

Friday, September 1, 2006:

Jesus said: "My people, last winter you were spared higher heating bills because of the warm winter. Given a more cooler winter this year, the flames in the vision of a gas burner means higher heating bills for northern homes. With fuel prices generally higher than previous years, a cold winter could also mean more demand, higher prices, and even shortages or power outages. Where possible, it would be wise to have some alternate fuels available. This corresponds with the wise virgins who bought enough oil for their lamps. The foolish virgins missed the bridegroom because they did not buy extra oil for their lamps. Now is the time also to have oil for your lamps should you have a power outage. Without power most heaters would not work either, so alternate wood burners or kerosene burners with fuel may be needed in reserve. Pray for My help in meeting any of your needs both financially and spiritually."

Jesus said: "My people, I know that you like to be entertained and have fun with your friends. Your own individual mission still is preparing My people for the end times. It is a very difficult task to tell people that evil times are coming, and your message will not be acceptable to many to hear. Some are too busy enjoying themselves in sin and worship of their fame, money, and possessions. Still it is necessary as I sent previous prophets to get the people to repent of their sins, and realize that the Antichrist of the tribulation is near to taking power. There are signs all around you which I have pointed out in the messages of the impending tribulation time. You much teach the people to be ready like the five wise virgins so you will have pure souls through frequent Confession. Trust in My power to protect you at My refuges. You will be up against demons and demon possessed people, so you will need help from My angels to defend you. Those, who trust in My Word will be saved, but those, who are foolish and are drowning in their earthly cares, will be lost to hell."

Saturday, September 2, 2006:

Jesus said: "My people, today's Gospel is a lesson in using the gifts or talents that I gave each of you. This is another way of saying whether or not you are fulfilling the mission that I have given you. Some people measure success in financial gain or how many possessions that you have. Such financial wealth could have come from inheritances or fraud, so appearances do not tell everything. I measure success in how you have loved Me and others, as well as how you have used your talents to help your family and charities. It is not about being selfish with your money either, so that you are supporting

My Church and helping the needy. It is also better that you do not brag about your wealth to those who have less than you do. This is another form of pride in showing off to others unnecessarily, and it could insult others as well. Remember what I told the rich man to sell all that he had and give it to the poor, and then follow Me. This is another way of consecrating everything to Me and being able to walk away from everything in coming to My refuges. Do not let wealth be a god or an idol for you, but instead store your real wealth spiritually in heaven with charity, love, and good deeds."

Jesus said: "My people, in the Scriptures (Matt. 24:22, Mark 13:20) I have promised you that I would shorten the time of the coming tribulation for the sake of My Elect. I will allow the evil ones a brief time of reign, but I will dictate the conditions and the length of that time. Time truly will be speeded up as in the vision where the physical day will be less than your 24 hours, and your year will be in combination with the same number of shortened days as 365 days per year. In addition to a shorter time, I will also allow My angels to protect My faithful at My refuges with miracles of protection. Even those, who may be martyred in this time, will have My angels protect their souls from the demons, and ease any pain that they will endure. So have no fear of these evil ones because they will have no power over My faithful ones. Have patience but a short time, and I will condemn this evil lot to hell, but My faithful will enjoy My Era of Peace and then heaven."

Sunday, September 3, 2006:

Jesus said: "My people, in the end times it will be My faithful remnant that will represent My true bride, while a schismatic church will split apart. Those, who keep My Commandments and love Me according to your traditions, will be My true followers. Those, who follow the New Age teachings, are worshiping idols and not Me, and they will be condemned. Before My bride can enter heaven, there needs to be a purification as mentioned in the Gospel. Some will be purified in the tribulation, and your soul will finish its purification in the Era of Peace as you focus on worshiping Me only. Be prepared for a reign of evil to come, but I and My angels will be at your side to protect your souls. All that you need to do is call on us in your needs, and we will be there for you."

Monday, September 4, 2006: (Labor Day)

Jesus said: "My people, helping the poor of the world is not always a welcome subject to those who have more than they need. There is a political problem dealing with those who hire

the Mexican immigrants for cheap wages, and those who feel their jobs are threatened or their taxes are raised to pay for the services of the immigrants. On the one side the immigrants are attracted to those who will give them jobs, but these employers are getting rich by not paying them a fair wage, and they are giving them little or no benefits. On the other side some complain they are violating immigration laws. This is another reason the one world people are trying to force National ID smart cards on all of your citizens, but all of these documents can be easily forged by those making money in trafficking immigrants for hire. I have asked My faithful to feed the hungry, and help the homeless, even when there are legal factors that are trying to discourage your generosity. Think with your heart in helping others, and do not be so worried about sacrificing some of your excess money. Every good deed that you perform, your Father sees in secret and He will reward you with treasure in heaven, which is more valuable than your earthly treasure."

Jesus said: "My people, this creation of Mine on earth has its glorious moments at dawn and sunset, as well as with beautiful mountains and stone architecture. When people have time on vacation, they can visit your beautiful National Parks with Redwood trees, geysers, canyons, and mountains. Even seeing the various wild animals gives you another look at nature and how man fits into the picture. All the plants and animals obey the laws of nature and fulfill what I designed them to be. This following of My plan for the balance of nature is one of the many lessons that man can learn from My creation. Understand your mission and your place in life, and you will know exactly what is expected of you both in your earthly life, and your spiritual life. Give praise, glory, and thanks to Me for all that I have put before you in this life. Show your appreciation for My creation by preserving what has been entrusted to you."

Tuesday, September 5, 2006:

Jesus said: "My people, in this vision I am showing you this glass canopy over you to give you a physical representation of how you are protected by My angels from the evil ones, even now in this present time. You are in a daily battle with evil that will only worsen as the tribulation time closes in about you. Those, who are faithful to Me, I will see to the protection of their souls. Some may torment you or persecute you, but they will not be able to influence your souls unless through your own free will. Keep close to Me in daily prayer as My angels stand beside you. You can count on this protection with My angels even into the tribulation when you will need My

grace to endure the coming power of evil. Know that My power is greater and the angels at My refuges will protect you even from physical harm. Call on My help at any time and you will be sent many angels of protection. Trust in My power so that you should never fear anything that the evil ones could do to you."

Jesus said: "My people, this circle of lights represents how all of your wars were created by the one world people by creating a dictator, and creating the war to solve it. The rich financed communism and it was the threat of a communist takeover of the world that caused war in Korea, Viet Nam, and the long cold war. The rich financed the Nazis as well that brought on World War I and II. They financed the dictator in Yugoslavia for the war there, and also the dictator in Iraq. They also have financed the terrorists as well in various Arab lands to cause a war against terrorism. Now, today, they are beating the war drums again for another war in Iran. The common element in all of these wars has been the behind the scenes funding of the latest dictators. Without constant war, there would be no need to spend the billions of dollars on your industrial-military complex which spends the largest part of your yearly budgets. The bottom line to having peace is to stop funding your war machine and stop secretly funding dictators to power. Prayer is the only answer to thwarting this evil in your world. Call on My help to put an end to all of the evil wars going on."

Wednesday, September 6, 2006:

Jesus said: "My people, you all have physical trash and spiritual trash that needs to be discarded. During the week you accumulate paper trash and garbage, just as you accumulate sins and earthly things that need to be cleansed. The garbage man empties your cans, but you need the priest in Confession to cleanse the sins from your soul. You accumulate many earthly possessions and earthly desires as well that eventually also need to be uprooted. Possessions can become gods or idols in themselves. You need to be able to detach yourself from the desire for earthly things so you can better put your complete focus on loving and serving Me. I am a jealous God and I do not want any gods or idols before Me. I have created everything and every creature for My own set purpose, so you need to follow My mission for fulfilling your purpose in life."

Jesus said: "My people, the cross with a corpus is a powerful sign of how much I love man that I would give up My life for all of you to be saved. I am with you on the cross both among the living and among the dead. You see My Body and Blood offered up at every Mass under the appearances of bread and wine. For those, who have died, you have My ransom of your sins where My sacrifice has opened the gates to heaven. In your

prayers continue to give Me thanks that I died for your sins. When you look on My cross, and eat My Body and drink My Blood, you will have eternal life in heaven. Trust in My words and keep your soul pure by frequent Confession. You have My words promising you eternal life in My Gospels by following My commandments and imitating My life of holiness. It is by 'Christ Crucified' that you are saved, so treasure My crucifix both in life and in death."

Thursday, September 7, 2006:

Jesus said: "My people, you know how important pictures are of your deceased loved ones for preserving their memories. Those, who have lived among you for many years, are a part of your life's fabric as your life mingled with theirs. Even more so you treasure pictures of Me and My saints who also lived among you, but we have brought a spiritual depth to your life as well. Pictures, icons, or statues recall the memories of our lives just as you hold the memories of your loved ones close to your heart. We are models of holiness for you to imitate and strive for heaven in your daily activities. We give you more purpose in your life to see your own mission in faith to know, love, and serve Me. The apostles left their boats and followed Me in their new calling. I call all of My faithful to follow Me as well in faith to be fishers of men and women in your evangelization efforts."

Prayer Group:

Jesus said: "My son, I have shown this vision before of the pitiable souls suffering in the flames of hell. These soul bodies are spirits, but they have taken on a hideous appearance for those allowed to see them. These souls will suffer a burning sensation forever in the stench of hell, and they will never see My face again. Your attempts to convert and save souls is to prevent souls from coming to this place of eternal torment. Everyone has been given the grace to know how to be saved according to My Scriptures in the Bible. You have a choice to follow Me to heaven out of love, or you can choose to reject Me and come to hell as a consequence. Choose life with Me while you are still alive on this earth."

Jesus said: "My people, this message is focused on saving souls and the vision of flowing water begins at Baptism when original sin is forgiven and you are joined into My Church. In your weakened state, you are vulnerable to sin, but I have instituted My sacrament of Reconciliation so your sins may be washed away in your soul. Frequent Confession is your best means to keep your soul pure and ready for whenever I will call you home. Do not let the devil lead you into spiritual laziness or complacency when it comes to keeping your soul pure."

Jesus said: "My people, the darkness surrounding this plane represents the evil means of security that will be demanded by your authorities. Soon only those with smart cards will be allowed on your airplanes. Those, who refuse to use this form of identification, will be refused entry. This will soon change to require chips in the body. It is better to refuse mind control chips in the body than accept the condemnation of this mark of the beast. Seek My refuges for your protection and your needs."

Jesus said: "My people, you are about to see a war of words over the right to make nuclear bombs which defies any non-proliferation treaties to limit these destructive weapons. You will see certain nations supporting Iran against America. If Iran continues making these weapons, you will have another North Korea that could threaten the peace in the Middle East. It will require continued prayers to prevent any more pre-emptive wars against nations like Iran. Your prayers for peace are needed now more than ever."

Jesus said: "My people, the nations of the Middle East are becoming an armed camp from all of the makers of modern missiles, bombs, planes, and ships. With so many arms in close proximity and vowed threats against Israel, it seems just a matter of time before you could see another conflict that could draw more nations into a World War. Be aware that such a World War would enable the Antichrist his opportunity to come on the scene as a man of peace. Trust in Me and I will restrain all of these evil ones from taking any further souls to hell."

Jesus said: "My people, for security reasons your government will be directed by the one world people to force smart cards on all of your citizens. These same authorities will then quickly demand mandatory chips in the body to avoid losing your smart cards. Refuse these microchips in your body even if they threaten to kill you. There is no reason to give anyone control over your mind, even if they manufacture a sense of fear for terrorism. Trust in My protection only for your soul's salvation."

Jesus said: "My people, I am showing you a vision of the luminous crosses that will appear above My places of refuge of My Blessed Mother's apparitions, places of holy ground, and caves of protection. Those, who look upon these crosses will be healed of any physical illnesses. These crosses will mark My refuges where My angels will miraculously protect all of the faithful who come to these safe havens. At these places you will be fed My heavenly Manna and you will have water, meat, and shelters as well. Have no fear of the coming tribulation because those who escape martyrdom will be protected even physically from all of the evil ones."

Friday, September 8, 2006: (Birthday of the Blessed Mother)

Jesus said: "My people, this vision is during the tribulation when the Antichrist will go around to various large stadiums to give talks to mesmerize the people into worshipping him. He will be televised to peoples all over the world so everyone could hear his message. This is another reason to get rid of all of your TVs and computer monitors so you do not see his face. He will have demonic powers of suggestion to take the mark of the beast and he will direct you to follow his directions from implanted microchips. I continue to warn My faithful to seek out My refuges by calling on Me to have your guardian angels lead you to the nearest place of protection at My Blessed Mother's places of apparition, places of holy ground, and caves. Under no pretenses should you take any microchips in the body because these chips could be abused to control your mind. You will see more and more advertising to encourage implants for medical, security, and buying and selling reasons. Refuse these chips even if your life is endangered. Even if they take away all of your money and possessions, seek My refuges and refuse these chip implants. All of My messages about these end times are being fulfilled. Read the signs in the disasters, wars, and control of the people, and you will see how close it is to the Antichrist's declaration of power."

Jesus said: "My people, I am showing you these nuns who are praying for those who need help with deliverance from evil attacks, and for the stoppage of war and killing going on in the Middle East. Some of the foolish worldly people think that they are wasting their time, but in fact prayer is your most powerful weapon against the evil ones at this time. Even My followers need to plan some time each day as if you were praying in a cloister where you can put out all of your earthly distractions. By personal prayer and your rosaries, you are battling against the evil ones who are very strong at this time. You cannot use physical weapons to fight the demons and demon inspired people, but you must call on My help and My angels through prayer to do battle for you. This is a spiritual battle and that is why you need your rosaries and your Benedictine blessed crosses as your spiritual weapons to defeat the demons. More people are becoming involved with the occult and more obsessions and possessions by the demons are occurring. Your priests are needed for exorcisms, but My followers can pray deliverance prayers as a group to defeat demonic attacks. Call on My Name to bind any evil spirits to the foot of My cross so they do not return to anyone. I do not leave you helpless, but you can call on Me and My angels in prayer and fasting anytime to drive out even demons in people today. You know the power of evil, but My

power is greater when you invoke it against evil spirits."

Saturday, September 9, 2006: (St. Peter Claver)

Jesus said: "My people, as you look out at these children, see that one of your most important tasks is to inspire love for Me in their hearts and souls. You can teach them best by the example of your own life of faith. Every soul craves the peace and rest that only I can satisfy in their souls. The creature is forever seeking to please its Creator and to fulfill the mission that they are called to accomplish. Love needs to be a focus in your lives, both love of Me and love of your neighbor. It is this love for everyone that inspires you to want to bring souls to Me so they can be saved. When young people see that you are on fire for love of Me, they will desire to be a part of the joy that you are witnessing. Teaching a love for Me in My Eucharist, and a desire for a prayerful life, is a goal to help every soul on their way to perfection. With My grace and blessings in Holy Communion you will be empowered to come closer to Me, and to see the need for My help in all that you do. A good prayer life will give young and old persons the strength to endure all the difficulties in life. Being an evangelist for Me is the best means to help bring souls to their salvation and joy with Me eventually in heaven. Pray for the conversion of souls every day."

Sunday, September 10, 2006:

Jesus said: "My people, you have heard My priest son ask you to give thanks for all of the gifts that you have received. At the Mass you are all joined in song and worship of Me as you are receiving the gift of friendship and love from each other. Most of all you are drawn to share in My Eucharist with Me and all the saints and angels. When you receive Me in Holy Communion, you are sharing an intimate relationship in My love as you experience My Real Presence in your soul. The tingling in your body is how your spirit is so elated to share in the joining of our spirits. This is a little taste of heaven that should draw you close to Me in a desire to be with Me forever in heaven. Even the first reading gives you a little taste of what it will be like in My coming Era of Peace. Rejoice in the gift of My Eucharist and the embracing of My love for you. It is great for you to be alive and loved as one of My creatures. You have many things to be thankful for, but the most important gift is Myself in your life. Treasure Me whenever you can receive Me or visit Me in My Blessed Sacrament. Your mission is to know, love, and serve Me, and by following My ways of perfection, you will one day be united as one with Me in heaven."

Monday, September 11, 2006:

Jesus said: "My people, the first step in any healing is that you need to be open in faith to receive My blessing. In other words, I need to get your spiritual attention before I can begin to heal any of your physical sicknesses. You need to believe that I can heal you in order to receive a healing. You need an openness in mind and spirit to let Me into your heart as well. When My faithful are evangelizing souls, you need to pray for each soul's spiritual healing before you can reach out for any physical healing. Even when you are preaching or giving talks in My Name, do not forget to share My spiritual messages to heal the soul. Warnings of preparation are important to alert My faithful to the times you are in, but remember that saving souls is your most important mission. Follow the prompting of the Holy Spirit in what you are to say and do not let any other distractions sway you from what you are to say. Always remember to pray to the Holy Spirit for help in delivering your message, and your words will be better received as the Holy Spirit touches their hearts and opens their ears to listen."

Jesus said: "My people, the scene waiting next to a cave is all about having patience before you see the Warning and the coming of the Antichrist. For those, who are doubting that this Warning will come to pass, believe it will come, and it is not that far off. Already you are seeing mandatory microchips in your driver's licenses and passports. Some people are even volunteering to take chips in their bodies. The other signs of wars, famine, earthquakes, and a division in My Church are all poised to be fulfilled. I have given many warning messages to have you prepared both physically and spiritually for the coming end times. You already are seeing many persecutions of Christians even now, and they will continue to worsen. Do not be fearful of this time of tribulation because My angels and I will protect your souls from the evil ones. Pray to worship only Me, and that you will be strong enough to refuse any chips in the body for any reason."

Tuesday, September 12, 2006: (Most Holy Name of Mary)

Jesus said: "My people, this pool in the vision represents how My Blessed Mother is an intercessor for her children, and how I wash away your sins. She is your perfect model of living in complete conformity with My Divine Will because she was graced to be sinless. She comforted Me and taught Me the Jewish faith. She was a very important part of My earthly life, and she also helped My apostles as well. You just recently celebrated her birthday, and now you are celebrating her name, Mary. When you pray her rosary, you are repeating her name many

times with each Hail Mary. My Blessed Mother is also your mother as well when I asked St. John to take care of her at the foot of My cross. Rejoice that you have a heavenly mother who watches over all of her children with her mantle of protection."

Jesus said: "My people, you have seen various sects of independent people making their own soap, candles, and yarn for clothing. These are the old ways that people used to survive before your industrial revolution provided manufactured goods. Because of the coming tribulation and control of your buying and selling, people at My refuges will need to use these old skills to provide for yourselves. I will provide the food, water, shelter, and raw materials, but My people will need to make their own clothing. Living a rustic life will be a way of purifying your earthly desires from your old possessions. Providing for your needs will keep all of your hands busy to help each other with your own personal skills. Those, who have various skills, might want to bring the tools of your trade to My refuges so you can make your contribution. At the refuges everyone will need to help out for your group in anyway that you can so all will have their needs satisfied. Most of all you will be worshiping Me in prayer, and thanking My angels and Me for your protection."

Wednesday, September 13, 2006: (St. John Chrysostom)

Jesus said: "My people, keeping your roof in good repair has many meanings. As a roof ages, pieces begin to fall apart and leaks can form which could cause damage to the interior parts of your house. That is why you need to have a new roof put on to prevent any further damage inside. There is a similar meaning to protecting your interior soul life from letting sin leak in as well. You can build a stronger spiritual roof over your soul by praying every day and being spiritually strong in your faith. The closer you are to Me in a love relationship, the less you will be tempted by the devil with the curiosities of the world. Give your full attention to Me in daily worship and frequent Confession to keep your souls pure and untainted from the desires of the flesh or your possessions. By keeping your spiritual roof in good repair, you will have less chance of sin entering in or falling away from Me."

Jesus said: "My people, as the young students come back to school, they need some help from their parents to understand their subjects. They also need some encouragement and love to adjust to their new surroundings with new teachers and students. Just as the children are being brought up in worldly subjects, they also need religious training as well to protect them from any evil influences. Teaching children a good prayer life will help them throughout life to endure any difficulties or trials.

Not all families are present for their children, whether due to working or single parent situations. That is why it is important to have some adult supervision when the students come home from school. Help your children or grandchildren to have them feel wanted and a part of your family. Children many times are seeking love and tenderness, and they can become problems if no one is around to help them. Give your children good religious example and pray for their souls to keep close to Me. Guard them from bad companions and watch what they are viewing on TV and any internet connection. You are responsible for their souls, so take care to assist them in their needs."

Thursday, September 14, 2006: (Triumph of the Cross)

Jesus said: "My people, you are seeing three different storms in the Atlantic Ocean as these storms are becoming more frequent and stronger. Your country has been spared much damage with only one small storm hitting your country, but now you will face the brunt of the more active part of your hurricane season. You have seen much heat, fires, and drought in the middle of your country, but more than average rainfall on the coastline states. Natural disasters continue to test your people, even as your sins continue unabated. Every year you are setting records in some aspect of your weather. Unless America repents and changes its immoral ways, you will continue to be pummeled by destruction of your possessions. America needs more people to evangelize souls because you are becoming a mission land, much like the other rich nations of the world. You may be rich in material things, but you are poor in spiritual desires."

Thursday, September 14, 2006:

Prayer Group:

Jesus said: "My people, many of your car manufacturers are having a hard time in competing with foreign car makers because they are not playing on a fair field of competition. As a result, your American car makers are closing factories and laying off thousands of workers. This same loss of manufacturing jobs is occurring in many of your home industries because of cheap labor goods made in foreign countries. Many families are seeing family incomes decreasing as good jobs and benefits are being lost. Pray for good employment for your people, but your standard of living will be declining."

Jesus said: "My people, it is unfortunate how much of your industrial might is spent on military weapons of war. Those, who make money on these arms to all countries, have an incentive to keep wars going on to use their weapons. Today's fighting with indiscriminate killing of civilians and military is a new style of war, but it still causes much killing every day. Such

a war does not need so many conventional weapons, but the best weapon is your rosary to stop these involvements of your troops."

Jesus said: "My people, you are seeing record numbers of fires and burned acreage due to some severe droughts in the West. Yet in other areas your rains continue to set records for rainfall amounts. Every season of the year has had its record number of natural disasters. Many businesses and insurance companies have suffered great losses from these events. America needs a constant spiritual renewal to make reparation for your many sins of abortion and sexual sins. Much of your wealth will continue to erode while America is in moral decadence."

Jesus said: "My people, your school costs for all levels of education have become more of a burden on parents, students, and your taxpayers. Many students have huge loans to pay when they graduate from college, and it is harder to find jobs to pay back these loans. This burden on the taxpayers is becoming a difficult bill to pay when people are on fixed incomes or with little raises. Your school systems need to find new ways to educate your students at a more efficient cost, or fewer will be able to afford college. Pray that your society will find ways to cut these costs."

Jesus said: "My people, you are seeing the effects of your violent movies and violent computer games on certain young people. These violent and crude language films encourage violence in the minds of your youth. It is not unusual to see such outbreaks as a direct result of this brain washing. You see violence of war deaths reported every night on your news so that some refuse to watch it. Unless you curb this violence with love, there can be no peace. Your people need to get out of your war business and move into peaceful activities. Constant killing has gained you nothing and has even increased the hate for America. Pray for peace, and vote for those favoring peace."

Jesus said: "My people, it is appropriate to mourn those lost in this great man-made disaster. It is unfortunate that such a disaster is being used as a banner encouraging fear and a war against all terrorists. Fighting wars in foreign countries has not made America any safer from terrorists. More wars will never bring peace or more security. Terror and fear are the tactics of the evil ones who want constant wars. Refuse to be fearful and put your trust in My love and protection. Martial law and police states will not give you peace either, but only control by the one world people."

Jesus said: "My people, today you celebrate My Triumph of My Cross against Satan and death. My crucifixion was the price that I had to pay for the ransom of your souls from sin. My

cross is also a symbol of how you also must suffer in this life in your struggle to be My faithful disciple. This life is truly a valley of tears, but I have triumphed over death as well. You have My promise of eternal life for all who follow My Commandments and seek My forgiveness in frequent Confession. You will share My triumph one day when you are resurrected with Me in heaven. Rejoice in My victory on the cross that has opened the gates of heaven to all who are worthy."

Friday, September 15, 2006: (Our Lady of Sorrows)

Jesus said: "My people, My Blessed Mother and I have our two hearts joined as one even as you celebrate My Triumph of the Cross next to My Blessed Mother's feast of her Sorrows during life. Even from the beginning of My life as an infant Simeon foretold the grief that she would endure. (Luke 2:34-35) 'Behold, this child is destined for the fall and the rise of many in Israel, and for a sign that shall be contradicted. And thy own soul a sword shall pierce, that the thoughts of many hearts may be revealed.' This is the first of her seven sorrows. The other six are: 'The Flight into Egypt', 'The Loss of Jesus in the Temple', 'Mary Meets Jesus Carrying His Cross', 'The Crucifixion', 'Mary Receives the Dead Body of Her Son', and 'The Burial of Her Son and Closing of the Tomb'. This is one of the devotions to My Blessed Mother when she suffered as she watched Me suffer in carrying My Cross and dying on the Cross. Many times in life mothers suffer for their children, whether it be in sickness and even spiritual loss if they fall away from Me. My Blessed Mother knows about suffering, so you can call on her for consolation in your prayers. I have asked everyone to take up their cross and follow Me because your suffering in life can be offered up for the atonement of your sins or others."

Jesus said: "My people, rejoice in My words of truth that you share with Me when you read them in My Gospels. I give you Myself in My Eucharist so that you may have eternal life. Even the people, who heard My words, knew that they came from the Father because I spoke only the truth that touched their hearts. They also could see that I spoke with authority even to the demons that I cast out of those who were possessed. They could not deny the power of healing that went out to all who touched Me. The Scribes and Pharisees were upset with Me when I healed people on the Sabbath, but I told them that the Sabbath was made for man and not man for the Sabbath. (Mark 2:27) You have My example in the Gospels to imitate for your own lives. My Blessed Mother brings you to Me in all that she does, so listen to her. I want you all to be united in love with our two hearts. Give glory and praise to Me every time that you receive

Me in Holy Communion or visit Me in My Blessed Sacrament. I love you all so very much and I send out My graces and blessings upon you so you may have My rest and have it abundantly."

Saturday, September 16, 2006: (St. Cornelius & St. Cyprian)

Jesus said: "My people, I am warning you today of those wolves who are dressed in sheep's clothing. These religious draped in black sheer clothing represent the evil ones who are spewing lies to deceive My faithful. I told you before that a bad tree can only bear bad fruit, while only good trees can bear good fruit. You will know people by their fruit. It is now important to pray for the gift of discernment so you can determine if the clergy before you are speaking the truth. With a properly formed conscience and with the guidance of Scripture, Tradition, and the Magisterium of the Church, you can determine when the truth is being taught. When the truth is heard, you will have rest in God, and the truth will set you free from your sins. When you hear false teaching as on New Age subjects, you will feel confusion and unrest as a testimony against these false teachers. You do not have to obey heretical decrees even by false clergy. Instead leave the churches teaching falsely and follow only those teaching the truth. You only have one soul, and you need to feed it with the truth and not lies. Pray for all religious teachers and ministers that they may follow only My ways and not those of the evil one."

Jesus said: "My people, many Catholics do not have the full realization of the gift of Myself that I give you when you receive Me worthily in Holy Communion. As in the vision, if you could see how much your spirit glows with grace when you receive Me, you would thank Me even more for this gift of My Real Presence at the Consecration of the Mass. When you communicate your love to Me after Holy Communion you can sometimes feel this rush of My grace in a tingling throughout your body. Even when you come before My Blessed Sacrament, especially in exposition, you have a sense of My Real Presence to your soul. When you receive Me under the appearances of bread and wine, you are actually partaking of My very Body and Blood. I have told you in St. John's Gospel (John 6:54) 'Unless you eat the flesh of the Son of Man and drink His blood, you shall not have life in you. He who eats My flesh and drinks My blood has life everlasting and I will raise him up on the last day.' I only ask that you receive Me worthily without any mortal sin, so you do not commit any sin of sacrilege. When you are praying after Communion, give Me thanks and praise for this very honor of receiving your Lord and Master into your heart and soul. Give all of your troubles and intentions over to Me at that time, and I will bless you with all of the graces that you will need to

endure the trials of that day. Many of My faithful are so in love with Me, that they wish to be united with Me in Holy Communion every day at Mass. I am your spiritual daily Bread, and My daily Mass people are receiving My graces and protection in every Holy Communion. Shout this love of Mine from the rooftops so others can be invited to the most blessed Banquet of their lives."

Sunday, September 17, 2006:

Jesus said: "My people, I am the Vine and you are the branches, which means that without Me, you can do nothing. I am the Tree of Life even as I died on a cross. I am a God of the Living and not the dead. If you truly are branches and depend on Me for life, then you must take up your own cross and follow Me. You are like Me in that you will suffer much in this life, but I will give you the graces that you need to endure your trials. Even as I died on the cross for your salvation, you must die to self in order to be saved. This means that you must make a total commitment of your life to following My ways. Every day you need to consecrate yourselves to My service. For those, who want to be first, must be the servants of all. The second reading speaks of needing faith with works. It is not just enough to know and read My Word, but you must live My Word in your daily actions. When you love Me and your neighbor as yourself, you will want to help people out of love and not just out of obligation. See that all graces come from Me, and you need My help spiritually to help you in life and to reach perfection in becoming a saint in heaven."

Monday, September 18, 2006:

Jesus said: "My people, I love all of you so much as evidenced by My dying on the cross to redeem all sinners. I gave you Myself at the Mass as the priest consecrates bread and wine into My Body and Blood. I also gave you an example of how being a servant for others is a part of carrying your cross as I washed the feet of all of My disciples. You too are called out of love to help your friends, relatives, and even strangers with their needs. These are the corporal works of mercy that will store treasure for you in heaven. You may have to sacrifice your money, your time, and your talent in helping others in the least possible way, even when it is not convenient for you. By going out of your way to be neighbor to those in need, you are imitating My example in being a servant for the rest. It is one thing to know My Gospels, but it is another to live them out in your daily actions."

(Mass of Our Lady) Jesus said: "My people, this vision of My Blessed Mother standing on top of a globe of the earth

represents how My Blessed Mother is the mother for all of humanity. You are her children and she is watching out for each of you. One of her pleas is for all of My faithful to pray constantly for poor sinners every day. There are some souls close to Me with pure souls, but they are in the minority compared to other souls in serious sin. What is worse is that these poor sinners do not realize how much they are risking hell by living in serious sin. Sin becomes addictive and it is hard to change a sinful lifestyle once your conscience has been dulled in not seeing the difference between right and wrong. These sinners need people praying for them to make them realize that they need to repent of their sins to Me. Help them to see that they should seek My forgiveness for offending Me with their sin. If they understand the Catholic Faith, pray that they may have the grace to return to Confession and come to Sunday Mass regularly. By Blessed Mother has her mantle of protection over her little ones, especially those who wear her Brown Scapular. Rejoice that you have such a spiritual Mother that cares about you so much."

Tuesday, September 19, 2006: (St. Januarius)

Jesus said: "My people, you are still seeing Christians being killed for their faith all over the world. This trough running with blood is also referring to the unborn martyrs being killed in the womb. The trash heap in the vision also refers to how these innocent babies are being placed in human garbage bins. Even some tissues are being used for stem cell research and cosmetics. In addition to the gruesome murders performed by these abortion doctors, they are compounding their crimes by profiting from using these body parts as well. Your medical profession has blood on their hands and they are making blood money in a business as a further incentive to continue aborting babies. Abortion in America is one of your most offensive sins in My eyes, and these further abuses of My little ones will demand more of My justice in your condemnation. This is why you will be seeing more destruction and a loss of your possessions for not stopping your abortions and DNA manipulations. Pray for your doctors and mothers to change their ways, or your country will reap the consequences."

Jesus said: "My people, as the end times draw closer, the evil ones will be seeking out religious people and patriots to be killed. Some will be on their way to My refuges, but they may have to stop and hide at interim refuges. Some people are making hiding places in their homes in case refuge seekers need a place to hide before moving on to a refuge. It will be difficult with constant surveillance for large groups to travel to a refuge without being noticed. Smaller groups moving from

house to house will be less detectable, but they will need places to hide as in World War II for the Jews. Pray for your protection from these evil ones so many of My faithful can avoid capture or martyrdom."

Wednesday, September 20, 2006: (Korean martyrs)

Jesus said: "My people, it is not enough in your new electronic age to have records kept in a computer. Now, you are requiring everyone to have microchip smart cards as identification to vote, drive, and cross borders. Soon you will need fingerprints or eye recognition biometrics on your smart cards even to buy and sell. All of this information could be used externally, but it is the evil people's idea to have everyone implanted with a microchip or the mark of the beast to control your minds. Now is the time to protest such an invasion of your privacy rights, or you will have no freedoms at all. Pray that you will have the courage to refuse these chips in the body, even if they threaten to kill you. This will be the time to go to your refuges before these evil authorities come to your house to try and force these chips on you. If you refuse these implants and refuse to worship the Antichrist, you could become martyrs for the faith when they take you to detention center death camps. Be aware of this threat to both your physical and spiritual lives."

Jesus said: "My people, even though people in older days seemed to have crude looking houses without much insulation, they sometimes had better materials that lasted longer. Your houses of today are better insulated and are heated with gas which is more convenient than using wood or coal. Your modern conveniences give you more leisure time, but it is wasted on frivolous entertainment instead of on prayer time. You are more comfortable today than in years past, but your morals have deteriorated much more because of so many comforts and addictions. Your living conditions are not as important as how you are living spiritually. Many poor people, who are leading faithful lives, will be going to heaven ahead of the rich in their fine homes who are selfish and not following My laws. I have told you in many ways how it is harder for a rich man to come to heaven because he is tied to his wealth and he has difficulty in trusting in Me for everything that he needs. The more possessions and wealth that you have, the harder it will be to separate yourself from them when you need to come to My refuges. The rich will have a harder time purifying their earthly desires in purgatory so they can be perfected for heaven. Pray for the poor sinners and the rich alike who are having a great struggle reaching heaven."

Thursday, September 21, 2006: (St. Matthew)

Jesus said: "My people, in today's calling of St. Matthew at his house I was accused by the Pharisees of eating and drinking with sinners and tax collectors. I told them that people who are not sick, do not need a physician, but sick people do. I came to heal sinners and not the self-righteous. In the vision you are seeing the care that you go through to purify your water from your waste streams. Fresh water is in short supply, so purification of any non-salty water is crucial for your drinking. Just as you purify your water physically, it is even more important to purify your souls of sin spiritually. This is why you need to come to Me as a physician because I am a Great Healer of sinners in the priest at Confession. In My sacrament of Reconciliation your sins are forgiven and cleansed, and I restore sanctifying grace to your soul. My whole purpose in coming as a man was to die and redeem all sinners from their sins by My Blood sacrifice. It is the Blood of the Lamb of God that washes away your sins and is a worthy atonement for the punishment that was due for your sins. It is My mercy and forgiveness that allows you back into My good graces once you have repented and are sorry for your sins. No sin is too great that cannot be forgiven, but you must humble your pride in admitting that you have sinned and need My merciful forgiveness. I am always awaiting each sinner to come to Me to be cleansed just as I healed the lepers of their leprosy."

Prayer Group:

Jesus said: "My people, I have taught you to be loving and tolerant of others, even to love your enemies. I have given you the fullness of the faith in the Catholic Religion. Other faiths should also be loving if they give honor to God. Those, who are violent and kill for its own sake of forcing their will on others, are not sharing My love. Continue to pray for peace in your world, and try to win souls to Me through love and not coercion."

Jesus said: "My people, you have seen some scandals in My Church for either pornographic crimes or sexual crimes. These crimes occur among My clergy as well as in the general public, but My priest sons are held to a higher code of conduct. Pray for all of your clergy and all sinners that they may repent of their sins and seek out My mercy and forgiveness. I am the only judge and these sinners will have to make amends for their offenses."

Jesus said: "My people, the evil ones of the new world order are concentrated on complete control of their subjects. They do not look on the average citizen as free, but someone that they want to control as a robot to do their bidding. This is why their goal is to control your minds and your money with

chips in the body. The cameras in the vision are to follow your every movement, and the chips are to track you when they cannot see you. Refuse to take any chips in your body and do not carry chips or smart cards that can be used to track your position. When you are free of sin, you are truly free. So do not let anyone control your mind or influence your soul with evil things."

Jesus said: "My people, when you have a goal to evangelize souls to bring them to Me, you will meet a lot of resistance from the evil ones who do not want to give up their control of souls through their sins. Even though you are doing a good work in your conferences, there are those who do not like what you are teaching, or they are being threatened by the truth of your words. You will face struggles from both inside and outside of My Church, but keep moving forward the best that you can to bring My Word to sinners."

Jesus said: "My people, My Blessed Mother has called many to come to her places of apparition as on a pilgrimage. Those, who make an extra suffering to visit My Blessed Mother's shrines, receive extra graces for their faith in her and Me. Wherever My Blessed Mother appears, she brings you closer to Me as in the Mass and My sacraments of Penance and Eucharist. You may suffer trials in your travels, but the graces that you gain are well worth any inconveniences. Pray for a safe trip and My Blessed Mother's mantle will protect you."

Jesus said: "My people, I have warned you many times that you are truly in a battle for souls between good and evil. Every time, that you reach out to win souls, there will be an evil attack to thwart your efforts. But My power is greater than any demon or evil person. This is why I ask you to wear your blessed sacramentals, carry your rosaries, and holy water, or oil for blessing. Pray much for safe travel, and shake holy water on your means of transportation. Also call on Me and I will send My angels of protection with you on every mission so the demons will not stop your work. Pray that the Master will send more laborers into the vineyard to save souls from their sins."

Jesus said: "My people, just as I called St. Matthew to follow Me, I am also calling every soul to follow Me as well. It is not easy to change your lifestyle to one of a disciple, but you must focus on Me only, and do not look back on your earthly callings to sin. Make a clean break from your sinful lifestyle, and do not worry how I will provide for your needs. Trust in Me always, and I will see to your soul's spiritual protection."

Friday, September 22, 2006:

Jesus said: "My people, another major disaster will be happening in America in a major city, and the one world people will be behind it. The vision of a wad of money is the sign of the one world people's involvement. In the vision you are seeing a large airplane delivering a sheet of flames over a large area in a city. These incendiary flames will be so hot that even the plane itself will catch fire and fall to the ground. Many people will become engulfed in the flames that will cause a major disaster. Unless other planes are shot down, this could happen to other cities as well. This event will so startle your people with chaos and confusion, that the one world people will use this pretext to cause a declaration of martial law and a starting of mandatory chips in the body in the name of security. This event could be brought about at any time, and it is all part of the plan for globalization in North America to join Canada, America, and Mexico. With America neutralized, this would set the stage for the declaration of the Antichrist. There could be dissent in the military as a backlash to these events that could trigger further military action in the Middle East leading up to the Battle of Armageddon. Pray much, for the evil ones are making a serious attempt at world takeover. This will be another sign that it is time to seek out My refuges with the tribulation of the Antichrist. You will find protection and all that My faithful will need at My refuges. Do not let anyone drive you to fear of these events, but trust in My love and protection because My power is greater than anything that the evil ones could do."

Jesus said: "My people, at various government and military sites there are large white spheres with communication antennae inside. These sites keep in communication with each other through cell towers and satellites. The most interesting capability of these spheres is that they are used purposely to intercept all means of communication via cell phone, phone lines, fax lines, e-mails, and data transmissions. They test each source of communication whether it be domestic or foreign based. They do not ask anyone's permission for listening, but they test a dictionary of terms in the name of security for each call. This was called the Echelon System, but it has been covered up when legislation tried to regulate such intrusion into people's privacy. In essence you have no privacy and the one world people are working every day to broaden their control over you using mandatory smart cards and eventually chips in your body. It is better for some of your conversations to be one on one with no transmissions because these evil people will use your own words to incriminate you against their tainted laws. Trust in Me and have no fear of the evil ones, and their violation of your privacy. I will protect you at My refuges

where the evil ones will not be able to detect you or hear your words."

Saturday, September 23, 2006: (St. Pio)

Jesus said: "My people, St. Pio was a great confessor and he encouraged many people to share in My forgiveness often and at least once a month. The vision of the confessional box is a familiar one for most Catholics. It is a part of your faith to recognize that you are a sinner and you need to humble yourself in contrition for your sins as you seek My forgiveness in this sacrament of Reconciliation. It is proper to make a good examination of your conscience in remembering any way that you may have offended Me in breaking My Commandments. You may not have a priest who can read souls, but do not hold back any sins that may embarrass you because I can read your soul through the priest. Do not be fearful of telling any serious sin because I will forgive all sins and My priests are sworn to privacy in Confession. At times you may have committed some sins of omission where you could have helped someone and you refused out of your own convenience. If you forgot your morning or evening prayers, or were embarrassed to say grace before meals in a public restaurant, these should be confessed also. I have asked you to be perfect as My heavenly Father is perfect, so when you fall into sin, you can be cleansed pure by confessing your sins. Take advantage of the grace of this sacrament that is available from your priest. Pray also for all sinners to have the grace to repent and confess their sins. Pray especially for all of the members of your own family, even those that may be away from My Church, so they may also repent of their sins in Confession. St. Pio is also encouraging you to Confession even from heaven."

Jesus said: "My people, in life you will encounter many crossroads where you need to make decisions in which way to travel. Before you make any big decisions in your life, you need to consult Me for discernment in what is best for your soul. This is why I am showing you My Blessed Sacrament where you can come before Me and let Me talk to your heart. At times it may also be a good confirmation to verify your choice with a good spiritual director. In addition to your prayers for discernment, it is important to call on My help in sending My angels to protect you from any demonic attacks or temptations. Even once you have committed yourself to one decision, you need to be testing all the time if you are in a safe environment. If anything happens that disturbs your peace or causes chaos and distress to your physical or spiritual life, you may have to question if you made the right choice. Trust in Me and the Holy Spirit to assess the result of your choice. If another person's

free will is affecting your life, this is not always predictable. You struggle to love everyone and accommodate their wishes, but you need to be aware of any physical or verbal abuses. Trust in other human beings can only be earned by a proper response to your love. Even in a marriage there needs to be an equal love commitment that means total giving of self over to each spouse. Pray for all marriages and personal relationships that these partners will honor and respect each other as I respect you in our relationship."

Sunday, September 24, 2006:

Jesus said: "My people, I am the Tree of Life and I am showing you this large tree because all of humanity is a part of this one tree. At times families look into their roots and how they were all connected to their ancestors. You have seen in the Bible when the genealogy of St. Joseph and My Blessed Mother showed My roots into the House of David at Bethlehem. When each of you are conceived, I place a soul in that cell and you are given your own guardian angel. I put the life in humanity and you are all dependent on Me even for your very ongoing existence. I have given you all of your talents as you grow up, so that everything you have comes from Me. This is why without Me, you can do nothing. Your life is so linked with your Creator that you cannot in reality deny My existence, nor your dependence on Me. Those, who reject Me, still receive My gifts, but their souls soon darken without seeking My graces. Those, who accept Me as Lord of their lives, are accepting how I love them and care for them in life. When your spirit is united with Mine, you are free to accomplish great things. Those, who are not united with Me, will be searching for a peace that they will not find unless they come to Me. You see life teeming all around you as parts of My creation, so rejoice and thank Me for being the Author of all Life."

Jesus said: "My people, there is a certain expectation for Americans to be able to own a house and have a good job. Your corporations and businesses are under more stress to make profits because of foreign competition and many regulations. This stress is being passed on to your workers who now have to work harder and longer hours for the pay they used to receive. It is becoming harder to keep a job many years, and benefits are either being eliminated or are costing more to the employee. Many families need to work several jobs and not always jobs that are liked just to make ends meet. Americans have prided themselves on their rich lifestyle relative to other countries, but now their dreams are slowly slipping away so they need to settle for something less, so that they can afford it. Because the morals in your country are getting worse in your sins, many

financial blessings are also falling away. Many debts in your country's deficits and personal debts are weighing on your economic success. If your people wish to continue their expectations, they need to turn around spiritually and repent of their sins. America will not be blessed because of its many abortions and sinful lifestyles. Pray much for the sinners in your country so that your families will be able to provide for themselves. Praying every day in your families will also be your contribution towards peace in the world."

Monday, September 25, 2006:

Jesus said: "My people, this little bit of darkness in My churches is how you will see evil influences in the name of New Age teaching that will enter into the Church. I am bringing My Light of faith and true knowledge into My churches to dispel the darkness of this false religion and all of their lies. New Age only teaches worship of worldly things instead of worshiping only Me. Beware of these false teachers when they try to take over My churches. Leave any churches that teach New Age lies because you will see an increasing evil with the coming tribulation. You may have to retreat to your prayer groups in your homes and eventually you will need to be led to My refuges of protection by your angels. Be attentive and discerning of all that is being taught in your churches. Stay close to My Light where My true Word is spoken and taught to fight the darkness of sin and evil."

Tuesday, September 26, 2006: (St. Cosmas & St. Damian)

Jesus said: "My people, in My public ministry I was a roaming preacher and a healer of the sick, the blind, the lame, and even raising people from the dead. The people of My day noticed that I spoke with authority, even to the demons who I rebuked and cast out of people. I spoke in parables which were hard for those listening to understand, but to My apostles I gave instruction of the meaning of the parables. The people were so awestruck by some of My miracles, as the multiplication of bread and fish, that they wanted to make Me king. Many times I slipped away from them to continue My mission of preaching My Kingdom to other neighboring towns. I am recounting My mission for you, because I have given this mission of evangelizing My Word to My apostles, deacons, and priests. Even My laity are obligated by your Christian upbringing to go out and teach all nations of My Word of the Gospel. You do not have to be learned in the faith because the Holy Spirit will give you what to say. Just teach from the heart and share your faith experience with others in lighting a fire of love for Me in their hearts. Once people see and experience My love for them, then they too will

not be able to contain their love, and they will want to spread and share it as well. Rejoice in your faith and your love for Me because you are all progressing on your path to perfection in preparation for heaven."

Jesus said: "My people, you are allowed to see the poor souls suffering in purgatory as they are pleading for your prayers to release them. Some souls have mandatory times of purification, while other souls can have their time shortened by the prayers of the faithful. While you are on earth, you can pray for the atonement of your own sins or for those of the souls in purgatory. One day you, yourself, may be sent to this place of purification. Then you too will be among the many souls crying out for prayers. Then you will not be able to pray for yourself, but you will have to rely on others. You should especially remember to pray for your own family members who may still be in purgatory. The souls, that you prayed for and were released, will be your eternal friends who will be praying for you in return. Even when someone helps you to get out of purgatory, you will likewise remember them and you will want to pray for them. So when you are doing your daily prayers, always remember to pray for the intentions of the poor souls in purgatory."

Wednesday, September 27, 2006: (St. Vincent de Paul)

Jesus said: "My people, caring for the needs of the poor is one of your Christian responsibilities. It may not involve a lot of time or money, but you need to be open in reaching out to them when you have the opportunity to help. There is a Scripture of the Last Judgment that each of you will have to answer for. (Matt. 25:34-45) 'Then the king will say to those on his right hand, 'Come, blessed of My Father, take possession of the kingdom prepared for you from the foundation of the world; for I was hungry and you gave Me to eat; I was thirsty and you gave Me to drink; I was a stranger and you took Me in; naked and you covered Me; sick and you visited Me; I was in prison and you came to Me.' and answering the king will say to them, 'Amen I say to you, as long as you did it for one of these, the least of My brethren, you did it for Me.' Then he will say to those on his left hand. 'Amen I say to you, as long as you did not do it for one of these least ones, you did not do it for Me.' and these will go into everlasting punishment, but the just into everlasting life.' You know, yourself, when you were in physical or financial need, that it was very comforting for someone to help you. So you should be willing to answer any call to help the poor. Be thankful that the poor cannot repay you, for you will gain more merit and treasure in heaven.

Listen to these words because they may save your soul from hell, or let you spend less time in purgatory."

Jesus said: "My people, Americans spend a lot of money to view sports games on site and over TV. Sometimes your people are too consumed with games and shows on TV, and they leave little or no time for prayer and activities to help others. Life is also like a race, but your desired finish line is a desire to be in heaven. It is how you live your life in love that will determine your eternal destination. You remember how St. Paul said: (2Tim4:6-7) 'As for me, I am already being poured out in sacrifice, and the time of my deliverance is at hand. I have fought the good fight, I have finished the course. I have kept the faith.' So also My faithful must live every day for My greater glory as if this were the last day of your life. When you have finished your own life, you also will have struggled to complete your mission and finish your own race out of love for Me and love for your neighbor. This life is very short, so live it to the fullest by making the best use of your time without wasting time on so many earthly distractions."

Thursday, September 28, 2006: (St. Wencelaus)

Jesus said: "My people, I am giving you this rare glimpse of the reality of the evil spirits and how ugly they appear if you are permitted to see them. They are truly a threat to every soul on earth, and it is only by My mercy and protection that you are protected from them. But if people delve into serious sin and the occult ways, you may be inviting these spirits to devour your soul. I have told you about the battle with evil for souls, but man does not always appreciate how serious it is to lose his soul to these evil ones. Those, who sell their souls for fame and money, pay the price many times in a suicide pact with the devil. I have described the sufferings of souls in hell before, but this aspect of how these demons constantly torment these souls is even worse than you can imagine. These demons violate the soul bodies in all manners of abuse in addition to the burning constantly without being consumed, and no hope of ever seeing Me again. When you see what souls go through with demon attacks, you have a new dimension for a desire to save souls for Me and protect them from the demons. Teach those around you how not to be involved with New Age, the occult, Ouija boards, or any demonic potions or black masses. It is best to wear some blessed sacramentals for protection against demons and keep your soul free of sin by frequent Confession. If you are attacked in any way, you can call on My Name to bind these evil spirits to the foot of My cross. If you encounter possessed or obsessed people, call on priests for exorcism, or meet with groups who work with deliverance. There

is a lot more evil going on in your world, and it will get worse in the tribulation. So now is the time to learn how to battle these demons with My help and the calling of My angels to surround you with their protection."

Thursday, September 28, 2006:

Prayer Group:

Jesus said: "My people, it is unfortunate that you were unable to attend Al Rappl's funeral Mass. This vision of stained glass windows is a sign of how faithful Al was to My Church and all of its activities. He was a very faithful leader in the many hours that he adored Me in your Nocturnal Adoration Society. At his death he was drawn to Me through this tunnel of life that he viewed for the last time. He has stored many graces in heaven by all of his good works. Give thanks for his beautiful life that he has shared in your prayer group. Keep all of these deceased in your prayers."

Jesus said: "My people, the security of your country has become a great concern with terrorist groups and random killings occurring all over your country. Unfortunately, these attempts to secure your nation are a false pretense to control your population with microchips. Now the one world people are promoting their drive for a North American Union with a barrage of publicity. Uniting your three countries is designed to take away national boundaries and all of your freedoms as well. The openness of this movement is another sign of their presumption of power with your people not even realizing that they are being taken over. Pray much for your nation as your government officials are giving away your sovereignty."

Jesus said: "My people, your own troops have been worn down by useless constant wars and they are mostly outside of your country. You have many foreign troops on your soil that are eager to implement martial law. These foreign troops would have no feeling of imprisoning your citizens in detention centers if they do not go along with the coming North American Union. This takeover of your government could occur very quickly after one more major event of destruction. Pray much for your country that will be tested dearly because of your sins and your complacency to repent."

Jesus said: "My people, your leaders continue to advocate continued fighting in Iraq and Afghanistan, and even possible war with Iran. No matter whom you elect to office, they will continue to follow the one world people's orders for continuous wars for their profit and your destruction. In order for these wars to stop, your people will have to revolt against the puppets controlling your country and stop funding these wars. The one world people have you so weak in your debts and your

military, that they are very close to taking over your country to have a police state run by microchips in martial law. You have failed to see their evil plan, and you all are about to be snared in their takeover. Your time to go to My refuges is very close, so have your bags packed for this tribulation."

Jesus said: "My people, you are seeing how much I suffered on the cross to save your souls. Soon you will be sharing in My suffering as a new religious persecution will be breaking out. All of those, who believe in Me as Christians, will be sought out by militant Islamic terrorists who want to kill you. Just as the Early Christians sought out hiding in the catacombs, you also will be seeking hiding places on your way to My refuges. The evil ones will be given a brief reign, but do not fear them, because I will soon come with My angels to defeat them. You will then see My power displayed as all of the evil ones will be cast into hell, and I will renew the face of the earth."

Jesus said: "My people, your court system has usurped the laws of your land in the areas of abortion, your land rights, and even your elections. This power of a few are tearing apart your democratic republic. Even your executive branch has usurped your laws concerning the power to declare war. Because of this confusion of power, the people of your country have had little to say in your government's way of spending your tax dollars. I have told you before that martial law could be declared before your next presidential election, and you are seeing the events all around you pointing to this grand takeover. Pray for your people to wake up spiritually because prayer for My help is your best option."

Jesus said: "My people, you will soon be celebrating the feast days of My Archangels and your Guardian Angels. Right before any large battle, you see many troop movements to the borders, readying for a fight. You are seeing Satan and his minions mounting an offensive for his coming takeover. What is not so noticeable to you is that I also am gathering My armies of angels ready to fight the Battle of Armageddon and to defeat the evil ones. See that both armies of good and evil are gathering for one last battle. But you know the outcome already and My power will reign supreme, so have patience but a moment as you await My victory."

Friday, September 29, 2006: (Sts. Michael, Gabriel, & Raphael)

St. Michael said: "I am St. Michael and I stand before God as his militant army of angels. Many of you were taken back by the more sobering messages in recent weeks, as well as by the developments worldwide. You need to put all of these things in perspective to the power of your God. You have heard of Satan's power being compared as a grain of sand to God's power. So do not be fearful of the evil ones because Our Lord is standing at your side every day. He has defeated the evil one by His death on the cross and His salvation is available to all who accept Him as Lord of their lives. God's grace and protection are as near as your local confessional or church. Keep your souls pure and strong in faith, and the evil ones cannot harm you. You also can call on us angels through Jesus, and we will come to your aid against any demons. Call in the Name of Jesus, and my prayer of exorcism and the devils will flee from you. The more serious battles on earth are coming about soon. Do not be frightened by any of the deeds of the demons or evil people because soon they will be defeated and Our Lord's reign of peace will be brought about. You will be given sufficient graces to endure this tribulation, so have no fear and trust in your Lord's Word."

Jesus said: "My people, those, who run your secret agencies of the government, are not only looking for terrorists and thieves, but they are also doing the bidding of the one world people. This means they are also profiling everyone of your citizens to see if they are a threat to their New World Order plans. If you know too much of their inner workings, are religious, or are an avid patriot, then they will place you on a list for extermination before or after martial law is declared. Americans are too used to having their freedoms, so these one world people will need a secret police of UN troops to neutralize those that they cannot restrain or will refuse chips in the body. I will warn My people when these evil ones will initiate their attempts to kill My faithful. It will be at that time that you will have to go into hiding, or go to My refuges of protection. Call on My angels to lead you to My refuges, and let them protect you from the evil ones. Be aware every time that you are on the phone or the internet because these evil ones are listening to your every word, especially if you are on their lists. Pray for My protection of your soul, those in your family, and those in your prayer group."

Saturday, September 30, 2006: (St. Jerome)

Jesus said: "My people, My faithful, who were taught by the nuns in grammar school, are thankful for the molding of their faith in their early years. You were taught by the catechism of that day, and also learned about the Scriptures in the Bible. Bible study is more popular now, but St. Jerome was a great help in promoting Bible commentary. Many want their children and grandchildren to share in the rich heritage of the Church so they too could have a strong faith as My disciples do. It is not easy for the children of today to be taught the faith because you have so many distractions in your materially oriented world of today. The teachers and materials for teaching do not always have the same zeal of faith as in the past. Teachers of religion today need to teach the children about the importance of a good prayer life. In a delicate way they also need to warn them to avoid any occult, New Age, or Harry Potter material as an evil influence on them. Unless you are prepared with a strong faith, it will be difficult to endure the evil influences of this world of moral decadence. Pray for the conversion of sinners, and the protection of your children from the evil ones."
