

Sunday, October 1, 2006: (St. Therese of Lisieux)

Jesus said: "My people, this vision of a simple drain for runoff water refers to how some people look down on others because they are not part of your group or your faith. Other people were healing the sick in My Name and My disciples were offended and tried to stop them. I told them to let that person continue because those, who heal in My Name, are with Me and not against Me. In the same way today you should be tolerant of other Christians who are teaching My Word and healing in My Name. Other denominations may not have the fullness of the faith in My sacraments, but all Christians are following My way of life if they believe in Me. Trust in My grace and power in the Holy Spirit as you evangelize sinners in My Name. You all are working to save souls from hell and that is your mission."

Jesus said: "My people, there are many unusual shaped antennae on all sizes of towers around your cities in addition to cameras. This one mirror in the vision is a way of sending signals on and off. The one world people are placing all manners of surveillance equipment around your cities in order to listen to and track your citizens. The extent of these devices is beyond police needs and it is more apparent that they are following people. These are part of the plans to initiate martial law when it is declared and to track any offenders of their rule. My faithful will be sought out by this secret police as they will consider you outlaws to not take chips in the body. I will help you to hide from these evil ones who will soon be working for the Antichrist. Be prepared to help hide each other when the Warning occurs. Events in your government are going to change fast and your democratic freedoms will become a thing of the past. Whenever the one world people implement the North American Union, it will be the beginning of the end of America as you know it. Pray for My protection at this time as you will need help from My angels in the coming tribulation."

Monday, October 2, 2006: (Guardian Angels)

Mark said: "I am Mark, and as it was in the Gospel, you see Me before God: (Matt. 18:10) 'See that you do not despise one of these little ones; for I tell you their angels in heaven always behold the face of My Father in heaven.' We guardian angels have a great responsibility in looking out for your souls. Many times you do not realize how much we protect you from accidents and demon attacks. It is not by accident that you have been protected from harm and attacks at your talks. I have had to be very busy in watching out for you in the last month. A little

thanks now and then would be appreciated, but like your mission, we are just doing what we are supposed to do in glorifying God. Our Lord has asked you to pray more for the world situation of constant wars and killings to cease. The evil ones are moving closer to their goal of world takeover, and they are being allowed little resistance so that this evil reign will be shortened. The seriousness of the messages, that you have read correctly, are progressing toward the tribulation and it is moving quickly. As the evil increases, you will have to call on Jesus and us angels to help you through this battle. Keep your guard up against these evil ones by much prayer and discernment with less wasted time on earthly interests."

Jesus said: "My people, I give all of you many opportunities to help those in need. You may be called to help family members, friends, or even strangers that you do not know. At times it will be inconvenient to help, but you know it should be done. Whether someone is moving, starting a new home, or even in need of food, it is hard to say no. You may need to contribute your time, your money, and your talent to provide for someone's needs. Do not be selfish with your time or your money. The more that you help others, the more merits and treasures that you will store up in heaven. Some people may return your favor in your own need later on, but you gain more when they cannot pay you back. Do not be looking for a lot of praise and thanks either, because what you do in secret, My Father in heaven will reward you in secret also. You know of the parable of the Good Samaritan, so go and be neighbor to all of those that you meet on your way in life. Your reward awaits you in heaven for being a loving and helping disciple."

Tuesday, October 3, 2006:

Jesus said: "My people, faith formation for your children can be helped both by the parents and by formal teaching programs for religion. Parents need to take an active role in helping their children with religion classes, and they should be good role models for daily prayer and Sunday Mass. The teachers also have these young souls under their care to teach them of My love for them, and hopefully their loving response to Me. The religion teachers also need to be people of inspiration and show their students how much they love Me in prayer and action. Everyone is called to evangelize and convert people to follow Me, and those, who are called to teach, are fulfilling their call in this ministry of religious education. It is not easy to recruit parishioners to teach religion to all the classes, as all of them

have busy lives of their own. It is a blessing for those who do volunteer their time, and they will receive their heavenly reward from Me. Rejoice in the Word of My Good News, and be willing to share your faith with all of those that you meet each day."

Jesus said: "My people, with so many school shootings where children have been killed, there will be a cry for more armed security guards with cameras at the schools. Any strangers carrying boxes or cases that could conceal guns will be stopped and questioned. This is the same reaction to 9-11 that the people overreacted in allowing your President to attack any country with terrorists. This killing of children and the shooters killing themselves is typical of possessed or obsessed people. They could even be unknowing people implanted with microchips that were led by voices to kill indiscriminately. Your people should demand an investigation into whether these killers were connected in some way to similar causes that could be prevented in the future. Pray for the safety of your children but without such a control by microchips or smart cards."

Wednesday, October 4, 2006: (St. Francis of Assisi)

Jesus said: "My people, there are many types of lifestyles and reasons for why men and women live the way that they do and what motivates them. There are some who live aggressively always trying to do as many activities as possible, or gain the most money as possible. There are others who like to live a slow paced living without being led by excitement. Still others live together in fornication or homosexual sin, but My faithful live to love and please Me by following My Commandments. This life is too short to not learn from Scripture and nature how your lives are ordered to follow My plan for your life, just as the plants and animals do. You see the order among the stars and planets, so you should see the order of your life to live life to the fullest to know, love, and serve Me. By loving Me and your neighbor as yourself, this world could also live in harmony among peoples. Because of your greed and wars, you are seeing disharmony and destruction led by the devil and those who follow him."

Jesus said: "My people, the one world people are planning another massive destructive event to create chaos for their planned takeover. The best timing would be in the cold of winter when they could shutdown power grids in combination with their multiple destructive events. This would throw the people into a panic, and it would give the evil ones and their many foreign troops an opportunity to take over your country in the name of

martial law. This will also begin the attempted extermination of all of those refusing the chip in the body. If you see another staged disaster with power outages, this could be another sign to prepare to go to My refuges before they come to your house for internment and extermination at the detention center death camps. I have given you many messages of how this tribulation will start, but martial law will be their main method of takeover. Call on My help and the angels to protect your souls and lead you safely to My refuges. You will not have to endure this trial long and I will come and cast this evil lot into the flames of hell. Trust in My Word and My protection, and you will soon share in My coming Era of Peace."

Thursday, October 5, 2006:

Jesus said: "My people, there are some people who are superstitious or always desire good things to happen to them. I suffered on the cross and I ask all of My followers to take up their crosses and follow Me. This life is full of disappointments, hardships, and sicknesses, but it also has some good times as well. You are living the consequences of original sin, so you will have some difficult trials in this life. If it is any consolation, all of you have to deal with the same frailties in this life, but you are promised an eternal joy in heaven for those who are faithful to Me. You have been reading from the Book of Job and how I allowed Satan to test him with the loss of his possessions and even the loss of his children. In the same way I test you in your own possessions, and especially when you will have to leave them behind when you will need to go to My refuges for protection. You have come into this world without your possessions, and you will leave this world in the same way. Be thankful for all that I have given you, but expect that there will be some losses along the way as well."

Prayer Group:

Jesus said: "My people, you will soon be celebrating My Blessed Mother's feast day of her holy rosary. Your prayers in the rosary are a powerful weapon to fight the evil in your world. Daily rosaries are also a means to pray for peace where there are wars going on in the Middle East. Combine your fasting with your rosaries, and your intentions will be more powerful. I am calling on My prayer warriors to pray even more because your numbers are dwindling, and it is harder to get your young people to join prayer groups."

Jesus said: "My people, you have many service lines coming into your home that you expect everyone to have. Your

electricity, gas lines, and communication lines are sometimes a luxury to have in the third world countries. Pray for the poor and give donations when you can because the poor need help and encouragement in their means of survival. Americans live a luxurious life compared to some countries, so be willing to share your abundance with others."

Jesus said: "My people, your oil prices are retreating for now, but war in the active Arab countries could again raise prices by speculation. Many of your government people are trying to justify their war actions and they are trying to make your economy and gas prices look better than they are right before your November elections. If there is little change in the makeup of your Congress, your wars may continue to drain your military and your money. Work for peace in whatever way that you can because it kills many every day."

Jesus said: "My people, it is becoming more and more of a financial burden to be able to support a Catholic school system. Donations for these schools are getting harder to find as many schools are closing for lack of sufficient funds or the will to carry on. This is another extension for teaching your children the faith, and it is a worthy cause to be supported. If it is not supported enough, then you will only have religion classes that are harder to give enough time to teach what is needed. Support your Catholic schools with funds and prayers or they may cease to exist."

Jesus said: "My people, many of your National Guard troops are being constantly renewed in their tours of duty in Iraq and Afghanistan. This leaves your available troops at home very thin and your reserves are getting worn out and are accumulating many wounded every day. If your country does not cut back its involvement in these wars, you could see more debts piling up with few defenders to protect your country from foreign troops taking it over. Continue to pray for peace and a disengagement from your wars."

Jesus said: "My people, these bright lights of My angels are showing you how they are ready to do battle with the evil ones. By calling on My help, I will send you this angel power to lighten your burden in fighting the evil ones. It is very difficult to get people to pray and speak out on all of the moral issues of your day. By your own means, you are weak, so you need to call more on Me and My angels to do battle with the evil ones. Trust in Me even amidst this evil trial, for I will be there to lift you up in victory to win souls for Me."

Friday, October 6, 2006:

Jesus said: "My people, your news and media coverage is censored and controlled by the one world people so that you only hear what they want to tell you. You rarely see any plans about putting chips in the body, or any related stories that expose their control of your government. They encourage the people to back their war efforts and support abortion and homosexual marriage. Your media in effect supports the one world people's death culture in every way possible. If you read or listen to this source of information, know that you are only receiving half the truth and rarely from a Christian perspective. Trust in My Word that will give you the whole truth, for My Word is not deceiving or manipulated for someone's agenda. When you read Scripture, it is always timely and never changing, so trust in Me instead of your worldly ways."

Jesus said: "My people, a time is coming when My faithful will need to call on Me and their guardian angels to lead them to one of My refuges. This vision of Marmora, Canada is one of the refuges that I have revealed to you. You will be safely protected by My angels of the refuges, but you also will be called to a deep prayer life. That is why you are seeing My faithful in prayer at the Stations of the Cross. There will be some suffering during the tribulation because it will be very rustic at My refuges with only your bare needs provided for. I will provide My heavenly Manna for everyone, as well as water, meat, and shelter. You will have to help each other using your skills to provide for whoever is at your refuge. You will be praying My Blessed Mother's rosary often, especially for the conversion of sinners and for the protection of the souls of My faithful from the demons. This coming reign of evil will be worse than you have ever experienced. Only by My grace will your souls be protected. At My refuges you will be thanking Me and praising Me for all that I will be accomplishing for My faithful. I have told you that My power is greater than the demons, and you will see My glory in My Era of Peace after I cast the evil ones into hell and renew the earth. Have patience and trust in Me, even when this evil time may seem hopeless, for I am still among you."

Saturday, October 7, 2006: (Our Lady of the Rosary)

Jesus said: "My people, in the Book of Revelation there are seven seals described. (Rev. Chaps. 4-7) In a previous message I mentioned that you were in the time of the Red Horse of strife and war which is the second seal. The vision of the wax seals on

the scrolls means that more seals are about to be opened. The next two seals are the other two horsemen that are black for famine, and pale green for pestilence. These also are the third and fourth seals. Many deaths are associated with these seals, as you have seen many killed in wars and terrorist acts. Be prepared My little ones in your spiritual stamina because you are about to be tested with the events leading up to the tribulation of the Antichrist's reign. Protect yourselves from the demons with holy water, blessed salt, and your Benedictine blessed crosses with exorcism metals. Your rosaries and blessed sacramentals will help you through this time. Also have some extra food set aside for the coming famine and pestilence. Read the Book of Revelation to see the order of events that you are about to endure, and call on My help and that of My angels."

Jesus said: "My people, man is a master of electronics when it comes to sending messages, data, or phone calls. You have ground lines and many wireless microwave signals going through the air to cell towers and satellites. You have many microchips also that run your computers and many of your appliances. With a cell phone you could buy anything any place on earth. So ask yourself why is it necessary to have charge cards with your fingerprints embedded into the chip? Or why is it necessary to have chips in your body? The transponders in these chips are for one way communication only. The purpose is to identify you and track you wherever you go. These chips could be used to buy and sell and allow you on to airplanes or into buildings. Once triggered these chips embedded in your body could send out voices to control your mind to worship the Antichrist. So do not let these chips control you by refusing to use smart cards or especially refusing to take chips in your body. Even if the authorities threaten to take away all of your money, or threaten your life, refuse to use these chips that the one world people want to use to control you. When they try to force chips in the body on you, it is a sign to you to call on Me to have your guardian angel lead you to the nearest refuge of protection. Trust in My help and My angels to protect you in these evil days. Have no fear or despair, for I am coming in victory to defeat the evil ones, and take you to My Era of Peace."

Sunday, October 8, 2006:

Jesus said: "My people, today's Gospel questioned Me about what I thought about divorce. This is a difficult subject in your society, but the high number of divorces is another symptom of your immoral living. When you marry someone, it is not just

an emotional fancy, but it should be a life long commitment of love. I have used marriage as an example of how I love My Church, and all of its members. Let Me be a part of your marriage as a third member to seal your love for Me, and between the spouses. Each couple should truly do things as one flesh out of love for each other. The more you divide up your money and possessions, the more chance there is for disagreements. Major decisions should be a joint cooperation, and each partner should be able to give a little to compromise your differences. By not letting little things upset your peace, you can keep a good marriage for many years. It is when one spouse is over domineering, or when habits of drinking, drugs, or other addictions get out of hand, that these things can threaten a marriage. Work to keep a spark of love going by the end of the day, and with love of Me, you will have peace and no worries. Divorce does not have to be so high if the spouses would give their marriage a chance for true love to work out your difficulties. Counseling or help for addictions may also help save some marriages. If you live My Word of loving one another, then your marriage will blossom for many years."

Monday, October 9, 2006: (St. Denis)

Jesus said: "My people, I have asked you to pray for your enemies and visit those in the prisons. Assuming they are guilty of their crimes, it is hard for many people to have compassion and forgiveness for criminals in prison. This is why you need to pray for the salvation of their souls because only a few may be praying for them. This is similar to the poor souls in purgatory where their relatives are no longer praying for them. These forgotten souls of both the living and the dead need to be remembered in your prayers. With enough prayer, these prisoners could be converted and change their sinful habits. You have heard of prayer groups among the prisoners that could give them hope in their lives to change. You make time to visit the sick, and it may also be among your desires to visit those in prison as well. This is one of the corporal works of mercy that could give you another opportunity to store graces in heaven."

Jesus said: "My people, this fast clock moving past you is another sign of how close the time is to the tribulation and the declaration of the Antichrist. I have already told you how he will be traveling around to various large stadiums to get people to follow him under his control. Your finances and jobs will be under his control through your smart cards and chips in the body. Fight to refuse these chips in the body, even if they want to

kill you for your faith. I will encourage you at the right time to leave your homes for My refuges. Do not delay at that time because the evil ones will strike swiftly to try and capture you before you can get away from your house. By not carrying any smart cards, they will find it difficult to track you. Eventually, you will need to use your bikes because most cars have tracking transponders as well. Once you reach My refuges, you will find My protection because they cannot track you or detect you at My refuges. Pray for My help in this difficult time, and have no fear of these evil ones."

Tuesday, October 10, 2006: (Martha, Martha)

Jesus said: "My people, this foot basin for washing feet represents the need to be hospitable to those who enter your house. The footstool is another comfort for your guest's feet, but when I am present and speaking, it is an appropriate place to sit and listen. Sitting at My footstool is another way of humbling yourself to learn from your Master how to lead a good Christian life. This is similar to faith and works, of which you need both to follow Me. Faith is the better portion that I did not refuse to Mary. Works are the things of hospitality that faith calls you to help others in their need out of love for Me in them. Many think it is unfair that Mary was not called to help, but listening to My words and keeping them in My Commandments is even more important. There is a time for both sharing your faith and helping other's needs. Saving souls for Me from hell is even more important than earthly needs, because your soul lives on forever."

Jesus said: "My people, there are many secret societies such as the masons that have many levels of clearance even within their own society. I have given you many messages of their plans and how they plan to take over the world. Some of the top degrees, who do not understand the knowledge of God, find it amazing that prophets of God would be given knowledge of their plans. Because these top leaders actually follow the words of Satan himself, they see religious people and patriots as a threat to carrying out their plans for world takeover. This is why they are planning to kill these groups after martial law is declared. My power is greater than Satan, and I set limits on what these evil ones can do. I will protect the souls of My faithful from evil's influence, so have no fear of what is to come. I give peace and rest to My followers, even as you are being tested by these secret societies. No matter how evil things will become, do not lose hope because I will be victorious over Satan and all

of his minions. Give praise and glory to Me as I control everything in the universe. Prepare for the coming tribulation, but also be ready for My Era of Peace as well."

Wednesday, October 11, 2006:

Jesus said: "My people, prayer, whether it be formal or informal, is your way of conversing with Me. When you talk to Me, it is on a higher spiritual plane than as you talk to other human beings. My disciples knew of their Jewish customs, but I was teaching a new kind of prayer of unconditional love. The Our Father prayer in the Gospel is an acknowledgment of God the Father, and it also speaks of forgiving others as you also wish to be forgiven. You have learned other formal prayers as well, and they are all focused on God, the saints, and the angels. You can pray to intercessors, as My Blessed Mother, who brings your intentions to Me. It is also best to pray that My Will be done in what is best for your soul or the souls of others. Prayer should be a daily time for everyone apart from all of your earthly distractions. Do not plan so many activities that you leave Me no time in the day. Your prayer time is your preparation for your eternal destination. Teach your children and those that you meet about the importance of daily prayer in their lives. The most important prayer, that you could pray, is that of the Mass. So the more often that you can attend Mass, the closer you will be to your Lord and Master. Remember also that you take time for your morning and night prayers. Greet Me in the morning with your consecration, and meditate at night on how to improve the day's actions. End your night prayers with an Act of Contrition in case you should die during the night."

Thursday, October 12, 2006:

Jesus said: "My people, I have asked you to love Me as your Savior, and to love your neighbor as yourself. Love is the basis for all of My Commandments, but I have given the Ten Commandments as a guide for living your life. The first reading speaks of following the spirit of the law instead of the letter of the law. As in the Gospel, you are directed by love and charity to help others instead of being concerned about your own convenience. If you are in great need, and you ask someone for help, you expect that they will listen to your plea. In the same way if someone asks you for some need, you should be willing to help them. When you call on Me in prayer, I too will come to your aid in providing what is best for your soul or the soul that you are praying for. Just as you are generous to your children, I am

also generous to My children. I want what is best for your spiritual life, but some times you make some wrong choices. You have free will in your choices, and I do not violate this right, but you need to learn from your mistakes. Any sins against My Commandments also need forgiveness in Confession. The more, that you listen to My directions, the easier life will go for you. So focus your life around My plan for your life than your own agenda, and you will find joy in loving your Lord and neighbor."

Prayer Group:

Jesus said: "My people, it is proper to share candy with the little ones, but it would be better to avoid any evil decorations of witches and devils. Instead of focusing on a feast day of evil, it is better to remember that it is the vigil for All Saints Day. The evil one tries to enter into your feast days, but do not give him any help in scaring the children. Give love and comfort to My little ones and rid Harry Potter materials, the occult and any other evil influences out of your house."

Jesus said: "My people, this incident of a small plane flying into a Manhattan apartment building gave your people a scare on the 11<sup>th</sup> of October. Even your jet fighters were ordered into the sky in case this was a terrorist act which it was not. Many small planes may have to fly further away from your large buildings as a result of this accident. Once you have been prepared for terrorist events, these incidents give you pause for how quickly such things could happen. Pray for My protection of your planes and pilots that this will not happen again."

Jesus said: "My people, many of your homes are heated with natural gas or large propane tanks. Other means of heating your home, as with this kerosene burner, would make a good backup if you were experiencing a power outage in the winter time. Even your first taste of snow helps you to remember how difficult cold weather could be without any source of heat. Be like the wise virgins with oil in your lamps for light, and alternative heat sources to your natural gas heaters."

Jesus said: "My people, your Congress and President have rushed through a bill that gives your President an option to pick and choose who is a threat to your freedoms. The intent of this legislation was for handling terrorist prisoners from Afghanistan. Now this law covers every American, giving your President too much power to imprison anyone whom he considers undesirable. This takes away your freedom to defend yourself in court and it is one more encroachment on your freedoms."

Jesus said: "My people, there were some cities that I said woe to their sins that were calling down My justice upon them."

Some cities like Capernam can be seen in ruins even to this day. I give you free will, but when sin is rampant in one area, My justice must be carried out against this evil lot. Strive to improve your societies instead of letting evil get worse that will demand My justice."

Jesus said: "My people, stay true to your prayer groups because they are a source of spiritual strength, even if your numbers decrease. It is not important how many numbers that you have, but it is important that you be persistent in your desire to honor Me in your prayers and Adoration. You are a witness to others how important I am in your lives to stay with your prayer groups for many years. Your young people need more motivation to keep their focus on Me throughout their lives. Let the children learn to come to Me for help. Today's Gospel says to ask and you shall receive, knock and the door will be opened to you."

Jesus said: "My people, as you go out to the farms, you are buying pumpkins, squash, and apples at this time. This is the fruit of the farmer's labors to bring you food and to afford a living for themselves. There are many parables that I spoke of laborers in the vineyard and the people understood My words because they also worked the land for a living. The most important harvest is the harvest of souls, but this requires dedicated disciples to go out and teach all nations of My Good News. I send many laborers out in My calls to My clergy and lay people. Be prepared to speak out in My Name to save as many souls as you can from going to hell. You do not want to see any souls go to hell, but you must do something positive to help change the lives of sinners."

Friday, October 13, 2006:

Jesus said: "My people, many things in life get soiled as these dishes amid the white suds, and your clothes. Just as you use white soap to cleanse things, your souls also need to be cleansed from the filth of your sins. All of you are sinners because of Adam's sin, and you are weak to the devil's temptations. But you can have your sins washed away by the priest's absolution in Confession. I forgive you and take away your sins as I replenish your souls with sanctifying grace, and your soul is made white again. Just as I cast demons out of people in My day, there are also possessed and obsessed people with demons in your own day. Many are involved with the occult and addictions that invite demons into their souls. By prayers of deliverance and exorcisms, possessed people can still be cleansed in My Name. Pray for your family and friends to protect

their souls from demon attacks. All of you should be wearing blessed sacramentals for protection from the demons. Trust in My help and that of My angels to protect you from any evil influences. The demons are real, and hell is real, so keep praying to be strong against sin and temptations."

Jesus said: "My people, a normal light with a working light bulb allows you a choice of having the light on or off. Without a working light bulb, your only choice is darkness. Your souls are like lights as well. You can choose to light another soul with faith by your own choice. But if your soul is wrapped up in the darkness of sin, it is very difficult to be a light of faith for another. You have another choice to add grace and light to your soul by confessing your sins at Confession. Once a new light bulb has been added, now you have My light to dispel the darkness. You do not appreciate how fortunate you are if you have been given a gift of faith in Me. Give Me praise and thanks for all of My gifts, especially your gift of faith."

Saturday, October 14, 2006:

Jesus said: "My people, when you come to a church, you have the comfort of being in My arms and in the presence of My Blessed Sacrament in the tabernacle. The world of distractions is put aside when you enter the sanctuary of My love. You always have a friend with Me, and I will listen to all of your prayers and troubles. When you come to Mass, you receive Me in Holy Communion and you have a little taste of heaven. By following My Commandments, doing good works of charity, and praying your daily prayers, you are investing in your eternal life in heaven. I want you to love Me as I love you, and to be with Me forever in heaven. By your struggle here on earth, you can strive for your spiritual perfection and work to gain even the higher levels of heaven. Part of your acts of charity should be to share your faith in saving souls, in addition to helping people in their needs for food, clothing, and shelter. Whenever you reach out to help someone, you are helping Me in them. So come to Me all of you who are heavily burdened, and I will give rest to your soul and comfort in My love for you."

Jesus said: "My people of America, you have been deceived by disinformation and brain washing done purposely by your government officials to perpetuate your wars that are destroying your economy and your military. Much of your information received over the media is censored and full of half truths of what is going on. Many government documents have been forged to make lies, or were shredded to remove the truth. There were many

unanswered questions about what took place on 9-11 that precipitated a war on terror starting in Afghanistan. The pre-emptive war in Iraq also has had some dubious beginnings with no objections from Congress. There was more concern about looking at the supporting of your troops than any questions about if you should be at war in Iraq in the first place. See that the one world people are behind all of these wars because of their greed to make money on your debts and the arms. Pray for the protection of your souls from the demons and the evil ones that will be testing you in the coming tribulation."

Sunday, October 15, 2006:

Jesus said: "My people, I asked the rich man in the Gospel to go and give all of his possessions to the poor and come follow Me, but he went away sad because he had many possessions that he did not want to give up. I told My apostles that it is very difficult for the rich to be saved because they are too much in love with their comforts and pleasures to give them up. You cannot let wealth, possessions, and fame become idols that you worship before Me, or you violate My First Commandment. Instead if you truly love Me, you will consecrate all that you have in time, talent and money over to Me for the sake of My Name. People here in America are spoiled by all of your wealth and good jobs, for most of you are not wanting for your needs compared to other countries. You can well afford from your excess to share your money to support My Church and to help the poor who need food, clothing and shelter. Those, who tithe their earnings to charities, will receive many times their worth in the treasures of heaven. Be thankful for all that you have been given, and be a good steward by apportioning a proper amount of your wealth to charity."

Monday, October 16, 2006:

Jesus said: "My people, in the Gospel reading I told My people that the only sign, that would be given, is the sign of Jonah. For when he preached repentance to the sinners there, they put on sackcloth and ashes and repented of their sins. As a result Nineveh was spared My justice and the city was not destroyed. But the people of My day had a greater person than Jonah before them in Me, the true Messiah of God. They saw the miracles of healing and even how I raised the dead before them, and still they refused to believe in these signs of My power. Even in your world of today, you are seeing the signs of the end times before I return, if you have the eyes of faith. The evil

of your society in its sexual and homosexual sins has grown so rampant that even this is a sign of the evil of Noah's day. It is foretold that it will be like in the days of Noah when the Son of Man will return in glory. You also are setting records in your weather. There is pestilence and famine in various places, as well as earthquakes and tsunamis. All of these things, as well as the wars, are a sign to you of the end times. I have warned you also not to take the mark of the beast in your microchips in the body. Love and worship Me as your God and refuse any love of worldly things. I am your Savior and I am the only source of your salvation. Have no fear of the evil ones, and trust in My power which is greater than all of the demons. Read the signs of your day and believe that I will protect your souls in the coming tribulation."

Jesus said: "My people, I have warned all of you to have your spiritual life in order, so that you will have a clean soul when I call you home. You have heard rumors of an object coming to strike the earth, but I am telling you that it will not hit the earth. Seeing comets or asteroids coming close to the earth could be a little unsettling, but do not worry because this time of destruction is not yet. It would be good to investigate all such rumors to see if they are really true, or just meant to scare the people. Signs and information of such a drastic event will be given to more than one individual, even though the media will ignore it. I have told you that a frightful comet will appear in the sky on the day of the Warning. Keep a watch on the skies as a sign of the coming Warning experience. Many signs and indications of the coming Warning are already around you. Trust in My grace and help to endure this trial, no matter what happens."

Tuesday, October 17, 2006:

Jesus said: "My people, many people are being brain washed on TV that microchips controlling your buying and selling in smart cards are harmless and nothing to worry about. These chips have the capability of storing your fingerprints and all of your medical and financial information. If they are reviewed by someone's microwave reader, your private information could be abused in identity theft to steal your money right out of the bank. The GPS chips implanted in your body could control your mind through suggestive voices. The abuse of these chips could be used to eventually control your whole society. When your government makes these smart cards mandatory, and soon mandatory chips in the body, this will be the means for the one world

people and the Antichrist to take over the whole world. Before they can force these chips on you, you can flee to My refuges for protection from these evil authorities. Then they cannot find you. See therefore, that there is truly a threat to your life and even to your soul if you give in to taking a chip in your body. So refuse at all costs to take chips in your body that can be abused to force you to worship the Antichrist. You will be warned of this in your Warning experience as well as in these messages."

Wednesday, October 18, 2006: (Jack Hall's funeral Mass)

Jesus said: "My people, Jack's life was very eloquently expressed in the homily, and there were many facets of his life that were brought out to everyone. His great love for Me was exemplified in many of his activities, especially his love for My Blessed Sacrament. All of those, who love Me and make Me a part of their lives, are rewarded in many ways in this life and the next in heaven. There is always a message to the living as you consider a deceased person's life and how they affected other people's lives. Let it be a time of reflection on how you are helping others yourself, in sharing your charity of time and money. Try to see yourselves as others see you in all of your hobbies and activities, and how you help others in need and how you love your God. Be a good example as a Christian for others to look up to you to imitate. Let others see that your prayer life is sincere in loving Me and your neighbors. Consecrate your lives to My service, and you also will be prepared to meet your Master when I call you home."

Jesus said: "My people, there are many people drowning in their desires for the things of this world. Some desire wealth in gold or the stock market. Others desire large homes and rich real estate in popular places. Some desire all kinds of electronic entertainment devices or computers. Once you acquire the things that you wish to have, you soon lose interest in them because they break down or they become obsolete. You soon realize that all of the things, that you desire, will not make you any happier, and you start looking for the next new thing to acquire. So do not let any of these earthly things turn into idols because they will never satisfy or give rest to your spirit. The only true rest and peace for your spirit must come through Me because I am the object of love that your soul yearns for. Remember that in order to come to heaven, you will have to detach yourself from all earthly desires. Your spirit may have to be cleansed of these earthly desires in purgatory. The more

attachments and loves you have for earthly things, the longer they will need to be purged in purgatory. So rather than looking to satisfy yourself with earthly things, now is the time to live more simply, instead of seeking to accumulate wealth and rich things that you could do without. Look to satisfy the soul in its desire for heavenly things, and store heavenly treasures that will last and not become obsolete. Love of Me and your neighbor as yourself are higher goals for the soul, instead of giving in to the body's desire for earthly things."

Thursday, October 19, 2006: (North American Martyrs)

Jesus said: "My people, when I told the parable about the rich man and Lazarus, I spoke of a great abyss between the man in hell and Lazarus in heaven. (Luke 16:25,26) "But Abraham said to him, 'Son, remember that thou in thy lifetime hast received good things, and Lazarus in like manner evil things; but now here he is comforted whereas thou art tormented. And besides all that, between us and you a great abyss is fixed, so that they who wish to pass over from this side to you cannot, and they cannot cross from your side to us.'" This parable is a lesson of spiritual justice. Those, who spend all of their time on earth enjoying the comforts of earthly things, will find the flames of hell because they rejected Me to please their bodies. Those, who suffer persecution and evil trials on earth, but keep faith in Me, will find comfort and their reward in heaven. In the end there are only heaven and hell. Heaven is for My faithful and just in My eyes, while hell is for the evil ones who refuse to serve Me and serve only themselves. Choose life, therefore, and live your lives in following My plan for salvation. Then heaven will await you when you have been cleansed of all earthly desires."

Prayer Group:

Jesus said: "My people, this vision represents the souls that have won their crowns of sainthood by their struggles on earth. The vision of three crosses on Calvary means that each soul will have to suffer their Good Friday before they can join Me in their resurrection. The North American Martyrs feast day is a celebration of their entry into heaven through their suffering on earth. Some may be called to be martyrs for My Name, and others may become dry martyrs who suffer persecution, but are not killed. Rejoice in My saints and pray that you also will be worthy to be a saint one day in heaven."

Jesus said: "My people, this star of David among these dark clouds represents the shadow of war that looms again over Israel."

There are many Palestinian people that want to reclaim their land from the Jews. Each side lays claim to a historical ownership and there will be a constant conflict over this issue. Continue to pray for peace in this land, but there are strong feelings on each side."

Jesus said: "My people, man has a great deal of pride in his own accomplishments. Some feats of years past are remarkable even by modern man's standards. You have many modern day skyscrapers that man is proud of building. These are usually in the center of your cities to make the most of expensive real estate land. If you do not have Me as a part of your life, all of your accomplishments will mean nothing. Humble yourself in accepting Me as your Savior and give praise and thanks to Me for all that you have."

Jesus said: "My people, there have been many earthquakes recently in Hawaii and in the Western states. It is an unusual increase right after the nuclear tests in North Korea. Many buildings were destroyed and they need to be rebuilt for the people to carry on. When these destructive events occur, it shows man what little he controls in the face of nature. Pray for your safety every day because natural disasters can occur at any time."

Jesus said: "My people, this unusual snowstorm has caused several deaths and many to be without power even now after two weeks. They are getting electrical help from other states and supplies had to be brought in to this emergency disaster area. I had mentioned in a message just before this event that it would be good to have some alternative heat sources and extra food for a possible power outage. After this disaster, it is now even more prudent to follow My advice in your preparations for another winter."

Jesus said: "My people, there have been some severe accidents on some roller coaster rides. As a result, inspectors are having to meet stricter requirements for maintaining such rides. The ups and downs of such rides have a lesson in life's trials and joys. You know that you will be tested in life with various trials, so pray to Me for the daily strength that you will need to endure them. Trust in My love and guiding protection to keep your souls on the right path to heaven."

Jesus said: "My people, the latest nuclear tests in North Korea are very unsettling to the neighboring countries. Some are concerned if they will use these weapons on anyone, or even sell their know how to other terrorist groups. The more these weapons of mass destruction are spread to various countries, the more

danger there is in the use of such weapons if a country is threatened by conventional weapons and armies. Again pray for peace and that such weapons are not used that could threaten man's very survival."

Friday, October 20, 2006: (St. Paul of the Cross)

Jesus said: "My people, there are those who focus their lives on winning the praise and honor of man for all of their accomplishments. Fame, as riches, is fleeting in this life, for you are praised one moment and forgotten in the next moment. Instead, you should focus your life on pleasing Me, and your fame in heaven would be more meritorious than any fame from man. Some think that their fame on earth could gain them a good salary or many awards. But awards and money are just as temporary as your fame among man. The saints and angels are cheering you on to work to save souls and follow your Lord's directions for your life. Your good works and good example in My eyes may not gain you fame in this world, but the souls, who gain spiritual inspiration from you, will benefit greatly. Your actions should be focused on improving your spiritual perfection and that of others, instead of seeking any selfish gain in this world's goods. It is better to seek gaining treasures in heaven for helping people than any gain in this world's riches. Seek the spiritual things that last forever, instead of any temporary things of this world that are passing away. Love of Me and your neighbor are far more rewarding than the love of possessions or fame."

Jesus said: "My people, when you travel any long distance from state to state, you use many expressways that offer a choice to use transponders for paying the tolls. New toll roads are being made where tolls are unnecessary just to control your entry. A time is come quickly when it will be mandatory to use easy passes for all of your main highways. By forcing people to have transponders on their windshields, it will be easier to track your whereabouts at any time. By controlling your driving freedoms, the one world people can control how far you can travel and even where you can travel. It would be good planning for your escape to My refuges if you would have detailed road maps to take local roads as alternates to the highways. I have told you before to have your bikes ready in case you have difficulty buying fuel or you do not have transponders to travel the highways. Travel to My refuges will become increasingly difficult as the one world people tighten their vise of control on you through smart cards and cameras. Do not be discouraged by

this evil control, but trust in Me and your guardian angels to lead you safely to My refuges. Many of these lost freedoms are becoming more apparent to anyone who is watching the stifling activities of your government."

Saturday, October 21, 2006:

Jesus said: "My people, you have been spared devastating hurricanes this year, but you have had to endure droughts and fires in the West, and heavy rains along the coasts. This vision of a flood coming over people's porches is another sign that the heavier than usual rainfall will continue, and could cause more storms like in Buffalo in the Northern areas in winter. The El Nino in the Pacific can minimize hurricanes and worsen winter storms. Because of the weather machines in the U.S. and Russia, your weather can take many unpredictable shifts to worse weather. With the chance of a harsher winter I remind you again to be prepared for food and fuel shortages caused by power outages. The extent of the damage in Buffalo and future storms are cause to take notice. Pray to Me for help in your times of distress from these natural disasters."

Jesus said: "My people, the terrorists know that America's economy runs on oil and other fuels to keep your standard of living high. They have sabotaged oil pipe lines already in Iraq. They also could sabotage oil tankers in your ports so that oil could cause a lot of problems to clean up as well as being a fire hazard. Beware of the safe delivery of your fuels that always present a hazard in handling with any sparks and open flames from smokers. You have seen several explosions at chemical plants and refineries which could have suspicious origins. Wherever explosive chemicals are loaded, either from pipelines or gasoline trucks, extra care needs to be taken to prevent accidental fires and explosions. Your fuels are very critical to your daily living. Without an adequate supply of gasoline and natural gas, your nation could not function. So keep your trust in Me to protect you from any would-be bombers."

Sunday, October 22, 2006: (Mission Sunday)

Jesus said: "My people, this Sunday is appropriate to set aside a day to remember and pray for all of the clergy who serve in various orders for missionary work all over the world. These missionaries are also worthy of your financial support to help them in their work. This is also a day to honor all of those involved with mission ministry in your parishes or abroad. You have laity as well teaching religion and all healing ministers

and prophets who are doing My work. I call everyone to evangelize souls by your Baptism and Confirmation. The Gospel speaks about serving the rest if you want places in the kingdom of heaven. By your love for Me and your neighbor, you are drawn to share your faith with those in your family, in your neighborhood, and in the work place. Reaching out to save souls for Me is your greatest mission, and do not leave this work to a few, but do whatever is in your power to accomplish. Your own personal mission has been an answer to My call and you are fulfilling My Will in carrying it out. I want all of My faithful to answer My call to help in any way that you can to bring My Good News of the Gospel to the people. Do not be afraid to share your faith, but reach out from your heart to others out of love. You can only find peace and rest for your soul with Me, and there are many suffering in this life that need My help. Be the one to invite these poor souls to come to Me so I can enter into their hearts to share My graces with them. Do not pass up any opportunity to save a soul because you may be the only person of faith that they will meet in their lives."

Monday, October 23, 2006: (St. John of Capistrano)

Jesus said: "My people, My parable about the farmer with the rich harvest is all about why you do things-whether for Me or for yourself. When you accumulate wealth only for your own use, you are being selfish both with your time and your money without sharing it. Those, who tithe their wealth to charity, have their hearts on the right road to helping others. Even another step closer to your spiritual perfection is focusing all of your actions on pleasing Me as in your daily consecration. You should not be so attached to your wealth and possessions that you cannot leave them behind. This again questions you on what is really important in this life. It all comes back to how you love Me and your neighbor as yourself in the Great Commandment. Yes, this life is short, but even more you should be concerned about making the best use of your little time here on earth. Love and charity in helping others in their need is one of your responsibilities as a Christian. But everything, that you do, should be done out of love for Me. When you have such a love for Me all of the time, then you would not be like the farmer in the parable worrying about how to preserve his harvest, when he was going to die that night."

Jesus said: "My people, these open fields are leading you to My refuges that for the most part are in rural settings away from your cities. This will be your place of protection by the angels

from the evil ones and the demons. You will see a miracle of My protection because the angels will put a shield around My people so that no one will be able to detect you by any means. You will be forced to leave everything behind to save your souls and not look back, just as I called My apostles to follow Me. I will provide for all of your spiritual and physical needs at My refuges, but you will be living a simple and rustic life. When you see a world famine, a division in My Church, and forced chips in the body, this will be the time to call on Me and I will have your guardian angels lead you to the nearest refuge. This will be the time of tribulation when some will be martyred for My Name's sake, while the rest of My faithful will be protected. You will be living in full trust in Me in everything, even as My saints trusted in Me to provide for all of their needs. This trial will be a test of your faith and a preparation for your living according to My Will in the coming Era of Peace."

Tuesday, October 24, 2006: (St. Anthony Claret)

Jesus said: "My people, this tree being cut down is symbolic of Me as the Tree of Life, and it represents those believers who have cut themselves off from Me and are fallen away. I am asking My faithful to reach out in a special way to those former believers who are either lazy in their faith or have lost interest in following Me. You all have to carry your own cross, and you cannot have eternal life without Me. Those, who have believed at one time, have a much better chance of being reawakened in the faith than those who have openly rejected Me. You have seen the numbers at Sunday Mass and your prayer groups decrease in recent years, but this should inspire you more in your evangelization efforts because the end time signs are all around you. Pray for conversions and especially to bring back the former believers from their spiritual laziness."

Jesus said: "My people, there are two parts to this vision. In older traditions people were buried with coins over their eyes to hide them from view. The other meaning is about those who saw money as their god or idol. Some in life are so preoccupied with accumulating as much wealth as possible that they forget Me entirely. But wealth is fleeting because it can be taken by theft or fraud. You can also spend it too foolishly as in gambling and lose it that way. Many people become frustrated with their financial problems because they cannot handle money properly. Just as the farmer with the rich harvest thought he was set for life, then he died and lost it all. So those, who are rich for themselves, could also be lost to hell as they die

unprepared to meet Me. Do not let money be your god, for it is temporary and it is a sin against My First Commandment. Do not worship money as an idol, but only worship Me. I am more important to you than all the money in the world. What does it profit a man if he gains the whole world and loses his soul in the process? The real treasures are your works and good deeds that will be stored in heaven that will not rot or be stolen. Seek Me in the kingdom of heaven, and all that you need will be provided for you. You are only a steward of the gifts that I give you, so share what you have, and you will find a better treasure in your charity."

Wednesday, October 25, 2006:

Jesus said: "My people, this vision of a long hospital hall is a sign of how one day you may be dying in such a hospital. There is always a small human fear of the unknown at the time of your death. Some linger in death with terminal illnesses, while others die quickly in heart attacks or accidents. If you have your soul spiritually prepared as with frequent Confession, then you have nothing to fear from death. Only those living in the guilt of their sin without repentance need fear of the possible loss of their soul to hell. Today's Gospel speaks more of My justice, for those who have more of this world's goods or more spiritual blessings, more will be expected of them to share their gifts. The more love you have in your hearts for Me and your neighbor, the easier it will be to share with those in need out of your compassion for others. It is the selfish in physical and spiritual blessings that will be held more accountable for their sins of omission. Love and charity are important for everyone to have, and by sharing, you could be closer to Me on your path to heaven."

Wednesday, October 25, 2006:

Jesus said: "My people, this bright orange pumpkin balloon was blown by the wind down a city street around Halloween time. The amusement park being destroyed to the ground means that there will be a power outage that will not allow you any entertainment from any of your electronic devices as TVs in the area of the storm. I have given you a confirmation sign and there will be considerable rain to cause some flooding. Many times you have seen severe weather events, and these will continue to give you evidence that you are in the end times. Pray for My protection in these perilous times both from natural and supernatural causes."

Thursday, October 26, 2006:

Jesus said: "My people, the cycle of the seasons from summer to fall and then to winter is similar to the cycle of life and death among My faithful. Each year of your life you are reminded of new life in the spring and death in the winter. Even some are depressed by the long dark nights and the cloudy days of the colder season. As long as you have life, you must uplift yourself with My love to continue on your mission of loving everyone and helping them in their needs. Christian love is what you should be sharing all of your life, even if people reject you and persecute you. The division I bring into families is really a call to holiness in My Name. Some will live by My example, and others will reject Me. If they reject Me, you will suffer also as they refuse to love Me and do not follow My Commandments. Even the sinners around you are secretly crying out for your prayers, and desire to be converted, but they are held back by their attachments to this world. Reach out to everyone in love to put My peace into their lives because all of you are on a short road in life before you have to answer before My judgment.

Prayer Group:

Jesus said: "My people, usually you hear church bells to know that it is time for Mass or a certain time of the day. In this vision the bells are being rung as a warning of a coming occupation and a threat to Christians that will be in danger of being martyred. The evil ones will be directed by demons and the devil, and that is why they will be seeking you out to kill you. But I will throw them into confusion and they will not be able to see you. See that I will perform miracles for your protection and I will provide for your needs at My refuges."

Jesus said: "My people, it is becoming more acceptable for women to be elected to offices in your government. This is presenting a new shift away from all men since the women can be more compassionate. Many people of different backgrounds make up your population, and it is proper that those who run for office should not be discriminated against for who they are. Christians are being attacked more in public because they do not fight back as other faiths do. Pray for all of those who are persecuted for My Name's sake, for they will receive a heavenly reward."

Jesus said: "My people, the trials that you are about to face are from the evil angels from the Principalities and Powers level. These are the supernatural forces that will test you in temptations and physical beatings as some of the saints faced. You will not be able to fight them with conventional weapons, but

you will need your blessed sacramentals for your defense."

Jesus said: "My people, you have had an active war going on in Iraq and Afghanistan. Now you are seeing the possibility of another conflict over the Golan Heights between Syria and Israel. The greed for land or a position of strength is driving both countries to want this land for a military advantage. Keep praying for peace in the Middle East where there is no peace."

Jesus said: "My people, there are earthly and spiritual authorities that are present in the buildings that have pillars. Government people hold rule over the people from the buildings with pillars. My Church leaders may say Mass at shrines with pillars, but they are helping the people instead of using any authority over their parishioners. See that spiritual authority will soon be threatened by the evil authority of the one world people."

Jesus said: "My people, for man it may seem impossible to gain sainthood, but for Me all things are possible. If I give you enough graces and blessings to find your way to heaven, then you truly will also be joyous one day to enter heaven and receive your crown of sainthood. The more graces that you are given, the harder you will have to work to bring souls to Me. Be evangelists every day because My Good News could reach many ears of sinners and they could be saved."

Jesus said: "My people, there are times that you receive urges to remember someone who has deceased, especially when you go by a cemetery or visit other relatives at their graves. These urges or events that make you remember someone, may be callings from these souls for prayers to be released from purgatory. The more time that passes after someone dies, the harder it is to remember to pray for them. Make it a daily prayer for you to pray for all of your deceased friends and relatives so none of them are forgotten. As November approaches it is a time of remembrance by the Church to pray for all of those who have deceased, especially in the last year. You have All Souls' Day coming soon, so remember to pray for the poor souls in purgatory where you may be one day."

Friday, October 27, 2006:

Jesus said: "My people, you have seen in many war torn countries that the Lebanon and Taliban fighters have built a honeycomb of caves to protect themselves from bomb attacks from your airplanes. In the days of the Early Christians they used a network of caves in the catacombs to hide themselves from the Romans who wanted to kill them. So it will be in America. My

faithful will have to hide at My refuges and caves of protection. My faithful will have to hide at My refuges and caves of protection. My faithful may have to dig some caves in the dirt, or have My angels carve out caves from the rock. This is why I asked you to bring shovels along for digging. This tribulation time is not the first time that My people had to hide from being killed. So learn from past history how to protect yourselves and ask for My help in some impossible situations. Do not have fear of the evil ones because I will show you the way to the nearest refuge, and My angels will defend you."

Jesus said: "My people, you would do well to have your bicycles ready in good working order because you cannot assume that you will be able to use your cars. You may have difficulty in getting fuel for your car or you may not be able to drive on the main highways. With bicycles you could carry a little more necessities on your way to your refuge. You may need to carry a bicycle pump and your helmet to keep your tires pumped up and lawful attire to travel. With a bicycle you could travel on back roads or through the fields to get to your refuge. Some may not be able to ride bicycles, so you could buy a three wheeler or a multiple passenger bike. Some may think bicycles are not very useful, but you will be getting by with a lot fewer luxuries than you have now. Trust in Me and bring your tents, umbrellas, and some clothes, and I will multiply the food and water that you need, as well as any shelters that are available. Everything will be provided for you and the angels will protect you from the demons and any evil people."

Saturday, October 28, 2006: (St. Simon & St. Jude)

Jesus said: "My people, your weather patterns are continuing to show extremes of droughts and fires in some areas, and excessive rainfall in other areas. These extremes will make harvesting crops very difficult and food will be in less supply as a result. Some of these changes are coming from warmer temperatures, while the more severe weather is being enhanced by weather machines as the HAARP machine. Man in his pollution and manipulations of the weather is disturbing My balance of nature so much, that nature is now reacting to your abuses. The violence in your weather is a continuing reaction to your violence in your wars and your abortions. Stop abusing My creation, or you will suffer the consequences."

Jesus said: "My people, many of you in the Northeast are complaining about so many cloudy and rainy days in the last few months. Even your newspapers have run articles on the lack of

sunlight. Those, who live in California, would love to have just some of the rain that you are having. Even your sports people are complaining of the soggy fields. This vision of a summer day reminds you how you were complaining of the hot days that required air conditioning to stay cool. The weather is what it is, and you are not going to change it. So work your activities around the bad weather. If you are truly Resurrection people, you should be more joyous and look forward to how you can best use each moment of your life. You can use your time for work to earn a living. You spend time for prayer and worship. You also are happy when you can help someone in their needs. Try to spread your love with all of those that you are with each day. By spreading My peace around you, you can add more peace to the world and less anger. So focus on My mission in your life with joy in all that you do, and do not dwell on being a cranky complainer that may annoy the people you are with. Love is your goal, and put aside all despair and depression."

Sunday, October 29, 2006:

Jesus said: "My people, when you meet people, I want you to look into their eyes and hearts and listen to who they really are with love in your heart for them. Communication and sharing your life with others is part of your mission to bringing Me to all souls. You can see a little of My Spirit present in everyone, so reach out to share your faith with everyone, regardless if you personally like that person or not. When you are happy and joy filled with faith, your love for people will call out for a joyful response in others as well. It is this loving response that I am seeking out in every soul. Love truly makes the world go around in harmony, and you would much rather see love than the anger and discord that brings about wars. So I call on My faithful to be more loving and joyful in all of your encounters with people, and you will be spreading My Good News of love as well. Be attentive to people's needs and reach out where you can to help them out of love for Me."

Monday, October 30, 2006:

Jesus said: "My people, in areas that are prone to fires, it is a serious sin of arson that can spread fire and kill people as a result. These fires are occurring every year and people in these areas need to be very cautious with any source of sparks or flames. Some people are thinking twice about buying second homes next to woodlands in the West. Some of this destruction, although natural in some cases, can also be a punishment for the

sinful lifestyles of living together whether in fornication or homosexual acts. The latest wind storms and power outages also can be a test of people in the use of all of their comforts run by electricity. There is much filth being viewed in your movies and all of the adult pornography and houses of prostitution. This evil environment is making it more difficult for parents to protect their children from all of these sinful distractions. Pray for your country to repent of its sins, or you will suffer My wrath as a consequence of your sins."

(Ray Maginn funeral) Jesus said: "My people, it is a difficult time for those who have lost a loved one, and even more difficult to handle long illnesses or degrading conditions that lead to death. But even when your parents may not have all of their mental faculties, it is your place out of love to make them comfortable and visit them often. When you will be aging, you would appreciate help if you became incapacitated. You have a short time here and you can spend your time serving those who need your assistance in your family or for friends. You have a satisfied blessing that you will receive after you have helped someone. Trust in Me, and others are trusting in your help as well."

Tuesday, October 31, 2006:

Jesus said: "My people, in today's first reading St. Paul speaks of how spouses should love and respect each other as I love My Church. It is unfortunate that quick marriages and divorces in Hollywood give marriage a bad name. Even quick marriages in Las Vegas and the justice of the peace do not lay a good groundwork for a lasting marriage. There should be a proper time for courtship and a knowledge of each other for a permanent life time commitment to be prepared. Marriage is a total giving of each other to the other spouse, and a sharing of everything out of love without being selfish about money or possessions. When you truly love someone, you love them for who they are, and not for someone that you want to change them into. A good marriage involves give and take in compromising some of your own likes and dislikes. It also involves a good communication and affection of showing your love for each other every day. Even when you show love for Me, it needs to be seen in daily prayer, and not just on Sunday and forgotten the rest of the week. Love in life is a daily commitment both in marriage and your faith in Me. Without love in your life, you will be missing the spark and vitality of your spirit that craves to love someone and be loved. You only find peace in Me because I am all love and I am your

Creator and Master. I do not force you to love Me and your neighbor, but you will suffer the consequences for rejecting Me. Just as the plants and animals obey their mission, mankind also needs to be in conformity with My plan for creation. So love one another as I love you, and follow My call to be with Me in heaven by loving Me."

Jesus said: "My people, this vision is about an electromagnetic pulse weapon that your military has that can put electricity out in a whole city and keep all of your cars from running. This capability could throw major cities into great chaos as a pretext for implementing martial law or emergency control over the people in a given area. You are so dependent on electricity and your vehicles that this weapon could bring your cities to a complete standstill. This is why your alternative fuels and bikes will be needed for heat and transportation. When these major events lead up to martial law, you will need to call on Me and have your guardian angels lead you to the nearest refuge or interim refuge. Do not hesitate to get to your refuges before the evil ones will come to your house to try and implant you with microchips or take you to the death camps if you refuse. Call on My help, for I will protect you from these evil ones. Have no fear, but trust in My protection."
