

Monday, September 1, 2003: (Labor Day)

Jesus said: "My people, today you celebrate Labor Day, but I am reminding you of all of the injustices being done to workers as low wages and little or no benefits. This does not even include all of those workers who have been laid off and their benefits of unemployment payments have run out. Your business people talk of no recession, but your workers are suffering as if there were a recession. Your country is beset by slow growth, wars, and lingering drug and crime problems. This vision of a sanitary sewer represents the filth of the sins of America. You have sins of abortion, euthanasia, homosexual and heterosexual unmarried couples living together, substance abuse and even birth control. All that you are suffering in wars and poor financial times is coming as a result of the stench of your sins. Natural disasters and terrorism are still more threats to your way of life. When you disregard My laws, the wages of sin is death. That is why your country is suffering, but many have not connected their woes with their sins. America will continue to stagnate until you change your lives of sin to following My laws. I will allow the one world people to gain in power over you because you are not changing your sinful ways. Convert and repent of your sins or your country will dissipate into a police state of martial law."

Jesus said: "My people, I have given you many suggestions to improve your spiritual life by prayer, fasting and frequent Confession. Now, I want to give you one more help and that is to make time for one hour of some good spiritual reading. You can read the Bible, the Liturgy of the Hours, or books about the lives of the saints. Instead of wasting so much time watching TV, you could spend your time better with such books. Just as you need to read or learn things to keep your secular thinking alert, so you need some good spiritual books to keep your spiritual thinking alert as well. Once you make a regular habit of reading spiritual books, you will look forward to contemplating holy things. The closer you come to Me, the more you will desire to please Me by following My Will in everything. Reading the lives of the saints will show you how much time they devoted to pleasing Me in their daily actions. Imitating the saints will keep you focused on Me on your path to eternity in heaven."

Tuesday, September 2, 2003:

Jesus said: "My people, in My days on earth I drove many demons out of possessed people and I gave this same power of exorcism to My apostles and down to today's priests. There are many people involved with the occult and New Age symbols that can bring about demon possession. There is today a great need for exorcists to rid the demons from so many possessed people, but

there are not enough priests willing to work in this way. Some are fearful to exorcize and many have lost their faith and training in this matter. This is another way your age has become so evil because there is not enough prayer and faithful people to battle the evil ones. In your straits of evil influence, it may be necessary to ask for My angel power to assist you in your battle against evil. Just as the evil ones can invoke evil demons, so you can call on Me to have My angels deliver someone or some place from demon possession or influence. My power is greater than any demon, so ask in My Name and you will be aided. Do not think that you can fight the demons alone. Call on My Name in prayer and use holy water, blessed salt, and blessed sacramentals as your weapons. Have hope and trust in Me and I will protect your souls in your battles."

Jesus said: "My people, you have displays of plentiful amounts of food at your modern grocery stores. Looking at aisle after aisle of various brands of food, it is hard to imagine the amount of famine being suffered in other parts of the world. Growing food on the large farms has become big business as the small farmer is being challenged by low prices for his crops and high costs to grow them. Each year is a risk for a successful crop where too little or too much rain can ruin a crop. Growing conditions have had some large swings in temperatures and moisture and many small farmers have been forced out of business. I have warned My faithful for many years to have some food stored and rotated for the time of famine and forced chips in the hand. I will multiply what little you have so you can depend on Me instead of on man. Trust in My words of protection at My refuges where My angels will provide for all of your needs."

Wednesday, September 3, 2003: (St. Pope Gregory the Great)

Jesus said: "My people, when you look at My creation, there is no chaos, but it is completely in order. All of your scientists have no explanation for the order in the universe because many do not want to accept that I am the author of creation and all of life. The piano in the vision is to show you that creation is like an orchestra where everything interacts to make beautiful music. You can even hear beauty in the sounds of nature. You hear the birds chirping their songs. You hear babbling brooks as the water flows over the rocks. You hear the rustle of leaves on the trees. It is no small wonder how I have instilled music in your own composers. Man's song of praise to Me joins with all of the angels and saints who sing My praises constantly. If you could hear the music of heaven, it would bring you peace and not the discord of your modern music. With order in the universe it is time for man to see how he must be in obedience to My laws. You have been given free will, but you are listening more to the evil of Satan than following My Will."

Repent of your sins and put your life more in harmony with praising and obeying Me."

Jesus said: "My people, I am showing the care you take in constructing a road as an example for how you can prepare your path to heaven. You have seen the men prepare the road for all your piped utilities and storm sewers. Then after removing the old road bed they start with various grades of stone and cover that with either concrete or several layers of asphalt. They smooth out the last layer and put lane markers down. Your road to heaven also requires some spiritual preparations. Your first thought concerns love of Me, or agape love and love of Me in your neighbor or filial love. This craving to be with Me in heaven should be your soul's ultimate desire. The second need is a gift of faith that teaches you how to live a Christian life in obeying My Will and My Commandments. The third need is a desire to keep your soul pure by frequent Confession and a need for the forgiveness of your sins. You know My Commandments and when you violate them, you need to be sorry for offending Me. Trust in Me for I am merciful in forgiving your sins and you can come to Me anytime. An ongoing fourth need is to keep in touch with the One you love in Me by daily prayer. By following these preparations for walking your path to heaven, My gates will be opened to My faithful servant. Submit your life to Me in your daily consecration and you will inherit My peace and love in eternal life with Me."

Thursday, September 4, 2003:

Jesus said: "My people, I used a miracle in today's reading to show St. Peter that I had a special mission for him that was more about catching souls than catching fish. This boat on the altar is to represent My call to everyone of My faithful that you should be catchers of souls as well. This reading (Luke 5:5-11) of today was when I called St. Peter to follow Me. Again I reinforced this theme of catching fish after My Resurrection (John 21:1-14) when My disciples needed strengthening to carry on My mission without My physical presence. Again I called St. Peter to feed My lambs as he was remorseful for denying Me three times. Each miracle amazed St. Peter at the number of fish caught and helped him understand that he would be a 'fisher of men'. Again I am using this vision of the boat as an example to each of My disciples of today that you have to be bold in faith to reach out in saving souls for Me. Do not think that you can leave this job of evangelization to someone else out of convenience, but all of you are responsible for the souls around you in life. You have family at your house, relatives, friends and workers whom you can influence by your actions and words to come to know and love Me. At your judgment I will call you for an accounting of your time and ask you how successful you were in your evangelization attempts."

Thursday, September 4, 2003:

Prayer Group:

Jesus said: "My people, there are those among you who have taken it upon themselves to strip your churches of all statues and crucifixes. Before your churches are totally taken over, you can still strive to have your statues and crucifixes returned to the altar. It is a select few that usually force these issues. Just as you have seen protestors try to protect the public display of the Ten Commandments, so My faithful remnant must speak up and take back your churches in putting back your statues and crucifixes. Stand up now or the evil ones will be forcing you out of My churches."

Jesus said: "My people, some presidential issues for the next election are focusing on the missing jobs, deficits, and how to deal with Iraq and Afghanistan. The several millions of manufacturing job losses are affecting your economy as the effects of a free trade policy have taken their toll. Without enough good paying jobs, many of your taxes collected are less, which threatens many state and local governments. The recession has never really been addressed except by tax cuts, which are causing more deficits. Pray that your representatives will put your country back on the right track to fiscally sound budgets."

Jesus said: "My people, you have had to suffer some inconveniences with power outages, floods, and wind damage from your storms. Some of your problems have been self-imposed, while others have come as punishment for your sins. All of these things have affected your economy adversely and you are seeing it in insurance premium hikes, your job losses, and a sluggish economy. Many have tried to put a good face on your problems, but your government and media are not telling you the truth. Pray for the conversion of sinners in America or things will only worsen."

Jesus said: "My people, many of your diseases have been man-made so your pharmaceutical industries could benefit for recent cures that are expensive. Look at the cost of AIDS drugs and drugs for cancer and you will see who is making money at other people's expense. Some have expressed a need for cheap drugs for seniors and for people in poor countries. Because Americans can afford good doctors, you do not realize why many third world countries are seeing more deaths from diseases. Send medical aid to help these poor countries and see how much prayer is needed for the sick of the world."

Jesus said: "My people, you know My view against the death penalty because it is I who should decide when it is time for you to die. Even though many want vengeance for those who have killed others, it is still My place for such judgments. Each soul has to answer to Me for killing someone, but your laws are more focused on your death culture than on justice. Man's justice needs to be tempered with My justice which is more forgiving. I have mercy on killers and even those who abort their babies. Seek My forgiveness and I will give rest to your soul."

Jesus said: "My people, because of the high costs of fuels

and blackouts, your energy plan is coming under great scrutiny for reliability, cost and how it affects your environment. These issues have been put off for some time, but now another crisis is demanding a better solution. Take care to provide only for your necessities instead of adding to your demand for more wasteful power that will test your available resources."

Jesus said: "My people, as you look at many poor countries around the world, you should realize how war is making more people starve and dependent on others for food. It is impossible for America to provide for rebuilding all the countries that you have brought war on. Now is the time to see why war is not the solution, but only causes more problems and deaths. The next time that you want to go to war, think of all the problems that you are asking for as in Iraq and Afghanistan. Better to have peace and help others than to have constant wars."

Friday, September 5, 2003:

Jesus said: "My people, a new school season has begun and every child is being readied for their new classes in the next grade. As you focus now on your children's secular education, be aware that their spiritual education is even more important for their souls. Your education in your spiritual life should keep up with the level of learning in your secular skills. Just learning your prayers is only a part of your faith. A child needs to be taught about how much I love them and how much I want them to love Me in return. You should be looking out for their spiritual welfare in the friends they keep and the influences of movies and TV. Even the books they read should be scrutinized for content and parents should complain about books teaching New Age or occult things as Harry Potter. These young minds can easily be influenced and they need your daily attention in their learning process. Your responsibility is to assist these little souls to heaven and this should be one of your highest priorities. Other things in your life should not interfere with this teaching of the faith. At the judgment your teaching of the faith to your children will have an accounting. See to your plans now that you are bringing your children up in the faith to the best of your ability."

Jesus said: "My people, these people walking around in a circle represent those people taken up with witchcraft and the occult. The whirlwind is the power of evil being unleashed by their calling on the occult demons to come forth. This power of evil, once invoked, holds these souls in captivity of their sins. This same power of corruption from addictions to drugs or alcohol, and from the desires of fame and riches, also holds many in captivity of their pleasures. Others are captive to the passions of the body. Do not let anything hold you captive in place of Me. All of these things of the world are all temporary. Only I am eternal and I offer you eternal life in heaven. Do not let these things or people become idols before Me. I am your Creator and you were created to give witness to My greater glory. Place Me as your top priority in this life and you will be well prepared to receive Me in the next life. You are always in conflict with the body's desires and your soul's desires. Train

your body to follow My Will and your body will be in harmony with your soul."

Saturday, September 6, 2003:

Jesus said: "My people, I have given you several messages about alcohol abuse because it is such a pervasive problem. Adults have caused the most destruction in their lives and those around them, but it all starts from a bad influence in their youth. It is easier to help correct teenagers from going on binges than it is later on once an alcoholic has developed a long standing problem. The most difficult problem is for the alcoholic to recognize that they have a problem and need to seek help. That is why it is so important that you watch your children and their habits to discourage early age drinking. Even be careful with their friends and discourage your children from going with alcoholic drinkers. This alcohol abuse so damages your brain and your body with this craving that most lives are ruined and jobs are lost. So by discouraging drinking in their youth, this will help your children to live fruitful lives. Remember that I have taught you to not let anything control you nor take your focus off of Me. Hold tight to Me in your daily prayer and with Me you can overcome any problem, even such drinking addictions."

Jesus said: "My people, I have asked My remnant to arm yourselves with spiritual weapons of holy water, blessed Benedictine crucifixes, rosaries, and My Blessed Mother's scapulars and medals. All of these blessed sacramentals are your protection from the evil ones. Do not take up physical weapons to fight because I do not want you to kill each other. You will be fighting principalities and powers with My help in this spiritual battle of good and evil. The evil ones will appear to be in power, but My faithful will find total protection at My refuges. At the places of My luminous crosses, Satan and all of his cohorts will be overpowered by My angels. They will never conquer My remnant. Just when all will seem lost, then I will bring My Triumph over the Antichrist and all the evil ones will be driven off of the earth and chained in hell. I will renew the earth and an Era of Peace will reign for the reward of My faithful. So do not fear the evil ones because their power will not touch your soul. Have hope in your present dark hour and know that My victory will set you free of all evil."

Sunday, September 7, 2003:

Jesus said: "My people, what you are seeing before your eyes is a breakdown in the formal structure of My Church. For many years you have seen a planned decrease in the number of priests and a turning away of many candidates at the seminary because they were too traditional. The next stage of your destruction is the replacement of priests by women ministers. It is the priest's responsibility to shepherd his flock and not to shirk his job in giving it over to women who are not even ordained. This is the beginning of an erosion of the Mass when priests are not available or willing to do their job. The undermining of the priesthood has been planned by masons inside My Church as well as

removing of the traditions as statues and crucifixes. The attack on My sacraments is most obvious against My Blessed Sacrament where the Real Presence is rarely taught and respected. Once the Consecration words are changed, you should leave that church because that Communion is invalid. You will soon have to have Masses in the homes and that is the wine bottle's purpose in the vision. Good priests will become so difficult to find that you will need spiritual communion at your prayer meetings. Then your persecutors will be so great that you will need to go to My refuges for protection from the evil ones. This suffering will be brief as I will soon come to vanquish these evil ones and purify the world. Do not despair in this attempt to destroy My Church, but trust in My coming victory for your reward."

Monday, September 8, 2003: (Birthday of Mary)

Jesus said: "My people, I want you to be more reverent at Mass in My honor. Some people walk in late to church, but you are on time to your other secular engagements. In the same manner some are quick to leave Mass before it is over. Especially for those, who only come to Mass for one hour on Sunday, it would be most loving for you to give Me My time out of your busy schedules. Be kind to Me and the priest serving Mass that you do not disturb him by a late arrival or an early departure. Even after Mass instead of talking so much in front of My Blessed Sacrament, it would be more reverent to keep your voice subdued. It also would be more fitting that you could spend a few moments in thanksgiving to Me while I am still with you after Communion. If you truly love Me, you would do these requests out of respect for your Lord and Master. Even when you receive Me in Holy Communion, make sure that you are not in mortal sin so you do not commit a sin of sacrilege by receiving Me unworthily. By frequent Confession you will be more worthy to receive Me."

Jesus said: "My people, the coming of the Antichrist will be a complete mockery of Me in My Second Coming and even in My Adoration. The Antichrist will claim he is the Christ and even greater than Me, but he is the father of lies. He will claim to be a man of peace in mocking My peace. He will use seeming miracles and magic to try and deceive people into worshipping him. This vision of a black monstrosity housing an image of the beast is a new revelation to you how he will even mock My Adoration of My Blessed Sacrament. I have told you how the evil ones will strip your churches and discourage My Adoration as they will bring New Age symbols and gods and goddesses in place of My statues. They are hiding My Blessed Sacrament to bring about the abomination of desolation by worshipping the image of the beast on your altars. This black monstrosity to enthrone this evil image will be the ultimate worship of Satan. Leave these evil churches at once as you will soon have to seek protection at My refuges of My Blessed Mother's apparition sites, places of holy ground and even caves. This evil reign will be brief before My Triumph and that of My Blessed Mother will cast these evil ones into the burning flames of hell. My faithful will then enjoy My Era of Peace on earth."

Tuesday, September 9, 2003:

Jesus said: "My people, death may come to your body, but your spirit in the soul lives on forever. Even though your body may be buried in the ground, you will one day be resurrected with a glorified body at the final judgment. I have gone before you and My death on the cross has ransomed all souls from their sins. It will be each soul who chooses to accept Me as their Savior that will be resurrected to heaven. Those, who choose not to accept Me as Savior, will rot in an ugly looking body in hell forever. I offer you a life in the spirit in heaven instead of remaining dead in your spirit, captive of your sins. With grace in your soul you are alive and seeking to be with Me. You can have grace in your soul by having contrition for your sins at Confession. Then your sins will be forgiven and My Light will enter your soul again. Sin holds you down in your weaknesses, but My grace of Confession releases you from your bonds and you are free again as at your Baptism. By frequent Confession, you can keep renewing your soul's life. This is how you can have your soul ready for judgment by being pure in your souls as much as possible. My grace is always available to you in My sacraments, so do not be lazy, but take advantage of this opportunity to always be close to Me. There is no excuse not to be saved in My grace. Only those, who desire the worldly things before Me, will be those among the living dead."

Jesus said: "My people, the reason, that I have shown these leaves for a long time, is that man takes creation for granted and he thinks that he can do anything he pleases. Remember that everything that I created was already perfect and was in complete balance with nature. Now, man thinks he is smarter than I am and you have adulterated your food in both the plants and animals. I have given you everything for food and you were to subdue the earth. But man has listened to the devil and his pride in ruining the perfection that I gave you by hybrid seeds and changes in the DNA of animals. Man has even killed his own kind in abortion, killings, and wars. The chaos that you have created in nature is now reflected in the natural disasters around you. Your man-made diseases to control the population are another disaster that you have brought on yourselves. Man needs to undo so much damage that you have done in pollution and deforestation. If you continue to abuse the resources that I have given you, I will have to intervene to renew the earth from all of your damage. Leave nature the way that I intended it and eat naturally for better health. Do not take My creation for granted, but see that everything was perfectly balanced if you look close enough to see it."

Wednesday, September 10, 2003:

Jesus said: "My people, even though there are not many water mills still working, there are several beautiful thoughts in this vision. The constant flow of water that fills the paddles and empties at the bottom reminds you of My endless graces that are poured over your souls every time that you come to Confession. Your sins are forgiven and your souls are filled up with My grace

as you are made pure again. The wheat is gathered up and separated from the chaff and the weeds. Again it is like the judgment day when the good people will be separated from the bad people. The grinding of wheat into flour gives you the grain needed for making the bread. Even I have likened My followers to the yeast that helps the bread rise and have its shape. The unleavened bread is the bread of haste of the Exodus that is linked to My heavenly manna that I give you in Holy Communion. I am the Bread of Life in the consecrated Host where you are blessed with My Real Presence in My Body and Blood. Even the rich, symbolized in the owner of the mill, is sharing his gift to help grind the gleaned wheat of the poor so they have something to eat. All of these beautiful images are combined in this vision of the water mill so you can appreciate how all of My gifts are intermingled in your everyday lives."

Jesus said: "My people, knowledge of the faith is needed, but it cannot compromise simple faith and humility. The clergy are schooled and dedicated to preserving the faith and guarding the Church against any false teaching or heresies. You need your Church hierarchy to lead My lambs as good shepherds. There is a danger in being too learned that some let their fame and knowledge go to their heads in flaunting their authority in a prideful and demeaning manner. Faith has to be tempered in love and humility and where this is missing, authority can abuse their power for selfish interests. I speak to My people through the Bible, the Magisterium of My Church, and even through various proper apparitions and locutions. This private revelation is an enhancement of the faith and not an addition to the deposit of faith. It is the proper place for My Church to investigate the authenticity and proper teaching of this revelation. The faithful are encouraged to believe only those things that have not been condemned by My Church. I have given My people a gift of this teaching and prophesy throughout all of the ages. So in your practicing of your faith focus on My love and be humble in sharing your faith with others."

Thursday, September 11, 2003:

Jesus said: "My people, My heart of mercy reaches out to all sinners, no matter how grievous their sins are. Remember that the more that is forgiven, the deeper will be the gratitude of that sinner. You have an unimaginable example in My forgiveness of everyone. Even those sinners, who refuse to repent of their sins, are loved by Me. All sinners have My mercy, but they still will face My justice in accounting for their actions and have to make reparation for their sins. For man it is much more difficult to forgive your enemies, yet in My call for your perfection that is My request of all of you. If you want others to forgive you, then you must be willing to forgive those who have wronged you. The more you are willing to forgive, the more grace you will gain in heaven. So do not harbor grudges and bitterness toward anyone because your soul will never have full peace. You will find My peace when you are open to My grace in loving everyone and forgiving everyone. If you are having troubles in letting go of any revenge, then call on Me in prayer

to release you from any hate because of an injustice. Working toward your perfection means that you will try to love everyone, even your enemies."

Thursday, September 11, 2003:

Prayer Group:

Jesus said: "My people, the one world people are using the United Nations as a vehicle to control many nations through loan debts and UN occupation troops. In many wars it has been UN Resolutions that have directed sanctions and troop movements. Even though the US won the war in Iraq, you are now looking for financial and troop help to build Iraq to a self-sufficient country again. Remember that the UN will also assist the Antichrist in his coming takeover. Pray for My peace and not that of the one world bankers."

Jesus said: "My people, this unprecedented attack on the U.S. killed many people in the planes and the buildings. Security from such attacks has taken on a new look from your government and will cause much money to be spent on wars and homeland defense. Rebuilding has begun, but there is still an unsettled feeling toward the radical Islamists who have perpetrated these deeds. Loving your enemies in today's Gospel is very difficult in the face of so much killing. Yet, wars will not make things better as you have seen in Afghanistan and Iraq. Pray for peace and to settle the unrest in Israel."

Jesus said: "My people, My Blessed Mother's Immaculate Conception is the patron of your country. You should look to My Blessed Mother as your hope in praying her rosary for a curing of the decadence in your country. Pray to stop your abortions, living together, and a cure for all of your homosexual problems."

Jesus said: "My people, as the light at night shortens, you are feeling cooler nights and even reports of snow at higher elevations are in your news. Last year you were tested in the Northern states with heavy snow and various ice storms. You will suffer more of the same as continual natural disasters will test your country. With elevated fuel costs, a harsh winter could be very expensive for everyone. More testing in power outages will add to your woes from the weather. Your financial problems, wars, and disasters, as I told you, will bring you to your knees. Be prepared spiritually in prayer for your wealth will be dissipating."

Jesus said: "My people, many people have been buying new cars and new homes because of the low interest rates. Now, these new owners are becoming more concerned with their finances to provide the necessities with lower paying jobs and fewer high paying jobs. People are realizing that the loss of jobs in the U.S. is taking its toll on people's ability to pay for all of

their recent purchases. Your standard of living is decreasing as your nation's manufacturing is dying. Your decadence will drag your nation down in its sin because of your changes in the laws to accept abortion and homosexual activity."

Jesus said: "My people, your fires this year were many, but not as severe as last year. These fires are spreading in many parts of the world. More disturbing is the regularity of these fire seasons year after year. Changes in your weather patterns have caused more droughts and heat records are being set in many places. See this test of flame as another scourge of the end times and another chastisement for your sins."

Jesus said: "My people, as the one world people move you closer to the time of tribulation, you will see large monuments erected to worship in place of Me. These abominations are similar to other eras and civilizations that were destroyed because of their evil nature. When you see such monuments, it will be a sign to you that the reign of the Antichrist is close. Pray, My people, for My help to strengthen you in the end days. I will protect you at My refuges, but your faith in Me will be tested."

Friday, September 12, 2003: (Ralph, Patsy's father's funeral)

Jesus said: "My people, at every funeral you are more aware that everyone must die and meet Me face to face at your judgment. Many are so taken up with your everyday tasks that you forget one day this will all be over for you. You are here to know, love and serve Me and not just yourself. Your life is not your own as you heard in the Gospel because you belong to Me. You are only given a short time to share with those around you until I choose to call you home at My Will. Funerals should be a wake-up call to everyone in attendance that you should be preparing for your death that could come at any time. When you come before Me at death, there are three destinations-heaven, purgatory, and hell. Everyone speaks of the deceased as going to heaven, but very few have the merits and suffering to come directly to heaven. More than you want to know go to hell and the rest require various times of purgation in purgatory in reparation for their sins. By daily prayer, following My Will, and frequent Confession, you can be prepared every day to die. As one of My faithful, you are not prepared to live until you are prepared to die."

(Fr. Buchi, Louisa Piccareta talk) Jesus said: "My people, this vision of My suffering during My Crucifixion is an example to you of how much I suffered for each of your sins. Some are called to suffer greatly for the sins of others and you call them 'suffering servants'. All suffering can be offered for redemptive healing in the spiritual conversion of those you are

praying for. This does not have to be great suffering, but it can be the little annoyances and temptations that you suffer every day. When you consecrate everything up to Me in your morning offering, you can offer up all of your troubles and frustrations that you are enduring. You all must suffer as I did during life, but do not complain of your discomforts and turn them into graces by your peaceful acceptance of what I am sending you. I love you all unconditionally and I want you to love Me in return as purely as you can. Those, who love Me so much at Adoration, are My special lovers who have a deep appreciation of My gift of Myself to all of you. I want you to be like the one healed leper who returned to give Me thanks for being cured. Give Me thanks each day for your opportunity to share your life with Me intimately in Holy Communion and at Adoration of My Sacred Host. Those, who visit My Blessed Sacrament often, will be given extra graces how to work toward following My Divine Will. Give praise and glory to your Lord every day and give thanks to Me for all the graces and gifts that I bestow upon you. Take up your daily cross and follow Me."

Saturday, September 13, 2003:

Jesus said: "My people, these different wrist watches represent how each person goes about their tasks at various speeds. It is not right for you to be critical of someone who is slower than you are on the road for example. Everyone has different talents and skill levels. Some are slow learners and may never be able to handle college courses. Do not be critical of someone who may have less talents or is not as smart as you are. Others, who are smarter than you, may also treat you as lower than them. It does not matter how many talents you have because you are all persons that I love equally and you should love everyone. Even in a spiritual way there are some souls holier than others or at various stages of grace or faith levels. If you have been granted more, more will be expected of you. Again, do not look down on someone or be critical because they have less faith than you do. There are always the saints who are holier than you are and you should strive to be more perfect in your love for Me and your neighbor. Each person will come to Me for an accounting of their actions at the judgment, so do not waste your talents as the one who buried his master's money. No matter how great or little you are in your talents, you are to use them to the best of your ability for My greater glory. Those, who follow My Will, will be welcomed into their eternal reward in heaven."

Jesus said: "My people, I have told you that you will see great destruction from continuous natural disasters one after

the other. You have seen tornadoes earlier, hurricanes now, and future snow storms. Now, you are seeing in a vision a massive eruption along with earthquakes that will devastate large areas of land with ash and soot. I have told you how many demons would be released from hell to torment the people during the tribulation. Now, I am showing you that they will be released through these massive volcanic eruptions. During the tribulation you will have to call on My help so I can protect you at My refuges from all of the evil people and the evil demons. You cannot face this alone, so you will need your guardian angels and the angels of the refuge to defend you. When you see repeated volcanic eruptions, know that the demons are being released to test you. It is only by testing your faith that I will really see how sincere you are in loving Me."

Sunday, September 14, 2003: (Triumph of the Cross)

Jesus said: "My people, I want you to focus on My Triumph of the Cross because I conquered sin and death with My sacrifice. Lifting the cross is symbolic, but then where are My crucifixes in your churches? It was My gift of My Body and Blood that won your salvation. It is My suffering that should be an example for your suffering on earth. My Resurrection is a foreshadowing of your own resurrection of My faithful, but I did not resurrect from the cross. When Moses raised the bronze serpent, the people were healed of their snake bites. When you look upon My crucifix and go to Confession, you are healed of the bonds of your sins. Many of My servants, who have healing gifts, pray over My people with My crucifix and even relics of My true cross. I have told you, that at My refuges of My Blessed Mother's apparition sites and places of holy ground, you will see luminous crosses in the sky during the whole of the tribulation. Those, who look upon this cross will be healed of all sickness and disease. So give praise and thanks to your Lord for offering My death on the cross for all of your sins. Without My sacrifice you would not have been able to enter heaven. That is how valuable this sacrifice is and why you should be so grateful in celebrating My Triumph of the Cross."

Monday, September 15, 2003: (Our Lady of Sorrows)

Jesus said: "My people, My Blessed Mother had to endure all the anguish and pain of watching Me cruelly crucified in her presence. For a mother it is difficult to see her son so disfigured and killed, but she knew that this was My purpose for becoming a man in order to suffer for the sins of all of mankind. My Blessed Mother was faithful to Me to her dying breath, and she was a model of how to endure suffering as I am. All of My saints had to suffer, even My Blessed Mother. This is

one experience in mankind that comes with your human condition and your frail bodies. You may have to suffer the loss of a loved one, even one of your children. So pray to My Blessed Mother and she can give you consolation in your grief as she had to suffer."

Jesus said: "My people, this evil world is becoming more decadent in your abuse of life in abortion, wars, and manipulation of life in artificial conception. As the evil ones will have their brief reign, they will test your faith in attempting to make you follow the Antichrist. They will try and force the chip in the body to control your buying and selling. They will also try to force you to worship the image of the beast or lose everything. Do not take the chip in the hand and do not worship the beast. At the time of tribulation depend on Me for everything by calling on Me and My angels will lead you to My places of refuge where the angel will protect you and feed you My Eucharist. This refuge will be a place to protect you both physically and spiritually. You will not have to suffer long at My refuges before you will see Me come in Triumph with My fiery comet of chastisement that will eventually vanquish all the evil ones and cast them into hell. I will renew the earth and you will share in My Divine Will while you are living in My Era of Peace."

Tuesday, September 16, 2003: (Hurricane Isabel)

Jesus said: "My people, many are making preparations for your latest hurricane that is forecast for the East coast. It would be better that you had the same vigor to make spiritual preparations for the battle of evil going on right now. There are two elements to this message on the storm. The first element is that you pray and depend on Me to protect you from harm and that little life will be endangered. Man thinks that his own preparations will save him, but large storms are more overwhelming. Damage can be repaired, but lives cannot be replaced. The second element of this vision is that many of these natural disasters are sent to test your faith and as a chastisement for sin. When everything is calm and going well, you become lax in your spiritual life. When you are tested with serious disasters, then you need My help which you can have at any time by reaching out to Me in prayer by faith. Your sins as a nation are many and your laws and actions are mocking My Ten Commandments. I have many ways to bring you to your knees for your disregard for My laws. One is to take away your blessings and let these storms test you. Be prepared because you will see many such disasters to dislodge you from your spiritual complacency and apathy."

Jesus said: "My people, I call you to visit and help the

sick, feed the hungry, clothe the naked, give shelter to the homeless, and comfort those in mourning. When you do good works, do them spontaneously out of love without worry about criticism or the money you may donate. The desire to help someone in need should come from the heart as you see the value in every human life. Because someone is poor or incapacitated, it should not discourage you from helping that person. When you give of your worldly treasure to the poor, you are assured of heavenly treasure because they are not capable of paying you back. I have died for your sins and I know that you cannot pay Me back for your salvation, but I ask you to love Me and have faith in Me as your way of thanking Me for all the gifts that I have given you. This wealth of grace in your faith also needs to be shared with the poor in spirit and those lukewarm in the faith. By your loving example of life, you will be witnesses to My Word in your actions to others. Let people see that you are doing things out of love for your neighbor instead of out of selfish desire for money. When people see that you are not doing things for your own gain, they will understand your sincerity in faith and see your love of God in loving others."

Wednesday, September 17, 2003:

Jesus said: "My people, the schism in My Church in America is closer than you think as plans are being implemented daily for a separation from Rome. You have had many changes in your churches, but many do not realize how advanced the undermining of My Church has proceeded. This vision of an underground church is where My faithful remnant will be going as your present churches will be taken over by the schismatic church. The New Age mentality will take over these evil churches and they will not respect My laws against the sexual sins. Now is the time to have some preparations for home Masses and even your prayer groups may have to be in secret places as the authorities will be seeking to imprison believers in God. The time before seeking My refuges of protection draws closer with each loss of your freedoms to worship Me. My people of America will soon be knocked out of your complacency and you will have to stand up for your beliefs."

Jesus said: "My people, many dramatic preparations have been made for this impending hurricane. Ships have been put out to sea to protect them. Many emergencies have been declared before any damage has occurred. Many on the shores have been evacuated inland. The scope and width of the storm, while beautiful, has potential for much damage. This storm will pass in a few days and life will return to normal. The media are good for giving enough warning, but some still remain to weather the storm. This storm is another example of how few storms are

missing you and now you are faced with a potentially damaging storm on the East coast. It is a test for your people to endure, but many times you see love of neighbor come out to help people in disasters. Pray for My help to endure this storm, and look to observe how people will react to this situation. Be ready to reach out and help those in need."

Thursday, September 18, 2003:

Jesus said: "My people, today's Gospel is about seeking forgiveness by faith and love of Me. This broom in the vision is how some see their sins as just a trite thing without realizing how dangerous sin is to their spiritual lives. The deep abyss represents the hell that you risk in not asking for My forgiveness. You are quick to judge others' sin and you are even scandalized when they come close to you. Yet, you do not want to admit the shame and guilt of your own sins as you rationalize them away to slight sins of no consequence. The pride of the pharisees is the same pride you could have in not thinking to perfect your own soul before judging others' sins. If you truly love Me, be humble in seeking the forgiveness of your sins. My mercy is abundant even for serious sins, but you must make the effort to show Me how sorry you are for having offended Me. As you seek My forgiveness, you must also be ready to forgive others who have wronged you. I forgave the woman in the Gospel because of her love and faith that I could heal her of her sins. All of My faithful should imitate this love and faith so you can be forgiven and share in My salvation of sinners from their sins. Come to frequent Confession and do not worry about those who criticize you. Your love and faith will be vindicated, but those unrepentant sinners will face this abyss of hell by their own lack of love and lack of admitting their sins."

Thursday, September 18, 2003:

Prayer Group:

Jesus said: "My people, this octagon shape is one of the New Age symbols that will be used to shape the new renovations in the churches. Many new churches are putting New Age and occult symbols hidden in the structure of these churches. These signs of a schismatic church can be found with round octagon shapes, no kneelers and no crucifix. The evil ones planning these designs are preparing the way for the schismatic church as your holy traditions will be completely removed. My faithful remnant will be called to an underground church to preserve My true Church. Pray for My protection and I will send you My angels to guard your souls."

Jesus said: "My people, this merry-go-round vision represents the spinning clouds of a hurricane. There are some suffering floods, destruction and power outages as a result of this storm coming ashore. Floods could be worsened in some areas that already have seen a lot of rain. Pray that everyone will continue to have access to their necessities."

Jesus said: "My people, many times you have seen temporary power outages. That is why I have encouraged you to prepare means for heating your house and sources of water. Electricity outages have come in various lengths of time from a day to weeks. Disasters and man-made manipulations can interrupt your power and complicate your lives. With My warnings you will be prepared for these occurrences. Again depend on Me for everything and I will provide for your needs."

Jesus said: "My people, there is a great cry for more housing for the growing millions of people to live. It is becoming harder to provide natural gas, water, and electricity to all of these new homes and the lost farmland makes it that much harder to feed these people as well. Your people need better planning to manage your land for food production and housing. You need to conserve the rate at which you are consuming the world's resources."

Jesus said: "My people, you think that you are lacking in some of your entertainment devices, but many poor of the world are fortunate to have supper, let alone shelter over their heads. You are spoiled in America by having everything at your finger tips. When you are tested with power outages, you see how rich you are compared to other nations. Give thanks to Me for your gifts and be willing to help each other in your needs."

Jesus said: "My people, this concept of harvesting the crops has many meanings. There is enough food for the world, but the largest problem is distribution to where it is needed. Food donations are sent to many countries, but the cost makes it hard to be equitable to all nations. I have asked you to feed the hungry, but many times you only think of food shelves in your own country. Various organizations send food abroad to nations at war or with disasters. It is hard for governments to help in this distribution of necessities. Do not forget to feed the poor in your donations." Jesus said: "My people, your computer and chip industries have given you much of your increased productivity. They have also made you dependent on these chips for your everyday necessities. The use of these chips to control people is of the most concern in the abuse of this power in the hands of a few. See where this control is directed by the one world people to give them global control. Be careful that you do not let chips so control you that you are their slave. Refuse the coming chips in the body or you will

allow them to control your mind. Depend on Me than these chips or the evil ones will hold you in their web of worldly idols and comforts."

Friday, September 19, 2003:

Jesus said: "My people, looking on the ocean bottom is like looking at the late history of man and his activities. This stores the remnants of sea battles and disastrous weather. Unfortunately, man has not learned the futility of war and he still repeats the mistakes of the past. Even in some confrontations, prayer and My use of natural storms brought about a just destruction of evil intended armaments. If man followed My laws, there would be peace and harmony. As it is man's destiny has been brought about by his own desires to follow his ways. I continue to admonish you in your bad habits and to call on My help to lead you to those ways to gain heaven. Consecrate yourselves to Me and your life will be a fulfillment of My plan for you."

Jesus said: "My people, the demons are lurking and prowling about the earth seeking to destroy every soul possible. They use all of your weaknesses to entice you into sin and many times you let them distract you from Me. They use your pride, your anger, your impatience, your desires of the flesh, and your idols of sports and money. If you know how they are going to attack you, then you should ask My help and be prepared to refuse to continue to fall victim to the same sins. You should avoid occasions of sin and be even more prepared when you are most vulnerable and weak to sin because the demons know when to attack you as well. Even if you should fall victim to sin, you can have your sins quickly forgiven in Confession. Do not despair in your sins and do not remain in your sins because you have My grace of the sacrament of Reconciliation or Penance to forgive them. The more you allow yourself to sin, the deeper you will come into sinful habits. So have your sins cleansed frequently and you will have peace in My grace that will overcome any of your trials. Spend more time loving Me and your neighbor and the demons will have a harder time to touch you."

Saturday, September 20, 2003:

Jesus said: "My people, I want you all to have the spiritual innocence of this little child because this is the purity of soul that you will need to enter heaven. It is difficult to keep your soul this pure because of your inherited weakness to sin, but My grace of purification awaits you in the mercy of My forgiveness in Confession. With My help and frequent Confession there is no excuse that you cannot have pure souls just like this young child. You are not asked now to die

for your faith as My martyrs have, but you must work to avoid sin and stay pure. It is true that all of the things of this world are as nothing compared to eternal life in heaven. That is the only reason a person would be willing to give up this life in martyrdom for a straight trip to heaven. Your love for Me should consume you to only follow My ways and not the ways of the world. With your daily consecration and offering of your sufferings to Me, you too can look forward to the day of coming to heaven with a pure, white soul as a bride for Me."

Jesus said: "My people, there are still deep seated resentments between the North and the South, even though this war happened over 140 years ago. These grudges and resentments never really go away, but they fester until the next war. Man learns little from the destruction of war, so you keep on repeating the same mistakes thinking you are going to resolve problems by war. The destruction and death of war only exacts its toll and causes more problems than when you started. Love is the only answer to keeping the peace and satisfying your soul in finding Me. So put any anger or grudges out of your minds so you can replace it with My love for you. Those, who are faithful to Me, will receive everlasting peace in heaven."

Sunday, September 21, 2003:

Jesus said: "My people, today's Gospel has two messages-one about My Resurrection and one about humility. I showed three of My apostles My Transfiguration as a preview of My Resurrection, but they still did not understand rising from the dead until after My Resurrection. Still further they did not understand that I purposely came on the earth to die in sacrifice for all of mankind's sins. It was the power of the Holy Spirit that gave them courage to go out and preach the Good News that My death has saved everyone who acknowledges Me. In order to be saved you must accept Me as Savior and seek My forgiveness of your sins. My coming Warning will affirm this same message to show you the way to heaven. The second message of humility is that in order to be great in My eyes, you need to serve the rest. Look at the saints that gave up everything to follow Me and many served their neighbors in their needs. When you come to Me with the faith of a little child, you are closest to heaven. Earthly fame and greatness are passing. You would much rather be holy and great in the eyes of heaven that lasts forever."

Monday, September 22, 2003: (Luke 4:14-22)

Jesus said: "My people, you remember how I read the Scripture of the coming of the Lamb of God to the people. I then sat down and I told the people that today this reading has

been fulfilled in your hearing. So it is with the readings in Scripture that have foretold of a time of end days and tribulation. You are seeing the beginnings of these things. There is coming a time and in some places it is more evident that you will see as in foreign lands an above ground schismatic church and an underground faithful remnant. A shadow of evil will be allowed to come over the earth as a test of your faith. My power and My angels will be available to protect you, but you must call on My help. The Israelites were defeated at the Babylonian exile because they had lost their faith and worshiped other gods. So America will also meet defeat because of your moral decadence and refusal to follow My laws. This same breakdown will occur in your churches as the New Age and occult influence will be allowed to take over. I have warned My faithful to then seek out faithful prayer groups and faithful Masses in the homes. When this spiritual darkness falls on you, you will then call on Me to have My guardian angels lead you to My refuges of protection. Your battle between good and evil will be very apparent. Never give up your faith in Me, even if you have to die for your faith. Those, who seek the devil's way, will be condemned, but those, who follow Me, will be saved."

Jesus said: "My people, in older days America had many manufacturing plants with little competition from other countries because of protective tariffs. People were satisfied with your own goods and prices were reasonable. Today, you have competition from many countries with cheap labor and your government is making little or no attempts to protect its home industries from unfair trade and artificially low prices. Just as people buy the cheapest product available, there is no thought to buy only American products. Even as your economy is struggling out of a recession, your industries have not recovered the lost jobs. Many people are being forced to take low paying jobs or nothing at all. This lowering of the average wage has occurred by international companies exporting their manufacturing jobs to other countries. America's economic power is slowly being drained away in war debts and deficit of trade imbalances to other countries. This is a planned destruction of America by the one world people and it is not happening by accident. Your fighting forces are being depleted with so many occupations in unnecessary wars that you cannot protect your own country from potential invading armies. Your moral decadence, national desire for wars trumped up by your media, and your affluent soft living has made America an easy target of destruction. When you are weak in your perverted sins, you will be weak in every facet of your lives. Your abortions, heterosexual and homosexual sins have left you with no blessings and a depraved society. It will take a miracle or My

intervention to stop your course to your demise. Bringing you to your knees by natural disasters is My way of trying to wake you up to your sins. If you do not repent and change your ways, then you will see your country fall as previous civilizations have been destroyed from within."

Tuesday, September 23, 2003:

Jesus said: "My people, are you listening to Me yet? Many people have been complacent and are not listening to My Word to repent of their sins. I have told you that I would get your attention through natural disasters one after the other. You have seen power outages from ice storms, blackouts, hurricanes, tornadoes and now flooding. Still you have not understood how it is your sins and your turning your back on My Commandments that have brought these chastisements against you. I am asking you to see that everything comes from Me and you should be giving Me thanks for My gifts. I love all of you so much and I give you free will to love Me in return because I do not force Myself upon you. There are only two destinations after this life-heaven or hell. So now is the time to decide to come to heaven by following My Will in your actions. Those, who ignore Me, will be on the road to hell and suffering for all eternity. So these storms are to wake you out of the distractions of this world and focus you on loving Me. When you choose Me, you choose life in heaven. When you choose the world and the devil, you choose death in hell."

Jesus said: "My people, if the priests talked more about the sexual sins and the need for Confession to confess mortal sin, there would be more understanding of people's sins and more would come to Confession. Both the man and the woman know in their hearts that they are committing serious sin when they commit adultery with someone else's wife or husband. They should also recognize serious sin when unmarried couples live together in fornication as well. Even homosexual acts by two men or two women are again serious mortal sins. Rather than put aside what is obviously going on all over, it would be better for those souls to be made aware of their mortal sins, even if they are embarrassed or resentful of accusations. Even married couples are committing serious sin using birth control devices or abusing their bodies to prevent conception. In marriage the marital act needs to be open to the possibility of conception. Some encourage natural family planning which is approved by My Church. I have told you before that it is the sins of the flesh that are sending more souls to hell because they are not repenting of their sins. Sinners know their sins and they are rationalizing the truth to deny their sinful acts. Everyone will have to make an accounting for their sins whether they

confess them or not. Ask My help in keeping away from these sins, but when you fall, you can still be forgiven and cleansed in the confessional."

Wednesday, September 24, 2003:

Jesus said: "My people, your churches are about to see some drastic changes that could shake your faith. I am giving you warning that preparations are being made to take out your traditional statues and crucifixes to make way for the statues and symbols of the New Age and the occult. If you cannot have these evil symbols removed, then it is time to go to another faithful church or Mass in the homes. These New Age symbols take on an evil influence of their own and you do not want to be in their presence. Those, promoting these New Age influences, will be very deceptive in their explanations, but remember that the evil ones are liars like the devil. The battle of good and evil is more evidence of the tribulation which stands at the door. When the evil ones will so control your churches, then My faithful remnant will need to go underground and eventually to My refuges. Pray now for My help so you are not deceived by the forked tongues of the evil ones who will even try to deceive My elect."

Jesus said: "My people, your productivity in your industries has increased at the expense of workers. Some lost jobs came from foreign competition and the recession. Other skilled factory jobs have been lost to robotic machinery which replaces workers and saves benefits and a salary. The object of many factories is to have the least number of employees for the most output of product parts. For a time there was great concern for taking care of every employee. Now workers are looked at as an expense that need to be cut back or replaced. American factories have become more efficient for production and also employ fewer workers. Cutting back on manufacturing jobs has lowered salaries, and people are not able to buy as much as they did before. This squeeze on labor has left many at the unemployment lines. You are watching the demise of your manufacturing industries because your plants have planned obsolescence built into them. Pray for your employers that they see fit to increase their workers instead of more robots. They need workers to buy their products, so they better start taking better care of their workers."

Thursday, September 25, 2003: (Karl Spicer's funeral)

Jesus said: "My people, this black veil represents the veil of death that every person must walk through to reach the next life. You have heard many beautiful tributes to Karl as he loved his family so much and they appreciated him also. I have

a deep love for Karl also as I do for everyone of My human family. As you all gather at his funeral, you are all here to celebrate his life with you as well. Karl suffered much in his latter days and he still needs your prayers to bring him his awaited crown for heaven. Do not forget him, but continue to remember him in your daily prayers."

Prayer Group:

Jesus said: "My people, today in America there are more people being affected by layoffs and hard times. Expenses are going up, yet few people are able to absorb these increases with little increase in wages. The cost of fuels has increased and taxes are rising at a faster rate than can be paid. This added financial stress has caused bankruptcies and even divorces. I have warned you that America's standard of living would decrease as recessions, layoffs and natural disasters would take their toll. Pray, My people, that you will accept your present difficulties because your sins have brought these burdens upon you. Until you repent of your sins these trials will only worsen."

Jesus said: "My people, before I came to offer Myself as the ultimate sacrifice, many people made burnt offerings of their crops and herds. I have offered My Body and Blood up as a sacrifice to atone for all the sins of mankind. You re-enact My sacrifice in an unbloody manner at every Mass. I have paid the ransom for your sins. All you have to do is call on Me in contrition for the forgiveness of your sins and your soul will be cleansed. You have more riches in My sacraments than you could ever obtain in money. Give thanks to your God who loves you so much to sacrifice His only Son."

Jesus said: "My people, look at your land and how it was handed down to you by the heritage of your forefathers who won your Democratic Republic. Many wars of independence had to be fought to give you your freedoms. Freedoms are earned and they do not come for free. Someone had to suffer to set you free. Be grateful for living in a beautiful country and work to protect your freedoms. Pray also for sinners to repent of their sins."

Jesus said: "My people, just as you feel embarrassed when you cannot take a shower, so you should also be embarrassed in your sins if you refuse to be cleansed in your soul. When you step out of the shower, you feel refreshed and clean with all the stench of your sweat washed away. In the same way you feel refreshed and clean in your soul as you step out of the confessional with all the stench of your sins removed. Give thanks to Me for the mercy I shine on you to have your sins forgiven."

Jesus said: "My people, think back into your childhood and

try to remember how you were taught the faith by your parents and by your teachers. Do you see the same level of faith being taught to your children today? If you are honest, you can see why the faith is so weak in the younger generation because they have not had the same opportunities that you had. You need to create a good learning environment to teach anything, especially faith in Me. Pray to have your children come to know Me in faith so they are not lost in the world."

Jesus said: "My people, this door to your heart is controlled by your free will. You can open the door and let Me be a part of your life, or you can keep the door closed in being selfish with your life. Those, who are open to My love, will see love spread in all of their deeds for their neighbor. Those, who are close minded, will see hate and selfishness in their lives. As you meet a person in life, it is not hard to recognize which people have open hearts to My love."

Jesus said: "My people, a poorly kept house is like a poorly kept soul. When you do not maintain your utility pipes, you start having leaks of gas and water, and you endanger the lives of those living in that home. In the same way for a soul if you do not maintain a holy life, sin can endanger the life of that soul. You make repairs in your lines to be safe, but you can also have your soul cleansed in Confession so your soul can be saved. Keep close to Me in prayer so you can maintain your holiness."

Friday, September 26, 2003: (Sts. Cosmas & Damien)

Jesus said: "My people, just as the early Christians had to suffer persecution from the Romans, so My faithful of today will have to suffer as the authorities will try to kill you as well. Many of My martyrs had to die because they were made examples to scare others. Those, who are openly witnessing My message of love, will be the most vulnerable to persecution and even possible martyrdom. Do not be afraid of those trying to kill you, but persevere in My mission even to the end. I will give extra grace for those enduring any suffering for My Gospel. Martyrs go straight to heaven, so be proud that you can give your life to spread My Word. Never deny your faith, even if your life is threatened. I have told you that many will die for Me in the end days, so be prepared to defend Me no matter what the evil ones will do to you. This battle of good and evil will become increasingly obvious to everyone. So you will have to choose between Me or the devil. Following Me in prayer is your only path to heaven."

Jesus said: "My people, this vision of a red pinwheel breaking through a blue barrier represents your government's abuse of the HAARP machine. This machine generates massive

microwave bursts that can be used to make weather more violent, cause earthquakes, cause power outages, and in combination with chem trails, it can cause diseases. By creating confusion and emergencies with man-made disasters, it would be easier to control people by fear and power losses. I have told you that you would face many disasters. Now, I am showing you that some of these disasters will be man-made by the one world people who desire global control. When man tries to manipulate disasters for his own gain, then you may disturb nature into things that you do not want to see. I have placed a delicate balance in nature and the more man upsets this harmony, the more trouble you could develop for yourselves. Pray that man will stop interfering with My plans for the earth or you could face some disastrous consequences."

Saturday, September 27, 2003:

Jesus said: "My people, it is important that you are always spiritually ready to die and face your judgment. If you go to frequent Confession, pray daily, and follow My Will, you will have nothing to worry about. When you prioritize your time for love of Me and love of neighbor, you are following My Will. When you use your talents to the best of your ability, you are following My plan for your life. These are the kernel of what I desire for each soul to be saved. It is not easy for Me to judge each soul because there is a constant struggle between My mercy and My justice. If a soul has the least glimmer of showing Me love or seeking My forgiveness, even before your last breath, I will allow that soul a low spot in purgatory. Do not give up hope or despair in your sins, but call on My mercy to forgive you, and I will cleanse your soul and set you on a path to heaven. Love Me and one another and your place with Me will be assured."

Sunday, September 28, 2003:

Jesus said: "My people, I call My priest sons, brothers, and nuns to help in spreading My Word to all people. There are also Christian ministers and many catechetical people teaching the children. I am also calling prophets and healers to speak and heal in My Name. Every person is called by Baptism and Confirmation to be an evangelist of My Word to sinners for conversion. To a few I share messages and visions for special missions to instruct My faithful in the faith. I never leave My people in the dark, but I am enlightening you of My Word even about the current events and the immorality of your society. There is a great need for conversion from sin. Many fallen away Catholics and others need to be brought to Me in faith again. Those, who are working to save souls in My Name, will

all receive their reward and should be left alone to do their work as in today's Gospel." (Mark 9:37-39) 'John said to him, "Master, we saw a man who was not one of our followers casting out devils in thy name, and we forbade him." But Jesus said, "Do not forbid him, because there is no one who shall work a miracle in My name, and forthwith be able to speak ill of Me. For he who is not against you is for you.'

Monday, September 29, 2003: (St. Michael, St. Gabriel, St. Raphael)

St. Michael said: "Praise be to God, I stand before the Lord in all of His splendor and I bring His message of love and protection to all of His human family. I am showing you this whirlwind because it represents how many of you are caught up in the events and distractions of the world. The angels of God are helping you to battle the demons, but when you turn to sin, it is hard to act on your behalf. It does not matter about our appearance because we are spirits, but if your eyes were open to see us, you would see a gleaming bright light given by God. My children of God, you must have more reverence for your Lord, especially as you receive Him in Holy Communion. Angels are giving praise to God before every consecrated Host. When you are praying every day for My help, I am at your side with your guardian angle protecting your soul. My Word today is reach out to be closer to God in your holiness. The things of the world are as nothing. Only your service to God and your love for God and neighbor are all that matters. Remember us constantly in your prayers and we will be shadowing your every action."

Jesus said: "My people, I am showing you this bull fight to represent the battle of good and evil that you face every day. Do not grow comfortable in your sin or think that you will not be tempted. You must be alert every hour of every day while you are awake because the evil beast is looking to attack you when you least expect it. He is constantly seeking the ruin of every soul. Do not think that I will leave you alone because you need My protection and that of My angels. You must realize that you cannot fight the devil by yourself only. His cunning can deceive you through your many weaknesses. You must pray to Me for protection of your soul and wear blessed sacramentals like rosaries, scapulars, Benedictine crosses, and miraculous medals. Use the weapons and your guardian angels that I have provided for you. Never let your pride allow you to think that you will not be attacked. Do not despair in your sin and weaknesses neither. With trust and hope in Me to lead you on your path to heaven, you can be assured of your being saved by My grace. When you are tested, call out My Name to bind the evil spirits to hell. You can call on My Blessed Mother's mantle of

protection in her rosary. Wearing her scapular in faith will always keep you close to our two hearts. Be thankful that you are armed with My love and My weapons to help you in your battle with evil every day. Then when I call you home, you will have fought the good fight and won the race for your place in heaven."

Tuesday, September 30, 2003:

Jesus said: "My people, many times you are quick to find fault in your neighbor and even some are like My apostles who wanted Me to call fire down on those who rejected Me. Your place is to be humble and not judge others as that is My responsibility. When you gossip or talk about others behind their back, you may be destroying that person's reputation. It is better to talk to someone directly and privately if you want to advise them of some problem. You may not know all the facts about a person's actions and are drawing the wrong conclusions. Remember that I asked you to love everyone, even those who may criticize you or reject you. Avoid calling people names in anger or disgust so you can be more Christian in your actions and speech. Pray more to have love in your heart in every situation so you can imitate My responses of love to others."

Jesus said: "My people, every soul faces a different path to the same goal in heaven. Each person must face their own trials. Some appear to suffer more than others, but each person is given sufficient grace to overcome their troubles. Do not think that one soul is suffering more than another because you do not know all that they have to deal with. Those, who suffer less stripes here in suffering, may have to suffer more in purgatory. My mercy and My justice are bestowed upon all souls in the measure that they call on Me. You may at times think it is impossible to carry on, but with My help all things are possible. Keep focused on Me and you will be able to overcome all of your earthly distractions. Have faith and trust in Me and you will find your heavenly reward. All of you are called to be saints and by My sacraments, your earthly sufferings, and even some purgatory, you will have eternal life with Me."
