal any

hurts from others so you can fully forgive others, and be forgiven of your own sins and omissions."

Wednesday, October 26, 2005:

Jesus said: "My people, when the early Christians were being killed by the Romans, many of them went underground in caves or catacombs for protection. They had altars and drawings on the walls to indicate that they held their Masses underground so they would not be caught at their services. Even despite many that were martyred, they kept the faith and passed it on to their children. Today, you do not face martyrdom for your faith in most of the world, but you still face persecution for fighting abortions, pornography, homosexuality, and living together in fornication. These sexual sins of lust are the pleasures of sin that some do not want to give up. This is why many souls are going to hell because they do not want to change their lifestyles of constant mortal sin with no thought of forgiveness, or that they are even committing serious sin. Deep down they know it is against My Sixth Commandment, but this modern generation has lost their shame of sin and are more focused on worshiping material things than Me. How does a society, so wrapped up in lust, change to a new life of conversion when their earthly desires have so covered up the heavenly desires of their soul? My prophets of today have a difficult mission to change the hearts of these lukewarm sinners who have lost the desire for the sacred, and are shutting Me out of their lives entirely because they do not want to give Me any of their precious entertainment time. My people of America, repent now of all of your sins and learn that I am more worthy of your worship than any thing or person on earth that is passing away tomorrow. Love your God and your neighbor, and you will be among the few who will enter heaven by the narrow road."

Jesus said: "My people, many people of your society are worshiping their riches and possessions before Me. You saw this latest hurricane pass right through a rich area with expensive homes and boats that were destroyed. For many of these people the treasures in their hearts are of their earthly possessions. Just as in the vision I swept away the gold coins. This represents how I am sweeping away your earthly gods so that you can see how temporary they are and they are not to be worshiped before Me. I am now and forever and far more worthy to be worshiped than your elusive wealth that is gone tomorrow. Your spiritual life should focus and revolve around Me because I am the only One that can give your soul rest and peace. When you die, all of these riches and possessions will be no more and you cannot take them with you. You will only have your soul and all the fruits of your actions, both good and bad. Better to have

prayed and stored up treasures of good deeds in heaven. When you come before Me at your judgment, these treasures of goodness will be much more valuable than your temporary earthly treasures. Sharing your wealth will gain you treasure in heaven and this is the best use of your money that you could profit from. Do not worship your possessions as gods because this greatly offends Me and violates My First Commandment that you should have no other gods before Me. When you make Me the first priority in your life by worshiping Me and loving Me, you will receive a reward in heaven far beyond any material wealth on earth."

Thursday, October 27, 2005:

Jesus said: "My people, the family supper is usually the best time for a family to be together and share the larger meal of the day. It is sometimes even dark earlier towards winter time. It is a time for the members to relax from the day's activities and a chance to converse with each other of the latest events. This supper at home relates to My Eucharistic meal at Holy Mass. This is your time for spiritual food of My Blessed Sacrament that renews your soul with My grace. This is a time for all of My faithful to gather together to hear My Good News in the Epistles and My Gospels. It is My time to converse with you publicly in My Word and privately in Holy Communion time. It is also your time to share your troubles and anxieties with Me in asking My help to carry on. Breaking bread together is an opportunity to have your Lord come to you in My Real Presence in the consecrated Host and Wine as My Body and Blood. There is no greater prayer than Holy Mass, and that is why many look forward to coming together to share their faith with each other. This image of a Wedding Banquet in heaven is a reward for My faithful to look forward to after this life, so you can have My love for you shared forever."

Prayer Group:

Jesus said: "My people, you have seen many heavenly signs of My Blessed Mother on a bank window, weeping statues and icons, luminous crosses, and many images of Me and My Blessed Mother on trees. These are little assurances and encouragement for My faithful who are dealing with many troubles and crimes in this evil age. Your city of Rochester has been blessed with My image on a tree. The crime and killings in your cities can be answered with prayer and a calling on My help. See these signs as a call back to your roots of faith so you can remember to follow Me in your faith."

Jesus said: "My people, those, who thought this hurricane was not worth leaving, are now sorry that they stayed through a stronger storm than was expected. Even the Fantasy Fest of your

people in Florida had to be postponed. This was the same image of Decadence Weekend in New Orleans. All of these blatant sinful displays are part of the reason that these areas were struck by Hurricanes Katrina and Wilma. The heterosexual and homosexual sins are calling on My justice and you are suffering more storms and destruction while you still do not see the relationship between your sins and these chastisements."

Jesus said: "My people, you have suffered from much destruction in these hurricanes this year, and now it is time to rebuild. It is one thing to rebuild your houses, factories, and shops, but it is asking for more storms to build more casinos, houses of prostitution, adult book stores, and abortion clinics. Some are selling drugs and causing crime in your streets. Rebuild what is necessary for your shelter and good jobs, but avoid these buildings of sinful lifestyles. I have told you that sinful societies do not last long and will wind up in rubble at My hands."

Jesus said: "My people, you have seen illegal aliens coming through your borders by the millions. Many terrorist groups are coming into America with little trouble with forged documents. Now your government is trying to force microchips in your passports with biometrics to check your identities. This will make it easier for identity thefts and it will not stop the terrorists who are masters in making legitimate looking licenses and passports. Terrorism and security is the excuse that the one world people are using to control your movements and your buying and selling."

Jesus said: "My people, these suicide bombings are causing many deaths and cannot be applauded. These people are doing whatever it takes to cause foreign troops to leave their lands. The terrorists are relentless and will continue killing to get their way because America will not continue to see their troops killed every day. A time for leaving these lands is long overdue. Continuing such guerilla wars of attrition are not really winning any wars against terrorism, but they are instigating further resistance in their own country. Pray to stop these wars and stop the killings by ceasing hostilities."

Jesus said: "My people, the people of Mississippi need to examine their consciences when all they can think of to make money are gambling casinos. These jobs are spurious and the money only goes to the owners. Look at all of the families who are foolish enough to lose their money to these thieves. This takes money from people and generates an evil influence. Pray that these casinos will lose money and go bankrupt for their sinful activity of encouraging gambling vices and exotic dancers. If you do not stop these buildings, I will destroy them as fast as you build them."

Jesus said: "My people, more armaments are being put in place along the Asian coastlines on both sides that could spark a war between China and Taiwan. North Korea also is threatening nuclear appeasements to gain food and donations to keep their government going. Pray that serious war does not come to these tense areas. Much of your needed trade with these Asian countries could be at risk, and these trade agreements could be used as blackmail against American involvement in possible war there."

Friday, October 28, 2005: (St. Simon and St. Jude)

Jesus said: "My people, as you look over the fields of your country, you have been blessed with many abundant crops and natural resources. If you look further into the order of nature, you see how the animals and plants are all beautiful and following My plan for their existence. Even the stars and planets give glory to Me in how their orbits are obeyed and their numbers are beyond your comprehension. Humankind is also a part of My plan, but you are special in that I created you with an immortal soul and a free will made in My image. I have also given each of you a plan for your life so you can follow the order I give all of My creation. You are made to know, love, and serve Me, but I want you to love Me of your own free will. I do not force you to love Me, but there are consequences of your actions. For those, who follow the narrow road of loving Me and following My Commandments, you will receive your reward in heaven for witnessing to My greater glory. For those, who follow the broad road against My Commandments and refuse My love, you will be among the accursed that will be punished in hell. The dark clouds in the vision are a sign of the evil going on in the world without enough people repenting of their sins. My faithful are asked also to help evangelize the weaker souls who need saving from the flames of hell. Your spirit needs to overcome the worldly desires of the flesh so you can be a whole person following the order that I give My creation."

Mary said: "My dear children, today you are celebrating the feast day of the apostles St. Simon and St. Jude. I was many times with my Son's apostles and I gave them encouragement after my Son died. I want to thank you here tonight for sending your rosary prayers to me and my Son in His Sorrowful Mysteries. Your world needs prayers dearly for all the sins going on in this time of preparation for my Son's coming again. You are soon going to celebrate All Saints' Day and this is the goal for all of you to be saints one day. You do not have to be declared a saint by my Son's Church in order to be a saint, but you must give your 'yes' as I did and let my Son guide you on your path to heaven. You are seeing many celebrate Halloween, but this is

the evil one's feast day. Avoid all of this glorifying of witches and demons and protect yourselves from any evil influence. Give thanks to all of the people here who have honored me with this shrine. This holy ground is always a place of calling my children to prayer and coming to my Son, Jesus."

Saturday, October 29, 2005:

Jesus said: "My people, remember the words of today's Gospel: 'Those, who humble themselves, will be exalted, while those, who exalt themselves, will be humbled. I am God of the Universe and King of all Nations, but I humbled Myself to be a man and be born in a manger in a stable. I am giving My life as an example of humility for all of My faithful to follow. Do not discriminate among people who are poorer than you are, less educated, or with different color or beliefs. You all are equal in My eyes, no matter how much money or talents you have. Do not discriminate either if someone is less or more faithful than you are. You all are in various stages of conversion and again I love all sinners equally. Unless you come to Me and ask My forgiveness, you cannot be saved. Love everyone equally as I do, and you will not be far from heaven."

Jesus said: "My people, I am showing you this abyss as the way to hell. If you walked up to a great abyss, you would see enough not to fall over the cliff. But the evil one disguises hell with the desires of wealth and possessions of the world. This is why My faithful need to go through your life looking and discerning with the eyes of faith so you are not deceived by the evil one. It is difficult to avoid all the temptations of the devil, so you need to call on My graces to strengthen your spirit to resist worldly things. I give everyone an opportunity to have their sins cleansed in Confession. I am always willing to forgive anyone even of the most serious sins. It is a person's decision to seek My forgiveness if you want to be saved. My grace is always available to you, and if you are judged to hell, it is of your own choosing by your rejection of Me in your life. Seek the glory of being with Me always with a pure soul, and you will never have to worry about falling into this abyss of hell."

Sunday, October 30, 2005:

Jesus said: "My people, I am showing you My tabernacle and My Eucharist that is always present for you to give you strength and grace to carry your crosses. The love I have for you is shared with you most intimately in Holy Communion. When you receive Me, you are experiencing a taste of heaven that you cannot find anywhere else. The one you see in shackles represents those who are captive to their worldly desires and

addictions. These are not just the bonds of sin, but the attachments to the world. In order to be forgiven of your sins, you also need to detach yourselves of the things or addictions that cause your sin. It may involve avoiding occasions of sin and it could be a gradual conversion with constant prayer and fasting. At times sinners may need other faithful praying for them to be healed of their sins and addictions. Even deliverance prayers may be needed to break these demons of addiction. The scene without the shackles is when that soul is converted, and is completely freed of the bonds of sin and freed from the earthly cravings for things and pleasures. My love is everlasting and I will seek sinners out until your dying breath. Give in to My healing Spirit and trust Me in faith that I can heal any physical or spiritual sickness. With the faith of a mustard seed you can be healed and also heal others. Once you are set free of your sins, you will be truly free to live in My love and peace without any fears."

Monday, October 31, 2005:

Jesus said: "My people, at times pride comes over you as you want to show off a new house, a new car, some new clothing, or bragging about your financial successes. There is some earthly joy in these things, but it is still better to be humble instead of boasting of your success. I mentioned before that all you have obtained has come through Me. It is better to give Me the glory for your success than yourself. The rain, that fell on someone's grand entrance, is exactly what happens to those who boast of themselves and then are humbled because of it. Instead of seeking fame and riches for your own glory, it is better to give Me thanks and share what you have. All of your possessions are temporary and you are just stewards of these worldly things. By sharing your successes with others, you can store more valuable treasures in heaven."

Jesus said: "My people, I am showing you this microwave weapon because it can be used to transmit diseases, heart attacks, or any number of bad killings. Your army has many of these weapons that are being held in reserve for when other military units of other countries would use these kinds of weapons. Once man starts to harness these weapons of mass destruction, you will be threatening your very existence as well as the rest of humanity. Pray that these weapons are not used for mass killings. Pray also to stop all killing in wars and abortions. The military is developing all manner of secret weapons with the taxpayers' money and they are keeping you in the dark of all of their capabilities. All of these weapons and planes will be used by the agents of the Antichrist in his reign, but I will protect My faithful from being harmed at My

refuges."
