

Saturday, September 1, 2007:

Jesus said: "My people, when you come into a holy church where the people give Me honor and reverence of My Blessed Sacrament, you have a great sense of spiritual peace and joy at My oasis of graces for your soul. Your soul is at ease in My Real Presence and you are graced to be with Me. Be thankful for your priests to offer the Mass and preserve the traditions of your Catholic faith. In today's Gospel on the use of given talents, you know how important it is to use your physical talents for your mission in life. When you consecrate everything to Me, you are dedicating all of your works to Me in My glory and you are serving Me as I have requested everyone to serve Me. Some do not use their talents, and this is the lesson of the Gospel not to waste their gifts. I want to emphasize to My faithful that you also have been given spiritual talents as well to evangelize souls by your Baptism and Confirmation. These talents of sharing your faith with others also should not be buried or unused. It should be a joy for you to give the gift of faith so others can share in the peace and joy of My love. Do not be selfish for just your own faith, but go out to all the nations and preach My Good News of love and salvation of souls. Then when you settle accounts with Me at the judgment, I will reward you for all the souls that you have brought to Me."

Jesus said: "My people, you have heard many Scripture passages that tell you to follow the narrow road or gate in order to gain eternal life. There are many who follow the broad road to hell in their love of fame, power, and money of the world. They have made these things gods and they worship them more than Me as idols. If you follow My Will and My Commandments, this will place you on the narrow road to heaven. What does it profit a man to gain the whole world, but then he loses his soul? In the end all of these things will pass away, but your soul remains forever, and it is immortal and will never die. But your soul will face a judgment and be held accountable for all of your actions on earth. By keeping your soul right with Me in sanctifying grace, you will always be ready for your judgment. Whenever I come to take you home, all the good deeds that you did for Me and your neighbor will be in your hands to weigh against your actual sins and your sins of omission. My mercy will be on your soul, but My justice will also prevail."

Sunday, September 2, 2007:

Jesus said: "My people, I have sent My apostles out to convert all nations and to build up My Church. Whenever you build a new church, you are providing a home for My faithful to share My abode in My Real Presence in My tabernacle. In the opposite way every time that you close a church, you have one

less opportunity for graces and My sacraments. It is more important to continue to build up My Church by reaching out to convert souls to understanding the faith. I call everyone to keep close to Me and give glory and praise to Me every Sunday at Mass and in daily prayer. I give you all many gifts in this life, especially time and your talents. You can give Me thanks for these gifts at least once on Sunday for an hour. This is My Commandment that you keep Sunday holy by attending Mass and sharing in Holy Communion worthily without mortal sin. Those, who refuse to give Me worship on Sunday, will have to answer for their actions at their judgment. Encourage your friends and relatives to see the need for My love and graces by attending Sunday Mass. Do not turn your back on Me, but love Me and your neighbor."

Monday, September 3, 2007: (St. Gregory the Great)

Jesus said: "My people, in today's Gospel the people of Nazareth rejected the prophet in Me from their own town, but I walked away from them because it was not My hour. So I have sent My prophets to My people throughout all of history both to teach the faith and to prophesy the events to come as a warning for the faithful. You are seeing these empty hangars in a closet in the vision as a sign of My son's need to travel to share My messages, and as a sign to warn the people when to leave their homes for My refuges. This is My son's mission to prepare the people for the coming tribulation of evil. The signs of this time are all around you, and I have repeated these messages because it will be in your lifetime. I also give you My promises of protection of your souls. Some may be martyred for their faith, but the rest of My faithful will be protected at My refuges. I will prevail over the evil ones who will be cast into hell, and I will establish My Era of Peace. Call on My help to endure this tribulation, and have trust and hope that My power is greater than these evil ones."

Jesus said: "My people, man's weapons of war continue to be more deadly both for conventional and nuclear war. This vision of nuclear ballistic missiles has been the center of the old cold war where no one really wanted to use nuclear weapons. This is why most of the recent wars have used sophisticated conventional weapons. Such wars have been very quickly decided when one side has had superior firepower. The current war in Iraq has become a different kind of warfare where there are no enemy lines and the opposing insurgents use mostly roadside bombs and suicide bombs. These terrorist activities are meant to break morale and cause the current government to fail. These incidents are hard to defend, and the desire of your people to continue this war is waning. Fighting and killing in war is

against My plan for man, where he should be living in peace and compromise. Love should be directing your actions, and not greed for money or material gains. Work to strive to be peacemakers both between nations and between people."

Tuesday, September 4, 2007:

Jesus said: "My son, many times I have confirmed your mission of preparing the people for the coming tribulation of the Antichrist's brief reign. This is not an easy mission to explain, but its purpose is to instill faith in the people to follow Me in these end days. Some may be frightened by events in the sky at the time of the Warning. Others will see an evil that they have yet to see. Comfort My people with the assurance and hope of My coming again when I will defeat the evil ones. Many signs of the end times are around you, and with the eyes of faith you will know when it is time to leave for My refuges. You have seen a pattern of increased details being given on how and why My faithful will need to leave their homes for My refuges of protection. This is again a confirmation in itself that the time of tribulation is close. Give praise and thanks to Me for all that I am sharing with you so you can carry out your mission."

Wednesday, September 5, 2007:

Jesus said: "My people, the lives of the saints have been revealed to you, and many had to endure dry times in their spiritual lives which you have called 'dark nights of the soul.' During your faith journeys you also may have to endure times of doubt, or times of addiction, or bad habits that have drawn you away from Me. But before you die there are still opportunities to be saved and converted back to your former faith. You can call on Me at any time for the grace of repentance for your sins in Confession, and a chance to renew your love for Me. This is why I ask you every day to consecrate everything over to Me so I can help you in your daily trials and you can offer up all of your trials and hurts to Me. By sharing your pain, I can help shoulder your daily difficulties in carrying your cross, as Simon helped Me to carry My cross. Treasure your daily prayer time with Me so you can share your love for Me in word and good deeds. The saints are models of hope and faith because they trusted Me with their very lives. You too, can trust Me to help you since I am always at your side eager to answer your requests."

Jesus said: "My people, America has been graced so far this year that none of the large hurricanes have struck your mainland. You have had some violent weather, but the more serious storms are yet to come. This vision of a large storm

striking America is very close to happening. You have not had to endure such a storm since a few years ago. Many of these latest hurricanes have reached category five strength because they have been enhanced by your microwave weather making machines. Pray for your people to be prepared for any serious storms coming your way. The other vision of a sense of death from a terrorist attack is another event in your future. There is a major event being planned that is so serious that it will be the means to declare a national emergency that will result in a declaration of martial law. This has been the plan of the one world people to allow them the excuse for a takeover of your government and declare a dictatorship. There will be much resistance at first, but then the foreign troops on your soil will round up all religious and patriotic people into the death camps to kill all resistors. It is at this time that you are to call on Me to have your guardian angels lead you to safety at the nearest refuge of protection. Leave quickly when martial law is declared so you can avoid being captured. I will provide for all of your needs at that time so have no fear and trust in My assistance."

Wednesday, September 5, 2007:

Jesus said: "My people, America has been graced so far this year that none of the large hurricanes have struck your mainland. You have had some violent weather, but the more serious storms are yet to come. This vision of a large storm striking America is very close to happening. You have not had to endure such a storm since a few years ago. Many of these latest hurricanes have reached category five strength because they have been enhanced by your microwave weather making machines. Pray for your people to be prepared for any serious storms coming your way. The other vision of a sense of death from a terrorist attack is another event in your future. There is a major event being planned that is so serious that it will be the means to declare a national emergency that will result in a declaration of martial law. This has been the plan of the one world people to allow them the excuse for a takeover of your government and declare a dictatorship. There will be much resistance at first, but then the foreign troops on your soil will round up all religious and patriotic people into the death camps to kill all resistors. It is at this time that you are to call on Me to have your guardian angels lead you to safety at the nearest refuge of protection. Leave quickly when martial law is declared so you can avoid being captured. I will provide for all of your needs at that time so have no fear and trust in My assistance."

Thursday, September 6, 2007:

Jesus said: "My people, many of you take your means of energy for granted, but there is a lot of hard work that goes into supplying your electricity, natural gas, and your gasoline for your vehicles. A good number of your power plants still run on coal, natural gas, and nuclear power. You heat your homes with methane from drilling, propane from oil products, and wood from your forests. You run your cars and trucks from oil products both in America and overseas. Some gasoline products are now using corn to supplement ethanol in your fuels. All of these fuels require management and an expense to supply your ravenous needs for energy where America uses 25% of the world's available supplies for only 300 million people. It is this level of energy use that supplies your current standard of living. You are now competing more with other nations for these supplies, and the cost of these fuels could begin to lower your standard of living as your currency's value is challenged. Pray for your children's jobs as it will become harder to find good paying jobs with the exporting of so many manufacturing jobs. It is the multinational corporations that will be causing lower salaries and less benefits. Your workplace will be changing as America will become less dominant over time."

Prayer Group:

Jesus said: "My people, many times you have seen the priest raise incense smoke during Benediction, funerals, and sometimes at Mass. This is a means to give honor and praise to your God in honor of My Real Presence in the consecrated Host. Kneeling and genuflecting before My Blessed Sacrament is another means to show your reverence for My Presence. I ask you many times to come and visit Me in Adoration or at My tabernacle. Your extra visits are a sign to Me of how much you love Me and your desire to be in My Presence. I will bestow My graces upon you for making this extra effort to be with Me."

Jesus said: "My people, you have been praying to have a crucifix on your altar area for the people to meditate on. There are always problems and delays that could be trying to delay this project. The demons will do everything to thwart this project, so you must continue your prayers until this crucifix is up before you. Do not leave anything to chance so you could see this project brought to completion."

Jesus said: "My people, there are some movements in My Church to take away some of the old traditions of your Liturgy as they are calling them outdated. Contemplative prayer and strict observance of fasting during Lent are needed at times to help souls have a sense of the sacred in their penances. Lent can be a necessary means to renew your faith each year, so keeping your traditions will help keep your souls close to Me."

Jesus said: "My people, the rosary is My Blessed Mother's powerful weapon to fight the evil in your world of today. This can be a part of your daily prayer time that you should put aside for Me every day. Prayer is your expression of love for Me and a means for making reparation for your sins and the sins of others. See the necessity of prayer to help strengthen you against temptations. Carrying your sacramentals also will protect you from the evil ones. Trust in My help as I put a shield of angels around you to protect you from the evil ones."

Our Lady said: "My dear children, I am happy to receive all of your rosaries tonight as I will send them to My Son, Jesus, for your petitions. I have shared many messages with you through My various visionaries, yet you are seeking more messages without carrying out My requests from the messages that you have already received. You should be preparing your souls to endure the coming Warning and tribulation. Instead of spending so much time on worldly concerns, you should have more focus on My Son in becoming more holy. Worldly things will pass away, but the words of My Son, Jesus, will not pass away."

Jesus said: "My people, I have used this image of a door many times to represent the door to your heart that I knock on for entry to be with you. Some souls have hardened their hearts so much to Me that they refuse to let Me into their lives. Such a life without Me can be very dark and cause a lack of love in that soul's heart. When you open this door to Me of your own free will, I can share My love and graces with you to ease the burdens of your life. Walk with Me constantly in doing My Will in your life, and you will be able to fulfill the mission that I have for you to serve Me."

Jesus said: "My people, I want you to pray for your students and your teachers that they may be successful in their studies. This idea of starting school with a fresh slate is the same feeling spiritually that you should have after you come forth from the confessional. Learn from your mistakes so you do not repeat them, and see the need in your life to break any sinful habits. You can have this pure soul by confessing your sins often and seeking My forgiveness. There is no reason to remain in the bondage of your sins when priests are constantly available to receive you in Confession."

Friday, September 7, 2007:

Jesus said: "My people, wherever you have My Presence, that of God the Father, or that of the Holy Spirit, you have the Presence of all Three Persons of God because We are inseparable. We are always Three Persons in One God. The Blessed Trinity is a mystery to man because We are so encompassing in Our existence that you cannot comprehend that We are present everywhere in the

universe. It is because of Our power at any second of your life that you even exist. The power of creation and the power to sustain creation all comes from God. Even the existence and power of the demons comes from Us. We allow man and the angels to exercise their own free will. I am explaining to you that the source of all power and energy comes from God. Those, who use the occult and witchcraft, derive their power from the demons. So you should know the source of the power, and you will know if it is from an evil power or from Our power of grace. Our power is always greater than the evil ones because We created them. This is why when you call on Me and My Name, the evil ones will leave you. Trust in My power to overcome any evil influence that may afflict you. In the end you will see Me come and defeat the evil ones and chain them in hell. Stay faithful to Me through all of your trials, and you will be greatly rewarded in heaven. Give praise and glory to the Blessed Trinity who are always at your side ready to help you."

Saturday, September 8, 2007: (Birthday of the Blessed Mother)

Jesus said: "My people, this is the feast day of the Birth of My Blessed Mother, nine months after her feast day of her Immaculate Conception. My Blessed Mother was honored to be without sin throughout her whole life, and even at conception she was free of original sin. This pool of water represents the purity of her life from sin, even as I offer Baptismal waters to free all of mankind from original sin by My death on the cross. My sacrifice has freed all those who are worthy by their actions in life to come to heaven. Man now has an opportunity to come to heaven where the gates have been opened by My redemption of man. You still have free will to accept Me or to reject Me, but you also have Confession to have your sins wiped away when you seek My forgiveness. Even if you are sinners, you have no excuse to not accept My pardon and be saved from your sins. In life you are at the crossroads in every decision that you make. You can choose to follow My Will and My Commandments on the narrow road to heaven, or you can choose to refuse to serve Me on the broad road to hell. Take advantage of My grace and mercy, and you will live in eternal love with Me in heaven where you were made to come."

Jesus said: "My people, it is important to know what your children are being taught in your schools. A lot of pressure is being placed on your children to get good grades whether it be in grammar school, high school, or in college. There are only a few that are going to excel in getting straight 'A's. It is one thing to know your subjects, but each person needs lessons in morals or a knowledge of what is right and wrong by the norms of your society. The need for faith in Me is an inner spiritual

calling that is not satisfied until you reach My love and peace. Until you have peace in your soul from Me, you will be constantly seeking this peace until you are satisfied. Some children are brain-washed with an ethnic hatred, while others are brain-washed with a desire to be independent and a striving to be rich in worldly things. Since prayer has been taken out of the schools, it is hard for young people to have a strong calling to faith. It is only by strong parental beliefs that the children are encouraged to attend church and have a good prayer life. Each child has free will and they eventually have to choose to love Me on their own. This is why they need a good environment and loving parents as models to imitate. Pray for your children and see to it that they receive some worthy training in the faith along with their secular classes."

Sunday, September 9, 2007:

Jesus said: "My people, you are always challenged in your daily activities to serve Me and always keep Me first in your priorities. As you see this vision of a comfortable chair, your human tendency is always a desire to take the easy way out of every situation. At times you may have to remember that your life is a call to sacrifice for My sake in carrying your cross. You may be faced with opportunities of grace to help people, even when it may take you out of your comfort zone to offer your time and even money to help someone. It is also work each day to restrain any bad example of bad language or anger so you can show others that you practice your Christian beliefs. You also need to give Me some prayer time each day to show Me your love and dedication to My service. Daily prayer can strengthen you against the evil one's temptations. I know you need to take some time to take care of your personal responsibilities in paying your bills, taking care of your families, working for a living, and such necessities of the body. But do these things out of love for Me and do not let worldly things control your time. Time is your gift and you will need to make an accounting for how you have spent it. You also need to make some time for evangelizing souls because the more gifts that you are given, more is expected of you to share with others in conversions. In all that you do, do it for Me."

Jesus said: "My people, when you travel on the highway at night with a thick misty rain, you have to slow down because of the poor visibility. A spiritual awareness can also become difficult to see your way when it is clouded by too many earthly distractions. At times you do not even realize how gradually you can become too complacent in your spiritual life as you forget your prayers and worldly events invade your prayer time. You control the scheduling of your events and the priorities of

what is more important. When you have a choice between your prayer time and adding more earthly events, let your prayer time with Me take your first priority and put your extra chores off to tomorrow. You need to keep alert in your faith with prayers and good Christian reading. Do not grow lax in your faith because the devil is constantly ready to distract you from Me and lead you into sin with your lost prayer time. Be aware also to go to Confession frequently at least monthly to keep your soul pure and strong. By constantly focusing on Me every day, then you will not lose sight of your ultimate goal of being with Me in heaven."

Monday, September 10, 2007:

Jesus said: "My people, this beautiful vision of nature is all about the beauty, harmony, and love in My creation. I have made everything for man's use, but not to be abused. I have placed a balance of nature on earth that I do not want man to disturb. See the love and harmony among the plants and animals as an example for how man should love Me and his neighbor. There is a struggle for survival because of Adam's sin, but there is still no other abuses except by man. Even in your hearts I have planted a desire to love Me and your neighbor, and to avoid anger and fighting in wars. Whenever you change the DNA of plants and animals, you are violating My intentions for the natural order which is much more perfect than any of man's creations when you want to act like Me. Avoid all of these hybrids, cloning, and manipulation of genes because these abuses run counter to the balance of nature, and have bad side effects, even as you see in your artificial medicines. Avoid your death culture in abortions, euthanasia, and killings because I alone am the giver and taker of life. All of you need to be more loving and have concern to help those around you. You can bring love and harmony into the world with your loving interaction with those that you meet every day. Even your daily prayers help to bring love and harmony into this world. Pray for sinners every day to be converted, and give good example to save souls through your actions. By working to bring love into your world, you can make your world a better place to live."

Jesus said: "My people, I have shown you before the destruction that will occur in San Francisco from a massive earthquake. This destruction of the San Francisco bridge will be the first that you will see. As the earthquake progresses, many will be killed as the geography of this area will change dramatically. There is much sin of homosexuality in this area as well as heterosexual sin in living together without marriage. It is My justice that is being called down on this modern day Sodom and Gomorrah. This city could be saved if the people

repented, but they are too steeped in their sin to change. Pray for their souls because many could be lost to hell. There is much sin all over your country, but some areas are worse than others and are defying My authority. There is also much occult activity in this area that is promoting New Age ways and teachings. Continue to pray and call on My angels of protection to defend you from such evil influences."

Tuesday, September 11, 2007:

Jesus said: "My people, being humble is not easy for man because there are human desires to be in places of honor and prestige. You also tend to be boastful of your accomplishments, your education, your social status, or your possessions. Being famous or wealthy will not get you into heaven. Leading a simple and humble life of faith will be more pleasing to Me, and those who are first on earth may be the last to enter heaven. Love of Me and neighbor are more important for gaining heaven than any worldly wealth or fame. Keep humble as you give Me all of the praise and glory for all of your accomplishments. Acknowledge Me as your Master and Lord of your life, and you will be on the narrow road to heaven."

Wednesday, September 12, 2007:

Jesus said: "My people, the events of natural disasters are occurring one after another and many people will be displaced from their homes all over the world. The world is full of evil going on in various places, and My justice is being called down to get your attention. You are seeing the people praying a vigil of prayer for the sins of the world. Much reparation for sin is needed and I will multiply your prayers because only a few see the need for constant prayer. These events are signs of the end times drawing near. You are about to see the evil increase in the coming tribulation of the Antichrist. Fear not for I will grant you My graces to endure this trial. Remain faithful to Me no matter how much the evil ones will try to test your faith, even with threats of martyrdom. Have patience but a moment and I will soon come to vanquish this evil lot and cast them into hell. I will then renew the earth and establish My Era of Peace on earth. Those, who are faithful through this trial, will witness My true love and your reward in the new heavens and new earth."

Jesus said: "My people, you have seen your advertisers on TV use various means to draw people to buy their products. They used to run ads for 5 to 10 minutes per hour, and now they are using 15 to 20 minutes per hour. Because ads are expensive to make, they are repeated many times as well. The devil uses similar deceptions in his temptations to get you to sin. He

exploits all of your earthly desires and pleasures to excessive levels. Taking a few alcoholic drinks may be sociable, but in excess they can cause drunkenness with damage to your body. He causes you to overindulge in TV watching, gambling, and sexual pleasures, as well as with other partners. He also encourages you to overeat, especially things that are not healthy for your body. Man has appetites for the senses, but you need to control the desires of the body in order to avoid sinning. Ask My help and your angels to restrain yourself in your likes and dislikes, and you can improve your holiness. Many times man needs to develop self-control over his body, and train the senses not to violate My Commandments. By knowing your limits before something becomes sinful, you can avoid these near occasions of sin. Your fasting and prayers can help the soul keep the body in check in obedience to My ways for your life."

Thursday, September 13, 2007: (St. John Chrysostom)

Jesus said: "My people, the vision of this long length of rope symbolizes how you can measure things, even as you use a tape measure. This is part of today's Gospel that says that whatever you measure out to others, it will be measured back to you. (Luke 6:38) This Gospel is all about love and your willingness to help others and even those who have offended you in any way. You are elated when you receive some unexpected money, as from an inheritance. But how much are you willing to share of this with your family or charities? The same with the whole of your income. You should be willing to share at least ten per cent for charities. This is a means of giving thanks to Me for providing for your income. It is the same way with your gifts of faith and graces. You should be willing to share your faith with others in evangelization and praying for others. I am loving and merciful with you. So you should be loving and merciful to everyone as well."

Prayer Group:

Jesus said: "My people, continue to pray that a crucifix will be placed on your altar. Keep checking with your pastor on the status of this project so you can assist him in any of his needs. The other large crucifix should be in more use by having a sturdy stand made for it so it could be displayed even at your prayer group. The people need to be focused on My love that I poured forth with My death on the cross for all of mankind."

Jesus said: "My people, parents need to be watchful of what their children are being taught, and monitor their studies and marks to see that they are doing well. You should be aware if they are being taught any witchcraft as Harry Potter, or any New Age teachings. Some schools are even introducing smart cards for security and buying and selling. Protect them as much as

you can to avoid evil influences, and avoid using these chips where possible."

Jesus said: "My people, these doors in the vision are glass so I can see into your hearts. These are doors of opportunity for each of you to do My Will, and answer calls for help. I knock on the door of your heart every day to do good deeds for My people without being paid or rewarded. By doing it just for pleasing Me, you will receive your payment in heaven. The same is true for your charities where you should give to the poor or wanting who cannot pay you back. My Father will see your good deeds and you will store a more valuable treasure in heaven."

Jesus said: "My son, there are some people who need to see the big picture of your mission and the importance of preparing for the Warning and the time of tribulation. You are putting your messages on the internet and in your books, but you should also make DVDs available of your latest talk at your cost. In this way people could view your messages with explanations and some details of what is going on recently. If necessary, you could have copies made commercially and sent out to those who would desire them. You could also make available your indexes of the messages. Your readers need to see the current need to be ready for these events that are near at hand."

Jesus said: "My son, as the end times grow near and the signs are around you now, you will become busier in your travels as people will want to keep abreast of their preparations. Many people that have had you in the past and some new people, now want to be updated because they also are seeing the events leading up to the Antichrist that are getting closer. I have asked you to honor these requests in your talks and be willing to pray over the people as well. You may be tired from this intense schedule, but I will give you the strength and grace to carry on with your needed mission. Give praise and glory to Me that I have asked you to do this mission."

Jesus said: "My people, the final battle of good and evil is being prepared and it will culminate in the Battle of Armageddon. You are seeing My angels dressed for battle against Satan, the Antichrist, and all of the demons and evil people. Have no worry about these evil ones in the coming tribulation, because I will send you myriads of angels for your protection. Even now you can call on My help and My angels at any time that you are threatened by the evil ones. When you call the demons to the foot of My cross in My Name, they cannot stand to be around you. Use your blessed salt, holy water, your sacramentals, and pray the St. Michael prayer of exorcism. I have given you these tools and My angels for your protection, so trust in My power which is greater than any demon."

Jesus said: "My people, you know how much I love the

children in the Gospels, so you should understand that the killing of babies in abortion is the most offensive sin that could be committed. The mothers and doctors will be held responsible for these sins and their reparation will be great for denying these lives to continue in My plan. This is why praying for these mothers and counseling them not to have abortions is the greatest work that you could do to save these lives. Protesting at these institutions is also powerful because with enough prayer, these places could be closed. It is your laws favoring abortion that are condemning you, as much as the lives that you are taking. When you see many natural disasters around you, some are being directed in areas with the most sin. Continue your prayers to stop abortion and support the preciousness of life wherever you can."

Friday, September 14, 2007: (Exaltation of the Cross)

Jesus said: "My people, you remember when I died on the cross how there was a great earthquake, and darkness came over the land from an eclipse of the sun at 3:00 p.m. So now this vision of another time of darkness is foretelling the time of the coming evil of the tribulation. At the end of the tribulation of the Antichrist I will bring My Comet of Chastisement that will strike the earth in the Atlantic Ocean. Then you will witness the three days of darkness when only blessed candles will give your only light. The darkness will cover how the evil ones will have to suffer a living hell on earth without being consumed. Close your windows and do not look out to view My wrath on these condemned souls. I will cleanse the earth of all of the evil ones as they will eventually be cast into hell in chains. I will then renew the earth and bring about My Era of Peace which will be a reward for all of My faithful."

Jesus said: "My people, when it comes time to go to My refuges, you will have a small independent community where everyone will have their own skill used in jobs to provide for the community. No matter what age you are, you all will be expected to make some kind of contribution in your work effort. Many places will not have electricity unless you have solar cells. This means that all of your tools and work implements will be hand tools and drawn by animals as in days past. You can survive without many of your comforts, but I will provide angel protection, water, and I will multiply your food. You will have shelters multiplied and healing of all of your ills with healing springs and looking on My luminous crosses. Just as Moses healed the snake bites by raising up a bronze serpent, so I will raise up My luminous cross for your healing in this modern day Exodus to My refuges. Give praise and thanks to Me

for My protection during the tribulation as well as for all of My miraculous gifts for your needs. Even as the Early Christians had to work for their supper, My faithful will also have to work as well for your survival. Have patience, for this evil time will be less than 3½ years in your time now."

Saturday, September 15, 2007: (Mother of Sorrows)

Jesus said: "My people, you have seen in the past how many saints had to suffer martyrdom for their faith. This time of suffering and killings will return during the tribulation. At this time there may not be so many physical martyrs, but those today, who want to stand up for their faith, may suffer a dry martyrdom for not being politically correct. Anyone, who wants to stand up against abortion, euthanasia, or homosexuality, will suffer much criticism, persecution, and possible jail time because of your laws protecting these sinful actions. No matter how much that you have to suffer with Me, you need to defend My babies and speak out against the sexual sins of your society. If you say nothing, this will be interpreted as condoning these sins. If you do not witness My ways in public, then I will not witness for you before My Father in heaven. Pray for all the sinners in your world today because there is a great need for evangelists to help people to convert from their sinful ways. I will send the mercy of My Warning to wake souls up to their spiritual responsibilities. You must take up your daily cross and suffer with Me, even as My Blessed Mother had to suffer much sorrow in her life."

Jesus said: "My people, when you finally decide to leave Iraq, it will return to another dictator or an Islamic State. These people are too tribal to be controlled by a democracy. America cannot force its way on Iraq, and it was a mistake to attack it unilaterally. It is your defense manufacturers who are making the money spent on this drawn out war with little purpose. I have told you before that terrorists could go into any country they please, even America. Letting your military suffer and spending many billions of dollars has not gained much for you. Do not let the one world people control you in continuing this insurgent battle. Guerilla tactics and road bombs are indefensible, so there can be no way of measuring a victory. Admit that this operation was a mistake, and save more of your troops from dying and being wounded, as well as less war debts. Peace can be had by ceasing the fighting and leave the governing to their own people. Pray for a final and complete withdrawal so you can bring all of your troops home."

Sunday, September 16, 2007: (Prodigal Son parable)

Jesus said: "My people, I have told you before how

vulnerable you are when your electricity is turned off for whatever reason. Many of your electrical conveniences have become such a part of your daily life, that you would have to make some major changes in how you provide for your necessities if your power was unavailable. No light and no heat could be similar to no life and no grace in your soul if you lived in mortal sin. Living in sin may be appealing to the senses of your body, but it is like death to your soul. This is why the father of the Prodigal Son rejoiced when his son returned to seek his forgiveness. People can become addicted to sinful pleasures, but by prayer or a spiritual awakening, a person may suddenly realize how depraved they are in need of My love. Sin is cold and controlling, and you need to come to Me to seek My forgiveness so I can cleanse your sins and restore My graces in your soul. Peace and love with Me is far more satisfying for your soul than any pleasure that sin could offer you. Do not let Satan or your bodily desires so control you that you cannot be released from your bondage to sin. When you come to Me in Confession, I will truly set you free, and your soul will be united with Me in true joy and happiness. Rejoice just as the father of the Prodigal Son did because his son was lost and now he was found. So also you and all of heaven rejoice when one sinner repents and is saved."

Monday, September 17, 2007: (St. Robert Bellarmine)

Jesus said: "My people, you have many needs in your daily lives on earth. Before you ask Me for anything, I know all of your needs. Many times you petition Me for jobs, for healing sicknesses, and in some cases for food or other necessities. I have told you in the Gospels: (Matt. 7:8) 'For everyone who asks, receives; and he who seeks, finds; and to him who knocks, it shall be opened.' Just as the centurion had faith that I could heal his sick servant, so My faithful need to have faith that I will answer your petitions. So do not worry about whether you will have food to eat, clothes to wear, or a shelter to stay. If I feed the birds of the air and dress the lilies of the field with color, surely you are worth more to Me than these. Call on My Name in faith for all of your needs, and I will provide for all of your necessities. By faith and seeking out employment with My help, you will be able to provide for yourself and your family. You will face many trials and testings in your life, but by patient endurance you will be given the grace to endure them. Keep trust and faith in Me in your prayers, and you will have nothing to fear or worry about."

Jesus said: "My people, no matter how much you try to avoid your responsibilities, the shadow of My cross will always be upon you. It is not easy to follow the restraints of a holy

life when you are faced with so many worldly temptations. If you are to gain eternal life in heaven, you must pick up your cross daily and follow My Will in obeying My Commandments. You should be subject to obedience to Me and your spiritual advisor, instead of doing only your own will. Those, who only follow what they desire, are not opening their hearts to My love or following My ways, but they are only following earthly ways. This earthly life will pass away, but your spiritual life lives on forever. Your soul craves to be with Me in order to find true peace. Better to satisfy the desires of the soul over the desires of the body. Consecrate everything over to Me every day so I can use you in following your mission. Do not run from your cross, but take it up freely and lovingly so you can grow in your faith closer to being a saint to enter heaven."

Tuesday, September 18, 2007:

Jesus said: "My people, this vision of Satan in a church represents how he is attacking the Catholic Church and he is working on the people not to attend the Mass. There is also a suggestion that there are masons in the hierarchy trying to destroy the Church. No matter how hard Satan will try to destroy My Church, there will always be a faithful remnant because the gates of hell will not prevail over My Church. Because evil in the world will become stronger, My faithful must be always prepared in faith to battle the evil ones by proclaiming My Name, and preserve your Catholic traditions. Do not be offended if you are criticized or persecuted for not going along with the modernists in My Church who want to destroy your traditions of faith. Stand up for your crucifixes, statues, and My tabernacle in plain sight, because the demons are attacking My Eucharist of My Real Presence. Call on My angels and My graces to defend you from all the evil influences around you."

Jesus said: "My people, your Federal Reserve, which is made up of the central bankers and not the government, has just bailed out your bankers and brokers by lowering the interest rates by .5% from 5.25% to 4.75%. There has been a large increase in foreclosures because many people bought homes on speculation with cheap interest rates that would go up later on. Now with higher payments and difficulty in selling houses, those mortgages in the lower income levels are being foreclosed as financing charges increased and the people could not afford to pay. This caused many housing mortgage companies to go bankrupt and put many people out of work. By lowering interest rates, these banks and brokerage houses are being bailed out by the Federal Reserve by lowering the finance charges. The central

bankers feared a recession even in the face of higher commodity prices in oil and gold. Many stock markets gained huge profits as a result of this bail out. Pray for many people who innocently are losing their houses, but the rich are protecting their own investments and losses."

Wednesday, September 19, 2007: (St. Januarius)

Jesus said: "My people, this image in the vision of a wine vat bursting is a reference to a Scripture reading on wine-skins. (Matt. 9:17) 'Nor do people pour new wine into old wine-skins, else the skins burst, the wine is spilt, and the skins are ruined. But they put new wine into fresh skins, and both are saved.' This passage was given when the people asked why My apostles were not fasting, but I said they will fast when the bridegroom leaves them. I brought the people a loving part of the Word of God that was more forgiving and more like My unconditional love for man when I love the good and the bad. When I asked the people to love their enemies, and accept Me as the Messiah, the Son of God, this was too much for them to believe. Even when I gave My disciples My Body to eat and My Blood to drink, they had a hard time accepting My Real Presence in My instituted Eucharist. The old wine-skins represented the Mosaic Law which I came to fulfill, but the people did not want to accept the new wine in My new way. This is the bursting of old skins when they wanted to kill Me because of My new teachings which they took for blasphemy. Even today many want to follow their earthly ways and customs instead of My words of suffering and fasting which make them uncomfortable. This life is a preparation for heaven, and a denial of earthly desires is necessary so you will be prepared to give Me your complete focus on serving Me only. You cannot serve God and money. You can only serve one, and I am a jealous God who wants you to only worship Me as stated in the First Commandment. So put aside all of your worldly ways and desires today in order to prepare for heaven. Otherwise, you will require purification of these earthly desires in purgatory."

Wednesday, September 19, 2007:

Jesus said: "My people, you have watched many movies and sometimes in the flesh the constant battle for survival between the various food chains of prey and predator. Even as you view this visible battle, there is also an invisible spiritual battle for souls going on constantly around you. You have the good angels and your guardian angels assigned to help you against the evil demons who are trying to ravage souls for Satan. These demon temptations are very deceptive in trying to get you to sin because they exploit your human weaknesses to

pride and lust. You know My Commandments and how you should behave, but greed and lust can attract you to satisfy your more earthly appetites. By staying close to Me in prayer and My sacraments, you can receive spiritual food and My graces to strengthen you against these daily temptations. You can also call on Me, My saints, and My angels in times of demon attacks and temptations. Once you realize where the near occasions of sin are, you can avoid them, and stay close to My Blessed Sacrament where you are safe with Me and My angels. I want you to worship and adore Me each day because this is training for when you can come to heaven. You can also reach out to save other souls who are weak in their faith or need conversion to be saved. Be an inspiration to souls who look up to you for leadership in the faith. It is your daily prayer life that is necessary to keep you on the narrow road to heaven. You can also help souls in purgatory to come to heaven sooner by your prayer intentions. Always pray for your family and friends for both the living and the deceased. Be always on the lookout for the demon predators and do not succumb to their evil ways of comforts and pleasures."

Thursday, September 20, 2007: (Korean martyrs)

Jesus said: "My people, there are holy places where tables, walls and pictures oil by themselves, as well as statues. This oiling is a sign of the holiness and blessings on a particular house. The woman, who was forgiven her sins in today's Gospel (Luke 7:36-50), also poured oil over My feet. This was not just for hospitality, but it was a foretelling of My burial after I would be crucified. She had great faith and that is why I forgave her of her many years of sin. I will also forgive anyone who repents and seeks My forgiveness, no matter how serious their sins. The Pharisees, where I visited, were critical of Me for allowing this woman to approach Me, and questioned how I could forgive sins. They also did not want to accept that I was the Messiah, the Second Person of the Blessed Trinity. They saw My miracles of healing the sick, casting out demons, and raising people from the dead, and still they refused to believe that I was God, Incarnate. So it is in your day where some still do not want to believe in Me even after seeing many modern day miracles. Pray for those who are weak in faith, called the lukewarm, and pray for the conversion of sinners who are deep in sin and deep in the hold of Satan. Anyone can be saved if they repent and allow Me to be Master of their lives and their Savior."

Prayer Group:

Jesus said: "My people, I have given you messages about the Warning before, but this vision of a coming comet is a sign to

you that the Warning is not far away. Many will be frightened on the day of the Warning both because of the signs in the skies and because everyone will have a life review of both the good things and the sins that they have committed. This will be My mercy of an illumination of conscience and soul in an out of body experience. You will see your judgment at this time and have a taste of where you would go. Then you will be placed back into your bodies to confess your sins and change your lives. Prepare now with a good prayer life so you will have a pure soul at the time of this Warning experience."

Jesus said:

"My people, you need to be aware that you are being watched and your movements are being tracked so they know who you are. These evil ones are listening to your conversations, so be guarded in what you share on the phone. I will send My angels to protect you so you will be able to make it safely to your refuges at the proper time. The mercy of My Warning will prepare you for the coming tribulation. Give thanks and praise to Me for all of My gifts to you."

Jesus said: "My people, there are two kinds of nets that are searching for souls. The one net is that of My evangelists who are like My apostles whom I said would be fishers of men instead of just fish. I send many of My laborers into My vineyard to reach out to souls in conversion. Even now the time grows short and the time for saving souls is short also. The other net is the snare of the demons who are constantly seeking the ruin of souls. Pray constantly to St. Michael to protect the souls from being lost to Satan."

Jesus said: "My people, your government has been corrupted by the control of your corporations and the central bankers. They are planning a complete takeover of your country as the first step in a world takeover that will be given over to the Antichrist. This will be carried out by them creating a massive event that will kill many by bombs and an epidemic of virulent viruses. This will give them the excuse to declare a national emergency and eventually martial law will be declared. At that time you should call on Me and your angels to lead you to the nearest refuge where you will be healed of any viruses."

Jesus said: "My people, in addition to the coming event leading up to martial law, the evil ones will be shutting down your power lines to throw you into confusion. This is another sign to you of the evil ones attempting a national takeover along with checkpoints on the main highways. Be prepared for no power in winter with oil in your lamps, and alternative fuels for heating your homes. I will multiply what you need so have no fear of these evil ones. Pray for discernment and direction for your way to your refuges."

Jesus said: "My people, I have told you before that you would be fortunate to have another Presidential election before martial law is declared. This vision of a vacant Presidential voting booth is another sign that the one world people are ready to make their move for control. Already you are seeing many ominous gyrations in your credit and commodity markets that are signaling a possible coming recession and even a created financial collapse. This is another means of control to introduce mandatory chips in the body for all buying and selling. Refuse to take any chips in your body because they could control your minds. This is still another sign in mandatory chips in the body that will be the time to leave for My refuges. Call on My help to lead you and protect you."

Jesus said: "My people, I have given you this promise of My New Jerusalem that will be brought down to earth as I will establish My New Era of Peace. You will first see a time of evil in the coming tribulation when I will allow the evil ones their hour of influence. Have no fear because My angels will protect you. As the Antichrist reaches the height of his power, I will vanquish him with My victory and all the evil ones will be chained in hell. Then I will renew the earth and bring down My New Jerusalem as in this vision. Rejoice in My coming victory and be patient for this time of My glory."

Friday, September 21, 2007: (St. Matthew)

Jesus said: "My people, today you celebrate the feast day of St. Matthew who was a tax collector. I called him as Levi to follow Me and he left everything to come after Me. This was an instant conversion of faith because he would have to change his lifestyle to become My disciple. He was one of the four evangelists who recorded My words that you treasure and follow today. In the vision I am showing you an older traditional church, but My message is to build up My Church among My faithful. It is not easy to call someone to follow Me in today's world because you have so many different voices in other religions, as well as many earthly distractions. Your best means of conversion is to show your love in your actions of everyday life, and to share your beliefs of your Catholic Faith. People need to see you praying, doing good deeds, and practicing what you preach with no bad language and no displays of anger. Spreading My message of My Good News to all the nations was My call for My apostles and it is the same call to all of My faithful who have been baptized and confirmed. Even reach out to the children to teach them the faith because they are the next generation of Catholics. The children need to be deeply rooted in the true faith with a deep love for My Blessed Sacrament in reverence of My Real Presence. When you come to

your judgment, I will ask you how many souls did you bring to Me? So work constantly to save souls and pray for poor sinners."

Jesus said: "My people, there are some cities where sin is rampant because of a bad lifestyle. This city of Las Vegas is known for its gambling, but also for its drinking and the sexual sins. Where fast money abounds, it attracts many who are weak to the sins of greed, lust, and gluttony. Many of these casinos offer prostitutes to get people to gamble at their tables. It is this sinful lifestyle that puts a cloud of evil around these gambling cities. These cities also draw My wrath against their sinful actions. Where man exploits others for their money, and women for money, these people will have much to pay in reparation for their sins. See these kinds of entertainment as strong occasions of sin that should be avoided. Pray for the people in these gambling cities to wake up to the importance of Me in their lives, instead of self-gratification in their earthly pleasures. Anyone can have a gift of insight to wake up to My love as more valuable to their spiritual life than anything else on earth. There is no peace, rest, or love that can come out of your sins. By receiving Me in Holy Communion or being forgiven in Confession, this will give you My true peace. Guard this peace in your heart from all earthly temptations, and you will be happy and joyful to follow Me in your mission."

Saturday, September 22, 2007:

Jesus said: "My people, each season of the year has its own testings in severe weather. This large black tube leading to a house is a sign of the time of refuge in the winter time when it will be difficult to heat and keep warm. I have advised you to have extra food and extra fuels because you could find it difficult to get to the store and find fuel if you lose power. Be prepared for difficult weather this winter. This sign of a refuge and a severe winter is showing you how difficult it will be when you have to suffer through a winter during the tribulation time. Pray for My protection and My multiplication of your food and your fuel when you need it most. Remember also to have warm clothing and blankets for this time of cold weather. Have no fear of these trials because I will provide for your needs, but you will still have to suffer through this time."

Sunday, September 23, 2007:

Jesus said: "My people, in today's Gospel (Luke 16:1-13) there is a mention of your earthly wealth as dishonest wealth. This is truly the case in situations where evil men are dishonest in fraudulently stealing money from others. Even in

your own Federal Reserve Banking System your central bankers create money out of thin air in claiming bond values that exist only by the stroke of a pen. They create wars and profit from selling arms and the interest on these war debts. Some earn their money properly, but a good share are cheating even as the Israelites did in the first reading by fixing their scales. There is another kind of true wealth which is the treasure in heaven that you store up for all of your good deeds that you are not repaid for. All of your prayers, evangelization efforts, and teachings of My Word are storing up your reward in heaven, even as this gold box indicates in the vision. Those, who idolize their earthly treasure in money, property, and possessions, are making gods out of this earthly, dishonest wealth. But those, who are more concerned with serving Me in prayers, love, and good deeds, are praising and worshiping Me. These people will receive true wealth in their reward in heaven. (Luke 12:33,34) 'Sell what you have and give alms. Make for yourselves purses that do not grow old, a treasure unfailing in heaven, where neither thief draws near, nor moth destroys. For where your treasure is, there also will your heart be.'"

Jesus said: "My people, everything that you see in this world is passing away, including what you call money. Even in today's Gospel I am asking you to use this dishonest money to help others so you can put treasure in heaven. (Luke 16:9) 'I tell you, make friends for yourselves with dishonest wealth, so that when it fails, you will be welcomed into eternal dwellings.' You have poor people and your own friends and relatives that could benefit from your charity, both for money, time, and even prayers. Whenever you help a poor person, you will receive even more graces because they cannot pay you back. Many times people commit sins of omission when I give them opportunities to give charity to poor people in money or time, but they refuse to help them. You should always be open in your heart out of love to help your neighbor in need, even when you do not know them. I love all of you very much and I lavish you with many gifts, both spiritual and temporal. Just as I share everything with you, so you should be willing to share with others from all that you have without being selfish with your possessions. All of the charity money that you donate will be more valuable to the poor person and more valuable to you as treasure in heaven. Share with others in prayers, faith, charity, and good deeds, and your treasure in heaven will last forever."

Monday, September 24, 2007:

Jesus said: "My people, this light from the candle and the sunlight all represent Me as the Light of the World. My words

are true and the Truth of My Good News will set you free of your sins. Focus on My Light of faith, and the Gospel tells you not to put a bushel basket over this Light, but to witness to My Light of truth. Do not be embarrassed to share your faith with others, but be willing to shout it from the roof tops without any fear of criticism or persecution. You have a deep love for Me, and it is your mission to share this fervor of love with your neighbor. You know of the threat of Satan to souls, and you need to reach out to save them from hell by your evangelization efforts. Be prepared to say your grace before meals in restaurants. Be able to speak out against abortion, living together, and homosexual acts. All of these stands are not popular in society, but you need to be more spiritually correct in your actions, instead of the world's politically correct which would have you be silent on the subject of religion. You cannot be quiet about your love for Me if you aspire to sainthood in heaven. Many saints spoke out in defense of their faith, even when it meant that they could be martyred for doing so. Anything, that you suffer for spreading My Kingdom on earth, will bring you a great reward in heaven."

Jesus said: "My people, this old cash register is to show you the evolution of your money. Originally, your money was gold and silver which had an intrinsic value of its own. You then went to gold and silver paper certificates. This became a Federal note or promise to pay without any real value tied to it. You then developed checks, charge cards, and now smart cards. The chips in the body will be next as you are now controlled by your money instead of you controlling the money. This is how the central bankers have come to own your government through its debts and over budget spending. You have gone from bartering with real money to owed money with no backing and a freedom for the bankers to print as much money as they want and similar uncontrolled credit. It is no wonder that you have inflation with the dollar losing value as your debts exceed your assets. Now you know how much you are already controlled by the central bankers and how they control your government by the purse strings. Refuse to take any chips in your body that could control your mind, even if the authorities take all of your money or threaten to kill you. This will be the mark of the beast mentioned in the Scriptures. When they make it mandatory for chips in the body, it will be time to go to the refuges. This transition to total control of your buying and selling is very near, so be prepared to leave at any time."

Tuesday, September 25, 2007:

Jesus said: "My people, in the first reading you have read how the people were directed by God and King Darius to

reconstruct the temple in Jerusalem after they returned from exile back to Israel. In the Holy of Holies sanctuary they stored the Ark of the Covenant with the Ten Commandments from Moses, and the Torah. This is where the priests gave incense every day. Today, in your churches, you have another Holy of Holies in My tabernacles that contain My Real Presence in the Hosts of My Blessed Sacrament. When you come to daily Mass or visit My Blessed Sacrament, you are also giving Me praise and glory, even as the angels and saints sing My praises constantly in heaven. Every day is a gift to you, so thank Me for your very life and the opportunity to do more good deeds to serve Me for My greater glory. I love all of you so much, and when you come together at daily Mass, you are sharing your love with Me and your neighbor. Also in the Gospel I said blessed are those who hear the Word of God and act on it. So My faithful must reach out to all sinners in all the nations to bring them My Good News, and invite them to conversion of their sins. Saving souls should be your first priority."

Jesus said: "My people, you know that I want to help everyone to have an opportunity to be saved and come to heaven. The coming Warning experience is an example of My mercy to show everyone their sinful ways and to show them how to turn around their lives. You will see Me at a mini-judgment and I will let you know that you can only come to heaven through Me. Some will be sorrowful for offending Me, and they will seek out a priest to confess their sins. I have told you before that everyone will be warned not to take the mark of the beast, or a computer chip in your body. Also, you are not to worship the Antichrist because it is against My First Commandment. Now you are asking how will people know enough to seek out refuges during this time of evil. I will offer everyone an opportunity to call on Me for protection. I will not force their free will, but help will be available in your guardian angels to lead you to places of refuge to protect you from the evil ones. People will have to put their faith and trust in Me and I will do the impossible for each person who believes in Me."

Wednesday, September 26, 2007: (St. Cosmas & Damian)

Jesus said: "My people, this simple dwelling of a home is how I want you to live in humble faith. Living simply means that you do not do things to show off to others, but it means living in total consecration to Me in full obedience to My ways and not man's ways. I called My apostles to go out and evangelize all nations to the presence of My Kingdom. I wanted them to live simply by not taking a lot of baggage, and depend entirely on Me in full trust that I would provide for them. Those, who evangelize souls, are worth their keep to be

supported by those who welcome them into their town. Those, who persecute My evangelists, will be dealt with in My justice. My disciples will shake the dust of that town from their feet in testimony against them. Just as I called My apostles to proclaim the Kingdom of God, so I call on all of My faithful to reach out and share your faith with others. Proclaim My Kingdom and call people to conversion in the repenting of their sins. Do not have any worry, nor be anxious if people reject My message, but be faithful to your mission of offering My invitation of love to all souls. By doing your work, you will have fulfilled your responsibility to bring My Word to the people. It will then be their responsibility to accept My Word and live by it in their actions."

Thursday, September 27, 2007:

Jesus said: "My people, this is an appearance with My crown representing My Kingship over all the earth. I am your heavenly king and I have brought the Kingdom of God upon you. I ask that you consecrate yourselves to Me each day, and give honor, glory, and praise in worship of your Lord and Master. When I sacrificed My Body and Blood for all of mankind's sins, I became your Savior and I opened up the gates of heaven so that all, who are worthy, may enter. Let Me be first in your life over all of your earthly activities. Only when you are at Mass in Communion with Me, are you united entirely with My Real Presence. Let Me be your first priority in your life as you serve Me and your neighbor in love. Follow My Commandments and follow the mission that I have specifically given each of you. I give you the graces to endure your trials and the graces to evangelize souls for saving them from hell, so they can be with Me in heaven. Give praise and glory to your king every day because I am at your side always, awaiting your call for My help."

Jesus said: "My people, I have talked to you of the tribulation time as a modern day Exodus. You remember the story of the Exodus when Moses led thousands of Israelites out into the desert in search of the Promised Land. They roamed through the desert for forty years, yet I provided them with water and food in the manna and quail. In this coming modern day Exodus My faithful remnant will also find water, manna, and deer meat. There will be thousands coming to each refuge and I will multiply the water, food, and dwellings to accommodate everyone with their needs. Have faith and believe in My miracles, and you will see Me do the impossible for My faithful. So do not have any fear of the evil ones, for I will protect you from any harm, and the evil ones will not be able to see you."

Friday, September 28, 2007: (St. Wenceslaus)

Jesus said: "My people, this vision of a butterfly is to show you how all of My faithful will be changed into a new life after your own resurrection. You know how the caterpillar goes through a metamorphosis change into a butterfly of beauty. Even as I was incarnated as a man, I was called a 'Worm of a Man' in the Scriptures. The apostles were asked who I was. St. Peter responded that I was the Christ, the Son of the Living God. Each of you must make this same proclamation in public to all the nations. Be willing to share My 'Good News' that I died for your sins, and on the third day I resurrected into My glorified Body. This is how I have gone before all of My faithful as an example of how one day, all of you will be reunited with your glorified body in your resurrection. You will also be like this new butterfly when you will be transformed from your earthly life into a heavenly creation that will last forever. Even in Betania you witnessed a sign of My Blessed Mother in the blue butterfly that you saw representing her presence. Give glory and praise to God for allowing all of you to have this spiritual transformation to be with Me forever in heaven."

Saturday, September 29, 2007:

St. Therese said: "My son, you are seeing a beautiful picture of the cross of my Jesus on the window of this house. In the vision you are seeing many roses which is a sign of my presence. Then you saw my very image holding a cross with my roses. I love all of you so much and the saints of heaven and I are watching over you. Remember to pray to us as intercessors for your petitions. You know how I have tried to help you in the past. The angels also are all around you and they are protecting you from the evil ones. Call on Jesus and He will send many angels to protect you in your trials. Just as you see me carrying the cross of Jesus, so you should be willing to carry your own cross. Continue to show your great love for my Savior, Jesus, and He will walk with you in all of your suffering."

(Archangels Michael, Gabriel, and Raphael) St. Michael, the archangel, said: "I am Michael who stands before God. In the vision you are seeing many angels in the church. They are always praising God in the tabernacle or in Adoration. After the reception of Holy Communion the angels are all around every soul who received Communion, and they are praising God in your souls. The other part of this vision is showing you the coming great battle of Armageddon on earth between the angels of heaven and the demons from hell. When you are beset by temptations or evil attacks of the demons, you can call on Jesus' Name and pray my prayer of exorcism, and these demons will leave you. Call on our help at any time, and we will support you against any evil."

Even when you meet people in mortal sin or possessed people, we angels are more powerful than these demons, and these people and demons will have no power over you. Even by praying as a group, you can pray prayers of deliverance for binding any evil spirits to the foot of Jesus' cross, and never to return to that soul. Pray every day for angel protection in all that you do, and we will be there for your help against any evil around you."

Jesus said: "My people, I am grateful to this prayer group for all of their prayers, sufferings, and offering of Masses for poor sinners and the souls in purgatory. They are storing up great treasures in heaven for all of their good works. This is a great commitment of love and time to serve those who need your prayers in order to enter heaven. These poor souls need prayers from everyone, so encourage everyone to pray for these intentions."

Sunday, September 30, 2007: (Rich man Divies, Lazarus)

Jesus said: "My people, all of you have free will and you have a choice to either serve Me or serve yourself. In this generation of riches in America you are blessed with plenty of food, and an abundance of comforts in your heating, cooling, transportation, and many electronic devices. But these things of the world should not become goals, priorities, or idols in themselves. You are stewards of all of your accumulated wealth and possessions, but you have responsibilities for all of My gifts in that you use them correctly for My glory. Do not pride yourself in your accomplishments and rewards for your works, but thank Me for all the skills that you have and the opportunities to have jobs to pay your bills. There are many people in this world who are poor like Lazarus and they are in need of your help to have the necessities of life to survive. So be willing to serve Me in charity as well as your neighbor, and do not be selfish with your physical treasure or your spiritual gifts of faith. Any charity of time or money, that you share with others, is like giving Me thanks for all the gifts that I have given you. Give freely of what you have, and you will gain a greater treasure in heaven for your kindness and thoughtfulness. Be a cheerful giver and do not give charity expecting anything in return. I assure you if you are repaid on earth, it will diminish any gain of treasure in heaven. Do everything out of love for Me, and this love will flow over into loving your neighbor."
