

Monday, October 1, 2007: (St. Therese, the little flower)

St. Therese said: "My dear little one, John, I am so joy filled to see you at this, my basilica, on my feast day. I sent you the smell of roses as a sign of my presence for you. You have read of My 'Little Way' and it is really a life of humility and simplicity walking with Jesus, my love. If I could offer you some spiritual advice, it is to live more simply without letting so many earthly things clutter your life to distract you from Jesus and your mission. Continue your daily consecration in giving everything over to Jesus. You know that I prayed and suffered much in the contemplative life in my Carmelite Order. The Lord's message of spending five to ten minutes in silence during your nightly holy hour is a beautiful way to leave your heart open so He can touch you with His Word. Pray often and continue to be faithful to Jesus in following His Commandments, his direction in your mission, and carrying your daily cross on the narrow road to heaven. I am encouraging all souls to love my Jesus, and to do everything for Him."

Tuesday, October 2, 2007:

Jesus said: "My people, you have seen an unusual growth from this olive tree, and some healings from the oil with these leaves. There is holy water feeding this tree which allows it to grow at an unusual rate. This holy water will in time be made available for healings during the tribulation time. This is a place of holy ground and it is special in My eyes, especially for healings for those who come with faith that they will be healed. Give praise and glory to Me for all healings that occur here."

(Guardian Angel Day) Mark said: "I am Mark, your guardian angel, and I stand before God. In this vision you are seeing so many heads of state in all of their power and fame. Jesus told you that none of these people would have any authority on earth unless it was given them from above. But instead of acknowledging God's gift to them of their office, they are arrogant in their use of power. Your mission has been to prepare people to be ready to go to the refuges of protection when you see martial law is declared, and when the evil ones will try to force mandatory chips in the body on everyone. Jesus has told you that at the time of tribulation, people are to call on Him and He will have us guardian angels lead the people to the nearest place of refuge. This feast of the guardian angels is to remind you of our part in protecting you on your way to a refuge of protection. We truly are your guardians and it is

important for us to warn you when to leave so that you are not captured when the evil ones try to put chips into your bodies. Trust in all of your guardian angels for they will be helping you through the coming tribulation. Trust in Jesus' power because He will overpower all of the evil ones. Have no fear, but trust in God's power and graces."

Wednesday, October 3, 2007:

Jesus said: "My people, these symbols of all the nations in front of a banking institution is all about the central bankers in their plans for financial control of America and other nations. The Federal Reserve's move to lower interest rates, the unstable loan market, and your huge debts and liabilities have caused a lowering of the value of America's currency. This has caused a rise in your stock markets and a rise in the prices of the commodities of oil and gold. When 911 occurred, these markets dropped and the rich profited from this collapse because they knew it was coming. Now again another catastrophic event will be caused, and the rich will profit again from another market collapse. These evil ones will use this event to precipitate a national emergency with many deaths, and martial law will be declared. Be aware of these events because this will be the event to go to the refuges when martial law is declared. This takeover of America will be the beginning of a world takeover by the one world people when soon they will put the Antichrist in power. Trust in My love and mercy because My angels will protect My faithful at My refuges. Have no fear of these evil ones because I will provide for your needs, and their reign will be brief before I will cast this evil lot into hell. Trust in My spiritual and physical protection by your belief in My power which is greater than the devil and his demons."

Jesus said: "My people, in today's Gospel I am calling everyone to drop what they are doing in order to follow Me. This means that I want you to put Me first in your life so that in everything you do, you should do it for Me. I am calling everyone to make a daily consecration of everything over to Me. All of you have a particular vocation either to the priesthood, the married life, or the single life. In family life your mission is to care for the physical and spiritual well being of your spouse and your children. You can answer your call to Me in your daily actions at the same time that you are fulfilling your mission in helping your family. When you work to live a holy life, you are fulfilling My call to follow Me. Some want to make excuses

not to follow My ways because it is difficult to change their lifestyles, or I may ask you to come out of your comfort zone to help someone in charity. It is these earthly excuses that you make which sometimes prevent you from loving Me and your neighbor more from the heart. If you really love everyone, you would not hesitate to offer your money and time to help someone in need. Your first thought should be to share whatever you have with others without being selfish with your gifts. Whenever I call you to follow Me, be willing to come forward without any reservations or excuses."

Thursday, October 4, 2007:

Prayer Group:

Jesus said: "My people, this vision of Me living and suffering before you is a special meaning for the people to be able to remember how I suffered for your sins. In every Mass you offer the sacrifice of the Mass which is a remembrance of My suffering and death on the cross. Be thankful and help your priest in any way to have a crucifix placed on your altar. You have been praying for this for many weeks and now it will be carried out."

Jesus said: "My people, many people are dying from various wars and you are seeing the poor suffering from diseases. Your Iraq War and other wars could be stopped if there were some true compromises made between the various fighting factions. Without prayer and a desire for peace, these wars will continue. The sick and diseased people of the world need donations for medicines and hospitals. It is better for the billions of dollars that you spend on war to be used in helping the poor and the sick of the world."

Jesus said: "My people, in many foreign lands there have been many discoveries of oil. It is unfortunate that the people of these countries do not directly benefit from the value of their natural resources that the oil companies are trying to extract for cheap prices. Instead of exploiting the oil from foreign lands, these oil companies should be paying these people a fair value for its worth. This is also a problem even in America where oil wealth is not shared with the people or with the owners of these oil properties. Pray for an equitable sharing of wealth when it comes from your natural resources of the country."

Jesus said: "My people, I have mentioned before how your army could do more to inactivate these bombs to limit the destruction and killing of your troops. Instead the answer of your military-industrial complex is to build much heavier and more expensive armored trucks to stop this

killing. Using overkill expensive bombs and vehicles has been the whole reason for wars in general so the rich could profit from manufacturing these weapons and vehicles. Take money incentives out of these wars and there would not be any profit in war, nor need for wars. Pray that the American people will wake up to this fact of these useless wars and you would have less losses of life and the billions spent on wars."

Jesus said: "My people, the prices for the farmers' crops have been artificially low to benefit those industries that process this food. You have accepted foreign, cheap food of questionable quality, and have allowed them to enter your markets so the farmers cannot get a fair price for their crops. The seed, fertilizer, and harvest machines are becoming too expensive for farmers to make a living when prices are held low. This food production is needed for the American people to eat, and the farmers should not be forced out of business by your cut throat rich who try to exploit their produce."

Jesus said: "My people, you are seeing some banks trying to support and bail out some mortgage houses. Many of your foreclosures and mortgage problems are being spread among your banks and investors who gambled in greed to profit from the building boom and low interest rates. If your banks and investors come up short in this crisis, you may see another taxpayer bailout of the rich. Pray for the poor to keep their homes."

Jesus said: "My son, you have seen many people touched by your missionary efforts in bringing them closer to Me. You have taught them how to use their prayers, holy water, blessed salt, and sacramentals to fight the evil ones causing evil in the world. Give thanks to Me and My angels in assisting your work. Some are building and providing for refuges right now, and it is important to pray for them in their work. Give thanks to Me for giving the discernment to these people to build these refuges so My faithful will have somewhere to go during the tribulation. When you see martial law and mandatory chips in the body, My faithful will also be grateful to these refuge builders for providing a place of safety with My angel protection."

Friday, October 5, 2007: (Elverus' funeral Mass)

Jesus said: "My people, it is always a time of sorrow when someone passes away, but it is a joy to know the deceased will not have to suffer anymore on this earth. In faith you heard the Gospel proclaim that I am the Light, the Life, and the Way to heaven. With Me there is a new

spiritual life when you are raised up from the body. The vision is a spectacular sight in heaven as these blooming flowers before Me give praise and glory to Me. You are also seeing a flow of My Living Water which now brings life to Elverus so she can be prepared to come to heaven. All of her dedicated life to My service has gained her eternal life with My suffering on the cross. She is happy to be with Me and she will be praying for all of her loved ones. Your relatives in heaven are always looking out for their family members. They are even the first ones to greet you when you die along with My saints, angels, and Myself."

Jesus said: "My people, many of your beautiful churches have been stripped of your crucifixes and statues, and they are left with bare walls. Even My tabernacles have been removed from sight into back rooms. By stripping your churches, you have been stripped of your traditions, a sense of the Sacred, and even the Real Presence in My Hosts is only believed by a minority. There are some priests who are turning this around by adding crucifixes, adding statues, and returning My tabernacle to a prominent visible place in the church. My people need to support these restorations of your traditions by helping your priests and inspiring them to do the proper thing. Statues and My crucifix show you examples of love and suffering which is totally missing in your blank wall churches. When you see My Sacred Heart or My Blessed Mother's Immaculate Heart, you have something to think about and inspire you. You need to have My tabernacle visible to genuflect to in giving Me praise. If I am not present in the church, then it is just like any other building and not a church. Give praise and glory to your Lord, and honor My saints and angels in your churches."

Saturday, October 6, 2007:

Jesus said: "My people, love in your heart for Me and your neighbor is what I desire of all of My faithful because I am love itself. It is the devil and all the evil ones who have greed and lust for blood and wealth. Your earthly distractions of possessions and money are always temptations from My ways, but with My grace you will be strengthened to resist them. Do not be heartless in your relations with others, but think from the heart in how to lovingly respond to all situations. In you society it teaches you to be selfish and independent of others. You are totally dependent on Me for everything in your life, and that is why you need to worship Me and thank Me everyday for My gifts to you. Everything, that you have,

has come through Me either directly or indirectly. Instead of focusing your priorities on your own wants and desires, think more how you can love Me and help others in their needs. Make some sacrifices of your time and money out of love for Me by charity to your neighbor. You will see more joy in your heart from giving money away than spending it selfishly on all the latest possessions. Work on putting more love in your heart so you can replace your previous cold hearts. Open your hearts to Me, and I will help you to be more loving."

Jesus said: "My people, this vision of a large loaf of bread is very much how I would multiply food for you at your homes, and at the refuges. I have mentioned before when the faithful see My miracles, they will have less worry and anxiety how I will provide for your needs of food, water, and shelter at My refuges. I gave the Israelites manna on the ground, and I will provide bread for My people of the tribulation as well. Seeing a vision of such a miracle of bread multiplication, gives you a remembrance of how I multiplied the bread and fish for the four thousand and the five thousand. I will also have My angels give you My Eucharistic Bread as well, if you do not have a priest for a Mass. Rejoice that I will perform these miracles for you, even as I promised that I would do this for you."

Sunday, October 7, 2007:

Jesus said: "My people, at times there are activities going on in your lives that can take your attention away from what is going on around you. You see the violence from drugs in your cities, the violence from wars, and even the violence in killing My babies by abortion. There also are the needs of the poor both in America and in other countries. It is impossible to help everyone, but you need to have compassion for the families who are seeing their loved ones killed. This is why it is important to remember the need to pray for these wars to be halted, so peace can be in these lands. This is why you need to speak out against abortions, and do what you can in charity to help the poor. Do not be so focused on your own daily activities that you forget about these intentions. Love needs to be shown in your prayers and in your actions to help your neighbor. Work hardest to save souls from hell, because all of your other worldly concerns are of less importance."

Monday, October 8, 2007:

Jesus said: "My people, this story of Jonah's fleeing My work is the earthly response to a holy mission. When I ask people personally to do a mission for Me, it may test people to come out of their comfort zone to do something unusual. In these older days prophets of destruction were not looked upon very kindly, and some were even killed. This may have moved Jonah to flight, but I sent a storm to bring him back to Nineveh. Once Jonah did his mission of warning the city, they repented in sackcloth and ashes. I then relented of the punishment of this city, and this displeased Jonah. This sign of the people repenting for their sins is what I was suggesting to the people of My time when they asked for a sign. But the people would not repent, so Jerusalem was destroyed because of their unrepentant sins. Even today in America, I am pleading with your people to repent of your abortions and sexual sins. If you do not repent, you will face the same destruction as Jerusalem when the one world people will take over your country. Many rich and powerful nations have crumbled from within because of their immorality and abuse of their power and wealth. I have told you before that America is walking down the same path as the Roman Empire did. Repent now, America, while you still have time."

Jesus said: "My people, it is sad when people cannot find your grave site if there was no gravestone or the records were lost. Even in some cemeteries, because of limited spaces, there are three or more graves at different levels on the same site. Some people go to great lengths to adorn the grave of their loved one. Others are satisfied to plant some flowers and remove any weeds or grass that may have overgrown the gravestone. The most important point is to remember to pray for your relatives so if they are in purgatory, you could help shorten their suffering. Leave instructions to your heirs to have Masses and prayers said for you. These will have more benefit for you than a well taken care of grave site. If taking care of these graves helps people remember these souls, then it serves a good purpose to help them. One day you all will meet with this fate of dying, so keep your soul as pure as possible for this day of your judgment with frequent Confession."

Tuesday, October 9, 2007: (St. Denis)

Jesus said: "My people, the message to Nineveh was to change their sinful ways, or in forty days they would be destroyed. This threat even inspired the king to declare a

time of fasting and prayer, as well as a change in their evil lifestyles to try and hold back My wrath. I accepted their sincerity to repent, fast, and change their evil ways, and therefore I did not carry out the destruction of Nineveh. This same wake up call should go out to all of the nations of today because of the evil that you are committing. I have sent you in America many messages to stop your abortions, your living together, and your homosexual acts. Yet, you refuse to repent, fast, or change your sinful ways. Nineveh was spared My wrath, but America and many other nations are tasting My justice in your natural disasters and wars that you desire. The rosary in the vision is your means to come closer to Me, and balance off some of the evil in the world. I am relying on My faithful to fast and pray for your country, or else you will meet the same trial that Sodom and Gomorrah met. Repent now because now is the acceptable time."

Jesus said: "My people, when people think of retirement, or a nice vacation, they think of enjoying themselves on an island beach somewhere. No matter where you live, you will always have to bear your cross of everyday living. This means that you still have to struggle to make a living in order to have food and pay your bills. It is a luxury if you can afford such an island paradise, but all of these earthly things are temporary, and they are passing away. Better to plan for the day when you could be in heaven forever instead of an island paradise. Striving for heaven means that you need to keep your soul pure by frequent Confession and your daily prayers. By keeping holy and striving for perfection, your soul will truly be prepared to come to My Wedding Banquet."

Wednesday, October 10, 2007:

Jesus said: "My people, the merchants of war weapons are always looking for new ways to kill people in war. Some of your weapons actually used spent uranium and contaminated the war field with radioactivity. Your conventional war was over in weeks in Iraq, but the road bombs and suicide bombs have continued over four years with no end in sight. These new tactics do not require expensive weapons and your weapons' manufacturers need a new war to make money. The one world people will be preparing for the next war to continue collecting their blood money. The American people need to control these wars, or your economy and your military will fail. Pray

for peace and vote to stop these incessant wars of the central bankers. If the profit motive could be eliminated from these wars, there would be less of them."

Jesus said: "My people, all of the press coverage of your weak and old bridges has given the terrorists another idea for a target to disrupt your main highways. Another lesson is to minimize standing traffic on your bridges during rush hour, especially with large trucks. When you are repairing one side of a bridge at a time, you should not let traffic go over the side being worked on until it is secure. You pay a lot of taxes and tolls for your roads and bridges, so safety on your bridges should be more of a concern to fix old bridges. Much of your infrastructure repair is being postponed because of your war expenditures. Instead of neglecting your bridges, it would be better to stop your useless wars that only give profits to the rich. More security may be needed also to check that your bridges are not being sabotaged."

Thursday, October 11, 2007:

Jesus said: "My people, prayer intentions and the Gospel today of ask and you shall receive, may be difficult for man to understand. I do answer your prayers, but not always in the way that you desire. I have always asked you to pray for what is best for your soul or the souls of those that you are praying for. I also have asked you to pray in My Name and according to My Will in all of your petitions. Because I do not interfere with your free will or that of others, you need to pray for the grace that those, whom you are praying for, will be predisposed to My love and do the right thing. This is especially true for those away from the Church whom you are praying to return. At times it seems that your prayers are not answered. This could be for several reasons. One is that your intention is not what is best for your soul or another. Another is that it is not proper according to My Will, or your intended soul does not want to change their lifestyle of their own free will. In the case of illnesses the patient may die or continue suffering because it is their time to die, or they are suffering their purgatory time on earth. The other end of prayers of petition is that if your prayer is answered, you should give Me praise and thanksgiving for a good outcome. In the cases of conversions remember that because of a sinner's sins, they have varying prices of more prayer, fasting, and Masses that are needed to atone for their sins. Continue praying for your intentions because persistence in prayer is needed in some cases."

Prayer Group:

Jesus said: "My people, the war going on in Iraq is not one with conventional weapons, but it is one of sniper and gorilla attacks with bombs killing even civilians. In one car bomb more people are killed than this Blackwater incident. There are no demands of millions of dollars for the atrocities committed by so-called insurgents. This is not a true war and your people have no business occupying Iraq just to hold on to oil lands for the rich. All attempts to leave Iraq are being thwarted by the one world people who want this war to continue so they can make more money. Pray for peace and an end to this war for the rich."

Jesus said: "My people, October is a month of My Blessed Mother and many are praying her rosary as Fatima celebrates the 90<sup>th</sup> Anniversary of the miracle of the sun. In 1917 there was a prophesy of the errors of Russia when the communists would take over and flood all over the world. Now you are being scourged with security and the power of the central bankers who want to control every facet of your life with their microchips and their creation of a global empire. Prayer with the rosary is your weapon to fight Satan and the coming Antichrist."

Jesus said: "My people, the lack of fresh water from rain has been widespread across your country because of a change in your jet streams that bring rain storms. The West has had shortfalls in rain for many years which has caused many fires. Now the South is complaining because they are having to restrict their water usage. Even in parts of the Northeast you are seeing deficits from your normal rainfall. Now your scientists are predicting a slightly colder winter with less moisture because of a cooler Pacific Ocean. It is time to pray for a restoration of your rainfall."

Jesus said: "My people, many are blaming China for importing lead painted dolls, and some poor or contaminated meat products with ecoli and pet foods with plastic poison. In the ensuing investigation it is hard to track these imports which are little inspected and quickly are mixed with other products when there is no country origin label. The truth is that the merchants want cheap products and they are not caring about the quality of these food imports. It is the safety of your food that should be red flagged when the quality is suspect. Pray that your food processors will change their testing ways so your foods can have a better quality."

Jesus said: "My people, your corporate leaders are

excessively paid compared to the average wage earner. Corporations are exporting their manufacturing jobs to gain cheap labor, but are selling their products at the same high prices. All of these profits are going to the rich while American workers are left with low paying jobs and very little benefits. Yet, it is these same corporations who control your laws and lawmakers for their own gain. They also are behind the coming North American Union which will take away your sovereign rights. Wall Street is out of control and they are leading you into wars and ruin for their own profits. This evil lot will be vanquished into hell for stealing their workers jobs and wages."

Jesus said: "My people, I am thanking your prayer group for all of your rosaries and for being faithful to Me in your Adoration services. It is sad that you are in a small minority of people praying, when many are more attentive to earthly concerns and some even are in the occult. There is a great need for prayer in your world and I can only encourage you to continue in your work for the souls of the world who are not listening to My words. Some are even trying to remove My Name from all public places and things. If there is not enough repentance for sin, you could see terrible consequences from My justice. Strengthen your spiritual lives now so you will be prepared for the coming tribulation."

Jesus said: "My people, you will see an evil that you have never seen before in the coming tribulation of the Antichrist. This will be a battle of good and evil that will require My angel protection to save your souls from the evil ones. Do not use physical guns, but your prayers are your weapons. I will perform miracles against these evil ones so you will be safe from their weapons and false teachings. Trust in Me and have no fear because I am more powerful than all of the evil ones put together."

Friday, October 12, 2007:

Jesus said: "My people, I am giving you a brief glimpse of the eyes of the Antichrist, but not a direct gaze because his demonic power of suggestion could even cause one of My elect to be attracted to his words and his wish for everyone to worship him. This is why after the Warning, I have asked My faithful to remove your TVs and computer monitors from your houses so you do not look at his eyes which could hypnotize you to his evil ways. Avoid this man and call on Me to have your guardian angels lead you to My nearest refuge once he declares himself. This will be the true beginning of the tribulation of three and

one-half years of his evil brief reign. I told you that I would shorten this time for the sake of My elect. Prepare yourself spiritually by Confession, and physically with your backpacks ready for when you will leave your homes for My refuges. There you will be protected by My angels and provided with your basic necessities. Have no fear of this time, and trust in My power and My protection."

Jesus said: "My people, beware of those who are teaching the New Age religion that gives praise to created things instead of the Creator. There can only be one God in the Blessed Trinity and no other gods before Me. This is My greatest Commandment that you love your God with your whole heart, your whole mind, and your whole soul, and your neighbor as yourself. Anyone who gives praise or glory to any other gods commits blasphemy. So when the Antichrist or any other religious leader praises themselves, or any other god, do not follow them, and only worship Me, even under pain of death. Many elements of New Age teachings are all around you, but if they enter any of My churches, try to force them away. If anyone persists in these teachings, then go to another holy church. The one world people are trying to destroy My Church with their infiltrations and modernism, but do not be fooled and follow My traditions where you find a proper Mass. This is why I will have My angels deliver My consecrated Host on your tongues so you can receive Me in Holy Communion when there is no priest. Give praise and glory to your Lord for I will provide for your needs at My refuges and even My Real Presence will always be among you."

Saturday, October 13, 2007: (90<sup>th</sup> Anniversary of Fatima)

Jesus said: "My people, many times I have asked you to consecrate everything up to Me. Also offer up all of your sufferings each day to share with My sufferings on My cross. Now, even as you suffer with Me, you are also sharing in the sufferings of all people on earth. As you think of those suffering, you could also reach out to help anyone in need before you. When you help a poor person, or someone in need, you all are suffering in this valley of tears, and I will send you My graces and blessings so you can endure even the most difficult of trials. Trust in My help every day and keep focused on My cross of suffering at all times."

(50<sup>th</sup> Anniversary of Bishop Danylak's priesthood) Our Lady said: "My dear children, I wish to congratulate Bishop Roman and thank him for his 50 years of service to my Son, Jesus. I know that you have a great love for me, Roman,

and that I have been with you with my mantle of protection ever watching over you. I watch over all of my children as I was given as your Blessed Mother by my Son on the cross. In commemorating my feast day of Fatima, you remember how I prophesied Russia's errors and how atheistic communism has been a scourge on many in Russia and China. Pray my rosaries continually for peace in the world and for the complete conversion of communism all over the world. My Son, Jesus, will bring his justice down on all the supporters and perpetrators of atheistic communism. On every feast day and votive Mass in my honor I am confirming that I escort many souls from purgatory to heaven. Even as you were walking the Stations of the Cross, and praying my rosary, I used these prayers to free many souls by my Son's intercession, and He greeted them at heaven's gate. These souls are so blessed, and they will be praying for all of you in thanksgiving for your intentions. Continue to pray for the poor souls in purgatory, and all of heaven is sharing in your celebration of my bishop son's anniversary."

Sunday, October 14, 2007:

Jesus said: "My people, you all are to be like this leper who was healed and returned to give Me praise and thanks. Thank Me for all that you have been given. This vision of the mountains of Israel means that the Kingdom of God is upon you. Give praise and thanks to Me for My Real Presence among you in My Blessed Sacrament. After you receive Me in Holy Communion, it is proper to give Me thanks for all of My gifts to you. You have life in this world. You have faith in Me. You have all the gifts of family in your house and in your greater family. Give thanks for the gift of life in every person that you meet in this life. Do not wait until that person dies to give thanks, but even rejoice when you share a greeting with each soul, as I am present within them as the Temple of the Holy Spirit. When you give thanks to Me, also give thanks to Me not only at Mass, but give Me praise and thanks whenever you receive one of My gifts whether it be a healing, a miracle, your daily meal, or any other secular blessing. My angels and saints sing My praises constantly in heaven, so when you sing or give Me thanks, you are joining in their choruses."

Monday, October 15, 2007: (St. Teresa of Avila)

Jesus said: "My people, this vision of a railroad track under water is a sign that there will be more floods

and natural disasters that will interfere with your travel in America. I have mentioned that you will be called to travel to more talks, but you also will be tried more in your means of traveling with more difficult weather. This could affect your air travel as well as your travel by car. As these natural disasters unfold in more frequency, this will be more of a sign to you that the end times are upon you. Do not have any fear of these things because My angels will be watching over you in miraculous ways. Continue to spread My messages for as long as you can travel without martial law. Your time is limited, so make the best use of your trips. I told you that you will be tired, but I will give you sufficient rest to continue."

Jesus said: "My people, up until now you have led fairly comfortable lives with only mild persecution for speaking out against abortions, euthanasia, wars, and homosexual acts. The one world people behind the making of a new world order know that they cannot change the minds of devoted religious faithful. That is why they are planning to torture and exterminate you as Hitler did to the Jews, and the Romans did to Me. This is not an easy message, but people need to know that their lives are in danger once these evil ones start martial law or demand chips in the body. All religious and patriots are on their list for extermination which is why when you discern the time, you are to call on Me to have your guardian angel lead you to the nearest refuge of protection. When you call on My help, your angels will shield you with invisibility to these evil ones. This reason for haste is exactly because your lives will be in danger if you remain in your homes where they can find you. Know that this message is one of love and mercy so you are prepared for this end time, and it is not meant to scare anyone. Fear is of the evil one. When you have trust in Me, you will have peace in your soul with no fear. If someone should be captured and martyred for their faith, I will ease any pain, and you will be an instant saint in heaven."

Tuesday, October 16, 2007: (St. Margaret Mary Alacoque)

Jesus said: "My people, today's feast day of St. Margaret Mary is all about giving more praise and notice to the love of My Sacred Heart. I know you all have pictures or statues depicting My Sacred Heart which is now missing in many churches. This devotion to My Sacred Heart unites all of My faithful in My love, and I reach out further in love to all who do not know Me. In the vision you see the waters as the waters of Baptism and Confession which

cleanse your souls of sin and keep you pure. My Heart is full of love and mercy for all sinners, and I have sacrificed My life so that you could be freed from the bondage of your sins, and you could have love in your hearts. It is when you pray and perform your actions from the heart that My love becomes a part of you. All of your focus should be on Me as the center of your life. I have created you to know, love, and serve Me because I have given each soul a mission in life. You celebrate the feasts of My Sacred Heart and My Blessed Mother's Immaculate Heart in June, but our two hearts are shared with the love of your hearts every day of the year. You see Me in the vision holding a soul in My hands, and this is how I help every soul with My grace to achieve the mission of being a faithful Christian on their path to heaven. You are wrapped in My love, and I await an expression of your love for Me constantly every day."

Jesus said: "My people, I use nature's paintbrush to put some beautiful color into your life on earth. In the fall I paint the trees with various reds, oranges, and yellows, and it makes a spectacular sight to view the trees on the hills. During the day I paint the sky with a beautiful blue color when there are no clouds. During the spring I paint the flowers with all the colors of the visible spectrum. Even various birds and animals have beautiful colorings from My paintbrush. The most important ingredient that I add is a touch of love in all living things. When you see the sun out, all of these colors become so brilliant and beautiful to behold. Give praise and glory to Me for all the beauty that you see in the nature of My creation."

Wednesday, October 17, 2007: (St. Ignatius of Antioch)

Jesus said: "My people, today's St. Ignatius of Antioch was killed by lions in Rome as many other Christians were cruelly killed for their faith in the early years after My death. This time of killing of Christians will return in the coming tribulation when you will witness an evil that you have yet to see. Many will be killed for their faith at the detention centers when people will refuse to go along with the new world order by not taking chips in the body. This is why in My mercy I am having people prepare refuges for My faithful to come to where My angels will protect you from these evil ones. My angels will shield you so you will be invisible to anyone trying to kill you. You will need to have deep trust in My power, and I will provide for all of your necessities. Have no

fear of this coming tribulation because I will be at your side."

Jesus said: "My people, I am like these firemen in the vision because I am trying to rescue souls from the flames of hell in the spiritual world, and to protect your body from harm in the physical world. The evil ones are assembling their armies for world takeover and a handing over of the world to the Antichrist who will have a brief reign of less than 3½ years. The means for martial law in a created event is being prepared right now by the one world people. I am also sending out many messages of preparation to warn the people to be ready to flee to My refuges. I will protect you from the evil ones when you call on My help. I will also send My angels to help protect you from any demonic attacks of the devils on your souls. Trust in Me that I will put out the flames of temptation and all of your earthly desires. Give praise and glory to your Lord who is always ready to come to your aid whenever you call on My love."

Thursday, October 18, 2007: (St. Luke)

Jesus said: "My people, many faithful will be led by their guardian angels to the nearest refuge during the tribulation. Once they arrive there, they will see miraculous springs of water for drinking and bathing. The real miracles will occur when people will drink or wash with this water, and they would be healed of all of their medical problems. Those, who look on the luminous cross in the sky over the refuges, would also be healed of any sicknesses. These refuges will be places of protection from the evil ones who will be trying to kill you. You will see an angel at each refuge given authority to protect all who come there. Food, water, and shelters will also be multiplied in miracles to provide for all of your necessities. Give praise and glory to your Lord who will see to your needs and protection during the coming tribulation."

Prayer Group:

Jesus said: "My people, I am asking you to pray much that this vision of an attack on Iran does not take place. Your president has voiced concerns that if Iranian nuclear capabilities are not removed, that they could start World War III. You have attacked Iraq without provocation, and attacking Iran would be for known nuclear bomb building. Any plans for war with Iran should come from your Congress, but the one world people want another war started by your current president. Pray much for peace and that your

representatives follow the will of the people instead of the one world war makers."

Jesus said: "My people, you have seen a steady buildup of troops with extra aircraft carriers and material that could also be used as an attack group on Iran. Your Congress should assert itself against any more unprovoked attacks on other countries. Any attack on Iran could cause repercussions with their clients in Russia and China. Israel has attacked Syria's nuclear facilities as well. These pre-empt attacks could cause wars again that you could not finish, so beware of such foolish attacks."

Jesus said: "My people, you could see more bridge collapses from your old and unfixed bridges. This could even occur from sabotaged bridges to make it look accidental. Several key bridge destructions could cause some major tie ups in your infrastructure that could take a long time to repair. Security and safety of your bridges should have more attention than you are spending today."

Jesus said: "My people, your oil prices have gone higher on speculations from storms in the Gulf of Mexico, and the threat of Turkey disrupting oil transport from Iraq. Your refineries are at full capacity and are barely keeping up with demand. Any loss of production with explosions could cause gasoline shortages and elevated prices. All of these fuel concerns are weighing on your economy and could threaten a recession or gas rationing. Be prepared for some possible shortages or price gouging."

Jesus said: "My people, you have escaped the serious hurricanes this year, but now you are witnessing the beginning fall tornado season as in Florida. You will be seeing various natural disasters that will test your people with much destruction. These storms are coming with very little warning and considerable severity. Pray for your affected people that they will be protected from being killed, and that they have enough funds to provide for their immediate needs."

Jesus said: "My people, you have been waiting patiently to see a crucifix on your altar, and now it is about to take place. Pray for your pastor and the parish that all will go well with your 40<sup>th</sup> Anniversary celebration. Much work and prayer by your prayer group has helped to bring this about. Give praise and thanksgiving to Me for helping you in answering your prayers. Giving thanks for a prayer answered should be just as important as your original intention."

Jesus said: "My people, it is difficult enough to accept the death of a son, as you know, but it is even

harder when there is not any closure in the circumstances of that death. Pray for this family in their sorrow and loss, and pray that the information of this death could somehow be revealed. You could ask your relatives or your friends if they would have a word of knowledge of these circumstances. Sometimes it can be more difficult to accept new findings, but it will bring closure to the family's questions."

Friday, October 19, 2007: (St. Isaac Jogues, North American martyrs)

Jesus said: "My people, in the northern part of your country this recent warming trend will keep the leaves on your trees longer than usual. Then when cold and snow do arrive, you could see severe ice and snow weigh down your trees to the breaking point. As in a previous message last year, you will have more opportunities for ice storms than your usual snow storms. Be prepared for more ice disasters than usual as a result. The droughts that you are experiencing will worsen in some areas, while other areas could see floods or heavy snowfalls. The jet streams are being altered to worsen these conditions, and that is why you are having unusual weather patterns."

Jesus said: "My people, the myth of terrorism is being perpetrated by the one world people to bring fear and chaos, making it ripe for takeover for security reasons. These evil ones have hired Moslem clients to do their dirty work, and the one world people are the ones in the vision handing missiles over to the planned terrorists. Their plan is to take down commercial airlines at various busy airports to cause another panic to the airlines. They used this same approach on Flight 800 when I showed you the flaming missile hit this airplane. Be aware that these evil ones think nothing of killing their own people to gain power or money. At the end when I come, all of these evil ones will pay for their crimes in a living hell on earth and the eternal loss in hell itself. Be patient and endure this evil end time by calling on My help in prayer."

Saturday, October 19, 2007: (Margaret Farnand funeral Mass)

Jesus said: "My people, you are celebrating the life of Margaret in sorrow, but also in joy that all of her suffering is over, now that she is with Me. She was a very loving mother and grandmother to all of her family, even to her dying day. She still loves all of you, and she will be mothering you in her caring prayers, even from heaven."

There is a strong love for Me in these visions of the Mass, and all of heaven is greeting her, even as Margaret's relatives welcomed her. Rejoice in the gift of her life as she will always be revered in your hearts."

(40<sup>th</sup> Anniversary with Bishop Clark) Jesus said: "My people, this unveiling of the crucifix on your altar at this church is a fulfillment of all of your prayers and wishes to have this happen. I told you that this would be carried out so you should not be surprised to see this happen. This portrayal in the vision of many prayer petitions and your persistence is another reason that I have brought this about for you. This crucifix truly will be an inspiration to your people and it will have more meaning than you know. These petitions for bringing this display about shows you how strong your prayers can be when it is according to My Will, and how it will help many souls. Now, even as this petition of your prayer group has been answered, it is your place to give Me praise and thanks for helping you to accomplish your goal. You all have been instrumental in helping the people to finally focus on My loving sacrifice in a church of My Holy Name. This put a fitting climax on the start of your Novena to celebrate your 40<sup>th</sup> Anniversary of this church. It took 40 years to have a crucifix on your altar, and now truly you can see Me as the pastor of this church."

Sunday, October 21, 2007:

Jesus said: "My people, there are certain types of entertainment that are abused for gaining money such as gambling. Some people are restrained enough that they only gamble a small amount of money for their enjoyment. Others have addictions to gambling, and they can lose so much money that it could harm their families income. In these cases it would be a near occasion of sin to even be in a casino. Other games of chance may also cause people unrest or anger at losing. If such games cause unrest or disturb your peace, it may be better to avoid these games altogether. For some, games can be a pleasure, but for others, it could be an occasion for sin."

Monday, October 22, 2007:

Jesus said: "My people, in the Gospel I told you that there is more to life than just possessions, and the desire to own things. In actuality you are not owners, but you are stewards of My gifts. Everything, that you have, has been given to you through My blessings. All the things of this life are passing away and are being consumed, stolen,

or becoming obsolete. Only your spiritual deeds and gifts last forever. So do not let the desire for earthly things control you, because they are not that important. You are to use your wealth, time, and talents to help people, and do not store up earthly treasure just for your own use. You are to share what you have with others, and in this way you can store up treasure in heaven which is everlasting and of more value to your soul. Some feel more comfortable in the security of their stored up wealth, but this can be lost in many ways. Your real security is trusting in My help for your needs, and only I can give you true peace in your soul through My sacramental Presence. You struggle through all of life with the one goal of being with Me in heaven for all eternity. Do everything for My greater glory and according to My Will, and you will have no worries, and no fears."

Jesus said: "My people, I have shown you before visions of drought stricken areas. Even the lake reservoirs are drying up very quickly from being drained by use and very little rain. Another symptom of dry land is when lightning or cigarettes set off fires as you are seeing in California. They have declared a state of emergency to bring in help from other states. Winds can spread fires very quickly, and it is difficult to even fight such fires. This is another set of natural disasters that are testing your people and taking away their homes and possessions. This is an area of rich movie stars that make many obscene and violent movies. Pray for those who are suffering losses, and are rationing what little fresh water that can be found. The South is also suffering droughts, and they could also be at risk for fires if something can start them. Be thankful for whatever you have today, for tomorrow it could be taken away from you in a storm."

Tuesday, October 23, 2007: (St. John of Capistrano)

Jesus said: "My people, this vision of a man applying an emergency brake to stop a large bus, is exactly what the American people need to do with their wars in Iraq and Afghanistan. You have lost thousands of troops and the cost of these wars is approaching a trillion dollars without any end in sight. Ask yourself who stands to profit from this war and you will see it is the same people making money on your industrial defense complex and those protecting the oil lands. The one world people are ruthless in making their blood money, and they care not how many are killed or whether your country can afford these

wars. They are intent on bankrupting your country and destroying your military so they can carry out their designs for a complete takeover of America. I have mentioned before if the American people do not stop these one world war makers from their constant wars, then your country will cease to be free and you will see your country in chains. Pray for peace and work to stop these wars, or you will soon be prisoners in your own country."

Jesus said: "My people, I have told you that you would see your natural disasters worsen, and you are seeing this manifested in the fires of California and the floods in New Orleans. There have always been fires in the West because of frequent droughts. But this fire was spread by strong winds in a populated area where hundreds of thousands of people had to be evacuated. This is the largest event since Hurricane Katrina devastated New Orleans. It has not been revealed how these fires were started, but you have had many arson fires in this area before. You are seeing droughts in some areas and heavy rain in other areas that have even caused floods. Some of these events are the punishment for America's many sins of abortion, euthanasia, living together, and homosexual acts. Many acts of charity have been coming forth to support the families without homes or those that had to evacuate. This is an excellent opportunity to reach out and help these fire victims. Pray that lives will be spared, and people are able to secure some replacement housing."

Wednesday, October 24, 2007: (St. Anthony Claret)

Jesus said: "My people, all of humanity has been made in My Image and you are worth more to Me than the animals because you have a soul and you have been given free will and an intellect. You have some behaviors which are instinctive, but your soul and free will must have an intention in your heart before you perform any action. It is this process of decision making that makes you accountable to Me for all of your actions. If you have a properly formed conscience of what is right and wrong without any rationalizations, then you know when you have done a good deed or you have committed a sin. I have given everyone My Ten Commandments as a guide to proper living in loving Me and loving your neighbor. It is obedience to My Will and My Commandments that is necessary to follow Me into heaven. Being obedient to Me, your authorities, and your spiritual advisor should have been taught to you from your childhood. I have given you My sacrament of Reconciliation in order to confess your sins and renew My

grace in your soul. Some want to always be in control of their lives and do things the way they please, but that may not be in conformance with My laws. When you accept following My Will in your daily consecration, you give up your ways to be obedient to My ways. Putting yourself in obedience to your spiritual advisor means that you want to relinquish your control over to Me. I want you to be obedient to Me more out of love than just out of fear of punishment. When you act out of love from the heart, you will be imitating more how I lived on this earth. When you act out of selfishness, meanness, or revenge, your actions could lead to sinful things without love in your heart. When you live in the love of obedience, you will have peace in your soul. This is the peace that I give you, and you need to guard this peace from all earthly and demonic temptations and desires. Let Me lead you in love in all of your daily actions of the will, and you will be preparing your soul to be with Me in heaven for all eternity."

Wednesday, October 24, 2007:

Jesus said: "My people, your children can easily become addicted to playing games and conversing with others on the internet. It is best to limit their use to an hour or less so they can get their homework done. It can be dangerous to talk with others on the computer who could be child predators in disguise. Some evil people attach viruses and remote control programs to games to take control of your computers. Parents need to know what their children are doing on their computers, and inspect the programs that they use, and the so-called friends that they are talking to. This is also true of what your children are being taught at school, and who they associate with. Teachers and babysitters have abused children in the past and this is becoming more of a threat to your young children. Pray for your children and pay close attention to their schooling and their activities to protect their souls and their bodies."

Thursday, October 25, 2007:

Jesus said: "My people, today's Gospel speaks of My bringing division among people and even among families. You know that I bring mercy and love to everyone, but this division is really between those who are faithful to Me, and those who reject Me. I call everyone to conversion of their sinful lives so I can forgive them and have them welcome Me into their hearts and souls. I give everyone free will and you can either choose to love Me or reject

Me. I do not force My love on anyone. But there are consequences if a soul refuses to repent and refuses to let Me be Master of their lives. In the first reading it states that the wages of sin are death to the soul in hell. For those, who refuse Me, My justice calls for them to suffer for all eternity in hell. My love is overflowing for man and this is shown most in the very act of My suffering and death on the cross for the salvation of all of mankind. I offer you love and the beauty of heaven, but the devil offers you hate and eternal suffering in hell. If you lead a sinful life without repentance, you may have a brief pleasure on earth, but you will suffer eternal pain in hell. In the end you have only two choices: one with Me in heaven, or the other with the devil in hell. It is best to choose to be with Me out of love in your heart and not just out of fear of hell. To enter heaven you must come through Me because I paid the price for your soul. Consecrate yourself to Me in everything, and you will have eternal peace and love with Me in heaven."

Prayer Group:

Jesus said: "My people, I am showing this old scene of 70 years ago, because your physical needs then have not changed much from today. You all need jobs to provide for your food, shelter, and transportation. Your need for Me in your life has not changed either, but there are more taken up with the worldly things than ever before. Man is proud of his new inventions, but I should still be the center of your lives. If your pace of living is faster, it is because you are trying to accomplish more than is possible in one day. Slow down and focus more on Me and keeping your peace undisturbed."

Jesus said: "My people, there were many scenes in the Gospel that involved fishing boats and also some miracle catches of fish. The focus in the vision is on the rudder or steering wheel on the boat. Many times man wants to be in control of his direction to travel, but it is I that should be at the helm of your life, leading you to heaven. My ways are not your ways, but following My Will is what I am calling all of you to follow. Walking with Me as with the disciples on the road to Emmaus, your hearts can also burn with the joy of hearing My words of love in the Gospel."

Jesus said: "My people, every day your news reports are counting more homes destroyed and thousands more being asked to evacuate. This tragedy is being compounded by hearing that some of these fires were the result of arson. Not only are people losing their homes and businesses, but

your insurance companies will be paying out millions of dollars in damage claims. It may take some government funding to support these losses or you could see another strike at your economy as with your mortgage problems. Pray for all of those affected by this disaster that they will have their needs provided for."

Jesus said: "My people, you have seen a lot of violent weather causing tornadoes and rain causing floods. Now you are seeing even your droughts cause the dry conditions that are causing your fires. This violent weather is like the mirror in the vision that reflects man's violence in his sins of war, abortion, and drug related killings. Man needs to repent of his sins, and this peace could bring about a peace even in your weather."

Jesus said: "My people, as you visit some refuges, you can still see people racing to build more buildings to house the refugees. The time for building refuge buildings is approaching a climax before the coming tribulation will begin. Once martial law is declared, your building will cease, but I will still be multiplying your dwellings to provide shelter for My people."

Jesus said: "My people, when you have plenty of water and you are comfortable in your needs, you may forget to thank Me for My gifts to you. But when something like your water is taken away or becomes scarce, you quickly realize how necessary it is for your everyday living. Rationing water is difficult to suffer, but it must be a mutual suffering with no cheaters trying to save their lawns. You have many gifts like your water, that you do not always appreciate until you lose them. So give Me thanks for all the gifts of life that are given to you, so you may be more appreciative of them. Do not wait until they are taken away to realize their importance in your lives."

Jesus said: "My people, the more you take time to witness the beauty of My creation in all the seasons, the more you see My hand at work in your lives. The beauty in the trees and flowers of this fall season are breath taking in beautiful sunlight. There is another message in the seasons as fall enters into winter and that is the thought of your life coming to an end as the trees go dormant. In November you will see more readings also focus on the end times as well. Life on earth is short in comparison to all eternity. You have but a short time here to prepare for your judgment. So in the next few weeks think a little more about improving your spiritual life so your soul is always pure and ready to meet Me at your judgment."

Friday, October 26, 2007:

Jesus said: "My people, at times some people are feeling so prideful and prosperous that they think they do not need My help, because they believe that they can provide everything for themselves. The possession of money and worldly things is not a guarantee that you do not need My help. Everything that you have has come from Me as a gift, and it is selfish pride to think that you were responsible for obtaining all that you have. Many times those people, who are rich in this world's goods, are actually spiritually poor in grace and in following Me. Pride can give you a false sense of well being, especially in your spiritual life. Man will always be a sinner in his weakness inherited from Adam. Pride will always make you think or fail to admit that you have done something wrong in sin. If you do not admit that you are a sinner, then you may not be compelled to come to Me in Confession to repent of your sins. Such people, who depend on themselves for everything, will one day have a very difficult time to get through any crisis in their lives. You are truly dependent on Me for everything both spiritually and physically, whether you want to admit it or not. Without My gifts and blessings you would not even exist. Remember that I gave you life and all of your talents. So believe and love Me, and constantly thank Me for all that you have. By repenting of your sins, praising and serving Me, you will be on the right path to heaven."

Saturday, October 27, 2007:

Jesus said: "My people, when you receive Me in Holy Communion, you truly are experiencing a little taste of heaven in all of My glory. Your own personal experience was an even greater sense of our Presence in heaven. I have bestowed this extra gift of My holy and Real Presence so you could share with others the beauty and glory of heaven. I want everyone to have awe and praise Me in My Blessed Sacrament. It is important to have reverence for My Real Presence in My Eucharist. You can witness to My reverence by receiving Me on the tongue, as it pleases Me more than in the hand. Genuflect or bow before Me when you receive Me or come before Me in My tabernacle. Most of all, only receive Me in My Body and Blood when you are in the state of grace without mortal sin, so you do not commit a sin of sacrilege. You can come before Me in My tabernacle to make special visits of love and I will bestow My graces upon you to help you endure the trials of this

life. Give honor and glory to Me in your prayers every day and consecrate all that you do for My glory. Follow My ways and I will be with you at all times. By your morning and evening prayers you are acknowledging Me as the center and Master of your life. This vision of heaven is the goal of your soul, so strive to keep your soul pure for the day that I will bring you home to Me in death."

Jesus said: "My people, in this vision many are called together to build churches and other adjacent buildings. It takes many donations or some rich patrons to get enough money and help to build churches. Even a lot of prayer and patience is involved in such a work. There is another kind of building, and that is 'building up My Church' in the membership of believers. This is even more difficult because it involves conversions of hearts and wills to follow My ways. There are other needs as well to help bring back the lukewarm who have fallen away from their faith, and they need a re-conversion. Still others are having a problem with forgiveness where there may be grudges or even anger against someone. These hearts need to be warmed by My love to take away any icy cold hearts. This lack of forgiveness can only be healed from the free will of both parties by desiring a compromise of love from the heart. Until each soul prays for the warmth of healing in their hearts of anger or grudges, things will not change. You know that souls, who go to their graves with an unforgiving heart, will have to suffer in purgatory to purge this imperfection. Pray to be healed in this life, and pray for your friends to be reconciled in any broken relationships."

Sunday, October 28, 2007:

Jesus said: "My people, in today's Gospel the tax collector said: 'Lord, have mercy on Me, a sinner.' These words of humility before Me were more heartfelt than the Pharisee who was exalting himself as being better than other sinners. It is right to give Me thanks for all of your gifts of faith and any worldly gifts, but it is more important to have humility in admitting that you are sinners as well. If you truly admit that you are sinners, then you will be drawn at least monthly to come to Me in the priest to confess your sins and ask for My forgiveness. This vision of a long line for Confession is becoming more of a rarity because as you have seen very few avail themselves of this opportunity to confess their sins. Pray that more of the faithful will come to Confession, even to confess their venial sins if they do not have mortal sins.

I know you are all good people because I created you, but you also have inherited the weakness of Adam and you are all sinners. When you make an effort to come to Confession, this is truly an act of humility as well because it can be hard for someone to admit their sins to a priest. But I am always awaiting your visit so I can forgive you your sins and put life in your soul with My sanctifying grace. Remain in humble submission to My Will and follow My Commandments and My mission for your life. Truly you need to share your time, talent, and money with Me and your neighbor out of love for Me. The last line of the Gospel is one to live by: 'He, who humbles himself, will be exalted, but he, who exalts himself, will be humbled.'"

Monday, October 29, 2007:

Jesus said: "My people, the idea of this vision is about the unknown of what can be seen from the top of the hill. I do not let you know the future of your life because you need to live in the present moment to make your every day decisions. For some, the unknown of tomorrow, or the unknown after death can raise anxieties and even fears. But My faithful need to live in faith and trust of My help, and this will give you peace and rest in your soul. Everyone has to deal with providing for their food, clothing and shelter, but I have told you in the Gospel how I will care for your needs as I provide for the animals around you. So do not have any worries of these earthly things because you are of more value to Me than the birds of the air. As for what comes after your death, you know that I will resurrect My faithful from the dead on the last day so you can be with Me in heaven. You are about to celebrate the feast days of All Saints' Day and All Souls' Day, but you should have confidence and faith in Me to help make you into a saint one day. If you repent of your sins, love Me, and follow My Commandments, you will one day have your reward as a saint in heaven with Me. So have no fears of this life or the next life because when you are with Me, who could be against you?"

(40<sup>th</sup> Anniversary of Holy Name Church) Jesus said: "My people, this vision of Me as the King of All Nations truly shows you how I have been influential in the history of man from the very creation of the earth. Ever since Adam's sin and the closing of heaven, the prophets prophesied of a coming Redeemer. Salvation history was fulfilled with My suffering and death on the cross for all of your sins. I repeated to My apostles many times that with My presence

among them, the Kingdom of God was at hand on the earth. I am the Son of David, but King of All Nations and not just Israel. When you praise Me every day, you are honoring My kingship, and I am always with you in My Eucharist in My tabernacles. You are celebrating your 40<sup>th</sup> Anniversary for the Holy Name of Jesus Church, and now it is even more appropriate to have My crucifix on the wall facing the altar. Now when you offer yourself up to Me with the priest at the Consecration, you are sharing in My suffering that you are seeing in My crucifix."

Tuesday, October 30, 2007:

Jesus said: "My people, in the Gospels I have used many symbols as the yeast that allows the whole dough to rise in order to represent a small beginning of My Church in the Kingdom of God. This is why you are seeing a small part of St. Peter's Basilica, as My Church had humble beginnings with My apostles. Even the mustard seed, which grows into a huge shrub, was used to represent your faith and how My Kingdom on earth has grown. I have described the Kingdom of God as a fine pearl that someone sold all of their belongings to purchase. (Matt. 13:31-33,45) All of these symbols of smallness and great price are to show you how My Word is very powerful and can be spread to convert many over all of the nations. The value of each soul is great also, and I seek out each one of you as the lost sheep to bring into My sheepfold. The Kingdom of God is upon you, especially in My Blessed Sacrament so you can treasure My Real Presence in your souls. Give praise and thanks to your Lord for My Incarnation to be one of you, and offer My life to purchase your souls with My sacrifice."

Jesus said: "My people, these three kinds of fences limiting your freedoms represent the various levels of government trying to control you. On the national level you have your passports now mandated to have chips in them with your information and the ability to track you. You could also be controlled by your NAFTA Treaties which could take away your sovereignty rights in a new world order North American Union. Another fence limiting your rights is a proposed chip in your driver's license under the National Real ID Act at the state level. Each of these levels of government are already controlling up to 40% or more of your income in taxes. The third fence is your local town and county governments which put more of a burden on you in property taxes. This is the level that could condemn your property for their own use and put you

out of your house. All of these levels of control set up a gauntlet of laws and regulations that continue to take away your rights as a citizen in the name of globalization for the so-called common good. The one world people are in control of all of these regulations and they will next propose mandatory chips in the body. It is at this point or martial law that My people should call on Me and I will have your guardian angels lead you to the nearest refuge. Do not fight these evil ones with weapons, but let My angels fight your battle against the evil ones. Have patience for awhile before I will chain this evil lot in hell, and bring you into My Era of Peace."

Wednesday, October 31, 2007:

Jesus said: "My people, you know very well how to come to Me with all of your petitions for your health problems and your physical needs. I know all of your needs before you ask Me, and I will answer what is best for your soul and what you need. Remember how I healed each person from their sins before I healed their infirmities. So when you come to Me for help, come to Me in repentance of your sins first. The body will pass away shortly, but your soul is immortal and is more important to be healed than the body. I will forgive any repentant sinner who is sincere in their prayer from the heart. Then once your soul has been cleansed of its sins, I will address any needed healing of the body. So when My messengers and healers pray over the people, their first concern should be to help that person spiritually in leading them to repentance and Confession. Then pray for intercession from Me in My Name if I should see fit to heal their physical health problems. Even when you see healings, the conversion of the soul should be more praised than any cures of the body."

Jesus said: "My people, this vision of a green alligator with its mouth open is a symbol of the Antichrist as he was about to devour some souls. I will bring graces to My people to protect you from all of these evil ones. The reign of the Antichrist will be brief and this is represented when the alligator turned to stone. I am the One who will bring about his destruction with My Great Chastisement. When the Antichrist is turned to stone and falls to dust, that is when I will defeat him and lead My people into My Era of Peace. You will be able to go to the gates of heaven when you are purified as a saint. So have no fear of the Antichrist and the demons who are trying to subvert My faithful. My protection of the angels will always be with you, even in the trials of the tribulation."
